

Super D. S 861

Chapter 861: Entering the Imperial City

Silverwing City is a bit far from the emperor. Before the fox was performing tasks in other places, it happened to be nearby, so it came so fast.

Ye Xuan spent four days on the road and then arrived at the Imperial Capital.

At the same time, when they arrived at the Imperial Capital, it was almost finished to refine the medicine of the blood.

"Let's fall, suppress it, don't break through so quickly, or you will be suspected..."

Ye Xuan quickly said to the fall.

Falling is his person, the stronger the strength, the better for him. However, now they are coming to the emperor's capital of the fox sacred dynasty. If the implementation force is too fast, it will be finished if it is exposed.

"Well, I know the young master."

Falling down and answering, if not deliberately suppressed, she has already broken through to the middle of the Supreme Fourth.

Soon, the foxes came into the imperial city with three people.

"Fox clean, you arrange for him, come with me."

The foxes left with the fall.

Fortunately, between Ye Xuan and Falling, you can talk across space, which is much more convenient than controlling your eyes.

"Master, I am the squad leader of the Guards. I will arrange for you to be the squad vice captain later..." Fox said in a whisper.

"Well, just let me, then give me a copy of the royal family." Ye Xuan nodded.

"Yes!"

Fox Jie nodded.

Now, Ye Xuan's servant is only one of Hu Jie, and there are four positions.

However, he has been hesitating in his heart, whether to use that point of advancement to enhance the blood of the gods.

There is only one advanced route for the eyes of the gods, and a little advanced point can improve the effect of all the eyes.

Moreover, the control quota of the eye can be raised to ten, which is very cost-effective.

However, there are very few devouring beasts, so you can use them if you don't need them. If necessary, say them.

"Master, this is your residence."

Fox Jie said respectfully.

"Ok."

For the residence, Ye Xuan has no requirements, just give him a little space.

After settled in Ye Xuan, Fox Jie left directly, and Ye Xuan was waiting for the royal family information in the house.

However, just waiting.

Suddenly someone stepped into his sensing range, three people, and the pace was hurried, it seems that the coming is not good.

"Who?"

Ye Xuan opened the door in a strange way and found three fox youths.

"You are our new team vice captain?" said a fox youth headed by the head.

This time, Ye Xuan understands who the three of them are, and should be the three of the Fox Jie team.

The team of Fox Jie, the former vice captain died when he performed the task, so the position of the vice captain was empty.

"Yes, are you my team members?" Ye Xuan said with a wink.

At the same time, he also looked at the three people, the three are the highest peaks, the strength is good.

"Who is your team member, want to be our vice captain, you have to look at your strength..." The young man shouted coldly.

really!

Ye Xuan has already guessed their intentions. Now he walked out of the house and asked: "Can you fight in the Imperial City in private?"

"This area can be, as long as it does not make too much movement!" The young man answered.

"Is it....."

Ye Xuan went out and said: "If that's the case, then all three of you will be on it!"

When the words came out, the three were shocked.

Ye Xuan and their peers, dare to pick one, really looking for death.

"Since you are looking for death, don't blame us, go up!" The young man gave a low drink and grabbed it directly.

Three percent claws!

Ye Xuan is only comprehending the 30% swordsmanship, but he has the blood of the sword god, how can he fear them?

"Hey!" "Hey!" "Hey!"

Han Mang flashed, easily defeated the claws of the head of the young, and then squatted on the other side.

"Hey!" "Hey!" "Hey!"

The three fox youths of the three supreme peaks were instantly attacked by Ye Xuan, and Ye Xuan was still merciful, otherwise they had fallen.

Instantly defeating three opponents of the same level, this strength is enough to shock the three.

"What are you doing?"

At this time, Fox Jie suddenly walked over quickly.

In fact, Ye Xuan has found that Fox Jie is here, but she is waiting outside. After all, when the shot is taken, Ye Xuan is not hiding.

"team leader!"

The three men were not seriously injured and hurriedly climbed up from the ground and shouted.

"In the future, he will be your vice captain. If you don't, you should apply for a team." Fox said coldly.

"Yes!"

The three responded and then left in vain.

This is just a small episode. If it is outside, the three people dare to come up with Ye Xuan, Ye Xuan does not mind all the embarrassment.

"Master, this is the information you want!"

Fox Jie walked over and said in a voice that only two people could hear, and handed a piece of Qiang Kun to the past.

"well!"

Ye Xuan will accept the Qiang Kun ring, and then he will ask: "Become a Guardian, is there any welfare?"

"Have!"

Fox Jie hurriedly explained to Ye Xuan.

After listening to it, Ye Xuan's eyes are also bright. "The team's deputy captain is above, can you enter the floating movie theater every month to watch the master battle floating day?"

The Floating Shadow Court is a place dedicated to comprehending the meaning of swords and swords.

Swords, swords, claws, etc. are all realized by qualifications. It is also that some people have realized the 50% sword meaning and even the 60% sword meaning when they are in the Supreme.

Ye Xuan's qualifications are not bad. If you go to the floating studio to watch the day, you may have something to gain.

"okay, I get it!"

Ye Xuan nodded, and then let Hu Jie take him to the floating studio.

Fox Jie has already given the identity token to Ye Xuan. With this identity token, he can enter and exit the floating screen.

The floating shadow pavilion has a total of six floors. The first layer is a battle shadow with half a sword and a sword. The second layer is one and a half swords to two swords, and so on.

Ye Xuan directly enters the floating shadow room. There are dozens of first-level floating studios, and ten of them are floating shadows of the sword.

However, the first layer is half-sworded to the sword, and the estimates in the floating room are some small children.

He went straight to the fourth floor, and there are also many floating studios, which are marked with swords and swords.

"A hundred years ago, the great generals of the mighty generals?"

Ye Xuan swept his eyes and fell on the first floating room on his left hand side, next to a stone tablet that explained the mighty general.

"The fox sage is a mighty general. During the peak period, it was the master of the Supreme Five Peaks. This is just the battle shadow of his youth..."

Ye Xuan said nothing, went straight in.

There is no one in this floating room. Ye Xuan directly took out the identity token and placed it on a stone platform.

Chapter 862: Floating shadow pavilion

"Hey!"

Suddenly, there was a picture on the stone wall. It was a fox man, but his hair was a rare gold.

Most of the foxes and pilgrimages are white foxes, and there are few other hairs. Therefore, the royal family members of the fox sacred dynasty are surnamed white, not the surname fox or surnamed gold.

Ye Xuan began to watch the floating shadow.

The two men in the floating film began to fight. The mighty general was quite handsome and heroic, and his opponent was a giant elephant old man. The two played hard to understand.

"Although this mighty general was only the beginning of the Supreme Three, but it realized that 35% of the swordsmanship, the qualifications are good..."

Ye Xuan thought, it was to start watching carefully.

This floating shadow was carefully selected by the fox sacred sect. It was very useful for feeling the sword. Although Ye Xuan did not see the battle with his own eyes, he felt the same feeling. This is only a moment. He has a lot of new understandings of the sword. .

One hour!

Two hours!

Just after Ye Xuan saw it thousands of times, I finally heard a tone.

"Oh, the 30% swordsmanship has changed, and currently it is 30% of the sword!"

After hearing the prompt, Ye Xuan was scared. He looked at it and broke through. His qualifications were not as bad as they were imagined.

"Thank you, the mighty general!"

Ye Xuan closed the floating image with the identity token, and he used it for more than three hours.

"There are still twenty hours, I guess I can at least improve to 40% of the sword!" Ye Xuan eyes lit up.

Into a floating room, this time I learned the battle of the master of the 40% sword.

This time, he spent eight hours, only to change the three-and-a-half swordsmanship into a 40% sword.

