

Super D. S 881

Chapter 881: Burning temple

Soon, it was two days passed.

When the owner of the Silver Wing heard that his daughter had charmed the emperor, he fell directly from the chair. He knew that he was going to be an emperor, so his feet were unstable and soft like a squid.

In order to save time, Ye Xuan's avatar directly casts the eye of the void, and opens the door of the void to bring him to the Imperial Capital.

"Hey, in the future you will be the emperor of the fox sage, and the three of them will assist you."

After seeing the owner of the Silver Wing, he also jumped cheerfully and took the latter's arm.

Falling is not a surname, but a surname, her father is called Luo Yi.

This time, Ye Xuan was fortunate enough to come to Silverwing City again, and then took over the entire Luoia people.

Since the establishment of the Humei Sect, the royal family has always been a surname, but from today, it is the surname Luo.

Luo Yi is only a four-role supreme, but he always followed the fox and the former emperor Bai Yang, so don't worry about his comfort.

Not only that, but the fall also personally charmed Luo Yi, so that no one can shoot Luo Ya. Of course, the fall will not order Luo Yi to do anything.

Falling into yourself is also a princess's addiction.

.....

About a week later.

"Young Master, now the things of the Fox sacred have been dealt with, where are we going?"

I fell to the residence of Ye Xuan and asked.

The fox sacred dynasty is only an intermediate sacred sect. It has not been able to keep them here, so it is necessary to go to a higher level.

"Let's go to the Imperial dynasty!"

Ye Xuan opened his eyes.

These days he is using the whale swallowing technique to refine the dragon's luck and promote the supreme golden body.

Of course, he is not good enough to take too many dragons. After all, Longyun is very important for the Foxesian dynasty. Longyun is the foundation of a country. If it is less, then the glory of the sacred world will become scarce. Tidibao will also become scarce.

"Imperial sacred dynasty, is the high sacred sacred sacred temple?" asked strangely.

"Well, I am going to investigate some things."

Ye Xuan nodded silently.

Although I don't know if the Yinyin Palace and the Burning Yang Hall are related to the Yin and Yang ancestors, Ye Xuan is also going to go.

"Hey, is it going to investigate the yin and yang ancestors?"

Fallen and asked, she is now almost the closest person around Ye Xuan, so I know that this is nothing.

"Ok."

Ye Xuan should be.

"If this is the case, then we will go to the Burning Temple, and the Yinyin Palace is a spiritual practice. It is more difficult for us to deal with. The Burning Temple is the master of the supreme body, and it is easier to deal with it." Said the big eyes.

In fact, Ye Xuan thinks so.

The Yinyin Palace majored in spiritual practice, and his burning eyes, the eyes of the ban and the eyes of control did not have much effect.

The Burning Hall is the master of the Golden Body, and his sword consciousness is not low. Even if he does not use the eye, he can fight with the other side. If he uses the eye, he can at least fight one level. This is his conservative estimate.

"We will leave tomorrow!"

Ye Xuan decided to stay for another day.

He first called his own avatar, and then renewed the realm of the situation, and then let the avatar first go to the Emperor's dynasty to explore the road.

The Yinyin Palace and the Burning Yang Palace are not in the same position, so Ye Xuan wants to go to the Yinyin Palace, and the deity and the fall are to go to the Burning Temple.

Soon, the next day is coming, and Ye Xuan and Fall are also starting directly.

The Emperor's dynasty is a high-level dynasty, and there is still a distance from the fox sacred dynasty. There are several low-level sects on the way.

For about a week, they passed through these low-level pilgrimages and then arrived at the Imperial dynasty.

In the **** rock continent, humans and aliens can still live in peace, but the thoughts of countries such as the Japanese Yan Dynasty are more pedantic.

In the emperor's sacred dynasty, although there are many people, there are still some aliens. Not only that, but Ye Xuan also heard that there are demon people.

However, these demons are not cursed.

"Young master, what do we do now, go directly to the Burning Temple?" After entering the Imperial dynasty, the fall also asked.

Before they entered, Ye Xuan's avatar had already entered the Imperial dynasty and went to the site of the Yinyin Palace.

"Go directly to the Hall of Burning, the Burning Hall is not weak in the Emperor's dynasty, and it is the master of the golden body, suitable for us to practice." Ye Xuan replied.

"Well, I am also fascinated by this kind of spiritual attack, mainly relying on strength to fight." Nodded.

As early as before, Ye Xuan's avatar asked about the location of the Burning Hall, so now he rushed to the Burning Temple directly with the fall.

The Yinyin Palace and the Burning Yang Temple are not weak. It is said that there are nine robbers sitting in the middle of the town. The white-haired old man who was killed by the day was only a deacon of the Yinyin Palace.

A foreign minister has the strength of the mid-sixth mid-term, which is enough to illustrate the strength of the Yinyin Palace.

The qualifications and strength of the disciples under the two major forces are not weak. The Supreme Six is still quite common there. Ye Xuan and the past are only ordinary.

They spent a few days and finally arrived at the jurisdiction of the Burning House. Even more so, the Burning Temple was just collecting disciples.

"Young Master, the Burning Temple is just waiting for the disciples, do we want to go?" said the falling arm holding Ye Xuan's arm.

At this moment, they entered a city under the burning sun.

"Go and see, you don't have to join!"

Ye Xuan said.

They just come to investigate, not necessarily to join, of course, if you join the Burning House, the investigation will be relatively simple.

The Burning Yang Temple is extremely powerful. Every month, it recruits disciples and foreign disciples. If the requirements are met, they can be accepted as outside disciples.

Ye Xuan and the two of them went to the Hall of Burning in the city, but they were already crowded with people. At least there were hundreds of people.

"Almost all of the four robberies and the five robberies are supreme, and the six robbers are less."

Ye Xuan took a look at the eye of the insight, and came to some younger people. However, the ages of the six robbers were estimated to be around twenty years old.

"Oh, it's a high-level sacred priest. It's just that a small town has so many geniuses." Falling can't help but say.

"You are only fourteen years old, it is already a six-robbery supreme. It is not a problem to enter the inner door. I guess I can only enter the outer door." Ye Xuan whispered.

The two of them started to line up. Although their strength is strong, they still have to follow the rules.

As time passed, Ye Xuan and the people who fell in front of the decline were reduced, but the team did not shorten, but it was getting longer.

Just when Ye Xuan was about to turn, suddenly two people were directly inserted into the team in front of Ye Xuan.

"Hey, can you understand the rules?"

Shouted subconsciously.

Ye Xuan is also a brow, and some people dare to insert their team.

Chapter 882: spy?

The two queues are tall and short, and the height is one meter eight, but the short one is probably not even one meter five. Their strength is not weak, they are the beginning of the six robbers.

After hearing the words of the fall, the two men turned back in anger.

"Little girl, we cut the team off your ass, shut me up." The tall young man yelled.

The short young man also turned his head. After discovering the fluffy tail that merged into a piece, his eyes were bright: "Younger brother, someone is a little sister, and the attitude is better."

When he finished, he went straight to the side of the body and smiled with a wretched smile: "Little fox, are you alone?"

"Go back and line up, or you will!"

Falling down and drinking a little, she hates this kind of mouth flower, perhaps influenced by Ye Xuan, after all, Ye Xuan has always been an honest and handsome image in her heart.

"Oh, the little fox has a big temper."

The short young man smiled and smiled, reaching out to touch the white face, but in the next moment, his heart was raised with an unprecedented pain.

"what....."

The young man's hand made an excitement, and quickly reached the chest and grabbed his clothes. His painful cry also caught the attention of the people around him.

"Big brother, what's wrong with you?"

The tall young man quickly came over.

"Hey, I still haven't got me tall, I still want to tease me, and I'm mad at it, and I'm going to sneak into it," said a gloating scene.

"You, you will be mentally attacked!" said the short young man.

As soon as this was said, everyone else on the scene was taking a step back.

Spiritual attack?

