Chapter 1301: Godlike Person!

In the blink of an eye, five days had passed.

Yang Luo and the others had recuperated in the Kingdom of Magic for five days, and everyone's injuries were almost healed.

In the past five days, Yang Luo had accompanied the Goddess of Fate to tour the entire Kingdom of Magic.

The two of them gradually got closer.

In the beginning, they had nothing to talk about, but later on, they talked about everything.

In the first two days, Bujie and the others did not disturb the two of them, giving them enough space.

However, in the next few days, everyone joined in and did not allow the two of them to be alone anymore.

The entire Kingdom of Magic was filled with laughter.

On the sixth morning.

After breakfast, Yang Luo and the others planned to leave.

Alves looked at Yang Luo and said, "Mr.

Yang, why don't you stay for a few more days?" Yang Luo shook his head and said, "Mr.

Alves, we've already been here for more than a week.

It's time to report back.

When we have time in the future, we'll come here again." "Alright." Alves sighed and said, "In that case, let's send you off." Yang Luo waved his hand and said, "There's no need to go through so much trouble." Alves shook his head and said, "Mr.

Yang, this is not troublesome.

Now, your presence is very sensitive in the entire Euro Domain.

Some countries hate you, some are afraid of you, and some respect you.

We'll send you off together.

If you encounter any trouble, we can take care of each other." "That's right." Augustus took over, "Mr.

Yang, let us give you a ride." Goddess of Fate said, "I don't care if the others send you off, I'm going to send you off anyway." "This is!" Seeing that it was difficult to refuse his kindness, Yang Luo shrugged helplessly, "Alright, I'll have to trouble everyone." After that, Yang Luo and the others took a medium-sized luxury yacht and left the Kingdom of Magic.

In the afternoon, Yang Luo and the others arrived at a port in Country Gaule's Flower City.

After arriving at the port.

The Blood Race members in the Country Gaule branch had already arranged for a few extended Rolls-Royces to wait at the port.

Everyone got off the yacht, got into the car, and went straight to Flower City's Airport.

On the way to the airport.

Augustus said, "Mr.

Yang, according to the investigation, the commander of Country Gaule respects and fears you.

Moreover, Country Gaule and Country Oxford had always had a bad relationship and hated each other.

That's why we chose to let you take a plane in Country Gaule.

This can also ensure your safety." "Oh!" Yang Luo nodded in realization.

No wonder Alves said that he wanted to take a plane to Country Gaule.

So that was what happened.

"By the way, Mr.

Yang, have you come to Gaule before?" Augustus asked with a smile.

"I was here before." Yang Luo nodded and said, "I also left quite a good memory in Country Gaule." Then, he turned to the Goddess of Fate and said, "Natasha, the first time we met was precisely in Flower City of Country Gaule, right?" "That's right." Goddess of Fate nodded, and a look of reminiscence appeared in her eyes.

"I still remember the first time we met was at the Eiffel Tower." Yang Luo nodded and said, "I didn't expect time to pass so fast.

It's like the blink of an eye." The Goddess of Fate didn't say anything else.

Instead, she turned to look out of the window, her face slightly red.

Back then, she and the Heavenly Sirius happened to see Yang Luo playing in the Eiffel Tower, so they planned to test Yang Luo's strength.

However, who knew that this fellow was so powerful?

Not only did he defeat her and Heavenly Sirius, but he also took advantage of her.

It was also from that moment on that Yang Luo's face could not be erased from her mind.

Along the way, everyone chatted and did not encounter any trouble.

At this moment.

Country Gaule.

Å%ølysÅ©e Palace.

In the commander's office.

An old Caucasian man in a light gray suit with brownish-white curly hair was working.

This Caucasian old man was the commander of the Gaule Kingdom, Brooke.

At this moment.

The landline on his desk rang.

Brooke answered the phone.

"May I ask who you are?" He asked.

"Hello, Mr.

Brooke.

I'm the leader of Team Eight of the Special Intelligence Unit, Cameron." A deep voice came from the other end of the phone.

"What's the matter?" Brook asked.

Cameron replied, "Mr.

Brook, just now, that young man called Yang Luo appeared and arrived at the port of Flower City." "Yang Luo?" Brook was stunned for a moment before fear appeared on his face, "Are you talking about Yang Luo who caused a ruckus in Oxford a week ago?" Cameron said, "That's him." "What?!" Brooke stood up in shock.

He looked a little flustered and asked, "Why did this kid come to Country Gaule?

Could it be that he wants to cause trouble here?" Cameron replied, "I don't think he's here to cause trouble.

After he got off the port, he went straight to the airport." "That's good, that's good!" Brooke breathed a sigh of relief.

Cameron said, "Mr.

Brooke, didn't you say before that you wanted to get to know this young man?

Now that he's in Country Gaule, do we need to invite him to meet you?" Brooke pondered for a moment before saying, "Alright, go and invite him.

Whether he wants to meet or not, call me back immediately.

Also, remember to be polite.

Don't anger him!" "Yes!" Cameron made a sound of agreement.

After driving for more than half an hour, they finally arrived at Flower City's Airport.

After getting out of the car, Yang Luo and the others walked into the airport lobby.

Augustus said, "Mr.

Yang, I've already arranged for a private plane.

You can board at any time." "Many thanks!" Yang Luo thanked them and cupped his hands at everyone, "Everyone, take care.

See you next time!" "Mr.

Yang, take care!" Alves, Augustus, Hopkins, and the others also bowed to Yang Luo.

Goddess of Fate walked forward and hugged Yang Luo.

She whispered in his ear, "I'll wait for your answer." "Alright!" Yang Luo smiled dryly and nodded.

After bidding farewell to everyone, Yang Luo was about to leave with Xu Ying and the others.

But at this moment, A few young foreign men and women in casual clothes suddenly walked over.

