Chapter 911: Fall, Golden Fox!

The silver sniper broke away and the woman was not able to block the move and was directly killed.

After three consecutive use of the Eye of Silence and the Eye of a Void, it was not enough to restore some power after the fit, so Ye Xuan was blind again.

"Let's fall, hurry to get things."

Ye Xuan hurriedly said to the fall.

The fall has already been swept away, and the corpses of those corpses are handed over to Ye Xuan, who has received so many shackles and immediately swallowed up the things inside.

Unfortunately, not enough!

"not enough!"

Ye Xuan, who was blind, shook his head and re-divided and began to attack the Golden Sword Storm.

With the eye of perception, he can continue to fight even if he is blind, and his enthusiasm is also recovering a little.

On the other hand, the black man and the white woman were already shocked. Ye Xuan and Luo Tian joined forces to kill more than a dozen masters of the Yinyin Palace. Even the strength can only be looked up.

No, even if Wenkang is here, I am afraid I can't stop the silver sniper.

Ye Xuan and the falling side shot down the golden sword, while collecting, Ye Xuan's repair for a little improvement.

"Almost a little, you can rob!"

Ye Xuan's eyes released the light, although he said that he has not restored his vision.

One hundred!

Two hundred!

Three hundred!

Ye Xuan constantly devours the Golden Sword and repairs it to the peak of the Seven Robbers.

After he swallowed a whole thousand golden swords, the system's sweet tone finally rang.

"Oh, the host has reached the request for a robbery, and the current success rate of the robbery is 98%!"

The system prompts.

Ninety-eight percent is very close to 100%, but there is a avatar next to Ye Xuan.

"Hey, the current success rate of the robbery is 100%!"

"Began to robbery!"

After Ye Xuan and his own avatar fit together, it is directly starting to pick up the eight heavy robes.

In this case, I am afraid that only he has such courage.

"What, Ye Shidi began to rob?" The black man was shocked. You must know that he was the first to see Ye Xuan, that is.

However, at that time, Ye Xuan was not in the middle of the seventh, but now, it has grown to such a point.

Moreover, even dare to rob here, this is simply not to die, there are thousands of golden swords in the sky.

At the moment, he is leaning against Ye Xuan, ready to help Ye Xuan protect the law, although there is still a drop around Ye Xuan, but the robbery can not make a mistake.

But the next moment, his footsteps are a meal. What makes him surprised is that Ye Xuan, who is in the process of robbing, can still fight back.

"Boom!"

The first robbery of the Eighth Supreme Robbery fell and fell on Ye Xuan's head, but Ye Xuan was unmoved.

Others are robbing, they must resist with all their heart and soul. They can't be distracted. But Ye Xuan is not only robbing, but also able to defend the golden swords around him. This is very dangerous.

"Boom!" "Boom!" "Boom!" "Boom!"

Three consecutive Supreme hijacked the thunder, this supreme robbery, one is stronger than the other, but Ye Xuan did not care at all, easily passed the five to the robbery.

It is at this time.

"Boom!"

Suddenly a loud noise caused everyone's attention. This is not the sound of the slain, but the golden palace.

There was a sudden explosion in the golden palace. Then, a figure swept out of it, it was the horse journey!

There are two people behind Ma Cheng, one is Wenkang, and the other is a middle-aged person Ye Xuan has not seen.

Wenkang is now working with the middle-aged man to chase the horse.

"The younger brother, the sword-shaped stone is in Ma Cheng!"

Wenkang immediately shouted.

Ye Xuan's body shape trembled, and sure enough, there is a sword-shaped stone.

Although he was still robbing at this time, he had to shoot for the sword-shaped stone.

After the horse came out, I was furious when I saw that my team had been killed.

When his eyes fell on Ye Xuan, I saw that Ye Xuan's dawn flashed a silver sniper.

"call out!"

The silence went away, and the horse stunned and hurriedly raised his hand to attack.

"Hey!"

Ma Cheng that combined with 80% of the sword's attack and the smashing collision, but what surprised him was that his attack was still weak.

"call out!"

The silence smashed the attack of the horse, and struck towards the horse.

However, as an elite disciple of the Yinyin Palace, Ma Cheng is not so easy to deal with.

"Hey!" "Hey!"

Two crisp sounds spread, and the two flying swords controlled by the horse-range will smash and smash.

"Boom!"

At the same time, Ye Xuan's sixth robbery was finally down.

what!

In the breakthrough?

Ma Cheng, Wen Kang and the middle-aged man were shocked. The people in the robbery were able to launch such a powerful attack.

The sixth supreme robbery fell on the head of Ye Xuan, letting the infuriating body in his body expand again.

"Kid, you are looking for death!"

The eyes of the horse are a little red, and the genius Ye Xuan must be killed in the cradle.

"call out!"

It was a sword mang, and swept past Ye Xuan. However, Jian Mang defeated Ye Xuan's afterimage, and Ye Xuan's deity had already run far.

The people in the robbery can not only attack, but also rushing fast, is this Nima a enchanting?

"Asshole, I dare to disturb the young master!"

Falling in agrily and shouting, the next moment, the hair of the tail and ears turned directly into gold.

"That is....."

Aside from the side, Ye Xuan's light flashed. He saw that the falling tail suddenly flashed.

It's the golden tail hair!

Turned into the fall of the golden fox, the breath suddenly rose a lot, and she directly greeted the sword of the horse, and even a paw would defeat this sword.

"Day, when did the attacking power of the landing become so strong?"

Ye Xuan was shocked.

He felt that he was more and more invisible.

The three foxes that have fallen are already used up, but now, the fall has changed from a white fox to a golden fox, and the combat power has risen sharply, and it has risen to the point where it can fight with the horse.

terrible!

"Boom!"

In the sky, there is another supreme robbery. This is the seventh supreme robbery. Only one difference, Ye Xuan can achieve the Eight Robust Supreme.

At the same time, the fall has stopped the horse.

The claws and swords of the sky are bound to the bounce, and the horse carriage that was dragged down by the sky was also instantly chased by Wenkang and the middle-aged man.

"Give me the sword-shaped stone, my royal family must be rewarded!"

The middle-aged man suddenly drank a sentence.

Now, the people around him finally know his identity. It turned out to be the royal family from the Imperial dynasty.

"Oh, rest!"

The horse journey snorted.

Chapter 912: Burning sword stone

A sword-shaped stone, but can create a lot of masters, as long as the sinister palace got this sword-shaped stone, then perhaps even stronger than the royal family.

How can you give up the sword-shaped stone?

Wenkang and the middle-aged man of the royal family were only in the mid-eighth period. The former is okay, but the middle-aged man is very difficult.

Although Ma Cheng is the Supreme Eight Diagrams Peak, it is a higher level than Wenkang and middle-aged people, but he has just broken through.

If there are only Wenkang and middle-aged people, he will not have any problems, but with the addition of the fall, the horse will have a lot of pressure.

No, it can't be said that it is pressure. Under the joint efforts of the three people, he has no power to fight back.

"Damn!"

Ma Cheng's heart screamed, and if he continued to hold the sword-shaped stone, he would probably be killed by three people.

After making a decision in his heart, he took out a sword-shaped stone and threw it at Wenkang.

This sword-like stone is a sword-shaped stone.

Its appearance immediately caught the attention of everyone.

"That is the sword-shaped stone?"

Ye Xuan glimmered, he just glanced at it and heard a system prompt.

"Hey, find the sword-shaped stone, is it burned?"

"Yes!"

Ye Xuan answered without hesitation.

Nonsense, the purpose of his trip is this sword-shaped stone, how can it be rejected?

"Hey, start burning sword-shaped stone, the current progress is one percent!"

"Hey, start burning sword-shaped stone, the current progress is 2%!"

"Hey, start burning sword-shaped stone, the current progress is three percent!"

The burning speed is very slow, and Ye Xuan is in a hurry.

At this point, the sword-shaped stone just fell into the hands of Wenkang.

"Hey, pause recording!"

The sword-shaped stone was collected by Wenkang, so the burning of the sword-shaped stone was forced to stop.