Here is the site of the Burning Temple. Some people dare to practice spiritual martial arts, which is to provoke the authority of the Burning Temple.

"Good guy, even practicing spiritual martial arts, not hiding, but dare to come here, want to join the Burning Temple?"

"Just kidding, it must have been sent by the group of old ladies of the Yinyin Palace. Would you like to get into the Burning House and be a spy?"

"I just said, how can a teenager's little girl break through to the Six Robbers? How can it be? The background has long since entered the Temple of Burning."

"Everyone is careful, this little fox attack is hard to defend!"

The people around them are retreating and avoiding falling eyes. They all know that many mental attacks are carried out through the eyes. As long as they are not in sight, they are not a problem.

At that time, the fall was isolated, and all the people lined up and down were scattered. There was only one person beside her.

"Oh, I have forgotten this." Ye Xuan was a little embarrassed. He knew that he would directly shoot, without the burning eyes.

At this time, I was very angry when I heard the comments from others. The Humei people hated others and said that they were foxes.

"You just said that I am a fox, go to hell!"

Falling cold and cold face, the right hand is swept directly.

Sixty percent of the claws are meant to be instantly killed by the five robbers who are unobtrusive.

"Killing, killing!"

The others will retreat a distance.

Here in the city, in general, the city is not allowed to fight, but the fall is to dare to kill in front of so many people, this courage is not ordinary.

After seeing the fall of the five lords, Ye Xuan also understood that this time the trouble was big.

"Hey, you two humans, let me die too!"

Falling again fell on the tall young and short youth.

"not good!"

Both of them are on the side, they feel a huge atmosphere, although the fall is only six sacred, but the strength is not what they can resist.

It's a pity that they regretted that it was too late, and they fell to the side of the short young man who had gotten up.

"Oh!" "Oh!"

In two crisp sounds, the two heads flew up.

High youth, short youth, these two six robbers have fallen.

They are not the people in this city. They just heard that the Burning Temple was collecting people here today, so they came over to sign up and wanted to join the Burning House.

I did not expect that the disaster came out!

Now, the people present are afraid to say anything more, and even the exclamation is gone.

Spike six robbers, this strength is enough to kill all of them.

"presumptuous!"

Suddenly, a violent drink spread, Ye Xuan turned around and saw that the outside disciple of the Burning Yang Temple came over, followed by two people, all of whom were in the middle of the Supreme Sixth, and the foreigner who was headed, Reached the Supreme Six Peaks.

They are registered by them.

Falling in the city to kill people, they can not control, but the people who fell to kill only to join the Burning Temple, so they have to manage.

Ye Xuan's face looked at them with a heavy weight. The three men, two of the Supreme Six mid-term okay, but the Supreme Sixth Peak's first disciple, there is some trouble.

It is not a leisurely generation to be able to join the Burning House.

"Do you both dare to be murderers in the street?" The first disciple looked at Ye Xuan and the fallen, and asked sharply.

"Oh, that's what I killed, how?" Falling down a look of disapproval.

Her qualifications are much higher than the three people who died. The two six robbers are all over twenty-five years old. They are ten years older than her. If they can only accept one party, they will not be burned. It must be that she will accept her and will not choose the two young people.

As the first disciple, I also know that the qualifications of the fallen are very high, but the eye of Ye Xuan's burning eyes is mistaken by others to think that they have cultivated spiritual martial arts. This is suspected of being a fine sinister.

"You two, you must go back to the Burning Hall to help investigate!" said the disciple, the tone is very tough, as if not allowing Ye Xuan to refuse.

However, they also have this strength, two supreme six mid-term, one supreme six-peak, can not deal with the two initials of the Supreme Six?

"If we refuse?" Ye Xuan eyes stunned, cold and cold.

"Then we only have to treat you as a sinister sinister!" The first disciple flashed.

Ye Xuan and Luo Jing looked at each other and said in their minds: "I will drag the Supreme Six Peaks when I am going, and the rest of the two will solve them, but it is better not to kill them."

"it is good."

Nodded.

For Ye Xuan, she is still more trustworthy. After all, they are not facing the disciples of the Supreme Harmony, but the Temple of the Burning Sun.

The two people looked at it quietly, and the people around them felt that there might be a big fight in the future, and they hurriedly stepped back.

Ye Xuan and Luo Luo have already prepared for a big battle, but at this time, suddenly there is a strong breath close.

"It's so strong, at least it's seven sacred supreme!" Ye Xuan was shocked and immediately looked at the eye of the insight and found that an old man had fallen to the head of his first disciple.

"what happened?"

An old voice sounded.

Chapter 883: Kill the team

"what happened?"

After hearing this voice, the first disciple also looked up and immediately respected: "Elder!"

Elders!

Sure enough, it is the elder of the Burning Temple!

Ye Xuan and the falling heart trembled. Now they are afraid that there is only one way to go. That is to use the eye of the void to escape the avatar.

"Elders, these two people murdered in the city, and cultivated spiritual martial arts. I suspect that the **** were sent to sneak into the sacred temple of my sacred temple!"

"What about the Yinyin Palace..."

The elder squinted and looked at Ye Xuan and fell, then asked: "Little girl, how old are you this year?"

"fourteen."

I don't want to answer it.

"The fourteen-year-old six robbers supreme, gave her six years, at least seven robbers supreme, the future achievements are definitely not lower than the eight precepts..." the elders thought.

If the fall is really only fourteen years old, then the Yinyin Palace is a **** one. After all, this is a very good seed.

"I remember that the Humei people are basically in the scope of the Yinyin Palace. How come to my Burning Hall?" The elders continued to ask.

The fox family is born with a high level of spiritual strength and is very suitable for the martial arts of practicing the Yin Palace.

Therefore, the elders will be a bit strange.

"Hey, where is the difference in activities? Anyway, I don't like the Yin Palace." He replied casually.

The elder thought about it, and he was not sure whether Ye Xuan and the fall were the spies of the Yinyin Palace who wanted to mix into the Burning Temple.

If it is ok, he will immediately shoot Ye Xuan and fall, but if not, then lost a good seed in vain.

"You two, want to join the Burning Temple?" asked the elder.

"Yes!"

Ye Xuan answered.

"Well, you will enter the outer door first." The elders suddenly agreed.

This answer, but the people under the shock.

That was the first disciple hurriedly said: "Elder, is this not appropriate?"

If Ye Xuan and Luo are really spies, then their traitors are not successful?

"Asshole, you shut me up!" shouted angrily.

"what did you say?"

Angry for the first disciple.

"enough."

The elders hurriedly stopped, saying: "I have my own size!"

"Yes....."

The first disciple did not dare to say it again.

Business reforms have been released. In the area of more than a few, there is no difference. The result is that many people are surprised.

And the three people are also very miserable, after all, no one has helped them revenge.

The first disciple and the other two returned to their original positions and began to continue collecting.

Ye Xuan and Luo Luo also stood by and waited quietly.

"Young Master, where is your avatar now?" asked in the mind.

"I have successfully joined the Yinyin Palace." Ye Xuan replied.

"Hey, I heard that after joining the Burning Hall, as long as the person who killed the Yinyin Palace, holding the identity token of the Yinyin Palace, you can return to the Burning Temple to receive the award. When are we going to make a big profit?" With a small mouth, look at Ye Xuan with big eyes.

The two are communicating in their minds, others can't hear them, and they can say anything.

"Well, and you also killed a deacon of the sinister palace. After joining the Temple of Burning, you can redeem the resources for cultivation. Unfortunately, that person is only the middle of the Supreme Six..."

Ye Xuan has some helplessness.

The old man is at least eighty years old, but the realm is only in the middle of the sixth year. The qualifications are obviously not high, so she should be the person who helps the Yin Palace to take care of affairs.

However, his avatar is also very useful. The deity joins the Burning House and joins the Yinyin Palace. The information of both parties can be conveyed instantly, and the identity tokens of both parties can be exchanged for each other. It is the same as double experience.

Soon, the three disciples were registered.

