Chapter 971: Manslaughter

"What are you doing?"

Yang Zhen frowned.

"Master, forget it, Ye Shidi just beat me, and you said that on the same day, my failure is that my skills are not as good as people. Why do you carefully design and frame Ye Shidi?"

Guo Liang's words made the people present amazed.

Now, even her own pro-disciples have identified her as a blame for Ye Xuan. What else can Yang Zhen say?

"What are you talking about?"

Yang Zhen suddenly became furious. She couldn't understand why Guo Liang suddenly said such a thing. Don't you know that the consequences of this are very serious?

"Master, don't be obsessed with it any more, and kill the disciple as an elder. This is not a trivial matter.

Guo Liang's words fell into the ears of all people. Many people have believed him. After all, a disciple will not be stupid enough to plant the elders.

Before Yang Zhen witnessed Ye Xuan violently Guo Liang, her face could not go, so he wanted to solve Ye Xuan, this is the motive.

"Yang elder, this..."

The black elders looked at Yang Zhen, and they all planned it, convicted Ye Xuan, and then died.

But now, the black pot was actually taken to Yang Zhen here.

Yang Zhen did not slow down. She looked at Guo Liang, who was her pro-son, who even made a sale of her, which made her unable to figure out.

"Charm, it must be like this, Guo Liang, they are charmed!"

At this time, Yang Zhen suddenly remembered one thing.

Falling down is a genre of fox, born with the ability to charm, so she guessed that Guo Liang, Lian Cheng and others were all left to charm.

However, the fall has just broken through to the double flesh is difficult, how can it be fascinating Guo Liang who is seven-sexually difficult?

Moreover, if Guo Liang is enchanted, she will find out directly in her realm.

Since it is not falling, then it is Ye Xuan!

"Well, you have a lot of things, dare to control my disciples, find death!" Yang Zhen suddenly violently, and slammed a punch at Ye Xuan.

This punch is as strong as a bamboo shooter, enough to kill a strong man with a hard body.

"Master, don't!"

Guo Liang suddenly stopped in front of Ye Xuan.

"Hey!"

The voice has not yet fallen, Guo Liang is a middle fist, the heart is broken instantly, and Ye Xuan is also hit by Guo Liang's body and flies outside the law enforcement hall.

The incident was sudden, but the people around him knew that it was Guo Liang who blocked it, instead of Ye Xuan arresting Guo Liang as a shield.

Guo Liang and Ye Xuan, who flew out, fell to the ground. The former had a breath, and the latter spurted a blood and quickly climbed from the ground.

"Yang elder, you are so poisonous, you actually kill me!"

Ye Xuan screamed in front of so many faces.

Yang Zhen did not think that Guo Liang would suddenly stop attacking Ye Xuan. Now, she actually killed her son, and immediately went to Ye Xuan.

"I'm going to kill you!"

Yang Zhen is already violent.

"not good!"

The old and the old elders looked at each other and hurried forward to intercept her.

This situation must be controlled. If Yang Zhen kills Ye Xuan, then the face of Xue Yanzong will be lost. Who will join Xueyanzong at that time?

Disciple, but the future of Xueyanzong.

If this matter is circulated, the **** sects will become less and less disciples in the future, and will only gradually decline.

Fortunately, the middle-aged and old-fashioned elders are still a bit of a brain, and they immediately put Yang Zhen in their hands.

"You two, get out!" Yang Zhen violently drunk.

"Yang elder, can't be wrong again!"

The old man shouted.

The three incompetent strong players played against each other. The law enforcement disciples in the law enforcement hall immediately retreated, but the helplessness was that Yang Zhen had lost his reason at this time, and the attack was not merciless. Even several law enforcement disciples were affected and ruined. life.

"Hey, many lines of injustice will be self-sufficient!"

Ye Xuan said coldly, and immediately turned around and left.

The disciples around have long been hiding far away. They can understand the behavior of Ye Xuan's running. After all, Ye Xuan has become a murderer of Yang Zhen.

Do not run, in case the two law enforcement elders did not stop Yang Zhen, is it not dead?

Originally, Ye Xuan was preparing to wait for the people of Fengxue Mountain Villa to go to the door, but now it seems that he must leave with the fall.

"Let's fall, let's go!"

Ye Xuan rushed to the sound of the fall.

At the moment, Ye Xuan is plundering toward the falling residence. As long as he is connected, he will break open the void and leave the blood rock.

"Young master, what happened?"

As he fell, he leaned toward Ye Xuan and said.

"Yang Zhen killed Guo Liang, and now he is going to kill me..."

Ye Xuan explained it again, then he just saw the fall, and then quickly hid the fall into the pet space.

At this moment, suddenly a figure quickly swept toward him.

"What, the two law enforcement elders did not stop her?"

Ye Xuan turned his head and found that Yang Zhen was shocked.

This Yang Zhen's strength, he also heard some.

Yang Zhen is only one of the most difficult things. It is the lowest level in the real gas, but I don't know why, other elders are more afraid of her, even the elders who are really distressed.

Just as he was about to break open the void, a tone suddenly sounded: "Hey, the host triggers a random mission, killing Yang Zhen, rewarding the beast god's bloodline advanced route for an advanced opportunity!"

Random tasks, even appeared at this time, this is what Ye Xuan did not think of.

He is now only six-sexually difficult. If you want to kill Yang Zhen, I am afraid it is not so easy.

However, as long as Yang Zhen is killed, he can once again improve the agile advancement of the blood of the beast.

"People are doing it, God is watching, since you want to kill me, then I will smash you first!"

Ye Xuan snarled in his heart, this time he was murderous, although Yang Zhen is a fallen master, but what about it?

"Cold weather!"

"The Eye of Silence!"

At the moment, Ye Xuan is going back and attacking. If he wants to defeat this Yang Zhen, he must find an empty place.

Just right, the performance of the military field is very suitable.

"Miscellaneous things, you give me to die!"

Yang Zhen has been blinded by hatred. If it is not Ye Xuan, how can she kill her son personally?

"Hey!" "Hey!"

Two muffled sounds spread, and Ye Xuan's two attacks were easily defeated by Yang Zhen.

Although she is only a real hardship, but she is five times higher than Ye Xuan, her attack is not something that Ye Xuan can now resist.

"Hey!" "Hey!"

Two swordsmen swept away, and Ye Xuan hurriedly avoided it.

"There is a big gap, even the sword can not make up, but fortunately she did not understand the sword, or I will be in trouble."

Ye Xuan's heart trembled and said secretly.

Chapter 972: Wars Yang Zhen

The sword is relying on talent, and of course, a large part is by luck. Yang Zhen has already broken through to the real gas, and the swords that have entered the micro level have not been understood, so the strength is not very strong.

This next leaves Xuan understand, the two law enforcement elders deliberately let the water, let Yang Zhen leave and chase him.

Yang Zhen, what is it?

At this time, Ye Xuan has already stepped into the training field. In order to complete this random task, he will also light the card this time.

"Divided, Megatron!"

When he flashed to the biggest platform in the training field, it was split into two, and Megatron suddenly vacated.

It is a pity that the current repairs are too much, so I can't help.

"This old lady, who wants to kill the young master, is really not a good thing. Master, you will not wait for your mercy."

The sound of the fall sounded in Ye Xuan's mind.

Ye Xuan's heart screamed, and even if he didn't say it, he wouldn't have any reservations.

"The **** is because you are bright before you die. Now, I will take revenge for Liang!"

Yang Zhen screamed and shot again.

A really hard-powered strong man, the top ten people are hard to get naked, but Ye Xuan is not easy to provoke, directly launching an attack.

"Cold weather!"

"The Eye of the Illusion!"

"The Eye of Burning!"

"The Eye of Silence!"

Ye Xuan's deity and avatar are also layered.

Not only that, but he also used a card that has not been used for a long time.

In the meantime, the body in the swallowing space suddenly disappeared, and his power instantly rose by 60%.

Beastmaster is violent!

The body consumed by the Beastmaster violent will increase with the number of uses and the realm. At this time, Ye Xuan is a six-figure body, so he consumes a lot of corpses. Some of these corpses are hunted by himself. Most of them are from the volcanic volcano. The five people's ring.

In addition, the blood of the beast **** itself has four power advances, so Ye Xuan's body at this time is comparable to the seven-sexual body.