Moreover, no matter how well they disguised themselves, Yang Luo could tell that these foreign men and women were not ordinary people.

"Who are you people?!" Yang Luo's eyes turned cold as he asked.

When he entered the airport lobby just now, he felt that these people had been looking in his direction.

However, seeing that they did not make any moves, he ignored them.

"Stop right there!" "Don't get close!" Alves and the others also remained vigilant and shouted coldly.

"Mr.

Yang, don't be nervous.

We don't have any ill intentions towards you!" At this moment, a deep voice came from the airport entrance.

A tall Caucasian young man with short blond hair ran over.

The Caucasian man maintained his smile and said respectfully, "Mr.

Yang, I'm Cameron, the leader of Group 8 of the Country Gaule Special Intelligence Group.

These are my team members.” He did not dare to be disrespectful to this young man in front of him.

The special investigation team had already investigated what had happened in Country Oxford a week ago.

It was precisely because they had investigated thoroughly that the entire special investigation group was in an uproar.

They even treated Yang Luo as a god-like figure.

The number one mysterious organization in Country Oxford, the Dark Judgement Team, was actually destroyed by this young man.

Moreover, Country Oxford had suffered more than 40,000 casualties and countless equipment had been destroyed.

Most importantly, after this young man caused a ruckus in Country Oxford, Country Oxford suffered such a huge loss, but there was no reaction.

It was as if nothing had happened.

This made them even more impressed.

One had to know that Country Gaule and Country Oxford had been fighting openly and secretly for many years, but they had never been able to gain an advantage.

If they could really befriend this young man, it would be very helpful to them.

Chapter 1302: Fortunately, I Didn't Let You Down!

"Special Intelligence Unit?" Yang Luo looked puzzled. Augustus explained, "Mr. Yang, the Special Intelligence Unit is a mysterious organization in Gaule. They specialize in gathering information." "Oh..." Yang Luo nodded and asked, "What's the matter?" Cameron said, "Mr. Yang, our commander, Mr. Brooke, knows what you did in Country Oxford. He respects you very much and wants to meet you and make friends. What do you think?" Yang Luo shook his head and said, "I'm sorry, I'm in a hurry to leave now and don't have time to see your commander. Go back and tell your commander thank you for his invitation. Let's meet again when we have time." Cameron said, "Mr. Yang, we are sincerely inviting you. We hope —" Yang Luo's eyes turned cold, "Why? Do you want to force me to go if I don't go?" It was just a glance, but Cameron and the others immediately felt as if they had fallen into an ice cave, and their entire bodies trembled. Cameron shook his head repeatedly and said, "Mr. Yang, since you're unwilling, we naturally won't force you." With that, Cameron and the others quickly made way. Yang Luo didn't bother about these people anymore. Instead, he led Xu Ying and the others into the VIP passage. As they watched Yang Luo and the others leave... Augustus glanced at Cameron and said indifferently, "If you had dared to be more forceful, I'm afraid you'll be dead by now." With that, Augustus and the others left the airport. Cameron and the others' foreheads were already covered in cold sweat as they panted heavily. It was really a tough job to deal with these experts in the world.

"Team Leader, what should we do now?" A young woman asked. Cameron said helplessly, "What else can we do? Let's go back and report to Mr. Brooke." Then, Cameron and the others left the airport in a hurry. At this moment. On a private plane arranged by Augustus. Yang Luo and the others found a place to sit down. A few stewardesses on the plane brought tea and snacks. Their service was meticulous. Bujie picked up a pastry and took a bite. He grinned and said, "This battle was really satisfying. What Dark Judgement Team? They're nothing. In the end, they were still destroyed by us!" Prajna picked up a cup of coffee and took a sip. She pouted and said, "Brother Bujie, it seems to be Brother Yang who destroyed the Dark Judgement Team. Does it have anything to do with you?" "You..." Bujie was furious, "Sister Prajna, can you not learn from Xu Ying? How did you learn to insult others as well?" Xu Ying spread his hands and said, "Sister Prajna is right." Bujie looked at Yang Luo and wailed, "Brother Yang, look, these two people are ganging up to bully me!" "Hahaha..." Seeing Bujie's funny look, Tian Zhen and the others laughed. "Alright, stop fooling around." Yang Luo rolled his eyes and said, "It's all thanks to Mr. Alves and the others' help that we were able to complete the mission successfully this time. Otherwise, let alone completing the mission, it will be very difficult for us to leave Country Oxford alive." "That's right." Tian Zhen nodded and said, "So we are very grateful to Mr. Alves and the others. If they're willing to help in the future, we won't refuse." Feng Lengyue and the others also nodded. Only they knew how dangerous this mission was. If it weren't for the help of Alves and the others, she and Zhuge Changfeng would probably be the first to die. They were extremely grateful to Alves and the others. It was a long journey. The plane flew for more than ten hours before finally arriving at Country Hua's Capital Airport. Due to the time difference, it was past three in the afternoon when Yang Luo and the others arrived at the capital's airport. At this moment. Lin Aocang and Yi Jiuzhou were already waiting in the hall. Moreover, Mo Qingkuang was also present, waiting for Yang Luo and the others. Many members of the Hidden Dragon Pavilion were dressed in casual clothes and guarded nearby. Yi Jiuzhou asked, "Elder Lin, I heard that Little Luo and the others' mission this time is very dangerous. It could be said to be a narrow escape?" "That's right." Lin Aocang nodded and said, "A few days ago, Tian Zhen called me and said that Yang Luo fainted for three days because he was too injured and overexerted his strength." Mo Qingkuang frowned and said, "Dragon General, Yang Luo is my brother. Why didn't you wait for me to come back and let him lead the team to carry out the mission? If I go with

