

## Super D. S 891

Chapter 891: The fifth floor!

The Yinyin Palace and the Burning Yang Temple are not far away, so the eye of a emptiness is enough to summon the avatar.

After the fit, the avatar once again broke through the void and returned to the yin dynasty.

"Young master, what do you want now?" asked Luo.

"First go to the Flowing Golden Waterfall to quench the supreme golden body. At that time, let's go through the two towers of the Mirage Tower!"

Ye Xuan said the plan in his heart.

"I heard that as long as someone has crossed the six-story tower of the Mirage Tower, you can directly enter the inner door." Suddenly said.

"Well, during the time when I went to the Jinjin Waterfall to quench the Supreme Golden Body, you can also try the Tower of the Mirage." Ye Xuandao.

His current goal is not only to upgrade his own strength, but also to improve the strength of the fall.

"Reassured, young master, I am now physique, even if there is no heaven and earth treasure, the cultivation speed is ten times faster than others. If you practice normally, you will break through to the Supreme Six Peaks at least one month." A smug look.

One month, from the middle of the Supreme Six to the Supreme Six Peaks, if it is heard by others, it will be considered a fool.

However, the fall has a peculiar physique, so Ye Xuan is not worried that her strength can not keep up.

After the breakthrough, Ye Xuan once again went to the Liujin Waterfall, where there are still many people.

Then he took off his shirt and stood on the platform of 60 meters.

The 60-meter platform is the level of the Seven Robbers. In the Ye Xuan District, a Supreme Six-Year is dare to be above, and it is really looking for death.

This is what the outside disciples think, but unfortunately, the scenes in their illusions have not been seen. Ye Xuan has not been killed by a small stream of gold, but has also withstood the huge current impact.

"Stupid humans..."

Ye Xuan gave them a glance and closed his eyes.

The last time he spent a day at the Liujin Waterfall, this time it took at least a few days.

Falling also went to the tower of the illusion, but unfortunately her ability to crack the illusion is not strong, barely pass the third floor, but also got a lot of heaven and earth treasure, and then began to practice.

.....

Time flies, it is three days in the past.

In these three days, Ye Xuan has been insisting on quenching the supreme golden body in Liujin Waterfall. His perverted physique is also a crowd of people.

"Three days, the third day, he has been insisting for three days!"

"It's terrible. I can only hold it for ten minutes at 70 meters. He has been insisting for three days..."

"Come on, come a lot of brothers inside the door."

"It should all be asked about the constitutional problem."

"Look, he doesn't seem to be hurt anymore. His supreme gold body can't hurt him even for the 60-meter gold."

In the discussion of the outside group of disciples, Ye Xuan finally slowly opened his eyes.

"The 60 meters has been useless to me. The flow of the Liujin Waterfall is not enough. Only 50 meters is required..."

Ye Xuan thought in mind, and immediately left the platform.

Fifty meters, that corresponds to the middle of the Supreme Seventh. With his current realm, it is estimated that he will be rushed to the bottom.

"It's time to try the Tower of the Mirage..."

Ye Xuan is dressed.

On the day of his Supreme Sixth, he passed the fourth floor of the Mirage Tower. Now he has broken through to the middle of the Supreme Sixth, and with the tempering of the Supreme Golden Body, it is not a problem to rush to the sixth floor.

However, if you can pass the customs, you still have to look at some luck. If you can pass it, then he can enter the inner door.

There are some inner disciples here at Liujin Waterfall. When I saw Ye Xuan, I also went up.

Ye Xuan understood what they wanted to ask, but they were vaguely past.

In fact, he has a way to make a fortune, that is, selling blood. He has the blood of the \*\*\*\* of life, and the injury of the Supreme Seven is almost as long as one or two bottles of blood can heal.

However, the method of selling blood is not insured. If it is known by other people, what should I do if I am imprisoned and kept bleeding?

In case, just in case, this method is still forgotten.

After leaving the Liujin Waterfall, Ye Xuan returned to the Tower of the Mirage. After a few days, he occasionally came to the Tower of the Mirage, but also let her pass the fourth floor.

At this time, there are still many people under the tower of the illusion. Not only that, but the high-ranking brother of the ape monkey is just on the sixth floor of the tower of the illusion, but the illusion of the day is different from before.

"Young Master, you are coming."

The fall drifted away from a distance.

"Well, start challenging the fifth floor!" Ye Xuan nodded.

"Hey, if the young master passes the tower of the illusion, then he can enter the inner door. I don't know when I can enter."

"Afraid of what, after a while, I will go to get some treasures for you, and you will be able to improve quickly."

Ye Xuan petted the fallen head, and then he went to the tower of the illusion.

"Hey, is the younger brother?"

On the same day, he received Ye Xuan's disciple of the Supreme Six Peaks, and said strangely.

"Senior brother, I want to challenge the tower of the fantasy." Ye Xuan said directly.

"Okay, but you know the rules, you can't take the rewards of the first four layers." The outside disciple reminded.

"understand."

Ye Xuan nodded, this time, he stared at the five-story and six-story.

The fifth floor of the Mirage Tower is rewarded with 10,000 senior Supreme Dan, and the sixth floor reward is a supreme Golden Dan, which can greatly enhance the Supreme Golden Body. If Ye Xuan is specially swallowed, absolutely Can improve a lot of repairs, and even break through to the Supreme Six Peaks.

However, the Vision Tower needs to start from the first floor every time, so Ye Xuan is the same.

"The first layer, pass!"

"The second layer, pass!"

"The third layer, pass!"

In the first three floors, Ye Xuan only took less than three seconds to pass, and on the fourth floor of the Mirage Tower, Ye Xuan only took half a minute to find the base.

"Teacher, the next layer is the fifth floor of the Mirage Tower. You have to pay more attention. This is much more dangerous than the fourth layer." The foreign disciple reminded.

Ye Xuan nodded silently.

On the fourth floor, there is only one seventh-order sacred beast. He estimates that there will be many seventh-order sacred beasts on the fifth floor.

However, on the same day, he was not the first six of the Supreme Six, and now it is the middle of the Supreme Sixth. The Supreme Golden Body is probably even stronger than the Mid-September. What is the fear?

Soon, he entered the fifth floor of the Mirage Tower.

The fifth floor is still a grassland, and the sky is blue and cloudless.

Ye Xuan looked around and found himself on a large rock.

"Nothing?"

Ye Xuan's heart was very strange. He swept it with insightful eyes and found that there were a few winds around it.

Chapter 892: Passing?

"This is... wind spirit?"

He brows a pick.

Feng Ling is a kind of strange animal. There is also a fire cub in his engulfing space.

At that time, he captured the fire spirit and wanted to give Song a ruling, but he did not expect the Song ruling to be used at all, so he kept it.

However, the spirits, fire spirits, earth spirits and other exotic animals have no use at the level of supreme. After all, the era of the righteousness has long passed.

However, these wind spirits appear on the fifth floor, certainly not simple.

"Huh!"

At this time, a wind spirit suddenly swept over Ye Xuan, the speed is extremely fast.

"A good and fierce wind blade attack is enough to cut the arm of the ordinary seven robbers!"

Ye Xuan was shocked and hurried back and attacked at the same time.

"Flower Shadow Sword!"

"call out!"

A sword mantra passed through this wind spirit.

Ye Xuan was shocked. He didn't expect the ordinary attack to be useless to the wind. But he didn't believe in evil, and raised his hand and took out a few swords, but he still wore the past.

"You must use the palm or boxing method!" Ye Xuan blinked.

The boxing method and the palm method have a large range of attacks, but it is possible to directly kill the wind spirit.

However, Ye Xuan does not have the boxing and the palm of his hand, so it is not a good thing.

This wind is very fast, and there are two around, even if the eyes of the insight can not see their weaknesses, therefore, Ye Xuan decided to temporarily avoid the edge.

"Fortunately, my speed is extremely fast, there are seven times of agile advancement, and the speed of 70% is increased. This spirit can't catch up with me!"

Ye Xuan turned around and ran.

This wind spirit he can't deal with, wants to pass customs, then you have to find the base of the magic array.

