

Super D. S 811

Chapter 811: Battle supreme

With the arrival of Ye Xuan, the city of the sacred leopard sacred again had a tumultuous storm, but only the capital of the city.

There is no supreme power in this city. After Ye Xuan has sneaked in, in less than half a minute, the senior half-steps of the city's main house will be murdered and plundered.

After the special devouring of those things that have improved their strength, Ye Xuan's success rate of the robbery increased again, reaching 67 points.

"The border is out of control, the sacred leopard sage should soon know that I am moving faster, and before they react, they are promoted to 100%, then they robbed and achieved supreme!"

When Ye Xuan thought about it, he left again and plunged toward the next target city.

There is a judgment in the ruling coalition that his behavior is no longer a siege, so the supreme power of the sacred leopard can be shot against him. After all, he is alone, not leading a soldier.

Fortunately, he is very fast and has accurate targets, from one city to another, not even for two hours.

Two hours of rushing, for a few minutes, but this few minutes of harvest, but can improve his success rate.

In one day, Ye Xuan swept the city of ten sacred leopards. At this time, his success rate of robbing has reached 80%.

If he turns around now and fits in with the body, even if he does not exchange for the dragon, if he does not use the advanced point, I am afraid there is a 100% success rate.

However, he did not choose to go back.

"Eighty percent, and for another day or two, I have a 100% success rate. At that time, I will smelt the supreme body and achieve supreme!"

Ye Xuan's eyes lit up.

Supreme is a realm that he is very yearning for, and now he is breaking through, so he does not want to stay for a moment.

However, after he swept a few cities, he encountered a problem.

At this time, in front of him is a big city. The city owner is said to be a supreme strong man, so he is considering whether to rush in and fight this supreme power.

The body of a supreme strong man can definitely reach ten cities. After hesitating for a while, he made a decision.

kill!

He directly wore a dragon-shaped gold armor and entered the city.

The wild leopard is an alien. The adult male leopard is generally more than two meters tall. Ye Xuan is about the same height as the female leopard.

The dragon-shaped gold armor can make him not recognized, but the leopard's legs are not the same as the human legs. Ye Xuan does not pretend to be disguised.

Therefore, we can only directly kill and intimidate the Supreme Power.

"There are people coming into the city!"

Some leopards shouted.

Ye Xuan was too lazy to pay attention to the fact that these great emperors will only seal 70% of the leopards and directly kill the city.

"The breath is not weak, it is stronger than the leopard who played against me at the time!"

Ye Xuan, who has the eye of perception, suddenly judged the realm of the other party.

However, when he was assassinated by a foreigner, his success rate of robbery was only 53%, and now the success rate of the robbery has increased to 80%, which means that his physical condition has improved a lot.

"there!"

Ye Xuan locked the breath of the Supreme Powerhouse and then took out a sword directly.

"Huang Tianjian, Sword Emperor!"

"call out!"

The swordsman went empty and the wind hunted.

The supreme powerhouse in the city's main house felt a powerful power approaching, and his face changed, and a flash was to avoid the blow.

However, the half-step supreme of the seal behind him was unable to escape the sword.

"Oh!"

This leopard was directly smashed into two halves.

"who?"

The Leopard Supreme drank a word and did not look at the corpse, and it flashed directly outside the house.

But the answer to him is a fierce sword.

"Puff puff!"

This Leopard Supreme began to move quickly, avoiding these swordsmanship, at this time his face was gloomy, because he had already felt the sword meaning in the sword mans.

"It turned out to be a sword, who is going to kill me?"

The leopard's supreme heart trembled.

The next moment, he saw Ye Xuan wearing a golden armor.

"Is you going to kill me?"

The Leopard Supreme sacrificed a big sword.

Now Ye Xuan is wrapped in a dragon-shaped gold armor and can't see the face, so the Leopard Supreme can't guess what race he is.

Among the orcs, there are still many races that are similar to humans, such as the fox family. Their bodies are similar to humans, but their ears are different and they have a tail.

"What have you done, you know, today, I am here to kill you!"

Ye Xuan said coldly.

He is now able to say awkwardly. He has never seen this leopard supreme before, and there is only one purpose for killing each other. That is the interest.

However, if you can say it, you can say that it doesn't cost money anyway.

"A big tone, even the supreme is not there, do you think that you can kill me by sword alone?"

The leopard is cold and supreme.

"Can you, I know before I hit it!"

Ye Xuan is no longer nonsense, and directly out of the sword.

"Huang Tianjian, Sword Emperor!"

"Half into a sword!"

At about the same time, the Leopard Supreme also shot.

"Batian!"

"boom!"

The two snipers collided with each other, and the blast hit the surrounding wall.

This first round of the bang, no one has the upper hand, but because the foot is the Supreme Land of the Leopard, he quickly swept away from the city.

The two extreme levels of combat power, a careless, enough to destroy the entire city.

Ye Xuan also did not want to be in danger, and chased it up.

At the same time, the big stone hanging in his heart was also crashing, because he saw that the Leopard Supreme did not understand the sword.

Sword meaning, not all supreme can comprehend, but the sacred leopard sacred to understand the 'Italian' supreme and quite a lot.

If the other side understands the meaning of the sword, then Ye Xuan is definitely not his opponent. Fortunately, the other party does not.

"Boom!" "Boom!" "Boom!"

The two rushed all the way, and they continued to move on the way.

At this time, Ye Xuan, Huang Tianjian has been promoted to 90% of the fire, and Huang Tianyou Longbu is also a 90% fire.

This time, he just wants to raise the Emperor's sword to 10% of the time. At that time, he will be able to kill each other.

Soon, the two came to the outside of the city.

"Kid, are you human?"

Suddenly, the Leopard Supreme asked.

Ye Xuan's brow under the dragon-shaped gold armor picked it up. I didn't expect the other party to guess it out, so I couldn't help but ask: "How did you guess it?"

"Hey, there is no race in my orc, it is like running like you." Leopard Supreme said coldly: "No matter what race you are, today, you will die here!"

"It must be you who died!"

Ye Xuan snarled loudly.

Chapter 812: Achievement supreme

Half-step supreme and true supreme, there is a fundamental difference in infuriating, but Ye Xuan relies on the blood of the sword and the half-sword, and it is a tie with the other side.

"Breakthrough, break through, as long as the emperor sword breaks through, it is time for him to die!"

Ye Xuan thought in his heart.

The blood of Jianshen has improved the sense of swordsmanship of 50%. Ye Xuan believes that in this battle, he will be able to raise the Emperor's sword to 10%.

"Boom!" "Boom!" "Boom!"

The sound continued, and the two madly slammed.

"Where did this kid come from, how have I never heard of it?" The Leopard Supreme is very surprised.

He is only a city owner, and Ye Xuan understands the meaning of the sword. Only the royal family of the sacred leopard knows, but the news has not yet been passed to him.

Half-step supreme, you have the supreme combat power, if you let Ye Xuan break through to the supreme, kill the supreme level of the same level, is it not cutting vegetables?

"Oh, in any case, kill this human genius!"

The leopard is thinking in the supreme heart.

"Huang Tianjian, Sword Emperor!"

"Batian!"

The attack between the two men hits and then dissipates.

At this point, the two have already played against hundreds of rounds, which is difficult to understand.

It is at this time.

"Oh, the proficiency of Huang Tianjian is improved. It is currently 10% hot, and the power is doubled!"

A system prompts to sound.

Ye Xuan's mouth suddenly turned slightly, now it's time for him to break out.

Huang Tianjian, finally raised to a 10% fire, now Ye Xuan's attack, can not be tied with the other side.

"Dead!"

Ye Xuan hearted a big drink and tried his best to get a sword.

"Huang Tianjian, Sword Emperor!"

A cold mangling flashed, and the attack of the Leopard Supreme was instantly smashed, and he immediately fell on him.

"puff!"

The supreme golden body of the Leopard's Supreme was broken, and a blood spurted out, and the wound was deeply visible.

