Chapter 951: Two levels of challenge

"You are looking for an excuse to cover up the fact that you ignore the rules." The red elders said coldly: "These two people have no signs of being controlled, and the realm is higher than this kid. You are Are you kidding me?"

"Don't dare..."

Brother Zhao hurriedly narrowed his neck. In fact, he also talked nonsense. He also felt that he was not very reliable.

However, the two younger brothers who were loyal to him suddenly sneaked back when he caught Ye Xuan, which made him wonder.

"In the door, do you know the rules?" The red elder looked at the Zhao brother.

"Disciples know!"

Master Zhao nodded.

Blood Yanzong door rules, anyone who shoots in the door must go to the wall for half a year.

At this time, the elders in red fell on Ye Xuan and asked: "When you face his attack, why don't you stop and hide?"

"The disciple is too late!" Ye Xuan replied casually.

"This is not necessarily the case." The elders of the red dress glanced at the eyes and said: "The old man is in charge of the experience hall, but I heard that you have completed two missions in one day."

This sentence, but she was shocked by Ye Xuan, he did not expect the red elders to be the elders in charge of the calendar.

Facing the snake-like eyes of the red elders, he replied: "The kid is lucky."

"Is it lucky? I personally checked it again. On the 666th Blood Rock Mine and the 834th Blood Rock Mine, there is no blood rock spider inside."

The elders of the red dress glanced at the eyes and said, "Is these two tasks, did you personally complete them?"

"Yes!"

Ye Xuan solemnly replied.

Just kidding, this is what he did. Since it is a fact, what are you afraid of?

"The caretaker of the blood rock mine of the 834th said that when you go, it is difficult to have a double body. After eight hours, it is a triple-body, and eight hours not only cleans up all the blood rock spiders inside. It also broke through to the triple flesh, which is nothing to me."

The red elders paused and said: "But the time between the completion of the two missions and the time to return to the mission hall are only a few minutes apart. How did you do it?"

When the words came out, the people around them were shocked.

How is it possible to complete the task, get the time of the task certificate, and the time to return the task to the calendar hall, only a few minutes apart?

Even if it is a blood-stained mine with a distance of 666, it will take at least an hour for Master Zhao to run.

"This is the secret of the younger generation."

Ye Xuan knew that there was something wrong with him. It turned out to be at a time interval, but he did not feel that it was all right. After all, the secret of the eye of the void was nothing.

"Well, since it is a secret, I don't ask too much. But some people question your fraud, so you have to prove your strength." The red elders continued.

"How to prove?" asked Ye Xuan.

At this time, the elders in red fell on Zhao's brother and said, "You will play with him, but he can only use his hands and not use weapons."

"it is good!"

Not waiting for Brother Zhao to speak out, Ye Xuan is forced to answer.

Although he is only a triple-body, Zhao is a five-figure, but Zhao can't use weapons. He can only use his fists, so he has insufficient attack power.

"Hey, look for death!"

The brother Zhao saw Ye Xuan immediately answered, and his heart was very unhappy. After all, this is to look down on him.

Poor two realms, even if you can kill with a fist, why use a sword?

"If this is the case, then it will be on the stage."

The red elder nodded and said: "Forget it, just here, if you win, you don't have to go to the wall."

When he finished, he turned his head and looked at Ye Xuan: "If you can win him in two realms, I will reward you with 10,000 blood rocks."

Ten thousand blood rocks!

When the sound falls into the ears of the people around them, it also makes their body tremble.

Even the brother Zhao, the net worth is just over 10,000, and the elders even took out 10,000 pieces of blood rock as a reward!

No, not a reward, because this is to say to Ye Xuan alone.

If Master Zhao wins Ye Xuan, then he will avoid half a year's face time, but if Ye Xuan wins him, then he can get 10,000 blood rocks.

This reward is completely inequitable!

"Do you want to win me if you want to mix things? I want you to get that 10,000 blood rocks!"

Brother Zhao is shining.

At this time, the surrounding disciples also retired and gave Ye Xuan and the Zhao brothers the venue.

Master Zhao's fists in both hands, although he did not understand the boxing, but he learned a boxing method, coupled with the suppression of the realm, he has the confidence to punch Ye Xuan.

"Don't lie, start." The red elders rushed.

"drink!"

When his voice sounded, Master Zhao was a punch, a red fist shadow, and moved toward Ye Xuan.

This punch, even if it is a strong person with four physical difficulties, does not dare to care.

However, Ye Xuan did not care at all.

"Cold weather!"

"Hey!"

The fist shadow and the sword mans collided, and the air wave rolled in an instant.

What makes everyone surprised is that Ye Xuan's sword has defeated Zhao's attack.

Even if you hold a supreme spiritual treasure, you can't make up for the gap between the two realms?

"Oh?"

The red elders saw the eyes, and the eyes could not help but shine, because he could see the power of the sword.

"Impossible, even more two levels challenge me, I do not believe!" Zhao brother sulking, his body flashing.

At the same time, Ye Xuan was also moved. His speed was not slower than that of Zhao.

"Boom!" "Boom!" "Boom!" "Boom!"

The two people's infuriating collisions, although the two realms are worse, but Ye Xuan has the blood of the sword god.

Moreover, the blood of the beast **** also enhanced his 40% strength and 80% agility.

Even if you don't use those cards, it is not a problem to clean up this Zhao brother.

The people around, seeing Ye Xuan and Zhao's brother actually hit a tie, it's already surprising that they can't speak.

The triple flesh is difficult, and the five-figure body is difficult to compete. Is Zhao's brother too weak, or is Ye Xuan too strong?

Of course, Ye Xuan is too strong!

The people around are not stupid. They all think that they have no ability to take over the attack of Ye Xuan, so Ye Xuan's strength is enough to complete the most difficult task in Samsung.

It is at this time.

"Oh, the proficiency of the cold weather is increasing. It is currently 10% hot, and the power is doubled!"

Suddenly a system prompts to sound, Ye Xuan confiscated his hand, slammed straight out.

"Hey!"

This sniper easily defeated the fist shadow of Brother Zhao and then squatted on him.

"puff!"

Brother Zhao spurted a blood and was instantly shot.

Chapter 952: Elder's registered disciple

This scene makes everyone stunned.

Ye Xuan Yue two levels of challenges, even succeeded?

In fact, even Ye Xuan did not think that his cold scorpion had actually risen to 10% of the heat at this time.

At this time, he only remembered that the effect of Wu Jiandan had not passed, so just a moment, he raised a martial arts to a 10% heat.

Wu Jian Dan, not only can quickly understand the sword, but also can quickly improve the proficiency of sword martial arts, with the blood of the sword god, the effect will be greatly improved.

"Not bad, 90% of the fire has risen to 10% of the fire!" The red elders said to Ye Xuan, not looking at the injured Zhao brother.

He only promised that as long as Ye Xuan's two-level challenge succeeded, he would give Ye Xuan a million blood rocks.

a man of his words!

"Kid, you are very good, this 10,000 blood rocks reward you." The red elders lost a delicate red stone in the past.

When everyone saw it, the eyes were full of greedy looks.

Zhongpin Blood Rock!

This piece of Chinese blood rock is enough to top the 10,000 pieces of blood rock. If the Supreme Lingbao is doped with a medium blood rock, the hardness and power will be greatly improved.

Ye Xuan took over this piece of blood, and respectfully moved: "Thank you for the elders' reward."

"Your strength, I also saw it, you have the ability to complete two cleaning tasks in one day."

The elders in red said, and they paused. "I want to accept you as a registered disciple. What do you think?"

boom!

When the words came out, the people around him were shocked, and the brother Zhao, who was flying by Ye Xuan, showed his resentful look on his chest.

Even he is not qualified to be accepted as a disciple by the elders. How can Ye Xuan He De?

