Chapter 851: Fox King

"Let's fall, stop."

Ye Xuan hurriedly shouted.

It was said that the landing stopped some strangely and looked at Ye Xuan.

"Hey, why didn't they move?" The fall also found this.

Ye Xuan swept the eye of the insight and found that there were no strange places in the remaining dozens of white foxes. However, he found a glowing thing on the falling tail.

"It's the golden tail hair." Ye Xuan frowned.

"Golden tail hair?"

Falling and rubbing his eyes, he wraps his white tail and finds the golden tail hair.

Then she received the ring.

"Huh!"

The next moment, the wind blew.

The remaining dozens of white foxes, which were condensed in infuriating, suddenly violently attacked and attacked the two.

When I saw it, I dropped it and quickly took out the golden tail hair.

Suddenly, the white foxes were quiet again.

"It really is the reason for this golden tail hair!"

Ye Xuan's eyes widened and he walked over.

"This is the golden tail hair, what is it, why can it make them quiet?" Fall is also incomprehensible.

"This is definitely related to your heritage. Perhaps, this golden tail hair is your ancestors." Ye Xuan explained.

"But I am a white fox, the descendants of the white fox and the golden fox, only the golden fox..."
Frowning frowning, and hiding the golden tail hair on his white tail.

Ye Xuan does not understand, can only say: "Do not solve this problem, let these white fox solve it."

Suddenly, the wind rang again, no more than three seconds, and the remaining white foxes were all beaten down.

"Collect those white hairs, maybe they will be used."

Ye Xuan said to the fall.

There are a total of one hundred and thirty white foxes, so there are one hundred and thirty white hairs.

"A white hair can become a white fox comparable to the three robes. If other people encounter it, I am afraid it will cause a lot of trouble?"

Drop the white hair in his hand to Ye Xuan.

"Ok."

Ye Xuan nodded.

The fox women's team is okay, because he is a four-role supreme, and the team strength is not weak, and it is easy to kill a hundred white people.

However, there is no requirement for this secret entrance. If anyone finds it, they can come in, so those people will be miserable.

"Young master, let's go, I feel that there will be good things in that breath." The fall grabbed Ye Xuan's arm and urged him.

Ye Xuan also thinks so. He estimates that this secret may not be anything to him, but for the people of Humei, I am afraid it is a treasure.

At the moment, they are going to the south again. Not long after, they have met another group of white foxes.

With the golden tail hair, Ye Xuan and the falling two were very easy to pack, and they received hundreds of white hairs.

"It's time to catch up again, don't know what the breath is."

Ye Xuan thought about it.

Then, they met a group of white foxes again. However, this time, there are still a few white foxes in the mid-term.

However, the white fox in the middle of the Supreme Third, under the shock of the golden tail hair, could not move, so it was shredded by a paw.

Now, Ye Xuan has collected nearly four hundred white hairs.

"Young master, the breath is very close." Falling reminder.

"Well, I feel it."

Ye Xuan nodded. He has the eye of perception and his sensory ability is still very strong.

He sensed that the strong breath was right in front of them.

They carefully leaned over, and finally Ye Xuan discovered that the breath came from a palace.

"The palace gate has a line of law, let's go and see."

After Ye Xuan finished, he carefully leaned over with the fall.

The door cannot be pushed away and it seems that what is needed.

At this time, Ye Xuan suddenly found a small hole in the gate, about a football size.

"Young master, is it necessary to put the white hair we got to open the door?" asked Luo.

"Ok."

Ye Xuan also thinks this way. At the moment, he put all the four hundred white hairs collected into it.

"Boom!"

The door suddenly slammed, but did not open.

"It seems that there are too few white hairs to open."

At the moment, Ye Xuan is going out with the fall and continues to collect white hair. Soon, the number of white hairs reached 500.

When Ye Xuan put five hundred white hairs in the gate, the door was also opened with a boom.

"Sure enough, those white hairs are the keys."

Ye Xuan eyes a glimpse.

"Young Master, let's go in and have a look." Some of them couldn't wait, and they took Ye Xuan directly.

There is a strong sense of falling. After entering the palace, she is leading the way to Ye Xuan. At the same time, Ye Xuan also found that his insightful eyes could not penetrate these walls, and this palace is a big maze.

Fortunately, there is a fall, otherwise Ye Xuan is afraid to find a long time.

"Which secret is this mysterious person left behind?"

At this time, suddenly a white fox blocked the way of the two of them.

There are golden tail hairs, this white fox can't move.

"It turned out to be the real white fox comparable to the Supreme Peak."

Ye Xuan was shocked.

Fortunately, this white fox was shocked by the golden tail hair, otherwise Ye Xuan and the two fell together.

"Hey!"

After defeating the white fox, the fall was carried forward with Ye Xuan. They ran for more than ten minutes and then circled a spacious place.

At this time, in the middle of this large open space, there is a figure.

"Be careful!"

Ye Xuan quickly pulled the fall back.

This figure is actually a four-role fox man, but this fox man has no organs in his body, just a human figure, he has already died.

After seeing this sturdy attire, it was also eclipsed and exclaimed: "Devil Guard?"

"Do you know?" Ye Xuan asked slyly.

He nodded and said: "The demon fox is the guardian of the fox king scorpion hundreds of years ago. There are four people in total. This fox prince was the nephew of the emperor of my fox sage, but it was stolen from the fox sage. So being chased..."

"So, this secret is the fox king? What kind of inheritance did she steal?" Ye Xuan asked again.

"I don't know. It was chased and killed. Later, it disappeared. It seems that nothing has been found..."
Shake shook his head.

"So, in the mysterious world, there is a demon fox in the southeast and northwest?"

Ye Xuan's eyes glimpsed, and he suddenly came to the interest, because this demon fox is awkward, and his sacred gods may be able to control.

"Our demon fox guard strength should be the worst, but the body of the demon fox is specially refining, comparable to the peak of the four robbers."

Chapter 852: Invisible shock

"Four robbers to the top?"

Ye Xuan was shocked. He felt that the demon fox in front of him was only the beginning of the four robberies, but this may be because of hundreds of years.

"If this is the case, then the difficulty will be great. I don't know if your golden tail hair is useful." Ye Xuan whispered.

"I let you try it."

Ye Xuan suddenly got a wolf to ride, and then controlled to go in.

The Langya ride was controlled by Ye Xuan, and it was already running to the side of the demon fox, but the demon fox did not react.

"Hey!"

The wolf's teeth fell on a knife and fell on the body of the demon fox. There is still no internal response.

The fox fox was also a person before the health. After death, it was refining into a scorpion, but the supreme golden body was not able to break open.

"It seems to be fine, Jin Mao should be able to shake him?" Falling ready to step in.

Ye Xuan is behind her. If there is a problem, he will directly receive the pet space.

The two went in, they are different from the wolf, they are the living body.

However, they are suspicious.

"Thousands of God!"

Ye Xuan is close to him, while he is on the lookout. After the distance is enough, he is using the gods of the gods.

Unexpectedly, it is impossible to control.

Not only that, but even the eyes of control are useless.

"Sure enough, there is a white hair in the body, I can't control it!" Ye Xuan has some regrets, after all, this is a four-role supreme combat power.

"Young master, Qian Kun ring!"

At this time, the fall suddenly pointed to the hand of this demon fox, there is a ring of 乾.

In fact, Ye Xuan had already discovered it. He estimated that the treasure of this southern palace was in this ring.

Ye Xuan went straight away and picked up Qiankun.

"A lot of things!"