"Well, all of you, follow me back to the Burning Temple!" shouted the first disciple.

The elder was originally just passing by. I didn't expect to encounter such a good seedling, so I kept it, because sometimes there will be a team of the Yinyin Palace to kill.

In this city, the Temple of the Burning Sun recruited more than 150 people, and such a large team plundered toward the Burning Temple.

Their speed is not fast. After all, some people only have four sacred sacred, so some senior people are flying.

However, just on the night of their departure from the city, it turned out that there was a squad of the sinister palace.

"Fall, be careful, have enemies!"

The powerful Yang Xuan reminded me.

In the mystery of Fox King, the perception of falling is stronger than that of Ye Xuan, but when it comes outside, I am afraid that even half of Ye Xuan will not be there.

At this time, Ye Xuan has already felt three powerful atmospheres, at least seven sacred supreme.

Ye Xuan is also very helpless. He has not even joined the Burning Hall. Nima has been intercepted, which still makes him not play?

Fortunately, this 100-member squad also hides an elder of the outer door of the Burning Temple. His breath has been successfully concealed by hundreds of people, so the three people in the Yinyin Palace did not find him.

"Hands!"

After a low drink, there was some broken sound.

"Calling!"

There are more than a dozen words in the air.

The people in the Yinyin Palace are good at illusion, mental attack, and control of flying swords. The long-range attack is very powerful. The three people in the Yinyin Palace directly control several flying swords.

These numbers plucked the flying sword into the crowd and began to harvest life madly.

At the same time, the hidden elder was suddenly killed, and he waited for the other party's flying sword to be squirted.

"Bold thieves, dare to kill my team of burning yang temple, find death!"

The elder once screamed and quickly killed the past.

The people in the Burning Temple are the masters of the Supreme Golden Body, so the elders of this outer door are very fast.

His strength is more than the three sinister sneak attackers, reaching the middle of the Supreme Seven.

"Not good, ambush, withdraw!"

A sinister sneak attacker drank.

If Feijian is in the hand, they can fight the elders of the outer hall of the Burning Temple. But the flying sword is over the elders of the outer door, killing the four or five robbers, so they are difficult to war.

However, at that time the elder had already looted in front of them.

"Architecture!"

The leading sneak attacker couldn't see it and could drink again.

Magic array!

In the meantime, the elders are caught in a magical array, not only that, but also the spiritual attacks from the three sinister palaces.

At this time, the elders were trapped in a quagmire, and there were countless breathable dragons passing over them, and the mud pool was full of squeaking sounds.

"Hey!"

Suddenly a **** mouth, biting down the elder of the Burning Temple.

The illusion is actually a means of restriction. There are real and false in the illusion. Although this is definitely a fake, it may be a scorpion. In fact, it contains an enemy attack.

Chapter 884: Flowing gold waterfall

"Hey, our two major forces are hostile to a hundred years, how could we not be prepared?"

The elders sipped coldly and suddenly took out a white stone. The next moment, this white stone was a big ray of light, and instantly smashed the magical array of the other three.

The **** basin disappeared and the magic array was broken!

"Break the magic stone!"

When the three people saw the white stone, their faces changed dramatically. This magical stone was extremely precious. I didn't expect the elders of the Burning Temple to have it.

"court death!"

The elders of the outer door of the Burning Temple were screaming and banged out.

"boom!"

The head of a sneak attacker in the Yinyin Palace was directly blown up.

The other two sneak attackers were gloomy and quickly turned around, but these long-range attackers were approached by the melee-stricken elders of the close-up, but they were not so easy to get out.

"Want to leave, leave me!"

The elders of the Burning Palace Hall made a sigh of relief, punching one by one and directly exploding the heads of the other two.

Without the dominance, the flying swords were also dropped on the ground, but the battle was nothing but the massacre of more than 50 people. It was terrible.

"It's so strong, it's just an elder."

Ye Xuan swallowed the swallow, only then he was hiding far away, for fear of being spread by Feijian.

The methods of the Yin dynasty are complicated, illusion, mental attack, and control of the flying sword to attack the enemy remotely. Although this is also very good, once it is approached by the master of the Burning Hall, it will fade to the skin without death.

The sneak attacking team of the Yinyin Palace suddenly appeared, and everyone was shocked, but fortunately there was no danger. After all, if there is no such elder, they will die.

The rest of the people felt sorry for those who died, but those who were corpses, but no one dared to accept them, all of them were collected by the elders of the Burning House, including those who were in the wild.

"Okay, keep on the road!"

The elder of the Burning Temple shouted.

The team is moving forward again.

With that episode, everyone was reminded of the daring, but after the previous incident, the road behind it was very calm.

A few days later, they arrived at the Burning Temple.

Everyone was relieved and entered the Burning House. The people in the Yinyin Palace were too bold to come in.

"Lin Yan, you bring them to the door!"

The elder of the Burning House was left after he dropped such a sentence.

Lin Yan is the former disciple of the Supreme Six Peaks. After hearing this sentence, his eyes are also bright.

"Humph!"

Lin Yan snorted and then took the remaining hundreds of disciples to register for entry.

"Oh, this **** will definitely find a chance to hang us." Falling down a calm look, the sound rang in Ye Xuan's mind.

"It doesn't matter, anyway, we have entered the Burning Hall. He doesn't dare to open the door." Ye Xuan is also very calm.

Soon, Lin Yan was enrolled with nearly 100 people, and distributed some foreign disciples and residences.

"Hey, that Lin Yan didn't even bother us."

Some of the accidents said.

"Since it is not, then leave him alone." Ye Xuan took a look at Lin Yan.

After Lin Yan gave them the place to live, they left directly. There is a mansion in the Hall of Burning, but it doesn't matter if it falls. Anyway, she wants to live with Ye Xuan.

Others are also guessing the relationship between Ye Xuan and the fall, and they have cast an envious look at Ye Xuan.

The girl of the fox-like family, even if it is caught and sold as a slave, is also very valuable. There will definitely be many people who have a good mouth and regard the fall as a pet.

"Young Master, what should we do now?"

In Ye Xuan's residence, he whispered.

"The Burning Hall is the master of the Golden Body, so there will definitely be a way to strengthen the Supreme Golden Body, but my body has heard it. There is a waterfall in the Temple of the Burning Sun. As long as you practice at the Liujin Waterfall, you can raise the Supreme Gold. body."

Ye Xuan said, but also got up and went straight out with the fall.

The outer door of the Burning Temple is very large. After all, there are tens of thousands of foreign disciples living here. After inquiring, Ye Xuan learned where the Liujin Waterfall is.

"Hey!"

Not yet close, Ye Xuan heard a noisy sound of water, but before he heard the sound, he had already sensed a lot of people around the Liujin Waterfall.

Soon, they saw the waterfall.

The Liujin Waterfall is actually an ordinary waterfall, but there is actually a gold vein above the canyon, so from time to time there will be a flow of gold flowing down the waterfall.

The flowing gold is a kind of material that can break the supreme gold body. It is one of the materials for creating the top-class Shenbing soldiers, so the waterfall can cause damage to the Supreme Golden Body.

The way to improve the Supreme Golden Body of the Burning Yang Temple is to continue to baptize in this stream of gold waterfalls, let the flow of finances into the Supreme Golden Body, and then repair, so that the Supreme Golden Body becomes very powerful.

"Wow, is that the waterfall?"

Looking down at the stream of gold waterfalls up to 100 meters in front of me, I couldn't help but marvel.

At this time, under that Liujin Waterfall, there are already many people.

Some of them stood at ten meters below the waterfall, and some were in the middle. Everyone was naked in the upper body and suffered the pain caused by the gold.

"Liu Jin Waterfall, from the beginning of the height of 90 meters, the damage is getting stronger and stronger, and the growth of the Supreme Golden Body is also getting bigger and bigger. Every once in a while, it is necessary to go ashore to treat the injury..."

Ye Xuan swept the eye with insight and found that there were more than ten people on the waterfall, some in the 90 meters, some in the 70 meters, the strongest is already standing 30 meters.