Although it can only pull some gaps, but Ye Xuan really only has one kill.

"dead!"

Yang Zhen, who had a variety of mental attacks in Ye Xuan, directly resisted the pain and made a sword against Ye Xuan.

At the same time, Zhentianjian has already scored a hundred swords.

Wan Jian returned to the sect!

The appearance of hundreds of Zhentian swords also caused Yang Zhen's heart to tremble. The eye of the illusion of Ye Xuan's ban was not useful to her, but after she saw these hundreds of earthquake swords, the first reaction was illusion.

But then, she knew that this was not an illusion, but a real attack.

There are hundreds of Zhentian swords, all of which contain swords. No one can resist the physical difficulty. However, Yang Zhen has broken through to the real gas. The true spirit has a qualitative leap. She relies on her body, forcing and hundreds. Pull the earthquake sword away.

Wan Jian Gui Zong is Ye Xuan's killing trick, can only be used once a day, refreshing the cooling time after 12 o'clock in the evening.

The last time, he used Guo Jian to solve Guo Chao, and this time, it was used to deal with Yang Zhen.

"This confusing thing, even comprehending the sword, and illusion, mental assault and jealousy, what is he coming to?"

Yang Zhen couldn't help but think of it.

Although she is very surprised, there is no time for her to think about it. This sword has brought her great troubles. She must bypass this group of earthquake swords and kill Ye Xuan.

However, this is not so easy.

"Cold weather!"

"The Eye of Silence!"

Ye Xuan saw that the eyes of the ban and the burning eyes did not have much effect on Yang Zhen, and immediately chose to give up.

In the end, material attacks are more effective.

Ye Xuan's deity and avatar continued to attack, and Megatron's own brothers who controlled it made Yang Zhen's troubles.

Yang Zhen entered the training field for four or five seconds, but in the four or five seconds, she could not get close to Ye Xuan, but was chased by Ye Xuan.

"Hey, see how long you can hold!"

Yang Zhen is no longer attacking, and she concentrates on avoiding it. However, with her incompetent and powerful person, she still can't help Ye Xuan, it is a shame.

Her current plan is to drag.

However, Ye Xuan wanted to kill her quickly.

"Can't drag any more, and then the master of the **** rock squad has arrived, and must be quick and quick!"

Ye Xuan's light flashed and he gave orders to Megatron in his heart.

"The sword is returned to the sect, the sword is!"

The next moment, the swords flying in the sky suddenly grew, and the sword was changed into a giant sword, and then Yang Zhen fell.

"Boom!" "Boom!" "Boom!"

A large sword fell from the sky.

"what?"

Yang Zhen was shocked and hurriedly avoided, but because of the sheer number of giant swords, she fell directly into the community of the great swords.

"Boom!" "Boom!" "Boom!"

A large sword from the sky, falling from all angles, some straight as a peak, and some slanted down.

In less than a second, Yang Zhen was confined to it. Her surroundings were all powerful swords, and the angle was smashed. The biggest hole was only the size of the washbasin. She was trapped and could not escape. .

However, Ye Xuan can attack Yang Zhen according to these holes.

"The Eye of Silence!"

"The eye of decomposition!"

Ye Xuan's deity and avatar attacked one left and one right.

From now until now, he has never used the eye of decomposition, and now the eyes of the silence as a cover for the decomposition of the eye, Yang Zhen will certainly be recruited.

"Hey!"

The eyes of the silence slammed into the giant sword of the earthquake. The powerful air wave, Yang Zhen, who was shocked inside, fluttered wildly, like a crazy woman.

Yang Zhen raised her hands and blocked them with a long sword in her hand, but the next moment, the broken rays were swept in.

"Zizi!"

"Zizi!"

Yang Zhen's Supreme Lingbao and his back are simultaneously recruited.

Under her nose, the Supreme Lingbao began to turn into a powder, which was blown away by the wind, and her back was also the same.

The severe pain, she burned and screamed.

I thought that she was a real and hard-working master, and she was actually made by Ye Xuan. The strength of the latter is enough for her to pay attention to.

However, at this time, she was retired by the Lingjian array, and there was no way to drill the ground. She was completely trapped in the sword array, just like a caged bird.

"Look, I don't kill you?"

Ye Xuan's light flashes, constantly changing the angle, constantly slamming those holes in the hands of the supreme spiritual treasure, as long as the opportunity is found, he will directly use the decomposition of the eye, as long as the shot to the head, then Yang Zhen will not be dead or disabled.

Wan Jian returned to the sect for more than ten seconds, and now only a few seconds have passed. For the rest of the time, Ye Xuan can kill her.

"Do you want to kill me?"

Yang Zhen, who was trapped in the spirit sword array, screamed.

Chapter 973: Blood Rock Sect

"It's been this time to say this stupid thing, killing you, I will be able to upgrade the agility to nine, and increase the speed of one percent!"

Ye Xuan was cold in his heart.

There are a total of eight holes in the spirit sword array. He and the avatar are constantly smashing, and Yang Zhen inside is tortured.

The shoulders, calves, and arms were all hit by the decomposed ray. In just a few seconds, Yang Zhen was blood and blood. If it wasn't for her death to protect the vitality, I am afraid it would have died.

Because the boundary difference is too large, the effect of decomposing the ray is not very satisfactory, and the only Lingbao is just broken down the sword.

However, Ye Xuan estimates that in the next three seconds, when the duration of Wan Jian's return to the sect, he will be able to kill Yang Zhen.

However, it is at this moment.

"Scorpion, stop!"

Suddenly, the sky suddenly slammed into Ye Xuan's ear, and his body was swept away, and he found a figure rushing toward him quickly.

This is a middle-aged person, but the clothing on this person is not the costume of the elders of the blood rock.

"metropolitan?"

Ye Xuan was shocked. The **** ancestor's breath was so strong that his breathing was somewhat suppressed, and his strength might be more than ten times that of Yang Zhen!

"Unbeatable!"

This is the first reaction of Ye Xuan.

Although a little unwilling, but Ye Xuan knows that if he stays again, he will be killed on the spot by the blood sect.

"go!"

Ye Xuan's light flashed and immediately broke the door of the void.

At this time, the **** patriarch of the distance suddenly emptied.

"Want to go, leave me!"

Blood Rock Zong screamed.

Ye Xuan's body trembled, and he felt that his deity and avatar could not move. What is the means?

He rushed to use the eye of insight to find that he had an energy palm on his body to hold him firmly.

"Hey, the dragon has been hand-written successfully, do you study?"

The system prompts.

The dragon martial arts, the signature martial arts of the blood ancestor, can be made by the air, very overbearing.

However, at the moment, Ye Xuan can not learn this thing.

Although the use of the Beastmaster violent, but the strength of 60% increase, can not let him break free from the shackles of this giant hand.

"Origin!"

Ye Xuan brows a pick, his face is gloomy, and hurriedly let Megatron come to help.

In a second, the blood rock lord was killed, and by then he would die.

"Xunzi, dare to hurt people in my blood rock, find death!"

The blood rock patriarch, still rushed, and Ye Xuan still can not get rid of the shackles of the dragon hand.

It seems that this time, he is going to be tragedy!

Megatron was summoned by Ye Xuan to prepare to untie the **** of his body, but there is still no way to break free, so Yang Zhen is also free.

"I will kill you!"

In a violent scream, Yang Zhen launched an attack against Ye Xuan, who had no power at hand.

"stop!"

The blood rock patriarchs flashed and hurriedly blocked the attack.

"What do you do, he killed your son!" Yang Zhen shouted out subconsciously.

This sentence is also to let Ye Xuan, who is present, tremble.

Guo Liang, the son of the **** patriarch?

Now, Ye Xuan finally understands why Yang Zhen can be rampant in the blood rock sect. It turned out to be the mistress of the blood ancestor. It is no wonder that the elders are afraid of her.

"It is not him who killed Guo Liang, it is you!"

The blood rock sects looked at Ye Xuan coldly.

Originally, he wanted to kill Ye Xuan on the spot. After seeing the horror of Yang Zhen, he suddenly changed his mind.

He will control the man's exercises. As long as Ye Xuan is controlled, then the blood rock sect will be carried forward under the hands of Ye Xuan.

You must know that Ye Xuan is only a six-pronged body, but he has put a hard-pressed Yang Zhen on the road.