"Hand over the sword-shaped stone!"

When the middle-aged man saw it, he turned his head and went to Wenkang.

"Hey!"

In order to collect the sword-shaped stone, Wenkang took a slower step and was seriously injured by the middle-aged. The whole person flew out.

Now he knew that he had fallen into a trap, only when he saw the sword-shaped stone, and his mind was taken away, and at this time he only reacted and he was in the plan of the horse.

This is also a no-brainer. After all, his purpose is also a sword-shaped stone. When he sees the sword-shaped stone rushing toward himself, how can he not pick it up?

"Oh, dare to murder the literary brother, you are going to die!"

The fall did not attract attention because of the appearance of the sword-shaped stone, and she screamed and continued to attack the horse.

Ye Xuan was constantly assisting in the fall from the beginning, but he did not dare to approach Ma Cheng, because next, it was the eighth supreme robbery.

"Boom!"

Finally, the eighth superb robbery was finally hit.

Ye Xuan directly hardened this supreme robbery. The next moment, there was a system prompt, which sounded in his mind.

"Oh, the success of the robbery, the current eight-royal supreme, is reshaping the supreme golden body!"

Finally broke through!

Ye Xuan couldn't help but sketch a smile, but he had just passed the eight-fold sacred robbery, so he is still reshaping the supreme gold body.

The Supreme Golden Body is reshaping. At this time, his defensive ability is the worst. The people present can attack him and he can cut his heavenly cover.

"Young Master, I am dragging this guy, you go to get the sword-shaped stone!"

The sound of the fall sounded in Ye Xuan's mind.

"it is good!"

Although it is not clear why the landing has become so powerful, the more four realms challenge the horse, but now is not the time to care about it.

At the moment, Ye Xuan is rushing toward the middle-aged man.

Wenkang's strength is weaker than that of middle-aged people. In a crisp sound, his wrist was cut off by middle-aged people and he was also bombarded.

Wenkang's Qiang Kun ring fell into the hands of middle-aged people belonging to the royal family of the Imperial Family.

"withdraw!"

After the middle-aged man got the ring, he quickly turned around and left.

"Want to go, leave me!"

Ye Xuan, who has just recovered a little bit of power, directly aimed at the back of the middle-aged man to display a blind eye.

Silence!

"call out!"

The silver sniper broke away, and the middle-aged man heard the sound of the air behind him, and hurriedly turned around, but it was already late.

"Oh!"

The middle-aged man was instantly slammed by the silver sniper, and the whole person was slanted and slanted into two halves.

Ye Xuan swiftly swept the past and put him and Wenkang's Qiang Kun away.

"Hey, start burning sword-shaped stone, the current progress is four percent!"

"Hey, start burning sword-shaped stone, the current progress is five percent!"

"Hey, start burning sword-shaped stone, the current progress is six percent!"

The burning of the sword-shaped stone is really slow to the extreme, which is ten times slower than the original statue of Ye Xuan.

However, this does not matter, after all, he has successfully robbed.

Who among the people present can fight him?

"Hey, the Supreme Golden Body is remodeled!"

The system prompts again, the next moment, Ye Xuan is divided into two.

After seeing this scene in the distance, the body shape trembled, and one Ye Xuan was so powerful. Now one more?

"go!"

At the moment, Ma Cheng is also a quick turn.

"I don't want to go, it's not so easy!"

Ye Xuan swiftly swept past, and the speed was even faster than Ma Cheng. In the blink of an eye, he overtook Ma Cheng.

Ye Xuan's deity, avatar, and addition, they joined forces, and Ma Cheng could not stand it.

"Young master, do you want to charm?" The fall reminded one.

"No, kill it directly!"

Ye Xuan shook his head.

This horse ride is an elite disciple of the Yinyin Palace. The mental resistance is probably very high, and his current strength is not much, so he still does not control.

"The Eye of Silence!"

Ye Xuan's light flashed.

The horse carriage that was stopped and held was only seen by a silver sniper, and immediately scared the soul.

"This guy, even his own people kill?"

This is a question in the mind of Ma Cheng, because this silence is likely to kill the fall.

However, how can Ye Xuan be able to shoot?

"call out!"

At this time, Ma Cheng's body trembled because he found the fall disappeared.

Within a certain range, Ye Xuan can hide the fall directly into the pet space, so at the time of the millennium, Ye Xuan will directly hide it.

"Oh!"

Ma Cheng's body was slanted and split, splitting into two, but he did not die immediately. However, he was quickly stunned by Ye Xuan, who was brought by the shadowless sword.

The fifth place in the Yinyin Palace's disciples was degraded.

This matter has finally come to an end.

Ye Xuan relieved with a sigh of relief. This time he earned a lot of money. Not only did he get the forged drawings of the shadowless sword and the three supreme Lingbao, but he also got the sword-shaped stone. It was a great fortune.

Chapter 913: Golden Retriever

However, when Ye Xuan thought that things were all over, suddenly a strong breath came in his direction.

At the moment, his face is a change.

"It's not good, there are strong enemies, it may be the nine sacred supreme of the Yinyin Palace!"

Ye Xuan drinks low.

The Wenkang, who was still amazed at the strength of Ye Xuan, was also frightened after hearing this.

Nine Robbers Supreme!

That was the top battle of the Emperor's dynasty. A nine-role supreme was enough to kill all of them.

The breath was approaching quickly, but Ye Xuan was not idle. He quickly swept to Wenkang and then broke through a hollow door.

"Come, go in!"

Ye Xuan said with some eagerness.

Wenkang, who was cut off, did not dare to neglect and went straight through the door of the void. Black men and white women also went in.

The eye of the void, opening a door to the void requires a lot of force, while maintaining the door of the void also requires continuous consumption.

After Ye Xuan entered the door of the void, one person rushed from the dark corner.

"Leave me!"

A violent sizzle sounded, but at this time Ye Xuan was already through the door of the void.

Out of the corner is a middle-aged woman, her breath is very strong, it must be the nine masters of the ruin.

Unfortunately, she was a step late.

The door of the void opened by Ye Xuan was sent to the entrance of the secret. After they came out of the door of the void, the three people of Wenkang had already been shocked.

"What is this means?"

Wenkang was shocked.

"Master brother, don't worry so much, let's leave the secrets first, then go straight back to the Burning Temple!"

Ye Xuan said.

The nine-roar supreme watched them enter the door of the void, and it is estimated that they will arrive soon, so they must leave quickly.

"it is good!"

Wenkang can't take care of his own arms now. Although it is difficult to repair the Supreme Golden Body in the middle of the Supreme Eighth, as long as the sword-shaped stone is handed over to the Burning Temple, I am afraid that there is no heavenly treasure.

At that time, the arm can not only grow, but he will also get a lot of treasures.

However, when Ye Xuan took the Wenkang three people to leave the secret, they found that the deep-sea caves outside the secrets were already surrounded.

More than a dozen powerful atmospheres are on the body of everyone.

"More than a dozen eight robbers!"

Ye Xuan was shocked.

Among the dozens of eight robberies, there are two breaths that are not weaker than the horses.

However, what really scares him is that there is still a nine-role supreme outside the secret.

"Well? People coming out of the secret?"

This nine robbery is an old man. After he saw Ye Xuan, his brow was also a condensation. "Who are you?"

However, not waiting for Ye Xuan to open, someone shouted: "The palace owner, the broken arm is Wenkang, they are the people who burned the temple!"

"not good!"

Ye Xuan's face sank and quickly used the eye of the void to break open the void.

The three Wenkang thought that they had died. After seeing the door of the void, they hurried into it.

"Awesome means, leave me!"

Nine robbers directly shot, suddenly there is an energy wrapped around Ye Xuan, but at this time Ye Xuan has been half a body into the door of the void.

"Damn!"

Ye Xuan screamed, directly calling out the avatar, and then a slap in the back of his deity.

At the same time, the avatar also quickly drilled in.

"Hey!"

The door of the void is closed.

The audience was shocked.

Breaking through the void, there is another person who is exactly the same. What is this Nima?