From the top to the bottom of the stream, the lower the momentum, the stronger the power, the stronger the master standing at 30 meters, Ye Xuan is estimated to be an inner disciple, the strength is probably stronger than the elders.

"Young master, you have blood, you are going to try!"

At this time, the fall suddenly said.

The Liujin Waterfall is the place to raise the Supreme Golden Body. The average person stands up for ten minutes and has to be covered with blood.

However, Ye Xuan has the blood of the **** of life, he estimated that the recovery speed must exceed the damage caused by the flow of gold.

"This stream of gold falls is a treasure for me!"

Ye Xuan's heart is already happy.

If someone insists on treating the injury for a period of time, it must be treated at the time of minor injury. If it is seriously injured and treated, the injury is more difficult to cure.

He, who has the blood of the **** of life, is estimated to be able to stand for twenty-four hours, that is, all day.

"Let's fall, I will go up and try."

At the moment, Ye Xuan took off his shirt and swept it over.

The first step of Liujin Waterfall is 90 meters. This is the lowest difficulty, but it also needs six robbers to go up, otherwise the first wave of gold will pierce the head.

Chapter 885: Rapid improvement

Ye Xuan is just the beginning of the Supreme Six, but his Supreme Golden Refining has become stronger than other people after the Dragon Movement, comparable to the mid-September.

However, he still tried to stand on the 90-meter steps.

"Booming..."

This stream of gold waterfall is like a flood beast. The original power is not so strong, but the upper part is also equipped with arrays to speed up the flow.

Ye Xuan was just standing up, his feet were a cockroach, almost planted down, while the back and back of the head were burning like fire.

However, his supreme golden body can still hold the strength of this ninety meter.

"It is necessary to let the flow of gold break through the supreme body, let the flow of finance into the bones and blood and the blood, be successful, otherwise it will be useless for a year."

Ye Xuan thought about it, and then he stepped down a step.

Eighty meters!

At the height of 90 meters, Ye Xuan's supreme golden body can survive, but by the time he is 80 meters, his back is stabbed with blood by a small stream of gold.

However, these wounds heal quickly.

"Haha, the blood of the **** of life is simply against the sky. Even if I am at this stream, I will not be a problem for one day!"

Ye Xuan smiled in his heart.

He came to the Burning Yang Temple really is the right choice. If you stay here for a few days, Ye Xuan's supreme golden body may be comparable to the Seven Robbers. It is simply a small strong who can't die.

"Hey!"

The water of Liujin Waterfall is ordinary water, but from time to time, there is a lot of gold flowing in the water. These gold thorns penetrate into Ye Xuan's body, and then follow the blood circulation, increasing Ye Xuan's supreme body.

However, the only improvement here is the defensive power of the Supreme Golden Body, which cannot improve the attack power of Ye Xuan.

As for the fall, it is standing on the side and quietly harvesting.

Let her take off her clothes and stand on it. How is this possible?

Soon, Ye Xuan insisted for half an hour at the height of 80 meters. He had no one to notice him, but as time went by, he gradually noticed.

"Hey, brother, I have come up three times. Why are you still there?" A strong man couldn't help but ask.

"Oh, my Supreme Golden Body is stronger." Ye Xuan replied casually.

The brawny did not ask much, continue to baptize the supreme body.

However, just after he insisted for a few minutes, he suddenly found out that Ye Xuan's back was actually healing automatically, and there were constant wound healing, and new wounds appeared constantly. What happened?

"Don't be surprised, I accidentally got an adventure and ate a fruit that gave me the ability to heal quickly."

Ye Xuan felt his gaze and hurriedly.

In the virtual state, the wood property of the dead wood rejuvenation can quickly recover the injury, but now they are supreme, the righteousness can not treat the supreme gold body.

"Brothers are really lucky. I have to go on for 20 minutes in ten minutes. You are an hour, * three hours." The strong man couldn't help but cast an envious look.

The treatment time is a bit, but in fact, it is the medicines that treat many of the disciples' heartaches. They strengthen the supreme body in this place, but they are constantly burning money.

However, Ye Xuan actually has the ability to heal automatically, but this is the envy of this strong man.

Soon, this brawny is going to treat the injury again, and at the same time tell Ye Xuan's secret.

After everyone heard this, they all showed a look of envy and hatred.

Unconsciously, Ye Xuan has become their focus.

Time continues to move.

"He has been in the tank for five hours, and he has not been there."

"It's really enchanting. It seems that standing on the day is not a problem."

"He stood for one day, which is equivalent to three days of ours, and I don't need any medical treatment. I am going out to do a mission, only to stay in Liujin Waterfall for three days!"

"Oh oh, look, he went to 70 meters!"

The crowd suddenly cried.

Seventy meters, that is the level of the Supreme Six Peaks. Could it be that Ye Xuan has the ability to resist the 70-meter-long gold impact?

You must know that there are more people who don't know how to be good at the Temple of Burning. Many people are eager for quick success and can't help but challenge the high-level. As a result, they are squandered through their heads and die badly. The Qiankun Ring is cheaper than others.

At the moment, some people have swept the past. If Ye Xuan accidentally dies, then the Qiang Kun ring will become an object of no ownership.

"Hey, is it cheap?"

Ye Xuan couldn't help but smile.

Before his supreme golden body was comparable to the middle of the Supreme Sixth. After these hours of improvement, the height of the 80 meters, the gold could not hurt him, so he moved to 70 meters.

However, he was only seventy meters away, and almost just planted it.

There is an acceleration array at the top of the Liujin Waterfall. The power of the gold can not be underestimated.

Although Ye Xuan's Supreme Golden Body is strong, he actually only has the Supreme Six early stage and can only stand in front of the 70-meter position.

He estimated that only by raising the realm to the middle of the Supreme Sixth, can he stand at the 60-meter position.

"Wow, this kid actually stood at the position of 70 meters, he was the first six of the Supreme!"

"It's terrible. With a quick recovery, what kind of position can his Supreme Golden Body strengthen?"

"At least you can hold on to 60% of the sword?"

Sixty percent of the swordsmanship is already enough to hurt the Seven Robbers. Of course, this refers to those seven sacred supremes that have not been strengthened. Their supreme golden body is only promoted by the robbery, not strong.

But don't forget, Ye Xuan is just the beginning of the Supreme Six. When he breaks through, he can continue to strengthen the Supreme Golden Body. This is really tough.

The people underneath swallowed their saliva, not to mention the strengthening of the supreme body, the cost of the healing medicines saved by Ye Xuan alone is enough to make them scream.

Soon, the time of day is over.

Many disciples left without healing medicine, but they told others about it, so many people came to observe the Ye Xuan smelting the supreme body, including the inner disciples.

In one day, Ye Xuan's Supreme Golden Body's defensive power has doubled. He estimates that he will be able to work after he has been tempered for a while.

As for the 60 meters, he can't go on for the time being. After all, his realm is not enough and he can't stand it.

At the same time, it was also because of being too boring, and I went alone.

"Young master, Lin Yan came to me to trouble."

Suddenly, Ye Xuan's mind rang the sound of falling.

"what?"

Ye Xuan, who was under the Liujin Waterfall, suddenly picked up and dared to bully his fall. He was really looking for death.

"Young master, come on, or I am afraid I can't help but kill him..." continued to say.

Chapter 886: Let you ten strokes!

"You hold back, hold back..."

Ye Xuan was shocked and shouted.

When he was in the Jinjin Waterfall, he fell to another place to go, but he could communicate with the falling space, so he knew that the fall had already broken through to the middle of the Supreme Sixth.

At the moment, Ye Xuan is directly rushing out of the Liujin Waterfall and plunging toward the outer door.

There is a strange sensor between him and the fall, the sensing range is larger than the perceived eye, so you can lock the position of the fall.

Soon, he found the landing.

At this point, the fall has been surrounded by a group of disciples, he hurried past and landed beside the fall.

In front of the fall, it is still the three foreign disciples, the one who is headed is Lin Yan.

