Chapter 111: Shameless!

Tang Dexin shouted sternly, “Dog, what right do you have to take revenge on Divine Doctor Yang?”

In order to save Officer Lei, Divine Doctor Yang had been running around. It was fine if you didn’t help, but you even hindered him!

“How could our hospital have a guy like you who’s worse than a pig or a dog!”

The other attending physicians also looked at Li Haoyang angrily, feeling ashamed of what Li Haoyang had done.

Moreover, if news of what this guy did today spread, it would have a very bad impact on their hospital.

Tang Dexin turned to Lei Guodong and said, “Officer Lei, deal with it however you want!”

Lei Guodong said to Wang Feng, “Little Wang, take this guy away!”

“Yes!”

Wang Feng nodded and took out his handcuffs to handcuff Li Haoyang.

Li Haoyang was completely flustered. He pleaded in a hoarse voice, “Director, give me another chance. I won’t dare to do it again!”

But Tang Dexin did not take another look at Li Haoyang.

Li Haoyang pleaded with Lei Guodong again, “Officer Lei, I’m sorry. I’m really sorry. Please forgive me this time!”

Lei Guodong said in a deep voice, “Since you’ve committed a crime, you deserve to be judged by the law. No one will forgive you!”

“Yang Luo, my girlfriend is your fiancée’s classmate. You can’t leave her in the lurch!”

Li Haoyang shouted at Yang Luo.

Yang Luo was so angry that he laughed, “You want to harm me, and now you actually want me to save you?”

I’ve never seen such a shameless person like you!”

“Move!”

Wang Feng shouted angrily and dragged Li Haoyang out of the ward.

Tang Dexin hurriedly bowed to Lei Guodong and said, “Officer Lei, I’m sorry.

This is our hospital’s negligence!

In the future, I will definitely discipline the doctors in our hospital even more strictly!”

Lei Guodong waved his hand and said, “Director Tang, it’s not your fault. Moreover, I’m very grateful that you were able to invite Mr. Yang to save me. Don’t worry, I won’t spread this matter today.”

“Thank you, Officer Lei. Thank you!”

Tang Dexin thanked him profusely.

Yang Luo looked at Lei Guodong and said, “Mr. Lei, although your body feels fine, you still need to recuperate for a few days before you can completely recover.

“I’ll write a prescription for you now. Take the medicine according to the prescription and take it on time every day. You’ll recover in a week at most.” As he spoke, Yang Luo took a pen and paper, wrote a prescription, and handed it to Lei Guodong.

Lei Guodong took the prescription and thanked him repeatedly as if he had obtained a treasure, “Thank you, thank you, Mr. Yang!”

After chatting for a while, Tang Dexin sent Yang Luo and the others to the entrance of the hospital.

When he walked out of the hospital, it was already past five in the afternoon.

Tan Daoxian smiled and said, “Mr. Yang, you’ve really broadened our horizons today.

In the future, when you have time, you must come to our Longhu Mountain to pay a visit.”

Yang Luo nodded and said, “Alright, I’ll definitely disturb you when I have time later.”

“Alright, alright, alright. Then we’ll welcome Mr. Yang!”

Tan Daoxian laughed. After exchanging contact details with Yang Luo, he left with Ma Xuanqing and Li Jingyuan.

After Tan Daoxian left, Han Shouli said to Yang Luo, “Master, I still have something on, so I’ll leave first. If you have anything to do later, you can contact me at any time.”

“Alright.”

Yang Luo nodded in reply.

After Han Shouli left, Yang Luo prepared to hail a taxi and leave.

“Wait!”

Chu Yanran hurriedly stopped Yang Luo.

“Miss Chu, is there anything else?”

Yang Luo asked in confusion.

Chu Yanran said, "Where are you going? I'll send you."

Yang Luo said, "I want to go to Hua Mei Biomedical."

"Get in."

Chu Yanran got into a red Jeep Wrangler and called Yang Luo into the car.

Yang Luo nodded and sat in the front passenger seat.

Soon, Chu Yanran started the car and drove straight to Hua Mei Biomedical.

On the way...

Chu Yanran said, "Mr. Yang, it's all thanks to you today. If you hadn't helped us, we wouldn't have been able to subdue that black-robed Azan, let alone save Officer Lei. Thank you."

Yang Luo shook his head and said, "It's a small matter. There's no need to thank me."

Chu Yanran then asked, "Why are you going to Hua Mei Biomedical?"

Yang Luo said, "My fiancée is the President of Hua Mei Biomedical. I'm her assistant."

"Ah?"

Chu Yanran was stunned, "Mr. Yang, you're so capable, but you're actually willing to be a small assistant in a company?!"

Also, are you joking? The famous beautiful President of Jiang City is your fiancée?!"

"What's wrong with being an assistant? It's such a carefree job."

Yang Luo shrugged and continued, "Also, I'm not joking. Su Qingmei is indeed my fiancée."

Chu Yanran frowned and said, "Regardless of whether Su Qingmei is your fiancée or not, you can't waste your ability.

Why don't you follow me? With your ability, those criminals will definitely have nowhere to escape."

"Not interested."

Yang Luo shook his head.

"Why don't you reconsider?"

Chu Yanran was still a little indignant and wanted to rope Yang Luo in.

"Not considering it."

Yang Luo still shook his head.

Seeing that Yang Luo remained stubborn, Chu Yanran felt very helpless.

Not long after, the car arrived at the entrance of Hua Mei Biomedical.

"Thanks for the ride."

Yang Luo thanked him and prepared to get out of the car.

“Give me your cell phone!”

Chu Yanran suddenly extended her hand to Yang Luo.

“What for?”

Yang Luo looked puzzled.

Chu Yanran said, “We’ll exchange phone numbers.”

“I think I’ll pass.”

Yang Luo was unwilling.

Although this woman was a beauty comparable to Su Qingmei, she had a fiery personality and would hit people at the drop of a hat. He did not want to interact too much with this woman.

“Just give it to me if I tell you to. Why are you talking so much nonsense?!”

Chu Yanran glared at him and reached into Yang Luo’s pants pocket to take out his cell phone.

“You...”

Yang Luo was speechless.

Wasn’t this woman too domineering?

If she didn’t give it to him, then she would snatch it from him?

Chu Yanran picked up Yang Luo’s phone and saved her number inside before throwing the phone back to Yang Luo.

“Don’t delete my number. If you dare to delete it, I won’t let you off!”

Chu Yanran waved her fist at Yang Luo.

Yang Luo shook his head in amusement, then pushed open the car door and got out.

After Chu Yanran drove away, Yang Luo turned around and walked into Hua Mei Biomedical.

“Assistant Yang is back!”

“Assistant Yang, are you free tonight? Let’s have dinner together!”

“Assistant Yang, what’s your phone number and WeChat?”

Along the way, the employees greeted Yang Luo warmly.

What happened this morning had already spread throughout the entire company. After knowing that Yang Luo had extraordinary medical skills, everyone was very impressed and wanted to befriend him.

Yang Luo really couldn’t stand everyone’s enthusiasm and chose to escape.

After arriving at the President’s office, Yang Luo knocked on the door.

“Please come in.”

Su Qingmei’s voice came from the office.

Yang Luo pushed open the door and walked in. He saw Su Qingmei busying herself at work.

Su Qingmei looked up and saw Yang Luo enter.. She asked in confusion, “Why did you only come back after a day? Did something happen?”

Chapter 112: Creating Opportunities!

Yang Luo did not hide anything and told Su Qingmei about what happened three days ago.

However, Yang Luo deliberately hid what Li Haoyang had done to prevent Qingmei from worrying too much.

After hearing Yang Luo’s words, Su Qingmei’s beautiful eyes widened as she said in surprise, “Oh my god, you actually did so much today?

You managed to catch criminals and saved people. Looks like you’re even busier than me.”

Yang Luo said helplessly, “Perhaps this is what it means by ‘with great power comes great responsibility’.”

Su Qingmei teased, “Yes, yes, yes. You’re the most capable person in the world. Do you think you’re Superman and the entire world is waiting for you to save it?”

Yang Luo was caught between laughter and tears. He didn’t expect her to crack a joke even at this time.

He shook his head and changed the topic, “By the way, Qingmei, it’s almost six o’clock. Aren’t you going to get off work?”

Su Qingmei said, “I still have something to deal with today. I’ll probably be late.

You can go to the office next door for a while.”

Yang Luo shook his head and said, “It’s fine. Go do your thing. I’ll wait for you here.”

“Alright then.”

Su Qingmei nodded and continued working.

Yang Luo poured himself a cup of tea and picked up a magazine to read.