Brother Yang, we can take care of each other.” Lin Aocang said, “Qingkuang, you returned to the Kunlun Ruins some time ago. I don’t know when you’ll be able to return. The matter of repairing the dragon vein was very urgent, so I asked that kid to lead the team to carry out the mission.” Yi Jiuzhou sighed and said, “No matter what, Little Luo and the others are heroes of our country. Any gratitude is not enough for them. We can only do our best to protect our heroes. We can’t let them be hurt by others.” “Of course!” Lin Aocang replied and continued, “Little Luo and the others have carried out many missions for the country and offended many countries! Those countries are probably thinking of ways to harm them now! If those countries dare to touch them in the future, I’ll protect them even if I have to risk everything!” Mo Qingkuang said in a low voice, “Whoever dares to hurt my brother has to ask for my permission first!” Just as the three of them were chatting, Yang Luo and the other three walked out of the VIP passageway. “They’re back!” Lin Aocang’s face lit up and he quickly went forward. “Little Luo!” “Brother Yang!” Yi Jiuzhou and Mo Qingkuang also went forward. Yang Luo said solemnly, “Mister Yi, Dragon General, Brother Mo, we were lucky to have succeeded in snatching back the Imperial Jade Seal and the Ji Prefecture Cauldron!” “Good, good!” Yi Jiuzhou patted Yang Luo’s shoulder heavily, “The pillar of the country, the State Warrior is peerless!” Lin Aocang also sighed as well, “You’re all heroes of our country. We’re proud of you!” Yang Luo shook his head and said, “There’s no need to say these words. It’s also our honor to be able to contribute to the country.” As he spoke, he looked at Mo Qingkuang and asked curiously, “Brother Mo, when did you come back?” “I got back three days ago.” Mo Qing laughed wildly and replied, then reprimanded, “Brother Yang, you’re not a good brother. You didn’t even wait for me to return and ran off to do a mission. If anything happens to you, it would truly be a loss to our Hidden Dragon Pavilion.” Yang Luo shook his head and said, “Since I accepted this mission, I’m naturally prepared. Moreover, aren’t we back safely now?” Lin Aocang said, “Let’s go to the Hidden Dragon Pavilion base first. We’ll have a good gathering tonight.” “Alright!” Yang Luo nodded in agreement. Then, Yang Luo and the others walked out of the hall and took a few business cars to leave the airport. After leaving the airport, the car did not drive towards the city. Instead, it drove towards the suburbs. Yang Luo asked in confusion, “Dragon General, aren’t we going to the Hidden Dragon Pavilion base?” Mo Qingkuang smiled and said, “Brother Yang, Dragon Might Corporation isn’t the only base in our Hidden Dragon Pavilion. Our Hidden Dragon Pavilion also has a hidden base in the suburbs of the capital.” “I see.” Only then did Yang Luo react. However, it made sense. As a mysterious organization, Hidden Dragon Pavilion definitely had more than one base. After driving for more than an hour, they entered a deep mountain. After entering the deep mountains, patrolling and guarding warriors could be seen everywhere. After passing through the layers of checkpoints, the car stopped at the entrance of the base. Seeing Yang Luo and the others get out of the car, the soldiers at the door saluted.

Chapter 1303: Eye-opening!

Lin Aocang nodded and led Yang Luo and the others into the base.

More than ten minutes later.

Yang Luo and the others entered a building and came to an elevator made of super alloy.

He saw that the elevator was heavily locked with a password.

Lin Aocang walked forward and unlocked the heavy password lock.

A few minutes laterâ€¦ Ding!

The elevator doors opened.

Yang Luo and the others walked in.

Lin Aocang pressed a button.

After the elevator door closed, it began to descend rapidly.

Bujie chuckled and said, "This is our first time coming to the second secret base of the Hidden Dragon Pavilion.

Just thinking about it makes me look forward to it." Yang Luo, Xu Ying, and Prajna were also looking forward to it.

After all, they had never been here before.

The elevator descended for a hundred meters before stopping.

When the elevator door openedâ€¦ A long metal passageway appeared in front of everyone.

Lin Aocang introduced, "This passageway is made of the toughest super alloy in the world now.

Even missiles can't blow through it.

Moreover, ordinary martial artists, Espers, Mages, and other ability users can't destroy it either.” “Oh!” Yang Luo nodded and said, “Previously, when we went to Country Stars & Stripes to carry out a mission, we realized that their base was also made of this super alloy.” “That’s right.” Lin Aocang nodded and said, “Some large countries nowadays use this super alloy to build their bases.” Lan Xiaomeng smiled and said, “Brother Yang, didn’t you say that Country Stars & Stripes’ technology and weapons were very powerful previously?”

Next, you will see that some of our country’s technology and weapons have already surpassed Country Stars & Stripes.” “Is that so?” Yang Luo’s eyes lit up, “Then I must take a good look.” Then, everyone walked out of the elevator and stepped onto the metal passageway.

When everyone stepped onto the metal passageway, the ground began to move forward automatically.

Yang Luo had seen such technology in Country Stars & Stripes before, so he was not surprised.

Yang Luo and the others moved forward for nearly 500 meters and took a few more turns.

After a while! The scene in front of him changed again.

The two sides were no longer metal walls, but made of the sturdiest kind of glass in the world, which could compete with super alloys.

Through the glass, one could see various models of fighter jets, tanks, armored vehicles, ships, missiles, satellites, and so on.

Some did not have models, but are presented in 3D images.

There were huge electronic screens on both sides of the glass, and various data and complicated characters were jumping on them.

Yang Luo realized that he had never seen any of such models of technology and weapons in Country Stars & Stripes before.

In short, everything in front of him shocked him and made him feel proud.

Bujie clicked his tongue and said, "Dragon General, I didn't expect you to secretly come up with so many powerful things.

You're awesome!" "Some research is carried out in secret.

Naturally, it can't be made public." Lin Aocang laughed and said, "This place covers some of the most advanced technology and weapons in our country.

