

## Super D. S 841

Chapter 841: Challenge the second!

"This silver-winged city owner deliberately assigned a three-robbery to the group of human geniuses?"

Ye Xuan brows a pick, with the eye of insight, he sees the means of the silver wing city owner.

"Hey, he saw that you are doing it." The whisper suddenly said that the voice was only heard by her and the Silverwing City Lord.

"what?"

The owner of the Silver Wing City was amazed, and immediately adjusted the state, saying: "The three components are out."

He lit the number in the air for everyone to see.

After seeing the situation of the match, the people in the field boiled again.

"The three robbers were disappointing, and they actually met the human genius. Isn't this a part of the kill?"

"His opponents will definitely admit defeat."

"The white man's luck is also very good. He only met two opponents of the Supreme Difeng. It seems that he can qualify for this round, at least the third."

"The third place reward is also very good."

Ye Xuan, who has a perceptual eye, has a strong sense of five. The dialogue of these people has fallen into his ears without exception.

However, he did not expose the tricks of the Silverwing City Lord, but looked at it quietly.

However, his face is not very good, because the owner of the Silver Wings deliberately let him win, I am afraid there is some kind of plan.

This plan, it may be to charm him, or may want to make him a city girl.

If it is the latter, Ye Xuan can still cope, if it is the former, then it will be troublesome.

If the charm is not successful, then the Silver Wing City owner is likely to kill him directly.

"Hey, take down the roots of Chi Yan, and then follow the crowd, and the people of the Silver Wings are still afraid to do it."

Ye Xuan thought in his heart.

In the first game, the young people who comprehended the 30% swordsmanship played against the other two. The other two were the three robbers, and the other was the two robbers.

However, both of them chose the abstention with great interest.

In the second game, a snake sorcerer's three robbers succumbed to the two foxes of the fox family.

The three robbers are supreme, but they have surpassed the supreme robbery more than the second robbery. The supreme gold body is extremely powerful.

If you do not understand the sword of 20%, you can't hurt each other.

So the two also chose to abstain.

The third game is Ye Xuan.

"Don't abstain, don't give up, don't give up..."

Ye Xuan thought in his heart.

Just kidding, if it is abstaining, then he will lose.

Fortunately, the other two reached a consensus and wanted to get Ye Xuan out of the downfall.

Ye Xuan actually predicted it, but he was not afraid of the other party. After all, the other party is still only the second slain.

The three fell on the ring and stood in three corners.

"The third game, let's get started."

The owner of the Silver Wing shouted.

When his voice fell, the other two extreme two peaks were attacking Ye Xuan at the same time.

"The light of rice grain, dare to compete with Haoyue?"

Ye Xuan's light flashed a few times and quickly pulled out two swords.

"Oh!"

"Oh!"

In the two crisp sounds, these two self-sufficient supremes were directly smashed by Ye Xuan, and I really don't know why they dared to go down the stage.

However, this is cheaper Ye Xuan.

After a few Qiankun Rings were collected in the arms, Ye Xuan was looking to the owner of the Silver Wing.

"Good, the top three have already appeared."

The owner of the Silver Wing smiled and said: "If this is the case, then I will be named directly."

After that, he looked at the human youth who had comprehended the 30% swordsmanship and said: "You are the first."

"You are the second!"

"You are third!"

When it comes to the third, the owner of Silverwing is watching Ye Xuan.

Ye Xuan is also drunk. At the end of the game, the owner of the Silver Wings has decided to make his own name. What kind of ghost is this?

At this time, the owner of the Silver Wing asked: "You three, if you are not satisfied with your position, you can challenge!"

The people around him felt a little unfair, but when they heard this, they were calm.

The first human being will certainly not disagree with his position.

Then, look at the three robbers of the snake Meizu, and Ye Xuan, a human being.

"I have no opinion!"

The three robbers of the Snake Meizug shook their heads. He thought that he could not beat the human youth who had realized the 30% sword.

However, Ye Xuan has opinions.

The purpose of his trip is that the red root, and the second prize has a red root, so he must challenge the snake's three sacred supreme.

"I have opinions, I want to challenge him."

Ye Xuan suddenly drank, pointing to the three robbers of the snake Meizu.

"Hey!"

When the words came out, the audience immediately boiled up.

Ye Xuan is the middle of the Supreme Second, and the person of the Snake Meizu is the Three Robust Supreme, but the middle is worse than two realms, and it is still a sacred rob.

If it is the beginning of the Supreme Second and the peak of the supreme, this is also a difference between the two realms, and everyone may still feel that they are worth seeing.

But the difference between the two was to the robbery. The people underneath felt that Ye Xuan had a pit.

The three-robbery Supreme also realized two-and-a-half percent of the sword's meaning, and above the realm, it was two levels higher. What is Ye Xuan's ability to challenge him?

Ye Xuan's words made the silver wing city's body tremble.

The owner of the Silver Wing originally wanted to give Ye Xuan a step, but did not expect Ye Xuan to not appreciate it.

"This....."

The owner of the Silver Wings paused and took a look at him.

The fall is still a smile, whispered: "Hey, you didn't notice, did his breath change?"

"Ok?"

The owner of Silverwing City frowned, because he was too far away, he did not feel any change in Ye Xuan.

"Let's fall, you mean, he broke through?" asked the owner of the Silver Wing.

"Ok."

Nodded.

The owner of the Silver Wing knew his daughter's ability, so he thought about it, and then he said to Ye Xuan: "If you beat him, you are the second!"

"it is good!"

Ye Xuan's eyes lit up.

Fang Cai, he has already swallowed the heavens and treasures, and broke through to the highest peak of the Supreme. Although he said that the other side is higher than him, he has once again had a sacred robbery.

However, he is still not afraid.

Because the second place was challenged by the third place, the snake Meizu Supreme could not refuse.

To reject it is to abstain.

"Boy, I really don't know where you are. If you dare to marry me in the second place, I advise you to give up. If you die in my hands, you can't even get the third place reward."

The snake charm Supreme said coldly.

"Let me give up, unless you give me the reward?" Ye Xuan suddenly made a joke.

"court death!"

The three robbers of the snake Meizu directly fell on the platform and drank a low sentence.

Just kidding, give those rewards to Ye Xuan?

How can this be?

The audience under the field once again boiled up again. There was a good show here. In the early stage of the Supreme Second Interim Challenge Supreme, the more two levels of fighting, this is not what you can see in normal times.

#### Chapter 842: Helpless

The audience below thinks that Ye Xuan should take the third place reward, but he is going to challenge the second place, which is completely looking for death.

It's okay to hit half of the game, but I'm afraid that Ye Xuan will not even give up.

"I hope this kid will not die in the other's hands."

The owner of the Silver Wing City thought that he wanted to recruit Ye Xuan, even if the recruitment was unsuccessful, and the charm would be forcibly.

However, if Ye Xuan is not defeated, it is a pity that it was killed by the snake Meizu.

"let's start."

The owner of the Silver Wing City shouted that he is already ready to take the shot. As for the reason for the shot, it is very simple. After all, Ye Xuan is the third place. How can he recruit after he died?

"Kid, now, you have no retreat, and you can surrender the ring!" This snake Meizu Supreme sneer.

"More nonsense!"

Ye Xuan was too lazy to pay attention to each other and swept out with a sword.

He is the highest peak of the Supreme, two and a half swords. In general, Ye Xuan is only one level lower than the other, and a supreme robbery.

This gap can be made up with blood!

"call out!"

The sniper smashed away, and now, the three savage sects of the snake Meizu understand that Ye Xuan has the courage to challenge him, and the daring is a breakthrough.

"Oh, if you break through, you will still be the second slain. How can the Supreme Golden Body compare with me?"