Time passed minute by minute. Unknowingly, it was already past seven in the evening, and the sky was gradually darkening.

At this moment, a call was made to Su Qingmei’s phone.

Su Qingmei picked up the call.

After answering the call, a hint of joy appeared on Su Qingmei’s face.

She stood up and said, “Yang Luo, let’s go. Follow me to Blue Sky clubhouse.”

“Hmm?”

Yang Luo looked puzzled, “Why are we going to the clubhouse?”

Su Qingmei said, “President Shen called me just now and said that she’s holding an exchange event at the Blue Sky clubhouse tonight. The bosses of the Heroes Chamber of Commerce will participate.

“Therefore, President Shen wants to invite me to this event to give me a chance to salvage my cooperation with some bosses.”

Yang Luo sighed and said, “Qingmei, didn’t I say that there’s no need to do these things?”

In any case, when our new product goes on the market, those guys will come running over and beg to cooperate with us.”

“Noway!”

Su Qingmei shook her head and said, “For the sake of the company, I have to make two sets of preparations!

Are you going or not? If you don’t want to go, I’ll go myself!”

With that, Su Qingmei turned around and left the office.

“Qingmei, I didn’t say that I wouldn’t go. Wait for me!”

Yang Luo called out and quickly followed.

After leaving the company, Yang Luo drove straight to Blue Sky clubhouse.

At around eight o’clock in the evening...

The car arrived at the entrance of the Blue Sky clubhouse.

After parking the car, Yang Luo followed Su Qingmei into the clubhouse.

Under the lead of an attendant, Yang Luo and Su Qingmei arrived at the hall on the third floor of the clubhouse.

The entire hall was very spacious. It was low-key yet luxurious.

There were drinks and snacks on the long tables.

At this moment, many bosses had already arrived. Everyone was well-dressed and elegant, chatting in groups.

However, when Su Qingmei walked into the hall, the bosses all looked over.

“Isn’t this President Su of Hua Mei Biomedical? Why is she here?”

“President Su is also a member of the Heroes Chamber of Commerce. She must have been invited by President Shen!”

“I heard that Hua Mei Biomedical can’t hold on much longer and is about to close down!”

“Isn’t that so? Now that Ding Sheng Biomedical is suppressing Hua Mei Biomedical in all aspects, Hua Mei Biomedical is finished!”

The bosses were all whispering.

Moreover, most of the bosses pretended not to see it. Only a few bosses greeted her simply.

“Mr. Yang, you’re here!”

At this moment, Li Sihai from the Four Seas Trading Company ran over with a smile.

“Mr. Yang, I was planning to look for you in the next few days!”

Cai Donglai from the Baolin Medicinal Herbs Company also ran over with a smile.

Many bosses present were very puzzled when they saw Li Sihai and Cai Donglai’s enthusiastic expressions towards Yang Luo.

“Eh, who is this kid? President Li and President Cai are actually so respectful to him?”

“You don’t even know this. This young man is the son-in-law of the Su family. It’s said that he cured Old Master Su’s chronic illness!”

“So he’s the mysterious Divine Doctor who cured Old Master Su. He looks too ordinary, right?”

Some of the bosses recognized Yang Luo, but there were also some bosses who did not know Yang Luo.

Therefore, many people were very curious about Yang Luo.

Yang Luo ignored the others and looked at Li Sihai. He asked, “President Li, are you feeling better?”

“Mr. Yang, my body is much better now!

“If you hadn’t helped me get rid of the evil spirit on me, I’m afraid I would have been finished long ago!”

Li Sihai sighed and said, “Mr. Yang, don’t worry. No matter what others think,

I, Li Sihai, will definitely stand on your side and not terminate my cooperation with Hua Mei Biomedical!”

“Mr. Yang, I will also stand on your side, on Hua Mei Biomedical’s side!”

Cai Donglai also echoed. Then, he chuckled and said, “Mr. Yang, the prescription you gave me is really too awesome!

“Now, I’ve already regained my dignity as a man. I can reach 20 minutes every time!”

Su Qingmei blushed when she heard this. She now naturally knew what Cai Donglai was talking about.

Yang Luo knew that Su Qingmei was shy, so he didn't harp on this topic.

Instead, he said, "President Li, President Cai, not canceling the collaboration with Hua Mei Biomedical is the best decision you made!

"It won't be long before you'll be glad that you made this choice!"

Li Sihai touched his chin and said, "Mr. Yang, can Hua Mei Biomedical be revived?"

Yang Luo said, "Not only can it revive the dead, but it can also make a beautiful comeback."

"Let's hope so."

Li Sihai sighed and nodded.

Actually, he did not think highly of Hua Mei Biomedical.

Now that Hua Mei Biomedical had already fallen to the bottom, how could they make a comeback?

Cai Donglai had the same thoughts as Li Sihai.

However, although they thought so in their hearts, they did not say anything.

"President Su, Mr. Yang, you're here!"

At this moment, Shen Yun, who was wearing a light gray professional suit, walked over with a smile.

Yang Luo asked, "President Shen, is Little Meng better?"

Shen Yun smiled and said, "Mr. Yang, it's all thanks to you for saving her. Little Meng is much better now. The doctor said that she can be discharged in a few days."

"That's good."

Yang Luo nodded in reply.

Shen Yun turned to look at Su Qingmei and said, "President Su, I specially organized this event today to facilitate everyone's communication and cooperation.

Secondly, it was also to create an opportunity for you.

Tell everyone about the current situation of Hua Mei Biomedical and the subsequent plans.

Perhaps we can salvage some of their cooperation."

Su Qingmei thanked him, "Thank you for providing this opportunity, President Shen."

Shen Yun waved it off, "There's no need to thank me. I promised to help you, so

I naturally can't go back on my word.."

Chapter 113: Uninvited

As she spoke, Shen Yun walked to the front of the hall.

Everyone present turned their attention to Shen Yun.

Shen Yun glanced at everyone present and said, "Thank you for taking the time to attend this exchange event tonight.

Everyone should know that Hua Mei Biomedical is not in a good state currently and is on the verge of bankruptcy.

However, I hope that everyone can help Hua Mei Biomedical and President Su on my account.

After all, everyone here is a member of the Heroes Chamber of Commerce. We should support each other and help each other.

I believe that as long as Hua Mei Biomedical can survive this crisis, President Su will definitely thank everyone for their help."

A boss sighed and said, "Sigh, President Shen, we will naturally give you some face.

However, you also know the current situation of Hua Mei Biomedical. It's already impossible for them to make a comeback.

If we continue to cooperate with Hua Mei Biomedical, it will implicate our company in the future."

"That's right, President Shen. We can understand why you want to help President Su, but we can't help you in this regard!"

Another boss spoke out.

"I think President Su might as well ask Ding Sheng Biomedical for mercy instead of asking us for help!"

The other bosses also echoed. Clearly, they did not think highly of Hua Mei Biomedical.

"No matter what, I hope everyone can give President Su a chance."

Shen Yun sighed in her heart and said, "President Su, please say a few words to everyone now. It won't be too late for everyone to make a decision after hearing President Su's speech."

As she spoke, she turned to look at Su Qingmei, "President Su, please say a few words."

Su Qingmei nodded and walked to the front of the hall.

She took a deep breath and calmed herself down. She said, "Everyone, our Hua Mei Biomedical's current situation is indeed not good, but the difficulties are only temporary!

Hua Mei Biomedical was currently making the best use of their time to develop new products. In at most a week, our new products will be out on the market!

I have full confidence in the new product. As long as the new product can be listed, our Hua Mei Biomedical will definitely rise again!

Therefore, I hope that everyone can give Hua Mei Biomedical another week!

In just a week, everyone will be able to see the changes in our Hua Mei Biomedical!"

After a pause, Su Qingmei continued, “Moreover, I promise everyone here!

“As long as everyone doesn’t cancel the cooperation with Hua Mei Biomedical, everyone will be our most loyal business partner in the future. I’m willing to give more benefits to everyone!”

Hearing Su Qingmei’s words, the bosses present discussed softly.

A portion of the bosses were convinced by Su Qingmei and were considering whether to continue working with Hua Mei Biomedical.

Yang Luo smiled at Su Qingmei and gave the woman a thumbs up.

Su Qingmei nodded at Yang Luo, also encouraged.

But at this moment...

A teasing voice came from outside.

“Everyone, don’t tell me you really believe President Su?

President Su is making things difficult for you again!”

Hearing the voice, everyone present turned around and saw a group of people walking over.

At the front was a young woman with a good figure and appearance.