"This floating shadow club is really a good place. In the half-day time, I actually improved the sword of one percent. My current strength has increased by at least five times compared with before!"

Ye Xuan wants to be more excited.

At this time, his attack power is comparable to that of the Supreme Fourth, and the Supreme Golden Body is slightly weaker. I am afraid that only the Supreme Fourth Mid-term.

However, in the secret world of Fox King, he also got a token to store a lot of dragons. He refining less than one-fifth. When he refining these dragons, he can at least improve the supreme body. In the middle of the Supreme Fourth, even the Supreme Four Peaks.

"There are still twelve hours left, go to the fifth floor to see..."

Ye Xuan is ready to use up the remaining twelve hours. Maybe he can raise the sword to 45%?

Those who have realized the 40% swordsmanship are already masters in the royal family. Under normal circumstances, they are all in the middle of the fourth or the highest peaks.

Ye Xuan went directly to the fifth floor. However, what he did not expect was that the six floating studios on the fifth floor of Jianyi were actually used.

"Tragedy, wait and see if anyone quits..."

Ye Xuan waited outside the floating room. Two hours later, someone actually came out of the floating room.

This is a middle-aged fox, with a strong breath, at least the peak of the four robbers.

He glanced at Ye Xuan and then went straight downstairs.

Ye Xuan is not picky, walked directly into this floating room, and then began to observe.

Three hours!

Six hours!

Nine hours!

Soon, Ye Xuan used up the remaining twelve hours, but he left helplessly.

In these 12 hours, he is not without gains. The sentimental sentiment has improved a lot. If he is given a few more hours, he can change the sword meaning to 45%.

However, just when he left the floating room.

"Mixed things, are you waiting for me for a long time?"

Suddenly a discordant voice floated over. Ye Xuan frowned and turned to look at the past. He found that a fox youth wearing a garrison army costume came over.

"Supreme four mid-term?" Ye Xuan brows a pick.

The squad leader's strength is different. Fox is considered to be weaker in the captain. Only in the early days of the Supreme Fourth, the strongest reached the peak of the Supreme Four.

The fox youth in front of us is the middle of the Supreme Fourth, and the strength is not bad.

"A sub-captain of the district, dare to come to the fifth floor, are you looking for death?" The fox youth came over and pointed directly at Ye Xuan's nose.

If someone dares to point to Ye Xuan's nose outside, Ye Xuan will surely win his butt, but it's not a place to make trouble.

"Oh, pursuing strength is important, but you can't go far, go to the fourth floor, don't let me see you again!"

The fox youth said that he crossed Ye Xuan directly.

This person's face really makes Ye Xuan disgusting, but before he leaves Ye Xuan's mouth, he enters the floating room, and then 'bang' shuts off the floating room door.

"Assure you to hide fast, see you again next time, let you experience what is called heartbreaking pain!"

In the heart of Ye Xuan's heart, if the fox youth is running fast, he will definitely pull the other side to the stage and raging.

However, the other party can enter the floating room where he is, and the other party also has a 40% sword meaning, and is working hard for 45%.

"There is a good cow, and from a young age, there are those floating shadows..."

Ye Xuan was slightly helpless, and then walked out of the floating shadow pavilion.

It's good, but it's better to use your own twins to improve your strength.

You have a powerful background, but there are others. If you are not the owner of the universe, there are still people who are more powerful than you. This is a mountain that is higher than a mountain.

Ye Xuan returned to his place of residence.

Before he had copied the information of Fox Jie into the swallowing space, but most of them were the Guards. After all, Fox Jie was only a small team captain.

After he returned to his place of residence, Fox Jie was already waiting here.

"Master, this is all my wealth..."

Fox Jie handed a ring to Ye Xuan. She grew up in the Imperial City and became a Guardian Army. She made a lot of contributions to the royal family, so the wealth is also very impressive.

At this time, Ye Xuan's realm is about to reach the peak of the Supreme Sancha Peak. These things are enough for him to take over the thunder.

"It is good!"

Ye Xuan accepted the Qiang Kun ring, and then directly swallowed it.

"Hey, the host has reached the peak of the three robbers to the top of the peak, can be cited to the robbery, the current probability of successful robbery is 100%, is it a robbery?"

The sound of the system sounded in my mind. At the moment, Ye Xuan is the direct choice.

"Hey, start the robbery!"

Now, Ye Xuandu's is a four-strong sacred robbery. There are four sacred robbers, one is stronger than the other.

However, the phagocytic system prompts Ye Xuan that his success rate of robbery is 100%, so he is not worried at all.

"Boom!"

Soon, the first Supreme Thunder was smashed down, then, the second, third and fourth.

"Hey, the success of the robbery, the current is the beginning of the four robbers!"

Chapter 863: Performing tasks

"Hey, the success of the robbery, the current is the beginning of the four robbers!"

Hearing this, Ye Xuan couldn't help but breathe a sigh of relief, and finally broke through to the four robberies.

His robbery also attracted many people's onlookers, but these people quickly dispersed. After all, there was nothing to do with the four-strong sacred robbery. There are many squadrons in the Guards. It.

"Congratulations to the host!" Fox clean whispered.

"Well, you are going to be busy."

Ye Xuan silently nodded, this time he was able to successfully rob, but also thanks to the wealth of Fox Clean.

Therefore, he is still more grateful to the fox, not to kill the fox like the killing of the bullish supreme and the human middle-aged.

In the next few days, Ye Xuan is also in his own house, continue to refine the dragon, and then upgrade to the golden body.

After the breakthrough, the Supreme Golden Body was a lot stronger. He estimated that if the sword was not realized, he would not be able to hurt him.

However, just on the fifth day of his entry into the Imperial City.

"Young master, can I break through?"

Ye Xuan's mind suddenly sounded the sound of falling.

"can."

Ye Xuan replied.

Before entering the Imperial City, the fall was already the beginning of the Supreme Fourth, so her breakthrough did not need to rob.

after a little while.

"Young master, I broke through."

Falling down again, the tone was a little excited.

"Yeah." Ye Xuan responded and asked: "Low, how long can you watch the moon every month?"

"Floating? There is no time limit for our royal offerings. I want to see them. But I am the focus of training. If you want to, young masters, I can get a set."

"Unlimited?"

Ye Xuan brows a pick, this Nima is the gap.

However, he is nine years older than the fall, and the realm has not fallen, so his qualifications have not been seen by the royal family.

"Okay, get me a set."

Ye Xuan was overjoyed and shouted immediately.

Falling down has helped a lot. After all, he can only go to the floating screen for a day every month, and the progress is too slow.

If you can get a set of floating shadows, then the change of the sword will be a lot faster.

One day later, the fall was to come to him personally, and brought a set of swords to float.

"You can help a lot of gimmicks."

Ye Xuan quickly took the set of floating stone.

"Young master, this set of floating shadows only has 50% of the sword, and I can't get it anymore." He said with a small mouth.

"Nothing, five achievements are enough."

Ye Xuan pettly touched the falling hair, the latter is also very enjoyable, although the two are only the relationship between the master and the servant, but Ye Xuan has long regarded the fall as a sister, and the fall is also true.

"Young Master, I have already realized that 40% of the claws are in the mood. In a few days, I will go out to perform the task. Will you be able to choose your team?" asked Luo.

"Do you perform the task, you can." Ye Xuan nodded.

Falling is the royal family's offering, and it is only natural to go out and perform tasks with several teams.

"I heard that this mission is to hunt down the four robbers of the barbarians and humans..."

The fall suddenly smiled.

"What?"

Ye Xuan brows a pick, the two men were controlled by him before, and the body was also accepted by him, and is still in the space.