Ask the whole blood rock, who can do it?

"I don't care, I want to kill him!"

No matter how much Yang Zhen, raising his hand is a blow, but it is still blocked by the blood Yanzong lord.

"Guo Hua, it's all because of him, Liang Liang is dead!" Yang Zhen said with a red eyes. Her whole body is blood, and there are countless wounds on her body, just like walking dead.

"I already know about things. If not you, how can Guo Liang die?"

Indeed, if it is not for Yang Zhen's face problem, if she wants to harm Ye Xuan, Guo Liang will not be used as a shield for Ye Xuan. Therefore, Guo Liang's death was caused by Yang Zhen and was also killed by Yang Zhen.

Listening to the conversation between the two men, Ye Xuan only felt that the plot had some dog blood.

Yang Zhen's husband, surnamed Guo, did not expect that the blood Yanzong lord also surnamed Guo, so Guo Liang could justify the name of the blood Yanzong lord, but there was no identity.

However, this matter is not at the top of Xueyanzong. No one knows that Guo Liang is the son of Yang Zhen and Xue Yanzong, so he let him do whatever he wants.

But for the moment, when I don't think about it, Ye Xuan is thinking about how to get rid of this dragon hand.

Unfortunately, his strength is too poor to do anything.

This time it was really planted. I am afraid that there will be life and worry in the two avatars, but he still has a hole in his hand.

"I knew that I would go straight with the sky. In this case, I am not in danger. Now, I can only see the name of Fengxue Mountain Villa. It is good to use it, but the blood ancestor may also ignore it. ..."

Ye Xuan is very helpless.

To blame, blame him for being too greedy, knowing the power of the hard-powered, and hard-working with the other side, and the result dragged on for so long.

Now, the blood rock patriarch is personally dispatched, and he can't fly.

Not only did the advancement fail, but it also took two lives.

"You first treat the injury, wait for me to control him, and then let you dispose of it!" said the blood sect of the patriarch, Yang Zhen.

The latter also understood his means, only to sink into a face, and then began to treat the injury.

Then, Ye Xuan felt a sting, a mental attack on the blood rock lord.

"Not good, I want to control me!"

Ye Xuan's face changed greatly.

He is not afraid of the martial arts of control, but he is afraid that the blood sect will not kill him after he knows that he cannot be controlled.

"How is it possible? My Demon Soul has no effect!" The blood rock lord could not believe it.

Ye Xuan has an eye for insight, but he can transcribe this dementor, but he has the eye of control, and does not need such martial arts. What's more, now he is being held, this is a moment of life, and there is time to manage other things.

It's a pity that Ye Xuan wanted to break his head and there was no solution, so he could only light the card.

"The Sovereign, maybe you still don't know, I am a good friend with the Snowy Mountain Villa?"

Ye Xuan is finally open.

As soon as this was said, the **** patriarchs, Yang Zhen, and the elders and disciples who had just arrived were all shocked.

Ye Xuan, is a good friend with Feng Xue?

Chapter 974: Arrived

"Hey, just rely on you, still want to know the wind and snow son?" Blood Yanzong lord apparently did not believe.

"Ha ha."

Ye Xuan opened his mouth and smiled. "Yang Elder, you sent Guo Chao to chase me, right?"

Upon hearing this question, Yang Zhen's heart trembled. She thought Guo Chao did not find Ye Xuan. However, if not encountered, how does Ye Xuan know about Guo Chao?

"At that time, the wind and snow son fell into the trap of the volcano master, the body was poisonous, and the realm fell to the nine-figure body. It happened that I was doing the assessment task in Wanxueshan, and saved the wind and snow son. The snow-song son repaid me. The helpless life invited me to visit Fengxue Mountain Villa. Then, on the way, I met Guo Chao..."

Ye Xuan began to talk about it. When it comes to this, he suddenly paused and turned to look at Yang Zhen. He said: "Guo Chao doesn't know the snow and the son, wants to kill both of us, but I was cut by me. Meat paste."

"what did you say?"

Yang Zhen heard this and immediately violently attacked, but the next moment was stopped by the middle-aged old man.

Guo Liang, she was killed by her own hands.

And she sent Guo Chao, who was sent to chase Ye Xuan, but she was cut into meat by Ye Xuan. Now her two sons are dead. How can this feud not be reported?

"You give me away!"

Yang Zhen once again violently violently walked away, but she was able to beat the elderly and was severely injured.

When the blood sects heard this, the brow could not help but consolidate into the Sichuan character. Guo Liang was also saddened by his death. After all, Guo Liang was his biological flesh, but for the blood rock, he had to leave Ye Xuan.

As for Guo Chao, it doesn't matter. Guo Chao is just a child of Yang Zhen and her husband.

If Ye Xuan said that it is true, then Ye Xuan is the savior of the snowy son, and the blood rock lord is really afraid to move Ye Xuan.

If Ye Xuan said that if it is false, then sin must die!

"How can you prove what you said?" asked the blood sect of the patriarch.

"There is no way, believe it or not, I guess the people of Fengxue Mountain Villa will soon arrive, and you will know when you arrive." Ye Xuan said coldly.

Upon hearing this, Yang Zhen immediately called: "Fully, Huo Hua, kill him!"

"To shut up!"

The blood rock patriarch screamed.

In the eyes of Fengxue Mountain Villa, Xueyanzong is a small force. If it is a comparison between Fengxue Mountain Villa and Xueyanzong, the strength of Fengxue Mountain Villa is at least ten times that of Xueyanzong.

As long as the snow-capped mountains play their fingers, they can kill the blood rock.

At this moment, Ye Xuan suddenly remembered one thing and immediately said: "Oh yes, the bodies of the five fierce volcano masters are in my ring, you can take it."

Upon hearing this, the black elder was immediately swept away and took Ye Xuan's ring.

Then, in the training martial arts field, there were five more horrible bodies. These five people were wearing the costumes of the volcanic volcano.

"Oh, this can only prove that you killed the people in the volcanic volcano, can not prove the other. Guo Hua, he dared to kill the master of the volcanic volcano, and quickly killed him, otherwise the blood rock sect will face the disaster!" Yang Zhen immediately The hurricane ignited, and now what she wants to do most is to make Ye Xuan a thousand knives.

The blood rock patriarch heard this and his face suddenly changed.

Ye Xuan actually killed the people of the Lie Volcano Village. If it was discovered by the Lie Volcano, then the blood rock sect would be miserable.

At the moment, he made the decision.

"Today's business is not allowed to be rumored, Qiu elders, speed to open the Hushan big array, block the mountain gate!"

The blood rock lord was ordered immediately.

Ye Xuan saw it, and his heart screamed badly. At this time, he knew that he was dead.

If you don't take out the bodies of the five people in the volcanic volcano, then he may be able to live more, but now, the blood patriarch may kill him immediately.

"Kid, it seems that you can't leave it!"

The **** patriarch of the Lord had a right hand, and Ye Xuan felt that the real gas giant on his body was tight.

"Hey!"

A crisp sound spread, Ye Xuan's bones were directly crushed, and if the blood Yanzong master tried harder, he would die.

Ye Xuan's heart is already ready for the fall, and it's a big deal. He's going back to the mountain and it's time to kill the blood rock.

However, it is at this time.

"Calling!"

The surrounding temperature suddenly dropped by ten degrees, and then it was a violent drink:

"Who dares to move him?"

This voice is very familiar to Ye Xuan, the wind and snow boy he saved that day.

After hearing it, he seemed to see hope, but he still screamed in his heart: "There is nothing to do with the potholes, finally come!"

Fengxue Mountain Villa is finally here!

The blood rock patriarch who was originally prepared to let Ye Xuan smashed his bones heard this, and his body trembled and looked at the coming.

There are only six people in the Snow Mountain Resort. In addition to the Snowy Mountain, there are five incompetent masters. Among them, there is a difference between the two people is not worse than the blood rock.

This is the strength of Fengxue Mountain Villa!

Almost none of the people present thought that Ye Xuan really did not know the wind and the wind and snow.

The blood rock patriarch was also fortunate in his heart, he was slow to shoot, if he accidentally killed Ye Xuan, then the blood rock sect would be miserable.

Immediately after the appearance of the snow-snowing son, the body was swept to Ye Xuan, and a snowflake was dragged behind him. It was very elegant.