This woman was the eldest daughter of the Jiang family in Jiang City, Jiang Xinyue. She was also Jiang Mingyu’s sister.

Now, because Jiang Mingyu was recuperating, Jiang Xinyue was in charge of all the matters of Ding Sheng Biomedical.

Behind them were the He family’s young master, He Jiahao, the Song family’s young master, Song Chengyou, and the Zhao family’s young master, Zhao Tianheng.

Moreover, the eldest daughter and second daughter of the Liu family, Liu Yuwei and Liu Yuting, were also among them.

“Eh, why are Miss Jiang, Young Master He, and Young Master Song here?”

“Could it be that President Shen has also invited them?”

“That’s not right. The battle between Ding Sheng Biomedical and Hua Mei Biomedical is in full swing now. Since President Shen wants to help Hua Mei Biomedical, why would he invite Miss Jiang here?”

Everyone discussed animatedly, very surprised by the sudden arrival of Jiang Xinyue and the others.

Shen Yun frowned. She had not invited Jiang Xinyue and the others at all.

Meanwhile, Su Qingmei’s expression darkened.

Unexpectedly, at the critical moment, Jiang Xinyue brought people over to cause trouble.

He Jiahao, Zhao Tianheng, Liu Yuwei, and Liu Yuting saw Yang Luo in the crowd, and their eyes filled with coldness and anger.

This was especially Liu Yuwei and Liu Yuting, who hated Yang Luo to the core.

A few days ago, they knelt down and begged this fellow to save their grandfather. Their grandfather was even willing to offer half of his assets, but this fellow refused.

Therefore, they hated Yang Luo to the core. As long as they found an opportunity, they would take revenge on Yang Luo.

Yang Luo smiled at Liu Yuwei and Liu Yuting and asked, "How's your grandfather?"

You should have invited other Divine Doctors to treat your grandfather, right?"

Hearing this, Liu Yuwei and Liu Yuting were so angry that their bodies were trembling. They wished they could kill Yang Luo.

This guy clearly knew that their grandfather was already dead, but he still asked this. He was clearly rubbing salt into their wounds!

Yang Luo looked at He Jiahao again and smiled, "Young Master He, a few days ago, your sister seemed to have lost feeling in her legs before she left. Is there a big problem?"

"You..."

He Jiahao was also furious, and his eyes were about to spew fire.

After his sister, He Yilin, was sent to the hospital, the doctor diagnosed that all the nerves in her legs were necrotic and she could only sit in a wheelchair in the future.

He was certain that Yang Luo must have done it, but there was no evidence.

Liu Yuwei said fiercely, "You dog, you won't be smug for long!"

Hua Mei Biomedical and the Su family are doomed. Let's see who can protect you then!"

"Bastard, when the Su family is finished, you won't have a backer anymore. Let's see how we'll deal with you then!"

Liu Yuting also added viciously.

Yang Luo smiled faintly and said, "I never expected anyone to protect me. My backer will always be me!"

Moreover, with me around, Hua Mei Biomedical and the Su family will not be finished. They will only get better and better!"

Liu Yuwei sneered, "You dog, keep dreaming!"

Do you think you can control everything just because you know some medical skills and martial arts?"

It's simply impossible for you to save Hua Mei Biomedical and the Su family with just that!"

"Kid, just wait and see!"

He Jiahao adjusted his glasses and added coldly.

Yang Luo said calmly, "Use whatever moves you have. I'll take them all!"

"Hmph!"

He Jiahao and the others snorted and turned their heads, ignoring Yang Luo.

At this moment, Jiang Xinyue walked to the front of the hall and smiled at everyone present.

Her actions were elegant as she raised her head slightly and said, "Everyone, it was originally my brother who wanted to come tonight, but my brother is a little inconvenienced now, so he asked me to meet you!

I won't waste too much of everyone's time. I'll just say a few words!"

Instantly, everyone's gazes landed on Jiang Xinyue..

Chapter 114: Blacklisted

Jiang Xinyue enjoyed the feeling of being the center of attention.

She smiled and said loudly, "Now that everyone has seen it, the sales of our Ding Sheng Biomedical's products are getting more and more popular every day. The future will continue!

On the other hand, Hua Mei Biomedical's sales are getting worse by the day. It's only a matter of time before they go bankrupt!

As long as everyone can cooperate with our Ding Sheng Biomedical, our Ding Sheng Biomedical will definitely lead everyone to earn a lot in the future!

Of course, I'll say some ugly words first. Whoever cooperates with Hua Mei Biomedical now will never have the chance to cooperate with our Ding Sheng Biomedical in the future!

Therefore, I'm giving everyone a chance to choose. Those who are willing to choose Hua Mei Biomedical can stand on President Su's side! Those who are willing to choose Ding Sheng Biomedical can stand on my side!"

For a moment, the bosses present whispered and began to analyze the pros and cons.

Not long after...

"Miss Jiang, I'm firmly on Ding Sheng Biomedical's side!"

A boss took the lead and stood in front of Jiang Xinyue.

"Compared to Hua Mei Biomedical, I'm more willing to believe in Ding Sheng Biomedical!"

"President Su, we're all businessmen, so we naturally have to prioritize

benefits. So, I'm sorry!"

"President Su, instead of hanging on like this, I think it's better to be bought over by Ding Sheng Biomedical. That way, it won't go bankrupt!" With the first boss taking the lead, the other bosses also walked towards Jiang Xinyue.

Soon, more than half of the bosses in the hall stood on Jiang Xinyue's side.

A small portion of the bosses did not stand on either side.

On Su Qingmei's side, only Shen Yun, Li Sihai, and Cai Donglai were left.

Su Qingmei's face was filled with bitterness.

She thought that she could salvage some of the cooperation tonight.

However, Jiang Xinyue's arrival disrupted her plans totally.

Seeing everyone's choice, Jiang Xinyue was very satisfied. She raised her head proudly like a victorious swan.

Liu Yuwei and Liu Yuting were also overjoyed.

Su Qingmei's family background was better than theirs. She was prettier and more capable than them. They had long been green with envy with her successes.

More importantly, Su Qingmei was Yang Luo's backer.

Therefore, they felt very happy to be able to suppress Su Qingmei and see her suffer.

Jiang Xinyue looked at the bosses who had not made a choice and asked, "Why didn't you make a choice?"

"We haven't thought it through. We won't choose for the time being."

"That's right. We'll remain neutral."

The bosses spoke up one after another.

Jiang Xinyue sneered and said, "It's fine if you want to remain neutral, but if you miss the opportunity to earn money, don't blame me for not reminding you."

As she spoke, she turned to look at Shen Yun, Li Sihai, and Cai Donglai and said, "President Shen, President Li, President Cai, are you really going to choose to hang yourself on a tree like Hua Mei Biomedical?"

Li Sihai said in a deep voice, "You don't have to worry about that, Miss Jiang."

"I'll remember you. I hope your company can live with Hua Mei

Biomedical until the end.”

Jiang Xinyue said threateningly and waved her hand, “Let’s go.”

Then, Jiang Xinyue and the others walked out.

The bosses standing at Ding Sheng Biomedical also prepared to leave.

Yang Luo looked at everyone and said indifferently, “Bosses, are you sure you want to choose to stand on Ding Sheng Biomedical’s side?”

“Of course I’m sure. Choosing Ding Sheng Biomedical is the wisest choice!”

A bald boss immediately replied.

“Fine.”

Yang Luo nodded and said, “Then I hope you won’t come and beg to cooperate with our Hua Mei Biomedical in the future.”

Shen Yun, Li Sihai, and Cai Donglai were very puzzled as to why Yang Luo would say such a thing.

Now, anyone could tell that Hua Mei Biomedical had been completely suppressed by Ding Sheng Biomedical and could not make a comeback.

However, they quickly understood that Yang Luo was probably trying to help Su Qingmei regain her dignity and pride.

The bald boss replied loudly, “Kid, I’m Zhang Youfu from Taixing Trade and Commerce. I’ll say this today!

If I beg to work with Hua Mei Biomedical in the future, then I’m a dog!”

He was doing this to show off in front of Jiang Xinyue.

“Taixing Trading Company, right?”

Alright, I’ll remember it.”

Yang Luo nodded and looked at the other bosses beside Jiang Xinyue, “Do you have the same thoughts as him?”

“Of course. I, Ma Shengqiao, will never work with Hua Mei Biomedical again. As for begging you, stop dreaming!”

“Your Hua Mei Biomedical is about to go bankrupt. I thought you could rise again. Don’t be ridiculous!”

“Miss Jiang, don’t worry. I’m your most loyal follower!”

