

## Super D. S 871

Chapter 871: Queen has please!

"It can't be wrong."

Bai Long solemnly said.

The queen is silent.

At this time, she suddenly remembered a question and said: "Wait, the girl who is called the fallen, seems to be brought back by the fox, and it is said that it was also in the secret of the fox king ....."

"The meaning of the mother is the charm of the falling body, which is the half that the fox king stole in the past?" Bai Long's eyes suddenly lit up.

"No, at that time, their Qiang Kun ring was probed. Nothing, even if it is refining in the secret world, it is impossible to be so fast. After all, even you have spent more than a month to combine the half charm. Complete refining." The Queen suddenly denied herself.

After her reminder, Bai Long felt that it was wrong.

Even if he refining for more than a month, how could it take only one day?

"So, the charm of her body is complete?" Bailong's eyes suddenly burst into two cold, and there is also a hint of killing.

The charm of Jingjing is still secret, so he decided to kill and then take out the complete charm.

Although it is feasible to forcibly peel off the charm, but for the sake of confidentiality, it must die.

"Wait, the fall doesn't have to be killed." The Queen felt the white dragon's killing and said quickly.

"Do you have other ways to remove the charm and crystal?" Bai Long asked.

"If the body really has a complete charm and crystal, as long as you marry her, you two combined, then you can condense half of the charm and crystal." Queens Road.

When Bai Long heard it, his eyes were bright again.

The half charm of his body is a genius of a fox genius. It is not his own condensation. This enchantment is better than the one that condenses itself.

If they fall into the door, they combine, the charm of his body is reflected by the falling body, he may be able to condense the remaining half.

This is really a way!

"That fall is the offering of my royal family. If you tell this to your father, your father will certainly support..." said the queen.

"Good." Bai Long immediately agreed.

"In this case, then I will go to your father."

The Queen did not hesitate to get up and leave.

Soon, the emperor of the Humei Sect was informed of the matter, and he naturally agreed.

For the white dragon, the queen is also personally dispatched, directly let people call the fall.

However, at this time, Ye Xuan was there, and the wealth of the six emperors was given to Ye Xuan.

"The six emperors are not mixed, but these things are enough for me to break through to the top of the Supreme!"

Ye Xuan's eyes smacked and directly swallowed everything in the ring.

"Hey, the host has broken through to the top of the four robbers!"

The system prompts.

However, the wealth of the six emperors cannot be allowed to reach him and cannot be robbed.

Ye Xuan is also helpless. If it is not for the six emperors who spend a lot of Tianshidibao to upgrade their supreme gold body, this time Ye Xuan may be able to directly cross the five to rob.

"Looking back to let the six emperors call their brothers out, I controlled one by one!" Ye Xuan thought.

Now he is already advanced to the blood of the Tianyan Protoss, so the number of control places has increased to ten.

Fox Jie, Fox Winter, Fox Old Man, Six Emperors, and the head of the auction house, there are only five people here, so he still has five places.

However, at this moment, suddenly a master stepped into Ye Xuan's sensing range.

"Ok?"

Ye Xuan brows a pick, the area where he lives, there should be no five robbers to the right.

At the same time, he also felt that this master, it seems to be the fox that day.

"Falling the girl!"

A voice came in, Ye Xuan and fell, it really is the fox.

At the moment, Ye Xuan and Luo Lan are opening the door and going out.

The foxes directly ignored Ye Xuan, facing the landing: "The girl, the queen has a please!"

what?

Ye Xuan was shocked when they heard it. Can the Queen drop in the past?

Wait, the queen seems to be the mother of the crown prince?

Ye Xuan suddenly widened his eyes and said in his mind: "Queen? Isn't that the mother of the Crown Prince? She called you in the past, is it the discovery of charm and crystal?"

"I don't know. I had the induction at that time. The Crown Prince may also have the induction..." said a worried face.

"Ask me first."

Ye Xuan said quickly.

"Sister Fox, I don't know if the Queen Mother is looking for me?" asked Luo.

"I am not very clear." The fox shook his head.

At this time.

"The Eye of Burning!"

Ye Xuan directly used the eyes of the fox, the strength of this fox is weaker than the six emperors, so Ye Xuan dare to start here.

"Well....."

The fox suddenly grabbed her chest and looked very painful. Her face was stunned and it was not clear what happened.

"Oh, what happened to the fox sister?" The rushing pretend to be a \*\*\*\* did not know how it came together.

"I don't know, my heart hurts, like I want to burn it up." Fox said, she wouldn't think of it, Ye Xuan's hand to her.

"What is going on, fox sister, are you making mistakes in cultivation?" asked again.

"No, not clear..."

The fox squatted and sat down, but at this time, Ye Xuan used a burning eye again, which weakened her willpower again.

Fox did not understand what happened to him. After all, with his realm, even if the strongest of the five robbers peaked, she could know.

However, this pain is sudden and there is no sign.

"The Eye of Burning!"

Ye Xuan finally used a burning eye, and immediately used the eye of control.

When he and the Six Emperors fought in the same day, he was only the middle of the Supreme Fourth. Now he has broken through to the Supreme Four Peaks. The more he controls the foxes, the more he should not be a problem.

"Hey, take control of success!"

The sound of the system sounded.

Then, Ye Xuan let the fox slow down for a while, then asked: "What did the Queen look for in the past?"

"Master, I don't know." The fox shook his head and his face was still pale and snowy.

Ye Xuan walked over and dumped the wealth of the fox, and then said, "Okay, then you will lead the way."

Although he didn't know what the Queen was looking for, he still had to be safe and beside the fall. If anything happened, he could hide the fall in the pet space.

Big deal, use the eye of the void to leave, anyway, they already know who the half charm is.

"Yes!"

The fox whispered silently, even if he took Ye Xuan and fell to the Queen's palace. The trip was also very dangerous, because Ye Xuan did not know how many masters there were next to the Queen.

Chapter 872: plan!

However, as long as he gives Ye Xuan the opportunity, he will be able to leave the Imperial Capital directly and fall, and come to the side of the body.

Soon, the foxes came to the Queen's palace with Ye Xuan and the fall.

"Slow, she can only go in alone!"

When the fox was ready to take Ye Xuan into the room, suddenly a silver armor stopped them.

"Supreme five peaks!"

Ye Xuan heart trembled.

This silver armor is probably the bodyguard who guards the queen. This level of master is not what he can now deal with.

If the silver armor general of the Supreme Five Peaks is shot, I am afraid that he will be able to explode his head in an instant.

"Let's fall, you can report whenever you go in, if there is something wrong with us!" Ye Xuan said in the mind.

"Ok!"

Falling should be a sentence, anyway, she can communicate privately with Ye Xuan, others can't hear.

Ye Xuan looked at her into the Queen's Palace, and her heart was anxious. He suddenly regretted that he should leave the Imperial Capital directly.

At this point, the fall has entered the Queen's Palace.

Under the leadership of a palace lady, I saw the Queen and Bai Long.

Ye Xuan, who is still waiting outside, fortunately, will report to him from time to time.

"Young Master, they think that I am the charm of my own condensation..."

The fall suddenly said.

"What, think you are condensing yourself?" Ye Xuan browsed and asked, "Well?"

"Then, I want the Crown Prince to marry me and make me a Prince..." answered.

When I heard this, Ye Xuan was relieved.

It seems that the fall is not dangerous for the time being, but if it falls, it refuses...

No, the Queen is absolutely not allowed to refuse to fall!

This point, Ye Xuan is very clear.

"Let's fall, first promise them."

"I agree, they said they got married in three days..."

"Okay, remember to hire a gift!"

Ye Xuan, who is outside the Queen's palace, smiles. If it is a prince, if there is a prince, should there be a lot of dowry?

It didn't take long for the fall to come out of the Queen's palace.

