

## Super D. S 921

Chapter 921: Mysterious master

At this time, the fighting power of the five Supreme Nine-Years has fallen two.

Not only that, but Ye Xuan's deity and avatar have also recovered a lot.

At the moment, they are looking for a third goal.

The people who stopped the road along the way were still killed by them all.

"The Eye of Silence!"

"The demon fox flashes!"

"Flower Shadow Sword!"

Ye Xuan and Fallen once again joined forces to attack, their goal was actually discovered, but did not expect the attack to be so powerful, so one was accidentally killed.

The third supreme nine mid-term, fallen!

"Let's fall, then you help me." Ye Xuan said to the fall.

"Young master, I can still use the demon fox flash twice." The fall suddenly responded.

"what?"

Ye Xuan was awkward, but he said: "You are a girl, and after the breakthrough, you can't tell me."

"forget....."

Falling down and spitting cute little tongue.

The demon fox flashed, she has used it three times, but can still use it twice, just to deal with the remaining two extreme nine mid-term.

At the moment, they are continuing to look for targets. At the same time, Ye Xuan handed the shadowless sword to the avatar, because it was the use of the eyes of the mortal, and now it is his turn to use it.

Gemini blood, it is too easy to use, but it is a pity that the realm of Gemini blood can not be shared, must be combined once.

If the devotion is swallowed, refined, and the avatar can be improved, then how good.

"The Eye of Silence!"

"Flower Shadow Sword!"

"The demon fox flashes!"

Under the triple attack, a royal family in the middle of the Supreme Nine Period was degraded.

At this time, Ye Xuan is very close to the Supreme Eight Diagrams Peak.

As long as the last mid-September nine is killed, then this battle is almost over.

However, Ye Xuan even killed four royal families in the mid-ninth period, but it fell into the eyes of one person.

"No, we are gradually falling into the wind, Yang Chen, you went to kill the twins and the fox."

The rough man screamed at the woman while dealing with the red woman.

And Yang Chen in his mouth is actually an opponent of Lin Zhantian.

"Hey, it's not so easy to go!"

Lin Zhantian quickly blocked in front of the other side, in the case of one-on-two, he can still cope.

He has always been paying attention to Ye Xuan. He did not expect that Ye Xuan would even be in the middle of the four supreme nines. This strength is really powerful.

The situation has reversed in an instant!

In the middle of the last Supreme Nine, I was fighting the palace of the Yinyin Palace. However, Ye Xuan and the fall have already relied on the past.

Now Ye Xuan's deity and avatar can't use the eyes of silence, but there is also a demon fox flash.

The three of them, together with the sinister palace, immediately smothered the last royal family of the Supreme Nine.

"Two pieces of supreme Lingbao?"

The Lord of the Yin Palace is also shocked.

The entire Emperor's dynasty is also a supreme spiritual treasure, but now there are two pieces at the same time. What is the situation?

Just as she was surprised, Ye Xuan had already achieved the last ring.

"Hey, the host breaks through, and is currently the Supreme Eight Peaks!"

When the system prompts to sound, Ye Xuan is immediately fit with his own body.

The owner of the Yinyin Palace felt that his eyes had been spent again. The last time Ye Xuan split in front of him and then managed to escape.

This time, it turned out to be one, what is going on?

After the integration was completed and the next realm was updated, Ye Xuan was separated again.

Since he has already broken through, he can almost dominate this battle.

At the moment, his deity and avatar are rushing toward Lin Zhantian, and as for the fall, they continue to stay here.

At this moment, no one here can threaten to fall, so Ye Xuan is also more assured.

After the breakthrough, Ye Xuan, the combat power has soared a lot, and it is not a problem to deal with a supreme Jiufeng peak. As long as you help Lin Zhantian hold one, then Lin Zhantian solves one problem.

Of course, Ye Xuan, who holds the supreme Lingbao, may kill one person himself.

At that time, Ye Xuan rushed to the front of Yang Chen.

"Flower Shadow Sword!"

"Flower Shadow Sword!"

Ye Xuan's deity and avatar attacked at the same time.

The Supreme Jiufeng Peak is already the top fighting force of the Emperor Supreme. Although Ye Xuan has only the highest peak of the Eight Diagrams, he can compete with the Supreme Jiufeng Peak with his shadowless sword and blood.

"There is a supreme spiritual treasure, he is mine!" This morning, Yang Chen suddenly showed a greedy look.

If he has a supreme spiritual treasure, this forest battlefield will definitely be beaten like a dog.

Unfortunately, Ye Xuan is not so easy to deal with.

"Boom!" "Boom!" "Boom!"

Ye Xuan deity with a shadowless sword, attack power is not blocked by Yang Chen, so can only avoid.

Because of the women's participation in the red, Lin Zhantian's pressure was less than half, and now Ye Xuan came over and dragged one person. Lin Zhantian's arrogance immediately rose.

"dead!"

Lin Zhantian seems to be burning all over the place, and directly punches his opponent at the same level.

Ninety-five percent of the boxing spirit directly hit the opponent.

At the moment, he is the pursuit of victory, as long as the killing of a supreme Jiufeng, then the battle is set.

The rough man also swallowed and swallowed. He felt that the big things were not good, and the cold sweat came from the forehead.

The original three Supreme Jiufeng, five Supreme Nine-Year and more than a dozen Supreme Nine, were enough to sweep any force in the Imperial dynasty.

Unexpectedly, the Yinyin Palace dared to intervene.

Not only that, but also the emergence of two super geniuses holding the supreme Lingbao, the five supreme royal enshrines in the mid-term.

If this continues, the three of them may have to be damaged.

"go?"

The rough man has some hesitation in his heart.

However, it is at this time.

"Bold thief!"

Suddenly, it was drunk and fell into the ears of everyone.

This sound, but the sound of a rough man is ten times bigger.

The mere four words are to stun the direct lower group of the realm. In the meantime, there are hundreds of figures falling from the sky.

"Hey!"

Ye Xuan also felt the tingling of the eardrum. The whole person was awkward. Although his fighting power was strong, his realm was still too low.

Who is it, a violent drink will shake more than half of people lose their fighting power?

Ye Xuan immediately licked his head and opened his eyes to look up. He saw an old man descending from the sky like a god.

At this point, the old man just slammed a palm, this palm is huge, even bigger than the one that is only a derelict dragon.

Its power, definitely not to be underestimated!

"Not good, fall!"

Ye Xuan brows a pick, hurriedly thought of a move, and hurriedly collected the fall back.

The next moment, this huge palm was covered.

"Booming!"

Chapter 922: escape!

"Booming!"

The giant palm fell, the earth cracked, and everyone in the air seemed to tremble as if the whole world was trembled.

Fortunately, the fall has been hidden in the pet space by Ye Xuan, and nothing happens.

"Where, scare me!"

Ye Xuan breathed a sigh of relief.

"Young master, run fast, he has been detached from the supreme!" The sound of the fall sounded in Ye Xuan's mind.

Super off the supreme!

Ye Xuan listened to this and looked at the old man who had killed hundreds of people. The whole person was paralyzed.

It's not the realm of physical difficulty.

Supreme, the cultivation is the supreme golden body, but the supreme golden body only shows that the defense is powerful. Once the Supreme has passed through the flesh, even if it is a difficult body, the body will be greatly improved.

If you compare it, the ten forest battle days are not the opponents of the old man.

This old man, a million-strong master, is enough to sweep the entire Emperor's dynasty.

The key point is that the old man is very ruthless, and that one has even killed a lot of people.

"The eye of insight!"

Ye Xuan hurriedly scanned and found that the people who survived were far away. As long as they were photographed by the palm, no one would die.

He swept a bit and found a familiar figure among the dead.

"master?"

Ye Xuan's eyes widened.

Han Mingfang was not able to escape the palm of his hand. He was directly photographed and his body was broken and he had already died.

Not only that, but even the Lord of the Palace of the Yin dynasty died under the palm of his hand, but it was the mid-ninth.

"Bastard!"

Ye Xuan couldn't help but roar.