Upon seeing it, the blood rock lord was also rushing to release Ye Xuan.

"Ye brother, are you okay?"

Asked the snowy man.

"Nothing, little injury."

Ye Xuan shook his head. Before the appearance of the snowy man, his bones were repaired by the blood of the **** of life. At this time, he was at the peak.

Then, the wind and snow son turned his head and looked at the blood rock patriarch, saying: "Guo Zongzhu's dragon hand, really worthy of the name, although it is only a ruin, but it is also very good."

Hearing this, Ye Xuan subconsciously swept the panel.

擒龙手,残篇!

Sure enough, it's just a ruin.

This martial arts Ye Xuan is very interested, can control the enemy from the air, very good.

I don't know, if it is the complete piece of dragon hand, how much power will be.

At this time.

“Hey, the dragon hand can be repaired, the repair needs martial storage, is it repaired?”

The system suddenly prompts.

"Wu Xue storage, is the martial arts that I copied to the phagocytic system before?"

Ye Xuan brows a pick, immediately responded: "Yes!"

Then, he began to choose those martial arts. Once these martial arts were used to repair, he could not learn any more.

However, these martial arts are only for him, so Ye Xuan directly pulls in all the martial arts.

"Hey, the dragon's hand is up to five percent complete!"

The system prompts again.

Ye Xuan was shocked. He consumed all the martial arts storage. He only repaired 5 percent. How advanced is this dragon hand?

But at this time, he didn't have time to count on these. Let's see how Xueyanzong can cope with this incident.

Chapter 975: go away

"Wind and snow son, Ye Xuan is my blood rock sect disciple, he maimed the same door, I have the right to kneel him!" Blood Yanzong lord said to the wind and snow.

"Mutilation of the same door?"

Feng Xuegong's brow picks up and said: "When Ye Xuan escorted me back to Fengxue Mountain Villa, I met a **** sect inside the disciple called Guo Chao, but even I wanted to kill."

"boom!"

This sentence, but the people around me swallowed, they did not expect, Ye Xuan Fang said that it is true.

"That Guo Chao, I am the son of Elder Yang Zhen, this matter has nothing to do with my faction." Blood Yanzong lord immediately draws a line.

When Yang Zhen heard it, he immediately called: "Guo Hua, how are you!"

Guo Liang, also the son of the blood Yanzong lord, but Guo Liang died, the blood rock patriarch is not sad at all, but left Ye Xuan.

However, this is also excusable. After all, the blood rock Zongzong must think for the blood rock sect.

Today, it is best to push the pot to Yang Zhen.

"What should you do with Guo Zongzhu?" Feng Xuegong smiled.

"Elder Yang Zhen abused his powers, planted and framed and harmed his disciples, deprived of elders, and abolished repairs!"

Under the command of the blood Yanzong lord, he immediately indicated to the middle-aged and old, and after the latter was instructed, he also slammed into the dantian of the elder Yang Zhen.

Dantian is the third important thing for human beings except the brain and heart. However, it is easier to blast the brain and the heart than to blast Dantian, so most people aim at the brain and heart.

"Hey!"

Yang Zhen did not react, and was instantly shattered by Dan Tian. Suddenly, it was infuriating and returned to heaven and earth.

"you....."

Yang Zhen spit blood, pointing to the blood Yanzong lord, she did not expect that the latter was so ruthless.

Seeing that Yang Zhenxiu was abandoned, Feng Xuegong was also satisfied with the nod, saying: "If this is the case, then I will not pursue it. Today I came to your party, I want Ye Xuan to join me at Fengshuang Mountain Villa, I don't know Guo Zongzhu... .."

"As long as he agrees, I have no opinion."

The blood Yanzong lord immediately said that at this time, he did not dare to have opinions. Didn't he see the Fengxue Mountain Villa with a master?

"it is good."

The snow man nodded and looked at Ye Xuan.

"Then I will leave the blood rock sect today and join the Fengxue Mountain Villa." Ye Xuan immediately said.

The blood rock sect was heard, but he was relieved.

Ye Xuan, who killed the Lie Volcano Village, has joined the Fengxue Mountain Villa. It is also a disaster. I hope that the people of Lie Volcano will not find it.

However, this is not insured. He feels it is necessary to limit the actions of the disciples and close the blood rock sect for a while.

"Then we will leave!" Feng Xuegong was holding a fist at the **** patriarch, and he left with Ye Xuan directly.

Thousands of disciples around, so enviously looked at Ye Xuanyuan.

That Yang Zhen is also suffering from severe pain, facing the back of Ye Xuan's heart: "I will not let you go!"

.....

Fengxue Mountain Villa, that is a level of power even stronger than the blood rock sect. In the eyes of outsiders, Ye Xuan knows the wind and snow, so the future is the glory.

In fact, even Ye Xuan did not think that he could actually get it today. This is really thrilling. If the snowy boy is so late, then he will be crushed.

"It's a pity that Yang Zhen can't kill it, and he can't control it..."

Ye Xuan is very helpless.

He is also secretly blaming himself. If he used that point of swallowing point and advanced blood, then he might be able to kill Yang Zhen.

Unfortunately, it is too late.

Although Yang Zhen's cultivation was abolished, her mental strength was still much stronger than Ye Xuan's, and Feng Xue's son did not specify that she was going to die, so Ye Xuan was not in danger.

The time limit for this random task is one day, but now it is estimated that it will not be completed, so Ye Xuan can only choose to give up.

Ye Xuan left with the snow man.

Now, Feng Xuegong is more and more satisfied with Ye Xuan. The realm of the six-sexual flesh is that he has seriously injured a strong and difficult person. If he is cultivated in the future, he will certainly be able to grow the Fengxue Mountain Villa.

After leaving the blood rock sect, Feng Xuegong suddenly thought of one thing and immediately asked: "Yes, Ye Xuan, don't you say that there is still a sister?"

"Oh, I asked him to wait in the small town at the foot of the mountain. I will pick her up first." After Ye Xuan finished, he quickly swept out.

Feng Xuezi and the other five people were waiting here. After a while, Ye Xuan brought the fall.

"Oh? Fox?" The snowy son is a little surprised, he thought it was Ye Xuan's sister.

After the fall, it was sweet and smiled: "I have seen my brother without a trace."

"okay."

The wind has no impression of the little girl in front of me.

Moreover, the fall seems to be young, and it has reached the realm of double physical difficulty, but it is similar to the children in Fengxue Mountain Villa.

Fengxue Mountain Villa is not a sect. The foreigners want to enter the Fengxue Mountain Villa, at least six realities of physical difficulty, but there is no age limit like Blood Rock.

Then, Ye Xuan and Luo Luo are following the snow and snow, going to Fengxue Mountain Villa.

However, this road is not so peaceful.

"Before we were on the way, some people were sneaky. I am afraid that they are the spies of the volcanic volcano. If we return the same way, I am afraid I will be ambushed."

The snow man reminded him.

The grievances of Fengxue Mountain Villa and Lie Volcano Village have long been known. Ye Xuan has long known that the two will not be able to play, and will have a chance when they have a chance.

"Then we are going around?" said with a big eyes.

"No, I have a wind and snow on my body. Even if there are many people in the volcanic volcano, it will not help."

The wind is very confident and said that if the other party really comes, it is worthwhile to exchange a fiery fire for a large number of masters of the volcano.

Since Ye Xuan has already promised to join the Fengxue Mountain Villa, he will fight for the Fengxue Mountain Villa. As long as the Lie Volcano is dare to come, he will naturally also shoot.

However, in addition to him and the fall are really hard, and he used the sword to return to the ancestors, this time I am afraid that can not be inserted.

There is no trace of the wind, and there is no fear of anyone, so I will return according to the original road.

Along the way, there are quite a few people who meet with them. They should all be spies of Lie Volcano. The people of Fengxue Mountain Villa are never murdering people to win treasures, so they directly chose to ignore them.

What everyone did not think was that this time the Lie Volcano did not start, they even returned to the snow-capped mountains safely.

Fengxue Mountain Villa is built on a snowy mountain. The temperature of this snowy mountain is extremely low. When people are boarding, the speed of infuriating will be greatly reduced. However, people from Fengxue Mountain Villa lived in this place from an early age, and they also cultivated snow and ice. So the climate will not be effective for them.