"Damn, the sword-shaped stone must be in his hands!"

Fang Caixuan saved himself when he was in the millennium. If he was at night, the door of the void would be closed.

At that time, if it falls into the hands of the Yinyin Palace, then he will be finished, and he will certainly be murdered by the group of people in the Yinyin Palace.

Before, Ye Xuan could break through the void and burn the avatar.

In other words, the Burning Temple has always had a void positioning point, so Ye Xuan, the door of the void, leads directly to the Burning Temple.

"puff!"

At this time, Ye Xuan, who had just come out of the door of the void, couldn't help but spurt a blood out.

This blood is not because of the palm he played, but because of excessive use of the sky.

"Mom, when the eyes are overused, in the case of insufficient power, the consumption is vital!"

Ye Xuan said in a heartless way, excessive use of the eye, consumption is vitality, so his eyes will disappear.

Vitality is life!

After learning this fact, he did not dare to use it.

"Young master, are you okay?"

The fall was also released from the pet space by Ye Xuan, and quickly asked.

"Nothing, I was shot by myself."

In order not to worry about falling, Ye Xuan lie, and then he is to Wenkang: "The literary brother, please also inform other people."

The sword-shaped stone has already been burned 80%. After the arrival of the master of the Burning Temple, he estimated that the recording was successful.

He has begun to curious, what kind of reward will he get?

"Okay, I will go right now!"

Wenkang also left his brother and sister directly, regardless of his broken arm injury.

The high-rises in the Temple of Burning Sun will certainly not think that they will get a sword-shaped stone.

There are also nine sacred sects in the Temple of Burning, and they almost all understand the 90% swordsmanship. However, the sword-shaped stone has other values for them.

Soon after Wenkang left, Ye Xuan heard a tone.

"Hey, the sword-shaped stone is burned successfully!"

Now, this sword-shaped stone is no longer useful for Ye Xuan, even if it is lost, it is not heartbreaking.

"Let's fall, what is your situation?"

At this time, Ye Xuan suddenly said.

Although there was no injury on the side, her face was pale, and her hair had returned to white.

After hearing this, the drop directly took out the golden hair hidden on the tail, and cried a small face: "Hey, that kind of state, you need to constantly consume this golden hair, just then that time, just Used five..."

Ye Xuan, Yan Yan, reminded: "It turns out that you will save some money in the future. This is related to your blood, not to consume time."

"Ok."

Falling down and pouting, I nodded innocently.

She was also the first to use the Golden Retriever to enhance her strength. At that time, she was only in the midst of the Seventh Anniversary, and she was able to tie the horse with the Supreme Eight Peaks. This also shocked her.

After all, this strength will increase with her realm. If it is used in the Supreme Eight, it will not be afraid if it is the Supreme Nine.

However, this thing is still used when necessary. After all, use a little less, don't wait until the end, there is only one golden hair.

Chapter 914: Supreme Lingbao, no shadow sword!

Soon, there are several strong breaths that have entered the range of Ye Xuan's induction. It seems that the top of the Burning Hall is coming.

This group of masters, all rushed into the residence of Ye Xuan.

There are more than a dozen people who rushed in, almost all of them are elders, and one of them is Ye Xuan, the master of the Burning Hall, Han Ming.

However, this group of people stood respectfully behind an old man.

Needless to say, this old man is the owner of the Burning Temple. When he saw Ye Xuan, he also said nervously: "You got a sword-shaped stone?"

"I have seen the sovereign!"

Ye Xuan pretended to be seriously injured and said that he took the sword-shaped stone directly from the phagocytic space.

As soon as the sword-shaped stone appeared, the whole audience immediately set off a while.

"Sword-shaped stone, it is a sword-shaped stone!"

The main brow of the Temple of Burning Yang was picked up and directly took the sword-shaped stone. Although he had already realized the sword of 90%, this piece of sword-shaped stone has a temptation for him. force.

He held the sword-shaped stone and said to Ye Xuan: "This time you made great achievements, what do you need, even though you said to me."

Ye Xuan, just wait for this sentence.

Before the arrival of this group of masters, Ye Xuan had already written what he wanted.

The necessities of the remaining eyes, the forged materials of the shadowless sword and the star-shaped whip, of course, the indispensable treasures of heaven and earth.

The main hall of the Burning Temple Hall took this piece of paper and looked at it. Now, his brow is also a pick.

Ye Xuan, really a big opening for the lion!

"I have just heard of the Eternal Flower, Jinyang Stone, etc. There is no such thing in the Burning Temple. These forging materials are..."

The owner of the Burning Temple Hall murmured, saying: "Except for the previous ones, the rest of the requirements are not a problem."

The first few things in the front are the necessary items to open the eyes of the sky, even if it is the Temple of the Burning Sun.

"it is good!"

Ye Xuan nodded immediately.

Although somewhat disappointed, he is still easy to satisfy, and the rest of the things are enough for him to break through and create a shadowless sword and a star whip.

"The lord, at that time, Ye Shidi killed the horses of the Yinyin Palace. At the same time, there was a group of masters from the royal family of the emperor..."

At this time, Wenkang suddenly said.

"Royal master?"

The main hall of the Burning Temple Hall heard that the brows could not help but wrinkle. In the emperor's dynasty, the last thing they wanted to provoke was the royal family.

"When the secret was discovered, there were even royal masters nearby. The luck was really bad. However, the sword-shaped stone is already in our hands. It is impossible for us to hand it over!"

"Yes, this is an opportunity for us. As long as we have a sword-shaped stone, we can annihilate the Yin Palace!"

"Even if it is the royal family, we are not afraid!"

The elders began to say indignantly.

"Ye Xuan, you are injured now, you will treat first, and later I will let people send things."

After the Lord of the Burning Temple was finished, he left with a group of people.

"Ye Xuan, this did not expect that you even killed the horses of the Supreme Eight Peaks. It seems that I don't seem to be qualified as a master." Han Ming came over and said to Ye Xuan.

"The master is heavy, and the teacher is a teacher for the rest of his life. Even if I am detached from the supreme, you are my master." Ye Xuan said respectfully.

For Han Ming, he is still very grateful. After all, if there is no such thing as Han Ming's ten supreme Jin Dan, his implementation will not skyrocket.

In this case, what happened after that day will probably be different. Ye Xuan went out to do the task immediately, and I am afraid that it will be a life of nine deaths, not to mention killing the horse and getting the sword-shaped stone.

Han Ming nodded with satisfaction and smiled: "It's not bad, I have aspirations. Your genius can't be limited to the Supreme. In the future, you can definitely break through to the Supreme Three Difficulty. You helped the Burning Temple get a sword-shaped stone. The Lord will naturally let you know, and with your qualifications, you may be able to comprehend the sword."

After listening to it, Ye Xuan was surprised. He heard the word for the first time.

Immediately, he asked: "Master, what is the sword?"

"Sword meaning is what we supremely learn, and above the sword is called sword potential." Han Ming explained: "The sword has a total of three realms, respectively, into the micro-level sword, the perfect level sword And the sword is one."

"Into the micro level, the perfect level, the sword is one?" Ye Xuan's brow picks up, "Does these three levels correspond to the hardships of the Supreme Three Difficults, the hardships and the gods?"

"Not bad."

Han Ming nodded: "As long as you understand the sword, there is no rival in the Supreme, unless the other side also understands the sword, otherwise no one can stop you from attacking. Not only that, but even the strong man of the nine-sexual body It is not always possible to comprehend the sword of the micro level, which depends on the qualifications."

From the words of Han Ming, Ye Xuan can know.

The sword has only three levels, into the micro level, perfect level, and the sword is one, and the sword-shaped stone can not only quickly improve the sword, but also comprehend the sword, which is a good thing.

"Thanks to the master for pointing out the maze." Ye Xuan hurriedly thanked.

"Haha, I have confidence in you. You will certainly be able to break through to the Supreme Three Difficulties in the future. If you can understand the sword and upgrade to the point where the sword is united, then even if it is a powerful man, it will not stop. Live your attack." Han Ming said with a smile.