The other bosses also spoke up one after another to express their loyalty to Jiang Xinyue and mock Yang Luo.

“Good, very good.”

Yang Luo’s expression was calm as he nodded and said, “From today

onwards, you will be completely blacklisted by our Hua Mei Biomedical.

“Even if you ask to cooperate with us later, it’ll be impossible.”

“Idiot, stop daydreaming!”

Liu Yuting shouted at Yang Luo.

“Dog, your good days are over. You won’t be arrogant for long!”

Liu Yuwei also echoed proudly.

Jiang Xinyue also stared coldly at Yang Luo and said, “Kid, you crippled my brother. Our Jiang family won’t let you off easily.”

Yang Luo smiled coldly and replied, “I won’t let you off easily either.”

“Kid, just you wait!

Let’s go!”

Jiang Xinyue snorted and left with everyone.

“President Shen, if there’s nothing else, we’ll leave first.”

A few neutral bosses sighed and left.

In an instant.

Only Yang Luo and the others were left in the hall.

Shen Yun said apologetically, “President Su, I’m really sorry. I didn’t invite Jiang Xinyue and the others at all.

I wanted to help you, but I didn’t expect things to turn out like this.”

“President Shen, you don’t have to feel sorry. I’m already very grateful that you can help me.”

Su Qingmei forced a smile and shook her head. She continued,

“Moreover, this is quite good. At least we can tell who’s sincere and who’s hypocritical.”

Shen Yun, Li Sihai, and Cai Donglai sighed deeply. Even if they wanted to help, they were helpless.

They chatted for a while more.

In the end, everyone dispersed quickly.

After getting into the car, Yang Luo asked, “Qingmei, are we going home or...”

Su Qingmei shook her head and said, “I don’t want to go home now. Bring me around.”

“Alright.”

Yang Luo nodded in agreement, started the car, and left the Blue Sky clubhouse.

The car drove slowly on the road, shuttling through the streets and

alleys.

A light music was playing in the car.

Yang Luo focused on driving while Su Qingmei stared out of the window in a daze. The two of them remained silent.

After getting off an overpass, the car drove onto a highway.

Beside him was a surging river. The water was surging and slapping against both sides of the river. Under the moonlight, it was sparkling.

When they reached a deserted road, Su Qingmei, who had been silent, suddenly said, "Pull over.."

Chapter 115: R&D Successful

Yang Luo nodded and parked the car by the roadside.

As soon as the car stopped, Su Qingmei pushed open the door and got out of the car, running straight towards the river.

"Qingmei, don't do anything rash!"

Seeing this, Yang Luo was shocked. He quickly got out of the car and chased after her.

He was really worried that Su Qingmei wouldn't be able to take the blow tonight and would take things too hard.

However, Su Qingmei stopped after running to the river.

Only then did Yang Luo heave a sigh of relief and walk over.

The two of them looked at the surging river side by side and fell silent again.

There was a moment of silence.

Su Qingmei let out a long sigh and asked with a sad expression, "Yang Luo, can our Hua Mei Biomedical really rise from the dead this time?"

"Yes."

Yang Luo nodded and emphasized, "Definitely!"

Su Qingmei smiled bitterly and shook her head. "But now, everyone thinks that our Hua Mei Biomedical can't take it anymore. It's only a matter of time before we go bankrupt.

Originally, I wanted to obtain more cooperation from the bosses today, but I didn't expect Jiang Xinyue to suddenly appear.

What's more, almost all the bosses have leaned towards Ding Sheng Biomedical."

Yang Luo looked at the river in the distance and said indifferently, "Don't worry, those guys who have sided with Ding Sheng Biomedical will regret their choice."

Su Qingmei turned to look at Yang Luo's delicate side profile and asked in confusion, "Yang Luo, why are you always so confident? Why are you always so optimistic?"

It's as if nothing in this world makes you nervous."

Yang Luo turned his head and stared into the woman's eyes. He grinned, revealing his white teeth, "Because I'm confident in my secret recipe. Because I've never taken Ding Sheng Biomedical seriously.

Therefore, you have to be like me. Be more confident and optimistic."

Su Qingmei was also amused by Yang Luo's smile.

She couldn't help but laugh and roll her eyes, "Do you want me to be like you and just be happy-go-lucky everyday?"

“How can you call it being happy-go-lucky?”

Yang Luo shook his head and said, “Believe me, on the day the new product is released, Hua Mei Biomedical will definitely be able to make a beautiful comeback.

When the time comes, you will definitely be so happy that you won’t be able to close your mouth.”

Su Qingmei pursed her lips and said, “Can our Hua Mei Biomedical really turn things around?”

“Yes, we can.”

Yang Luo replied firmly and added, “Even if Hua Mei Biomedical really goes bankrupt, I can still support you!”

Upon hearing this, Su Qingmei blushed and said angrily, “Who wants you to raise me!”

As she spoke, she turned around and looked at the river. Her originally confused and sad eyes gradually became firm.

That’s right, things weren’t over yet. Everything was unknown.

Perhaps it could really be as Yang Luo had said. Hua Mei Biomedical could rise up strongly and fight a beautiful turnaround.

She took a deep breath and shouted at the river, “I, Su Qingmei, won’t be defeated so easily. Our Hua Mei Biomedical won’t be defeated so easily!”

“What bullsh*t Ding Sheng Biomedical? Watch me trample you under my feet!”

Yang Luo also joined her in shouting at the river.

“Trample them under!”

Su Qingmei continued shouting,

“Step hard, step with all your might!”

“Step on them till they are mush!”

The two of them spoke one after another, shouting loudly by the river as if they had gone crazy. In the end, the two of them held their stomachs and laughed.

It was only after laughing for a good while that the two of them stopped.

Yang Luo turned around and asked, “Qingmei, are you feeling better now?”

Su Qingmei heaved a sigh of relief and nodded, “Much better.”

“That’s good.”

Yang Luo smiled and said, “Just shout out if you’re unhappy in the future.

There’s no need to hold it in.”

“Mmm-hmm.”

Su Qingmei nodded and looked at Yang Luo gently. “Yang Luo, thank you for staying by my side all this time and cheering me on.

Otherwise, I might really not be able to hold on any longer.

Thank you.”

Yang Luo grinned and said, “You’re my fiancée. If I don’t accompany you, who will?

Also, there’s no need for us to thank each other.”

Su Qingmei said with sparkling eyes, “Yang Luo, will you always be by my side?”

Hearing this question, Yang Luo was stunned for a moment before nodding, “Yes.”

Su Qingmei stared at Yang Luo for a while before turning around.

Yang Luo quietly looked at the woman’s side profile.

The evening breeze messed up the woman’s hair, and the neon lights shone on her face. She was peerlessly beautiful.

For some reason, Yang Luo actually felt tempted.

One had to know that he had never felt this way before.

Did he really fall in love with this woman?

Perhaps it was true.

He couldn't lie to himself.

After standing for a while, Su Qingmei took out her phone and looked at the time, "It's getting late. Let's go home."

"Okay, let's go home."

Yang Luo nodded in reply.

Time passed very quickly. In the blink of an eye, a week had passed.

This week, the entire Hua Mei Biomedical was busy working overtime to make one last effort and sprint for the launch of the new product.

Everyone was working hard just to let everyone in Jiang City's business world witness the rise of Hua Mei Biomedical on the day of the new product's launch.

During this week, Yang Luo did not go anywhere else and stayed by Su Qingmei's side.

He had thought that other killers would come to kill him.

But what puzzled him was that there was no one else that stepped up. The week had been very peaceful.

However, Yang Luo did not let down his guard.

He knew that danger was always present.

On a particular evening...

Inside Hua Mei Biomedical.

In the President's office.

Su Qingmei was busy while Yang Luo sat on the sofa, reading a novel and accompanying the woman.

At this moment...

A call was made to Su Qingmei's phone.

Su Qingmei picked up the cell phone on the table and looked at it before picking it up.

After the call...

Su Qingmei stood up with a whoosh, her face filled with excitement.

Yang Luo looked puzzled and asked, "Qingmei, what's wrong? Did something happen?"

Su Qingmei said, "Team Leader Lu called just now to say that the new product has been successfully developed and has been tested many times. The effect is quite good!"

"Really?!"

Yang Luo's face lit up, "We finally succeeded!"

Su Qingmei picked up the landline and called Xu Yan, asking her to come over.

Soon, Xu Yan walked into the office, "President Su, what's the matter?"

Su Qingmei said, "Gather everyone in the company immediately and get everyone to gather in the conference hall. I have something to announce!"

