

## Super D. S 821

Chapter 821: Ling Mengzhi

"The patriarch and the young patriarch, went to the Bairi tribe with the masters of the family..."

The fox man said.

"With so many masters, do you want to dry?"

Ye Xuan's eyes groaned and asked: "What are you going to the Bairi tribe?"

"Because the people of the Bairi tribe found a Lingmenzhi in the territory of our tribe, the patriarch and the patriarchs went to discuss..."

The Humei people replied.

Upon hearing this, Ye Xuan's heart trembled and he heard a familiar name.

Ling Mengzhi!

"It turned out to be Ling Mengzhi, the necessity to open the eyes of control!"

Ye Xuan's heart is already blasted.

The eye of control, this is a very bullish eye, the effect is the same as the charm of the Humei people, but Ye Xuan knows that this eye of control is definitely better than charm.

"I actually met Ling Mengzhi, I have to get it!"

Ye Xuan's eyes are full of sorrows. With this Ling Mengzhi, he can open the eyes of control and then control the snake charm.

At present, the Japanese royal family has not yet passed the crisis. If he controls the supreme charm of the snake, he may be able to know the hiding place of the three great robes.

At the moment, Ye Xuan's deity and the avatar quickly left the Lianxin tribe and ran towards the Bairi tribe.

This time, he will be with the avatar to \*\*\*\* this Ling Mengzhi.

Ling Mengzhi, originally a heavenly treasure that enhances mental strength, can improve the mood and is not easy to escape. At the same time, this Ling Mengzhi can also enhance the charm of the Fox Mei family.

Therefore, the Bairi tribe and the Lianxin tribe will do it.

When Ye Xuan arrived at the Bairi tribe, the two sides had already started.

In addition to the patriarch and the young chiefs, the Lianxin tribe has six supreme peaks.

The strength of the Bairi tribe is not bad. There are also two sacred sects, but they are only five strong, but one less.

"Xue Yuanzhi, hand over Ling Mengzhi!"

One of the two robbers was a great drinker. He was the patriarch of the Lianxin tribe who was only taken care of by Ye Xuan.

"Hey, this Ling Mengzhi was discovered by my people. Do you still want me to hand it over?" Another man replied that he was the patriarch of the Bairi tribe.

"This Ling Mengzhi is growing on the site of my lotus heart tribe. It should be mine!" The Lianxin tribe chief continued.

"In the scope of your tribe, why didn't you find out? Less nonsense, Ling Mengzhi is a strong!"

The day tribe chief is lazy nonsense.

"Well, since you are looking for death, then you will be destroyed!" The patriarch of the Lianxin tribe is no longer nonsense.

Listening to their conversation, Ye Xuan thought about it. He estimated that Lingmozhi should be in the ring of the tribe of the Bairi tribe.

At the moment, it is directly combined with the avatar, and instantly enhances the strength of 10%.

"When you fight for the fisherman's profit, let's talk about your right arm first!"

Ye Xuan holds the sword of the wolf and kills the past.

"Huang Tianjian, Sword Emperor!"

"One sword!"

Ye Xuan, who has merged into a sword, has enough attack power to kill the highest peak.

A master of the highest peak has not reacted yet, and he has been directly split into two halves.

It is easy to break open the Supreme Golden Body. This is the sword!

The opponent of the deceased immediately responded, but the next moment, his neck was also flashed by a cold man.

Spike!

Ye Xuan rushed to the past and took the two people's Qiang Kun to accept it.

The death of these two people caught the attention of others. Taking advantage of this opportunity, Ye Xuan was crazy.

"Huang Tianjian, Sword Emperor!"

"Oh!"

Two figures were degraded, and Ye Xuan had two more rings.

At this point, both sides died two people, and the strongest of the highest peaks was only seven.

"Who is that kid?"

"Damn, it must be someone from other tribes, kill him!"

"Dare to kill my people, find death!"

Immediately, there were four masters of the highest peak who swooped down. One of them also realized the meaning of the sword.

Ye Xuan's light flashed and he shot crazy against the four.

After the fit, his strength will increase by 10%, and this is still permanent.

Therefore, the only treasures that he has swallowed are equivalent to one more.

"Hey!" "Hey!" "Hey!"

Ye Xuan and a sword, easily killed the three supreme powers, the rest of the person, is to understand the half of the sword.

"The district is half a sword, just looking for death!"

Ye Xuan once again swords and attacked the other side.

This is the highest level of the Humei master, the realm is higher than Ye Xuan, although the sword is inferior to Ye Xuan, but he holds in his hand, but a Supreme God soldier, which has improved his attack power.

"Boom!" "Boom!" "Boom!"

Ye Xuan and the other side against the bomb, the attack power of the two people is not much different, the air waves rolling.

However, the other party is not prepared to accept the meaning of the Qiang Kun ring, so the three Qiankun ring are cheaper Ye Xuan.

After Ye Xuan swallowed up these three Qiankun Rings, the realm was already in the midst of the supreme mid-term, and then he was given a heavenly treasure to break through.

"Hey, let you see the power of the twins!"

At this time, Ye Xuan suddenly separated from the body. His whole person was divided into two. The deity wore a dragon-shaped gold armor, and the avatar was the true face.

Seeing that Ye Xuan suddenly turned into two people, the strongest of the Supreme Peak was also shocked. It was this moment that he was stunned by Ye Xuan.

"The Eye of the Illusion!"

He stunned, but the next moment, two Ye Xuan were launched to attack.

The Humei people's mental strength is strong, so he quickly lifted the illusion, but when he reacted, the two attacks containing the swordsmanship were approaching.

"not good!"

He smashed a sword and broke the attack of Ye Xuan's deity. However, he was cut in half by the attack of Ye Xuan.

dead!

"Humph!"

At the moment, Ye Xuan is once again fit and then swept past.

get it!

Not only that, but Ye Xuan also got a Supreme God soldier this time, and his strength has skyrocketed again.

"There are three people left, let me talk about you first!"

Ye Xuan once again split and attacked the three people in the sky.

He suddenly murdered, and it was beyond everyone's expectations. Until this time, the young patriarch of the Lianxin tribe discovered Ye Xuan.

"How could it be him?"

The young patriarch of the Lianxin tribe was shocked because Ye Xuan was brought back by her. At that time, Ye Xuan was separated from the body by 10%, but now, why is it so powerful that it can easily kill the supreme peak?

Moreover, how can he fit in with another person?

This is already beyond the cognition of the minority leaders of the Lianxin tribe.

Not only that, but even the other three big lords do not understand.

"Oh!" "Oh!" "Oh!"

In the three crisp sounds, the remaining three Supreme Yifeng Fengmei masters were all killed by Ye Xuan.

"Damn, where did they come out?"

Chapter 822: Surrender, or die!

"Damn, where did they come out?"

The tribes of the day tribe gnashed their teeth, because of the death of the eleven Supreme Peaks, five of them were the Bairi tribes.

In the entire Bairi tribe, there are only five peaks, and now it is completely degraded.

The most important thing is the man who was degraded, but his son.

"I want you to die!" The white tribe chief squinted his eyes and suddenly swooped down, ready to kill Ye Xuan.

But at this time, Ye Xuan got the last three Qiankun Rings.

"Ha ha!"

Ye Xuan's deity and avatar once again fit together. He looked at the patriarch of the Bairi tribe and opened his mouth and smiled.

"Hey, the host breaks through, and it's the highest peak!"

The system sounds and suddenly sounds.

Ye Xuan's breath suddenly skyrocketed.

"what?"

The Bairi tribe chief squinted and hurriedly shot, but at the same time, Ye Xuan also shot.

"The Emperor's sword, the dragon sword!"

"One sword!"

Ye Xuan, who holds the Supreme God, directly sweeps out a sword.

"boom!"

The two swords are against the bang, and they burst open in an instant. However, after all, Ye Xuan is strong. After all, he has the blood of the sword god.

"Hey!"

The sniper directly fell on the Bairi tribe chief, but fortunately his strength is strong, and this sword is in the middle, but there is no instant degeneration.

"Hey!" "Hey!"

The sound of the air broke again, and Ye Xuan instantly took out dozens of swords.