Those with models have already been developed, and those with 3D images are still being developed." Yang Luo, Xu Ying, Bujie, and Prajna nodded in realization.

Yi Jiuzhou teased, "Little Luo, don't tell anyone what you saw today after you go out." Yang Luo nodded and said, "Of course." Bujie patted his chest and said, "Mister Yi, please rest assured.

My mouth is very tight!" Xu Ying snorted and said, "You're still tight-lipped?

I think you're just a loudspeaker who talks non-stop!" Bujie waved his hand and said, "There are some things that I can't help but say, but there are some things that I will definitely not say!" Seeing Bujie's funny look, everyone laughed out loud.

Along the way, Lin Aocang and Yi Jiuzhou introduced the cutting-edge technology and weapons to Yang Luo and the others.

Yang Luo and the other three had broadened their horizons and understood a lot.

Just like that, the group moved forward another thousand meters.

They then saw a metal door in front of them that was tightly shut.

There were many password locks installed on the door, and there were also flashing lights on the photoelectric screen, jumping with characters.

When Yang Luo and the others arrived at the door, Beams of light shot down from the sky and began to beam at Yang Luo and the others.

“What’s this for?” Yang Luo asked curiously.

“Identity check.” Lin Aocang replied and continued, “No matter who comes here, they have to check their identities.

Even Mr.

Yi and I are no exception.

This scanner is also one of the cutting-edge technology we’ve developed so far.

Even if you change your appearance and figure, as long as you are exposed to the scan, I can detect all your information.” “I see.” Yang Luo nodded in realization.

A few minutes later— A mechanical voice sounded.

“Test complete, test complete!” “Safe!

Safe!” As the voice sounded.

The metal door opened.

Yang Luo cast his eye in the distance.

Inside was a huge laboratory.

On the wall were huge screens with various supercomputers and instruments placed inside.

Many scientists in white coats were doing research and recording data.

There were also many ability users from the Hidden Dragon Pavilion lying on metal beds.

Their bodies were connected to many wires, and a few scientists were testing and recording data.

Everything in front of him was very novel.

When Yang Luo and the others walked into the laboratory, the scientists greeted him one after another.

Yi Jiuzhou smiled and said, "Thank you for your hard work." Then, Yi Jiuzhou and Lin Aocang brought Yang Luo and the others into a room.

This room occupied a huge area.

All kinds of advanced supercomputers and instruments were placed inside.

There were also a few scientists doing research here.

In the center of the room was a high platform.

On the high platform were eight bronze cauldrons that were more than five meters tall.

Although each bronze cauldron looked very similar, there were some subtle differences.

Some had two ears and four legs, while others had two ears and three legs.

The patterns and words carved on the walls of each cauldron were different.

Moreover, there were names marked in front of each cauldron.

They were the Yang Province Cauldron, Qing Province Cauldron, Xu Province Cauldron, Yang Province Cauldron, Jing Province Cauldron, Yu Province Cauldron, Liang Province Cauldron, and Yong Province Cauldron.

When Yang Luo saw this, he said in surprise, “Dragon General, what’s going on?”

Didn’t they say that Yan Province Cauldron is in Country Sakura and Yong Province Cauldron is in Country Stars & Stripes?

Why are these two cauldrons here?” Lin Aocang chuckled and said, “Kid, while you were bringing Tian Zhen and the others to Country Oxford to carry out a mission, I arranged for someone to go to Sakura Country and Country Stars & Stripes to take back the other two cauldrons.” “A person?!” Yang Luo asked in surprise.

“That’s right.

It’s just one person.” Lin Aocang nodded.

“Holy shit!” Bujie’s eyes widened, “Who’s so awesome to actually quietly bring back the Yan Province Cauldron and Yong Province Cauldron?”

They're even faster than us?!" "That's right.

Isn't this too amazing?!" Lan Xiaomeng was also shocked.

"Blue Luan." Lin Aocang spat out two words.

"Blue Luan?!" Yang Luo, Xu Ying, Bujie, Prajna, and the others were dumbfounded.

They had all heard of Blue Luan's name.

Previously, when they challenged thousands of martial arts experts in Country Sakura, if not for Blue Luan, it would have been very difficult for them to return alive.

Unexpectedly, Blue Luan actually went to Sakura Country and Country Stars & Stripes alone to snatch back cauldrons.

Tian Zhen sighed and said, "Since it's Blue Luan, it's not strange."

Chapter 1304: The Nine Cauldrons Return!

Feng Lengyue also nodded and said, "Blue Luan is our country guardian. Her strength is unfathomable. Even if Sakura and Country Stars & Stripes heavily obstruct her, the power of the two countries will probably be useless to her." Tian Zhen, Lan Xiaomeng, and the others' eyes were filled with admiration. Yang Luo looked at Tian Zhen and the others and asked curiously, "Have you all seen Blue Luan?" "I, Leng Yue, Little Meng, Changfeng, and Brother Jiang have never seen her before." Tian Zhen shook his head and said, "However, Pavilion Master Mo has seen her before." Mo Qingkuang nodded and said, "That's right. I did see Blue Luan once." "What kind of person is Blue Luan? Is she a man or a woman? What does she look like?" Yang Luo asked repeatedly. Mo Qingkuang said, "Blue Luan is a woman, but I don't know what she looks like. After all, she has always been wearing half a cyan phoenix mask, so it was impossible to see her face. However, even though she always wears a mask, it is difficult to hide her peerless beauty. However, Blue Luan's personality was free and unrestrained, as if she is indifferent to everything. It's very difficult for ordinary people to deal with her." "I didn't expect the famous Blue Luan to be a woman. Impressive!" Yang Luo was even more surprised, "I hope I can see this legendary person with my own eyes one day!" Mo Qingkuang shrugged and said, "Brother Yang, if Blue Luan wants to see

