

## Super D. S 77

### Chapter 77: Dew stuffing?

Although his grandson was defamed, but Lu Chi did not want to make a mistake in the road, after all, the contradiction between young people, still young people to solve.

Hearing the name, Ye Xuan's heart was also a tremor. The reason for his tremor was not because the old man's name was a bit funny, but because the elder's surname was a road.

"Mother's, the uncle's uncle is coming to the door so quickly." Ye Xuan secretly sighed in a heart, and then also respectfully embraced the fist: "Road brother and brother Ning, after eradicating the black water cottage, is parting ways with us. It seems to be going to the Lianyun Eighteen Mountains."

"Lianyun 18 Mountain Range?" A pool of water, a secret in the heart: "This mixed kid should not think that having a spirit, you can fight against the beast, \*\*\*\* it!"

In his guess, the road is not flat because after getting a spirit, he thinks that the strength is strong enough, so he will exclude the language, and then take Ningchuan, who has a good relationship, to go to the beast.

"The elders of the road, is there anything else?" Ye Xuan asked in a calm way, but in fact his heart was already bursting open.

Just kidding, if he was discovered by the elders of the 10th road of the martial arts, he might not be able to eat and walk.

"Oh, nothing, Guan Lan is inside." Lu Chi asked again.

"Guan Shijie is inside, the road elders please." Ye Xuan nodded and said, the heart is also a sinking, it seems that this road pool still has to find Guan Lan to ask, after all, Guan Lanlan knows the beast beforehand.

"No, you do your own thing." The elders waved and walked in alone.

Ye Xuan looked at his back, and there was some worry in his heart. He only hoped that Lan Lan would reveal any clues.

In desperation, he had to go out and wander around, and when he came back, the elders of the road just came out of the bamboo forest.

"Look at his expression, I am afraid it is not that simple." Ye Xuan trembled in his heart, hurried into the bamboo forest, and then walked toward the residence of Guan Yulan, just in time, Guan Lan sat outside his house.

"When the elders walked, they didn't look good. You shouldn't be exposed." Ye Xuan walked over and asked.

Guan Lan looked at him and said, "No."

"How do the elders of the road burn like a fire?" Ye Xuan recalled that the road elders had just walked three steps and walked out of the bamboo forest in two steps, apparently being stimulated.

Ye Xuan's heart is also skeptical, whether he should not save Guan Lan, because he suddenly thought that if there was only one survivor of his day, it would not be impossible.

Lu Ping only told the news to Ning Chuan and Guan Yulan. If the three of them were slashing the black water cottage, they would be sent away and then they would kill the beast. This is a good reason, as long as he I don't know what to do with it.

However, he saved and saved, and now he can only calm down.

"I just told him that the road brother himself went to kill the beast." Guan Lan responded faintly.

"In this case, then I will go first." Ye Xuan said, just turned and left.

Although the language of Lan Guan is good, but it looks cold, they estimate that there will be no topic to talk about.

However, to his surprise, he just turned and Guan Lan said: "Wait."

"What?"

Ye Xuan turned and asked.

"I have something to ask you." Guan Lan said, his eyes fell on the front, indicating that Ye Xuan sat down.

"Can you have a problem?" Ye Xuan was very surprised, but she sat in front of her.

The two looked at each other and silenced for a few seconds. Then Guan Lan finally asked: "With your strength, you can control me on the day, why are you..."

She did not say anything, she knew that Ye Xuan should understand.

Although Ye Xuan's IQ is not high, he is not stupid. He reacted and said: "You shouldn't think that I deliberately eat your tofu? Did you make a mistake? At that time, it was only two seconds, I pushed away. After you, you pounce on yourself again..."

In general, Ye Xuan felt a cold murderous murder, which was issued by Guan Lan.

"I rub, don't you kiss three times, and still you take the initiative, obviously I was eaten tofu?" Ye Xuan said in his heart, he remembered, when Guan Lan was out of control, not only kissed He also touched his hand.

Guan Lan is not prepared to stay on this topic. Although she was in a strange state at the time, she still had some feelings. The feeling was very wonderful. She felt it for the first time in her life.

The two quietly stayed for a while, then the language was closed and said: "Thank you."

"What?"

Ye Xuan suspected that he was wrong. This cold Guan Lan, even said that thank you these two words, is this a dream?

"Hey, don't think that a thank you is over. I have helped you four times. I haven't counted one less. If you want to pay attention to others, give me a million." Ye Xuan said, Added: "Of course, it is gold!"

One million two gold, it is equivalent to 100 million two silver, which is enough for Ye Xuan to break through to the ninth heavy martial arts.

Guan Lan did not think that Ye Xuan was so vulgar, and did not think that Ye Xuan turned out to be a lion, and his mouth was a million gold.

"Are you sure?" Guan Lan asked suddenly.

This problem is also ruining Ye Xuan. It's hard to be done. Can Guan Lan really get a million gold?

"I am breaking through at the moment, and I can almost break through. If you give me 10,000 points, then we will be evened out, how?" Ye Xuan suddenly showed the appearance of an old fox.

"breakthrough?"

Guan Lan was shocked. Ye Xuan was already the eighth martial art at the age of fifteen. If it was a breakthrough, wouldn't it be the same as Zhong Yang?

At this time, she still believes that Ye Xuan is the eighth major beginning of the martial arts.

"Yes, this transaction is very reasonable?" Ye Xuan nodded.

"It is good!"

Guan Lan is also refreshing, directly into the house to take some points tokens out, a total of ten, each one is a thousand points.

"The trough, really, is there such a net worth?" Ye Xuan did not scare to death, a shot is a million split Yunzong points, which is not many people can get it.

However, he suddenly thought that Guan Lan was the righteous woman of the ruling clan.

Who is the lord of the ruined cloud?

A true spiritual powerhouse!

The whole cracked Yunzong is his, and he definitely left a lot of cultivation resources for Guan Lan.

"Nima, I am really kind, and the price is low." Ye Xuan regrets very much. He is the apprentice of the deputy lord. He has two thousand points every month, and Guan Lan is a young man in the cracked cloud. Big, his net worth, I am afraid more than anyone else.

"It's terrible. If she goes to the refining hall to take things, she can definitely shut down the refining pharmacy."

Ye Xuan thought about it, and then took the ten tokens.