Ye Xuan showed a helpless look.

The combination of the sword and the sword is the last level of the sword. The corresponding one is the realm of the gods. How can it be so easy to comprehend?

However, Han Ming has a good saying. He can definitely break through to the Supreme Three Difficulties.

Subsequently, Han Ming also left directly.

And Ye Xuan, and those who stayed at the residence and waited for the owner of the temple.

After a while, there was an elder who brought those things.

"Haha!"

Ye Xuan couldn't help but laugh.

Although he did not have the necessary materials to open the eye, he got the material of the shadowless sword and the star whip, as well as the huge treasure of heaven.

After the elders left, Ye Xuan also dumped some things into the swallowing space, and then threw the ring to the fall.

"Let's fall, take it yourself."

After Ye Xuan finished, he began to refine the supreme treasure.

The shadowless sword has already created the sword embryo, so there is not much material needed. The material of the star whips is also sufficient. Plus the two supreme spirits have forged drawings, so Ye Xuan only took a second. The time has created the supreme spiritual treasure.

"Hey, the shadowless sword is a success!"

"Hey, the star whip is a success!"

Two systems prompt to sound.

The original shadowless sword embryo is just a small dagger. After the completion of the shadowless sword is a silver long sword.

Chapter 915: Enlighten sword stone

Ye Xuan held a shadowless sword and waved it. The sword body disappeared and disappeared. Ye Xuan was like a hilt with a hilt.

It is a pity that this shadowless sword is just for the sake of gorgeousness. Like him, the shadowless effect is not useful at all.

Then, Ye Xuan took out the star whip.

The star whip is also a first-order supreme spiritual treasure, and Ye Xuan holds it to the ground.

"Hey!"

The ground suddenly burst open.

This is the effect of the star whips, as long as the enemy is drawn, it will have an explosion effect and enhance its power.

"Let's fall, the star whip is well created, but you won't whip the law?" Ye Xuan handed the star to the past and asked.

"Hey, there are rumors in the memory, and in the memory, I can quickly comprehend the sword." The fall suddenly smiled playfully.

"Quickly comprehend the sword?"

Ye Xuan's brows are picking up. This Shantou's inheritance memory has such a good thing. It's no wonder that you will choose to build a star-shaped whip instead of creating a shadowless sword.

In addition, the sword is actually a general term, after all, the people who use the sword are the most. In addition to the sword, there are swords, guns, etc., but the world is used to calling it a sword.

"The blood of this girl is so mysterious that even this is there, I can't fall!"

Ye Xuan blinked and said: "Let's fall, do you want something to take away?"

"Well, these things are all high-level, I am very quick to refine, maybe the realm will be higher than the younger masters?" Falling down and laughing, he will pass back to Qiankun.

"cough....."

Ye Xuan took a bit of awkwardness and found that at least four-fifths of the things in it were missing.

"Hey, the host breaks through, and it's currently in the middle of the Eight Robbers!"

The system prompts.

Those things, only enough to break through Ye Xuan, if you give everything to him, at least to the top of the Eight Diagrams peak.

However, he did not say much, after all, it is only in the middle of the seventh year of the Supreme Court, which has worsened his two realms, and the realm of falling is enhanced, and the strength is also very strong.

The next time, the fall is to refine the treasures of the heavens that even the elders are envious, and Ye Xuan, who is sitting quietly.

The sword-shaped stone has already been burned by him in the engulfing system. As long as he thinks, he can always understand.

"I am only seventy-five percent of the sword, and then the people of the Yinyin Palace will definitely come to the door. I must upgrade my strength and I will be able to participate in the war!"

Ye Xuan's eyes glimpsed and began to enlighten the sword-shaped stone.

The team of the Yinyin Palace, if you want to come from the entrance of Wanjian Mountain Villa, it will take at least three days.

In the past three days, Ye Xuan's strength has improved a lot.

Ye Xuan met the sword-shaped stone in his residence. In less than an hour, he heard a tone.

"Oh, 70% of the swords have changed, and the current is 80% sword!"

After half a day.

"Oh, the 80% swordsmanship has changed. It is currently 80% swordsmanship."

One day later.

Ye Xuan's residence suddenly began to condense and rob the thunder, which is a breakthrough.

In one day, the fall is based on the speed of refining and refining, from the middle of the Supreme Seventh, to the Supreme Seven Peaks, and at the same time it has reached the limit, and succeeded in attracting the Eight Respects.

"Boom!" "Boom!" "Boom!" "Boom!"

A series of supreme robbers thundered down, and the fall in the courtyard stood so quietly, hard to pick up the eight roads to the thunder.

In the cultivation resources given by the former Burning Temple, there are hundreds of supreme Golden Dan.

Supreme Jindan, before refining and refining a lot of time, with the improvement of the realm, her refining speed will also increase, coupled with blood and charm, so that it falls within one day, refining A hundred supreme Golden Dan.

This eight-fold sacred robbery is not a threat to the fall.

"Boom!"

After the last Supreme Thunder was over, the fall was a breakthrough to the Eight Robbers.

Now, the fighting power of the fall is likely to be a battle with the Nine Robbers. If it is a golden fox, it will be worthy of the Lord of the Burning Temple.

"There are two more days to continue practicing."

After the successful robbery, Ye Xuan continued to enlighten the sword-shaped stone.

When he came to the door of the Yinyin Palace, he had to show his talents.

If the ancestors of the Yinyin Palace are still alive, they may be dispatched. At that time, the founders of the Burning Temple will definitely appear.

As long as the brothers and sisters have a relationship with the yin and yang ancestors, then Ye Xuan naturally wants to ask.

Of course, even if you don't ask clearly, he also has the round jade that the old immortal left, as long as he breaks through the three difficult realms of the Supreme, you can know the yin and yang ancestors.

The remaining two days passed by.

In the past two days, there have been a lot of things refining and refining. Although there are still many residuals in the body, there are still a lot of natural treasures left, but she also directly broke into the middle of the Supreme Eight, and Ye Xuan.

Falling and Ye Xuan signed the blood of the master and servant, so that the blood of Ye Xuan's beast has changed twice, so the growth rate has increased by 30%, and the cultivation speed is so fast in Ye Xuan's expectation.

In the past two days, although Ye Xuan's realm has not improved, his constant understanding of the sword-shaped stone has already raised the sword's intention to 90%.

In the supreme realm, the highest is only the peak of the nine robbers, and the sword is only 95%. When the sword is changed to 10%, it will become a force, a sword.

In three days, Ye Xuan's sword was raised from 75% to 90%. He had a strong attack with a shadowless sword. Even if he was the entire Burning Hall, he could take over his sword. personal.

As the temple of the Burning Sun was calm, Ye Xuan and Luo continued to practice.

I don't know if the Yinyin Palace is awkward or how. After three days, I haven't arrived yet. Is it true that the founders of the Burning Yang Temple are still alive, and when they rush out to kill them?

However, just as Ye Xuan was thinking about this problem, in the sky, suddenly there was a violent drink.

"The charcoal things in the Burning Temple are all coming out!"

This is a woman's voice, and the voice is very old.

Not only that, but Ye Xuan also heard this voice, which is the palace of the Yinyin Palace.

"coming!"

After hearing this violent drink, Ye Xuan and Luo also opened their eyes at the same time.

"Oh, I am finally here. If I don't come, I will be bored and dead." He fell down and stretched out, even if he went out.

Ye Xuan is also helpless. This girl is really afraid that the world will not be chaotic, but it is also said that he has realized the three-day sword-shaped stone. The strength is at least ten times higher than that in the secret of Wanjian Villa.

This violent drink has already disturbed everyone in the Burning Temple. Fortunately, there is a large array outside the Burning Temple. No one can enter the Nine Robbers. Therefore, after the arrival of the masters of the Yinyin Palace, they have not yet come in.

Chapter 916: Absolute palace gate

When Ye Xuan went outside, he found that the main hall of the Temple of the Burning Buddha, and other people, hurriedly cut through the air and plunged toward the gate of the Burning Temple.

