

Super D. S 801

Chapter 801: Kill the big prince!

"Annoying guy, roll!"

Ye Xuan suddenly turned and attacked, because these people are too annoying, the passage of the city wall is not spacious, these people are coming in, but it will greatly affect him.

Quartet is extinct!

A burst of enthusiasm, the long knife deputy outside Ye Xuan's body will be directly shocked. At the same time, the middle-aged man in black also plunged to the side, and then took a shot.

"Snapped!"

This palm was shot on Ye Xuan's dragon-shaped gold armor, and the palm of the hand penetrated Ye Xuan's body through the dragon-shaped gold armor, which hit Ye Xuan's internal organs.

"puff!"

Ye Xuan squirted a piece of blood on the visor, but his mouth was slightly tilted up.

"Not good, counted!"

The middle-aged man in black suddenly reacted. He thought that Ye Xuan's imperial order would be placed on his chest, but he did not expect it to be absent.

This is indeed Ye Xuan's intention. Otherwise, it is difficult for the middle-aged man in black to get close to him.

"Resolve you first, the eye of the ban!"

Ye Xuan's eyes widened, and an invisible force went in from the middle of the black man's eyes, letting him squat.

This time, although the time of blinking is not enough, but for Ye Xuan, it is enough.

"Oh!"

Ye Xuan's hand in the wolf's sword was swept away. The middle-aged man's arm in black was thrown up. At the same time, Ye Xuan had already slammed it out and slammed it on the emperor's waist in the middle of the black middle-aged man's waist.

"Hey!"

In a crisp sound, the prince of the middle-aged man in black is broken, and immediately turns into a stream of light and flies out of the secret.

Before he disappeared, Ye Xuan also saw his frightened expression.

However, what Ye Xuan would not think of is that the things in this person's ring are beyond his imagination.

"Hey, the host breaks through, and the current Emperor will seal up to 85%!"

Realm, suddenly broke through!

"What, he is only the vice-president of the ghost teaching? That said..."

At this time, Ye Xuan's eyes suddenly lit up.

Could it be that the great emperor is the ghost teacher?

But nowadays it is not considered so much time, it is still important to break the city.

After the breakthrough, Ye Xuan, the attack power has at least doubled up, and within three seconds, the gate has collapsed.

"Haha!"

Ye Xuan quickly rushed in and laughed.

It seems that victory belongs to him!

However, just as the gate of the city collapsed, the sky suddenly flashed.

Supreme robbery, squat down!

Ye Xuan lived, and looked at the Supreme Robbery in the main hall, the main hall was broken a big hole.

Now, the robbery has collapsed, as long as the great prince can successfully survive the robbery, then you can condense the supreme gold body and achieve supreme.

If you can't, then only the soul flies away.

At the moment, Ye Xuan is swiftly swept away. He can't manage that much. Since the royal family does not intervene, on behalf of this prince trial continues, he will quickly destroy the Longteng column.

However, when he arrived at the main hall, he found that the great emperor stood up.

At this time, the big prince was full of golden light, and even the eyes became golden.

Although Ye Xuan does not know that the Great Emperor has a dragon-shaped gold armor, because the Great Emperor has already collected the dragon-shaped gold armor, but Ye Xuan has already seen that the Great Emperor has survived the supreme robbery and achieved the supreme, congeal. Refining the supreme golden body.

"not good!"

Ye Xuan looked aside and hurriedly took out a sword.

The object of the attack is not the great prince who is feeling the new power, but the dragon pillar next to the big prince.

As long as the dragon column is destroyed, then the victory is the six emperors, even if the great emperor breaks through to the supreme, it is useless.

"call out!"

This round of empty air broke away, but at this time, the big prince's eyes suddenly returned to normal, a step in front of the dragon column.

"boom!"

The round crack was directly smashed on the big prince. After a muffled sound, the great prince was unscathed.

Supreme Golden Body!

Ye Xuan's eyes widened and he swept it with a hole in the eye. He found that the eye of the hole could not see the big prince. The big prince's body had a gold film blocking the eye of the insight. This is the supreme golden body.

He has lost the best offensive time. Now that the great emperor has successfully robbed him, he cannot destroy the dragon pillar in front of a supreme strongman.

Prince's trial, it's over!

"Kid, is that you made me almost defeated, today, even if the father is coming, you can't save you, give me to die!"

After the big prince saw Ye Xuan, the previous anger immediately came up. He took a step forward with his left foot and immediately slammed it out.

This boxing shadow directly hits Ye Xuan's head. Although Ye Xuan has a dragon-shaped gold armor, this punch is enough to explode his head.

Big King, kill him!

"It's hard to be done, the deity is going to be so depraved?"

Ye Xuan's eyes widened, and the flow rate around him suddenly slowed down a lot. His thoughts were so numerous that he could avoid this punch, but if he escaped the pursuit of the supreme power of the great emperor?

No, there is another way!

"Death, fight!"

Ye Xuan's heart meditation on special phagocytosis.

"Hey, the sword is particularly swallowed up, and the current is half-sword!"

A system prompts to sound.

Fang Caixuan blasted the middle-aged man in black out of the secret, got his ring, and broke through.

However, at that time, Ye Xuan rushed in, but did not try to specifically devour the sword.

Try it now and find that engulfing crystals is enough.

Sword meaning!

He finally realized the sword!

This punch, he can stop it!

Not only that, but it can also destroy the dragon pillar.

"Circle crack!"

Ye Xuan took out a sword, and this attack contained the meaning of the sword.

Sword meaning, even the supreme power can not be realized, and Ye Xuan has, because it is the first time, so Ye Xuan does not know the power of this sword.

This round sniper easily broke the boxing shadow of the great emperor. Under the gaze of the great emperor, he fell into the chest of the great emperor and cut the dragon pillar.

"Oh!"

A crisp sound spread, the great emperor widened his eyes, looked down and found that his left arm had fallen to the ground, and the chest was cracked with a blood line, blood spouted, the whole person split into two halves After that, go down.

Supreme Golden Body, was broken!

Not only that, but the heart of the Great Emperor was also cut obliquely into two halves by the sword of Ye Xuan.

"what?"

Looking at the body of the great prince who was cut in half, Ye Xuan was shocked.

In his anticipation, this attack can seriously damage the great emperor, and then use the body of the great emperor to break the dragon column.

Unexpectedly, a sword directly killed the great prince.

Who is the great emperor?

The eldest son of the Emperor of the Great Emperor Yanyan was the prince of the Sun Dynasty. However, he died here and it was a big deal.

"Origin!"

This is Ye Xuan's first thought.

Chapter 802: Big prince, alien?

Ye Xuan used the sword for the first time, but did not expect that the sword was so powerful, and the life was cut off by a supreme strongman. This may be because the great emperor had just broken through and the Supreme Golden Body was not completely condensed.

Now, he is tragedy, because the Japanese Yan Dynasty will not let him go.

The dragon column fell down. When the loud noise fell into Ye Xuan's ear, suddenly, a secret entrance appeared in front of him, and a few figures came out immediately.

These figures, one of them is the Emperor of the Sun Dynasty. He looked at the body of the Great Emperor and said: "How can the Supreme Golden Body be broken?"

When he finished, he suddenly turned to look at Ye Xuan and asked: "Do you understand the sword?"

The Great Emperor has broken through, although the Supreme Golden Body has not been fully condensed, but it is not half-step Supreme can hurt.

Want to hurt the Supreme Golden Body, only the sword!

"This....."

Ye Xuan faces the Emperor of the Sun Dynasty and wants to eat people's eyes. His heart trembles. He knows that he can't escape, so he can only nod his head: "This is the half-sword that I suddenly realized when I faced death. meaning."

After hearing Ye Xuan's personal recognition, the Emperor of the Sun and the people around him were all shocked.

Sword meaning!

It turned out to be sword!

You must know that even the Supreme Emperor of the Sun Dynasty has not yet realized the sword.

"The emperor, the body under the Great Hall has changed!"

At this time, a middle-aged man suddenly pointed to the body of the great emperor.

"Ok?"