Although Ye Xuan defeated him, he has restrictions. If he uses weapons, he will be able to easily kill Ye Xuan.

So he refused to accept it!

However, now the elders in red are asking questions, he can't interrupt.

"Remember a disciple?"

Ye Xuan brows a pick, if someone wants to accept him as a pro-disciple, he still does not agree, but this is only a registered disciple, nothing.

He used to worship a few people as a teacher, but apart from a Xuanzhongshan people, those few people did not end well.

Zhou Cang hit his idea and was killed by him. He was almost whipped by him.

Hundreds of poisons and old monsters also want to accept him as a disciple, and finally a dead word.

Han Ming, the elder of the Burning Temple, accepted him and settled down, but he was killed by the Emperor of the Emperor.

Therefore, he is a bit of a star, who accepts him as a pro-disciple and who is going to die.

However, there is an example of Xuanzhongshan, so he feels that there is nothing to remember a disciple.

There is an elder who supports, and in the future he will be able to go better.

"I have seen the master!"

Ye Xuan hurriedly clenched his fists.

"Well, for the teacher called Dong Xing, in charge of the outer door calendar training hall. Although it is only the elders of the outer door, but still some status, if someone dares to provoke you in the future, you have to measure yourself."

The red elder smiled and said: "The old man lives in the experience hall. If you have something you don't understand, you can come to me. In addition, I have a sword-shaped stone there. If you want to enlighten, you can come."

"Thank you for the master!" thanked Ye Xuan.

Immediately, Dong Xing is leaving directly.

The sword-shaped stone is of little significance to Ye Xuan, because he has already learned the sword of the micro level.

Of course, if it is an intermediate sword-shaped stone, it is another matter. Intermediate sword-shaped stone can help the warrior to comprehend the perfect level of sword.

Then, Ye Xuan left under the eyes of everyone.

The brother Zhao also climbed up in a gloomy face. His two dog legs were controlled by Ye Xuan, so he was stunned and looked at the smile of his mouth, so that Zhao's brother showed a fierce look.

"Kid, don't think that you have become a registered disciple of the elders, I can't take you anyway!"

Zhao's brother sighed in his heart and left.

Although he has to go to the wall for half a year, before that, he still has to go to the inner door to inform the brother of Guo.

.....

"Young master, are you okay?"

There was a greeting from the fall.

"Of course, nothing, my young master, I am very powerful, and I was taken by the elders of the outer door to remember my disciples." Ye Xuan replied.

"Yeah, the young master is really powerful. Hey, those people are too annoying. Like flies, I have been honestly staying at the residence to practice now. It is estimated that it will be difficult to break through to the double body in a few days."

The sound of the fall is a bit sad, obviously it can't stand the same brothers who are looking for reasons to find the same door.

"Cultivate well."

After Ye Xuan returned, he went back to his place of residence.

Now that he has become a registered disciple of Dong Xing, no one will question his strength in the future. At that time, he can complete the task without limit.

However, those inside disciples are a problem, but he is not afraid. If the other party dares to continue to find it, he does not mind the lesson.

In the first battle, he did not even use the Zhentian sword. The same was true of all kinds of cards. If he broke out, then Zhao's brother would have died a hundred times.

At this time, Megatron suddenly ran out.

"I want that piece of blood rock in the middle? OK, for you!" Ye Xuan was very generous to throw the blood rock to Megatron.

Now he has broken through to the triple flesh, and Megatron is only a double physical difficulty.

Moreover, during this time he found that Megatron only had refining ore faster, and if it swallowed the supreme Lingbao, it would die slowly.

Therefore, the ore is still directly to Megatron, after all, there is no ore sold in the exchange system.

"Hey, Megatron upgrades!"

The system prompts.

Sure enough, this piece of blood in the middle of the blood, let Megatron break through to the triple body.

Megatron broke through, and the power of Wanjian Guizong will also increase. Ye Xuan is also indirectly stronger, so now Ye Xuan can't just focus on improving his realm.

However, shortly after the breakthrough of Megatron, there was suddenly a figure that fell into his yard.

Ye Xuan is very surprised. When I open the door, I look at it. It is a person I don't know.

This is a young Jianmei, but dressed in the costumes of the **** sect.

"You are Ye Xuan?"

Jianmei youth eyes lock Ye Xuan, a pair of superiors.

"Dare to ask the brother is..."

Ye Xuan asked the fist, but he had already guessed the identity of the other party in his heart.

This person, I am afraid that is the brother of Guo in the mouth of Zhao.

"Hey, you hit me, no one knows who I am?" Jianmei Youth said coldly.

really!

Ye Xuan can confirm that this Jianmei youth is the brother of Guo.

"Oh, what is your brother Guo?"

Ye Xuan did not agree, but he could not feel the realm of this brother Guo, so at least the six flesh is difficult.

Chapter 953: Six-star mission

"What is your relationship with the fallen sister?"

Brother Guo, like the brother Zhao, asked at the door.

"The fall is my sister."

This time, Ye Xuan answered, he did not want to meet other people to ask him the relationship between the fall.

"Hey, the fallen sister is a fox, you are a human being. Since you are not a brother, it is better to be farther away."

Brother Guo reminded kindly.

"This does not require you to worry about Brother Guo." Ye Xuan was too lazy to pay attention to him, directly closing the door.

"Hey!"

Unexpectedly, the door was pierced by Guo's brother: "How dare you dare to ignore me?"

This Guo brother's behavior has already succeeded in angering Ye Xuan. At the moment, Ye Xuan's forehead is a few blue veins.

"Waste, give me a little farther, don't force me to kill you!"

Ye Xuan finally couldn't help but open up.

Sometimes when you retreat, the other side will get an inch, so it's still awkward.

"what did you say?"

Brother Guo seems to have heard the best laughter since he lived.

Ye Xuan even shouted at his waste, and said that if he did not roll, he would kill him.

This is a big joke!

"Ha ha ha, the triple-hard waste, actually want to kill me, hahahaha..." Guo brother couldn't help but laugh, but the next moment, his face was sinking, after all, Ye Xuan Fang only married him.

If it is not Blood Rock, he will definitely slap Ye Xuan directly to death.

It is a pity that Ye Xuan is now accepted as a disciple by an elder of the outer door. This is a bit of a hassle.

"Do you know what kind of realm I am? Seven hard bodies are hard! Even if you practice for another ten years, I am afraid that you can't reach this realm. Waste, you are licking yourself!" Guo brother looked sarcastically, and his tone was very disdainful.

Indeed, Ye Xuan's current situation is far worse, but if it is really to fight, the death must be Brother Guo.

Wan Jian is a patriarch, a sword, and a variety of blood. These factors are enough for Ye Xuan to have the strength to kill Guo.

"Oh, anyway, my words have already been brought. If you dare to go to the fallen teacher, you will blame me for being ruthless. I want a foreign disciple to die. I don't need my hands!"

Brother Guo is not prepared to swear with Ye Xuan. After leaving such a sentence, he is drifting away.

At this point, Ye Xuan wants to use his eyes for decomposition once.

"cut....."

Ye Xuan spit on his back and then closed the door. Although the door was broken, some leaked, but it did not affect anything.

This kind of small thing, he is too lazy to go and fall, or let the fall and peace of mind to practice.

However, this is a revenge, he has to find a chance to report!

On this day, Ye Xuan should take a rest for himself. After all, he dug the mine for so long.

Just the next morning, another person came to his residence.

"Younger brother."

A familiar sound is heard.

Ye Xuan opened his eyes in a strange way. He heard this twice, that is, the blood rock sect who gave him the task.

He quickly went out and asked: "Senior, may I have something?"

"Teacher, brother, I didn't believe in your strength before, so I reported it to the elders, and I also asked the younger brother to forgive me." The **** literary disciple said.

"No problem."

Ye Xuan just smiled lightly.

"There is one more thing, the elders let you go see him." The disciple continued.