He began to run wild, followed by a few wind spirits, but he could not catch up with his speed.

"Found, and disguised as a stone."

With the eye of insight, he found the base in less than half a minute. At the moment, he was a sword and broke the base.

When the base is broken, the illusion will disappear, but this time it does not.

"The magic array is still there, I have no customs clearance, which means that this is not the only base!"

Ye Xuan suddenly reacted.

The base is not to say that there is only one.

"Roar!"

A fierce supreme sacred beast rushed toward Ye Xuan, but Ye Xuan knew that they were only illusions, so they chose to ignore them.

He began to run wild, and in less than a few seconds he found a disguised stone base, but the magic array still did not break.

Finally, after he broke four bases, he finally broke the illusion.

"Congratulations to the younger brother for breaking the success!"

Ye Xuan was transferred to the entrance of the Mirage Tower, and the foreign disciple smiled and gathered.

"Continue to the sixth floor!"

Ye Xuan said directly.

"it is good!"

The foreign disciple immediately filmed, but he is now in the thigh of Bao Yexuan, although his realm is even higher than Ye Xuan.

However, before this, Ye Xuan had to go to the training hall first, and led the reward of the fifth layer, which is 10,000 senior Supreme Dan.

The tower of the illusion can be challenged once a day, the rest is ok, and the next day you have to challenge again.

Ye Xuan went to the 10,000 senior Supreme Dan, and then directly swallowed it, and refined it into a lot.

On the sixth floor of the Mirage Tower, there is still a person who is challenging, that is, the high brother.

"The younger brother, the sixth floor of the Mirage Tower, has no time limit, but it is extremely dangerous. If you can't keep remembering and shouting, I will send you out." The foreign disciple reminded.

"it is good!"

Ye Xuan nodded.

"The young master is cheering, as long as you have passed this, then you are the inner disciple of the Burning Temple."

Falling behind the back and waving a small fist said.

When this was said, it immediately caught the attention of the people around them, and they all focused on the sixth floor, but did not find that Ye Xuan passed the fifth floor.

"My God, the fifth floor of the Supreme Sixth passed through the fifth floor. How is this possible?"

"Where did this kid come out, the high school brother also passed the fifth floor a few days ago."

"I recognize him, he is the self-healing madman, and it is three days at the sixty meters of the Liujin Waterfall!"

"If the people in the middle of the Supreme Sixth passed the sixth floor, it is to break the record of the Burning Temple. I remember that the record holder is the Supreme Six Peaks..."

"If he enters the inner door, he will be accepted as a disciple by an elder."

"That may not be the case. It is now a very special period. I heard that there are several splendid palaces in the inner door. It is not so easy to enter the inner door."

The people underneath are whispering.

At this time, Ye Xuan has entered the tower of the illusion.

After a while, the sixth floor of the Mirage Tower, there is another projection, and everyone's attention is attracted to this new projection.

Who will pass the customs first?

.....

"Well? This sixth layer is actually the illusion of the high brother of the day."

Ye Xuan, who entered the sixth floor of the Mirage Tower, was a bit strange. The illusion of the high-ranking brother of the day was a magma hell, surrounded by a large number of fires.

However, when Ye Xuan saw the projection, his eyes could not tell which ones were true or not.

"This level, there is no time limit..."

Ye Xuan thought in mind, although he said so, he immediately swept it with insightful eyes.

At this time, he was standing on a column of more than ten meters. Under his feet, there was a hot magma. In the magma, there was a supreme beast that came out from time to time. There were also various birds and beasts flying in the sky, even Ye Xuan. I feel the hot high temperature.

"These magma is actually true, but some places are just illusions, just a few magma pools, but the magma creatures underneath are really fake..."

Ye Xuan blinked his eyes and first probed around.

The creatures in this illusion are already old monsters that have lived for a long time. They are all caught by the masters of the Burning Temple. They also understand their mission, that is, they attack the illusions and the squad.

However, Ye Xuan has already seen the illusion. He jumped directly from the stone pillar and directly bypassed the Supreme Holy Beast.

The creatures in this illusion are comparable to the Supreme Seven Peaks, but these supreme sacred beasts are not speed-shaped, but only physically strong, Ye Xuan can't hurt them, but they can't catch Ye Xuan.

Ye Xuan used the speed of people to start a quick walk, and with the eyes of insight and the eye of perception, he quickly found the base.

Within a minute, this magical array was broken.

"Through customs clearance?"

Seeing the scene of the surrounding illusion disappeared, Ye Xuan's brow was also a pick, and at this time he was surrounded by a white world.

Since the customs clearance, why haven't they been sent out?

Ye Xuan couldn't understand.

at this time.

Suddenly a powerful mental attack hit, Ye Xuan headed a meal, the next moment is a white eye, and fainted.

Although the phagocytic system is immune and fascinating, but it is not immune to mental attacks, he will still be illusory.

Chapter 893: test!

"That Kaohsiung has been trapped in the secret for an hour. It took only a minute to crack the illusion. It was a good seed, but it was not so easy to get into my inner door."

In a corner of the Tower of the Mirage, an inner door elder muttered.

The Burning Yang Temple and the Yinyin Palace have been fighting for a hundred years. The disciples of the two sects have seen the hostile forces, that is, they have made a big fight and they have a life and death.

Some time ago, there were several traitors in the inner gate of the Burning Yang Temple, which caused the loss of the Burning Temple. Therefore, it is not so easy to enter the inner door now. It must undergo a rigorous dark test.

When Ye Xuan woke up, he found that his surroundings had changed. He even returned to Lianyuncheng in the East China.

"what happened?"

Ye Xuan is a bit strange.

Just the moment he woke up, suddenly someone pushed in the door, it was Liu.

When he crossed the age of fourteen, Liu was smaller than him, but after so many years, he was almost twenty-four years old, and Liu was naturally twenty.

Liu Er was a beautiful man from a young age. In recent years, she has been slim and beautiful. The appearance is no worse than that of Song Dianjing and Guan Yulan. She has been in Yeja for many years and is very capable.

She pushed the door and came in. After seeing Ye Xuan sitting up, she smiled and said: "Young master, you finally woke up, there is a guest coming..."

"Guest, who?"

Ye Xuan could not help but ask.

"It is the messenger of the Yinyin Palace..." Liu Er replied.

"The yin dynasty?"

Ye Xuan, who still has some pain in his head, heard the power, and his body shape suddenly trembled, and suddenly reacted.

He has a perception of the eye, he did not sense the people around him, this Liuer in front of him, just an illusion.

"I am still in a fantasy..."

Ye Xuan eyes a glimpse.

He suddenly reacted. This should be a special fantasy created by the elders of the Burning House, which penetrated into his inner world.

test!

"I heard that there is a spoiled sinister palace in the inner door. I want to enter the inner door and must be tested..."

Ye Xuan thought about it, and then he followed Liu Liu and went out.

This illusion is very real, and Ye Xuan fainted in the past. After waking up, it was a bit confusing memory. If it was not the eye of perception and the eye of insight, the subconscious mind after Ye Xuan woke up would really make him think that he had returned to Lianyuncheng.

Then he followed the back of Liu, and then went to see the imperial palace messenger.

The imperial palace messenger is an old man, and the atmosphere is strong. Ye Xuan is far from feeling, at least seven sacred supreme.

"The ambassador, the young master is coming." Liu said reverently.

The Yinyin Palace messenger looked at Ye Xuan and said: "Lianyun City, the main Ye Xuan, now the Burning Yang Temple was annihilated by my yin yin palace, the forces under the original Burning Yang Temple must join my yin dynasty, now give you three days Join me in the Yinyin Palace, otherwise, even Yuncheng will be leveled by my Yinyin Palace!"

Although her voice is not big, her tone is very strong and she does not allow Ye Xuan to refuse.

"Chunyang Hall, was annihilated by the Yinyin Palace?" Ye Xuan muttered again, and his heart was very disdainful. All this was the illusion created by the elders of the Burning Temple.

I am afraid that if he promised to join the Yinyin Palace at this time, then the assessment will fail immediately.

