Chapter 961: Full of hatred

"Ten inside elders, ten insults..."

Ye Xuan heart trembled.

However, even if Yang Zhen is present, he can't stop him from being violent.

Today, he actually has a plan, that is, to control this Guo Liang, so as not to be able to make a difference.

"Okay, everyone is quiet."

A middle-aged man arrived at the airfield, and when he heard the voice, everyone was quiet.

"The internal door assessment is about to begin, but before that, the challenge is the first step. As long as someone challenges the inner disciple to succeed, then it will directly enter the inner door." The middle-aged old man finished, looked around and said: "There are five here. Ten inner disciples, the lowest is six heavy bodies, everyone can only be challenged once, who will come first?"

Among the inner disciples brought by the elders, there are three six-sexual bodies, and the strength of these three people is relatively poor.

Therefore, there are several powerful foreign disciples who are eyeing them.

"I will come first!"

"I will come first!"

When the old and old voices fell, three people jumped out immediately.

"You are number one, you are number two, you are the last."

The middle-aged and old people just arranged the order for the three.

These three are all six-sexually difficult, and the three inner-disciples also have three six-sexual bodies, just right.

The outside disciple who was named first went over, then scanned the circle and finally landed on an inner disciple. This inner disciple was the last to enter the inner door, and the strength was relatively weak. .

"Brother, please come out and fight." The outside disciple shouted.

"it is good!"

The long-haired youth who was named was screamed and fell to the ring.

The last time he also challenged an inner door brother. He succeeded in entering the inner door. However, this time he was named by someone else. To face him, he has to go all out. If he loses to an inner disciple, That is a shameful thing, after all, there are thousands of people here.

"Start!"

The old man shouted.

The next moment, two six-sexual disciple disciples are fighting.

At the beginning, the two men came up with all the strengths, one to enter the inner door, one to hold the face, so they had to face each other.

Ye Xuan looked at the two men, his expression was unremarkable.

However, his attention was on the body of Guo Liang. At this time, the latter also looked at Ye Xuan with that sarcasm.

That look, seems to be saying: "Waste, if you dare to challenge me today, I will beat you half-length!"

After Ye Xuan swept the Guo Liang, he did not care.

At this moment, suddenly a figure flashed to his side.

"Hey, young master."

When I fell, I didn't know when I ran over, and my relatives rolled up Ye Xuan's arm and laughed.

The group of disciples standing next to Ye Xuan saw the inner disciples' costumes falling on their bodies, and they also retreated. At the same time, they looked at Ye Xuan with strange eyes.

Nima, there is actually a foreign disciple, hooked up the inner door of the sister?

Good means!

Falling is not a human being, and the tail that is combined is shaking in the air. From time to time, I scratch the waist of Ye Xuan, and the eyes of the rear are bright.

There are not only human beings in the Holy Land, but there are still many, but such a lovely Fox girl, they are the first to see it. If you can go home, you will be willing to live for ten years.

"This girl is coming to give me hatred."

Ye Xuan turned his eyes, and the fall was an inner disciple. He even took the arm of his outside disciple, which attracted many people's attention.

Not only that, but Guo Liang looked at Ye Xuan with an angry look.

If Ye Xuan is a brother who has fallen, he has already gone to Bajie. But Ye Xuan and Fall are not brothers and sisters, so he is so embarrassed.

Fortunately, Yang Zhen told him that it was still a virgin.

On the side of the elder Yang Zhen saw this scene, but also coldly said: "Let's fall, come over."

Hearing this, the fall was also unwilling to pout a small mouth, and then slowly drifted over.

Soon, the two men in the ring were separated and the challenger lost, so they lost the opportunity to enter the inner door, and the inner disciple who was challenged also kept the face.

Then, the second person came to the stage to challenge, the opponent is still a six-body internal disciple.

"Brother, please!"

"Teacher, please!"

The battle broke out again in the ring, and within half a minute, the two also scored the winner and the challenger lost again.

Those who can enter the inner door are the best in their peers. Will it be so easy to lose?

Then, it is the third person.

The strength of this third person is still quite good. I am afraid that it has been saved for a long time and directly won the victory.

"Very good, finally there is a person who has succeeded in the challenge. From today, you are the inner disciple of my blood rock." The middle-aged old man said to the third person.

"Thank you for the elders!"

The third foreigner disciple respected the fist.

Now, the three six-figured disciples are challenged, so the next person can no longer challenge them.

In fact, for true geniuses, they do not like to challenge their opponents. Their goals are all leapfrogging challenges.

A six-faced, hard-working, disciple who succeeded in defeating a six-faced, hard-working inner disciple would indeed make people shine.

However, if a foreign disciple with a six-sexual physical difficulty is going to break out a seven-in-one hard-working inner disciple, I am afraid that the people present will be shocked.

Entering the inner door may not be able to be seen by the elders, but if you do the challenge, you will definitely be accepted as a disciple by an elder.

Therefore, many people take this kind of thinking, even if the challenge fails, they can wait for the next time. As long as they succeed, they will be accepted as disciples by the elders of the inner door.

"Is there anyone else?" the old man shouted.

The voice has not yet fallen, and one person has swept it out. It is still a foreign disciple with six physical difficulties.

"Well, who are you challenging?"

Asked the elderly in the middle.

"Yuan Hua, brother, please come out to fight." The foreign disciple shouted.

Yuan Hua, who is in his mouth, is a disciple of the inner door. It is difficult for the seven-sexual body, and this time he challenges Yuan Hua, he wants to be a blockbuster.

"Big words!"

After Yuan Hua heard this, he was also cold in his heart. At this moment, being challenged is a very disgraceful thing. After all, the other side thinks that you are a better persimmon.

However, due to the rules, he still flew down, and prepared lessons for this disciple who did not know the heights.

"Thank you brother!"

The foreign disciple thanked him with a fist, and then he was the sword in the handshake.

"Humph!"

Yuan Hua, who was challenged, was cold.

"Start!"

In the middle and old age, the two shot at the same time.

Chapter 962: Challenge Guo Liang

"Boom!" "Boom!" "Boom!"

In the ring, the sound of the infuriating sound suddenly sounded.

From the very beginning, the challenger has come up with all the strengths. His attack power is even stronger than Yuan Hua, who is difficult to have seven physical bodies.

This scene, but shocked the people around.

A six-figure body is difficult, a seven-figure body is difficult, but the former's attack power is even stronger than the latter, which is rare.

The difference between a realm, whether it is physical or infuriating, is weaker than the other side, but the challenger's attack is so strong, not because his weapon is a knife.

"Destroy the thirteen knives, he practiced the thirteen knives!"

The disciples with sharp eyes exclaimed.

Destroy the thirteen knives, this is a more difficult martial art in the blood rock, and the attack power is very strong. In addition, there are few people using the sword, so not many people get to the heat.

However, the challenger did it.

"It turned out to be this martial art. It's not bad. It's a dozen knives. It's better than a knife. I don't know if Yuan Hua can take the first few knives."

The old and old in the air muttered.

He is a bit stunned by this challenger, because the thirteen knives are from his hand, he created it by himself, so he understands the difficulty of practicing this knife.

In the middle of Taiwan.

"The sixth knife!"

"The seventh knife!"

"The eighth knife!"

Yuan Hua, who was challenged, despised the other party from the beginning, so that it fell to the wind in an instant.

With the constant use of the Devil's Thirteen Knives, the power is constantly improving. In the eighth knife, Yuan Hua has to come up with his true strength.

However, when he reacted, it was too late.

"The devil is the eleventh knife!"

"Hey!"

Yuan Hua's attack was easily defeated, and he was immediately annihilated by the eleventh knife and flew out.

Fortunately, the power of the eleventh knife of the demon is resisted by his attack, otherwise the knife is enough to split his body in half.

"Challenge success!"

The middle-aged man took a look at Yuan Hua, who was shot and announced.

"Hey!"

