

## **Super IDG 1271**

Chapter 1271: Imperial Jade Seal!

“The sky hasn’t collapsed yet. Why are you panicking?!”

Ferrand shouted coldly, “Speak, what happened?”

Grave hurriedly replied, “Mr. Ferrand, not long ago, Buckingham Palace was attacked!

Almost all of the 3,000 royal knights guarding Buckingham Palace have been killed!”

“What?!”

Ferrand immediately sat up and exclaimed, “Is what you said true?!”

“It’s true!”

Grave agreed and said anxiously, “Buckingham Palace is in chaos now. I’m bringing people to reinforce them!”

“D\*mn it!”

Ferrand roared angrily and asked, “Who on earth has the guts to break into Buckingham Palace?!”

Grave replied, “It seems to be a group of Chinese who broke into Buckingham Palace!”

“So it’s those dogs!”

Ferrand frowned and asked, “What do they want?”

Grave said, “It’s said to be to get their treasure back!”

“Bitch!”

Ferrand cursed angrily and said fiercely, “Back then, they couldn’t protect their treasures and we took them. Now, they still dare to snatch them. They have a death wish!”

Then he asked, “How many people broke into Buckingham Palace?”

Grave said in a trembling voice, “I think... I think there are only nine people...”

“What?! Nine people?!”

Ferrand’s expression changed drastically, and his voice changed, “Bullsh\*t, how can there only be nine people?!”

There are more than 3,000 royal knights guarding Buckingham Palace. How can nine people break in?!”

Grave said helplessly, “Mr. Ferrand, what I said is true. There are really only nine people!

It was said that these nine people were not ordinary people. They are all very powerful!

Even 3,000 royal knights was unable to stop them!”

“F\*ck!”

Ferrand gritted his teeth and said, “Looks like they’ve sent a true expert over this time!”

Grave continued, “Mr. Ferrand, what should we do now?

Those nine people can even kill a Platinum Knight Commander. I'm afraid we can't kill them alone!"

Ferrand said fiercely, "Think of a way to hold them back first!

I'll contact the Dark Judgement Group and get them to send people to support you!"

"Yes!"

Grave agreed.

After hanging up.

Ferrand was no longer sleepy.

The attack on Buckingham Palace and the extermination of more than three thousand royal knights was a monumental event.

If things went wrong, it might cause panic among the citizens.

He had to quickly resolve this matter and quietly kill those nine fellows.

Thinking of this...

He picked up his cell phone and made a call.

The phone rang for a while before it was picked up.

“Mr. Ferrand, why are you calling me so late at night?”

A hoarse voice was heard.

Ferrand said respectfully, “Good evening, Chief Judge. There’s an urgent matter that I need to trouble your Dark Judgement Team to handle!”

“What is it regarding?”

The other party asked indifferently.

Ferland said, “Not long ago, nine Chinese people barged into our Buckingham Palace!

They had almost wiped out the 3,000-odd royal knights guarding Buckingham Palace in order to snatch the treasures from the royal treasury!

Therefore, I hope that you can quickly send people to support the royal knights. You must kill those nine fellows!"

The man on the other side was clearly shocked, "Nine people can break into Buckingham Palace. It seems that these nine fellows are all true experts!"

Ferrand said, "Therefore, we can only ask your Dark Judgement Team to take action!"

The other party said, "Don't worry, leave this matter to us!

We won't let these nine fellows leave Country Oxford alive!"

"Alright, then I'll leave it to you!"

Ferland replied and hung up.

After the call.

Ferrand made a few more calls.

These calls were made to the higher-ups of Country Oxford.

After making the calls,

He got out of bed and started to put on his clothes.

At this moment.

The two beauties on the bed also woke up.

“Honey, why aren’t you sleeping at night? Where are you going?”

“Is something wrong?”

The two beauties asked curiously.

Ferrand smiled and touched the faces of the two women, "It's just a small matter. I'll take care of it in no time. Go back to sleep."

With that, Ferrand hurriedly left the room and headed for the meeting room on the top floor...

...

At this moment.

Buckingham Palace.

Royal Treasury Building.

Yang Luo and the others walked up from the first floor and put all the most valuable treasures into their storage rings and spatial necklaces.

It was only when the storage ring and spatial necklace were almost full that Yang Luo gave up on choosing treasures.

After that, Yang Luo and the others arrived at the top floor.

He saw a shelf at the center of the top floor. On the shelf was a jade seal covered by a transparent glass cover.

This jade seal was made of Lantian Jade. It was four inches in radius and had five dragons coiled around it. One corner was damaged and embedded with gold.

The front was engraved with the words “Accepting the Heavens, Longevity Eternal”.

It emitted a bedazzling light under the light.

Furthermore, Yang Luo could clearly sense that this jade seal contained boundless spiritual energy and dragon qi.

“Brother Yang, is this the heirloom seal?!”

Bujie asked excitedly.

Zhuge Changfeng frowned and said, “This can’t be a replica, right?”

Yang Luo said, “This is the real heirloom seal, not an imitation!”

Bujie said excitedly, “Holy sh\*t, we found the real Imperial Jade Seal?!”

Lan Xiaomeng also said excitedly, “Then what are we waiting for? Hurry up and take it away!”

Yang Luo nodded, opened the glass cover, and picked up the heirloom seal.

However, the moment he picked up the Imperial Seal, he immediately felt a sense of familiarity!

Could it be that he felt a sense of familiarity because the Imperial Jade Seal contained dragon qi?

After all, the cultivation technique he cultivated, the Nine Heavens Dragon Taming Technique, was related to dragons. His body also contained majestic dragon qi that flowed with the blood of a true dragon.

Moreover, when he held the Imperial Seal in his hand, he could feel the abundant spiritual qi and dragon qi inside!

Without a doubt, this was the true Imperial Seal!

The spiritual energy and dragon qi accumulated by the heirloom seal for more than a thousand years could not be replicated!

Bujie hurriedly said, "Brother Yang, let me take a look at our country-protecting divine artifact!"

Yang Luo retracted his thoughts and handed it to Bujie.

Bujie took a closer look and smacked his lips, "The workmanship is quite exquisite, but why can't I feel the divine power inside?"

Lan Xiaomeng said happily, "Let me see, let me see!"

Bujie handed it to Lan Xiaomeng.

Lan Xiaomeng took the Imperial Jade Seal and looked at it a few times. She curled her lips and said, "Hey, isn't this just a jade stone that contains spiritual aura? It doesn't seem to be anything special."

After that, Xu Ying and the others took a closer look at the Imperial Seal, but they didn't find anything out of the ordinary.

Yang Luo smiled and said, "Since this Imperial Jade Seal is a divine artifact, it must be extraordinary.

Moreover, this Imperial Jade Seal will play a key role in setting up the Heaven and Earth Origin-Returning Array."

As he spoke, he put the Imperial Seal into his storage ring.

Tian Zhen frowned and said, "That's strange. Where is the Jizhou Cauldron in the Great Yu Nine Cauldrons? Why don't I see it?"

Feng Lengyue also said, "It's indeed very strange. We've searched all ten floors, but we can't find the Jizhou Cauldron."

Yang Luo glanced around and said, "Since the Dragon General said that the Jizhou Cauldron is here, it can't be wrong!"

As he spoke, he directly spread out his divine consciousness and sensed the entire building.

Only a few moments passed,

He felt the faint spiritual qi and dragon qi coming from the first floor.

Yang Luo opened his eyes and pointed at the first floor, "It's down there!"

Chapter 1272: See Them if Alive, their Corpses if Dead!

"Down there?!"

“That’s not right. We came up from below just now. Why didn’t we find the Jizhou Cauldron?”

Bujie and the other eight were puzzled.

Yang Luo didn’t say anything and hurried downstairs.

Bujie and the other eight followed suit.

Soon, Yang Luo and the others arrived at the hall on the first floor.

“Brother Yang, where is the Jizhou Cauldron?”

Lan Xiaomeng hurriedly asked.

Yang Luo walked to the center of the hall and pointed down, “It’s underground!”

“Ah?! Under the ground?!”

“Could there be a basement in this building?!”

Everyone looked surprised.

Yang Luo said loudly, “Everyone, move aside!”

Xu Ying and the others didn’t know what Yang Luo wanted to do, but they still retreated.

After Xu Ying and the others left.

Yang Luo suddenly waved the Dragon Emperor Sword in his hand and slashed at the ground!

In an instant!

Rumble!

The Dragon Emperor Sword struck the ground heavily, causing the entire building to tremble!

The next second!

The firm and heavy ground cracked and collapsed!

Rocks fell and dust filled the air!

After the dust settled,

Everyone gathered around.

They could all see a huge space below. The surroundings were made of super alloy and emitted a cold light. Clearly, it was a basement specially built.

In the center of the basement was a high platform with a bronze cauldron on it.

“Could that be the Jizhou Cauldron?!”

Bujie pointed at the bronze cauldron and exclaimed.

“It should be!”

Yang Luo replied and jumped down.

Bujie and the others also jumped down.

They arrived at the basement.

Yang Luo and the others climbed up the steps and arrived in front of the bronze cauldron.