If Ye Xuan does not understand the sword, this sword is estimated to only cause a small amount of damage to the other side, but after the integration of the sword, the power is much stronger.

The Leopard Supreme did not think that Ye Xuan's attack suddenly became so powerful that he was directly smashed.

Taking advantage of this opportunity, Ye Xuan swiftly swept past.

"This sword, want your life!"

Ye Xuan once again took out a sword and went straight to the throat of the Leopard.

"Do not....."

The Leopard Supreme has not stabilized his body shape. He simply cannot hide this sword, so he was cut off directly by this sword.

"Sword is really too strong, just half a sword, let me cross the huge gap to kill the supreme power!"

Ye Xuan couldn't help but swallow, and the difference between the half-step supreme and the true supreme is very big. Even if there are tens of thousands of half-step supreme and attacking the supreme strong, I am afraid that they will not be able to break the supreme gold body.

The combination of the sword's attack, but it is easy to break open the supreme gold body, it is a magical skill.

At the moment, Ye Xuan rushed to the past, and then collected the other's Qiang Kun and the body.

The body of a supreme strongman is bound to be very good. After Ye Xuan has checked it, he will swallow the useful things inside.

"The success rate of the robbery, 100%!"

Ye Xuan is overjoyed.

Only when he succeeded in the success rate of the robbery was only 80%. Now, the success rate of the robbery has increased to 100%.

What he wants to do most at this time is to find a place directly and then go to the robbery.

"Hey, just break through this mad leopard sacred!"

Ye Xuan opened his mouth and smiled. After muttering, he left the place.

There was too much movement there, and some people were disturbed, so he found a deep forest and a breakthrough.

"Hey, does the host start to rob?"

"Yes!"

After Ye Xuan answered in his mind, the surrounding world was quickly gathered on top of his head and began to condense into a robbery.

"I have a dragon gold armor on my body, 100% success rate. After the breakthrough, I want to make this mad leopard look good!"

Ye Xuan is very excited. He is half-supreme and has the strength to kill the supreme power.

If you let him break through to the supreme, the infuriating has a qualitative leap, killing the same level is like cutting vegetables.

Of course, after he has condensed the Supreme Golden Body, this Dragon Gold Armor is useless.

"The supreme robbery is about to come, countdown to three seconds!"

After hearing the tone, Ye Xuan did not think so much, and broke through to the Supreme.

"Two seconds!"

"One second!"

"boom!"

Suddenly flashed in the sky, a powerful and supreme robbery thundered down, in the middle of Ye Xuan's brain.

At the moment, this supreme robbery is the power that has been weakened by the dragon gold armor by 20%, and then broke into the body of Ye Xuan.

Ye Xuan's body is very strong, although he is somewhat painful, he can still bear it.

At this time, Ye Xuan can feel that his own internal environment has undergone earth-shaking changes. His muscles and bones, internal organs, and even the brain have a qualitative leap.

In the blink of an eye, his breath is skyrocketing several times.

"Hey, the host has succeeded in breaking through, and it's the beginning of the first!"

"Hey, start to condense the Supreme Golden Body, the current completion is 1%!"

"Hey, start to condense the Supreme Golden Body, the current completion is 2%!"

The system prompts a sound.

Ye Xuan's smile has become more and more splendid, and it has worked so long, and finally achieved supreme.

Although the great emperor of the day had survived the supreme thunder, but the Supreme Golden Body had not been condensed, so he was easily killed.

If at that time the great emperor's supreme body was condensed, then his sword might still kill the great emperor.

"Hey, start to condense the Supreme Golden Body, the current completion is 10%!"

The degree of completion is improving a little, and Ye Xuan estimates that it will take a minute to complete the condensing.

Time, a little bit past, Ye Xuan sitting cross-legged on the mountain.

However, just as he condensed the supreme golden body, suddenly a figure stepped into his sensing range.

"Well? The speed is fast, it is the supreme of the leopard family!"

Ye Xuan brows a pick.

It seems that the other party was attracted by this supreme robbery. Although Ye Xuan's supreme body has not yet been condensed, it does not matter.

Soon, there was a figure of more than two meters high that reflected the eyes of Ye Xuan.

"I didn't expect that the robbery was successful, but I don't know how to look at your body. Oh, it's a pity, you are going to die in my hands!"

The Leopard Supreme sneered and slammed a punch at the head of Ye Xuan.

"Ha ha."

Ye Xuan sat on the floor with his knees and sacrificed the sword of the wolf.

"Hey!"

The other's fist shadow was instantly opened, and the next moment, the Leopard's supreme head was thrown away.

Spike!

He originally wanted to make a fortune, but he did not expect that he was killed by others.

A sword broke his attack and broke his supreme golden body, cutting his head.

This is the sword!

When the Leopard Supreme reacted, everything was late.

Chapter 813: Break through again

The Leopard's supreme head rolled over the ground for a few laps, and the burly headless body fell down and the blood splashed.

“Is this the supreme strength?”

Ye Xuan's self-confidence suddenly burst into shed.

Now that he is in the early stages of the Supreme Supreme, this Leopard Supreme is also in the early stages of the Supreme Supreme, but he can kill each other.

After the other party's death, Ye Xuan did not move, but sat quietly.

After a while, the degree of completion finally reached 100%.

"Oh, the Supreme Golden Body is condensed!"

The system prompts.

Hearing this, Ye Xuan was slowly getting up and then stretched out.

Now, the Dragon Gold Armor is useless.

He walked over and collected the leopard's supreme ring and body.

"There are still a lot of things!"

Ye Xuan nodded with satisfaction. There are still many good things in his Qiang Kun ring. Before the special engulfing, he was able to enhance the success rate of the robbery. Now, he wants to swallow all the survival.

Breath, skyrocketing.

"Now I am the first in the Supreme, and I can not only improve the intensity of the infuriating power, but also improve the supreme body. My strength is estimated to be comparable to that of the supreme mid-term."

Ye Xuan blinked and said in his heart.

In the early days of the Supreme Supreme, it can also be called the first stage of the Supreme. In the future, when he breaks through the peak of the Supreme, he will have to rob again. At that time, the Supreme Thunder is two, and the power is stronger than the Supreme Thunder. many.

"Oh, now I have broken through to the Supreme, the sacred leopard, you are miserable!"

Ye Xuan opened his mouth and smiled. The next moment, he left behind a trace of the image, and the person had already rushed out.

The mad leopard sage is stronger than the Japanese sacred dynasty, and there are many supreme powers, so Ye Xuan's current goal is these supreme powers.

After the breakthrough, he possessed the supreme golden body, and the speed was more than twice as fast as before. Even if he met the master of the mid-term, he was not afraid.

Half a day later, he arrived at the second big city. He directly destroyed the city gate and then sneaked in.

Although the eye of perception can sense the supreme powerhouse in the city's main house, but after the breakthrough, Ye Xuan, the eye of insight can also penetrate the supreme body, and he locked the leopard supreme at a glance.

"Huang Tianjian, Sword Emperor!"

Ye Xuan plucked outside the city's main house and took it out with a sword.

"what?"

The Leopard Supreme has just reacted, and this sword mang is already looting in front of him.

"Oh!"

A skull landed.

It's a spike!

"Weak, too weak!"

Ye Xuan shook his head and rushed straight in to collect the body of the Leopard Supreme and the Qiang Kun ring, and repaired it further.

After breaking through to the Supreme, Ye Xuan's combat power has increased by at least two or three times, and it is easy to kill the same level. Although he has not played with the master of the mid-term, he also has confidence.

However, after the breakthrough, the experience value was greatly improved, so he moved again.

The sacred leopard sacred, just just knowing to sneak into the sacred **** of Ye Xuan, but also received a lot of news that the city owners were smashed, they are sending masters to encircle Ye Xuan.

However, Ye Xuan's whereabouts are erratic and it's not so easy to catch him.