At the moment, Ye Xuan and Fall are quickly following up.

The disciples of the Burning Temple, who was disturbed by the violent screaming, also rushed to follow up.

Who is it, with such courage, to scream at the Temple of Burning?

The Burning Yang Temple is the top force of the Emperor's sacred sect. There are not many daring to scream, and the voice just now is an old woman, so the disciples of the Burning Temple have already guessed that the people who hit the door are the people of the Yinyin Palace. .

As soon as the Lord of the Burning Temple got the sword-shaped stone, it was already beginning to be laid out, and the elders who were outside were notified to come back.

This time, I am afraid it is going to be a big fight.

When Ye Xuan came to the front of the mountain gate with the high-rise of the Burning Temple, he saw a group of people outside the guardian of the mountain. This group of women and men was more and more men, and it was Ye Xuan who met outside the secret of Wanjian Villa. The sinister palace team.

The palace owner of the Yinyin Palace is also among them.

"You, I burned the temple and fought with you for hundreds of years. You are still the first time to find a teacher to find out, why don't you know what?" The main hall of the Temple of Burning Buddha did not know what to say.

"Less nonsense, knowing what to ask, do you still pretend to know nothing?" The palace of the Yinyin Palace came out with a cane.

"Hey, I haven't said that your yin dynasty is in the bottom of my burning yang temple, but you have to fight down first?"

At this time, a female disciple suddenly came to the front of the Yinyin Palace team and pointed to Ye Xuandao: "The palace owner, that day is him."

Everyone looked down her hand and landed on Ye Xuan.

"I? What happened to me?"

Ye Xuan came out.

"The kid, the Ming people do not say the whisper, the sword-shaped stone, is you taken away?" The main eyes of the Yinyin Palace are looking at Ye Xuan.

"Why do seniors think so?" Ye Xuan asked.

His voice just fell, and someone jumped out and said, "Isn't you stealing the sword-shaped stone, who is it?"

Ye Xuanxiao laughed and said: "Just kidding, when I left the secret world, I was surrounded by this group of people. Your palace master is even trying to take me down. Can I not run?"

"That is, if the non-Yue master has secret skills, I am afraid that several of us have been poisoned. I have burned the temple with you for so many years. When did you leave your feelings?"

Someone on the side of the Burning Yang Temple came out, it was the Wenkang with Ye Xuan on that day.

Although the sword-shaped stone finally fell in the hands of Ye Xuan, but the Wenkang three people also made a lot of credit, so they all got a lot of benefits. Three days ago, Wenkang took the Tiancai Dibao and grew a piece. New arm comes.

This sentence, but the people of the Yin Yin Palace are speechless.

If you think about it, on the same day, a squad of the Yinyin Palace met the owner of the Burning Temple. Do you have a reason to not run?

"We are not here for this matter. At that time, there were several masters from the royal family in the tomb of the sword. They saw the whole thing."

The owner of the Yinyin Palace said: "The kid, killing the fifth horse in the inner gate of the Yinyin Palace, and killing a royal family, this is a fact."

"Then, ask the seniors, how do you prove that what he said is true?" Ye Xuan asked again.

At that time, the team of the Yinyin Palace had been killed by Ye Xuan, and Ye Xuan did find other people.

However, after Ye Xuan's killing of Ma Cheng, the nine robbers of the Yin Yin Palace were killed, so Ye Xuan did not have time to kill other people.

The rhetoric of those people is only a verbal statement of facts, and there is no definite evidence.

"Oh, I don't care so much. I just need to know that the sword-shaped stone is in your burning temple. Today, you'd better hand over the sword-shaped stone, otherwise your burning temple will soon die."

The palace owner of the Yinyin Palace has no way of seeing one's own side, only to tear the skin.

"Ha ha ha, joking, just because you dare to say hello to my burning temple?" The owner of the Temple of the Burning Sun saw the other side and laughed a few times.

"You'd better choose to believe that the sword-shaped stone, we are not prepared to swallow, but choose to hand over to the royal family." The sinister palace replied.

"Jokes, if you get a sword-shaped stone, will you hand it over to the royal family?"

The owner of the Yinyin Palace continued to swear: "Do you know how the Wanjian Villa was annihilated hundreds of years ago? The husband is not guilty and bears his sin. After the sword-shaped stone of Wanjian Mountain Villa is exposed, it is the royal family. Quietly annihilated."

"what?"

After the death of the palace, the people in the Burning Temple were shocked. Not only that, but also the people in the Yinyin Palace team, they were the first to hear this secret.

In the past few hundred years, Wanjian Mountain Villa was also a big force. It was not weaker than the Yinyin Palace and the Burning Yang Temple. However, the last choice was disappeared. It turned out that it was secretly killed by the royal family.

This secret, even the Lord of the Burning Temple, does not know.

"Really?"

The main hall of the Temple of the Burning Sun swallowed the swallow.

Although the Burning Temple is strong, the royal family can secretly kill the Wanjian Villa that can be compared with the Burning Temple hundreds of years ago. Then, hundreds of years later, they may not escape.

"Otherwise, do you think that Wanjian Villa will be destroyed? The secret is that Wanjian Villa opened up for forging, but when the royal master arrived, they did not know that the sword-shaped stone was exposed, so in addition to Wan Jian Outside the villa, no one survived." The owner of the Yinyin Palace explained.

After listening to the people on the side of the Yangyang Temple, I also felt that there was some truth.

Ye Xuan himself entered the secret of Wanjian Mountain Villa, but he did not encounter a Wanjian Villa in the secret, after all, it was only used for forging.

When Wanjian Villa was destroyed, only the owner left, I am afraid that he was returned to the secret while being chased, and destroyed the entrance to the secret to prevent the royal family from finding it.

Because it is used for secret forging, all of them are men. The Wanjian Villa owner has destroyed the entrance to the secret. If it is not destroyed, the royal family will definitely find the entrance to the secret.

It is precisely because of this that the people who remain in the secret are all dead.

According to Wenkang, there are still many graves in the palace, among which are the tombs of the Wanjian Villa.

After Ye Xuan's thoughts, he felt terrible. The Wanjian Villa owner ruined the secret entrance in order to escape himself.

What is more helpless is that the people who stay in the secret are just men. If there are some women, there will be no one left in Wanjian Mountain Villa. They can live in that secret and will not perish.

Chapter 917: Two ancestors

However, Ye Xuan is still not clear.

The secret is actually a corner of the world. The entrance to the secret is equivalent to a portal. Therefore, Ye Xuan's empty eye can't return directly to the Burning Hall from the secret, and must go out of the secret.

Ye Xuan estimates that the secret environment should be an island, or there may be blockades around the law, and it is impossible to leave.

But then again, the Lord of the Burning Temple heard the sentence and hesitated.

"Old guy, advise you to give us things." said the palace owner of the Yinyin Palace.

This sentence sounds like it is thinking about the Burning Temple, but it is not stupid.

Sword-shaped stone, precious and incomparable, even if the last Burning Temple can not be left, but they take the initiative to turn in, they will certainly get a lot of rewards.

How can the Yinyin Palace want to take the sword-shaped stone?

"Your wishful thinking is really good, let me hand over the sword-shaped stone to you, and then you hand it over to the royal family?"

This sentence is undoubtedly acknowledged.

Now, they don't recognize it and there is no way.

"So, the sword-shaped stone is in the temple of the burning sun?" The eyes of the Yinyin Palace were old.

"Not bad!"

The Lord of the Burning Temple Temple drank a song. In the next moment, there was a stone with a long sword in his hand. It was a sword-shaped stone.

After seeing the sinister palace and other people, the eyes are unstoppable.

"Is this a sword-shaped stone?"

The main eyebrow of the Yinyin Palace is a pick.

Even if it is the royal family of the Imperial dynasty, there is no sword-shaped stone, otherwise why is Wanjian Mountain Villa destroyed?

The preciousness of the sword-shaped stone, Ye Xuan is the most clear, he only spent three days, he will lift the seventy-five percent of the sword to 90% of the sword.

A sword-shaped stone is enough to create a top force, even against the royal family.