After such a reminder, the emperor moved his eyes from Ye Xuan to the body of the great emperor. He found that the lower body of the emperor had grown its tail, and not only that, but even the face changed dramatically.

"Indigenous, the Grand Palace is actually a different ethnic group, this is a snake charm!"

The middle-aged man exclaimed.

When the emperor heard this, he was slightly surprised. He looked at it carefully. Indeed, the great emperor was not a human being. He had other patterns on his face. This is his prototype.

The snake charm of the aliens has the ability to change. He directly changed into the appearance of the great emperor and sneaked into the royal family. Even the supreme powers did not find it.

"My son, has long since died?"

The Emperor of Japan suddenly reacted. The dead prince was not a human being, but a snake charm disguised as his eldest son.

He hurriedly put away the big prince's Qiang Kun ring, and looked at it, his face suddenly changed.

"I am afraid that this alien has sneaked in more than a decade ago." Emperor Yanyan gritted his teeth.

He found some clues in the high-handedness of the snake charms disguised as the great prince. In the entire political ruling, I am afraid that they will be infiltrated by the snake charms that will be disguised. However, there is no list in the Qiankun ring.

Ye Xuan, who was on the side, was also shocked. He had heard of aliens, but this time he saw aliens for the first time.

In addition to human beings, there are many races in the world, such as the Yaozu, the Haizu, and the Orcs. These demon, sea, and beast are all aliens to human beings.

The Orc is a race between the Terran and the Yaozu. Their ancestors are actually human beings, but some human beings have chosen and matched them, which gave birth to the Orc.

The snake charm is the orc, which is the alien in the mouth of the Emperor of the Sun Dynasty. This is the race born by the hybrid of the human and the snake.

Ye Xuan is also helpless, and people and snakes can even be *, this is to go against the sky.

For a time, the Emperor of the Sun Dynasty did not know what to say.

Originally, Ye Xuan used the sword to kill the great emperor. He must have killed Ye Xuan, but now the eldest son is not the eldest son of the Sun Dynasty, but the snake charm who lurks in the Sun Dynasty.

Then, Ye Xuan is not guilty.

"The emperor, then now..."

Asked Wu Gonggong beside him.

"I didn't expect that the Japanese Sun Dynasty had been infiltrated by the aliens. The Great Emperor had already died and was disguised by the snake charm. I didn't even discover it."

The Emperor of the Sunshine Sage looked stunned and continued: "The Prince's trial, temporarily suspended, will control all the members of the Great Emperor, no, all the people who participated in the trial of the Prince will control, must not let go!"

"Yes!"

Wu Gonggong should sing.

Then, the Emperor of the Sun Yan Dynasty looked at Ye Xuan and said, "What is your origin?"

Upon hearing this question, Ye Xuan's figure couldn't help but feel a stiff, saying: "I have exchanged the title of Marquis from the 6th Heaven, and then I have been seen by the people of the Six Emperors..."

Ye Xuan said a long story, but the Emperor of the Sun Dynasty did not believe in the present, saying: "Although it is because of you, I have seen this alien, but I can't explain anything."

At this time, Ye Xuan suddenly flashed a flash of light.

"The emperor, this great emperor... Hey, there is a black middle-aged man next to this alien, that is, the person I attacked the city, he is the vice-president of the ghost teaching, not only that, the black robe woman of the seven emperors It is the holy lady of the Ghost."

Ye Xuan quickly took out a few of the Qiang Kun ring, poured the evidence into it, and then submitted the past.

"I know that the ghost teaches, and I know that the great prince is the lord of the ghost teaching, but I did not expect that this scene is actually a foreigner." Emperor Yanyan said with a wink.

The great prince is the ghost teacher. If such a person is an emperor, there is nothing. After all the emperors have to fight against their brothers before they go to power, many people died. Before the emperor of the Japanese emperor, he did some unspeakable things. Work.

However, the snake Meizu is an alien, the great prince has long since died, and even if the throne falls into the hands of outsiders, it cannot fall to the head of the foreign.

Wen Yan, Ye Xuan's heart once again trembled.

Sure enough, the Emperor Yanyan knew the things that the Ghost taught. It seems that he is the default of the Great Emperor and the Seven Emperors.

There is a mystery in the ghost teaching, you can use a large number of ghost lanterns to force the realm to rise, which requires killing a large number of peak kings and half-step supreme.

However, this is also the default by the Emperor of Japan.

Want to board the throne, how can I do it without any means?

"Gather everyone in the temple of Nikko!"

When the Emperor Yanyan finished speaking, he left the secret place directly.

The next moment, Ye Xuan's scene is also a change, leaving the secret, at this time standing beside him, is the six emperors.

"Ye Xuan, what happened, have we won?"

I still don't understand what happened to the six emperors.

Ye Xuan shook his head and said: "The big prince was killed by me, but the great prince is not a human being, but a snake charm, and the real great prince may have died."

"what?"

After the six emperors listened, the whole person trembled.

After he heard that Ye Xuan had killed the big prince, he was scared to death. He could hear the back and was already shocked and opened his mouth.

"The snake charm family, the big prince turned out to be an alien?" Yang Qi asked on the side.

"Ok."

Ye Xuan nodded, and it was because of this that they were directly sent to the Nikko Palace. I am afraid that it will be interrogated.

Soon, the sixteen emperors were gathered together. Not only that, but those members who had participated in the trial of the Prince were also called one by one.

There were originally seventeen emperors. Now that the great emperor of the snake charm family has died, there are only 16 people left.

Chapter 803: Review

"When the stone is dedicated, please, please!"

The Emperor of the Sun Dynasty also suddenly appeared, behind him, followed by a black old man.

The old man's eyes were very sharp. After he glanced at him, he fell on Ye Xuan's body.

The Prince's trial, the black man's old man also looked at another place, naturally recognized that he led the battle of the land attack.

"It's so strong, it's a supreme strongman!"

Ye Xuan shuddered, one of the other's eyes, let him be guilty, certainly the supreme power.

"The members of the Great Prince have arrived?" Emperor Yanyan sat on the dragon chair and looked around.

"All are here, ten people are just right!" Wu Gonggong whispered.

Emperor Yan Yan looked down at Wu Gonggong's gaze and landed on the middle-aged man in black. He said, "You, is the ghost teaching the vice-president?"

The middle-aged man in black clothes trembled, and he only saw that the body of the great emperor suddenly became the body of the snake, and he was shocked. Therefore, he did not dare to conceal and nodded and replied: "Back, you are!"

"Who is the Lord of the Ghost Religion?" the Emperor Yanyan asked again.

"It's a big prince!"

Middle-aged men in black want to answer without thinking.

"Are you human?" asked the Emperor Yanyan again.

"Yes!"

Middle-aged men in black want to answer without thinking.

At this time, the royal family enshrined the eagle eye and came cold, cold and cold: "Look at my eyes!"

The middle-aged man in black looked at the eyes of the eagle-eyed old man. Then the latter asked: "Do you have anything to do with the aliens?"

"No!"

The middle-aged man in black immediately replied.

However, when he remembered his voice, there was a crisp spread, and the arms of the middle-aged man in black were thrown away again.

Before he was embarked by Ye Xuan, he was treated immediately after he came out, and he had a new arm, but now he was smashed again.

If you want to judge whether it is alien or not, you can see it from the broken arm. If it is alien, the broken arm will change.

The middle-aged man in black has no change in the broken arm. It is still the human arm, so he can prove that he is a human being, but he cannot prove that he has nothing to do with the alien.

The old-eyed eagle eye judges whether the other party's words are true by looking at the eyes. Although he does not see the black-eyed middle-aged people having eye-eye fluctuations, there are times when they are not allowed.

"You stand aside." The old-eyed eagle eye said, it was the loud voice: "Where is the holy lady who teaches the ghost?"

The voice echoed in the hall, and somebody in the hall trembled. The woman in the black robe saw her turn and immediately turned around and rushed out of the Japanese temple.

"Want to go?"

A master who stayed outside the Japanese temple suddenly jumped up and kicked out.

"Hey!"

The black robe woman was kicked and flew to the side of the eagle-eyed old man.