Elder?

Ye Xuan brows a pick, he recalls yesterday that he was taken over by the elders Dong Xing, who was in charge of the outer door calendar, to remember his disciples.

"I know, thank you brother for telling me." Ye Xuan nodded, even if he went directly to the experience hall.

Dong Xing lived behind the experience hall and Ye Xuan found the past.

Before he entered the door, he felt that there was a figure in the yard.

"It's Ye Xuan, come in." Dong Xing's voice came out.

Ye Xuan pushed in.

"You have become my registered disciple. This is a bodyguard order that I have refining. It can block an attack that is hard to beat, and can save you life at a critical moment."

Dong Xing directly lost a delicate token to Ye Xuan.

After Ye Xuan received it, he couldn't help but tremble, blocking an attack that was difficult to get down. This is a good thing.

"Thank you for the master!"

He sincerely thanked.

"Recently, the auditorium has updated some missions. There are several mines that have exploded with blood-rock spiders. There is also a blood-stained spider king with six levels of physical difficulty. You can try it."

Dong Xing said, he lost another scroll and said: "This mission has not been released, so there is more than one person to do, there will be other outside disciples, and someone has passed yesterday."

Ye Xuan opened the reel and saw that there were more than 4,000 blood rock spiders in this blood rock mine. The lowest is comparable to the triple body, and most of them are four-sex.

The dangerous difficulty of this mission is probably ten times and twenty times that of the previous Samsung mission.

"I have never been able to take over my realm, but the master has made me an exception. This time, I may be able to break through to the four-sexual body."

Ye Xuan thought in his heart.

The four-sexual physical difficulty is at least, and maybe it can reach the five-figure physical difficulty. After all, there is a blood-rock spider king who is more difficult than the six-sexual body.

"If you can bring back the body of the Blood Rock Spider King, then I will accept you as a pro-disciple." Dong Xing added.

In fact, Ye Xuan did not want to become a pro-disciple, because he is a bit of a property.

However, this blood rock spider king, who is comparable to the six-sexual body, is going to kill.

"Okay, I will go."

Ye Xuan nodded, and immediately left.

This is a once-in-a-lifetime opportunity. After all, this mission is at least six stars, but he is only three-sexually difficult. At most, he can only take four-star missions.

Only.

The blood rock spider king of the six-sexual body is the blood rock cave at 444.

This is not a good number, but Ye Xuan can ignore this.

This blood rock spider king is strong, and the bottom is very dangerous, so Ye Xuan estimates that there will be many five-year-old disciple or six-sexual disciple.

In order to upgrade the cause, he has to hurry.

The 144th mine was a bit far away. This time, Ye Xuan took a long time to arrive.

However, at this time it is already crowded.

Not waiting for him to come close, someone shouted at him: "Teacher, it's just right, there is one less in our team..."

Ye Xuan glanced at them and found that these people were all in groups, with at least three people in each team.

After he approached him, the disciple who shouted at him immediately spit out: "It's difficult to triple the body, it's hard to get a bird, and it's going to go back..."

Chapter 954: Entering the mine

"There is a trough in the middle of the trough. It's hard to get a bird in this realm. Go back and go..."

Hearing this sentence, Ye Xuan gave him a look.

"The Eye of Burning!"

This kind of unobstructed person has to be taught.

"what....."

This person's heart is like a knife, and the pain is screaming. The people around him are very surprised and have come forward to check.

"What happened to you?" his companion asked.

"I don't know, my heart hurts like a fire..."

The man shook his head. He didn't know that it was Ye Xuan's hand. After all, he and Ye Xuan were separated by several kilometers.

Although he is a five-figure body, but Ye Xuan's Tianyan Protoss has advanced three times, plus one of his own, is four, so it is still a little effect.

Ye Xuan was too lazy to pay attention to other people and went straight to the entrance of the huge blood rock mine.

At this time, there are several deacons guarding here, and the movements underneath are extremely great, and even the ground is constantly shaking.

"Well? Is it you?"

A guard at the guard found Ye Xuan, who heard it and found out that he was the deacon who took him and the entry.

"Boy, yes, it was actually accepted by the elders of Dong to be a disciple, and he also defeated a disciple with five physical difficulties. He is qualified to go down." The deacon laughed.

"Thank you for the deacon's praise." Ye Xuan clenched his fist.

There are still many people around the area who questioned Ye Xuan. It is difficult for a triple-body to come here to do anything. But after listening to this, I found out that Ye Xuan is not irritating.

A registered disciple of an elder of the outer door has a status that surpasses most of the outside disciples, and they can't afford it.

At this time, the guard deacon said: "But, you are alone?"

"Yes, please ask the deacon to open the array." Ye Xuan nodded.

To be honest, he expressed dissatisfaction with the four characters of the deacon, but this is the rule of the blood rock sect. Only when you enter the inner door, you can not shout the words of the adult.

As soon as this was said, the people around him continued to show their contemptuous look.

Even if it is a six-pronged disciple, he does not dare to go alone, and Ye Xuan is not difficult to triple. This is purely to die.

"It seems that Elder Dong Xing has taken a fool as a registered disciple."

Many people think this way, and some people whispered it out. These words naturally fell into Ye Xuan's ears.

However, Ye Xuan was too lazy to pay attention to them. He was already late for a long time, and then he would not go in. What if the blood rock spider was shackled?

"it is good."

The deacons did not say much, and directly opened the array, and immediately, Ye Xuan jumped in.

The people around him also widened their eyes. They didn't think that Ye Xuan actually went down and looked for death. This is really looking for death!

At this point, Ye Xuan has already swept in and then quickly fell.

The blood rock spider at the entrance to the mine was cleaned up by the people who had entered it before, so Ye Xuan did not encounter a blood rock spider.

"Hey!"

Ye Xuan fell to the ground and felt it. There was no one around and no blood rock spider.

There are quite a few roads, but it doesn't matter, so Ye Xuan casually found a mine.

"Booming!"

The sound of the thunder of the blood rock mine is constantly ringing. This is the sound of the blood rock sects fighting with the blood rock spiders.

This mine is relatively large. Although Ye Xuan has been behind for a long time, he still encountered several blood rock spiders that are more difficult than the triple body.

These blood rock spiders were all killed by Ye Xuan and a sword.

"My primary goal is to upgrade, followed by the blood-stained spider king of the six-sexual body. If you don't break through, it is still difficult to deal with the blood-rock spider king..."

In thinking of Ye Xuan, it is directly recruiting the avatar and Megatron to continue the third-line killing.

In this blood rock mine, there are many blood-rock spiders that are difficult to reach the four-sex body. Only when they are close to the nest, there will be five blood-stained spiders with physical difficulties.

So Ye Xuan is killing while looking for a nest of blood rock spiders.

Gemini blood is a very powerful blood, and the avatar also has the eye of perception. Ye Xuan is equivalent to two radars.

Although there are many blood rock spiders, almost all of them can't stop Ye Xuan, even if Ye Xuan does not hold Zhen Tianjian.

Ye Xuan was able to land for three minutes, killing nearly one hundred blood rock spiders, equivalent to the previous thousand.

"The leapfrog killing is fast, and within half an hour, I can break through!"

Ye Xuan smiled, and he had the blood of the beast **** to engulf the proceeds, and the upgrade of the sacred beast was still very fast.

He shuttles through the mines, and at the same time, he always avoids those disciples.

However, as he continued to deepen, he could only come into contact with these disciples.

"Well? How do you have a trilogy-stricken disciple?"

"It's really a joke. The blood rock spider defense is so hard. Even the same level is not so easy to break. It's purely looking for death."

"Don't worry about him, if he is dead, it must be killed by blood rock spiders, we will recover quickly."

After each of the disciples sneered a sentence, they did not pay attention to Ye Xuan.