"Lin Shi brother, what is your job?" Ye Xuan is already dressed, he looked at Lin Yan.

"I said how you disappeared. It turned out to go to Liujin Waterfall. Hey, how dare you dare to hit me in front of that day, do you think I will forget it?" Lin Yan said coldly.

"Oh, that Lin brother wants to do it at the outer door?" Ye Xuan's eyes glimpsed.

Lin Yan has been in the Yang Temple for two years. He understands the rules of the Yang Dian, so he swears: "You two, as I fight the battle, I have to teach you both."

"Hey..."

After hearing this, I couldn't help but laugh out. "Lin's brother, you don't want to be a shame, and you are a supreme six-peak, and you still have a low challenge to the realm..."

Indeed, the Supreme Six Peaks, who actually challenged the Supreme Sixth and the Supreme Sixth, are really shameless.

In the middle of the fall, there are Lin Yan's, and those who watched the drama. After they heard this, they all couldn't help but laugh, but in Lin Yan's eagerness to eat, they Stopped.

"Hey, when the day was there, the courage of the two of you was not very big. It seems that you have to fight with me. Why, what is it today?" Lin Yan sneered.

When the words came out, they were not happy when they fell. They yelled: "Who is smashing, on the top, the young master flies him."

Young master?

This word is to make people around you feel very surprised.

They understand that the young master in the falling mouth refers to Ye Xuan, but Ye Xuan is not only the beginning of the Supreme Six, but the qualification is much worse than the fall. So can it be a young master?

Just when the people around him were surprised, Ye Xuan slowly said: "Since Lin brothers challenge me with a shameless face, then I will play with Lin's brother."

"Still, I want to fight with Lin's brother, let me pass this before."

A dog's leg next to Lin Yan jumped out and the sword pointed to Ye Xuan.

"Less nonsense, take the lead!"

Ye Xuan is too lazy to say more than these people. He knows that Lin Yan will not give up until he is not on the battle platform today.

He also does not want to be remembered by someone in the Temple of Burning, so the hatred of the day must be understood today.

"Well, have the courage, wait for the battle platform, if you can still be so sorrowful, I will call you grandfather!" The dog's leg was angry.

Unexpectedly, Ye Xuan gave him a look and muttered: "I don't have a grandson like you..."

At the moment, the people around me are laughing.

Ye Xuan, it's really a newborn calf, not afraid of tigers. Just entering the Burning Hall has provoked the old disciples, and the road ahead will certainly be much harder to go.

The dog's leg still wanted to talk nonsense, but it was unexpectedly blocked by Lin Yan. The latter whispered: "It doesn't help to use the tongue. When you go to the stage, how do you want to swear?"

"Humph!"

The dog's leg smashed Ye Xuan, and even if he followed Lin Yan's footsteps.

The crowd walked toward the battle platform, and the road caught the attention of some people, and they kept up with the preparations for watching the show.

Soon, Ye Xuan and Luo are behind the Lin Yan and came to the battle platform.

The Burning Yang Temple is a right-handed martial art school, so it is only allowed to compete on the battle platform, regardless of life and death. It is also not allowed to kill.

"Kid, get me up!"

Lin Yan's dog leg jumped on the battle table and yelled at Ye Xuan.

Ye Xuan was silent and immediately jumped up.

He was the first stage of the Supreme Six, and the other side was the middle of the Supreme Sixth. However, he spent a lot of time in the Jinjin Waterfall. The Supreme Golden Body has been tempered to

be invincible under the Supreme Seven, even if standing here to give each other a fight, The other party may not be able to break through his supreme body.

"Kid, are you ready to die?"

Lin Yan's follow-up face is ironic. Some people below can't stand it. After all, his realm is higher than Ye Xuan's. Now he is challenging downwards. What else is it?

Ye Xuan stood still and nodded. "I am ready to make you ten strokes."

what?

The audience was quiet for a moment, and they all suspected that they had got it wrong.

Let the other party ten strokes?

At the beginning of the Supreme Six, Ye Xuan, even wants to make the opponents of the Supreme Six mid-term, ten fools, is it a fool or a pig?

"what did you say?"

Lin Yan's dog's legs were wide-eyed and immediately looked at Lin Yan under the battle table.

I saw that Lin Yan nodded silently after a pause.

In fact, he did not expect that Ye Xuan would dare to speak out arrogantly, but he still feels that Ye Xuan is somewhat extraordinary. After all, this qualification is enough to enter the inner door, and Ye Xuan is a fallen young master, the background may not be ordinary.

"Well, since you are looking for death, then I am welcome!"

Lin Yan's follow-up screamed directly to Ye Xuan's shot. He raised his hand and sword, and Jian Mang directly attacked Ye Xuan.

Because the level is higher than Ye Xuan in the realm, this Lin Yan sword still has some hands to keep, fearing that a sword will kill Ye Xuan.

This sword contains 60% of the sword, which is enough to hurt the ordinary seven robbers.

However, when this sword mang was in front of Ye Xuan, Ye Xuan only raised his hand and slammed a punch.

"Hey!"

Ye Xuan's fist collided with Jianmang. In the meantime, Jianmang was beaten by a punch, and Ye Xuan's fist was without any damage, even the skin was not broken.

This time, the audience was shocked.

The sword was enough to threaten anyone present, but it was defeated by Ye Xuan. You know, Ye Xuan's hand is not wearing gloves.

"How strong is the sturdy golden body, how is he tempered?"

"It must be the young master of a big family. Growing up from the snacks and treasures, the supreme gold body is probably comparable to the ordinary seven robbers."

"According to this, I am afraid that only 65% of the swordsmanship can hurt him. It is terrible. He is only the beginning of the Supreme Six."

"It's no wonder that his maid is not allowed to play. It turns out to be the case."

The people underneath showed their stunned look and began to whisper.

These voices are very mixed, but all of them fall into the ear of Lin Yan. He felt that Ye Xuan was not right before. After all, Ye Xuan was in a calm appearance in front of his Supreme Six Peaks. This was very strange.

Chapter 887: Fighting platform

"Don't keep it!"

At this time, Lin Yan suddenly reminded.

The foreigner disciple of the battle platform heard the words and said, "I don't believe it, go to die!"

"Hey!" "Hey!" "Hey!"

One after another, attacking Ye Xuan.

This series of attacks, even the strongest of the Supreme Six Peaks, does not dare to underestimate.

However, Ye Xuan is not moving, punching one by one, and defeating those swordsmen.

"Six....."

"Seven....."

"Eight....."

"nine....."

"Boom!"

"ten!"

Ye Xuan punched the other party's tenth sword, and the next moment, he took out a long sword directly.

"call out!"

After letting the other party ten strokes, Ye Xuan was finally shot. He raised his hand and a sword, which was an attack with 60% of the sword.

However, this attack Ye Xuan did not use any martial arts, purely Jianqi.

Originally, he only had sixty percent of swords, but the fox sacred dynasty was still rich and had a set of swords, so he had already realized sixty-five percent of his sword.

"Hey!"

This sword, instantly hit the chest of the foreign disciple, and flew it.

Victory!

Ye Xuan used only one sword, and he took the other side out of the ring and won the victory of this battle.

"hiss!"

The audience was shocked again.

Even if you take the opponent's ten attacks by hand, you will kill the opponent with a sword. This is definitely a pig to eat.

"Young master, isn't it good to have a meal? Why do you fly it?" The downfall of the stage was cold and cold.

"Amount...nothing, there is one."

Ye Xuan glanced a little, and Lin Yan also had a follow-up class in the middle of the Supreme Sixth.

After the class was smashed by Ye Xuan, he immediately attacked the neck and shrank his neck, moving a step toward Lin Yan.

"waste!"

Lin Yan has a low drink.

"Lin brothers, one is flying by me, one is afraid to come on stage, or you are coming?" Ye Xuan held a long sword and smiled at Lin Yan.