Chapter 976: Fengxue Mountain Villa

"Ye Xuan, fall, you will go see my father with me."

After returning to the snow-capped mountains, the wind is also traced to Ye Xuan and Luo.

"it is good!"

Ye Xuan nodded.

The father without the wind is the owner of the Fengxue Mountain Villa. Now the wind has no traces with Ye Xuan. He wants his father to arrange for Ye Xuan.

Along the way, Ye Xuan attracted many people's attention, most of them are those girls.

The wind and the snow are graceful and noble, but the goddess in their hearts, the girl who wants to marry the snowy man in Fengxue Mountain Villa does not know much.

Of course, some people are interested in Ye Xuan and the fall. Those who can be led by Feng Xuegong are inevitably somewhat capable.

Soon, the wind is traced to Ye Xuan to a house in the peak of the snow and ice.

"father!"

The wind shouted reverently outside the door.

"come in."

There was a man's voice inside.

At this time, Ye Xuan already feels that there are two people inside, and his strength is probably far beyond the blood Yanzong.

The wind did not smell and went with Ye Xuan.

The two of them, one is a middle-aged man, and the other is an old woman with gray hair, all wearing white clothes.

"I have seen Grandma without a trace, my father..." The wind hurriedly saluted.

Ye Xuan and Fallen were shocked and hurriedly saluted.

Unexpectedly, this white-haired old woman turned out to be a grandmother without wind. I heard that this old woman is the first strongest person in Fengxue Mountain Villa, Xuehong.

It is rumored that Fengxue Mountain Villa was established by the grandfather of snow red and windless, named after the surnames of the two.

However, the grandfather who has no trace of the wind has fallen.

"No trace, this little brother is Ye Xuan who saved your life?" The wind-free father Feng Wen Yao, his eyes fell on Ye Xuan's body.

"Yes." The wind nodded without a trace, and immediately said the same thing in the blood rock sect.

After Feng Wen Yao and the old woman listened, they were shocked.

Six heavy bodies are difficult to make a serious injury to the **** elders?

"Well, the Ye Xiao brothers are really worthy of their qualifications. In the future, Ye Xiao brothers will live in the first snow and snow." Feng Wen Yao said directly.

In the past few days in the snow-capped mountains, the wind has not been traced to Ye Xuan about some snow-capped mountains.

Fengxue Mountain Villa is divided into six large and small villages, and the importance is arranged in order, and the first village is naturally the most important one in Fengxue Mountain Villa. This is enough to show that Feng Wen Yao attaches importance to Ye Xuan.

"Xie Zhuangzhu!" Ye Xuan said quickly.

At this time, Xuehong suddenly said: "This little girl is..."

"Yes's sister fell." The wind replied without a trace.

The old woman squinted and said with a smile: "Let's fall, come, go to Grandma."

When I heard this, I stumbled, and then I stepped up and whispered, "I have seen my grandmother."

"Well, it looks really fine." Xuehong was very satisfied with the fall. After glance at Feng Wen Yao, he also said: "You will live in the first village in the future."

"Thank you Grandma." Falling sweet smile.

Xuehong is the founder of Fengxue Mountain Villa, but he has only three sons under his arm, and these three sons are still grandchildren, not a granddaughter, so she likes the little girl so much that she enters the snow-capped mountains. Women are no worse than men.

It is precisely because of this that there are many female strongmen in Fengxue Mountain Village, and some have joined the Wanhua Valley which is more powerful than Fengxue Mountain Villa.

"Come, these things are for you."

At this time, Xuehong suddenly changed out of a jade bottle from the Qiankun Ring, and handed it to the land. He said: "This is the Snowflake refining of my Fengxue Mountain Villa. I will finish the refining of the Snowflake in this bottle. At the time, you should be able to break through to the nine-sexual body."

Hearing this, the eyes of Ye Luo and Ye Xuan are all bright.

A bottle of medicinal herbs will make it possible for the fall to break through to the nine-figure body, and the Fengxue Villa is really big.

"Thank you Grandma."

Thanks for the rush, she has been depressed for a while and she was opened by Ye Xuan.

Now, I can finally catch up.

"In addition, Ye Xuan, I heard no trace that you need Yaojin Mine, I have just half a piece here, you take it." Snow red finished, and throwing a golden ore to Ye Xuan.

This half of the gold mine, but more precious than the bottle of snow in the hands of the falling snow.

At the same time, this is also a necessity for Ye Xuan to open a brilliant eye.

The eyes of the gods and the blood of the gods, want to open a heavenly eye, you need essentials. Of course, there is not only one necessity for these eyes, just as the eye of insight can be opened in several ways.

In short, Yaojin Mine can turn on the brilliant bloodline.

Ye Xuan hurriedly thanked him, which is one of the reasons why he joined Fengxue Mountain Villa.

If he had already opened up a brilliant blood in the blood rock, he would have been killed by Yang Zhen.

"Well, you should first adapt to the new environment." Snow red said to Ye Xuan and Luo.

"Yes!"

Then, the wind is no trace, leaving Ye Xuan and falling.

This time, Fengxue Mountain Villa is making a big profit.

"There is no trace of this kid's eyes, not to mention that the kid is amazing, even the little girl is not simple..."

After Ye Xuan and the fall, Snow Red is faint.

"Mother, what is special about the little girl?"

Feng Wen Yao suddenly asked, he was surprised that Snow Red took out such a precious Snowflake, and did not understand what medicine was sold in the snow red gourd.

Even if the girl with the best talent enters the Fengxue Mountain Villa, she is given a Snowflake Dan at most, but she has a bottle.

"I don't know what blood is her, but when the little girl approached me, the veins of ice and snow in my body trembled..." Xue Hong was also forced to calm down, but her heart was also very shocked. .

"So, the blood of the little girl is still above you?"

Feng Wen Yao is awkward.

He understood what the ice and snow veins in his mother were. This was when Snow Red was young and got a natural treasure, which was born after taking it.

It is precisely because of this bloodline that the strength of Xuehong is much stronger than that of its peers.

"Yes, it is estimated that there is no trace and I don't know. Anyway, you focus on training. It's a pity, my blood and ice can't be inherited, otherwise my Fengxue Mountain Villa will definitely be stronger than now."

Snow red sighed again and again.

.....

Although Ye Xuan has left, but he has the eye of perception, but he heard the dialogue between Xue Hong and Feng Wen Yao.

"I didn't expect the blood in the main body of Lao Zhuang, which is rare." After Ye Xuan learned about the incident, it was a bit strange, but did not think much.

Because his attention has been attracted by the Yaojin mine.

"The eye of glory, finally to open!"

Chapter 977: Brilliant eye

"The eye of glory, finally to open!"

Ye Xuan's eyes show off the fine light, which is a very powerful battle eye in the blood of the gods.

To open the eyes of glory, then the infuriating will turn into gold, and there will be more powerful skills.

"Hey, Yaojin mine is not enough, the brilliant eye is open to 30%!"

After hearing this prompt, Ye Xuan doubted whether he had got it wrong. The opening of the brilliant eye only reached 30%?

At this time, he suddenly remembered the gold mine that the snow red gave, only half a block.

"I am going, not with such a pit."

Ye Xuan wants to cry without tears. It seems that he still needs a whole piece of Yaojin Mine to be able to fully open the eyes of glory.

However, although the eye of glory is only 30% open, he can still use it, but there are no strong skills.

"But it is not bad to be able to open the eye of glory halfway. When it is time to turn into the **** of gold, the strength is much stronger than it is now."

Ye Xuan sighed.

Then, the wind is without traces, with Ye Xuan and falling to their new residence.

"Ye Xuan, fall, you live here, first adapt to the environment. In addition, there are places such as Wu Xue Ge in the first village, you can just enter." The wind said without a trace.

"Thank you."

Ye Xuan thanked a sentence.

Although the eye of glory is a bit unfortunate, it can't be fully opened for the time being, but he has learned a new martial art, that is, the blood dragon sect.

If you want to repair the martial arts of the dragon hand, you need a lot of martial arts. If the quality is high, you need less.

The wind nodded with a smile and nodded. Just turned around and thought of another thing. "Yes, there is an intermediate sword-shaped stone embedded in the first Zhuang Fengxuezu..."

"Intermediate sword-shaped stone?" Ye Xuan eyes could not help but shine.

