

Super D. S 831

Chapter 831: Coming to the Fox

After Ye Xuan found the light beam, he was boiling all over the body, because his perceptual eye sensed that countless shares were stronger than him!

Great wild demon!

"How come, all are supreme?"

Ye Xuan was shocked. The demon people in the deep mountains underneath all reached the supreme. He flew all the way, and he felt the atmosphere of hundreds of supreme levels. There was a lot of breath, and he was oppressed. The heart beats quickly.

You must know that the demon people at that time did not even have the illusory emperor. There were only a few demon kings of the nine-level king.

But now...

"The sky is a fairy, not a leisurely generation!"

Ye Xuan swallowed the swallow and quickly fell into the beam of light. The next moment, the picture in front of him was changed and appeared in front of a log cabin.

At this time, the stone table outside the log cabin was already sitting on a white old man, the day that appeared on the day.

"I have seen seniors!"

Ye Xuan hurry to hold the fist.

The old man looked at him and said slowly: "When you come over this time, I want to ask the yin and yang ancestors?"

Ye Xuan's heart trembled. This day, the old immortal is not an ordinary person. He can not only hear his voice so far, but also know what happened in Yuncheng.

"Yes, please let the seniors know!" Ye Xuan said quickly.

"It's useless."

The old man shook his head. "Your realm is too low and too low. Even if you tell you, you can't find it. If you want to find it, you must at least break through the supreme."

"Breakthrough Supreme!"

Ye Xuan was frightened. No wonder he felt that it was wrong. It turned out that the yin and yang ancestors were really super-supreme superpowers.

So, what is the realm after Supreme?

"This time the yin and yang ancestors came to the East China, it is also my negligence. Later I will close the entire East China Sea together with the riots of the stars, and outsiders are not allowed to enter, which is to protect."

The old man said, suddenly took out a round jade, and threw it to Ye Xuan: "The answer is on this. When you have enough realm, you will know. You don't have to worry, that is yin and yang. Although the martial arts practice is different, their two realms are too low. It is not so easy to fit together. Moreover, an important condition for the fit is the unification of the soul and soul. If they are mutually exclusive, then the yin and yang ancestors are Will not succeed."

Hearing this, Ye Xuan is also relieved.

Song ruling two brothers and sisters, how could they compromise?

"Thank you for your predecessors!"

Ye Xuan quickly thanked.

The gods did not speak, but they smashed their hands. Then, the scene in front of Ye Xuan changed again.

He returned to the outside of the battle.

"This day is a singer, who is it, how to use it!"

Ye Xuan has been completely shocked. He feels that the gods are more powerful than the yin and yang ancestors.

However, there is no time to think about it now.

"The rulings and rulings are caught. Because of the realm and the frequency of the soul, they will not become the next yin and yang ancestors. However, I have to hurry and must become stronger as soon as possible!"

Ye Xuan thought in mind, it was leaving directly.

At the same time, his avatar also told the people of Guan Lan and others. His deity is directly to the main mainland with a few Xin Yiyi.

.....

East China's Lianyun City.

"Ylang, sorry!"

Ye Xuan's avatar said.

Guan Lan silently shook his head and said: "It is important to find a cut."

This happened, no one expected. Now, Ye Xuan is not looking for his fiancée, but his new wife.

He has already thought in his heart, if he is allowed to find the yin and yang ancestors, he must pull out the other's skin.

At this time, next to Ye Xuan, there are Ye Chong and others, as well as Tioman and Blue Moon. They both just married the Song ruling, but the Song ruling was directly taken away, and the heart was very uncomfortable.

"Do not worry, I will bring them back."

Ye Xuan solemnly said.

Although I am very sorry about Guan Lan, but this happened, he still has the mind to go to the cave?

.....

Ye Xuanben respects the new Sun Yan Dynasty who returned to the main mainland. Now he has to plan.

"In the Sun Dynasty and the Panthers, I guess I can't improve any more. If I want to improve, I have to go to the intermediate sage."

Ye Xuan thought about it, it was to go directly to No. 1 Hell, his current plan is to go to the Fox Meisheng.

Strength, as long as he has the strength, he will be able to find the yin and yang ancestors and save the Song Dynasty and the Song ruling.

Ye Xuan re-entered the Fox Mei dynasty. When he returned, Yan Lie and Gan Feng also integrated the Lianxin tribe and the Bairi tribe. The new tribe was named Lianyun tribe.

At this time, in a deep mountain outside the Lianyun tribe

"Master, the Lianyun tribe has been completed."

He sighed on one knee and reported it.

"Very good, there are some things here, I want you to help me investigate!" Ye Xuan directly threw a few sheets of paper.

There are two things he wants to investigate, one is the yin and yang ancestors, and the other is the necessities of the opening of the eyes of the gods.

These necessities are very rare, and it is not bad to have three in the places of the Sunshine.

After all, the Sun Dynasty sacred dynasty is a subordinate sacred dynasty. The overall dragon movement is not high, so there are not many natural treasures that can be born.

But the fox sacred dynasty is not the same. This fox sacred dynasty is an intermediate pilgrimage, which is more than a hundred times stronger than the Japanese sacred dynasty.

"Yes!"

Nodded strongly, and immediately left.

However, just as Ye Xuan was going to wander around here and find out if there was any place to experience it, suddenly a strong breath was captured by him.

"Well? Who is it?"

Ye Xuan brows, these people, seems to be going to the Lianyun tribe.

"The two two robbers in the middle of the Supreme, the five robberies in the early stages of the Supreme, what is this going to do?"

Ye Xuan changed his face and hurriedly took the three people in the past.

This Lianyun tribe was established by him. He also expected the Lianyun tribe to help him inquire about the news, but it could not be extinguished.

At this time, Meng Lie has returned to the Lianyun tribe. Not long after, he felt the strong atmosphere.

"Gentle, come out and see me!"

An old voice fell into the ears of more than two thousand people in the Lianyun tribe.

After hearing the sound, the figure was also trembled, and then quickly flew out.

"It turned out to be Cao Daren of the Wild Male Tribe. I don't know if Cao Daren came to the Lianyun tribe. What is it?" He did not humble and replied.

"I just heard that you and the Bairi tribe have joined together. It turned out to be the Lianyun tribe." The fox-family old man who was headed said with a smile: "I don't care, I am coming today, I am taking the life of my young patriarch. girl's."

When I heard this, my face changed and my heart trembled. He had already guessed the other party's intentions.

Chapter 832: Attack

The girl in the mouth of the fox old man was naturally a fierce daughter, Yan Xinyi. At that time, the young patriarch of the ridiculous tribe happened to meet Yan Xinyi and fell in love at first sight, so she wanted to be her.

Today, this old Fox family is coming to the bride price.

The reason why Yan Xinyi went to the Sunshine Holy Age was to hide the young patriarch of the wild male tribe.

"Sorry, I don't know where Xinyi is now." Yan Li said quickly.

"Hey, I heard that, the girl also joined forces with you to go to the Bairi tribe on the same day. Now you and I said that people don't know where they are? Didn't you hide her?" The old Fox family said coldly.

The sorrowful heart once again trembled, he did not hide in Xinyi, but the owner of Yan Xinyi is Ye Xuan, and he did not know what to do at this time.

"Don't dare." hurriedly said.

"I don't dare to forgive you. The bride price is here. When the girl returns, I will go to my wild male tribe to marry the young patriarch."

After the fox family lost a ring, they went straight to it, and they did not give a chance to refuse.

After they left, Yan Lie also quickly took the Qiankun ring to find Ye Xuan.

"what happened?"

Ye Xuan originally wanted to shoot, but he did not expect the other party to come to the tribe.

He hurriedly said the matter, and after listening to it, he also exclaimed: "Is he?"

"Oh? The young patriarch of the wild male tribe, want to marry Xinyi?"

Ye Xuan is a bit strange, he took a look at the Qiankun ring.

Hey, there are a lot of gifts.

This thing in the ring is as good as what he has collected from the lion's ancestors.

"Master, you mean..." he asked.