"It should be as long as it looks, really pitiful, misunderstood. Master, I will go back first." He smiled and then left.

Then, Ye Xuan continued to refine the dragon in the house to enhance the strength of the supreme body.

Three days later.

"Young Master, I have chosen your team."

There was a sound of falling in my mind.

"it is good."

Ye Xuanyuan in the room opened his eyes.

Sure enough, after a while, Fox Jie is here.

"Master, our team was selected and we are going to perform the task." Fox said.

"Okay, let's go."

Ye Xuan nodded.

In addition to the fall, there are two offerings for this mission. Each of them offers two small teams, so there are six teams.

Before the fall, I chose the team of Fox Jie, and then I chose a team leader as the team of the Supreme Four Mid-Term.

When Ye Xuan followed Fox Jie to the meeting place, he found that there were already many people.

Each team is five people, a total of six teams, plus three offerings are exactly thirty-three.

Ye Xuan quickly glanced at it and found that the two offerings except the fall were all four peaks, and they were quite young. As for the other two teams, the captains were only the middle of the Supreme Fourth.

However, Ye Xuan is locking his eyes on a person.

"It's him?"

Ye Xuan's brow was picked.

What caught his attention was a fox youth, the fox youth, who was the one who smashed him on the fifth floor of the floating theater.

Not only that, but one of the offerings has also been seen, the middle-aged who gave the floating room to Ye Xuan.

"It's a coincidence."

Ye Xuan's mouth couldn't help but curl up.

At this time, the fox youth also noticed Ye Xuan, his eyes are in the light, with some insidious colors.

"Kid, I can't do it to you at the floating studio on the same day. Since you sent it to your door, it would be ruthless to blame me."

When Ye Xuan had been waiting for him for more than ten hours, this feud can not be reported.

Ye Xuan also thinks so.

"Let's fall, is there a young man at the neck in front of you, is another team?"

Ye Xuan's voice rang in the falling mind.

When I heard this, the fall was also awkward, and then silently replied: "Yeah, what happened to the young master?"

"This kid yelled at me that day." Ye Xuan said.

When I fell, I was angry and said, "Oh, the young master? Hey, wait for him to die!"

"Let's not drop, I will come by myself." Ye Xuan reminded me.

On the same day, there were high-ranking people in the floating shadow club. If they were in trouble, they would die very badly.

Now, the fox youth have been selected and it is fun.

At the moment, Ye Xuan asked Fox Jie about the name of the man, called Fox Winter. However, this winter seems to have a background, his father is a five-robbery supreme captain.

However, even if the king of Laos provoked Ye Xuan, Ye Xuan would turn him over.

"Although it is not yet time, but people have arrived, let's go," said the middle-aged fox.

At the moment, they are thirty-three.

"Young master, how do you deal with him when you arrive?"

Falling behind the two offerings, in the heart and Ye Xuan exchange.

"Let's die!"

Ye Xuan said in his heart, but the next moment he just changed his mouth directly: "Forget it, direct control, after all, we must investigate half of the charm and crystal..."

"Ok."

Falling is also clear, she is thinking, when it is time to help Ye Xuan create an opportunity.

This time, they rushed for three days and then arrived in Lianshan City.

"It is said that there have been a few robbers of the four bulls here, search separately, and it is necessary to carry out oysters!" said the middle-aged fox.

Chapter 864:

"Yes!"

Others should vocalize.

"The gathering place is here, gather after one day." The middle-aged fox people finished talking to the other person, and then left with two teams under their arm.

The other person also took his team into the city, and finally, it was the turn.

"You two teams, with me from the west into the city!" fell to Fox and another captain said.

"Yes!"

Fox Jie and the fox youth should sing.

Although the fox youth and the fall are all in the middle of the Supreme Fourth, but the fall is the royal offering, or the subject of key training, so the fox youth can not afford, can only obey.

Falling down with two teams from the west of Lianshan City, along the way, they are enjoying a different treatment.

"Look, that's the royal guard."

"Wow, the girl looks like she is fifteen years old. Can she lead a squad squad, can it be a royal princess?"

"It must be."

The people of the Humei people secretly admire there, no one dares to say something unpleasant, for fear of being heard. After all, even the city of Lianchengcheng has to respect the guards.

"You two teams, ordinary players in the city to inquire about the news, you four people followed me out of the city search, half a day later gathered here." Fallen said.

"Yes!"

Six ordinary players immediately responded and prepared to leave.

At this time, the fall suddenly said to a fox man in the early stage of the Supreme Four: "You also go to the captain, go to the city government to find out."

"Yes!"

The fox man nodded and then left.

Now, only the Fall, Ye Xuan, Fox Jie and the Fox Dong are left.

"You three, go out with me."

The beautiful big eyes that fell and suddenly turned, and the moment I turned around, I showed a sly look.

At this point, this Fox winter still does not know that he has fallen into the pit.

Then, the fall and Ye Xuan left, there are many families and towns outside Lianshan City, so there is no doubt about Fox Winter.

They ran for a while and then settled in a mountain range.

"Let's get grown up, what do we do now?"

The fox winter walked to the side of the falling body and whispered.

He is not a person without a background. His father is a big captain. So when you see a cute girl like a fallen girl, you naturally want to be close to you. If you can go home, it would be better.

"Hey, I am a little bored, let me play for a look." The thief suddenly smiled.

"A fight?"

This fox winter is also smashed after listening to it, and then the two scorpions are bursting out two brilliant awns, this is a rare opportunity to show his strength to the landing.

However, there is a problem at the moment. Fox Jie and Ye Xuan are just the beginning of the four robberies. The realm is lower than him. Even if they play one, he still dominates.

"Yes, you guys play one game." Falling and laughing.

"This....."

Fox winter pretend to be graceful: "But my realm is higher than him, which is somewhat unfair."

"Nothing is unfair. There is no fairness in this world." Some impatient said.

After listening to Fox Winter, his eyes flashed again. He just wanted to find a chance to work on Ye Xuan. I didn't expect a good opportunity.

He looked at Ye Xuan and wanted to be more than one game.

"I don't have any opinions." Ye Xuan smiled slightly and smiled very clumsily.

This winter, I don't know if they have been colluding.

In fact, at the moment they entered the mountain, Ye Xuan could start this winter, but he felt that he could not get rid of it, so he wanted to ruin the other party first, and then controlled with the eyes of the control.

The most important thing is that the other party is ignorant, and it doesn't feel so cool.

"Okay, if this is the case, then I will suppress the realm in the early stages of the Supreme Fourth, and fight with you!" Fox winter shouted, it looked very gracious.

But his words and deeds fell under the eyes of Ye Xuan, all so bad, completely a clown.

"No, you don't need to suppress the realm, it doesn't matter." Ye Xuan opened his mouth and smiled.

"what?"

Fox winter brows a pick, coldly said: "I really do not know what to do, just rely on you, but also want to challenge me more?"

"Even if you are the supreme peak, I can fight."

Ye Xuan did not care about it, which made Fox winter very uncomfortable. He gritted his teeth and looked at the nearby ones. He should say: "Well, since you are so ignorant, come on."

The voice fell and the forest suddenly quieted down.

"Why don't you shoot?" Ye Xuan looked at the winter, some strangely said.

"you wanna die!"

Fox winter has been waiting for Ye Xuan to take the shot, after all, he is a higher level than Ye Xuan, but now, he can't stand it.

"Chongtianquan!"

Fox winter wears a pair of gloves of the highest level of Shen Bing, and punches a punch at Ye Xuan.

Three percent fist!

"Ok?"

Ye Xuan is a bit strange, because the winter of the fox and his smashing shadow studio, the strongest representative of the winter should be sword.