Now, the Bairi tribe patriarch has no ability to block, so he can only hide.

Available at this time.

"Don't want to run!"

Ye Xuan eyes a glimpse.

Eye of the illusion!

The Bairi tribe patriarch was seen by Ye Xuan, and an invisible force penetrated into it.

"Hey!" "Hey!" "Hey!"

More than a dozen snipers, all fell on the white tribe chief, he only smashed three swords, was bombed.

At the time of his fall, Ye Xuan was already approaching quickly.

Ling Mengzhi is in the ring of the Bairi tribe.

The other three were robbed, but they did not dare to approach.

The Bairi tribe patriarch wants to kill Ye Xuan, but he is expected to be killed by Ye Xuan. Ye Xuan's strength, I am afraid they are not able to compete.

After all, even if the Bairi tribe and the Lianxin tribe chiefs are singled out, the two sides will fight each other for hundreds of rounds.

"go!"

The Lianxin tribe chief and the young patriarchs looked at each other and quickly retreated. Now they can't dare to fight the idea of Lingmengzhi, and it is important to keep their lives.

As for the deputy patriarch of the Bairi tribe, he also turned around and left.

Ye Xuan swiftly swept the past and took off the sacred ring of the Bai tribe patriarch.

"Hey, the eye of control is open!"

The system prompts.

After hearing this tone, Ye Xuan's mouth slightly evoked a demon arc.

"Now, still want to go?"

Ye Xuan quickly chased the past, this time his goal is the deputy patriarch of the Bairi tribe, because he is closest to him.

His speed on land was very fast. In the blink of an eye, he caught up with the deputy patriarch of the Bairi tribe and launched an attack.

"stop!"

The Bairi tribe's deputy chief was scared to death and hurriedly raised his hand to defend.

However, this attack is not a fusion of swords, because Ye Xuan does not want him to die.

"Hey!"

The two swords collided in the air, and the movement was extremely great.

At the same time, Ye Xuan also showed his eyes on the ban.

The Bairi tribe's deputy patriarch was caught in a illusion, but his spirit was strong and he instantly broke the illusion.

But the next moment, Ye Xuan is a sword on his body.

"Hey!"

The Bairi tribe's deputy patriarch was hit hard, and at the same time, he gave Ye Xuan a chance.

"The eye of control!"

This time, Ye Xuan finally used a new eye.

In the eyes of control, a total of five people can be controlled, and the controlled person will unconditionally obey Ye Xuan, and there will be no rebellious heart.

Of course, if the eyes of the gods are advanced, then this number will increase.

The tribal deputy patriarch of the day is trembled, but he has not been controlled by Ye Xuan. After all, he is the supreme of the Humei people, and he will be charming.

However, when Ye Xuan's other attack fell on him, his will could not survive, and he was controlled by Ye Xuan.

"Hey, take control of success!"

A tone sounded in my mind.

"Haha, I have a man!" Ye Xuan laughed in his heart and controlled the servant, just like controlling the avatar.

At the moment, he is in the mind to give orders to the Bairi tribe's deputy patriarch, chasing the two of the Lianxin tribe.

At the same time, he himself also killed.

"what?"

The patriarch of the Lianxin tribe felt that it was wrong. When he turned around, he was immediately shocked.

The deputy patriarch of the Lianxin tribe, which was originally pursued by Ye Xuan, suddenly joined forces with Ye Xuan to fly toward them. What is going on?

Ye Xuan's speed is extremely fast, in the blink of an eye is to pluck in front of the two, and then directly separate the avatar.

"What the \*\*\*\* did he do?"

The Lianxin tribe chief and his daughter were shocked and stopped to look at Ye Xuan.

Now they are surrounded.

"who are you?"

The young ancestors of the Lianxin tribe asked suddenly.

"Oh, you tied me to the fox sacred dynasty, can't you recognize me?" Ye Xuan's avatar smiled.

"Impossible, you were only half-step supreme!" Lian Xin tribe and less patriarchs questioned.

"I don't want to talk nonsense with you. I only ask one, do you choose to surrender or die?"

Ye Xuan's avatar is cold and cold.

Surrender, or die?

Upon hearing this, the Lianxin tribe chief and the young patriarch looked at each other.

"impossible!"

The two replied in unison.

"If this is the case, then I will kill you and kill the lotus heart tribe!"

Ye Xuan is also nonsense, ready to shoot.

The two were shocked.

Although Ye Xuan's realm is lower than the two of them, the strength of Ye Xuan is much higher than them.

If they refuse, they must die here. At that time, the Lianxin tribe will be destroyed.

"and many more....."

The patriarch of the Lianxin tribe suddenly shouted.

"What, change your mind?"

Ye Xuan suddenly stopped, in fact, he still wants to give the other side a chance, otherwise he directly attacked, will not wait for the other party to open.

"What does it mean to surrender to you?" asked the patriarch of the Lianxin tribe.

"I am my servant, I will control you with mystery, but I will not change your heart, but will obey my orders unconditionally, follow me, your tribe will be stronger than now!"

Ye Xuan said coldly.

"Mystery control?"

The patriarch of the Lianxin tribe once again looked at his daughter.

If they refuse, they will die immediately, and even the tribes they develop will be destroyed.

Therefore, they chose to compromise.

"Okay, I promised!"

The patriarch of the Lianxin tribe nodded.

"If that's the case, then don't resist!"

After Ye Xuan finished, he directly exerted his eye for control.

Chapter 823: Return

Although they said that they should not resist, the patriarchs and young patriarchs of the Lianxin tribe still resisted a little. After all, they encountered this kind of thing for the first time.

However, they thought of Ye Xuan's strength and finally gave up resistance.

"Hey, take control of success!"

"Hey, take control of success!"

Two reminders sounded, and Ye Xuan's servants had two more.

"See the owner!"

After the patriarchs and young patriarchs of the Lianxin tribe were controlled, they fell to the ground with the deputy patriarch of the Bairi tribe, kneeling down on one knee and said in unison.

Ye Xuan saw it and said very much: "Get up!"

The three stood up. At this time, the three people looked at Ye Xuan's eyes the same, that is the absolute surrender.

Ye Xuan, who is only the peak of the supreme, suddenly received three robbing sects, and immediately turned over.

"In the future, your two tribes will merge, the name is called Lianyun tribe, you are the patriarch, you are the deputy patriarch."

Ye Xuan said again.

The Lianyun tribe uses the name of Lianyuncheng, which is his hometown.

The patriarch is the patriarch of the original Lianxin tribe, and the deputy patriarch is the deputy chief of the Lianxin tribe.

"Yes!"

The three did not dare to have any objections and nodded directly.

Then, Ye Xuan checked the three-person ring and saw if there was anything that could be used.

Anyway, these three are his servants. He takes the things of his servants and is righteous.

He became stronger, and even the Yun tribe would be stronger, so he took it with ease.

At the same time, he also asked the name of the next three people. Now the Liun tribe chief is called Lie Lie, his daughter is Qi Xinyi, and the deputy chief is called Gan Feng.

The Orc is a race of the Terran and the Queen, so it is very normal to use the human name.

"Yu Lie, Gan Feng, the merger of the tribe will be handed over to you, and you will leave with me."

Ye Xuan said.

"Yes!"

Yan Lie and Gan Feng should sing.

However, that Xinyi was a tremble, and now she became the servant of Ye Xuan. Even if Ye Xuan let her sleep, she did not dare to have any objections.

At the moment, they are parting ways, Gan Feng went back to the Bairi tribe, and Ye Xuan returned to the Lianxin tribe with Yan Lie and Yan Xinyi.

Ye Xuan Fang only killed a lot of people in the Lianxin tribe, so he would not go in. He only had to be a boss behind the scenes.

Therefore, he left with Xin Xinyi directly and found the former Zombie Supreme.

The snake charm supreme was kicked by him, and he was stunned and hidden in a hidden place. After Ye Xuan came back, he did not wake up.

"The eye of control!"

Ye Xuan did not wake him up, and directly applied his eyes to control. At that time, the snake Meizu Supreme became the fourth servant of Ye Xuan.

Although this snake Meizu Supreme is only the middle of the supreme, but Ye Xuan controls him, there is no other meaning.