Ye Xuan brows a pick, this black robe woman is also a seal of 10%, but was kicked by a kick to vomit blood, the other side's strength is strong.

He immediately swept through the eye of insight and found that the man with armor was not seen, and the other was also the supreme.

"This person should be the personal bodyguard of the emperor!"

Ye Xuan swallowed it.

"Oh!"

At this time, the woman in the black robe suddenly threw it up, and the old man of the eagle eye started.

If there is no ghost, why does this black robe woman have to escape?

Sure enough, the black robe woman's broken arm has changed after a while, and the strange green lines suddenly appear on it.

Snake charm family!

"What, this woman is also alien?"

Ye Xuan was shocked because he had swept once with the eye of insight and did not find any difference in the environment of the woman in the black robe.

Since it is an alien, the eye of insight can sweep to the tail at least, but Ye Xuan did not see it. This means that the camouflage family has a super camouflage ability. It is no wonder that the great emperor has not been given the supreme power of the Japanese royal family. Found that it has been lurking for more than ten years.

At this point, Ye Xuan suddenly remembered another thing. Before he had worn the black robe woman's wrist, but he only took the Qiankun ring and then lost the other's broken hand, did not pay attention, if at that time he Pay more attention to it and you will find that it is the arm of the snake people.

"Oh, it really is alien!" The old-eyed eagle eye swept past and directly slammed the black robe woman.

"impossible!"

Suddenly a call, attracting everyone's attention, the seven emperors smashed out of the crowd, looking at the broken arm on the ground, and said: "Impossible, how can you be alien? We..."

The Seven Emperors did not say anything, because he and the black robe women had a total of hundreds of days and nights in the same bed. Now that they know that the other is a snake charm, they almost spit out.

He, the grass is actually a snake man!

Before the Terran had done experiments, the combination of human and orc, the blood will be alienated, and the beast is still born.

If the black robe woman gave birth to a child, then the matter would be big. The seven emperors had the blood of the Japanese royal family, and they even had a different ethnic group. This is a terrible scandal.

However, the black robe woman and the big prince are all snakes, they will not choose to go to the offspring, after all, this will reveal their identity.

"Humph!"

The emperor of the Japanese Yan Dynasty changed his face and smashed the old man with the eagle eye. The latter immediately noticed, saying: "Seven of His Royal Highness, offended!"

"Oh!"

The Seven Emperors did not react, and the wrist was smashed down. He knew that he could not escape the fate of being interrogated.

At the moment, he quickly took out a panacea from the Qiankun ring to swallow it. It didn't take long for the broken arm to grow again.

Half-step supreme, after all, is still a category of virtual divine, so the injury is relatively simple to treat.

If the achievement is supreme and the sacred body is condensed, then it is more difficult to hurt. However, once the Supreme is injured, such as the arm being smashed, it will be miserable, because the Supreme Golden Body is extremely difficult to repair.

When the seven emperors broke their arms, his broken arm remained unchanged, proving that he was not alien.

However, the black robe woman has a thousand relationships with him, so he can't escape the relationship.

"Seven of His Royal Highness, please stand aside."

The Hawkeye old man said.

Then, the Hawkeye old man took out two bone spurs from the Qiankun ring and directly stabbed the shoulder of the black robe woman, which can restrain the infuriating movement of the black robe woman.

"what....."

The black robe woman screamed and found that the infuriating could not work. Her face was gloomy and was taken to the side by a guard.

"Below, please also come up one by one, how to do it, you should be clear!" Hawkeye old man looked around and said.

How to do it?

Nature is a self-defeating!

The people present knew that they could not escape, and began to pick up one by one and then receive a precious remedy to recover.

One by one, the broken arm fell on the temple of Nikko, and the blood splashed into the temple!

This is probably the first time in the history of the Sun Dynasty.

Chapter 804: Apocalypse

These people in front did not have the same, and then it was the turn of the six emperors. The six emperors knew that they were also in doubt, directly breaking their wrists to show their innocence.

"Okay, please go down to your sixth hall!"

The eyes of the eagle-eyed old man glimpsed, and then they fell on the face of Ye Xuan behind the six emperors.

Although Ye Xuan killed the great prince and let the big prince appear in the original form, he is still suspect.

Ye Xuan came out with a spear sword and prepared to cut off his own means, but at this time, the Emperor Yanyan spoke.

"Wait, you are even!" Emperor Yanyan looked at Ye Xuandao.

what?

Ye Xuan was shocked. The Emperor Yanyan chose to trust him, which made him flattered.

After all, before him, many people have already picked up their hands, including the emperor and the six emperors who are about to become princes. And his position in the heart of the Emperor Yanyan actually surpassed the six emperors.

However, Ye Xuan also understands the intention of the Emperor Yanyan.

Emperor power!

Because he realized the sword meaning that even the supreme powers did not necessarily comprehend, so the Emperor Yanyan was extremely valued, and the latter wanted to win over him, so he gave him trust.

"Thank you for the emperor."

Ye Xuan took a deep breath and thanked him.

In fact, he is also afraid of picking up his hands. After all, he has blood in his body. If his arm is cut off, the broken arm will instantly wither, and he will be mistaken for the orc.

He walked aside and stood next to the six emperors.

"Ye Xuan, you, comprehend the sword?" asked the six emperors.

"Well, before I attacked the city, I angered the great emperor. I wanted to kill me after the great emperor passed the supreme robbery. At that time, I happened to comprehend the sword and almost made a big disaster!" Ye Xuan nodded.

The six emperors felt incredible, half-step supreme to understand the sword, this is a super genius.

There are only a handful of supreme masters who have learned the sword in the royal family. If you are half-step, you will realize that there is nothing in the sword. I am afraid that you can't find one.

The enchanting, six emperors at this time only use the enchanting to describe Ye Xuan.

At this time.

"The sixteen emperors, what are you waiting for?"

The eyes of the eagle eye are a glimpse.

The sixteen emperors, the age is actually only nineteen, perhaps because there has been no injuries before, not like Ye Xuan fight to improve, so hesitated.

But in the next moment, the Hawkeye old man is doing the work.

"Oh!"

A wrist fell to the ground, and then, the sixteen emperors suddenly violently, a sword stabbed to the Emperor of Japan.

"Sure enough, alien!"

The Hawkeye old man immediately took the long sword down, then took out two bone spurs and directly stabbed the shoulders of the sixteen emperors.

The infuriating spirit of the sixteen emperors was instantly locked.

"Oh, I didn't expect the 16th to die!" The Emperor Yanyan sat on the dragon chair and sighed.

Another alien of the snake charm appeared. The people present couldn't help but swallow. They didn't know if their relatives and friends were dead, and then they were replaced by the people of the snake charm.

After the sixteen emperors, several aliens appeared, all of whom were left behind.

Those who broke the wrist proved that the innocence was not let go, but one by one by the eagle-eyed old man caught in a room.

The eyes of the Hawkeye old man are very powerful. Coupled with the shock of strength, they have arrested several people who are related to the aliens.

When the Emperor Yanyan reported the matter to the Japanese Yanhuang, the Japanese Yanhuang was also shocked, and then launched a big move, as long as it is an individual, they must come to pick up the hand.

This time, the alien cleaning operation took a full seven days and seven nights.

I have to say that the aliens have been infiltrated very much. The eunuchs, the palace ladies, and the eunuchs have taken out thousands of people. The whole palace is also tens of thousands of people. Even one tenth is the snake Meizu. It is really scary. Dead people.

Moreover, this is still in the palace, and the residences of the seventeen emperors have not been thoroughly investigated.

At the time of thoroughly examining the 17 houses, Ye Xuan was also called by the Emperor of Japan.

At this time, in a small palace in the palace.

"Ye Xuan, just by helping you to find the snake charm of the Japanese royal family, it is enough to prove your innocence." The Emperor Yanyan left his hands behind his back, said back to Ye Xuan.

"Thank you for the trust of the emperor." Ye Xuan hurry to hold the fist.

"Before I saw that you took out the Spike Sword, should you get the inheritance of the General General of the Ancient Holy Age?" Emperor Yanyan asked again.

Ye Xuan paused and nodded: "Yes!"