The three robbing supremes of the snake Meizu also took shot. He also comprehended the two-and-a-half-sword meaning, and the attack power is not weaker than Ye Xuan.

"Quick speed, the eye of the ban!"

Ye Xuan's glimpse of the light, the snake's three-robbery is the direct trick.

The snake Meizu can be no better than the Humei people. The willpower of the Humei people is stronger than other races, so the snake Meizu Supreme has been so for a second.

"Huang Tianjian, Sword Emperor!"

Ye Xuan quickly took out a sword and squatted on the snake Meizu Supreme. He only heard the sound of and the snake Meizu Supreme was flying by a sword.

However, the Three Robbers Supreme can be more than once to rob the robbery, able to resist the triple to the robbery of the people, not the general goods, and after the triple to the baptism of the robbing, this snake Meizu Supreme Supreme body is extremely strong.

This sword only caused minor injuries to the other side.

However, Ye Xuan's original intention is not to kill him.

"The eye of control!"

Still in the illusion of the snake Meizu Supreme, suddenly recruited, but the success rate of the eyes under control is not large.

"Huang Tianjian, Sword Emperor!"

Ye Xuan quickly took out five swords, and each sword fell on the body of the snake Meizu Supreme, greatly weakening his willpower.

"Hey, take control of success!"

The system prompts.

How can the Three Robbers be supreme? This can only show that the Supreme Golden Body is more powerful, willpower, and depends on the individual's state of mind.

This time, it is easy to control the other party, because the other party is not a singer, otherwise, I am afraid it is not easy to succeed.

"I surrender!"

The snake Meizu Sanzong Supreme controlled by Ye Xuan climbed up from the ring. His chest was smothered by Ye Xuan, and the blood was continuously sprayed from the wound, scarlet and glaring.

The audience was also shocked. Although Ye Xuan's strength is strong, how can this snake Meizu Supreme be like the former Tiger Tiger Supreme, and stunned for a second?

At this time, the owner of the Silver Wing City did not understand. He knew that Ye Xuan was using illusion again, but he did not know how Ye Xuan was performing.

At the same time, even he did not see that the Three Magi Extremes of the Snake Meizu had been controlled.

"Well, the second and third place will be replaced." Silverwing City Lord said loudly.

This is Ye Xuan's plan. If the snake's Meizu Supreme is degraded, then the third place will be no one. Is the reward returned to the Silver Wing City Lord?

Therefore, Ye Xuancai controlled the three robbing supremes of the snake Meizu, so the rewards of the second and third places are all his.

Under the control of Ye Xuan, the injured snake Meizu Supreme immediately began to heal. After his injury stabilized, the Silver Wing Lord said: "Daughter, who are you looking at? Of course, you don't have to be in the top three. Just be there."

The sound was not too big, the people around could hear it, and the audience boiled again.

Even if you are not on stage, are you eligible?

Now, there are already three people standing in the ring, one is the human youth who comprehend the sword of the 30%, the second is Ye Xuan, and the third is the snake Meizu Supreme defeated by Ye Xuan.

The fox girl fell into disarray, and the beautiful deliberately looked around for a lap.

However, her gaze finally moved to the ring.

"he!"

Falling into the slender hand pointed to a human.

This human being is not the genius who has realized the sword of the 30%, but Ye Xuan!

"Hey!"

The audience boiled again.

A three-royal supreme comprehended the 30% sword meaning, one realized two-and-a-half of the supreme two peaks, one first, one second, and finally, Ye Xuan, who was actually the second one, was seen, which is unexpected. Many people expected.

"day!"

Seeing the falling finger pointing at himself, Ye Xuan's face sank, which was troublesome.

This red root, he must get, but now this falls to see him, if he refuses, is not the face of the silver wing city owner?

Moreover, it will also cause public outrage. Do you want to know which of the people present who do not want to be the son-in-law of the Silver Wing City?

"Young people, I am very interested in you, how do you feel?" Silverwing City eyes stunned and locked in Ye Xuan.

"This....."

Ye Xuan paused and said: "There are already two wives in the family of the younger generation."

"It is normal for a man to have a wife and a wife." Silverwing City owner said with a smile.

"But I am human!" Ye Xuan said again.

"It is no problem, although you and I are not of the same race, but I am not racist, and the descendants are human beings or foxes. It doesn't matter." Silverwing City continues.

Now, Ye Xuan's egg hurts, and the Song Dynasty has not yet been found. He has no thoughts on the cave, how can he smash one?

Besides, if human beings are combined with Humei, unless the blood of the human side is particularly strong, overshadowing each other, the blood will be biased towards the orc. He does not want to have a small fox out.

At this time, Ye Xuan, who opened the eye of insight, swept away and found that the middle of the three robbers in the midst of the middle of the three robbers had already leaned against him.

If he disagrees, I am afraid he will be forced to seize it.

On the surface of the Silver Wing City, it looks like a smile and a smile, but if you are forced to hold Ye Xuan under the public, the people present are not expected to say anything.

"First agree, slow down, then slip away?"

Ye Xuan thought about it.

However, it is feared that the owner of the Silver Wing will show his charm to him. When the time is not successful, it will be miserable.

"I am willing to marry the girl as a wife!"

Ye Xuan shouted in a voice that everyone could hear.

## Chapter 843: Burning eye

"It is good!"

The owner of Silverwing said with a smile: "All three of you have returned to me."

Then, Ye Xuan was in the envious eyes of everyone, followed by the Silver Wing City lord to the distance.

The son-in-law who can become the owner of the Silver Wing, this is the life of eight years.

"You changed your mind?"

On the way, the fox girl couldn't help but lean over and asked in a low voice.

"Yes."

Ye Xuan glanced at her and nodded.

"Really?"

The fall asked a little unbelievable.

"Really!"

Ye Xuan immediately replied that this little girl has unusual feelings. If he hesitates, I am afraid it will show signs.

I heard that Ye Xuan said that it was a bit unbelievable, but now Ye Xuan followed them back to the city's main government, and there was a silver-wing city owner. Ye Xuan couldn't get away.

Soon, Ye Xuan was behind the owner of the Silver Wing and arrived at the main city of Silver Wing City.

"The reward has been forgotten to you."

At this time, the owner of the Silver Wing suddenly threw out three Qiang Kun Rings, one by one in the hands of Ye Xuan.

Ye Xuan looked at the Qiankun Ring, which has a lot of heaven and earth treasures, which is the second place.

Among them, there is another thing that is very important to him.

Red root!

"Finally got it, open the burning eye!"

Ye Xuan couldn't help but laugh a few times.

"Hey, the burning eye is successful!"

The system prompts.

Now, Ye Xuan has opened four eyes, the eye of insight, the eye of the ban, the eye of control, the eye of burning, among them, the eye of burning with the eye of the illusion and the eye of control, the effect will be very good.

Although the burning eye can not cause substantial damage to the other party, it is caused by mental damage, which can weaken the willpower of the other party, which can improve the success rate of the eyes of the illusion and the eye of control.

Then, the owner of the Silver Wing City called the two men to arrange accommodation for the human youth and the Zombie Supreme.

And he, personally took Ye Xuan into it.

"Young people, what is your name, where do you come from?" Silverwing City Lord asked as he walked.

"The younger generation is called Ye Xuan. This is the person of the Tianbo Holy Dynasties. In recent years, he has been practicing in the Fox Fair." Ye Xuan replied casually.

"Oh, you should also know the rules of my fox sacred sacred, like a human being who has not been charmed, it is quite strange." Silverwing City's main footsteps suddenly, look at Ye Xuan.

Ye Xuan's body shape is also a tremor. The person of the Fox sacred dynasty will be charmed by nature, so it is not difficult to find that he is not charmed.