"Not bad." The Yinyin Palace messenger nodded.

Unexpectedly, the next moment, Ye Xuan is suddenly shot.

"call out!"

The wind is coming.

The sinister ambassador was shocked and hurriedly took the shot and shouted: "What are you doing?"

"I am a disciple of the Burning Temple, you said what I am doing, to die!"

Ye Xuan shouted, it was to kill the past, he was playing against each other.

At this point, in the corner of the Tower of the Mirage.

"Oh?"

The inner door elder who controls the six-level illusion is somewhat surprised.

In fact, the high school brother has also passed the first illusion of the sixth floor of the Mirage Tower. At this time, he and Ye Xuan are in the second illusion.

Not only that, but Gao Shixiong had to enter the second illusion through the first illusion, but after he passed out, the memory was a bit confusing. He actually thought that he had returned to his hometown and then heard the death of the Burning Temple. The matter, but he did not immediately reject it, but was considering it.

There is no doubt that Ye Xuan is even better than him. Even if the Burning Temple is dead, Ye Xuan will die.

However, I have to say that this illusion is very real, and Ye Xuan really played with the yin dynasty messenger.

Of course, playing is a seventeen, dare to kill is another matter.

The elder of the inner door who controlled the illusion, deliberately let the imperial palace messenger leak a few flaws, and then was caught by Ye Xuan.

"Go to death!"

Ye Xuan unrelentingly took out a sword and smashed the head of the sinister palace.

"噗通!"

The head fell to the ground, and the body stood still, \*\*\*\* and arrogant.

"Less, young master, you are in a big disaster..." Liu Er was shocked and said in a hurry.

"Liu Er, inform other people, we raise family migration." Ye Xuan said to Liu Er.

But the next moment, his head was once again swollen and fainted.

However, it is not only this one test.

Next, he woke up a few times and almost confuses the memory. Fortunately, with the eye of perception and the eye of insight, he found that it was a fantasy.

There were a total of five tests, and even one of them returned to Tianshui, but he passed the tests with ease.

The time spent on the five tests adds up to three minutes.

When Ye Xuan and Gao Shixiong conducted a secret fantasy test, they would not be projected outside the tower of the illusion.

Not only that, but the inner door elders can't really see Ye Xuan's illusion, he can only judge according to Ye Xuan's language and behavior.

"Young master, why don't you come out?"

The sound of the fall sounded in Ye Xuan's mind.

"Well, I have passed the secret test." Ye Xuan replied.

The eye of insight, the eye of perception, and the fall, no one factor will make him immersed in the illusion.

Ye Xuan, who passed five secret tests, has not yet been transferred to the Mirage Tower.

"Young man, you passed the test, you can go to the inner door today." Suddenly an old voice fell in Ye Xuan's ear.

"Thank you for your predecessors!"

Ye Xuan clenched his fist in front of the white scorpion. The next moment, he appeared at the entrance of the tower of the illusion.

Then he heard a group of cheers.

"Through, he passed, how is this possible?"

"It's incredible. The high school brothers were in the midst of the seventh mid-term. They had not succeeded many times, and this kid only came twice, and he passed."

"What is this kid, he is a brother in the future, do you want to die?"

"Unbelievable, the Supreme Sixth Middle Ages actually passed the tower of the illusion and entered the inner door. This is a record that broke my burning temple."

A group of people are underneath, looking at Ye Xuan incredibly.

Chapter 894: The genital palace is fine?

"Young Master, are you passing?"

The fall jumped over.

"Through."

Ye Xuan said with a smile.

The fifth floor of the Mirage Tower rewards 10,000 senior Supreme Dan, the sixth floor reward is a supreme Golden Dan, and the fifth tier reward he has already received, so only one Supreme Jindan is left.

However, as long as he specifically swallows this supreme golden body, it is not bad even if he can't reach the point of robbery.

"Ye Shixiong, congratulations!"

Those outside disciples ran over and said with a fist.

Although there are many of them who are the best of the six peaks, and even seven sacred supremes, they are still only outside disciples, and Ye Xuan, I am afraid I will be able to report to the inner door tomorrow.

Ye Xuan thanked him.

However, at this time, there was another figure at the entrance to the tower of the illusion. Ye Xuan turned around and looked at the high brother.

At this point, this high school brother was pale, but his mouth was full of smiles.

It seems that he has also passed the test.

"Ah, brother, congratulations."

The group of people in front of Ye Xuan immediately turned around and ran to the high school brother.

However, the high-ranking brother did not pay attention to it. He walked straight to Ye Xuan and said, "Is it you, pass the test before me?"

"It just happened."

Ye Xuan is modest.

At the same time, he was also secretly looking at the expression of this high-brother, but after listening to the latter, he shot his shoulder and said: "The younger brother is really powerful, but the Supreme Six actually passed the tower of the illusion and the elders of the inner door. The test, admire."

Some people, after hearing the facts, are likely to express disdain for Ye Xuan, but this high-ranking brother does not have this kind of emotion, and it is no wonder that he can pass the sixth floor of the Mirage Tower.

"The big monkey, my young master is already better than you." A smug look.

"Haha."

Gao Shixiong couldn't help but smile and said: "My name is Kaohsiung. Since the younger brother has passed the Tower of the Mirage, we will go to the inner door to report it now."

"it is good!"

Ye Xuan also agreed.

At the moment, they are teaming up and then heading to the inner door of the Burning Hall.

There are tens of thousands of disciples outside the temple, but the inner disciples are not even a thousand. However, in addition to those who are qualified, the inner door is basically a seven-role supreme, and the strength is very strong.

Because the outside disciples could not enter the inner door, they could only wait outside.

Ye Xuan and Kaohsiung entered the inner door and went straight to the report.

"You two, there is still a report mission did not do, you set off today, went to the main city of the broken Star City report." An inside disciple said to Ye Xuan and Kaohsiung.

"Reporting mission?"

Ye Xuan brows a pick and looks at Kaohsiung.

That broken star city, about one day away from the Burning Temple, two days back and forth.

However, they have never heard of reports.

"I must have heard about it. Recently, there have been traitors in the inner gate of the Yinyin Palace, so this report has been added. Of course, you two will be able to leave tomorrow," said the inner disciple.

"Oh."

Ye Xuan took the report letter and received it in the swallowing space.

Then they left the inner door.

"Higher brother, are you leaving today or tomorrow?" Ye Xuan asked.

"I am a little tired today, I will be tomorrow." Kaohsiung replied.

Ye Xuan paused and said: "Then I will set off first, and the high school brothers take care."

It's just a reporting task, so there is no need to act together. Ye Xuan estimates that this reporting mission may be to collect a token of identity for the Yinyin Palace.

When he finished, he left directly and fell. Of course, before leaving, he went to the auditorium to receive a precious supreme golden dragon.

Supreme Jindan, all the disciples of the outer door are coveted, this time in the palm of Ye Xuan.

"Hey, the host breaks through, and it is currently the peak of the six robbers!"

This one of the supreme Golden Dan directly let Ye Xuan break through, but it has not reached the point where he can go to the seven heavy to the robbery.

"Young Master, I have to go."

At this time, the fall suddenly said.

"Well, let's go together." Ye Xuan nodded silently.

At the moment, the two of them left the Burning Hall directly. The broken star city is not far from the Burning Temple, so it is generally not the killing of the Yinyin Palace.

However, they are wrong.

Less than half a day after they left the Burning Hall, there were two people who stepped into the sensing range of Ye Xuan.

"A strong and powerful atmosphere, two supreme seven early!"

Ye Xuan brows a pick.

Here is the scope of the Burning Temple. It should not be so easy to meet the people of the Yinyin Palace, so Ye Xuan guessed that they were the Temple of the Burning Sun.

At the same time, Ye Xuan also expects them to be the people of the Burning Temple. Of course, if it is the Yinyin Palace, it is also rejected.

In the early days of the two Supreme Seven, he was still able to deal with it. After all, he had already broken through.

"Falling carefully, there are two Supreme Seven early in the beginning." Ye Xuan quickly reminded to fall.