"Yes!"

Xu Yan nodded and left the office in a hurry.

Not long after...

All the employees of Hua Mei Biomedical were gathered in the conference hall.

Yang Luo followed Su Qingmei to the office.

The employees looked at Su Qingmei in confusion, not knowing what Su Qingmei was going to announce that she had mobilized so many people..

Chapter 116: New Product Media Conference!

Su Qingmei glanced at everyone present and said, "Everyone, I have good news to tell you!"

"What good news? President Su, don't keep us in suspense. Hurry up and tell us!"

"Yeah, President Su, what's the good news? Is there going to be a salary increase?"

The employees babbled curiously.

Su Qingmei smiled and said, "As long as our Hua Mei Biomedical can survive this crisis, I promise to raise everyone's salary!"

However, that was not the good news I wanted to say now!

"What I want to say is that Team Leader Lu called just now. Our new product has been successfully developed!"

As soon as she finished speaking!

The people there immediately erupted!

"Success, we've finally succeeded!"

"That's great. After half a month of hard work, there's finally hope!"

"I hope our new products can regain the market!"

Everyone cheered excitedly.

After all, they worked overtime every day just to wait for this day.

Hua Mei Biomedical's survival depended on this.

Su Qingmei pressed her hands together and said, "Everyone, the market response of the new product has yet to be verified, so don't be in a hurry to be excited!"

Now, I'll give everyone a mission. Immediately spread this news to the various companies and media!

"Tomorrow morning, we'll hold a new product news conference at the Cloud Peak Hotel!"

"Yes, President Su!"

Everyone replied in unison and dispersed to get busy.

Tonight, Jiang City was destined to be chaotic.

The news of the successful development of Hua Mei Biomedical's new product spread throughout Jiang City's business world.

Jiang City's business world was in an uproar.

"Have you heard? Hua Mei Biomedical has developed a new product!"

"Of course I heard. Hua Mei Biomedical is planning to take a gamble this time!"

"I heard that the new product developed by Hua Mei Biomedical is very effective. Perhaps Hua Mei Biomedical can really rise up strongly this time!"

"That's absolutely impossible. Now that Ding Sheng Biomedical has already suppressed Hua Mei Biomedical, Hua Mei Biomedical can't make a comeback!"

"Hehe, we'll know tomorrow. Let's wait and see!"

The entire business world in Jiang City was talking about this matter.

Some people were optimistic about Hua Mei Biomedical, but most people were not optimistic at all. Renkang Private Hospital.

Jiang Mingyu was leaning against the bed, listening to Jiang Xinyue report the company's recent situation.

After hearing the report...

Jiang Mingyu said with a dark expression, "Xinyue, from tomorrow onwards, increase the impact on Hua Mei Biomedical. We must make Hua Mei Biomedical unable to recover!"

"Yes, Big Brother!"

Jiang Xinyue nodded.

At this moment, a call was made to Jiang Xinyue's phone.

Jiang Xinyue quickly picked up the call.

After answering the call, Jiang Xinyue said, “Brother, the company called and said that Hua Mei Biomedical has developed a new product. They plan to hold a new product conference tomorrow morning!”

“Oh? Is that so?”

Jiang Mingyu sneered and said, “Looks like Su Qingmei hasn’t planned to give up yet. She’s even planning to arm wrestle with us. Interesting, really interesting.”

Jiang Xinyue asked, “Big Brother, what should we do next?”

Jiang Mingyu pondered for a moment and said, “Xinyue, inform the various companies immediately. Tell them that no one is allowed to attend Hua Mei Biomedical’s new product conference tomorrow!

“If anyone dares to go, they will be making an enemy of our Ding Sheng Biomedical and our Jiang family!”

After a pause, Jiang Mingyu narrowed his eyes and smiled. He continued, “Xinyue, accompany me to Hua Mei Biomedical’s new product news conference tomorrow to watch the commotion.

I want to see who dares to attend Hua Mei Biomedical’s new product news conference.”

“Alright.”

Jiang Xinyue nodded and smiled teasingly, “Tomorrow’s news conference of Hua Mei Biomedical’s new product will definitely become a farce.”

“Farce?”

Jiang Mingyu sneered and said, “This is the effect I want.”

Not long after the news of the successful development of Hua Mei Biomedical’s new product spread...

Ding Sheng Biomedical also sent out a message!

If anyone dared to attend Hua Mei Biomedical’s new product news conference tomorrow, they would be making an enemy of Ding Sheng Biomedical and the Jiang family!

A single stone caused a thousand ripples!

The entire Jiang City business world was in an uproar again!

The next morning.

Cloud Peak Hotel.

In the hall on the third floor.

Seats filled the hall.

At the front of the hall was a long table with a few boxes of products on it.

The higher-ups of Hua Mei Biomedical had all arrived at the event location and were busy setting up the venue.

All the reporters and media in Jiang City had already arrived and were adjusting the testing machines.

Moreover, many Internet celebrities from Jiang City had rushed to the event location and were preparing to do a live broadcast.

At this moment, Su Qingmei, Yang Luo, Lu Huajun, and the other higher-ups were chatting.

One of the higher-ups frowned and said, “President Su, last night, Ding Sheng Biomedical said that if anyone dares to attend our news conference today, they will be making an enemy of Ding Sheng Biomedical and the Jiang family.

I’m afraid our new product release will not go so smoothly today.”

A higher-up sighed and said, “It’s not just that it won’t go smoothly. I’m worried that no one will attend our new product news conference.

If word gets out, our Hua Mei Biomedical will become the laughing stock of Jiang City's business world."

The other higher-ups also sighed. They did not think highly of today's new product conference. After all, the Jiang family was the number one family in Jiang City, and Ding Sheng Biomedical was the number one pharmaceutical company in Jiang City.

Now that the Jiang family had spoken, who would dare to participate?

Yang Luo said, "Everyone, don't worry. There will definitely be people participating today. Moreover, I'm sure that more and more people will come." "Assistant Yang, what makes you so sure?"

"That's right. Who dares to take the risk of offending the Jiang family to attend our new product news conference?"

"Young man, don't think so well of things. Reality will give you a heavy blow."

A few higher-ups spoke up one after another, not believing Yang Luo's words at all.

Su Qingmei was also very nervous and uneasy, worried that no one would attend the news conference of Hua Mei Biomedical's new product.

However, the new product news conference had already begun. No matter what, it had to continue.

Yang Luo did not explain further. He just waited for the outcome.

Time continued to flow.

It was finally nine o'clock.

However, other than the reporters and media, no one else attended the event location.

At this moment, a senior executive ran over and asked, "President Su, everything is ready. Can we start?"

"What's going on? Can't you see that no one is here?"

One of the higher-ups said unhappily.

"Even if there's no one, this news conference has to be held!"

Su Qingmei said in a low voice, "You can start!"

With that, Su Qingmei and the others walked to the front.

For a moment, all the cameras were aimed at Su Qingmei.

Su Qingmei took a deep breath and said loudly, "Good morning, everyone. I'm the President of Hua Mei Biomedical, Su Qingmei!

"I now announce that the news conference for Hua Mei Biomedical's new product will begin!"

Chapter 117: Watch the Show

As soon as he finished speaking.

A female reporter asked directly, "President Su, your Hua Mei Biomedical is holding a new product news conference today, but no one has come to attend. What do you think about this?"

Su Qingmei said, "Even if no one comes to participate, we will still hold this new product news conference normally!

After all, our main purpose for holding this new product news conference is to introduce the effects of our company's new products!"

"President Su, are you very confident in your company's new products? Do you have a chance to salvage your company's decline and compete with Ding Sheng Biomedical?"

Another male reporter sounded out.

Su Qing's eyes were firm as she said loudly, "I'm very confident in our company's new product! I believe that our company's new products will definitely be able to compete with Ding Sheng

Biomedical's products and regain the market!"

However, just as Su Qingmei finished speaking...

A mocking laugh came from outside the hall.

"Su Qingmei, you're really arrogant. Do you think you can compete with our Ding Sheng Biomedical just by developing a product? Are you dreaming?" Upon hearing the voice...

Everyone present looked over.

A group of people swaggered into the hall.

At the front was Jiang Mingyu, who was sitting in a wheelchair. Jiang Xinyue helped push the wheelchair.

He Yilin was also in a wheelchair, and He Jiahao helped push it.

Other than the Jiang family and the He family...

The eldest son of the Song family, Song Chengyou, the eldest son of the Zhao family, Zhao Tianheng, the eldest daughter of the Liu family, the second daughter of the Liu family, Liu Yuwei, and Liu Yuting were also present.