In the secret of the battle of Longyun, although there is also the inheritance of Generals of the Spike, there is no sword of the wolf.

"General Spikes made a lot of contributions to the ancient sacred dynasty, but in the end he died under the thunder, his general, I know," said Emperor Yan.

Ye Xuan brows a pick, but immediately calm down, the things in the generals, the Japanese Yan royals have, so the Emperor Yanyan did not send people to dig.

"Don't say this, what do you think of the aliens?" the Emperor Yanyan asked again.

Interracial views!

Ye Xuan paused and replied subconsciously: "It's not my family, my heart will be different!"

"A good heart will be different!"

The Emperor Yanyan suddenly turned around and said: "This snake charmed family has infiltrated into the Sun Dynasty. I have never noticed that the Japanese Yan Dynasty has never been perceived as a human penetration. The purpose should be to control the Holy."

Ye Xuan did not speak and listened quietly.

"My Japanese sacred dynasty has been so infiltrated so much, so the surrounding sacred dynasty must be the same, and my Japanese sacred dynasty and the snake charm sect are separated by several sacred pilgrimages, only with the sacred leopard sacred, so these The snake Meizu should come from the sacred leopard..."

Emperor Yanyan continued to say, but Ye Xuan did not understand why the Emperor Yanyan told him this.

At the time of his doubts, the Emperor Yanyan finally said: "You have learned the sword in half a step, and it is the most outstanding genius in the history of the Sun Dynasty. Now I ask you, are you willing to join my royal family? For my royal family?"

really!

After hearing the words of Emperor Yanyan, Ye Xuan's heart trembled, and the other party really wanted to recruit him.

Seeing that Ye Xuan hesitated, the Emperor Yanyan flashed a light and asked: "You don't want to?"

Ye Xuan was shocked and solemnly said: "I am not in Japan!"

This sentence is also what he said with great courage, because there is a chance that he will be shot by the Emperor of Japan.

After the Japanese Emperor heard this, it was also a shock to the tiger. After three seconds, he said: "With your qualifications, my Sun Yan Dynasty can't keep you, but you can take me to the Sun Dynasty. As a springboard."

Ye Xuan suspected that he had got it wrong.

Emperor of the Sun Dynasty, will actually say such a thing, the Sun Yan Sheng Dynasty as a springboard?

The good thing is the springboard, not good to hear, it is a stepping stone.

Chapter 805: Huang Tianqi

Ye Xuan did not think of it, but he realized that he was so heavily weighted.

The meaning of Emperor Yanyan is to let Ye Xuan first join the Sun Yan Dynasty and wait for him to become a strong man in the future.

"In this case, then I promised!"

Ye Xuan naturally will not miss this opportunity.

Now that this is the case, although the Six Emperors have already won, I am afraid they will also be subject to censorship, so they will not be established as Princes for the time being, only after they are truly innocent.

"Well, then you will be enshrined in the future, I will give you a sacred ritual. This martial art will be open to you, in addition, the martial arts in the royal family will be open to you, including the royal family of my royal family."

Emperor Yanyan said, handing Ye Xuan a ring, said: "These things, even if you are supreme is enough."

Ye Xuan took a look at the Qiankun ring and almost ran away.

The emperor is not the emperor, the first shot is wide, this thing in the ring, absolutely allows him to directly break through to the seal ten.

"Thank you for the emperor!"

Ye Xuan hurriedly thanked.

"I let people arrange a place for you. You should stay in the palace these days. Try not to go out. This time, the snake charms are exposed. I guess the snake charm and the leopard sacred will have movements. You should be careful." The Emperor Yanyan said.

Subsequently, there was a Guard who left with Ye Xuan.

Both the snake charm and the leopard are aliens. The snake charm family wants to capture the political affairs by means of disguise. Now, there is a half-step and supreme understanding of the sword meaning of Ye Xuan, I am afraid it will become those hidden targets.

After Ye Xuan left, the screen suddenly came out of a person, it is the eagle-eyed old man who is now in the sun.

"The beam is dedicated, what do you think of this?" asked the Emperor Yanyan.

"There is nothing strange, at least I didn't see it." The Hawkeye old man shook his head.

"But, don't say this, how are those aliens?" the Japanese Emperor asked again.

The Hawkeye old man still shook his head: "The tone is very strict, but I have a friend who will be fascinated by Dafa, can ask him to come over..."

"Okay, spend more of the aliens, and add some messengers to inform the surrounding emperors and go from the big heavens..."

Emperor Yanyan nodded.

"Yes!"

The Hawkeye old man should have a voice, even if he is leaving.

In fact, the Emperor Yanyan is afraid that the royal masters in the Imperial City have been mixed in by the snake charm, but it is the supreme power.

.....

At this time, Ye Xuan, under the leadership of a Guards Army, arrived at the new residence.

Now, he is also the top of the Sun Dynasty. He is the first to be enshrined, but the most advanced, followed by the second-class and third-class offerings.

"Ye Daren, small retreat!"

The guards said one thing and then left.

Ye Xuan looked at his own lakeside building and walked straight in. Then he swept it with the eye of insight, and there was no one inside.

Originally there were eunuchs and palace ladies in the small building, but after the emergence of the snake charm, they were all arrested for review, so there was no one.

"No matter how much, break through and talk!"

Ye Xuan's eyes smacked and directly swallowed the things in the ring.

"Hey, the host breaks through, and it is currently 90% of the seal!"

"Hey, the host breaks, currently 95% of the seal!"

"Hey, the host breaks through, and it's currently 10%!"

The Emperor Yanyan took a wide shot and gave him something that directly broke through to the seal. However, he could not directly break through to the Supreme.

If you want to achieve supreme and condense the supreme body, you will have to be robbed.

Ye Xuan is no exception.

"Hey, the current success rate of the host to the looting is 30%."

The system prompts.

"Sure enough, there is a success rate of the robbery, but only 30%, is this too low?"

Ye Xuan is very helpless.

Moreover, this should be added to the Dragon Gold Armor. If it is not added with Dragon Gold, it is definitely less than 30%, it may be 20%, or it may be 10%.

The Dragon Gold Armor can weaken the power of the Supreme Thunderbolt, but this only allows Ye Xuan to have a 30% chance of breaking. It seems that he has to improve the success rate in other ways.

"If my deity and the avatars are combined, the success rate is expected to increase. In addition, I can also practice the supreme martial arts. The royal family's Emperor Tianyi can use the dragon transport to resist the power of the robbery. I don't know if all these factors add up. How much success rate can I have?"

Ye Xuan thought, just find a room to rest.

Now he has just broken through, still staying here, waiting for a while to get the martial arts.

He stayed here for seven days.

At this time, it has been half a month since the death of the great emperor.

In the past two months, the Sun Yan Sect is still catching the snake charm, and the number has reached several thousand.

Ye Xuan, no matter how much, left the lake directly, and then went to the royal martial arts.

The martial arts cabinet of the royal family, but one of the big ones in the Japanese Yan Dynasty, has collected countless martial arts.

"You are the kid who understands the sword. It's not bad. My royal family's martial arts is on the third floor. You can go and see if you want to learn the Emperor, come to me."

An old man sat behind the counter and said to Ye Xuan with a smile.

Ye Xuan swept the eye with insight, and sure enough, it was blocked by the other party's supreme body. This old man is also a supreme.

"Thank you for your predecessors!"

Ye Xuan thanked, even if it was gone.

These martial arts are just names and introductions, so Ye Xuan gave up the idea of copying all of these things into the phagocytic system and went straight to the third floor.

All of them on the third floor are all supreme martial arts.

Supreme martial arts is extremely powerful, and it is not a half-step supreme that can be resisted. This is why Ye Xuan does not dare to fight with the three emperors.

However, the Supreme has the supreme golden body. If there is no such skill as swordsmanship, it is difficult to kill a supreme martial arts by supreme martial arts unless the Supreme Martial Arts is very advanced.

Ye Xuan went straight upstairs and selected several martial arts, even if he walked down.

"Predecessors, I have already chosen."

Ye Xuan reported the name of the Supreme Martial Arts, and then the old man gave him the cheats.