However, I did not expect that Fox Winter actually realized the boxing intention of 30%, which is somewhat rare.

“Is it true that Sancheng’s boxing is dazzling in front of me?”

Ye Xuan’s glory is a big blow, and it’s just a sword. It’s the smashing of the 10% fire, which combines 40% of the sword.

"puff!"

A piece of tofu in a fist image is usually cut easily.

"what?"

Fox winter was shocked.

He is the middle of the Supreme Fourth, plus 30% of the boxing, in his estimation, enough to deal with Ye Xuan, but did not expect the attack to be easily broken by Ye Xuan.

What he didn't even think about was that the power of this attack was stronger than his full blow.

"boom!"

The moment of smashing smashed into the body of Fox Winter, the huge impact, instantly blasted him.

"This is impossible!"

Fox winter shouted and felt his injury. He refining hundreds of blood-stained dan, and the Supreme Golden Body was so powerful that he was seriously injured by this sword.

However, the next moment, he felt a heartbreaking pain, and he was so upset that his voice echoed throughout the mountains and shocked countless birds and beasts.

However, what shocked him more was still behind.

"Young Master, you are really sincere, what should I do if I accidentally kill him?"

A crisp sound fell into the ear of Fox Winter, at which point he just fell to the floor.

However, he did not get up in time.

Is this sound not falling?

"No, I have a measure of the young master."

Another voice fell into his ear.

Fox winter was shocked, and hurriedly climbed up with a sharp pain, staring blankly.

"Oh, the burning eye has passed, come again!"

Ye Xuan eyes a glimpse.

"hiss!"

Fox winter lie on the floor and snarled, and he couldn't understand what he was doing.

Chapter 865: auction

Falling to the age of fourteen, the first four levels of the Supreme Four joined the royal family, and then quickly broke through to the middle of the Supreme Fourth, the qualifications are not worse than those of the emperor, so she immediately became a fragrant, was the focus of the royal family.

Can such a day of the petite, actually called a defensive army vice captain as the captain, but this really scared him.

"But it's a pity to kill you, the eye of control!"

Ye Xuan looked at the painful look of the winter, and his eyes looked again.

"Hey, take control of success!"

The system prompts.

At the moment, Ye Xuan is the effect of removing the burning eyes of Fox Winter. After all, Fox Winter has been conquered by him and become his servant.

"See, see the master!"

Fox winter said with a chill, only two eyes burning, almost burned his soul, the entire man's combat power has dropped by at least 60%.

"Very good, give me the ring."

Ye Xuan nodded.

Fox Winter immediately handed over the ring to Ye Xuan, and then Ye Xuan directly smashed his Qiang Kun ring.

"There are still fifty blood and blood, and they are falling to you." Ye Xuan lost a few jade bottles in the past.

"Oh, there is a strong background. I have only 30 blood and fine Dans in this mission." The falling Xiaoqiong was wrinkled and very unpleasant, but this expression disappeared in a blink of an eye.

"I rub, I only have five blood and blood Dan!"

Ye Xuan rolled his eyes.

However, this blood-blooded Dan is very precious for the Orcs. For him, there is no use at all, so all the blood-stained Dans have fallen.

"There are a lot of things, but this is not your whole body?" Ye Xuan turned and asked.

"There are still a lot." Fox winter answered truthfully.

"Okay, give it back to me after I go back."

Ye Xuan nodded silently and was in a good mood.

The old man of this winter, but a captain of the five robbers, then the winter will not be poor.

"Well, fall, you take them back with them, I want to go to a place." Ye Xuan said in the mind.

"Where are you going?" asked.

"I called the avatar again, I will fit together." Ye Xuan replied.

"fit?"

When I heard this, I couldn't help but widen my eyes and exclaimed: "I have to watch."

Ye Xuan is defeated by her. "The same person fits together. It is not a combination of men and women. What do you think? The two of them have been killed by us. You can do it by looking like a model."

"Oh, okay." Falling down the reader's mouth.

At the moment, Ye Xuan is leaving directly. As for the two servants, Hu Jie and Hu Dong, they are obeying the fall.

There is no need to worry about the East China side. The mysterious powerhouse of the old gods has covered the entire eastern continent and outsiders cannot enter. Moreover, there are already many Supreme in Lianyun City, so there is no need to worry.

Therefore, Ye Xuan is calling the avatar, this time he has to take a two-pronged approach, so that the avatar also collects the Tiancai treasure, because the devour space is shared, so the efficiency is very high.

Ye Xuan spent three days and finally saw her own avatar.

At the moment, he is a fit with the body, and the realm of the avatar, the sword, the martial arts, etc. are instantly updated to the extent of the deity.

In the early days of the Supreme Fourth, 40% of the swordsmanship, together with various blood, let Ye Xuan possess the fighting power of the Supreme Four Peaks.

There is a danger in the vicinity of this, even if the five robbers go in, they may not be able to live. Therefore, Ye Xuan directly let the avatars go into the experience, and afterwards there will be nothing to update the strength.

Subsequently, Ye Xuan went directly to the emperor.

These days, the landings are also reporting progress from time to time. They did not gain nothing in this trip. They arrested the four-level supreme of the three human beings and the four-level supreme of the three bulls.

However, these six people are not the ones who entered the secret world of Fox King on the same day. Under the charm of the middle-aged people of the Fox family, their words are still credible.

In desperation, I fell back to the emperor.

At this time, Ye Xuan is rushing to the Imperial Capital.

A few days later, he returned to the Imperial Capital and returned to the Imperial City.

"Fox winter, give me all the things!"

Ye Xuan directly controlled Fox Winter and took all the latter's nets away. Anyway, he was only a servant. He did not dare to follow Ye Xuan's orders.

Fox winter has a smashing scorpion, it will not be poor, and the whole property of Fox Winter is not enough, but it is not enough for Ye Xuan to break through to the middle of the Supreme Fourth.

"Good guy, there are actually three hundred blood-stained Dan..."

Ye Xuan was also shocked.

However, he did not drop the three hundred blood and blood.

"In the mystery of the fox king scorpion, and the one hundred blood-stained dan dan in the same Qiankun ring, and the Dan Fang of the blood-blooded Dan, as long as I have the materials, then I can refining!"

Ye Xuan thought about it.

In the very early days, weapons, medicinal herbs, etc. needed him to build and refine himself. Now, with the Danfang of this blood, he can make money.

At the moment, he is called to land, and then directly left the Imperial City.

He is going to sell the three hundred blood-stained dan, and then replace it with the material of refining the blood-stained dan, which he could do alone, but the royal family is offering it, and there may be a discount.

"Young master, you still have alchemy?" Falling down holding Ye Xuan's arm, asked in his mind.

"That is, as long as there is material, it is not a problem for you to break through to the six robbers." Ye Xuan said very proudly.

Soon, the two of them came to the largest auction house in the Imperial Capital. Although the owner of this auction house is not a royal family, the world has guessed that the background must be a royal family. Otherwise, how can the emperor be the biggest?

"Two adults, what do you need?"

The waiter of an auction house immediately greeted him.

"Buy something, by the way, sell some blood and blood." Ye Xuan replied faintly.

"What, **** Dan?"

After the waiter heard it, he shouted.

The blood is fine, this is the royal special, only the royal family can refine. Generally, it is the master of the royal family to sell the blood.

Before Ye Xuan went to do the task, the reward was five blood and blood, but there was no other reward. Therefore, the royal family is allowed to use the blood of the blood to sell.

"Two adults, please inside!"

The waiter immediately took Ye Xuan and fell into a box.

The sale of Bi Xue Jing Dan is not the level of the waiter, so he invited a supervisor.

"Two adults, how many bloodbuds do you want to sell?" the director of the four-role-level auction house respectfully asked.