The cauldron was 18 feet tall (over five meters), with two ears and four legs. The walls of the cauldron were engraved with exquisite patterns of mountains, rivers, flowers, birds, and beasts. There were also many ancient words engraved on it.

The entire cauldron revealed the vicissitudes of time.

Yang Luo narrowed his eyes and said, "The people of Oxford placed the heirloom seal at the top of the treasure vault and placed the Jizhou Cauldron at the bottom of the treasure vault.

One of them symbolized the sky, and the other symbolized the ground. They constructed a 'heaven, earth, qi, feng shui layout' that could gather the luck of Country Oxford to a large extent.

It seems that the people of Oxford must have hired a Feng Shui master from the Asia Region to set up this Feng Shui layout."

Feng Lengyue's expression changed. She also reacted and said in shock, "It really is the Heaven and Earth Feng Shui Formation!"

I actually couldn't tell just now!"

Zhuge Changfeng sighed and said, "Brother Yang's attainments in Feng Shui Mystic Techniques have indeed reached the pinnacle of creation. You can actually see through this Feng Shui layout at a glance."

Both Lengyue and I are still far behind.”

Tian Zhen frowned and said, “Could it be that they hired a feng shui master from Country Hua to set up the Feng Shui layout?”

“Holy shit!”

Bujie instantly exploded in anger, “Could it be that a Feng Shui master has become a traitor?”

“It might not have been set up by our feng shui master.”

Yang Luo shook his head and said, “Many countries in the subregion have feng shui masters. For example, the top Onmyojis in Country Sakura can set up such a feng shui layout.”

“I see.”

Tian Zhen and the others nodded in realization. They felt that what Yang Luo said made sense.

“Brother Yang, can you understand the words on it?”

Feng Lengyue looked at the words carved on the bronze cauldron and asked.

Yang Luo shook his head and said, “I’m afraid these are ancient words. I can’t understand them either.”

“Brother Yang, is this bronze cauldron the real Jizhou Cauldron?”

Zhuge Changfeng asked.

Yang Luo did not answer immediately. Instead, he raised his palm and placed it on the cauldron wall.

He immediately sensed the rich spiritual qi and dragon qi contained in this bronze cauldron.

He even vaguely felt a mysterious and terrifying power.

This power made his heart palpitate.

A few minutes later...

Yang Luo removed his hand and said, "I can confirm that this is the Jizhou Cauldron of the Great Yu Nine Cauldrons!"

"Great, that's great!"

Bujie laughed out loud, "The Imperial Jade Seal and the Jizhou Cauldron, the two country-protecting divine artifacts have been found by us!"

We have successfully completed this mission!"

Yang Luo rolled his eyes at him and said, "Don't be in a hurry to be happy. We've caused a scene here. I'm afraid the higher-ups of Country Oxford have already been alarmed.

They will definitely send experts to surround and intercept us.

Therefore, before we leave Country Oxford, we won't be able to complete the mission successfully."

Bujie waved his hand and said, "Sigh, I don't think there are any experts in Country Oxford. Wouldn't it be a waste for us to kill our way out?"

At this moment.

A voice came from outside.

“Where did those nine go? Why don’t I see anyone?”

“The Royal Treasury Building seems to have been opened. Could they have run inside?”

“Quickly go over and take a look. The higher-ups have ordered us to kill those nine fellows at all costs!”

Upon hearing this voice...

The faces of Yang Luo and the others instantly turned cold.

“D\*mn their mothers!”

Bujie picked up the Dragon-Mark Buddhist Staff, “These dogs are quite fast!”

Yang Luo said in a deep voice, “Everyone, get ready. Hurry up and evacuate this place!”

“Yes!”

Everyone nodded in agreement.

Then, Yang Luo reached out with his left hand and grabbed the bottom of the cauldron, forcefully lifting it up.

One had to know that this bronze cauldron was more than five meters tall and weighed a few tons. However, Yang Luo raised it with one hand.

Bujie said in admiration, “In ancient times, there was an Overlord lifting a cauldron. Today, Brother Yang is lifting a cauldron with one hand. Awesome!”

Yang Luo raised the cauldron and put it into his storage ring.

Fortunately, he had left an empty space in advance. Otherwise, there would really be no place to put such a huge thing.

Then, Yang Luo and the others stomped on the ground and jumped out of the basement.

When they rushed out of the building.

A series of angry roars sounded.

“There are nine of them. Kill them!”

“We must stop them. Don’t let them escape!”

A large group of royal knights charged over. There were more than a thousand of them.

“Brothers, charge out!”

Yang Luo roared and took the lead to charge forward!

Xu Ying and the others also moved at the same time and charged forward!

A chaotic battle broke out again!

Yang Luo could also guess that the upper echelons of Country Oxford had probably been alarmed and would send more people to support them!

Therefore, they had to leave this place as soon as possible and rush to Lun City Harbor!

As long as they went to the sea, someone would come to pick them up!

Thinking of this...

Yang Luo directly used a large-scale killer move!

“Ten Thousand Swords Break Through the Sky!”

He suddenly waved the Dragon Emperor Sword in his hand!

Whoosh! Whoosh! Whoosh! Whoosh!

Countless golden flying swords immediately tore through the air and shot towards the royal knights!

Puff! Puff! Puff!

A large number of royal knights who were charging over were pierced through before they could even get close and fell into a pool of blood!

At the same time as he swung his sword!

Yang Luo’s entire body shook again as he roared!

“Sea of Purgatory Fire!”

Whoosh! Whoosh!

Fierce golden flames spewed out of his body and surged towards the royal knights!

“Ahhhh...”

Miserable screams resounded in the night sky.

The royal knights were either killed by the flying swords or burned to a crisp by the flames. It was a tragic sight.

With just two killing moves, more than half of the royal knights had been killed!

Yang Luo charged at the front and created an opening!

“Brothers, let’s go!”

He shouted and led Xu Ying and the rest to escape towards the outside.

“Chase after them! Don’t let them get away!”

“The higher-ups have ordered us to bring them if they’re alive, or the corpses if they’re dead!”

“Kill!” “Kill!”

The remaining hundreds of royal knights roared and chased after them.

Chapter 1273: Killing the Intruders!

Hundreds of royal knights chased after them relentlessly!

There were also many royal knights blocking the way ahead!

These royal knights seemed to have gone crazy as they continuously attacked Yang Luo and the others. It was as if they were determined to kill Yang Luo and the others here!

“Those who block the way, die!”

Yang Luo roared. With the Dragon Emperor Sword in hand, he led the way and killed all the royal knights blocking the way!

Xu Ying and the rest killed the royal knights who were chasing after them.

At this moment, Yang Luo and the other three seemed to have transformed into the grim reaper of hell, the unparalleled grim reaper. They killed crazily and advanced forward!

Corpses fell one after another, and large amounts of blood splattered in the air!

The surrounding buildings also collapsed one after another. Rocks flew everywhere, and dust swept through. It was extremely chaotic!

The entire Buckingham Palace had been destroyed beyond recognition!

Finally, 20 minutes later!

Yang Luo and the other three returned to the square at the entrance from the Royal Treasury!

However, when Yang Luo and the others arrived at the square, they were instantly shocked by the scene in front of them!

The huge square was already filled with royal knights. There were more than 5,000 of them!

The leaders were 30 Platinum Knight Commanders!

These royal knights stood there quietly, their expressions cold and their eyes filled with killing intent!

“Guard Buckingham Palace and kill the invaders!”

One of the Platinum Knight Commanders raised the sword in his hand and roared.

“Guard Buckingham Palace and kill the invaders!”

More than 5,000 royal knights raised their swords and roared.

It was earth-shattering and majestic!

Then, these royal knights took a step forward at the same time and approached Yang Luo and the others!

“Kill! Kill! Kill!”

Before they even took a step, they would shout the word ‘kill’, deafening whoever was present!

Dang, dang, dang!

The orderly footsteps trampled on the ground, causing the entire square to tremble!

“Brother Yang, there are too many of them. What should we do now?”

Tian Zhen gritted his teeth and asked.

“D\*mn their mothers!”

Bujie scolded angrily, “Why are there so many people all of a sudden?”

Yang Luo said in a deep voice, “Maybe we wasted too much time in the Royal Treasury!”

They had no choice. In order to take away as many treasures as possible, they had spent a lot of time choosing.

However, he did not regret doing so.

The return of treasures was the wish of every descendant of Yan Huang.

Lan Xiaomeng waved her fists and said, “In any case, the strength of these royal knights is only average. Let’s just kill our way out!”

Yang Luo nodded and said, “Little Meng is right. Other than fighting head-on, there’s no other way!”

He had already expected such a situation.

They had once gone to Sakura Country and Country Stars & Stripes to carry out missions and encountered unimaginable dangers.

However, as long as the brothers were united, they would definitely be able to overcome all difficulties.

“Alright, let’s kill our way out!”

“Even if I die here today, I’ll kill these dogs!”

“As long as one of us can bring those treasures back, this mission will be completed!”

Xu Ying and the rest shouted as they prepared for battle.

Yang Luo frowned and said, “Brothers, don’t say such depressing words!

Even if I have to give it my all, I will bring all of you home alive!”

“Yes!”

Everyone nodded heavily, feeling touched.

As long as Yang Luo was around, they had a backbone.