Lin Yan's face is gloomy, and he can't talk directly to the ring. He is the Supreme Six Peaks. Is it difficult to be afraid of Ye Xuan, the first six?

Spike, he can!

"Lin brother, do you want me to make a few moves?" Ye Xuan asked with a squint.

"roll!"

Unexpectedly, Lin Yan directly angered a word, against Ye Xuan shot.

To tell the truth, Ye Xuan Fang is just talking about it. If Lin Yan really accepts it, then he will be somewhat difficult. After all, this Lin Yan's strength in the outer door is not bad. The realm of the Supreme Six Peaks also comprehends 60% of the sword. meaning.

Fortunately, Lin Yan did not accept.

"The eyes of my burning have been exposed anyway, let you try!"

At the moment Lin Yan shot, Ye Xuan's eyes were awkward, and the former's heart suddenly rose a sharp pain, which led him to miss this shot.

"what?"

Lin Yan's eyes widened and he saw his attack passing by Ye Xuan's body. Even Ye Xuan's hair was not touched.

The Burning Temple and the Yinyin Palace have been fighting for so many years, and the Yin Yin Palace is all these means, so Lin Yan also cultivated some martial arts that resisted spiritual attacks.

Coupled with the realm of the realm, Ye Xuan's burning eyes did not weaken Lin Yanlian's strength.

However, the burning eye is to let Ye Xuan grab the opportunity.

"call out!"

When Lin Yan's attack wiped Ye Xuan's body, the latter's attack had already reached the middle of the road.

"Hey!"

Lin Yan hurriedly raised his hand and a sword defeated the sword.

"Lin Shi brother, try this trick again."

At this time, Ye Xuan's light flashed again, this time, the eye of the ban.

Lin Yan was still suffering from the severe pain of the burning eye. Now there is another eye of the ban, and the illusion around him has changed.

The land under his feet has disappeared, and his whole person is in an endless sea, surrounded by darkness.

At this moment, suddenly there was a gust of air, and a deep sea beast opened his mouth and bite into Lin Yan.

"Is it true or fake?"

Lin Yan's face is gloomy. He has been in the Burning Hall for two years, but he still encountered illusion for the first time.

Before the elders of the outer hall of the Burning House, there was a broken magic stone, which could break some low-level illusions in an instant, but this broken stone is extremely precious, he did not.

Since it is impossible to judge whether this deep sea behemoth is true or false, then it is regarded as true.

"call out!"

Lin Yan's raising his hand is a sword, but when a sword is swept over the deep sea behemoth, the deep sea beast is dissipated.

fake!

"not good!"

Lin Yan's face changed greatly, and his attack actually dispelled the phantom, which was a waste of a mobile phone.

Just then, the wind blew.

"call out!"

The sharp sound of the air broke out, and Lin Yan turned his head and saw that a sword had been plucked into front of him.

"Hey!"

Because of the dodge, Lin Yan was directly smashed by this sword, and the blood instantly burst out.

However, this is just an appetizer.

"The Eye of Burning!"

"The Eye of the Illusion!"

Taking advantage of this opportunity, Ye Xuan once again used two big eyes, Lin Yan once again fell into a fantasy.

From Lin Yan's presence to Lin Yan's blood, it was only a second, but the people underneath were already stunned.

Lin Yan of the Supreme Six Peaks, why suddenly attacked a place, you know, Ye Xuan Ming Ming is in another direction.

"Ideology, it must be illusion, that kid will still be illusion!"

"It's no wonder that Lin Shixiong attacked in different directions. It turned out to be a mistake in judgment and attacked the creatures in the illusion?"

"I didn't expect the other party to have illusion. Lin Shixiong is in trouble. Is it true that this kid can really succeed in two levels?"

The people around me started to talk again.

"Fart, Lin Shixiong will be able to beat the kid to the bottom!"

The disciples who had shrunk their necks were angry and shouted.

"If you say the opposite, look at the situation on the platform." Not far away, I couldn't help but swear.

At this time, the battle situation in the ring is still the same.

Lin Yan was suppressed by Ye Xuan, the former has been in the illusion, never seen Ye Xuan, can only see the attack of Ye Xuan.

"Boom!" "Boom!" "Boom!"

Lin Yan's supreme body is not bad, Ye Xuan's attack can only barely break open, but Ye Xuan has never used martial arts from the beginning to the present, completely using only 65% of the sword.

If 65% of the sword is intended, and then with the martial arts, Lin Yan will be instantly beheaded by Ye Xuan, which is the spike!

"Yeah, young master, you are so handsome... Brother Lin, are you not the Supreme Six Peaks? Why do you have this strength? No wonder you don't feel embarrassed. It turns out that you have no face..."

The fall of the battle platform waving a small powder punch, constantly stimulating the Lin Yan on the ring.

Chapter 888: Mirage Tower

The battle here also attracted the attention of many passers-by. After they saw Lin Yan, who was beaten on the battle platform, it was shocked.

"That kid, even the more two levels of Lin Yan brothers fight no effort to fight back, this is too fake."

"What is wrong, this kid is very weird. He stood at the 70 meters of Liujin Waterfall for a whole day yesterday, and he has not come down."

A foreign disciple who came from Liujin Waterfall said.

"What, one day, what a joke!"

"Really, I can testify that if his realm is not enough, I am afraid I can go to the 60 meters to pamper the golden body!"

Fang Caixuan suddenly flowed into the Jin Waterfall, but it caused a lot of people's attention. At this time, these people have already found the battle platform.

However, at the same time, in a corner around the battle table, there is still an old figure standing. This is a bald old man, but at this time the fight is hot, but no one notices him.

"Oh, it's comparable to the Supreme Golden Body of the Supreme Seven Robbers. It will also use illusions and spiritual attacks. If it is cultivated, it will be a card for me to burn the temple to deal with the Yinyin Palace..."

This bald old man is not from the outside door, but from the inner door.

He happened to pass by here, but did not expect to encounter a good seedling of Ye Xuan.

However, there have been some incidents in the Burning Hall recently, which made the disciples feel guilty, so the bald old man did not come straight out. After thinking for a while, he left.

This battle, even if he does not see the end, also knows the end.

No, this can't be said to be a battle, but a monkey show, Ye Xuan is a human, and Lin Yan is being used as a monkey.

"But it, no ink."

At this time, Ye Xuan on the battle platform suddenly turned cold and took out a sword.

"Hey!"

Lin Yan's back strokes, the body could not help but fly forward, just flying out of the scope of the battle platform.

defeat!

"Yeah, the young master won."

Falling down the battle table, cheering.

Ye Xuan, who defeated Lin Yan, jumped directly and touched the falling head. He said, "Let's go."

To be honest, Ye Xuan does not want to participate in this type of battle, but after all, it is not useful, it is completely in vain, and there is no benefit.

However, in order to make a long-term plan, he had to take the shot. The Lin Yan, the provincial brother, taunted him all day, and if he couldn't help but kill Lin Yan, what should he do?

On the way back to the place of residence, I couldn't help but ask: "Young master, your Supreme Golden Body is much stronger, you can harden 60% of the sword."

"Yeah, Liujin Waterfall is a good place, but unfortunately my realm is not enough, otherwise I can go to the 60-meter platform to quench the supreme gold body." Ye Xuan was slightly helpless.

At this time, the falling eyes slid and turned: "Young master, I found a good place. If you used to, you can definitely get a lot of talents."

"What place?" Ye Xuan asked differently.

"That place is called the tower of the illusion, there are in the outer door, and there are also inner doors. It is the place used to raise the mood of the disciples of the Burning Temple. As long as you have passed a certain number of passes, there will be rewards for the heavens and the earth." Explain.

Mirage Tower?

Ye Xuan's eyes lit up.

The tower of the illusion, as its name suggests, has a myriad of illusions, allowing the disciples of the Burning Temple to crack.

However, Ye Xuan, who has an eye for insight, can directly break the illusion and find out the illusion.

"It's just for me, drop it, take me there!" Ye Xuan said quickly.