"Although you are my servant, I respect what you mean, Yan Xinyi, what do you think?" Ye Xuan asked.

If Yan Xinyi agrees, then everyone will be happy. If Yan Xinyi refuses, then the Lianyun tribe is in danger. After all, there is a strong man in the wild male tribe.

When Yan Xinyi remembered the virtue of the young patriarch of the ridiculous tribe, he replied directly: "I don't want to!"

The young patriarch of the ridiculous tribe has already received more than a dozen shackles and is very romantic.

"Well, if that's the case, then there is only one way to kill those people!"

Ye Xuan's light flashed and said: "This time, the five of us went directly to kill the team!"

When I heard this, Yan Lie and others were shocked.

Only the team, but there are two supreme two mid-terms, and five supreme ones.

On the side of Ye Xuan, except for Ye Xuan's words, the singer's ancestors were in the middle of the Supreme Second. As for the fierce, Gan Feng, Yan Xinyi and the snake charms, they were all in the early days.

However, now Ye Xuan has broken through to the second robbery, and it is extremely easy to deal with a supreme second.

"Okay, go, stop them!"

Ye Xuan was not worried at all. He called Gan Feng directly and chased him up.

The speed of the other party is not fast, and everyone easily rushed up.

"Ok?"

The old man of the ridiculous tribe turned around and saw that he was coming with someone.

At this point, the snake charm old man has become easy to accommodate a human appearance, Ye Xuan is also a human.

However, the mad eagle ancestor is unable to disguise, can only wear a black cloak, hide the breath, hidden not far.

"Hey, what about the girl?" The fox old man's eyes lit up.

"Cao Daren!"

Hurry and say hello.

"Since the girl is coming back, go back to the wild male tribe with me." Cao Daren said.

"Yes!"

Yan Xinyi pretended to agree and relied on the past.

"Cao Daren, your route, it seems that it is not going back to the wild male tribe?" At this moment, he asked again.

"Yes, I have to go to the Shuiyuan tribe." Cao Daren nodded, no doubt at all.

"What about the Shuiyuan tribe?"

Ye Xuan blinked his eyes. It seems that what Xin Xinyi knows should be true. This Cao Daren may go to the Shuiyuan tribe to appoint.

"Exactly, we have to go to the Shuiyuan tribe, we are together with Cao Daren." Yan Li said with a smile.

"Yes, let's go."

Cao Daren did not have any doubts.

The five people of Ye Xuan relied on the past. Because the mad priests were not there, they could not attract the attention of Cao Daren.

However, just after Ye Xuan approached.

"kill!"

Ye Xuan's mind immediately gave a killing order to Yan Lie, Yan Xinyi, Gan Feng, the mad lion ancestor and the snake charm old man.

At that time, the wind is coming!

"Huang Tianjian, Sword Emperor!"

Ye Xuan directly sacrificed the Supreme God Soldier and attacked an early Supreme II behind Cao Daren.

His attack is enough to kill his opponents, even if it is a level, it can at least be seriously injured.

At the same time, Yan Lie, Yan Xinyi and Gan Feng directly directed the same person.

The Cao adults did not react, but two people fell from the air, all of which were the first of the Supreme Second.

At this time, only two of them were in the middle of the Cao Daren team, and the three Supreme Seconds were in the early days.

In fact, Ye Xuan does not need to sneak attack, and if they rush directly to start playing, they will certainly win.

"Gentle, what are you doing?" Cao Daren was shocked when he saw his companion at the same level.

But at this time, the mad leopard ancestor has already killed.

Cao Daren was dragged by the madman's ancestors, and the other middle of the Supreme Second was dragged by Yu Lie and others. As for Ye Xuan, it was a mad killing.

"Do you want to do it with me?"

Cao Daren was furious, and at the same time he couldn't figure out what happened to the mad Leopard family.

At the time of his anger, Ye Xuan has already killed the other three fox masters in the early days of the Supreme Second.

"Do you both choose to surrender or die?"

Ye Xuan said coldly.

"who are you?"

When Cao Daren stepped back, he asked, and he thought that the savage leopard ancestor was behind the scenes, but did not expect Ye Xuan.

"Don't worry about who I am, I ask again, is it surrender, or is it dead?"

Ye Xuan asked again.

"You can't think about it!"

Cao Daren is still the answer.

It's no longer nonsense, it's killing the past.

This Cao Daren's strength is even weaker than the madman's ancestors, and Ye Xuan is now the second robbery supreme, even if he does not team up with the mad leopard ancestor, he can also kill Cao Daren.

"Huang Tianjian, Sword Emperor!"

A cold man was broken, and Cao Daren was dragged by the mad leopard ancestor. He couldn't wait to escape and was directly bombarded.

"boom!"

Cao Daren was recruited, and his figure flew out, but the next moment, he was blocked by people, and he was the ancestor of the leopard.

"Huang Tianjian, Sword Emperor!"

Ye Xuan went out with a sword and directly smashed the heart of Cao Daren.

In the middle of the Supreme Second, Cao Daren, the two swords were killed by Ye Xuan and instantly fell.

Chapter 833: ambush!

Upon seeing it, the other squadron of the Supreme Second Middle Age, who was dragged by the fierce four people, immediately shouted: "I surrender, I surrender!"

At this moment, if he does not agree, he will definitely be the same as Cao Daren.

"Well, if you dare to resist, you will be killed immediately!"

When Ye Xuan said coldly, he would lift the control of the fierce and then control the eyes of this person.

This person thought that it was just a simple surrender, but he did not expect it to be control. He slightly resisted it, but suddenly remembered Ye Xuan's words.

Dare to resist, will be killed immediately!

Therefore, he gave up the resistance directly.

"Hey, take control of success!"

Now, Ye Xuan has also received a middle-class man in the middle of the second.

"I have seen the master, my name is Zhang Wei!"

This middle-aged fox in the middle of the Supreme Second Middle Age said.

Ye Xuan nodded silently and looked to the other side: "Hey, now I let you be free, you don't have to be distracted!"

The fierce heart trembled and hurriedly shook his head: "I absolutely dare not betray the master!"

Although he has been liberated by Ye Xuan, the strength and means of Ye Xuan are not comparable to the average person. He does not dare to have two hearts.

The key point is that Yan Xinyi is still in the hands of Ye Xuan.

Then, Ye Xuan cleaned up the battlefield.

This time, a lot of gains, Cao Daren himself is the middle of the Supreme Second, and also brought two batches of dowry, so there are many good things.

Ye Xuan sorted out these things, usefully swallowed themselves, and those things that promoted spiritual strength were left to Yu Xinyi and others.

He thought about it and finally decided to remove the control of Gan Feng and the snake charmer.

Now, Ye Xuan himself controls this mad leopard ancestor and Zhang Wei, who just received it.

"You three, stay in the Lianyun tribe."

Ye Xuan said to the three people.

"Yes, master!"

The fierce three people respectfully nodded, although the three have been liberated, but still dare not betray Ye Xuan, and Ye Xuan Fang also gave them a lot of benefits, under the hands of Ye Xuan, they will be able to continually rising.

Then, Ye Xuan left with the savage leopard ancestor, Yan Xinyi and Zhang Wei who just received the service. This time his goal is the wild male tribe.

After killing a few of Cao Daren, Ye Xuan's cultivation is a lot of improvement. He estimates that if he wins the wild male tribe, he will probably break through.

"The Wild Male Tribe is a supreme peak, in addition to two mid-terms, one of which is the so-called minor patriarch..."

Along the way, Zhang Wei also explained the power of Ye Xuan to Ye Xuan.

Supreme two peaks, Ye Xuan is enough to block, the two extreme two mid-term, the wild leopard ancestor and Zhang Wei can also block.

However, if you can't fight, you won't fight. Now that Ye Xuan has the eye of control, it is natural to use it.

One day later, the four arrived in the area of the Wild Male.

"Zhang Wei, you go to the little patriarch."

Ye Xuan said to Zhang Wei.

"Yes, master!"

Zhang Wei nodded immediately and then plunged toward the wild male tribe.