"Kids, these supreme martial arts should not be rumored. As for the Emperor, you come with me."

When the old man finished, he took Ye Xuan to the underground of Wuxue Pavilion. The Emperor Tianzhu was recorded on a stone tablet.

This emperor was created by the founding emperor of the Sun Dynasty. However, the great emperor also cultivated, and the emperor's body is a snake charm, so it is estimated that this emperor has been leaked.

Therefore, the old man did not take any measures.

"Hey, Huang Tianyi copied successfully, does the host learn?"

"Yes!"

Chapter 806: Perceptual eye

"Hey, Huang Tianyi copied successfully, does the host learn?"

"Yes!"

Ye Xuan replied in his mind.

"Hey, the host has learned the Emperor!"

Ye Xuan glanced at it and found that Huang Tianqi was divided into three parts. One was Emperor Tianjian, the other was Emperor Tianlong, and the third was called Emperor.

As the name implies, the Emperor Tianjian is attacking martial arts. The Emperor Tianlong is a martial art, and the Emperor Tianba is able to use Longyun to improve his physique.

"Is it the best?"

Ye Xuan took out the piece of the emperor's order, and immediately used the emperor to directly import all the dragons into his body.

Then he glanced at the panel and found that the success rate of the robbery increased from 30% to 35%.

"Emperor hegemony, it is possible to seal the dragon transport to his own body, and then further refine and strengthen the body, it is no wonder that those emperors want to get the dragon."

Ye Xuan eyes a glimpse, and then other martial arts society.

Although there is attacking martial arts in Huang Tianyu, the martial arts that Ye Xuan learned this time include palms, boxing, etc., in case of emergency.

"Now my success rate is only 35 percent. If all dragons are used to enhance physical fitness, they may be able to increase to 50 percent."

Ye Xuan thought about it, he left the Wuxue Pavilion.

He returned to his own lakeside building and began to refine the dragons in his body.

"Unfortunately, Longyun can't be swallowed directly, it must be absorbed by Emperor Tianba, and it is slower."

Ye Xuan was helpless and began to cultivate himself.

This time, it took him another half a month to fully absorb his own dragon transport.

At this time, his success rate of the robbery reached fifty-three.

The higher the realm, the more you care, the more people are afraid of death.

Ye Xuan is no exception. He can't make fun of his life, so it is impossible to directly rob.

"Right, the previous six emperors said, what I need, even if there are only two or three things in the treasury, the hole spirit and the illusion fruit are used by me to open the eyes of the insight and the eyes of the ban, I don't know if it is still There are other treasures!"

At this time, Ye Xuan's eyes suddenly lit up, so he wanted to go to the emperor to ask, if there is, then he can open a blind eye again.

Ye Xuan, who became the first class of the royal family, walked freely in the palace and went to the palace where the emperor lived.

"Ye Daren, please wait a moment."

A bodyguard went in and notified.

At the same time, Ye Xuan also subconsciously scanned the surrounding circle and found that there were four supreme secrets around the place where the Emperor of Japan was living.

It's really a dragon pool!

Ye Xuan's heart is silent, waiting quietly.

Soon, the guard was back and took him in.

After Ye Xuan saw the Emperor of Japan, there were some generals wearing armor beside the latter.

"Ye Xuan, are you looking for something?"

The Emperor Yanyan asked.

Ye Xuan glanced at it and found that the face of the Emperor Yanyan was not very good. It seems that something happened, but he did not care, but asked directly: "The emperor, I have broken through the seal of 10%, and then For a while, maybe it's going to be robbed."

"what?"

The Emperor of Japan and the surrounding generals were shocked. Twenty-six days ago, Ye Xuan was only eight and a half years old. Now he has reached the seal of 10%. After a while, he will be robbed. This cultivation is too fast. Something.

When the Japanese emperor gave Ye Xuan a lot of cultivation resources, it would take several months for the refining of other people to break through to the seal, and Ye Xuan did not even have a month.

Emperor Yanyan felt a bit, and sure enough, Ye Xuan was already a seal of 10%, and it seems to have been trained into the Emperor.

"Good, good, good!"

Emperor Yanyan was a little excited and said: "What do you need to find this time?"

Ye Xuan did not talk nonsense. He handed in a list directly. The Emperor Yanyan glanced at him and said: "There is only the vine in the treasury."

"Viewing the vine?"

Ye Xuan blinked his eyes, and this view of the empty vine is a necessity for the eye of perception.

The eye of perception is a powerful sensory ability that enhances the senses and sensation of the host.

Although not as useful as the Eye of Insight and the Eye of the Illusion, it is also very good.

"On the same day, you have already given you the first-class offering of sorrow. If you want to watch the vines, you have to use merits to exchange them."

At this time, the Emperor Yanyan suddenly said.

"it is good!"

Ye Xuan nodded.

"Since the snake charms have been exposed, the news has been passed out. The four saints around the Sunshine Holy Era are just around the corner. The mad leopard sage is directly sending troops to my sun. Now I am sealing you as the general of Zhenyuan. Resist the attack of the sacred leopard!"

Emperor Yanyan said.

"Chairman's purpose!"

Ye Xuan should vocal.

The sacred leopard sacred dynasty is a sacred sect that borders the territory of the Sun Dynasty.

The snake charm family should have sneaked from the sacred leopard.

Both the snake charm and the mad leopard are orcs sacred, so they are not hostile to each other, but humans and aliens are hostile.

Now, Ye Xuan has turned into a change, becoming the general of Zhenyuan of the Sun Dynasty, going to war to earn military exploits.

The previous six emperors had played a lot of jealousy, got a lot of combat power, and then converted into a dragon transport with combat power.

"Then I can give you the first look at the empty vine, but you have to win it!" said the Emperor Yanyan.

"it is good!"

Ye Xuan nodded.

"The war of our subordinate sects is not allowed to send out the supreme power, and your strength is invincible in the half step supreme, and has the ability to kill the supreme. However, you must be careful, my daily inflammation In the sacred dynasty, perhaps the aliens of the aliens may be lurking, and they may launch an assassination action against you." Emperor Yanyan whispered.

Hearing this, Ye Xuan's brow can't help but pick it up.

The supreme power, the assassination of him, this is not a joke.

Although he has already realized that the sword is enough to kill a supreme strong man, if he is attacked, he may fall.

"I will pay attention."

Ye Xuan nodded.

"Okay, then you are ready, after seven days, follow General Yuan's expedition!" said Emperor Yanyan.

At the moment, Ye Xuan turned and left.

This time, he is going to return to the generals for a glimpse, first and then fit together and talk about it, refreshing the realm of avatar.

After all, avatar is his second life.

However, when he was about to leave, suddenly someone stopped him and was a guard.

"Ye Daren, this is the emperor ordered me to hand it over to you!"

After the guardian of the Guards gave Ye Xuan a ring, he left in a hurry.

Ye Xuan took a look at the Qiankun ring and found that it was the vine that he needed.

"Hey, the host opens the eye of perception!"

The system sounds in the mind of Ye Xuan.

Chapter 807: Assassination

"Hey, the host opens the eye of perception!"

Now, Ye Xuan has opened three eyes, which are the eye of insight, the eye of the ban, and the eye of perception.

After he opened the eye of perception, his body shape was also trembled, because he had a lot of strong atmosphere in the palace where he was.

The atmosphere that can make him feel guilty, only the Supreme Power can emanate, even if the other party converges, he can also sense.

His sensory ability is probably ten times stronger.

"Sure enough, after closing your eyes, there is the effect of the super-sound bat blood, you can sense the winds that are tens of thousands of meters around, and I can fight if I close my eyes!"

Ye Xuan opened his eyes.

The eyes of the gods and gods are really good. He is looking forward to it now, because there are still a few days left.

Burning Eyes, Eyes of Void, Eyes of Eternity, Eyes of Silence, Eyes of Brilliance, etc...

These eyes have unique effects. If they are all turned on, Ye Xuan's strength will be very strong.

After opening the eye of perception, Ye Xuan hurriedly left the Imperial City.

However, he has not left the emperor, but he has discovered several people who follow him.