What he lacks most is Tianbao Dibao. If he breaks through the middle of the Supreme Sixth, then he can go to the place where Liu Jin Waterfall is 60 meters to quench the supreme gold body, and the strength will be greatly improved.

"Oh, I know that the young master is interested."

Falling and laughing, directly with Ye Xuan to the tower of the fantasy.

Soon, the two of them came to the tower of the illusion, at this time, there are already hundreds of people under the tower of the illusion.

"Look, the high school brother has already rushed to the sixth floor. If you cross the sixth floor, you can get a supreme Jindan, which can greatly enhance the supreme gold body!"

"The high school brothers are not the first for my outside door. This year is only 20 years old. It has already broken through to the middle of the Supreme Seventh. I am afraid I can enter the inner door next year."

"This is natural. The high school brother has already reached the requirement to enter the inner door, but he has never been in. His strength is stronger than some inner disciples."

"I don't know if the high school brother can cross the sixth floor this time. This is why he has stayed at the outer door and refused to enter the inner door."

A group of outside disciples discussed under the Tower of Mirage.

Ye Xuan and Luo Lan walked over and saw that this tower of illusion has only six layers, and each floor has a projection of the disciples in Shaoguan.

"Young master, look at the sixth floor."

The falling edge suddenly protruded from the chopped fingers, pointing to the sixth floor of the Tower of the Mirage.

Ye Xuan followed her little hand and finally landed on the only projection on the sixth floor. The picture in the projection was a man two meters tall, with a long stick and a thick hair. He was in a magma hell. There was a flaming demon around him.

All he has to do is to break the illusion, and as long as the illusion breaks, then he will pass.

The tower of the illusion of the outer gate of the Burning Temple is only six stories, and the inner door is nine floors. The reason why this high brother refused to enter the inner door is because there is no tower of the illusion of the outer door.

However, Ye Xuan's attention is not in that illusion.

"Let's fall, this is the ape family?" Ye Xuan asked.

"Well, they have a unique sentiment to the stick by nature, so almost all of them are sticks as weapons, and the sticks are improved quickly." Nod and nodded.

Ye Xuan nodded silently.

After watching it for a while, he walked straight into the tower of the illusion.

The tower of the illusion, each layer is a secret, Ye Xuan went to the entrance of the tower of the illusion, and was stopped by a foreign disciple.

"Teacher, challenge the tower of the illusion?"

The foreign disciple said to Ye Xuan.

"Yes."

Ye Xuan responded, even if the surrender of the identity token.

"Well, then you will be sent to the first floor of the Mirage Tower. You have to find the exit in a minute."

The outside disciple took over Ye Xuan's identity token, and then Ye Xuan went straight into the tower of the illusion. The next moment, he was transferred to a place.

This is a canyon, endless.

In the sky, from time to time passing a group of birds and beasts, their voices are very real, after all, these creatures, some are true, some are fake.

"Is this the tower of the illusion?"

Chapter 889: challenge!

"Is this the tower of the illusion?"

Ye Xuan's mouth is slightly tilted. The first floor of this illusion tower is the simplest one. It is to find the exit.

This canyon, he is estimated to be unable to run, and also can not fly into the air.

Even without using the insightful eye, Ye Xuan has already found out the exit, just on the stone wall on his left hand side.

Because, he has the eye of perception, in fact, he is in a palace, the stone wall on the left hand side is actually a door.

"start the timer!"

The voice of the foreign disciple had just been plucked, and Ye Xuan had already rushed into the stone wall.

The next moment, he appeared in front of the outside disciple. At this time, the foreign disciple was looking at Ye Xuan with a strange look.

Ye Xuan, but in the early days of the Supreme Sixth, he even found out the exit in an instant. This is really a ghost.

"Congratulations to the younger brother, is it successful, will it continue?"

The foreign disciple said to Ye Xuan.

The achievements of the Mirage Tower will not be retained. If you give up, you will have to challenge again next time.

Every time you pass a pass, you can collect some corresponding Tiandi Dibao. Of course, these rewards will not be superimposed, and everyone can only receive it once.

"carry on!"

Ye Xuan said.

Soon, it is the second floor of the Tower of Mirage.

"This level, the younger brother also wants to find an exit in a minute." The voice of the foreign disciple fell into Ye Xuan's ear.

Ye Xuan looked around for a while and found that there was only one floating plate at the foot of the sea. The floating plate was shaking up and down with the waves of the sea.

This illusion, he can fly, but he does not.

"Ha ha."

Ye Xuan smiled, his right foot was heavy, and the floating board under his feet suddenly split.

In the illusion, there are real and false, this sea area is obviously fake, this floating board is also fake, but the floating board is actually a stone platform disguise.

The most important thing is that this stone platform is just the base of the magic array. When Ye Xuan stepped on the base, the magic array disappeared.

There is actually an exit in this pass, but Ye Xuan feels that there is no need.

After the break, he was transferred to the bottom of the Mirage Tower.

"Congratulations to the younger brother to break the two levels, is it challenging the third level?" The outside disciple continued to ask.

"carry on!"

Ye Xuan nodded silently.

In fact, this tower of illusion is built according to the level, the first layer corresponds to the beginning of the Supreme Six, the second layer corresponds to the middle of the Supreme Sixth, and the third layer corresponds to the Supreme Six Peaks.

Now the challenge of Ye Xuan is the third layer of the Supreme Six Peaks.

"Teacher, this level may be a bit dangerous. If you give up, just scream." The foreign disciple kindly reminded him.

"Ok!"

Ye Xuan should have a sentence, once again into the tower of the fantasy.

This third level of fantasy, for Ye Xuan, there is no difficulty, there are insightful eyes and the eye of perception, he easily found a few bases, and then broke through.

Break through three levels!

"The younger brother is really powerful. I don't understand. I passed the third pass in one minute. The fourth pass is the corresponding seven-robbery. Do you continue with the younger brother?" the foreign disciple asked.

Ye Xuan paused.

He was only the beginning of the Supreme Six, and the fourth level was the beginning of the Supreme Seven, which was completely worse than three realms.

If it is just a simple fantasy, he feels nothing, but there are some dangers in the illusion. There have been some disciples who are not self-sufficient and die under these dangers.

However, with the strength of his current supreme gold body, it is possible to take a trip.

"carry on!"

Ye Xuan nodded.

The outside disciple flashed a strange look in the middle of the scorpion, as if ridiculing Ye Xuan was a little self-sufficient, but he did not say much.

"Well, the younger brother will enter the fourth floor next!"

Ye Xuan shares his courage and then enters the Mirage Tower again.

"Teacher, there will be no information on this level, you must break your own. If you want to give up, just yell directly." The outside disciple reminded.

"it is good!"

Ye Xuan nodded.

The voice has just fallen, and the scene around him has changed. At this time, he appeared in a grassland.

In his vicinity, there are countless fierce beasts, and the atmosphere is so strong that Ye Xuan is the heart.

"A good and powerful atmosphere, but all are fake, only one is true." Ye Xuan eyes a glimpse.

Whether it is the eye of insight or the eye of perception, he clearly understands this illusion.

And that one truly supreme sacred beast is a strange leopard with three tails.

"Like the fall, there are three tails, but that doesn't mean I will let you go!" Ye Xuan flashed.

There were hundreds of phantoms around him, and the leopard with three tails noticed him at this time.

At this point, the three-tailed mad leopard was slowly approaching, and those welcoming were also in line with him, and Chao Ye Xuan came over.

There are hundreds of supreme sacred beasts around. When people come in, they are constantly attacking to see if these supreme sacred beasts are real.

However, Ye Xuan does not need to use this method, he can be sure that there is a living thing around.

"This time limit is five minutes. It doesn't look so easy. I will solve this three-tailed leopard first."

Ye Xuan's eyes are a glimpse. After all, this is a seventh-order sacred beast, precious and precious.

Although he only had the first six of the Supreme Six, but the Supreme Golden Body is comparable to the Seven Robbers, and a seven-step Supreme Beast, he really does not pay attention.

