Chapter 1201: Something Happened to the King of Destruction!

Before they went to invite Yang Luo, they had also investigated Yang Luo.

They also knew that Yang Luo was a true Divine Doctor.

However, they had never seen Yang Luo treat illnesses with their own eyes, so they were still a little worried.

Yang Luo said, "Mister Yi has suffered very serious internal injuries. His internal organs are damaged, and many of his tendons and bones are shattered."

Yi Xuanwu hurriedly asked, "Can you save me?"

"Of course I can."

...

Yang Luo replied and continued, "For an ordinary person, such internal injuries might really be helpless.

But to me, it's nothing. I just need to spend some time."

Hearing this...

Snow Eagle and Snow Fox were stunned.

Only they knew how serious the Pavilion Master's injuries were.

Over the past few days, he had vomited blood several times. Furthermore, he could not even get out of bed and walk. He was almost dying.

However, they did not expect the young man in front of him to say that he could treat it.

A doctor who was narrating smiled and said, "I knew Mr. Yang would definitely be able to treat it!"

Hope appeared in Yi Xuanwu's eyes, "Mr. Yang, as long as you can cure me, my life will be yours in the future!"

"Mr. Yang, please save us!"

Snow Eagle and Snow Fox also bowed deeply to Yang Luo.

“There’s no time to lose. I’ll treat you now.”

Yang Luo did not hesitate anymore and got someone to unbutton Yi Xuanwu’s shirt.

There were several deep claw marks on Yi Xuanwu’s chest, and there were many bruises on his chest.

It was obvious that he had been injured by someone. Furthermore, the person who had injured Yi Xuanwu was definitely not an ordinary person.

Yang Luo did not say anything else. He took out the Fuxi Divine Needle and performed acupuncture on Yi Xuanwu.

The nine golden needles fell one after another and accurately pierced into the nine acupuncture points on Yi Xuanwu’s body.

Buzz buzz buzz!

After the nine golden needles pierced into the acupoints, they emitted a dazzling golden light and trembled violently.

Seeing this scene, Snow Eagle and Snow Fox were already dumbfounded.

After inserting the needles...

Yang Luo used the Tendon Changing Bone Tempering Hand to connect Yi Xuanwu's damaged meridians and bones.

After more than an hour...

The nine golden needles stopped trembling.

Yang Luo waved his right hand and took back the nine golden needles, "Mr. Yi, get up and stretch your body. See if you're better."

"Ah?! Pavilion Master can get up just like that?!"

"Mr. Yang, are you joking?!"

Snow Eagle and Snow Fox were stunned.

Yi Xuanwu could not believe it either. He first moved his limbs and realized that he could move them normally.

He was overjoyed and got off the bed. He took a few steps and threw a few punches.

“Alright, Mr. Yang, I’ve really recovered!”

Yi Xuanwu was extremely excited.

“Thank you for saving my life, Mr. Yang!”

He hurriedly walked over and pretended to kneel down in front of Yang Luo.

Yang Luo helped Yi Xuanwu up and said, “Mister Yi, there’s no need to thank me.

As I said, I saved you because you contributed to the country.”

“Thank you, thank you!”

Yi Xuanwu’s eyes reddened as he thanked him profusely.

“Divine Doctor... He’s really a Divine Doctor!”

“This is amazing. In just an hour, Pavilion Master has recovered!”

Snow Eagle and Snow Fox were stunned.

If they had not seen it with their own eyes, they would not have believed this fact.

“Thank you, Mr. Yang. Thank you!”

The two of them also reacted and thanked him repeatedly.

Yi Xuanwu sighed, “No wonder my father said that you were the number one Divine Doctor back then. He even said that if I wanted to live, I would have to beg you!”

“Who’s your father?”

Yang Luo asked curiously.

Yi Xuanwu replied, “Yi Jiuzhou.”

“So you’re Mr. Yi’s son!”

Yang Luo looked surprised.

“That’s right.”

Yi Xuanwu nodded.

Snow Eagle spoke up, “Originally, Mister Yi wanted to personally call you and ask you to make a trip to the capital.

However, Pavilion Master said that he couldn’t trouble you to make a trip, so he came to look for you personally.”

Yang Luo was caught between laughter and tears. Why was this guy so straightforward?

Yi Xuanwu chuckled and said, “Mr. Yang, you should be younger than me. If you don’t mind, I want to become brothers with you. In the future, I’ll call you Brother Yang. How about that?”

“Of course not.”

Yang Luo smiled and said, "Chu Longyuan and Han Qinhu are also my brothers. When the time comes, we can meet for a drink!"

"Those two brats are also your brothers?"

Haha, that's great!"

Yi Xuanwu laughed and said, "When the time comes, we won't go home until we're drunk!"

Yang Luo said, "Brother Yi, I think you were injured by someone.

Your cultivation level is not low either. Since he could injure you, he must not be an ordinary person, right?"

Yi Xuanwu nodded and said, "I was also injured when I was capturing a group of firearms dealers at the border.

The group is very strange. Not only are they fast and powerful, but their reactions were also very fast.

I don't know who those people are either. We're still investigating."

“I see.”

Yang Luo nodded in realization and continued, “Brother Yi, your injuries have just recovered. You still need to rest and recuperate.

I’ll write a prescription for you. Take the medicine according to it and you’ll be able to recuperate faster.”

“Many thanks!”

Yi Xuanwu cupped his hands.

After that, Yang Luo wrote a prescription and exchanged contact information with Yi Xuanwu.

Yi Xuanwu sent Snow Eagle and Snow Fox to send Yang Luo out of the hospital.

After arriving back at Hua Mei Biomedical.

Snow Eagle and Snow Fox exchanged pleasantries before they left.

Yang Luo walked into the company.

Seeing him, Xu Ying and the other two ran over.

Bujie shouted, “Brother Yang, hurry up and go take a look. They’re about to fight!”

“What do you mean?”

Yang Luo was confused.

Bujie said, “Brother Yang, not long after you left, Goddess of Fate came.

“Then, Sister-in-law invited Goddess of Fate to the office. The two of them started arguing...”

“What?! This is too much!”

Yang Luo’s expression changed and he rushed to the elevator.

He knew Goddess of Fate's personality.

This woman was cold to everyone.

If he hadn't conquered her, she would have treated him the same way.

Xu Ying, Bujie, and Prajna followed.

They took the elevator all the way upstairs.

When the elevator door opened,

Yang Luo rushed to the President's office like a gust of wind.

He pushed the door open and shouted, "Let's talk nicely. Don't make any moves!"

However, to Yang Luo's surprise, the scene he imagined did not appear.

The two women were chatting, and the scene was very harmonious.

“Hmm?”

Yang Luo was stunned for a moment, “You didn’t quarrel? You didn’t fight either?”

Su Qingmei asked in a weird tone, “Why should we be arguing? And why should we be fighting?”

“Uhhh...”

Yang Luo grinned, “It’s good that you didn’t fight. It’s good that you didn’t fight.”

“Yang Luo, you’re back.”

Goddess of Fate looked at Yang Luo with a gentle expression. Her gaze was completely different from how she looked at others.

Puzzled, Yang Luo asked, “Natasha, why are you here? Is something the matter?”

Goddess of Fate stood up and said, “Something happened to Fourth Brother!”

“Something happened to the King of Destruction?!”

Yang Luo was shocked and hurriedly asked, “What happened to him?”

Xu Ying and the rest also turned to look at Goddess of Fate.

Chapter 1202: Esper Emperor!

Goddess of Fate said in a deep voice, “Fourth Brother has been severely injured and is in imminent danger. He urgently needs your treatment!

I used healing magic to maintain his vital signs, but I don’t know how long it can last!”

“What?!”

Yang Luo’s expression changed drastically, “King of Destruction was severely injured?!”

It was the same reaction for Xu Ying, Bujie, and Prajna.

“Yes!”

...

Goddess of Fate nodded.

“Where is he now?”

Yang Luo hurriedly asked.

Goddess of Fate said, "We're all at the headquarters of our Holy Imperial Court."

Yang Luo frowned and said, "Then what are we waiting for? Let's hurry over!"

"Alright!"

Goddess of Fate nodded.

Bujie said, "Let's go together. We have fought alongside the King of Destruction. We are brothers who have gone through life and death together!"

Now that something has happened to him, we naturally have to go and take a look!"

Xu Ying, Bujie, and Prajna nodded as well.

"Alright, let's go together!"

Yang Luo nodded in agreement.

Then, he turned to Su Qingmei and said, "Qingmei, I'm really sorry. I have to go out again."

Su Qingmei shook her head and said, "What's there to be sorry about? This is a matter of life and death.

Hurry up and go. If there's anything, remember to contact me at any time."

"Yep!"