He went from the wild leopard to the south, all the way to the west, then to the north, and finally to the east.

In total, the killing of the 17-year-old Leopard, who spent the last ten days, also made him rise to the peak of the first floor of the second floor, and then give him a few days to break through. Supreme mid-term.

However, when Ye Xuan had just killed the 18th Supreme and wanted to leave the city to find the next target, he suddenly had three figures and stepped into his sensory range.

"A strong and powerful atmosphere, the middle of the supreme, or three, is it the singer of the Panthers to hunt down my master?"

Ye Xuan brows a pick.

Since he broke through, he wants to fight with the mid-term people. Now, it seems that you can do so.

"How about the three supreme ones, the killing is not wrong!"

Ye Xuan did not evade, rushed out of the city directly, and then greeted him.

"Huang Tianjian, Sword Emperor!"

"Half into a sword!"

At that time, Ye Xuan was shot more than ten times, and all of them were issued to the same person.

These dozens of sniper speeds are astonishingly fast, and the unlucky one has just reacted and is being slammed.

"Boom!" "Boom!" "Boom!"

The Supreme mid-term leopard man flew out, his chest was already blown out of a big hole, the heart was smashed into a crush, and instantly died.

"what?"

The other two leopards were shocked. Is this strength of Ye Xuan too strong?

"Bold, I dare to kill the royal leopard of the royal family, and seek death!"

A leopard is shouting, but to be honest, he has some fear in his heart, because Ye Xuan has such strength.

If the three people joined forces to attack, then the chances of winning are great, but now they have died. If they join hands, he does not know whether he can do it. After all, the other side has realized the sword.

In the blink of an eye, Ye Xuan was in contact with the two leopards.

Knowing that Ye Xuan has the ability to kill them, these two Leopards are not afraid to have the slightest intention, because if they are careless, they may be killed by Ye Xuan.

"Booming!"

The sound of the battle was even louder than the thunder. Ye Xuan faced the siege of the two leopards, and did not show any worried look.

"Let me see the attack strength of your supreme mid-term!"

Ye Xuan's flash of light flashed directly to the claws of one person.

"boom!"

Claw Shadow broke his Supreme Golden Body three times, but in the next moment, these three holes began to repair.

Life **** tree blood!

"What? This is impossible!"

A leopard man exclaimed.

The Supreme Golden Body is indeed powerful, but it is extremely difficult to repair. It is impossible to recover by itself without using Tianbao Dibao or healing medicinal herbs.

However, the Leopard Supreme saw that Ye Xuan's wounds had recovered as before. If it weren't for the blood that flowed out, I would doubt that I had not broken Ye Xuan's supreme body.

"Haha, the blood of the **** of life, and even the supreme golden body can be repaired!"

Ye Xuan laughed three times and shot lightning when the other side was shocked.

"Boom!" "Boom!" "Boom!"

A chain of cold mans flashed, and another leopard supreme was killed by Ye Xuan.

Now, the last Leopard is supreme, and there is no war at all.

"Want to go?"

Ye Xuan was so cold that he plunged directly to a corpse and accepted it.

"Hey, the host breaks through, and it's the middle of the moment!"

breakthrough!

Supreme mid-term!

Chapter 814: Emperor's change

"dead!"

The promotion of the realm made Ye Xuan's strength soaring a lot. He looked at the leopard who was running, and he took out a sword.

"call out!"

The speed of the sniper is faster. In the blink of an eye, it is the throat that the leopard is supreme.

The Leopard's supreme body fell to the ground, and the head flew hundreds of meters away.

The battle was only three seconds, but Ye Xuan killed three of the Leopard Supreme in the mid-term.

This strength is enough to call the royal family of the Panthers.

"It's only half a sword, but it gives me the power to kill me."

Ye Xuan lamented that he had collected two other Qiankun Rings and corpses.

If the corpses of these leopards are sent back, the Emperor of Japan will be scared to death, just do not know how many dragons can be exchanged for these Leopard's supreme bodies.

The emperor's body in the emperor's scorpion is to enhance the supreme golden body by absorbing the dragon's dragon movement. If there is a lot of dragons, the supreme mid-term Ye Xuan, the supreme golden body may be able to compete with the supreme golden body of the supreme peak. Than this way, it is definitely appropriate to cross the robbery.

"It is said that the sacred leopards of the sacred emperor have two sacred sacred sects, or do not provoke them, go back and raise the realm of avatars."

Ye Xuan gave up the idea of going to the Emperor of the Panthers and then went to the border.

Before he broke the border, the Japanese Yan army also sent troops to the border, but unfortunately was taken back by the mad leopard.

Now Ye Xuan has broken through to the Supreme, so he can't get away from that side, at least, can't kill.

The sacred alliance is secretive and powerful. Ye Xuan is also not sure if the other party will have any mysterious means to see him kill.

"Stand up, who are you?"

When Ye Xuan returned to the Leopard, some people stopped him.

"Open the gate, I want to go!"

Ye Xuan is also nonsense, directly emitting momentum.

"To, supreme!"

The mad leopard general was shocked and suddenly responded. This person should be the mysterious powerhouse of the maddening leopard.

Unexpectedly, he actually came to the border.

"Open the door, otherwise you, these 200,000 wild leopards, must become the soul of my sword!"

Ye Xuan said coldly.

"If you dare to do it, there will be a master of the sacred alliance to clean you up!"

The general of the mad leopard army, the voice is a little trembling, he is only a half step of the body of the seal, only in front of the true supreme, is a cockroach ant, Ye Xuan can kill him with a finger.

"If this is the case, then I will go back and kill all your cities!" Ye Xuan said coldly. When he finished, he turned directly and was ready to leave.

"Wait... wait a minute..."

The general of the leopard called Ye Xuan.

Soon, Ye Xuan passed the border, although he said that the other is the general of the sacred leopard, but he still compromised when he thought of Ye Xuan's fierce name.

After the release of Ye Xuan, his heart is also very embarrassing. If this is known to the royal family of the Panthers, he will probably be executed.

.....

After the customs clearance, Ye Xuan was quickly returning to the border of the Sun Dynasty.

"Open the door, I am back!"

Ye Xuan stood in front of the city gate and shouted.

A defending general came out and looked up, and immediately told the people to open the gate.

"General Ye, you are finally back."

General Shoucheng said that his current idol is Ye Xuan. After all, Ye Xuan once broke the other side's border and killed 100,000 mad leopards. It is simply a military god.

"What about the Hawkeye predecessors?"

Ye Xuan asked, he did not sense that the beam is dedicated to the atmosphere of the three people. Is it difficult to go back first?

Upon hearing this question, the defending general changed his face and said: "There have been great changes in the emperor. Some people have shouted back to the three offerings. Moreover, you must also go back to the generals, you must not go back!"

"What a huge change?"

Ye Xuan's heart trembled and asked quickly.

"Listen, I heard that there are a lot of supreme powers, and they have killed the emperor..." Shoucheng General replied.

Supreme strong, a lot?

Ye Xuan's brow is a pick, is it the supreme master of the aliens lurking in the Sun Dynasty?

"I know!"

Ye Xuan silently nodded, although he was never allowed to go back, but he could not sit and watch. After all, he is now the first-class offering of the Japanese royal family. If it were not the rewards of the Emperor Yan, how could he break through so quickly? Extreme?

"General Ye, you..."

The defending general has not finished, Ye Xuan has disappeared in the same place, it is already the DPRK.

However, one day, he arrived directly in the scope of the Imperial Capital, but he was not close, but felt a strong breath.

"A lot of supreme, the original aliens wanted to slowly penetrate the Sun Dynasty, and then control, but did not expect to be disrupted by the plan, now want to take advantage?"

Ye Xuan heart trembled.

At this time, there are more than fifteen extremes outside the Imperial Capital, and half of them are the highest peaks, and three more strong, I am afraid that they are the two.

"Tough, there are two sins."

Ye Xuan's heart trembled and hurriedly converge.