The Japanese Yan Dynasty is still in crisis, so Ye Xuan has to rely on him to find the three.

After being controlled by Ye Xuan, the snake Meizu Supreme was woke up.

"Do you know the position of the people who attacked the Sun Dynasty Emperor of the Sun on the same day?" Ye Xuan asked directly.

"know!"

The snake Meizu supreme does not want to answer.

"well!"

Ye Xuan directly asked him to write the address, and then, Ye Xuan said to Yan Xinyi: "Charming him!"

In other words, Ye Xuan is the liberation of the snake Meizu supreme.

Then, Yan Xinyi directly applied charm to him.

The eye of control can only control five people, and the number of charms is much more than the eye of control. This is why Ye Xuan is with Yan Xinyi.

"Very good, we are back to the Sun Dynasty!"

Ye Xuan satisfactorily nodded and immediately left with two people.

Snake Meizu, Humei, the ability of these two races are very good, a camouflage ability can not see through his eyes, one can charm others.

This time, Ye Xuan is necessary to solve the crisis of the Japanese Yan Dynasty.

At the moment, Ye Xuan is taking this and the snake charm supreme to leave the fox sacred dynasty, and then through the Tianbo sacred heaven, arrived at the Sunshine Holy.

"Look back to the emperor to see!"

Ye Xuan thought, it was with two people quickly rushed back to the Imperial Capital, at this time, the Imperial City has a special array of law, it should be that day.

Although there is a block of law, but Ye Xuan still senses the breath of those people in the battle, a lot.

"Call, it seems that during the time I left, the three robbers did not attack again."

Ye Xuan breathed a sigh of relief, even if it was close to the Japanese.

"Who?"

A human supreme shouts.

"it's me!"

Ye Xuan should have a sentence, at this time, behind him, Yan Xinyi and the snake charm supreme are under a black cloak.

The snake Meizu has the ability to transform. Under the same level of circumstances, even Ye Xuan's eye can not see the clue. The Humei people grow almost the same as humans, just more fox tails and ears.

After seeing Ye Xuan, this human supreme is also a big joy, saying: "Please wait for the leaves to offer!"

This day's big battle is the card of the Japanese Imperial Family. It takes a lot of dragons and resources to run, and is hosted by Emperor Taishang.

Then, human enshrines opened a passage for Ye Xuan to enter.

"What can happen in the near future?"

After Ye Xuan took the two in, he asked.

"No, those three robbers have not appeared." This human supreme shook his head.

On the day of the First World War, Taishang Emperor relied on a large number of dragons and one-hundred swords. In fact, he also wounded the three two robbers, so the three should be healing, and re-inviting people to prepare for the next attack.

"okay, I get it."

Ye Xuan nodded.

At this time, there were suddenly a few figures looting in the distance, and an old voice came at the same time.

"Who opened the big array?"

The Emperor Taishang shouted in the distance.

"Father, Ye Xuan is back!"

The human supreme replied that he was a brother to the former Emperor of Japan and was the prince of the Sun Dynasty.

"Ye Xuan?"

The emperor quickly swept and took several masters. He frowned at Ye Xuan and asked, "How do you confirm his identity?"

"This....."

The human supreme brow wrinkled, and he suddenly remembered that he had forgotten to confirm the identity of Ye Xuan. After all, the snake Meizu had the ability to transform, in case the Ye Xuan was fake, is the snake Meizu disguised and camouflaged in?

"not good!"

The emperor's face changed, and he hurriedly offered weapons. He stunned Ye Xuandao: "You, let them take off the cloak!"

Ye Xuan paused. It seems that the Emperor is too skeptical about him. He also thinks in his heart. How can he persuade Taishang and others to wait?

"Take it off." Ye Xuan said faintly.

Yan Xinyi and the snake charm supreme did not say anything, directly picked up the cloak, the snake charm supreme, because he has been transformed into a middle-aged man.

However, Yan Xinyi was a fox, and the fox ears and tails made everyone in the room amazed.

## Chapter 824: misunderstanding

"Sure enough, alien!"

Tai Shang Huang immediately retired.

The prince was also frightened, because his negligence, even put the aliens in, this is miserable.

"Damn, get ready to fight!"

Someone shouted, and the voice spread throughout the imperial city. At the moment, there are many supreme flying.

To tell the truth, Ye Xuan is not afraid of fighting with the royal family of the Sun Dynasty. With his strength, as long as he thinks, he can completely kill each other.

However, he is not an alien, what do people who kill the Sunshine dynasty do?

"Too Shanghuang, they have been conquered by me, you can rest assured!" Ye Xuan explained quickly.

"The nonsense, the aliens will recognize humanity as the main?"

Taishang Huang did not believe it.

"Yes, you alien, turned into Ye Xuan, you want to leave today!"

"Kill, kill them!"

"That is the supreme of the Humei people, be careful of her charm!"

Everyone shouted in a taboo.

"If this is the case, then I will offend." Ye Xuan stunned and turned to look at the party before he let him in.

The eye of control!

"Hey, take control of success!"

After a prompt tone, the first prince of the supreme one was controlled by Ye Xuan. He squatted down on one knee and said: "I have seen the master!"

what?

The people present were all shocked, even the Emperor.

"Damn, he has already been killed. Is this also the disguise of the snake Meizu?"

After the war that day, his son died two times, even the Emperor of Japan who did not participate in the war died, and then was impersonated.

Now, another son was killed, and he was anxious and angry.

Just as he was ready to take the shot, the prince suddenly saw it in the eyes of the public, and Ye Xuan smashed a finger.

The finger fell to the ground and everyone's attention was concentrated on it.

However, what makes them surprised is that this finger has not changed, which means that the prince is not a snake Meizu supreme fake, but a real human.

"Charm, this must be the charm of the Humei people!"

Someone immediately responded.

"I rub, why don't you believe it?"

Ye Xuan had some helplessness and directly liberated the prince. At the same time, he explained: "When the foxes are charming, the eyes will turn pink. Have you seen it?"

After such a reminder, everyone also thought of this.

"Maybe not?"

The Emperor thought about it, but he was not very sure. After all, his attention was on the prince.

"Father, this..."

The prince swallowed his mouth and hurriedly picked up his broken finger. Only then did he explain it.

Fortunately, if the Supreme Golden Body of the First Supreme was broken, it would be easier to fix it.

However, Ye Xuan knew that the other party still did not believe, so he said: "Everyone is optimistic about her eyes."

After that, Ye Xuan is directly in the eyes of a supreme and mid-term human supreme beside the Taishang Emperor.

"Hey, take control of success!"

The system prompts to sound.

Then, the human supreme of the supreme mid-term came out, and Ye Xuan swept out a sword and took one of his fingers.

This finger, under the gaze of everyone, did not mutate.

Now, they don't know what to say.

Fang Caitai Shanghuang has been staring at Yan Xinyi's eyes. It has indeed not turned pink. However, the human beings around him are still being manipulated. What is going on?

"Everyone has seen it. I used the mystery to control two aliens. There are two of them. I can find out the three sacred sects of the day." Ye Xuan said.

The Emperor Taishang is still somewhat suspicious, saying: "Are you really Ye Xuan?"

"Of course, you only saw the seniors. You Xinyi's eyes didn't turn pink, which means she didn't use charm. Plus I'm already a smashing peak, and the Supreme Golden Body is extremely difficult to repair, so I won't try it myself. "

Ye Xuan nodded.

Other people's supreme gold body is difficult to repair, but he has the blood of the \*\*\*\* of life, and the serious injuries can be restored.

However, if he cuts his arm, the broken arm will wither and it will not be explained.

Taishanghuang and others thought about it. In the end, they decided to believe Ye Xuan, because the Yan Xinyi next to Ye Xuan was also the second robbery. If she shot, she could enchant a few people and go straight to war.

The people gathered their weapons.

Taishang Huangdao: "Ye Xuan, is your business finished?"

"Well, I went to the fox sacred dynasty. Now I am coming back to solve the three sacred supremes."

After Ye Xuan finished, he took out a Supreme God soldier and threw it to the Emperor Taishang. He said: "Predecessors, I will go out and find the three people now."