Yang Luo nodded in response.

Then, Yang Luo and the others left the office and took a car to the airport.

After arriving at the airport...

Yang Luo and the others took the VIP passage and successfully boarded the Holy Imperial Court's private plane.

Only when the plane took off...

Yang Luo asked, "Natasha, who injured the King of Destruction?

Could it be that the people from the Holy Light Church, the Heavenly Shrine, and Hell Fiend Palace have attacked you?"

Goddess of Fate said, "It wasn't the people from the Holy Light Church who injured Fourth Brother. It was the king of Country Esper, the 'Esper Emperor' Ivanovka!"

Yang Luo was even more confused, "Why did the King of Country Esper injure the King of Destruction?"

Goddess of Fate said, "Fourth Brother was born in the Country Esper and grew up there. He has deep feelings for the Country Esper.

A few days ago, Fourth Brother went to the Country Esper to persuade Ivanovka to join forces with us against the three major organizations of the Holy Light Church.

Unexpectedly, Ivanovka had already sided with the three major organizations of the Holy Light Church and was willing to submit to them.

Angry, Fourth Brother went to Ivanovka to ask for the reason, but Ivanovka said that he had only made the wisest decision.

Fourth Brother was so angry that he had a big fight with Ivanovka.

Unfortunately, Ivanovka was too powerful. He was close to being on the Divine Ranking.

Fourth Brother was no match at all and was severely injured.

Ivanovka also made it clear that Fourth Brother was forbidden from entering the Country Esper. If Fourth Brother dared to step in again, he would be killed without mercy.”

Bang!

Yang Luo punched the armrest of the chair heavily and said coldly, “What an Esper Emperor! Since you dare to hurt my brother, you have to pay the price!”

Goddess of Fate asked, “Yang Luo, what do you plan to do?”

Yang Luo said, “Treat the King of Destruction first. After his injuries are healed, we’ll head to the Country Esper and settle the score with the Esper Emperor!”

Goddess of Fate nodded and said, “No matter what choice you make, I will support you!”

The plane flew for seven to eight hours before finally arriving at the headquarters of the Holy Imperial Court.

After getting off the plane.

Yang Luo and the others took a carriage to the palace in the center of the Divine Emperor Island.

When they arrived at a room on the third floor...

They saw that the room was already filled with people.

King of Creation, Sacred Prison King, Purgatory Death God, Dark Baron, and Death Witch of the Holy Imperial Court were present.

The new additions, King of Titans, Lava Tyrant, Dark Knight, and Elven Mage who had just joined the Holy Imperial Court were also present.

The others were busy and did not rush back.

King of Destruction was lying on the hospital bed, his entire body wrapped in gauze.

“Brother Yang is here!”

When they saw Yang Luo enter, everyone hurriedly came forward to welcome him.

Yang Luo said apologetically, “I’m sorry, everyone. I’m late!”

King of Creation said, “Brother Yang, it’s good that you’re here. Quickly help Fourth Brother take a look!”

“Alright!”

Yang Luo nodded and walked to the bed to take the King of Destruction’s pulse.

In order to thoroughly examine the extent of King of Destruction’s injuries.

This time, he took seven to eight minutes to take his pulse.

After taking his pulse, he retracted his hand.

“Brother Yang, how’s Fourth Brother?”

“Is Fourth Brother alright?”

Everyone asked one after another.

“Don’t worry, everyone.”

Yang Luo raised his hand and said, “King of Destruction’s injuries are indeed very serious, but fortunately, I came in time. I can naturally save him.”

Hearing this, everyone heaved a sigh of relief.

Yang Luo said, “Remove all the gauze on his body.”

“Alright!”

King of Creation nodded and removed all the gauze on the King of Destruction’s body.

When the gauze was removed, Yang Luo couldn’t help but gasp.

King of Destruction’s body was covered in wounds. Not a single part of his body was intact. His flesh was all over the place, and bones could be seen in many places.

Bujie clicked his tongue and said, “That dog Ivanovka was clearly trying to kill him!”

Xu Ying took a deep breath and said, “Ivanovka is a ruthless man.

No matter what, the King of Destruction used to be a citizen of the Country Esper, but he actually hit him so hard.”

Prajna’s eyes reddened. She couldn’t bear to watch anymore.

King of Titans exclaimed, “F*ck, from what I see, we should just flatten this bullshit Country Esper!”

Lava Tyrant nodded as well, “We can’t let Ivanovka off!”

Yang Luo remained silent, but he could no longer contain the anger in his heart.

He tried his best to suppress the anger in his heart. Then, he took out the Fuxi Divine Needle and continuously mobilized the True Qi in his body to begin acupuncture for the King of Destruction.

After stabbing the nine golden needles into the nine acupuncture points on the King of Destruction’s body,

Yang Luo used the Tendon Changing Bone Tempering Hand again to reconnect the King of Destruction’s damaged bones and meridians.

The treatment this time was a little long.

It had been more than an hour since the King of Destruction’s broken bones and tendons were reconnected.

Then, Yang Luo took out a lot of medicinal herbs, rubbed them until they were mashed into a pulp, and applied them to all the wounds on the King of Destruction’s body.

After applying the medicine, Yang Luo retracted his hand.

At this moment, the nine golden needles stopped trembling.

Yang Luo retracted the nine golden needles.

“Brother Yang, how’s Fourth Brother?”

Sacred Prison King asked.

The others also looked at Yang Luo for explanation.

Yang Luo said, “King of Destruction is fine now. He’ll wake up in a while.”

“Really?!”

“F*ck, he’ll wake up in a while?!”

“Fourth Brother has been unconscious for three days. How can he wake up just like that?!”

Everyone present was very shocked.

Although they had all seen Yang Luo’s magical medical skills and Yang Luo had treated them before...

However, at that time, their injuries were far less serious than King of Destruction’s.

Hence, they were still a little skeptical of Yang Luo’s words.

Yang Luo did not explain further. Instead, he carefully observed the King of Destruction’s physical condition.

Another half an hour soon passed.

Yang Luo removed all the medicinal dregs from the King of Destruction's body.

The moment the dregs were removed...

Everyone present was stunned.

The crisscrossing wounds on King of Destruction's body had completely healed, and not even a scar was left!

Chapter 1203: To Country Esper!

Xu Ying, Bujie, and Prajna were still alright.

They had already seen Yang Luo's miraculous medical skills countless times.

However, the others got quite the shock from the visual impact.

As the group waited there...

"Cough, cough..."

Accompanied by a series of heavy coughs.

...

King of Destruction slowly opened his eyes.

“Alright, Fourth Brother is awake!”

“Fourth Brother is awake!”

“He’s really awake!”

Seeing King of Destruction wake up, everyone was excited.

King of Destruction was stunned for a moment before sitting up.

“F*ck! He can actually sit up?!”

King of Titans exclaimed.

The others were also shocked.

“Fourth, how are you feeling?”

King of Creation hurriedly asked.

“I feel much better...”

King of Destruction replied, then exclaimed, “I’m not dead?”

Sacred Prison King chuckled and said, “You really almost died.

However, fortunately, Brother Yang came in time and saved you.

“Otherwise, you’re really going to meet God.”

King of Destruction turned to look at Yang Luo.

Then, he quickly got off the bed and knelt on one knee towards Yang Luo, "Thank you for saving my life, Divine Emperor!"

"We're all brothers. There's no need to be so polite."

Yang Luo raised his hand to help the King of Destruction up, "Also, didn't I say that you don't have to call me Divine Emperor? Just call me Brother Yang."

"Yep!"

King of Destruction's eyes reddened as he nodded heavily.

Yang Luo smiled and said, "Go wash up first. We'll discuss the meeting in the hall later."

"Alright!"

King of Destruction responded.

Following that, Yang Luo left the room with the King of Creation and company and came to the hall on the first floor.

Everyone sat on the sofa.

The servants in the palace poured tea and coffee.

Not long after...

After washing up, King of Destruction came downstairs.

Seeing that King of Destruction had regained his spirit, everyone smiled.

After King of Destruction sat down.

Yang Luo started the conversation, "Since everyone is here, let's get down to business."

For a moment, everyone looked at Yang Luo with serious expressions.

Although everyone usually addressed Yang Luo as Brother Yang, everyone had long treated Yang Luo as the Divine Emperor of the Holy Imperial Court.

Yang Luo said in a deep voice, "Our Holy Imperial Court has always adhered to a principle, which is that we will not offend others unless they offend us!

But now, the king of the Country Esper, 'Esper Emperor' Ivanovka, had severely injured the King of Destruction and almost killed him!

Brothers, what do you think we should do about this?"

"What else can we do? Let's just kill our way over!"

"F*ck, how dare they hurt my brother? They have a death wish!"

"Even the Country Esper dares to bully us now!