Ye Xuan brows a pick, there are many things in this Qiankun ring, and most of them are heavenly treasures.

"Let's fall, do you see what you need?"

At this time, Ye Xuan suddenly lost the Qiankun ring to the fall.

"Thank you, Master."

Falling is also a joy, she looked at the Qiankun ring, immediately eclipsed, exclaimed: "Bi blood Jing Dan?"

"What?" Ye Xuan asked.

"Bi blood Jing Dan, can improve the cultivation, and greatly enhance the supreme gold body, there are a total of ten." The drop took out a jade bottle.

"Yes, then divide it, you want to take it yourself." Ye Xuan said very generously.

"Hey."

Falling down is not annoying, take some things directly from inside, and then throw the ring to Ye Xuan.

"You are really a girl, and you are not merciful."

Ye Xuan can't smile, the precious blood and blood, the Dan directly took seven away, in addition to many things.

"Bi blood Jing Dan is very effective for us orcs and has little effect on humans."

Falling down and laughing, directly swallowed a blood-stained Dan, continued: "I will break through soon, the young master will help me protect the law."

"amount....."

Ye Xuan paused, standing directly beside the falling side, and he also swallowed the rest of the Qiang Kun ring.

"Hey, the host broke through to the middle of the three robberies!"

The system prompts.

There are a lot of things in Qiankun's ring, so Ye Xuan is so generous and handed over to the land.

Among them, the three blood-stained Dans were specially devoured. Although they improved some physiques, they did not fall sharply. It seems that he is a human being, not an orc.

Then he just looked down.

At this time, the fall is at the refining and blood of the blood, although this bloodless Dan has not so much improvement on Ye Xuan, but it has a huge effect on the fall.

"The intensity and cultivation of the Supreme Golden Body is really improving rapidly. However, the refining and refining of the fallen body is so fast?" Ye Xuan's eyes glanced.

He has a phagocytic system, so refining is fast, but other people's refining speed is definitely impossible to compare with him.

However, in a few seconds, a blood-stained Dan was refining and finished, and then the second.

Ye Xuan quietly stayed by her side.

When the refining and refining came to the sixth, the breath suddenly rose up.

"Breakthrough."

He shouted excitedly.

"Your refining speed has been so fast?" Ye Xuan asked.

"Yes." Nod and nodded.

Ye Xuan thought about it and said: "If this is the case, then refining everything and starting."

"Ok."

Falling down and cleverly responded, she estimated that refining those things should not take more than two minutes.

Soon, the fall is to refining everything, her combat power is at least five times higher than before, and her supreme body is probably stronger than the peak of the three robbers.

"Okay, let's go, don't let things be taken away by others."

Ye Xuan also broke through when he saw the fall, and he said with a smile.

"Ok."

Falling down.

Since the signing of the main servant blood contract with the fall, the growth rate of the fall is increased by 20%, plus 20% of the strength increase, so the strength of the fall is faster.

If it is really necessary to play a game, Ye Xuan can not guarantee that he can defeat the fall, his burning eyes are likely to have little effect on the fall, after all, the blood of the fall is a bit weird.

After leaving the southern palace, Ye Xuan also asked about a drop.

Every palace has a breath, it seems that it is the demon fox, but the things in each palace may not be the same.

This time, they went to the palace in the west.

If you want to enter the western palace, I am afraid that you need to get together five hundred white hairs, so Ye Xuan and the falling side advance and collect white hair.

When they arrived at the palace in the west, they opened the palace gate directly, and then led by the fall, and soon they saw another demon fox.

"This golden tail hair is really amazing."

Falling down can not help but say.

If there is no such golden tail hair, they may find it difficult to get these things.

"There are ten more blood and fine Dan, young master, give me?" The fall suddenly revealed a sly smile.

"On the line, ten are for you." Ye Xuan rolled his eyes.

"Thank you, Master."

Fall and fall and laugh.

"After refining, can you break through again?" Ye Xuan asked.

"No, only those who refining and accumulating are piled up in the body. It takes a little time to fully refine. If you want to make a quick breakthrough, you may still need ten blood-stained dandelions!" Said.

Ten blood and blood, so as long as you sweep a palace, you can break through to the top three peaks.

Of course, for Ye Xuan, the experience is still much worse.

Chapter 853: Natural Selection

Soon, the fall is to refine and refine everything, which is completely refining a part, most of which still remains in the body and takes time.

"Go, let's go to the next palace."

At the moment, Ye Xuan is taking the landing to the north palace.

However, when they were about to arrive at the palace in the north, Ye Xuan suddenly felt another person.

"The breath is not strong, it seems that there is no four sacred..."

Ye Xuan and Luo Luo crouched not far away.

"Then we?" Falling to see Ye Xuan, ask the meaning.

"What do you think?" Ye Xuan asked.

I don't want to fall and I don't want to, I replied directly: "He taught me a word from an early age, and he is a natural choice. For competitors, you can't be merciful."

"Okay, if that's the case, then let's take it." Ye Xuan came out with weapons.

This battle, strictly speaking, is the first time he and the team have joined forces. Just right, he also wants to see how the real combat power of the landing is.

"kill!"

Ye Xuan sang low and he and the fall were killed at the same time.

Both of them are already in the middle of the three robberies, and at the same time they have extraordinary means to deal with a team that has no four-royal supremacy. It is easy.

That team is the Tigers, and the two teams are the three peaks of the three lords, and there are six middle squads in the middle of the Supreme.

Ye Xuan and two people killed it with lightning speed. The group of people were still wandering around the palace gate, and they were attacked by Ye Xuan.

"Broken!"

"Splashing claws!"

The two attacks broke away. In the meantime, the two Tigers of the Supreme Three Middle Ages were torn into pieces.

When these people reacted, they were two people falling.

In the blink of an eye, four people died, and the team's hands were instantly halved.

"Charm!"

"The Eye of Burning!"

"The eye of control!"

The next moment, the last two of the three robbers in the middle of the Supreme is controlled.

"not good!"

The two remaining Supreme Peaks looked at each other and rushed to attack, but at this time.

"Boom!" "Boom!"

The two controlled tigers of the Tigers suddenly shot, and directly attacked one person, but because of insufficient attack, they did not break the other's supreme body.

"Humph!"

At this time, the falling side of the body suddenly snorted and prepared to deal with a Supreme Sancha Peak, but it was stopped by Ye Xuan.

"The two men received it."

Ye Xuan said in his mind that he immediately stopped his hand and then showed his charm again.

"The Eye of Burning!"

"The eye of control!"

These two consecutive moves, Ye Xuan is really tried and tested, the average person in the burning eyes are painful to live, as if the heart is bitten by tens of thousands of ants.

"Hey, take control of success!"

The system prompts.

As for the other side, the fall has not yet broken through to the top three peaks, so it has not been charmed successfully.

"I want to... charm me... impossible..."

The last Supreme Sancha Peak has been resisting, but the charm of falling is also very strong, the other side can only resist, can not fight back.

After a few seconds.

"Huh, finally enchanted success." Falling satisfied with a sigh of relief, touched the sweat on the forehead.

"Not bad."

Ye Xuan encouraged.

"Young Master, you are obviously not a fox, why can you control them so quickly? Is it the ability of the eyes?" asked curiously.

"Yes, I have a lot of eyesight."

Ye Xuan nodded. Anyway, it is his own person. It is no harm to know his secret.

He walked over and directly put away all the people's enthusiasm, then poured things into the devour space, and then fell into a ring.

"What do you need to take yourself..."