Hundreds of years ago, the royal family of the Emperor's dynasty was also afraid that the Wanjian Villa was getting stronger and stronger, and it was directly destroyed.

"Let me hand over the sword-shaped stone. It is impossible. This sword-shaped stone was originally obtained by my disciples of the Burning Temple. You want to take away the Yinyin Palace. It is impossible!" It's up.

"Hey, the mystery of Wanjian Mountain Villa was found in the site of my Yinyin Palace. In this way, my Yinyin Palace also took a step back. We jointly handed the sword-shaped stone to the royal family, and the rewards were equally divided." The main proposal.

"What is the forging secret of Wanjian Villa in your site of the Yinyin Palace? Your yin dynasty is still in the Imperial dynasty. Does it mean that everything that belongs to your Yinyin Palace belongs to the royal family?"

An elder of the Burning Temple is cold and cold.

The owner of the Yinyin Palace gave her a look and said: "So, do you disagree?"

"Not bad!"

The main hall of the Temple of Burning Buddha should be answered.

Obviously, you can hand it over to the royal family. Why do you have to divide one person and yourself to share the benefits?

As long as it is not a fool, it will not do so.

The key point is that the foot is the site of the Burning Temple, and now the Yinyin Palace is coming to the door, but it is an excellent opportunity.

As long as the people of the Yinyin Palace are all killed, the Yinyin Palace will be finished.

However, it is at this time.

Suddenly a strong atmosphere, let everyone tremble, this powerful atmosphere, from the team of the Yin Yin Palace.

The Yinyin Palace team began to split into two, and then slowly walked out a figure, actually a red woman who was 30 years old when she looked at her age.

"Zu Shi!"

After seeing this person, the imperial palace official said it respectfully.

boom!

This is a name, but the people on the side of the Burning House are scared.

Is this red woman the founder of the Yinyin Palace?

"It's so strong, I am afraid it is the supreme peak!"

Ye Xuan hit a chill.

The Lord of the Burning Temple is only the middle of the Supreme Nine, and this woman is even stronger than the Lord of the Burning Temple.

"I have seen the predecessors!" The Lord of the Burning Temple did not think that the woman in red was actually there, and said in a hurry and respectful manner.

The woman in red did not pay attention to her, but whispered: "Master, don't you come out to see me?"

Although her voice was very light, she echoed in the air and spread throughout the Burning Temple.

However, her name is to scare other people.

"Teacher brother, that is the brother? Are they not brothers and sisters?" Ye Xuan's brow picked.

He understood that the woman in red was calling the founder of the Burning Temple.

After a while, there was another voice echoing in the air.

"Sister, go back."

Obviously, the founder of the Burning Temple did not die.

"Master brother, the importance of sword-shaped stone, are you not sure?" The woman in red shouted again.

This time, the ancestor of the Burning Temple was finally out. It was a young man with a sword in white.

"It's so strong, I can't feel a little breath, just like an ordinary person."

Ye Xuan swallowed it.

He has a perception of the eye, he can not feel the realm of the other side, this person is definitely more powerful than the red woman, perhaps it is difficult to cross the body.

"Teacher, you finally came out." The red woman smiled and said: "You can rest assured that I have no other purpose today."

"What do you want to say?"

Asked the Jianmei Youth.

"Sword-shaped stone, it is very attractive to you and me, but you have to know that this is not something we can touch. Wanjian Villa is a good example, if we don't give the sword-shaped stone to the royal family, Then our two forces, I am afraid that the end will be the same as Wanjian Mountain Villa." The woman in red said.

Unexpectedly, Jianmei Youth immediately answered: "This sword-shaped stone, I will not give up."

"Your brother is still the same stubbornness. Now that the royal family has not arrived yet, we still have a way to share this sword-shaped stone." The red woman said.

Share the sword-shaped stone!

After the audience was heard, Ye Xuan shuddered. Is this a combination of two?

"Even if we have two sectarian associations, we can't compete against the royal family. What you mean is to open up a big secret, let me burn the Yangdian Temple and your Yinyin Palace together to enter the secret world and learn about this sword-shaped stone together?"

The young eyebrows of the sword eyebrows.

"Yes, we can follow Wanjian Villa, as long as the entrance to the secret is destroyed, even the royal family can not find." The red woman nodded.

The reason why there is no one in the secret environment of Wanjian Mountain Villa is because there are men who are left in the secret world hundreds of years ago, and there is no woman, so it is only after the end.

However, the Burning Temple is dominated by men, and the Yinyin Palace is a large number of women. As long as they unite and bring some Supreme Beasts into a secret, they can live very well.

"Destroy the entrance to the secret, then we can't come out. No one knows when the secret entrance will reappear. If the luck is not good, do we have to stay in the secret for thousands of years?" Jianmei Youth is not I very much agree with this approach.

Chapter 918: Living together!

"Then you are not willing to give up this sword-shaped stone. If the royal army arrives, the temple will be destroyed!" The woman in red reminded me.

"I will not give up!" The Jianmei man is still an answer.

Both sides suddenly stagnated.

After the audience was heard, they felt a pressure.

The way to enter the secrets is good. Although there are men, women and children, even the Supreme Holy Beast, who can stay in a closed place for hundreds of years?

However, the founder of the Burning Temple refused to give up this sword-shaped stone. In case the royal army was killed, the Burning Temple would be destroyed!

"master....."

The main hall of the Burning Temple Hall frowned and looked at the Jianmei Youth.

"Reassured, I have already opened up a new secret. This secret has two entrances. If the royal army is killed, we will enter it and destroy this entrance." The Jianmei Youth did not care.

what?

When this sentence fell into the ears of other people, it was also a shock. It is no wonder that the founder of the Burning Sun Temple had a calm look. It turned out that it had already paved the way back.

"Sister, please come back."

Jianmei youth is facing the woman in red.

However, it is at this time.

"Hey!"

Suddenly a loud bang, fell into everyone's ears, they listened carefully, it seems like the roar of a giant beast.

"It is the royal dragon!"

The face of Jianmei Youth and the woman in red is changing.

This one voice, they have heard it once.

"Quickly, let everyone enter the secret entrance under my cultivation room!"

The Jianmei Youth hurriedly commanded it.

In three days, the news should only fall into the ears of the royal family. The Jianmei youth did not expect the other party to come so soon.

When the voice of Jianmei Youth fell, a huge figure was lowered in the sky. This is a brown dragon. It is at least several kilometers long and very large. There are all kinds of strange lines on the body.

Then there was an individual who jumped from the dragon's back.

The royal army is finally here!

"Well, you have a burning temple, you dare to hide the sword-shaped stone, and limit it to me within ten minutes, otherwise, destroy the door!" A rough man swept over, followed by two costumes wearing royals.

"Three Extremes and Nine Peaks!"

The face of Jianmei Youth has changed, and this is troublesome.

At this time, the Lord of the Burning Temple Hall has also begun to evacuate the disciples in the Temple of the Burning Sun. However, how is the time for the Ten Years?

Although the army that arrived at the royal family had only a thousand people, all of them were elites, and the realm was above the Supreme Seven.

This is not the point. The focus is on the three imperial powerhouses of the Supreme Jiufeng Peak and the more than twenty nine sacred supremes. This is not something that the Burning Temple can deal with.

"Oh, it seems that you don't want to pay, the generals listen to orders, break the line!"

When the rough man saw the Burning Temple, he began to evacuate his disciples and directly drank it.

In the meantime, there were countless attacks against the large array of the Burning Temple.

"Booming!"

A deafening loud noise spread.

"The mothers of the Yinyin Palace, let Laozi retreat, or Laozi even kill you together." The rough man attacked and shouted at the Yinyin Palace.

At this time, the Yin Yin Palace is also a dilemma.

The woman in red obviously wants to help the man with the sword and the eyebrows. The intention of the young man of the sword is already seen. The royal army has begun to attack. Once the formation is forced, the temple will be in danger.

"Zu Shi, what do we do?" asked the palace owner of the Yinyin Palace.

"Let's go back!"

The red woman whispered.