"Really, it's just that in the early days of the Supreme Seven, I am not afraid." Falling into a militant appearance, waving a small powder punch.

"Teacher, please wait."

Suddenly a voice came from afar.

Ye Xuan and the body fell into a shape, turned and looked, I saw a white young man leaned over, a white coat, a Tsing Yi.

"Hello, is there something?" Ye Xuan squinted.

"Teacher, we are also disciples of the Burning Temple." The white-headed young man who took the lead suddenly took out an identity token. It is indeed an inner disciple.

"Oh, is there anything for the brothers?"

Ye Xuan squinted.

"Nothing, just heard that you are going to break the Star City to do the reporting task, just as we have to break the Star City, why not go with you?" White Youth laughed.

Wen Yan, Ye Xuan also gave himself a wake up.

Just to break the Star City, do you have to go with your peers?

"No, we still intend to take a break along the way, please wait for the brothers." Ye Xuan directly with the fall back to the side, gave the two people a way out.

The white youth and the other person looked at each other and suddenly flashed a murder.

"kill!"

In a high-sounding voice, the young men in white took out the weapons directly, and then attacked Ye Xuan and the fall.

Sure enough, these two people are stupid!

"Let's fall, kill them!"

Ye Xuan's voice rang in the falling mind.

These two people should be the spies of the Yinyin Palace hidden in the Burning Temple. They rely on the people who hunted the Burning Temple, and then used the identity token to give the people of the Yinyin Palace exchanges for cultivation resources.

"Oh, I know that these two are not good people, young master, and the other one is handed over to me."

Falling down this little violent woman, because of the lack of a fight, it is also a itch, and now it is just an opponent.

Chapter 895: Manslaughter!

Not only that, but Ye Xuan also ignited the war.

If the two sacred sects of the Supreme Seven are killed, then his cultivation can be further refined.

These two people have also heard of Ye Xuan's supreme gold body, so they have gathered their eyes on Ye Xuan.

Although it is a bit unfair to say that the two-on-one is a bit unfair, this is the reality.

However, the two men then knew that they were wrong and that they were wrong.

"You guys, dare to besiege the young master, find death!"

Falling roar and screaming, killing the past with the Tsing Yi disciple, six and a half claws, enough to pose a threat to these two people.

The Tsing Yi disciple also understood the extraordinariness of the fall, and immediately turned around and fell to the past.

"Don't keep your hands, quick fix!" Ye Xuan said in the mind.

"Ok."

The fall should be a sentence.

The next moment, Ye Xuan saw a white flash passing over the Tsing Yi disciple.

"Is this trick again?"

Ye Xuan was shocked. The last time, it was the use of this trick to kill the old man of the Yinyin Palace.

The more two levels kill the opponent, this qualification is not a problem to enter the inner door.

"Oh, tired, this trick can only be used once a day..." Some helplessly said.

"Once a day, this is also very abnormal."

Ye Xuan swallowed it.

Of course, the most strange thing is the white youth, his companion was actually killed by the low two realms, and Ye Xuan is not a short time he can win, he is dead.

"Teacher, wait, I am here to test you!"

The white youth hurriedly shouted.

He couldn't think of it. Just one face-to-face, he killed his companion when he fell. If the opponent who fell is only him, then he is dead.

"what?"

Ye Xuan and Luo are both surprised.

These two people are to test them?

"A nonsense, I have already passed the test!" Ye Xuan's suppression of the killings flashed again, drink a low.

"Really, the elders responsible for the investigation are nearby." When the white youth finished, he said, "Elder, help!"

His appearance looks like real.

Ye Xuan is also hesitating.

"Young master, what should I do now?" Falling suddenly looked at Ye Xuan.

Only then did he kill an inner disciple, and if he killed another one, it would be no worse.

If the white youth said that it is false, but if the white youth said it was true, then it was a tragedy. After all, they actually killed the disciples to assess their disciples.

"Let's fall, no matter what, kill him!"

Ye Xuan made a decision.

Since you have already killed one, then kill one more.

"The spy of the Yinyin Palace, even dare to talk nonsense, to die!"

Ye Xuan sipped a big sentence and attacked with all his strength.

Fall and fall quickly with Ye Xuan.

But at this time, suddenly a figure flashed quickly.

"So fast!"

Ye Xuanhu, who had the eye of perception, was shocked. When he turned his head, he saw a gray figure rushing to him and guarding the white youth behind him.

"Elders."

When the white-dressed youth saw it, it immediately revealed the look of hope.

This gray figure is an old man wearing a coarse linen, but the strength is powerful to the explosion.

"At least it is the Eight Robbers!" Ye Xuan and the falling heart trembled, he is already ready to hide in the pet space.

In the early days of the Seven Robbers, he could deal with it, but in front of him, this is the Eight Robbers, and he has the power to kill him.

"Li Tao, dead?" The gray-haired old man turned his head and looked at the white youth.

"Elder, Li Tao was killed by the little girl."

The white-haired youth pointed indignantly.

The gray-coated old man turned his head and looked at it. Finally, he fell his eyes on the falling body. He was able to kill the seven-robbery in the realm of the mid-sixth century. This qualification is not a problem when entering the inner door.

The gray-clothed old man turned his attention to Ye Xuan's body and said: "Your assessment is over. Go back to the Burning House with me."

"you guys?"

Ye Xuan's brow is a pick. This means that the fall can also directly enter the inner door of the Burning Hall.

"Elder, she killed Li Tao!"

The white young man yelled.

The fall killed and killed the Tsing Yi disciple, and even he was almost killed by Ye Xuan and the fall, how can this hate not report?

"I know, but this is my fault. After going back, I will naturally report up."

When the old man in gray coat finished, he turned and left.

"but....."

The white youth still wants to say, but it is also tolerated. He glared at Ye Xuan and fell aside. He was about to close the body of Li Tao and followed him up.

"If this person wants to kill us, it is easy. It seems that this is indeed the assessment of the Burning House. The reporting task is just a blind man."

Ye Xuan thought in his heart.

"Whoever made them so poor, hey, the Qiang Kun ring was taken away."

"Cough, you can now enter the inner door, it is not bad." Ye Xuan laughed twice.

Originally, this report task was only done by him alone. The fall was only followed, but he did not expect to kill the Tsing Yi disciple. This is something that the white youth and the elders of the Burning Temple did not expect.

The white youth and the Tsing Yi disciple are pretending to be the yin dynasty. They want to kill Ye Xuan and fall. This is also a test. After all, if Ye Xuan is a sinister palace, then it will show identity, but unfortunately, Xuan is not.

Soon, Ye Xuan and Luo are behind the old man in the gray coat and returned to the Burning Hall.

"You two followed me, I personally took you to complete the registration of the inner door." The old man in gray clothing said to Ye Xuan.

"Yes!"

Ye Xuan nodded and followed.

Along the way, he also felt the envy of the inner disciples, and the whispers of these inner disciples were all in the ears of Ye Xuan.

"Han elders? The strength of all the elders in the Burning Hall can be ranked in the top ten?" Ye Xuan eyes lit up.

Not only that, but he also suddenly remembered the voice of the elder Han, who had heard it before in the Tower of the Mirage. The original elder Han was the one who let him go to the inner door after he completed the test.

Soon, the elder Han was personally registered for Ye Xuan and Luo. From now on, Ye Xuan and Luo Dian are the inner disciples of the Burning Temple.

However, it is at this time.

"You two, the qualifications are very good, are you interested in losing to my door?"

After the registration was completed, Han's elder suddenly turned and asked.

When the words came out, all the disciples around were shocked.

When the outside disciple enters the inner door, if the qualifications are good, then the elders will accept them. However, the elders of the inner hall of the Burning House are strong and weak. This Korean elder is undoubtedly a master and loses under his door. Then, the future is smooth sailing.

Chapter 896: Li Shixiong

After Ye Xuan and Luo Yi heard it, they couldn't help but look at each other.

"Young master, do you want to apprentice?" asked in the mind.