"Young master, I have taken a lot of good things." She jumped down the steps and said to Ye Xuan in her mind.

"What about the bride price..."

Ye Xuan's eyes lit up.

Looking at the excitement, it seems that it has gained a lot of benefits. After all, she is about to become a Prince. If the Crown Prince Bai Long is in the throne, then she is the Queen.

It is a pity that the fall will not be confined to this fox sacred dynasty.

After the fall, Ye Xuan actually used the insightful eye to observe and found that the other party did not do anything about the fall, so he was relieved.

"Well, a lot of gifts, more points, I will not run away." Fall also understand the Queen and White Dragon's mind.

"Oh, the whole sacred up and down, people who want to marry the crown prince can rush the whole emperor, you are not happy." Ye Xuan opened his mouth and said in his mind.

"Hate, young master, are you willing to marry me?" Some dissatisfaction said.

"It's really not willing."

Ye Xuan answered.

The falling blood is very strange, and the speed of cultivation may be able to catch up with him. How can he let the fall commit to this intermediate pilgrimage?

Then, the fox is leaving with Ye Xuan and falling.

"Young master, something for you."

On the way back, the drop was also handed over to a leaflet of Ye Xuan.

"The trough, the royal family is really wide, one shot is 10,000 blood and fine Dan, and there are countless natural treasures!"

Ye Xuan was shocked, and 10,000 blood and blood Dan, enough to break through to the middle of the Supreme Five or even the peak.

And those who gave him the heavenly treasures were enough to make him break through to the Five Robust Supreme.

This time, it's really big!

At the moment, Ye Xuan directly swallowed up some treasures of heaven and earth, and raised the realm to the point where he could cross the five to the rob.

"Young master, what should I do now?"

At this time, the fall asked.

"After three days, you have to marry the Crown Prince Bailong. If we leave now, your father may be in trouble. So, after three days, we have to play a movie..."

Ye Xuan said while planning in his heart.

This time, it is estimated that it will be a big mess.

"Hey, young master, are you going to get married?" Falling down understands the meaning of Ye Xuan and laughs directly.

"No, it's not a marriage, I want to rebel!"

Ye Xuan shook his head.

rebel!

When I heard this, I couldn't help but shudder. She suddenly knew what Ye Xuan wanted to do.

Three days, is it enough?

If it is the average person, it is definitely not enough, but Ye Xuan has the eye of control, enough!

After leaving the Queen's Palace, Ye Xuan quickly left the Imperial City and then found a place to robbery outside the Imperial Capital.

"Hey, start the robbery!"

Ye Xuan, who has the eye of the void, can call the avatar to fit at any time. After the fit, he has a 100% success rate.

Soon, the five-fold sacred robbery is coming.

"Boom!" "Boom!" "Boom!" "Boom!" "Boom!"

Five consecutive Supreme robbers fell on the head of Ye Xuan.

After the fifth robbery of the thunder, he heard a system sound.

"Hey, the host has successfully robbed, and it is currently the beginning of the five robberies!"

Then, he swallowed up all the fallen dowry and repaired it in an instant.

"I finally broke through. Now I am even right on the white dragon of the crown prince. I am afraid there is also a battle!"

Ye Xuan eyes a glimpse.

Later, he let the avatar use the eye of the void and leave the emperor.

"Fox Jie and others will let the fall and charm, the rest of the quota, all used to control the emperor!"

Ye Xuan already has a relatively complete piece of information on hand, and with the fall, he quickly transferred Hu Jie and others to the fallen.

The original fox-like family has a natural resistance to the enchantment of this kind of enchantment, but it has half a charm and a crystal, and the fascination is not at all.

Fox Jie, Fox Winter, the fox old man under the Six Emperors, and the head of the auction house were all handed over to Ye Xuan.

As for the six emperors, he personally groaned.

"Almost, the two emperors should be coming..."

Ye Xuan thought about it.

When he left the Imperial Capital, he asked the six emperors to call out his brothers one by one.

The strength of these princes is not weak, but none of them is comparable to the white prince of the crown prince. The strongest one is the second prince, which is the middle of the fifth.

Soon, the two emperors came.

"Six younger brothers, what do you call me outside the city?" The second emperor asked very puzzledly.

"Two brothers, there is one person, you must really want to see one side!" The six emperors deliberately sold the Guanzi.

"Who?"

The second emperor is somewhat surprised. He has no doubt at all. After all, in the fox sacred dynasty, the royal family has the fighting power of the Supreme Five, and his strength can be rampant in the fox sage.

Chapter 873: Secretly control!

Just as the voice of the second emperor fell, suddenly a sharp voice suddenly sounded.

"call out!"

This is a broken sound.

"Sneak attack!"

The second emperor reacted in an instant, but the next moment, he felt a burning sensation on his back.

At the rear, there are also sneak attacks!

And the sneak attacker is his sixth brother.

"Boom!" "Boom!"

The second emperor suffered from the enemy's back, and the chest and the back were simultaneously recruited, and immediately spurted a blood.

Ye Xuan had obtained a complete set of sword floating shadows from the Six Emperors. After this period of submersible, he has already raised the sword meaning to 55%. Even if the two emperors are physically strong, they will block the top five. The sword is not hurt.

"The Eye of Burning!"

Taking advantage of this opportunity, Ye Xuan suddenly killed and directly used the cards against the two emperors.

"Six brothers, what are you doing?"

The second emperor shouted with a grin, but there is still a distance from the emperor, so Ye Xuan dared to do it.

"Nothing to do!" The six emperors sighed low and shot again.

The 50% of the boxing is enough to break the supreme golden body of the Second Emperor.

"Boom!" "Boom!" "Boom!"

Under the joint efforts of Ye Xuan and the Six Emperors, the two emperors did not have the strength to fight back. Soon, they were controlled by Ye Xuan.

"Hey, take control of success!"

The strongest prince in the sacred dynasty is the prince, reaching the supreme peak of the five peaks, followed by the second prince of the fifth mid-supreme, as for the other, at most the first five.

"Good, when you come out, remember to bring all your belongings out!"

Ye Xuan said to the second emperor with his eyes open.

"Yes, master!"

The second emperor and the six emperors quit.

Ye Xuan estimates that as long as he controls the nine emperors, he can at least break through to the middle of the Supreme Five. At that time, he will not be afraid of the Crown Prince. Even if he is the Six Robbers, he will have a battle.

Soon, the two emperors and the six emperors came one after another, which is completely lined up to send benefits.

This time, the two emperors and the six emperors brought the three emperors, the strength of the supreme five early, it is estimated that they will soon be able to break through to the middle of the fifth.

It's a pity that even the second emperor of the Supreme Five is accepted by Ye Xuan, let alone him?

In the eyes of Ye Xuan's burning, the Three Emperors were also easily accepted.

As for the following, it is exactly the same pattern.

These princes, who are controlled by Ye Xuan, have dedicated all their property to Ye Xuan.

Regrettably, although they are princes, they are not able to reach out to cultivate resources.

However, these princes add up, but let Ye Xuan successfully break through.

"Hey, the host breaks through, and it's currently in the middle of the Supreme Five!"

After Ye Xuan conquered ten emperors, he finally broke through to the middle of the Supreme Five. Now, he has the rebellious capital.

"You ten people, go back and secretly transfer troops, listen to me when the Crown Prince Bai Longli is a prince!"

Ye Xuan said to the ten emperors.

"Yes, master!"

These ten emperors are all responsive.

If someone is present at this time, I am afraid that I will be scared to death, and I will be able to shock ten emperors of the sacred sacred sacred priests.

In fact, Ye Xuan can try to seduce the crown prince Bailong, but Ye Xuan heard that there are people in the side of this kid who are secretly protecting, so it is forgotten, because this secret person may have reached the realm of the six robbers, this Not that he can now win.