As soon as this was said, the disciples around him boiled up.

The realm of the six-sexual physical difficulty has successfully defeated the inner-disciple of the seven-sexual body. This qualification is ok.

That Yuan Hua was vomited with a knife, and he climbed up and glanced at the challenger.

Available at this time.

"You are very good, even the thirteen knives have been cultivated to this point, I wonder if I would like to go under my door?" The old man said to the challenger.

"Hey!"

The audience was once again setting off an uproar.

Elders, apprentices!

"The disciple is willing!"

The challenger hurriedly saluted.

"it is good."

Middle-aged people are satisfied with the nod.

He is a powerful and hard-powered person. Naturally, this challenger not only destroys the thirteen knives, but also has the ultimate in body and law. The most important thing is that the realm of this challenger is forcibly suppressed. Six heavy bodies are difficult. After today, it is estimated that it will be difficult to get through the seven-sexual body in two or three days.

"congratulations."

The elders on the side are also holding fists.

Now, the foreign disciples around him finally understand that the challenger had premeditated, because the thirteen knives were created by the middle-aged and old, and it was really a good calculation.

"Okay, the challenge continues."

The middle-aged and old have received a good apprentice, and they are in a good mood.

Then, another person jumped up and challenged the inner-disciple of the seven-sexual physical difficulty. However, the challenger was very miserable and was beaten by the flowers. It is a typical example of self-reliance.

After the disciple's disciple, there are still a few people who challenge the success. Of course, some people are releasing water. After all, there are some unknown things in private.

"Young Master, are you not going?"

Standing next to Yang Zhen, he said in the mind.

"Now!"

Ye Xuan should have a sentence.

At this point, just one person lost to step down.

"Is there anyone still to challenge?" the old man shouted.

"Have!"

After ten challengers, Ye Xuan also felt that he should play. At the moment, he just responded and then swept up.

Guo Liang has been looking at Ye Xuan with a sardonic look. He thought that Ye Xuan was awkward. Now that Ye Xuan came out, his eyes could not help but shine.

Ye Xuan said yesterday that he would challenge him, or he might just talk about it, so Guo Liang did not hold much hope.

However, Ye Xuan's goal may not change.

"Well? Five heavy bodies are difficult?"

After Ye Xuan came out, the elders were all shocked.

"The kid, the person who has been challenged, can no longer be selected." The middle-aged old man said to Ye Xuan.

"Thank you for reminding the elders."

Ye Xuan thanked a sentence, and then looked at Guo Liang, said: "Guo brother, come down to fight."

boom!

When the words came out, all the people present were shocked.

Ye Xuan, actually wants to challenge.

The five-figure body is difficult to challenge the seven-sexual body, but it is also difficult to challenge Guo Liang, who is a good man. Is this Nima a long-lost?

"Well, have courage!"

Guo Liang screamed and fell directly to the ring. He had been waiting for a long time, just waiting for Ye Xuan.

"Are you sure you want to challenge Guo Liang?" asked the old and old frown.

"Yes!"

Ye Xuan solemnly replied.

"it is good."

The middle-aged old man did not say anything more, said: "Let's get started."

In the first few games, when the old and middle-aged voices were heard, the two men in the ring played against each other.

But this time, Guo Liang looked at Ye Xuan, who was so ignorant of the sky, and whispered: "No matter what relationship you have with you, you just have to remember one thing. It must be my woman in the future."

"Oh, the husband who fell in the future, can't be you!"

Ye Xuan sneered.

"Look at it."

Guo Liang's eyes suddenly showed a cold color, and Ye Xuan's qualifications were indeed good, but he was convinced that he must die.

"call out!"

At that time, Guo Liang was shot, and a fierce swordman rushed toward Ye Xuan.

Guo Liang's strength is definitely among the best in the inner disciples who are only playing.

However, when I met Ye Xuan, the dragon was also squatting.

At this time, Ye Xuan holding a shocking sword, also took a sword out.

"Cold weather!"

"Hey!"

The two swordsmen slammed together and instantly provoked a huge shock.

Ye Xuan, who differed from the two realms, even had a close match with the other side.

Of course, only one sword, Ye Xuan did not use the sword, otherwise Guo Liang is already dead.

"This is impossible!"

Guo Liang's face changed greatly, but he was two higher than Ye Xuan, and he was guided by the strong from a young age. How could he still fight a five-fifth boy?

He does not believe it!

"Hey!" "Hey!" "Hey!"

A fierce swordman rushed toward Ye Xuan, but Ye Xuan easily defeated these attacks.

Chapter 963: Violent

Guo Liang ruined Ye Xuan's door before destroying Ye Xuan's house, leaving Ye Xuan to live without it.

This hatred, Ye Xuan must report, but Ye Xuan does not want to fly Guo Liang so quickly.

It's just a good show.

"Boom!" "Boom!" "Boom!"

The roar of the ring continued to sound, but the two were hard to beat, and no one prevailed.

The people around are already stunned.

"What happened? Is Guo Liang's brother playing with him? Is the attack of the seven-sexual flesh difficult to be blocked by five people with physical difficulties?"

"No, not acting, that attack is enough to kill six people who are physically difficult."

"That's what it is, is that kid too powerful?"

"This kid doesn't know where to come from. He hasn't entered Blood Rocks two months ago. It's incredible to be able to compete with Guo Liang's brother two months later."

"Fortunately, this kid is older than Guo Liang, and Guo Liang is only twenty years old this year..."

The disciples around began to discuss it.

Not only they, but even the outside disciples.

Of course, the most shocked is Guo Liang's mother, Yang, who is old.

Guo Liang is her son, but she is actually her son, the strength of her son, she knows best.

"The qualifications of this kid are so good, the fall is not bad, where did they come from?" Yang Zhen said in a strange voice.

At this time, the platform is still playing very hot.

"Impossible, impossible, this kid can't be so strong!"

Guo Liang could not believe that the heart has been denied, but the fact is in front of his eyes.

"The wind step!"

Ye Xuan's body shape is constantly shaking in front of his eyes. This is a super supreme martial art he has learned before, and it is very easy to use with eight times of agile advancement.

On the speed, he is even faster than Guo Liang, and the attack power is not low, so the two played a tie.

However, Ye Xuan's card, but none of them showed up.

"Oh, it's time to take back some interest."

Ye Xuan's flash of light flashed and suddenly turned toward Guo Liang.

"you wanna die!"

Guo Liang saw that Ye Xuan came over and sent the head. He naturally relied on the past, but at this moment.

"The Eye of Burning!"

"The Eye of the Illusion!"

Two mental attacks, effective at the same time.

Guo Liang's body trembled. At this time, the environment around him had changed. He suddenly appeared in a cemetery, surrounded by ghastly, and there were many floating fires. The crow's cicada It is also miserable.

Not only that, but his heart also raised a pain, but because it is in the illusion, this makes him mistakenly think that the pain is also a fake.

"This kid, even illusion, this is impossible!"

Guo Liang was not confused by the illusion.

Ye Xuan's eye of the ban is really good, but it has not yet reached the point of tampering with memory. Some illusions that can be used to make the recruits think they are really in that place.

These two moves, instantly weakened Guo Liang's spiritual power, so that he was close to Ye Xuan.

"Huh!"

Ye Xuan became a fist in his left hand and slammed it on Guo Liang's nose. The next moment, there was a crisp sound.

"Hey!"

Guo Liang's nose was directly beaten by Ye Xuan, and his blood was arrogant.

"what happened?"

This scene has looked at everyone.

Guo Liang, who can clearly escape this punch, suddenly stupid there, what is this?

"Imaginary?"

The middle-aged old brow was picking up, and some looked incredulously at the collapse, because even he did not find out how Ye Xuan used the illusion and let Guo Liang take it.

"This kid, amazing, I didn't see when it was used."

A gray coat elders stroked his beard.

Not only that, but even Yang Zhen is the same, but she is beaten by her son.