"Is it difficult? The city owner wants to charm me?" Ye Xuan suddenly drummed up the courage and asked.

"Ha ha."

The owner of the Silver Wing smiled and said: "I will drop a daughter, and there is no child under my knees. If you fall down, then you will be the owner of the Silver Wing in the future. The charm is not fascinating. What is the difference?"

Hearing this, the big stone that Ye Xuan's heart hangs is also falling. It seems that he still has a chance to flee.

At this time, the owner of the Silver Wing smiled again: "Well, you talked with the fall, I let people go to marry, you will get married tomorrow!"

"what?"

This sentence can scare Ye Xuan and become married tomorrow. Does the Silver Wing City owner want to hold his grandson?

"The city owner, will this be too fast?" Ye Xuan said quickly.

"Fast? If other people, I can't wait to get married today, you feel fast, it seems that the falling eyes are good." Silverwing City owner said with a smile.

Ye Xuan was said to be speechless.

Then, the owner of the Silver Wing was a quick step away, and Ye Xuan looked at his back with a slight disappointment.

The strength of the owner of the Silver Wings, even now he can not see through, and in this city's main house, Crouching Tiger, Hidden Dragon, Ye Xuan swept the eye with insight, and found that there are many masters of the supreme three, including many of the highest peaks.

"It seems that I have to go tonight!"

Ye Xuan thought about it.

Suddenly, he felt that his back was a little \*, turned his head and saw that the fox girl fell and flicked his tail with a fluffy tail.

"What are you thinking about?" said with a big eyes.

"Nothing, where did the two people live? I want to get to know." Ye Xuan asked.

"Okay, I will take you there."

There was no doubt about the fall, and he took the lead and walked toward the room.

Soon, Ye Xuan saw the snake charm that was injured by him at that time.

The three robbers of the snake Meizu have been controlled by Ye Xuan, so they directly give their own home and the reward they just got to Ye Xuan.

The fox girl was just outside the door. In order to be on the safe side, Ye Xuan communicated with the three sacred sects of the snake Meizu.

He told the other party that if he was not enchanted, he went to the Aboriginal tribe to sit down.

Subsequently, Ye Xuan left a blood bottle to leave.

"Hey, don't you go see the first place?" asked Lin Xuan.

"No, I feel that he is cold, forget it." Ye Xuan shook his head and continued: "I have to go back to the inn to get something."

"Yes, then go."

There was no accident to choose to follow.

Ye Xuan's eyes lit up and he immediately stepped away from the city's capital.

The owner of the Silver Wing is now engaged in a marriage, and the fall does not follow. This is exactly the right, Ye Xuan can take the opportunity to slip away.

"The rewards for the second and third places, plus those that I got, I am almost at the top of the Supreme Divine Peak, and then get something, I can go to the triple to rob."

Ye Xuan thought as he left the city's main government and quickly mixed into the crowd.

However, what surprised him was that someone was following him, and it was the beginning of three supreme three.

"Surely someone followed me, hey, I can still cope with the three initials of the district."

Ye Xuan blinked and chose to go out of town.

Sure enough, he hasn't run far, and the three men immediately chased them up.

"Little brother, you will get married with the lesser city master tomorrow, please don't run too far."

A middle-aged fox man said to Ye Xuan.

"I know."

Ye Xuan turned and looked at it. There is a distance from Silver Wing City. If you fight fast, you should not notice.

This is at this time.

"The Eye of Burning!"

Suddenly, this middle-aged fox, who is the first, has a pain in his heart and painfully grasps his heart.

"what happened to you?"

The other two were shocked.

The burning eye is a direct burning spirit, and this middle-aged fox is suffering from tremendous spiritual torture.

Taking advantage of this opportunity, Ye Xuan directly controls his eyes.

"Hey, take control of success!"

The system prompts.

After hearing the tone, Ye Xuan's eyes couldn't help but illuminate. "I used to use the eyes and the attack to weaken the willpower of the enemy. It's not necessarily successful. Now use this burning eye. Once it is done, it is really powerful!"

Chapter 844: Being caught up

The burning eye works well, but the power consumption is higher than the eye of the illusion, second only to the eye of control.

After being controlled by Ye Xuan, the pain of the middle-aged fox family suddenly disappeared, and then it was the second person.

One of the fox middle-aged people suddenly screamed, and the next moment, he was also controlled.

In the end, the person felt very weird and hurriedly turned to Ye Xuan: "What did you do to them?"

"Predecessors, I haven't moved, why do you doubt me? And, are they not okay now?"

Ye Xuan opened his mouth and smiled. The next moment, he was the burning eye for this last person.

Then, it is the eye of control!

Although the three are all three sacred supreme, but the burning eye can directly destroy the enemy's willpower through the supreme gold body, unless it is the middle of the Supreme Third, otherwise it will be painful to lose the fighting power.

"This burning eye is really horrible. The three robbers are in the eyes of my burning, and I am so painful to die. I want to kill them. It is easy."

Ye Xuan has a big eye.

At this point, he is already controlling the three people, and the five places of control are just full.

"You three, give me the ring!"

Ye Xuan said to the three.

"Yes!"

The three did not dare to have any objections and directly lost the Qiankun ring to Ye Xuan.

"Well, these things are enough for me to touch the shackles of the top."

Ye Xuan is also nonsense, directly devour the things inside.

"Hey, the current success rate of the host is 90%. Is it starting to robbery?"

The system prompts.

"no!"

Ye Xuan directly refused.

This time his success rate of the robbery was only 90, because his emperor had not been refining the dragon for a long time, and his avatar was not here, the chance could not be improved.

Fortunately, these three are the offerings of the city's government. There are some tokens for storing the dragons in the ring.

"To refine these dragons and use them to upgrade the Emperor's hegemony, you should be able to increase the success rate of the robbery to 100%."

Ye Xuan thought about it.

There are also some medicinal herbs that accelerate the refining and refining of the three in the Qiankun Ring. However, even if they use these, I am afraid that the success rate of the robbery will not be raised to 100% within one day.

Therefore, Ye Xuan still chooses to avoid it first.

"The three of you will follow me first, and then return to the city tomorrow. I will unlock your control tomorrow." Ye Xuan said.

"Yes!"

The three men nodded respectfully and left with Ye Xuan.

The three were under his control. Although there was no oil and water on them, if they had anything, they could use them to resist.

Ye Xuan left with three people directly. This time Ye Xuan has no purpose. He just wants to stay away from the Silver Wing City, and then find a place to refine the Longyun, and then start the robbery.

However, what surprised him was that at dusk.

Suddenly a figure, quickly approached him.

"Fast speed!"

Ye Xuan was shocked, this speed is not slower than him.

At the moment, he stopped and looked at the figure and quickly approached.

"What is it?"

Ye Xuan is different, because the comer turned out to be the human genius who realized the sword of the 30%.

"How did he catch up?"

Ye Xuan did not understand that he should have no problem, then the problem should be from the three people being controlled.

Unexpectedly, he actually died on his own.

"The city owner will let you go back!"

After the white youth approached, he said directly to Ye Xuan.

Ye Xuan looked at him and thought about it.

This white youth is also a three-robbery supreme, but also comprehend the three-year sword meaning, is considered a genius.

The person behind him should be the owner of the Silver Wing, no doubt, so Ye Xuan can not guarantee that his own eye can control the effect of a charm.

If there is no effect, then the two sides will fight.

"I am about to rob, I am looking for a quiet place to rob," Ye Xuan replied.

"The city government is a good place to rob!" the young man replied.

"Sorry, I have already come out, I will go back tomorrow." Ye Xuandao.

"In this case, then I will only bring you back!"

The youth directly sacrificed a weapon.

"Play and fight, when I am afraid of you?"