Ye Xuan conquered these emperors, only to go for a day, and there are still two days left.

It was just that he got a good martial art from a prince's ring.

This martial arts is called the whale swallowing technique, which can quickly absorb the dragon tempering and supreme gold body, which is much better than the emperor's body. If it is combined with those medicinal herbs, Ye Xuan may be able to put all the dragons in two days. Devouring.

It is no wonder that these princes are all poor to die, it is estimated that the wealth is replaced by the dragon transport and then tempered to the golden body.

"Hey, the host learned to whale!"

Ye Xuan began to refine the dragon.

The day after tomorrow, it is the day of falling into love, and it is also the day of his creation. The ten emperors united to send troops, which is absolutely unimaginable to everyone.

The realm of these princes is not low. For those generals who have fallen, they have already shown their charms. Therefore, this time, the troops will be very strong.

Soon, it was two days.

"Young master, I broke through!"

The sound of the fall sounded in Ye Xuan's mind.

"Is the Supreme Four Peaks..."

Ye Xuan, who was aware of the incident, had a glimpse of his eyes. His current realm has surpassed the fall. However, to get the remaining half of the charm, her speed may be directly up.

"Young Master, I have created a fake body, I am coming to you now."

When you say it, you go directly to Ye Xuan.

Ye Xuan is also a bit strange, but in order to prevent accidents, it is safer to hide the fall in the pet space.

Soon after the fall, I found it. After seeing her, Ye Xuan also asked: "Can you fake your body?"

"Hey, I have now opened the memory of inheritance. The vital signs of the fake body are exactly the same as me. As long as it is not used for fighting, or close to the Crown Prince and the Six Robbers, it should not be discovered." .

"That's good, then you are hiding behind me."

Ye Xuan let fall into the pet space.

Tomorrow, it is the day when the Crown Prince is a prince. The ten emperors controlled by Ye Xuan are also secretly mobilizing their guards.

In case, just in case, Ye Xuan still uses the door of the void to update the strength of the avatar.

Although the realm has not improved, but the swallows swallowed so many dragons to quench the supreme gold body, the strength can be improved a lot.

At this moment, the avatar has already arrived in the Imperial Capital. This time, the rebellion, Ye Xuan is trying to use two big avatars.

In the middle of the Supreme Five, the combat power is comparable to that of the Six Robbers. The deity and the avatar add up to the two major saga.

.....

Today is the day when the Crown Prince Bai Longli was born.

After three days of preparation, the entire emperor knew this thing. At the same time, Ye Xuan was already fully prepared.

Ten princes, a total of more than 50 five robberies, this is almost half of the fighting power of the fox sacred royal family.

At this time, Ye Xuan is patrolling in the Imperial City. This level of the event, his deputy captain is not qualified to participate, can go to the rank of the captain, that is, the five robbers supreme.

Although he is already in the middle of the Supreme Five, he has always been hiding his breath, and he has not applied for it, so he is still the deputy captain.

"Young Master, what is your plan?"

Asked about the fall in the pet space.

Chapter 874: rebel!

"Wait for the opportunity, then send troops directly, let the royal family think that we are rebelling, but my primary goal is the Crown Prince Bailong, if possible, directly control the entire royal family."

Ye Xuan replied.

However, it may not be so simple to control the entire royal family. After all, the current emperor of the Fox-like dynasty is a six-role supreme.

In addition to the emperor, there are two six-royal supreme, one sitting in the town and the other protecting the emperor, so there are three six-robbery supreme, which is why Ye Xuan has no confidence.

Ye Xuan estimated the time. After feeling almost, it was the remote control of the ten emperors.

"Hey!" "Hey!" "Hey!"

One by one, the signal was lifted off. Not long after, the rumbling sound was heard in the Imperial City.

"Starting to start, rebelling..."

Falling in the pet space called, she certainly would not have thought that she could see this scene, the most important thing is that she still rebelled in person.

Seeing the fall so excited, Ye Xuan also wants to release her, but in order to prevent it, she is still in the pet space.

"Good play, opening!"

Ye Xuan thought of a move, has used the identity token to enter the empire of the Imperial City, directly killing the place where the Imperial City is the most.

At the same time, his deity is also true.

.....

At this time, outside the Fox King Hall on the martial arts sect.

"The emperor, there are many battles in the Imperial City!" A fox general reported.

"Is it the other sacred people, even if so many battles are erupting at the same time, what do you want to do?" The emperor of the fox sacred frowns.

In fact, I haven't started to build a prince, so the ten emperors haven't arrived yet, but the emperor will never think that it is the ten emperors and their masters who broke out these battles.

The white prince, the white prince next to the emperor, felt a little strange. He said: "Father, I feel that this time is not the same."

"Oh, unless the old guys from the surrounding sacred ancestors came, otherwise these troubles will die! Fox, you will solve it!"

The emperor snorted.

Immediately, there is a black shadow falling.

This person is one of the three great six robes of the fox sacred priest, responsible for protecting the crown prince Bailong.

"Yes!"

This fox screamed, and then quickly swept out, not only that, but many generals were present.

However, their footsteps have stopped one after another because they saw a group of dense black shadows appear.

The masters of the ten emperors have first made some movements, and then they have gathered into a strong group, and they have pressed toward the Fox Temple.

And Ye Xuan, already mixed in.

After the emperor saw the ten people in the lead, he was shocked. Isn't this his son?

"You, what are you going to do?"

The emperor's face became pale and angered.

The officials around are also shocked. Is this going to launch a coup?

At this time, the second emperor suddenly came out and said: "Father, you are too big brother, you know, what did he do?"

"What did he do?" the emperor asked subconsciously.

"He wants to put us to death!"

The second emperor shouted.

When the words came out, everyone in the room was shocked. The Crown Prince wanted to kill his ten brothers?

There were still people who were skeptical at first, but he also hesitated to see two or three emperors with good relations with the Crown Prince.

If it is a two-prince, it will certainly be suspected, but now it is a bit strange to gather ten emperors.

"White Dragon, what are they talking about?" The emperor turned to look at the white dragon of the Crown Prince and said in a questioning tone.

"Father, this is impossible. I am already a crown prince. Why do I have to harm them?"

Bai Long was also shocked. Today is the day when he was a prince. However, he encountered a frame of ten brothers. What is going on?

When everyone listens, there is some truth.

He is already a crown prince, and he will be the emperor in the future. If things happen before the prince, he will be able to say it.

However, everyone thought that the Crown Prince might have been abandoned, or that these things happened before the Prince.

"I will investigate this matter."

The emperor apparently believed in the words of the ten emperors.

Unexpectedly, the second emperor was not prepared to stop here, he directly shouted:

"Father, offended, up, kneeling white dragon!"

At that time, the group of masters behind him rushed over, and Ye Xuan's deity and avatar were mixed.

Ye Xuan's deity is exactly the same as the length of the body, but no one noticed this at this time.

"No, stop them!"

The emperor was shocked. The whole fox sacred sacred to him was the biggest. Today his words were ignored by the ten emperors. This is the first time I saw it.

Among the camps of the ten emperors, there are still three masters of the Supreme Five Peaks. Although these people are not charmed, they only obey their own masters.

The three of them joined forces and attacked Bailong.

"presumptuous!"

The fox screamed and stopped in front of the white dragon.

But at this moment, Ye Xuan, who is hidden in the crowd, suddenly stunned at the fox.

"The Eye of Burning!"

Not only that, but Ye Xuan's avatar is directly sweeping through other people and began to use the eyes of the ban.

The power of the illusion of the eye is only a little more than the eye of the insight, and continuous use is not a problem.

"what happened?"

Sudly, there was a sudden pain in his heart, which made him wonder.

However, he is also one of the three great six sects of the sorcerer's sacred sect. The strength is extremely powerful. Even if it is reluctant, it is not comparable to the three sacred peaks.