"Three hundred."

Ye Xuan answered directly, and took out a piece of Qiang Kun to pass the past.

After hearing this number, the head of the auction house also slammed it.

Chapter 866: Void crystallization

"Three or three hundred?"

The head of the auction house swallowed the swallow.

Others are selling a few blood-stained dan, which are sold in several pieces. He has been doing it for decades, but the most is only one hundred, but this time there are three hundred, this is really a big list.

"Would you like to sell directly, or an afternoon auction?" asked the head of the auction house.

"Oh? Is there an auction in the afternoon?"

Ye Xuan's eyes are awkward, but this is a coincidence.

Selling directly to the auction house, this is a fool to do, a good thing like the blood of the blood Dan, naturally is to take the auction.

"Auction, five for one bottle and sixty bottles." Ye Xuan replied.

"Yes Yes Yes."

The head of the auction house immediately nodded and said, immediately, he asked: "I don't know what you need to be an adult?"

"Yes, look at it." Ye Xuan took out a list of the necessities of the blood of the gods.

The head of the auction house took the list and smiled: "Adult, this void crystal, there will be one in the afternoon auction..."

"what?"

When Ye Xuan heard this, he immediately exclaimed: "The void crystal?"

Originally, he did not report much hope, but did not expect it to be true. This is really a coincidence.

The emptiness of the void is a necessity to open the eye of the void, and the eye of the void is a magical eye. After opening, it can be positioned. If it encounters a dilemma, it can directly break the void and return to the anchor point.

Simply put, it is instantaneous movement, teleportation!

Of course, the eye of the void has a distance limit and a positioning limit. The distance cannot be too far, and only one can be located at the beginning. If the second position is located, the first anchor point will be cleared.

"Adults, really true, this void crystal is rare, but not expensive, only a small number of people are used to assist in the cultivation of martial arts." The auction house director said.

"Is the afternoon auction? I know, there is still a lot of martial arts here, you see..."

Ye Xuan's light flashes, and this emptiness crystal is a must-have, even if he spends three hundred blood-stained dan, he will win it.

The auction was in the afternoon, so Ye Xuan simply rested in this box, and the head of the auction house gave Ye Xuan a token and then retired.

Soon, the auction is coming.

Coincidentally, this auction has a great momentum, and it is said that there is a good middle-class supreme soldier to auction.

Speaking of the Supreme God soldiers, in fact, Ye Xuan also has one, no, accurately, there is one, which is used by the fox king before his death.

However, the pair of gloves of Fox King, can not be used to fall.

Ye Xuan estimates that after the auction, he will become a big local tyrant. Before he used the insightful eye, he copied a lot of martial arts, and its value is definitely more than the three hundred blood.

At the beginning of the auction, Ye Xuan and Luo Jin entered the VIP box and waited quietly.

The public gallery underneath is already filled with all kinds of people, including human beings, Humei people, barbarians, tigers, giant elephants, and snakes.

The hostility of humans and orcs seems to be unpopular in this sacred sacred sect. Perhaps only those subordinate sacred pilgrimages will have those hatreds.

The following large audience of tens of thousands of audiences, the admission fee is an astronomical number.

"Hey, I am so big, I am still participating in the auction for the first time." The mood was a little excited, holding Ye Xuan's arm and sitting next to it.

"I am also less..."

Ye Xuan said faintly that he did participate less often, usually killing in the wild, killing people and winning treasures.

At this time, a Fox old man went to the auction floor.

"Auction, start now!" The old auctioneer shouted, and the old voice fell into everyone's ears.

Everyone is sitting right.

There are so many people underneath, there are actually many people who come to see the excitement and long experience.

Ye Xuan in the box is also watching quietly.

The first auction item is a martial art, but in his current situation there is no shortage of martial arts.

The martial arts thing does not need much, but lies in fine.

Soon, this martial art was taken by people.

Then there is the second auction item.

"Young master, this auction, it seems that there are many masters..." The fall beside him suddenly said.

Ye Xuan heard the words and nodded. "Well, I feel that there are at least three five-role, the old auctioneer is one."

However, the Five Robbers Supreme is not very strong for him. After the auction is over, he will be able to break through to the middle of the four robberies. At that time, what are the five sacred supremes?

The auction items went up one by one, and they were photographed one by one. There was never a single shot. Among them, Ye Xuan's several martial arts, equivalent to fifty blood and blood.

Soon, it was the turn of Ye Xuan interested in something.

Void crystallization!

"This void crystal is generally grown at the entrance to the secret. A small part of martial arts can be cultivated with the help of void crystal. This piece of void crystals has a price of one hundred high-end sacred dan, and each price increase must not exceed five high-level sacred"

When the old auctioneer finished, it was also a hammer.

"One hundred senior supreme Dan!"

Immediately someone called.

"One hundred and five!"

"One hundred and ten!"

"One hundred and twenty!"

Although there is not much use for this void, there are always people who need it.

At this time.

"Three hundred senior supreme Dan!"

Suddenly someone directly raised the price more than twice. This person is not Ye Xuan, but the person in a box on the left hand side of Ye Xuan shouted.

"Call out this price, it seems that the five robbers supreme!"

Ye Xuan brows his head, he has the eye of perception, so it can be sensed that every move of the entire auction venue is in his induction.

However, this piece of emptiness crystals he needs very much, absolutely can not give up.

"Five hundred senior supreme Dan!"

Ye Xuan immediately shouted.

In addition, the two people in the box paused, and then a man's voice came out.

"A thousand senior Supreme Dan!"

As soon as this was said, the tens of thousands of spectators underneath were shocked.

This piece of emptiness crystallizes, at most two hundred senior Supreme Dan, but actually sold a thousand high prices, which is too local.

However, they also understand that it is not the emptiness of the void, but the face.

"cut....."

Ye Xuan looked disdainful and continued to shout: "Two thousand!"

"Hey!"

There was another embarrassment in the field.

The price has risen to ten times the estimated price.

This scene, even the old auctioneer did not expect.

"Three thousand senior Supreme Dan!"

In the shock of everyone, the voice of the man came out in another box.

Chapter 867: Out of town

"Three thousand senior Supreme Dan!"

A blood-stained dan, sold at least ten senior Supreme Dan, Ye Xuan's three hundred blood-stained dan, at least three thousand senior Supreme Dan.

Now, the price has exceeded 300 hundred blood.

However, Ye Xuan is not afraid. After all, he still has a lot of martial arts to back it up.

"Master, his coming is not too small." The fall beside him frowned and whispered.

"Well, I know." Ye Xuan nodded.

He also understands that the other person in the box must have come to the fore, but for this emptiness, he is also going out, even if he is offended by the king.

This price, let the other person in the box pause.

"Five thousand!"

Ye Xuan eventually shouted out the price.

The entire auction venue was silent for another two seconds.

Then, in the box, the voice of the man came out:

"who are you?"

In case, just in case, Ye Xuan was too lazy to answer.

The auction, which has always been the highest price, does not care about identity.

The entire auction site was quiet for a few seconds, and the old auctioneer of the five robbers was beaten with a raft in his hand.

"Hey!"

"Five thousand senior Supreme Dan once!"

"Hey!"

"Five thousand senior Supreme Dan twice!"

Shouting this, the old auctioneer also deliberately stopped, but the other person in the box did not move.

"Hey!"

"Five thousand senior Supreme Dan three times!"

"Complete!"

The emptiness of the sky was photographed by Ye Xuan at the price of 5,000 senior Supreme Dan. The price was more than 20 times higher than the price predicted by others. It was simply against the sky.

At the moment, the head of the auction house that received Ye Xuan immediately took the void and crystallized, then knocked on the door and walked in.