When he finished, he left with a snake charm of Zhai Xinyi and one-armed armor, leaving behind a group of people.

In fact, Ye Xuan can go directly to find out the three two robbers, and then kill, he just wants to go back and confirm the safety of the Japanese royal family, but did not expect to make such a misunderstanding.

After leaving the Imperial Capital, Ye Xuan left with two people. On that day, he did not have the ability to fight with the two lords. Now that he has this strength, he is naturally going to take revenge.

These aliens, even the idea of hitting his family and friends, are really sinful.

Ye Xuan controlled the Xinyi of the Humei people, and Yan Xinyi used the charm to control the snake charm, so the snake charm is also his person.

According to the information of the snake charm supreme, the three two robbers are hiding in a hidden place, Ye Xuan estimated that they are healing on one side, while notifying the master, ready to attack the emperor again.

Ye Xuan took Yan Xinyi and the snake charm to the supreme, finally arrived at the meeting point of the alien.

This is a canyon, and it is said that there is a supreme beast, so there will be no human beings.

However, the Supreme Holy Beast has no threat to those aliens.

"I sensed it, and it really is the three robbing supreme, um, there are still a few sacred sacred, not afraid!"

Ye Xuan blinked.

Among the three robbing sects, two are mad leopards, and the last one is the snake Meizu.

Therefore, the purpose of Ye Xuan is to kill two of the two sacred supreme, and then control the deformed snake charm.

go in later, you drag the second sorcerer of the snake Meizu." Ye Xuan said to Yan Xinyi.

"Yes, master!"

Yan Xinyi nodded.

I have to say that it is a pleasure to accept a beautiful woman from the Humei people as a servant.

In the fox family, there is a handsome man and a beautiful woman. When a super beauty with a fox tail calls you a master, this kind of satisfaction is not something that ordinary people can enjoy.

"As for you, don't go in."

Ye Xuan turned to look at the snake charm.

Chapter 825: Wild leopard ancestor

"Yes!"

The snake charms nodded.

Yan Xinyi is his master, and Ye Xuan is the owner of Yan Xinyi, so he naturally has to listen to Ye Xuan's orders.

"Okay, kill it!"

After Ye Xuan finished, he directly sacrificed a Supreme God soldier and killed him.

Yan Xinyi followed closely.

"who?"

The two killings were captured by the supreme in the canyon. At the moment, someone is drinking.

The whisperer is a supreme peak that has just been recruited, but he has not survived the attack of Ye Xuan.

"Oh!"

A crisp sound spread, his head was directly smashed by Ye Xuan.

Ye Xuan, who has always had the title of invincible at the same level, he and the other party are the highest peak, how the other party may be his opponent.

At this time, another person rushed over.

Yan Xinyi held a weapon and took out a sword directly.

Half a sword!

"Oh!"

This supreme mid-term mad leopard supreme was killed in an instant.

"Yes, it can be cultivated." Ye Xuan's eyes stunned, and he was able to comprehend the sword and the like, all of them were geniuses.

Before he used to devour the Tiandi Dibao, if you give Yi Xinyi, I am afraid I can let her break through.

After all, the swallowing system is too dark, and the upgrade requires at least ten times the same level.

The two men rushed in all the way, and they saw people killing them. Anyway, they were all aliens.

"Who is so bold?"

A violent drink came out.

Ye Xuan recognized this voice, which was the old man of the snake Meizu.

In his induction, the three squadrons that had gathered together were already rushing toward themselves.

"Peace!"

At that time, Ye Xuan was split into two, and then attacked the two Leopards.

On that day, he saw the strength of these three people, not weak, and they all realized the meaning of swordsmanship. However, this strength is a bit inadequate for him.

Although the fit can increase the strength of 10%, in this case, it is better to split into two.

Two Ye Xuan, attacking the same person insanely.

"what?"

The leopard man felt the huge power in front of him, and immediately swept away, but the attack of the two Ye Xuan was very scattered. After he escaped several attacks, he was hit by the sword.

"boom!"

The Supreme Panther Supreme of the Supreme Second was swept away, and the wound was deeply visible.

Upon seeing it, two Ye Xuan quickly killed the past.

"Mix things, roll!"

The snake Meizu Supreme drank, and punched Ye Xuan crazy.

The road contains a half-fighting attack and is evaded by Ye Xuan.

"Your opponent is me!"

Yan Xinyi killed the past and instantly played against the snake Meizu Supreme.

This snake Meizu supreme is the second robbery supreme, the deformability is useful to Ye Xuan, so Ye Xuan does not want to hurt him, just want to conquer.

As for the two Leopards, you have no luck.

"Huang Tianjian, Sword Emperor!"

"Huang Tianjian, Sword Emperor!"

"One sword!"

Two Ye Xuan Qi Qiqiu shot, the attack all attacked the seriously injured Leopard Supreme.

Another Leopard Supreme wants to block, but can't stop it, only to see the attack all fall on his companion.

"The Eye of the Illusion!"

Ye Xuan deity and avatar work together.

"Boom!" "Boom!" "Boom!"

Almost all of the swordsman fell on the leopard's supreme body. In the meantime, he was killed.

Now, one is dead, then there is one more left.

"No, go!"

The living Leopard's supreme face changed and quickly turned around, but before that, Ye Xuan used the eyes of the ban.

When he reacted, there were countless attacks and he was killed in an instant.

The two robbers of the two mad leopards are all sacred, all fallen!

At the moment, Ye Xuan is rushing over and will accept two pieces of Qiang Kun.

On the other hand, Yan Xinyi is fighting the two sorcerers of the Snake Meizu, who sees their two companions squatting and their faces are changed.

He quickly turned around and was ready to leave.

Before that, the two Ye Xuan blocked his way.

"Submit to me, or, die!"

Ye Xuan's deity said faintly.

"This is impossible!" The snake charmed old man yelled aloud and looked at Yan Xinyi, saying: "You actually colluded with humans?"

"The strong is respected, there is no collusion and no collusion, Yan Xinyi, charm him!"

Ye Xuan said directly.

Yan Xinyi immediately did it, her eyes quickly turned pink, and when she saw it, the snake charmer hurriedly turned her head, but he was stared at by Ye Xuan's eyes.

"The Eye of the Illusion!"

Ye Xuan's eyes are different from the charms of Humei people.

This snake charm old man was besieged by Ye Xuan at this time, his mood was somewhat unstable, so he was smashed into the air, but he quickly cracked the environment, but the next moment waiting for him is the charm of Yan Xinyi.

"Hey, the area is fascinating, do you deal with me at the same level?"

The snake charm old man tried hard to resist.

However, it is not only Yan Xinyi who will control people, but Ye Xuan will also.

"The eye of control!"

At the same time as Yan Xinyi's charm, Ye Xuan once again used the eyes of control. This time, the snake charm old man has no ability to resist, because he is fully resisting the charm of Yan Xinyi.

"Hey, take control of success!"

"See the host!"

The snake charm old man kneels down in the air.

"well!"

Ye Xuan smiled with satisfaction.

Now, he has another servant, plus Yu Lie, Gan Feng and Yan Xinyi, which are four.

"The eye of the gods is not advanced, and the number of eyes in control is only five, but five should be enough."

Ye Xuan thought in his heart, now he controls four people, and he can control one. If it is not enough, he will dismiss the father of Yan Xinyi.

After all, Yan Xinyi was in his hands, and he did not dare to act rashly.

"You tell me how many lurking aliens are there in the Sun Dynasty?" asked Ye Xuan.

"Not much, but I have contacted the mad leopard ancestor of the mad leopard sage, he is the middle of the supreme second!" the snake charm old man replied.

When this was said, Ye Xuan and Yan Xinyi were both surprised.

Supreme second mid-term?

"When is he coming?" Ye Xuan asked again.

"Just for two days."

The snake charms the old man to answer.

Upon hearing this answer, Ye Xuan is also glad that he has rushed back early, otherwise the mad patriot will come, and the Sun Yan dynasty will be destroyed.

"Supreme second mid-term, with my strength plus Yan Xinyi and this snake charm old man, to deal with a supreme second half, should not be a problem!"