“Take these pills. If you feel that you can’t hold on anymore, quickly take them!”

Yang Luo took out some pills from his storage ring and threw them to Xu Ying and the others.

Xu Ying and the rest took a pill.

After all, their injuries were not serious. They had just used up some of their strength and needed to replenish it. They did not need to take healing pills.

“Brothers, follow me and kill our way out!”

Yang Luo let out a roar and charged forward with his sword!

“Kill!”

Xu Ying and the rest also shouted in unison and charged forward!

“Get rid of these guys!”

“Leave no one alive. Kill without mercy!”

The 30 Platinum Knight Commanders waved their swords and gave the order!

With this order!

More than 5,000 royal knights moved at the same time and charged at Yang Luo and the others!

The battle immediately began!

Yang Luo charged forward and swung the sword in his hand with all his might!

Countless golden flying swords condensed and shot out crazily!

Puff! Puff! Puff!

Many of the royal knights who had yet to get close were riddled with holes!

Blood spurted out, and the royal knights fell to the ground in unison!

Furthermore, other than the many golden flying swords that shot out, there were also many golden flying swords that surrounded Yang Luo’s body, eventually turning into a sword tornado!

Yang Luo was positioned in the middle of the sword tornado and pushed forward!

Those royal knights could not get close to Yang Luo at all and were killed by the flying swords around Yang Luo!

At this moment, Yang Luo was simply like a meat grinder. Wherever he appeared, a large number of royal knights would be killed!

“Is this kid their leader? His strength is indeed terrifying!”

“Let’s attack together and kill this kid!”

20 of the Platinum Knight Commanders roared and led more than 1,000 royal knights to surround Yang Luo!

Under the leadership of the 20 Platinum Knight Commanders, all the royal knights mobilized the energy in their bodies at the same time. They raised their knight swords high and slashed at Yang Luo!

Swoosh! Swoosh! Swoosh!

Numerous lightsabers of all colors tore through the sky and slashed towards Yang Luo!

Ding, ding, ding!

Clang! Clang! Clang!

The concentrated light swords slashed down fiercely, colliding fiercely with the flying swords surrounding Yang Luo’s body, emitting crisp and ear-piercing sounds!

Flames shot out in all directions, energy surged, and sword qi wreaked havoc!

The area where Yang Luo was at seemed to have turned into a sea of death. If he was not careful, the multitude of lights from the attacks would crush him into pieces!

However, what shocked these royal knights was...

Their ferocious attacks were actually unable to break through Yang Luo's sword defense!

"Continue to attack and use all means to kill this kid!"

A Platinum Knight Commander roared.

All the royal knights continued to mobilize the energy in their bodies and launched a fierce attack!

"Divine Lightning!"

"Divine Fire from the Heavens!"

"Destructive Storm!"

"Ice Wave Breaker!"

...

Bolts of lightning, flames, storms, ice waves, and various other attacks attacked Yang Luo in an overwhelming manner!

The attacks of these royal knights got even more terrifying, as if they wanted to completely engulf and kill Yang Luo!

"Break them all!"

Yang Luo let out a roar and his entire body trembled!

Whoosh! Whoosh! Whoosh! Whoosh!

The flying swords surrounding his body shot out at the same time!

Nine huge golden dragon phantoms roared and crashed in all directions!

Rumble!

The attacks of more than a thousand royal knights were all destroyed in an instant!

Accompanied by painful screams, more than a thousand royal knights were sent flying at the same time!

More than half of the royal knights spat out blood as they were sent flying. Some even exploded into pools of blood mist!

Moreover, seven Platinum Knight Commanders were directly killed and fell to the ground in the distance, completely dead!

The royal knights who were not dead were also severely injured. Their skin and flesh were torn and bleeding everywhere!

These royal knights were so scared that their hearts were about to explode!

There were so many of them, but even if they used all their strength, they could not do anything to this kid!

How could this kid be so powerful to such an unimaginable extent!

Just as Yang Luo was about to continue attacking and kill the remaining royal knights...

Suddenly!

A black storm, a scarlet fire dragon, a heavy steel cannon and a blood wave broke through the night sky and attacked Yang Luo from afar!

These four attacks were many times more powerful than the attacks of these royal knights...

Chapter 1274: Dark Judgement Team!

Yang Luo's heart skipped a beat. He suddenly turned around and slashed with his sword!

Rumble!

The four ferocious attacks were all destroyed by this sword and exploded in the sky!

The terrifying explosion caused the entire square and even the surrounding buildings to tremble!

After destroying these four attacks!

Yang Luo looked into the distance with a cold glint in his eyes!

Xu Ying and the others who were in the middle of a fierce battle also turned to look!

Four figures stood on the four statues in the distance with cold expressions and killing intent surging in their eyes!

Standing on the four statues were four foreign men.

One of the men was tall and muscular, with short brown hair. He wore a black jacket and a pair of black metal gloves. His body glowed with black light.

The second man had a majestic figure and was nearly three meters tall. There was a diamond-shaped glowing button on his chest, and his thick right arm was actually a steel cannon.

The third man was muscular and wore a red suit. He had a short red hairstyle and his body glowed with a blood-colored light. He held two blood-colored daggers in both hands.

The fourth man was burly and wore a black windbreaker. Red flames danced in his right palm.

In addition to the four foreign men.

More than 300 foreign men and women in black clothes approached the square.

When the royal knights in the square saw the four foreign men, respect appeared on their faces.

They all bowed and bowed to the four of them.

“Greetings, deacons!”

Yang Luo narrowed his eyes slightly.

Through the exchange just now, he could sense that these four foreign men were not ordinary people. Their strength was much stronger than those Platinum Knight Commanders.

“It’s actually these guys!”

Tian Zhen suddenly exclaimed.

“Brother Tian, who are they?”

Yang Luo asked.

Tian Zhen said, “They are from a mysterious organization in Oxford, the Dark Judgement Team!

This organization is controlled by an adjudicator and 17 deacons. There were tens of thousands of members!

They have a huge influence in the entire Country Oxford and even the Euro Domain!

These team members are all experts recruited by this organization from all over the world. They are naturally very powerful!

Especially the adjudicator and the 17 deacons, they are the strongest existences in this organization!

Their duty is to protect Country Oxford, which is somewhat similar to our Hidden Dragon Pavilion!”

Feng Lengyue took over the conversation and said, “These four fellows are the four deacons of the Dark Judgement Team!

“The ninth-ranked Shadowhunter, the eleventh-ranked Heavy-Armored Thug, the thirteenth-ranked Duke of Bloody Hell, and the fifteenth-ranked Fiery Dragon War God!”

Lan Xiaomeng also said angrily, “We’ve dealt with these guys before. They’re really annoying!”

“I see.”

Yang Luo nodded in realization. Only then did he understand the origins of these people.

But it made sense. Many countries had their own mysterious institutions that were designed to deal with some of the country's thorny problems.

At this moment.

The Shadowhunter, the Heavy-Armored Thug, the Duke of Bloody Hell and the Fiery Dragon War God stared at Tian Zhen and the others.

They naturally recognized Tian Zhen, Feng Lengyue, Lan Xiaomeng, Zhuge Changfeng, and Jiang Bo.

Shadowhunter said coldly, "I was wondering who broke into Buckingham Palace. It's you guys!

No wonder even the royal knights can't do anything to you!"

Heavy-Armored Thug said in a muffled voice, "Since Country Hua has sent all of you here, there must be treasures in Buckingham Palace that you have to take, right?"

Duke of Bloody Hell said in a hoarse voice, "Just what treasure did you steal from our Royal Treasury? Quickly hand it over!"

Hand over the treasure and we'll leave your corpses intact!"

The Fiery Dragon War God also said in a loud voice.

The four of them were very puzzled. What treasure did Yang Luo and the others snatch and where did they hide the treasures?

They also knew that there were many extraordinary people in Country Hua. These guys must have used some special method to hide the treasure.

Yang Luo replied in a loud voice, "I don't care who you are. Since you dare to stop us, leave your lives behind!"

"Kid, who are you?"

Shadowhunter stared at Yang Luo.

He felt that Yang Luo was a little familiar, but he couldn't remember who Yang Luo was.

Yang Luo said coldly, "Why do you care who I am? Cut the crap. If you want to fight, let's fight!"

Shadowhunter's eyes turned vicious, "Then we'll kill you before we search you properly!"

Right after he finished his sentence...

Yang Luo directly waved the sword in his hand!

Swoosh!

With a swing of his sword, the sword Qi was like a rainbow, the sword light was like an abyss, and the sword power was vast and mighty!

A huge golden sword tore through the night sky and slashed at the four of them!

Seeing that Yang Luo suddenly attacked!

The four deacons' expressions changed, and they all dodged!

In an instant!

Rumble!

The four huge statues behind them were cut in half at the waist, emitting loud bangs!

Rubble and dust filled the sky and swept in all directions!

And right at this moment...

“Kill!”

With this roar!

The four rushed out of the rubble and dust and charged at Yang Luo and the others!

The 300 members of the Dark Judgement Team also rushed over!

Just as the four Shadowhunters rushed over!

A black beam of light shot up from the Shadowhunter’s body!

A blood-red beam of light shot out from the Duke of Bloody Hell’s body!