Ye Xuan also sacrificed his own weapons. The next moment, he was the direct burning eye of his youth.

"Well....."

The young man's body trembled, and suddenly there was a sharp pain in his heart. He knew that this must be Ye Xuan's means.

"court death!"

The youth took a painful shot.

Ye Xuan is also a sword directly.

"Broken!"

This trick was copied from the youth. It was previously impossible to use because it was in the city.

Now, just to improve the proficiency.

At the same time, after leaving a sword, Ye Xuan directly used the eyes of the young people.

"Hey, control failed!"

The system prompts.

Sure enough, it is not so easy to control a person who has been enchanted. After all, behind the youth is the Silver Wing.

The lowest of the silver-wing city owners is the peak of the three robbers, but there are rumors that he has broken through to the four supreme.

Ye Xuan wants to forcefully control the people who are charmed by the silver wing city. The realm is estimated to be promoted to the middle of the three robberies.

"Boom!"

The two swords hit the gas, and the youth attack was slightly better, but Ye Xuan had already expected this and had already hid.

"Oh, the proficiency of shattering cockroaches has increased, and it is currently 20%!"

"Oh, the proficiency of the smashing sputum has increased, and it is currently 30%!"

"Oh, the proficiency of the smashing sputum has increased, and it is currently 40% hot!"

Ye Xuan's mind kept ringing the sound of the system. After several rounds of proficiency, the proficiency was raised to 70%.

Not only that, but the perfect step is also upgraded to 60% of the heat.

"You also attack together!"

Ye Xuan gave orders to three people in his mind.

At the moment, the other three are also launching offensive against the youth.

Although this young man has killed the strongest in the middle of the Supreme Third, he is constantly being burned by Ye Xuan using the burning eye, and he is unwilling to live. The combat power has dropped by at least 20%.

The other three are also in the early stages of the Supreme Three, so their attacks can still threaten the youth.

Not only that, but Ye Xuan's strength is still improving.

Although this young man is charmed, he can still think about it. He has a few points that he does not understand.

First, these three people are clearly enshrined in the city government, why would they help Ye Xuan?

Ye Xuan is just a human being, not a fox.

Second, why did Ye Xuan even his smash?

"You finally retire quickly, otherwise you will ruin me ruthless." Ye Xuan coldly shouted.

"Hugh think!"

The young man bit his teeth, while enduring severe pain, while defending hard.

Chapter 845: Cross the triple to the robbery!

I have to say that this young man's willpower is very strong, and the other three have a burning eye, so there is no way to fight even the battle, but he can fight back with the attack of four people.

Of course, this is also the reason for Ye Xuan's mercy.

"If that's the case, then don't blame me."

Ye Xuan's light flashed, and a sword broke out. It has already risen to the ruin of 80% of the fire.

At the same time, Ye Xuan is also using the eye again.

Eye of the illusion!

The youth who had been burned three times by the burning eyes, the willpower was very weak, and this illusion of the eyes directly caused him to fall into the illusion.

"boom!"

The illusion has not yet been broken, and the youth is smashed. The whole person spurts a blood and flies out.

"A strong and supreme golden body, I am afraid it is comparable to the third mid-term."

Ye Xuan had to admire.

However, the burning eye is hard to defend, and the other party can't resist at all. Although it is OK to close your eyes, how can you fight with your eyes closed?

At this time, Ye Xuan couldn't help but think of the fox girl's fall. She could find that Ye Xuan was using the illusion of her eyes. It was too strange.

In fact, before Ye Xuan wanted to control the fall with the eyes of the control, but he did not dare to guarantee that he could control the success at one time. If he failed, he would not be able to leave the city.

After the young man was smashed and slammed, he made a decision to turn around and retreat. After all, Ye Xuan could control the three to attack him, but he did not dare to kill the Ye Xuan, so he could only retreat.

"Do you think you want to come, want to go and leave?"

At the moment when the other party turned around, Ye Xuan once again applied the eyes of the ban.

The youth is caught in a illusion.

Ye Xuan swiftly swept the past, and then took the other's Qiang Kun ring off, but let Ye Xuan regret that this young man's shackles are healing medicine and nothing.

"But it, give the silver wing city a face, leave you one!"

Ye Xuan snorted and turned away directly, while the other three were here. After he walked away, he untied the control of the three.

Ye Xuan expressed regret that young people could not be controlled. But there is no way. After all, it is possible that the fascinating youth may be the four lords, and he has not even spent the third sacred robbery.

The young man woke up, and he was so weak that he had four burning eyes, so that it took him a few seconds to crack the eye of the ban.

When he reacted, Ye Xuan was gone.

.....

This time, Ye Xuan let go of the other side, there is also a small breakthrough.

However, he took the things of the Silverwing City Lord, and then killing people, it is a bit insincere. If it is in the past, he will certainly kill everyone.

Although the youth did not catch up, but Ye Xuan still took a half-hour road to stop, and fell to a mountain to rest.

"There must be a tracking mark on the three people, so the young man can catch up so quickly. Now I am alone, he certainly can't find it."

Ye Xuan thought about it.

At this point, the sky has already darkened, even if the owner of the Silver Wings personally dispatched, he could not find him.

He will be married to the next day, and there is no chance to leave today. He estimates that the owner of the Silver Wing should be in a big thunder now.

My daughter is married, but the man is fleeing. This face is not a normal pain.

"But, start refining the dragon!"

Ye Xuan, no matter how much, directly swallowed a medicinal drug and began to refine the dragon.

The phagocytic system is indeed good, but Longyun still has to refine itself. Fortunately, there are medicinal herbs that accelerate refining, otherwise the refining time may be more than one month.

This time, Ye Xuan refining and refining for a day, was the refining of the dragon transport that was obtained from the three city capitals.

"It's been a day, and the owner of the Silver Wing is estimated to be yelling at me. Fortunately, I didn't report the Wild Male, otherwise it would be miserable."

Ye Xuan thought about it.

He also liberated the three offerings of the city's government, and they were free. However, the three sacred sacred sects of the sorcerer's family were still left in the city government.

In the eyes of control, he can give orders to the snake Meizu supreme, but the snake Meizu supreme can not talk to him, this is a small drawback, if you can communicate directly.

"No matter how much."

Ye Xuan glanced at the panel and found that the success rate of the robbery has reached 100%.

At the moment, he is starting to rob.

The heavens and the earth began to condense quickly, and Ye Xuan sat quietly on the ground.

There are three hijackings in the Triple Supreme, and the power is much stronger than the Double Supreme. However, Ye Xuan's breakthrough rate is 100%, so he is not afraid at all.

"Boom!"

The first robbery smashed in the sky, and the middle of the leaf Xuan brain.

Although it hurts a little, Ye Xuan can feel that his physique is changing, which is really good.

The second robbery is still condensing.

However, it is at this time.

"Hey."

Suddenly a trace of wind and crisp grass fell into the ears of Ye Xuan, Ye Xuan brows a pick, quickly sensed, and found that a figure stepped into his sensing range, and rushed toward him, very fast .

"Not good, somebody!"

His face changed and he hurriedly climbed up from the ground.

Fortunately, his breakthrough probability is 100%, even if he is fighting during the robbery, it is not a problem.

At this time, he found that this figure is a little petite, but also has a tail, is a person of the fox family.

Fall!

Ye Xuan reacted.

Sure enough, when the second thunder was about to fall, a petite figure came out of the woods, and the bright moonlight was on her face.

"You can't escape."

Falling face and looking at Ye Xuan easily.

"Boom!"

At this moment, the Supreme Robbery thundered.

Ye Xuan's brow is slightly wrinkled, and the supreme robbery has no threat to him. However, what he does not understand is, why can he still find it?