Ye Xuan will throw the ring to the fall, and some things have a greater effect on the fall, so he now chooses to give priority to the upgrade.

"Too little, this 乾 戒 还 还 还 还 还 还 还 还 三 三 三 ,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,

Falling and throwing the Qiankun ring to Ye Xuan.

Since it is not going to fall, then Ye Xuan will all swallow it.

"You four, just keep it outside the door." Ye Xuan said to the supreme of the four tigers.

"Yes, master!"

The four answered reverently.

Two of the four are the Supreme Sancha Peak, and the other two are the Supreme Third Interim. At the same time, two are enchanting, and the remaining two are controlled by Ye Xuan.

Next, Ye Xuan used white hair to open the door of the northern palace and then swept in.

Under the leadership of the fall, Ye Xuan quickly found the third demon fox.

Sure enough, this third demon fox has been suppressed, and it is impossible to move, and Ye Xuan has easily won the ring.

"Young master, I only need to be bloody!"

Falling to the side of Ye Xuan, stretched out the white arm to Ye Xuan, and asked for blood and blood.

"Give you something."

Ye Xuan gave all the blood and fine Dan in the ring.

At the moment, the fall is to sit down directly and start refining the blood and blood. And Ye Xuan, is to devour all the rest of the things.

"A breakthrough!"

The breath of the fall was skyrocketing and jumped very excitedly.

"You still have a lot of medicine in your body. If you are completely refining, can you reach the peak of the three robbers?" Ye Xuan asked.

"Yes, but if you want to refine it completely, I hope it will take another day or two."

"Then you can rob you in a day or two."

Ye Xuan also feels a little perverted. He is more and more interested in the blood in the body.

Now that it has broken through to the Supreme Sancha Peak, and swallowed so many blood-stained dan, her supreme golden body is probably able to compare with the four robbers. It is not a problem to spend four times to rob the robbery. It is only a matter of time.

However, Ye Xuan's experience value has not been enough.

"The two of us swept the three major palaces. Only the palace in the east has not been visited. It seems that the things that the fox king had stolen should be in the east palace." Ye Xuan said.

"Young master, then let's go quickly, wait for the royal family to chase such a tight thing, it must not be a good thing." Falling is very excited, after all, she is also a fox, so that thing is likely she can also use.

"it is good....."

Ye Xuan nodded.

However, he did not finish it, but he suddenly felt something.

"No, the four people we kept at the door were killed." Ye Xuan's face changed.

He sensed that the two people he controlled had fallen, and the two men who fell in charm were estimated to be unable to escape.

"All dead? Ah, it won't be the master of the royal family..."

Falling surprised.

If it was the fox woman who was killed by the fox, it was really a big water rushing to the Dragon King Temple.

"I don't know, let's go out and see!"

Ye Xuan blinked.

Chapter 854: breakthrough!

This area is under the arm of the Silver Wing City. Except for the Silver Wing City Lord, there is no other four robbery supreme, so he guessed that the killing of the four people should be Fox Jie or the Giant Elephant Supreme Garden, or other receiving secrets. The master of the message.

If it was before, Ye Xuan might have to avoid them, but now it has broken through to the top three peaks, they are not afraid.

Besides, Fox Jie is still borrowing the manpower of the city's government, and it is unlikely to be shot.

Ye Xuan and the two of them left the original road. They walked for a while, and then Ye Xuan sensed six people.

"Human body shape, is it the snake Meizu?"

Ye Xuan's eyes are bright. Compared with the giant elephants and tigers, the snake Meizu has no big advantage except for being deformable, similar to human beings.

Soon, Ye Xuan met with this team.

Sure enough, it is a snake Meizu!

"Hmm? Human?"

The head of the four-robbery stunned eyes, at this time, all six of them are in a state of humanity, but one can recognize that Ye Xuan is not a snake Meizu.

"A four robbery supreme, three three robbers to the peak, two three robbers in the middle of the middle..." Ye Xuan secretly counted.

These people, he and the fall add up can still cope.

"Kid, are you two just coming out from inside?" The four robbers said with a squint.

"Correct!"

Ye Xuan nodded.

"What's inside?" asked the four lords again.

"Have....."

When Ye Xuan just wanted to talk, he was interrupted by the fall of his side. The latter snorted and said: "Master, you and them said so much, kill it directly."

"amount....."

Wen Yan, Ye Xuan stunned, this girl said quite reasonable, and what nonsense?

"on!"

After Ye Xuan's low-sounding voice, they attacked directly. This passage is also more than ten meters wide, which is an advantage for them.

"Charm!"

"The Eye of Burning!"

"The eye of control!"

In the meantime, there are two snakes and Meizu masters who are the three peaks of the Supreme Master.

"Not good, hold him, go up!"

The four robbers turned their heads and glanced at them. They found that the eyes of a snake Meizu master who had a three-robbery peak became pink, which was enchanted.

However, he did not know that there is still one person who has been controlled by Ye Xuan.

"Young Master, these four robbers will be handed over to me, and the rest of you will pack." The fall directly rushed up.

"This girl..."

Ye Xuan laughed and laughed. To be honest, the strength of the fall was stronger than him, which made him a bit unwilling.

However, the remaining few people, Ye Xuan can easily solve.

"Broken!"

Ye Xuan took out a sword and sang the sound of the wind. The target of this attack was the three robbers who were not enchanted and not controlled.

The Supreme Sancha Peak, just caught the man who was enchanted by the fall, could not escape the sword.

Available at this time.

"boom!"

Suddenly there was a shot on the side, which was controlled by Ye Xuan. He shot the other side of the back and flew it.

The miserable thing was that the person who was shot was directly hit by Ye Xuan's attack.

"Oh!"

This person's supreme body is not very strong, a head flew directly.

In this battle, Ye Xuan only controlled one person. After all, he was too lazy to waste his power to control one person.

Then, the two remaining Supreme Peaks were quickly turned and attacked the two mid-terms. In the blink of an eye, they were successively fallen.

At this point, the snake Meizu side, only the four robbers are left.

However, the sword of Fangcai's sword has made Ye Xuan harvest a great deal. Not only has the sword meaning increased to 30%, but also the proficiency of the shattered scorpion has increased to 10%. His attack power has increased by at least several times.

It's really a double happiness!

"Boom!" "Boom!" "Boom!"

Not far from the distant deafening voice, Ye Xuan turned his head and saw that the fall was inseparable from the four robbers.

"The strength of the fall is much stronger than mine. The 35% and a half claws can definitely break my supreme gold..."

Ye Xuan made a chill, he just upgraded to 30% of the sword, but it was already half as long as 35. The strength is much stronger than if he did not use the eye.

At this time, the four-role sect of the snake Meizu was already frightened. When he came in, six people, in the blink of an eye, there was only one person left.

Although there are still two who are not dead, they are all controlled. It is not bad to attack him.

"go!"

The four robbers did not dare to neglect, and hurriedly turned around and left.

"You can't go."

The fall suddenly stood still, and then there was a phantom that swept from her body and struck the four sacred supreme.

"Oh, it's all fake."

The four robbers were cold and screamed. He didn't feel the scent of these fallen bodies, so he only used to confuse him.

He allowed these detached claws to catch on him, and sure enough, there was no attack.

"Is it?"

At this moment, suddenly a virtual shadow was directly realized, and a paw swept his throat.

"Oh!"

Three-and-a-half percent of the claws were cut directly from the throat of the four robbers, and a skull flew up.

I couldn't think of this four-royal supreme, I actually died here.