A beam of flame shot out from the Fiery Dragon War God’s body!

Heavy-Armored Thug pressed the diamond-shaped glowing button on his chest!

In the blink of an eye!

Heavy-Armored Thug was covered in a thick layer of silver-gray steel armor. It was as if he had transformed into a steel giant that was seven to eight meters tall, like a mecha warrior!

Every time he stepped on the ground, the ground would crack and collapse. It was terrifying!

However, Yang Luo and the others were not afraid at all. They moved and charged forward!

In the blink of an eye!

Lan Xiaomeng, who was more than five meters tall, closed the distance between her and Heavy-Armored Thug, who was seven to eight meters tall!

The two of them were like two small hills as they threw a punch at the same time!

DONG!

The two huge fists collided heavily and let out a loud thunderclap!

The entire square shook!

The ground where the two of them were kept tearing and collapsing, directly blowing up a huge pit!

Although Lan Xiaomeng was much shorter than Heavy-Armored Thug, in terms of strength, Lan Xiaomeng suppressed him!

After all, Heavy-Armored Thug was relying on the power of technology!

But Lan Xiaomeng relied on the strength of her own body!

Humans had unlimited potential. As long as they constantly surpassed themselves, they could crush the power of technology!

Only a loud bang was heard!

Heavy-Armored Thug was sent flying like an armored vehicle. Boom! Boom! Boom! He crashed into five statues before falling to the ground!

“You want to fight me with a pile of iron turtle shells? You underestimate my power!”

Lan Xiaomeng roared and swung her thick legs. Like a ferocious beast in human form, she charged at him!

Heavy-Armored Thug quickly got up, raised his thick steel arms, and fired steel cannonballs at Lan Xiaomeng!

However, Lan Xiaomeng did not dodge. Her body was like an indestructible diamond. She raised her two fan-sized hands and kept slapping out!

Bang! Bang! Bang!

Cannonballs were bounced off one after another and exploded in buildings!

Buildings were instantly blown up and collapsed!

Very quickly, Lan Xiaomeng approached Heavy-Armored Thug and engaged him in another round of fierce battle!

On the other side...

Xu Ying and the other three started fighting with the 300 members of the Dark Judgement Team!

On the other hand, Yang Luo was fighting against the two deacons, the Shadowhunter and the Duke of Bloody Hell!

Chapter 1275: Unsealing Ability!

“Let’s go and help too!”

A Platinum Knight Commander roared and led all the royal knights to attack Yang Luo and the others!

This battle became even more intense and terrifying!

“Shadow Storm!”

Shadowhunter let out an explosive roar and waved his hand!

Hu! Hu! Hu! Hu!

Black tornadoes swept through the world and crushed towards Yang Luo!

“Rising Blood Wave!”

The Duke of Bloody Hell stomped on the ground and roared!

Whoosh! Whoosh!

A blood wave surged up and washed towards Yang Luo!

Yang Luo was not afraid at all. He swung his sword with all his might!

Swoosh!

The huge golden sword slashed out angrily, destroying the black tornado and the surging blood-colored wave!

Rumble!

A shocking explosion resounded in the night sky and spread in all directions!

And right at this moment...

Many royal knights charged over from all directions, wanting to take advantage of the chaos to kill Yang Luo!

"A bunch of ants dares to participate in the battle?"

You're courting death!"

Yang Luo shouted and swung his sword!

Countless golden flying swords condensed and shot in all directions!

Puff! Puff! Puff!

Before the royal knights could get close, their bodies were pierced by the flying swords that filled the sky!

Just as those royal knights were killed!

Shadowhunters and Duke of Bloody Hell rushed over and attacked Yang Luo fiercely!

“Shadow Killing Fist!”

“Bloody Blade!”

Shadowhunter twisted a black fist and punched at Yang Luo!

Duke of Bloody Hell brandished the blood-colored dagger and stabbed at Yang Luo’s throat and heart!

But Yang Luo merely waved his sword and met the attack head-on!

Clang!

A crisp collision sound resounded!

Sparks shot out in all directions, and energy surged. It was soul-stirring!

“Get lost!”

Yang Luo roared and his arm shook!

Clang! Clang!

Shadowhunter and the Duke of Bloody Hell were both sent flying!

Just as the two of them were sent flying!

Yang Luo moved and chased after them!

As he approached...

Yang Luo swung his sword again and slashed at the two of them!

“Be careful!”

Shadowhunter shouted and shot a black beam of light at Yang Luo!

Meanwhile, Duke of Bloody Hell waved the dagger in his hand and sent out a wave of blood!

Rumble!

Although their attacks were ferocious, they could not withstand Yang Luo’s sword strike and were directly destroyed!

After destroying their attacks!

Yang Luo’s sword continued to slash at their chests!

Chi! Chi!

Accompanied by two tearing sounds, a wound of dozens of centimeters appeared on their chests, and blood splattered in the air!

The two of them continued to fly backward. With two bangs, they knocked down two statues!

“Is the Dark Judgement Team that impressive?”

Come on, continue!”

Yang Luo roared and continued to attack the two of them with the Dragon Emperor Sword in hand!

Seeing Yang Luo charging over like a god!

Shadowhunters and the Duke of Bloody Hell were shocked!

“This kid is very strong. Use all your strength to kill him!”

Shadowhunter let out an angry roar. Then, with a shake of his body, he frantically mobilized the energy in his body!

His eyes and body flickered with an even more blazing black light, like a hunter in the night who wanted to catch his prey!

Duke of Bloody Hell body trembled as well. He continuously mobilized the energy in his body, and his eyes and body glowed with a dazzling blood-red light!

“Kill!”

The two of them let out an explosive roar at the same time and transformed into a black and blood-colored shadow that charged towards Yang Luo!

“Shadow Doppelganger!”

Shadowhunter split into thousands of clones and surrounded Yang Luo!

These doppelgangers were like corporeal bodies, constantly punching out!

“Blood Dance!”

Duke of Bloody Hell transformed into a blood-colored lightning bolt and flashed around Yang Luo. He waved the two blood-colored daggers in his hands and stabbed at various fatal parts of Yang Luo’s body!

Facing the fierce attacks of the two!

Yang Luo was fearless and stomped on the ground heavily!

Scorching golden flames erupted from his body and transformed into a monstrous sea of flames that spread in all directions!

The thousands of doppelgangers created by the Shadowhunter were instantly submerged in the sea of fire and completely dissipated!

“Uhhh...”

“Ah...!”

Shadowhunter and Duke of Bloody Hell let out a blood-curdling scream. They spat out a mouthful of blood and flew backward!

Without waiting for the two of them to stabilize themselves, Yang Luo chased after them again!

When they saw Yang Luo chasing after them again...

Duke of Bloody Hell instantly released all the energy in his body and swung the blood-colored dagger in his hand!

“Blood Prison!”

At that very moment...

A huge blood-colored light prison trapped Yang Luo!

The blood waves inside surged and washed towards Yang Luo!

The blood-colored ghosts bared their fangs and brandished their claws as they pounced at Yang Luo!

“Devouring Darkness!”

Shadowhunter also waved his hand and used his killing move!

Twisted black holes appeared around Yang Luo. They erupted with a powerful suction force and began to devour Yang Luo’s energy!

However, the energy in Yang Luo’s body was too violent and could not be completely devoured at once!

“You want to kill me with this little trick? You’re thinking too much!”

Yang Luo shouted and immediately used the Heaven Trampling Nine Steps!

Dang, dang, dang!

He stepped forward step by step!

“Roar, roar, roar!”

Huge golden dragon phantoms roared out and collided in all directions!

Rumble!

The blood-colored light prison and the black holes were instantly destroyed, causing a series of shocking explosions!

A huge pit was blasted open where Yang Luo was!

However, to the surprise of Shadowhunter and Duke of Bloody Hell, Yang Luo was gone!

“Where’s that kid?”

The Duke of Bloody Hell asked in a deep voice.

Before his voice could fade...

The two of them immediately felt their hair stand on end as they felt an extreme danger coming from the sky!

“Back!”

Shadowhunter immediately shouted and retreated!

After all, he was ranked ninth in the Dark Judgement Group, and his strength and reaction speed were above the Duke of Bloody Hell!

As such, Shadowhunter managed to successfully retreat, but the Duke of Bloody Hell did not have time to retreat!

“Cut!!”

A roar came from the sky!

Yang Luo gripped the Dragon Emperor Sword tightly with both hands and slashed at the Duke of Bloody Hell angrily!

“Young brat, don’t even think about it!”

The Duke roared and swung the two blood-colored daggers in his hands with all his might!

A blood-colored beam of light also rushed out of his body and washed towards Yang Luo’s slash!

At that moment...

Rumble!

The blood-colored beam of light was directly slashed apart by Yang Luo’s sword!

The two blood-red daggers in the Duke of Bloody Hell’s hands were also cut off by a single slash!

“What?!”

The Duke cried out in shock, and deep fear appeared in his eyes.

The next second!

Psh!

Yang Luo’s sword directly slashed down from above his head!

His body was directly cut in half, and he fell heavily into a pool of blood!

Duke of Bloody Hell, who was ranked thirteenth in the Dark Judgement Group, died just like that!

“The Duke of Bloody Hell is dead!”