Ye Xuan's eyes licked.

He controlled Yan Xinyi and the snake charm old man, and by then, they can also take a sneak attack.

"You give me the ring."

Ye Xuan directly issued an order to the snake charm old man, and then said to Yan Xinyi: "You go to solve the fish in the net."

"Yes, master!"

Yan Xinyi took the lead and left.

Chapter 826: Sneak attack

There are still a few aliens around, and the strength is in the midst of the supreme one. With the strength of Yu Xinyi, solving them is still not a problem.

In order to prevent accidents, Ye Xuan's avatar also killed. After all, they had to implement a plan later, that is, to attack the madman.

Soon, the avatar and Yan Xinyi came back, bringing back a lot of Qiang Kun.

The snake charm old man's Qiang Kun ring was also taken away by Ye Xuan, plus the two two robbers supreme, this time Ye Xuan harvested Shuofeng, but there is still a distance from his breakthrough.

The mad savage ancestor is the strongest of the mad leopard sage. There must be a lot of good things in the sacred ring, so Ye Xuan estimates that as long as he kills or controls the mad patriot, he should be able to reach the peak of the sacred supreme. When you get there, you can rob.

However, Tai Shanghuang once told Ye Xuan that the dragon-shaped gold armor can only be used when it is robbed. When the second quest is over, the dragon-shaped gold armor will be crushed directly by the powerful robbery.

In short, the dragon-shaped gold armor is useless for the second supreme robbing, which makes Ye Xuan very sorry.

The mad leopard ancestor has not arrived yet, so Ye Xuan is waiting here.

One day later, Ye Xuan sensed a powerful atmosphere that never came, and approached himself.

"Come on, you two pay attention." Ye Xuan whispered, and then stood behind Yan Xinyi.

Yan Xinyi and the snake charm old man nodded slightly.

Soon, there was a figure that caught the eyes of the three of them.

"Crazy ancestor, you are finally here." After seeing the arrival of the snake charm, the old man said with a smile.

The savage leopard ancestor, his body is higher than the average mad leopard, after all, is the strongest of the mad leopard sage, and the only one of the supreme second.

"Well? How come the Humei people also intervened? What happened to the human being?" The mad priest asked some strangely.

"You can rest assured, I promise you your reward, not less. This human being is her charm, the qualification is good, so take it." The snake charm old man quickly explained.

The mad leopard ancestor also heard about the charm of the Humei people, so he didn't think much, but he still asked again: "Where are my people going?"

"Everyone went to the Japanese emperor, and lurked around, just waited for us." The snake charm old man replied casually.

"Hey, you are really a waste, sending so many masters to you, you can't even attack an emperor, but I have to go out in person." The savage ancestor coldly said: "I ask, add half of the reward. !"

Upon hearing this, the face of the snake charmer changed and said: "What do you mean by this, we have already said it beforehand!"

Now the snake charms are controlled by him, so he also knows how much the reward is in the mouth of the mad patriot.

It was originally half of the wealth and the dragon's luck of the Sun Dynasty. Now, half of it, that is, 75% of the wealth and the dragon.

The mad leopard supreme who was killed by Ye Xuan in the past also used the dragon to improve his physique, but Ye Xuan had a sword, so their supreme gold body was too weak.

And this mad savage ancestor, but the behind-the-scenes boss of the mad leopard sage, is not the ordinary mid-second period, this is also because Ye Xuan why the three people joined forces to attack.

If you know that the savage leopard will come, Ye Xuan will definitely leave the two Leopards in the early days of the Supreme Second, and improve their combat effectiveness.

"Hey, let me come over a thousand miles, how can I pay without paying?"

The snake charmer bit his teeth and thought about it for a while, then said: "Okay, 7 and a half, 7 and a half!"

He originally wanted to destroy the Sun Dynasty and he was an emperor, so he could collect the dragon.

However, he is now controlled by Ye Xuan, and there is no anti-heart, so he naturally pretends to promise the savage leopard ancestor.

"Ha ha ha, refreshing."

The leopard ancestor smiled. "If that's the case, then let's hurry."

"it is good!"

The snake charm old man nodded, and then he and Yu Xinyi, Ye Xuan two people swept past.

Until now, the mad patriots have no doubts.

After the three people approached, the wind suddenly began to pick up.

"Huang Tianjian, Sword Emperor!"

"Huang Tianjian, Sword Emperor!"

Ye Xuan suddenly split into two. Although it is said that the strength of the combination is 10%, the number of attacks by two people doubles. This is not the strength of the 10%.

Not only that, but the snake charm old man and Yan Xinyi also shot at the same time.

"dead!"

The four people's goals are the same, and countless powerful attacks are rushing toward the savage leopard ancestors.

"what?"

The mad eagle ancestors would never have thought that the snake charm old man and Yan Xinyi would actually shoot at him, and would not have thought that Ye Xuan could actually become an identical person and still use the sword.

"Boom!" "Boom!" "Boom!" "Boom!"

This series of attacks all fell on the mad patriots, although his supreme gold body is strong, can not stand so many attacks.

"puff!"

The sacred leopard ancestor's golden body was directly broken, and was smashed by Ye Xuan's three blood, and he was seriously injured.

"The Supreme Golden Body is really amazing!"

Ye Xuan's eyes widened.

This mad leopard ancestor is the ancestor of the mad leopard sage. I don't know how many dragons have been used to improve the supreme body. It is very good to be able to seriously damage it.

"Charming him!"

Ye Xuan is drinking.

Yan Xinyi immediately understood that the direct use of charm, the mad eagle to hide, but in the eyes of Ye Xuan's ban.

The short-lived loss made Yan Xinyi see the eyes of the madman's ancestors. Not only that, but Ye Xuan quickly used the eyes of control.

Before Yan Xinyi, she charmed the snake and the old man, and she did not succeed. Now she uses charm, but it only weakens the mood of the madman, and gives Ye Xuan a chance.

The savage leopard ancestor in the case of serious injury, one must break the illusion, the second must resist the charm, and the third should resist the eye of Ye Xuan.

However, he is also in the middle of the second robbery, will it be defeated?

"I, but the savage leopard ancestor!"

The mad leopard ancestors angered and slammed a sword, which was an attack with a sword.

The object of this attack is Ye Xuan.

"Humph!"

Ye Xuan's avatar was suddenly shot at this time, and several swordsmen's scorpions smashed the attack of the savage leopard ancestors directly.

"The willpower is quite strong, give it to me!"

Ye Xuan deity still uses the eye of control, weakening the willpower of the leopard ancestor, but the continuous use of the eye of control, so that his eyes are slightly sputum, this is because of the excessive sequelae of sputum consumption.

The savage leopard ancestor is not the middle of the second robbery, very difficult to entangle, if Ye Xuan alone to deal with, I am afraid that only the war of attrition.

Unfortunately, Ye Xuan has two good helpers.

"If we don't surrender, we will join you to kill you!"

Ye Xuan said in a cold tone.

Chapter 827: Two robbery

"If we don't surrender, we will join you to kill you!"

This sentence fell in the ears of the madman's ancestors, but it made his heart shaken. He was seriously injured, and his strength was reduced by at least 40%.

With only 60% of his strength, he is absolutely unable to escape the three pursuits of Ye Xuan.

"The eye of control!"

Ye Xuan used the eye of control for the last time. His power consumption was too large. This is the last time. If it is not successful, then he can only kill the mad leopard ancestor.

Fortunately, this mad leopard ancestor was afraid of death, so he was recruited.

"Hey, take control of success!"

Ye Xuan's mind sounded a tone.

In fact, Ye Xuan is ready to use that point of advanced points, added to the blood of the Tianyan Protoss, which can enhance the ability of the eye, after all, he and the other side are two realms, there is a supreme robbery.

But now it seems that it is not needed.

"See the host!"

The savage leopard ancestors said with a wound that continually spurted blood, respectfully said.

Now, the five places in the eyes of the control have been used.

At this time, Ye Xuan suddenly took out a jade bottle and lost it. This jade bottle contained his blood.

He has the blood of the \*\*\*\* of life, the supreme body that can be quickly treated, much better than those of the medicinal herbs.