As for what reason to find out the patriarch of the ridiculous tribe, it is still used to say that it is natural to use Bai Xin as a bait.

Ye Xuan now only controls three people. After he controls the young patriarchs of the ridiculous tribe, the next step is the patriarch of the ridiculous tribe.

Zhang Wei left, and Ye Xuan, the savage leopard ancestor and Yan Xinyi, are here.

Not long after, Zhang Wei was returned with a fox youth in white.

"The young patriarch, the girl is in the mountain." Zhang Wei pointed to the deep mountain where Ye Xuan was.

The white young man opened his mouth and smiled, rubbing his lips and thinking evilly: "I thought it was more holy. It turned out to be a swaying woman. I still want to seduce me. Is it hard to want to fight a field battle?"

He didn't think much, and flew over the deep mountain.

However, when he flew to the way, he felt that something was wrong.

There is more than one breath in the deep mountains, but three, one of them is the middle of the second!

"ambush!"

The white youth is not stupid, and immediately responded.

But the next moment, his back was hit hard, and Zhang Wei was hit in a punch. The powerful impact forced him to fly forward passively.

At the same time, he also saw three figures flying in the mountains, it is Ye Xuan three.

"Huang Tianjian, Sword Emperor!"

"call out!"

A sniper smashed away and squatted directly on the chest of the young patriarch.

"Oh? There are two brushes!"

Ye Xuan's glimmer of light flashed, and he felt that the Supreme Golden Body of the young patriarch was stronger than the patriot's ancestors.

Although he stayed with his hand, the sword actually only caused the minor patriarch to be slightly injured, which was beyond his expectations.

"who are you?"

The patriarch of the wilderness tribe hurriedly asked.

"you do not need to know."

Ye Xuan's eyes glanced at him, watching the lion's ancestors and Zhang Wei's young chiefs in the middle.

"Want to kill me, just look at your skills!"

The young chief angered a word and killed Ye Xuan.

"Not self-reliant!"

Ye Xuan snorted and saw a sword.

He only underestimated the other party's supreme body, and now he is fully out of the sword.

"The Eye of the Illusion!"

"Huang Tianjian, Sword Emperor!"

The patriarch's state of mind was quite strong, and he quickly cracked the illusion. However, Ye Xuan's attack speed was not the same as that of the ordinary Supreme Second.

"Hey!"

The young patriarchs once again made a move. This time, the chest was directly blown open by Ye Xuan, and the wound was deeply visible.

"The eye of control!"

When the other side was injured, Ye Xuan directly showed his eyes.

However, the fox family can display charm, the mental strength is stronger than the average person, and it is not so easy to control.

"What, you actually..."

The young patriarch was shocked, but Ye Xuan's eye was very concealed. He didn't know who was doing the ghost.

He insisted hard, although the will was very firm, but at this time Ye Xuan took out a sword and beat his stomach.

"You want to die?"

Ye Xuan saw that the second control of the eye failed to start, immediately drink a low sentence.

This sentence touched the minds of the young patriarchs.

Who wants to die?

The third eye of control finally succeeded.

This patriarch of the ridiculous tribe was controlled by Ye Xuan and became the servant of Ye Xuan.

"You treat first."

Ye Xuan lost a blood bottle in the past.

The young patriarchs drunk the blood bottle, and the injury suddenly recovered.

Then, Ye Xuan directly took his shackles and accepted them.

It is worthy of being a small tribe of the big tribe. The net worth is very rich. When Ye Xuan touched the ring, he heard a sound in his mind.

"Hey, the host breaks through, and it's currently in the middle of the second robbery!"

Ye Xuan's mouth is slightly rising. Now, what kind of patriarch is he afraid of?

However, what he wants is to secretly control the wild male tribe, instead of killing the door directly, killing the patriarchs and masters of the wild male tribe.

Chapter 834: Inquire about the message

"You, go call your father."

Ye Xuan said.

"Yes!"

The Shaoxiong tribes and minors nodded directly.

Although it is a bit inconvulable for him to seduce his father, this is the case in the world. It is not bad that Ye Xuan did not directly kill the wild male tribe.

The strong is respect!

This is a term that is well known to women and children.

Soon, the patriarchs led the patriarchs who led the wild male tribes.

"Father, I will give you a recommendation. This is what I learned when I was outside. They want to join our wilderness tribe."

The young chiefs smiled and looked at Ye Xuan.

At this time, Yan Xinyi is already hiding.

"Oh? The leopard family, and the personal class?"

The head of the wild male tribe is bright.

In the sacred sacred dynasty, human beings are not as serious as the sacred sacred sects. After all, the fox sacred sacred control of the Tianbo dynasty, often searching for potential human seedlings in the Tianbo sacred.

"Okay, it's doing very well."

The patriarch of the Wild Male tribe was very happy and said: "I will go back to the Horde immediately and wash the dust for the two!"

"it is good!"

Ye Xuan and the savage ancestors nodded, and immediately relied on the past.

After Ye Xuan approached, he immediately gave orders to the savage leopard ancestors, the young patriarchs and Zhang Wei.

At that time, the wind is blowing!

In the middle of the four great supremes, the patriarch of the wild male tribe was shot.

From the patriarchs, we can know that the patriarch of this ridiculous tribe is very strong, and in a few years it may be possible to cross the triple to rob.

The male and female tribes were shocked and the four suddenly shot, but it was beyond his expectations. After all, one of his shots was his son.

"Boom!" "Boom!" "Boom!" "Boom!"

The four attacks all fell on the heads of the wild male tribes. Even if the patriarchs of the wild male tribes were strong and powerful, they could not stop the attack of the four men.

The most important thing is that Ye Xuan has now broken through to the middle of the Supreme Second.

"Kid, I want to kill you!"

At this time, the patriarch of the wild male tribe suddenly shouted and smashed toward Ye Xuan.

"what?"

Ye Xuan is a bit strange, because the supreme gold body of the ridiculous tribal patriarch is indeed powerful, and he has made a full blow, and even caused minor injuries to the other side.

However, Ye Xuan was not afraid at all. After all, he heard another tone.

His swordsmanship has changed to one and a half!

His sword meaning is that the Eight-Dragon Sword God realized it when he was a virtual god, and the quality was very high.

If the average person gets it, I am afraid that it will not be refining. Even if refining, it will not be completely refining.

Ye Xuan once tried refining and refining. He had no success. Fortunately, his phagocytic crystals were enough to be swallowed.

Special phagocytosis is equal to complete refining.

In short, Ye Xuan's swordsmanship is extremely high.

"Huang Tianjian, Sword Emperor!"

"Booming!"

A sniper, a fist shadow against the bang, produced a huge wave of air, almost the entire mountain tree was shaken.

The qualifications of this ridiculous tribal chief are actually not high, but the boxing has also changed to 10%. Unfortunately, the current Ye Xuan is one-and-a-half of the sword.

"boom!"

The boxing moment was broken up, and Ye Xuan, who contained one-and-a-half of the swordsmanship, fell directly on the body of the ridiculous tribe chief. In the meantime, he spurted a blood and his chest was bleeding.

"One and a half swords, this is impossible!"

The head of the wild male tribe was shocked. Even he only realized the fierceness of 10%, and Ye Xuan actually reached 15%.

"The Eye of the Illusion!"

"The eye of control!"

When the other side was shocked, Ye Xuan quickly showed his eyes.

"I want to control me, this is impossible!"

The patriarch of the wild male began to resist, but he had been seriously injured, and the severe pain made his will be awkward.

"resistance?"

Ye Xuan continued to attack, and another sword emperor with a half-sword meaning fell to the patriarch of the wild male tribe.

At this point, he is already seriously injured to death, and as long as he has another sword, he is afraid to fall.

"I want to control me, impossible!"

The wild male tribe grew up and continued to resist.

Ye Xuan continued to use him for three rounds of the eyes of the ban and the eyes of insight, and the energy consumption was too large. If there is another round of success, then there is no way.

"The Eye of the Illusion!"