Unexpectedly, this sentence caught the attention of the old man.

This old man is obviously just arrived, otherwise, he has already shot Ye Xuan, after all, Ye Xuan has a supreme Lingbao.

"Too Shanghuang, the boy is in the hands of the supreme Lingbao!"

The rough man suddenly violently shouted.

"what?"

The old man was shocked.

Supreme Lingbao?

The entire Emperor's dynasty is a supreme spiritual treasure, and now there is another one.

"Kids, give me the Supreme Lingbao, I will not let you die!" said the old man in a high-profile attitude against Ye Xuan.

After all, he is the Emperor of the Emperor's dynasty, a superpower who is detached from the Supreme.

Supreme is in his eyes, it is the ants.

However, Ye Xuan still has a chance to escape.

"Kid, I don't like to wait, since you don't take the initiative, I will take it myself!"

When this voice sounded, whether it was Ye Xuan's deity or avatar, it quickly broke through the void.

Although he is very eager to save the forest and other people, but this old man is not his ability to fight, he can only escape this road.

Otherwise, he has to put himself on.

Just as Ye Xuan's deity stepped into the door of the void, the old man was plundered.

"Want to go? Give me death!"

The old man directly took the knife and took out the knife.

"call out!"

The knife also went through the door of the void toward Ye Xuan, but fortunately, the door of the knife was blocked by half, but even so, Ye Xuan's abdomen was directly pierced.

At this moment, in a certain place of the Emperor's dynasty, Ye Xuan, who passed through the door of the void, sprayed a blood directly.

If the door of the void is slow, his heart will probably be cut in half.

"Young master, young master, are you okay?"

Said quickly and hurriedly.

Fang Caixuan's Philip's power is actually not much, but in order to escape the chasing of this old man, he has to overdraw a vitality.

At this time, he is blind in both the deity and the avatar. This is the aftereffect of overdraft vitality.

"Nothing, didn't hurt the heart."

Ye Xuan came out with a sigh of relief.

A total of three locations can be located in the void position, one of which is located in the Burning House and the other two are positioned according to demand.

Now he is in a place that is just outside the secrets of Wanjian Mountain Villa.

"who?"

Not waiting for Ye Xuan to rest, someone is shouting.

With the eye of perception, Ye Xuan can feel a large group of people around, all wearing armor, it seems that it should be a royal family.

"The royal family, killing my master, this hatred does not share the sky!"

The injury of Ye Xuan's deity began to recover. The next moment, he was an incarnation of a god.

In just a few breaths, the 100-man squad was all killed in the hands of Ye Xuan, and there were nine sacred sects.

"Young master, what do we do now?" asked Luo.

Ye Xuan will drop out and think for a moment.

"If you go late, I am afraid I have to die there. If the deputy head of the Burning Temple sees the wrong situation and destroys the entrance to the secret, then they may still have a chance to live, and they are afraid that the entrance to the secret will not be destroyed. When the sword-shaped stone falls into the hands of the royal family, the Burning Temple and the Yinyin Palace may not have a living mouth." Ye Xuan sighed.

In the previous scene, he still remembers it. If he doesn't leave, he will only have a few more bodies.

He is only the Supreme Eight Peaks, even if it breaks through the Supreme Nine, it is far from the opponent of the old man.

"Really, just handing over the sword-shaped stone, why should it be destroyed?"

If you fall down, you don't understand. If you hand over the sword-shaped stone, you may get a lot of rewards, so that the Burning Temple will not be destroyed.

Not only that, but not many people will die.

"The one of the old man's palms killed our master, and this hatred had to be reported."

Ye Xuan looked at the bodies around him, and the dawn was shining.

Han Ming died in the horror of the old man, not only that, but also a large number of elders and disciples of the Burning Temple. And he is a disciple of the Burning Temple, and this hatred is naturally reported for the Burning Temple.

Hearing this, the fall is also coming, she has a master, she was shot to death, and now she is angry and said: "Young master, let us directly into the palace?"

"The Royal Palace?"

Ye Xuan brows a pick.

The palace is the most sturdy place in the country.

The emperor of the Emperor's dynasty, the water is so deep that it can kill people, but with their current ability, it has this ability.

The entire Emperor's dynasty, too, is a strong and powerful one.

However, this is not a child's play, Ye Xuan must make an abacus.

If the entrance to the secret of the disciples of the Burning Temple is destroyed, then the Emperor may not return to the palace.

But if the entrance to the secret is found, the sword-shaped stone is recovered, then Taishang is estimated to take the sword-shaped stone directly back to the palace.

Of course, there are other possibilities.

There are only two Supreme Jiufeng Peaks in the Burning Yang Temple and the Yinyin Palace, namely Lin Zhantian and the red woman. The old man only needs to interrogate another entrance to the secret, and then he can send the Supreme Jiufeng to worship. I personally dispatched.

After thinking about it for a while, Ye Xuan also said: "It takes only two days from here to the capital, so it seems that we have some time."

Chapter 923: Kill God!

In fact, Ye Xuan also feels very helpless. If the void is positioned in the Imperial Capital, then he can directly break through the void and shuttle to the Imperial Capital.

By then, they took the lead.

Now, it is time to start rushing.

"Young master, then let's go quickly, the old guy actually killed the master, I must let him regret!" Falling into an angry look.

Ye Xuan is the same.

What is the reason for his strength?

Isn't it just to protect friends and family?

Although it is said that there is a \*\*\*\* in the East China, but who knows when the old man will stay, if there is a stronger person than the heavens, the East will suffer the disaster. .

Only strength can protect loved ones and friends.

"go!"

Ye Xuan took a low drink and then plunged in one direction.

He will start to race against time, as long as he is an hour earlier than the Emperor of the Emperor's dynasty, then the entire palace will be controlled by him.

In order to facilitate the operation, he also let his own avatar go to other places, that is, all the way to rob the main city of the main city.

In the main city of the Imperial dynasty, the city owner is at least nine sacred, and the wealth of each person is not ordinary.

Ye Xuan is now the Supreme Eight Peaks. With the words of falling, it is not a problem to control the Supreme Court.

What's more, the devotional space and pet space are shared between the deity and the avatar, so the landing can run on both sides.

At the moment, they are leaving.

The deity traveled to the emperor, and the avatar began to rob the main city.

This secret is farther away from the Yinyin Palace. However, it was only in the first battle, and the Yinyin Palace was also helping a lot. Otherwise, the elders on the side of the Burning House would be defeated in an instant.

Ye Xuan estimates that there is already a royal army marching toward the Yinyin Palace.

Within an hour or so, Ye Xuan found a city, although not the main city, but it is not bad.

The sect of the Supreme Eight Diagrams Peak directly kills them, controls the city owners at the same level, and then fishes a lot of good things.

Then he rushed to the next location, but the whole process was only three minutes.

Time, a little bit past.

As time goes by, the cultivation of Ye Xuan's deity is getting stronger and stronger. After all, the things that are obtained are all swallowed up by the lord of the road, so the speed is naturally faster.

The royal family who came to the Burning Temple before, the strength is strong, but after all, it is a task, and there are not many things.

You can match the body and fall, and after fascinating the other party, the other party directly handed over all the wealth, so after half a day, Ye Xuan's harvest has already surpassed that of the war.

One day later.

"Hey, the host has reached the request for a robbery. The current success rate of the robbery is 95%. Is it a robbery?"

After seeing the tone, Ye Xuan's deity did not answer directly, but directly let the avatar use the eye of the void.

"Young master, can you rob?" The fall is also through the door of the void, to Ye Xuan this side.

"Ok!"

Ye Xuan nodded, even if it is combined with the body.

"Hey, the current success rate of the robbery is 100%. Is it a robbery?"

"Yes!"

The deity and the body are combined, the strength is increased by 10%, and the success rate of the robbery is far more than 100%.

At this time, the place where he was robbed was only half a day away from the emperor.

On the top of Ye Xuan's head, he began to condense the nine-fold sacred robbery. This is already the last and most sacred saga of the Supreme.