“Just how strong is this kid? He can even kill the Duke of Bloody Hell?!”

In the distance, the royal knights who were engaged in a fierce battle shouted in shock, their bodies trembling in fear.

Shadowhunter, who had already stabilized himself, looked terrified!

One had to know that the deacons of the Dark Judgement Team were all experts whose names shook the Euro Domain. They were also very famous in the entire world!

But now, this brat in front of him had actually killed the Duke of Bloody Hell!

This was really hard for him to accept!

“Young brat, I must kill you!”

Shadowhunter pulled off his gloves.

What revealed was his hands that were as black as ink, like the hands of a demon, extremely terrifying!

“Death Torrent!”

“Dark Night Demon!”

He raised his hands and slapped the ground!

The ground instantly cracked, collapsed, and corroded!

This was also the reason why he was wearing gloves. After all, his hands were terrifying. Anything that his hands touched would be corroded!

Now, he had taken off the gloves made of special materials and completely unsealed the abilities of his hands!

Chapter 1276: Unstoppable!

At that moment...

Terrifying black energy transformed into torrents that surged towards Yang Luo from all directions!

Wherever it passed, the rocks and steel bars on the ground were corroded and melted!

Thousands of huge black demons condensed into form and pounced at Yang Luo!

Facing the double killer move of Shadowhunter...

Yang Luo was still unafraid and stood proudly in the center of the square!

His entire body shook, and the six elements of metal, wood, water, fire, earth, and lightning erupted from his body!

The six attribute energies turned into a sea of energy light that washed in all directions!

Rumble!

The surging black torrent was completely submerged and destroyed!

The black demons that pounced over also shattered and exploded!

Seeing that his killer move was so easily neutralized by Yang Luo, Shadowhunter was stunned!

He had already unsealed the ability of his hands, but he still couldn't kill this kid!

Who was this kid? Why was he so strong?

Just as Shadowhunter was in a daze!

Yang Luo crashed through the sea of energy and charged toward the Shadowhunter!

Shadowhunter woke up with a start and slammed his hands on the ground again!

Dense black tentacles swept out and wrapped around Yang Luo!

Yang Luo kept waving the sword in his hand and cut off all the black tentacles that swept over!

His attacks still didn't work!

Could it be that no method could do anything to this kid?

Seeing as Yang Luo continued to charge over!

Shadowhunter shuddered and let out a roar!

“Dark Night Demon!”

At that very moment...

A demon that was dozens of meters tall with two horns on its head and sharp fangs on its back condensed into form!

The demon suddenly flapped its wings and charged towards Yang Luo in a manner that blotted out the sky!

“Little devil, you’re nothing!”

Yang Luo’s face was filled with disdain as he immediately waved the sword in his hand!

“Primal Heavenly Art!”

“Zhurong!”

In an instant!

A giant that was nearly a hundred meters tall and covered in flames stood above him. It was the ancient Ancestral Magus, Zhurong!

After Zhurong stood up, it directly collided with the black demon!

At that very moment...

Rumble!

Zhurong and the black demon collided heavily, and the sound shook the sky!

The entire Buckingham Palace territory seemed undergone a huge earthquake!

A few seconds later!

Rumble!

The black demon instantly shattered into pieces and exploded in the sky!

The energy produced by the explosion was also extremely terrifying. It destroyed many statues and buildings!

After smashing the demon phantom to bits!

Yang Luo led Zhurong and attacked the Shadowhunter himself!

“Young brat, I’ll fight it out with you!

Devil’s Body!”

Shadowhunter let out a roar and unleashed all the energy in his body!

A huge demon illusion stood on his body and became one with him!

After activating Devil’s Body!

Shadowhunter rushed forward and charged at Yang Luo!

In the blink of an eye!

Yang Luo had already approached the Shadowhunter and stabbed out with his sword!

Swoosh!

The sword pierced out and tore through the sky like a golden light that flickered in the boundless night, and it wanted to disperse all darkness and evil!

All the sword qi and True Qi gathered in this sword and stabbed out!

The next second!

Psh!

The sword went straight through Shadowhunter's chest!

The demon illusion that enveloped him also shattered and dissipated under this sword!

Blood continuously dripped from Shadowhunter's chest!

"You... you are..."

Shadowhunter stared at Yang Luo and spoke with difficulty.

At this moment, he finally remembered who Yang Luo was!

It turned out that this kid was the top expert who had recently become famous in the Dark World and killed many experts of the Dark World — Yang Luo!

However, before he could finish his sentence!

Yang Luo directly drew the Dragon Emperor Sword!

Zhurong directly raised a huge palm and slapped down again!

Peng!

Shadowhunter's entire body was smashed into a pool of blood and flesh. He couldn't be more dead!

The ninth-ranked Shadowhunter in the Dark Judgement Group had died!

"Oh my God, is this kid a demon or a god? He even killed Lord Shadowhunter?!"

"Shadowhunter is the strongest of the four deacons here. How could he be killed just like that?!"

"Is there really no one who can kill this kid?!"

The royal knights in the distance were scared out of their wits. Their faces were pale and they were sweating profusely.

Yang Luo had killed two deacons by himself, which had completely shocked them.

However, at this moment!

"Die!"

A loud roar came from afar.

And right on the heels of that...

Dong!

With a loud bang, the entire square shook!

Everyone turned around at the sound.

Heavy-Armored Thug was thrown down from a building and landed on the square!

A huge pit was smashed out in the square!

As for Heavy-Armored Thug, the steel armor on his body was already in tatters. His flesh was torn and bleeding everywhere!

Furthermore, after this heavy fall, he felt as if his entire body was about to fall apart!

“Go to hell!”

Lan Xiaomeng roared again and jumped down from the building. She punched Heavy-Armored Thug, who was lying on the ground, with all her might!

“No... No!!!”

Heavy-Armored Thug shouted in fear. He wanted to get up and dodge, but his body could not move!

At that moment...

DONG!

Lan Xiaomeng's punch landed heavily on his chest!

Heavy-Armored Thug's steel armor was completely shattered, and his chest caved in!

Glug... Glug...

Blood gushed out of his mouth and his body twitched a few times before he stopped breathing.

At the same time Heavy-Armored Thug was killed!

Xu Ying and the rest had also killed the Fire Dragon War God and the 300 members of the Dark Judgement Team!

At this point!

The four Executors of the Dark Judgement Team — Shadowhunter, Duke of Bloody Hell, Heavy-Armored Thug, and Fiery Dragon War God — were all dead!

The 300 plus team members that the four of them had brought with them were all dead!

As for the over 5,000 royal knights in the square, they were reduced to less than 1,000!

Seeing that the people who could stop them were all dead!

Yang Luo waved his hand, "Brothers, let's go!"

The remaining royal knights were stunned on the spot. They did not even dare to stop him!

It couldn't be helped. These nine people were really too strong!

The more than 5,000 royal knights were killed until less than 1,000 were left!

The four deacons and more than 300 team members of the Dark Judgement Team were all killed!

They couldn't stop them!

There was no way to stop them!

Then, under Yang Luo's lead, everyone rushed out of the square and got into two seven-seater MPVs to leave...

It was not until Yang Luo and the others left that the royal knights in the square came back to their senses.

Many royal knights fell to the ground and panted heavily.

"Devils... They are a group of devils!"

"Who can stop them? Who can kill them?"

"I'm afraid only a stronger deacon can do it!"

"Those nine guys have already escaped. What should we do now?"

These royal knights wailed in grief, not knowing what to do.

A Golden Knight said angrily, "Quickly contact Mr. Ferrand and inform him of the situation here!

Those nine guys stole our treasures and killed so many of us!

"We can't let them off. We have to kill them!"

"Kill them!!!"

The other royal knights also roared angrily.

Chapter 1277: Triple Interception!

At around two in the morning.

10 Downing Street.

In the main building.

In the conference room on the top floor.

The commander of Country Oxford, Philander, sat in the main seat and smoked a cigar with a gloomy expression.

On both sides of the conference table sat a group of high-ranking officials from Country Oxford.

Even Edward, the current King of Oxford, was there.

Not long ago.

Ferrand contacted all the higher-ups for a meeting and informed them of the attack on Buckingham Palace.

After learning about this, everyone was shocked.

Although Buckingham Palace had been attacked many times in the past, the attackers were quickly dealt with.

But tonight, they had sent out so many royal knights and even people from the Dark Judgement Team, but they had yet to get rid of the invaders.

Their expressions were gloomy and furious.

The attack on Buckingham Palace was a slap in the face.

If this matter was not handled well, it would definitely cause a huge uproar.

Many of them would even have to abdicate their positions.

An old Caucasian man in a tailored suit with grayish-white curly hair sitting next to Ferrand frowned and said, "Mr. Ferrand, why hasn't there been any news yet?"

This Caucasian old man was Edward, the current King of Country Oxford.

When he learned of the attack on Buckingham Palace, his reaction was the greatest and also the most vexed.

After all, Buckingham Palace used to be the residence of the royal family.

It symbolized the glory of their royal family.

Ferland said in a deep voice, "Mr. Edward, don't be anxious.

We sent nearly 6,000 royal knights, and the Dark Judgement Team also sent four deacons and more than 300 team members.