"This seems to be as simple as the imaginary temple. It is also good to find a powerful master." Ye Xuan answered a sentence in his mind, and then he was holding a fist: "People Ye Xuan, see the master!"

Falling is the first time to learn from the teacher, and also learned how to look at Ye Xuan.

"Very good, you are the seventh and eighth disciples under my door, and there are six before you."

Han Elder smiled and nodded. "My strength in Hanming is not top-notch in the Temple of Burning, but I am proficient in the tricks of the Yin Palace. You two can worship under my door. You can also learn one." two."

Proficient in the genital palace?

Hearing this, Ye Xuan is also a bit strange, but he recalled the means of the elders of the South, but also calm.

This Korean elder is a master. The mental attack can instantly let Ye Xuan faint in the past, and he will be slaughtered. He also has the means to confuse memory.

However, Ye Xuan is not interested in illusion and mental attacks. After all, he already has the eyes of the ban and the eyes of burning. The elder elders can confuse him before because of the suppression of the realm.

If Ye Xuan starts with a four-role supreme, his eyes on the ban will allow the other person to live in a illusion and never wake up. A burning eye will certainly make the other person feel a mental breakdown.

However, this is a good teacher for the fall. The spiritual strength of the fall is inherently higher than other races. If you learn illusion, mental assault, etc., her strength will rise straight, and it may improve the charm.

"Well, since the two of you have entered under my door, these things will be treated as your meeting." Han's elders suddenly took out two jade bottles from the Qiankun ring.

Ye Xuan and Luo Yu each took a jade bottle, opened it and suddenly smashed.

"Supreme Jindan, is it still five?"

Ye Xuan was scared.

He managed to get through the sixth floor of the Mirage Tower before he got a supreme Golden Dan. However, this time the Korean elders shot ten Supreme Jindan, and the masters were really rich.

"The realm of the little girl is too low, and it will be promoted quickly, or even my fur will not learn..." Han Elder looked at the landing and said.

"Hey, Master, I won't let you down."

Falling down is not annoying, directly accepting the five supreme Golden Dan, not only that, Ye Xuan also quickly received the devour space. With these five supreme Golden Dans, he can definitely rob, and the success rate of the robbery is definitely 100%.

"You first refine and refine the Golden Dragon. There are still some things to deal with. If you have any problems, come to me."

When Han's elders finished, they left quickly.

Ye Xuan and Luo Lan also left in the envious look of the surrounding disciples and walked toward the newly allocated residence.

"Young Master, I am going to refining the Supreme Jindan."

After returning to the residence, the landing was directly closed to the door.

Supreme Jindan, like the blood-stained Dan, can greatly enhance the supreme Jindan, and at the same time can improve the cultivation. Even if it is the Seven Robbers, it will be very eye-catching, and when it falls, it will get five. Her realm is only in the middle of the sixth year. If the blood is used to refine all the five golden dragons, it will not be a problem to break through to the seven.

Ye Xuan did not want to let the fall over, and hurriedly swallowed five Supreme Jindan.

Supreme Jindan, suddenly improved a lot.

"Hey, the host has reached the request for a robbery. The current success rate of the robbery is 100%. Is it a robbery?"

The long-lost system prompts the sound.

"Yes!"

Ye Xuan directly responded.

Since the success rate of the robbery is 100%, it is natural to directly rob.

At the moment, the sky above the courtyard is beginning to condense the thunder, the power of the sacred robbery is strong, and countless people have died on it, not to mention the seven-fold sacred robbery.

However, Ye Xuan's Supreme Golden Body was comparable to the ordinary Supreme Seventh in the middle, and after the special refining of five Supreme Jindan, it was even more powerful, and a seven-strong supreme robbery was nothing.

Soon, the Supreme Thunderbolt was smashed down.

One, two, three...

The seven-way supreme robbery was in one go, and Ye Xuan stood quietly in the courtyard, not even wrinkling his brow.

"Oh, the success of the robbery, the current seven-royal supreme, began to reshape the supreme golden body!"

After the seventh road of the thunder, the Ye Xuan finally broke through to the Supreme Seven.

"I finally broke through to the Seven Robbers, and now I am a high-ranking supreme..."

Ye Xuan's confidence is overwhelming. Now he can go to Liujin Waterfall to quench his supreme body.

In the middle of the Supreme Sixth, he can challenge 60 meters. Now he has broken through to the beginning of the Supreme Seven. It is not a problem to rush to forty meters.

After talking with the fall, Ye Xuan left directly and went to the Liujin Waterfall.

The Liujin Waterfall is still the same, quiet and incomparable, there is not much sound except the sound of the waterfall. However, when Ye Xuan appeared, it immediately caught the attention of many people.

"The madman is coming again, how many meters will you challenge this time?"

"I heard that he passed the sixth floor of the Mirage Tower. It should be done to report the task. How come back?"

"Is it difficult to complete the reporting task?"

"This won't be, the high school brother just started."

Ye Xuan ignored these sounds and plunged directly onto the Liujin Waterfall. This time, it was fifty meters.

"It turned out to be fifty meters, and it really was a madman!"

After everyone saw it, it was also a faint color.

But the next moment, they are all shocked.

The 50 meters corresponds to the middle of the Supreme Seventh. After Ye Xuan went up, the water flow accelerated by the array method, even Ye Xuan's supreme golden body could not be broken.

"When I am lying down, my Supreme Golden Body is so strong that it has crossed this 50 meters directly?"

Ye Xuan was shocked.

At the moment, he was again plucked to a position of forty meters.

"Yes, I don't know how long it will be tempered this time."

Ye Xuan began to temper the supreme gold body. He estimated that after this time, he might be able to cross the eightfold to rob him. Of course, the robbery has to be achieved in the realm, otherwise it will not be able to be robbed.

The group of people underneath looked at Ye Xuan, and it was already shocking to vote for the five bodies.

However, this time Ye Xuan tempered the supreme gold body, it is not so easy.

On the fifth day he came to Liujin Waterfall, several people came over.

After the group of disciples underneath, they were a little surprised.

"Isn't that brother Lee? I heard that I have gone out and gone, now I am back?"

"Lee brother, the inner door rank can be squeezed into the top 100 masters. Last year, he went to the top eight to defeat the robbery, and repaired it as a retrogression. Now it should be cultivated and returned. I don't know when to rob."

"I heard that Li Tao's younger brother Li Tao is dead. Is this the reason?"

"What, Li Tao?"

The people underneath whispered.

However, their discussion was not able to escape Ye Xuan's ears.

At this time, Ye Xuan also opened his eyes.

"Li Tao's brother?"

He brows a pick.

That Li Tao is the Tsing Yi disciple who was thrown to the second kill with a trick. I didn't expect to have a brother of the Supreme Seven Peaks.

He turned his head and saw a familiar figure. It was the white youth of the day. At this time, the white youth was pointing at him and talking to a man beside him.

Sure enough, I came to him!

Chapter 897: Random experience task

"You are Ye Xuan?"

The man said to Ye Xuan long distance.

Ye Xuan flew out of the Liujin Waterfall and said: "Not bad."

"Where is the girl who killed my brother?" Brother Li immediately angered.

This sentence, let the people around me tremble, Li Teng's brother Li Tao is really dead?

"Your brother is not as good as a man. If you die, you will die. Why, do you want to avenge him?" Ye Xuan took out a dress and put it on the front of Li Teng.

"you wanna die!"

Li Teng was furious, his brother died, how could he not be angry, and Ye Xuan still dared to speak to him and find death.

However, when he was about to take the shot, the white youth suddenly stopped in front of him.

"Lee brother, don't be impulsive, the door rule!" The white youth hurriedly reminded.

"What do you say?"

Li Teng looked to the white youth.

At this time, Li Teng also knows that Ye Xuan and Luo Luo have already entered the door of the elder Han Ming, so it is impossible to kill them. Otherwise, Li Teng has already shot dry leaves.

It is at this time.

"Li Teng, Wang Chengping!"

Suddenly a voice sounded.

Everyone turned to look and found a black young man plucked over.