His head fell to the ground and his body began to appear.

"Young master, am I amazing?"

After killing the other party, the fall also put his hands behind his back, then turned to look at Ye Xuan, a smug look.

"Cough, you just kill him, I want to control it."

Ye Xuan is slightly helpless.

However, the trick that was only settled was very sharp, because before the virtual shadow was realized, even the eyes of his perception did not find anything wrong. At that time, the fall was still in a wonderful state, only the eye of insight. You can see the falling entities.

This trick is estimated to be learned in the memory of inheritance.

"Well, I forgot..."

She fell out and spit out her tongue, only to be too excited. After all, the other side was a realm with the silver-winged city owner, but she was killed by her, which means that her strength can be compared with the silver-wing city owner.

"Forget it!"

Ye Xuan shrugged his shoulders and collected the six 乾 戒 戒 , , and then gave priority to the election.

"No, I want to be **** and fine!" Falling and throwing the ring to Ye Xuan.

In this secret world, there is actually no good thing, except for the white fox or the white fox.

However, this snake Meizu Supreme is also a four-role supreme, there are many treasures in the ring.

"Hey, the host breaks through, and it's the top of the three robbers!"

After being crushed to a level, Ye Xuan finally broke through, and now and the level of the fall, while the three robbers peak, it is to save some face.

Chapter 855: Masters gather

"Oh, break through again, I know that you are not an ordinary person." The hurriedly rushed to the top and grabbed Ye Xuan's arm and shook it.

"Now I know that I have a future, let's go, let's go to the Oriental Palace!"

Ye Xuanyi smiled and directly killed the remaining two people. With his strength, he did not need the three robbers to beat the peak.

Now, they both swept the three palaces and got a lot of treasures. However, this made Ye Xuan somewhat strange.

That Fox Jie and Xiangyuan, they have not met, and have not encountered the genius of the human sacred, it is difficult to kill the white fox outside Chengdu?

Even if you kill the white fox, it will not be able to make up for the five hundred white hairs. After all, they have already swept three palaces.

So Ye Xuan guessed that the Fox Jie may have gone directly to the Oriental Palace, where there may be treasures stolen by the fox king.

"Let's fall, be careful, then the master of the royal family may have known that this is the secret of the fox king."

Ye Xuan reminded.

"Ok."

It's also a good night's nod, but she thinks so.

After a while, Ye Xuan and Luo Lan arrived at the Oriental Palace. This palace built in the east is very atmospheric and much larger than the other three.

At the same time, the gates of this palace have been opened.

"Sure enough, someone opened the door and left!"

Ye Xuan directly fell in with the fall.

At the moment of passing through the gate, the two felt a strong atmosphere, which is a far cry from the door.

"There is a strong atmosphere, this palace seems to cover up the atmosphere of the demon fox..."

Ye Xuan exclaimed.

In the other three palaces, the demon foxes are the highest peaks in their lives. However, after hundreds of years, only the first four of the Supreme Four are left. Although they are jealous, they are refining the flesh and blood. .

Not only did Ye Xuan feel it, but even the fall, her sense of this secret is stronger than Ye Xuan.

"This breath, at least the highest peaks..."

Some of the sluggishness said.

"Let's fall, put the golden tail hair into the Qiankun ring, take it out when necessary, don't be found." Ye Xuan reminded.

"Ok."

Nodded.

Then, the two went in along with that breath, and their inductive ability was very strong. This maze is simply a display for them.

However, when they are about to leave the maze.

"Booming!"

A burst of loud noise fell into the ears of the two.

"It seems to be fighting, let's go and see..."

Ye Xuan said, it was pulled out of the maze with the fall.

At this time, in front of them, there are more than 20 figures in battle, they have a common goal, that is, the demon fox.

"The fox family, the giant elephant, the human race, and the bulls..."

Ye Xuan roughly glanced at four races.

At the same time, there are four ranks of the four races, and there are more than ten masters of the Three Peaks. As for the rest of the Supreme Third, they are watching from outside. They are not able to help at all.

"Young master, look at..."

Drop your hand and point to a corner.

There are several treasure chests in that corner, but these treasure chests are framed by the array. I am afraid, only the one who can solve the problem can only break the battle.

"The four four robbers supreme, the worst one has realized the meaning of 35% and a half, and the other three are 40%. However, their attack on the demon fox is not able to seriously hurt him. Sure enough, it is the highest peak!" Ye Xuan whispered.

The 40% sword meaning is enough to hurt the supreme golden body of the Supreme Four Peaks. Of course, there are some powerful exceptions.

These four robbers have good strengths. I am afraid that they are the elites in every sacred dynasty. It is not so easy for Ye Xuan to want to grab treasures from their hands.

"Young master, what should we do?" asked with a big eyes.

"The few treasure chests, I can't see it..."

Ye Xuan thought about it and said: "Concentrate, rely on the past, wait and see what happens, then grab!"

"If the master of the royal family got it, would you grab it?" asked Luo.

"You don't shoot, I am coming!"

Ye Xuan replied.

If you drop the shot, it will be finished by the royal master. After all, the fallen scorpion is the owner of the Silver Wing City and is a member of the Fox Fairy.

However, if he is a human being, then it doesn't matter. At that time, Ye Xuan can do everything himself.

"Ok."

Nodding nodded, and immediately relied on the past.

In addition, among the people in the middle of the Supreme Third, there are the offerings of the capital city of the Silver Wing, so they naturally know the fall.

"Little City Lord, how come you are here?"

Immediately a fox man asked.

"What's the situation now?"

If you don't answer the other person's question, ask directly.

"This mystery is the mystery of the fox king scorpion hundreds of years ago. Only the demon fox who defeated the supreme sacred peak can open that squad and win the treasure." Hou Wen, who understood the sword of the 30%, said.

"I heard the legend of Fox King, but what exactly did she steal the royal family?"

Asked in amazement.

Hou Wen shook his head and said that it was not clear.

At this time, Ye Xuan suddenly said in his mind: "I will control five people first."

Now that he has lifted everyone's control, he has five control places.

In addition to the four four robberies in the field, there are eight three robbers to the peak, so Ye Xuan wants to control five of the eight.

"The Eye of Burning!"

Ye Xuan swept into a person's eyes. At that time, the person's heart was a pain, and he couldn't help but scream.

Now Ye Xuan is the peak of the three robbers, and the other side is also the peak of the three robbers. Even if the willpower of the other party is strong, a burning eye is enough for the other party.

"The eye of control!"

After Ye Xuan's pause, he immediately used the eye of control.

"Hey, take control of success!"

When the system prompts to sound, the effect of the burning eye is directly disappeared.

"what happened to you?"

The four robbers of the Supreme Elephant Park asked the master of the giant elephant who made a scream.

"Nothing..."

The giant elephant master shook his head, although he said nothing, but he was already successfully controlled by Ye Xuan.

This scene fell on the eyes of other people, making them feel surprised.

Although the demon squad of the Supreme Four Peaks was strong, it was stopped by four four robbers, and the eight outsiders were assisting the attack. The demon fox did not shoot them. What is the ghost?

However, in addition to Ye Xuan, the people present were only able to understand why the other party was screaming.

Chapter 856: Who is plotting?

"Among the eight people, I have already controlled one person, and one is the offering of the main capital of the Silver Wing City. There are still six people left..."

Ye Xuan thought about it.

He is not using the eye of control, but is looking for someone who is stronger.

The giant elephants have already controlled one, so the bulls and humans also control one.

"what....."

"what....."