The lower-level sword-shaped stone corresponds to the micro-level sword, and the intermediate sword-shaped stone corresponds to the perfect level sword.

He has now realized that he has entered the micro-level sword. Even if he does not use other cards, it is no more difficult than the nine-figure.

If you comprehend the perfect level of swords, even if you are a hard-powered strong, you must temporarily avoid the edge.

Immediately, the wind is gone, and before that, he left his address, so that Ye Xuan could find him.

"Young Master, I will go to refining Snowman first."

After the wind left without a trace, the fall was also directly in his room.

Before Xue Hong said that if this bottle of Snowflake was completely refining and refining, it would be difficult to fall at least nine times.

But don't forget, falling into the mysterious blood, there is a charm and crystal, coupled with the growth rate of the blood of the beast, she may directly break through the real gas.

Therefore, Ye Xuan can work hard.

"Go ahead."

After Ye Xuan nodded, he quickly left.

The first step is to burn the sword-shaped stone first.

The climate of Fengxue Mountain Villa is relatively harsh. When people come in, they have to adapt to it for a long time, until the cultivation of snow and ice is successful.

Ye Xuan is in the snowy mountains, which makes him feel very uncomfortable. After all, it is too cold.

After walking out of the yard, he swept it with insightful eyes. Finally, he saw a pillar in the distance. There were many people around the pillar. It seemed to be the wind and snow column in the wind.

Of course, let Ye Xuan determine that this wind and snow column is inlaid with an intermediate sword-shaped stone. For these aura things, he can look at it at a glance.

At the moment, he quickly swept past.

There are nearly a hundred people surrounded by wind and snow pillars. Most of these people are eight-sexual and difficult, even nine-sexual, and even more powerful.

It can be seen from here that Fengxue Mountain Villa is much stronger than Blood Rock.

There are hundreds of disciples in the inner door of Xueyanzong, but it is estimated that there are no more than twenty.

At this time, these people next to the Fengxue column all realized the swordsmanship into the micro level, so they came to understand the perfect level of the sword.

“Hey, find the intermediate sword-shaped stone, is it burning?”

The system prompts.

"Yes!"

“Hey, start burning intermediate swordstones, the current progress is one percent!”

“Hey, start burning intermediate swordstones, the current progress is 2%!”

“Hey, start burning intermediate swordstones, the current progress is three percent!”

The recording of the intermediate sword-shaped stone is very slow, so Ye Xuan can only wait quietly.

"The super swallowing system can also be exchanged for the intermediate level of Wu Jiandan, but my current super-phagocytic crystal can not be exchanged..."

Ye Xuan took a look at this opportunity, but then he shook his head helplessly.

This Wu Jian Dan, can be exchanged with swallowing points, but the swallowing point is too precious, so Ye Xuan can not be used to exchange Wu Jian Dan, even if it is ten.

After half a sigh, Ye Xuan finally heard a tone again.

"Hey, the intermediate sword stone is burned!"

Now, the intermediate sword-shaped stone has.

Although he still has other things to do, don't forget that the second avatar in the East China is very leisurely. He can be enlightened for twenty-four hours.

After burning the intermediate sword-shaped stone, Ye Xuan quickly left and went to the Wu Xue Ge.

Before Ye Xuan was in the outer door of Xueyan Zong, he also went to Wu Xue Ge, but the martial arts in the inside were relatively inferior.

Now, his position in Fengxue Mountain Villa seems to be very high, so it should be possible to transcribe a lot of martial arts into the phagocytic system.

"I copied the martial arts of the entire Fengxue Mountain Villa. I don't know if I can completely repair the dragon hand."

Ye Xuan thought about it while walking into the Wu Xue Ge.

There are only two layers in the Wuxue Pavilion in Fengxue Mountain Villa. The first layer is the supreme martial arts, and the second layer is the middle class.

"Kid, are you a new genius without a trace?"

An amiable old man suddenly appeared next to Ye Xuan, the latter was shocked. He felt that this person was still far away, and now suddenly flashed over, the strength is probably very unusual.

"I have seen seniors." Ye Xuan hurry to hold the fist.

"This is Feng Xue Dan, only those who refine the wind snow Dan, can learn the wind and snow of my snow-capped mountains." The old man smiled and handed a drug to the past.

"Thank you for your predecessors."

Ye Xuan took the medicinal herbs and swallowed them directly.

In the snow-capped mountains, it is the most powerful wind and snow, and it is also very good in the middle class.

Therefore, the Fengxue Mountain Villa has changed the wind and snow. Only the talents of the refining and wind-snowing snow can cultivate. Even if other people get the wind and snow, they must have the wind and snow.

"Very good, this Feng Xuedan will refine and refine itself in about one day. You can see it directly in the martial arts in the Wu Xue Ge. I need to find me."

When the old man finished speaking, he left directly.

Chapter 978: Re-enter Wanshan Snow Mountain

Fengxue Mountain Villa is very generous, and all the martial arts are taken out. Even those who have just entered Fengxue Mountain Villa can turn to the first floor at will. Of course, the second floor is a high-ranking one.

Ye Xuan said nothing, go straight to the bookshelf.

In this first layer, I am afraid that the other side has thousands of products to surpass the martial arts, which is a huge number.

"Hey, start transcribing!"

"Hey, start transcribing!"

"Hey, start transcribing!"

Ye Xuan used to copy these martial arts one by one into the super-phagocytic system, and his behavior fell into the eyes of the old man.

"Is it looking for a martial arts that suits you?"

The old man thought in his heart.

Ye Xuan turned a book very quickly, so he felt so.

A high-level martial arts is not necessarily stronger than the martial arts that suits you. Because it is suitable for your own martial arts, it will be quick to practice and will be handy.

Within a few minutes, Ye Xuan turned the entire shelf of the bookshelf over, and copied a total of more than 1,300 pieces of super martial arts.

However, what surprised him is that more than 3,000 of the more than 3,000 martial arts products have been repaired, only 5 percent.

Now, the dragon's hand is only 10% complete.

"Where, I have absorbed so many martial arts essences and only repaired 5 percent. Is it difficult for this dragon to be a super-premium martial arts, or a supernatural power?"

Ye Xuan brows a pick.

The temptation of Shangpin Super Supreme Martial Arts is not great for him, but if the dragon hand is a supernatural power, then it will make a big profit.

Supernatural powers, but things at the level of Vientiane are at least ten times or even a hundred times better than the top quality martial arts.

Ye Xuan, who was in a good mood, went to the second floor. He did not immediately go to the wind and snow, but continued to start a copy.

On the second floor of Wuxue Pavilion, there are only more than 30 Zhongpin Super Supreme Martial Arts. Among them, there are snowstorms, and Ye Xuan has copied all of them into it.

"Hey, the dragon's hand is 15% complete."

The system reminded again.

"Drunk, it is still repaired by 5 percent."

Ye Xuan is slightly helpless.

However, he did not use the snow and ice to repair the dragon's hand. After all, if it is used for repair, the snow and snow can not directly learn by using super-phagocytic crystallization, and must learn by himself.

"Hey, the host learns to be snowy!"

Wind and snow, divided into wind and snow swordsmanship and wind and snow body method, this is Ye Xuan already known.

At the same time, after practicing this snowstorm, he can almost immunize the harsh climate around him.

Now, the intermediate sword-shaped stone has been burned, and the integrity of the dragon's hand has reached fifteen, and the wind and snow have also been cultivated.

Then Ye Xuan, it is time to improve the realm.

"I heard that behind the snow-capped mountains is the heavy snow-capped mountains. Go to the other side to fight the wilderness and upgrade!"

Thinking of this, Ye Xuan quickly swept out.

But he hasn't run a few steps yet, and there is a cry of falling: "Young master, I broke into the triple flesh."

"What, so fast?"

Ye Xuan was taken aback.

"This wind snow Dan is too high, I guess at least it can be really difficult." answered the answer.

"It seems that I have to work hard for the young master, otherwise I will be overtaken by you."

Ye Xuan smiled lightly, leaving the snow-capped mountains and entering the snow-capped mountains.

In the vast snow-capped mountains, there are super sacred beasts, what are snow beech, ice and snow eagle, and mysterious ice giants.

Anyway, these are the goals of Ye Xuan.

"Wanzhongshan, the deeper the encounter, the higher the level of the super supreme sacred beast. Now my strength, dealing with the real gas, should not be a problem."