"Li Teng, Wang Chengping, the two of you were randomly selected for the task, and soon the team was formed, and immediately went to the collection." The black youth said to Li Teng.

"Damn!"

Li Teng's heart yelled, he couldn't dare to be on the spot. After all, this black youth is higher than him.

"In addition, Ye Xuan, the younger brother under the head of Han Ming, is here?" The young man in black suddenly shouted.

"Ok?"

Ye Xuan looked at the black youth a little strangely and said: "I am Ye Xuan, what is the brother?"

"Experience the elders to summon!" said the young man in black.

Experience the elders!

Hearing this name, Ye Xuan's brows are picking up. This experience of the elders in the Burning Hall is not low. The strength can be ranked in the top five, which is the head of the experience hall, and often publishes some experience tasks.

However, Ye Xuan did not pick up the task and summon him to do something?

It seems that he was also drawn by what random training tasks.

After Li Teng heard this sentence, it immediately revealed a sinister smile. Not only that, but the white youth is the same.

Ye Xuan did not think much, just pick and pick it up, and then followed the black youth to leave.

Then Li Teng and the white youth were behind him, sneering all the way.

Soon, the black youth came to the calendar hall with Ye Xuan and others. At this time, there are already many inner disciples gathered here.

"Young Master, you are here too."

Ye Xuan's mind rang with a falling voice. He turned his head and saw that the fall was also in the experience hall.

A few days ago, he tempered the golden body in Liujin Waterfall, and the landing was directed by Han Ming. At the same time, the fall has already broken through to the Supreme Six Peaks. In a few days, it is estimated that he can be robbed.

"Lee brother, it is her!"

At this time, the white youth suddenly pointed to the fall.

Li Teng has also noticed the fall, and immediately revealed the look of indignation.

"Young master, who is this guy?" Some of the questions were unclear.

"The brother of Li Tao." Ye Xuan replied in an understatement.

"Oh."

Falling naturally will not forget the unlucky one who was killed by him. Although it is three levels lower than Li Teng, the fall is still a calm appearance.

"Let's fall, what's going on now?" Ye Xuan looked around at the inner door disciple and asked strangely.

Luo Lan replied: "We are drawn, and then we must form a team with other people to do the task together."

"But we just entered the inner door." Ye Xuan was puzzled.

"I don't know, there is no way for the master." He shook his head helplessly.

"It turned out to be mandatory..."

Ye Xuan was also slightly helpless, but he suddenly understood the eyes of Li Teng and the white youth.

After Ye Xuan, there were still in-house disciples coming in. The strengths of these disciples were not weak. The worst ones were Supreme Seven, and the strongest ones reached the middle of the Eighth Supreme Supreme. The Yang Dian is considered a top disciple.

In a short while, the experienced elders also appeared.

"It's so strong, is this the Nine Robbers?"

Ye Xuan swallowed it.

A nine-robbery supreme is enough to kill all the people present.

"You, the new round of experience has been released, and then you will form a team of five people to perform the missions. If the mission is completed, you can get a lot of contributions. Of course, you can also refuse, if someone refuses to quit on the spot. The experienced elders looked around at the dozens of people underneath.

"I, I quit, I am going to rob."

Someone shouted immediately.

"Okay, let's go." The elders nodded directly.

At this time, I fell in my mind and asked: "Young Master, are we going?"

"Go."

Ye Xuan answered.

This randomly selected experience task, the contribution point is higher than the ordinary experience task, to do a three equivalent, so there will not be many people to withdraw, the dozens of people will eventually withdraw from the end.

"Good, then I will give you a group."

The elders nodded and began to name.

Although these dozens of inner disciples are randomly selected, the distribution team is not casually divided and must contain various factors.

Ye Xuan stood there quietly, he only hoped that he and the fall were assigned together.

"Wang Gang, Li Teng, Ye Xuan, Liu Taining, Wang Chengping..." The experienced elder shouted.

Hearing this, Ye Xuan and the falling face are also changed. They are not even assigned to the same team. This is troublesome.

"The young master is relieved, I can't beat it, there are still a lot of skills to escape. As long as I break through, there is no one in the Seven Robbers who can get me." He said quickly.

Ye Xuan listened, but it was a lot of peace of mind.

But unfortunately, he was assigned to the group with Li Teng.

Of course, he also knows that this is just luck. After all, Li Teng has not been able to withstand the experienced elders who commanded the Nine Robbers.

"Wang Gang is the young man in black who just brought me. The seven robbers are the highest peaks. Li Teng is also the seven heroes. Wang Chengping is the white youth. In the early days of the Seven Robs, Liu Taining is the middle of the Seventh..."

Ye Xuan thought about it.

If he had to avoid three points before, but now he has broken through to the seven robberies, even if the four people join hands, he is not afraid, just a Li Teng and Wang Chengping, what are you afraid of?

"Kid, you are dead!"

Li Teng is behind Ye Xuan, his eyes are fierce.

Soon, the team was all allocated, and the little girl was assigned to an ordinary team. The strongest team in the team was also in the middle of the seventh, so Ye Xuan was not worried.

#### Chapter 898: Tianyangcheng

"You guys, let's set off within three days." The elders said.

At the moment, everyone is withdrawing from the experience hall.

The team leader of Ye Xuan is Wang Gang. The goal of the mission is already in his hands. At this time, he called Ye Xuan four people.

"If you are all right, then we will leave tomorrow." Wang Gang, a young man in black, said to Ye Xuan.

"Captain, what is our mission?" asked Liu Taining in the middle of the Supreme Seventh.

Wang Gang handed the parchment in his hand and said: "Kill the city of Tianyang City, the beginning of the Supreme Eight!"

Their squad, two Supreme Seven Peaks, one Supreme Seven mid-term, two Supreme Seven early, but they are the elite disciples of the Burning Temple, the leap-forward challenge is not a problem, so this task is not difficult for them. Just do it well.

"Tianyang City is in the site of the Yinyin Palace. The city owner seems to be the deacon of the Yinyin Palace..." Liu Taining said, also smiled: "Wang Shixiong, Li Shixiong, there are two of you, the mission must be successfully completed, younger brother This time it was dimmed."

"Don't care, there are a lot of people in the main house of Tianyang City. If there is a master of the Yinyin Palace passing by, then it will be troublesome. Go back and prepare, we will start tomorrow." Wang Gang said to Ye Xuan.

Then they are scattered.

"Kid, you didn't even quit the mission, this time you will die very badly." That Li Teng suddenly chased him up, and when he passed Ye Xuan, he also whispered.

Ye Xuan did not take it for granted. If Li Teng was looking for death, he would not mind sending Li Teng a journey.

"Let's fall, you should be careful when you do the task, if you encounter something wrong, you will run away." Ye Xuan reminded.

"Do not worry, my brother and I said that I want to rob, so I set off two days later. At that time, I was the Seven Robbers."

"Well, then you are careful."

Ye Xuan nodded.

For the strength of the fall, he still believes more, there are mysterious blood in the body, and the number of tactics is endless. As long as the breakthrough is broken, the task will not be of much danger.

Ye Xuan and the two returned to their residence.

After a while, Han Ming was looking for it.

"master."

Ye Xuan and Fallen hurriedly said hello.

"You just got into the inner door, you were drawn a random experience task, there is no way for the teacher, you can take it."

Han Ming took out two broken magic stones directly, threw them to Ye Xuan and fell, and then said: "Ye Xuan, you come under my door, there is a set of swords floating shadows you take first, can be upgraded to 75% The sword, I will guide you when you come back."

"Thank you for the master!"

Ye Xuan quickly picked it up.

Now his sword is only six and a half years old. It is estimated that it is not enough. However, even if it is practiced in accordance with the floating shadow, it is not so easy to raise the sword to 75%.

As for the fall, Han Ming gave her a set of claws, which is also 75%.

Subsequently, Han Ming also left first.

Tomorrow, Ye Xuan will first set out to do the task of questing. Today, he does not go to Jinjin Waterfall to quench the supreme gold body, but stay in his residence to see the sword floating.

His defensive power is already strong, but his attack power is a little weak. Sixty-five percent of the swordsmanship, I am afraid, can only barely hurt Li Teng, the supreme seven-peak.