Moreover, the young masters and young mistresses of other aristocratic families were also present.

All of them were dressed luxuriously, elegant, and glorious.

Seeing the arrival of Jiang Mingyu and the others, the expressions of Su Qingmei and the other higher-ups of Hua Mei Biomedical darkened.

Without a doubt, Jiang Mingyu and the others were definitely here to laugh at them.

Instantly, all the media and reporters present rushed forward.

"Young Master Jiang, aren't you competitors with Hua Mei Biomedical? Why are you here at Hua Mei Biomedical's new product conference?"

"Young Master Jiang, did you bring so many people here to support Hua Mei Biomedical?"

"By the way, Young Master Jiang, President Su said that Hua Mei Biomedical's new product has the ability to compete with Ding Sheng Biomedical's products and can regain the market. What do you think?"

A few reporters hurriedly asked.

Jiang Mingyu looked at the camera and said with a smile, "We're not here to support Hua Mei Biomedical. We're just here to watch the show.

Also, even if Hua Mei Biomedical produces a new product, they are not qualified to compete with our Ding Sheng Biomedical's products. As for snatching back the market, that's even more impossible."

Seeing that the reporters were about to ask more questions, Jiang Mingyu teased, "Alright, everyone, stop interviewing me.

The protagonist today is Hua Mei Biomedical. Moreover, this is their home ground. Why are you interviewing me and leaving the protagonist hanging?" "Hahaha..."

Hearing this, everyone laughed.

This laughter was very ear-piercing to Su Qingmei and the others.

"President Su, why don't we stop this news conference? We really can't afford to lose face!"

One of the higher-ups said angrily.

Su Qingmei took a deep breath and said, "Don't worry about them. The news conference will continue!"

"Sigh..."

The higher-ups sighed heavily, but they did not dare to go against Su Qingmei's wishes.

They could only brace themselves and continue. They only hoped that this news conference would end as soon as possible.

Soon, Jiang Mingyu and the others found a seat and sat down. They looked at Su Qingmei, Yang Luo, and the others on the stage provocatively.

Jiang Mingyu looked at Su Qingmei and sneered, “Su Qingmei, I gave you a chance to cooperate with me back then, but you rejected me!

I want to see how your news conference will continue and end today!”

Without waiting for Su Qingmei to speak, Yang Luo said, “Young Master Jiang, have your hands and legs recovered? You can run around so quickly and still have the time to interfere in other people’s business?”

When Jiang Mingyu heard this, he was so angry that his eyebrows twitched and the veins on his forehead bulged.

He was very puzzled. Didn’t his father put a bounty on this guy to assassinate him on the Dark Web? Why was this guy still alive and well?

What were those international assassins doing?

“You dog, how dare a mere son-in-law speak to Big Brother Jiang like this? Are you tired of living?”

He Yilin, who was sitting in a wheelchair, shouted at Yang Luo.

Yang Luo smiled teasingly and said, “Yo, isn’t this Miss He? Why are you in a wheelchair too? Could this be the so-called retribution?

Both you and Young Master Jiang are both in wheelchairs now. They’re quite compatible. Why don’t you two get together?”

“You...”

He Yilin was furious and wanted to tear Yang Luo’s mouth apart.

She suspected that the reason why her legs were paralyzed was because of Yang Luo, but she had no evidence.

“Bastard, what are you so smug about? After today, Hua Mei Biomedical will be finished!”

Liu Yuwei shouted at Yang Luo.

Yang Luo retorted indifferently, “As a dog, you have to have the awareness of being a dog. The owner didn’t say anything, so why did you jump out?” “B*stard, you’ll die a horrible death!”

Liu Yuwei was so angry that her entire body was trembling. She wished she could tear Yang Luo into pieces.

Yang Luo was clearly mocking them for being Jiang Mingyu’s dogs.

The higher-ups of Hua Mei Biomedical could not help but laugh.

Assistant Yang’s mouth was too good. Look at how angry these people were. Su Qingmei shook her head in amusement. This guy’s mouth was too sharp! Jiang Mingyu tried his best to suppress the anger in his heart. He raised his hand and said, “Alright, stop talking. Let’s continue watching the commotion.

I want to see who dares to attend this news conference today.”

Before his voice could fade...

A powerful voice came from outside the hall.

“Qingmei, Little Luo, I’m sorry I’m late.”

Everyone looked over and saw Su Guoxiong walking into the hall with the Su family.

Su Wenfeng, Su Wenbin, and Su Wanqiu were among them.

“Eh, I didn’t expect someone to attend this news conference!”

“Hey, President Su is the eldest daughter of the Su family. It’s normal for Old Master Su and the others to come and support President Su. After all, they’re on the same side!”

“That’s right. Other than the Su family, I’m afraid no one else will come to support us!”

Everyone present discussed softly.

“Grandpa, Uncle, Dad, Auntie, you’re here!”

Su Qingmei greeted Su Guoxiong and the others.

Yang Luo nodded and greeted him.

But right after Su Guoxiong and the others sat down...

Another crisp voice came from outside the hall.

“Qingmei, I’m sorry. There was a traffic jam on the way. We’re late!”

Everyone turned around again and saw a group of people walking into the hall.

At the front was a woman!

To be precise, she was a peerless beauty!

Chapter 118: Four Divine Doctors!

The woman was tall and slender. She was wearing a white chiffon shirt and black casual pants, outlining her graceful figure.

Her long black hair fell down casually, revealing an exquisite oval face. Her skin was like jade, and her beautiful eyes were like a snow lotus that had completely bloomed. She was incomparable.

This woman was Qin Yimo.

The moment the crowd saw Qin Yimo...

Many people present were stunned!

“Oh my god, isn’t this the eldest daughter of the Qin family? Didn’t she suffer from muscle atrophy, causing her legs to be paralyzed? Why is she standing up?!”

“So this is the true appearance of the eldest daughter of the Qin family. She can be said to be peerless!”

“The former Miss Qin is finally back!”

Many people present exclaimed in surprise, their eyes filled with amazement.

Hence, after half a month of treatment, Qin Yimo’s muscle atrophy was finally cured by Yang Luo.

The reason why Yang Luo did not make it public was to give everyone a surprise and shock some people.

“How is this possible? How did this cripple recover?!”

He Yilin spoke in a daze, her eyes filled with to be green with envy.

Now that Qin Yimo had stood up, she was sitting in a wheelchair, the thought of it naturally made her go crazy.

“Damn it, that dog really cured Qin Yimo!”

Liu Yuwei gritted her teeth, her eyes filled with to the brim with envy.

The other young ladies from wealthy families were the same. They were so envious that they were about to go crazy.

When Song Chengyou, who had previously proposed to the Qin family and later regretted it, saw Qin Yimo, his eyes were filled with amazement.

He felt that this woman was even more charming than before.

However, it did not matter. When the Qin family was destroyed later, this woman could only obediently submit to him.

Su Qingmei smiled and said, "Momo, you're really too beautiful. I even feel ashamed of my inferiority!"

"How can that be!"

Qin Yimo smiled and said, "It's all thanks to Brother Yang. Otherwise, I wouldn't have been reborn!"

As she spoke, Qin Yimo bowed to Yang Luo and said, "Brother Yang, thank you!"

Old Master Qin laughed heartily and said, "Little Luo, on behalf of the entire Qin family, I thank you for curing Momo!"

"From now on, no matter what help you need, feel free to tell me. Our Qin family will definitely help!"

Yang Luo smiled faintly and said, "Momo, Old A/laster Qin, we're all on the same side. There's no need to thank me. Please take a seat."

Soon, everyone from the Qin family found a seat and sat down.

Liu Yuwei sneered and said, "Su Qingmei, so what if the Qin family comes to support you?"

Without the bosses of other companies to support you, your news conference will still become a joke!"

"Who said that no other bosses are participating?"

Could it be that I, Li Sihai, am no longer a boss?"

"Am I, Cai Donglai, not a boss?"

At this moment, two middle-aged men in suits strode in.

They were Li Sihai from the Four Seas Trading Company and Cai Donglai from the Baolin Medicinal Herbs Company.

After walking into the hall, Li Sihai smiled and said, "President Su, I wish you a successful news conference for your new product!"

Cai Donglai also smiled and said, "President Su, no matter what others think, Old Li and I are firmly on Hua Mei Biomedical's side!"

“Thank you, President Li. Thank you, President Cai!”

Su Qingmei was very touched and thanked them.

Yang Luo also smiled and nodded at the two of them.

Only at the most critical moment could one see the human heart.