As long as he has passed through this heavy looting, his strength will have a huge leap. At that time, the supreme under the three difficulties, no one will be his opponent.

"Booming!"

The Supreme Robbery thundered.

Ye Xuan stood there quietly and accepted the baptism of the supreme robbery.

"Boom!"

The second supreme robbery also came down.

The nine-strong supreme robbery, the first half is pediatrics, but the power of the latter robbery is stronger than the power of the previous robbery.

Since the founding of the emperor's sacred dynasty, people who died under the nine-fold sacred robbery have no idea what to do, at least with 10,000 units. Those who succeeded in the robbery were estimated to be even one percent.

However, this nine-strong supremacy is the pediatrics for Ye Xuan.

"Boom!" "Boom!" "Boom!"

Another three supreme robbers fell.

At this time, Ye Xuan has already survived five sacred robbers.

However, at this time, he suddenly felt a few strong atmosphere.

"Land, someone."

Ye Xuan reminded me.

"Oh, let the young master notice, the strength is definitely not simple, I am going to rob them."

Falling a light laugh, ready to follow the eyes of Ye Xuan.

"No, wait for them to come over." Ye Xuan stood quietly.

"Okay, but I guess it is another group of people who want to rob the fire." A pair of already seen through.

In the wild, people who are robbing are usually going to take a look. After all, it is not a trivial matter. Many people will endanger others and attack each other.

If it is a carelessness, the other party is robbed of thunder and death, then earned.

At this time, in Ye Xuan's sensing range, there were several nine robbers who rushed toward him, one of which was the mid-September.

However, Ye Xuan and the fall are not at all concerned.

Not only Ye Xuan, but even the strength of the fall is not ordinary. In the middle of the Supreme Nine, it is also a matter of a few whip.

Soon, those few people were rushing over.

"It's really strange. The robbery is actually on the plains. It's really timid." A brave man looked at the sarcasm.

Ye Xuan looked at them coldly.

There are a total of five people, four in the early stage of the supreme nine, one in the middle of the supreme nine, this strength is not ordinary, it should be a certain power of the emperor, or belong to the royal family.

"Big brother, there is a little fox sister, who looks so sapphire, looks like a young girl, and is in the middle of the Supreme Eighth. If it is sold to the royal family, it will definitely sell a good price." A small-eyed man leaned forward Come, smile at the brave man in a wretched manner.

Ye Xuan is the Supreme Eight Diagrams Peak. It is the middle of the Supreme Eighth. Although it is only one step away from the Supreme Eight Diagrams Peak, it is estimated that when entering the Imperial Capital, it can break through to the Supreme Eight Peaks.

However, this strength is really not worth mentioning for the top five people.

The eyes of the strong man can't help but say: "Little brother, no one of your family elders tells you, do you want to find a hidden way?"

"Ha ha."

Upon hearing this, Ye Xuan opened his mouth and smiled. "I am robbing, never choose a place, even if it is a knife and a sea."

His words are true to the truth. Anyway, his success rate of every robbery is 100%. Even if he fights with life, it is not a problem.

Chapter 924: Future country

However, when this was said, it made the other party laugh out loud.

"I really say a lot, kid, do you have any last words?" said the little-eyed man.

"There are no last words, as long as you have the ability to kill me." Ye Xuan smiled and did not intend to talk nonsense, directly to the down the road: "The other four people have killed, charm the mid-September."

"Okay, young master."

Falling directly to the star whips, and instantly killed.

Originally, Ye Xuan still wanted to continue nonsense, but he suddenly remembered that he was racing against time, or he was quick to decide.

"Huh!"

The speed of the falling whip was very fast, and it was directly drawn on the head of the little-eyed man.

"Hey!"

Only one explosion was heard, and the head of the small-eyed man was detonated.

The other four people stopped.

They saw that the fall was only the middle of the Supreme Eighth, so they stood still, but the attack that did not fall was so powerful, and a whip killed a companion.

"That is the supreme spiritual treasure, kill!"

The head of the strong man suddenly reacted.

However, before they took the shot, Ye Xuan, who was robbing, had quickly pulled out three swords.

"Hey!" "Hey!" "Hey!"

Three broken sounds sounded, and the remaining three Supreme Nine were all fallen.

At the same time, Ye Xuan also used the burning eye for the strong man in the middle of the Supreme Nine.

Take advantage of this opportunity, and quickly use the charm.

Although the difference between the three realms, but the charm of the crystal to make the charm of the fall greatly improved, even if you can not charm the success, it can weaken the other party's spirit.

"The eye of control!"

"Hey, take control of success!"

When the system prompts to sound, this brawny is surrendered by Ye Xuan and becomes the next person of Ye Xuan.

"who are you?"

Ye Xuan asked.

"I am Xie Shan, who is thankful to the emperor..."

The brawny began to introduce himself.

From the point of their dialogue, Ye Xuan knew that he was not a royal family. However, after Ye Xuan listened to the brawny, he was surprised.

The younger sister of this brave man is still a prince.

Prince Sidd, is the wife of the Prince, if the Prince is not abolished, the future is the Queen.

As long as his sister becomes a queen, then he is the country.

Ye Xuan did not expect that he had met such a person with identity. At the moment, he asked, "Do you know if the Emperor of the Emperor's dynasty is in the Imperial Capital?"

"do not know!"

Xie Shan shook his head directly.

It's only a day and a half away from the incident of the Burning Temple. If the sword-shaped stone is not in hand, then the Emperor should not come back, but if it is, it is likely to have returned to the Imperial Capital.

Therefore, Ye Xuan may need this Xieshan to inquire about some things.

At the moment, Ye Xuan is taking all the things from the five people.

"Boom!"

At the same time, the ninth Supreme Thunder has fallen.

"Hey, the host has successfully robbed, and it is currently the beginning of the Nine Robbery!"

When the system prompts to sound, Ye Xuan's physical and infuriating changes have also taken place.

Now, he is almost invincible in the Supreme.

Then, he took the Xieshan and continued on his way.

There is still a half-day distance from the Imperial Capital, but after the breakthrough, Ye Xuan is a lot faster. It is estimated that it takes only three hours to reach the Imperial Capital.

Although he has a sword-shaped stone in his body, it can be his current strength, 90% of the sword and 90% of the sword, it does not matter.

His strength lies between the three difficulties of the Supreme and the Supreme.

With the supreme Lingbao, a sword can easily kill the mid-September, even if it is the royal master of the supreme Jiufeng, I am afraid it will not be blocked, and the bad will be spiked.

However, let him face the palm of his hand, he is still too far away, unless he breaks through the mid-term or peak of the Supreme Nine, and by the timeless sword and blood, you may be able to defeat that palm.

Ye Xuan began to continue on the road, and the avatar also broke open the void, away from the emperor, and continued to rob the main city.

Three hours later, they arrived at the Imperial Capital.

"Xie Shan, in the past, see if the emperor wanted us all." Ye Xuan ordered.

"Yes, master!"

Xie Shan nodded and immediately rushed to the front of the Imperial City. He is now the brother of the Prince, and he is also a royal family, so the generals of the city naturally know him.

Soon, he is back.

"How?" asked Ye Xuan.

"Master, you have not been wanted, too, the Emperor has not yet returned." Xie Shan answered reverently.

Not wanted, this is not bad!

However, a defending general does not necessarily know whether Taishanghuang is back. Maybe the Emperor is already coming back, but he doesn't know it. After all, it is a strong person who has surpassed the Supreme.

Since they are not wanted, they can easily enter the city, plus Xie Shan is in, even if they are wanted, it will be fine.

Ye Xuan followed Xie Shan into the city. Because it was a fox-like family, Ye Xuan directly hid her in the pet space.

"Young Master, what do we do now?"

Asked in the leaves of Ye Xuan's mind.

"Go to the auction house!"

Although it has already arrived at the Imperial Capital, but in order to be safe, Ye Xuan still does not choose to go to the Imperial City.

The auction house in the Imperial Capital was jointly established by the four major families in the Imperial Capital.