If we don't teach them a lesson, more organizations will come looking for trouble with us in the future!"

Everyone roared.

“No matter who it is, if they dare to hurt my brother, they will have to pay the price in blood!”

Yang Luo said coldly, “I’ve decided to head to the Country Esper to seek justice from Ivanovka!

“Brothers, who is willing to go with me?”

Right after he finished his sentence...

Everyone present stood up!

Yang Luo turned to look at King of Creation and said, “King of Creation, these are troubled times. Our headquarters must be guarded by someone.

Therefore, I’ll have to leave the headquarters to you.”

“Alright.”

King of Creation nodded and said, “Brother Yang, it’s fine if you want to go, but you can’t go alone. You have to bring more people.

Bringing more people will not only intimidate the Country Esper, but they will also be able to deal with whatever happens in the future.”

Yang Luo nodded and said, “That makes sense.”

King of Creation said, “Then I’ll gather manpower now.”

An hour later.

On the seaside of the Divine Emperor Island.

Fifty warships were parked on the sea.

The battleship was filled with Holy Imperial Court's divine guards. There were more than 50,000 of them.

There were a total of 100,000 Divine Guards guarding the headquarters. Now, half of them had been mobilized.

Great flags were fluttering on the battleship.

One of the flags was embroidered with a golden sword that was surrounded by nine golden dragons!

This was the Holy Imperial Court's totem!

Yang Luo and the others boarded a main battleship.

King of Creation stood on the shore and said loudly, "Brother Yang, if there's anything, remember to contact me at any time!"

"Alright!"

Yang Luo nodded in response.

Then, Yang Luo waved his hand and shouted, "Let's go to Country Esper!"

"Let's go!"

Sacred Prison King and the others also shouted in unison.

Soon, the 50 battleships started moving at the same time, heading toward the Country Esper.

On the way to Country Esper.

Yang Luo asked Sacred Prison King, "By the way, where are Brother Xiang and the others going? Why didn't I see them at the headquarters?"

Sacred Prison King said, "Some of Second Brother and the others are busy with the Holy Imperial Court's affairs, while others are busy with their own matters.

Eldest Brother said that he didn't want them to be distracted, so he didn't tell Second Brother and the others about this."

"Oh..."

Yang Luo nodded in response.

King of Destruction walked over and hesitated before he spoke, "Brother Yang, are we going to attack the Country Esper this time?"

Yang Luo shook his head and said, "Of course not. If we attack the Country Esper now, I'm afraid it will affect everything.

With the Holy Light Church, Heavenly Shrine, Hell Fiend Palace, and the other three organizations joining in, the war would arrive early.

And now is not the time to start a war."

There was a pause.

Yang Luo continued, "This time, I'm just trying to intimidate the Country Esper. My real target is Ivanovka!

How he hurt you, I naturally have to return the favor!

Of course, if anyone dares to stop me, it's not impossible to kill a few of them to collect some interest!"

Hearing Yang Luo's words, King of Destruction heaved a sigh of relief.

He said bitterly, "If possible, I really don't want to fight with the Country Esper.

After all, I grew up there. There are my family and friends there.

Once the battle starts, it will definitely implicate them.

That's why I wanted to persuade Ivanovka not to join the Holy Light Church.

However, he has already made up his mind and is willing to submit to the three organizations and become their slave. I can't persuade him at all."

Yang Luo patted King of Destruction's shoulder and said, "You've already done what you should. As for other people's choices, we can't decide."

"Sigh..."

King of Destruction let out a long sigh, his eyes filled with sorrow.

They sailed for more than ten hours in one go.

Yang Luo and the others finally arrived at the territory of Country Esper in the South Atlantic.

Country Esper was made up of a large island and dozens of small islands.

There were many battleships docked on the shore, and there were patrols everywhere on the sea.

Due to the time difference, it was already nighttime.

At this moment.

Several small yachts were patrolling the sea.

The people on the ship were chatting.

A golden-haired man chuckled and said, "Let's go back!

Now that we've already sided with the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace, who would dare to find trouble with us?"

A brown-haired man smiled and nodded, "That's true. News of us joining the three top organizations has already spread throughout the Dark World!

Whoever dares to cause trouble at this time will have a death wish!"

"Guys, look! What's that?!"

At this moment, someone pointed at the sea in the distance and shouted in surprise.

The people on the yachts turned to look at the distant sea.

The sea in the distance suddenly surged, setting off tempestuous waves.

The steel warships were like ferocious beasts as they slowly passed through the darkness and appeared in everyone's field of vision...

Chapter 1204: Which Brother Is Willing to Fight!

"What's going on?! Why did so many warships suddenly barge in?!"

"The other party barged in without informing us. He must be an enemy!"

"Quick, inform the king and the others!"

The people on the yacht shouted in surprise. They quickly changed direction and drove towards the island.

Many people even used their special abilities to shoot dazzling beams of light into the sky to inform the people on the island.

The people on the observation platforms on the island also noticed that outsiders had barged in. All of them blew their horns.

...

All of a sudden, the entire Country Esper was alarmed.

At this moment.

Yang Luo and the others led 50 battleships and advanced toward the Country Esper.

All the ships that tried to stop him were knocked over.

Everyone on the ship were also killed by Yang Luo and the others.

Just as Yang Luo and the others were getting closer and closer to the Country Esper...

Fifty battleships came from the Country Esper.

The battleships were also filled with people. There were more than 50,000 of them, all Espers.

Standing on the battleship at the front was a tall and burly middle-aged man with a rough face and vicious eyes. He wore platinum armor, held a platinum sword, and wore a golden cloak.

The middle-aged man was the current king of the Country Esper, “Esper Emperor” Ivanovka.

Standing behind Ivanovka were ten old men in colorful robes.

These ten old men were the top ten guardian elders of the Country Esper.

After a while...

The two sides met on the sea two thousand meters away from the island.

Steel battleships lined up and stopped on the sea. They were akin to steel walls, extremely majestic.

The people on the battleship stood facing each other, their eyes incomparably cold.

Ivanovka looked up at King of Destruction and narrowed his eyes, “Marktum, I didn’t expect you to recover so quickly. Interesting.”

However, you're really bold. You actually dare to step back into our Country Esper. Do you really want to die?"

King of Destruction gritted his teeth and said, "Your Majesty, I still have to advise you not to join those three organizations. You won't have a good ending if you do this!"

"Shut up!"

Ivanovka roared and said, "Chaos is imminent in the Dark World. If we want to preserve the Country Esper, we must follow the strong!"

Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace are the three strongest organizations in the Dark World!

As long as we follow them, the Country Esper will be able to see a brighter future!"

King of Destruction gritted his teeth and said, "But the chaos in the Dark World was started by these three organizations!"

Those organizations that hoped for peace and stability will definitely join forces to fight against these three organizations!

These three organizations are destined to be destroyed. And if you join forces with these three organizations, what awaits you is only destruction!"

"Hahaha..."

Ivanovka threw his head back and laughed, "Marktum, what are you talking about?"

Who else could resist these three organizations now? Who could destroy them?

Rely on your Holy Imperial Court? Save it. Don't you know how weak your Holy Imperial Court is now?

Time will prove that my choice is the wisest!"

Right after he finished his sentence...

A mocking voice sounded.

"I originally thought that the famous Esper Emperor of the Dark World should be a tough man with backbone.

But now that I look at him, I realize that I'm thinking too much.

Although you and the Magic Monarch were both rulers of a country, the Magic Monarch would rather die standing than live on his knees.

But for you, in order to survive, you did not hesitate to bow down to others and be their servant.

In comparison, you're really too far away from the Magic Monarch."

"Who's talking? Come out!"

Ivanovka roared.

"Alright, stop shouting. I'm the one talking."

Yang Luo's expression was cold as he stepped out.

“You are...”

Ivanovka sized up Yang Luo and said in a mocking tone, “Oh... so it’s you, kid!

I heard that you have caused quite a commotion in the Dark World recently and are known as the new star of the Dark World!

However, kid, don’t think that you can point fingers at me just because you’re famous!

Who do you think you are!

Are you qualified?

Are you worthy?”

Yang Luo said indifferently, “If you want to be someone else’s dog, do as you please.

I really don’t have the right to point fingers at dogs.”

“Hahaha...”

Sacred Prison King and the others immediately burst into laughter.

Ivanovka’s face darkened.

The expressions of the ten elders and the other Espers turned cold.

“Young brat, you have a death wish for humiliating our emperor!”

A green-robed elder roared and rushed out!

He suddenly waved his right hand, and the power of his superpower instantly erupted!

“Vine Shadows fill the sky!”

In the blink of an eye!

Green vines as thick as bowls whizzed out like green pythons and headed straight for Yang Luo!