"Adult, this is the emptiness of your photo..."

The head of the auction house is already scared. With so much money to buy a void crystal, this is only a fool to do it.

However, this is a matter of face, but it is justifiable.

"Very good, the rest of the martial arts, I did not shoot, just sell at the price of your auction house." Ye Xuan took the void crystal, and then said.

"Oh, the eye of the void is successfully opened!"

In a system prompt, Ye Xuan opened the fifth eye.

It was said that the head of the auction house was bright and immediately laughed: "Yes, yes, I calculate now!"

At this time, Ye Xuan took out a list.

"This is a list, I want to buy these materials, you replace the rest of the senior Supreme Dan with these." Ye Xuan said.

"Okay, I will do it right away!"

The head of the auction house nodded, then turned and prepared to leave, but the next moment, he was suddenly stopped by Ye Xuan.

"The eye of control!"

"Hey, take control of success!"

For insurance, Ye Xuan still controlled him.

Because it is a sacred sacred place, it is a sacred place, but the people in the auction house are not charmed. Once someone is found to be charmed, they will be immediately arrested and investigated.

However, Ye Xuan's eye of control can be seen by no one.

After the auction of these valuable things, there will be a rest period. This void crystal has been photographed for the price of 5,000 senior Supreme Dan, and other people present must be slow.

Soon, the head of the auction house took all the things.

"A thousand copies of the blood of the blood Dandan material!"

Ye Xuan's eyes squint and directly put these materials into the phagocytic space.

"Hey, the blood refining process has been successfully completed in a batch of one thousand!"

Using the alchemy function of the phagocytic system, Ye Xuan instantly got a thousand blood-stained dan.

"The speed is changed to a thousand pieces of material, and the rest is replaced with a heavenly treasure!"

Ye Xuan once again ordered the head of the auction house.

"Yes!"

The head of the auction house retired.

After a while, he just took all the things, but the amount of blood is not enough.

"Master, one of the medicinal herbs is almost monopolized by the royal family, so there is not much stock, only five hundred..."

The head of the auction house handed over the things to Ye Xuan.

"also!"

Ye Xuan silently took things down, and then swallowed a large number of heavenly treasures. The next moment, he heard a system sound.

"Hey, the host breaks through, and it's currently in the middle of the four robberies!"

Now, Ye Xuan is not afraid of the five robberies in the box.

"Young Master, are we still attending the auction?" asked the fall and wrinkled the eyebrows.

"No, things are at hand, let's go."

Ye Xuan shook his head and spun out even if he went straight out.

The head of the auction house did not stop. After all, the guests could leave at any time. Besides, he was already controlled by Ye Xuan, what did his owner do?

The auction house has confidentiality regulations and must not disclose the information of the guests in any box. However, the guest in the box is not the host controlled by Ye Xuan, so he does not know who is in the box.

However, Ye Xuan is making a big profit this time. People must know how to be satisfied, or let it go first.

However, after he left the auction house with the fall, he felt that another master had come out of the auction house.

"Young master, someone is tracking, it is a supreme peak." Fall in the mind and said.

"Well, it should be the five-robble supreme, let's go out of town!"

Ye Xuan nodded.

In his current realm, there is no need to fear a four-robbery peak. The purpose of his trip to the city is to control this person and ask who is in the box.

At the moment, Ye Xuan and Luo Zhuo left the imperial capital straight away. Sure enough, the follower also followed.

This one of the followers, wearing clothes, can not see the identity, the strength of the four robbers to the peak.

After Ye Xuan and the city, they went straight into a forest.

"Two, please stay!"

An old voice came.

Wen Yan, Ye Xuan and the footsteps of a meal, immediately turned his head.

"Fangcai, is the two of you and my master grabbing the void?" The fox old man asked with a squint.

"Yes, then?"

Ye Xuan silently nodded, he has already used that void to crystallize, opening the eyes of the void.

"Sorry, the things that my family owner is watching, you can't take it. Now give you a chance, hand over the void, and confess to the owner of my house, and my master may spare you a life!"

The old man said proudly in the world.

It seems that he does have a background!

"Your owner, I am also somewhat interested, but I said in front of the ugly words, if you are shot, then you can be the master of your house!" Ye Xuan mouth gently raised.

"Bold!"

The fox old man heard the words, but also furious, directly directed at Ye Xuan.

Chapter 868: Void door

The fox old man has 45% of the sword, enough to break Ye Xuan's supreme body, but Ye Xuan is not easy to provoke, directly from a sword.

Broken!

"Boom!"

Four-and-a-half percent of the swordsmanship and the four-year swordsmanship collided, but the last thing left was actually the attack of Ye Xuan.

"what?"

The fox old man was shocked. He was the supreme peak of the four peaks, plus 45% of the sword. This attack was actually broken by a middle-fourth kid. How is this possible?

"The Eye of Burning!"

Ye Xuan is also nonsense, directly using the secret skills of the Fox family, the next moment, the Fox old man is feeling a heartbreaking pain.

The eye of the illusion is suitable for dealing with group enemies. After all, it consumes less energy and can make a few people in the moment. However, to deal with a single enemy, it is best to use the burning eye, burning the other's mind, reducing combat effectiveness.

"The four peaks of the Supreme District, and dare to play in front of me, let me see who the owner is in your mouth!"

Ye Xuan's light flashed.

This time, he suddenly made a move, that is, to advance the precious point, and advance the blood of the gods.

"Hey, the eyes of the gods are advanced, and the ability of each eye is improved!"

The system prompts.

The eye of the gods and gods is on an advanced route, and once again, all the effects of the sky can be improved.

The eye of insight, the eye of the illusion, the eye of burning, the eye of control, the effect of the eye of the void, all improved.

The position of the eye that controls is raised from five to ten, and the position of the void of the eye of the void is also increased from one to two.

"The Eye of Burning!"

Ye Xuan's eyes are once again.

"what....."

The fox old man has already contracted to the floor and has been convulsing and screaming.

Now the strength of Ye Xuan, I am afraid that you do not need to shoot, you can kill a supreme peak, this is the power of the blood.

"The eye of control!"

After the advancement of blood, the power of the sky has improved a lot. After two burning eyes, the combat power of the old Fox people is estimated to be only three or four. This is the power of the blood.

"Hey, take control of success!"

The system prompts to sound, the next moment, Ye Xuan is to remove the effect of burning eyes.

"See, see, master, master..."

The fox old man was sorely alive and dead, his body was full of dirt, his hair was unkempt, as if he was a neurotic patient.

"Who is your former owner?"

Ye Xuan said nothing, directly asked.

"Yes, the six emperors of the DPRK!" The old Fox people did not want to answer.

really!

After hearing this answer, Ye Xuan's heart is also a tremor. There are not many sacred sacred priests in the emperor. I am afraid that there are only royal people who dare to be so arrogant.

"okay, I get it!"

Ye Xuan's eyes glimpsed and directly took off the squad of the fox's old man, and then dumped the good things inside.

In the Qiankun martial ring of the old fox family, there are only five hundred blood and fine dan, and it is indeed the servant of the prince.

"You slow down first."

After Ye Xuan finished, it was with the fallen and the fox old man into the forest.

Now he has to do an experiment.

The reason why he used the advanced point to improve the blood of the Tianyan Protoss is actually the eye of the void that has just been opened.

There is no advanced eye-eye protoss blood, and the eye of the void can only be positioned once. After the advancement, the distance is raised and the positioning is improved once.

It happened that his avatar was also in the sacred sacred dynasty, so he wanted to try the eye of the void to directly let him fly to the side of the avatar.

"Let's fall, come in."

Ye Xuan will fall directly into the pet space.