Ye Xuan went to the auction house first, but also wanted to see if he had what he needed.

However, when Ye Xuan rushed to the auction house, Xie Shan suddenly slammed his head and said: "Master, I think of it, one of the things you want has been auctioned."

"what?"

Hearing this, Ye Xuan was also shocked.

"It's a broken fruit, it was auctioned in the Imperial auction house a month ago, but I forgot who bought it." Xie Shan hurried.

Broken fruit is the essential for Ye Xuan to open a blind eye.

"It turned out to be a broken heart, it is the thing that opens the eyes of decomposition." Ye Xuan's eyes widened and said: "Hurry, hurry!"

Now that he has opened a lot of eyes, every eye is very easy to use, and every time he opens a day, he can improve his strength.

After hearing the news, Ye Xuan hurriedly let Xie Shan take him to the Imperial Capital Auction House.

Thanks to his identity, Xie Shan called the shopkeeper of the auction house directly.

There are a total of four treasurers in the Imperial Auction House. Xie Shan called his own second brother Xie Hai. This Xie Hai and Xie Shan are both in the mid-ninth period.

"Three brothers, are you not going to Changheshan to clean up the nine-order Supreme Beast? Why are you coming back so soon?"

After Xie Hai saw Xie Shan, he asked very strangely, and then he fell on Ye Xuan's body: "This little brother is..."

Ye Xuan is also nonsense, and directly put the fall out.

"The Eye of Burning!"

"Charm!"

"The eye of control!"

This Xie Hai was very surprised at the sudden appearance of the fall, almost started, but the next moment, he was directly controlled by Ye Xuan.

Chapter 925: Broken heart

"Who was the one that was bought a month ago?" Ye Xuan asked directly.

Xie Haidun's meal seems to be remembering.

This broken heart is only rare, but the price is not very high, so he did not care much. After a long while, he replied: "It seems to be a prince."

Prince?

Ye Xuan and Luo Yi looked at each other and finally fell on Xie Shan's body.

Xie Hai and Xie Shan's sister, isn't it the Prince?

"okay, I get it."

Ye Xuan nodded. The prince took a broken heart and it was already a month ago. If the Prince used it, it would be a tragedy.

"You, go to the treasure house and bring everything to me!" Ye Xuan ordered again.

He came to the auction house not only to open up the necessities of the eye, but also to make this huge wealth.

"This... an important treasure house that needs four people to open together." Xie Hai replied.

"Then call the other three people one by one!" Ye Xuan continued.

"Yes!"

After Xie Hai responded, he left directly.

For Ye Xuan, he did not dare to defy.

The four major families of the emperor's dynasty, Xie, Chen, Lin, Yuan, and soon, Xie Hai shouted Chen's shopkeeper in the auction house.

Undoubtedly, the other party was also controlled by Ye Xuan, followed by Lin Jia and Yuan Jia.

Now, the shopkeepers of the four major families in the auction house are controlled by Ye Xuan, so the auction house's treasure house, Ye Xuan can go in.

This time, Ye Xuan will not be merciless, and directly remove all the things inside, one is not left.

This treasure house is at least worth ten main cities.

Moreover, here is not the capital of the ten main cities, but the value of the entire main city.

"Young Master, give me another day, I will be able to rob." After falling a lot of heaven and earth treasures, it is also a good mood.

Although she is only in the middle of the Supreme Eighth, she immediately went to the Supreme Eight Peaks. With these natural treasures, she is confident that she will break through to the Nine Robbers in one day.

As for the rest, it was all swallowed by Ye Xuan.

"The wealth of the four major families adds up, I am afraid there are more than this auction house, but the four major families have the strongest of the nine peaks. Although the sneak attack can kill the other side, once it is discovered, it will only Beat the grass and start the snake."

Ye Xuan thought about it.

If the Emperor is not in the emperor's capital, it does not matter if he is a stunned snake. After all, he has almost no rival in the Supreme.

But once the Emperor is in the Imperial Capital, then the snake will be tragedy.

"Gambling once!"

After thinking about Ye Xuan for a while, he decided to gamble.

His decision was to kill all the top nine peaks of the four major families and concentrate their wealth.

At that time, he may be able to break through to the middle of the Supreme Nine.

It is just late at night, but it is also convenient.

"Xie Shan, Xie Hai, take me to Xie Jia." Ye Xuan said.

"Yes!"

Xie Hai and Xie Shan looked at each other.

Xie Jia, one of the four major families of the Imperial Capital, Xie Tian, the owner of the family, is only the middle of the Supreme Nine, but the father of the three who lived in seclusion, Xie Xuan, is the Supreme Nine Peaks.

But before going to find Xie Xuan, Ye Xuan still wants to control the Xie family leader Xie Tian first.

Soon, he followed Xie Hai and Xie Shan to Xie Jia and found Xie Tian.

"Second brother, there is an auction tomorrow, how come you come back? You are not going to hate the mountain?"

After Xie Tian saw the two, it was very strange.

However, before the Xie Shan two people opened, Ye Xuan was directly released.

"The Eye of Burning!"

"Charm!"

"The eye of control!"

Three consecutive moves, directly let Ye Xuan control Xie Jiajia Xie Tian.

"You thank the family's treasure house, do you have the right to call?" Ye Xuan asked directly.

"Have!"

Xie Tian nodded directly.

Upon hearing this, Ye Xuan's eyes could not help but brighten. He thought that the treasure house of Xie's family would be open to Xie Xuan's ancestors.

Since Xie Tian has the power, then it will save the danger of screaming and screaming.

"Well, take me there, I want you to thank all the wealth!" Ye Xuan is not at all polite.

Xie Tian did not dare to defy, directly with Ye Xuan and others to go to Xie Jiabao.

Every force has a place to pile up wealth, and it is impossible to put it all on one person.

These things must be placed in a safe place.

Xie's treasure house, even Xie Hai and Xie Shan do not know, only the owner of each family knows.

Ye Xuan and Luo Zhi, under the leadership of Xie Tian, came to the treasure house of Xie's family.

After Xie Tian handed over all the things of Xie's family to Ye Xuan, Ye Xuan was shocked. The things in Xie Jiabao's library were about to catch up with the treasure house of the entire auction house.

"well!"

Ye Xuan is satisfied with the nod.

Next, he used the same method to control the other three homeowners and got three treasure houses.

His actions, God does not know.

After he ransacked the four major families, he finally heard a system prompt.

"Hey, the host breaks through, and it's currently in the middle of the Nine Robbery!"

Behind the body, after feeling the sudden rise of Ye Xuan, he smiled and said: "Congratulations to the young master to break through!"

"Not enough, with my current strength, I still can't compete with that too." Ye Xuan shook his head.

He knows that he has a few pounds, and the previous attack, even if he is now, he can't stop it. Although he is not killed by the spike, he will at least be seriously injured.

Therefore, he still can't compete with Taishanghuang, but if you break through to the Supreme Peak and open the eyes of decomposition, maybe.

"Now I have broken through to the middle of the Supreme Nine, and even if I directly enter the Imperial City, no one can stop me, but I can't guarantee that the old guy hasn't come back yet."

Ye Xuan thought in his heart.

"Young master, what about those people?" asked.

"These four families are all kings and relatives. There are people in the palace in the palace, and they have done a lot of work in private, killing them all, leaving one foot." Ye Xuan looked cold.

He controlled the top of the four major families, and the secret of the other side naturally escaped his cross-examination.

The owners of these four families also have the blood of countless innocent people in their hands, so they will kill when they kill, and Ye Xuan also kills the peace of mind.

Within half an hour, the owners of the four major families and the four big treasurers were all killed by Ye Xuan, leaving only Xie Shan alone.

"Now, you will take me to the Imperial City and find the Prince."

Ye Xuan said to Xie Shan.

"Yes, master!"

Although he said that his brothers were killed by Ye Xuan, he still did not dare to disagree with Ye Xuan. This is the power of the eye of control.

In the eyes of control, in addition to the limited number, any point is stronger than the charm of the fall.