A master of the bulls and a master of humanity are screaming one after another.

This time, people around can't frown.

All three people screamed, and there must be problems.

However, all three people said that they had nothing to do, so others did not know what to do.

"Young Master, do you want to try to control a four-role supreme?"

The sound of falling suddenly remembered in Ye Xuan's mind.

Now Ye Xuan controls the top three peaks of a giant elephant, human, and barbarian, and there are two places left.

Therefore, he also wants to try to control the four robbers.

"The fox is a master of the royal family, and it is a family of foxes. The eye of control is inherently resistant and difficult to control..."

Ye Xuan thought about it.

If the fox is excluded, then there are only three people left. The elephants and the bulls are the four sacred supremes.

At the moment, Ye Xuan is the four-role supreme shot of the human side.

"The Eye of Burning!"

The human middle-aged man suddenly raised an irresistible pain and screamed. However, he was higher than other people's realm, so the chance of using the eye immediately was small.

"what happened to you?"

The elephant garden on the side asked loudly.

"I don't know, my heart is going to burn, some people are calculating..." The human supreme shouted his teeth.

plot?

After the three squadrons of the Fox Guards heard it, they also trembled and began to watch out.

Although they are now working together to fight against this demon fox, once the demon fox is killed, the formation will be opened, and they may have a big fight.

"Who, who broke the agreement and counted him?" The four robbers of the bulls screamed.

"Not me, I am farthest from him!"

As the park attacked, he shouted.

The closest thing to this human middle-aged person is Fox Clean, but she did not shoot, so she was secretly observing whether other people were noble.

At this point, the effect of a burning eye has passed, and the human supreme is burnt and sweaty, dizzy, and the combat power has dropped by at least 20%.

"I don't know once, come again!"

Ye Xuan glimmered and used the burning eye again.

The human supreme, who could have breathed a sigh of relief, was once again tempted, and immediately screamed.

The Fox Clean three are all on the guard, but they have not found out who is doing the ghost.

"It is the fox king, it must be that the fox king has left a remnant!"

After such a reminder, everyone was suddenly realized that so many people present were watching, but they did not find out who was shooting, so they must have been aware of something they are doing, such as Fox King.

"Ha ha....."

Ye Xuan from the outside heard this, and Ye Xuan opened his mouth and smiled. This time, he directly used the eyes of the human supreme.

After two burnings of the soul, the human supreme will has been weakened to the extreme, and the attack power has dropped by at least 30%. This is a good opportunity for Ye Xuan to shoot.

"Hey, take control of success!"

The system prompts.

Now, Ye Xuan is already controlling one person, then the next one is the second one.

The second goal is the four robbers of the bulls.

After Ye Xuan showed his burning eyes, the four robbers of the bulls were also screaming a few times, and who found him at the bottom.

He would never have thought that he was shot by Ye Xuan who was mixed in the crowd.

The fox family will display charm, their eyes will turn pink, and the enchanted person will become red after being enchanted.

However, Ye Xuan's burning eyes are hard to prevent.

"Let's stick to it again, the demon fox will die!"

That Fox Jie shouted loudly, and at the same time, it was not her who was lucky in her heart.

The same is true of the Elephant Garden.

Now the middle-aged man and the barbarian squad have a decline in combat power. If the foxes die, they may get a treasure chest.

Although the demon fox is the highest peak of the four, but the strength of the four is very strong, in the case of teaming up, the demon fox has no power to fight back, it is only a sly.

Everyone estimated that in three more seconds, the demon fox would be killed.

However, Ye Xuan must hurry before them and conquer the four robbers of the barbarian.

"Hey, take control of success!"

The second system prompts to sound.

At the moment, Ye Xuan has two thugs and four thugs.

He and the strength of this side are the strongest.

"Boom!" "Boom!" "Boom!"

A group of people are still shooting crazy against the demon fox. At this time, the arm of the demon fox has been shackled, and the blood on his chest is blurred. It is already the end of the strong.

Bang!

Finally, in a loud noise, the one that separated them from the treasure chest disappeared.

"The formation has disappeared, fast!"

Xiangyuan's eyes widened and he immediately swept away.

Five treasure chests, they must win at least one.

When the Fox Fox saw it, it quickly turned into a streamer and rushed to the nearest treasure chest.

"It's finally open."

Ye Xuan's mouth was slightly tilted. At the moment when the formation disappeared, he controlled the two four robbers to the two treasure chests.

Hey!

Four treasure chests were opened one after another, and the four quickly took off the ring in the middle.

As for the last treasure chest, it is just in the middle of the garden and the fox.

"this is mine!"

The Elephant Garden will accept the

As for the other two, Ye Xuan has long controlled them to rush toward themselves.

"Let's help, I will stop them!"

Ye Xuan sipped and killed.

At this point, the fall has also known that these two people were controlled by Ye Xuan, so he followed up and prepared to play a play.

As for those of Hou Wen, they went to help Fox Clean.

They can't hurt the demon fox, but the elephant garden is just the beginning of the four robbery, they still have a little use.

"Things for me!"

Ye Xuan whispered to the two, but on the surface it still needs to be done.

"Boom!" "Boom!" "Boom!"

Ye Xuan first engaged in a close combat with the middle-aged man, and then quietly emptied all the things of the middle-aged two.

Then, it is the four robbers of the bulls.

Chapter 857: Control

"boom!"

In a muffled sound, Ye Xuan was shot by the four robbers of the bulls.

The scene here, although it falls in the eyes of other people, but no one knows that the things in the four Qiankun Rings have already reached the devour space of Ye Xuan.

"A hundred pieces of blood, a red crystal?"

Ye Xuan brows a pick, this is the thing in the two treasure chests.

A hundred pieces of blood and blood, if this is all for the fall, you can let the strength of the fall skyrocket several times.

As for the red crystal, Ye Xuan does not know what it is.

"You two, take the person to the labyrinth."

Ye Xuan gave orders to human middle-aged people and wild cattle supreme.

"Everyone stops, gather!"

The human middle-aged man and the bully screamed.

The group of humans and the barbarian masters glanced at each other and hurriedly stopped fighting, then leaned back.

"Now we are united by the two sides, and we will shoot again after they have finished fighting for it!" said the four robbers of the bulls.

The two sides nodded silently, but what they did not understand was, when did their team leader unite?

At the same time, the fall has also been killed in the ranks of the giant elephants, crazy killing, not only that, but she also charmed two supreme three peaks, for their effectiveness.

As for the Giant Elephant Supreme controlled by Ye Xuan, it has been dropped to kill, and Ye Xuan's quota has increased.

"Fox Jie, don't fight, they are united!" Xiangyuan saw his own people killed and wounded, and immediately shouted.

"Hand over the Qiankun ring, spare you not to die!" Fox clean and cold.

"Hey, kidding, now they are united. You are not worried, but you want to marry me? At most, the treasure chest is for you." Xiangyuan immediately shouted.

And that Fox Clean is always paying attention to the last treasure chest. She is the master of the fox sage, and naturally knows what the fox king stole from hundreds of years ago.

The only thing she got was the martial arts practice, and she did not have what she was looking for.

"Okay, let's join forces!"

Fox Jie suddenly agreed.

Now, the four big four robbers are two or two, but the last treasure chest is still taken away by the Fox.

Inside, there is still nothing she is looking for, just a pair of foxes used by the fox king.

Seeing it, Falling and Ye Xuan also looked at each other.

"Hey..."

The thief smiled slyly.

"Let's fall, wait for you to clean up other people, I have controlled this fox clean first..."