As her eyes glanced, the grey-haired elder smiled and then closed her mouth.

“Hey!” “Hey!” “Hey!”

Ye Xuan instantly punched, and Guo Liang hit his nose and face. The latter broke the illusion after four punches, but he just woke up, but he was again recruited.

"The Eye of Burning!"

"The Eye of the Illusion!"

Two combos, so that Guo Liang did not fight back in front of Ye Xuan.

"Kill, I want to kill you, get out of me!"

Guo Liang screamed and screamed, even though Ye Xuan was in front of him, but he could not see it, madly waving his sword and slashing around.

Now, the people present have finally understood that Guo Liang was originally in the illusion.

The martial arts such as illusion are not popular in the blood rock sect, because the blood rock sect advocates the use of force and does not like to play these small means, so there are not many people to learn.

Ye Xuan's burning eyes and the eyes of the banned ban are too insidious. No one can stop it. Unless the other person is blind or has the eye of perception, he can fight with him.

This point makes Ye Xuan invincible!

“Hey!” “Hey!” “Hey!”

A muffled sound spread, Ye Xuan easily escaped Guo Liang's targetless attack, and then printed his fist on Guo Liang's face, the latter not only was beaten with a bruised face, but even two teeth were lost.

The audience was silent, and the people around were already speechless, and forgot some things.

Ye Xuan, just five heavy flesh is difficult.

Guo Liang is a seven-figure body.

A veteran disciple with a hard-to-find body, who hangs in the middle of the seven-sexual body, has few rival disciples. This scene is the first time I saw it.

Moreover, this Guo Liang's master is still here, and each of Ye Xuan's punches seems to be on the face of Elder Yang Zhen.

"This kid is crazy!"

An elder thought in his heart, he knows the relationship between Guo Liang and Elder Yang Zhen, and knows a lot of things, because this is not a secret at the top of Xueyanzong.

In front of the elder Yang Zhen, she sang her pro-son Guo Liang, and she did not know whether she said that Ye Xuan was ignorant, or ignorant.

However, they will never think that Ye Xuan knows the relationship between Guo Liang and Yang Zhen.

What about the elder's pro-son?

At this time, Yang Zhen's face was already white and white, as if the blood had collapsed, and there was no blood color. At this time, she can't wait to smash Ye Xuan's corpse, but there are so many disciples and elders around, she can't shoot.

After all, Guo Liang is just beating, no life is dangerous.

"Ah, Ye Xuan, I want to send you thousands of dollars..."

Guo Liang snarled in the sky, but before he finished, he was beaten by Ye Xuan.

The blood was flying, and another tooth flew to the bottom of the ring.

"Yeah, the young master is playing a few more punches, too much relief."

Standing next to Yang Zhen's body, he continued to sing Ye Xuan in his mind. If there were not so many people watching, she would probably rush directly past Fang Yexuan.

Chapter 964: Assessment task?

"no problem."

Ye Xuanhua's grief and indignation is the strength. One punch and another punch is on Guo Liang's face. Guo Liang, who was originally handsome, is a big pig.

However, it is at this time.

"enough!"

Suddenly a violent bang sounded.

Ye Xuan Yu Guang swept, it turned out that Yang Zhen could not sit still.

In desperation, Ye Xuan can only stop, but he did not forget his plan.

"Hey, take control of success!"

A system prompts to sound, Guo Liang, who was labeled as a pig's head, has no resistance, and is directly controlled by Ye Xuan, and no one has found it.

The audience is still silent.

"You won, from today you are the inner disciple of my blood rock sect."

"Thank you for the elders!"

Ye Xuan took up the earthquake sword and thanked him.

The disciples of the audience waited for the follow-up, but they looked at it for a while, but found that no one spoke.

"What happened, such a voluptuous disciple, no one wants?"

"Are you a pig? Guo Liang is the son of Yang Elder. This kid has smashed Guo Liang. If anyone accepts him as a disciple, isn't he going to confront Yang Elder?"

"What is this, what are the elders afraid of?"

"Shut up, don't talk, be careful!"

Some disciples who know the situation are rushing to silence.

Elder Yang, although only an elder, but her strength is beyond the average person, plus Yang's eldest son Guo Chao and Shao Zongzhu have a good relationship, so no one dares to provoke him.

However, these disciples only know one of them and do not know the other.

Let other elders fear, not just because of Guo Chao, there are other reasons.

"Hey, a group of old-fashioned guys, the young master is not so good, don't mad at me." Falling very angry said.

"These elders are estimated that because my behavior is rather bad, I don't want to make a bad relationship with your master, so I give up. It doesn't matter, anyway, my younger master has different cultivation methods, and you don't have to have a master."

Ye Xuan walked down the ring in a very candid manner.

It is at this time.

"and many more."

Suddenly a voice caught everyone's attention. They turned their heads and saw that Yang Zhen elders took a few steps forward.

This is, to avenge Guo Liang?

Ye Xuan's eyes glimpsed. He did not expect Yang Zhen to be so daring to do so. He pressed his disciples as an elder, but this was a face-lifting thing.

However, the facts are beyond his expectations.

"Would you like to go under my door?" said Elder Yang Zhen, pointing to Ye Xuan.

When this was said, everyone in the room was surprised.

Elder Yang Zhen, actually want to collect Ye Xuan?

This, but even Ye Xuan did not think of himself.

"The most poisonous woman, I thought that I would accept me, can I justly deal with me?"

Ye Xuan glanced at the tricks of Elder Yang Zhen, and immediately refused: "Sorry, Elder Yang, I didn't know how to do it. I married Master Guo, I still practice alone."

"The strong is respected, he is defeated in your hands, it is his strength is not enough, just a test than just, he will not mind." Yang Zhen said faintly.

"I mind!"

Not waiting for Ye Xuan to open, Guo Liang, who was turned into a pig's head by Ye Xuan, said: "Master, this kid has made me like this. Why don't you avenge me and accept him as a disciple?"

"To shut up!"

Yang Zhen yelled.

She didn't understand a bit, Guo Liang was still very smart, how is it so stupid now?

She accepted Ye Xuan and was able to send it out to do the task in the future. At that time, she was afraid that she would not have the opportunity to start with Ye Xuan.

However, she also understands that Guo Liang has been overwhelmed by hatred at this time. After all, in front of thousands of people, Ye Xuan, who is a low-level realm, is incomprehensible. It is normal to speak without a brain.

However, how could she know that Guo Liang is already controlled by Ye Xuan?

"Yang elders know the truth, but the disciples think it's OK, thank you Yang Elder." Ye Xuan thanked.

This Yang Zhen does not deserve to be an elder, just a sentence, so that everyone around them think that she is hungry for thirst, it seems to be a great righteousness.

Yang Zhen saw that Ye Xuan refused again, and there was a flash of gloom in her eyes. Her son could not be casually smashed.

On the side of the middle and old, I was hurriedly saying, "Okay, let's go ahead, challenge continues!"

Ye Xuan went to the side, and after the disciples around him saw him, they also gave him a way to go.

With the five realities of physical difficulty, Guo Liang, who has a hard time in the seven-sexual body, who has this strength?

No, don't talk about strength first.

Who has this guts, violent Guo Liang in front of Yang Zhen?

I am afraid that none of the people present dared to do this.

If Dong Xing, the elder of the experience hall, is present at this time, I am afraid that he will be vomited by Ye Xuan's behavior. This is completely self-destructive.

Soon, the challenge is to continue.

After the game, the challengers behind were very careful, for fear of angering an elder. These people all hated Ye Xuan. After all, the elders were happy to come at first. Now there is no movement, obviously it is influenced by Ye Xuan.

In the end, the fifteen challengers all challenged, and only five of them challenged success. Ye Xuan is one of the five.

"You five, report to the inner door tomorrow."

When the middle-aged old man finished talking to Ye Xuan and others, he continued: "Next, conduct an internal door assessment!"