"How did you find me?" Ye Xuan asked strangely.

"Because I have left a mark on you."

I don't want to answer it.

Imprint?

Ye Xuan brows a pick, he began to recall, remembered that he was once photographed by the shoulders, and now, he opened his own clothes and found that his shoulders have a lovely paw print.

"The phagocytic system has no hints!"

Ye Xuan was shocked. This is really not easy.

"You will be robbed first, distracted in the robbery, carefully degraded." Falling and suddenly smiled.

Ye Xuan looked at her and looked at her.

"Boom!"

The third supreme robbed and fell on the top of Ye Xuan.

"Hey, the robbery succeeded and began to reshape the supreme golden body!"

Chapter 846: Beast \*\*\*\* blood changes

"Hey, the robbery succeeded and began to reshape the supreme golden body!"

The system prompts.

However, at this time, Ye Xuan saw that the falling big eyes suddenly turned pink.

Charm!

"Well, you have a gimmick, and I chose to charm me when I rebuilt the supreme golden body. The abacus is really good!"

Ye Xuan called in his heart.

Unfortunately, this charm has failed.

"Failed, how is it possible?" The fall exclaimed, she did not believe in evil, and showed a charm to Ye Xuan.

Still a failure!

"Useless, I am immune!"

Ye Xuan shook his head.

Before he was in the city government, he didn't dare to do it, but now in this deserted place, why don't he do it?

However, just as he was about to control the fall, the fall suddenly closed his eyes and shouted: "The charm fails, then you try this, the blood of the master and the servant!"

At the next moment, under the falling feet, a scarlet pattern was raised. At the same time, the little paw print on the shoulder of Ye Xuan began to shine.

"Master servant contract?"

Ye Xuan was shocked. He used this thing before. It was used to conquer Megatron.

However, this time, he was actually used by others.

Just, even the charm is useless to him. How can this master and servant contract be useful?

At this time, Ye Xuan felt that there was a sudden energy in his mind. He wanted to control his brain, but he was blocked by the phagocytic system.

"Oh, the \*\*\*\* contract of the master and the servant failed, and the other party was countered, whether it was reversed!"

After hearing this tone, Ye Xuan also paused.

The master servant contract, as he expected, failed to sign.

But what does it mean to reverse signing?

Is it that he is the Lord, and that he is the servant?

"Yes!"

Ye Xuan tried to answer.

Then, he just saw the face of the face change, and exclaimed: "Don't!"

However, this can not be her.

"Hey, the blood of the master and servant has been signed successfully!"

The system prompts.

Then, Ye Xuan saw the name of the fall in the pet's column.

"I am going, how can I become a pet?"

Ye Xuan was amazed.

He also thought that this master-servant contract was the same effect as the eye of control, but did not expect to receive pets.

Humei girl, turned into a pet?

"Hey, why do you want to fight back, this is impossible..." The cry suddenly came out, and the big beads fell to the ground, very sad.

Originally, she wanted to be the master of Ye Xuan, but she was unexpectedly turned into a servant by the blood of the master and servant.

"Little girl, you are playing with fire now!"

Ye Xuan's eyes glimpsed. He found that the blood servant of the master and the servant did not seem to occupy the control quota of the eye of control, and as long as he thought, he could lift the contract and fall free.

However, the next moment, he completely dispelled this idea, no, obliterated the idea.

"Hey, the blood of the beast is changing, and all the advanced routes are improved!"

This time, the system's prompt tone, let Ye Xuanzhen in place.

The blood of the beast, the change?

How is this going?

He quickly glanced at it and found that all the advanced routes of the blood of the beasts had been raised once.

The original agile advanced to five, can increase the speed of 50%, but now reaches six.

The strength has also increased to two, the pet growth rate is also two, the pet's full attribute is also two...

There are a total of eight advanced routes in the blood of the beast, but now they have all been raised once, which makes Ye Xuan feel puzzled.

"This little girl, I am afraid there is some kind of strong blood in the body!"

After thinking for a moment, Ye Xuan came to this conclusion.

The little girl in front is still crying, Ye Xuan looks at her and says, "Come here."

Although I don't want to follow it, the contract mark in my mind makes it impossible to resist the fall. I can only cry while walking, very sad.

"Hey..."

The two ears that were originally erected were covered with hair because of sadness, and the fluffy tail was naturally drooping and looked like a listless.

As she cried, she walked over to Ye Xuan. "Hey, don't mess around..."

"Don't cry, I haven't been to you."

Ye Xuan said with a headache, a lovely girl crying in front of him, his heart was softened.

"What do you want to do?" Falling up raised his face and looked at Ye Xuan.

"Ask a few questions."

Ye Xuan blinked and said: "How did you find out that my eyes can be used for illusion?"

"feel."

The answer directly answered.

Now Ye Xuan has become the owner of the fall, the latter can not lie, so Ye Xuan believes.

"Your master servant's blood deed is not the general master servant contract. Where did this come from?" Ye Xuan asked again.

He remembers that when he was conquered Megatron, he used only the ordinary master and servant contract, and this time he used the blood of the master and the servant.

"I don't know, I will be born." Shake his head and shook his head.

"By nature, it's the same as charm?"

Ye Xuan frowned.

Falling still shakes his head: "No, as long as it is the charm of the fox family, but the blood clerk of the master and servant is only me, it will be me after the triple sacred."

"There will be after the robbery, is it..." Ye Xuan's eyes suddenly became the boss, saying: "Is it a memory?"

"Ok."

Falling down and cleverly nodded.

This is to scare Ye Xuan, who have the memory of inheritance, their ancestors are not ordinary strong.

Such a strong person will print what he or she will have in the blood, then his own descendants will also be, and will not be lost.

Of course, not all future generations will have a memory of inheritance.

"You have a legacy of memory, does your father know?" Ye Xuan asked.

"know."

He nodded.

"I remember that there are many branches in the Humei family. Which one are you?" asked Ye Xuan.

In addition to the general race, the orcs also have branches in each race, such as ice blue fox, sun fox, lure fox and so on.

"I do not know either."

The rubbed wiped his tears and shook his head.

"Ok."

Ye Xuan no longer asks, but he understands that the strength of the inherited memory in the body should be very strong, perhaps beyond the supreme.

At this time, the fall and lifted the little face of the pear with rain, pitifully said: "Can you let me go?"

"How can this be done? If you have not been countered this time, will you let me go?" Ye Xuan asked.

"Hey, if it was discovered by my father, you would die very badly." The fall actually began to threaten Ye Xuan.

"How could he know?"

Ye Xuan suddenly wretched and smiled, and his heart was moved. The next moment, the whole person fell out of his eyes.

"Yeah, what have you done, where is it here?"

The sound of the fall sounded in Ye Xuan's mind.

Chapter 847: Back to Silverwing City

"Yeah, what have you done, where is it here?"

Needless to say, Ye Xuan took the fall back into the pet space, and then he released the fall.

Now, it is his pet, but it is much more convenient than the eye of control.

"What did you just do?" Falling eyes widened, she was thinking about whether she was in the illusion, and ran into a strange space.

"Nothing, now you are my servant, what do you call me?" Ye Xuan asked in some wretchedness.

"you....."

When she just wanted to talk, the imprint in her head suddenly touched and she could only shout:  
"Lord...owner."

The general master servant contract can make the servant obedient, let alone the blood of the master and servant.

"Good, but don't call the master, call the young master." Ye Xuan said with a smile.

"Young Master..." fell into tears and shouted, and said: "You can't let me down?"

"If it is said, today we are going to get married, are you not all of me?" Ye Xuan said, his eyes suddenly glimpsed, "still, do you want to charm me on the wedding night?"

"I....."

Hesitated for a moment, and finally nodded.

really!