Hundreds of people swooped down, and this trend also scared away many officials. Although the strength of these officials is good, the civil servants are also the Supreme Three Supreme Four, and only some military commanders rushed up.

"Miscellaneous stuff!"

The emperor roared, he did not expect the ten emperors to go directly, not only that, but now it has caused casualties.

This is really fun!

"They are rebelling and killing!"

The emperor immediately ordered it.

A big fight broke out!

Ye Xuan, who is mixed in the crowd, has always been locked in the crown prince. The bodyguards of the latter have been entangled in three peaks.

The Supreme Five Peaks is considered to be the peak fighting power in the fox sacred dynasty, so Fox has no killer.

At the same time, the princes of this time seem to be very common, so there are not many experts present.

After seeing the situation, the emperor also waved his sleeves. Now, he has to be hands-on.

"Miscellaneous things, you are looking for death!"

The emperor screamed, and a majestic momentum was released, instantly shocking several people and then killing the two emperors.

"good chance!"

Ye Xuan, who is hidden in the crowd, his eyes suddenly brighten. The next moment, his deity and avatar are directly rushing toward Bailong.

Chapter 875: Battle against White Dragon!

"Broken!"

Two snipers smashed away and slammed into the white dragon.

At the same time, Ye Xuan's deity and avatar are the eyes of burning and the eyes of the ban.

However, Bai Long refines the charm and crystal, and is extremely powerful in the spirit. The burning eye hurts his heart more than the fox in the early stage of the Supreme Six.

"Dare to move me, find death!"

At this time, suddenly a beautiful woman killed, actually the queen, that is, the mother of Bailong.

What makes Ye Xuan strange is that she is also the supreme peak.

However, Ye Xuan has already raised the sword's meaning to 55%. His attack can be hurt even by the six robbers, not to mention a supreme peak.

"Hey!"

The Queen failed to block the attack of Ye Xuan, and was directly bombarded.

"Mother!"

Bai Long's eyes widened and he watched his mother fly out, and immediately became angry.

However, only when he attacked him, in addition to his avatar, he also had the deity of Ye Xuan.

"boom!"

Bai Long quickly took out a sword and defeated Ye Xuan's attack, and his sword was also 55% and the attack power was not weaker than Ye Xuan.

"I see you can block it a few times!"

Ye Xuan's deity and avatar are crazy, and Ye Xuan is also showing the burning eyes to the queen.

"you wanna die!"

Bai Long angered and smashed toward Ye Xuan.

This time, Ye Xuan really underestimated the strength of the fox sacred sect. Now, in this case, he seems to be somewhat powerless. If the third slain of the fox sacred appears, he may have to run.

At that time, Ye Xuan is playing against Bai Long.

At the same time, he was also distracted to use the burning eye, burning the blame and the Queen's heart.

Although the Queen is the Supreme Five Peaks, she does not have the charm of Jingjing, so Ye Xuan's burning eyes hurt her to live.

"Bas, what have you done?"

Bai Long angered.

Ye Xuan did not answer, but attacked with all strength.

After three burning eyes, the Queen's willpower is very weak, and it is easy to be controlled by Ye Xuan.

Of course, before controlling the Queen, Ye Xuan liberated a prince, and this prince was just flying by his father.

But what has to be said is that Bai Long's strength is very strong, and Ye Xuan's deity and avatar teamed up, only to be able to level with him.

The strength of this white dragon, I am afraid, can also fight with the six robbers.

At this time, the emperor suddenly noticed this place.

"No, the emperor has killed it. You must take this white dragon as soon as possible."

Ye Xuan's heart trembled, but at this time, the Queen had already recovered a little combat power.

"Huh!"

Suddenly a sound broke, Bai Long hit a spirit, because this sound broke from behind him.

"Hey!"

The queen slammed on the back of Bai Long, the latter was shocked. He did not expect to be attacked by his mother. What is the matter?

However, he understands that this must be the ghost of Ye Xuan.

"good chance!"

Ye Xuan's avatar flashed, and a void door opened just in front of Bai Long.

When Bai Long flew out, he was also filled with a sword by Ye Xuan. The whole person directly entered the door of the void. At the same time, Ye Xuan's avatar was also swept in, and then the door of the void was closed. .

This empty door can be transmitted far away, but it is a few days away from the emperor.

"Get it!"

Ye Xuan's deity was flashing, and he quickly took the Queen's ring.

"Mixed things, where did you get him?" The emperor just saw the white dragon disappearing, and immediately violently drunk.

Hundreds of years ago, the charm of the crystal was smashed by the fox king, and the other half was now in the white dragon body. However, the white dragon disappeared in front of his eyes. As a country's lord, how can he calm down? ?

"Huh!"

When the voice fell, the emperor slammed a punch at Ye Xuan. This punch contained 60% of the boxing and was enough to blow anyone present.

However, Ye Xuan has been prepared.

"boom!"

This fist was suddenly blocked by a person, this person is the queen who has just been controlled by Ye Xuan.

"what?"

The emperor stunned, and he punched his wife's abdomen with a punch, blood floating, like a fog.

"Goodbye!"

The deity of Ye Xuan once again broke through the door of a void and drilled in. The door to the void immediately disappeared.

Now this mess is handed over to the emperor to deal with it.

Although it is said that the secret of controlling people is exposed, it is only in this way that it can keep the Silver Wing City. After all, the fake body that has been dropped has been killed by a prince controlled by Ye Xuan.

The battle in the Imperial City is still going on, and Ye Xuan is in a deserted mountain range that is a few days away from the Emperor.

Bai Long found himself in a strange place, and there were only two people who looked exactly the same.

"Who are you?" Bai Long frowned.

Ye Xuan's means also scared him. His first reaction here was the illusion. After all, he was already in a illusion.

However, this time, he left the Imperial Capital in truth, because he has the confidence to quickly break the general illusion, but now it has been two or three seconds.

"Who I am not important, you only need to know, I need the charm of my body!" Ye Xuan's deity replied.

"Is you framed me and let my brothers initiate a coup?" Bai Long asked again.

"What about it?"

Ye Xuan smiled slightly.

Although he is sure to take Bailong, but in order to prevent it, it is still impossible to release the fall. After all, if the white dragon escapes, the Silverwing City owner will be in trouble.

"What did you do to my mother?"

Bai Long is still asking inexplicably.

"You don't need to know this. Now I will give you a chance to take out the charm and crystallize yourself. Otherwise, let me move my hands. You probably won't have a chance to live!"

Ye Xuan said coldly.

"I don't want to talk about it, let's take it down first, then slowly ask!"

Bai Long also said that it was hands-on. At the same time, he only thought that Ye Xuan was a twin.

"call out!"

Han Mang flashed, but it was instantly defeated by Ye Xuan's deity and avatar, the same is 50% and half sword, Ye Xuan is not afraid of him.

"The young master is cheering, my charm and crystallization will see you."

The sound of the fall sounded in Ye Xuan's mind.

"No problem, the young master must get it for you!"

Ye Xuan vowed to say.

This white dragon refining half of the charm and crystal, the spirit is powerful, the effect of burning the eye is probably only one-third of him, not to mention the eye of control.

Therefore, only hard come!

"Boom!" "Boom!" "Boom!"

Ye Xuan's deity and avatar attacked him. He took advantage of the number of people. He was equal to the opponent in the attack, and with all kinds of blood, the other party will lose.

Chapter 876: The blood of the beast is changed again!

"Damn, the realm is lower than me, the sword is also 55%, why are their attacks equal to me?"

Bai Long can't figure it out.

Not only that, but the picture in front of him will change from time to time, which is the illusion. Fortunately, his willpower is almost instantaneous, breaking the illusion.

However, although the effect of the burning eye is reduced, it still has an effect on him.