No matter how strong those nine fellows are, they will definitely die tonight."

"That's good."

Edward nodded and said fiercely, "In short, we can't let those nine guys leave Country Oxford alive!"

"Of course!"

Ferrand blew out a mouthful of smoke and said, "Those nine guys actually dared to cause trouble here. They shouldn't even think about leaving alive!"

At this moment.

His cell phone rang.

Ferrand picked up his phone and saw that it was a call from Kalim, the captain of a large team of Royal Knights.

He chuckled and said, "Everyone, there's a call. I believe the matter has been resolved!"

"Haha, the matter is finally resolved. I can finally sleep well later!"

“How dare they cause trouble in Country Oxford? They must have a death wish!”

“The dignity of Country Oxford cannot be offended. Anyone who dares to cause trouble will only die!”

The higher-ups present also smiled. It was obvious that they all felt that the matter had been resolved.

Ferrand quickly picked up the call.

He smiled and said, “Captain Kalim, the matter is resolved, right?”

“Mr. Ferrand... our men are all dead!”

A sobbing voice was heard.

“What do you mean?”

Ferrand frowned and asked.

Karim hissed, “Mr. Ferrand, there are less than a thousand of the six thousand royal knights that rushed over for the operations. The other royal knights have been killed!

The four deacons and more than 300 members of the Dark Judgement Team were also killed!

There were countless buildings and statues destroyed in Buckingham Palace!

None of those nine fellows died. They all ran away!”

“What?!”

Ferrand bounced off his seat and dropped his cigar.

He roared angrily, “Are you f\*cking telling the truth?!”

“It’s true, it’s true!”

Kalim wailed, “Even the four lords — Shadowhunter, Duke of Bloody Hell, Heavy-armored Thug, and Fiery Dragon War God — couldn’t stop them. Instead, they were killed!”

“F\*ck! Sh\*t!”

Ferrand cursed, his face red with anger, his chest heaving.

Kalim said in a trembling voice, “Mr. Ferrand... those nine guys have already run away... What should we do now?”

Ferrand took a few deep breaths and tried his best to suppress the anger in his heart. He said fiercely, “Hurry up and clean up the casualties. Don’t let the people see it!

Also, find out the location about those nine fellows immediately and send their information over!”

“Yes!”

Karim complied.

After Ferrand hung up the phone, he pounded the table crazily with both hands and cursed.

The higher-ups present were all silent like cicadas in winter, not daring to make a sound.

Although they didn’t know what had happened, they could guess that something bad had happened.

A few minutes later...

Ferrand calmed himself down and told everyone what Karim had told him.

After hearing what Ferrand said...

The entire conference room fell into dead silence.

All the higher-ups were dumbfounded. They could not believe this fact.

After a moment of silence.

The meeting room was in an uproar.

“How could this be?! More than 6,000 royal knights, four deacons of the Dark Judgement Team, and more than 300 members were almost all killed?!”

“Impossible, this is absolutely impossible. How can nine people kill so many people? Could they be Heavenly Gods?!”

“The point is that even the four masters — Shadow hunter, Duke of Bloody Hell, Heavy-armored Thug, and Fiery Dragon War God — were unable to kill them. This is unbelievable!”

The upper echelons present all roared loudly, unable to restrain their anger.

“Shut the fuck up!”

Ferrand slammed the table and roared.

Only then did everyone at the table quiet down and turn to look at Ferrand.

Ferrand said coldly, "Now is not the time to argue. The most important thing is to think of a way to stop those nine fellows and kill them!"

Edward gritted his teeth and said, "I suggest that we kill those nine fellows at all costs!

Whether it was aptitude users or warriors, all are to be sent out!

If necessary, they shall be permitted to use heavy firearms!

I don't believe that a mere nine people can cause a ruckus here!"

"I second that!"

"I second that!"

The other higher-ups present agreed.

Ferrand frowned and said, "This suggestion is naturally feasible, but we should avoid fighting those nine fellows in the city!

Once a battle breaks out in the city, the civilian casualties from the destroyed buildings would be extremely heavy!

At that time, the people will definitely fall into endless panic. Even if we want to cover up this matter, it will be impossible!"

Edward said, "In that case, we'll use satellite positioning to determine their location and get rid of them in the suburbs!"

A senior executive who specialized in strategizing said, "These nine fellows will definitely try their best to escape from our Country Oxford!"

They definitely wouldn't dare to go to the airport. As long as we stop all the planes, they wouldn't be able to escape!

However, we have to send people to guard the airport just in case!

But since they cannot go to the airport, they were most likely to escape by sea!

Therefore, we can set up an ambush at Lun City Harbor and at sea and wait for them to fall into our trap!

The suburbs, the port, and the sea. No matter how strong those nine fellows are, they won't be able to escape!"

Ferrand nodded. "Mr. Rawlson's analysis and suggestions are excellent. Let's do that!"

At this moment.

An email was sent to his phone.

He picked up his phone and looked at it, "Karim has sent over the information of the nine guys. I want to see who they are!"

As he spoke, he called his secretary over, connected to the computer, and turned on the projection on the wall.

Soon, nine photos appeared on the projection.

Under each photo was a simple information introduction.

These nine photos were of Yang Luo and the others.

Chapter 1278: Inescapable Net!

When they saw the photos of Yang Luo and the others...

All the higher-ups present were shocked.

They never expected that after killing so many of them tonight, it would be nine young people who caused a scene at Buckingham Palace.

Ferrand narrowed his eyes and said, "So these nine fellows are from the Hidden Dragon Pavilion. There are also a few team leaders from the Hidden Dragon Pavilion. No wonder they're so powerful!

This person called Yang Luo is furthermore the Deputy Pavilion Master of the Hidden Dragon Pavilion, and he is also the leader of the operation this time!

However, due to time constraints, I can't find out more detailed information about these nine fellows!"

There was a pause.

Ferland pointed at Yang Luo and said, "It's said that this kid is the strongest. Almost half of the people we sent were killed by him!

"He was also the one who killed the two deacons, the Shadowhunter and the Duke of Bloody Hell!"

"Although this kid looks young, he's probably a top expert in Country Hua!"

“We have to kill this kid no matter what!”

“As long as we can kill this lad, we’ll definitely severely injure Hidden Dragon Pavilion!”

The higher-ups present stared at Yang Luo’s photo and roared.

Edward said coldly, “Since we already know what these nine guys look like, let’s hurry up and take action!”

No matter who they are, they have to die!

The dignity of the royal family and Country Oxford cannot be offended!”

“Yes!”

Ferrand nodded and said, “Everyone, move quickly. Contact all the ability users and teams and lay in ambush on the streets leading to Lun City Harbor, Lun City Harbor, and the sea!”

“Yes!”

Everyone responded in unison and immediately took out their phones to make calls.

Ferland also picked up his cell phone, made a call, and gave orders.

...

At the same time...

Yang Luo and the others were speeding along the streets in two business cars.

Although it was already five in the morning, there were still many pedestrians and cars on the street.

At this moment.

In a commercial car in front.

Tian Zhen was in charge of driving.

Bujie asked doubtfully, "Strange, why didn't we encounter any obstructions along the way?"

Could it be that those b\*stards from Country Oxford have given up on hunting us down?"

Xu Ying frowned and said, "It's indeed strange. When we were carrying out the mission in Country Stars & Stripes, no one stopped us because the Holy Imperial Court appeared.

However, when we were carrying out a mission in Country Sakura, we were surrounded and intercepted in the city."

Tian Zhen and the others were also very puzzled.

After their escape from Buckingham Palace, their journey had been unobstructed and they had not been intercepted.

"Something's wrong."

Yang Luo narrowed his eyes and said, "We caused a scene in Buckingham Palace. We snatched many treasures and killed many people.

Those fellows from Oxford will never let us off so easily.

Therefore, we have to be careful. Before we leave Country Oxford, we can't let our guard down.

Everyone, quickly take the medicinal pills and adjust your breathing to recuperate. Prepare for battle at any time."

"Yes!"

Everyone responded in unison.

Afterwards, everyone took medicinal pellets to replenish their Qi and heal their injuries.

Yang Luo also took a few Qi Replenishing Pills. He closed his eyes and circulated his cultivation technique to replenish his strength.

As for healing pills, he did not take them.

After all, he had only suffered some superficial wounds. It was not a big deal.

The two MPVs continued to drive for another half an hour before they finally drove onto a street called Watling that led to the suburbs.

On the left side of the street was a wide river, and on the right were rolling mountains.

There was no one within a hundred miles.

The end of this street was the port of Lun City.

The car drove along Watling Street for a while.

However, what puzzled Yang Luo and the others was that there was not a single car on the street. It seemed a little strange.

Yang Luo said in a deep voice, "Brothers, something is wrong. Everyone, be careful!"

"Yes!"

Tian Zhen and the others responded in shock and stopped healing.

The car drove on for a while.

The sky was already starting to brighten.

But right at this moment...

Pew pew pew!

Cannonballs streaked across the sky, dragging a flaming tail as they shot towards the two cars that Yang Luo and the others were driving!

Yang Luo and the others immediately reacted!

"Stop the car!"

Yang Luo roared.

At that very moment...

Swish!

Swish!