you, she will naturally see you. If she doesn't want to see you, you won't be able to find her even if you search the ends of the world." Bujie smacked his lips and said, "This Blue Luan does have some personality. She's making me want to meet this legendary figure!" He turned to look at Yang Luo again and raised his eyebrows, "Brother Yang, work harder. If you can take down Blue Luan and make her your woman, that will be awesome!" However, Tian Zhen and the others were stunned when they heard Bujie's words. This fellow Bujie really dared to say it! He actually said that he wanted Yang Luo to take down Blue Luan and even wanted Blue Luan to be Yang Luo's woman! Lan Xiaomeng said with a smile, "Stupid bald donkey, if Blue Luan finds out that you said such a thing, even if you have a hundred lives, it won't be enough for her to kill you!" Bujie shuddered and straightened his neck, "So what if she find out? I have Brother Yang backing me up, why should I be afraid of Blue Luan! At that time, if Qing Luan really comes over, she might be conquered by Brother Yang's charm!" Pa! Yang Luo directly slapped this fellow's bald head, "Alright, stop talking nonsense. I only have respect for Blue Luan. I don't have those any other thoughts!" As he spoke, he turned to look at Lin Aocang and said unhappily, "Dragon General, since you can invite Blue Luan to carry out the missions, why did you do something unnecessary and ask us to go to Country Oxford to carry out a mission? If I hadn't asked my friends from the Euro Domain for help this time, Brother Tian, I, and the others would probably have died in Country Oxford." Lin Aocang chuckled and said, "Kid, you also know that Blue Luan is really too difficult to invite. Most of the time, Mr. Yi and I can't contact her at all. This time, I tried to contact her, but I didn't expect to really manage to go through. She didn't want to care about these things at first, but when she heard that we were here to repair the dragon vein, she agreed." "Right... So since you cannot confirm that Blue Luan will appear, so you're trying your best to woo me?" Yang Luo rolled his eyes. Lin Aocang and Yi Jiuzhou both laughed out loud. Yi Jiuzhou patted Yang Luo's shoulder and said, "Little Luo, we asked you for help because we believe in your ability and patriotism. We bear in mind what you have done for our country. I can express my stance to you. In the future, no matter what help you want us to help with, we won't say anything." "That's right. No matter what happens, you can contact us!" Lin Aocang also expressed his stance. "That's more like it." Yang Luo nodded and took out the Imperial Jade Seal from his storage ring, handing it to Lin Aocang, "This is the Imperial Jade Seal!" Lin Aocang took the Imperial Jade Seal and looked at it carefully. He immediately cried tears of joy and tears welled up in his eyes, "It's really the heirloom seal. It's really the heirloom seal! Our national divine artifact, the Imperial Jade Seal, has finally returned!" Yi Jiuzhou's eyes were also filled with tears and he was extremely excited. The scientists in the room also had tears in their eyes. Every descendant of Yan Huang would be moved by the return of the national treasure. Mo Qingkuang also said in admiration, "Brother Yang, well done!" Yang Luo shook his head and said, "This is not my credit alone, but everyone's credit! No matter how strong I am alone, I can't come and go as I please like the Blue Luan and silently take back the treasures!" Then, Yang Luo took out the Ji Prefecture Cauldron. He raised the Ji Prefecture Cauldron with one hand and walked onto the high platform, placing it in the last empty spot. With a bang, the ninth cauldron finally returned to its original position. The nine precious cauldrons were in the shape of rings and placed on the high platform. They were vast, ancient, and majestic. Yi Jiuzhou, Lin Aocang, and the others walked up and carefully observed the Ji Prefecture Cauldron. A white-haired scientist said excitedly, "Mr. Yi, Dragon General, this is the real Ji Prefecture Cauldron, not a replica!" "Yes!" Lin Aocang and Yi Jiuzhou nodded heavily, tears flowing uncontrollably. Because the commotion in the room was not small. Therefore, the scientists outside also ran in. "The nine cauldrons have returned. The nine cauldrons have finally returned!" "Country Hua will definitely rise and soar!" "It's all thanks to Mr. Yang and the other patriotic soldiers. Otherwise, we probably wouldn't have seen the return of our national divine artifact in our

lifetime!" The scientists present were filled with emotions. Their eyes were filled with tears as they admired Yang Luo and the others. Yang Luo smiled and said, "Everyone, don't be in a hurry to get excited. I'm afraid you'll be even more excited later." "What do you mean?" Yi Jiuzhou, Lin Aocang, and the others looked at Yang Luo in confusion. Yang Luo said to Prajna, "Prajna, take out all the treasures!" "Alright!" Prajna smiled and responded. Then, Yang Luo and Prajna took out the other treasures from their storage rings and spatial necklaces. When they all saw the national treasures that had been snatched away by Country Oxford appear in front of them... Yi Jiuzhou, Lin Aocang, and the others were dumbfounded and could not help but tremble. "Oh my god, aren't these the dragon and snake heads of the twelve zodiac beast heads? They've actually been found?!" "Even a portion of the Eternal Joy Ceremony has been found!" "'Women's History Proverbs', 'Diamond Sutra', 'Han Sword', 'Everlasting Happiness Sword'... Oh my god, even these national treasures have been found!" The scientists present were so excited that they were about to go crazy. Everyone only dared to approach and take a look. They did not dare to touch them, afraid that they would damage these national treasures. Until all kinds of antiques, jade artifacts, clothes, paintings, and other treasures filled the entire room. Only then did Yang Luo clap his hands and say, "Mr. Yi, Dragon General, we brought these treasures back along the way. Unfortunately, my storage ring and Prajna's spatial necklace have limited space. Otherwise, we could have brought back more treasures." Lin Aocang was so excited that his face turned red. He grabbed Yang Luo's hand tightly and said, "Kid, you've given us a huge surprise! I really don't know how to thank you!" Yi Jiuzhou also sighed in admiration, "Little Luo, I didn't expect you to bring back so many treasures from your trip to Country Oxford. Good, good!" Yang Luo waved his hand, "There's no need to thank me. It's just convenient anyway." Yi Jiuzhou instructed the scientists present, "Everyone, quickly count how many treasures there are!" "Yes!" All the scientists responded and quickly began to count. After a while... A scientist reported, "The statistics are out. There are a total of 1,345 pieces lying here!" Reason this question is asked is because both he and she are pronounced the same in Chinese.