"The deity and the avatar don't share the power, see if I don't kill you?"

Ye Xuan was cold in his heart.

His deity and enthusiasm can be different. If it is a fit, the power will overlap with each other. Of course, it can't exceed the maximum value of Philip.

Originally facing the two strengths and their own similar Ye Xuan, Bai Long was a bit overwhelmed. Now Ye Xuan constantly weakens his will with the burning eyes, so that his combat effectiveness is declining.

The combat power of the two Ye Xuan is not reduced at all, and is still at its peak.

Over time, the gap opened.

After playing hundreds of rounds, Ye Xuan's deity squatted on the white dragon and suddenly broke his supreme golden body.

Bai Long is the crown prince. In his realm, no one's supreme body is stronger than him. Even Ye Xuan, who has changed to 50% of the sword, can only hurt him.

However, with a few more minor injuries, it was a big injury.

"It's time to give you a fatal blow!"

Ye Xuan eyes a glimpse, the next moment, he is a fit with the body.

Fighting power, instantly doubled up.

"what?"

Bai Long was shocked. How can two people synthesize one? Is it a fake body?

He began to wonder if he was losing too much power and was once again in a illusion.

"White Dragon, die!"

Ye Xuan screamed and slammed out.

"call out!"

"boom!"

This sword, squatting on the body of Bai Long, broke his chest apart.

"Young master, I feel the charm of the enchanting crystal, just in his chest!" suddenly said.

"Well, the young master will take it out for you!"

Ye Xuan sipped, the whole person was like a lightning flashing toward Bai Long. On the way, he was even divided into two, and he was restrained by Bai Long. The deity reached into the chest of Bai Long.

"Do not!"

Bai Long angered, but his current combat power is not seven, it is not Ye Xuan's opponent.

"puff!"

Ye Xuan's left hand directly reached the white dragon's wound, grabbed a hard thing, and then licked it.

Charm and crystal!

The charm and the crystal have been refining and whitening, and now the charm and crystal are forcibly taken out, the white dragon is badly hurt, and the realm instantly falls.

Extreme Five Peaks!

Supreme fifth mid!

Finally, it stopped at the beginning of the Supreme Five.

Connected to three realms!

"Do not....."

Bai Long couldn't believe this scene in front of him. He was forced to take out the charm and crystallize him. He is now a \*\*\*\* in front of Ye Xuan.

Ye Xuan will not let go of this opportunity, and look at it again.

"The eye of control!"

"Hey, take control of success!"

The white dragon that lost its charm and crystallizes is indeed a slag, and it is easily controlled by Ye Xuan.

"Yeah, you have done it, let me go out." The mood was so excited that it could not be calmed down.

At the moment, Ye Xuan will release the fall, and then clean the blood in his hand, and hand over the remaining half of the charm.

Falling down and quickly throwing the charm into the mouth, although this is dug out from the chest of Bailong, but what is it?

Half of the charm of the crystal, so that the speed of cultivation has increased a lot, if the two and a half merge, the speed of cultivation will definitely catch up.

"the host!"

At this time, the white dragon that fell in the realm will take the initiative to offer its own.

He is also very miserable. Refining and enchanting and mingling has not been released for two months. Ye Xuan has taken it away. The realm has also fallen to the beginning of the Supreme Five.

However, this is the reality.

Ye Xuan silently took over the look of Qiankun, and there were a lot of things inside, but it was not enough for him to break through to the Supreme Five Peaks.

"It is estimated that the Imperial City is still playing, but the royal family has six sacred supremes, and those princes are expected to be cleaned up soon."

Ye Xuan thought about it.

His original purpose was to get the remaining half of the charm and crystallize, and if possible, overthrow the entire political ruling and become the emperor himself.

Unfortunately, he underestimated the strength of the royal family. If Bailong, the emperor and the emperor joined forces to attack, he still had to flee.

Fortunately, he brought the white dragon here, even if the emperor had ten legs, he could not catch it.

At the beginning of refining and refining the other half of the charm, Ye Xuan also felt that her breath had changed.

"If the refining is successful, the two and a half charms will merge and merge, and her cultivation speed should be doubled. At that time, the charm ability can be greatly improved!"

Ye Xuan thought in his heart, and he kept quietly beside the falling body.

The last half of the refining and refining of the charm of the crystal, spent half an hour, this time the refining speed is particularly fast, only took less than a minute.

However, she did not wake up because of this, still in a strange state.

After half an hour passed, Ye Xuan saw that she didn't wake up and was very surprised.

"What happened? Refining the other half of the charm of the crystal should not take so long, what happened?"

Ye Xuan is very surprised.

at this time.

"Hey, the blood of the beast is changing, and all the advanced routes are improved!"

When this system prompt sounded in Ye Xuan's mind, Ye Xuan's whole person also played a spirit, and almost did not scare him to death.

The blood of the beast god, has it changed again?

He quickly looked at it and found that the advanced routes of the blood of the beasts rose again. His agile advancement has reached seven, which means that the blood of the beast can increase the speed of 70%.

"The blood of the fall is really unusual!"

Ye Xuan came to this conclusion.

"boom!"

Suddenly, there was a strong breath in the falling body, and Ye Xuan was born to the earthquake.

"puff!"

Ye Xuan's ribs were shaken and a blood spurted out.

But the worst thing was that the crown prince Bailong, who was shocked by this impact, shattered his head and died in an instant.

Ye Xuan was shocked. Fortunately, he responded quickly, otherwise he would be miserable.

The reason why the white dragon was shocked to death was because his realm fell, and the intensity of the supreme golden body also decreased.

When Ye Xuan was different, the body that had fallen was also changed.

"What, golden hair?"

Ye Xuan brows a pick, he saw the white hair falling, suddenly a few hairs are golden, and some blond hair grows in the ears and tail.

Not only that, but the tail is directly divided into three, three tails.

Chapter 877: Continuous robbery!

"What is the blood of the fall?"

Ye Xuan also couldn't understand, and a good white fox that had fallen down had a golden hair, which really affected the appearance.

However, the two changes in the blood of the beast and \*\*\*\* are really beyond his expectations.

30% of the pet's growth rate, 30% of the pet's full attribute bonus, which can make the fall become a member of Ye Xuan's super general.

At this point, the change of the fall has not been completed.

“What, the breath starts to increase quickly?”

Ye Xuan hurried back.

It is only the peak of the Supreme Four Peaks that can't be robbed. In the blink of an eye, she is promoted to the point where she can take five heavy robes.

Ye Xuan looked up and found that the top of the fallen head had begun to condense the thunder.

Five heavy robes!

Ye Xuan did not know what to do. The fall has not yet woken up. It is in a wonderful state. If the five-fold supreme robbery is down, what if it fails to meet?

Now Ye Xuan can be shot to stop, after all, this five-fold supreme robbery is extremely easy for him.

If you stop falling, you will fall back, but there will be no danger to your life.

"There is a change in the fall. This five-fold sacred robbery may be inevitable. I can't interrupt it..."

After thinking about it in Ye Xuan's heart, I thought it would be a good idea to look at it first. The first robbery of the five-fold sacred robbery is not strong, and the fall should be able to pick it up.

He first looked at the situation. If there was no situation in which he could not pick up the robbery, he would stop the robbery.

"Boom!"

In his thoughts, the first robbery was finally smashed down, the top of the head.

However, the brows in the wonderful state did not wrinkle, which made Ye Xuan relieved.

"Boom!"

The second supreme robbery fell, and there was still no movement and stability.

Ye Xuan looked at it so quietly.

Soon, the third and fourth robbery fell.

The power of the fourth robbery is enough to kill an ordinary four-robbery peak. If there is no strong supreme body, it is impossible to pass the five-fold sacred robbery.

Ye Xuan saw no response and no longer stopped.

"Boom!"