The internal door assessment has finally arrived, but Ye Xuan is not interested in this. His two purposes have been achieved today. One is to enter the inner door, and the other is to control Guo Liang.

"Guo Liang forced me to be violent, and then I was controlled. No one would have thought that he was already my men. However, Yang Zhen seems to hate me, or be careful."

Ye Xuan thought about it, and then he left the training field.

"Young Master, you were so handsome."

Immediately after the fall, the sound channel is separated.

"Oh, you look at it, Master, I will go first." Ye Xuan said with a smile.

It is only possible to report to the inner door tomorrow, and he will be able to take over the task of the inner door. However, he will enter the inner door with the realm of his five physical difficulties. I don't know if it is the first case of the blood rock.

Today, Ye Xuan went back to rest for a day. The insider judged that he was lazy to look at it. At the same time, he also brought the news of his successful entry into the inner door to Dong Xing. Of course, Dong Xing did not know what he did.

Soon, this day has passed.

The next day, Ye Xuan went to the inner door and prepared to report.

However, entering the inner door is not that simple.

"Although you have entered the inner door after a challenge, you still need to complete a task."

In the inner door of the genre, an inside disciple said to Ye Xuan.

"Isn't it a good idea to have a challenge? How come there is a mission?"

Ye Xuan asked with some suspicion.

Chapter 965: Chaser?

After hearing this, the inner disciple said with some impatientness: "From the beginning, it was different. There was an internal door assessment. The same was true of the disciples who passed the internal door examination yesterday. If you want to enter the inner door, you will have to After completing this task, will you still pick up?"

Hearing this, Ye Xuan couldn't help but think of a person, that is, Yang Zhen.

I am afraid that this Yang Zhen has already begun to deal with him. This is an extra assessment task, I am afraid it was decided last night.

"Okay, I will pick it up!"

Ye Xuan nodded.

Then, the inner disciple took a reel to Ye Xuan.

After the latter read, the brow was picked, and the assessment task only required to kill a super supreme sacred beast.

This is very easy for him, who is a violent person to Guo Liang.

"So, I might meet some people on the way to the assessment?"

Ye Xuan thought about it.

If this assessment task is temporarily released by Yang Zhen, then Yang Zhen should just kill him on the way to his assessment task. Of course, he can't absolutely determine that the assessment task is Yang Zhen's temporary idea.

"Oh, as long as you don't come in person, I am not afraid."

Ye Xuan glimmered and then left.

However, he still told the story of the fall.

Now that she has fallen, she knows that Guo Liang has been controlled by him, so she does not reject Guo Liang. Guo Liang can also tell the secret directly, and then convey it to Ye Xuan.

"Young master, Guo Liang said that this was decided by the master last night. She will start with you when you perform the task. You must be careful..." He said quickly.

"She personally shot?"

Ye Xuan was taken aback.

Although his strength is strong now, but the physical difficulty and the real gas are difficult to make a difference, he can not kill Yang Zhen now. Although his attack power is very strong, his speed is probably less than that of Yang Zhen. Even one-third and one-fifth are not. This is still a wool.

"No, it's just that the flesh is difficult." answered the fall.

"Oh, since there are no strong players, it will be fine." Ye Xuan said calmly.

"Well, be careful."

Falling again reminded that she is more assured of the strength of Ye Xuan, and Ye Xuan has a detachment in the East China, so it will not fall.

After taking the task, he left the blood rock sect directly. His goal was one or two days away from Xueyanzong. He needed to kill a snow beech and bring it back to the body.

After leaving the Blood Rocks, he plunged directly toward Wanxue Snow Mountain.

"That Yang Zhen wants to shoot at me. Whenever there will be disciples and me to play with me..."

Ye Xuan had a glimpse of his eyes, but he did not pay much attention to it.

With his strength, he is almost invincible in the inner door. Whoever wants to kill him must be prepared to be killed by him.

The time limit for this entry task is seven days. If he is on a full speed, he can reach the heavy snow mountain in one day, but in order to let the other party follow up, he deliberately slowed down.

However, he ran for a long time, but did not see anyone blocking.

"It's hard to make it. I want to let me enter the snow-capped mountains to do the task first. I will stop me on the way back. If I die in the snow-capped mountains, then they will save trouble." Ye Xuan suddenly understood.

At the moment, he is directly at full speed.

One day later, he rushed to the snow-capped mountains.

Wanxue Snow Mountain, a large number of super sacred beasts living here, but Ye Xuan's target snow beech is only on the periphery, he does not need to go deep.

"Looking at this opportunity, I will raise the realm by the way."

Ye Xuan thought about it, and then he stepped into this heavy snow mountain.

It only takes two days for him to come and go, plus another day to spare, so he still has four days to experience in the inside, and it is difficult to rise to the six-sexual body, even the seven-sexual body is difficult.

He has a perceptual eye. He has just entered and saw some super-sacred beasts, but the realm is not high. Most of them are four or five heavy and difficult.

Ye Xuan is not picky. He directly kills these super-sacred sacred beasts, and devours them together with the corpse and the sacred beast.

Wanxue Xueshan said that it is not a big deal. There are tens of thousands of snow-capped mountains in the sky. Under this snow and ice, Ye Xuan feels that his true gas flow rate has dropped a lot. The deeper the depth, the faster the speed. slow.

It is said that there is a super-supreme sacred beast in the face of God, but this level of sacred beast must be in the depths.

On the scroll obtained from the assessment task, there is a map. Ye Xuan finds the nest of the snow beech according to the mark on the map, and then goes up.

The snow beech is a kind of super-supreme sacred beast. Even the snow-covered beech of the six-sexual body is not the same as the human being of the same level. The strength is terrible.

Originally, Ye Xuan thought that this snow beech was very simple, but now it seems that it is not so easy.

Of course, this is just for other disciples. In the eyes of Ye Xuan, this snow beech is still a threat, just a piece of tofu that will move.

"Cold weather!"

"Swords!"

Ye Xuan holds the earthquake sword, and a sword can kill the six heavy-skinned snow beech, but this is not his goal. His mission is to kill the snowy beech of the seven-sexual body.

With the eye of perception, Ye Xuan easily found a snowy beech that was placed in a single order.

Of course, the order is not the same, it is the same for him.

"Cold weather!"

"Swords!"

He realized the sword's potential, and a sword made the snow-covered beech of the seven-sexual body difficult level into two halves.

"The mission is complete!"

Ye Xuan used to collect the entire body of the snowy beech, just that he had already arrived here, so he decided to clean up the snow beech's lair. His cultivation is rapidly improving.

He has the benefit of swallowing, killing the benefits of the super-sacred beast, more than the devour of the heavenly treasure, this is his upgraded treasure.

However, just as he hunted the snow beech, there were suddenly a few strong breaths that entered his perception.

"coming?"

Ye Xuan brows a pick.

It seems that those who have followed him have already appeared.

These breaths are all in the realm of nine physical bodies, with five people.

"I really can see that I have sent five strong players with nine physical difficulties."

Ye Xuan's heart couldn't help but sigh. The five nine-sexual flesh is difficult. I am afraid that it is the top disciple of the blood rock sect. It is actually a ghost who has sent him to chase him.

Soon, these five people rushed toward him quickly.

Ye Xuan stopped his movements and looked at them.

Chapter 966: Snowy son

However, what makes Ye Xuan wonder is that these five people are wearing clothes that are not blood rock, but orange-red clothes with a huge flame on them.

"Well? Disciple of Blood Rock?"

The middle-aged man headed by Ye Xuan couldn't help but swear, but the next moment, he turned and said: "Not him, go!"

Then, the other four people followed the middle-aged man and left a false face.

Originally, Ye Xuan thought that these five people were coming to chase his blood-blooded disciples, but did not expect it, then what is the situation of the five?

"It is said that there are several powerful forces around the blood rock sect. One of them is called Lie Volcano. The people in this volcanic volcano are wearing fire robes and practicing the fire knife. It seems that the five people are the volcanic volcano."