Chapter 1305: Herbs Complete!

Hearing the report, Yi Jiuzhou and Lin Aocang trembled and their eyes almost popped out.

They never expected that in this trip to Country Oxford, not only did Yang Luo take back the heirloom seal and the cauldron, but he also took back 1,345 treasures.

The two of them and the other scientists present were indescribably excited.

Mo Qingkuang looked at Yang Luo and sighed, "Brother Yang, I'm really impressed.

No wonder those guys from Oxford sent so many people to surround and intercept you.

I can't imagine how dangerous the situation was." Yang Luo shook his head and said, "These things are already in the past.

There's no need to mention them anymore.

As long as the outcome is good, it's enough." "That's right." Mo Qingkuang nodded.

"On behalf of all the descendants of Yan Huang, I thank you!" "Kid, thank you!" At this moment, Yi Jiuzhou and Lin Aocang bowed deeply to Yang Luo.

All the scientists present also bowed deeply to Yang Luo.

"Everyone, what are you doing?

Hurry up and get up!

I just did something insignificant.

There's no need to do this!" Yang Luo walked forward and helped Yi Jiuzhou and Lin Aocang up.

The scientists also straightened up and looked at Yang Luo, their eyes filled with admiration and gratitude.

Yi Jiuzhou said, "Little Luo, this is not an insignificant matter.

It's a huge matter for our country!" Lin Aocang nodded and said, "Kid, you're the great hero of our country.

We're proud of you!" Yang Luo curled his lips and said, "Alright, cut the pleasantries.

I'm hungry.

Can we go eat?" Lin Aocang laughed loudly and pointed at Yang Luo, "Kid, you're still so calm after doing such a big thing.

I have to admit defeat!" Yi Jiuzhou also smiled and said, "I've already booked the Mei's Residence Family Banquet for dinner.

Let's go over now!" "Alright!" Everyone nodded.

Then, Yang Luo and the others left the base and took a car to the city.

The car drove for more than an hour before arriving at the Mei Residence's Family Banquet.

This was a famous private restaurant in the capital.

It was in a courtyard house in an old alley.

The people who came here to eat were either rich or noble.

Moreover, it was very difficult to book this private restaurant.

Sometimes, one had to book a private room a few months in advance.

However, Yi Jiuzhou's identity could be booked with a call at any time.

After parking the car, Yang Luo and the others walked into this quiet and elegant private restaurant and arrived at the "Mei" private room.

After Yang Luo and the others sat down, exquisite dishes were served on the table and a few bottles of special Maotai.

Lin Aocang opened a bottle of wine and prepared to pour wine for everyone.

But Tian Zhen stood up and said, "Dragon General, let me do it!" Lin Aocang waved his hand and said, "You're the heroes of our country.

What's wrong with me pouring wine for you?" As he spoke, Lin Aocang did not allow any refusal and filled everyone's glasses.

Yi Jiuzhou raised his wine glass and said, "Let me toast you.

Thank you for risking your lives for our country and snatching back our national divine weapon and so many treasures!" Yang Luo raised his wine glass and said, "Now, we've only snatched back a portion of the treasures.

Most of the treasures have yet to return!

I hope that one day, those countries will take the initiative to return our treasures!" Yi Jiuzhou said, "Now, as our country grows and develops, many countries have returned a portion of our treasures!

Although most of the treasures have yet to return, I believe that as our country becomes stronger, those countries will return all our treasures in the future!" Lin Aocang said firmly, "I believe this day won't be too far away from us!

Our country has you and so many patriotic people.

Our country can finally take off and return to the top of the world!

Everyone, cheers!" "Cheers!" Everyone raised their glasses and finished their wine.

In the following period of time, everyone drank and chatted.

The atmosphere was very happy.

Lin Aocang also asked about the process of Yang Luo and the others carrying out the mission.

Yang Luo did not hide anything and told Lin Aocang, Yi Jiuzhou, and Mo Qingkuang about the mission.

After hearing Yang Luo's story, Yi Jiuzhou and the other two admired Yang Luo and the others even more.

By the time dinner was over, it was already past nine in the evening.

Everyone walked out of the Mei residence's family banquet.

Yang Luo asked, "Dragon General, now that the Nine Cauldrons of Yu and the Imperial Jade Seal have been found, when are we going to start repairing the dragon vein?" Lin Aocang said, "Although we've already found the divine artifact, it will still take some effort to ask the immortals for help.

However, you don't have to worry about the rest.

I'll take care of it.

When they start repairing the dragon vein, I'll contact you." "Sure." Yang Luo nodded in response.

They chatted for a while more on other matters before they parted.

Yi Jiuzhou and Lin Aocang left in a car.

Lan Xiaomeng looked at Yang Luo and said, "Brother Yang, now that the mission is over, can you play with us in the capital for a few days?" Yang Luo said helplessly, "I'm afraid that won't do.

I'm preparing to go to Changbai Mountain to cultivate tomorrow and break through to the next realm." Because Changbai Mountain in the northeast was relatively close to the capital, he planned to go to Changbai Mountain to cultivate again.

He could feel that his cultivation was not far from breaking through to the next realm.

Perhaps he could step into the late-stage Dao Convergence realm this time.

Lan Xiaomeng held Yang Luo's hand and said coquettishly, "No, it's just for a few days.