The moment the vines whistled over!

Yang Luo said loudly, “Which brother is willing to fight?”

“I’ll do it!”

Xu Ying and the rest spoke one after another, eager to make a move.

However, Purgatory Death God had already flashed out and waved the Death God Scythe in its hand that was longer than a person!

Swoosh!

In just an instant!

The vines that swept over were all cut off!

“F*ck, you beat me to it!”

Bujie raised his middle finger.

Seeing this, the green-robed elder waved his hand again!

“Greenwood Forest!”

Green logs condensed and took shape. One end of the logs was extremely sharp, like a drill!

After these huge trees condensed into form, they shot towards the Purgatory Death God from all directions!

Purgatory Death God did not dodge or retreat. He only waved the Death God’s Blade in his hand!

“Death God Storm!”

Black storms swept up and crushed in all directions!

Boom! Boom! Boom!

The huge trees that shot over were all shattered!

After crushing these huge trees!

Purgatory Death God turned into a black shadow and rushed towards the green-robed elder!

And the moment they got close...

Purgatory Death God soared into the sky and waved the Death God’s Blade in his hand, slashing at the green-robed elder!

The green-robed elder's expression changed as he waved his hand again!

"Greenwood as Shield!"

A huge green wooden shield instantly condensed and blocked in front of him!

Swoosh!

But the Death God's Blade directly cleaved apart the giant green wooden shield, and then heavily struck the elder's chest!

"Ah...!"

The green-robed elder let out a painful scream as a long and deep wound appeared on his chest. He was sent flying!

Just as the Purgatory Death God was about to continue attacking the green-robed elder!

A blue-robed elder rushed forward!

His body glowed with a blue light as he mobilized the superpower in his body and waved his hand!

"Arrow of Frost!"

Whoosh! Whoosh! Whoosh! Whoosh!

Countless blue ice arrows condensed into form and shot towards the Purgatory Death God!

“Let this Buddha teach you a lesson!”

Bujie shouted and rushed out first. He swung the Dragon-Mark Buddhist Staff in his hand and swept it out!

“Arhat Subduing Tiger!”

The golden staff crushed the void and the tiger’s roar shook the sky. It was really like an Arhat descending to the world and waving the staff!

Rumble!

A shocking explosion resounded in the sky!

With just one swing of the staff, all the ice arrows that shot over were destroyed...

Chapter 1205: We’re Brothers!

Seeing that his countless ice arrows were all destroyed!

The blue-robed elder stomped his foot and shouted!

“Frost Torrent!”

In an instant!

A torrent formed by the convergence of ice rushed towards Bujie!

Wherever the torrent of ice passed, everything was frozen!

...

The cold air that spread out made many people around tremble!

Bujie was not afraid at all. Instead, he held the Dragon-Mark Buddhist Staff in his hand and charged towards the torrent of ice!

As he approached...

Bujie gripped the Dragon-Mark Buddhist Staff tightly with both hands and smashed forward with all his might!

“Arhat Descending Dragon!”

With a swing of the staff, a mighty dragon roar sounded. The huge golden staff ruthlessly smashed into the torrent of ice!

Rumble!

The torrent of ice that was surging over was directly smashed away, turning into ice fragments that filled the sky and splattered in all directions!

The powerful impact from Bujie’s staff caused the blue-robed elder to retreat continuously. Blood was torn open on his body!

However, Bujie did not stop at all and continued to charge towards the blue-robed elder!

At this moment.

A red-robed elder rushed over with flames burning on his body!

He mobilized the superpower in his body and waved his right hand!

“Explosive Fireball!”

A red fireball condensed into form and charged towards Bujie!

“Ice Spike Chain!”

The blue-robed elder also waved his hand!

Countless icicles condensed into form and shot towards Bujie!

Ice and fire appeared at the same time, freezing the world and incinerating everything!

“Hahaha, it’s my turn!”

Lava Tyrant laughed maniacally and charged over. He twisted a huge fist made of lava and punched out wildly!

Boom! Boom!

Rumble!

This punch collided fiercely with the incoming fireball and countless ice spikes. Earth-shattering collisions and explosions resounded non-stop!

All kinds of energy and light waves rippled in all directions, dazzling and resplendent!

Bujie said unhappily, “Brother Lava, aren’t you being a busybody? I can beat the two of them alone!”

“Come on, you still want to fight two? Let’s each take one!”

After saying that, the Lava Tyrant charged towards the blue-robed elder.

Bujie charged towards the red-robed elder.

At the same time when Bujie, Lava Tyrant, and Purgatory Death God were fighting against the three elders!

A yellow-robed elder holding a huge hammer rushed over!

When this elder rushed over, his height began to increase continuously, and his body also began to grow. He directly increased from about 1.8 meters to nearly three meters!

“Haha, leave this guy to me!”

King of Titans laughed loudly and moved his thick legs. A large iron ball hung from his body. He held a huge axe and rushed towards the yellow-robed elder!

Just as he was about to approach!

The yellow-robed elder waved the huge hammer in his hand and smashed it at the King of Titans!

At the same time, King of Titans grabbed one end of the chain with his left hand and threw the big iron ball at the yellow-robed elder!

At that very moment...

DONG!

The solid iron ball and the huge hammer collided heavily, emitting a terrifying thunderclap!

Sparks flew in all directions and energy fluctuated. It was incomparably terrifying!

The yellow-robed elder was sent flying. His arm was numb from the shock, and the huge hammer in his hand was cracked!

King of Titans curled his lips and said, "Old fellow, you are not that good. Brother Yang can shatter my iron ball with his bare hands. You can't even block it with your weapon. You're too weak."

As he spoke, he continuously swung the large iron ball at the yellow-robed elder!

The yellow-robed elder was scared out of his wits and could only dodge continuously!

Boom, boom, boom...

The big iron ball smashed into the steel deck, creating huge pits on the deck!

Many Espers quickly retreated in fear!

Some Espers who did not manage to retreat in time were hit and spat out blood, dying on the spot!

After throwing it more than ten times in a row!

King of Titans threw the huge iron ball aside and charged at the yellow-robed elder with his huge axe!

“Storm Tornado!”

A gray-robed elder rushed over and created tornadoes that swept towards Yang Luo!

“Hmph!”

Dark Baron snorted and immediately formed a pair of black and red wings of light.

He condensed two blood-colored claws with both hands and grabbed out!

Again and again!

The tornadoes that swept over were directly torn apart, turning into chaotic turbulence that spread out!

But Dark Baron didn't stop at all. He flapped his wings and charged forward, reaching for the elder's head!

“Tornado Shield!”

The gray-robed elder reacted very quickly. He directly condensed a wind shield and blocked the sky!

Bang!

Dark Baron's claw landed heavily on the wind shield, and a thunderous sound was heard!

The wind shield was strong, but it started to crack under the Dark Baron's claws!

The gray-robed elder was shocked and quickly retreated!

Dong!

This claw missed and directly pierced a huge pit in the steel deck below!

Without any hesitation, Dark Baron dashed toward the gray-robed elder.

“Elders, attack together!”

Ivanovka waved his hand and the remaining elders charged at Yang Luo at the same time!

Sacred Prison King, the Goddess of Fate, and the others standing behind Yang Luo also moved at the same time to fight!

“All of you, attack together and kill them!”

Ivanovka gave another order to the other Espers.

“Kill!”

More than 50,000 Espers on the battleship attacked at the same time!

The more than 50,000 divine guards of the Holy Imperial Court also shouted and charged at the Espers!

A bloody battle immediately erupted!

“Water Stream Blast!”

“Lightning Snake Flurry!”

One of the two elders used his water-type superpower and the other used his lightning-type superpower to attack the Goddess of Fate and the Death Witch!

“Light Purification!”

“Fire of Death!”

Goddess of Fate and Death Witch launched a counterattack at the same time!

A dazzling white light shone out!

Streaks of black flames surged up!

Boom! Boom!

Rumble!

The sound of collisions and explosions rang out incessantly!

Not only did the Goddess of Fate and the Death Witch withstand the attacks of the two elders, but they also sent the two elders flying!

The two women’s expressions were cold as they continued to chase after the two elders!

Due to the huge commotion caused by the battle on the sea,

The citizens of Country Esper ran to the beach to watch the battle.

“Oh my god, what happened tonight? Why would someone attack the Country Esper?!”

“The Holy Imperial Court seems to be attacking us!”

“Hasn’t the Holy Imperial Court never attacked others at will? Why are they attacking us?”

“Marktum was severely injured by His Majesty. They’re probably here to avenge Marktum!”

“Oh my god, they won’t come to the island to kill, right?”

The people began to discuss among themselves. They were very nervous and worried.

At this moment.

On the distant sea.