Ye Xuan is too lazy to pay attention to this group of superficial people, directly crossing them and drilling into a mine.

Immediately, this mine road was blowing a gust of wind and rain.

The blood-blooded disciples outside the mine were very surprised. One person went in and explored and found that the blood-rock spiders that blocked the road were missing.

"How can this be?"

.....

At this time, Ye Xuan has been killed all the way.

"I finally found the nest, it seems that my luck is good..."

Ye Xuan blinked.

With the eye of perception, he found the nest of the blood rock spider, just in front of him.

Although the mine is occupied, the blood rock spiders in the mine are still small, and most of them will stay in the nest.

Ye Xuan killed the entrance to the blood rock spider and then rushed straight in.

However, the nest of this blood rock spider is more complicated than the mine hole. The general disciple comes in and is likely to be lost.

But Ye Xuan, who has a perceptual eye and a phagocytic system, is constantly copying the map. As long as the eye of the perception sweeps, the phagocytic system will automatically form a map, so getting lost is not possible.

Not many disciples have sneaked into the nest, so the blood rock spiders in the nest are terrible.

"Nobody around, let me see the power of the sword!"

Ye Xuan holds an ordinary Supreme Lingbao and squats directly toward the blood rock spider in front.

In these blood-rock spiders, there is a five-figure physical difficulty level. However, the sword of Ye Xuan can be integrated into the micro-level sword.

"call out!"

The sword mans flashed and instantly fell on the first blood rock spider. In the meantime, it was split into two halves.

Not only that, Jianmang still swept away quickly, and finally fell on the five **** spiders.

Chapter 955: Siege

Sure enough, Ye Xuan expected that this **** rock spider, which is difficult to be a corpse, was also killed by him. In the end, Jianmang was immersed in the wall of bloodstone and was several tens of meters deep.

Four quadruple bodies are difficult, and a blood-stained spider with five heavy bodies is easily killed by Ye Xuan.

You must know that even a disciple with four physical difficulties will not be able to break the defense of the same-level blood rock spider.

Ye Xuan, who is difficult to be triple-skinned, has five blood-rock spiders in one sword. This is the power of the sword.

"If you let me break through to the four-sexual body, if the sneak attack is successful, even if it is a seven-in-one disciple, it will be killed by me!"

Ye Xuan's mouth tilted slightly, and his confidence suddenly rose.

When he entered the blood rock sect, it took only two months to grow directly from the comrades to a genius who could defeat the inner disciples, and he was sure to enter the eyes of the elders.

At that time, there is no shortage of cultivation resources, which can save a lot of time.

Thinking of this, he is going to continue into the nest.

With a variety of blood vessels to back up, Ye Xuan's speed is very fast, even if he is the strongest team in the blood rock mine, he can't compare with him.

One hundred...

Two hundred...

Three hundred...

In the nest, the number of blood rock spiders is huge, and Ye Xuan's record is soaring.

Finally, after he killed 500, he finally heard the system sound.

"Hey, the host breaks through, it's currently difficult for the four bodies!"

The system prompts.

Now, Ye Xuan's strength can be dominated by the outer door. No one can stop him.

The difference he is now is the realm, but if you can't hit the other side, the attack power is useless.

Ye Xuan continues to deepen.

Now that he has broken through the four physical difficulties, his primary goal is to change to the blood rock spider king.

The blood-stained spider king of the six-sexual body is difficult to exceed the sum of all blood-rock spiders.

However, the location of this blood rock spider king, he still does not know, so have to find.

He has already grasped the sword, and he can pierce the two mines with a few swords. As long as he penetrates, the eye of perception can pass.

There are a lot of blood rock spiders in the nest where the five heavy bodies are difficult. Ye Xuan is so happy.

Even if he can't find the Blood Rock Spider King, Ye Xuan is already satisfied.

However, just during his exploration.

The nest of the entire blood rock spider suddenly trembled fiercely.

"what happened?"

Ye Xuan is very surprised. This movement is the biggest one he has ever encountered. Even the blood rock spider king can't make such a move.

"There is something big!"

Ye Xuan brows a pick, it seems that there is nothing in this underground that even the blood Yanzong elders did not find.

In this way, he has to be careful, and he must leave a little effort to open the door to the void.

This huge movement, after a while, stopped, Ye Xuan continued to deepen, not long after the movement, he found the first disciples after entering the blood rock spider nest.

This group of disciples is not weak, there are three six-sexual disciple, and seven five-figure.

"There are three six-sexual bodies, and it seems that the blood rock spider king was discovered."

Ye Xuan guessed in the heart, and then it was swept past.

"Well? Someone is coming."

A disciple discovered the footsteps. When he turned his head, he found Ye Xuan coming out of a mine.

However, after seeing Ye Xuan, suddenly a disciple exclaimed: "Is it you?"

Ye Xuan, who walked out of the mine, picked it up. He actually saw an acquaintance here. It was Zhao's brother who was flying by his sword yesterday.

"Strange, how is this Zhao Yi here, shouldn't he go to the wall?" Ye Xuan is also very surprised.

This Zhao brother shot him yesterday and was stopped by Dong Xing. According to the rules of the door, he was going to face the wall for half a year. However, today he appeared in front of Ye Xuan. This can only explain that someone gave him a feeling.

When I heard Zhao Yi's exclamation, a six-figured disciple asked: "Four physical bodies are difficult, Zhao Shidi, do you know him?"

Zhao Yi also stunned. I didn't expect this one day. Ye Xuan was difficult to break through from the triple body to the four-sexual body. How is this possible?

"Let the brothers, he is the Ye Xuan who let us kill us." Zhao Yi said with a voice that only two people could hear.

"Oh, is he?"

Even the brothers heard this, and the dawn was a flash of killing.

However, he did not think that Ye Xuan could hear the dialogue between them.

"Let's die?"

Ye Xuan's eyes were slightly stunned. I didn't expect that Guo's brother was so daring and threatened to kill him.

At this time, Ye Xuan suddenly remembered that Guo's brother said yesterday that if he wanted to kill him, he did not need a personal hand.

"Good guy, it seems that the background is not small. If you want to kill me, you have to be prepared to die."

Ye Xuan's heart has already made a decision.

Zhao Yi came out and looked at Ye Xuan, saying: "Waste, I lost in your hands yesterday, because I gave Dong Chang an old face, no one will support you today, as long as you kneel down and give me three heads, I I can spare you a life."

At the time of his speech, someone had quietly circled behind Ye Xuan and blocked his retreat.

It seems that today is not dead!

"If I don't want to? You want to kill me?" Ye Xuan asked curiously.

"Don't think that the door rules can limit everyone. You dare to provoke Guo brother, even if the elders of Dong can't save you, I think you have already heard, Master Guo's master, but the inner door of Yang Zhen elder..." Said coldly in that.

To be honest, Ye Xuan did not know the details of the brother of Guo, but after he heard the name Yang Zhen, his body shape was also a tremor.

Isn't this the name of the fallen master?

"It turned out that this Zhao Yi was able to be here, it should have been pardoned by Elder Yang Zhen. The behavior of Master Guo, I don't know if this elder Yang knows, or is it her default..."

Ye Xuan's eyes are slightly stunned.

But for now, I still have to solve the troubles in front of me.

The ten people in front of him, in addition to Zhao Yi, have three six-sexual physical difficulties and eight five-fold physical difficulties. In these eyes, Ye Xuan is like a lamb to be slaughtered.

However, since these people are going to ignore the rules and want to let him die, then there is no need for him to say anything to these people.

"Now no one, quick fix, and later change." That brother whispered.

"it is good."

Zhao Yi heard that he directly took out a weapon, although he said that he lost in the hands of Ye Xuan yesterday, but he is not good at boxing, so he will lose.

Today, he will be shameful!

"Kid, you have to blame for your bad life!"