Ye Xuan communicated in the heart and in the fall.

"it is good."

Fall and understand immediately.

Now, two of the four great four robbers are his people. As long as they control the fox, then the elephant garden does not need to be controlled again, and it is directly killed.

"You, hand over the Qiang Kun ring, this is what I am mingling with!" Fox said coldly.

"Haha, kidding, you are still robbing the site of the human sacred sacred, and you have not heard of the treasures who have the knowledge to know this?" The bull sorrow suddenly laughed out.

"In this case, we have not talked about it."

Fox Jie said, but also quickly calculated in the heart.

The ten people he brought, one did not break, and at the same time added more than Ye Xuan and the two fighting forces.

Not only that, but the fall also controls the peaks of the two giant elephants, so they are still very strong.

However, Fox Jie will never think that the Quartet forces at this time have been controlled by Ye Xuan.

"Help me to win them, the Silver Wing City Lord can be promoted!" Fox Jie said to the fall of the trot.

"Okay."

Falling down and laughing and answering.

At this time, behind the scenes, Ye Xuan also controlled the two four robbers and launched an attack.

Four four robbers, the two or two, just two or two, the robbers of the four cattle robbers on the supreme is the Fox, and the human middle-aged is the target park.

Business, as for the yao and the landing.

Their division of labor is very clear, and they settled to solve those miscellaneous fish. Ye Xuan assisted in cleaning up, and at the same time, he used some of his abilities to restore the burning eyes and tried to control the fox.

A big fight, this is the beginning.

In order not to let the people of the main city of Silver Wing City be damaged, the fall is also very hard, killing the masters of humans and barbarians.

Ye Xuan controls the four robbers of the bulls to attack the fox, and he directly displays the burning eyes to the fox.

"what....."

Fox Jie in the move, could not help but make a painful cry, a heartbreaking pain caused her body shape directly.

"Go to death!"

The four robbers of the bulls were slammed out of the chest and squatted on the chest of Hu Jie.

When Xu Hu's willpower was greatly reduced, Ye Xuan again showed the eyes of the ban on Fox.

"Go and take her ring!"

Ye Xuan gave the command of the four robbers of the bulls. At the moment, the latter is plundering the past. When Fox Jie responded, he directly took away the three sacred shackles on the fox, and then he rushed directly. In the middle of the maze.

"The Eye of Burning!"

Ye Xuan once again used a burning eye to Fox Clean. Next, it was the eye of control.

Although Fox Jie is the savage sect of the fox family, she is slightly resistant to spiritual attacks, but under the power of the two burning eyes, she still can not resist the eyes of control.

"Hey, take control of success!"

Now, three of the four great four robberies are controlled by Ye Xuan.

At the same time, the fall is also the killing of all the members of the barbarians and the human sacred side.

"go!"

The four elephants of the Giant Elephants changed their faces and quickly rushed toward the labyrinth entrance, but they were stopped by the middle-aged man.

Then, the Barbarians Supreme also rushed to success.

"Fox, help me!"

Xiangyuan saw two big four sacred eyes on him, hurriedly drunk.

However, at this time, Fox Jie has been controlled by Ye Xuan, just like the injury on the chest, can let Fox Jie find a chance to treat the injury, instead of helping the Elephant Park.

"Since you have controlled three, it's better to control it!"

Ye Xuan suddenly changed his mind.

Originally, he wanted to kill the Elephant Garden directly, but it was not so good to end, so he simply accepted it.

The Bulls Supreme and the Human Supreme teamed up to attack the Elephant Garden and forced him back. At the same time, the people who fell to the city government shouted: "You go out first."

The sacred sacred peak of the sacred saying: "Small city lord, I can help!"

"Don't help you, don't get in the way."

When this person heard it, he thought about it for a moment. Then he left with Hou Wen, and rushed into the maze.

When they left, the fall suddenly succumbed to the two remaining giant elephants.

"Oh!"

"Oh!"

Both of them were enchanted by the fall, so they were easily killed by the fall.

Chapter 858: Charm and crystal

Now, there are only six people left here, Ye Xuan and Luo, and Hu Jie, the four four sacred supreme.

"There is not much left in the power, only the eyes of burning and the eyes of control..."

Ye Xuan's eyes glimpsed. At the moment, he used the burning eyes against the elephant garden.

"Ah, who is it in the end?"

The whole person in the garden feels like flying to the sky, and the pain in his heart continues to afflict him. He can't wait to tear his chest and then pour a bucket of water into it.

Taking advantage of this opportunity, Ye Xuan also suddenly smashed out.

"Young Master, let me come."

Suddenly shouted, and then she was caught by a claw.

This claw shadow is extremely powerful, and it has also shocked Ye Xuan. The claws of this girl have already been upgraded to 40%, and they are 10% higher than him!

After a whistling wind, the chest of the elephant garden was torn apart. Although it was only the highest peak of the Three Peaks, the strength was not worse than that of the Garden.

"The eye of control!"

Taking advantage of this opportunity, Ye Xuan quickly used the eyes of control.

"Hey, control failed!"

Although the elephant garden was injured, and the eyes of the burning were grinding the willpower, but he was also the leader of the giant elephant sacred, would it be so easy to control?

"Oh, forget to let the fall and the fox clean first!"

Ye Xuan is helpless. Now, his enthusiasm is running low, and even one eye can not be used.

At this time, his line of sight is a bit fuzzy.

"I don't know, can you force overdraft?" Ye Xuan suddenly came up with this idea. In the moment, he is using the burning eye again in Xiangyuan.

The rest of the force was not enough to use the burning eye, but Ye Xuan actually used it.

The Elephant Garden once again had a burning eye, and it was painful to scream.

However, Ye Xuan's left eye is suddenly dimmed. This is the aftereffect of overdraft. The more the overdraft is, the more likely it will be blind.

"The left eye has less than half of the vision..."

Ye Xuan's eyes glimpsed, and he felt that his left eye's vision was slowly recovering, which means that the overdraft is recoverable.

In this case, then he will overdraw again!

The eye of control!

"Hey, take control of success!"

The system prompts.

The success of the Xiangyuan was controlled, but Ye Xuan threw a lot of power. It was the eyes that couldn't see anything, only the white light.

Fortunately, for the time being blind, the eye of perception is still effective, and he can sense the fall of five.

One second!

Two seconds!

Three seconds!

Ye Xuan waited for five seconds, and his vision returned to normal. If a person is blind for five seconds, I am afraid that he has been killed hundreds of times.

"Speed will give me the Qiankun ring!"

Ye Xuan gave orders to a few people in Fox Jie, and then he got the ring of all people.

"Hundreds of blood and blood, the mysterious red crystals, the huge dragons, the saga of the sects of the sects used by the fox king scorpion..."

This is the thing in the five treasure chests.

However, when Ye Xuan took out the mysterious red crystal, Fox Jie also exclaimed: "Charming and crystal?"

Ye Xuan brows and turns to look at Fox Jie and asks: "This is what you are looking for?"

"Yes, master!" Fox Jie nodded.

Now everyone is Ye Xuan, and the people in the main city of Silver Wing City have entered the maze, Ye Xuan did not feel it, so I am not afraid of others know.

"What is this?" Ye Xuan asked again.

Fang Caixuan is speculating that the royal family of the Fox Meisheng is looking for this red crystal, but he does not know what it is.

"This half charm and crystallization is the precious treasure left by the founding emperor of my fox sage. Later, it was stolen by the fox king. This enchanting crystal can be integrated into the body by the fox people, and it can greatly enhance the charm after refining. And the speed of cultivation..."