Finally, the fifth robbery was condensed and slammed down.

At the same time, the atmosphere of the fall suddenly skyrocketed.

The beginning of the Supreme Five!

"Call, finally passed!"

Ye Xuan breathed a sigh of relief.

However, the atmosphere of the fall continued to strengthen, and in less than half a minute, it was upgraded to the middle of the Supreme Five, which is comparable to Ye Xuan.

"Supreme five mid-term?"

Ye Xuan turned a blind eye, half a minute before the fall is still crossing the five heavy to the robbery, but after half a minute, the fall broke through to the middle of the fifth.

The most important thing is to continue!

"The Supreme Five Peaks!"

After feeling the stronger atmosphere than himself, Ye Xuan is about to cry out. He has finally been promoted to the middle of the Supreme Five, and once it has changed, it has already reached the peak of the Supreme Five.

Soon, the breath of the fall is the limit of the Supreme Five Peaks. In the sky, it has begun to condense the thunder.

Six heavy to the robbery!

Ye Xuan is already scared of urine. He has just passed through the five-fold looting, and has also received six heavy robes. Is this going against the sky?

"Boom!"

The first robbery of the Sixth Supreme Robbery collapsed.

This six-fold sacred robbery is no longer blocked by Ye Xuan. He is afraid that he will resist one or two at most. The third robbery may be able to smash him.

Now, he can only hope that the fallen body will be strong and able to completely overcome the six heavy robes.

However, his fears are superfluous.

The first robbery, the safe fall through, not only that, but the second, third, and fourth roads are the same.

At this time, it is already the fifth robbery.

The power of this robbery will surely make Ye Xuan's soul fly away.

"Boom!"

The robbers smashed down, and they fell silently, and they passed through!

"It seems that the fall is a steady six-role!"

Ye Xuan thought about it.

In this situation, he can't intervene. If the fall of the robbery fails, even he can't do anything.

However, once the fall of the robbery is successful, then she is the six robbery supreme.

At that time, in the sacred sacred dynasty, will anyone be her opponent?

Ye Xuan looked quietly, and soon, the sixth supreme robbery was dropped.

Bang!

The robbers thundered on the little head that fell, but what shocked Ye Xuan was that the falling brows still didn't wrinkle.

Six robbers supreme!

"The trough is all over, and the breath is still growing!"

Ye Xuan has already admired the five-body investment, and it is difficult to achieve it.

However, he thought more, the success of the robbery after the robbery, the breath growth was somewhat slow, and finally stayed in the early stages of the Supreme Six, but only half of the middle of the Supreme Six.

At this time, the fall finally opened his eyes.

"Young Master..."

Falling and snoring, you can show a sense of femininity in your manners. If Ye Xuan's mind is firm, I am afraid it will be ticked away.

"Let's fall, you finally woke up, what happened to that?" Ye Xuan hurriedly asked.

"I don't know and figure out. After I refining the half of the charm and mingling, I suddenly fell into a strange state. It should be the reason of the blood. I also opened some inheritance memories..."

Falling is also shaking her head. The next moment, her eyes are bright, exclaiming: "Young master, take me back to the emperor, I want to kill the Quartet!"

"Cough, you have just succeeded in robbing, the claws have not improved, do you have to deal with a six-role supreme?" Ye Xuan frowned.

"Who said, my claws have already been 60%, and my current strength is enough to clean up the three six robbers supreme." Falling down suddenly the case is chest-high, a serious look.

After listening to Ye Xuan, she was surprised and asked: "Really?"

"of course!"

The answer replied solemnly.

Ye Xuan looked at her little face and sipped her voice: "Well, if that is the case, then you will charm the emperor of the fox sage!"

"no problem!"

When the voice fell, Ye Xuan's avatar also used the eye of the void again, and then the deity took the fall and crossed the past.

At this time, it has been more than half an hour since the rebellion of the ten emperors. I am afraid that the ten emperors have been arrested. Not only that, but the queen is probably the same.

However, since the fall is so confident, Ye Xuan has observed it in the past and has fallen into the real combat power.

The next moment, Ye Xuan and Falling appeared in the Imperial Capital.

The eye of the void can be positioned two, one is the place where the white dragon fell, and the other one, Ye Xuan is positioned outside the emperor.

"go!"

Ye Xuan sipped a low sentence and rushed into the Imperial Capital directly with the fall.

Chapter 878: Falling strength

Do not!

Can not say that Ye Xuan with the fall, but with the fall leaves with Ye Xuan.

At the beginning of the Supreme Six, the speed is at least three times that of Ye Xuan. In the eyes of Ye Xuan, it is a snail whose speed is slow to burst.

Soon, they rushed into the Imperial City.

When such a thing happened, the Imperial City had already been blocked, and the defensive formation was also opened.

"Hey, a defensive array."

Raised his hand and smiled, then went down with a paw.

"Hey!"

The defensive array was instantly broken through a big hole.

Ye Xuan swallowed the swallow, and the attack power of this girl was at least ten times that of him. A paw could catch him.

The defensive array was broken, and Ye Xuan and the fall quickly swept in. The general who guarded the imperial city gate was shocked, but it was instantly killed by a paw.

Ye Xuan quickly passed and took his ring.

Today, the fox sacred dynasty is going to change.

At the moment, Ye Xuan and Fall are killing the Temple of the Fox, which is also the place where fighting took place half an hour ago.

At this moment, although Ye Xuan did not see the horror of the corpse, but the blood flowed into the river, the body should have been collected.

"Bold, dare to fly in the Imperial City?"

At this moment, suddenly one person swept over and was a general.

At the general level, at least the middle of the Supreme Five, but such a realm, even Ye Xuan can kill, let alone fall?

In the meantime, this general was also directly degraded, and his head was instantly smashed by Ye Xuan.

"When we take down the sacred sacred sect, let me be the emperor!" Falling a smug look.

If she marries the Crown Prince, she is the prince, but she is not a rare prince, it is better to be a princess.

The atmosphere of the six robbers was quickly captured by the emperor.

"Who is here?"

The emperor of the Fox-like dynasty swept out of the Temple of the Fox.

When he saw that the person who came here was Ye Xuan and fell behind, the whole person was also trembled, only then, was Ye Xuan taking Bailong away?

"It's you?"

The emperor's gaze locked Ye Xuan, but the next moment, he just felt that something was wrong, because it revealed that the six robbers of supreme atmosphere, not Ye Xuan, but the little girl next to Ye Xuan.

"White Dragon is dead, Charm and Jingjing have been taken out by me. Now I will give you a chance to surrender to me. I will keep you from being white!"

Ye Xuan took two steps, and the voice was almost spread throughout the Imperial City.

"Still!"

The emperor roared, his white family is the family of the founding of the country, the white family ancestor is the founding emperor of the fox sage, and now, the charm of the crystal is all in the hands of outsiders.

This is not the point. The point is that others have only come two, and they want to serve them in white. How is this possible?

"Fox, let me kill them together!"

The emperor sipped a low voice, and the fox king's temple was plucked out of a figure. It was the white dragon's bodyguard fox, one of the three sacred sacred sacred sacred sects.

"Oh, don't know how to lift."

The coldness of the fall, the pair of smart eyes suddenly turned pink.

Charm!

Refined and transformed the entire charm of the crystal, the charm is powerful.

The people of the original fox family were naturally resistant to mental attacks, but under the power of enchantment and crystallization, the resistance was almost zero.

Suddenly, the emperor of the fox sage was a figure, and the eyes began to turn pink. This is not the charm of the Emperor of the Fox, but he was charmed.

"No, you are looking for death!"

Fox face changed greatly and quickly smashed to the past. He is also a person of the Humei people. Understand that as long as the enchantment is killed, the enchanted person will be liberated.

It is a pity that his strength is still in the face of falling, still can not afford the big waves.