In fact, he still wants to help the temple.

Although the hatred of the Yinyin Palace and the Burning Temple has accumulated for hundreds of years, it is actually only a few disciples a hundred years ago. The people who first started the Yinyin Palace accidentally killed the disciples of the Burning Temple, so the contradiction came out.

However, the red women have not been resolved for a hundred years, and the two can only continue to fight, she can guarantee that her brother will not forget her.

At the moment, the team of the Yinyin Palace is a large section of the road.

This time, the Yinyin Palace also brought a lot of masters. In addition to the women in the red dress and the palace and the elders of the Yinyin Palace, there are four Nine Robbers.

If they join forces with the Burning Hall, they are not afraid of this royal army. However, behind this royal army, there is the entire royal family.

Once they are shot, they are challenging the authority of the royal family. At that time, the entire Yinyin Palace will be dragged into the water and will be lost.

"Booming!"

The entire royal army is attacking the Hushan array. Fortunately, there are masters in the Temple of the Burning Sun to preside over the array. Otherwise, after several rounds of attack, the guardian mountain array has long been broken.

Diligent!

Two interest!

Three interest!

The royal army is attacking and the Burning Temple is defending.

Ye Xuan, who is burning in the Yang Dian Temple, has already ignited the war, but he hopes that the Burning Yang Temple will be able to retreat successfully. As long as all the members enter the secret environment and then destroy the secret entrance, they will be safe.

Although I don't know where another secret entrance is open, but looking at the expression of the Jianmei youth, another entrance must not be easily found by the royal family.

Perhaps, still in other holy times.

However, looking at the situation before, time seems to be a little inadequate.

"I didn't expect the royal army to come so fast, it was a mistake."

The young man of Jianmei blinks.

He estimated that the royal army must have traveled through the hidden secrets, so it came very quickly. If he knew that it would be like this, he would have begun to issue the retreat order.

"Lin Zhantian, I will give you another chance to hand over the sword-shaped stone. I will keep you burning the temple and have nothing to do!" the rough man shouted.

Lin Zhantian is the name of the founder of the Burning Temple.

"roll!"

Unexpectedly, Lin Zhantian directly sneaked a sentence, he estimated the strength of the guardian big array, said: "People, ready to fight!"

The elders of the Burning Temple also took out the weapons. The entire hall of the Burning Sun was full of more than forty elders. The strength was not weak, at least the Eight Robbers.

"Zu Shi, we can fight too!"

A disciple shouted.

The inner disciples of the Burning Temple are almost all seven sacred sacred, and there are many eight sacred sects. They can also fight the masters of the royal family.

"We are willing to live and die with the Burning Temple!"

"Yes, life together!"

A group of disciples and deacons shouted.

Many of them have grown up in the Burning Temple. The Burning Temple is their home. Now that the family is going to be destroyed, they naturally have to stand up and stop it.

"it is good!"

The Jianmei youth shouted and glanced at the main hall of the Burning Temple.

"Master, the sword-shaped stone has been left by the younger brother."

The owner of the Temple of Burning Buddha said that his younger brother is the deputy of the Burning Temple.

"I am afraid that I can only insist on five seconds and be prepared." Lin Zhantian whispered.

Chapter 919: War of the royal family

The main hall of the Burning Temple Hall nodded and was ready for a desperate fight.

However, his heart is still very empty. After all, the royal army has actually dispatched three supreme Jiufeng peaks, and their side is also a supreme Jiufeng peak and his mid-ninth mid-term.

If it is played, it does not prevail.

However, if the Yinyin Palace can help, then the outcome is another matter. The people of the Yinyin Palace are good at illusions and mental attacks, and they also control Feijian. Their team battle ability is very strong. If they can get their help, this battle will definitely win.

"Boom!" "Boom!" "Boom!"

The strength of the big mountain guard is weakened a little.

Ye Xuan in the Hall of Burning Sun has quietly taken out the Supreme Lingbao Shadowless Sword.

The three Supreme Jiufeng peaks he can't afford, but he can find other people's troubles.

"With my current realm, coupled with blood and shadowless swords, killing a middle age is not a problem. The strength of the fall is not bad. If you add other people, it is not impossible."

Ye Xuan thought in her heart.

However, the three Supreme Jiufeng peaks are a trouble, and I hope that Lin Zhantian, who is the founding father, can drag on.

"Let's fall, don't leave me too far later, try to be more charming, if you are in danger, call me immediately."

Ye Xuan reminded me in her mind.

"Ok."

Nodded.

Before the fall, it merged with the charm and the crystal, and the charm ability was greatly improved. In the realm of her mid-eighth middle, as long as it is not the nine-role, she is not a problem.

It was at this time.

"Booming!"

A loud noise spread, and the guardian mountain array was finally broken.

"kill!"

Lin Zhantian shouted and directly led the rushing toward the royal army.

"Lin Zhantian, you are looking for a dead end!"

The rough man violently drove and led his master to greet him. However, he still arranged a team to bypass the forest battle day and directly enter the Burning Temple to find the entrance to the secret.

"Don't let them in!"

The main hall of the Burning Temple was violently drunk, with a few people killing the past, ready to intercept the team that wanted to cross the Chencang.

A big fight, start this!

For such a large-scale battle, Ye Xuan has not participated for the first time. Before he was in the Sunshine of the Sunshine, he was in the middle of the army.

However, he did not dare to turn around here. After all, after he broke through, he did not go to Jinjin Waterfall to strengthen the supreme gold body.

"Flower Shadow Sword!"

Ye Xuan directly recruited the avatar, and sacrificed six flying swords to kill the group of emperors. At the same time, he constantly waved the shadowless sword in his hand and attacked the masters of the royal family.

The two sides have already confronted each other.

"Kid, good qualifications, give me to die!"

A royal master of the Supreme Eight Peaks went straight to Ye Xuan.

"Humph!"

Ye Xuan snorted and looked at it, it was a burning eye.

Followed by the fall behind Ye Xuan, taking advantage of this opportunity to rush to display charm.

The falling eyes turned pink, and not only that, but the royal master of the Supreme Eight Peaks is also the same.

Charm success!

After the fascination succeeded, this master of the Supreme Eight Diagrams Peak directly took off his own Qiankun Ring, and threw it away at Ye Xuan, then turned and attacked himself.

"Hey!"

A ministry in the middle of the Supreme Eight did not respond, and was cut off by a sword.

"what are you doing?"

His approach immediately caught the attention of others.

However, people with sharp eyes immediately found something wrong.

"There are people who have foxes, be careful!"

Someone reminded.

Unfortunately, his voice has not yet fallen, and he heard a whistling wind.

"boom!"

Suddenly there was an explosion in the air. The swearing of the 'mouthy' was directly smashed by a star-shaped whip.

"Hey, I want you to do nothing." He shouted dissatisfiedly.

The people of the Yinyin Palace practice spiritual exercises, and their mental resistance is high. However, the people of the royal family are still like the Temple of the Burning Sun, and they are tempered by the golden body.

Therefore, the combination of Ye Xuan and the fall is simply seamless, one weakens the spirit, and one charm, it is simply invincible.

However, the charm can only be easily charmed by the nine robbers below, and the eight robbers are nothing, so Ye Xuan and the fall directly gave up.

"Let's fall, let's find the Nine Robbers."

Ye Xuan said in the mind about falling.

"it is good!"

When I fell into the air, I laughed and followed.

With the eye of perception, Ye Xuan can clearly sense that there are more than 20 of the royal family in the royal family. As long as they kill these people, the pressure on the temple will be small.

At this time, the nine-royal supreme stared by Ye Xuan was fighting an elder of the Supreme Nine of the Burning Temple.

Ye Xuan all the way to kill the past, killing a dozen people on the way, after approaching, it is a direct sword.

"Flower Shadow Sword!"

He is armed with a shadowless sword, and the attack power is by no means an ordinary nine-robbery.

What's more, is it a sneak attack?

"Oh!"

This sword man directly smashed the other's body into two halves.

"what?"

The elder of the Burning Hall was shocked. The strength and his opponent were actually killed by the spike?