Ye Xuan thought in his heart.

The volcanic volcano is stronger than the blood rock sect, and the five nine-fold flesh is difficult for the volcanic volcano.

But Ye Xuan is puzzled that the five volcanoes seem to be chasing someone, and Ye Xuan's hunting of snow beech here is obviously attracting the five, just don't know, the five people are chasing Who.

Out of curiosity, he decided to catch up and see.

"Our my task has been completed anyway, look at the past."

Ye Xuan thought about it, and then he followed the direction of the five volcano masters who had left.

It was late at night, and the five people were searching. Ye Xuan was behind them and they were very well hidden. The five did not find him.

"That guy is poisoned, it should not be far away, how can I not find it?"

The middle-aged man headed for the stranger.

"It must have been hiding. The guy cultivated the snow and snow. This snow mountain is very suitable for him to hide."

"What to do, cooked ducks, can't just fly like this."

"Continue to find!"

Five people began to search separately, and Ye Xuan hid the snow. He clearly heard the conversation of five people.

However, at this time, he suddenly felt that a sixth person was moving in his range of sensing.

"Who is this, this is the five people who want to kill in the volcanic volcano?"

Ye Xuan brows a pick.

But when the sixth man started moving, suddenly someone shouted: "Found it!"

There is a master of the volcanic volcano, who is near the sixth person and found him while the latter moved.

Ye Xuan is also rushing to see who is being chased.

"Ha ha ha, snowy son, this time you have no place to run?"

The middle-aged man quickly chased the past and laughed at the same time.

Snowy son?

After hearing this name, Ye Xuan also quickly searched for memories.

There are several weak forces around the blood rock sect. In addition to the volcanic volcano, there is also a force called Fengxue Mountain Villa.

The volcanic volcano and the snow-capped mountain village had long been opposed. The reason was very simple. A fierce fire and a blizzard were the disputes caused by the name, and finally fell to the point of swearing.

This wind and snow son is the Shaozhuang owner of Fengxue Mountain Villa. It is said that it has already broken through to the real gas, but it is the second day of Fengxue Mountain Villa.

It is rare that a strong and hard-powered person is difficult to pursue by five nine-fold flesh. However, Fang Xuan also heard it, and Feng Xuegong was poisoned at this time.

"It is said that the wind and snow sons are noble and helpful, and the volcanic volcano often does things like stealing chickens and dogs."

Ye Xuan's eyes are slightly stunned.

He killed so many people, full of blood, this time it is better to try to save the individual.

At the moment, he quietly dive into the past.

"The five of you are trying to provoke the war between our two great mountains?"

A young voice sounded.

"Wind and snow, I am not giving you Ecstasy, is your brain pumping?"

The middle-aged man sneered and sneaked toward the wind and the snow.

The snow-snow son was accidentally poisoned by the volcanic people, and the realm fell to the nine-figure, and the reason for the poison, so he chose to escape.

"You, don't think that I am poisoned, I will die. You think I don't have a life preserver on my body?"

Feng Xuegong suddenly changed a token from the Qiankun ring.

This piece of token, the five people of Lie Volcano Village all know.

"Wind and snow!"

The faces of the five people on the side of the volcano volcano changed greatly.

The snow and snow makes it a peculiar treasure that can make the sky suddenly drop heavy snow, and then condense the ice blade to attack the enemy, the power is amazing. And this place is still a heavy snow mountain, the power will be greatly improved.

This piece of snow and snow makes it enough to kill the masters of these five fierce volcanoes.

"Damn, the old guy actually gave things to this kid." The middle-aged man headed was gloomy.

But at this moment, suddenly one person stepped forward: "The shards of Fengxue Mountain Villa killed his brother last month. I want to kill him and avenge my brother!"

After seeing the wind and snow, this person is still able to come out, naturally it is the determination to do a good job.

As soon as the face of the middle-aged man sank, he immediately said: "Good!"

The four of them retreat first, let this person and the snow and snow son play against each other, if the snow and snow son use the snow and snow, then the wind and snow son has no cards, it is to change lives.

Feng Xuegong did not think that the other party had come up with a countermeasure. At the moment, he was holding a snow and snow, ready to use, and killed all five.

However, it is at this time.

"call out!"

Suddenly a sound broke.

"Who?"

The middle-aged man headed by Lie Volcano Village gave a low drink, but in the blink of an eye, there was a volcanic master who had swept to his eyes.

"Oh!"

At that time, the master who had done the best with the snowy man died in an instant.

He only focused on the snow-snow boy, so the reaction was slow, so that he was sneaked to death.

The person who killed him is naturally Ye Xuan hidden in the surroundings. After killing one person, Ye Xuan came out of the darkness.

After seeing him, the four people in Lie Volcano were shocked.

This person is not the blood rock sect who they saw.

"you wanna die!"

For the middle-aged people, no matter how much, a sword directly went to Ye Xuan, but what surprised him was that this sword was easily blocked by Ye Xuan, because Ye Xuan used the sword.

"Hey!"

The two energy collisions instantly melted the surrounding snow and formed a stream.

At the same time, Ye Xuan was swept away in the air.

"The Eye of Burning!"

"The Eye of the Illusion!"

"The Eye of Silence!"

The three big eyes were all out, and the middle-aged man headed by was still shocked and killed by the eyes of silence.

Four people, one more, only three.

"Swords!"

One of them exclaimed.

Chapter 967: Even five people

With the five realities of physical difficulty, it is difficult to fight with a nine-fold body. This is the power of the sword.

Of course, Megatron also has great merits. If Megatron is only the third-grade first-class Lingbao, the power is not enough. However, after Megatron swallowed the blood rock giant, he even jumped three levels and reached the six-pronged spirit treasure.

At this time, the gentleman was shocked. He did not expect that there were other people hiding around him. In the blink of an eye, he killed two nine-figure bodies. This strength is really terrible.

"Hello, please kill them three, and I will thank you afterwards."

Feng Xuegong hurriedly said that now Ye Xuan is his life-saving straw. If Ye Xuan does not appear, then he will have to use the snow and snow.

"it is good!"

Ye Xuan should directly respond to the channel.

Only when he killed two people, he was already getting the ring of the two. At this moment, his breath suddenly skyrocketed.

"Hey, the host breaks through, it's currently six-sexually difficult!"

When the five-figure body was difficult, he killed two people by stealing the attack. Now he broke through, enough to harden the rest of the three.

"kill!"

At the moment, Ye Xuan is holding the earthquake and killing the past.

"I dragged him, you go to kill the Snow Boy!"

A master of the volcanic volcano shouted.

He knows that he will be planted here today, but for the volcanoes, they will kill the snow-capped son even if they die, and they will consume the snow and snow.

However, this threat has to drag Ye Xuan's nine-sexual body to be a master, not a bit self-sufficient.

"The Eye of the Illusion!"

"The Eye of Burning!"

"The Eye of Silence!"

"Cold weather!"

Ye Xuan's attack, both material and spiritual, could not be blocked by the first wave, and was instantly cut into two halves by the cold. This cold weather is itself a cold and cold property. In this heavy snow mountain, the power is improved.

In the blink of an eye, this unconstrained nine-fold body is difficult to master, it is under the cold sky of Ye Xuan, the whole person is divided into two halves, the wound is completely frozen, blood can not flow out.

The other two saw the situation and immediately gnawed their teeth toward the wind and snow.

"I want to protect people, you can't kill!"

Ye Xuan's light flashes.

"The Eye of Silence!"

"The eye of decomposition!"

"Cold weather!"

It was another round of attacks, and there was another strong man who was hard to get naked.

As for the rest of the people, they have already launched an attack against the Snow Boy.

"Wind and Snow Sword!"

"Fire knife method!"

One ice and one fire, the two infuriating collisions.

Although it is difficult to fall into the physical state of the snowy man, his strength is still very strong, and blocking this sword is not a problem.