"The eye of control!"

However, this patriarchal tribe is somewhat powerful, so Ye Xuan can only give up.

"If you can't control it, then go to hell!"

Ye Xuan's eyes suddenly became cold and he shot directly.

"Do not!"

The patriarch of the Wild Male tribe was very reluctant, because he had fallen in front of his son. The key point was that his son was still under the control of the enemy.

"boom!"

When this sword fell on the head of the Aboriginal tribe, it was to pierce his chest and instantly fall.

When his body fell from the sky, there was no change in the dawn of the little patriarch, as if the dead had nothing to do with him.

"In the future, you are the patriarch of the Wild Male Tribe!"

Ye Xuan said to the young chief.

"Yes, master!"

The young chief nodded.

Then, Ye Xuan quickly passed, and the sacred ring and the body of the patriarch of the wild male tribe were put away.

"Nothing..."

Ye Xuan has some regrets. He wants to get another Tianbao Dibao that opens the eyes of the sky. No matter which one is good.

The eyes of the illusion and the eyes of control are related to the willpower of the enemy, that is, the mental power. However, there is a burning eye in the eye, which can weaken the willpower of the enemy. If Ye Xuan learns this burning eye, Then I am afraid that it will succeed.

However, it is very good to be able to get so many heavenly treasures.

"Yu Xinyi, now that you are free, you immediately return to the Lianyun tribe, bring everyone together, merge with the wild male tribe, and the merged tribe is still called the Lianyun tribe!"

Ye Xuan said.

"Yes!"

Yan Xinyi nodded immediately.

Now Ye Xuan has liberated her, so she is no longer under the control of Ye Xuan.

However, Ye Xuan even killed the strongest of the two peaks, how dare she defy?

"Crazy ancestor, Zhang Wei, you are also free!"

Ye Xuan suddenly liberated the two.

With his current strength, he is not afraid of other people, or saves a good position. At this time, the person he controls is one of the patriarchs of the ridiculous tribe.

At the moment, all of them went to the wild male tribe to be a guest.

"I will check these messages immediately!"

Ye Xuan immediately ordered.

"Yes!"

Zhang Yao, the young patriarch of the Wild Male tribe, nodded, even if he took a few sheets of paper and left the house.

Ye Xuan, in the Aboriginal tribe, is the residence of the clan and looks at a map.

He found that the section of this blood rock continent is really terrible.

In the thousands of years after the derailment of the Eastern Continent and the main mainland, the territory of the main mainland suddenly became dozens of times larger, which made him wonder.

Chapter 835: There is news!

Fortunately, there is a fox woman next to her, she is the wife of the young patriarch Zhang Yao, so Ye Xuan asked on the spot.

"Adult, your map, at least 5,000 years of history. Now there are many strong people on the main continent, looking for islands from overseas, and then pieced together to the blood rock continent." Fox family woman explained.

"Move the island, then fight to the blood rock continent?"

Ye Xuan was shocked.

Even if he is now, I am afraid I can't move an island.

"Do you know what is the realm above the Supreme?" Ye Xuan asked again.

"On top of the supreme, it is a realm called Supreme Three Difficulty, the first is difficult to be physically, the second is difficult to be infuriating, the third is difficult. Every strength, the strength will multiply!" said the Fox family.

"Supreme three small difficulties, is it that the yin and yang ancestors are this realm?" Ye Xuan eyes stunned.

Now he is only in the middle of the second year of the Supreme Court.

Just then, the left patriarch Zhang Yao was back.

"Adult, there is news!"

Zhang Yao is stepping fast.

Ye Xuan hurriedly got up and asked, "Which message is it?"

He asked Zhang Yao to inquire about two things, one is the yin and yang ancestors, and the other is to open the eyes of the sky.

At this time, Ye Xuan even hoped that Zhang Yao would hear about the yin and yang ancestors.

Unfortunately, he was disappointed.

"It is news about Hongyangen!" Zhang Yao said in a hurry.

"Ugh!"

Ye Xuan heard the words, could not help but sigh and asked: "Where is there red root?"

"In Silverwing City, the owner of the Silverwing City recently held a contest meeting. This red root is the second prize in the contest!" Zhang Yao replied.

"The second place reward?"

Ye Xuan brows a pick.

Red root, but the necessity to open the burning eye, as long as the burning eye is turned on, the success rate of the eye of the illusion and the eye of control will be greatly improved.

"What is the reward for the first place?" Ye Xuan asked again.

Zhang Yao immediately replied: "It is the son-in-law who became the owner of the Silver Wing City. The daughter of the Silver Wing City Lord has been married this year. Therefore, the owner of the Silver Wing City wants to find a husband for his daughter. The time is three days later..."

"Oh."

Ye Xuan nodded silently. He had no interest in the 14-year-old Humei Xiaoli. He wanted the red root.

"This time you did a good job, take care of the Lianyun tribe." After Ye Xuan finished, he left.

The Wild Male Tribe is a long way from the Silver Wing City. At his speed, it is estimated that it will take more than two days to arrive.

The strength of the owner of the Silver Wing City is said to have been the peak of the Three Robbers. If you can become his son-in-law, it is a step forward.

.....

The Song Dynasty and the Song ruling were arrested on the day they were married. This is a big blow to Ye Xuan, so what Ye Xuan thinks in his mind is to become stronger.

Only strength can protect your loved ones!

Ye Xuan rushed for two days, and finally arrived in Silverwing City the day before the contest.

"Tomorrow is the day when the silver-wing city owner recruited relatives. This person is strong, I am afraid there will be many people coming to participate. I don't know if I am enough in the middle of the second year..."

Ye Xuan thought about it.

Supreme two peaks, he played, the first three Supreme, should be able to consume.

However, if there is a middle age of the Supreme, then with his half-sword, I am afraid that it will not be able to cause damage to the other party unless it is promoted to two percent.

"I recently played less in life and death, and the sword is slower. This time, I have to exercise hard. It is best to raise the sword again!"

Ye Xuan plans.

In general, the meaning of the sword and the realm can be linked, and the sacred sacred comprehension of the one-hundred sword is considered qualified, and the second sacred sage realizes that the 20% sword is qualified.

He is now in the middle of the Supreme Second, and he has realized that he has become one and a half swords.

If you let the Eight-Dragon Sword God know that Ye Xuan is only one and a half swords, I am afraid that he will kill Ye Xuan. After all, the Eight-Dragon Sword God realizes the Sword in the virtual state, and his sword quality is very high. Far more than those half-step supreme and supreme understanding of the sword.

Soon, the next day was arrived. At the great noon, Ye Xuan followed the flow of people and came to the front of the contest.

It is divided into several links.

In the first round, the sea election, everyone must defeat the three peers when they come to power, or a high-level opponent can pass the customs.

In the second round, everyone needs to defeat a high-level opponent. If there is no higher level in the contestants, the person with the highest level will automatically win.

After these two rounds, the rules of the game set by the owner of the Silver Wing City will be carried out.

"I am now in the middle of the second robbery. If I want to cross the sea, I have to defeat three opponents at the same level. However, this is not the point. The point is that I am a human being. The other party is not allowed to participate!"

Ye Xuan thought about it. He is a human being. In the eyes of the people of the fox family, it is an alien.

Therefore, there is still a plan in his heart, that is, to take advantage of the fishermen. If someone gets the second place, then he grabs the red root from the other side.

Soon, Ye Xuan came to the front of a silver-wing city in front of a platform. The platform was built by the Silver Wing City. It was indestructible and surrounded by a battle. The battle inside would not accidentally injure other people.

Ye Xuan glanced at him and came to watch the battle or the Supreme of the competition. He has reached thousands of people.

The intermediate pilgrimage is an intermediate sacred dynasty. It is a hundred times stronger than the Japanese sacred dynasty. The supreme in a city is 100 times more than the Sunshine.

Of course, the vast majority of the Supreme here are all of the Humei people, which is the master of countless tribes around the Silverwing City.

"In fact, it is only a few hundred people."

Ye Xuan roughly calculated it.