"A total of six, I don't know if it was sent by Emperor Yanyan..."

With the eye of perception, Ye Xuan can find out the position of these six people. At the same time, he can also sense the realm of these six people, all of which are about 90% of the seal.

As long as you don't come to the true supreme, there is no threat to him.

"But, go back to the desert first."

Ye Xuan thought about it, and immediately left the emperor directly, and then ran all the way.

The six men saw him leave the emperor and immediately went back to report.

In the realm of Ye Xuan, it took only one day to reach the Death Desert and then fit with his own body.

Before the fit, his success rate of robbery was 53 percent.

After the combination, the total strength has increased by 10%, but the success rate of the robbery has increased by 15 points to 68.

"I came back after the expedition, I guess I can break through to the Supreme, maybe I can break through without coming back!"

Ye Xuan's eyes licked.

At this point, he still has a little advanced point, which can be added to the blood of the twins to improve the strength of the fit after the fit.

At that time, the success rate of the robbery may reach 80%.

However, what he wants is not 80%, it is 10%.

After all, after the fit, he only has one life left. If the luck declines to the 20%, then it is a dead body.

In order to insure, he can only go out and earn the battle to redeem the dragon.

After the secret combination, Ye Xuan secretly left and returned to the Imperial City.

After the Emperor of the Japanese Sun Dynasty heard that Ye Xuan had left the Imperial Capital, his heart and liver were also smashed by the sputum. Now that he saw Ye Xuan coming back, he was relieved.

Ye Xuan, but has the potential to become the first strongest person in the Sun Dynasty. If it is secretly attacked by a foreign master, then it will be miserable.

Soon, I just waited for Ye Xuan's expedition.

At this time, at the Huangchengkou.

"Ye Xuan, the three of us will be mixed in the team, we are responsible for escorting you to the border, but we are not involved in the war."

The eagle-eyed old man finished, and he was mixed with Ye Xuan's team with two royal masters.

Ye Xuan is also somewhat awkward, because this is the three supreme strong, enough to prove that the Emperor of the Sunshine Emperor paid attention to him.

In addition to Ye Xuan, there are several generals in the expedition. Although their strength is not strong, they are much stronger than Ye Xuan.

At the same time, the six emperors also came to Ye Xuan to see off. When Ye Xuan joined the Six Emperors, but the seal was only 65%, and now his strength is the invincible in the half-step supreme, with half a step. Supreme strength.

Soon, the expedition team left the emperor and then went quickly to a border.

On the way, they met with the Japanese Yan Jun, so the march was a bit slow.

According to this speed, it is estimated that it will take a month to arrive, but there is no way. After all, he will go with other people.

Some time ago, I didn't encounter anything. After all, the scale of the 50,000-day Yan army was so great that those thieves did not dare to approach.

However, on the fifteenth night of Ye Xuan's departure from the Imperial Capital.

The 50,000-day Yanjun is camping and resting, and Ye Xuan is also grilling the skewers himself. There are several generals around him.

As for the Hawkeye three, it is hidden.

"Ok?"

At this moment, Ye Xuan's brow was picked.

"General Ye, what happened?"

A general asked strangely.

At this time, in Ye Xuan's sensing range, there have been three sneak steps into the shadows.

"The breath is strong, it is three supreme strong!"

Ye Xuan's eyes widened and immediately shouted: "The eagle eye predecessors, three of the supreme strongmen are close, in the forest behind me!"

"what?"

The three people who were in a camp were greeted by the three men who heard this, and they were surprised because they didn't feel the enemy's breath.

However, Ye Xuan is not an ordinary person, so they chose to believe.

"Where is the mouse generation, it will appear quickly!"

The beam with a pair of sharp eyes is dedicated to the roar of Yang Tian.

The three people in the forest looked at each other and the black robes who were headed shouted: "No matter those miscellaneous soldiers, kill the kid first!"

"on!"

In the next moment, the three figures were taken from the forest, and at the same time, they were exposed to the atmosphere and were stared by the Hawkeyes.

Three to three, just right!

Six supreme powers, instantly fight.

At the same time, Ye Xuan also came up with a spear sword and followed it up.

His current strength should be able to fight with the Supreme Powerhouse, but he did not venture out, first look at the strength of the other side.

At this time, the Liang offerings suddenly shouted: "What is the offering, is it you?"

He knows the name of the first supreme who came to assassinate Ye Xuan.

"Eagle Eye, how is it for me." The headed man sneered, showing the true body directly, is a snake charm disguised as a human being.

Although it is extremely difficult to repair the supreme gold body of the Supreme Strong, there are many good medicines in the Japanese sacred treasury. If you only break a small thumb bone, it is still relatively simple to repair.

However, I don't know who has leaked the wind. After that day, there were some Supreme Powers fleeing in the palace because they were afraid of revealing their identity and then besieged by the Japanese Sun Dynasty master.

This is what is enshrined, that is, the supreme power of the imperial city.

However, the two behind him are not the supreme of the snake charms that can be disguised, but the two burly mares.

The six players played in an instant and the situation was fierce.

The Supreme Power has the supreme golden body. If there is no strong martial arts and swordsmanship, it is difficult to kill it unless it is besieged.

Chapter 808: Battle Extreme!

In the case of three-on-three, the strength gap between the two sides is not very obvious, so they generally do not suffer casualties.

But don't forget, Ye Xuan has learned the meaning of the sword, although only half a, but it is enough to cause a lot of damage to the Supreme Golden Body.

"The leopard family is very fast, but the snake charmed head is obviously not ordinary supreme, or you can find a mad leopard to kill first."

Ye Xuan's eyes swept away and swiftly swept out.

The Orc, although it is human reproduction, is mainly a partial beast.

Therefore, Ye Xuan estimates that his beast **** blood should have an increase effect, coupled with the sword and the emperor sword, killing one should not be a problem.

However, just as he was ready to help, there was another breath that was approaching quickly.

"What, there is one?"

Ye Xuan was shocked and took a sword in the direction he sensed.

"Huang Tianjian, Sword Emperor!"

A fusion of half a sword attack, instantly broke into the forest, but did not hit the other side, the other side dexterously escaped.

"Good boy, I found out again, looking for death!"

A mad leopard with a height of two meters waved his claws toward Ye Xuan.

"Hey, see who is dead!"

Ye Xuan was cold and greeted.

Only 80% of the Emperor's will, he has a master of the 10% of the seal, and now he is a seal of 10%, plus those blood, and a supreme battle is not a problem.

"Sword Emperor!"

"Crazy!"

"Boom!"

Ye Xuan's sniper collided with the other's claws, and the air was rolling, but it was even better. It's still Ye Xuan.

Although it is said that the breakthrough will reach the supreme, the infuriating will have the same qualitative leap, but Ye Xuan uses the supreme martial arts, plus the blood of the Jiandi and the sword, his attack is enough to seriously damage the general Supreme.

However, the mad leopard family is known for its speed. This sword emperor was escaped by the other party.

"Kid, I know that you have learned the meaning of the sword. I can hardly imagine that a human being has realized the sword in a half step, which has a huge threat to my family!"

This mad sneer sneered and swept away toward Ye Xuan.

His attack is better than Ye Xuan, naturally it is impossible to bang, so he wants to be close to Ye Xuan, and then tears Ye Xuan, who has no supreme gold body, into pieces.

"Want to fight close, as you wish!"

Ye Xuan's heart snorted and swept directly.

Although he does not have the supreme gold body, he will be torn by the other person if he is not careful, but his speed is not comparable to that of ordinary people.

Huang Tianyou Longbu!

Ye Xuan's figure is swimming fast, like a slippery muddy.

"Hey, the emperor's proficiency in the dragon's step is improving, and it's currently 50%!"

"Hey, the proficiency of Huang Tianjian is improved, and it is currently 70% hot!"

Quasi-supreme martial arts is a transition, so there is no proficiency at all, but the supreme martial arts has appeared again.

Ye Xuan holds the Spike Sword and fights with the strong guy of this mad leopard. If it is faster than speed, he is not worse than the other.

"How is it possible that the district is half-step and supreme, and it is impossible to keep up with the speed of my wild leopard family. This is impossible!"