When the scorpion's eyes became pink, when the body shape stopped, Ye Xuan was scared. This is the effect of charm and crystal.

Refining and refining the charm of the crystal, the charm of the ability is greatly enhanced, even the emperor of the Fox Meisheng is instantly charmed.

"Oh, success!"

She fell and clapped her hands. Now she is also very proud. After all, even the emperor of the fox sage has been charmed by her. As long as she has a thought, then the emperor and fox will kill her neck.

"Very good, your father is the emperor in the future, the whole Fox Meisheng is your home." Ye Xuan also said with a smile.

To be honest, he signed the blood stipulation of the master and servant with the land, and it was the great fortune.

Originally, he thought that someone would be able to keep up with his footsteps and sway with him, but did not expect the swallowing system to upgrade too fast, and those people could only look at his back and shake his head.

Now, finally, there is a person who is worse than him. This person is falling.

at this time.

"Hey, there are two powerful breaths coming, one in the early six, and the other in the middle of the Supreme Six!" The face suddenly fell a little more.

After Ye Xuan heard it, he was also shocked.

Supreme sixth mid-term?

Where is it?

Before he learned from the mouth of the Second Emperor, the entire emperor was only three of the six robbers, and they were all in the early stages of the Supreme Six.

So who is this extra mid-September?

"Don't be afraid of the young master, isn't it the middle of the Supreme Sixth?" Falling and clenching the small powder punch, he vowed to say, disdainful.

Although she said so, but Ye Xuan is still a little nervous, after all, the other party is the middle of the Supreme Sixth, perhaps from the high-level dynasty, the strength is certainly not the same.

Ye Xuan and Luo are standing quietly here. At this time, many people have already come out.

Half an hour ago, there was a coup, but now there are people who threaten to destroy the royal family. The master of the town will naturally come out.

Soon, two people were reflected in Ye Xuan and the eyes of the fall.

One man and one woman, one old man, one old man.

"The old man, it seems to be the middle of the Supreme Six!" Ye Xuan can feel the breath of the other party, very strong, after all, a higher realm than him.

"who are you?"

The old man asked.

Ye Xuan understands that this person is the last emperor, that is, the grandfather of Bailong, the emperor of the fox sage.

As for the old man, he is not clear.

In the face of this problem, there is no nonsense in the fall, and it is directly fascinating to the old man.

"Be careful!"

The old man hurriedly put the old man's eyes on it. The charm and the eye of control are all needed through the eyes. As long as you close your eyes, you will not be enchanted.

"Humph."

Cold and screaming, and locked his eyes on the old man.

Charm!

"The charm of the district, I want to succeed to me?" The old light flashed, and the pale hair suddenly began to float.

Charm, it is useless to her.

"How come, just a bad world, how can it not work?"

The fall was very surprised and exclaimed.

Chapter 879: Yin Yin Palace

"The practice of my yin dynasty cultivation is to major in spiritual martial arts. Do you want to charm me?"

The Yin Palace!

When these two words fell into the ears of Ye Xuan, they also surprised them.

This old man is not a person of the sacred sacred sect. It should come from a high-level sacred pilgrimage, and it should also be a human sacred dynasty, because this old man is a human being, not a fox.

"You old lady, dare to marry me, find death!"

It was very angry and fell straight out.

"Taro, see that I don't strip your skin!" The old man was also angry, and he pulled out a long whip and pumped it toward the landing.

Now, this level of combat is no longer what Ye Xuan can intervene.

However, in order to fall safe, Ye Xuan still used a burning eye against the old man, but unexpectedly, the old man had nothing at all, and even his brow did not wrinkle.

"This yin dynasty, practicing spiritual martial arts, directly attacking the mind, such as illusion, etc., so resisted my burning eyes..."

Ye Xuan thought in his heart.

Of course, the biggest reason is because he is only the middle of the fifth period, and he is three lower than the old man.

"You two, give me the ring!"

Ye Xuan said to the emperor of the fox sage and the fox.

The two men have already been charmed, so they also listened to Ye Xuan's order and directly threw the Qiankun ring to Ye Xuan.

"Kid, you are looking for death!"

At this time, the Emperor Taishang suddenly screamed and smashed toward Ye Xuan.

Falling, he can't beat, can't he still beat Ye Xuan?

"Humph!"

Ye Xuan caught two Qiankun Rings.

"Hey, the host breaks through, and it's the top of the five robbers!"

As the realm improved, the breath suddenly rose.

At the moment, Ye Xuan is turning his head.

"The Eye of Burning!"

In addition to the natural resistance of the Humei people, this is not a martial art of spirituality, so it is impossible to resist this burning eye.

"You two don't shoot, I come!"

Ye Xuan said to the Emperor of the Fox and the fox.

At that time, he was fighting with the Taishang Emperor. The latter was also an old antique who had been practicing for decades. His mood was extremely high and he was able to hold a burning eye.

"I don't believe you can hold it indefinitely!"

Ye Xuan blinked and used the burning eye again.

When the second burning eye burned the soul, Tai Shang Huang could not help but scream, but under the hand did not stop, constantly attacking Ye Xuan.

Sixty percent of the claws are half as high as Ye Xuan's 50%.

However, Ye Xuan has already broken through to the Supreme Five Peaks at this time. How can he be afraid of the increase in blood?

You must know that the blood of the beast \*\*\*\* has changed once again!

"Boom!" "Boom!" "Boom!"

The two began to fight against each other, and the attack power was evenly balanced.

During the battle with the Emperor, Ye Xuan was also distracted, but his fears were superfluous, and another battlefield turned out to be an advantage.

"Kid, dare to distract, die!"

The Emperor Taishang suddenly condensed a huge claw and grabbed it from the sky. However, Ye Xuan had already learned everything and took the lead in avoiding it.

At this time, it is in the sky, so his agile advance is useless. It is a bit tricky to deal with this too.

However, as long as he thinks, it is entirely possible for the emperor and the fox to join the battle. When the time is three to one, this is too imperial to die!

But he won't do this. This is too much for the Emperor, and it is a six-role supreme.

at this time.

"Old monster, I don't play with you, goodbye!"

Suddenly, the sound fell into the ears of Ye Xuan and Tai Shang Huang, so that they could not help but linger.

"call out!"

They only saw the illusion of a golden fox behind the falling, and then the cold mang flashed, the cold white hair of the old man's body, the next moment, the white-haired old man's head was caught flying.

Ye Xuan was shocked.

One trick, killing the white hair old man in the middle of the Supreme Six!

"Hey!"

After the Emperor Taishang saw this scene, the whole person was stupid. He knew the identity of the white-haired old man, but it was the master of the senior dynasty.

However, it was actually killed by a girl who was only 15 years old. Is this still a person?

At this time, the fall suddenly turned to look at the emperor.

"not good!"

Taishang's face changed dramatically, but it was too late, and the pupil was turned pink, and he was charmed.

"Get it!"

Falling a small hand and shouting cheerfully.

The charm of the three six robbery supreme, killing a mid-September six, this record, is already making Ye Xuan unpredictable.

"In the future, this girl took me to force me to fly..."

Ye Xuan sighed.

"Young master, give..."

The fall came over and handed the old 姬 戒 戒 to Ye Xuan.

"Yes, these things are enough for me to reach the limit of the Supreme Five, and I will take the six heavy robes!"

Ye Xuan did not be tempted, and directly poured a brain into the swallowing space.

"Hey, the host's success rate is 80%!"

The system prompts.

If compared with other people, Ye Xuan's Supreme Golden Body is OK, but compared with the Crown Prince Bai Long, his Supreme Golden Body is not enough.

However, only what he has swallowed is just some things in cultivation. Those treasures that can enhance the supreme gold body are naturally to be swallowed up.

"Hey, the success rate of the host's robbery is 100%. Is it a robbery?"