The Imperial Palace is over the sky.

"Old guy, are you thinking about it? To surrender to my snake charm, or to choose to perish?"

A master of the snake charm asked aloud.

The prototype of the snake charm is somewhat ugly, the whole body is green stripes, and the eyes are very strange, and the tongue is also a snake letter, which can definitely scare the child.

However, no one can manage this now, and it is the moment when the Sun Yansheng is alive and dead.

At this time, a group of supreme strongmen flew out in the palace. Although there were more than 20 in number, the atmosphere was weaker than the fifteen people of different ethnic groups.

"I am a Japanese dynasty, I would rather die than succumb to aliens!"

A human old man shouted. He was the Emperor of the Sun Dynasty, and the only one in the Sun Dynasty was the Supreme Lord. However, it was only the beginning of the Supreme Second.

"You are the old guy who knows the sword in the Japanese royal family? Well, if that is the case, then I will destroy your Japanese royal family!"

The old man of the snake charm nodded, and then the group of masters behind him just got together.

A big battle is about to break out.

"Now is the moment of my life and death, and please let me run the dragon!"

Nikko was too popular to go to the emperor.

At the moment, the more than 20 Supreme Powers behind him are not nonsense, and they have run the dragons in the body.

He is afraid that it is too late to refine the Longyun, so he can only use the Dragon to fight, and the other side has three Supreme Second, so he has to stop.

"Don't let them succeed, go up!"

The old man of the snake charm family has spent a lifetime, leading the fourteen people to kill the past.

There are only two races in the Alien Supreme of the Imperial Sun Dynasty. One is a snake charm and the other is a leopard.

However, they are bound to win the Sun Dynasty.

Chapter 815: All in all!

"Booming!"

In the blink of an eye, these more than thirty figures are beginning to fight.

If it is really better than the next, the strength of the Japanese royal family camp is weaker than the other side, but fortunately, the emperor of the emperor has learned the sword, and it has also changed to a sword, and he has blocked three masters of the same level.

Seeing the beginning of the war, Ye Xuan could not look at it and join the battle directly.

However, he did not fly into the air, but ran on the land.

"Huang Tianjian, Sword Emperor!"

Ye Xuan is extremely fast on land, and can compare with the master of the highest peak, and his attack is even more horrible, and several swords can kill a master of the mid-term.

However, the aliens also have mastered the sword and other masters, so there are many casualties on the royal side.

"Hey!" "Hey!" "Hey!"

A sniper smashed away, Ye Xuan looking for those who are sure to kill, first reduce the pressure of the royal master.

His appearance is also in the eyes of many people.

"This kid, how come back, but also broke through to the middle of the supreme?"

Tai Shang Huang recognized Ye Xuan.

It was only over a month, and Ye Xuan actually broke through the half-step to the middle of the supreme, this qualification is simply enchanting.

Not only did the Emperor recognize it, but even the aliens recognized it.

"It's the kid, I'm going to kneel down!"

A snake Meizu master noticed Ye Xuan and immediately swooped down.

"not good!"

The face of Taishang's face changed.

But the next moment, he just heard Ye Xuan shouted: "Good!"

At that time, Ye Xuan is playing against the master of the Supreme Peak. The latter is not weak and can fight Ye Xuan.

At this time.

"Old guy, one-on-three, you still dare to be distracted?" Snake Meizu's second robbery sneer, a punch.

"boom!"

The Emperor Taishang was bombarded, but the Emperor's Emperor's Emperor's body was extremely high, and the Supreme Golden Body was super strong. This boxing only caused him a skin injury.

"A holy emperor is really powerful, but today you are still going to die!" The snake Meizu old man drank.

The snake charm is relatively strong, and he has no way to get a lot of dragons in this strength, so he started the idea of a low-level holy dynasty.

In doing so, it can not only expand the layout of the snake charm, but also get a lot of dragons.

"The old man swears to guard the sun and die!"

Emperor Taihang drink, and throw a sword at the snake Meizu old man.

The power of this sword is ten times more powerful than that of Ye Xuan's attack. After all, he is the second to rob the Supreme, and he also understands the sword.

Even the same level of the snake Meizu old man will be seriously injured by this attack.

It is a pity that at this time the Emperor is in a pair of three.

However, Ye Xuan is very powerful. When the Emperor Taishang and the snake charmer talked, he directly attacked his opponent with a sword.

"Go to death!"

Ye Xuan swiftly swept past and smashed out.

"Oh!"

The strongest of the supreme peak, the head flew up, although he persisted for a while, but could not escape.

However, let Ye Xuan's surprise is still behind.

After killing the snake Meizu master of the supreme peak, he suddenly heard a tone.

"Oh, half-swords become a sword!"

The system prompts the sound, so that Ye Xuan is trembled.

Sword, even broke through?

Only half of the sword, he can kill the master of the peak of the supreme, and now the sword is raised to 10%, can not fight with the two robbers supreme?

At the moment, he is taking the singularity of the singularity, devour the good things inside, and improve his strength.

The next moment, he is directly killing the sky.

"Go to death!"

Ye Xuan launched an attack against a two-robbery supreme, containing a sword-like attack, which can definitely threaten the two robberies.

"What, a sword?"

The aliens were shocked.

The snake charm old man also widened his eyes, hurriedly punched a punch, and put Ye Xuan's this block.

Fortunately, he realized that he was half-finished, otherwise he would have to recruit.

"This son, definitely can't stay!"

The snake charm old man is cold and cold.

However, this is too strong for the Emperor, and it is more than enough for an enemy. At the same time, the Supreme Golden Body is extremely powerful, and the three big two sects of the aliens may not be able to kill him.

If you let the emperor drag on them, then Ye Xuan quickly clean up other aliens, then they will lose.

"go!"

The snake charm old man has a big drink, can't fight any more, otherwise they are dead.

"I am in the Sun Dynasty, in fact, if you want to come, you want to go and leave?"

Emperor Shangda, drink: "Catch!"

There are Ye Xuan, they can't lose this time.

After seeing the gap between the two and the second slain, Ye Xuan turned directly and killed other supremes.

The snake charm old man's face is gloomy, it seems that this time they have suffered heavy losses.

A group of people fled, a group of people chased.

When chasing the imperial capital, there are only three people left in the group of aliens, that is, the three two sacred supreme.

Twelve of the fallen, nine people died in the hands of Ye Xuan, let Ye Xuan harvest Shuofeng.

"Mix things, you remember me!"

The snake charm old man sipped and ran away without looking back.

"Don't chase!"

The Emperor Taishou stopped everyone, because he knew that he could not catch up with the three sins.

After all, among the three aliens, there are two madmen, and they run very fast, even he can't catch up.

Then, they quickly reported the casualties and killed a total of seven Supreme, including three royals.

This time, if Ye Xuan does not appear in time, the death and injury can be much heavier.

"Ye Xuan, the old man is thankful here!" Tai Shang Huang directly held a fist against Ye Xuan.

"Predecessors don't have to be like this, I am also a royal family."

Ye Xuan replied.

Take people's money and fight for disasters.

Since he has received those who are enshrined in Lulu, then he has to contribute to the royal family. This festival is still there.

"Let's go back and talk!"

When the Emperor Taishang finished, it was a spurt of blood. Although his supreme golden body was powerful, he was also attacked several times by the snake charm old man with a boxing attack. The body was extremely disordered.

The Supreme Golden Body is difficult to repair, so he has to heal immediately.

The people quickly returned to the palace and began to heal themselves, while Ye Xuan was protecting them.

Before that, he and the Supreme Peak had a lot of tricks. He was actually bombed several times, but the Tree of Life was quickly treated, so he was still at its peak.

Soon, the supreme power of these royal families stabilized the injury, and then they left to heal, even the Emperor.

And that battle, the emperor of the Sunshine Sage did not participate, he immediately found Ye Xuan.

"Ye Xuan, this time you did a good job, my royal family owes you a favor."