Fox Jie explained.

"After refining, greatly improve the charm and cultivation speed?" Ye Xuan's eyes sighed, said: "You mean, this is only half?"

"Well, Fox King has only stolen half of it, and the other half is still in my royal family. If it is a whole piece, the effect will be greatly improved." Fox Jie nodded.

"Let's fall, this thing is for you."

Ye Xuan directly lost this half of the charm to the falling, the latter received, but also laughed and said: "Thank you young master."

The effect that can make the fox sacred so important, the effect will be unexpected, the only thing that can charm the same level of opponents, the difficulty of the leapfrog situation, but if it is a fusion of this charm, I am afraid it is not so Difficult.

Of course, the most important thing is to improve the speed of cultivation.

It is a pity that only the people of the Humei people will have an effect.

"I can't use these, I will give you all."

Ye Xuan gave the rest of the things.

Falling is already a smile, and this one is too much for her.

When she entered, she was only at the beginning of the Supreme Three, but now she has broken through to the Supreme Sancha Peak, and she is able to rob herself immediately.

Now, things are falling into the hands of Ye Xuan, so they don't have to stay here again.

"Wait, I want you to play a show..."

Ye Xuan's plan is very simple, that is, let the four robbers of the barbarians and the four sacred sects of humanity join hands and then quickly leave the secret.

Then, the rest of their talents went on, and the purpose was to show the offerings to Silverwing City. When the royals came, they could say things in the Supreme Court and the Human Supreme.

However, in order to insure, Ye Xuan still collected the things that fell in the fall, just in case.

"Go, go out!"

Ye Xuan directly controlled the Bull Supreme and the Human Supreme and rushed into the maze, and he followed the Fall and Fox.

When they were about to arrive at the entrance of the palace, they began to attack, and then the Supreme Supreme and the Human Supreme were gone under the eyes of the ten offerings of the main government of Silverwing City.

"Small city owners, are you all right?"

The worship of the main government of the Silver Wing City is surrounded by warmth.

"Of course I'm fine, but things have been stolen by the two." The fall was pretending to be very frustrating.

Others are also believed to be true. After all, even Hu Jie is seriously injured, and it is not bad to be able to save his life.

"Go, let's go out!"

The seriously injured Fox Jie immediately ran towards the entrance to the secret.

The play has already been played.

In order to be insured, Fang Caixuan has put the spoils in the space of engulfing, because he feels that he may hit other people.

His premonition was really good. When they left the secret, they ran into a group of Humei masters, and the atmosphere was not weak. One of them was the fallen father, the silver wing owner.

Chapter 859: Falling into the robbery

"Let's fall, you are a gimmick, you dare to come to the secret!" After the Silverwing City Lord saw the fall, he immediately yelled.

But the next moment, he just felt that the atmosphere of the fall was wrong.

Supreme Sanfeng!

"Hey, my strength is not worse than you now, you can't beat me." He said with a relaxed face.

"This....."

The owner of the Silver Wing City was scared and turned to look at Ye Xuan. The latter's breath turned out to be the Supreme Sancha Peak. So many adventures in this secret place?

But now is not the time to ask these, next to the main body of Silver Wing City, there are several Fox men and women wearing gorgeous costumes.

"Fox Jie, is that something available?" asked a fox man.

Hu Jie has been controlled by Ye Xuan. She heard her words and shook her head directly: "I was taken away by the barbarians and a human being. I have nothing to gain."

These fox men and women are the royal masters who have just arrived, but the four robbers of the bulls and the middle-aged man just left before they arrived, so the pot naturally pushed them.

"Fox Jie, I can't help it, let's hand over your Qiankun ring." The fox man did not listen to the words of Huo Jie, said directly.

really!

Hearing this, Ye Xuan and the falling face looked at each other. Fortunately, Ye Xuan received the object to swallow the space, otherwise the trouble would be big.

At the moment, everyone is going to turn over the shackles, and the fox men glanced at them and found that no one was hiding them.

Soon, the Qiang Kun ring is the exploration, and there is nothing about the fox king, only some blood and blood.

There are a lot of royal blood in the royal family, so it is not too precious for these royal masters.

"Fox Jie, you tell the story completely!" The fox man lost the Qiankun ring to everyone and asked.

Fox Jie began to tell her own story, such as she and other people found this secret, and then borrowed the silver wing city to borrow people, and the things behind.

However, he has been controlled by Ye Xuan, and he is half-truth.

"So, the two squats you got, there isn't that thing?" asked the fox man.

"Yes!" Fox cleaned nod.

The fox man paused and said: "You can quickly draw the faces of the two people, and the whole country is wanted!"

Charm and crystallization is the treasure of the fox sage. Hundreds of years ago, because no one was able to refine, it was opened and opened, but it was unexpectedly stolen by the fox king.

Now the secret world of Fox King has appeared, but the charm of Jingjing has been taken away by others, but fortunately, the charm of the crystal is not the people of the Humei people can not refine, so the two people are also useless, it should be Come and exchange things with the Fox.

However, what everyone would not think of is that the half of the charm is crystal, this time in the devour space of Ye Xuan.

This matter has come to an end. At the moment, the owner of the Silver Wing is leaving with the people who have fallen.

As for Fox, it is followed by the masters of the royal family.

"Where, fortunately, the young master, you took things away, or things will be revealed."

The sound of the fall sounded in Ye Xuan's mind.

The only fox man who took the lead, the breath is very strong, stronger than the demon fox, I am afraid it is the five sacred supreme.

"You will be robbing tomorrow, just to find a quiet place to refine the half of the charm."

Ye Xuan said.

"Ok....."

The fall should be heard.

After half a day, they returned to the Silver Wing City, and then, Ye Xuan and Fall were retired.

This is the biggest beneficiary of the fox king's secret, although the charm of the crystal can not be used to refine, but there is still a huge dragon.

With the help of medicinal herbs, Ye Xuan began to refine the dragons, and the fall was the potency of a large number of blood-stained dans that remained in the body. As for the remaining one hundred blood-stained Dan, it is after the breakthrough that after all, there are too many drugs in the body, and then forced refining will explode the body.

After one day.

"Young Master, I have refining my medicine in half and I can rob it."

There was a voice of excitement in my mind.

"Okay, let's go!"

Ye Xuan also opened his eyes and stopped refining the dragon. Today his mission is to protect the law.

However, when the two met, the owner of the Silver Wing suddenly burst out.

"Let's fall, where are you going?" Silverwing City owners looked at the two.

"Hey, I can rob, we went to the city to find a quiet place to rob," answered the fall.

This sentence, but the silver wing city owner said with a heartbeat, hurriedly said: "Why do you have to go outside the city? There are so many masters in the city's main house to protect the law..."

"No, I only need the young master to help me protect the law, let's go." Falling down, it is flying directly.

Ye Xuan took a look at the owner of the Silver Wing and hurriedly followed.

Although there is no four-role in the underground of the Silver Wing City, the owner of the Silver Wing has secretly followed up for insurance.

However, his tracking was discovered by Ye Xuan.

"You are coming, you will first rob, refining and enchanting and mingling." Ye Xuan reminded him of the fall.

Falling nodded and said clearly.

Charm and crystallization, this matter can not let the third person know, otherwise things will be troublesome.

The barbarian supreme and human middle-aged man controlled by Ye Xuan has been controlled by Ye Xuan to fly away. When Ye Xuan's strength is sufficient, he will be liberated.