Ye Xuan snorted, only when he accidentally hit the wrong, reversed the sign of the blood of the master and servant, which made his beast \*\*\*\* blood changes.

However, if there is still freedom, Ye Xuan does not know whether his beast will be degraded.

"It's impossible to let you go, let's admit it." Ye Xuan looked up and down and said: "It is not unhelpful to recognize me as the main. Your current strength should be increased by about 20%?"

When I heard the previous sentence, I was still ready to cry again. I could hear the second half of the sentence, and she was surprised.

Strength, increase 20%?

why?

She took a closer look and found that her Supreme Golden Body strength has indeed improved a lot. She is facing the front of a claw, a claw to tear the space, the power is indeed inexplicably improved by 20%.

"How could this be?"

Falling down and staring at Ye Xuan.

"It's not just a 20% increase in strength. In the future, your cultivation speed will increase by 20%. The benefits of recognizing me are many." Ye Xuan said again.

The change of the fall is naturally because of the blood of the beast.

Due to the variation of the blood of the beast, all the advanced routes are upgraded once, so the pet growth rate and the pet's full attributes have been increased to two, which is the increase of 20%.

"You... how did the young master do it?"

It is very strange to fall, she has not heard of the ability to improve the strength after signing the contract.

"You don't care about this, and follow me later, definitely better than you are in Silverwing City." Ye Xuan replied.

Falling, he will never let go, although a little inhuman, but this is a world of weak meat.

If he is not strong enough and does not have a system to swallow, I am afraid that it will be controlled by falling. Like the human youth who have realized the 30% swordsmanship, there is no freedom.

"Well."

After falling silent for a while, then raised his face: "Then I have to go back to Silverwing City."

"can."

Ye Xuan directly agreed.

Now he is the owner of the fall. As long as he has a thought, he can detonate the blood of the fallen master servant and obliterate it, so the fallen father does not dare to do it to him.

However, before returning to Silverwing City, Ye Xuan had to do one thing.

"Hey, what are you looking at?" The fall suddenly stepped back, and the big eyes were hostile.

"Don't think too much, now I am your master, your thing is my thing, give me a ring," Ye Xuan ordered.

Hearing is just a sigh of relief, and the fall is also a relief. She is really afraid that Ye Xuan suddenly has a beast, and she is only fourteen years old.

"give."

He took off the ring in his hand and handed it to Ye Xuan.

Ye Xuan took a look, there are a lot of things inside, but not enough to make a breakthrough to the middle of the third.

"Young Master, if you take it, what do I use?" Some dissatisfaction said.

"Hey, your stuff is my thing, don't care so much. These blood bottles give you a better treatment than your healing medicine." Ye Xuan hardly stuffed a lot of blood bottles into it.

"Black heart, tricks..."

In the heart of the fall, I sighed.

"What do you say?" Ye Xuan brow suddenly picked.

"What did you hear?"

Falling scared.

"Crap, next time I dare to swear at me, your cultivation resources are gone." Ye Xuan said coldly.

"Then why do you keep me, let me go, I will let you take the heavens and treasures." The fall is also said with pitiful eyes.

Ye Xuan's mouth is slightly raised. "Do you want to increase the strength of 20%?"

"Well."

Falling and silent, asked: "What exactly is this done?"

"You don't need to know, anyway, your strength will be improved by 20% forever. If you really want to go, you can leave it when I use you." Ye Xuan said faintly.

"What is the use of me, I am really annoying..."

Falling down was very dissatisfied with the word 'utilization'. After a sigh of relief, he went out. "I want to go back to Silverwing City and my father."

"it is good!"

Ye Xuan nodded, and then he followed the footsteps of the fall.

The two returned to Silverwing City together. Now Ye Xuan has broken through to the Three Robs Supreme, and after agile advanced bonus, his speed can be said to be invincible in his class.

However, the speed of the fall is not slower than him.

Falling down has the memory of inheritance, and the things inside can't be passed on to others. It can be said that she will be born.

Moreover, every time she breaks through the things she learns, she is proficient in the state. For example, learning a martial arts is directly achieving a proficiency of 10%. It should be her ancestral training.

Therefore, Ye Xuan is also speculating, what is the blood in the body, it is so terrible.

The two men rushed at full speed, but returned to Silverwing City in two hours.

After the generals who were defending the city saw Ye Xuan returning, they also hurriedly shouted:

"Come, come down to him!"

Ye Xuan's escape from marriage is known throughout the city, so she has been wanted for a long time.

"stop!"

Falling down and hurriedly shouted.

"Little city master, this..."

The three-royed Supreme General of the Shoucheng looked down.

"He has been charmed by me, you can do your own thing."

The blood of the master and the servant is different from the eye of the control. The people controlled by Ye Xuan can only control them and cannot talk to those who are controlled.

Now, he can talk in the mind and fall, very convenient.

"Yes!"

The defending general heard this, and he also respectfully nodded. Since it was enchanted, it would not make sense to kneel down.

Chapter 848: Threat

But the next moment, the defending general was to discover a little, he felt that Ye Xuan was not charmed, but normal.

"Well, I said that when I am fascinated, I am fascinated. You should not care so much." The landing found this and hurriedly explained.

This time, the defending generals can only nod, let Ye Xuan and fall away.

On the way back to the city's main government, Ye Xuan couldn't help but say in his mind: "Now the young master is scarce, and I will ask you whether you are begging for you?"

"Why are you doing this, you have taken me away, and you have to hang me?" said the dissatisfaction.

"How can I say pit? I can improve my strength and protect you better." Ye Xuan said with a thick face.

"No."

The attitude of falling is very firm.

Ye Xuan did not say that this time he came back with the fall, but also has great risks, the other party is a super master.

From the fall, he knew that the owner of the Silver Wing had crossed the four-fold sacred thing, so the owner of the Silver Wing was four sacred and powerful.

An inadvertent, it is likely to be caught and hanged.

Of course, if the other party cares about falling in danger, it will not act rashly.

"I will be speaking to you, young master, don't talk."

When I arrived at the city's main government, the landing was also hurried.

"understood!"

Ye Xuan nodded, and he was very helpless. From entering the city to the present, how did he feel that he became a servant?

Under the leadership of the fall, Ye Xuan followed him directly into the city government. If there is any dropout, the silver-wing city owner may only compromise.

However, what is surprising is that the Silverwing City Lord is receiving a guest and they have been stopped.

"Who are you seeing?" I couldn't help but ask.

The one who stopped them was the human genius who was defeated by Ye Xuan on the same day. He took Ye Xuan and said, "It is the master of the royal family!"

"Royal? We are here in the backcountry, the royal family is generally not in this activity." The fall is a bit strange, but she did not break in, but waited quietly.

The room in the conversation has a soundproof array. Even Ye Xuan, who has the eye of perception, can't hear the sound inside. He only feels two strong breaths.

"The master of the singular royal family, the breath is not weaker than yours, I am afraid it is also four sacred supreme." Ye Xuan said in his mind.

"Oh, I feel she is coming to borrow people."

The answer replied.

"Do you feel that you are always accurate?" Ye Xuan continued to ask.

"of course."

Falling down suddenly looked up and chest, a very proud look.

The young man on the side couldn't understand. The two had no dialogue, how was the expression so strange?

Is it using eye contact?

Ye Xuan and the other side waited for a while, and immediately the door was opened, and then came out of a Fox woman.

"A strong breath!"

Ye Xuan heart trembled.

This fox woman is about 30 years old. When she came out, she also took a look at Ye Xuan and fell, and immediately left.

Then, the owner of the Silver Wing came out from inside.

"Let's fall back when you come back... mix things, do you dare to come back?" Silverwing City Lord saw Ye Xuan, immediately violently thunderous, and wanted to slap a slap to Ye Xuan to die.