Ivanovka stared at Yang Luo coldly and said in a deep voice, “Kid, what’s your relationship with these guys from the Holy Imperial Court? Why are they so protective of you?”

“We are brothers! King of Destruction is also my brother!”

Yang Luo replied loudly and continued, “And you, you dog, actually injured our brother and almost took his life!

I’m here to avenge my brother!”

“Revenge? You?”

Ivanovka snickered, “Kid, I’ve already mastered nine powers. Can you beat me? Can you take revenge?”

“Is nine Esper abilities that impressive?”

Yang Luo looked at Ivanovka indifferently and said, “We’ll see if I can beat you!”

Chapter 1206: Crushing Me Easily?

“You have guts, but it’s impossible for you to defeat me with just guts!

“I’ll let you know how big the gap between you and me is!”

Ivanovka yelled and dashed toward Yang Luo like a platinum stream of light!

Ivanovka was charging at them!

Yang Luo’s body shook!

A golden beam of light shot into the sky from his body, piercing through the clouds and illuminating the night!

...

Then, he raised his right hand and shouted!

“Sword, come!”

Whoosh!

Accompanied by the sound of a sword swing!

The Dragon Emperor Sword flew out of his storage ring and was held tightly in his hand!

Just as Yang Luo summoned the Dragon Emperor Sword!

Ivanovka had already closed the distance between them. He swung his platinum sword at Yang Luo!

Yang Luo only flipped his wrist and met the attack with his sword!

Clang!

The two swords collided with a crisp sound!

Flames shot out in all directions as energy surged and swept in all directions!

Rumble!

Although Yang Luo's body was not affected, the battleship under his feet could no longer withstand it and directly shattered into pieces!

The two of them landed directly on the sea from the battleship, creating huge waves!

After blocking Ivanovka's attack!

Yang Luo's right arm suddenly shook!

"Get lost!"

Accompanied by a clanging sound...

Ivanovka was sent flying!

He was sent flying dozens of meters away before he could stabilize his body.

“How... how is this possible?!”

Ivanovka looked at Yang Luo in a daze, “I’m already close to being on the Divine Ranking. How can I not crush you?”

Yang Luo sneered and said, “You said it yourself. You’re only close to being on the Divine Ranking, but you’re not one.

Since that’s not the case, it’s undoubtedly a fool’s dream if you want to crush me.”

Ivanovka flexed his arms and said, “Kid, don’t be so smug. I didn’t even use my full strength just now!

As long as I get serious, I can easily crush you!”

“Is that so?”

Yang Luo laughed mockingly and said, “Then what are you waiting for? Hurry up and get serious. Let’s see how easily you can crush me!”

“Then I’ll show you the power of a nine-element Esper!”

Ivanovka yelled and shuddered!

Dong!

A platinum beam of light shot up from his body and broke through the sea of clouds in the sky!

Behind his head, nine balls of light of different colors flashed. Each ball of light corresponded to a special ability!

Yang Luo nodded and said, "Yes, you look quite cool. I just don't know how your actual combat strength is."

As he spoke, Yang Luo's entire body shook as well!

Waves of even more majestic pressure and aura surged out from his body!

A golden dragon phantom also coiled around his body!

"Huh?!"

Ivanovka's pupils constricted, "You can still increase your aura?!"

"You're allowed to increase your aura but I'm not allowed to?"

Yang Luo smirked and dashed toward Ivanovka like a bolt of lightning!

"Kid, so what if your aura has increased? You're still no match for me!"

Ivanovka waved his sword proudly!

"Flaming Waves!"

A huge red fire wave instantly condensed and surged towards Yang Luo!

Waves of fire swept across the sea. The seawater evaporated in large quantities, turning into water vapor that soared into the sky!

Yang Luo was not afraid at all. Like a wild dragon, he directly used his body to knock away the fire wave!

Flames splashed everywhere before extinguishing in the sky!

Ivanovka was shocked. He didn't expect Yang Luo to disperse the fire wave with his body alone!

No wonder this kid could cause such a huge commotion in the Dark World recently. He was indeed not an ordinary person!

However, he still didn't think that Yang Luo was his match!

After all, he was an Esper Emperor, a nine-element Esper, and one of the most likely to enter the Divine Ranking!

"Freezing Heaven and Earth!"

Without hesitation, Ivanovka stomped his right foot into the sea!

Crack, crack, crack!

The sound of ice forming resounded!

With Ivanovka's foot as the center, the sea around him was frozen. Even the waves were frozen!

The ice crazily spread towards Yang Luo, trying to freeze him into an ice sculpture!

However, Yang Luo only trembled once again!

Golden flames spewed out of his body!

The ice covering the sea was instantly melted!

Large patches of white fog soared into the sky above the sea. It was incomparably spectacular!

“Purple Lightning Sword!”

Ivanovka raised the sword in his hand and shouted!

Whoosh! Whoosh! Whoosh! Whoosh!

Countless purple lightning swords condensed into form and descended from the sky, shooting towards Yang Luo!

Yang Luo didn't even look at the sky and only swung his sword!

Countless golden flying swords instantly soared into the sky and collided with the purple lightning swords!

Rumble!

Explosions that shook the nine heavens and the four seas resounded endlessly!

It was like fireworks blooming, incomparably gorgeous!

After blocking the lightning sword's attack!

Yang Luo was getting closer and closer to Ivanovka!

"Mountains of Earth and Stone!"

Ivanovka stomped again!

Rumble rumble rumble!

A 100-meter-tall gray mountain of earth and stone shot up in front of him!

Yang Luo directly soared into the sky. He gripped the Dragon Emperor Sword tightly with both hands and slashed down angrily!

"Break!"

Swoosh!

A huge golden sword tore through the night sky, shaking the void as it slashed fiercely at the earth and stone mountain!

In an instant!

Rumble!

The mountain was instantly split into two, turning into rocks that filled the sky!

Moreover, the sword continued to strike towards Ivanovka after splitting the mountain!

Ivanovka's expression changed drastically. He quickly raised his platinum sword to block the attack!

Clang! Clang!

An intense collision sounded!

In the end, Yang Luo's sword strike proved too heavy. It shook away the sword in his hand and struck his chest!

Ivanovka's protective energy shield was instantly cut open. His armor was cut open, and a long wound appeared on his chest!

"Ugh!"

He let out a painful cry and was sent flying again!

This time, he was sent flying a hundred meters away before barely stabilizing his body!

He looked at the 30-centimeter-long wound on his chest in a daze. When he saw the dripping blood, he was stunned!

He was the dignified Esper Emperor, a nine-elemental Esper, and the leader of the Country Esper!

Now, he was actually injured by a brat?!

"How is this possible?!"

The espers who were fighting fiercely and the people watching the battle on the island were dumbfounded.

“Oh my god, where did this kid come from? He’s actually so strong?!”

“Isn’t that so? Even our powerful king was injured by him!”

“The key is that all the moves that His Majesty the King used just now were resolved by this kid. It’s really unbelievable!”

“Could it be that His Majesty is no match for this kid?!”

Exclamations rose and fell.

Yang Luo stood on the sea and looked up at Ivanovka, “How about now? Do you still dare to say that you can crush me easily?”

“Also, tell me, how big is the gap between us?”

“You...”

Ivanovka glared at Yang Luo. He was so angry that his chest was heaving and his face was twisted.

Chapter 1207: Perfect Counter to Fancy Words!

After the battle, Ivanovka realized that Yang Luo was no weaker than him!

He thought that he could easily defeat Yang Luo, but he couldn’t!

“Young brat, don’t be so arrogant. The battle has just begun!”

Ivanovka let out an angry roar. Then, his body trembled as he unleashed another power!

In an instant!

Crack, crack, crack!

...

The sound of bones cracking could be heard coming from Ivanovka’s body!

Ivanovka’s body began to expand, and his muscles bulged. The armor on his body was completely shattered, revealing his strong upper body!

In less than a minute!

Ivanovka’s body had grown from two meters to four or five meters. It was a terrifying sight!

He was using the Berserker Esper ability, which could instantly strengthen his body and increase his strength explosively!

After strengthening his body!

“Kill!”

Ivanovka roared and swung his thick legs at Yang Luo like a heavy truck!

Yang Luo was not afraid at all. He took a step forward, crossed a hundred meters, and faced the battle!

In an instant!

Yang Luo and Ivanovka closed the distance and swung their swords at the same time!

Tang!

A huge golden sword and a huge platinum sword collided fiercely in the air with shocking momentum!

The two forces shook the sea and kept tearing it apart. The battleship on the sea also kept shaking and moving into the distance!

Ivanovka had thought that he would be able to defeat Yang Luo after his strength was boosted!

However, what shocked him was that he still was unable to crush Yang Luo!