Zhao Yi sighed and smacked toward Ye Xuan. The sword in his hand was picked, and a sword was flashed. In the blink of an eye, it was plucked into Ye Xuan.

Chapter 956: Blood rock giant

"Kid, you have to blame for your bad life!"

Zhao Yi sighed and smacked toward Ye Xuan. The sword in his hand was picked, and a sword was flashed. In the blink of an eye, it was plucked into Ye Xuan.

This sword, the attack power is at least three times stronger than his boxing method yesterday.

However, it is Ye Xuan and yesterday, a calm look, he faced this sword, his hands did not lift.

"The Eye of Silence!"

"call out!"

Powerful silver sniper, instantly defeated Zhao Yi's attack.

Zhao Yi was shocked, but he still did not react. The silver sniper had already fallen into his body and he was smashed into two halves.

This scene, but scared the people around me.

Zhao Yi's upper body fell to the ground, and even he did not think that he had not even blocked a move from Ye Xuan.

"What attack is that?"

Even the brothers looked blank, and he did not realize how Ye Xuan shot.

"Kid, you are looking for death!"

At this time, suddenly there was a six-figured disciple who shouted and screamed at Ye Xuan.

Unexpectedly, Ye Xuan turned his head and blinked.

"The Eye of Silence!"

"The eye of decomposition!"

A silver sniper broke through and smashed his attack, followed by two disintegrating rays that hit his chest.

At that time, his chest was pouring down like sand. Within a second, the heart was broken down into countless tiny particles.

The eye of silence and the eye of decomposition are too sinister. Most people will only notice the eye of silence and will not notice the invisible eye.

Soon, the six internal organs, which are difficult to be physically ill, are disintegrated by the disintegrated eye. The entire internal environment is like a laser gun, and it is empty.

Since it was killed, Ye Xuan is not prepared to talk nonsense anymore. Anyway, there is no one here, and there will be no twelfth person to know, so Ye Xuan is too lazy to use the eyes of control.

"Hey!" "Hey!" "Hey!"

That even the brothers and another six-strong hard-core strong man were scared to death, shouting:
"Hurry, kill him!"

At this point, he only knew what kind of enemy he was provoked, but he was able to kill the super genius of the six-sexual flesh.

Today, if they do not kill Ye Xuan, then they will die!

However, it is at this time.

"Booming!"

The entire blood rock mine suddenly trembled fiercely, this is the second time.

But Ye Xuan doesn't care so much. Let's kill all these people first.

"dead!"

Ye Xuan's light flashed, raising his hand was a sword. This sword was a combination of swords and was enough to kill the brothers.

However, it is at this moment.

"Boom!"

The ceiling suddenly burst open, and then a huge monster slammed on the ground, blocking the sword.

"Hey!"

The cold sky is on this behemoth, and it can only barely break the defense.

"How can this be?"

Ye Xuan was shocked. His attack was enough to kill the seven strong and hard-hearted strong. Why can't he break it?

He stared at it and found that this behemoth seemed to be a leg, a leg full of bloodstone.

Under this leg, there is also a corpse, which is Zhao Yi who was cut into two halves by the eyes of Ye Xuan.

Being trampled by this leg, Zhao Yi died in an instant.

Not waiting for everyone to react, the ceiling is beginning to crack, and there are stones falling.

"No, here is going to collapse!"

Ye Xuan's face changed greatly.

Although he did not know what the leg was, he understood that the strength of this ghost must be very strong.

The most important thing is that even the brothers and others were blocked by this leg, and he could not kill.

"Booming!"

On the ceiling, there are always huge stones.

This blood rock mine is relatively high in grade, so the blood rock crystal wall is very hard, even if it is even a brother, it can't be split into two in one sword.

Therefore, even the brothers and others quickly rushed into the mine.

"Damn!"

Ye Xuan screamed, he was prepared to kill even the brothers and other people, but who knows that this leg suddenly stepped down and disrupted his plan.

Just as he was in a hurry, a reminder sounded.

"Hey, the host triggers a random mission, kills the Blood Rock Giant, and you'll get a little swallowing point!"

This system prompts the sound, so that Ye Xuan, who was originally prepared to leave, has a footstep.

Random mission!

Actually appeared at this time?

When this huge leg was stepped on, Ye Xuan guessed that this should be a giant, but he could only understand the sword, and he could only break the defense. How can he kill this blood rock giant?

This question will be considered later.

"Megatron!"

No matter how many Ye Xuan, he directly called Megatron and attacked the giant leg with a diameter of at least tens of meters.

Ten days of cold weather, into the micro-level see the sword, the blood of the sword god.

"Hey!"

This time, the attack power is much stronger than before, but it can only penetrate one or two meters.

"It's a strong defense..."

Ye Xuan swallowed, it seems that the swallowing point is not so easy to take.

However, he still has a trick, that is, Wan Jian is a patriarch.

But it is not suitable for use here, and this blood rock giant only reveals half of the calf. What do you do with the trick?

"Hey!"

At this time, the blood rock giant suddenly raised his leg and turned out to climb.

Ye Xuan quickly continued to attack.

He is too lazy to chase and kill even the brothers and other people. After all, the other side is scattered and escapes, it is not easy to chase, or it is important to swallow.

This blood rock giant is estimated to be sleeping in this blood rock mine hole, but as the blood rock sect's disciple came in to kill the blood rock spider, the noise of the noise awakened it, and it was only this movement that should be the blood. Rock giant got it out.

Ye Xuan is behind this blood rock giant, constantly attacking, but what makes him helpless is that this blood rock giant is directly ignoring him.

The Blood Rock Giant climbed quickly and climbed out of the door in ten seconds.

Ye Xuan also followed the ground and glanced at it, and found that there was no small distance from the hole.

"Hey!"

At this time, the blood rock giants of forty or fifty meters high suddenly raised their feet and stepped on Ye Xuan.

It turned out that it was not to ignore Ye Xuan, but to prepare to come out and then clean up Ye Xuan.

"Hey!"

Fortunately, Ye Xuan reacted quickly and escaped directly from this foot.

With his physique, he still can't hold back this attack. If he is stepped on, the deity and the avatar will be degraded.

He preliminarily estimated that this blood rock giant is at least eight-sexually difficult, and its own defense is amazing, so the understanding of the sword's Ye Xuan, can only barely break the defense.

Han Ming, the master who died before Ye Xuan, told him that as long as he understood the sword, he could walk horizontally in the difficult level of the body.

Chapter 957: Carpet search

But now it seems that this is too exaggerated, and comprehend the sword, the leap-level challenge is easy, but not to the side of the road.

After all, the attack power is stronger, and it is useless to hit people.

"The movement is so big, it must be quick and fast!"

Ye Xuan thought in his heart, the next moment, the earthquake sword was thrown out by him.

Wan Jian returned to the sect!

Zhen Tianjian instantly separated hundreds of swords and shadows, and then, under his control, attacked the head of the Blood Rock Giant.

Wan Jian returned to this sect, the power was amazing, and Ye Xuan realized the sword, and easily cut off the head of the blood rock giant.

"Good power, swallowing it!"

After seeing this scene, Ye Xuan's mouth was slightly tilted, but he did not expect the tone to sound.

Because, the blood rock giant can still move.

"Hey!"

Another step was to step on it, and Ye Xuan hurriedly avoided.

"The head is bursting, and it is still not dead. Is it to the heart?"

Ye Xuan brows a pick and hurries to control hundreds of Zhentian swords to the heart of the blood rock giant.

But at this time.

"Hey!"

The blood rock giant suddenly burst open and turned into countless red boulders.

"what?"

Ye Xuan was shocked. How could this be the same as the Luyuan giant on the Tianshui continent?

However, he has the eye of perception and the eye of insight, but he has found a strange thing.

After being violently impacted, this thing flew into the distance.

At the moment, Ye Xuan is quickly chasing the past.