Soon the next day was coming, Ye Xuan and the farewell, and then went to meet with Wang Gang and others.

"This kid didn't even quit..." After Li Teng saw Ye Xuan, his eyes were full of light. He was afraid that Ye Xuan and he would be assigned to a group. Ye Xuan quit the task.

"Very good, people are coming, let's go." Captain Wang Gang looked around and took the lead.

Ye Xuan, a calm look, directly ignored Li Teng and Wang Chengping, followed up.

In this mission, he is expected to have a lot of gains, and at that time, no one can break through to the middle of the Supreme Seven.

Their team is not the first to set off, and some teams have already started on the road yesterday.

On that day, Yangcheng was a little far away from the Burning Temple. At their speed, it was about three days.

Taking advantage of this time, Ye Xuan is constantly learning the swordsmanship that has been burned into the phagocytic system, and strives to raise the sword to 70%.

His qualifications are OK, plus the previous understanding has been almost, in the past three days, Ye Xuan really raised the sword to 70%.

Along the way, Li Teng and Wang Chengping were constantly whispering, but the conversation between the two of them was not in the ears of Ye Xuan, and they still did not know.

However, Li Teng did not dare to say that he wanted to do Ye Xuan. He generally pointed out other things.

"Well, the front is the ocean city that day, we will enter the city later, don't tell anyone that we are disciples of the Burning Temple." Wang Gang reminded Ye Xuan.

Ye Xuan nodded and understood.

They entered the site of the Yinyin Palace. If it is a disciple of the Burning Temple, isn't it a death?

Soon, the five of them went into town.

"The information I sent to the Tianyang City Government House did not know when it was. In case, just in case, the five of us separately went to inquire about the news and met here half an hour later."

Wang Gang came to a restaurant and said to Ye Xuan.

Then, Ye Xuan and the five were separated again.

"Inquiring about the news, I am the best!"

Ye Xuan sneered in his heart, but he has the eye of control, even in the street can be used, and does not reveal any feet.

But before that, Ye Xuan is still preparing to do a big job.

He walked directly into a warrior shop, displaying countless supreme soldiers, and the owner of this weapon shop was just a warrior of the Supreme Six Peaks.

"The eye of control!"

Ye Xuan directly used the eyes of the owner of the weapons shop.

"Hey, take control of success!"

The owner of the weapon shop was unconsciously controlled by Ye Xuan, and then he just gathered up with a smile.

"Oh, my brother is coming, please, please." The owner of the weapon shop looked respectful and invited Ye Xuan to the back.

Next, it is estimated that anyone can guess.

The wealth of the entire weapons shop owner, all into the pocket of Ye Xuan, not only that, Ye Xuan also inquired a lot of things.

After the use, Ye Xuan did not kill the owner of the weapon shop, after all, the other party is not easy.

It's a pity that the fall is not around, otherwise you can make the fascination of this weapon shop boss.

Then, Ye Xuan is the boss who controls the next store.

Before Ye Xuan used the advanced point to improve the blood of the eyed protoss, so the eye of control is now a second level, a total of ten people can be controlled, so he can also fish nine strokes.

Chapter 899: Kill into the city government

This day, Yangcheng is still strong. The remaining nine opportunities, Ye Xuan directly visited the three auction houses, and the other six times have a lot of gains.

After nine times, his realm is about to break through to the middle of the Supreme Seven.

"The eye of control is really a magical skill!" Ye Xuan couldn't help but praise.

If it is not because he does not want to hurt the lives of those shop owners, he may be able to continue to fish. When the time goes to the entire city, even if it is the Supreme Seven Peaks, it may not be a problem.

It is a pity that it is almost time to meet, so Ye Xuan did not continue, but went directly to that restaurant.

Soon, Ye Xuan once again saw Wang Gang and others.

"I have already heard that in addition to the city owner, there are three Supreme Seven Peaks, four Supreme Seven Mid-Terms..."

Wang Gang himself heard the specific news and said to Ye Xuan.

"Captain, if that's the case, then let's go in directly?"

Liu Taining said something eagerly.

"Yes, by the time I dragged the Tianyang City Lord, the four of you quickly solved the others."

Wang Gang nodded directly.

The Burning Temple and the Yinyin Palace have been fighting for so many years, almost all hard work, no need to play tricks.

"it is good!"

Ye Xuan four people nodded.

At the moment, the five of them are plundering toward the city government. At this time, the people in the main house of Tianyang City are ignorant.

Soon, the five people of Ye Xuan arrived at the city government. They did not say anything and killed them directly.

The random experience task is to ask the first level of the Tianyang City City's main government, as long as you bring back to the first level, even if you complete the task.

Wang Gang five people directly into the city's main government, suddenly set off a storm.

"Although it is a small team, but now they are fighting each other, I have to take some good things!"

Ye Xuan's mouth is slightly tilted.

He has the eye of perception and the eye of insight. He finds something to be very profitable. Not only that, but he can also sense the breath. Therefore, he specially looks for a soft persimmon, and it is not his trick. enemy.

"I will break through now, come back a little more."

Ye Xuan eyes a glimpse.

After Li Teng and Wang Chengping were killed in the city government, they were also directly separated. Although they hated Ye Xuan, they were not the time to start, but they still had to pay for it.

"The kid, dare to swear to the city government, find death!"

Suddenly, a city government in the middle of the Supreme Seventh was plundered.

"It's you who are looking for death."

Ye Xuan's light is a glimpse.

"The Eye of the Illusion!"

"The Eye of Burning!"

In a two-pronged approach, the offering of the mid-September mid-term fell by 20%.

"Flower Shadow Sword!"

With Ye Xuan's sword smashing out, a sword stalk dragged a long afterimage and directly killed the enshrined in the middle of the Supreme Seventh, without any muddy water.

After the death of the other party, Ye Xuan quickly swept the past and took over his shackles.

"Not enough, still a little bit."

Ye Xuan's eyes glimpsed and passed again.

Tianyang City City, the main government, offering at least six robberies supreme, all of this realm can not escape Ye Xuan's pursuit.

Of course, sometimes Ye Xuan will keep his hands, not take his life, only take the Qiankun ring.

"Boldly burn the Yangdian thief, dare to appear in the site of my yin dynasty, find death!"

Suddenly there was a violent drink in the sky. Ye Xuan turned around and found that Wang Gang had already played against a middle-aged man. It seems that the man is the head of the Tianyang City, their goal of random training.

However, Ye Xuan does not care about this.

He quickly circled in the city's capital, and with the eye of perception, he quickly found another offering for the mid-September.

"dead!"

Ye Xuan did not keep a hand this time, directly killing this offering. At the moment he got the other party's ring, his breath was skyrocketing.

"Hey, the host breaks, the current is the middle of the Supreme Seven!"

The system prompts the sound, so that Ye Xuan's warriors have increased.

It was just that, at the moment he broke through, the eye of perception suddenly swept to a familiar person.

Wang Chengping!

This Wang Chengping was the white youth who was almost killed by him and the team on the same day. He was also a dogleg of Li Teng.

Ye Xuan swept quickly.

After seeing Ye Xuan, the other side was also trembled. At this time, he just killed a city owner and enshrined him.

"The eye of control!"

Ye Xuan said nothing about it.

"Hey, take control of success!"

The eye of control can only control ten at a time. When controlling the eleventh person, the control of the first person will be released by himself, just like the positioning of the eye of the void.

After controlling the other party, Ye Xuan directly removed Wang Chengping's Qiankun ring and emptied all the things inside.

"You and Li Teng, how are you going to deal with me?" Ye Xuan asked.

"I don't know, Li Teng has been complaining all the way, but did not tell me." Wang Chengping shook his head.

Hearing this, Ye Xuan is too lazy to ask again.

To deal with the same disciple, this is a big sin. If it is discovered, it will be terrible, so Li Teng did not tell Wang Chengping.

"But, you can stroll yourself."

Ye Xuan no longer manages this Wang Chengping and continues to swim.