The master of this mad leopard roared in his heart.

The mad leopard is known for its speed, and he is still the supreme and powerful, and he has been chased by half-step supreme. This is the first time I saw it.

"Kid, I will kill you anyway today!"

The mad leopard masters drank and the offensive became more and more fierce.

Ye Xuan has some regrets, because this mad leopard master is also using the supreme martial arts, or a claw method, it seems that the power is too big.

Unfortunately, his insight into the eye is currently unable to penetrate the Supreme Golden Body, so it is impossible to steal school.

As long as he waits for him to break through the Supreme, it should be fine again.

The blood of the Tianyan Protoss, in addition to the promotion of the advanced point, will be upgraded according to the improvement of the realm.

"Boom!" "Boom!" "Boom!"

There is a constant bang in this area.

After all, there are seven Supreme Powers in the fight, this level of fighting, the 50,000-day Yan Jun is simply unable to intervene.

"That kid, it really is amazing, even the power of oneself and the madman leopard master tied!"

The eagle-eyed old man smashed Ye Xuan.

To challenge the true supreme with a half-step supreme realm, he has lived for decades for the first time.

However, it is at this time.

"Hey, the proficiency of Huang Tianjian is improved, and it is currently 90% hot!"

"Hey, the proficiency of Huangtian Tour Longbu is improving, and it is currently 70% hot!"

The two prompts sounded at the same time, and Ye Xuan suddenly swelled at a speed, and a sword broke out.

"Huang Tianjian, Sword Emperor!"

"boom!"

The master of the mad leopard did not respond. He widened his eyes and watched the sniper slammed on his shoulder.

"Oh!"

The crisp sound spread, and the mad leopard master stepped back a few steps.

He and Ye Xuan have already played against hundreds of rounds. It turns out that he is the first to hang up. How is this possible?

Not only was he shocked, but even Ye Xuan.

"The supreme gold body of this mad leopard master is at least twice as strong as the big prince!"

In the heart of Ye Xuan's heart, the Great Emperor had just finished the looting, and the Supreme Golden Body had not been condensed, and even one tenth did not, so he was smashed by a sword.

In front of this mad leopard master, it has been a breakthrough for many years, the supreme golden body is naturally powerful.

When the other side lost, Ye Xuan won the pursuit.

"The Emperor's sword, the dragon sword!"

Ye Xuan holds the sword of the wolf, picking up from the bottom to the top.

"Oh!"

The chin of the mad leopard master was cut open, but fortunately he hid quickly, otherwise the entire head would be split in two.

"Unable to fight, withdraw!"

The master of this mad leopard finally realized the danger and hurriedly sipped.

The other six people fighting on the other side did not have such an injury, which is enough to prove the strength of the sword.

If you fight again, you must be dead.

"withdraw!"

The head of the snake charm is also a big drink.

In the meantime, four people quickly broke into the forest.

"chase!"

The Hawkeye old man shouted.

Just kidding, now they are an advantage, how can they not win the pursuit?

Ye Xuan naturally will not let go of this mad leopard master, after all, this is a supreme strong, if you kill him, swallow the inner treasures of those inside, maybe you can break through.

However, this mad leopard family also has a racial trait, that is, the speed of running straight is very fast, 30% faster than when fighting, and it is far away from Ye Xuan in the blink of an eye.

"Damn, don't chase!"

The Hawkeye old man suddenly stopped everyone.

Then chase it down, what if the ambush is in the middle?

Ye Xuan also chose to give up, the supreme powerhouse, and sure enough, it is not so easy to solve, it seems that his timing is wrong.

At the moment, Ye Xuan is meeting with the Hawkeye old man.

Chapter 809: Invincible under the Supreme!

"Fortunately, the other side is understaffed, otherwise it will be dangerous!"

The Hawkeye old man breathed a sigh of relief.

Wen Yan, Ye Xuan silently nodded, if another strong supreme, then he will be one-on-two.

"If you want to go to the border, I am afraid that we will abandon the army. The three of us will **** you to leave. As soon as we reach the border, there is a sacred alliance, they dare not do it!"

The Hawkeye old man said.

The ruling alliance?

Ye Xuan brows a pick, this sacred alliance he heard, is used to guard the power of the lower level of the Holy.

The war between the subordinate pilgrimages is not allowed to be intertwined by the Supreme Power. The former aliens were able to shoot because they were in the land of the Sun Dynasty.

This sacred alliance is very strong, and the news is very well-informed. Before the sacred sacred waters of the sacred fish, they shot in the war, but they were killed by the masters of the sect.

As long as they reach the border, those who sneak into the Sun Dynasty will not be able to shoot.

"That troubles three seniors!"

Ye Xuan thanked that the split action can only be done, who made him hate high now.

As for the 50,000-day Yan Jun, they are not worried. After all, the other party does not look up.

At the moment, Ye Xuan is following the eagle's eyes and the three men have left the army and concealed away. Ye Xuan has the eye of perception and leaves at night, so the other party should not find him.

It took about fifteen days to go, but Ye Xuan arrived in the border in just over a day.

At the border, there was originally a Supreme Strongman sitting in the town to prevent the other Supreme Strongman from taking the shot. Now the Hawkeye three joined and reached four.

"Ye Xuan, the three of us are here, and after the war is stable, we will send you back."

The Hawkeyes are directly stationed at the border, but they are supreme and therefore cannot intervene.

This border is bordered by the sacred leopard sacred dynasty. There are a total of 50,000 Japanese military troops, all of which are elite soldiers. The worst is half-step supreme.

The backbone of the Sunyan dynasty is half-step supreme. This is actually nothing, because a supreme dan can let the ninth-order emperor break through to the half-step supreme, and Ye Xuan's former Marquis, can receive Wan Zhi Zun Dan, Duke in one month. It is 100,000 to Zundan, so half-step supreme is nothing.

"General Ye, this is the military situation that our spies spouted back. In the valley outside the border, thousands of mad leopards were stationed."

A black general sent a military sentiment to Ye Xuan.

Ye Xuan glanced at him and said casually: "Only three of the 30-year-old half-steps are supreme, I will solve it directly."

"What? General Ye, this..."

The black general was shocked.

Ye Xuan, actually wants to face a 30,000-year-old leopard army, what a joke.

This black general did not know Ye Xuan's deeds, so he couldn't help but look at Ye Xuan with a strange look.

"Ye General, the leopard family is extremely fast, very difficult to smash..." General Black Armor reminded.

"I know, but my eight achievements in the body can face the ten-year master of the seal. Now I am a 10% body seal. I don't threaten me if I don't come to the supreme."

工具, I think that the other party does not know business.

"Unbeat the Supreme?"

The generals of the black armor suddenly reacted. He originally sent a little boy to the royal family and some of them did not understand. Now it seems that Ye Xuan does have the ability.

Invincible under the Supreme, can completely lead a war.

At the moment, Ye Xuan left the border directly and followed the military. At this time, it is still night, which is very suitable for killing.

Night black wind high killing night, tonight, there will be a region of blood flowing into the river, tens of thousands of corpses.

Ye Xuan ran for a while, and he felt a huge breath. This was the 30,000 PALA leopard army Closing together.

The 30,000-year-old Leopard Army, led by the three steps of the three great emperors will seal the body, and Ye Xuan does not know how much merit can be obtained after killing them all.

Anyway, it's all killing!

Ye Xuan quietly dive into the back, hiding behind a tree, he stared at it, tens of thousands of fans with many crazy leopards.

"The real supreme can't participate in the battle, I am invincible!"

Ye Xuan directly sacrificed the dragon-shaped gold armor and killed the past.

Although he has full confidence, he still has some insurance. After all, he does not have the supreme body, only the dragon gold armor.

After only a kilometer distance, Ye Xuan is raising his hand, and the mad leopard army facing the front is a sword emperor.

The sword emperor, which contains the sword, is very powerful. It breaks away and flashes like a meteor.

"Oh!" "Oh!" "Oh!"

Sword Emperor Shun went straight and took away the lives of thousands of Leopards.

This sword emperor is just an appetizer. After it, there are countless swordsmen who are attacking the mad leopard army.