He saw that this is a little red giant, I am afraid that this little giant is the key point of this blood rock giant.

In other words, the Blood Rock Giant is just a set of armor, and this little giant is just wearing a set of armor, just because it puts on this armor, so the armor's defense is so amazing.

The red little giant flew very fast, and although Ye Xuan quickly responded, it was still pulled away.

Not only that, Megatron also sent some information to Ye Xuan.

"Sure enough, the little red giant is the core, it is the real blood rock giant."

Ye Xuan is determined in the heart.

Megatron is the landlord and has a special sense of ore. Therefore, as long as this blood rock giant is not too far away from Ye Xuan, Megatron can find it.

Soon, the blood rock giant was out of Ye Xuan's vision, and even the eye of perception could not be sensed.

Fortunately, Megatron can still, it directly into a flying boat, carrying Ye Xuan chasing.

This time, Ye Xuan's luck is also good, not only a random task, but if he kills the blood rock giant, Megatron may break through, or even break through.

Therefore, the blood rock giant is inevitable.

Although the Blood Rock Giants don't know where to fly, there is always a moment to land.

Megatron carried Ye Xuan and flew for ten minutes, and finally landed.

"What's going on, is it near here?"

Ye Xuan asked.

However, after Ye Xuan understood the meaning of Megatron, he was helpless: "What, you lost?"

This blood rock giant, but it is related to the swallowing point, if you do not complete this random and you have nothing, then the swallowing point will be drowned.

"No, find me, be sure to find it!"

At the moment, Ye Xuan is calling out the avatar and starting a carpet search.

For this point of devouring, he also fights. After all, he has let go of his brother and so on. If he does not complete this random task, then he will lose.

So he must find this blood rock giant, even if he spends a day to find it.

The deity, the avatar, and Megatron are looking for together, but I don't know when I can find it.

However, even Megatron lost its induction, so it is very difficult to find.

"A little bit of swallowing, can't just be so vain!"

Ye Xuan is not willing to carry out a carpet search, this search is half an hour.

However, when he is ready to give up.

"Small day, have you found out?"

Ye Xuan brows a pick, and after receiving the answer from Megatron, he quickly swept past.

Still really found out!

At the moment, he and the rushed over.

After half a minute.

Megatron is becoming a bird standing on a branch. After seeing Ye Xuan, he flies directly to the mountain with his wings flapping.

"You mean, is that blood rock giant in this mountain range?" Ye Xuan asked.

Megatron heard the words and solemnly nodded.

"Okay, go in!"

Ye Xuan immediately turned Megatron into a shocking sword and then walked in.

This mountain is very large, but there are some super-sacred beasts, but it does not pose a threat to Ye Xuan. Together with Megatron's lead, Ye Xuan really found the blood rock giant.

At this point, the blood rock giant has shrunk into a huge stone. If it is not too bright, it will not be noticed.

"It turned out to be hiding here, looking for death!"

Ye Xuan immediately called out the avatar, facing the piece of colored stone is a sword.

"Hey!"

"Hey!"

Ye Xuan's deity and avatar attack also landed on the red boulders. At that time, the red boulder was blown open.

"what?"

After seeing this scene, Ye Xuan was shocked and found that this pink giant is nothing.

This is not a blood rock giant at all!

"not good!"

Ye Xuan suddenly sinks his face.

When the red boulders burst open and Ye Xuan was shocked, a red figure suddenly emerged from the red boulders and smashed toward Ye Xuan.

This red figure is not much different from human beings, but his speed is faster than ordinary people, at least it is difficult for the seven bodies.

This scene, suddenly, Ye Xuan's deity has no time to react.

If it is hit by this red figure, even if he is going to fall.

Before the sword was returned to the ancestors, it was used, so the sword array could not be used.

Fortunately, Ye Xuan has a means of life-saving.

"Body protection order!"

Ye Xuan turned his left hand and suddenly there was a token in his hand. It was his father Dong Xing who gave him a life-saving order.

He quickly poured the infuriating into it. The next moment, the body protection order was a big radiance, forming a real hood to wrap Ye Xuan into it.

"Hey!"

The red figure banged on the real hood.

This punch is enough to explode the head of the seven-sexual body, but this bodyguard can resist the attack that is difficult to attack, so it is not a problem.

"Good risk, the original boulder is also armor, it is a blind eye to attract my attention!"

Ye Xuan swallowed the swallow, but fortunately there was a body-protecting order this time, otherwise it would be a tragedy, and the deity might fall down directly.

"Dare to attack me and die!"

Ye Xuan was furious and held the earthquake sword.

Chapter 958: Jump three levels

"Cold weather!"

"Cold weather!"

"The Eye of Silence!"

"The Eye of Silence!"

These four attacks all fell on the blood rock giant, and that was to smash it.

"Hey, the host completes the task of killing the Blood Rock Giant and gains a little swallowing point!"

The system prompt sounds finally sounds.

Now, Ye Xuan can confirm that this blood rock giant is dead.

At this time, Megatron also directly restored the real body, and then in the past to swallow the **** giant's broken body.

The huge armor outside the mine hole and the boulder that was crushed by Ye Xuan are only the armor of the blood rock giant, so the value is not high.

The only thing that shattered was the body of the blood rock giant. After Megatron swallowed up all the red pieces, Ye Xuan heard another prompt: "Hey, Megatron breaks!"

Now, Megatron is a four-pronged body, but Ye Xuan feels that this is not over yet.

Megatron refining speed is fast, but it is not as fast as a few breaths to refine this powerful ore.

Sure enough, no more than a minute, the system sounds again.

"Hey, Megatron breaks through!"

Five heavy bodies are difficult!

After Megatron swallowed it, it was directly upgraded twice, reaching the five-figure.

However, this is still not finished.

"Hey, Megatron breaks through!"

The third upgraded system prompts the sound, and Megatron directly broke through to the six-sexual body.

"It's really making you big."

Ye Xuan looked at Megatron, who was excited and confused, and couldn't help but smile.

Of course, this time he also has the harvest, that is, a little swallowing point, this is really not to let him let go of the brothers and other people, chasing the blood rock giant.

Although there is no improvement in the realm, Megatron has jumped three levels, which is two levels higher than Ye Xuan, so Ye Xuan's strength has indirectly increased by two or three times.

"Go back and see."

After thinking about it, Ye Xuan decided to go back to the blood rock mine. After all, there might be a blood rock spider king that was not solved.

As for the brothers, it is very likely that they ran back to Xueyanzong to complain.

"It is exactly what they shot first."

This is the idea in Ye Xuan's heart. After all, he belongs to the victim.

At the moment, he plunged toward the blood rock mine. When he returned to the big hole that the blood rock giant broke, he found that there was no one.

"What happened, where did people go, did they run?"

Ye Xuan thought a bit strangely.

But this is also true. After all, when the Blood Rock Giant has not exploded, the attack power is amazing. One foot can definitely step on a six-figure body. Do you not find it to die?

Moreover, the intensity of the explosion is enough to kill most of the disciples.

Ye Xuan was too lazy to go to other disciples and drilled directly into the hole. His goal this time was the blood rock spider king.

Now there are not many people in the blood rock mine, all running out, after all, they don't know if there are blood giants underneath.

Ye Xuan turned around in the blood rock spider's nest for a while, finally found the largest blood rock spider, which seems to be the blood rock spider king.

"Wei Zhentian is now a six-product first-class supreme Lingbao, plus the sword potential, you can definitely hurt this blood rock spider king!"

Ye Xuan's eyes slammed, and then he quickly turned the corner and attacked the blood rock spider king.

At this time, he is combining with the body. After all, this can improve the strength of 30%.

"call out!"

An icy sword was smashed on the blood rock spider king, and the blood rock spider king was screaming, and the turbid and bright red blood flowed out, with the movement of the blood rock spider king. The blood is splashing.