The Emperor Yanyan thanked the Tao.

Chapter 816: Fake emperor

"This is my part!"

Ye Xuanyi opened his mouth and smiled. Then he handed a piece of Qiang Kun to the past and said: "The emperor, this is the spoils of my trip. I don't know how many dragons can I exchange?"

Emperor Yanyan took a look at the Qiankun ring, his face changed greatly, and looked at Ye Xuan with a weird look.

The body of more than 100,000 leopards in this Qiankun ring is nothing, the focus is that there are so many supreme bodies.

However, the Emperor Yanyan thought that Ye Xuan was only killed by the aliens of the supreme peak. This is nothing.

"Very good, I will give you all the money for the Dragon, but it will take a day, and you will come back to me tomorrow." Emperor Yanyan said.

"it is good!"

Ye Xuan's eyes lit up and left directly.

Long Yun, can be refining and revitalizing by Emperor Tian, and promote the supreme gold body.

I don't know how many dragons can be exchanged for this. He thinks about some small expectations.

After World War I today, the Japanese Imperial Family estimated that the other party should not come back so soon, but they did not dare to relax, and hurriedly used special methods to recruit those supreme powers from all over the country.

The next day, Ye Xuan went to find the Emperor of Japan, and he couldn't wait to upgrade the Supreme Golden Body.

"In this token, you are the dragon transport you get. In addition, there are three Emperor Jindan here. When you refine the Longyun, you can speed up the refining and speeding."

Emperor Yanyan handed Ye Xuan a token and a box.

Ye Xuan took the token and directly absorbed the huge dragon transport on the token into the body.

Before he refining and then a little luck, it took half a month. Now, with such a huge dragon, he estimates that it has been refining for a while.

Fortunately, there is this Emperor Jindan.

"Thank you for the emperor!"

Ye Xuan hurriedly thanked.

"Well, those aliens are likely to come at any time, you have to go to the refining and promoting Longyun." Emperor Yanyan said.

"Yes!"

Ye Xuan nodded and immediately left.

However, after he left, the Emperor of Japan was looking at the back of his departure, revealing a strange smile.

.....

After leaving, Ye Xuan quickly returned to his own lakeside building, and then closed the door.

Now he has a huge dragonship. If he is fully refining, he can greatly enhance his supreme body and improve his viability.

"Can you improve the Huangtian Jindan of the refining and chemical dragon transport..."

Ye Xuan took out a Huangtian Jindan and swallowed it.

Refining and chemical dragon transport takes time. This Huangtian Jindan can increase the speed of refining, but it is a good thing.

However, when this one of the Emperor Jindan entered the abdomen, Ye Xuan's brow could not help but pick.

Because, he heard a system sound.

"Hey, the host has been poisoned and started detoxification!"

what?

Poisoning?

Ye Xuan was shocked.

This Huangtian Jindan, turned out to be poison?

"Dream Dan, what is this medicine?" After seeing the poison effect listed in the system, Ye Xuan couldn't help but tremble.

This sorcerer is a kind of medicinal medicine that controls people. After taking it, it will be controlled and obeyed by something, such as golden bells, etc., becoming a skeleton.

Fortunately, there are some ingredients in the soul of the soul, Ye Xuan is immune, and the lack of those ingredients of the soul of the soul Dan is only a common poison for him.

Otherwise, if the full power of the spirit is spread, he will be recruited.

"Damn, this emperor wants to control me?"

Ye Xuan suddenly reacted.

However, the next moment he felt that something was wrong, the emperor gave him the feeling that it was not the same as it was a month ago.

Moreover, if the other party understands the sword meaning because he is half-step, and wants to control him, why not start early?

So, the emperor, I am afraid it is fake!

Snake charm family!

"Damn, during the time I left, the emperor was secretly killed. Now the emperor is disguised as a master of the snake charm?"

Ye Xuan cleared his thoughts.

at this time.

"Hey!"

Suddenly, a crisp sound fell into Ye Xuan's ear.

"Sure enough, I thought I had swallowed the drug and wanted to control it?"

Ye Xuan's light flashed. He had already sensed a person and landed in a pavilion outside the lake's small building.

Just the ringtone, I am afraid to control his voice.

"Although the poison has not been solved, but it has no effect on me, let me expose you guys!"

Ye Xuan's eyes slammed and went out.

Sure enough, in the pavilion outside, there is already a figure, it is the Emperor of Japan, wearing a golden robe.

"Hey, young man, you are still too naive."

Emperor Yanyan opened his mouth and smiled and continued to shake the silver bell in his hand.

Ye Xuan slowly walked over, and the other party already thought that he had recruited, so there was no defense.

However, even if there is defense, it is not Ye Xuan's opponent, because he only has the supreme early.

"Let me uncover your fake face!"

Ye Xuan gave a low drink and suddenly gave a spear sword to the Emperor of Japan.

The cold mangling flashed, and the Emperor of the Sunshine did not react. The wrist that held the silver bell was cut off and the blood was sprayed out.

"what?"

Emperor Yanyan's eyes widened and he did not understand why Ye Xuan suddenly shot.

This ringtone, only the people who ate the soul of the soul can hear, Ye Xuan looked out of the face, is it because it is controlled?

"I didn't expect even the emperor to be attacked by your poisonous hands. Is it true that the emperor is dead or alive?" Ye Xuan quickly swept to the other side and asked coldly.

Now, this snake charmed as an emperor can be sure that Ye Xuan has no tricks, but he does not understand how he is exposed, because there will be no obvious phenomenon after the reincarnation of the soul.

"How did you find out?"

The fake emperor widened his eyes.

"You don't need to know this, I only ask you, where is the real emperor?"

Ye Xuan directly squatted in the neck of the fake emperor, but the other side was only the beginning of the Supreme, and the realm was weaker than him. Even if he used his hand to represent the sword, he could easily drop the other's head.

"Hey, the real emperor is dead, I advise you, it is best to put me down, otherwise..." The fake emperor said coldly.

At this point, his broken hand has changed, and it really is the hand of the snake charm.

"What else?"

Ye Xuan squinted.

This fake emperor, is there any card?

"Otherwise, your friends and relatives who are in the generals, I can't guarantee their safety!" The false emperor's mouth suddenly tilted up and said faintly.

After hearing this sentence, Ye Xuan's body trembled and said: "Why do you know?"

"You don't need to know this. Anyway, I have sent people to the generals, and I am going to take all of your loved ones and friends back. If you know each other, you will take the next shot and work for my snake Meizu!"

The fake emperor said directly.

Chapter 817: crisis

Ye Xuan's face was already sinking to the bottom of the valley. He did not expect that the fake emperor would know the general's embarrassing situation. This is troublesome. His relatives and friends can all be in the generals.

At the moment, he just took the fake emperor into the house and began to control the avatar.

At this time, Ye Xuan, who was in the general's army, suddenly opened his eyes.

His face was gloomy and rushed directly to the corners of the generals and began to call people.

Ye Chong is riding against the wolf teeth. Seeing Ye Xuan walked quickly, he asked strangely: "Ye Xuan, what are you doing so urgently?"

"Father, there are strong enemies coming, go to the main hall to gather!"

After Ye Xuan's avatar was finished, he quickly left to inform other people.

The general's defense is good, but the aliens must be the supreme. This general can't stop it, although there is another exit, but the other party is supreme, and it is not a problem to find them out.

"what?"

Ye Chong stunned, but Ye Chong had disappeared. He did not dare to neglect and hurriedly informed other people to go to the main entrance.

Soon, Ye Xuan informed everyone, one does not fall.

Then he left by the secret road of the army.

When they were on the front foot, the generals were attacked and the Supreme Strongman shot.

Several of the Supreme smashed the general's door and rushed in, then quickly found it, but found no one.

"How did they know, find!"

A snake charms the supreme and shouts.

In order to arrest Ye Xuan's relatives, they dispatched three supremes, one of which was the middle of the supreme.