The mad leopard ancestor also caught the jade bottle, and did not want to, did not directly drink Ye Xuan's blood, and then his wound began to recover at a speed visible to the naked eye.

"This....."

The savage leopard ancestor, the snake charm old man and Yan Xinyi were shocked. What kind of medicinal medicine is this, so that it can recover the supreme gold body so quickly?

"Not bad."

Ye Xuan is very satisfied, he thinks that the choice of blood is still good.

Sword God blood, enhance a lot of attack power and perception.

The blood of the beast and the attack on the Orcs are raised again.

The blood of the \*\*\*\* of life is quick to recover.

Gemini blood, has two lives.

The eye of the gods and the blood of the gods, all kinds of heavenly eyes, powerful to burst.

He has now merged five kinds of blood, two auxiliary blood, two physical blood, one battle blood.

The last battle blood extension bar, expensive even his eyes are about to see flowers, not now can buy.

The blood is not expensive, but the extension bar is particularly expensive, and it only assists the blood extension column and the body blood extension column. The latter is 100 million times more expensive than the former.

"I still have a lot of this kind of healing medicine, you all have it!"

Ye Xuan suddenly took out a lot of blood bottles, and now he is a mobile blood bank.

As the realm improves, the blood effect of his life tree will also increase. However, these blood bottles will greatly reduce the effect on those who are too high.

Yan Xinyi's eyes are all bright, everyone has received a hundred blood bottles and made a big profit.

After seeing the eyes of the three people, Ye Xuan suddenly saw a way to make money, that is, selling blood.

"Crazy ancestor, give me your best," Ye Xuan directly ordered.

The mad leopard ancestor is now conquered, even if Ye Xuan let him commit suicide, he will not hesitate, immediately throw the ring to Ye Xuan.

"Not bad!"

Ye Xuan smiled and closed his mouth. It is worthy of being an ancestor of the sacred dynasty.

After Ye Xuan took the good things inside, he returned the 乾戒戒 to the savage leopard ancestor.

"Hey, the host got a smashing sigh, and the current success rate is eighty-three percent!"

The system prompts.

"About 83%?" Ye Xuan's eyes slid directly into the body and then glanced again.

The success rate of the robbery, 100%!

Enhancing the strength of 10% does not mean a 10% increase in the success rate of the robbery. After all, the strength will increase by 10%, and there will be great changes.

"You give me protection, I want to rob!"

When Ye Xuan finished, it fell directly to the floor.

"Hey, start the robbery!"

The three savage ancestors looked at each other and immediately fell down to help protect the law.

The strength of heaven and earth began to gather rapidly, and the two were robbed. There were two robberies, and the power of each robbery was more than a hundred times stronger than the one.

Ye Xuan waited so quietly, the dragon gold armor did not help him.

Soon, the robbery was condensed.

The cold mang in the sky flashed.

"Boom!"

A robbery smashed down and was in the middle of Ye Xuan's brain.

"Zizizi!"

Ye Xuan can hear the sound of electric current, but he has a strong and supreme body, and he is not afraid of this robbery.

A heavy robbery, finished!

Heaven and earth have begun to condense the second robbery.

"The host is really powerful. I thought that when I was robbed, I was seriously injured by the first robbery. The second robbery was also lucky, and he even took it so easily."

The mad leopard ancestors said shockedly.

"This is nature. The future of the master is boundless. We can follow him and be able to get rid of it."

The snake charm old man also quickly took a slap in the face.

As for Xinyi Yi, she looked at it silently. She didn't like to talk, and she didn't flatter her face, but she still admired Ye Xuan from the bottom of her heart.

"Boom!"

The second robbery fell and fell on Ye Xuan's head again.

"Hey, the host has successfully robbed and is reshaping the Supreme Golden Body!"

Cross the robbery, success!

This two-fold supreme robbery is not difficult for Ye Xuan.

"Imperial hegemony is powerful, I feel that I am remodeled after the supreme gold body, perhaps even stronger than Yan Xinyi?"

Ye Xuan blinked and waited quietly.

In a short while, the Supreme Golden Body is remodeled.

At this time, Ye Xuan suddenly looked at the snake charm old man and said: "You hit me with a punch and use boxing."

The snake charmed old man who heard this said, and nodded, "Yes, master!"

"Huh!"

The snake charm old man punched out, the wind hunted, this punch, directly hit the body of Ye Xuan.

"boom!"

Ye Xuan was bombarded by this fist and squatted in the canyon wall.

Not long after, Ye Xuan came out and there was no injury. This is not because the life tree blood has repaired the injury, but he has not been injured.

"It's so strong."

Ye Xuan was also shocked. The same level of the snake charm old man, with a half-fisted boxing, he could not break his supreme gold body, which means that he even stood there to play the snake charm old man, the snake charm old man also Unable to break the defense.

"If I open the eyes of eternity and concentrate all the key points on my eyes, I am really not dead!"

Ye Xuan is very excited.

After opening the Eye of Eternity, the other party must destroy Ye Xuan's two eyes in order to kill him, and the speed is faster, otherwise the blood of the life tree will recover.

However, if he does not say, who knows his vitality in the eyes?

The key shift, this means that even if Ye Xuan's head is cut off, it will not die, the broken heart will still move, and then rely on the blood of the \*\*\*\* of life to restore the injury.

It is simply invincible!

Chapter 828: Big marriage

The individual blood vessels are actually okay, but after these blood vessels are combined, they are metamorphosis, such as the blood of the sword \*\*\*\* and the blood of the beast god, the blood of the \*\*\*\* of life and the blood of the twins...

"Crazy ancestor, do you have more dragons in the sacred sacred dynasty?" Ye Xuan suddenly asked.

The singer's ancestors heard the words, and shook their heads: "Not much, I was used to promote the supreme gold body, otherwise I will not personally come to the Sun Dynasty."

"Ok....."

Ye Xuan rolled her eyes.

The most important thing about a sacred dynasty is the dragon movement. If the whole dragon is strong, then the heaven and earth in the sacred world will be more abundant, and those heavenly treasures will be more likely to appear.

On the other hand, if the Longyun is reduced, the land of the Holy Land will become increasingly barren, and the strength of the entire country will decline.

It is a pity that the savage leopards that Ye Xuan killed have consumed a lot of dragons, otherwise if they are concentrated, his supreme body can be raised again.

"You three, come back to the emperor with me!"

Ye Xuan said.

At the moment, he is with the three people, and the almost forgotten Supreme Mid-Snake Mermaid Supreme, and rushed back to the Imperial Capital.

The crisis of the sacred dynasty this day is a thing of the past.

Prior to the commitment of General Spike, Ye Xuan was completed with the assistance of the Emperor of Japan, and now the Ghost Religion has been destroyed.

It is a pity that the Emperor Yanyan was secretly killed.

After Ye Xuan returned to the Imperial Capital with a few servants, Tai Shang Huang was shocked to vote for the five bodies.

The name of the madman's ancestors, he heard, but such a monk was conquered by Ye Xuan, which is too horrible.

Now, the Emperor Yanyan is dead, and the Emperor Taishang has already retired, so the position of the emperor was handed over to the innocent six emperors.

And Ye Xuan, also looked back to the East.

Fortunately, this time it was a shock to him, otherwise it would be terrible.

Before he promised to the Song Dynasty and Guan Lan, after breaking through to the Supreme and then getting married, now he has finally achieved the supreme, so he is to fulfill his promise.

After returning to the East Continent, Ye Xuan also directly found a place, and then directly established a city. Because he was originally a soil property, it was very easy for him to build a city.

This city is called Lianyuncheng.

He also does not want to let Ye Chong and others go to the main mainland, because there is too much danger there, and as long as there is a dragon transport, the world of the East China will not be worse.

Then, he used the obtained ore to create three thousand wolf teeth to ride out. These three thousand wolf teeth ride, all of which are the fighting power of the seal.

The combat power of 3,000 seals is very powerful for the average person, but in fact, anyone who comes to a supreme and early stage can wipe it out.

At the same time, Ye Xuan also let the mad leopard ancestors leave a martial art. This is the practice of the royal leopard sacred royal cultivating, and can also use the dragon to enhance the physique and cope with the robbing.