Ye Xuan thought about it.

Before he used a variety of cards to trap Yang Zhen in the spirit sword array, if he used the last point of swallowing point to advance blood, I am afraid that Yang Zhen will die.

Unfortunately, he was reluctant at the time, so he did not complete the random task.

After entering Wanxue Snow Mountain, Ye Xuan explored the mission system.

Every time he enters a place, the tasks of the place will be prioritized. At this time, the sight of his sights is the killing task in the snow-capped mountains, or the search for Tiancaibao.

"Kill a savage ice-scarred eagle to reward the ice-frozen fruit."

"Killing a sturdy scorpion giant with a heavy gas level, rewarding a plant of Azure."

"Killing a snowy beech with a level of hardship and rewarding a blue flower."

.....

The rewards for these tasks are very good.

Ye Xuan took these tasks. After all, there is not much super-phagocytic crystallization required for the task, and there is no time limit. If he happens to meet, then there is an extra income.

After entering the Wanxue Snow Mountain, Ye Xuan was wearing a straight line and only took it when he encountered a living thing.

The super-supreme sacred beasts at the outside are all low, even if they kill a hundred, they can't reach one in the depths.

He ran for about half a day, and finally entered the dangerous area, but there will be a super-supreme sacred beast.

"Come on, let me meet a super supreme beast!"

Ye Xuan whispered in his heart.

Since the half opened the eyes of glory, his war is to continue to rise, there is no rival.

As long as you encounter a super supreme sacred beast, then he will open the eyes of glory and see the power of this celestial eye.

He is squatting in the air, and with the eye of perception, he can clearly feel the every move around.

"With!"

Suddenly, his eyes lit up, and in his range of perception, a huge figure was moving. This huge figure is comparable to the blood rock giant, which is tens of meters high. Every time it lifts its foot, it can always cause the earth to oscillate.

"A heavy snow giant?"

Ye Xuan brows a pick.

It seems that it is the goal.

At the moment, he leaned toward the ice giant.

This ice giant has a strong defense and is very strong. The ice crystal defense is not something that ordinary people can break. Even if it is a strong person with a hard body, it is not necessarily possible.

Ye Xuan held the earthquake sword and rushed toward it. After he approached, his eyes suddenly burst into two golden lights.

"The Eye of Brilliance!"

The next moment, his pupil turned into gold, not only that, but even the hair turned from black to gold.

Surrounded by golden infuriating, Ye Xuan at this time is like a golden **** of war.

"Golden infuriating, see how strong!"

Ye Xuan raised his hand as a sword, and a golden sword swept out.

"Snow and Snow Sword, Snow and Snow!"

The eye of glory can make the infuriating gas into gold, a bit like a metallic attack in the virtual state, but this attack is at least 10,000 times stronger than the virtual state. Not only that, the original snow and ice strike is light blue, but it is covered by the characteristics of the brilliant eye.

"call out!"

The golden sword fell on the ice giant, and instantly defeated its ice crystal defense, and the wound was several meters deep.

Chapter 979: The power of brilliant eyes

"Good!"

Ye Xuan reveals a strange color. This attack only uses the ice and snow sword method that he just learned, and he has not used the sword, but the power is stronger than the previous cold weather.

If the proficiency of the ice and snow swordsmanship is raised to 10%, and then the sword is merged, the ice giant can be penetrated.

"Snow and Snow Sword, Snow and Snow!"

Ye Xuan once again took out a sword, this time, the sword is merged.

At this time, the proficiency of the Snow Sword method is increased to 20%, and with the sword, the power is several times stronger than the previous one.

"Hey!"

The golden sword gas once again opened the ice crystal defense of the ice giant, this time, directly put the arm of the ice giant with a waist of hundreds of meters to the hole.

The ice giant originally only came out to make soy sauce, but suddenly it was attacked by humans. Immediately, it was furious and rushed toward Ye Xuan. It flew up, completely like a meteorite hitting Ye Xuan.

"The eye of glory is too powerful. The only drawback is that it consumes too much energy. It costs me two-thirds of my strength..."

Ye Xuan is very helpless, the brilliant eye of the semi-open state, consumes two-thirds of the power in one use, which is too expensive. If the eye of glory is completely open, is he still unable to use it now?

Fortunately, however, after a while he can redeem the gods, and by then he can increase the ceiling. And after the brilliant eye is fully opened, there will be a variety of powerful skills.

Thinking of this, Ye Xuan is already eager to wait. Now, only one Yaojin mine can completely open the eyes of glory.

But for now, let's solve this one-and-a-kind ice-cream giant.

"Hey, the skill of ice and snow swordsmanship has improved, and it is currently 30%!"

"Hey, the skill of ice and snow swordsmanship has improved, and it is currently 40% hot!"

"Hey, the skill of ice and snow swordsmanship has improved, and it is currently 50%!"

A few prompts sounded.

As early as Fangcai, Ye Xuan was exchanged for a Wu Jiandan, and swallowed it down, coupled with the swordsmanship of the blood of the sword god, in the blink of an eye he raised the ice and snow swordsmanship to 80%.

Ice and snow scorpion is the best martial arts in the middle class. It is good to be able to comprehend it so quickly. If there is no Wu Jiandan, Ye Xuan is estimated to be only 60% hot.

Eighty percent of the snow and ice swordsmanship method, the power is only a few times more powerful, a sword can easily penetrate the body of the ice giant, you know, the ice giant can reach hundreds of meters.

"Almost, I am jealous of you!"

At this time, Ye Xuan glimmered.

"Snow and Snow Sword, Snow and Snow!"

"Into the micro-level sword!"

This sword directly fell into the chest of the ice giant, and instantly shattered the core of the ice giant.

The ice giant was bombarded by this blow. The huge mountain body slammed on the ground, and the whole earth trembled. The snowy mountains around it were even avalanches.

After the death of the Snow Giant, Ye Xuan quickly swept past and collected his body.

The body of a super-supreme sacred beast that is one-of-a-kind is enough to stand up to a hundred bodies with nine dead bodies. Therefore, Ye Xuan's Beastmaster is violent and can be used.

Beastmaster violent, can improve the strength of 60%, although it is not obvious that the effect of the real gas is not obvious, but Ye Xuan is still a difficult level of the body, the Beastmaster violent can make up for some gaps.

This corpse is enough for Ye Xuan to use the Beastmaster twice.

"Not bad, the sacred beasts have a lot of benefits, and you can upgrade if you kill two or three."

Ye Xuan is satisfied with the nod.

Then he continues to look for the next goal.

This tens of thousands of snow-capped mountains are terrible, and the environment is bad. Fortunately, Ye Xuan has cultivated ice and snow, so it is possible to ignore the environment.

He looked for another moment and met a mysterious ice giant.

However, the effect of the brilliant eye has passed.

"Ice and Snow Sword!"

"The Eye of Silence!"

Ye Xuan's deity and avatar fight this sacred ice giant. The defensive power of this mysterious ice python is not as good as that of the ice giant, but the speed is very fast. In order to eliminate this mysterious ice python, Ye Xuan is also spending some work.

"There is another one-of-a-kind super-supreme sacred beast, plus the reward of the mission system, which can almost break through to the seven-sexual body."

Ye Xuan is a little excited. As long as he breaks through the seven-sexual body, even if he doesn't need a card, I am afraid he can deal with Yang Zhen on that day.

Not long after, he found another super sacred beast, which was the snow beech he had killed before, but he did not let him break through.

Next, his luck is not very good, no longer encounter a super-supreme sacred beast.

Just on the night of Ye Xuan's entry into Wanxue Snow Mountain.

"Boom!" "Boom!" "Boom!"

Suddenly the loud noise caused Ye Xuan's attention. At this time, Ye Xuan was resting in the air. After hearing the sound, he turned his head and looked at the starlight behind a snowy mountain. It seems that someone is fighting.

"Is it a snow-capped mountain?"

Ye Xuan brows a pick and decides to look at it in the past.

Ice and Snow Mountain Villa is built on the side of Wanzhong Snow Mountain, so it often enters Wanshan Snow Mountain to experience it. Of course, other forces will also have it.

Ye Xuan used to take a look, because he is now a part of the Ice and Snow Mountain Village. If his own people are in danger, he can help him. If you are not your own, you may be able to do something that is arrogant and robbed and seek some benefits.