"Hey!"

In the night sky, a red and blue flower blooms, and the sword of the wind and snow is full of force, which resolves his own crisis.

At the same time, it also brought time to Ye Xuan.

"dead!"

Ye Xuan's light flashes, and a cold sky that contains a micro-level sword has gone out.

"Oh!"

Only heard a burst of crisp sound, the last master of the volcanic volcano fell to the ground, his head fell to the floor in the sound of '噗通', but the wound did not spill a drop of blood.

Now, the top five martial arts masters are all killed by Ye Xuan.

This strength is considered to be the top in the inner door of Xueyanzong. He is already invincible except the disciples who are really hard.

Seeing that all five people who chased themselves died in front of their own eyes, this snowy son was also relieved, only then he used a full force to pull out a sword, and now the whole body is off, even the sword is not tight.

"Thank you for your help, I will definitely thank you!"

Thanks to the wind and snow.

In fact, his heart is still a bit imaginary. This world is so chaotic, the murder and the treasure is obvious. At this time, he can't even use the wind and snow. If Ye Xuan shoots at this time, he will die.

However, for some reason, Ye Xuan does not want to kill this snowy son.

After retracting the remaining three people, Ye Xuan also turned his head: "I heard that you are really hard to be strong, how can you be poisoned?"

"I have a hard time in a village, it is to kill the violent super-sacred sacred beast, but the villagers are poisonous in the water given to me, I don't pay attention to it..." Feng Xuegong slowly said, mention This is also a shame to try to kill him.

A person who is so hard and hard to fight is so easy to be poisoned. If he is known by others, he must laugh at the big teeth.

After hearing this, Ye Xuan also confirmed that the character of this snowy son is still good, and he did not hesitate to save.

As for the poison, it must have been under the people of Lie Volcano Village, and the villagers were only used. Perhaps even the violent super supreme sacred beast was deliberately released by the people of the volcano.

"What about you now, is there a worry about your life?"

Ye Xuan asked again.

"No problem, I have already taken the detoxification, and the strength will slowly recover." Feng Xuezi said palely: "I have no trace of the wind, I have not consulted you yet..."

"Ye Xuan, blood rock sect disciple." Ye Xuan slowly replied.

The wind and snow son said: "Ye brother, your strength is so amazing, why are you wearing the costumes of the blood rock sect?"

"It's not an inner disciple, it's just an internal door assessment task." Ye Xuan said again.

This answer, but the wind and snow son gave a shock, blood Yanzong now how so cattle, a foreign disciple actually realized the sword potential, but also a few levels, the five nine heavy physical hard master killed .

You must know that the disciples of Xueyanzong who had seen them in the Fengxue Mountain Village had to detour.

However, the wind and snow son does not care so much, and hurriedly said: "I asked Ye brother to \*\*\*\* me back to the snow-capped mountains, when the time must be thank you!"

"Where is the Snow Mountain Villa?"

Ye Xuan asked.

"On the other side of Wanxue Snow Mountain, according to the speed of Ye Xiong, it takes only two days to probably \*\*\*\* me back." Feng Xuegong answered.

"Two days..."

Ye Xuan calculated it in the heart.

He spent a day coming over. If he spends another two days to send the Snow Boy back, there is no problem in time. After all, he still has a hollow eye.

"it is good!"

At the moment, Ye Xuan is nodding.

This wind and snow mountain village is very powerful, and it is several times stronger than the blood rock sect. The wind and snow son, as the Shaozhuang owner of the Fengxue Mountain Villa, repays the rewards of the savior, certainly a lot.

In fact, Ye Xuan is interested in the snow, but his attack power is already strong, and for some reason, he did not kill the snow.

After all, there are not many people who go out.

This snowy son saw Ye Xuan did not shoot him, but chose to believe in Ye Xuan, after all, Ye Xuan Fang can kill him, and then grab the snow and snow.

Chapter 968: Real killer

If Ye Xuan does something to kill and win the treasure, I am afraid that the body of Feng Xuegong is already in the ring of Ye Xuan.

Next, Ye Xuan is the snow-stained son who escorted poisoning and left Wanzhong Snow Mountain.

"Ye brother, are you in a blood rock, do you have relatives?"

When the two left Wanzhong Snow Mountain, Feng Xuegong also suddenly asked, at this time, he has recovered a little mobility.

"There is one."

Ye Xuan nodded, and his family was falling.

"With your qualifications, in the blood rock sect is too wronged, after this time, you take him to my Fengxue Villa?" Feng Xuegong turned to look at Ye Xuan.

Upon hearing this, Ye Xuan's body trembled. Is this the corner of the \*\*\*\* rock?

However, the reason why he saved the snowy man is this.

The blood rock sect, the black smoke is suffocating, so he feels that he can't stay any longer.

Fengxue Mountain Villa is highly praised and is much stronger than Xueyanzong. It is a good removal.

Ye Xuan waited for him to recruit him. Otherwise, why should he stay in the snow?

Although he still has the eye to control, but the wind and snow son is a strong and hard-powered strong, although the body is in a weak state after poisoning, but in spirit, it is not Ye Xuan can control.

Ye Xuan paused and pretended to be thinking. After a long while, he said: "If this is the case, then I will \*\*\*\* you back and bring my sister."

"So great!"

The snow-stained son's eyes lit up, and he did not expect him to recruit a genius so easily.

A super genius who is difficult to master in the five-figure body, although it is a sneak attack method, even if it is a master of the eight-sexual physical difficulty, I am afraid that it is not so easy to kill a nine-figure body.

Ye Xuan's quality in all aspects is good, and there is a comparison with the brother of Feng Xuegong, so the wind and snow son only recruited.

It should be known that the entry requirement of Fengxue Mountain Villa is that it is difficult to be six-sexual, which is equivalent to the inner door of Xueyanzong.

However, just as Ye Xuan had just left Wanzhong Snow Mountain with the snow-capped son, just one person swept over the entrance of Wanxue Snow Mountain.

Ye Xuan stopped and turned to look at it and found that he was wearing a costume of the \*\*\*\* sect of the inner disciple and flew toward him.

His eyes glimpsed and he guessed.

The person of Fangcai Lie Volcano is only passing by accident, and now this person is estimated to solve him.

"Ye brother, come to you?"

Asked the snowy man.

"No, come kill me."

Ye Xuan shook his head.

Hearing this, the wind and snow boy trembled.

At the time when Ye Xuan's voice fell, the inner disciple had already looted in front of Ye Xuan. At the same time, Ye Xuan had already known his realm.

Nine heavy meat is difficult!

Ye Xuan looked at the young man, his mouth slightly tilted, said: "Guo Chao brother, right?"

Guo Chao is the brother of Guo Liang's half-brother, the son of Elder Yang Zhen.

The young man in the costume of the blood rock sect inside the disciples, and Guo Liang, is a bit like, so Ye Xuan is so speculative.

"You are smart!"

The young man showed a sinister smile, and he glanced at the snow-stained son next to Ye Xuan, revealing a strange look.

What makes him strange is that Ye Xuan actually knows a master of nine-sexual physical difficulties, which is beyond his expectations.

However, he did not know the snow-capped son, only knowing that the pale-faced snow-capped son was very weak at this time, and it seemed to have been seriously injured, so he did not look at it.

"Guo Chao brother, are you coming to revenge for Guo Liang's brother?" Ye Xuan asked.

"Yes, I heard that the waste brother was violently beaten by you before the internal examination. Although I don't want to shoot, she is my brother after all. You hit him and hit my face." Guo Chao Said faintly.

Hearing this, Ye Xuan also silently took out the earthquake sword. "In this case, why did Guo Chao's brother still not do it?"

"Yes, what am I talking to you?"

Guo Chao was reminded by Ye Xuan that he also sacrificed weapons.

In order to prevent things from being exposed, he also listed the Snow Man next to Ye Xuan on the list of murderers. This time, he has to earn more.