You must know that after Ye Xuan learned of the crisis of the Imperial Capital, he rushed over without stopping. Although he caught up, he has not yet integrated himself with his own.

Therefore, his avatar is still only 10% of the body, and only half of the sword.

This kind of strength is enough to deal with a supreme one, but the other party has a supreme mid-term, and if you don't leave, you will definitely be left behind.

Although he left after the generals, Ye Xuan did not let them unearth, but they went up to investigate.

Because he knows that this time I am afraid to sacrifice my own avatar, use my own avatar to attract each other's goals.

Supreme sensory ability is very strong, Ye Xuan has just left the ground, the breath is captured by the other side.

"Come on!"

Ye Xuan's eyes squinted and pulled a sword directly at the front.

"Huang Tianjian, Sword Emperor!"

"Half into a sword!"

Since it has not yet been combined with the deity, the avatar is only half-sword.

"Ok?"

The three supreme brows picked one, and then, Ye Xuan's attack was the leader of the snake charm.

"Good guy, it's a half-step supreme to understand the good seedlings of the sword!"

The snake charm supremely sneered, and when he approached, he discovered that Ye Xuan was familiar with some of them. He took out a portrait and saw that it was Ye Xuan.

"How could it be this kid, is he not at the border?" A leopard man couldn't help but say.

"No, it's just the same. He should be the twin brother of the kid, grab him and let him eat the demon!"

The snake charm Supreme said, directly rushing to the side of Ye Xuan at the speed of thunder, and then slap on the shoulder of Ye Xuan.

Although Ye Xuan wanted to escape, his relatives and friends were at his feet, and he said that he could not escape.

"Who are you? If you dare to move me, my brother will not spare you!" Ye Xuan's avatar.

"Sure enough, that kid's twin brother, I didn't expect both brothers to understand the sword in a half step. It's really good."

The snake charm supreme directly took out a demon soul Dan, forcing Ye Xuan to swallow, but Ye Xuan has the blood of the life **** tree, immune to the soul.

"Hey!"

The snake charm supreme took out a silver bell and shook it, but Ye Xuan did not react.

"Strange, the soul of the soul is useless to this kid."

A leopard man said with amazement.

"Oh, although I don't know why, but this kid is not even the supreme, just ask the sorcerer of the fox family to charm it."

The snake charm supreme said, directly forced to leave with Ye Xuan.

Their purpose is to catch Ye Xuan's relatives to come to Ye Xuan, but unexpectedly met a genius brother of Ye Xuan.

At this time, in the emperor.

"Damn, the avatar was taken away!"

Ye Xuan screamed in his heart and turned to ask: "Do you want to use my loved ones to marry me?"

"Oh, as long as you are obeying my snake charm, your loved ones will be safe." The fake emperor opened his mouth and smiled.

He did not know that the three supremes only took away Ye Xuan's younger brother, and did not know that Ye Xuan's relatives and friends had crossed the death desert and returned to the East.

As for the great wilderness, there is also the strange array of the mysterious and powerful celestial beings, so the green fire and others can only go to the east continent from the sea.

In short, they have escaped.

After hearing the words of the fake emperor, the deity of Ye Xuan also said coldly: "If this is the case, you will die!"

"Oh!"

In a crisp sound, the head of the fake emperor was directly cut off by Ye Xuan. Then, Ye Xuan took his body and then went to the Emperor.

When Taishang Huang learned that his son had died, the whole person was also stunned and then sighed again and again.

Ye Xuan is also hesitant, because the crisis of the Japanese royal family has not passed, and the three big lords do not know whether they will come.

However, his avatar was taken away, and it seems that he still has to leave the Sun Dynasty, he must be saved.

Now Ye Xuan has only a little advanced point, and he needs four advanced points to condense the second avatar. And if there are five advanced points, why should he condense the third avatar?

It is better to point directly to the strength of the fit, and the five-point advancement can improve the strength of the fit after 50%.

So this avatar, definitely can't die!

"Ye Xuan, let's go, my Japanese fire royal family has a long-lasting day of fire, even if they come back, they can withstand it." Tai Shang Huang said to Ye Xuan.

In this case, Ye Xuan is not ruthless, and his own avatar must be saved.

At the moment, he left the emperor directly.

The deity and the avatar can share the vision, and everything he sees is known to him, so he knows the departure route of the other party.

But what he didn't expect was that the three supremes on the way suddenly stunned his avatar, and as a result, he lost his whereabouts.

"My day, this is terrible. Where do they want to leave the Sunshine?"

Ye Xuan couldn't help but roar.

The sacred pilgrimage of the Humei people is a long way from the Sun Dynasty, so he does not think that the other party will catch his avatar to the fox sacred dynasty.

Therefore, there must be a master of the Humei people in the Sun Dynasty, the fox adult should want to hand him over to other fox masters, and then control.

Chapter 818: Fox

Now Ye Xuan is also understanding why he is so important, because true geniuses are comprehending the sword in the half step, and if such a genius breaks through to the supreme, the sword will be promoted faster than others, so these The aliens want to control Ye Xuan and cultivate a great superpower in the future.

"There are many holy pilgrimages around the Sun Dynasty, the Great Yuan Dynasty, the Flames, the Panthers..."

Ye Xuan took out a map and looked at it. He said in his heart: "Is it true that the three people want to pass the No. 1 **** and then go to the Tianbo Holy Dynasty?"

The Tianbo Holy Dynacle is the other end of the Heilongjiang No. 1 Heavenly Prison, and its strength is similar to that of the Sunshine.

Ye Xuan is so speculative because the direction of the three Supreme Heads is an entrance to No.1 Hell.

"Dead horse is a live horse doctor, I hope you don't leave too far!"

Ye Xuan said in a heart, it is to go to the No. 1 hell.

The first day of the **** is a middle-and-high-level half-step supreme battle, but this place is too low for him.

The reason why his avatar was stunned was because he said too many words and made the three aliens feel annoyed.

It is a pity that his avatar did not set out three alien destinations.

Fortunately, one day later, his avatar woke up and saw that the red color on the top of the three supreme heads was clear that his guess was half right.

The other party, indeed, wants to leave the Sunshine Holy Era through Heaven, but the specific number of Heaven is not known.

"Predecessors, where are we going?" Ye Xuan was put in the hands of the snake charm, and said in a tone of tone.

"Hey, is it good now?"

The snake charm is cold and screaming: "You will know right away!"

Ye Xuan's avatar was picked up, and he immediately knew it. Could it be that the sorcerer's supreme power is in this hell?

"Predecessors, are we in a few days of hell?"

Ye Xuan hurriedly asked, at the same time, he also found that at this time the snake charms a person here, the other two leopards are gone.

"No. 1!"

After the snake charm Supreme finished, it was with Ye Xuan falling in a deep mountain, then he was a big drink: "Human!"

"come in!"

There was a woman's voice inside.

Then, the snake charm supreme is with Ye Xuan, and finally stopped in front of a log cabin.

Standing in front of the wooden house, Ye Xuan stared at it and found that it was a female supreme with a human body shape but a fox family with a fox ear and tail. The age did not seem to be large, under the age of thirty.

The fox family is one of the most ethnic groups of all orcs, not one.

At the same time, their tribes are beautiful and beautiful, and the Humei Supreme is a peerless beauty, which is enough to make any man crazy.

"what's up?"

The Humei Supreme turned and asked.

"Fox adult, I caught a potential human here, but also invited the fox to show charm, let him recognize me as the main!" said the snake charm.

"Oh? Humans with potential?"

Fox Mei Supreme eyes stunned, she felt that Ye Xuan is only half-step supreme, how can such a person be seen?

"Does this human being comprehend the semi-intentional sword?" said Fox Mei Supreme.

The snake charm is trembled and nodded. "Yes, Fox, he understood the sword. As long as the fox is willing to help, the advantage is absolute..."

"Let's go, this human being, I want it."