This time, his face was lost.

"Oh, wait..."

He hurriedly grabbed the arm of the Silverwing City and whispered a few words.

"How are you helping him talk?"

The owner of the Silver Wing is very puzzled.

"I....."

Falling down, and quietly looking at Ye Xuan.

Ye Xuan is also not prepared to talk nonsense, and straight to the point and said: "Predecessors, the fall has now been controlled by me!"

"what?"

When the owner of Silverwing City heard it, he almost rushed up to dry Ye Xuan. However, he suddenly thought that there were many controls. The charm of the fox-like family could only be controlled, but some means could directly let the controlled person fall.

"The city owner is a wise man. Before he falls, he wants to control me with the blood of the master and servant, but he is expected to be countered. Now I can kill him with a thought." Ye Xuan threatened.

"you....."

The main wing of Silverwing City had to bite his teeth, and quickly whispered a question, but unexpectedly, the land nodded.

This means that Ye Xuan really controls the fall.

"You have to be married with you, why do you want to escape marriage?" Silverwing City Lord asked angrily.

"I didn't mean to fall down, I promised to just slow down." Ye Xuan replied.

"That's good, you let go, I let you go!" Silverwing City Lord finished, added: "What do you want, I can give you!"

"No, I just want her."

Ye Xuan directly shook his head and refused.

"you wanna die!"

The hatred of Ye Xuan by Silverwing City has soared again, but he did not dare to really do it.

If it is really shot, Ye Xuan may not be able to stop him, but Ye Xuan can dominate the life and death before he falls.

"Hey, you listen to me..."

Dropped and hurriedly interjected.

These two people, one is her jealousy, the other is her master, how hard it is to fight for you.

After listening to the words told, the owner of the Silver Wings also touched and muttered: "I have increased the strength of 20%, and the cultivation speed is also 20% faster?"

"Well, this is true."

Nod and nodded.

Although it is very good to improve the strength of 20%, it can make your daughter be controlled by a human being, which makes the silver wing city owner unable to accept.

"The city owner, I will not let people go. Today, I will return to the Silver Wing City just to let the land fall and you are individual, otherwise I will take her directly away." Ye Xuan said.

"You dare to come, I will pass you all day!" said the owner of the Silver Wing.

In his eyes, Ye Xuan is a human being, and he still does not know where to come from. If he let fall with Ye Xuan, if there is any crisis in Ye Xuan, he might decide to use it as a shield.

"Do not worry, even if I am dead, she will not have anything." Ye Xuan solemnly replied.

On the way back, he also tried it, letting it fall into the pet space, and then let the avatar call.

The result is successful!

This means that the landing can return to the East China across the space. However, the East China side has been completely blocked by the celestial beings, and the strength of Ye Xuan's avatar is enough to be guarded.

"Oh, this is true." The whisper replied.

"Hey, you are now under his control. I can't believe you in your words!" Silverwing City took a look at Ye Xuan.

"The city owner, you love or believe it, anyway, I will not let people go." Ye Xuan did not care.

The owner of the Silver Wing was mad at the smoke, and if he was able to shoot, he would use the tail to kill Ye Xuan live.

"Let's fall, you come in with me."

The owner of the Silver Wing suddenly pulled into the door and Ye Xuan saw it and quickly followed.

Chapter 849: Golden tail hair

Seeing Ye Xuan to follow, the owner of the Silver Wing City just wanted to worry, but he remembered that the fall had been controlled by Ye Xuan. He and the fall said what he said, and he would tell Ye Xuan one by one.

After entering the house, the owner of the Silver Wing City, regardless of Ye Xuan, took out a pair of golden hair directly from the Qiankun Ring.

"Hey, what is this?"

Asked in amazement.

"This is when your mother gave birth to you, born together." Silverwing City explained.

"Mother? But we are all white foxes, how can there be golden tail hair?" Falling with big eyes, a look that I don't understand.

"I don't know very well, but it is the case. This golden hair has great energy. You are hiding in the tail. Don't lose it."

The owner of the Silver Wing directly buried the golden hair into the falling tail, and the fluffy tail was able to hide.

However, Ye Xuan on the side is shocked.

"This golden hair..."

Ye Xuan used the eye of insight to lock on the golden tail hair.

As the owner of the Silver Wing said, this golden hair has enormous energy, and it is so powerful that even Ye Yixuan feels trembled.

At that time, without the eye of insight, he did not feel this kind of heart.

"This must be related to the mysterious blood of falling..."

Ye Xuan's heart is guessing.

After hiding the golden tail hair, the owner of the Silver Wing is also looking back at Ye Xuan, saying: "You and the fall, stay in the city government, your cultivation resources are provided by me, you do not need to go outside to experience."

Ye Xuan is slightly helpless, joking, the resources provided by the Silver Wing City Lord is probably enough for the average person, but for him, it is like a drop of water in the sea.

"The fall can be first in the city government, but my freedom, you can't limit it." Ye Xuan said faintly.

"whatever!"

Silverwing City is cold and cold.

What he cares about is just falling. Ye Xuan wants to leave it is the best. As long as Ye Xuan accidentally falls down, then he is free.

At this time, the fall suddenly asked: "Hey, was that the royal family just now? What are they doing?"

The owner of the Silver Wing now does not evade Ye Xuan. He said directly: "The one who borrowed the man's hand found a secret in the territory of the Silver Wing City, and the emperor was far away, so I came to the Silver Wing City to borrow some people. ""

"Mystery? Is that the person who is not the four lords, how do you still need manpower." Fall is very puzzled.

"Because I found out that this secret is not only her, but also other ethnic masters, snake Meizu, Tigers, giant elephants and humans, and the entrance to this mystery has not been stable, temporarily unable to enter." Silverwing City explained.

"This way, then I will go." The fall suddenly jumped excitedly.

"Do you want to go, or does he want to go?"

The owner of the Silver Wing suddenly stunned Ye Xuan.

"Amount, think!" After the fall, he answered.

"No!"

The owner of the Silver Wing directly refused: "He can, you can't!"

"Why?" asked with dissatisfaction.

"It doesn't work anyway." Silverwing City's attitude is firm.

At this time, Ye Xuan also said: "Then you will stay in the city government, I will go alone."

Although adding one can improve his viability, this secret may be dangerous. Ye Xuan is also convenient.

The owner of the Silver Wing agreed to borrow a hand. A total of ten people, almost all of them are in the middle of the Supreme Third Age. The human youth who have realized the 30% swordsmanship are among them, and there is also a master of the highest peak.

However, Ye Xuan is not among the ten people because he wants to act on his own.

Departure time is just tomorrow.

Soon, the next day was coming. The four-royal sect from the royal family of the fox sage was already waiting outside the city.

Then, the owner of the Silverwing City came out with the masters of the ten city capitals, as well as Ye Xuan.

"How eleven people?" The fox woman asked strangely.

"He doesn't count, he is going to go, he is acting."

The owner of the Silver Wing pointed to Ye Xuan.

"Oh."

The fox woman did not think much and left the team directly.

Ye Xuan quickly followed up.

He is not a place to practice, this secret is a good place, there will be adventures in the secret, and there are other ethnic masters.

Looking at the fox woman with people away, standing next to the main body of the Silver Wing City, but dissatisfied shouted: "Hey, agree with me."

"No, you will follow me today, where are you going?" Silverwing City owners will naturally not agree.

After all, he doesn't know Ye Xuan. What if Ye Xuan takes down the shield when he is in danger?

"Oh, that's okay." Falling down a listless look.

The owner of the Silver Wing saw that Ye Xuan did not force control to leave and was relieved.

His task today is to look at the fall.