However, it is not the time for him to come.

Ye Xuan's realm has just broken through, and even the masters of Lie Volcano's dynasty have died in his hands. What is Guo Chao's alone?

"Kid, let's die!"

Guo Chao did not say anything and killed him directly.

He knows that Ye Xuan is very strong, but he is a hard-working man, and he has crossed a shackle. It is a hard-working strong man. Can't he even be able to deal with Ye Xuan?

However, he is wrong!

"It's over twelve o'clock, it's better to come early."

Ye Xuan is full of light.

The next moment, the Zhentian sword is divided into hundreds of swords.

"The sword is returned to the sect!"

Hundreds of Zhentian swords were swept past Guo Chao.

"what?"

Guo Chao's body shape trembled, the first reaction was that Ye Xuan used illusion for him, but it doesn't matter whether it is illusion or not.

In the blink of an eye, he was surrounded by the earthquake sword.

"Oh!" "Oh!" "Oh!"

A series of crisp sounds spread, Guo Chao, the nine-heavy blood-stained genius, was instantly turned into a corpse by Wan Jian.

"噗通!"

A piece of flesh and blood fell to the ground, and the sky seemed to have a \*\*\*\* rain.

The Snow Maiden looked at this scene and was shocked.

Only then did he think that hundreds of swords and shadows were illusions, but they did not expect that it was true. The swords and shadows that were separated from the weapons could be turned into reality. What is this means?

If he is the peak, he can escape, but now he is only a hundred legs long, but also runs away from the sword.

At this time, what I thought in the mind of Feng Xuegong was that the other party's own recruiting was full of praise. It was too powerful to see people, and even recruited such a powerful genius to Fengxue Mountain Villa.

After Guo Chao's death, Ye Xuan walked over and set off his shackles.

Unfortunately, as in the case of the five people in the volcanic volcano, there is not much in the ring.

"Ye brothers, your strength, really is..."

Feng Xuegong has no idea what words to use to describe Ye Xuan, even if it is only a nine-figure physical difficulty, I am afraid I can not beat Ye Xuan.

Ye Xuan just smiled and then immediately grabbed the snow and the son continued to hurry.

If he has a hollow position in Fengxue Mountain Villa, he can directly break the void and send the Snow Man back.

However, he has not been to the Snow Mountain Resort, so he can only walk.

Before the wind and snow son was poisoned, but after more than a day of healing, it also returned to the real situation.

"The rest of the road, I can go, Ye Xuan, you first go back to the blood rock, let me go to Fengxue Mountain Villa, and immediately let people go to the blood rock sect." Feng Xuezi said to Ye Xuan.

Chapter 969: caught

Ye Xuan also understands that this snowy man is not wanting to bear the nickname of a traitor, so he wants to assemble masters and directly go to the blood rock dignitaries.

The blood rock sect is still unable to do it, but not to mention two people.

Ye Xuan does not matter, now I can return to the blood Yanzong to take the fall, but since the Snow Maiden himself proposed this, he can only agree. In fact, he really wants to see a scene, that is, the scenes of the high-rise shock of the blood rock.

If you let the blood sects know that he has already grasped the sword, and that it is easy to kill the tofu, the expression is very exciting.

"Okay, thank you very much."

Ye Xuan thanked.

Then, he parted ways with the Snow Man, and then directly broke the void and returned to the Blood Rock.

Just in the moment, he has already passed through the falling ditch, and the fall also supports going to the snow-capped mountains. The Fengxue Mountain Villa to Xueyanzong is about two or three days away, so in these two or three days, Ye Xuan stayed here and waited quietly.

However, before this, he still had to inform Dong Xing, after all, he was also a registered disciple of Dong Xing.

"Well? Ye Xuan, are you coming back so soon?"

After Dong Xing saw Ye Xuan, he was very surprised.

It is reasonable to say that Ye Xuan should go out to do the internal door assessment task, how can it appear in the blood rock?

"Master, I don't go inside."

Ye Xuan answered.

"Noisy!"

After listening to Dong Xing, he immediately slammed: "On that day, you defeated Guo Liang, and the elder Yang Zhen did not count on you to accept you as a disciple. You refused. Now you can tell me that you can't enter the inner door. How is this? What happened?"

"The blood rock sect is a bit smoky, and I met the snow-snow boy outside yesterday, and the snow-capped son recruited me to go to Fengxue Mountain Villa." Ye Xuan replied.

The smoke is suffocating, but Dong Xing also feels it.

But he heard Ye Xuan's second half of the sentence, and immediately sat down and said: "Wait, who are you talking about? Feng Xuegong?"

"Yes, Master, I happened to meet the poisonous wind and snow, and saved his life, so I want to take my sister to Fengxue Mountain Villa. Master, or you go together." Ye Xuan nodded.

"Save the snow man?" Dong Xing swallowed, can't believe it.

Fengxue Mountain Villa is not a blood rock sect that can compete. If Ye Xuan went to Fengxue Mountain Villa, it is definitely much better than Xueyanzong.

"Feng Xue Shan Zhuang is well-behaved, but there is hatred in the volcanic volcano, you have to know this." Dong Xing said: "As for the master, even the master's relatives are in the blood rock sect, and lived in the blood rock sect for so many years, Not suitable."

Since Dong Xing refused, Ye Xuan will not say more.

Dong Xingnian has passed 70. Since he was a child, he grew up in Xueyanzong. With his own strength, he climbed to the position of the elders of the outer door, and it was not easy.

Now let him change the ground, naturally it is not suitable.

Then, Ye Xuan went back to his place of residence. His residence was rebuilt. Now he waits for the people at Fengxue Mountain Villa to come.

Soon, it was three days in the past. In these three days, Ye Xuan was quietly waiting.

He estimated that the people at Fengxue Mountain Villa will soon arrive.

However, it was in the afternoon of the third day.

"Hey."

Suddenly there were quite a few people who forcibly surrounded Ye Xuan's yard.

"Ok?"

Ye Xuan opened the door in a strange way and walked over.

"Xunzi, dare to kill the same door, leave him!"

A violent drink spread, Ye Xuan stared at it and found that it was the middle and old age of the day, and there was also a team of law enforcement disciples inside the door.

Not waiting for Ye Xuan to open, there are several law enforcement disciples who come forward and are ready to kneel down.

Ye Xuan naturally won't be so easily caught by the other side, and quickly flashes back.

"What?" Ye Xuan angered.

"What are you not sure about? Do you murder your brothers and brothers, don't you plead guilty?"

Murdering the same brother?

Ye Xuan's flash of light, in addition to killing Guo Chao and Zhao Yi, did not kill other blood Yanzong disciples.

It's hard to say that Guo Chao's body was discovered?

"Dare to ask the elders, who did I kill?" Ye Xuan asked.

"Zhao Yi, Wang Pang and others who had disappeared a few days ago, the bodies have been found, and by their bodies, they have also dropped a token of your identity!"

The old and the old lost a token and was engraved with the information of Ye Xuan.

Ye Xuan glanced at him. He also found his own token in the swallowing system. He immediately took it out and said, "My identity token is here."

"Hugh to be arguing, you entrusted the disciples to create a few new identity tokens, and I went to the law enforcement hall with me, waiting for the interrogation!"

The Law Enforcement Hall, in the blood rock sect, is a place where people are frightened. The inner disciples made mistakes. If they were taken to the law enforcement hall, they would fade to the skin if they were not dead.

However, Ye Xuan is not an inside disciple.

"Elders, I am not an inside disciple." Ye Xuan reminded me that although he had killed the snow beech, he did not complete the task.

After Yang Zhen learned of his return, he thought that Guo Chao did not find him, so he colluded with the old and old, and framed him.

"Oh, as long as you are a disciple of this door, then I will be qualified to dispose of you. If you dare to resist again, I will kill you on the spot." The older middle-aged man wants to shoot.