The system's tone sounds again.

"Yes!"

Ye Xuan should have a sentence.

The next moment, on top of his head is the beginning of condensation.

The officials of the Foxes who came out to watch were also shocked. Ye Xuan and Luo Yu jointly launched a coup, and also killed people. Now they are actually robbing in the Imperial City.

However, they also understand that the fox sacred dynasty is to change the dynasty, and the three emperors are still shouting and killing, but now they are standing there quietly, without any action, which is obviously enchanted.

The king is defeated. This reason they understand that as long as they don't die, the new emperor will not kill them. They will continue to go to them, but they will only change the emperor.

"Boom!"

Hundreds of people watched Ye Xuan to rob, while the fall was guarded by the side.

Of course, even if it didn't fall, Ye Xuan was not afraid of being disturbed. After all, his success rate of robbery reached 100%, which means that robbery is not hurting his supreme body.

Soon, the six-way supreme robbery was all finished, and Ye Xuan also heard the system's prompt tone.

"Hey, the success of the robbery, the current six-royal supreme!"

Cross the six heavy to the robbery, success!

Now, Ye Xuan is in the same level as Fall.

This scene fell in the eyes of other people, but also scared them pale, to know, even if the emperor was robbed in the same year, was also seriously injured by the sixth robbery.

Chapter 880: Reproduce the swallowing beast

"Young Master, now that I have controlled the Foxes, I am going to inform you."

When I saw the success of Ye Xuan's successful robbery, I also said in a hurry.

"I know that the avatar has gone." Ye Xuan nodded silently.

To do things, I have to leave a path for myself. His avatar has not come back this time. If he loses, he can hide the fall in the pet space.

Fortunately, however, the fall did not meet his expectations, not only the three charms of the six sacred supreme, but also the second middle of the six robberies from the high sacred, this strength can scare him.

"Oh, let's go to the Treasury."

Falling down, suddenly turned to look at the emperor three.

"I lead the two masters!"

The emperor hurriedly got together.

The emperor of the fox sage, Bai Yang, above the 10,000 people, did not expect to call Ye Xuan as the master. This kind of scene is rare.

"Why should you both go?"

After the fall, the direct pull of Ye Xuan left, the emperor Bai Yang is leading the way.

The fox sacred dynasty was built for thousands of years and has rich heritage. Ye Xuan is also very much looking forward to how many good things will be there.

Soon, Bai Yang entered the hidden treasury with Ye Xuan and the treasury was located under a palace. The owner of this palace is the place where Emperor Taishang recluse.

"Two masters, please take whatever you like..."

Bai Yang said with a smile.

"nonsense!"

Ye Xuan turned his eyes and said: "Look, do you have these things in the treasury?"

Bai Yang took a look and immediately shook his head: "These are treasured items, I am afraid that only the senior dynasty can be found, but I have seen this kind of texture once."

"what?"

Ye Xuan's brows are picking, and the lines in Bai Yangkou are actually the lines that devour the beast.

So, has Bai Yang ever seen a swallowing beast?

Of course, there may or may not be, just similar.

Even so, Ye Xuan was excited to ask: "Where?"

"In the cultivation of my fox sacred dynasty, not far from the emperor." Bai Yang said.

"Take me immediately!"

Ye Xuan is a little excited.

At the moment, Bai Yang personally took Ye Xuan to the cultivated land. All the cultivated sites were supreme and holy beasts, birds and poultry, and beasts. The fox sacred dynasty was cultivated for war.

According to Bai Yang, the one that swallowed the beast was a black dragon, and the forehead was the mark of the swallowing beast.

This black dragon can't be charmed, and often fights with other supreme sacred beasts. Every time you win, you have to swallow your opponent and improve your strength.

Hearing this, Ye Xuan can almost confirm that this black dragon is a swallowing beast.

Soon, Bai Yang found the devouring beast with Ye Xuan. At the same time, Ye Xuan also discovered a hidden effect of the eye of perception.

"Hey, find the swallowing beast!"

If there is a swallowing beast within the sensing range of the eye of perception, it will sound an alarm. This is a good thing, so if Ye Xuan encounters a swallowing beast, he will not miss it.

"Roar!"

This swallowing beast also noticed Ye Xuan and flew directly toward him.

"The district is supreme and the five peaks, dare to yell in front of me?" Ye Xuan gave a low drink and suddenly came out with a sword.

"Oh!"

The swordsman flashed, and the head of this black dragon was cut and flew.

Ye Xuan hurriedly put away his body.

"Hey, the host swallowed a carnivorous corpse and got a little advanced!"

This kind of prompt tone, Ye Xuan has not heard it for a long time.

"There is finally a little advanced point, first keep it, and then say it when necessary." Ye Xuan eyes a glimpse.

On the previous point, he was used to strengthen the blood of the Tianyan Protoss. Now he has got a little more, and the invisible is also improving his strength.

"Good, you will continue to pay attention to this mark!"

Ye Xuan smashed it again. In fact, when he arrived in each city before, he would subconsciously inquire about the news of swallowing the beast. Unfortunately, the swallowing of the beast was extremely rare, and only one was seen until now.

Then, he and Bai Yang quickly returned to the emperor.

The emperor did not die, he could still handle some things for the time being. As for Ye Xuan and the fall, he was collecting the national treasury.

In the national treasury.

"Young master, it is better for us to empty the national treasury, and it is necessary to improve the strength." He smiled slyly.

"If the treasury is empty, if there is a war, where is the money to fight?" Ye Xuan rolled his eyes.

"makes sense....."

Fall decided to put back some things.

However, there are actually not many things in the treasury. Most of them are in the emperor and the emperor, so they have been swallowed up by Ye Xuan.

Even if the whole treasury stuff was swallowed, Ye Xuan could not break through to the middle of the Supreme Sixth.

After all, if there are so many natural treasures, how can there be only three six-role supremes?

At this time, Ye Xuan's avatar is still rushing to Silverwing City, just as Ye Xuan also took the opportunity to take a closer look at the white-haired old man's ring.

This white-haired old man comes from a high-level sacred dynasty called the Imperial dynasty, belonging to a force called the Yinyin Palace in the Imperial dynasty.

"The majority of the Yinyin Palace is a woman. She is good at mental assault. This white-haired old man came to the fox sacred priest to pick some qualified fox girls to go back and train..."

Ye Xuan thought in his heart.

There are many things in this white-haired old-fashioned ring, but most of them are used to improve mental strength.

The phagocytic system can be immune to charm, but it can't resist illusion. Enhancing mental strength can improve the resistance to mental attacks, so these things, Ye Xuan all choose special engulfing.

As for the martial arts of spiritual strength, Ye Xuan did not learn. Those martial arts were much weaker than the eyes of the illusion and the burning eyes, so they gave up.

However, Ye Xuan discovered something that shocked him in the shackles of the white-haired old man.

This is a bronze token with three words engraved on it.

Burning Yang Temple!

The Yinyin Palace, the Burning Temple?

After seeing this token, Ye Xuan's body trembled.

Will this be related to the yin and yang ancestors?

"Imperial dynasty..."

Ye Xuan eyes a glimpse.

The celestial celestial celestial singer gave him the round jade, and he needed him to be detached from the Supreme to see the information, so Ye Xuan estimated that this yin dynasty and the burning sun temple would not be the power of the yin and yang ancestors, but there may be some connection. .

If this is the case, then he will go to this emperor's holy dynasty!

"The yin dynasty majors in spiritual martial arts, illusion, spiritual attacks, and controllers, etc.. The method of cultivation in the temple is relatively simple, that is, the promotion of the supreme body, the body is a pulse..." Ye Xuan thought .

The Yinyin Palace and the Burning Yang Temple are mutually hostile to each other. Those who see the hostile forces will directly kill them. Hatred has a history of 100 years.