Because there are too many people, he can't see how many three robbers are hidden among these people.

However, he has seen a lot of races, including humans, foxes, snakes, and giants, as well as the mighty tigers and giants.

"It's terrible. The giant elephants are three or four meters in shape, and the daughter of the Silverwing City Lord has received it..."

Ye Xuan thought about it evilly.

at this time.

"Come here, the city owner is here!"

"The city owner broke through to the peak of the Three Robbers a few years ago. I don't know if it's a breakthrough."

"A good and powerful atmosphere may have broken through."

"Look, that is the daughter of the city owner, who is really watery."

"We are not ugly, but the first time we see it, if we can... oh..."

A group of people began to talk about it, and Ye Xuan's eyes were pulled.

Insight into the eye!

Chapter 836: Than to recruit

Ye Xuan glanced at him and found that he could not see the owner of the Silver Wing City. However, this is also because his realm is too bad, so he can't judge whether the other party is the peak of the Three Robbers, or has already broken through to the four Supreme.

It was the daughter of the silver-winged city owner, and the realm of Ye Xuan was a bit different. She was only fourteen years old, and it turned out to be the first of the three robberies, even higher than Ye Xuan.

"It's really amazing. At the age of fourteen, I have already passed the triple to the robbery. The background is amazing!"

Ye Xuan licked his lips.

The person with the background is really powerful, and the previous Jiang Tian has abused him to die. But Jiang Tian is as much as the scum compared with the Japanese Yan Dynasty.

If there is no phagocytic system, Ye Xuan is estimated to be still in the Tianshui mainland, the strength of the top of the gods, and behind the Shen Dan, there are also the gods, the virtual world, etc., the difference is too far.

The daughter of the Silverwing City Lord is beautiful, white skin, big eyes, delicate nose, black long hair hanging like a waterfall, two white fox ears from the hair, the fluffy white tail swayed from time to time, seemingly very cute.

At this time, she suddenly stunned and her eyes fell on Ye Xuan in the crowd.

"Hey..."

The fox girl suddenly smiled, her big eyes bent into crescents, and she laughed and had a taste of innocence.

"My God, the little city owner smiled at me."

"It's nonsense, it's clearly laughing at me."

"Roll, what are you?"

The people in that area suddenly got into trouble.

However, Ye Xuan, who is hidden in the crowd, can't help but tremble.

Only when he observed the girl with the eye of insight, but was discovered by the other party, the girl's perception ability was so powerful.

The owner of the Silver Wing and the girl, in the eyes of the public, fell to the ring. Then, the owner of the Silver Wing was the loud voice: "Thank you for coming to participate in the contest of the little girl. Here, I will explain a few points."

"First, there is no race requirement. Second, there is no requirement for age. Third, even if you get the first, you may not be able to become my son-in-law, and finally have to look at the choices that fall."

After the voice of the Silverwing Lord fell, everyone was boiling.

First, it is not 100% able to find a girl, so it seems that many people have a chance.

However, they also understand that in general, the first place is still quite advantageous.

"Well, there is not much nonsense. Everyone knows the rules. Who will go to power first?" The silver-winged city owner said, leaving the girl directly.

"I will first!"

Suddenly a fox man jumped up.

"In the middle of the Supreme Second, the person who took the stage must not exceed." Silverwing City Lord said.

"I come."

A young Fox youth in the early Supreme II jumped up.

In the middle of a supreme second, the beginning of a supreme second, this is a leap-level challenge. If the people in the middle of the Supreme Second World win, they will not count the number of games.

If the person in the early stage of the Supreme Second won, and the leapfrog challenge is successful, then he will pass the sea election.

"The battle against Taiwan, you can kill, you can admit defeat, flying out of the law is also considered to lose." Silver Wing City explained.

This round of sea elections was not so easy to pass. The underlookers did not expect to have a leap-forward challenge from the beginning, and they all stretched their necks.

"Hey, I am afraid to challenge me in the early days of the Supreme Court, and find death!"

The man shouted and started directly, and an attack with a sword of swords attacked the youth.

"I will also!" The fox youths sighed and sang a sword. This sword also contained this sword.

Two infuriating attacks against the bombs, the man's attack power is slightly better.

"Dead!"

The man plundered directly to the youth and then fell to the sword.

"Oh!"

The young head was thrown directly and instantly fell.

The leap-forward challenge is not an easy task. The young man originally wanted to defeat the man, so that he could directly pass the sea election, but he did not expect to make mistakes. The strength of the other party was much stronger than himself.

"Cut, such a poor strength also dares to come to power, really looking for death!"

"I thought I realized that I was half-sworded and I was dead."

"This person earned, although the win is not counted, but it is not bad to be a white card."

The onlookers began to discuss it.

Because it is for the low-level people, this fox man is still a zero victory, and then, there are three people in the middle of the second mid-term, but they are killed by the fox men.

However, when the fox man hit the last game, he was already suffering a lot.

"Well, you passed the sea election."

The owner of the Silver Wing saw the other side winning three games and directly lost a token to him.

"Xiecheng Lord!" The Fox man hurriedly caught the token and then plunged not far away to begin healing.

Then, the second person jumped up and was a fox youth in the middle of the Supreme Second.

"The city owner, I want to challenge the more!" The fox youth is holding a fist.

The eyes of the Silver Wing City are bright: "There is courage, good, come to a supreme peak!"

"I come!"

When someone saw death, someone immediately jumped up.

This old Fox family is the highest peak of the Supreme People. It is a higher level than the youth. Although he is still a zero victory in killing the youth, this is a white pass.

"let's start!"

When the voice of the Silverwing City fell, the two men on the platform were moving.

This one is a leap-forward challenge, but what makes everyone surprised is that the old Fox people are in the hands of young people, but they have no power to fight back.

"One-and-a-half percent of the sword, the young man actually realized half of the sword!"

"I remember, he is the patriarch of the blood-stained tribe!"

"It turned out to be a blood-stained tribe, he wants to win!"

The eyes of the surrounding people are bright.

"Oh!"

In a crisp sound, the fox youth directly left the old man's head.

The leapfrog challenge, success!

The young man took the spoils and immediately smiled at the silver-winged city owner and the girl.

"Not bad."

The owner of the Silver Wing is very appreciative. In the middle of the Supreme Second, he realized the youth of one and a half swords. Even if you look at the entire Silver Wing City, it is also rare.

The fox youth thought that he could get the praise of the girl, but the girl did not look at him.

Soon, it is the third game.

Ye Xuan is mixed in the crowd and is thinking about it.

If he wants to pass the sea election, he will have to defeat three peers in a row, or a senior.

However, he does not want to pass this way, so he is looking for opportunities and must maximize the benefits.

For example, he has won two consecutive Supreme Peaks so that he can get rid of the opponent and get a lot of spoils.

The battle on the ring was over, and Ye Xuan at the bottom was constantly looking at him. He was watching who seemed to have money.

At this moment, the battle on the ring suddenly broke the victory and defeat. A fox middle-aged man won two consecutive victories, and he was still the highest peak.

This is a good opportunity for him to come to power.

"Very good, two consecutive victories, and you can win if you win another game."

Silverwing City owner is satisfied with the nod.

Chapter 837: Two swords

This middle-aged fox is probably older than the Silver Wings, but he has already realized that he has defeated two opponents at the same level.

At the moment, Ye Xuan jumped up directly, but at the same time, another person from the top two peaks jumped up and was a tiger.

"Hey, kid, the district is in the middle of the second half, dare to come up, let's die?" This tiger tiger supreme cold road.

"Since it is sent to death, why don't you let me first?" Ye Xuan looked at him.

"Well, since you sent to death, then I will let you!"

The Tiger Tiger Supreme screamed, because Ye Xuan was only in the middle of the Supreme Second. In his expectation, Ye Xuan would definitely be killed by the middle-aged man in the ring.

At that time, he will go to the stage to kill the middle-aged man. Isn't he more than a ring?

"Oh, it's amazing to have a human being."

The eyes of the Silver Wing City are once again bright, because he can see that this Terran youth has not been charmed.