Fox Mei Supreme does not wait for him to finish, it is the opening.

Upon hearing this, the snake charmed the body shape and trembled, and asked: "I am afraid that this is not appropriate?"

"Give you three time, don't go, just die." Fox Mei Supreme cold and cold.

"you....."

The snake charms are supreme, and they are hard to find a human genius. If they want to control, they are robbed by the supreme of the Humei people.

He is only in the midst of the Supreme Supreme, and this singer is the second slain, he has no power to fight back.

At the moment, the snake charm is to turn around and go, at the same time, the heart is also thinking about going to contact the master of the snake charm.

Looking at the snake charm supreme, Ye Xuan's face is gloomy, at this time he feels like a cargo.

After the snake charms departed, Foxe Supreme also walked to the front of Ye Xuan, and then both hands were directly pressed on the head of Ye Xuan.

"look into my eyes....."

Suddenly, the sinister scorpion suddenly changed, and it turned into pink. At the same time, there was a strange energy entering from Ye Xuan's eyes.

"Damn!"

Ye Xuan screamed in his heart.

Humei people are born with the ability to charm, can control other races, and Ye Xuan's realm is far worse than the other side, and may be controlled.

If it is really enchanted, Ye Xuan does not know whether this avatar still listens to his orders.

Fortunately, the phagocytic system is still very bullish, and this charm is not successful for him.

"How is it possible, why is it not successful?" Fox Mei Supreme was shocked.

Ye Xuan's avatar no longer spoke, for fear of angering the other person in a sentence, and then smashed him.

Fox Mei Supreme does not believe, tried again, still no success.

"Damn, what is your child's ability to resist, and I have resisted my charm?"

"How do I know?" Ye Xuan said coldly.

Fox Mei Supreme is too lazy to pay attention to Ye Xuan, thinking in his heart, muttered: "It seems that you can only give you to the old guy."

This situation is also the first time, but she did not find anything strange about Ye Xuan, so she can only choose to give up.

"Old guy? Grandma's!"

Ye Xuan's body and mind roared. At this time, his deity had just entered No. 1 Hell, and he was searching for a carpet.

At this time, Ye Xuan suddenly took out a map and said: "Dare to ask the seniors, where are we now?"

Unexpectedly, Humei Supreme did not speak, and a direct slap in the cover of his heavenly spirit, whispered: "More nonsense!"

Originally, she thought that she could get a half-step supreme to understand the human genius of the sword, but did not expect that she could not be charmed, so she could only hand it over to other strong Humei masters.

Ye Xuan is also drunk, and his fainting is once again fainting, which means he has lost his goal.

It seems that only the snake charm can be found, kneel down and ask for position.

"I hope not to leave the No. 1 hell!"

Ye Xuan's deity thought.

Now that he was stunned and stunned, he couldn't know where the deep mountain of the fox sage was, but he could combine the time he was hijacked with his avatar and the speed of the snake.

In the phagocytic system, a map of No. 1 Hell is already transcribed. Based on the two data, he starts to search.

Or, stay tuned!

Chapter 819: Fox sacred

The snake charm supreme was driven away, and he must have great resentment in his heart. As long as Ye Xuan is at the entrance of the No. 1 Heaven, he can meet each other.

Of course, it may not be possible, because the other party may leave from other entrances, or may go to other places to find the same people.

Ye Xuan decided to wait a day.

A little bit past, Ye Xuan did not sense any supreme power.

"True tragedy, it seems that my plan is paralyzed!"

Ye Xuan roared.

He waited for a long time, if the snake charm is really going to leave from this entrance, then it should be right, but he did not sense any supreme.

However, just as Ye Xuan was preparing for a carpet search, there was a strong breath that stepped into his sensing range.

"coming!"

Ye Xuan has a trembling shape.

The eye of perception is a super radar, and even the movements of the other party can be sensed.

This person is the snake charm supreme!

"You really came, look for death!"

At the moment, Ye Xuan is killing the past. He does not say anything, and raising his hand directly is a sword.

"Huang Tianjian, Sword Emperor!"

"One sword!"

This sniper smashed away, and the speed is beyond the snake Meizu master who is only the middle of the supreme.

"Oh!"

A crisp sound spread, and the snake charmed one arm was cut off.

"what?"

The snake charm supremely widened his eyes. He was the supreme mid-term. In this hell, he was invincible. However, he was knocked off his arm. The other party, not the supreme, was comprehended the sword.

"Who?"

The snake charm supreme looked at it, and saw a figure that rushed toward him.

Ye Xuan!

"What is this kid?" The head of the snake charm supreme did not respond, thinking that Ye Xuan was the one he had just caught.

But the next moment, he just remembered that it was only a 10% seal, but only realized half-sword.

The Ye Xuan in front of him is exactly the same as the face, but the breath is even stronger than him. The most important thing is that this is a sword.

When he reacted, Ye Xuan was already stepping on the Huangtian Tour.

In the face of such a powerful opponent, the snake charm is already desperate.

"Give you a time to rest, where is my brother?" said Ye Xuan's deity.

The snake charm is stunned, and I think how Ye Xuan learned about this matter. He and Ye Xuan are hostile races, and naturally they will not tell Ye Xuan so easily.

However, he remembered the gas he had received before, so he decided to tell Ye Xuan.

"I told you, would you spare me a life?" asked the snake charm, and then asked.

"It's gone!"

Ye Xuan answered coldly.

The enchanting spirit of the snake charm trembled and hurriedly said: "I have the mark on the map in my ring!"

Ye Xuan heard the words, quickly took off his Qiang Kun ring, and then quickly found it, and sure enough, there is a map on the label, this should be the location of the Fox Mei Supreme.

"If the place is right, I will spare you a life!"

Ye Xuan took the broken arm of the other party and then took a slap on the other's shoulder and forced to leave.

This snake charm is a super strong enemy for his avatar, but for his deity, it is an ant.

Although the snake charm is very heart-warming, he wants to see Ye Xuan and the fox sage supreme to fight your life and death scene.

Ye Xuan is very fast, much faster than the snake charm, and he arrived on the body in less than half a day.

"Damn, people are gone!"

When Ye Xuan arrived, he was roaring. His eyes of perception did not respond. There was no one in this mountain.

"Where did they go?"

Ye Xuan hurriedly asked.

"I, I don't know, after the fox man drove me away, I left." The snake charm supreme shook his head immediately.

If he helps Ye Xuan find a avatar, Ye Xuan may spare him, but now the Humei Supreme has left, he may be directly killed by Ye Xuan.

"Say, where is she going?"

Ye Xuan asked.

"I really do not know!"

The snake charm is still the answer.

Ye Xuan looked into his eyes and said: "Assume that the fox in your mouth can't charm my brother, where will she go?"

"Can't charm?" The snake charm is awkward, why can't it be charmed?

That fox adult, but the second robbery of the supreme, how can even a half-step supreme can not charm?

However, Ye Xuan asked this question, he can only follow the meaning of Ye Xuan.

"Look for a stronger!"

The snake charm supreme subconsciously said: "If she can't, she will definitely go to find other people. As far as I know, there is only one Humei strongman in the Sun Dynasty. She must have gone back to the Fox Fairy!"

"Foxe Holy Dynasty?"

Ye Xuan's eyes glimpsed, and this snake charm supremely said that there is some truth.

Half-step supreme has realized the genius of the sword, this is a hot commodity, if it is cultivated, it is a super-power.

The fox adult can't charm himself, maybe she will dedicate it to other people. She is only the first of the Supreme Second, and Ye Xuan can fight with one.

However, after she gave the avatar to other people, then Ye Xuan was tragedy.

What if the master is still unable to charm and kill his avatar in a rage?

"Damn, you can only go to the Fox Fairy to see if you can intercept it!"

Ye Xuan did not dare to neglect, and continued to carry the snake charm to the road.

If you want to go to the fox sacred dynasty, you have to go from the Tianbo sacred, so Ye Xuan wants to go directly to the site of the Tianbo sacred.