These two people were not bad. They could be the pioneers of Hua Mei Biomedical’s market development in the future.

Jiang Mingyu looked up at Li Sihai and Cai Donglai and said in a low voice, “Li Sihai, Cai Donglai, are you sure you want to stand on Hua Mei Biomedical’s side and become enemies with our Ding Sheng Biomedical?”

You all have to consider the consequences of doing so!”

Anyone could tell that Jiang Mingyu was threatening Li Sihai and Cai Donglai!

Li Sihai braced himself and said, “Young Master Jiang, it’s our right to choose which side we stand on. You have no right to interfere!”

“That’s right.”

Cai Donglai also took over the conversation. He straightened his neck and said, “You’re not the only one in Jiang City whose words matter!”

“Haha, well said. There’s more than one Jiang family in Jiang City!”

“Us old fellows also want to stand on Hua Mei Biomedical’s side. Could it be that your Jiang family also sees us as enemies?”

At this moment, a few deep voices entered the hall.

Everyone turned around and saw four old men striding in.

When they saw the four old men, everyone present turned pale with fright as if they had been struck by lightning!

“Oh my god, why are Divine Doctor Huang, Divine Doctor Cao, Divine Doctor Han, and Divine Doctor Sun here?!”

“Are these four Divine Doctors also here to support Hua Mei Biomedical?”

“This Hua Mei Biomedical is really impressive. They actually invited four Divine Doctors to support them at once!”

Exclamations and exclamations rose and fell.

That’s right, these four old men were the four Divine Doctors of Jiang City!

“Divine Needle King” Huang Tai’an!

“Hundred Herbs King” Cao Jisheng!

“Bone Setting King” Han Shouli!

“Mystic Doctor King” Sun Boren!

Seeing Huang Tai’an and the others arrive, the expressions of Jiang Mingyu and the others immediately darkened.

They did not expect Huang Tai’an and the other three to come at all.

One had to know that as the four Divine Doctors of Jiang City, Huang Tai’an and the others were highly respected and never participated in such activities easily.

Even for a big family in Jiang City, it was extremely difficult to invite one, let alone four people at the same time.

Everyone from the Su family and the Qin family were also stunned.

“Divine Doctor Huang, Divine Doctor Cao, Divine Doctor Han, Divine Doctor Sun, hello!”

Everyone from the Su family and the Qin family stood up and greeted them.

Huang Tai’an and the other three only nodded, instead turning straight to look at Yang Luo.

“Master, are you looking down on us old fellows? You didn’t even call us when you’re holding a new product news conference!”

“That’s right, that’s right. Master, it’s still fine for us old fellows to support you!”

“Master, I heard that you provided the secret recipe for Hua ATei Biomedical’s new product, right? I can’t wait to see the effect of the new product!”

Huang Tai’an, Cao Jisheng, and Han Shouli shouted.

“Divine Doctor Yang, you can’t be like this. You’ve already taken the three of them as your disciples. Why can’t you take me in as your disciple?!”

No matter what, you have to accept me today. Otherwise, I won’t leave!”

Meanwhile, Sun Boren’s face was filled with grievance and depression.

He originally thought that Yang Luo had only taken in Huang Tai’an and Cao Jisheng as his disciples, but he did not expect Yang Luo to take in Han Shouli as well.

At this moment, when everyone present heard the words of Huang Tai’an and the others, they were all dumbfounded, as if they had been struck by lightning!

Especially the reporters and media, they were even more shocked!

“Oh my god, who is this young man? Divine Doctor Huang, Divine Doctor Cao, and Divine Doctor Han are all his disciples!”

“Not only that, Divine Doctor Sun even looked depressed because he wasn’t accepted as a disciple!”

“Looks like the four Divine Doctors are here to support this young man!”

The reporters and media were discussing spiritedly. They looked at Yang Luo with surprise and curiosity..

Chapter 119: The Most Grand News Conference!

Jiang Mingyu and the others’ expressions darkened.

It was fine if the Su family, the Qin family, Li Sihai, and Cai Donglai came to support them.

Unexpectedly, even the four Divine Doctors of Jiang City were here.

This completely exceeded their expectations.

It had to be known that even if no one else came to support him today, just the four Divine Doctors were enough.

“How can this be? This dog actually knows the four Divine Doctors!”

“The key is that Divine Doctor Huang, Divine Doctor Cao, and Divine Doctor Han are all his disciples. Divine Doctor Sun even begged him to acknowledge him as his master!”

Liu Yuwei and Liu Yuting were furious.

Jiang Mingyu, Jiang Xinyue, He Yilin, and the others were also furious.

They had originally planned to watch Hua Mei Biomedical make a fool of themselves today, but now, they had become a joke.

Qin Zurong said with a sigh, “Old Su, I didn’t expect your grandson-in-law to be so capable. He actually has such a close relationship with the four Divine Doctors. I’m really envious of you!”

Su Guoxiong said happily, “I don’t know when Little Luo got to know Divine Doctor Huang and the rest. As expected of my Su family’s son-in-law. Good, good!”

Now, he completely believed the words of the old Daoist from ten years ago! Fortunately, he let his granddaughter get engaged to Yang Luo. His decision was too wise!

Perhaps, under Yang Luo’s lead, the Su family would definitely soar in the future and step into the ranks of the top families in China!

Yang Luo was caught between laughter and tears. He did not expect Huang Tai’an and the others to come over.

He raised his hand and said, "Since the four of you are here, please take a seat." Huang Tai'an, Cao Jisheng, and Han Shouli sat down.

However, Sun Boren didn't sit down. Instead, he said angrily, "Mr. Yang, you must give me an answer today. Will you accept me as your disciple or not?!"

Yang Luo said in amusement, "Alright, alright, alright. You're already here to support me. If I still don't accept it, I'll be too unreasonable."

"Really?!"

Sun Boren immediately became excited.

"Really."

Yang Luo nodded in reply.

Sun Boren laughed and bowed to Yang Luo, "Master, please accept a bow from your disciple!"

After bowing, Sun Boren sat down in satisfaction.

Just when everyone thought that this was all the people who came!

Suddenly, loud laughter came from outside the hall!

"Divine Doctor Yang, you're too dishonest. Why didn't you inform us about the news conference? Are you looking down on us?"

Hearing the voice, everyone turned around again.

Another group of people walked into the hall.

When they saw this group of people, everyone present was dumbfounded.

"This, this, this... What's going on?"

"Even Governor Luo of Jiangnan Province, the director of the Jiang City Industry and Commerce Department, and Director-General Lei 3 of the Jiang City Police Station are here?!"

"Oh my god, there are actually so many big shots attending this news conference. It's simply amazing!"

"I'm afraid this will become the grandest news conference in the history of Jiang City!"

The reporters and media exclaimed in shock. The shock in their hearts was indescribable.

Jiang Mingyu and the others were also stunned. As if they were numb, their expressions twitched but could not show any drastic change.

"How could this be... Why are Governor Luo and the others here too?!"

"Also... Governor Luo and the others seem to be here for that bastard!"

“When did that dog get to know Governor Luo and the others?!”

Liu Yuwei, Liu Yuting, He Yilin, and the others gritted their teeth. They were extremely unhappy. This was because Luo Zhongyue, Ren Pinghui, and Lei Guodong were walking in front of this group of people.

Their three Madams followed closely behind.

“Greetings, Governor Luo, Director Ren, Director-General Lei!”

The Su family, the Qin family, Huang Tai’an, and the others stood up and greeted him.

No matter how unhappy Jiang Mingyu and the others were, they did not dare to neglect Luo Zhongyue and the other two. They also greeted them.

“Governor Luo, Director Ren, Director-General Lei, thank you for coming!”

Su Qingmei was a little flattered and quickly thanked them.

Luo Zhongyue smiled and said, “President Su, you don’t have to thank us. We naturally have to support an outstanding company like Hua Mei Biomedical.” “That’s right.”

Ren Pinghui smiled and continued, “If Hua Mei Biomedical encounters any problems in the future, feel free to tell me. I will definitely help you solve them.”

“If anyone dares to cause trouble at your place, tell me!”

Lei Guodong added.

Su Qingmei nodded repeatedly and thanked them profusely once more.

She thought that not many people would attend this news conference.

However, he did not expect so many people to come at once, and all of them were very important figures!

However, she also knew that these people were basically here on account of Yang Luo.

“Yang Luo, thank you.”

Su Qingmei thanked Yang Luo softly.

“Silly, why are you thanking me?”

Yang Luo smiled dotingly. Then, he looked at Luo Zhongyue and the others and said, “Everyone, don’t stand anymore. Please, take a seat.”