Of course, the Ice and Snow Mountain Village is of a good character, so you must disguise it when you want to do these things.

However, after he was close, he found that there was no need for disguise.

In front of him, there is a team of five young people, at this time the team is attacking a snow giant.

"Oh? Blood Rock?"

After seeing the costumes of five young people, Ye Xuan gently picked up his brow.

Unexpectedly, he actually encountered the blood Yanzong team in the snow-capped mountains.

Moreover, the five-person squad of this blood rock sect is all powerful and difficult, and the one who is the first one is even more difficult.

These five people, I am afraid, are the top disciples of Xueyanzong, and they are no more than 30 years old.

"I heard that the blood sect of the ancestors, Guo Teng, is a double qi, it seems to be the youth who led the team." Ye Xuan stared at it and fell on one person.

This Guo Teng is the son of Guo Hua, the chief of the blood rock ancestor. Guo Chao, who had killed Ye Xuan before, is the friend of Guo Teng. To be precise, it is his dog leg.

Although the ice and snow giant defense below is strong, but can not withstand the siege of five people, it is already the end of the strong.

Seeing this scene, Ye Xuan's light suddenly flashed, and there was a plan in his heart.

On that day, Guo Hua trapped him with his dragon hand, and he almost died in Guo Hua's hands. This hatred still has to be reported.

At the moment, he is swooping down.

Chapter 980: Blood rock sect

"Hey!"

Underneath a muffled sound spread, the ice giant finally failed to persist and was besieged to death.

"Haha, Master Guo Teng is awesome, and even the ice and snow giants who are known for their defense are easily killed."

The elite disciples of the four blood rock sects began to flatter.

The bodies of the Ice and Snow Giants slowly fell, but at this moment, suddenly a figure quickly approached.

"Who?"

Guo Teng violently sipped a sentence, the next moment, he just saw his own spoils disappeared.

Someone took the body of the ice giant.

There is no doubt that the thief who took away the body of the ice giant is Ye Xuan.

"Hey, the host breaks through, and it's currently difficult for the seven-sex body."

The long-lost upgrade tone finally sounded.

"It's good to grab a strange upgrade."

Ye Xuan couldn't help but open his mouth and smile.

He is difficult to play with the six-sexual body. If the bottom card is out, it can be counterbalanced. It is difficult to break through to the seven-sexual body. It should be able to compete with the two.

Of course, the seven-sexual body can't satisfy him. This time he wants to break through to the eight-sexual body.

However, at the moment, it is still the first to talk about the old sectarian disciples.

"I have seen your brothers."

After the breakthrough, Ye Xuan, holding the fist in front of the five people.

"who are you?"

Five people were a little worried, they were the first to see Ye Xuan.

Guo Teng is also very surprised to ask: "You are my blood rock sect?"

Faced with this problem, Ye Xuan replied indifferently: "Before, now is not!"

When the words came out, the five people reacted instantly.

They used to go out and practiced. They only returned to the blood rock sects some time ago. During the time they went out to practice, Xueyanzong had a major event.

The repair of Elder Yang Zhen was abandoned. I heard that before being scrapped, she was a disciple named Ye Xuan, who beat her all over the body. And this Ye Xuan, later left the blood rock sect, joined the Fengxue Mountain Villa.

"You are Ye Xuan?"

Guo Teng asked with a blank face.

"Exactly!"

Ye Xuan directly answered.

Ye Xuan!

The legendary task of this blood rock sect, with the six realities of physical difficulty, first violently smashed the seven-sexual body of Guo Liang, and then killed Guo Chao, who was suffering from the nine-sexual physical difficulty. Finally, he almost killed a really hard-working Yang Zhen. dead.

It's a enchanting!

However, after hearing the answer from Ye Xuan, Guo Teng was exposed to the fierce color and said: "Is it you, killing Guo Chao?"

Guo Chao, a child of Elder Yang Zhen and her husband, has no blood relationship with Guo Teng. However, Guo Chao did a lot of things for Guo Teng. Although there was no credit and hard work, Guo Chao was cut into meat by Ye Xuan, and Guo Teng would not let Ye Xuan naturally.

"Yes, Guo Chao is indeed in my hands." Ye Xuan nodded.

"Hello, big courage!"

Guo Teng was furious, but the next moment he remembered that Ye Xuan was very big now.

Blood Rock Zong, can be done but the Snow Mountain Villa.

"Hey, let's not say this, why did you take away the body of the ice giant?" Guo Tengzhi asked.

"Why do you take it away?"

Ye Xuan smiled softly and said: "Is it difficult, is the ice giant being captive of Guo Teng, or is the name of Guo Teng's brother written on the ice giant?"

"what did you say?"

Guo Teng has not yet opened, and immediately a disciple stepped forward and glared at Ye Xuan.

"This is a world dominated by the strong, isn't Guo Teng's brother unclear?" Ye Xuan asked.

"A good one is respected!"

Guo Teng's voice just fell, and the other four disciples were surrounded by Ye Xuan's group. They were only the ice giants, but they were hunted. Now they are taken away by Ye Xuan. How can this be done?

"Oh, Brother Guo wants to do it?"

Ye Xuan did not take it for granted. How about encircling him? With his current realm, is it still afraid that Guo Teng will not be a success?

"Guo brother, this place is Wanzhong Snow Mountain. This kid is now self-investing in the net. Even if we kill him, the Snow Mountain Villa will not know."

A disciple reminded.

"Yes, kill him and avenge Guo Chao's younger brother!"

"There is only us here, it is a good time to start."

Four disciples shouted.

Indeed, this place is Wanzhong Snow Mountain, not many people will go deep here, and it is late at night, very suitable.

Guo Teng heard the buzz of the four people, but also silenced for a while. The strength of the Ice and Snow Mountain Village is stronger than that of the blood rock. If the matter is exposed, the blood rock sect will suffer a heavy blow.

However, as long as it is done neatly, there will be no problems.

"Kid, although I heard that you defeated Elder Yang Zhen, do you think that you can play in front of me?" Guo Teng held a sword, his eyes coldly said to Ye Xuan.

Although Yang Zhen is an elder, the strength is not very strong. At least two of the four disciples present are stronger than Yang Zhen.

Moreover, Guo Teng itself is still a double-body, but it is the genius that Xue Yanzong has tried his best to cultivate. As long as he takes the shot, Ye Xuan will die.

"Guo Teng brother, it seems that you want to kill me, I am not afraid of the Ice Snow Villa know?" Ye Xuan is still a calm appearance.

"We don't say how the Snow Mountain Villa knows?"

Guo Teng coldly said: "You are going to die anyway. I might as well tell you a message. I heard that you also worshipped an elder as a teacher at the outer door. Is it called Dong Xing?"

Dong Xing!

Upon hearing the name, Ye Xuan's figure trembled and asked, "And then?"

"Elder Dong Dong, I was sent to the remote area, but you killed Guo Chao, so I was solved by the people I sent on the way, one is not left. And the body was thrown away by me to feed the holy beast, hahaha. Guo Teng replied with a big smile.

"what?"

Ye Xuan suddenly showed a murder.

His master Dong Xing, actually died?

Moreover, it was also implicated in the whole family, and even the body did not stay.

"You **** it!"

Ye Xuan gritted his teeth, originally he wanted to stay with Guo Teng's life. Now it seems that he is passionate about himself.

"What is **** is you, blame, blame yourself, you hurt him." Guo Teng said coldly.

Now, Ye Xuan can be sure that he has the attributes of the Master. Zhou Cang, Han Ming, and Dong Xing are all his masters, but they are successively degraded. Only one Xuanzhong Mountain is still alive.

Although I don't want to believe it, the truth is.

"In this case, then I can only kill you and avenge the master!"

Ye Xuan's eyes are killing.

Although Dong Xing did not teach him anything, he had given him a bodyguard order that blocked the important blow of the Blood Rock Giant, so he was also his savior.

At this moment, if he does not kill Guo Teng five, how can he be worthy of Dong Xing's spirit in heaven?

"Kill us, just rely on you? Go to die!"

A disciple was very upset. After drinking a low sentence, he rushed toward Ye Xuan.

"It's you who are looking for death!"

Ye Xuan clenched the Zhentian sword and took it out with a sword.

"Ice and Snow Sword!"
