Chapter 91: Wicked Beast Growth Plan

"Nothing."

Guan Lan slightly shook his head.

"it is good!"

Ye Xuan said, then he exchanged something directly from the phagocytic system and took it out.

In fact, there are not many things, just a pack of powder, this is specifically used to cultivate the monster, can enhance the body of the monster, while improving the level of the monster.

In order to close the language, Ye Xuan is also under the blood, this package of powder, but spent a full 10 points to swallow points.

"First feed it to drink this." Ye Xuan again changed a bowl of water, and then poured a packet of powder into the water, carefully feeding the little wolf with a small spoon to drink.

"Lucky little guy, worth ten points to swallow points, has been drunk by you. In the future, your master will be called Guan Lan. If you dare to betray, I will peel off your skin."

Ye Xuan thought in his heart.

The name of this pack of powder is also wonderful, called the monster growth plan, and this is only the first stage, the second stage, the third stage and so on.

However, at least wait for this little wolf to grow to the level of the beast.

After the screaming of the silver wolf adult, the top is the eighth-order monster, but after taking this thing, it is estimated that it can grow into a beast.

There are many things to promote growth in the phagocytic system, which can make the monster grow to adulthood in a short time. However, these things are expensive and expensive, Ye Xuan is reluctant, and the most important thing is that he can't afford it.

In this way, Guan Lan has a monster pet, or a blind wolf.

After drinking the pack of powder, it just slept, but the breath was significantly enhanced, and it was no longer so weak.

"You give it a name." Guan Lan looked at the sleeping wolf in his arms and said to Ye Xuan.

Named?

Ye Xuan heard this, but it was also a glimpse. He was the best at this name.

"Egg fried rice, pork risotto, dumplings, dumplings, yuanxiao..."

When Ye Xuan read these names one by one, Guan Lan couldn't help but laugh out.

"How do you know to eat." Guan Lan turned his eyes and was very helpless.

"Do you not feel good to eat?" Ye Xuan asked.

Named after eating, there are many people who do this, such as some online authors, silkworm potatoes, sugar plus three spoons, I eat tomatoes, etc...

However, at this time, his name suddenly flashed a name.

"It's whispered." Ye Xuan blurted out, and he remembered the same equipment in a previous game.

"whisper?"

Guan Lan read it again and found it was good because she also had a 'word' in her name.

"Well, just use this." Guan Lan nodded.

In the next second, Ye Xuan thought of another question. This little wolf is a public or a mother. It is a mother's okay, if it is a public...

Ye Xuan's forehead has a few blue veins. Is this considered to be a wolf?

This time, Ye Xuan did not devour the body of the Xiaoyue Silver Wolf with the dead little wolf. He dug a pit outside the cave and buried it.

After the incident, the two also sat in the mouth of the cave, Guan Lan Lan holding a whisper that had not blinked, gently stroking with a finger like green onion.

Suddenly, the whisper in her arms moved, and a small mouth, issued a very delicate voice, almost all of the heart of Guan Lanlan melted.

Then, the whispered words opened his eyes and saw Guan Lan.

"The trough, this is not long before I opened my eyes." Ye Xuan was shocked, although he did not know what the wolf is, but the **** also takes more than a week to wink.

It seems that the monster growth plan has some hidden attributes. Just don't know, how many years later, how can you be a adult?

Ye Xuan took a look at Guan Lan and found that the latter was full of loving colors. It seems that she liked this little wolf.

"Hey!"

At this moment, Ye Xuan's ear moved, he heard a trace of movement, this is the sound of the leaves being stepped on.

Is it a human or a monster?

However, Ye Xuan did not care much, after all, this is only the thirteenth mountain range, the top eight-order monster.

With his current strength, there is no problem in dealing with the 9th-order monsters, let alone the 8th-order monsters?

The sound is getting closer and closer, Ye Xuan is also holding his breath. He listens to the ground, comes from people, not monsters, because in addition to footsteps, there is dialogue.

"Mom, it's hard to see a spar, I lost it, I'm so embarrassed."

"Big Brother, the next product spar should be fake, don't care."

"What nonsense, if it is a defective spar, do we need to chase it?"

"But we lost it..."

The two men armed with weapons and walked toward Ye Xuan, but they did not find Ye Xuan, but discussed something.

Ye Xuan heard the words, and my heart was also a condensate. When he came along the way, he also heard a lot of news about spar.

This Lianhua 18 Mountain Range does not know how to do it. There are many wolves with pendants hanging on the neck, which attract a large number of warriors to enter, and some people actually get spar. Of course, there are also fake spar. .

A defective spar, worth one million two silver, but if you get the next product spar, it is 100 million silver.

This time, Ye Xuan also used this idea, but he was not lucky. He did not encounter the kind of wolf with a pendant hanging on his neck.

"Big brother, someone."

At this time, a slightly shorter man of the two found Ye Xuan not far away.

The tall man glanced and said: "It is estimated that he is also coming in to find spar. Hey, he also brought his children to the thirteenth mountain range. I really don't know how to live."

The short man was deeply hopeful of Guan Lan, showing a smiling smile, whispered: "Big brother, this girl is very drifting... Hey, isn't that a wolf?"

"Wolf?"

The tall young man stared at him. He thought that Guan Lan was holding a baby in his hand, but he did not expect it to be a wolverine.

"Look at this, it is the wolf of the wolf, and it was just born soon..." The short man said, suddenly turned to look at the tall man, showing a greedy look.

"The wolf corpse of Xiaoyue Silver Wolf, with more than 100,000 yuan and two silver coins, but just born, can sell two or three million dollars."

The tall man flashed a glimmer of light, and it was obvious that he was murderous.

However, before they spoke, Ye Xuan, who was more than ten meters away, asked: "Two, you want to kill someone to win the treasure?"

Things that kill people and win treasures can often be seen in the wild, so in the wild, you need to be financially exposed.

However, Ye Xuan is not afraid.

"Oh, since it was discovered, then we don't want to pretend. Boy, I will give you a chance, just give me the little wolf, you can live, how?" The tall man walked while Said.
