

Super D. S 95

Chapter 95: Ten thousand gorge

There are hundreds of empire in this area, but there are only four dynasties. Even if ten high empire are added up, I am afraid that it is not a rival of a dynasty. However, hundreds of years ago, there was a force that could counter the dynasty. What is the strength of this?

"Ouyang adults, this beast is so powerful, why is it dead?" Ye Xuan asked curiously.

"This beast **** has developed rapidly. After the rise, it has reached the level of a high empire in just a few decades. After a hundred years, it can counter the dynasty. The four kingdoms of my eastern region are afraid that it will continue to become stronger, so they will jointly Destroyed, but the extinction is not complete, I did not expect that there is also the embers of the beast **** in the Xuanyang Empire." Ouyang Ming said slowly.

Ye Xuan was silent for a few seconds and digested the content.

After a long while, he continued: "So, after the beast is destroyed, there is a rush to escape to the Xuanyang Empire, and then hide it?"

"Yeah, so this matter must be investigated clearly. If it is really the embers of the beast, then it must be eradicated. Otherwise, the Xuanyang Empire will be captured by a group of monsters. By then, the entire empire will be ruined." Nod.

Ye Xuan also understands the seriousness of this state of affairs, but he still hesitates.

"Ouyang adults, what are the levels of those monsters, will not have ten-order monsters?" Ye Xuan asked.

Now he can deal with the 9th-order monster, but the 10th-order monster is the tenth-sized warrior of the martial art. If one is one, he may be able to circulate one or two. If one or two, or the monster group, then He is finished.

"You can rest assured that this canyon is in the sixteenth mountain range, there will be no ten-order monsters." Ouyang Ming replied.

"That's good."

Ye Xuan breathed a sigh of relief. If it was only a 9th-order monster, he couldn't beat it and he could run away.

He thought for a while, and finally nodded and promised: "Well, I am willing to help."

It is only for Ouyang Ming to attack the 9th-order monster in the sky, but this will get 300 million yuan, which is an absolute value.

However, is this more given?

"Okay, thank you little brother, I promised before, as long as you help me this, I will take three of the next product as a reward."

Ouyang Ming said, suddenly a golden bow was changed in his hand and he handed it to Ye Xuan. "This golden eagle bow is a lower-spirited instrument. You should use it first, and then return it to me after the event." Maybe you can take it as a reward."

"hiss!"

His voice has not yet fallen, and Ye Xuan is taking a breath.

Lying in a trough, the inspection is not the same, a shot is a special instrument!

However, the weapon of the bow is relatively small, so the spirit is not very expensive, but the value is definitely more than 300 million. Therefore, Ye Xuan has already made a decision, just take this golden eagle bow.

"Hey, it's a psychic. When you don't need it, you can swallow it directly. It's more useful than the three underlying spar." Ye Xuan took the golden eagle bow and secretly hid himself.

On the same day, the road was not flat with a cold light, and the strength improved a lot. However, today, Ye Xuan also got a hand. With this golden eagle bow, he is confident in the tenth-order monster.

Not to mention the ten-order monster, even the plane is also shot!

"Ouyang adults, you can rest assured that I will be able to complete this commission." Ye Xuan solemnly said that he felt that the golden eagle bow in his hand has not been used, it should have been built soon, this is really for him. Tailored.

"Ok."

Ouyang Ming looked at Ye Xuan and showed a satisfactory look. He immediately said: "My luck is also good today. I can meet you like this genius. After this incident, I will send you a big creation!"

"Great creation?"

Hearing this, Ye Xuan's eyes could not help but blast out two fine mans. It's hard to be done. Ouyang Ming would recommend him to go to the Xuanyang Empire as an official?

With his qualifications, if you say less, you can also get a big city owner Dangdang?

"Thank you Ouyang adults, when are we going?" Ye Xuan has some time to wait.

As long as the task is completed, then this golden eagle bow is his, and then even more able to go to the Xuanyang Empire as an official, this is exciting.

If you are a big official, then you can make money quickly, upgrade quickly, and then get the Empire to pay attention to it. This is an infinite loop!

"If you don't want to be late, let's go now!"

Ouyang Ming suddenly got up.

"it is good!"

Ye Xuan followed and solemnly nodded.

Then, the two men rushed to the depths. On the way, Ouyang Ming was also shocked because he found that Ye Xuan's physique was super strong, and the speed of the explosion was not inferior to that of the martial art's tenth heavy weapon.

"Sure enough, he is a genius. His qualifications are even stronger than Fan Jun. If he can recruit, it will be a strong card in my Ouyang Ming team. In this competition, he will definitely be a blockbuster!" Ouyang Ming thought.

.....

Ye Xuan and Ouyang Ming are very fast. In less than half a day, they entered the 16th mountain range of Lianyun. Later, under the lead of Ouyang Ming, Ye Xuan finally saw the canyon. He is not yet close. It was a hurricane that almost spurred him out.

"It's so disgusting, vomiting..."

Ye Xuan quickly hugged his nose, and even then he felt unwell.

"Ye Xuan, look at the canyon." Ouyang Ming went to the edge of the cliff.

Ye Xuan followed the past, and immediately it was a squat at the foot, and almost did not fall off the cliff.

I saw that there were countless human limbs broken at the bottom of the canyon. They looked red and red, and their blood flowed into a cave in the distance.

"The embers of the beasts should be in the caves, but the cliffs here are too high, and it is extremely difficult to climb, and the monsters patrol, so I can only reach the bottom with your help."

Ouyang Ming said, suddenly his brow wrinkled and turned his head and said: "The patrolling monsters are coming, Ye Xuan, you solve them."

Ye Xuan followed Ouyang Ming's gaze, and sure enough, a group of birds and monsters flew in the distance, the scale and the only encounter.

Just now, Ye Xuan used the top-grade ware. However, now, the golden eagle bow in his hand is a spiritual device that can greatly enhance the strength of spiritual strength.

"Come on, let you **** current attack!"

Ye Xuan's flash of light flashed and suddenly pulled the golden eagle bow.

The spirit is not a spiritual device, Ye Xuan with two hundred blood of the blood of the beasts, even unable to fill the Golden Eagle bow.

However, this is enough!

"call out!"

A cold mans shot, instantly divided into nine, into the group of monsters, and then, the group of monsters fell.

"It's so strong, the speed and size of the Spirit Arrow is doubled!"