No. 1 Hell, connected to the Sun Dynasty and the Tianbo Holy, so Ye Xuan can go directly from the enemy's entrance.

The Tianbo sect did indeed have the supreme power to sit in the town, but Ye Xuan couldn't manage that much. Although he did not have a customs clearance order, he opened the entrance directly with his realm.

"When the Tianbo Holy dynasty and the Fox Meisheng are adjacent, how can we go to the Fox Fairy?"

After coming to the Tianbo Holy Dynasties, Ye Xuan said to the snake charm supreme.

"The fox sacred dynasty is an intermediate sacred dynasty, so the Tianbo sacred dynasty will not be an opponent at all.

The snake charms replied.

"Is it....."

At the moment, Ye Xuan continues to hurry.

The fox sacred dynasty is an intermediate sacred dynasty. Its strength is ten times stronger than that of the Japanese sacred dynasty, so there are so many supreme insiders.

When Ye Xuan crossed the Tianbo sacred dynasty and arrived at the fox sacred dynasty, he found that the guardian general of the border of the fox sacred sect was actually the second sect.

"It is worthy of being an intermediate sacred sect. However, isn't humanity and aliens not antagonistic, why can the Tianbo sacred and the sacred sacred dynasty pass?"

Ye Xuan whispered.

"Because the royal family of Tianbo is enchanted!"

The one-armed snake charm replied.

"It turned out to be."

Ye Xuan suddenly responded, whispered: "As long as I find my brother, I will let you go, I will talk!"

Chapter 820: Find the avatar

"If the Humei Supreme has passed this side, ask if you know."

The snake charm supremely proposed.

"I know."

Ye Xuan nodded, even if it was gone.

The general guardian is a Humei man, the strength of the two robbers supreme, he feels the atmosphere of Ye Xuan and the snake charm supreme, so the eyes have been staring at the two.

At this time, Ye Xuan suddenly went over.

"Dare to ask, is there a person who is exactly the same as me in the past few days passed this?" Ye Xuan asked.

The guardian general glanced at the eyes and glanced at Ye Xuan. He shook his head and said, "No."

"What about this fox woman?"

Ye Xuan took out a portrait, which is the painting of the snake charm, which is the appearance of the fox adult.

The general guard glanced at him and nodded. "Yes, she caught a human being at the time, I didn't pay attention."

He now understands that it may be that the Fox Master caught Ye Xuan's twin brothers, so Ye Xuan came to investigate.

"Please tell her where she is going." Ye Xuan asked quickly.

"Ha ha."

At this time, the Guardian General suddenly opened his mouth and smiled.

Ye Xuan suddenly understood that he quickly took out a precious Tiandi treasure and handed it over.

After the generals were accepted, they pointed to one direction: "She seems to be going to the Lotus Heart Tribe."

"Thank you!"

Ye Xuan immediately clenched his fist and immediately left with the snake charm.

Fortunately, there is no war between the Humei Sect and the Tianbo Sect, otherwise he will be forced to rush.

"Lianxin tribe, how much do you know?"

Ye Xuan turned to ask the snake charm supreme.

"There are many tribes in the fox sacred dynasty, but they can form a tribe. The patriarch needs at least two sacred sacred realms. I am also the first to come to the fox sacred dynasty, so it is not clear." The snake charm supreme shook his head.

"At least it is the second slain..."

Ye Xuan blinked his eyes. If the destination of the Fox Master is this Lianxin tribe, then he has to deal with at least two of the two.

However, his avatar was arrested, even if it is a Longtan Tiger Cave.

I have to say that this is really too embarrassing. He has lived for so many years and is the first time he has seen 'self-saving himself'.

In order to prevent the wrong way, Ye Xuan found a map on the roadside, and then rushed to the Lianxin tribe.

The Lianxin tribe is a small tribe. The tribal patriarch is only a slain, but there are thousands of people in the tribe, among which there are hundreds of supreme.

After Ye Xuan arrived, he felt a breath of breath. At the same time, he also felt the temperament of his own.

"found it!"

Ye Xuan is overjoyed.

Huang Tian pays off, he finally found his own.

His avatar was in the Lianxin tribe, but he did not feel the breath of the two robbing supreme.

"Strange, the fox and tribal patriarchs are not in the lotus heart tribe, and there is only one fox who has the highest peak."

Ye Xuan is a bit strange.

However, he can't manage that much.

"You, take a nap!"

Suddenly, Ye Xuan shot at the snake charm of his side, directly slap on the other's heavenly cover, and then the other party fell down.

Later, Ye Xuan placed him in a hidden place and then rushed directly into the lotus heart tribe.

"who?"

As soon as he approached, the supreme singer of the fox family jumped out.

"Go to death!"

Ye Xuan said nothing, a sword smashed out, and the other party gave him the two halves.

The movement here immediately attracted the attention of the group of the Lianxin tribe.

"Who is the strange smell?"

The supreme leader of the Lianxin tribe in the town was drunk, and then Ye Xuan, who was wearing a dragon-shaped gold armor, was killed.

"You also give me death!"

Ye Xuan took out another sword.

His attack is enough to kill the strongest of the Supreme Peak. However, this Supreme Peak has chosen to block.

"boom!"

The attack of the other party was easily smashed by Ye Xuan, and the cold mangling flashed, and the other person landed.

Spike!

"Not self-reliant!"

Ye Xuan quickly stopped the Qiankun and then flew all the way to a private house.

According to the eye of perception, he can sense that there is a Supreme mid-term who is guarded by his own body. At the moment, he is a sword out of the air.

"Oh!"

The caretaker also fell directly into a body.

"Divided, wake me up!"

Ye Xuan plucked in and directly combined with the body.

Gemini blood, instantly exerted the effect, the realm of the avatar and the sword, etc., all updated, the Emperor Tianjian

Not only that, but Ye Xuan, after the fit, has skyrocketed.

"Call, there is no danger!"

Ye Xuan sighed with relief, this time he rescued himself successfully, but it was also good luck, because the two robbers were not in the Lotus Heart tribe.

Then, the Ye Xuan deity wearing the dragon-shaped gold armor went out with the avatar.

The masters of the Lianxin tribe have been encircled, with more than a dozen supreme mid-terms and dozens of supreme firsts.

"Even the supreme peak, I was killed by me. Are you guys coming to die?"

Ye Xuan's deity said.

"Who are you? Why do you kill the people of the Lotus Heart tribe?" asked a senior man in the mid-term.

"Humph!"

Ye Xuan did not answer his question, but directly threw out a portrait and said: "Where is this person in the portrait?"

The fox man looked at the portrait and exclaimed: "The patriarch?"

"Little patriarch?"

Ye Xuan brows a pick, so to speak, that fox adult is the daughter of this Lotus Heart tribe chief.

"Where is she?"

Ye Xuan asked coldly.

"Hey, do you think I will tell you?" The Humei man said with a gloomy face.

But the next moment, there is a sniper to go.

"call out!"

"Oh!"

The two foxes are supreme and fall, and they are all in the middle of the supreme.

A sword kills two extreme mid-terms, this strength is enough to shock other people, not to mention Ye Xuan's attack can also kill the supreme peak, even if these people together, is not Ye Xuan's opponent.

"You don't say, I will kill you this tribe!"

Ye Xuan directly started, and the lotus heart tribe immediately set off a storm of blood.

"Stay, stop!"

The fox man shouted.

In the blink of an eye, Ye Xuan is killing all the fighting forces in the middle of the Lianxin tribe. Only the man is left.

"I said, I said!" The Humei man hurriedly shouted.

At this time, the strongest of the Lianxin tribes is him.

"Say!"

Ye Xuan will take over those shackles.

Humans and orcs are originally antagonistic camps. As long as he thinks, he can really kill all the killings of this lotus heart tribe. One is not left, only he killed only the middle-class Humei people, and he is a lover.
