

Super D. S 94

Chapter 94: help

"run!"

Ye Xuan did not answer the other party, turned and left, and the display of the ten martial arts in the cracked Yunzong, floating body.

This floating body method is that Ye Xuan spent more than a hundred points to devour the points to learn. After learning, the whole person ran like a float, just using the toes to point the ground, the speed is very fast.

This time, Ye Xuan is ironic and wants to escape, because he knows that if this Ouyang Ming is comfortable with him, he will die, so run first.

However, he just turned and did not run a few steps, there is a virtual shadow in front.

It was that Ouyang Ming!

"Green palm!"

Ye Xuan was shocked and hurriedly slammed his palm. He tried his best and could not be picked up in the same rank.

However, Ouyang Ming in front of him did not block or flash, and Ye Xuan's palm was so straight on his shoulder.

"Hey!"

Ye Xuan's spiritual power was instantly dispelled and then disappeared.

"How is this possible?" Ye Xuan couldn't believe that his spiritual power suddenly collapsed when he encountered Ouyang Ming's body.

The next moment, his mind suddenly flashed a thought.

Real spirit defense!

What the other party uses is not spiritual power, but real spirit.

This Ouyang Ming is actually a true spiritual powerhouse!

"Little brother, know what level I am? You can rest assured that I am not malicious to you. If I really want to kill you, you are already dead."

Ouyang Ming smiled.

This time, Ye Xuan's heart is cool, he did not expect that in this Lianyun 18 mountain range, he actually met a real spiritual powerhouse.

However, Ouyang Ming's words also made him calm.

Indeed, if the other party wants to kill someone to win the treasure, he is afraid that he will die long ago. He will not stand up and pick him up.

"Ouyang adults, the kid is more offended, but also hope to forgive." Ye Xuan hurry to hug the fist.

"No problem."

Ouyang Ming smiled again and said: "The reason why I appeared in the Lianyun 18 Mountain Range is to investigate one thing. I think you have an archery, so I want you to help me. You can rest assured that after the event. I will give you three pieces of spar."

"I really want to help me?" Ye Xuan's heart was awkward, but the next moment, he stopped Nima.

The next product spar!

Is it the next product spar?

A defective spar worth one million two silver, and the value of a lower spar is one hundred times that of a defective spar, that is, one hundred million.

Three, that is 300 million!

What happened to this imperial patrol, the opening is 300 million, which is too rich, right?

"This is busy, I am afraid it is very dangerous?" Ye Xuan swallowed and asked.

The higher the price, the more dangerous the representative task. After all, Ouyang Ming is the real spiritual environment. Even if he is not sure, it will be very tricky.

"The danger is there, but there is nothing I can do with you, I just need a helper." Ouyang Ming said.

"This....."

Ye Xuan still hesitated. He just came to do the task. However, the three undersparts have great temptation, which can save him a lot of time.

You must know that his flaming mission is just 1,500 points. And this busy reward is twenty times the task of the flames.

"Ouyang adults, can you be more specific?" Ye Xuan still has some concerns.

"Yes, then you should first clean up the bodies of these monsters, and I will tell you slowly." Ouyang Ming glanced at the bodies of the monsters.

Ye Xuan's heart trembled, and sure enough, Ouyang Ming knew that he had a ring.

In this case, Ye Xuan is no longer concealing.

His strength is OK, but in the face of a true spiritualist who is detached from the martial arts, it is really not worth mentioning.

Even if Ouyang Ming stood here and gave him a day, he would not be able to hurt his points. After all, the true spirit defense is not broken by the spiritual power.

Ye Xuan swallowed the body of this place, and then followed Ouyang Ming.

However, Ouyang Ming was also shocked. He found that the interior space of Ye Xuan Qian Kun was so large that he could accept more than forty monsters. He estimated that this should be Ye Xuan accidentally.

These forty or more monsters, worth about three million two silver, Ye Xuan has also received a lot of improvement.

Later, he followed Ouyang Ming and finally stopped in a quiet place.

"Ye Xuan, I don't know if you have heard of it. Recently, some demon wolves with spar on their necks are in the Lianyun 18 Mountains?"

After sitting down, Ouyang Ming also asked.

"Have."

Ye Xuan nodded, this has been a long time, because when he first met Xue Qingqing, the other party seems to be chasing a wolf.

"I tell you, this is actually done by a certain person. He deliberately hangs the spar on the wolf's neck and attracts a large number of warriors into the Lianyun 18 Mountain Range." Ouyang Ming explained.

"Attracting a large number of warriors to come in, why is this?" Ye Xuan is somewhat puzzled.

"Because he needs a lot of human corpses, during this period, a large number of monsters will be dispatched every night to hunt humans, and then the human body will be dragged into a canyon deep in the 18th mountain range of Lianyun. I am also accidental. I found the canyon. When I found out, there were already tens of thousands of human bodies..." Ouyang Ming frowned.

After listening to these, Ye Xuan couldn't help but hit a spirit, tens of thousands of human bodies?

"This, it is not someone who is practicing magic power?" Ye Xuan blurted out.

"Maybe, but I haven't investigated it yet. If you want to investigate, you have to climb under the canyon. But there will be a lot of birds and monsters above the canyon, so I need someone to help me clean up the monsters in the sky, your arrows. It's a law, maybe it will allow me to safely go down to the canyon."

Ouyang Ming continued, he is also very fortunate to be able to meet Ye Xuan in the middle of the road, otherwise he will go back to the city to find some warriors who are skilled in archery.

"It turned out to be."

Now, Ye Xuan has already understood the ins and outs. Some people use a lot of fake spar to attract the warriors into the Lianyun 18 Mountains, and then collect human corpses to practice magic.

"But why can this person control the monster?" Ye Xuan suddenly thought of this problem.

"In fact, I am not very sure. It may be related to a force hundreds of years ago. That force is called the beast and can drive the monsters. Even during the peak period, we can even counter a dynasty." Ouyang Ming replied.

"What? Countering the power of the dynasty?"

Ye Xuan exclaimed.

Now he is not a small rookie who has entered the outside world. During this time, he also read a lot of books.

At this time he was in a country called the Xuanyang Empire, which was subdivided into sixteen counties, and his foot was called Nanlin County.

The empire is also graded. The Xuanyang Empire is a low-level empire with an intermediate empire and a high empire.

Above the high empire, it is the dynasty.
