Chapter 90: Little wolf

"Sword-toothed tiger, then go ahead and complete your mission."

Ye Xuan said.

When he entered the Li Yunzong, he killed a saber-toothed tiger, but at the time it was a big fight. And now, if he encounters a saber-toothed tiger again, I am afraid he can kill it with a punch.

"Yeah." Guan Lan nodded slightly.

Saber-toothed tigers are eighth-order monsters, so they also need to go deep into several mountains.

One day later, they also came to the thirteen mountains. On the road, Ye Xuan also encountered some monsters that had not been seen before.

Of course, these monsters were all shot by Ye Xuan long distance, and then swallowed the body.

Although Guan Lan is right beside him, Ye Xuan believes in her, so she used an excuse to perfuse the past, and that is the Qiang Kun ring.

Guan Lan is also very surprised, because a Qiankun ring is worthless, and the whole cracked Yunzong has not seen anyone. But she still saw it once, and that was seen in her righteous father.

The body of the beast can sell money, so Guan Lan did not care.

"Hey..."

Ye Xuan and Guan Yulan had just entered the thirteenth mountain range, and they heard a snoring sound. According to the memory, Ye Xuan recalled that this was the snoring of the saber-toothed tiger.

"The luck is good, go, let's finish the task first."

Following the sound, Ye Xuan soon found a saber-toothed tiger, but this saber-toothed tiger is now fighting another monster.

"Is it the eighth-order monster? How about the silver wolf?" Ye Xuan recognized the monster.

This is a giant wolf with a silver hair. Like a saber-toothed tiger, it is an eighth-order monster. However, this Xiaoyue Silver Wolf is stronger than the Saber-toothed Tiger in adulthood.

Ye Xuan and Guan Yulan stood in the distance, quietly watching the two monsters fight for a dead body.

"It's really good to have the strength. You can still sit on the mountain and watch the tiger fight. If you don't have the strength, you have to run." Ye Xuan sighed.

The two monsters also discovered Ye Xuan, but they saw that Ye Xuan did not go forward, but continued to fight.

However, what makes Ye Xuan strange is that this Xiaoyue Silver Wolf is not as powerful as it was supposed to be. Although it succeeded in killing the Saber-toothed Tiger, it itself suffered a lot of injuries.

"Roar....."

The Xiaoyue Silver Wolf Chong Ye Xuan snorted, and then dragged the body of an unknown sorcerer.

For Ye Xuan, in addition to selling money, Ye Xing can also swallow, so Ye Xuan will not miss this opportunity.

He is preparing to open the bow to kill the Xiaoyue Silver Wolf, but at this time, Guan Lan suddenly reached out and put his hand on his arm, indicating not to attack.

"What's wrong?" Ye Xuan asked a little strangely.

"This is a whistling silver wolf, it seems to be pregnant." Guan Lan Lan after a pause, but also open.

"What?"

Ye Xuan, pregnant?

"It's no wonder that the strength is a little weak. It turned out to be pregnant. However, it hurts, I am afraid it won't last long." Ye Xuan carefully looked at it. This Xiaoyue Silver Wolf is really a step by step, just a blood footprint. .

"Then what do you mean, let it go?" Ye Xuan suddenly turned his head again.

Pregnant monsters, they are not the first time they met, this is the second time.

For the first time, it was the dragon in the Blackwater Mountains.

Only then, in order to kill the dragon, they had to attack its abdomen.

"Look, even if we don't shoot, it's still a problem whether it can give birth to a wolf." Guan Lan is somewhat unbearable.

At that time, she was also tempted by the road, so she was invited to kill the dragon, and even more cruelly shot the dragon egg. After returning, he also guilty for a long time.

This time, she didn't want to see this again.

"Well, let's get the fangs of the saber-toothed tiger first." Ye Xuan nodded slightly.

It is a good thing to have love and compassion. Although there are occasional accidents, it is better than cold blood and killing people.

They walked to the saber-toothed tiger, but this saber-toothed tiger was not completely dead, so Ye Xuan added a sword.

Then, Ye Xuan was a fist, blasting two big fangs, and then swallowing the body of the saber-toothed tiger.

"Would you like to see?" Ye Xuan suddenly turned and asked.

Wen Yan, Guan Yulan hesitated again, then nodded.

They went down the blood footprints and finally found a small cave, but they didn't go in because there was a painful wailing in the cave.

I don't know if it is luck or not. After the Xiaoyue Silver Wolf returned to the wolf's nest, it turned out to be production.

After being seriously injured, it screamed for five minutes and then stopped.

Ye Xuan and Guan Yulan looked at each other and walked in together.

This cave is not big. After Ye Xuan turned two turns, he saw the Xiaoyue Silver Wolf.

However, this Xiaoyue Silver Wolf is already lying on the ground, not alive. And beside it, there are still two small things lying down.

After seeing this scene, Ye Xuan's brow slightly wrinkled and said: "Sure enough, half of the birth will die."

As he said, as he walked over, he looked closer and there were already two little wolves on the ground. The third one is still in the belly of the silver wolf. It seems that this third little wolf is still not half born, and the female wolf is out of breath.

Ye Xuan had no choice but to shake his head.

In this world, killings are everywhere, and the bodies of humans and monsters are everywhere.

In the past biology class, Ye Xuan also learned a word, natural selection, so he did not have much feeling.

The cave was quite dim, and Ye Xuan began to look around, but did not find anything worthwhile. When he turned around, he was shocked.

I saw that Lan Lan actually took a small wolf from the cloth, and held it in his arms like a baby.

"Lang Lan, you..."

Ye Xuan was shocked, Guan Lan was engaged in a ghost, why did he pick up a wolf's body?

wrong!

Suddenly, Ye Xuan's light flashed, and he felt that this little wolf was still breathing.

"Is still alive..." Ye Xuan sighed and scraped together.

This newly born little wolf, his eyes have not yet opened, although there is breathing, but very weak, a dying look, may die at any time.

Guan Lan holds it, wrinkles his eyebrows, and he doesn't know what he is thinking. However, Ye Xuan can read a trace of her eyes.

"This little wolf is very weak. It is estimated that it will be alive soon. However, I am here to have some medicine that the monster can take, perhaps to save it."

Ye Xuan looked at the language of Guan Lan and slowly opened his mouth.

Upon hearing this, Guan Lan suddenly looked up at Ye Xuan, but before she spoke, Ye Xuan said again: "The beast is hard to tame. Even if he grows up from a young age, he will not necessarily recognize you. Mainly."

In the past life, Ye Xuan also watched some animal movies, such as the fantasy journey of young farts.

The tiger on the boat, after the last landing, isn't it the head that doesn't return?