"Hey!"

Suddenly, Ye Xuan was killing the past with three-tailed leopards.

His behavior also shocked the three-tailed leopard.

This three-tailed leopard has also been on the fourth floor of the Mirage Tower. The Burning Hall has been delicious and delicious. His mission is to give a good look to the disciples of Shaoyang Temple.

However, it was the first time that someone saw someone coming straight to it.

"Flower Shadow Sword!"

Ye Xuan took out a sword, and a sword stalked the purple afterimage, and struck toward the three-tailed leopard.

The three-tailed mad leopard is the supreme sacred beast. The spirit is not low. It originally thought that Ye Xuan just happened to happen. It can be seen that after this attack, it is also a shock to the tiger.

"Hey!"

This three-tailed leopard has a long tail, which is to defeat this sword, but its tail has suffered some injuries. After all, Ye Xuan is 65% of the sword.

Liu Ying Sword is a medium-sized martial art that was copied from Ye Xuan. The power is not bad.

However, there is a need to increase proficiency.

The illusion does not matter, Ye Xuan still raises the proficiency of the sword.

"Hey!" "Hey!" "Hey!"

After a glimpse of the remnants of the road, the three-tailed mad leopard, after knowing the attack power of Ye Xuan, did not dare to pick it up again and began to avoid it.

"Hey, the proficiency of the flow sword is improved, and it is currently 60% hot!"

"Hey, the proficiency of the flow sword is improved, and it is currently 70% hot!"

"Hey, the proficiency of the flow sword is improved, and it is currently 80%!"

Chapter 890: Receive award

"Hey, the proficiency of the flow sword is improved, and it is currently 80%!"

In less than five seconds, Ye Xuan raised the proficiency of the flow sword to 80%, and the power was only at least doubled.

At the same time, he also played against the three-tailed leopard.

"Roar!"

The three-tailed leopard roared, and the three tails were like lightning, and they turned to Ye Xuan. The latter's realm was too wide and was instantly smashed.

"Hey!" "Hey!" "Hey!"

Three tails of the tail, directly pumping Ye Xuan abdomen pain, but fortunately his supreme gold body is strong, otherwise the stomach will definitely be blown up.

"Animals, try this trick!"

At this time, Ye Xuan's flash of light flashed directly to the three-tailed leopard.

"The Eye of Burning!"

"The Eye of the Illusion!"

Although the object of the exhibition is only a supreme saint, these two eyes are useful as long as they are creatures.

The three-tailed leopard in the middle of the move, suddenly screamed in the sky, not only that, it also directly fell into the illusion.

Here is the fourth floor of the Mirage Tower. However, Ye Xuan's illusion of the creatures inside is also beyond the expectations of many people.

In a corner of the Tower of the Mirage.

"This kid can not only instantly see the illusions, but also cast illusions and confuse the three-tailed leopard. It is really good."

An elder of the Burning Temple, who controlled the illusion, couldn't help but mutter. He is the master of the fourth floor of the Mirage Tower. Ye Xuan's every move is under his nose.

At this point, Ye Xuan has been fighting the three-tailed leopard for hundreds of rounds.

In these hundred rounds, although Ye Xuan was drawn several times, the blood of the **** of life will immediately repair his internal injuries, so he has been in the peak state.

However, this three-tailed leopard was terrible. He was hit several times by Ye Xuan's attack and was already covered in blood.

"Well, it took a lot of time, I will send you back to the West!"

After hundreds of rounds, Ye Xuan also raised the flow shadow sword to 90% of the fire, but in order to break the illusion early, he decided to kill the three-tailed leopard.

It is at this time.

"Kid, let it kill it."

Suddenly an old voice fell, letting Ye Xuan tremble.

This voice should be the elder of the Burning House.

"Ok."

Ye Xuan is no longer attacking, and the three-tailed leopard is quietly receding.

After playing for half a minute, I finally didn't get it. Ye Xuan felt a little pity. However, fortunately, the proficiency of the flow shadow sword has improved, and it is not a loss.

With four minutes left, Ye Xuan is not in a hurry. He runs straight in one direction, and constantly probes around with the eye of insight and the eye of perception.

This illusion is endless, and it is true and false, but Ye Xuan uses the eye of insight to directly find the base of this illusion.

"Hey!"

With a crisp sound spread, an unremarkable stone was crushed by Ye Xuan, which is the base of the fourth layer of fantasy.

At the moment when the stone shattered, the scene around Ye Xuan changed.

"Teacher, congratulations on passing the fourth level!"

The outside disciple appeared again in front of Ye Xuan and said with a smile.

He also felt that Ye Xuan was not self-sufficient, but did not expect that Ye Xuan was hidden, and broke the fourth layer of illusion within one minute, but this broke the record.

Ye Xuan just smiled, and he also saw the smile of the outside disciple, but did not say much.

"Teacher, do you still have to continue to challenge the fifth level?"

The foreign disciple continued.

"No, wait until I break through and challenge."

Ye Xuan shook his head.

"Okay, this is your identity token and customs clearance certificate." What the foreign disciple said, directly return the identity token to Ye Xuan.

In the Temple of Burning Sun, there is only one identity token. If the disciples get rid of them, they have to spend a lot of natural treasures to re-create them. After all, if their identity tokens fall into the hands of the Yinyin Palace, they can also be used to change the treasure of heaven.

At this time, Ye Xuan can hold the identity token and go to the outer hall to receive the rewards from the first to fourth floors of the Mirage Tower.

"Thank you brother!"

After thanking a sentence, Ye Xuan left directly.

Only when he broke the scene of the four customs, he was noticed by others, but more people's attention was focused on the high-ranking brother, and the high-ranking brother was still cracking the sixth-level fantasy.

Ye Xuan was too lazy to pay attention to him and left directly.

"Young Master, where are we going now?" asked Luo.

"Go to the training hall, first lead the things, and break through to the middle of the Supreme Sixth!" Ye Xuan replied.

He was just the beginning Supreme Six, the average person can broke into the second hurdle would be a blessing, he broke into a fourth pass, so the reward for him, should be able to break through to the Supreme six medium term.

Soon, he is with yo came to experience the Church.

"Brother, please help me to redeem at these awards." Xuan Ye identity tokens and clearance that offered it.

Life experiences that were outside the Church of the Disciples startled a little, looked Ye Xuan could not help but look, even just the initial six supreme?

"Young good strength, ah, Crack four off." This name outside the Disciples could not help but praise the sentence, immediately went to the leaves Villa is ready to stuff.

Not for a while, he is out, heaven and earth with a ring.

"The first floor of the Mirage Tower rewards one hundred senior Supreme Dan, the second layer rewards..." The foreign disciple chanted and handed the 乾坤戒 to Ye Xuan.

These rewards are all prescribed, and Ye Xuan checked it out and confirmed that there is no problem.

"Thank you brother."

Ye Xuan thanked one sentence and took out a token. This is the white-haired old man who was killed when the sunset fell.

"Oh, the deacon of the Supreme Sixth Anniversary, a hundred senior Supreme Dan!" This foreign disciple took out one hundred each senior Supreme Dan, and accepted the token.

After the rewards were redeemed, Ye Xuan left quickly.

"It turns out that the identity token of the hostile camp is so worthless."

After leaving the experience hall, the fall can not help but vomit.

"It's not worth it, because his realm is too low. If it is the Seven Robbers, there will definitely be a lot." Ye Xuan said.

However, the rewards he received were enough for him to break through to the middle of the Supreme Sixth.

At the moment, they are returning to their homes, and Ye Xuan is engulfing those treasures.

"Hey, the host breaks through, and it's currently in the middle of the Six Robbers!"

Sure enough, Ye Xuan broke through.

"Congratulations to the young master." The side of the fall said with a smile.

"The Supreme Golden Body has improved a lot. Now I can go to the 60-meter platform of Liujin Waterfall and quench it." Ye Xuan frowned.

But before that, he felt it necessary to update the realm of the avatar.