Chapter 926: Sneak into the imperial city

Charm needs to be manipulated with mental power, and the eye of control is not, and the person who is charmed is easy to be seen. After some situations, it may be out of charm.

If the owner of Xieshan is falling, he is charmed, but the order is ordered to let Xie Shan kill his own brothers and so on. Xie Shan will hesitate, which means that Xie Shan may break the charm and regain his freedom.

At the moment of control, Xie Shan will not have any hesitation, and it is even more impossible to betray Ye Xuan.

Of course, self-destruction of charm, usually occurs when the mood is fluctuating, the mood is fluctuating, the mental strength will suddenly increase, but as long as the master's mental strength is strong enough, even if the enchanting party kills his family, he still can't escape the shackles. .

Xie Shan took Ye Xuan to the Imperial City alone. It was late at night, and the guardian of the Imperial City at night was twice as full as during the day.

"Who is here?"

When Xie Shan was close to the gate of the Imperial City, he was stopped by a general.

"it's me."

Xie Shan went over and showed his identity.

"It turned out to be the Duke of Xie..." The general recognized Xie Shan at a glance. At this time, he fell on Ye Xuan and said: "This is..."

"It's my cousin. I came to see my sister." Xie Shan answered directly.

"Oh, thank you Duke, please." The general did not doubt at all, shouting directly: "Let's release!"

Xie Shan is considered to be the top figure of the Imperial Capital, and he often enters and exits the Imperial City with his relationship. The relationship with the Prince is good, so even if you bring a team into it, there will be no problem.

With him, Ye Xuan successfully sneaked into the Imperial City.

Then, Xie Shan took Ye Xuan to find the Prince.

There are also more than a dozen emperors in the Imperial dynasty, but in the end they became the princes, but they are the thirteen princes, only twenty-two years old.

This Prince is even smaller than Ye Xuan, but the realm is exactly the same as Ye Xuan.

However, in the early days of the Supreme Nine, Ye Xuan could easily control Xie Shan and others. Now he has broken through to the middle of the Supreme Nine, and even the Supreme Nine Peaks can't escape his clutches.

In the case of the same level, Ye Xuan does not need to fall.

"Young master, I broke through, I guess I can rob me tomorrow."

While Xie Shan took Ye Xuan to find the Prince, Ye Xuan's mind also sounded like a silver bell.

As the fall of Ye Xuan's pet, it is still possible to cultivate in the pet space.

"it is good."

Ye Xuan's light flashes.

If it is to let the fall break through to the nine sacred supreme, it will also be the invincible existence of the Supreme, but if you want to compete with the Emperor, you may have to use that golden hair.

After a while, Xie Shan found Ye Zi's palace with Ye Xuan.

"We want to see the Prince!"

Xie Shan said directly to a general outside the palace of Prince Edward.

"Okay, please thank the Duke for waiting!"

The general nodded, even if he directly entered the Prince's palace.

At the same time, Ye Xuan also directly used the insight of the eye to sweep it.

The Prince's Palace is very large. There are many people living here, but Ye Xuan also has the eye of perception. With the eye of insight, he suddenly found the Prince of the Supreme Nine.

At this point, the Prince is undergoing a piston movement. I don't know if Xie Shan's sister is under him, or other side squats.

Soon, the general found the Prince.

However, the Prince is doing things, the general suddenly disturbed, the Prince is naturally angry.

After eating a closed-door general, he ran out with a grin and said: "Prince can't see you!"

"You can see it when you don't see it!"

In the heart of Ye Xuan's heart, a flash of light, the general's face suddenly stunned. The next moment, his gaze on Ye Xuan's body became very respectful.

"this way please!"

The general of the mid-ninth mid-term suddenly gave up.

The guards around the stunned, the Prince is not saying no, how can the general change his mouth?

However, they dare not ask questions.

Ye Xuan forcibly controlled the Guardian General, entered the palace of the Prince, and then found the residence of the Prince under the lead of the general.

"Mom, I am not saying no?"

The prince in a small palace was furious and jumped directly from the bed, not even wearing clothes.

But at this time.

"boom!"

The palace gate was suddenly forced to open.

The prince stunned, just want to say a lot of courage, even dare to swear.

But when he saw the person who first entered the palace, he also stunned it unstoppable.

"who are you?"

The prince immediately rushed out of the infuriating, because he felt that Ye Xuan's realm was not lower than him.

Is it an assassin?

When the voice fell, he just saw the general and the Xie Shan closed the palace gate.

"I don't care who I am."

Ye Xuan was too lazy to talk nonsense with him.

Burning eyes!

The eye of control!

The next moment, the Prince of the Emperor's dynasty became the servant of Ye Xuan.

"See the host!"

The prince was naked and shouted on one knee.

Behind him, the nephew lying on the big bed, the expression was very exciting at this time, and even the body was too late to cover it, so I looked at it.

The prince of the Imperial dynasty, even rushed to a young man and shouted the other person.

This makes her wonder.

"Is it..."

After a short period of loss, the scorpion was bright, and he hurried out of bed, and ran straight to the side of the prince.

"I have seen the ambassador!"

The nephew hurriedly shouted, with two flushes on his face and a messy hair, but she didn't dare to caress because she looked at Ye Xuan's face a little dignified.

Fang Caixuan rushed in directly, and the man who dared to do so in the palace was definitely from that place.

Ye Xuan took a look at this scorpion and was slightly surprised.

This scorpion has a fair skin and a hot body. This kind of big beauty is actually naked in front of him. This is the first time that it will not be calm as long as it is a man.

"Young Master, I feel that your heart beats faster, what's wrong with you, let me out!"

Falling and feeling the feeling of Ye Xuan, hurriedly said.

"Nothing, be honest."

Ye Xuan, Yan Yan, hurriedly pacified, if it was to fall out and see the naked Prince, I am afraid he would be killed.

"The eye of control!"

The strength of this nephew is not strong, but only in the mid-eighth period, it is easily controlled by Ye Xuan.

"Wear on the clothes, stay on the side first." Ye Xuan said to the famous nephew.

"Yes!"

The donkey nodded, took a cloak from the Qiankun ring and walked aside.

The Prince also got up and put on his clothes.

"Is the broken heart that you photographed at the auction house before, is it still there?" Ye Xuan asked directly.

"in!"

The prince nodded directly.

Hearing this, Ye Xuan's eyes lit up, it seems that he can open another eye.

Chapter 927: Decomposed eye

At the moment, the Prince took the broken heart from the ring of Qiankun and handed it to Ye Xuan.

At the moment when Ye Xuan took over the broken heart, his hand could not help but shake.

"Hey, the eye of decomposition turns on!"

A system prompts to sound.

The Eye of Decomposition is a very strange eye that can decompose opponents' attacks, weapons, and even the other's body in battle.

"This decomposing eye looks very powerful and the estimated effort is not too small..."

Ye Xuan decided to give it a try.

At the moment, he turned his head and looked at the big bed where Prince Fang and his nephew fought for three hundred rounds.

"The eye of decomposition!"

Two invisible rays were shot from Ye Xuan's pupil and hit the big bed. The next moment, the big bed began to quickly turn into fly ash.

"It's so strong, and it consumes less energy than the eye of the void!"

Ye Xuan is overjoyed.

"Young master, I have to watch."

Shouted in his mind.

"it is good!"

Ye Xuan released the fall, and then he took out a top-grade supreme soldier.

"The eye of decomposition!"

The two invisible rays were shot on this top-class sacred soldier. The next moment, this top-class sacred soldier also began to 'dissolve', and in less than a second it was turned into fly ash.

It seems that the decomposition rate is related to the strength of the material to be decomposed.

"Wow, even the top-class gods and soldiers have been broken down, so good." Falling eyes widened.

The top quality of the Supreme God, the intensity is stronger than the Supreme Golden Body of the Nine Robbers, but Ye Xuan broke it down within a second, it is terrible.

The prince and his nephew were also stupid, and swallowed swallowing.

Although the two disintegrating rays are invisible and invisible to the naked eye, they can feel it. If it is shot on a person, even if it is the Nine Robbery, it will fall.