Even though Yang Luo's body was several times smaller than his, Yang Luo's strength was not inferior to his!

Under this powerful collision!

Yang Luo took a few steps back from the impact!

But Ivanovka was sent flying again!

Without any hesitation, Yang Luo's figure flashed and he continued to pursue them!

As he approached...

Yang Luo turned around and slashed horizontally!

Ivanovka quickly raised his sword to block the attack!

Clang! Clang!

Ivanovka was sent flying, knocking over a battleship and crashing into the sea!

“Alright!”

“Good job!”

“Well done!”

Sacred Prison King and the others, who were fighting fiercely in the distance, raised their arms and shouted.

The other Espers were dumbfounded.

The king they were so proud of had actually been sent flying by a brat!

Just as everyone was in a daze!

Yang Luo had already appeared above Ivanovka and slashed down!

Ivanovka had no choice but to retreat in fear!

The moment Ivanovka left the area!

Dong!

The sword slashed down heavily!

A steel battleship was directly split into two!

A 300-meter-long chasm was formed in the sea!

This scene stunned everyone present!

Seeing that his sword strike missed!

Yang Luo continued to chase after Ivanovka!

Ivanovka was even angrier!

Not only would every move he made be resolved by this kid, but he would also be injured by this kid again and again!

Most importantly, his citizens were all watching. This made him feel embarrassed!

He gritted his teeth and suddenly waved the sword in his hand, continuously displaying powerful superpowers!

“Storm Blade, Fire Python Piercing Mountain, Thunder and Lightning, Frost Sword, Water Curtain Sky Burial!”

The wind blades and ice swords that filled the sky shot out!

Fire pythons roared and bit out!

Countless bolts of lightning struck out furiously!

Huge waves swept up!

Facing Ivanovka's attacks!

Yang Luo exclaimed, "I specialize in countering your fancy superpowers!"

As he spoke, Yang Luo gripped the Dragon Emperor Sword tightly with both hands and slashed forward with all his might!

"Destroy them all!"

Swoosh!

With a slash of his sword, a huge golden sword tore through the night sky and slashed heavily at the layers of attacks that attacked!

At that moment...

Rumble!

Accompanied by a series of shocking explosions!

The layers of attacks were destroyed by this sword!

The sword not only destroyed all the attacks, but also struck Ivanovka's chest heavily!

“Arghhhh!”

Ivanovka let out a blood-curdling scream as his huge body was sent flying again!

As he was sent flying, a large amount of blood splattered forth from his chest. The wound on his flesh was hideous and terrifying!

However, Yang Luo’s attacks did not stop there. Instead, he pounced forward and slashed out one sword after another!

He would definitely repay the pain that this fellow had brought to his brother!

“Ah! Ah! Ah...”

Ivanovka screamed in pain as more and more wounds appeared on his body. Blood gushed out uncontrollably!

After slashing more than a hundred times in a row!

Yang Luo stepped forward and punched Ivanovka’s face with his left fist!

Bang!

This punch solidly connected and directly shattered his nose bridge!

Ivanovka was sent flying again. He crashed into a battleship and fell into the sea!

However, Yang Luo’s attacks did not stop. Instead, he continued to chase after him!

“Ahhh!”

Ivanovka was utterly enraged. He rose to his feet and threw his head back and roared!

Waves of terrifying energy surged out of his body, washing in all directions like an avalanche!

Whoosh! Whoosh!

Boom! Boom! Boom!

Waves surged into the sky!

Several steel battleships were instantly destroyed!

But Yang Luo forcefully endured this energy and advanced!

“Young brat, I must kill you, kill you!”

Ivanovka roared and activated all the power in his body!

“Esper Avatar!”

With a roar!

Nine energy giants that were almost a hundred meters tall appeared in front of Ivanovka!

Nine giant avatars made of energy stood proudly between the sky and the sea, shocking everyone present!

“Go!”

Ivanovka brandished his sword!

The nine energy giants moved at the same time and rushed towards Yang Luo!

Seeing the nine energy giants charging over!

Yang Luo's body shook!

"Roar, roar, roar!"

Nine huge golden dragon phantoms roared out and ruthlessly collided with the nine energy giants!

In a flash!

Boom! Boom!

A series of earth-shattering collision sounds resounded!

After the first collision!

The nine golden dragon phantoms continued to collide with the nine energy giants!

Boom, boom, boom...

Every collision was so terrifying that it seemed to shake the entire Country Esper!

Seeing that the nine golden dragon phantoms could not destroy the nine energy giants, Yang Luo continued to use his killing move!

“Primal Heavenly Art!”

“Gonggong moves the river!”

“Zhurong Fire Shower!”

“Qiangliang Breaking the Heavens!”

“Six Paths Houtu!”

At that very moment...

The four ancient totems condensed into form and transformed into four Ancestral Magus illusions that charged forward fiercely!

In an instant!

Rumble!

The nine energy giants could no longer withstand it. They shattered and exploded one after another, turning into energy that filled the sky and surged in all directions!

The Ancestral Magus illusions and the golden dragon phantoms also exploded one after another!

However...

Two of the four Ancestral Magi did not explode!

Five of the nine golden dragon phantoms had yet to explode!

The remaining two Ancestral Mages and the five golden dragons continued to charge at Ivanovka with destructive power!

Chapter 1208: Walking to your Demise!

“What is this... What the hell is this?!”

Ivanovka kept waving his sword as if he had gone crazy. He tried to kill the two Ancestral Mages and the five golden dragons, but he couldn’t!

He could only retreat while condensing an energy shield to block!

At that very moment...

Boom! Boom!

The two Ancestral Magi and the five golden dragon phantoms collided heavily with his body!

...

“Pfft...”

He spat out a mouthful of blood and was sent flying like a cannonball.

This time, Ivanovka flew more than a hundred meters away and fell into the sea, causing waves to rise into the sky!

Blood dyed the sea red!

“Your Majesty!”

“How could His Majesty be beaten up so badly by this kid?!”

“No... This is impossible... This is impossible!”

The Espers who were fighting shook their heads vigorously, unable to believe what they were seeing.

Ivanovka was their king, the king among Espers. He was the strongest person and their faith.

But now, Ivanovka had been beaten up by a young kid. It was hard for them to accept.

The people on the island watched this scene in a daze, unable to say a word.

Sacred Prison King, King of Destruction, and the divine guards all looked at Yang Luo, their eyes filled with fanatical admiration!

This was their new Divine Emperor!

Even though Yang Luo was still very young!

However, he had already displayed his super strong commander ability and powerful strength!

Perhaps if he was given more time, he would really be able to enter the ranks of the Divine Ranking!

Under everyone’s gaze.

Yang Luo walked toward Ivanovka with the Dragon Emperor Sword in his hand.

But at this moment...

Ivanovka struggled to get up.

His entire body was left behind as he said with a ferocious expression, "Young brat, I haven't lost yet!!!"

As he spoke, he suddenly stabbed his sword into the sea!

"Nine Kills Heavenly Prison!"

At that very moment...

Beams of nine-colored light broke through the sea and soared into the sky, directly turning into a huge energy light prison, trapping Yang Luo inside!

Seeing that Yang Luo was trapped...

Ivanovka was overjoyed, "Young brat, you're trapped in my 'Nine Kills Prison'. Let's see how you're going to escape!"

"Is that so?"

Yang Luo sneered, "You want to trap me with this?"

As he spoke, Yang Luo took a step forward!

“ROAR!”

A huge golden dragon phantom roared out and ruthlessly crashed into the energy light prison!

Rumble!

The entire energy light prison shook violently, and cracks even appeared!

“This...!”

Ivanovka’s eyes widened. He didn’t expect Yang Luo to crack his energy cage with just one step.

“Don’t even think about coming out. I’m going to trap and kill you here!”

He roared and continued to mobilize energy into the energy light prison!

Numerous killer moves immediately erupted from the energy light prison and attacked Yang Luo!

Violent winds, flames, Thunder, ice, vines, rocks, and other things attacked Yang Luo together!

Countless beams of light and nine-colored light swords shot towards Yang Luo from all directions!

Yang Luo stood quietly in the middle of the energy light prison. He raised his left hand and spoke calmly.

“Flame Emperor’s World Burning Art...”

“Sky Burning Explosion...”

A golden fireball instantly condensed in his left palm!

Then, he pushed his left hand towards the sky!

The palm-sized golden fireball soared into the sky and expanded in the wind, instantly expanding by a hundred meters!

This dazzling and huge golden fireball was like the sun in the sky, attracting everyone's attention!

The golden fireball burned with raging flames, dispelling the darkness and illuminating the night sky!

The high temperature that spread made everyone not far away feel as if their bodies were about to be roasted. Their bodies were in pain!

Everyone was shocked and quickly retreated!

The next second!