There are many human beings in the fox sacred dynasty, but almost all of them are charmed by the foxes and then cultivated.

However, Ye Xuan has not been enchanted, which means that his upper head may be dead, or Ye Xuan may come from other human sacred dynasties.

Not only that, but even the girl fell to pay attention to Ye Xuan's body. When she saw her, she was felt by her. At that time, she had a feeling of being seen, so she glanced at it. .

"Another one is not to be killed, come up to send benefits."

The middle-aged foxes in the ring sneered.

"Ha ha!"

Ye Xuan is just a faint smile.

Who is the welfare, it is really hard to say.

At this time, the middle-aged man has already killed two people of the same class. It is a killing, not a defeat. He has two ring on hand, which is quite tempting for Ye Xuan.

However, Ye Xuan this time, there are other plans, that is to exercise.

His sword quality is extremely high, but in the middle of the second year of the Supreme Second, it was changed to one-and-a-half of the sword, which is a bit low. So he wants to take advantage of this opportunity to see if he can change to a 20% sword.

"Start!"

At this time, the owner of the Silver Wing suddenly shouted.

"call out!"

"call out!"

The voice has not yet fallen, the fox middle-aged and Ye Xuan are shot.

Both of them are 15% of the sword. Although the realm of the middle-aged people of the Fox family is higher than that of Ye Xuan, Ye Xuan has the blood of the sword **** and does not fear the other side.

"Boom!" "Boom!" "Boom!"

The swordsmanship of the two men was on the air, and the waves were rolling, but they were all prevented by the array on the edge of the ring.

"Good boy, I have a hand, but don't forget, I am a fox family!"

The middle-aged people of the fox do not want to waste too much physical strength and instinct, directly facing the charm of Ye Xuan.

His eyes turned pink, and an invisible force got into Ye Xuan's mind.

The fox family is naturally fascinating, but for the same people, it does not have much effect. After all, it is also natural to have the ability to resist charm.

However, Ye Xuan is just a human race. In the case of suppression of the realm, although it may not be able to be glamorously successful at one time, it can cause dullness to the other party.

However, what he would not think of is that Ye Xuan is immune to this charm.

"There is a system of engulfing, just because you want to charm me?" Ye Xuan snorted and slammed out.

what?

The middle-aged fox people were shocked. His charm didn't work. How could this be?

This one change, let him react a little slower, directly by Ye Xuan's sword.

"boom!"

The Sword Emperor, who contained one and a half swords, squatted on the fox middle-aged man, and broke his mouth in his chest, blood and arrogance.

"Good boy, actually broke my supreme golden body, a little capable." The middle-aged fox squirted a blood and thought: "Although I don't know why the charm is useless, but you lower my realm and want to win me, Not so easy."

In fact, if Ye Xuan thinks, he can directly kill this fox middle-aged man, but he wants the wealth of middle-aged people.

"come on!"

Ye Xuan attacked again. He not only wanted the other side's ring, but also wanted to use the other side to improve the sword.

Just don't know, can you be!

The dust in the ring was filled, and this battle was unexpectedly wonderful. The people underneath looked like they were applauded.

Unexpectedly, a human being has such a high qualification, and many people have become interested in him.

Of course, it is not the kind of interest, but the desire to charm Ye Xuan, for his own use.

The stage is still not small, from the beginning to the present, Ye Xuan has been fighting with the other side for hundreds of rounds.

"Hey, the host's one-and-a-half swordsmanship, and the two become swordsmanship!"

When the system reminder sounds, Ye Xuan's mouth is slightly tilted.

Sword meaning, it is a breakthrough!

The spirit of the Eight Senses of the Swordsman was too much against the sky. When the Emperor of the Dark Gods realized the sword, these high-quality swords were almost buried by Ye Xuan.

"Now, you can die!"

Ye Xuan was cold and cold, and a sword broke out.

"Huang Tianjian, Sword Emperor!"

"call out!"

This Jianguang lightly broke the attack of the middle-aged people of the fox family and directly fell on the middle-aged people of the fox family.

Fang Cai Xuan a sword, you can hurt him, and now the sword is improved, at least seriously hurt the other side.

"boom!"

The attack containing two swordsmanship fell on the middle-aged fox and instantly shredded his heart.

The middle-aged fox people were directly attacked by the sword to the edge of the ring, but the people were already dead.

Ye Xuan, the leapfrog challenge succeeded!

"Hey!"

There was a big uproar in the audience.

A human race youth, the leapfrog challenged a fox master and succeeded.

"It's incredible, he actually won."

"Cut, it must be that the man has won two games in a row, and the strength is not enough to be killed."

"Do you have a watch, you don't see the sword, it contains two swords?"

"What, two percent of the sword, isn't he only half-in-one?"

"There is definitely a breakthrough in the field. The qualifications are really good. I am afraid that many people have already stared at him. A human genius with no ownership, hehe..."

The people of the group of foxes are whispering, and there are quite a few of them. They are staring at Ye Xuan. Whenever they have the chance, they will go straight to Ye Xuan.

However, there are still silver wing owners at the moment, they can not dare to do it.

After killing the middle-aged fox, Ye Xuan quickly took his things and his body.

The three Qiankun Rings are all the highest peaks.

After Ye Xuan put things together, the Silver Wing City owner lost a token to Ye Xuan and said: "Human kid, you are very good, passed."

"Thank you for the city!"

Ye Xuan hurriedly took the token and glanced at it. He found that the girl was staring at him.

Chapter 838: Allegiance

"The first thing doesn't matter to me. All I want is the second reward, Red Yangen..."

Ye Xuan thought in his heart, and immediately retired.

Now, he has already passed the first round of sea elections. In the second round, he needs to fight against a high level. However, in the realm of his second mid-term, it is not a problem to reach the third round.

The rest of the battle, Ye Xuan also looked at the rough, these battles have the same level, but also the leapfrog.

In the leapfrog battle, there are also successes and failures.

Soon, those three robbers could not do anything, and began to take office.

In the early days of Supreme III, if you want to pass the sea election, you have to defeat three opponents at the same level. Of course, if you can defeat the Supreme Third, you can pass directly.

However, the masters of the three mid-terms of the Supreme Court are almost all related to the owner of the Silver Wing. They will not come to power.

at this time.

A young man suddenly went up, and everyone looked at it and turned out to be a human being.

"Three robbers supreme?"

On the stage, the squadron of the Tigers who defeated a rival of the same level flashed a glimmer of light. In the sacred sacred dynasty, there are not many humans who are sacred.

However, those who are in the middle of the third year of the Supreme Court have seen that the young man has been controlled at a glance, that is, he does not know who his master is.

"Start!"

The owner of the Silver Wing also knows that he is controlled, so he will not talk nonsense.

The next moment, there was a broken sound.

What surprised everyone was that the young man shot very quickly and smashed his opponent's head in the blink of an eye.

The Tiger Tiger Supreme has not yet reacted. The Supreme Golden Body is broken and the head flies directly.

"hiss!"

Everyone sucked in a cold breath.

Spike the same level opponent, how strong is this strength?

"Three-in-one swordsmanship, he realized the sword of the 30%!"

There were three robbers who felt it and immediately shouted.

When the words came out, the people in the audience took another breath.

Three percent sword meaning?

How can this be?

Among the people present, I am afraid that the owner of the Silver Wings has realized the 30% sword.

No wonder it is possible to kill the same-level opponents. It turned out to be so powerful. Now everyone is interested in the owner behind this young man. What kind of person is it that can cultivate such human genius?

"It's terrible. The three robbers have realized the 30% swordsmanship. This is already beyond the standard. His future is boundless..."

Ye Xuan thought in his heart, suddenly looked at it and landed on the owner of the Silver Wing.

I saw that the mouth of the Silver Wing Lord was slightly tilted, as if I had known it before.

It seems that this enchanted youth may be related to the Silver Wing City Owner, or, behind the youth, is the Silver Wing City Owner, and only the Silver Wing City Owner has this ability.