As for the dragon-shaped gold armor, there is a phagocytic system, which is naturally mass-produced.

The forging material of the dragon-shaped gold armor is rare, but for Ye Xuan, it is nothing.

After the construction of Lianyun City, Ye Xuan also sent invitations to major forces.

He is the supreme, the strongest of the entire Eastern Continent, his affair, and naturally the wind and the light.

The news is very fast. Although many people don't know who Ye Xuan is, I can hear that Ye Xuan is the supreme powerhouse who surpassed the virtual gods. The name Ye Xuan immediately became a well-known name for women and children.

The big day has not arrived yet, there are a large number of guests visiting, but Ye Xuan has no other people in Yuncheng, so there are many rooms.

The guests of this banquet came from all corners of the country, the Sword God Palace, the Beastmaster Palace, the War King Hall, the Female Emperor Pirates, etc. Anyway, they all knew each other. Not only that, but the families and forces that they want to come to can also come by themselves. Ye Xuan is welcome.

Those people are thinking about seeing the Supreme side, so this time Ye Xuan is married and has come to tens of thousands.

Tens of thousands of guests came to the wedding reception. This scene is the first time in the East China.

Tomorrow is the day of Ye Xuan's great joy.

At this time, in a room in the main city of Lianyuncheng.

Ye Xuan sat on the bed with a smile, squatting on the shoulders of two beautiful people beside him, saying: "The Bible, the language, we will be married tomorrow, nervous?"

The two beautiful women heard the words, and the pretty faces were slightly reddish and extremely shameful.

Although the strength of both of them has reached 10% of the seal, in the East China, it is possible to call for the rain, but in front of Ye Xuan, they are two small women.

It is impossible to say that you are not nervous.

Ye Xuan suddenly recalled that when he passed through, his body was only fourteen years old. Now, at the end of his eyes, he is twenty-three years old. It is almost speedy.

The most important thing is that whether it is the Song Dynasty or Guan Lan, the age is bigger than him. He even married two beautiful royal sisters to go home. This is something he would never think of.

"Ye Xuan, do you want to marry us alone tomorrow, or..." At this time, Song Tsung suddenly turned to the United States and whispered.

Ye Xuan understood what she meant and immediately smiled and said: "Of course it is a person, but when you are in the house, look at the situation..."

As soon as this was said, the two women's little faces were reddened.

They wouldn't have thought that Ye Xuan's avatar was not a jealousy, but the same existence as the deity.

Just right, they also have two.

"Tomorrow's brother is also going to be married. At that time, we want to rob together!" Song Congjing suddenly turned his head.

Song's brother's Song ruling also took over his wives. In the Great Song Dynasty, the 18-year-old Song ruling was already married to several wives, and then met in the deep sea palace. Got to the sea princess of Tioman, and then, the blue moon, the king of the war.

Therefore, the Song ruling, like Ye Xuan tomorrow, suddenly smashed two beautiful women.

However, there is still a special protagonist to marry tomorrow, that is, Ye Chong. The object, naturally, is Lin Wen Yue, the great elder of Lingxiao, and of course, Jiang Xinyu.

Before Ye Chong and Jiang Xinyi were married, there were no people at the time, only two of them. Now, the King of the King has no ability to block Ye Chong, so I will worship again.

In addition, Lin Wen Yue is finally recognized, it is gratifying.

"Father and ruling that they have also been sealed up by 10%, plus the dragon transport that I have given you, it is absolutely not a problem to have a great annihilation!"

Ye Xuan nodded.

The supreme robbery is difficult for people who have no background, but Ye Xuan has a dragon-shaped gold armor and a lot of dragons.

The most important thing is that he has killed so many supremes, and those who are purely out of the woods can make a half-step supreme physique rise to resist a thunder.

Chapter 829: Yin and yang ancestors

Ye Xuan estimated that the Song Dynasty, Guan Yulan, Song ruling, Ye Chong, Jiang Xinyu, Qinghuo, Xuanzhongshan people, etc., can already be broken.

After the big marriage tomorrow, it is better to break through together and achieve the supreme together, becoming the legend of the East China.

More than a dozen people broke through to the Supreme, which can definitely be passed on through the ages. After all, the former strongest in the East China is also the virtual god, only half a step above the virtual god, and then the supreme .

That night, Ye Xuan was taking two women to sleep. When the next day came, the outside was full of excitement.

Today, it is Ye Xuan's big day, but he is very busy, as long as he is married, he will appear in awe-inspiring manner.

To this end, he also deliberately went to the Sun Dynasty to capture a supreme sacred beast, this only sacred beast called the sacred flame dragon, is a kind of red dragon, just in line with this happy event.

In addition, there are three colorful birds, they are also the supreme sacred beasts. The colorful birds will leave a rainbow of seven colors, very beautiful.

The mixed red flame dragon is Ye Xuan sitting himself, and the three colorful birds are naturally reserved for the six brides.

At this point, those guests are already starting gifts.

The people who started at the beginning have a lot to come. The strongest nature is the Sun Dynasty, then the Temple of the Sword, the Temple of War, the Temple of the King, and the tens of thousands of guests. There are thousands of powers, but everyone is a master. The gift time is not long.

With Ye Xuan's wealth, it's not something that can be moved by ordinary things, so I don't care so much. Just take a form.

After the gift is given, the guest is seated.

Then, in the sky, a dragon screamed and fell into everyone's ears.

"Look!"

Everyone turned their heads and saw that there was a red dragon on the horizon. The dragon that was only the ones was shocking. Everyone was shocked.

"What a terrible momentum, what is this virtual beast?"

"Hey, you are an idiot, who is the protagonist of today? That is the supreme, will he catch a virtual beast? The worst is the supreme sacred beast?"

"What is the ultimate sacred beast, it must be the Supreme Beast!"

The guests have talked about it.

Indeed, only the Supreme Holy Beast can be worthy of the upper leaves.

In order to make a handsome appearance, Ye Xuan deliberately let the red dragons fly slowly, and it is hard to install them once, naturally they have to be taller.

After the close of the red flame dragon, the talents know how big the fire dragon is, and a wing will cover the entire Lianyun city.

Then, on the back of the red flame dragon, three figures were laid down, namely Ye Xuan, Ye Chong and Song Ruling.

"Three brides are here!"

The guest's eyes lit up.

However, their attention is almost concentrated on Ye Xuan.

"Supreme, is that supreme? It feels no different from us."

"Crap, the Supreme is also a human being. It seems of course that it is no different from us. However, if he wants to kill us, I am afraid that it will be able to explode our heart by the momentum."

"Is it visible? The people at that table are the guests of the Sunshine of the main mainland. Even if the forces of the entire East Continent and the rioting Xinghai add up, they will not be able to compete with each other!"

Ye Xuan fell down and even stepped into the palace with countless red lanterns.

There are already many people in the palace.

Lianyuncheng Yejia, Rift Yunzong and the Rift Cloud Pirates, Lingxiao House, the Great Song Dynasty, the Deep Sea Palace, the King of the War, the War King Hall, the Sun Yan Dynasty, the Xuanzhong Mountain, etc., are the brides and grooms anyway. Directly related.

Among these forces, the strength of the younger generation is also high and low, low but only virtual, but strong has reached the supreme, such as the six emperors, he broke through some time ago.

In order not to make a noise, so Xin Xinyi and other aliens are guarding elsewhere.

"Well, please the first bride!"

After seeing the arrival of Ye Xuan, someone shouted, and then, the sky was plucking a colorful figure.

The first colorful bird, carrying Jiang Xinyu and Lin Wen Yue came.

"Please ask the second bride!"

The second colorful bird, carrying the blue Princess of the sea, and the blue moon of the king of the war.

"Please ask the third bride!"

This last colorful bird, the nature that is carried is the Song Dynasty and Guan Lan.

Since they are all their own people, it is enough to worship together once in a while, saving trouble in the province.

Three colorful birds, set up three bridges of the rainbow, seeing the guests under the dazzling, this debut way is not said.

On the day of the big day, the bridegroom is three and the bride is six.