"Young Master, what are you doing?"

Falling into the fog, she only knows that the void crystal is useful for Ye Xuan, but she does not know what effect the eye of the void has.

"You will know when you wait."

Ye Xuan ghost smile, directly use the void positioning.

At the same time, the avatars that have been experienced in the dangerous place are also positioned once.

The deity and the avatar are positioned at the same time, exactly twice.

"The door of the void, open!"

At this time, Ye Xuan's eyes suddenly flashed, and a dark light was emitted. Then, the space in front of him suddenly opened a hole.

This is the door of the void that the eye of the void opens. The effect is the same as the secret. Just pass through and enter another world.

At the moment, Ye Xuan went straight through the door of the void and came to where the avatar was.

"Sure enough!"

Ye Xuan is overjoyed and will drop it out.

When I saw that the surrounding environment had undergone great changes, I also saw Ye Xuan's deity and avatar, and immediately became shocked.

"Young Master, where are we?"

Asked about the appearance of a situation that did not clear the situation.

Ye Xuanyi opened his mouth and smiled, directly combined with the body, updated the strength of the avatar, and then said: "Ghost Swamp, one of the three dangerous places of the Fox Meisheng."

"What, Ghost Swamp?"

The shock was shocked, and I turned around and looked at it.

The environment here is extremely harsh. There are endless clouds in the sky. The heavens and the earth in the air are also disgusting. From time to time, there are still some strange sounds. It is indeed one of the three dangerous places of the ghost swamp.

"How can it appear here, the emperor is away from the ghost swamp, but there are several days away."
Asked strangely.

"Haha, this is the new eye of the young master."

Ye Xuan opened his mouth and smiled. The next moment, he broke the door of a void and returned to the forest outside the imperial capital.

This time, the fall also passed through the door of the void.

However, the power of this empty eye is extremely expensive, and the door of the void exists, and the power will be quickly consumed. Ye Xuan, who used two eyes of the void, had a visor of vision, and it took a few seconds to recover.

"The power of the eye of the void is calculated according to the distance of the anchor point. The farther the distance is, the more power is consumed. The two empty eyes let my bottomlessness, but use the eye of a void. It's nothing to escape."

Ye Xuan thought about it, and then released the fall.

"Wow, this secret technique is so powerful, so can we go anywhere?" The surprised little mouth could not be closed.

"Thinking more, this void positioning must go in person, and the distance can not be too far, but it is good to escape."

Ye Xuanyi opened his mouth and smiled.

The blood effect of the Tianyan Protoss will increase with his realm, so the future of the empty eye may return directly to the East Continent from the Fox Charm.

After the trial was successful, Ye Xuan's confidence also rose. If something happened in the future, he could directly break away from the void.

"Well, you have almost rested, change your clothes and call out your former owner." Ye Xuan said to the fox old man.

Chapter 869: Control the prince

"Yes, master!"

The fox old man nodded reverently, and immediately changed his body to the same capital and then entered the capital.

What is the purpose of Ye Xuan to Emperor?

Just get the other half of the charm and crystal!

Originally, he still wanted to control a prince to inquire about the news. I did not expect that there was a prince who took the initiative to send it to the door. This is a good thing.

"Let's fall, first take five hundred blood and fine Dan to refine..." Ye Xuan directly lost to the five hundred blood and fine Dan.

Even if the body is strange, it is not an easy task to completely refine five hundred blood-stained dan, which takes at least half a month.

It is estimated that after half a month, it will be able to break through to the peak of the four robbers.

"The strength of the avatar has been updated now, and there is a lot of money, or go to the big cities to sell the blood of the blood, and buy materials for unlimited refining..."

Ye Xuan thought in his heart, and immediately let the detachment leave the ghost swamp. On that day, he let the avatar go to experience. One is to kill the Supreme Beast, and the other is to find his own treasure. Maybe he will be given by him. Find a necessity to open your eyes?

But now I want to come, it is convenient to go directly to the city to buy, after all, money can make the ghosts.

The auction is still going on, and the six emperors are not expected to come out halfway, so Ye Xuan and Luo Lan are waiting outside for a while.

About half an hour later.

The fox old man walked into the forest with a fox youth dressed in white clothes.

This fox youth is the six emperors Baichuan.

"Hey, are you two wastes, and I bid?" After the Six Emperors approached, they were cold.

Ye Xuan is also nonsense, directly to the six emperors to display the burning eye, at the same time, the fox family behind the six emperors is also suddenly shot.

Four and a half swords!

"Hey!"

Although the Six Emperors are the Five Magi, but how can he think of his most loyal servant, suddenly shot himself?

Fortunately, his supreme golden body is extremely powerful. After all, he grew up eating a **** blood, and 45% of the sword is not able to break his supreme body.

"A strong and supreme body, but a mental attack, can you stop it?"

Ye Xuan's eyes were once again smashed, and two glare shots were shot.

Eye of the illusion!

The eye of the gods and the blood of the gods, the effect of the eye after the advancement is all improved, the eye of burning and the eye of the banned ban, directly let the spirit of the six emperors drop, and the strength is reduced by at least 20%.

However, Ye Xuan knew that this was not enough to control the six emperors.

"Hands!"

Ye Xuan shouted.

In the meantime, he and the fallen and the fox old man shot at the same time and attacked the six emperors.

If it is said that the understanding of the intention, Ye Xuan only has 40% of the sword, the Fox family and the fall are already 45%.

However, if it is more than an attack, Ye Xuan's attack power is still falling.

On the one hand, the six emperors had to endure great pains, and they also had to bear the attack of Ye Xuan, a mentally devastated, a physical shackle, which made him unable to stand up and shout.

"You are looking for death!"

The six emperors shouted and attacked Ye Xuan directly.

"Huh!"

The wind is whistling.

This fist of the Six Emperors actually combined 50% of the boxing. If you are on Ye Xuan's body, I am afraid I can make him a meat sauce.

Fortunately, the Six Emperors now have the eyes of burning and the eyes of the ban, he is attacking casually, so this punch was easily escaped by Ye Xuan.

"Good guys, the five robbers supreme is not a general generation..."

In the heart of Ye Xuan's heart, he attacked again.

"The Eye of Burning!"

"The Eye of the Illusion!"

"Boom!" "Boom!" "Boom!"

A series of attacks fell on the six emperors. At this time, the supreme golden body of the six emperors was broken and covered with blood.

Among the three, in addition to the Fox old man, Ye Xuan and Luo Fang can barely break the supreme golden body of the six emperors, of course, just barely broke open.

Moreover, Ye Xuan's original intention is not to kill the six emperors, but to control, their attack is only in line with the burning eye, weakening the willpower of the six emperors.

Because of the difference between the two realms, Ye Xuan has played five burning eyes on the six emperors. At this time, the willpower of the six emperors has been almost polished, and the combat power is less than 50%.

Finally, the six emperors who came out of the illusion looked blank and asked, "Who are you? You dare to do it to me. If I know it by my father, I will be full of copying!"

"Copy your family's shackles, control your eyes!"

Ye Xuan's light flashed, and an energy drilled into the brains of the six emperors. During that time, the eyes of the six emperors changed.

"Hey, take control of success!"

After hearing this tone, Ye Xuan's mouth was slightly tilted. Under the siege of the three of them, the six emperors were finally surrendered by him.

At this time, the six emperors kneel on the ground, covered in blood, terrible.

He looked up slyly and shouted at Ye Xuan with anger: "I have seen the master!"

Ye Xuan is also nonsense, directly lost a few blood bottles in the past, but inside is his own blood.

The six emperors drank the blood bottle, the injury was recovered at a speed visible to the naked eye, but because his supreme golden body was too strong, he drank three bottles to restore the peak.

