Chapter 98: Wanted criminals, Xue Qingqing?

This time, Ye Xuan is not only to devour these blood collections, but to lead by example, to seduce those people by himself. If he dares to hit his idea, he will kill him mercilessly and then scrape the other person. s things.

A hurricane, this is the beginning!

With Ye Xuan, the ninth medium-term realm of the martial arts, at home, the blood of the beasts and the blood of the leopard, he can completely resist the martial arts tenth heavy weapon.

The entire Lianyun 18 mountain range has boiled up, because thousands of monsters have been chased after killing two people, and then a black man with a Qiankun ring appeared, and began to smash the body of the beast.

The most important thing is that this black man's shackles seem to have no bottoms, and he is not satisfied.

Almost all the corpses of the monsters were taken away by him. Only some of them collected the materials of some monsters and fled.

At the beginning, there were still people who wanted to do this black man, but all of them were killed by him, including the ninth heavy weapon of the martial arts.

After that, no one dared to do anything to him. He could only watch him collect all the bodies of these monsters.

Then, disappear!

Three days later, in a corner of the Lianyun 18 Mountain Range, Ye Xuan had already lost his black clothes and replaced his clothes with a pair of experience.

If someone sees him, he will never associate him with the black man who made a noise in the 18th mountain range.

The key thing is that he has no such thing as a ring.

"Hey, this time the harvest is really big, the light demon corpse has received more than 100 million, plus those who are not dying, I am really breaking through!"

Ye Xuan's heart secretly hid himself.

This time his harvest was at least 400 million yuan, most of which came from greedy warriors. Even, he also found a lower spar worth 100 million silver.

Not only that, this time swallowed up so many monsters, but also let his beast's blood tanks rise sharply. At this time, his blood count has reached 500 kinds, and his constitution is once again improved.

"If you swallow the golden eagle bow, then I can break through to the ninth peak of the martial art. However, if you exchange the spirit bow from the phagocytic system, you need four hundred phagocytic points, which is not worthwhile, or and many more."

Ye Xuan resisted the temptation and did not engulf the Golden Eagle bow.

But for now, he still has an important problem.

Now, his swallowing points are already over a thousand levels, reaching more than 1,300 points. And the intermediate blood of the chasing leopard, it takes a thousand points to devour the points.

He is hesitating, whether he wants to spend a thousand swallowing points and raise the blood of the chasing leopard to the intermediate level. In this case, his speed can skyrocket and his strength can be relatively improved.

He pondered for a long time, and finally decided to let go first, after all, this matter is not urgent, and these swallow points, he still has some use.

Originally, he still wanted to experience a period of time in the Lianyun 18 Mountain Range, collecting the blood of the beast, but now it is not necessary.

At the moment, he is leaving the Lianyun 18 Mountain Range directly, ready to meet with the language.

Guan Lan has temporarily lived in a small town outside the Lianyun 18 Mountain Range. When Ye Xuan returned to the inn, he suddenly found out that the little wolf whispered into a pug.

How can this be?

"Yan Lan, what is going on here? I have only been away for seven days. How can it grow so big?"

When Ye Xuan saw the whisper, he couldn't help but ask.

"I don't know." Guan Lan also shook his head inexplicably.

"Hey..."

At this time, the whisper that had grown into a pug size jumped directly from the bed, and then squatted to Ye Xuan's side, using his head to squat at Ye Xuan's leg, very intimate.

"The trough, is this a dog or a wolf, are they getting fine?" Ye Xuan is speechless, but he also knows that this should be the credit of the monster growth plan.

Although it is not like cold-blooded animals, it is also very good. This means that its intellectual improvement is more important. It can be recognized as the main language. If it is raised, it may become a beast in the future.

Ye Xuan took a whisper and hugged it. He said, "Okay, my things are done, let's go."

In the past few days, Guan Lan has rarely gone out, but she also heard about what happened in the Lianyun 18 Mountain Range. She immediately asked: "In these few days, the Lianyun 18 Mountain Range seems to be very uneven. You are fine. it is good....."

If it wasn't because the Lianyun 18 Mountain Range was too big, she would like to go in and find Ye Xuan.

"Well, it's what I caused, let's go, tell you on the road." Ye Xuan cracked his mouth and smiled, then left with a whisper.

Since things have already been done, then he should leave, the next stop, they are going to Wanjincheng, and then back to Yuncheng.

Along the way, Ye Xuan also told Guan Yulan about what happened in the past few days, including encountering Ouyang Ming and so on.

Guan Lan listened to it with relish, but when she heard that Ye Xuan had already broken through to the ninth middle of the martial arts, she suddenly showed a stunned look.

Ye Xuan's talent is already too much for her. If she doesn't work harder, then she will be opened by Ye Xuan. At that time, I am afraid I will not see Ye Xuan.

A few days later, they finally came to Wanjincheng.

But they have not yet entered the city, they feel a strange atmosphere, why is the city gate guard of Wanjin City so much more?

Before he came to Wanjincheng once, then the gates were also five guards, but now, there are twenty people.

Moreover, every person who goes out of town must be searched to pass.

Why is that?

"It is estimated that there is a wanted criminal." Ye Xuan did not think much, and only went to Guan Lan.

The people who entered the city didn't have to search, so Ye Xuan went naturally to the city gate, but when he sneaked a glimpse, he was eclipsed.

At the entrance to the gate, there is also a wanted order.

"Overnight, Xue Qingqing?"

Ye Xuan completely stopped, why did Xue Qingqing become a wanted criminal in Wanjincheng?

The painting on this wanted order is a girl. Although the painting is not very good, it is indeed similar to Xue Qingqing.

The key point is that the words written on the side are indeed Xue Qingqing.

"No, Xue family has an accident!"

Ye Xuan's face sank and his footsteps accelerated.

On the edge of the language is somewhat strange, and did not ask much, just follow Ye Xuan.

"stop!"

Just then, a gatekeeper shouted.

Ye Xuan's foot was next, he thought it was because of the whispering relationship that he was called down by the guard. But when he turned his head and saw it, he found that the guards were not calling them, but a fighting man who was about to leave the city.

The man in the fight, wearing a black cloak outside the clothes, can't see the face, I don't know if it is a man or a woman.
