

Super D. S 96

Chapter 96: Beast god

"It's so strong, the speed and size of the Spirit Arrow is doubled!"

Ye Xuan's face is difficult to hide, and once again opened a bow to shoot a chaotic star arrow, this time, actually shot a nine-order monster, or a double-shot kill.

Before his attack can be immersed in the body of these monsters, but this time, his attack can give these monsters a hole, this is the gap.

"Shuang, so cool!"

Ye Xuan was a little excited and constantly plucked the bowstring. However, after the fourth round of attacks, the monsters in the sky had all fallen.

The chaotic star arrow that has been increased by the Golden Eagle bow is extremely powerful, and the strength is directly to break the body of these monsters into a big hole. As long as the wings are wounded, these monsters will fall. At such a high distance, they will be seriously injured if they are not dead.

"It seems that there will not be much problems. Now that I am still in the daytime, I will go down now. If there is a monster, I will see you." Ouyang Ming said to Ye Xuan.

"Ouyang adults, you can rest assured!"

Ye Xuan said with a dignified face.

Take people's money for disaster relief. Since he took the Golden Eagle bow, he must do things well and not make a mistake.

"Okay, you are also careful." After Ouyang Ming said one sentence, he went straight to the edge of the cliff and then slowly climbed.

Those falling monsters can't take off, but Ye Xuan hasn't killed them in the past and swallowed them.

Sure enough, half a minute after Ouyang Ming went down, a group of bird monsters came again. Moreover, it is still flying from the other side of the canyon. Just as this group of monsters is ready to attack, they have just climbed to one-fifth of Ouyang Ming, and Ye Xuan is also shooting.

Within ten seconds, all the birds and monsters were shot down by Ye Xuan and fell into the canyon.

"Mom eggs, these corpses are a pity." Ye Xuan is very helpless, but there is no way, who told this group of monsters to fly from the opposite side?

However, Ye Xuan's most regrettable thing is that he could not swallow the human body. Otherwise, the tens of thousands of bodies in this canyon are enough for him to break through to the true spirits?

This cliff is very high, at least a hundred meters away, and the specific Ye Xuan is not very clear.

Ouyang Ming has been going down for two minutes, but he has only climbed halfway, but there is no way. The cliff is too flat. Ouyang Ming often needs to build a climbing point to continue.

Ye Xuan is on the edge of the cliff and constantly kills the patrolling monsters.

Finally, after Ye Xuan killed the sixth wave of monsters, there was a sniper that rushed to the sky.

Seeing this attack, Ye Xuan also stretched out his head and looked out. I saw that Ouyang Ming was already at the bottom of the canyon, and the blood had already reached his thigh.

"Ye Xuan, be careful, I will come when I go!"

Ouyang Ming shouted.

Ye Xuan nodded, then saw Ouyang Ming jump, and then with the body floating on the blood, quickly marched toward the cave.

Taking advantage of this opportunity, Ye Xuan also swept out.

He killed a total of six wave monsters, two of which fell into the canyon, and the remaining four waves were on the cliff.

Ye Xuan took a moment to kill these monsters and then swallow them, which is another income. At this time, he is very close to the ninth middle of the martial arts.

After swallowing up so many corpses of the demon, the **** groove of the beast was also more than two hundred and sixty by Ye Xuan. However, when the blood of the beast was only the first fusion, the promotion was the biggest. The next one hundred and sixty, the improvement is not a lot, but it is better than nothing.

At this time, he holds the golden eagle bow in his hand, and he wants to go to the 18th mountain range where the tenth-order monsters are infested.

After Ouyang Ming entered the cave, there were still a few waves of monsters in the sky.

Ye Xuan is also a comer, killing them all and then devour them all.

However, when the fourth wave of the beast arrived, Ye Xuan realized that a little bit, the sky, began to gradually dim.

This means that there will be wolves and monsters starting to hunt humans in groups, and then throwing the bodies into this canyon.

"Ouyang adults have been going for half an hour, why haven't news yet, it won't..."

Ye Xuan thought in his heart, raising his hand is to shoot the group of monsters.

The fourth wave of monsters is completely destroyed, but when Ye Xuan swallows these monsters in half, the sky suddenly sounds a scream of the sky.

"hiss!"

This sound is all over the sky, and it is extremely sharp. Even Ye Xuan is subconsciously licking his ears.

"What the hell?"

Ye Xuan turned his head and looked at it. When he saw a dark shadow on the horizon, he couldn't help but tremble. He exclaimed: "There is a plane in the trough!"

The shadow of the shadow is huge, bigger than the passenger plane on the earth. Since the sky is not completely dark, Ye Xuan also sees what the shadow is.

"Dapeng, turned out to be a Peng bird bigger than the plane, my God!"

Ye Xuan couldn't help but open his mouth.

At this time, this Dapeng has already flown over the canyon and then slowly falls.

"boom!"

"boom!"

"boom!"

Suddenly there was a loud noise in the canyon. Ye Xuan rushed to the edge of the cliff and saw that there were two figures under the battle.

The two figures struggled for about ten seconds, and another figure quickly jumped on Dapeng's claws, and then Dapeng began to rise.

"Sure enough, not Ouyang!"

Ye Xuan's eyes condensed and found that the figure caught on Dapeng's claws was not Ouyang Ming, but a black man with a fight.

It seems that this black man is the ember of the beast god!

"Want to go?"

In the eyes of Ye Xuan, a smear of a smear of color, immediately opened the Golden Eagle bow, shot a chaotic star arrow toward Dapeng claws.

This refers to the chaotic star arrow divided into nine, shot toward the black man.

"Ok?"

The black man who caught the Dapeng claw felt something. When he waved his hand, he blocked the chaotic star arrows. However, there was still a cold man who passed through and smashed his fight.

"Bad boy, find death!"

The black man snorted, but did not go to Ye Xuan in person.

At this time, Ye Xuan was able to react, this is the embarrassing role of fighting Ouyang Ming in the real spirit, and this Peng bird, which is bigger than the plane, seems to be a beast!

Only when he was hot, he went to attack each other. Isn't that looking for death?

Fortunately, this black man did not jump, otherwise Ye Xuan was in trouble.

Ye Xuan looked at this Peng bird, which was bigger than the plane, carrying the black man to leave. Not long after, Ouyang Ming climbed up along the same path.

"Ouyang adults, the one who was rescued by the big bird just now is the embers of the beast god?" Ye Xuan quickly asked, but the next moment, he found that Ouyang Ming, who was in the real spirit, was actually injured.