"Huh."

The six emperors slowed down for a while, and the spirit began to recover. At the same time, Ye Xuan had already gone over and took off his ring.

"Grandma's, I really bought a lot of things, but fortunately most of them are natural treasures, I can swallow."

Ye Xuan screamed in his heart, and he did not care, and swallowed all the things inside.

It is a pity that these things still can't make him break through to the top of the Supreme Peak.

Ye Xuan was disappointed. He said to the Six Emperors: "Well, I have to ask you some things. Have you heard of the charm?"

"I heard that!" The six emperors nodded directly.

"So where do you know?"

Suddenly asked, after all, this matter is related to her.

"The charm of the crystal is divided into two, half of which was stolen by the fox king hundreds of years ago. Recently, the secret of the fox king scorpion appeared. It is said that it was taken away by the two tyrannical sects of the bull and the human race. The whereabouts are unknown. As for the other half, it should still be in the Imperial City." The six emperors replied.

"The other half said the specific point." Ye Xuan said.

"The other half, I don't know, but my mother-in-law may know." The six emperors replied.

Wen Yan, Ye Xuan and Fall are also a pair of eyes.

The mother-in-law of the Six Emperors' mouth is the mother-in-law of the Six Emperors, and is also one of the most beloved nephews of the present.

"Okay, then go ask."

Ye Xuan nodded.

Although the Six Emperors do not know where the other half of the charm is, but his mother may know that this is also good news.

Chapter 870: Crown Prince

It is not so easy to refine and enchant the enchantment. The first one must be the Humei people. Secondly, even if it is a Humei people, it may not be able to refine and enchant.

Otherwise, the charm of the crystal must be in the hands of the emperor of the current sacred dynasty.

At the moment, Ye Xuan is to let the six emperors change their clothes, and then dress up, take them to the emperor and return to the imperial city.

I am afraid that no one would have thought of it. One of the six emperors, and the five robbers, was controlled by Ye Xuan.

The ability to control the eye, even if the emperor saw it, I am afraid I can not find any strange places.

"Let's fall, you should go back first, refining all the blood and blood," said Ye Xuan.

"Ok."

Nodding nodded, even if it is directly leaving, she has 500 hundred blood and fine Dan, plus the charm of the crystal and the growth of the blood of the beast, enough to break through to the supreme peak.

As for Ye Xuan, I also returned to my place of residence and continued to refine the Longyun.

However, he has already let him go to the major cities, sell the blood, and then refine.

As for the breakthrough, he is not worried. After all, the Six Emperors have been controlled by him. Is he afraid that he will not break through?

The efficiency of the Six Emperors was very fast. On the second day they returned to the Imperial City, they found the land. After all, his identity was there, and he could not find Ye Xuan privately.

"What the owner asked me to ask has already been asked..."

In the settled residence, the Six Emperors handed in a piece of information with respect and respect. In some cases, it is better not to open your mouth.

"Good job."

The appearance of a small adult fell to praise, and then looked at it.

"That half of the charm is crystal-clear, has it been refining by the Crown Prince?" The face was pale and pale, and then I hurriedly informed Ye Xuan.

"What, Crown Prince?"

Knowing that Ye Xuan's brow was at this time, the crown prince of Humei's dynasty had already set up, which is the eldest son of the Six Emperors. It is said that the strength is already the middle of the Supreme Five, and maybe it is the Supreme Five Peaks.

However, the charm of the crystal has turned into the hands of the crown prince, this can be troublesome, after all, he has refining the charm of the crystal, if you want to take out the charm of the crystal, you have to dig out from the body, which will reinvent the crown prince.

"If you forcefully peel off the charm and merge the crystal, the realm of the crown prince is likely to fall, and then..."

Ye Xuan's eyes glimpsed. He knew that there was a six-role sacredness in the sacred sacred dynasty. This is not the realm he can handle now.

However, the other half of the charm is crystal, he will definitely help the fall.

at this time.

"Six brothers."

Suddenly, a strange voice came from the outside. After hearing it, the fall was also strangely turned to look at the six emperors.

"It's the voice of the big brother!"

The six emperors suddenly recognized it.

Big brother!

This is to scare the fall, isn't that the crown prince?

At the same time, the crown prince is the owner of the other half of the charm and crystal.

The crown prince should have something to look for for the six emperors, so he was looking for it. Now, the six emperors are opening the door and going out with the fall.

"Six brothers, what are you doing here?"

A fox youth in a gold coat who was outside the residence asked him, he was the crown prince of the fox sage, Bai Long.

"Big brother, I have some things to find the girl." Six emperors hurriedly explained.

"Oh? Fall?"

Bai Long's eyes fell on the body and said: "You are the girl brought back by the foxes. At the age of fourteen, they broke through to the middle of the Supreme Fourth. The qualifications are good."

"Thai Crown Prince praised." Falling in a hurry.

The little face that fell is very delicate, and it is considered to be the top in the fox family. However, the white dragon is the crown prince of the fox sage. What kind of beauty has not seen?

However, somehow, Bai Long always felt that there was a strange connection between himself and the fall, but he could not tell.

"Six younger brothers, I have something to talk to you." Bai Long no longer thinks, said to the six emperors.

"it is good!"

The Six Emperors also knew that they could not let the fall and Bailong have more contact, so they followed the white dragon directly.

"Huh!"

After the departure of Bailong, the fall was also relieved, but the next moment, she was exposed with a sly smile.

"Young master, you can be sure, that half of the charm is in the body of the Crown Prince!"

Landing quickly told Ye Xuan.

"Do you feel it?"

"Well, I feel that I am in his body. However, this Crown Prince is very strong and much stronger than the Six Emperors. At least in the middle of the Supreme Five, it may be the Supreme Five Peaks!" answered the answer.

"Okay, I know, you should try not to contact him, so as not to sympathize with the crystal and resonate, revealing the secret." Ye Xuan reminded.

"I know."

.....

After talking with the Six Emperors, the White Emperor of the Fox King's dynasty, Bai Long, returned to his own palace.

But at this time, there is already a beautiful woman in his bedroom.

"After the mother, how come you?" Bai Long said with some surprise.

This fox woman is the queen of the fox sage, which is the birth mother of Bai Long.

"Just look at it, how is your charm and crystallization?" asked the Queen.

"Refining for a month, and finally refining is finished." Bai Long replied truthfully.

"Very good, although there are only half of the charms, but with your qualifications, it should not be a problem to break through to the seven robberies. At that time, my fox sacred sect can also be among the senior sects. Just, the other half There is no news of the charm and the crystal, and I don't know where it was brought. Your father has sent a lot of people to investigate, and it has entered the sacred sacred dynasty and the sacred dynasty..." the queen said slowly.

The empty sacred sect in her mouth is a human sacred dynasty adjacent to the sacred sacred dynasty. This sacred sacred dynasty is also an intermediate sacred dynasty, and its strength is not weak.

At this time, Bai Long suddenly remembered one thing and asked: "Yes, after the mother, I just happened to see the offering called Falling. I think there seems to be a strange connection with her..."

"What contact?" The Queen asked strangely.

"I suspect that the body that fell in the body may also have charm and crystal!" Bai Long solemnly said.

When the words came out, I saw the Queen's body trembled and exclaimed: "What do you say, charm and crystal?"

"After the mother, you have not said that the charm of the crystal is my family's treasure, but in fact every family has the opportunity to condense the charm and crystal. The ancestors of this charm and crystal, but also because of a super genius of my family So I suspect that the body that has fallen in the body has condensed a charm and crystal." Bai Long guessed.

"The words are good, but the charm of the crystal and even the ancestors did not condense, how can she have, are you wrong?" The Queen did not believe it.