Luo Zhongyue and the others nodded and sat down.

“Brother, should we retreat?”

Jiang Xinyue whispered to Jiang Mingyu.

“Old Jiang, why don’t we leave?”

He Jiahao also spoke out.

They had come today to see Hua Mei Biomedical make a fool of themselves. However, from the looks of it, the farce they planned was no longer possible. Jiang Mingyu said coldly, “Everyone, don’t be anxious. Let’s wait a little longer. So what if someone comes to support them? If their products are not good, this news conference will still become a joke.”

Everyone also felt that what Jiang Mingyu said made sense, so they planned to stay and take a look.

At this moment, Jiang Xinyue looked at Su Qingmei and sneered. “Su Qingmei, didn’t your Hua Mei Biomedical develop a new product? Aren’t you planning to show it off so that everyone can see it!”

“That’s right, that’s right. Hurry up and show us your new product!”

“Don’t make it sound like it’s all bark and no bite. That would be a scoop!”

Liu Yuwei, Liu Yuting, and the others echoed.

The reporters and media present also suggested that Su Qingmei showcase her new product.

Su Qingmei glanced at everyone present and said firmly, “Everyone, don’t be anxious. We’ll naturally show the effect of the new product later!

Now, allow me to introduce a new product!

Our new product is called “Jade Countenance Beauty Mask”, made with pure Chinese herbs!

This mask has many effects such as whitening skin, cleaning pores, diluting acne marks, diluting wrinkles, and so on!

“Moreover, you only need to apply it for ten minutes to see the effect. There are no side effects!”

As soon as she finished speaking...

Jiang Mingyu and the others immediately burst into laughter.

“Su Qingmei, keep bragging. You can see the effect after applying it for 10 minutes. How ridiculous!”

“Your words are even better than singing. Who knows if it’s true!”

“If I can really see the effect in ten minutes, I’ll write my name upside down!”

Jiang Xinyue, He Yilin, Liu Yuwei, Liu Yuting, and the other young ladies from wealthy families did not believe her and mocked her.

Chapter 120: Mask For The Immortals!

They were all women and had used countless expensive skincare products, so they had the most say in the effects of skincare products.

No matter how expensive a skincare product was, it would take a period of time to see the effect. It was impossible to see the effect in ten minutes!

At this moment, not to mention Jiang Xinyue and the others, even Shen Yun, Zhang Xiuqin, and the others felt that Su Qingmei was exaggerating.

“Impossible, absolutely impossible. If it’s really that effective, I’ll wash my hair upside down from now on!”

“Nowadays, merchants really dare to say all kinds of big words to sell products!”

“If I can really see the effect in ten minutes, I’ll order a hundred facial masks on the spot!”

The netizens of the various live-stream platforms also expressed their disbelief and mockery.

Su Qingmei smiled faintly and said, “Since everyone doesn’t believe me, I’ll show the effect of our ‘Jade Countenance Beauty Mask’ now!”

As she spoke, Su Qingmei looked at the female attendants in the hotel and asked, “May I ask if any one of you have skin problems?”

“Miss, my skin is a little dark and yellowish. It’s useless even when I use all kinds of skincare products.”

“I’ve always had acne marks on my face. I couldn’t get rid of them even after using all kinds of products.”

“I have crow’s feet and smile lines on my face because of the pressure of work and the fact that I stay up late all the time.”

Three of the female attendants mentioned their skin problems.

“Very good. Let’s try it with just the three of you.”

Su Qingmei nodded and said, “Please remove your makeup first. After that, apply our facial masks.”

“Alright, Miss.”

The three female attendants responded and left the hall.

Not long after...

The three female attendants came back after removing their makeup.

Just as they had said, one of them had a dark yellow face, one had many acne marks on her face, and the other had crow's feet and smile lines.

After the three female attendants arrived, Su Qingmei first got someone to take a photo of their faces and displayed it on the big screen.

Then, Su Qingmei personally opened three facial masks and applied them on the three female attendants.

Su Qingmei looked at the time and said, "The time will start from now. In ten minutes, I'll get them to remove the masks. Please wait and see!"

Everyone present and the netizens of the various live-stream platforms waited quietly.

However, most people did not believe it.

It was definitely impossible to see any effect in ten minutes!

Jiang Xinyue, He Yilin, Liu Yuwei, Liu Yuting, and the others were already prepared to watch a joke.

Seconds ticked by.

After a while, ten minutes passed.

"Su Qingmei, ten minutes are up. Hurry up and get them to take off their masks so that everyone can see the effect!"

Jiang Xinyue sneered.

Su Qingmei looked at the three female attendants and smiled, "Please take off the masks."

All the cameras were aimed at the three female attendants.

The three female attendants took off their facial masks at the same time.

The moment the three female attendants removed their masks...

The entire hall instantly fell silent!

Everyone's pupils constricted as they stared at the three female attendants' faces in disbelief!

Surprise!

Confusion!

Shock!

Various expressions appeared on everyone's faces!

A few seconds later.

The crowd went wild!

"Oh my god, am I seeing things? It really only took ten minutes to see such an obvious effect!"

“The skin of these three ladies has become much paler, and the acne marks and wrinkles have also faded a lot. This is too magical!”

“Immortal mask, this is a mask for the immortals!”

Everyone present exclaimed, especially the women present. They all went crazy immediately.

Shen Yun was so excited that her entire body was trembling. She hurriedly stood up and said, “President Su, we’re friends. You have to leave me a hundred pieces of this mask. No, a hundred isn’t enough. Leave me a crate!”

“President Su, leave me a crate too. I really need this mask!”

Zhang Xiuqin stood up excitedly.

“Sister Qingmei, you have to let us use such a good mask first!”

“Sister Su, we won’t take it for free. We’ll spend as much as you want!”

The women of the Su family and the Qin family also stood up one after another, wanting to buy this mask.

Li Sihai shouted, “President Su, how much have you produced?”

“I’ll take as much as you have. We can sign the contract now!”

“President Su, my relative is in the e-commerce business too. Leave me some face masks!”

Cai Donglai also stood up excitedly.

Originally, they did not think highly of Hua Mei Biomedical’s new product.

However, now that the actual effect was in front of them, they saw the huge potential of this mask.

Once it was listed on the market, it would definitely blow up the entire market.

Cao Jisheng sighed and said, “As expected of the secret recipe provided by Master. It’s simply amazing!”

Huang Tai’an said, “This mask is too magical. I want to order a few crates myself too.”

Han Shouli teased, “Old Huang, why did you buy a facial mask? Don’t tell me you want to put on a mask too?”

It’s useless even if you apply it on your chrysanthemum face.”

“You don’t know shit!”

Huang Tai’an rolled his eyes at Han Shouli and said, “With such a magical mask, the sales in the future will definitely be very popular. If you’re slow, it’ll be gone!”

I have to hoard a few crates first. It’ll be quite good to use them as gifts when I visit my relatives and friends in the future!”

Han Shouli immediately slapped his thigh, “That’s right, why didn’t I think of that!”

Then I have to hoard a few crates too!”

Cao Jisheng and Sun Boren also nodded, planning to hoard a few crates themselves to give as gifts.

“This... this... how is this possible?!”

Jiang Xinyue was about to go crazy, “There’s such an effect in ten minutes? Am

I seeing things?!”

He Yilin gritted her teeth and said, “Don’t tell me those three attendants were hired by Su Qingmei?”

He Jiahao said in a low voice, “Even if they were purposely hired, the effect is right in front of us. This mask is indeed extraordinary!”

Jiang Xinyue looked at Jiang Mingyu and said anxiously, “Brother, once this mask goes on the market, it will definitely cause a huge impact on our Ding Sheng Biomedical. What should we do?!”

Jiang Mingyu’s expression was gloomy. He did not say a word, but he was extremely shocked himself.

He never expected Hua Mei Biomedical to really produce such a good product.

Although the facial mask produced by the secret recipe he bought from an ancient Chinese medicine family in the capital was already very good...

However, it could not compare to the facial mask produced by Hua Mei Biomedical!

“D*mn it!”

Everything was developing in an unexpected direction!

“F*ck, this mask is too awesome. I can see the effect in ten minutes!”

“It’s really a mask for the immortals. When will it be on the market? I want to buy it, I want to buy it!”

“The effect can be seen in ten minutes. I’m afraid the side effects are not small!”

“Didn’t you hear what President Su said? This mask is developed with pure Chinese herbs. There should be no side effects!”

The netizens of the various live-stream platforms were also crazy. Even if some netizens maintained their doubts, most of them were completely convinced by this mask..