Now, Ye Xuan has the confidence to counter the emperor's sacred emperor. After all, he still has an advanced opportunity.

Of course, this is just what he thinks. For insurance, it is best to upgrade to the Supreme Peak.

"well!"

Ye Xuan was very satisfied with the nod, and then directly took the prince and the scorpion's ring to remove all the things.

"I ask you, is your grandfather in the Imperial City?" Ye Xuan asked.

"He seems to go out, don't know when to come back." The Prince shook his head.

Ye Xuan is also somewhat helpless. After all, the old man is too emperor, even if he returns, it is impossible to report to the Prince.

At this time, Ye Xuan again fell on the scorpion and asked: "Why did you call me the messenger?"

He is very strange, because the average person sees the scene just now, it should be incomprehensible, but this scorpion seems to think of something, even if the clothes are not worn, just ran down and squatted, obviously stupid.

"I, I am from the place where the main person is from..." said the nephew.

"which place?"

Ye Xuan brows a pick.

"Master, she thought you were from the Holy Land!" The Prince suddenly said.

Holy land!

This word, Ye Xuan is the first time I heard about it, but he can guess that this holy place is definitely stronger than the Emperor.

"Where is the Holy Land? You tell me carefully." Ye Xuan asked again.

"Holy land is a secret place. My blood rock continent is the continent under the blood rock sect of the Holy Land. At the same time, the blood rock continent is not only ours, there are many. In short, the blood rock continent is the genius for the holy land." The Prince explained.

"What, more than one \*\*\*\* continent?"

Ye Xuan is also scared, not only that, but even the fall is the same.

"Yes, our blood-rock continent is the smallest, so the Holy Land sent the strong people of Vientiane, began to promote the islands around the blood-rock continent, and merged them, so that our current blood-rock continent is getting bigger and bigger. "The prince nodded."

"Vientiane, promote the merger of the island and the blood rock continent?" Ye Xuan brows a pick.

Above the Supreme is the Supreme Three Difficulty, and above the Supreme Three Difficults is the Vientiane. Unexpectedly, it was terrible to be able to push the island after reaching Vientiane.

At this time, Ye Xuan suddenly thought of the earth.

The \*\*\*\* rocky continent at his feet is like Asia, and the strongest in Vientiane is considered to be small in Asia, so the surrounding islands are merged into Asia.

Of course, the seven continents on the earth, although not connected together, are all called the blood rock continent, such as No. 1 and No. 2, responsible for transporting genius to the blood rock.

"How can I get into the blood rock?" Ye Xuan asked again.

"Only those who meet the entry criteria can enter the Holy Land. Of course, if you get the blood rock scattered on the \*\*\*\* rock continent, you can also redeem a place to enter the Holy Land." The Prince replied.

"Blood rock..."

Ye Xuan eyes a glimpse.

Suddenly, Ye Xuan is associated with the yin and yang ancestors, the yin and yang ancestors should be from the Holy Land.

"What is the entry standard for the blood rock sect?" Ye Xuan continued to ask.

"Twenty years old, reach the peak of the supreme nine." Prince thought and did not want to answer.

"The trough!"

Hearing this, Ye Xuan is also dizzy, he is already twenty-four years old, but only in the middle of the nine.

I am afraid that only this qualification will be qualified.

"How many sects are there in the Holy Land? What level of power is the blood rock sect in the Holy Land?" Ye Xuan asked again.

"A lot, I am afraid there are more countries than the \*\*\*\* rock continent under our feet. Every force has a lot of continents, and the blood rock sect is the bottom one..." Prince answered.

"There are more forces in the Holy Land than in the country. Blood Rock is only the bottom..."

Ye Xuan has been shocked to vote for the five bodies. He estimates that a sect in the Holy Land will be able to sweep across the \*\*\*\* continent. After all, the requirement to enter the Blood Rocks is to break through to the Supreme Nine Peaks before the age of twenty.

"Is there any blood rock in your royal dynasty?"

Ye Xuan continued to ask, since it can not meet the entry criteria, then it can only enter the Holy Land with blood.

"There is a piece, it is the grandfather who spent a great price, privately exchanged from the Holy Land messenger." The Prince nodded.

"Really?"

Wen Yan, Ye Xuan suddenly showed a look of joy and oversight.

It's a matter of breaking through to the Supreme Nine Peaks before the age of twenty, and it's not necessary to be twenty years old. I'm afraid that it will be fine after a while, so it's not a big problem for her to enter the Blood Rocks.

However, Ye Xuan will not work unless he breaks through to the Supreme Three Difficulties.

At this time, Ye Xuan thought of another question, saying: "You want to use that blood rock, who will send it in?"

"The grandfather himself went in." The prince replied.

"It's really selfish."

The fall of the side could not help but vomit.

However, if you want to come, there seems to be no genius in the emperor's dynasty. It is too wasteful to go in with blood.

Chapter 928: Blood rock

"Wait, your grandfather exchanged blood rocks, is there not much in the treasury?" Ye Xuan's heart suddenly slammed and almost stopped.

"Yes!"

The prince nodded.

"I am going to you #¥s%@b!"

Ye Xuan couldn't help but roar. He originally thought about going to control the emperor of the Emperor's dynasty and then emptying the treasury.

Unexpectedly, the national treasury is empty.

However, Ye Xuan thought that the Taishang Emperor used most of the treasury and exchanged blood rocks, but it was calm down.

"The yin and yang ancestors are definitely in the Holy Land. I want to find the ruling and ruling, and I must enter the Holy Land, so this blood rock must be changed!"

Ye Xuan thought so in the heart.

Although there is not much in the treasury, Ye Xuan still has to go there. Now, he is letting the Prince lead the way and find him.

The emperor of the Emperor's dynasty was the head of a country, and the strength could not be too low, so it reached the peak of the Supreme Nine.

But for Ye Xuan, it is still not worth mentioning.

Under the leadership of the Prince, Ye Xuan came to the emperor's palace.

"His Royal Highness, the Emperor has already gone to bed..." The offering of a supreme Jiufeng Peak stopped the Prince.

"This is only nine o'clock in the evening, you are going to sleep, isn't it a matter of time? Is this still the emperor?"

Ye Xuan's glimpse of the light, the face of the supreme Jiufeng Peak is wrinkled, and the next second is controlled by Ye Xuan.

"Please come with me, Your Royal Highness!"

This one is enshrined with Ye Xuan and two people.

Because it is an imperial city, Ye Xuan can't dare to do it, because he has an eye for insight, and there are still many strong people around him who watch it, once exposed.

"Right, how many masters in the royal family have the highest peaks?" After entering the emperor's palace, Ye Xuan could not help but ask.

"Including my father's words, ten!"

The prince replied.

Ten of the Supreme Jiufeng Peaks, but three out to destroy the Burning Temple, even the Emperor Taishang also personally came to prove the preciousness of the sword-shaped stone.

Soon, Ye Xuan came to the emperor's residence.

"Father, the big thing is not good!"

The prince shouted anxiously outside the palace.

After a while, the palace gate was opened and then a middle-aged man with a goatee was coming out from inside.

"what happened?"

The emperor said strangely after seeing the Prince standing outside the door.

At this time, Ye Xuan has already released the fall. When the emperor's voice fell, the two men were already directly involved.

"The Eye of Burning!"

"Charm!"

"The eye of control!"

These three strokes are enough to control a person who is the highest peak of the nine, but what makes Ye Xuan strange is that the emperor resisted the first control.

"Not good, there are thorns..."

The emperor immediately voiced.

At this time, Ye Xuan was rushing to use the second round.

"Hey, take control of success!"

When the sound was heard, Ye Xuan quickly swept in, because there was a woman inside, it should be the queen.

The Queen is only the highest peak of the Eight Diagrams, and is easily controlled by Ye Xuan.

"Isn't the emperor coming back?" Ye Xuan is still the problem.

"No, he went to annihilate the Burning Temple, and he hasn't come back yet." The emperor shook his head.