Ye Xuan stood in a crazy position outside the kilometer. In just one second, there were tens of thousands of mad leopards.

"what?"

The three leading seals of the 10% of the masters saw the bodies, they were already shocked, and there were people who had the right to eat. Suddenly they were smashed into two halves, and the blood was spurting. This scene scared them. .

But the next moment, there was a white sniper attack that directly cut them off.

Ye Xuan's attack, even the Supreme can be seriously injured, these half-step supreme without the supreme golden body can not withstand his attack.

Then, Ye Xuan plundered into the air and then killed those who were smashed in two but not dead.

In less than ten seconds, the 30,000 Panthers were all killed by Ye Xuan, and there was no one left. This is the invincible existence under the Supreme.

The acquisition of military exploits is based on the human head. Therefore, Ye Xuan directly collects the bodies of these mad leopards, a total of more than 31,000, which means that there are more than 30,000 pieces of Qiankun.

"The army is fighting, there are not many things, all of them are healing drugs and the like..."

Ye Xuan has some helplessness.

Although there are not many things in each of the Qiankun Rings, but the number is large, and more than 30,000 bodies can bring him a lot of combat power, because there are three masters of the 10%.

Subsequently, Ye Xuan quickly left.

When he returned to the border, everyone was shocked, because it seems that it is only five minutes away from Ye Xuan's departure.

Could it be that Ye Xuan suddenly changed his mind?

However, when Ye Xuan took out the high-level Qiang Kun ring with more than 30,000 bodies, everyone was shocked.

In five minutes, it solved 30,000 masters of the mad leopard, including three masters of the 10%. These five minutes are still counted back and forth, that is, the time spent on solving the 30,000 Panthers is estimated to be at most one minute.

Under the supreme, the invincible, really great!

It is a pity that these bodies must be returned to the Imperial Capital to make a difference, so Ye Xuan is still a little dragon.

Chapter 810: Wild leopard

Ye Xuan asked the individual to ask, and then calculated it. After the conversion to Chenglong, it was refining with the Emperor. It is estimated that the success rate of the robbery can only be increased to 60%, plus the avatar and an advanced point. It's almost ninety.

Therefore, he estimates that he will have to come one or two times. Of course, if you don't need advanced points, then it is best. After all, he rarely fits with the body. It is not worthwhile to waste an advanced point.

To put it simply, he must increase the success rate of the robbery to about 80 before he or she fits.

Before and combined with the body, it has improved the strength of 10% and increased the success rate by 15%.

However, with his improvement in strength, this achievement has also increased more than before, so it is probably around 80.

The army was the military sent back from the spies of the Japanese Yanjun. Ye Xuan, who was eager to rob the tyrant, was personally dispatched this time. As long as he met the wild leopard, he would kill innocent people.

Ye Xuan once again left the border, and then began to wander around, his speed is so fast, as long as he touched the living things, he could not escape his perception of the eye.

Moreover, the eye of perception can transmit the shape of the active object to his brain, which allows him to instantly distinguish whether the other person is a human or an alien.

The Sun Yan Dynasty and the Wild Leopard are adjacent to each other. The center of the two borders is the land of no ownership. Ye Xuan quickly swam in this land of no land.

What surprised him was that he found a whole night, but he did not find the second mad leopard army. He only met several spies of the mad leopard.

"I didn't expect to have other troops stationed. If so, then I will attack the city!"

Ye Xuan's mind suddenly flashed.

If you can't find it, then you can hit the door and break the entire side.

At the moment, he is plundering towards the border of the wild leopards.

With his invincible strength under the supreme, one person can dominate a battle, and it is not a problem to break a border.

Soon, Ye Xuan found the border of the mad leopard before dawn.

A battle without suspense begins!

"kill!"

Ye Xuan wore a dragon-shaped gold armor, holding a wolf-toothed sword and directly killed the past.

"Huang Tianjian, Sword Emperor!"

"Half into a sword!"

Ye Xuan launched an attack directly against the city gate.

Sword, but with the supreme power, even the supreme power of the supreme gold body can be seriously injured.

How can you block the footsteps of Ye Xuan?

"Hey!"

Just a sword, Ye Xuan blasted the door of the sacred leopard sacred, and then sneaked in.

"Not good, there are masters breaking!"

The mad leopard soldiers on the wall shouted.

But at this time, Ye Xuan has already been killed, as long as it is a foreigner, it will kill innocent people.

In the war between the two countries, no one can guarantee that every battle will be able to win, so both sides have their own prisoners. This time, Ye Xuan is also able to save the Japanese Yan Jun who were captured by the Panthers.

After the border, it is the army barracks of the sacred leopard sect, and the squadrons stationed in this border have a total of 100,000!

"Haha, 100,000 troops, are you ready to attack recently? All turned into my sword and soul!"

Ye Xuan laughed in the heart and launched an attack directly.

"Huang Tianjian, Sword Emperor!"

"Half into a sword!"

Combining the horrible power of the supreme martial arts with a half-sword, the swords can cut all these camps in half.

A sword can kill at least a thousand people.

And Ye Xuan can pull out more than ten swords in one second, which means that Ye Xuan can kill tens of thousands of people in one second.

Killing tens of thousands of people in a second, this is not the supreme, I can't do it, but Ye Xuan can, because he realized the sword.

The border of the entire sacred leopard sacred, all boiled up, after all, Ye Xuan's killing came.

These mad leopards are well-trained, but who would have thought that Ye Xuan broke the border and only spent a second.

When they reacted, tens of thousands of people have died, and the rest of them are still waiting for orders because they can't find Ye Xuan.

Even a large number of people still don't know what happened.

These aliens are living targets in Ye Xuan's eyes.

Within ten seconds, Ye Xuan killed more than 80,000 people, and the remaining 20,000 people were also split into two halves. Only a hundred people were intact.

Next, Ye Xuan collected these bodies and the Qiang Kun ring, and added the knife to those who survived.

If the Orc is compared with the Terran, the Orc will be stronger than the Terran, and the Orc of the Human Society will also, but the Orc has many ethnic characteristics, such as the snake charm, which can be easily disguised, and the Fox Mei is Can be charmed and controlled.

It is now a war between the two countries, so Ye Xuan does not have the slightest mercy, and sees the aliens to kill.

However, in a few minutes, these alien corpses were taken into the devour space by Ye Xuan, and the entire border was a **** sea.

"100,000 pieces of Qiankun Ring, it is really big!"

At this time, Ye Xuan has introduced everything into the devour space. Although it is a marching war, there are more or less things in the Qiankun ring that are useful to him.

After swallowing up those useful things, Ye Xuan's strength is much stronger, and the success rate of the robbery has also increased, reaching 65 percent.

"The body and the strength of the gas have all improved. Now I don't use the advanced points. The battles that I have exchanged for these 130,000 bodies are enough for me to succeed!"

Ye Xuan thought about it, but he suddenly changed his mind now. He would not return to the emperor, but he would smuggle directly in the sacred leopard.

The sacred leopards are not necessarily bad in the pilgrimage, but there are also many civilians, so Ye Xuan chooses those who have relatively large forces, such as the city owner.

However, before this, he first rescued the Japanese Yan army who was captured by the Panthers.

There is a place to be held in the border of the Japanese army, but the number is small, just a thousand people.

After Ye Xuan liberated him, he let them go back to the Yanyan army, and he himself decided to go deep into the sacred leopard.

"This mad leopard sect is like the lower sacred dynasty, but the strength of the mad leopard sage is stronger than the Japanese sacred dynasty. It is said that some lords are supreme and strong, if one can kill a supreme Strong, then I can almost achieve the supreme."

Ye Xuan thought about it while staying away from the border.

The border of the mad leopard sage has been completely slaughtered by him, and the eye of perception is there. Even if the other side is hiding well, he can't escape his pursuit, so there is no one on the border.

When the captives of the Japanese Yan Army return to the border and inform the generals of the customs, the generals will surely send troops directly to occupy this alien border.

At this time, Ye Xuan has found a city based on a map. This city has no supreme power, so Ye Xuan did not hesitate and directly went in.