Thinking of this, not only Ye Xuan, but other people have not said much, just do not know.

Now, the young man has already killed a fellow opponent, and if he defeats two, he can advance.

Just, who dares to go on stage?

The scene was silent for five seconds, and then there was an old man who saw it from the sky.

"Hey, the old man doesn't believe it, and the district is three percent!"

A master of the giant elephant fell to the top of the ring. He was one of the middle three mid-terms that was interesting to the daughter of the Silverwing City.

In the middle of the Supreme Third, there was a realm of suppression in the early days of the Supreme Three.

However, the young man realized that the sword was 30%, and this giant elephant master only realized two and a half years, so whoever loses is not necessarily.

"let's start."

There was no worry on the face of the Silverwing City, and he shouted an understatement.

The voice just started, and the two people in the ring were shot. In the blink of an eye, they were bombarded for more than ten times. The movements they made were unprecedented.

"Hey, my giant elephants are endless, will you be afraid of you?"

The giant elephants are cold and sullen in their minds, and they are not afraid of each other.

"Boom!" "Boom!" "Boom!"

The two men madly shot, the entire Silver Wing City seems to be shaking.

Although the Giant Elephant Supreme understands that there may be a master behind the youth, he is not afraid. If the martial road is greedy and fearful of death, can you become stronger?

"go to hell!"

At this time, the nose of the giant elephant's supreme slap in the face suddenly straightened, and a black shadow shot from the nose, hitting the youth.

"Humph!"

The youth screamed coldly, and the giant elephants often hid the hidden weapon in their noses. He was already guarding.

"call out!"

The poison arrow rubbed the ears of the youth, and at the same time, the eyes of the youth also stared at each other and then took out a sword.

"Broken!"

This sword is his strongest attack. After the integration of the 30% sword, it is not something that ordinary people can block.

The Giant Elephant Supreme also opened his eyes, but he did not defeat this sniper.

"Oh!"

The white sniper directly smashed the body of the giant elephant's supreme height of three meters five into two halves. The giant elephant's supreme golden body is in front of this sword, which is as fragile as tofu.

The supreme body of the giant elephant fell and slammed into the ring. Although he was still dead, he was given a sword by the youth.

The audience has been shocked.

The supreme strength of this giant elephant should be regarded as the upper reaches in the middle of the Supreme Third, but it is still being slain by the younger generation. The background of this youth is really not simple.

Just when everyone was shocked, there was a man who tilted his mouth slightly.

"Hey, break the transcript, copy it, do you learn?"

"Yes!"

Ye Xuan used the eye of insight to transcribe the powerful martial arts that the young talents showed.

The Emperor's sword in the emperor's scorpion, the power is not bad, but the Sunyan dynasty is only a subordinate sect, the strongest is only the beginning of the Supreme Second, so the martial arts used is somewhat inferior.

"This young man may be the first in the default. It is no wonder that the owner of the Silver Wing said that the first person may not be able to reach his daughter. It turned out to be..."

Now Ye Xuan is certain that the person who controls this human youth should be the owner of the Silver Wing.

However, this does not matter, he is going to fight for the second place.

In other words, the younger leapfrog challenge succeeded, so he also passed this round.

Then, the battle is still going on, and Ye Xuan, who is standing under the stage, looks at it. From time to time, he sweeps it with insightful eyes to see if there is any good martial arts.

"Hey, it's a successful transcript, is it learning?"

"Yes!"

Ye Xuan also discovered a good martial art. This door has no trace to go without a trace. When walking, it is very quiet. It is a good one in the martial arts.

Soon, this round of sea elections is coming to an end.

Ye Xuan calculated it, and probably a hundred individuals entered the second round.

After the end of the last game, no one came to power again. The Silver Wing Lord looked around and said, "Okay, all the people who pass now are arranged in order, and the next round chooses the opponents in order."

Chapter 839: Fall

The second round is to demand leapfrogging, which means that you must choose a talent line that is high in your own realm.

Ye Xuan is the middle of the Supreme Second, so you must challenge the people who are the highest peaks.

The fox man who passed the first talent on the 1st, because of a bit of injury, also knows that it is difficult for him to challenge, so he shouted directly: "I abstain!"

The second adopted youth did not abstain, but chose a wounded Supreme Peak.

Before that, he overslept the Supreme Dimension, so this time, he still wins, but it is the Supreme Difeng who was named to his own name.

The people present were not fools, so many people chose to abstain. Soon, it was the turn of Ye Xuan.

The average person will choose those injured challenges, but Ye Xuan is different.

His strength has been exposed to half. If he chooses the injured person, the other party must abstain, so he chose a stronger opponent.

"Just you!"

Ye Xuan pointed to a tiger in the air during his heyday.

"Good courage, even challenge me!"

This Tiger Tiger Supremely screamed, his strength is almost obvious to all, only to defeat the three supreme Supreme, but only suffered minor injuries.

However, Ye Xuan dared to challenge him and find death!

"Okay, let's get into the ring."

Silverwing City Lord nodded.

He is also very much looking forward to this battle, in the end is the Tigers master win, or Ye Xuan win.

The masters of Ye Xuan and the Tigers fell to the ring, and the two were separated by a kilometer.

After hearing the instructions of the city owner, the two men shot at the same time.

"Huang Tianjian, Sword Emperor!"

"Dragon and Tiger Broken Mountain!"

The swordsman and the opponent's fist shadow collided, and two different infuriating moments burst open.

The fierceness of the Tiger Tiger master has also been upgraded to 20%, exactly the same as Ye Xuan, so this attack, the two are evenly matched.

In this battle, Ye Xuan and the same plan before.

He hasn't played like this for a long time. Perhaps this time, his sword will be changed to two and a half.

"Booming!"

The fierce battles in the ring made the audience eager to see.

Even the owner of the Silver Wing did not understand, Ye Xuan was a different realm, the sword and the other side are the same, martial arts looks worse than the other side, but can be tied with the other side, this is a bit confusing.

"Father, guess who wins?"

At this time, the girl suddenly whispered.

"Let's fall, who do you think will win?"

The silver-winged city owner asked a question, which was a bit strange, because it was the first time since they appeared to the present.

"I think that human beings will win." Fallen replied.

"Why? Is it difficult for you to see it?"

The owner of the Silver Wing is somewhat surprised.

"This is not the case, my daughter's eyes are high, I just feel that the human being seems to be very confident."

"Yes, the young man is afraid that there is no show on the cards. In this battle, he should be able to win." Silverwing City Lord nodded.

At this time, the battle between Ye Xuan and the Tigers in the ring platform has entered the stage of white heat. If anyone makes a mistake, it is likely to be hit by the other party, which will lead to the victory or defeat of this battle.

"Kid, let's die!"

The stalwart of the Tigers suddenly shouted, and a huge fist shadow suddenly fell from the sky. It seemed that Ye Xuan would be boiled into a meat sauce.

"Humph!"

Ye Xuan screamed coldly. The power of this punch was extremely strong. If he was bombarded, he would at least be seriously injured, so he quickly avoided it and then his eyes slammed.

"The Eye of the Illusion!"

"Boom!"

The Supreme of the Tigers is not like the Humei people. Their mental strength is much weaker than that of the Humei people, so Ye Xuan hits them.

The huge fist shadow fell, squatting beside Ye Xuan, and Ye Xuan, but a sword.

"Huang Tianjian, Sword Emperor!"

"call out!"

The cold mans went away, and the Tigers stood in the wrong place, not flashing or hiding.

"Oh!"

This sword directly cut the throat of the tiger's supreme, and instantly smashed his head. The blood erupted from the throat and splashed a few meters high.

If the Tiger Tiger Supreme does not have a trick, he will probably still be able to live for a while, but unfortunately he will die by himself.

When the Tigers' Supreme Head fell to the ground, the audience was also stunned.

They did not understand why the Tiger Tiger Supreme did not hide, and was directly cut off by Ye Xuan.

This scene, even the owner of the Silver Wing can not see through.

"In the illusion? When was the kid's magical array?"