Yang Luo closed the fingers on his left hand and said softly, "Explode..."

In an instant...

Dong!

The golden fireball in the sky instantly exploded!

The power of the explosion seemed like to could bring about the destruction of the world!

Endless golden flames surged in all directions from the explosion!

A large amount of seawater evaporated, and water soared into the sky, covering the sky!

Rumble!

The entire energy light prison could not withstand this huge explosion and directly shattered!

The surrounding steel warships were also instantly blown up!

Before the Espers on the battleship could escape, they died instantly!

“Arghhhh!”

Ivanovka, who was closest to the energy prison, let out a blood-curdling scream as he was blown away.

His body had been blown back to its original form. He was covered in blood, and there was no intact spot on his body.

Sacred Prison King, the King of Destruction, and the others were all dumbfounded, and their bodies could not help but tremble.

“Damn, this move is too terrifying. Brother Yang doesn’t seem to have used this move before?”

Sacred Prison King exclaimed.

“Compressing the power of fire in an instant and triggering an explosion is really shocking.”

King of Destruction sighed in admiration.

Purgatory Death God and the others were also puzzled.

After all, they had never seen Yang Luo use this move before.

Bujie waved his hand and said, “Brothers, calm down. This move was newly learned by Brother Yang. It’s extremely powerful.”

Everyone nodded in realization.

At this moment.

Yang Luo rushed out of the fire and came to Ivanovka. Then, he reached out his left hand and picked him up like a dead dog.

Then, Yang Luo flashed a few times and arrived on a battleship.

He slammed Ivanovka onto the deck.

Dong!

The entire battleship trembled, and the deck kept cracking.

Blood gushed out of Ivanovka’s mouth. He was half-dead at this point.

At this moment...

The battle had stopped.

Even their king had been ruthlessly defeated by others. Those Espers had completely lost their courage to fight.

Yang Luo exclaimed, “Brothers, report the results!”

“Killed five elders!”

“More than 20,000 Espers were killed!”

“Destroyed ten warships!”

Sacred Prison King and the others reported.

Yang Luo stepped on Ivanovka’s chest and said coldly, “Dog, did you hear that?”

Even if the Holy Imperial Court is weakened, the Country Esper can’t afford to provoke us!

However, don’t worry, I’ll spare your life!

I will let you see how our Holy Imperial Court will destroy the Holy Light Church, the Heavenly Shrine, and the Hell Demon Palace in the future!

I will let you know how stupid your choice today is. You will eventually accompany the Holy Light Pope, the Heavenly God Emperor, and the Hell Fiend Emperor to their demise!”

With that, Yang Luo kicked Ivanovka aside and went to the battleship where Sacred Prison King and the others were.

Yang Luo glanced at all the divine guards and waved his hand. “Brothers, let’s go!”

“Let’s go!”

Everyone raised their arms and shouted excitedly.

This battle could be considered a complete victory!

Soon, the 50 battleships started and turned around, heading towards the distant sea.

The people from Country Esper did not dare to stop them. They could only watch as Yang Luo and the others left.

Just as Yang Luo and the others left.

Ivanovka spat out a mouthful of blood and fainted.

“His Majesty the King is in a coma. Men! Men!”

“Go get the doctor! Hurry!”

The entire event location fell into chaos.

Chapter 1209: To the South Pole!

Although this battle in Country Esper was not considered a huge battle, it still caused a huge earthquake in the Dark World.

“Have you heard? The Country Esper was attacked. Five elders died, and more than 20,000 people died. The Esper Emperor was severely injured, and his fate is unknown!”

“Of course I’ve heard of it. It’s said that the Holy Imperial Court was the one attacking the Country Esper. All the Divine Kings had been mobilized, and even that kid called Yang Luo is among them!”

“It seems that the one who injured the Esper Emperor was Yang Luo. That kid’s strength is getting stronger and stronger!”

“The Country Esper has already sided with the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace. Yet, the Holy Imperial Court still dares to attack the Country Esper. They’re clearly going against the three organizations!”

“However, even though the Holy Imperial Court is weak now, it’s still not someone ordinary people can provoke. After all, it was once the number one in the underworld!”

...

All the major organizations in the Dark World were discussing this matter.

There were also many people investigating why this battle had started.

The next night.

Holy Imperial Court.

In the cafeteria.

Yang Luo and the others were drinking and chatting.

King of Titans gulped down a mouthful of wine and laughed loudly. “The battle was f*cking satisfying!”

Lava Tyrant also chuckled and said, “Country Esper really thought that they could look down on everyone just because he has a powerful backer. He even dares to look down on the Holy Imperial Court. He really has a death wish!”

Sacred Prison King pursed his lips and said, “The Country Esper has suffered heavy losses this time. They probably won’t dare to jump around blindly in the future.”

King of Creation raised his wine glass and said loudly, "Brothers, I congratulate you on a great victory. Cheers!"

"Cheers!"

Yang Luo and the others raised their glasses.

After drinking...

Yang Luo said, "Brothers, we gave the Country Esper a good beating this time. I'm worried that the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace will find trouble with us.

Therefore, everyone has to be careful and be on guard against these three organizations at all times."

"Yes!"

Everyone nodded.

King of Creation then said to Yang Luo, "Brother Yang, can you stay in our Holy Imperial Court for a few more days?"

"I'm afraid that won't do."

Yang Luo shook his head and said, "I'm going to leave tomorrow and find a suitable place to start the next round of cultivation."

"Is it that urgent?"

King of Creation looked helpless.

King of Destruction also said, "Brother Yang, stay for a few more days. Our brothers can't bear to part with you."

Goddess of Fate also looked at Yang Luo, her eyes filled with reluctance.

She originally wanted to accompany Yang Luo for a few more days.

Yang Luo sighed and said, "I also want to spend more time with everyone, but time is tight now. I have to increase my cultivation and strength as soon as possible.

After all, the challenges in the future are too difficult and there are too many enemies to face.

Therefore, everyone has to improve themselves as soon as possible."

King of Creation and company nodded and stopped persuading him.

What Yang Luo said was the truth.

Chaos was imminent in the Dark World, and they didn't have much time left.

The next morning.

Yang Luo and the others were having breakfast in the dining room.

After breakfast...

Everyone arrived at the airport.

Yang Luo spoke to King of Creation and company, “Brothers, contact me at any time if there’s anything. Everyone, take care!”

“Take care!”

King of Creation and company nodded heavily.

Then, Yang Luo, Xu Ying, Bujie, and Prajna boarded the private plane and flew to Country Kangaroo.

Bujie asked curiously, “Brother Yang, why are we going to Country Kangaroo?”

Yang Luo said, “We’re just going to Country Kangaroo first, then take a boat to the South Pole.”

“Ah?”

Bujie was shocked, “We’re going to the South Pole?!”

Prajna was also a little stunned, “Brother Yang, aren’t we going to find the ruins of an ancient civilization?”

Yang Luo said, “At first, I planned to search for the ruins of the Atlantean civilization.

However, I discovered that there is no definite place at all for the ruins of the Atlantis civilization.

Some said that it was in the desert, some said that it was at the bottom of the sea, and some said that it was below the Antarctic continent.

Therefore, after some consideration, I decided to go to the South Pole to cultivate.

The South Pole is the polar point of the Earth. It has the least pollution, so the spiritual energy is definitely abundant.

That place should be a good choice.

Of course, it would be even better if we can find the location of the Hidden Alliance there.”

Bujie smacked his lips and said, “Alright, then let’s go to the South Pole to take a look!”

After flying for more than ten hours, they finally arrived at the Tower City Airport in Kangaroo Country.

Tower City was the smallest state in Country Kangaroo. It was also very close to the South Pole.

After walking out of the airport...

Yang Luo and the others had dinner on the street. Then, they rented a medium-sized luxury yacht and headed straight for the South Pole.

The closer they got to the South Pole, the colder they felt.

Fortunately, Yang Luo and the others were all cultivators and had True Qi to protect their bodies, so they could withstand the extremely cold temperature.

After driving for an unknown period of time, Yang Luo and the others finally arrived at the South Pole.

As far as the eye could see, there was a snow-white continent in the distance. Glaciers rose and fell continuously, looking majestic.

Due to the seasons, the Antarctic was currently at the polar day. There was no night, only day.

After driving for another half an hour, the yacht finally docked.

Yang Luo and the others also jumped onto the shore.

Xu Ying said, "Although the temperature here is cold, the spiritual energy is very abundant. It is much more abundant than other places in the world."

Yang Luo spread out his divine sense and sensed for a moment. Then, he pointed ahead and said, "The closer we are to the center of the continent, the more abundant the spiritual energy is!

Come, let's go over!"

"Alright!"

Xu Ying and the other two nodded.