Soon, the drop was to find a strange mountain, and began to rob.

After taking 30 drops of blood and fine Dan, the drug has not been refining, she has 100% of the robbery.

After landing, she directly began to pick up the four to the robbery.

"boom!"

The Supreme Robbery thundered, but the fallen Supreme Golden Body was already comparable to the Four Robbers. This robbery was as weak as it was.

"boom!"

"boom!"

"boom!"

The other three robberies are stronger than one, but they still cannot pose a threat to the fall.

After the fourth robbery fell, the fall was to break into the early days of the four robbers and began to reshape the supreme body.

The owner of the Silver Wing in the distance saw the fall and easily passed the four-strong sacred robbery. He also breathed a sigh of relief and said: "It seems that this girl doesn't need me to protect it..."

Now, he has fallen into a realm with him, but the fall has already realized the four-pronged claws, and his strength is much stronger than him.

Moreover, there is a Ye Xuan that he can't see through the falling body. The combination of the two is not dangerous in this area.

Therefore, the owner of the Silver Wing took the lead and left.

"Young Master, my Supreme Golden Body, at least half of it went up."

Supreme Golden Body remodeled the finish, said with a look of excitement.

Half, although not much, but this is because of the fall of taking 30 blood-stained Dan, so if you do not take the blood-stained Dan, you can at least double the breakthrough.

Chapter 860: Royal family

"Well, this one hundred blood and fine Dan is for you. If you completely refine these blood and blood, you will be able to break through to the middle of the Supreme Four..."

Ye Xuan said, but also took out the half of the charm from the phagocytic space.

"The royal family has even sent the five robbers to the Supreme. It seems that the value of this half charm is not low, but not all the people of the Humei people can refine and charm the crystal, do not know if I can't do it..."

After the fall, I took over the half of the charm and merged it, then swallowed it directly into the stomach and began to refine.

Ye Xuan stood quietly watching and helping to fall behind.

Refining and refining of the charm and meditation may not be so easy, but the physical constitution is not the same. Even the blood-stained dan, which others need to refine for a few days, can be quickly refining. What is this charm?

Ye Xuan looked at the fall, he felt that the atmosphere of the fall seems to have undergone some changes.

"Can you refine and charm?"

He brows and picks, and it can be refining and enchanting, which is a good thing.

As long as the refining and refining is half, then he will help to get the other half, and when the two and a half charms are merged and refining, then the speed of cultivation will be much faster in the future.

The process of refining and enchanting the crystals lasted for half an hour. After half an hour, the fall finally opened his eyes.

"Young master, I succeeded." The landing was very exciting, and directly gave Ye Xuan a big hug.

"How's the effect?"

Ye Xuan hurriedly asked.

"The mental power needed for charm is reduced to a quarter, and my cultivation speed has increased by at least 40%..."

The explanation explained.

"Improved the speed of 40% cultivation?" Ye Xuan brows a pick, if you get another half of the charm of the crystal, is it not able to double the speed of cultivation?

"Sure enough, it's a good thing, and the other half of the charm is crystal-clear, the young master will find a way to help you get it." Ye Xuan squinted.

Falling into the big eyes and asking: "But the other half of the charm is in the hands of the royal family..."

"Nothing, we don't have a response, let Fox Jie help us into the Imperial City to see if the other half of the charm is in the hand, or where it is placed." Ye Xuan mouth slightly tilted.

"Thank you, Master."

Falling down directly on the toes, snoring in Ye Xuan's face.

"Okay, things haven't been solved yet, let's go."

At the moment, Ye Xuan is taking a trip to a place.

The barbarian supreme and human middle-aged man is now the object of the sorcerer's sorrow, so Ye Xuan must clean them up.

After half a day, Ye Xuan was the place where he ordered the two to hide before he arrived.

The two people were really there, but Ye Xuan did not immediately take the shot, but liberated them and they were free.

However, this does not mean that they can survive.

"Charm!"

Refining and melting half of the charm of the crystal, the two directly cast a charm, charm and crystal can enhance the charm of the ability, squatting, the two men's eyes are turned into pink.

"It's so powerful, it's a fascinating success in the blink of an eye, and the charm effect has at least doubled."

It's scary to fall.

Charm a person, need spiritual support, and refining the charm of the charm after the crystal, the charm effect is improved, and the loss of mental power is also reduced, which means she can charm many people.

Of course, the most important thing is the speed of cultivation. This is the key.

"Okay, solve them." Ye Xuan said.

"Ok!"

Falling slightly nodded, and immediately swept past.

"Splashing claws!"

"Four into the claws!"

In the two crisp sounds, the four robbers of the barbarians and the middle-aged human beings have fallen.

After seeing the attacking power of the fall, Ye Xuan couldn't help but sigh. Now he only robs the peak of the lord, and he needs a little treasure from the robbery.

Moreover, he only became a sword, which made him pressure.

"If the fall is to completely refine the hundreds of blood and fine dan, at least to break into the middle of the Supreme Fourth, I will quickly break through to the four sects..."

Ye Xuan thought in his heart.

Now, the fall has already passed through the four heavy to the robbery, the charm of the crystal has also been refining, and two people of knowledge have also been killed.

Then the next step is to travel to the Imperial Capital.

"The fox sacred dynasty is an intermediate sacred dynasty, and it is a relatively powerful one. The fox prince is just an ordinary prince, but it is a five-role supreme. It seems that it is not so easy to get another enchantment."

Ye Xuan thought, it was to go back to Silverwing City.

This time, Ye Xuan's plan is to sneak into the sacred royal family to see where the other half of the charm is, which is one of the reasons why he keeps the fox.

However, when they returned to Silverwing City, they found that there were already two people in the city.

"Let's fall, come over."

When the silver-wing city owner saw the fall, he also hurriedly shouted.

At this time, in the center of the city, the heart of the small pavilion, there are already two figures, one of them is the Fox Jie controlled by Ye Xuan.

"It's not bad. It's just fourteen years old and it's already four sacred supreme. It's not inferior to those of the emperor." said a Fox woman next to Hu Jie.

Ye Xuan and Luo fell by the past.

The owner of the Silver Wing City hurriedly introduced: "This is the fox squad, but the captain of the Imperial City Guards."

"I have seen adults!" shouted gracefully.

Fox sighed with satisfaction and said: "I heard Fox Jie said that the qualification of the girl is good, so I came here to bring the fall into the Imperial City and be trained by the royal family."

The owner of Silverwing has already known this matter, and hastily said: "Let's fall, thank you fox captain?"

"Thank you, Captain Fox." The fall was a whisper.

This is Ye Xuan's plan, but Ye Xuan did not expect Fox Jie to bring a big captain, but this is the Five Robbers.

At this time, the fox suddenly turned to look at Ye Xuan, said: "This little brother is the fox you said Ye Xuan, the qualifications are still too good, if the little brother is willing, then follow the Fox Clean."

"Thank you fox captain." Ye Xuan hurriedly thanked.

However, the tragedy is that the fall is affected by the cultivation of the royal family, and he is to join the Guards. The status is obviously much lower than the fall.

"Well, if this is the case, both of you will follow me back to the emperor," said Fox.

"Yes!"

Ye Xuan and the fall.

It seems that the first step into the emperor was successful.

At the moment, Ye Xuan and Luo Luo are following the fox and fox to leave the Silver Wing City.

The owner of the Silver Wing is also very happy, but if he knows that the fall has refining half of the charm and crystallization, he will certainly not agree to fall to the Imperial City. For the fall, it is the Longtan Tiger Cave.