That Li Teng was the Supreme Seven Peaks. Before the robbery failed, but he was intervened, so he survived.

After a year of cultivation, he returned to the peak, so the strength is more amazing, no one in the city government is his enemy.

At this time, Wang Gang was fighting with Tianyang City, but he had no time to manage other people.

So Ye Xuan is thinking, do you want to secretly control Liu Taining and Li Teng in the middle of the Supreme Seventh.

"The master of Li Teng is also an elder, and his strength is good. The elders of these temples will practice some spiritual exercises more or less. Maybe Li Teng also has it. If it is unsuccessful, it will be exposed."

Ye Xuan blinked and decided to control the Liu Taining first, and even if he couldn't use it in the future, he could make him fall.

"found it!"

With the eye of insight, Ye Xuan instantly found the Liu Taining, and he rushed past.

At this time, Liu Taining is fighting a Supreme Seven Peak, the strength is not bad.

"Liu brother, I will help you!"

Ye Xuan shouted and rushed toward Liu Taining.

"It is good!"

Liu Taining's opponent is stronger, he feels that one can't deal with it, so he agrees.

"Flower Shadow Sword!"

The attack that combined the 70% swordsman broke away, and the offering of the Supreme Seven Peaks raised the sword and blocked it.

Originally, Liu Taining, he was able to deal with it, but now with Ye Xuan, it is somewhat difficult.

at this time.

"The Eye of Burning!"

Ye Xuan directly attacked the offering of the Supreme Seven Peaks.

Chapter 900: Parting ways

At this time, Ye Xuan is the middle of the Supreme Seventh, and the distance from the Supreme Seven Peaks is only one level, so the effect of the burning eye is not weak.

It is a pity that the people of the Yinyin Palace have almost cultivated spiritual exercises, so the effect of the burning eye has been weakened.

"Good boy, even a mental attack, out!"

The city's main government offered a low drink and suddenly took out a long sword. This long sword, under his control, hit Ye Xuan.

The three major signs of the Yinyin Palace, illusion, spiritual attack, control of flying swords, this city government is now used for the purpose of controlling the flying sword.

Ye Xuan, who has an eye for insight, can see some silk that is condensed in the air and controls this long sword.

"Humph!"

Ye Xuan snorted and quickly fired his sword.

In the blink of an eye, those who are really good at the silk thread are cut off by him. The good-quality top-class Shenbing soldiers also fall into his hands.

"Your sword, I have received it!"

Ye Xuan took a low drink and directly accepted the other's weapons. After all, he was still using the Zhongpin Supreme God Soldier.

"Ye Shidi, good!"

Liu Taining shouted.

He is also fortunate that the other party did not use Feijian at first, otherwise he will be defeated.

Now, the city's main government is offering less cards, and being besieged by Ye Xuan, they will soon be defeated.

"Oh!"

In a crisp sound, the city of the Supreme Seven Peaks was enshrined and was smashed by Ye Xuan.

"Ye Shidi, we are flat..." Liu Taining has not finished, it is directly in the eyes of Ye Xuan's ban.

Then, it is the burning eye!

This Liu Taining is the middle of the Supreme Seventh, and Ye Xuan is the same level, but he did not practice spiritual exercises, so the resistance is extremely poor.

"The eye of control!"

"Hey, take control of success!"

In a system prompt, Liu Taining became the servant of Ye Xuan.

Ye Xuan turned his head and looked at it. After discovering that there were no other people around him, he quickly took Liu Huaning and the Supreme Seven Peaks to worship, and repaired it a lot.

In the city's main government, in addition to the Tianyang City Lord, this eight-royal supreme, there are three supreme seven peaks.

Now that Ye Xuan and Liu Taining have solved one, there are still two left, but Ye Xuan has not sensed the breath of the other two.

"That Li Teng has some strength, and even solved the two Supreme Seven Peaks so quickly..."

Ye Xuan was in the heart, but fortunately he was not ready to clean up Li Teng, otherwise he would only be a snake.

At this time, there are not many threats in the city government, only the city owner of the Supreme Eight.

When Ye Xuan turned his head and looked around, he found that the owner of the Tianyang City was also killed by Wang Gang.

"The inner door of the Burning Temple is really an elite gathering. This Wang Gang is still not in the top 100..."

Ye Xuan looked at Wang Gang and took over the body of Tianyang City and the Qiang Kun.

mission completed!

"Wang Shixiong is really powerful." That Li Teng also quickly passed, took a flattering.

"You are not weak, Li Shidi." Wang Gang replied.

The big task of this mission was taken by him. Li Teng killed two Supreme Seven Peaks and the harvest was not bad.

As for the rest, it was divided by Ye Xuan. Of course, these harvests all went into Ye Xuan's pocket.

"Wang Shixiong, now Tianyang City Lord is dead, then we..." Li Teng's eyes suddenly glimpsed.

"No, I am a good man in the temple. Since the Tianyang City Lord is dead, let's go." Wang Gang shook his head.

Although it is a pity, but Wang Gang said so, Li Teng did not dare to say anything, directly followed Wang Gang left.

Ye Xuan is also true.

However, at this time, in addition to Wang Gang and Li Teng, Liu Taining and Wang Chengping are both servants of Ye Xuan.

Their movements are very fast. After killing Tianyang City, they left directly, so the people in the Yinyin Palace were late after getting the news.

However, after the master of the Yinyin Palace arrived in Tianyang City, there was a person who submitted a portrait.

"Hey, is this a portrait of a disciple who has been practicing in the Burning House?"

The master of this yin dynasty has a glimpse of his eyes, and even if he leaves directly.

.....

After completing the task, Wang Gang left Tianyang City with Ye Xuan.

However, they are not prepared to go directly to the Burning House. After all, it is hard to come to a site of the Yinyin Palace. Naturally, it is necessary to collect interest.

"The five-person team is too swayed. It is better to divide into two or three teams."

At this time, Li Teng suddenly proposed.

"Indeed, the five people are too obvious, and they act separately." Wang Gang nodded and said: "I will not participate, I will do it alone, you."

When Li Teng made this suggestion, Ye Xuan knew what he was going to do, so Ye Xuan immediately controlled Liu Taining.

"I am also alone," said Liu Taining.

"Me too!" Wang Chengping also took over.

Now, only the last person is left.

"I also act on my own." Ye Xuan said in a secret way, secretly licked Li Teng.

When his voice sounded, the light of Li Teng really flickered twice.

"Well, if we do this, we will separate it. After about seven days, I will return to the Burning Temple to deliver the mission." Wang Gang said to the four people.

Soon, the five people quickly spread each other.

If Li Teng does not come to the door, Ye Xuan is too lazy to clean up him. After all, Ye Xuan still has something to do. However, if this Li Teng himself came to the door, then Ye Xuan would not mind sending him on the road.

After the separation, Ye Xuan called the Liu Taining and then rested in one place.

"Do you know why the Burning Temple and the Yinyin Palace are not dead?" Ye Xuan asked.

"It is said that the founder of our Burning Yang Temple and the founder of the Yinyin Palace are brothers and sisters. Later, because of some things, two forces were formed. My brother established the Burning Temple, and my sister established the Yinyin Palace..."

Liu Taining replied.

After listening to it, Ye Xuan was shocked.

Brother and sister!

This information is very important to him!

"The yin and yang ancestors, it seems that the brothers and sisters fit together..." Ye Xuan brows a pick.

However, the two founders of the Burning Temple and the Yinyin Palace are two people, not one.

"Do you know that the two founders of the Burning Temple and the Yinyin Palace are still alive?" Ye Xuan asked again.

"I don't know, but our lord is the apprentice of the founder..." Liu Taining shook his head.

"Okay, I know, let's leave first."

Ye Xuan nodded, and then let Liu Taining leave alone, because he felt that Li Teng is estimated to come.

"Yes!"

After Liu Taining responded with a sentence, he left directly.

And Ye Xuan, is quietly waiting in the same place.

Sure enough, after Liu Taining left half an hour later, Li Teng was finally found.

"Oh, Ye Shidi, how are you here, it's a coincidence."
