Chapter 86: deliberately?

When Fang Caixuan was sneaked, it was out of Zhou Cang's expectation that he almost stopped his heart. Fortunately, Ye Xuan had nothing to do, otherwise he would immediately order the death of Li Haodang.

"Inadvertently? Zhou Zongzhu, are you not seeing it? When the kid passed by Zhang Xiang, he said a word that was clearly stimulating Zhang Xiang to attack him." Li Haodang said.

When the people around you hear this, it is also a glimpse.

If you are a warrior who has stepped into the true spirits for half a step, you can notice this. You know, there are not many people who are present.

"Oh, this is true, but how do you know, Li Zongzhu, what did Ye Xuan say?" Zhou Cang showed a smile.

This incident, although it was caused by the party of the cracked cloud, but the fault is the cracked Tianzong.

"Hey, then I will listen to what he said!" Li Haodang was actually not sure. When Ye Xuan spoke, his expression was indifferent.

Perhaps, Zhang Xiang couldn't stand the humiliation, and Ye Xuan showed his back again, so it was the intention of a sneak attack.

"Hu elders, first stop!" Li Haodang shouted, then jumped with other people.

That Hu Xun is making a move with the elders of the mountain. He suddenly found out that even if he was divided into three bodies, it is estimated that he could not help the elders.

"Sovereign, you have to avenge the little ones!" Hu Xun saw a breakthrough in hopelessness, and immediately it was a nose and a tear to the side of Li Hao.

"This matter will not be said for the time being." Li Haodang said coldly, under the warning of Zhou Cang and others, first went to check Zhang Xiang's body and found that it had already died.

Then, Zhou Cang also shouted Ye Xuan.

"Why did you kill him?" Li Haodang asked at the door, but he also used some means to ask questions.

"Back to the predecessors, you must have seen it. This Xiang attacked me first. I slammed a punch and accidentally killed him."

Ye Xuan can't be stupid to say that he intends to kill Zhang Xiang, and immediately said things through it.

That's right, it's all his tricks. He deliberately lured Zhang Xiang into a sneak attack.

However, as long as he does not admit, how can Li Haodang take him?

"What did you say to him?" Li Haodang continued to ask.

Ye Xuan smiled slightly and said: "The kid only said a word, and many lines of injustice will be self-defeating!"

"you sure?"

Li Haodun did not believe that he thought that Ye Xuan must have said that it was too stimulating, which led Zhang Xiang to climb up and attack him, such as 'If you grow up, kill me.'

"Predecessors, the younger generation only said, can you still forget the failure?" Ye Xuan a respectful appearance.

However, almost everyone in the sacred Tianzong thought that he was deliberate, not only that, but even Zhou Cang.

However, they can't find evidence!

It is indeed inappropriate to practice Zhang Xiang's practice. Therefore, Ye Xuan's 'multiple lines of injustice will be self-defeating' and the use is also appropriate.

In this way, Zhang Xiang really wants to die in white?

"Bad boy, I want to kill you!" At this time, the elders of the cracked Tianzong suddenly rose up and rushed to Ye Xuan with one hand.

"presumptuous!"

A cold drink spread, and the elder Hu was shot and killed. However, it was not others who had repulsed him, but Li Haodang, the deputy lord of the cracked Tianzong.

This time, but the cracked Tianzong fell.

In order to avenge Zhang Xiang, it led to the war between the cracked Tianzong and the cracked Yunzong. This is not worth it.

If you really want to fight, these people, I am afraid, can not get out of the cracked Yunzong, after all, there are thousands of disciples.

In addition, there are at least the deacon of the eighth martial arts, the ninth heavy mentor of the martial arts, and the tenth-old elder of the martial arts.

Both Zhou Cang and Shoushan Elders are enough for them to drink a pot, not to mention other people.

"metropolitan!"

Hu Xun's face is very different. The cracked Tianzong is much stronger than the cracked Yunzong. They don't have to be afraid of cracking Yunzong.

"Hu Elder, Zhang Xiang is a sneak attack, and there is a lingering death." Li Haodang said, but he has always given Hu Xun a wink.

Although Zhang Xiang is dead, but there is Fan Yue, the arrogant strength of the ninth heavy martial arts in the future, can definitely revenge for Zhang Xiang.

Isn't this just right?

After seeing Li Haodang's eyes, Hu Xun suddenly realized that it was just a matter of resolving Ye Xuan by Fan Yue, and he could avoid two wars.

What is the difference between letting a warrior become a waste?

As long as Ye Xuan is abolished, Li Yunzong will definitely abandon him. At that time, isn't he still arbitrarily slaughtered?

But next, they still have to face a problem.

Cracked Yunzong, should not fight?

"Zhou Zongzhu, this fifth game, you still can't fight? If you don't fight, then my split Tianzong is a six-game winning streak." Li Haoduan suddenly turned his head and asked.

Zhou Cang is also hesitating now. The fifth game is absolutely very dangerous, and Fan Yue is likely to torture Ye Xuan desperately.

Ye Xuan is another very important part of his plan. If Ye Xuan dies or dies, his plan will start again.

"Play, of course!"

Not waiting for Zhou Cang to start, Ye Xuan suddenly step forward.

Just kidding, as long as you win this Fan Yue, then he will get 300 million. With these 300 million, he can definitely break through the ninth middle of the martial arts.

"Ye Xuan, you..." Zhou Cang was shocked.

He believes in Ye Xuan's qualifications, but the more the Fan is not vegetarian, if it is not because Fan Yue stays in the cracked Tianzong all year round, he will definitely steal Fan Yue.

"Master, I will pay attention." Ye Xuan said solemnly.

Zhou Cang frowned. He really didn't want Ye Xuan to play. If he won, he could get one billion silver, but if Ye Xuan had something, then he would lose more.

"it is good!"

Zhou Cang finally nodded, because he decided to personally stay on the edge of the ring, and with the guardian elders, he must not let Ye Xuan what happened.

"Haha, Zhou Zongzhu is really courageous, let's go." Li Haodang laughed twice, that is, with a group of people waiting to go down to the ring, and then said a word to Fan Yue.

Zhou Cang also rushed to the mountain elders and passed a look.

Ye Xuan, but the hope of the cracked Yunzong is his hope!

Never miss an accident!

Others are also slowly coming down the ring.

"Be careful."

After Guan Lan reminded him, he followed.

As a result, there are only three people left in the ring, and Ye Xuan and Fan Yue also have the servant elders who are the referees.

"I didn't expect that you have reached the eighth peak of the martial arts. It's no wonder that you can kill Zhang Shidi. But if you only have this strength, let's go down. If I take the shot, then you must be abolished."

Fan Yue has already arrived on the stage. He looks at Ye Xuan and reveals a demon smile.