He turned his head and found that the murderer was only Ye Xuan in the mid-eighth period.

Still not waiting for him to react, the fall is to hold the star whip and hook, directly to the ring to give Ye Xuan.

"Good, next!"

Ye Xuan is very satisfied.

A nine-royal supreme wealth, if not all, is also worthy of ten Supreme Eight Peaks.

Not waiting for the elder to react, Ye Xuan is once again looking for the next goal.

Ye Xuan's deity and fall are matched, and his avatar is killing those eight robbers, and his deeds are constantly improving.

In this battle, he is destined to shine.

However, he is still unable to dominate this battle.

Ye Xuan once again killed a nine-robbery supreme, then turned his head and swept it with an insightful eye.

Lin Zhantian is already fighting the rough man. The former is an enemy three. However, Lin Zhantian's opponent is the royal family. One pair is already his limit. In the case of a pair of three, he has no power to fight back. Fortunately, his supreme gold body is strong, otherwise it has already lost.

"The ancestors can't support much time, they must weaken each other's strength as soon as possible!"

Ye Xuan thought about it.

However, it is at this time.

"Hey!" "Hey!" "Hey!"

A sound broke through the air, and a sword with a handle plunged into the crowd, attacking the masters of the royal family.

what?

The masters of the royal family turned their heads and saw that the people of the Yinyin Palace swept toward them.

"Old ladies, are you dare?" The rough man screamed.

The red woman took the lead and rushed over to the battlefield and responded: "Teacher, I will help you!"

Chapter 920: Perfect fit

The Yinyin Palace, after all, is still shot.

Although there are hatreds in the Yinyin Palace and the Burning Temple, the women in red will not care about Lin Zhantian, so they will eventually be shot.

"Well, you are an old lady, today I will take up two of you uprooted!"

The rough man turned and directly attacked the woman in red.

Lin Zhantian lost one opponent, and the pressure suddenly fell by half. Now he is not afraid of each other.

With the addition of the Yinyin Palace, the situation has reversed in an instant, and the pressure on the masters of the Burning Palace is much smaller.

However, casualties broke out at the beginning of the battle, and the Burning Hall was also degraded.

"Can't let other people rob!"

Ye Xuan reminded me in his mind.

For him, these are all experiences.

Moreover, they still fight in the air, so his seven agile advances have no effect, otherwise his killing speed will at least double.

"Ok."

Nodded and nodded, the star whips in her hand were waved by her, and every time she was drawn to a person, she could always blast the other's supreme body.

If this is drawn to the head, it will definitely die unless it is the Supreme Lord.

However, there are not many people who use the whip, and it is a family of foxes. Naturally, some people want to shoot her.

"That is, the supreme spiritual treasure?"

A master of the mid-ninth royal family noticed the fall, and now it was swept over.

Supreme Lingbao!

There is actually a supreme spiritual treasure, which makes a big profit.

You must know that in the entire Emperor's dynasty, there is also a supreme spiritual treasure.

"Let's fall, you are stared." Ye Xuan sensed the breath of this landing.

"Come on, Master, we slaughtered him." The fall did not take it for granted.

"it is good!"

Ye Xuan smiled ghostly, and the deity and the avatar leaned against the past.

Three directions, triple attack.

"The Eye of Silence!"

"The Eye of Silence!"

"The demon fox flashes!"

Three flashes, plucking the royal master in the middle of the Supreme Nine.

"what?"

He was shocked. This speed frightened him. He just wanted to escape, but he was blocked from the retreat.

"Oh!" "Oh!"

Two crisp sounds spread, he escaped a silence, but was flashed by another smashing scorpion and the fox, and the whole body was instantly smashed into three pieces.

At the same time, his Qiang Kun ring was also dropped into a star-shaped whip and fell into the hands of Ye Xuan.

"It is estimated that this person did not expect that he would die here, and the things he brought were not quite a lot." Ye Xuan smiled very satisfied, and the wealth in this ring alone was enough to win all the gains from him. .

In addition to the three top nine peaks of the sturdy man, there are more than twenty nine sacred sects, six of which are in the middle of the ninth.

Now, one has fallen.

If Ye Xuan kills the remaining five, he will definitely be able to make another breakthrough.

"Go, continue."

Ye Xuan immediately yelled and fell, along with his own avatar to the nearest one.

Whether it is Ye Xuan's deity, avatar or falling, they have the strength to easily kill the Supreme Nine, and the three together, even in the mid-September, have to avoid the edge.

They killed all the way and also smashed many people along the way.

The eye of silence is too expensive. After the last lesson, Ye Xuan did not dare to use the vitality to supplement the power.

Ye Xuan and Luo Tian joined forces and once again stared at a royal master in the mid-September.

At this time, the royal master was fighting the great elders of the Burning Temple, and the latter was defeated.

Fortunately, there is also a sinister palace of the Nine Robbers to help, otherwise the elders of the Burning Temple may have died long ago.

"Flower Shadow Sword!"

"Flower Shadow Sword!"

Ye Xuan joined the battle in an instant and attacked the royal master in the middle of the Supreme Nine.

The two cold awns went away, but they were shocked by the other party.

"A good attack!"

The Supreme was frightened by the mid-level royal master, because the attack from Ye Xuan's deity was even stronger than him.

Holding the shadowless sword of Ye Xuan deity, and then blending 90% of the sword, this attack is enough to break the opponent's supreme body, or even spike.

"cut!"

In the mid-September of the Supreme Nine, the royal family dedicated to a sword and defeated the attack of Ye Xuan.

However, at the moment he shot.

"call out!"

"Hey!"

Suddenly a silver long whip hit his arm and only heard an explosion, and then his arm was blown into two pieces.

With the falling of the star whips, the attack power is no worse than that of Ye Xuan, but there are still some gaps from Ye Xuan, but this is enough to threaten the other party.

The arm of the sword was blown up, and the royal enshrine was shocked.

His supreme gold body is extremely powerful, and he was smashed by a little girl in the middle of the Supreme Eighth. How is this possible?

"90% of the whip, or, supreme Lingbao!"

He reacted in an instant. The next moment, he was once again taking out a top-grade sacred soldier and rushing toward the fall.

"Ha ha."

The fall is just a light smile, the laughter is very innocent, and the next moment, she is turned into a streamer.

The royal family was once again shocked. When he just wanted to shoot, he was directly swept by the streamer and his head was thrown away.

The demon fox flashes!

Ye Xuan, who saw this scene, couldn't help but say in his heart: "This demon fox flashes, it seems to have been used for a long time, it should not be the supreme martial arts, at least a level of super supreme martial arts with the supreme spiritual treasure, or, is a supernatural power. !"

Now, he is not a fledgling little boy.

The realm above the Supreme is called the Supreme Three Little Difficulties. It is difficult for the flesh, the gas is difficult, and the gods are difficult. These three are just minor difficulties.

There is still a great difficulty after God's martyrdom. This great disaster is a shackle, similar to the sacred robbery. The realm after the disaster is called the Vientiane, and the magical power is the name of the Vientiane level, just like the supreme level of the supreme martial arts. Learn the same.

After seeing the power of the fall, Ye Xuan guessed in his heart that the blood in the body may be very powerful, perhaps surpassing the Supreme Three Difficulties, at least Vientiane.

In fact, Ye Xuan can give a \*\*\*\* seed, such as the blood of the sword god.

However, the mysterious blood in the body of the body can make the blood of the beast \*\*\*\* change, so Ye Xuan is not allowed.

In the event of the fall, taking the blood of the sword god, cover up this mysterious blood?

Or, the blood of Jianshen is covered by this mysterious blood, and there is no effect at all. In this case, Ye Xuan is wasting a blood seed.

The main thing is that you don't want to drop yourself, so Ye Xuan can't force her.

After the death of the royal family in the middle of the Supreme Nine, Ye Xuan also got his ring, and furthered.

The other two burned-up halls and the Nine-Royal Supreme of the Yinyin Palace were stunned, and it was not until Ye Xuan and the fall left that they slowed down.