It won't take up your time!" Feng Lengyue patted Lan Xiaomeng's head and said, "Little Meng, stop fooling around.

Brother Yang has his own things to do." "Wu wu wu!" Lan Xiaomeng rubbed her eyes sadly.

"Let's go.

Let's not disturb Brother Yang." Feng Lengyue pulled Lan Xiaomeng into the car.

Tian Zhen, Zhuge Changfeng, and Jiang Bo also greeted Yang Luo, got into the car, and left.

However, Mo Qingkuang did not leave.

He took out a large wooden box from his storage ring and handed it to Yang Luo, "Brother Yang, these are the herbs you asked me to find for you." Yang Luo took the box and opened it to take a look.

There were 12 medicinal herbs inside.

They were the remaining 12 medicinal herbs needed to refine the Overlord Body Pill, Immortal Transformation Pill, and Tribulation Transcendence Pill.

Yang Luo was extremely surprised, "Brother Mo, you actually found them all?!" Mo Qingkuang smiled and said, "Although the twelve herbs you want are relatively rare, you can find them in the Kunlun Ruins as long as you spend some effort." "Brother Mo, thank you!" Yang Luo put the box into his storage ring and cupped his hands in thanks.

He was very happy.

Coupled with these twelve medicinal herbs, the medicinal herbs needed to refine the three types of medicinal pills were complete.

He could start refining them soon.

"We're brothers.

There's no need to thank me." Mo Qingkuang waved his hand and asked, "Brother Yang, what medicinal pill do you need these herbs for?" Yang Luo replied, "It's to refine the Overlord Body Pill, Immortal Transformation Pill, and Tribulation Transcendence Pill." "Why do these three medicinal pills sound so strange?" Mo Qingkuang said with a puzzled expression.

Then, he suddenly reacted and said in surprise, "Brother Yang, are you planning to use these three pills to help you break through to the Earth Immortal realm?!" "That's right." Yang Luo nodded and said, "Although I'm still a distance away from the Earth Immortal realm, I have to make preparations in advance." Mo Qingkuang hurriedly asked, "Brother Yang, what realm have you stepped into now?" "Mid-stage Dao Convergence." Yang Luo replied, "However, it shouldn't be long before I can step into the late-stage Dao Convergence realm."

Chapter 1306: Eliminate Yang Luo!

"Heavens, isn't your cultivation breakthrough too fast?" Mo Qingkuang shook his head in admiration, "I've just stepped into the Dao Convergence realm.

I didn't expect you to already be close to the late-stage Dao Convergence realm.

It seems that the gap between me and you is really getting bigger and bigger." One had to know that when he first met Yang Luo, Yang Luo's cultivation level was still lower than his.

However, he did not expect that Yang Luo's cultivation level had already surpassed his.

Yang Luo smiled and said, "Brother Mo, your talent is not bad.

I believe that your cultivation will increase very quickly in the future." "Compared to you, I'm still far inferior." Mo Qingkuang sighed and shook his head, "Alright, I'll leave then.

Keep in touch if anything happens in the future." "Alright!" Yang Luo nodded in response.

After Mo Qingkuang left in the car, Bujie asked, "Brother Yang, are we going to Changbai Mountain to cultivate again tomorrow?" "That's right." Yang Luo nodded and said, "Of course.

Other than cultivating, I also plan to refine medicinal pills to prepare for the future.

You all have to cultivate hard as well and strive to increase your cultivation again." "Yes!" Xu Ying, Bujie, and Prajna nodded.

Then, Yang Luo and the other three drove away from the Mei Residence Family Banquet and arrived at the Bulgari Hotel.

After booking four luxurious suites, Yang Luo and the others returned to their rooms.

However, as soon as Yang Luo entered the room, a call came to his phone.

He took out his phone and took a look.

When he realized that it was Su Qingmei, he quickly picked up the call.

As soon as the call was picked up, Su Qingmei's resentful voice sounded.

"Someone disappeared for so long and still knows how to answer the phone?" Yang Luo laughed dryly and said, "Qingmei, I've been too busy recently.

I'm really sorry." "Okay, I know you're busy, but there's no need to apologize." Su Qingmei replied, "The new year is in a week.

Don't tell me you can't even come back for the new year?" "Ah?" Yang Luo was stunned, "The new year is in a week?!" Su Qingmei said, "That's right.

Have you even forgotten about this?" "Uhhhâ€¦" Yang Luo said helplessly, "I've been so busy recently.

I really didn't know that the new year was coming." There was a pause.

Yang Luo continued, "However, don't worry.

I'll definitely rush back before the new year.

Also, let's go to the Holy Imperial Court's headquarters for the New Year this year.

Our friends are all there, so it's more lively." "Alright!" Su Qingmei agreed happily and asked, "Then should we call Sister Dongfang, Sister Ziyun, Sister Qianyi, and Sister Zhixin?" Yang Luo said, "Of course.

I'll contact Eldest Senior Sister and the others later." Su Qingmei said excitedly, "That's great.

It's my first time going overseas for the New Year, and it's even at the Holy Imperial Court.

I'm very excited just thinking about it!" After chatting for a while, Yang Luo hung up.

After hanging up the phone! Yang Luo then called Dongfang Ruoshui, Xiao Ziyun, Lin Qianyi, and Song Zhixin to tell them to go to the Holy Imperial Court for the New Year this year.

Dongfang Ruoshui and the other three were very happy to know that everyone was going to the Holy Imperial Court for the new year.

After making these four calls, Yang Luo did not think too much about it.

He called Su Wanqiu, Alinda, and Qin Yimo and told the three women about this.

The three girls agreed without thinking.

However, after the call, Yang Luo's heart skipped a beat.

What the f*ck! As the saying goes, three women make a market four a fair.

However, with so many women gathered in the Holy Imperial Court this time, would there be any trouble?

Especially since every woman did not know how many women he currently had now.