The last time I fled the city government, I went to find Ye Xuan, and finally I was turned back to the contract by Ye Xuan.

This time, he can no longer be taken lightly.

However, after the fox women left the team for half a day.

Silverwing City City in the main government.

The owner of the Silver Wing City looked at the daughter who had not screamed for a long time and asked: "Is it still falling, still angry?"

However, sitting down is still silent.

"Don't blame, you will be a daughter, and your mother will go early..." Silverwing City sighed.

According to the usual practice, every time he mentions the falling mother, the fall will touch once.

But this time, the fall is indifferent.

"Land?"

The owner of the Silver Wing frowned, and he leaned on the past. The next moment, his face was changed.

"Hey!"

The fall of the serious sitting on it suddenly burst open, and it turned out to be a fake body.

"Damn, there is a new way to do things, that thing..."

The owner of the Silver Wing hurriedly chased him out. He thought that Ye Xuan must have turned and fell.

.....

At this time, it is half a day away from Silverwing City.

Although Ye Xuan did not go with the Fox women, he was behind the other side. After all, he did not understand where the secret was.

It is at this time.

"Young Master, wait for me..."

A silver bell-like sound suddenly sounded in my mind, and Ye Xuan's body trembled. This voice was falling.

There is a wonderful connection between the owner and the pet. As long as it is within a certain range, the owner can directly receive the pet in the pet space.

At this point, the fall just stepped into this range.

At the moment, Ye Xuan took her in and then released it.

"How come you? You agree?" asked Ye Xuan frowning.

"No, I ran out."

Shake his head and shake his head.

"Stolen out, if you are discovered by you, don't you kill me?"

Ye Xuan turned his eyes, his hatred was already high, and now it has soared.

Chapter 850: Entering the secret

"I am too strict, I am three sacred, and the strength is not worse than Hou Wen, why can't I go?" Falling up a small mouth, very dissatisfied.

The Hou Wen in her mouth is the human youth who has realized the sword of the 30%. This time he is also in the team ahead.

"Forget it, since you are here, you should go ahead and hide it."

Ye Xuan directly let fall into the pet space, at that time the Hou Wen and Fox women have not found.

"Young master, if there is fighting, remember to let me out."

The sound of the fall sounded in Ye Xuan's mind.

"understood!"

Ye Xuan replied.

at this time.

The team in front suddenly stopped, and Ye Xuan stopped. He felt that there was another strong team approaching.

"Fox Jie, this is your team, a little weak." A thick voice sounded, Ye Xuan stared at it and found that the speaker was a giant elephant of the height of nearly four meters.

Behind this giant elephant supreme, there are still six or seven people, the strength is not weak, the worst is reached the middle of the supreme three, the strong is even the highest peak.

"Xiangyuan, my fox sage and your giant elephant sacred water do not make river water, what do you want to do?" The fox woman chilled and shouted.

"Nothing to do, this mysterious place is in the site of your sacred sacred sacred sect, but it is what we found together. I naturally have the qualification to enter. I am here to talk to you."

The Giant Elephant Supreme said.

"If you come to talk about cooperation, then it will be saved." Fox Jie directly replied.

"Okay, if this is the case, then forget it, the adventures in the secrets are all based on the ability." This giant elephant supreme is also non-nonsense, directly rising into the sky.

At this time, the talents found that the secret was originally on the top. At this time, the entrance to this secret environment has appeared, and it is relatively stable and can go in.

"We also go in!"

Fox Jie said one sentence, leading ten people to enter the secret.

At the moment, only Ye Xuan is left outside.

"Young Master, let's go in, I haven't been to the secrets yet."

"Ok."

Ye Xuan also plunged directly into it.

There are big and small secrets, and the small secrets are like generals. The general supreme power can be opened up.

The big secrets need to have strong strength. Because the big secrets are unstable, the entrance may disappear, and the entering people may have to stay in the life forever, unless the secret entrance appears again.

Ye Xuan stepped into this mysterious place, and the foothold was a grassland.

"Young master, let me out." Shouted.

At this point, the two teams have left, so Ye Xuan put the drop out.

"This breath seems to be the strongest of my fox family, perhaps the legacy of a certain predecessor." After the fall appeared, he also took a deep breath and took a deep breath.

"Crap, is it still a giant elephant?" Ye Xuan rolled his eyes.

"I hate, who said that it appears in the secret world of the fox sacred dynasty, it must be my fox family, the establishment of the fox sacred dynasty is also a millennium time, thousands of years ago here is still the human territory." Falling gently patted Ye Xuan.

Now, she has also adapted to her identity, because Ye Xuan did not force her to ask her what she was, in addition to grabbing the treasures...

"Since it was left by the ancestors of the fox family, should you have an advantage over other races?" Ye Xuan asked.

"Not necessarily, other people should not have much advantage, but my sensory ability is very strong, I can feel that there are four strong breaths, in these four directions." Falling suddenly pointed at his fingers.

Ye Xuan looked at it, just in four directions in the southeast and northwest.

"What are the four breaths..."

Ye Xuan whispered, the feeling of falling here seems to be stronger than him.

"Then you think, where are we going first?" Ye Xuan asked again.

At this point, the sense of falling seems to be more useful than him.

"The breath here is the weakest. Let's go here first." The fall pointed to the South.

"Okay, then here."

Ye Xuan nodded, and then he ran towards the south with the fall.

However, they have not been running for a long time, and the landing has stopped.

This time, even Ye Xuan also sensed it.

"There is a lot of strong breath coming to us, at least a hundred." The fall suddenly said strangely.

"I feel it too, it doesn't seem to be a creature..."

Ye Xuan's eyes slammed and hurriedly received the pet space.

This secret is still unable to fly, so he can only avoid it temporarily, but he found that hundreds of breaths actually followed him.

Soon, he saw hundreds of white foxes. These foxes are extremely fast, and I am afraid they are comparable to the three sins.

"Supreme Holy Beast?" fell out and exclaimed.

"No, no!"

Ye Xuan opened the eye of the insight and found that these white foxes are not the living body of the Supreme Beast, nor an illusion, but an energy body.

"Ok?"

With the eye of insight, Ye Xuan can see that they are a piece of infuriating, and this infuriating is emitted by a white hair.

Upon seeing it, Ye Xuan couldn't help but think of a legendary character, Sun Wukong.

Sun Wukong has seventy-two changes, a monkey hair can change a monkey, this is also true of this fox.

"Since it's just a fox that is infuriating, I'm afraid you won't be?"

Ye Xuan came out with weapons and launched an attack directly toward the front.

90% of the fire is shattered!

"Hey!" "Hey!" "Hey!"

A very powerful attack broke through the air and instantly killed the white foxes.

However, due to the large number, Ye Xuan was directly surrounded.

"Young Master, I have to fight." Shouted in the pet space.

"It is good!"

In order to facilitate the operation, Fang Caixuan hid the fall. Now, after seeing only a group of infuriating foxes, he is relieved.

The strength of the fall is indeed no worse than the Hou Wen who understands the sword of the 30%.

After the fall appeared, the figure flashed rapidly, like a lightning shuttle in the white fox group.

"Splashing claws!"

The falling hands are weapons, and each attack can tear several white foxes apart, leaving a white hair.

"Three and a half claws?"

Ye Xuan was shocked. He did not expect that the strength of the fall was so strong.

The human youth, called Hou Wen, only realized the 30% swordsmanship, and the fall was even higher than him.

You must know that Ye Xuan is only two and a half swords.

"If you don't need the eyes of the sky, I am afraid I can't beat this girl..." Ye Xuan was helpless.

However, at this time, he suddenly discovered a strange phenomenon. After the fall of the group of white foxes, they all settled, and they did not attack or move.