The owner of Silverwing City frowned, and with his strength, he could not see the illusion of when Ye Xuan was laid.

There is only a magical array, so that the Tigers Supreme can stand still like a sculpture, and let Ye Xuan's sniper smash his head.

At this time, Ye Xuan had already plucked the Sword of the Tigers, and collected his body and things.

Supreme two peaks, this can already build a small tribe, and the patriarch of the wild male tribe is also the supreme peak, so Ye Xuan has a lot of gains.

"It's almost gone, it's almost impossible to break through, but it's still a little worse!"

Ye Xuan's eyes are stunned. Now he has already defeated his opponent. It is already through this second round, but the third round of rules was drafted by the Silverwing City Master, so he didn't even know what it was.

"Little brother, you won, stand by."

The owner of the Silver Wing City looked at Ye Xuan with an appreciation.

Ye Xuan nodded silently and immediately went aside.

Next, other people started to challenge.

Ye Xuan continued to watch, because Philip could not recover quickly, so he only jumped to the battle of high realm.

However, it is at this time.

Suddenly a figure swept past him. He sensed it and found that the daughter of the silver-winged city owner fell.

"God, the little city owner flew toward the man."

"What is the situation, is it that the lesser city owner looks at the human being?"

"How can this be done, how can a small city owner combine with humans?"

People with sharp eyes have found this situation.

Even the owner of the Silver Wing did not expect that his daughter would do so. Doesn't this mean that she has a good impression on Ye Xuan?

"What is your name?" The plane flew to Ye Xuan and asked in a low voice.

Ye Xuan was also shocked. His heart trembled and whispered, "Ye Xuan!"

"My name is Fall!" The fall is also self-introduction, and then asks: "How did you let the other party not move? Illusion?"

"This, I am afraid I can't tell you." Ye Xuan answered directly.

However, in the prediction of the fall, she paused and whispered: "You are the illusion that you are using your eyes, right?"

Chapter 840: Hands and feet?

This problem has caused Ye Xuan's body shape to tremble. This fox girl has a strange ability to find his secret.

However, Ye Xuan did not answer her question.

Seeing that Ye Xuan did not answer, he whispered and said, "Do you want to marry me?"

This question makes Ye Xuan very embarrassed. How does this answer him?

"I don't want to." Ye Xuan finally replied.

Falling into the eyes, suddenly shot Ye Xuan shoulder: "Then you are for other rewards?"

"Not bad."

Ye Xuan's answer is still very simple. He suddenly has a feeling that it is dangerous for the Tiger Tiger Supreme to be killed by others.

"Well, I hope you can get a good place."

After the fall, he left and returned to the Silverwing City Lord.

"The perception of this girl is not worse than mine. The sensory ability is too strong. I can find that I am using the illusion of the eyes..."

Ye Xuan's eyes condensed slightly, as long as he got the red root, then he left.

Because he knows that many people have already stared at him, perhaps including the owner of the Silver Wing.

The last round of this second round was the Terran youth who understood the 30% swordsmanship. However, he did not have an opponent, so he immediately advanced to the next round.

After this round, there are only a dozen people left, and there are still a few three robbers. These people are competing for the top three. Competition is not a general fierce.

"Very good, you eighteen, then play two or two battles, and the remaining nine." Silverwing City owner suddenly opened his mouth and smiled and said: "I don't know, is anyone abstaining?"

Eighteen people, including Ye Xuan, were silent, but no one quit.

Upon seeing it, the owner of the Silver Wing also directly threw out 18 number plates, and Ye Xuan was on the 12th.

Then, the owner of the Silver Wing was pumped nine times on the spot.

Ye Xuan's opponent is a supreme peak.

"Well, just fight in this order." Silverwing City Lord said directly.

On the 1st, it is unfortunate that it was the human youth who realized the sword of the 30%.

His opponent is a supreme peak, so the Supreme Dijon is directly abstained.

Just kidding, this young man has killed a supreme three-year-old giant elephant supreme. His realm is lower than that of human youth. How could he possibly fight it?

In the second game, it was the extreme peak of the Supreme Dimension to the Supreme Dimension.

The third game was a three-role supreme. His opponent was the highest peak of the Supreme. No accident, his opponent chose to abstain.

Fighting, a field passed, and soon it was the turn of Ye Xuan.

"Kid, I will not abstain, and kill me if I have the ability!" Ye Xuan's opponent is still the Tigers, the supreme two peaks.

"as you wish!"

Ye Xuan's eyes lit up and fell directly onto the ring.

The squadron that he killed was the only one who killed himself and was killed by him. He hoped that the other party could hold on for a while, and it would be better to let his sword change.

Under the command of the Silverwing City Lord, the battle began.

Now the Tiger Tiger Supreme uses a big knife, and the attack power is very fierce, and it is even stronger than that.

Unfortunately, Ye Xuan's realm is stronger than before, so it is still not weak.

This tiger has played a few games before the Supreme Supreme, and suffered a lot of infuriation. Therefore, Ye Xuan is observing the infuriating body in the other side with insightful eyes.

Now, this Tiger Tiger Supreme is his sparring. As long as the other party is exhausted, he will not hesitate to kill him.

"Booming!"

The sound on the platform was deafening, and everyone was shocked.

Silverwing City owner cocked Erlang legs, whispered: "Let, who do you think will win?"

"That man." I didn't want to answer.

"Then, do you think that he can get into the top three? There are three three robbers in the audience." Silverwing City Lord asked.

"The father, you are not going to do it?" Falling suddenly turned to look at the silver wing city owner.

Move your hands and feet!

The owner of the Silver Wing naturally understands what this means. If Ye Xuan has killed a round, then he will arrange Ye Xuan's opponent to prevent him from colliding with the other three.

However, the fall of this answer has given the owner of Silverwing another plan: "This kid doesn't seem to be rushing. If he is only rewarding, then grab the fallen servant..."

The contest is only a blind man. The silver-winged city owner actually wants to see if there will be some qualified people to attend, so that he can charm each other and then use it for his own use.

Of course, if he can really find a wishful prince for his daughter, he is still very happy.

At this time.

"Hey!"

The surrounding audience suddenly burst into a rush.

The owner of the Silver Wing City stared at it and immediately eclipsed it. He exclaimed: "Two and a half swords?"

Ye Xuan in the field suddenly realized that 20% of the swordsmanship, directly a sword to kill his opponent.

This scene came too fast, even he did not react.

"Oh!"

The tiger head of the fierce tiger supreme strongman threw it up, and immediately the corpse was picked up by Ye Xuan, who was quickly moving forward.

"Oh, the sword of the Eight Wild Swordsman is powerful, and it has changed twice in one day!"

Ye Xuan's heart is already happy.

The standard of the second robbery is two percent of the sword, and he has already realized that two and a half, this can definitely squeeze into the ranks of genius.

Not only that, but after he got these spoils, he was able to break through to the top of the Supreme.

However, he did not immediately break through, anyway, things have been accepted by him, it is better to put in a space to eat, as a card.

The people under the ring are already shocked and can't speak.

The change of the sword meaning, the difficulty is not lower than the breakthrough, but Ye Xuan can be transformed twice in one day, enough to prove his qualifications.

At this time, the eyes of the Silverwing City Lord are shining, such a human genius, if it can be used for its own purposes, it is excellent.

"Okay, continue!"

The owner of the Silver Wings drank a word.

Ye Xuan is in the seventh game, so there are still two games to play, and soon, the two games are over.

There are only nine people left in the 18th, and three of them are the masters of the first three of the Supreme Masters. Among the remaining six, except Ye Xuan, the middle of the Supreme Second, all are the top three peaks.

Then, the Silver Wing City owner announced the next round of the battle sequence.

This time, it is very ferocious.

Nine people will be divided into three groups, a group of three, and the three must be killed to the last one to win. Of course, you can also abstain from here.

At the moment, the owners of the Silver Wing City are grouped. He uses a means that others can't see, and secretly moves his hands and feet.

"Ok?"

However, others can't see it, but Ye Xuan, who has an eye for insight, can.