Song Chongjing, Guan Yulan, Jiang Xinyu, Lin Wenyue, Tioman, and Blue Moon all wore red dresses. After they appeared on the scene, the people present were all bright eyes, and an idiom floated in their minds. Lang Cai female appearance.

Although Jiang Xinyu has been a mother, but this time, she is also a blush, a tweak look.

Ye Xuan and Ye Chong looked at each other and immediately laughed.

"Starting to worship!"

The six women each went to their own wishful Lang Jun, Song Zongjing and Guan Yulan were also on the left and right sides of Ye Xuan.

"A world!"

"Two worship high church!"

"The husband and wife are worshipping!"

"Send in..."

However, it is at this time.

"Ha ha ha ha..."

Suddenly a yin and yang laughter fell into everyone's ears.

"Ok?"

Ye Xuan was furious, who dared to laugh at this time?

If he is found out by him, he must have a meal!

Everyone was shocked and began to look for the source of the laughter.

Ye Xuan began to sense directly, and found that no one in Lianyuncheng laughed at Zhangkou.

So where did this laughter come from?

"what happened?"

Ye Chong asked.

Just as his voice fell, there was a figure in front of the palace gate.

This is a young man in red and blue robes. The age seems to be around 80. However, after Ye Xuan saw him, the whole person was stunned.

His insightful eyes could not see through each other!

"Dare to ask you is..."

Ye Xuan hurriedly stood up and respectfully clenched his fists.

He initially estimated that the youth in red and blue robes, at least three sacred supreme.

"go away."

Unexpectedly, this mysterious youth dawned, and Ye Xuan was flying out.

How can this be?

Everyone was shocked.

With a single look, I will take the second slain of Ye Xuan, what is this ability?

"Ha ha ha, the perfect yin and yang twin physique, finally let me find, perfect, really perfect."

This mysterious young man laughed happily, his voice was very weird, and he would be sharp and sharp for a while, as if there were two people in his body.

Chapter 830: Heavenly fairy

After hearing the words of this mysterious youth, everyone present at the scene reacted. This person came from the Song Dynasty and the Song ruling.

"Fast, just worship me as a teacher and become my apprentice. I can make you become as powerful as I am!" The mysterious youth said with some eagerness.

Song Congjing was too lazy to pay attention to him now, and hurriedly and acquainted with Lan to the side of Ye Xuan, who was seriously injured by a look, and asked carefully.

At this time, Ye Xuan has also understood that the other party is not the three robbers supreme.

I am afraid that the other person can kill him with a look.

"Who are you, who are you?"

Ye Xuan asked again.

"Well, I will tell you, I am a yin and yang ancestor, I have seen them both, I want to accept them as a disciple, I will close my mouth when I know each other. Not everyone can be accepted as an apprentice by my yin and yang ancestors." "This mysterious youth said coldly.

Yin and Yang ancestors?

Ye Xuan quickly searched the memory, but did not hear the name.

However, he can guess that the yin and yang in the yin and yang ancestors refers to the yin and yang twins.

On the edge of the Song Dynasty, the face became extremely pale, and the other side could seriously damage Ye Xuan. The strength was terrible. If she did not, everyone here would probably die.

"Okay, I promised!"

Song Dynasty was not a fool, she immediately agreed.

"I agree!"

The Song ruling also understood this and said in a hurry.

"Ha ha ha ha..."

After hearing the answers of the two people, the yin and yang ancestors laughed again. In his laughter, there were actually two voices.

"Sister, we finally found a perfect yin and yang twin physique. How long have you been talking about it?"

Yin and Yang ancestors suddenly said.

In this case, I heard the glimpses of the surroundings.

This yin and yang ancestor, and sister?

However, the next moment, everyone present was frightened.

I saw that the yin and yang ancestors spoke on their own, but it was the voice of the woman: "Brother, it has been two hundred and thirty years."

hiss!

The people present were wide open.

This yin and yang ancestors, ask themselves?

Not only that, but in two hundred and thirty years, it was also a shock to the people present.

Among the people present, the oldest is also a hundred years old, and this yin and yang ancestor is looking for this perfect yin and yang twin physique, looking for two hundred and thirty years, then how old is his age?

However, Ye Xuan's attention was not in the two hundred and thirty years, but in the voice of the yin and yang ancestors.

"No, this yin and yang ancestors, is it a hermaphrodite?"

Ye Xuan's face changed greatly.

He estimated that this yin and yang ancestors may have two people before, that is, the yin and yang physique like the Song Dynasty and the Song ruling, and then cultivated a certain practice, two people share a body.

Thinking of this, Ye Xuan was panicked.

"Ha ha ha, not much nonsense, you two go with me." Yin and Yang ancestors said, is prepared to take the Song Dynasty and the Song ruling to leave, there is no scruples.

"Slow!"

At this time, Song Chong suddenly shouted.

"Why, do you think this kid can see you again?"

The eyes of the yin and yang ancestors sighed and said: "There is a two-role supreme in the district, and it is still in this small place to be king."

"go!"

The next moment, there was a gust of wind in the hall. When Ye Xuan heard the voice, the Song Dynasty and the Song ruling had disappeared, leaving the wrong people.

"Do not!"

Ye Xuan climbed from the ground and snorted and chased it out.

However, even though he has the eye of perception, he can't find the scent of the yin and yang ancestors.

Last time he went to the king's palace to marry, but this time, he was actually robbed, and the opponent is still a mysterious strong man who does not even have the ability to fight.

Ye Xuan, like a madman, swam around Lianyun City, but he could never find the yin and yang ancestors, and the Song ruling brother and sister.

The people in Lianyuncheng were also shocked. They were a supreme and even robbed their wife by a mysterious master. What is the situation?

Ye Xuan split out a avatar, and then found a whole half-day on Lianyun City, still can not find.

This is trouble!

If other people, Ye Xuan is not worried, but the yin and yang ancestors yin and yang, the two brothers and sisters share one, which can scare Ye Xuan.

The other party obviously did not want the Song Dynasty and the Song ruling to have a relationship with Ye Xuan, a country boy, so he took it away.

"Damn, what now?"

Ye Xuan screamed in his heart, and quickly used the eyes of control to convey the message to the savage leopard ancestors.

The mad leopard ancestor is now his servant and may know something.

In the eyes of control, there is some mysterious connection between the controller and the controlled person, so the mad leopard ancestor quickly found it.

"the host!"

The leopard ancestor said respectfully.

At the moment, Ye Xuan told the situation at that time, and after the singer's ancestors listened to it, it was also eclipsed.

One look, I will fly the two sacred Ye Xuan, what is this strength?

"Master, this yin and yang ancestor, I have not heard of it, perhaps the strong man of a human intermediate sage!" said the savage ancestor.

"Intermediate holy dynasty?"

Ye Xuan's eyes are awkward. If it is an intermediate sacred sect, the gap between him and the other party should be small.

However, he always felt that something was wrong, and that yin and yang ancestors might not be as simple as Supreme.

"Right, that day is a fairy!"

Ye Xuan suddenly remembered a person.

On that day, the sect of the immortal, even the supreme strong can not pass, the six emperors of the Japanese Yan Dynasty and other people came from the riots of the sea.

Therefore, the old man is very strong that day, he may understand.

At the moment, Ye Xuan's deity is to go to the Great Wilderness, and the avatar is to go back and appease the emotions of his loved ones.

Before the Great Wilderness was a trouble, but with Ye Xuan's current realm, he could come and go freely in the wilderness.

However, how can he find the gods?

In any case, he still finds the position where the gods appear on the day, and the array there still exists.

Ye Xuan looked at the line of law, and shouted loudly: "The younger Ye Xuan, please see the seniors!"

His voice is very loud. After all, he doesn't know where the old man is, just to try his luck. If the old immortal does not appear that day, then he will go in.

However, what surprised him was.

"Come in with the light."

There was an old man's voice coming in. Then, Ye Xuan saw a sky-light beam, which seemed to be very close and seemed to be far away.

Ye Xuan was overjoyed and hurriedly thanked: "Thank you for your predecessors!"

This is his first time entering the formation, but the formation does not exclude him.

He quickly went down the light column and found out that the depths of the wilderness were terrible.  
He flew for an hour and found the light beam.