Ye Xuan sighed with relief and said: "Take me to the Treasury!"

"Yes!"

The emperor responded with a sigh, even if he was dressed, he took Ye Xuan directly to the state treasury.

The treasury of a high-level sacred sect is enough to make anyone crazy, but at this time, there is not much in the treasury of the Imperial dynasty, and it is barely able to run the entire sacred dynasty.

If there is another holy dynasty in the vicinity, the Imperial dynasty may not have any funds to fight.

However, if Taishang Emperor enters Xueyanzong, then the Emperor's dynasty will naturally rise in height, and other high-level sects will not dare to provoke war.

"Oh, I can't let me break through to the Supreme Nine Peaks. If you don't exchange that blood rock, you can definitely."

Ye Xuan was slightly helpless, and now he still has no bottom and the battle of the Emperor.

At the same time, he did not know how those people in the Burning Temple were doing.

"In any case, this must be reported!"

Ye Xuan's light flashes, and his eyes are full of killing.

This evening, the imperial city seems to be calm, but in reality there has been a big change.

In order to annihilate the Burning Temple, the emperor sent three strong men of the Supreme Jiufeng Peak, so the Imperial City included the emperor, and there were seven supreme Jiufeng Peaks.

The emperor is also among the seven, all of them are secretly controlled by Ye Xuan, and those who are extra are charmed by the fall.

Now, just wait for the emperor to come back.

That night, Ye Xuan was hiding in the Prince. If the Emperor came back, the Emperor would immediately send someone to inform him.

When it was noon the next day, it was the beginning of the robbery.

Nine heavy robes!

It's not a rare thing to rob the palace. The world will think that the person next to the prince is going to rob.

For the nine-fold sacred robbery, the fall is holding 100% confidence. After nine consecutive trips, the fall is the breakthrough to the nine robberies.

After the breakthrough to the beginning of the Supreme Nine, Ye Xuan's confidence has also increased greatly. In order to fall into the realm of the present, even if the star whip is not used, it is also the invincible existence of the Supreme.

If you use the Star Whip and then help Ye Xuan, the two should be able to fight with the Emperor.

"Old guy, just waiting for you to come back!"

Ye Xuan's eyes were stunned, and the murder in the shackles did not hide.

However, it was a coincidence that not long after the breakthrough, the emperor sent a message.

"Is the team going to the Burning Temple back?"

Ye Xuan, who learned the news, couldn't help but hit a spirit. I don't know, what is the ending of the Burning House?

Was it killed or caught?

"Masters, the people who burned the temple and the Yinyin Palace were all left behind, and the emperor was also returned, and ordered that they be beheaded at Huangchengkou tomorrow afternoon!"

A dedication to the supreme Jiufeng Peak was reported to Ye Xuanhui.

"All caught, beheaded at noon tomorrow?" Ye Xuan's brow picked.

It seems that Tai Shang Huang got a sword-shaped stone, otherwise he would not do so.

At the same time, Ye Xuan also understands that this is what the Emperor wants to do.

Kill chickens and monkeys!

The Burning Temple and the Yinyin Palace, these two forces were bold and daring to resist the royal family, so Tai Shang Huang wanted to shock other forces in the Imperial dynasty before going to the Blood Rock.

"Where are those people locked up?" Ye Xuan hurriedly asked.

"I was detained in the prison, the number of tens of thousands!" This offering continues to report.

Number, tens of thousands!

This is what Ye Xuan listened to.

"Asshole, killing tens of thousands of people at once, too ferocious." The fall of the side can't stand any more, said: "Young master, let's kill the old guy."

Chapter 929: Save people

Not only is it angry, but Ye Xuan is the same.

Among these people, although there are people in the Yinyin Palace, the Burning Temple is definitely the overwhelming majority. Taishanghuang can completely kill the high-level sectarians, and there is no need to slap those disciples.

"So many brothers and sisters will be beheaded at the noon tomorrow, no, absolutely can not let him succeed." Ye Xuan flashed, said: "Where is the old guy?"

"After coming back from the emperor, it is a direct return. It should be closed." The offering continues.

"Responsible, very good, take me to the dungeon!"

Ye Xuan said coldly.

Since the old guy is not there, he can rescue Lin Zhantian and others and then compete with the old guy.

The old guy is not expected to think that the entire palace is under the control of Ye Xuan, even his own son and grandson are the same, so naturally they will not think that the person who has just caught it will be immediately release.

However, before going to Tianzhu, Ye Xuan went to find the emperor and let him personally lead.

Under the leadership of the emperor, Ye Xuan soon came to the dungeon.

"Welcome to the Holy Spirit!"

The three most supreme Jiufeng peaks that were sent to crusade the Burning Yang Temple were the caretaker of the Tianzhu. After they saw the emperor, they also hurriedly squatted.

However, just at the moment they kneel down, Ye Xuan suddenly came out from the corner.

"The eye of control!"

The three Supreme Jiufeng Peaks were all controlled by Ye Xuan before they even reacted.

Now, the ten Supreme Jiufeng peaks in the Imperial dynasty are all servants of Ye Xuan.

At the moment, Ye Xuan is rushing to the deepest part of Tiangong.

There are tens of thousands of people in the Burning Temple and the Yinyin Palace, but because their Qiang Kun ring is all taken away, there are seals and shackles on the body, so even the door of the cell can not be opened, let alone the method of breaking the dungeon.

"The Lord!"

At this time, Ye Xuan had already arrived in the depths of Tianzhu, and he shouted directly at the inside.

Close to the gates of the Tianzhu is a group of disciples of the Burning Temple, but there is exactly one elder.

"Well? Is it you?"

This elder of the Burning Temple is very surprised and said: "How come you are here?"

"I sneaked into the Imperial City, the elders, I will let you out first." Ye Xuan said nothing, open the door directly, and remove the shackles in the hands of the elder.

In the inside of the Temple of the Burning Temple, the Lord and others heard the sound, and they hurriedly crowded out the crowd and walked out.

"Ye Xuan, it turned out to be you!"

The owner of the Burning Temple is very surprised.

"The lord, I am very sorry on that day. If I don't leave, I can't escape it." Ye Xuan said, smashing the shackles in the hands of the Burning Temple, and then asked, "What about the ancestors?"

When asked this question, the Lord of the Burning Temple also showed a sad look. "The master was killed by the old guy."

"died?"

Ye Xuan's brow was picked, but I wanted to come. Lin Zhantian and the red woman were the supreme nine peaks, posing a threat to the royal family, so they were killed first.

"Don't rest assured, I will kill the old guy and avenge the ancestors and masters!" Ye Xuan said with indignation: "Now let me put you out."

"No, we are so many people, once released, it will be discovered by the royal family. When the old guy comes out again, we can't go." The owner of the Burning Temple directly refused.

He really thought that Ye Xuan was secretly sneaking in, but he certainly would not have thought that the entire palace had been controlled by Ye Xuan.

"No, now the entire palace is under my control." After Ye Xuan finished, he said to him: "Give me over!"

The next scene is to make the Lord of the Burning Temple unforgettable.

The three noble peaks, such as the rough man who had threatened to destroy the Burning Temple, appeared directly in front of the Lord of the Burning Temple. Not only that, but there is also a middle-aged man wearing a robes and a golden crown. These people add up, and if they are exhaling, they are enough to shock the people in the prison.

But the good play is still behind.

These people, headed by the emperor, quickly walked behind Ye Xuan and then squatted.

"the host!"

They shouted together.

This sentence, but frightened the Lord of the Burning Temple.

"The lord, after I left, I sneaked into the palace and controlled all of them. Now the old guy is in the entire palace. He has no help." Ye Xuan explained.

"what?"

The Lord of the Burning Temple and the million people behind him heard this and were already shocked enough to swallow a trick.

Controlled the emperor of the Emperor's dynasty?

At this time, the Lord of the Burning Temple suddenly swept a man, a lovely girl with three white tails.

The owner of the Temple of Burning Sun also recognized her. It was an apprentice who died of Elder Han Ming, and Ye Xuan's small follow-up.