Originally, Ye Xuan wanted to see the Queen of Blood Rock Spider, using a sword to return to the sect, but now it seems that it is not needed.

"Cold weather!"

"The Eye of Silence!"

Anyway, there are no other threats in this blood rock mine. Ye Xuan is not afraid. After several rounds, this blood rock spider king is killed by him.

At the moment, he quickly swept past and collected the body.

"Devouring!"

The sacred beast of the six-sexual body is difficult to stand up to the blood rock spider in the entire blood rock cave.

After Ye Xuan swallowed up, the cultivation was a lot of improvement, but he did not hear the system sound.

"Not enough..."

Ye Xuan's eyes stunned and his body shape flashed away. There are still many blood rock spiders in this blood rock mine. If all of them are cleaned up, it may be enough.

There is really no one in the blood rock cave, so these blood rock spiders are cheaper.

After he cleaned the entire blood rock mine hole, he heard the sound.

"Hey, the host breaks through, and it's currently difficult for the five-sex body."

After listening to Ye Xuan, he breathed a sigh of relief, and he finally broke through to the five-figure body.

Although the realm has not reached the internal standard, his strength is almost as fast as his disciples. Wan Jian returned to the sect, it is difficult to estimate that not many people can stop it.

Then, Ye Xuan left from the hole, but there is a law here, so he simply broke the void.

When he passed through the door of the void, he was already back to the Blood Rock.

Others, it is estimated that they are still in the middle of the road.

"Can't let the brothers go to complain first!"

When Ye Xuan thought about it, he went straight to the lecture hall.

Before Dong Xing and he said that if he got the body of the Blood Rock Spider King, he would accept him as a disciple.

However, Ye Xuan does not want to do this.

"Well? Are you coming back?" Dong Xing, who was behind the experience hall, saw Ye Xuan and asked strangely.

"master."

Ye Xuan hurriedly said the situation at that time. After Dong Xing listened, he was very upset.

"The blood rock giant? How was this giant later?" Dong Xing asked.

The Blood Rock Giant is a super supreme sacred beast, but it is more advanced than the Blood Rock Spider King, but there is no sacred beast.

"I don't know."

Ye Xuan shook his head. Although Dong Xing was his master, he is now a little nervous and not very easy to believe in people, so it is still secret.

Dong Xing did not ask again, said: "Tian Liancheng is a pro-disciple of the elders of the pharmacy of the outer door, but I am not irritating. You can rest assured that I will let him fall into the skin."

"Thank you for the master!"

Ye Xuan thanked.

"No problem, even in a few days, from the triple physical difficulty to the five-figure, I don't know how you cultivated, continue to work hard, when you break through the six physical difficulties, I will accept you. For the pro-disciple."

Dong Xing was satisfied with the nod.

In fact, he now wants to accept Ye Xuan, although Ye Xuan did not bring back the body of the blood rock spider king of the six-sexual body, but Ye Xuan's qualifications are sure to rank first in the outer door.

However, he felt that Ye Xuan was definitely not ordinary in the future and could not be restricted by him, so he chose to give up.

Chapter 959: Goodbye Guo Shixiong

Subsequently, Ye Xuan left the residence of Dong Xing directly.

Although that is even a disciple of the elders, but also a pro-disciple, but he violated the rules, Dong Xing is, the penalty must be connected.

Therefore, Ye Xuan returned to his residence and waited for him to come back. He estimated that it would take half a day.

"I heard that outside disciples, as long as they defeat an inner disciple, they can enter the inner door. At that time, I will go directly to challenge Master Guo!"

Ye Xuan's light flashes.

He still remembers what the old brother said before, and the attitude of the other side. He wanted to see what kind of expression would be when Master Guo was stepped on his feet.

"Young master, I broke through to the double body."

Just when Ye Xuan returned to his place of residence, the sound of the excitement sounded in his mind.

"Well, come on."

Ye Xuan encouraged one sentence.

At the age of fifteen, it took only two months to enter Xueyanzong, and it was difficult to break through from the Supreme Jiufeng to the double-body. This qualification is top-notch.

However, Ye Xuan has broken from the Supreme Nine Peaks in two months, and all the way to the five-figure body is difficult. This qualification is directly beyond the fall.

As for what happened today, Ye Xuan is not prepared to tell the fall, and can't let the fall be distracted.

"Now I have a little more swallowing point. Which one is better to strengthen?"

Ye Xuan is always thinking about it.

The use of swallowing points is very much, and it is exchanged for the honorable treasure, treasures, advanced blood, advanced pets, etc. In fact, Ye Xuan wants to let the fall fall again, but the swallowing point is not enough.

Therefore, he decided that this point of devouring will be kept first, and I will use it later.

Soon, half a day has passed.

However, Dong Xing has brought news that disappoints Ye Xuan.

"Ye Xuan, that Lian Cheng and others have insisted that you have not seen you on the same day, plus there is an inner door elder behind, so..."

Dong Xing found Ye Xuan. It is very helpless to say that although he believes that Ye Xuan's words, there are no other people on the same day. As long as the dictation of Liancheng and others is the same, then Ye Xuan is empty.

"So?"

Ye Xuan's eyes stunned. It seemed that even those people were shocked by the strength he exposed at the time. Fortunately, he did not use the sword at that time. The only one used was blocked by the huge legs of the blood rock giant. So the other party doesn't know.

Otherwise, it is not Dong Xing who came to find Ye Xuan.

However, he also understands that the elder of the inner door is probably the elder of the fallen master Yang Zhen.

"It seems that this Yang Zhen elder is not a good bird..."

Ye Xuan thought in his heart.

When Dong Xing saw him like this, he also said: "Now, no one is your opponent in the outside disciples. After three days, it is the internal door assessment. As long as you pass the assessment or defeat an internal disciple, then You can enter the inner door. With your qualifications, there will be no problem with being accepted as a disciple by an inner door elder."

Originally, Dong Xing wanted to collect Ye Xuan as a registered disciple, but he also had self-knowledge. He felt that there was no way to teach Ye Xuan that he could only give up and let the elders of the inner door.

"Master, I will definitely be able to enter the inner door." Ye Xuan solemnly said.

When entering the inner door, it is generally difficult to have seven physical bodies. Only a small number of six-figure disciples have passed the assessment.

However, with his current strength, a sword can kill seven people who are physically difficult. It is not a problem to pass the assessment or defeat an inner disciple.

"Well, believe in you for the teacher."

Dong Xing showed a satisfied smile. Although he had several pro-disciples, there were two six-sexual bodies, but none of them had such confidence as Ye Xuan.

After that, Dong Xing left directly. He came over this time to remind Ye Xuan to pay more attention and try not to go out.

At this time, it is already late at night.

However, tonight will not be a calm night. Soon after Dong Xing left, another person will come to Ye Xuan's residence.

"I didn't expect you to play pigs and eat tigers. The strength is not bad."

A familiar voice fell into Ye Xuan's ear. Ye Xuan didn't have to go out to know that the comer must be the brother of Guo of the inner door.

He heard the sound and went out, and said indifferently: "Guo brothers have great means, and the things that have ruined the same door have been crushed by you."

"Oh, you don't need to provoke me, I won't admit it." Guo's brother's mouth tilted slightly and said: "You are not dead, it is beyond my expectations. Now I will give you a chance to surrender to me. I will let you enter the inner door after the day."

"what?"

Ye Xuan suspected that he had misunderstood. This Guo brother actually wanted him to surrender. Is this a joke?

"Guo brothers can see themselves too much, how can you make me a man?" Ye Xuan's tone is very disdainful, a pair of brothers do not look at the eyes of Guo brothers.

"Then you will stay in the outer door for a lifetime." Guo brother said gloomy.

Ye Xuan heard this, and the body couldn't help but shrink, pretending to be very worried. He said: "It seems that Master Guo can control the internal door assessment, but Guo brother, have you forgotten, there is another Way, can you enter the inner door?"