Then, Yang Luo and the others sped up and rushed towards the center of the continent.

After running for a few hours, Yang Luo and the others arrived at an iceberg in the center of the continent and climbed to the top of a tall mountain.

Bujie looked around and asked curiously, "Didn't you say that the headquarters of the hidden alliance is on the South Pole Continent? Why can't we find anything?"

"There must be some kind of barrier set up. If there's no one leading, we won't be able to discover it at all."

Yang Luo replied and said, "Forget it, let's not talk about this anymore. Let's hurry up and start cultivating!"

"Yep!"

Xu Ying and the other two nodded.

Yang Luo quickly set up a Spirit Gathering Array nearby and began to cultivate.

Xu Ying, Bujie, and Prajna also began to cultivate.

After cultivating for five days in a row.

“Phew...”

Yang Luo let out a long breath and slowly opened his eyes.

What made him depressed was that after cultivating for five days, although his cultivation level was very close to the late-stage Dao Convergence realm, he was still unable to step into it.

It seemed that the further he progressed, the more difficult it would be to increase his cultivation. It would not be as easy as before.

Fortunately, he was only a step away from the late-stage Dao Convergence realm. He only needed an opportunity to break through.

Yang Luo glanced at Xu Ying and the other two who were focused on cultivating. He didn't disturb them but quietly left the place.

After leaving this place, Yang Luo found a hidden valley and prepared to start cultivating.

Since he couldn't improve his cultivation, he had to make the best use of his time to cultivate the Primal Heavenly Art and the Flame Emperor's World Burning Art.

Now, he had cultivated up to the fourth diagram of the Primal Heavenly Art.

He had only cultivated the Flame Emperor's World Burning Art to the third level.

He had to continue cultivating and strive to have more killing moves.

In the following period of time...

Yang Luo maintained his absolute focus and began to cultivate these two techniques...

Chapter 1210: Ice Soul Queen, Heavenly Fire Battle God!

In the blink of an eye, another three days passed.

Suddenly...

Rumble rumble rumble!

The mountain where Xu Ying, Bujie, and Prajna were at began to shake violently!

The ground shook as well. Ice and snow flew everywhere, and a storm swept through!

And right on the heels of that...

...

Boom! Boom! Boom!

Three beams of light shot into the sky from the three of them, piercing through the clouds!

After a long while.

When the mountains stopped shaking and the light dissipated, Xu Ying and the other two slowly opened their eyes.

“Hahaha...”

Bujie laughed heartily and said, “Good, good. My cultivation has finally stepped into the perfected Martial King Realm. I’m only one step away from the Martial Emperor Realm!”

“I’m still one step away from becoming a Martial Emperor.”

Xu Ying said calmly with determination in his eyes.

Prajna also said excitedly, “Brother Xu, Brother Bujie, my cultivation has also stepped into the middle-stage Martial King Realm. I’m almost catching up to you!”

Bujie encouraged, “Sister Prajna, you can do it!”

“All the best!”

Xu Ying encouraged her.

“Ok!”

Prajna nodded.

“I wonder if Brother Yang’s cultivation has broken through?”

Bujie muttered and then turned to look at the mountain where Yang Luo was, “Hmm? Where is Brother Yang?”

Xu Ying and Prajna hurriedly looked over and realized that Yang Luo was gone.

Bujie scratched his head and said, “That’s strange. Aren’t we cultivating together, Brother Yang? Why is he gone?”

Xu Ying frowned, “Hurry up and look for him!”

Just as Xu Ying and the other two were about to start searching...

Dong!

A loud bang came from afar!

Xu Ying and the other two turned around.

Thousands of meters away, a huge flame soared into the sky from a valley. It was a spectacular sight!

“Brother Yang is there!”

Bujie’s face lit up, “Let’s go, let’s hurry over!”

Then, the three of them leaped over the mountains and crossed thousands of meters before arriving at the valley.

The three of them arrived at a huge mountain and looked up. They saw Yang Luo sitting cross-legged in the valley cultivating.

At this moment.

Yang Luo's body was burning with blazing flames. His hands were moving in the air as he practiced.

The ice and snow around him had already melted in large quantities, forming small rivers and lakes.

Prajna said, "So Brother Yang was worried about disturbing us, so he came here alone to cultivate."

Bujie and Xu Ying nodded and didn't disturb him.

After a while.

The flames on Yang Luo's body gradually dissipated.

Then, ancient totems started appearing above his head.

A total of four totems quickly condensed into form.

These four totems corresponded to Gonggong, Zhurong, Qiangliang, and Houtu.

However, not long after these four totems condensed into form...

The fifth green totem slowly formed.

This totem represented the Wood Ancestor of Sorcery, Goumang.

Bujie could not help but exclaim, "Brother Yang has already learned the fifth diagram. He can even condense a totem!"

Xu Ying and Prajna were also shocked.

They clearly knew that the cultivation technique that Yang Luo cultivated was very powerful. They had seen its power in battles before.

Previously, Yang Luo had only been able to condense four totems and transform into four Ancestral Magi.

They did not expect Yang Luo to be able to condense five totems now.

But at this moment...

“Hah!”

Yang Luo suddenly let out a loud shout and suddenly opened his hands!

Under the watchful eyes of Xu Ying and the other two!

The sixth golden totem began to slowly condense!

“What?!”

Bujie’s eyes almost popped out, “Brother Yang can actually condense the sixth totem?!”

Prajna said excitedly, “As expected of Brother Yang... He’s really amazing!”

Xu Ying stared at the golden totem with admiration.

After a few minutes.

This golden totem completely condensed into form.

It represented the Metal Ancestral Magus Rushou!

The “Primal Heavenly Art” that Yang Luo was currently cultivating was only an incomplete piece. There were only six diagrams.

In other words, Yang Luo had already completely learned these six diagrams. He could condense the six totems and transform into the six Ancestral Magi.

At this moment.

The six totems floated above Yang Luo’s head, shining with all kinds of dazzling lights.

Just as Yang Luo was about to transform into the illusions of the six Ancestral Magi!

Suddenly!

Dong!

A loud explosion sounded in the sky!

“What’s that sound?!”

Xu Ying and the other two looked up at the sky.

A glazed light flashed in the sky.

In the next second...

“Howl!”

Accompanied by an explosion!

A white cheetah rushed out of thin air. Its agile figure streaked across the sky and landed steadily on a mountain not far away.

This cheetah was more than two meters long and its entire body was snow-white. Its smooth fur was like white silk, and its eyes were suffused with a dark blue light. It looked mighty and extraordinary.

There was a woman sitting on the white cheetah.

The woman was dressed in black and had snow-white skin. Her long ice-blue hair was casually draped over her shoulders, revealing a cold and heroic face.

She carried an ice-blue longbow on her back and held an ice-blue spear in her hand. She looked very heroic.

Xu Ying, Bujie, and Prajna were dumbfounded.

Just as they were wondering where this woman had come from...

Yang Luo also dispersed the six totems. He stood up and looked at this woman, frowning slightly.

At this moment.

“Eudora, I told you to wait for me. Why are you running so fast!”

A man's voice was heard.

In an instant!

Dong!

Another explosion sounded in the sky!

“ROAR!”

Another roar resounded through the sky!

Yang Luo and the others looked up at the sky.

A red lion carrying a man rushed out of thin air and landed steadily on a tall mountain beside the woman.

This lion was very huge, bigger than the white cheetah that the other woman was riding.

Moreover, the lion's fur was completely red, like burning flames.

Sitting on the lion was a tall and burly man with bronze skin.

The man held a long saber in his hand. He had a handsome face and a flame pattern between his eyebrows. He looked very mysterious.

For a moment, the event location fell silent.

Just as Yang Luo and the others sized up the couple...

This man and woman also sized up Yang Luo and the others.

Yang Luo was sure that this man and woman were definitely not ordinary people. They were probably experts.

He just didn't know if this couple was friend or foe.

After a moment of silence.

The woman raised the spear in her hand and pointed it at Yang Luo and the others. She said in a loud voice, "Who exactly are you? Why did you come to the Antarctic Continent?"

Yang Luo replied, "Miss, my name is Yang Luo. These three are my friends, Xu Ying, Bujie, and Prajna.

We are only here to cultivate.

I wonder who you are?"

"Your name is Yang Luo?"

The woman narrowed her eyes and asked.

That man also stared at Yang Luo closely.

Yang Luo nodded and said, "Yes, I'm Yang Luo. What's wrong?"

The woman said proudly, "My name is Eudora, and I am titled 'Ice Soul Queen'!"

“My name is Gaui, and I’m titled ‘Heavenly Fire Battle God’!”

The man also said loudly.

“Oh...”

Yang Luo nodded in realization and said, “You should be from the Hidden Alliance, right?”