The two cars braked and their tires rubbed against the ground, emitting an ear-piercing sound!

The moment the car stopped!

Yang Luo and the others quickly rushed out of the car and ran into the distance at their fastest speed!

The moment the nine of them ran into the distance!

Boom! Boom! Boom!

Cannonballs hit two cars one after another, causing a huge explosion!

Flames soared into the sky and thick smoke billowed!

The two cars were instantly turned into scrap metal!

Huge pits were also blasted out on the streets, continuously cracking and collapsing!

Yang Luo and the others, who had already rushed into the distance, looked into the distance and were immediately shocked!

They saw armored vehicles coming from the street in the distance, blocking the entire road!

Small and medium-sized ships appeared on the river on the left, blocking the river!

Cannon racks were set up on the mountains on the right!

In the distance, a helicopter flew over!

“Kill them! Kill them!”

“The higher-ups have ordered us to kill them at all costs!”

Accompanied by a series of roars, \*

Many Warriors and Dark Judgement Team members rushed to the top of the mountain.

There were more than 30,000 people all over the mountain.

The leaders were three foreign men and women.

The first man wore platinum armor and was tall and burly. He had long golden curly hair and held a platinum broadsword that was more than two meters long.

The second man was dressed in a gray kimono. He was tall and thin, with long hair tied back. He held two long purple-black knives in both hands.

The third woman was dressed in white. She was tall and had an ordinary appearance. Her face was pale and there was no color of blood. There were snowflake patterns between her eyebrows.

At this moment...

The land, rivers, mountains, and air had been completely sealed off!

Even Tian Zhen and the others, who had seen many battles, felt their scalps tingle!

Yang Luo's expression also became solemn!

"F\*ck, no wonder there was no obstruction on the way just now. It turns out that these despicable and shameless bastards are lying in ambush here!"

Bujie cursed angrily.

The corner of Zhuge Changfeng's mouth twitched, "Oh my god, these guys actually set up an inescapable net here!"

So they're planning to wipe us all out here!"

Lan Xiaomeng strengthened her body again. She clenched her claypot-sized fists and gritted her teeth, "Then let's fight it out with them!"

Yang Luo looked up and stared at the three foreign men and women. He asked Tian Zhen, "Brother Tian, those three guys should also be from the Dark Judgement Team, right?"

"That's right!"

Tian Zhen nodded and said, "The one with the broadsword is the seventh-ranked Great Swordsman of Light!"

The person holding two sabers is the eighth-ranked Templar Warrior from Country Sakura!

"That person in the white outfit is the Snow Maiden of the Storm, ranked tenth!"

Yang Luo narrowed his eyes and said, "So these three fellows are the wardens ranked in the top ten!"

Looks like their strength should be even stronger!"

Bujie gripped the Dragon-Mark Buddhist Staff tightly and said in a trembling voice, "Who cares if they are strong or not, just kill them!"

Yang Luo said in a deep voice, "Brothers, there are too many of them. They even mobilized heavy firearms!

"Therefore, we can't continue fighting. Once we break out of the encirclement, we have to quickly retreat from this place!

Later, I'll deal with the three deacons. You guys deal with the other guys!

"As long as there's a chance, retreat quickly!"

"Yes!"

Xu Ying and the rest replied in unison.

Chapter 1279: Humanoid Killer Weapon!

At this moment.

The atmosphere at the event location became especially oppressive.

The 30,000 people from Country Oxford stared at Yang Luo and the others.

As long as they gave the order, they would kill Yang Luo and the others.

Great Swordsman of Light looked up at Yang Luo and the others and said in a clear voice, "You've already been surrounded. Aren't you going to surrender?"

Templar Warrior said coldly, “Do you really think you can escape after causing a scene in Buckingham Palace and killing so many people?

If you know what’s good for you, quickly surrender and stop resisting!”

Yang Luo did not say anything else. He raised the Dragon Emperor Sword in his hand and slashed forward!

Swoosh!

With an ear-piercing sonic boom, the golden sword seemed to collapse the void and released a dazzling sword beam, erupting with terrifying sword qi!

In the next second...

Rumble!

The armored vehicles parked in front were instantly split into two!

Many armored vehicles were sent flying by the airwaves and fell into the river, hitting the mountains beside them!

The soldiers in the armored vehicle died instantly!

In an instant...

The raucous crowd turned silent!

The people from Country Oxford did not expect Yang Luo to attack without saying anything!

Yang Luo retracted the sword in his hand and said in a loud voice, “You want us to surrender? Dream on!

Those who block the way will be killed without mercy!”

Great Swordsman of Light was furious and roared, “Open fire and kill them!”

With this order!

All the soldiers fired at the same time!

Bang! Bang! Bang! Bang!

Dense bullets and cannonballs shot towards Yang Luo and the others from all directions!

This was simply a carpet bombing. The scene was very terrifying!

Not to mention ordinary people, even aptitude users could not withstand such a terrifying bombardment!

“Brothers, activate defenses!”

Yang Luo shouted and directly condensed a thick and solid True Qi barrier that enveloped everyone!

Xu Ying and the others also activated their True Qi barriers and set up layers of defense!

Of course, after setting up the defense!

Yang Luo swung his sword again!

Countless golden flying swords condensed and shot out in an overwhelming manner!

In the blink of an eye!

Boom! Boom!

Rumble!

A series of shocking collisions and explosions resounded!

Balls of flames and thick smoke surged in the sky. It was extremely terrifying!

The flying swords blocked a lot of bullets and cannonballs!

However, there were also many bullets and cannonballs that exploded on the True Qi barrier condensed by Yang Luo and the others, producing loud explosions!

The street where Yang Luo and the others were at was already riddled with holes. The mountains beside them were also blasted into the sky!

Seeing that Yang Luo and the others easily blocked the first wave of firepower!

The people from Country Oxford were stunned!

“Oh my god, these guys are too terrifying. So many bullets and shells were fired at the same time, but they couldn’t kill them?!”

“If these guys were really so easy to kill, the higher-ups wouldn’t have sent so many people to stop them!”

“However, humans will eventually run out of strength. These guys won’t be able to last long!”

Exclamations rose and fell.

Although they were very shocked, they did not think that Yang Luo and the others could leave this place alive.

“Keep firing!”

Great Swordsman of Light raised the sword in his hand and pointed it forward, giving another order!

Bang! Bang! Bang! Bang!

More bullets and shells continued to be fired. Wave after wave, they shot towards Yang Luo and the others!

Yang Luo continued to swing his sword, and the six attributes energy in his body erupted!

More flying swords shot out, and violent elemental energy surged out like a tsunami!

Xu Ying and the rest also launched a counterattack!

Rumble!

Deafening explosions sounded continuously. Flames shot in all directions and thick smoke filled the air. It was an incomparably spectacular sight!

Yang Luo shouted, “Brothers, we can’t keep defending like this. Hurry up and kill our way out!”

“Alright!”

Xu Ying and the rest replied in unison.

Then, under Yang Luo’s lead, everyone rushed out against the dense rain of bullets and took the initiative to attack!

“Get lost! Get lost!”

Bujie let out a series of roars as he swung the Dragon-Mark Buddhist Staff in his hand continuously!

Dang, dang, dang!

The armored vehicles were sent flying and smashed into mountains, shattering into pieces!

Xu Ying waved the Dragon Sparrow Saber in his hand continuously and slashed towards the sky!

Boom! Boom! Boom!

The helicopters were split in half!

Some helicopters disintegrated in the air, turning into piles of scrap metal!

Prajna, Feng Lengyue, and Zhuge Changfeng also advanced forward, constantly launching fierce attacks to destroy those armored vehicles and helicopters!

After Lan Xiaomeng, whose body had grown to nearly five meters, sent a few armored vehicles flying, she stomped her feet on the ground!

The ground cracked and collapsed!

Her huge body drew a high parabola in the air!

“Go to hell!”

With a roar!

Lan Xiaomeng waved her two big hands and slapped the two helicopters in the air!

Rumble!

The two helicopters were knocked down and crashed into the two ships on the river, causing a huge explosion!

Lan Xiaomeng, on the other hand, descended from the sky. With a bang, she stepped on a ship and destroyed it!

After destroying this ship!

Lan Xiaomeng landed steadily on the river, then ran wildly on the river, rushing towards the other ships on the river!

“Monster... That girl is a monster!”

“She clearly looks like a girl, but her body is so strong and powerful. She’s not human at all!”

“Not only is this girl a monster, but the other guys are also monsters!”

The soldiers shouted in fear. They were frightened.

They also realized that each of these guys was comparable to a fully equipped team. They were simply human killing machines!

After Tian Zhen and Jiang Bo shattered the armored vehicles, they jumped onto the river and rushed towards the ships!

At this moment.

On the way, Bujie, Xu Ying, Prajna, Feng Lengyue, and Zhuge Changfeng attacked fiercely!

Lan Xiaomeng, Tian Zhen, and Jiang Bo attacked fiercely on the river surface!

Everyone had a clear division of labor. They only had one goal, and that was to kill their way out of the encirclement!

Golden light erupted from Yang Luo's body as he unleashed his aura and rushed towards the mountain where the Great Swordsman of Light, the Templar, and the Snow Maiden of the Storm were!