At the same time, Fang Caixuan let go and ask Guo Liang, and it has already received a reply.

"Young master, Guo Liang said that the master sent someone to frame you, the body actually did not find ..." Falling quickly passed the voice.

On the same day, the bloodstone giant's mine was blocked because of the incident. Zhao Yi, who was killed by Ye Xuan, was buried in the blood rock cave. The body may have been boiled into meat sauce. .

"Well, then you let Guo Liang go to the inner door of the law enforcement hall, and give me testimony at that time!"

Ye Xuan replied across the air.

It seems that this robbery is inevitable. Fortunately, he has controlled Guo Liang, and when he comes out directly, he will be surprised by others.

It must be very interesting for my own son to identify the mother to frame it.

"Okay, let me go with you!"

Ye Xuan nodded.

"It is a matter of understanding." The old man is cold and cold. If Ye Xuan dares to resist, he will really kill Ye Xuan on the spot, which saves a lot of things.

Subsequently, Ye Xuan was surrounded by this group of people and sent to the law enforcement hall, and the followers had more than a hundred people.

"This kid is miserable, and even dare to kill his brother. I am afraid that it will be executed directly."

"On that day, I saw that he was violent, Guo Liang's brother, the strength is not bad. I didn't expect that it would be such a sultry person to ruin the same brother. If such a person lives with us, chances are that they will poison us."

"I heard that Elder Yang Zhen is also a law enforcement elder in the internal law enforcement hall. This kid is dead."

"Go, look!"

Chapter 970: Is this the witness?

Soon, Ye Xuan was taken to the law enforcement hall of the inner door.

In the Law Enforcement Hall, there are a total of 300 law enforcement disciples and three law enforcement elders.

The small mistake made by the blood rock sect is decided by the law enforcement disciples. If it is a big mistake, three law enforcement elders are required to preside.

When Ye Xuan entered the law enforcement hall, he found that there were already many people sitting there, law enforcement disciples, and two other law enforcement elders, one of them, Yang Zhen.

After seeing Ye Xuan, this Yang Zhen's dawn was also a flash, showing a fierce look.

She couldn't understand that Guo Chao, who had a hard time in the body, had lost his hand and has not returned yet.

Therefore, she can only do it by herself.

Of course, if she let her know that Guo Chao has been separated by Ye Xuan, I am afraid she will shoot on the spot and kill Ye Xuan.

"It's really a big bang..."

Ye Xuan walked calmly into his face.

"Your Majesty!"

Yang Zhen yelled.

Unexpectedly, it was ignored by Ye Xuan. Ye Xuan gave her a look and said straight away: "Yang Elder, there must be evidence in everything, an identity token can not represent anything, if the body is falling next to Yang Elder The elders' order, does it mean that Yang's elders killed them?"

"presumptuous!"

His voice has not yet fallen, and the old man who came in behind him was angry.

"Don't I say that?"

Ye Xuan's mouth tilted slightly and continued: "In addition, I want to see people, die to see the body, dare to ask the body of Zhao and others, where?"

"The body has been buried, can't you suspect that I will collude to frame you?" The old man walked down to Yang Zhen and sat down.

The three law enforcement elders have all been in place.

There are dozens of law enforcement disciples on each side of Ye Xuan. However, these law enforcement disciples only play soy sauce. If the law enforcement elders speak, they dare not have any objections.

"There is this possibility."

Ye Xuan went straight to the branch and said: "First, there is no body. Second, there is no person's card. Third, a single identity token can't explain anything. After all, it can be forged. If it is based on the identity token alone, it can be used. If you decide on a physical evidence, it is too easy to plant a blame. The three elders, just like this, can you convict me?"

The disciples of the outside of the law enforcement hall silently nod after listening to them. They are not stupid. This is indeed too much doubt.

Not only that, but even the law enforcement disciples around are the same. These law enforcement disciples are the worst in the seven-sexual body. The strong ones have reached the eight-sexual physical difficulty or the nine-sexual physical difficulty. Those who can cultivate this kind of realm are definitely not fools. .

In the middle of the old and old, it was also a cold cry. He directly ignored Ye Xuan's two doubts. He said: "Who said that there is no person certificate, and that it is connected to others."

Liancheng was the head of the ten disciples of the day. At that time, Ye Xuan wanted to kill him, but it was blocked by a foot that was suddenly dropped out of the air, and he was allowed to run away.

Although the blood rock mine collapsed, causing many casualties, the company and the other two escaped.

The three of them are the witnesses!

"Oh?"

Ye Xuan was a little surprised. On the same day, he first came back to report Dong Xing, but he did not even receive any punishment and the matter was covered.

Not only that, Zhao Yi shot at the outside door, violated the rules of the door, and was solved by Guo Liang.

Therefore, Ye Xuan said that this blood rock is so smoldering that it can't go on.

Soon, there are three familiar figures that are reflected in Ye Xuan's eyes. It's the six-pronged body and the two other five-faced disciple.

However, at the moment when Ye Xuan saw them, there were three system prompts to sound.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

The three were instantly controlled by Ye Xuan, and they were in full view.

But this is not a big deal. After all, Guo Liang was controlled by Ye Xuan in front of thousands of people. Hasn't it been discovered?

"Liancheng, you bring things together and let everyone listen." The middle-aged old man said to Liancheng.

Unexpectedly, Lian Cheng and the other two looked at each other and said: "Elder, what?"

This answer, but asked the middle-aged old man, he hurriedly said: "Don't you see Ye Xuan murdering Zhao Yi, Wang Pang, etc.?"

"No, Zhao Yi, Wang Pang, they were crushed to death in the blood rock mine hole because of the appearance of the blood rock giant. Only three of us escaped, and we did not see Ye Shidi on the same day." Said.

When the words came out, the people present were paralyzed.

Didn't see it?

"What did you say? You didn't say that yesterday." Yang Zhen suddenly stood up and yelled: "You can rest assured that we are three people. He dare not treat you. You just have to say things." "

"Yang elder, you asked me yesterday, I want to kill Zhao Yi, Wang Pang and other younger brothers, and planted a blame for Ye Shidi. Just now we feel that we can't do this, so we lost our way, and Ye Shidi is innocent!" Cheng Baoquan said.

"Hey!"

With the sound of this sentence, all the law enforcement disciples around and the others outside were shocked.

Of course, the most shocking thing is Yang Zhen, the three law enforcement elders.

"What happened? Elder Yang Zhen wants to plant a blame for Ye Xuan? Is this revenge?"

"A few days ago, Elder Yang Zhen wanted to accept Ye Xuan as a disciple. I thought she was well-informed. It turned out to be like this..."

"This is the first time I was bought, and now I am suddenly turning my back. It feels a bit wrong."

The disciples have discussed it.

This is a three-person card, and it is called by the elders of law enforcement. Now, even suddenly, Yang Zhen wants to plant a blame for Ye Xuan. This script is not right.

"Well, you have combined to plant and blame me, you are looking for death!"

Yang Zhen was a little angry, but at this time, a black elder on her side said: "Yang elders, there must be some embarrassment at this time, there must be someone who wants to harm you."

An elder is planted and blamed on a foreign disciple. This is not a common occurrence, so it cannot be decided by one or two sentences.

However, these three law enforcement elders are also aware of Ye Xuan's means. It is no wonder that they come in and come in. They originally had cards.

But they don't understand, when did Liancheng collude with Ye Xuan?

"Since this matter has nothing to do with the disciple, the disciple will leave first." After Ye Xuan finished, he turned and left.

"stop!"

Yang Zhen Li said, she did not believe that this matter will have nothing to do with Ye Xuan.

"Is there something for Yang Elder?" Ye Xuan turned to look at Yang Zhen.

"Hey, I think it has something to do with you. You have to stay and investigate." Yang Zhen yelled.

But at this time, suddenly a figure plunged into the law enforcement hall.

This person is the young son of Yang Zhen, Guo Liang.