The fox family is born with the power of charm, but it is a bit unrealistic to charm a few of the supreme powers of the nine peaks.

However, the owner of the Temple of Burning Buddha discovered until now that Ye Xuan's breath was no weaker than him, and even the fall was the beginning of the Supreme Nine.

"Hey."

The Lord of the Burning Temple Temple understands how much the qualifications of the two are against the sky.

The master of the Burning Temple is actually the Supreme Lord, but his age has passed thirty-five, and he died under the palm of the Emperor Taishang, and died with the Emperor Palace.

However, the master of the Burning House Hall is not worth mentioning in the face of Fall and Ye Xuan. It is completely an ant.

"This is real?"

An old man next to him reacted. He is the deputy of the Burning Temple and an apprentice of Lin Zhantian.

Ye Xuan is facing some problems with this problem. The facts are already in front of me. Is it true?

It's hard to be true. These few supreme Jiufeng peaks behind him are fake?

"It is true. Now the entire Imperial City is under my control. The old guy should also take the sword-shaped stone to retreat, so I will let you out and will not be known by him."

Ye Xuan solemnly nodded.

"Okay, that's great!"

"Scorpio, I thought we were going to die tomorrow."

"Come on, staring at the old guy, we are leaving."

A group of disciples of the Burning Temple shouted, not only that, but even the female disciples of the group of yin dynasty showed a look of hope.

"Okay, go!"

The main hall of the Temple of Burning Buddha should be answered.

In this huge dungeon, there are more than 12,000 people, and their Qiang Kun ring is in the hands of the royal family. Accurately, it is received in the national treasury after the count is completed.

However, the emperor was also the servant of Ye Xuan, so these Qiankun Rings were all accepted by Ye Xuan. When these people left, he handed over to the two high-level officials to let them sort out their own distribution.

Chapter 930: Battle against the emperor!

Soon, the 10,000 people escaped from the sacred prison, and the guards guarded outside were also blindly blinking each other. In this case, they should have sacrificed their weapons, but the emperor, they can say what?

Ten thousand sectarian disciples appeared in the Imperial City, and this scale also made other people look silly.

"Lord, you leave first, I will solve the old guy."

Ye Xuan said to the owner of the Temple of Burning.

"Ye Xuan, the gentleman revenge for ten years is not too late, but the old guy has already surpassed the supreme, even if we are united, it is not his opponent alone..." The owner of the Temple of Burning Buddha said with concern.

"It's okay, I let them go to sneak attack, the old guy will not think that his son will do this, when it is time to see if he is killing, or not killing." Ye Xuan's mouth slightly tilted.

In fact, he is going to kill the Emperor, but in order not to let the people of the Burning Temple, they worry, so that is the case.

"Well, this plan is good, and the pro-son betrayed, depending on whether he can kill the protagonist!"

The eyes of the Burning Temple Hall were bright, and the group of the Burning Sun Temple and the disciples of the Yinyin Palace behind him were also shining and screaming.

Now the emperor and others are Ye Xuan's servants, let them go to attack the emperor, it must be something that no one would think of.

At that time, if the Emperor of the Emperor violently shot and killed these people, then it would be fun.

Unfortunately, they may not see this scene.

"Ye Xuan, you are careful, you are the future of our Burning Temple."

An elder reminded.

Ye Xuan and the fallen two controlled an emperor and a top master of a high-level sacred priest. They are there, and the future of the Burning-In Temple is a peace of mind.

Of course, the premise is that they are not dead!

"I will."

Ye Xuan nodded, even if it was the prince who was charmed by the fall, with these people leaving.

And he is starting to reorganize the team.

The emperor's dynasty, including the emperor's top ten Jiuyi peaks, all under the control of Ye Xuan, let them sneak attack, even if the emperor is a hard-nosed strong, I am afraid it will not respond?

"Young master, are we in the past?" asked Luo.

"Go, go to the neighborhood when you are down, and wait until the sneak attack is completed." Ye Xuan nodded and replied.

This time, he also made a great determination. After all, this time the deity and the avatar were dispatched together.

After being prepared, Ye Xuan took the ten emperors and plundered the place where the emperor retreats.

After a while, they are here. This is an unremarkable palace in the Imperial City, but it is a forbidden place and no one can enter.

Then, Ye Xuan is to let the emperor ten rely on the past, and his own deity, avatar and fall, is hidden not far away, as long as they do not show their head, they will not attract the attention of the emperor.

The emperor took the nine supreme Jiufeng peaks near the palace and said: "Father, it's not good, those who you caught back, were saved by a master!"

Since it is necessary to sneak attack, it is natural to act.

At this time, Emperor Taishang got the sword-shaped stone, naturally in the enlightenment. If he realized the sword, then the cow was born.

However, this retreat is not very important. I want to close it and think of it, so I will soon come out from the inside.

"what happened?"

An old voice sounded, and Tai Shang Huang finally showed up.

He wanted to take a scene of killing chickens and monkeys with the Burning Sun Temple and the Yinyin Palace, but now he was saved. This is a face.

"Father, this is the letter left by the mysterious master."

The emperor did not say much, and directly handed a letter to the past.

Taishang Emperor stretched out the dry palm and prepared to pick it up, but at this moment, the wind blew.

"Calling!"

Ten people, including the emperor, all shot.

The masters of the ten Supreme Jiufeng peaks sneaked, even if this Emperor's dynasty is too strong, it is not a reaction.

"what?"

The emperor's eyes were wide, the ten people were very close to him, and the emperor was just next to him, so the attack of this sneak attack fell on him.

The supreme is the supreme golden body, and the supreme three small difficulties, the first difficult to repair is the flesh.

The body of Taishanghuang is far beyond the imagination of all people. The ten stern attacks of the Supreme Nine Peaks are unable to kill them, but they have caused minor injuries.

The Emperor's Supreme Golden Body is not used, but his physical defense is much stronger than the Supreme Golden Body.

However, all of this is within the expectations of Ye Xuan, even if it is only a strong person who is physically difficult, it is not the ten peaks that can compete.

Taishanghuang was attacked by his own son, and his heart was very puzzled. After he saw the three figures of Ye Xuan, he understood.

"It's fascinating them, looking for death!"

He screamed, and the momentum suddenly soared. The voice just started to sway the surrounding ten people, and then it was rushed toward Ye Xuan.

In fact, Ye Xuan is still somewhat disappointed. If ten people have hit the Taishang Emperor, then their chances of winning will be much greater.

"The strong body of the flesh is really different, the speed is actually much faster than me!" Ye Xuan swallowed himself swallowing, while the light flashed, and suddenly attacked a few kilometers away.

"The Eye of Burning!"

"The Eye of the Illusion!"

"Charm!"

This war is of great importance. If the defeat is likely to fall, Ye Xuan and Luo are both playing the spirit of 120,000 points.

At the same time, there are six flying swords attacking the Emperor.

"Hey, illusion, mental attack only, the old man has lived for nearly a hundred years, is the mental strength you think?" Taishanghuang coldly screamed, raising his hand is a sword.

This sword is enough to kill any one supreme.

However, Ye Xuan's attack is not covered.

"Flower Shadow Sword!"

Ye Xuan, who holds the sword of the supreme Lingbao, also has a sword. This sword can also kill any supreme.

"boom!"

The two attacks are on the bounce and the waves are rolling.

Ye Xuan has finally fallen, but don't forget, Ye Xuan has a avatar, plus the attack of the avatar, it is just right.

"Supreme Lingbao is really extraordinary, it can block my attack, but the supreme Lingbao is mine!"  
Taishanghuang is a greedy look to the old eyes.

Despite being a powerful royal family, it is impossible to create a supreme spiritual treasure.

At that time, Wanjian Mountain Villa just happened to get three drawings of the supreme Lingbao, which can create a sword embryo, but it can not create a complete supreme spiritual treasure, and Ye Xuan also created a phagocytic system. The shadowless sword and the star whip.

"If you want me to be the ultimate spiritual treasure, then look at your strength!"

Ye Xuan's light flashed again.