Brother Guo knows naturally what kind of method Ye Xuan refers to. He smiled and said: "I want to challenge the inner disciple by you?"

"I not only have to challenge the inner disciples, but also want to challenge Guo brothers, do you know if Guo brother is fighting?" Ye Xuan smiled.

This sentence is completely angered by Brother Guo.

Ye Xuan, actually wants to step on him into the inner door, how ignorant?

His strength is considered to be top-notch in the seven-sexual physical difficulty. However, Ye Xuan has killed a six-figure body and dared to challenge him. This is really a death.

"Since you are so self-sufficient, I will wait and see." Brother Guo snorted and suddenly took a shot.

"Hey!"

The house behind Ye Xuan collapsed in an instant and was ruined by the palm of Guo.

At this time, it was in the blood rock sect, so Guo brother did not dare to face the fan leaf slap, only to take Ye Xuan's house out.

After the house of Ye Xuan was collapsed, this Guo brother was drifting away, leaving Ye Xuan and the disciples who were quietly hiding around.

"This kid, do you think that the registered disciple of the elders of the outer door is qualified to compete with the inner disciples?"

"I really don't want to die. Master Guo's master is the elder of Yang Zhen, even if he enters the inner door, it is estimated that he will not be able to mix."

"Just kidding, the five-figure body is still difficult to pass the assessment? How many six-year-old brothers who have difficulty in passing the meat have not passed the assessment, and they don't know."

"What is the assessment, this kid is not to challenge Guo brother?"

"Insane, it's crazy!"

The disciples who were attracted by the movement here were all talking in a whisper.

Chapter 960: Internal door assessment

When Master Guo was found for the first time, Ye Xuan's door was smashed. This time, Guo's brother found it and simply collapsed Ye Xuan's house. Guo's hegemony is enough to reflect it.

In the eyes of these foreign disciples, Ye Xuan is a kid who doesn't know Taishan. He is just joking about his future.

However, they did not know that Ye Xuan did not take that Guo brother as a matter of course, the door was smashed, the house was collapsed, and was besieged in the blood rock mine. These hatreds, Ye Xuan will be one after three. Reported.

In Ye Xuan's heart, this Guo brother is his stepping stone into the inner door.

"There are still three days, I will pick up a few more tasks, although it is unlikely to break through to the six-sexual body, but it can also improve the strength." Ye Xuan thought.

Although he said that he did not put the seven-hearted brother Guo's brother in his eyes, it could not be wasted in three days. After all, Guo's brother was simply an ant in front of his real enemy.

The yin and yang ancestors, but at least the level of the Vientiane, even the power of God's martyrdom is in front of him is not vulnerable, let alone Guo brother who is not even hard to find.

However, now the external door does not have a six-star mission for the time being, and the five-star mission, Ye Xuan estimates that even if two or three are completed, it will not break.

At the moment, Ye Xuan is going to the calendar hall. This time, he does not need to inform Dong Xing, and directly received a five-star mission.

In the following time, he went to complete the mission. After the completion, he can get a fortune in the training hall, and the mission system can also get a sum, plus the harvest on the mission, these three days, However, he has improved a lot of strength, but the result is the same as he expected, can not break through the six physical difficulties.

"If there are six-star missions, I am afraid I can break through."

Ye Xuan shook his head helplessly.

Tomorrow, it is the time for the internal door assessment, and many outside disciples are coming back.

The internal door assessment needs to be registered, but another way to challenge the inner disciple is not needed.

"Young Master, tomorrow's internal assessment, are you going?"

In the evening, the fall is also asked.

"Of course, but I am going to challenge the inner disciple directly tomorrow, that is, the brother of your master, Guo." Ye Xuan replied.

"Guo brothers do? Well, sir tomorrow you have to beat him, this man too much trouble all day to help people bring me flowers, but Master you have to be careful, this Guo brothers, seems to be the illegitimate son of my master"

The fall suddenly came with a fact that shocked Ye Xuan.

"What is the illegitimate child of your master? What happened?" Ye Xuan asked strangely.

Son is a son, how is it an illegitimate child?

"The master has only one son, called Guo Chao, but this is the child of her and her husband. But the master's husband went out and died, so the master secretly gave birth to another one, which is Guo Liang's brother. The master said that Guo Liang is her husband, so it is the righteous son." Fall explained.

"So, this brother Guo also has a half-brother Guo Chao?" Ye Xuan immediately responded.

"Well, this Guo Chao is already a hard-working body. It is difficult to hit the real thing, and I heard that it has a good relationship with the Shaozong Master..." Nod and nodded.

Now, Ye Xuan finally understands that Guo Liang is so mad at Mao, and his mother is an elder. There is also a brother-in-law and a **** patriarch.

However, Ye Xuan does not choose revenge because of the other's background.

"It's all about falling, so it's not a secret in the inner door." Ye Xuan thought about it and asked: "Where did you know that Guo Liang's biological father is?"

"I don't know about this, so you should be careful when you are a young master. If you play Guo Liang, you may be offended by many people."

"I understand, but you have to be careful with your master. It doesn't look like a good bird..."

Ye Xuan also reminded me.

Unexpectedly, he laughed and said: "Well, she always let me contact Guo Liang. It seems that I have an attempt..."

After hearing this, Ye Xuan was relieved. He was afraid that the little girl would be easily deceived. Now it seems that the landing is not so stupid.

In the blood rock sect, the landing is relatively safe. Ye Xuan also set up a void position in the place where he left, and if there is any danger in the future, he can transmit it in an instant and then hide it in the pet space.

But then again, tomorrow, Ye Xuan is going to challenge the brother of Guo, and the background of Guo's brother is a bit troublesome, so he feels that he should leave some feelings, lest Yang Zhen's face be dull.

As the house was destroyed, Ye Xuan also had no place to rest, simply sitting cross-legged in the yard for one night.

Originally, Dong Xing sent someone to rebuild a house for Ye Xuan, but Ye Xuan refused. He just wanted to keep this ruin and let Guo Liang look at what is not self-reliant.

Soon, the next day is coming.

There are thousands of disciples outside the blood rock ancestors, but only a hundred people have reached the six-sexual physical difficulty. Today, these hundreds of people are almost all gathered together to prepare for the internal door assessment.

Of course, there are more than a dozen people, like Ye Xuan, who are ready to challenge the inner disciples directly.

If the challenge is successful, they will go directly to the inner door. If they fail, they will lose this opportunity.

There are many people who participate in the internal examination. There are at least 500 people, most of whom are disciples with five physical difficulties. However, they will be challenged before the internal examination.

At this time, thousands of people have gathered in the training martial arts field outside the blood rock ancestral gate.

"Come here, the elders of the inner door are coming."

"There are dozens of inner door brothers."

"I don't know how many people will choose to challenge the inner door brothers directly?"

The whole game has boiled up, although the internal door assessment has nothing to do with most people, but it is still very interesting.

Ye Xuan, who was mixed in the crowd, glanced.

There are more than 50 inner disciples who come to the outer door, and there are nearly ten inner-door elders.

The elders of the inner door are all strong and hard, and Dong Xing, who was previously named disciple, is only a nine-figure.

The physical difficulty is to greatly enhance the body, and it is difficult to say that it is difficult to naturally increase the intensity of the gas. As for the dilemma of God, it is the intensity of the gods, and

the strength of the gods is increased. Then the flesh and the infuriating will also increase, and the degree of ascension is more difficult than when the flesh is difficult and the gods are difficult.

Therefore, the level of Supreme Three Difficulty will be stronger.

At this time, Ye Xuan's gaze swept away and fell on a person's body. This person is Guo Liang. At this time, Guo Liang was behind a female elder. It seems that this female elder is Guo Liang's mother and the fallen master Yang Zhen.