Along the way, many armored vehicles crashed into him!

However, Yang Luo was like an ancient ferocious beast. He used his strong body to knock the armored vehicles away!

In the sky, many soldiers on the helicopters opened fire. They set up rocket launchers and fired shells at Yang Luo!

They fired crazily, wanting to kill Yang Luo!

Yang Luo did not stop at all. He continued to charge forward and slashed at the sky!

Boom! Boom! Boom!

Helicopters were shot down one after another and exploded into balls of fire!

After sending dozens of armored vehicles flying and shooting down more than ten helicopters!

Yang Luo was getting closer and closer to the mountain where the Great Swordsman of Light and the others were!

What was this kid trying to do?

The Great Swordsman of Light was shocked. He did not know what Yang Luo wanted to do.

However, just as they were in a daze!

Yang Luo stomped on the ground and collapsed a section of the ground. His body rushed into the sky like an Azure Dragon!

“Cut!!”

He let out an explosive roar and gripped the Dragon Emperor Sword tightly with both hands, slashing at the mountain in front of him!

“Everyone, get out of the way!”

The Great Swordsman of Light reacted and shouted as he retreated to a mountain beside him.

Templar Warrior and the Snow Maiden also quickly flashed out!

However, the warriors on the mountain and the members of the Dark Judgement Team had no time to evacuate...

## Chapter 1280: Double Kill with One Sword!

Rumble!

A huge golden sword slashed heavily at the mountain, erupting with an earth-shattering bang!

The entire mountain was split into two!

A large amount of rubble and dust rose into the sky!

Many warriors and members of the Dark Judgement Team on the mountain were killed on the spot!

“Young brat, you deserve to die!”

Great Light Swordsman, who had already retreated to a nearby mountain, let out a furious roar.

He raised the two-meter-long broadsword in his hand and slashed at Yang Luo as if he was lifting a door!

Swoosh!

A huge platinum sword shone with a dazzling light as it slashed heavily at Yang Luo who was on the street!

The templar knight also brandished his twin sabers and slashed out heavily!

Swish! Swish!

Two huge purple-black sabers tore through the sky and slashed at Yang Luo at the same time!

Meanwhile, Snow Maiden waved her hand!

Whoosh! Whoosh! Whoosh! Whoosh!

Countless icicles condensed and shot towards Yang Luo!

Yang Luo was not afraid at all. He waved the Dragon Emperor Sword in his hand and slashed out!

Clang!

Rumble!

An intense collision and explosion resounded!

Not only did Yang Luo's sword block the swords and sabers of Great Swordsman of Light and Templar Warrior, but it also destroyed the icicles that shot over!

Through this exchange!

Yang Luo also had a rough understanding of the strength of the three of them!

All three of them had the strength of a King ranked expert!

If they were divided by martial arts levels, they should be comparable to Martial Emperor Realm experts!

Martial Emperor Realm experts were no threat to him at all!

At this moment.

When the three Great Swordsmen of Light saw that Yang Luo had blocked their wave of attacks, they immediately launched another fierce attack!

“Divine Light Slash!”

“Sword Qi Tornado!”

“Ice Snowfall!”

Swoosh!

A huge platinum sword carried an even more ferocious energy as it slashed at Yang Luo angrily!

One mountain after another was cut open, and a large amount of rubble and dust swept through the air!

Purple-black saber qi tornadoes swept over, shattering all the rocks in the air!

An icy waterfall surged in the sky and surged towards Yang Luo!

Yang Luo’s eyes turned cold as he slashed out with his sword again!

Rumble!

The attacks launched by the trio were once again destroyed by a single sword!

After destroying the three people’s attacks!

Yang Luo didn't stop at all and dashed straight up the mountain!

Seeing that Yang Luo destroyed their attack once again!

The expressions of the trio changed drastically!

"This kid is actually so strong. Our attacks actually have no effect on him at all?!"

Templar Warrior exclaimed in shock.

"No wonder this kid can kill Shadowhunter and Duke of Bloody Hell. His strength is indeed impressive!"

Great Light Swordsman's expression was gloomy as he shouted, "Don't let this kid get close!"

"Yes!"

Templar Warrior and the Snow Maiden nodded in agreement.

Then, the three of them continued to attack!

"Radiant Seven-Kill Sword!"

Great Swordsman of Light suddenly waved the sword in his hand!

In an instant!

Seven huge platinum swords condensed and shot towards Yang Luo!

“Blade Qi Transformation — Fierce Tiger!”

Templar Warrior wielded his dual blades with all his might!

The powerful saber qi instantly transformed into two huge purple-black tigers that pounced at Yang Luo!

“Ice and snow!”

The snow maiden mobilized the energy in her body and suddenly waved her hand!

Hu! Hu! Hu! Hu!

For a moment, a violent wind blew and snowflakes filled the sky, turning into big snowballs that crashed towards Yang Luo!

The bone-piercing cold air spread, and the vegetation on the mountain began to freeze. The cold air spread crazily towards Yang Luo, wanting to freeze him as well!

“Sword Against the Nine Heavens!”

When Yang Luo rushed halfway up the mountain, he swung his sword with all his might!

Whoosh! Whoosh! Whoosh! Whoosh!

Nine huge golden swords condensed and shot out!

Rumble!

The nine golden swords collided fiercely with the seven platinum swords and the two purple-black tigers. Then, they exploded in the sky!

Yang Luo's entire body trembled as he let out an explosive roar!

"Sea of Purgatory Fire!"

Whoosh! Whoosh!

Blazing and scorching golden flames surged out of his body, transforming into a sea of flames that surged out!

The snowballs that filled the sky were all melted, and the ice that spread towards him was also melted!

The flowers, grass, and trees were all burned to ashes!

However, the sea of fire continued to surge towards the trio on the mountain!

"Retreat!"

Great Swordsman of Light shouted in shock and retreated!

Templar Warrior and the Snow Maiden also quickly retreated!

"Ahhh..."

However, the fire was too fierce. Even though they retreated, their bodies were still burned by the flames. The pain made their faces contort and they screamed repeatedly!

Yang Luo still did not hesitate. He stepped on the sea of fire and rushed towards the three of them!

At this moment, Yang Luo was like a demon god that had walked out of the Sea of Purgatory Fire, shocking everyone present!

But this time...

Yang Luo directly used the Great Freedom Emperor Dragon Movement Technique and transformed into a golden stream of light that rushed out!

Just as the three of them barely stabilized their bodies!

Yang Luo had already rushed to the top of the mountain and slashed at the three of them!

“Sword of Dawn!”

Swoosh!

With a slash of his sword, sword light exploded like the dawn breaking, wanting to disperse all darkness!

This move gathered all the sword qi and exploded at once. The power was even more ferocious and violent than ordinary sword moves!

He had used this move many times in the previous battle, and the power that erupted every time was not small!

“Be careful, don’t take it head on!”

Great Swordsman of Light reacted instantly. He shouted in surprise and retreated again!

However, the Templar Warrior and the Snow Maiden were too slow to react and could not quickly retreat!

The two of them could only launch a fierce attack to withstand Yang Luo's sword!

"Blade Qi Transformation – Azure Dragon!"

"Frost Torrent!"

Roar! Roar!

Two purple-black saber qi dragons condensed into form and let out dragon roars as they collided!

A torrent of ice and snow also swept into the sky and washed out!

Boom! Boom!

A vast and mighty sound of collision resounded, shaking the surroundings!

But in the next second!

Rumble!

The two saber qi dragons and the surging snow torrent were directly destroyed by the sword!

After destroying their attacks!

The sword continued to slash at the two of them!

"Defend!"

Templar Warrior shouted in fear and hurriedly condensed a True Qi barrier to block!

Snow Maiden also quickly condensed an energy shield to block!

However, they could not block it at all!

The defensive barrier that the two of them had condensed was directly cut open!

“No... Don’t!”

“I don’t want to die!”

The two of them shouted in horror.

But soon, their voices stopped.

Rumble!

The entire mountain was cut in half!

Templar Warrior and the Snow Maiden fell into the rubble below!

The two of them had already been slashed apart by the sword and blood flowed. Soon, they were dead!

Everyone watched as Yang Luo killed two wardens with a single strike!

All the members of Country Oxford and the Dark Judgement Team were shocked and terrified!

“Lord Templar Warrior and Lady Snow Maiden are dead!”

“Oh my god, this can’t be true, right? The two deacons ranked in the top ten were actually killed by this kid with a single strike?!”

The two are the top ten experts of the Dark Judgement Team, but they were killed now. How could this be?!”

Shouts of horror rose and fell.

Especially Great Light Swordsman who was closest to them, he was dumbfounded as if he had been petrified.

He did not expect Yang Luo’s strength to be so strong.

Most importantly, he didn’t even have time to help!

“You’re the only one left!”

Yang Luo looked up at Great Swordsman of Light, killing intent boiling in his eyes.

However, just as Yang Luo was about to launch a fierce attack on Great Swordsman of Light!

“Uhhh...”

“Ah...!”

Two screams of pain could be heard in the distance.

Yang Luo suddenly turned around!

Only to see that Feng Lengyue and Zhuge Changfeng had been struck by a cannonball. They had been sent flying, and had fallen heavily on the ground in the distance...