This time, it was equivalent to publicizing it directly.

Moreover, he had taken the initiative to publicize it.

Yang Luo gulped and wiped the sweat off his forehead.

Nothing would happen, right?

Everyone was a high-quality and outstanding woman in various fields.

They would definitely not cause trouble.

Forget it.

When the time came, he would mediate and counter every move.

What could actually happen?

In any case, he was the head of the family, okay?

Thinking of this, Yang Luo felt more confident.

Then, Yang Luo shook his head and threw away these wild thoughts.

He looked out of the window.

This time, when he went to Changbai Mountain to cultivate, he had to successfully refine the Overlord Body Pill, Immortal Transformation Pill, and Tribulation Transcendence Pill, as well as increase his cultivation level again.

The next morning.

After Yang Luo and the others had breakfast at the hotel, they went straight to the airport, got on a plane, and flew to Changbai Mountain! At the same time! The capital.

There was a huge manor on the outskirts of the city.

This manor was simple, heavy, and majestic.

It was the Cao Family's manor, ranked first among the five royal families in the capital.

At this moment.

The hall of the manor was filled with people.

The head of the Cao family, Cao Huben, sat in the main seat.

Apart from the head of the Cao family, the head of the Nie family, one of the five royal families of the capital, Nie Baoshan, sat beside him.

The direct descendants of the Cao family and the Nie family were also present.

Of course, other than these two families, Several first-rate, second-rate, and third-rate families that were on good terms with the two families were present.

Even the Huangfu family's master, Huangfu Zhenxiong, the Qiao family's master, Qiao Bailin, and the Xu family's Xu Yanfeng were present.

It could be said that everyone present was an existence that would cause the entire Country Hua to tremble with every stomp of their feet.

Cao Huben, who was wearing a black Tang suit and had long grayish-white hair combed behind his head, glanced at everyone present.

He said in a deep voice, "Everyone, I've gathered everyone here this time because I have something important to discuss with you." "Elder Cao, what's the matter?" A family head asked.

“To silence Yang Luo!” Cao Huben spat out four words.

As soon as these words were spoken! The crowd went silent.

“Elder Cao, are you joking?

Yang Luo has been in the limelight in Country Hua recently.

How can we get rid of him?” “That’s right.

Not only is Yang Luo a powerful individual, but his background is also not small.

Once we touch him, it might involve many families and ancient martial arts sects!” “It’s said that the South Suppressing King, Dongfang Ruoshui, is this kid’s senior sister.

If we touch this kid, the South Suppressing King will definitely not sit back and do nothing!” “More importantly, even Mr.

Yi and the Dragon General are very close to this kid.

These two are not easy to deal with!” The heads of the various families present started discussing.

Clearly, they did not dare to touch Yang Luo.

Huangfu Zhenxiong sneered and said, “You’re the heads of the various families in the capital, after all.

Do you only have this little guts?” Qiao Bolin also mocked, “I’m not asking you to touch that kid.

With Elder Cao and Elder Nie's help, what are you afraid of?" Xu Yanfeng shook his head and said, "I think the older you get, the timider you become.

You no longer have the boldness and methods you used to establish the family!" A family head said angrily, "Isn't the reason why the three of you agree to deal with Yang Luo so much because that kid destroyed your three families, causing you to only hide in the old residence now?" "That's right.

Even if we can really destroy Yang Luo, I'm afraid it will only be beneficial to you.

What good will it do us?" Another family head added.

The other family heads also spoke up one after another and criticized Huangfu Zhenxiong and the other two.

Huangfu Zhenxiong and the other two were so angry that their brows twitched and their chests heaved.

Back when their three families were still the top families in the capital, how could these guys dare to speak to them like this?

Which one of them wasn't respectful to them?

If they wanted their help, wouldn't they give them all sorts of gifts and pleas?

It was indeed rats leave a sinking ship.

A dragon swimming in the shallow waters can be mistaken as a shrimp!

Chapter 1307: Discussing Countermeasures!

Huangfu Zhenxiong and the other two were still arguing with the heads of the various families.

However, Cao Huben stomped his walking stick and shouted, "Silence!" For a moment, all the family heads present fell silent, not daring to speak again.

It had to be known that the strongest family present was the Cao family.

They didn't dare offend Cao Huben's dignity.

Nie Baoshan, who was wearing a gray Tang suit and had short gray hair and holding a longevity turtle walking stick, coughed lightly.

His sharp eyes swept across everyone present and he said coldly, "What are you arguing about?

Can you hear us out?" Seeing Nie Baoshan flare up, everyone trembled in fear and fell silent.

Even if the Nie Family couldn't compare to the Cao Family, they weren't people they could offend.

Huangfu Zhenxiong said respectfully, "Elder Cao, Elder Nie, Old Qiao, Old Xu, and I unconditionally support dealing with Yang Luo!" "That's right, we support you unconditionally!" Qiao Bailin and Xu Yanfeng also expressed their stance.

Cao Huben nodded, "Brother Huangfu, Brother Qiao, Brother Xu, don't worry.

After getting rid of Yang Luo, you can take back all the assets that this kid snatched away back then.

Your three families can also return to the ranks of first-rate families." Nie Baoshan also said, "Yang Luo is really too detestable.

He actually destroyed other people's families at the drop of a hat.

It's time to get rid of him!" "Thank you, Elder Cao and Elder Nie!" "As long as we can get rid of Yang Luo, we can do anything!" "If you can let our three families return to the ranks of first-rate families, the two of you will be our great benefactors.

In the future, our three families will definitely be filial to the two of you every year!" Huangfu Zhenxiong, Qiao Bailin, and Xu Yanfeng hurriedly spoke, their faces filled with excitement.

Ever since their three families were destroyed, the families that had once been on good terms with them had distanced themselves from them.

The families who once had a grudge against them also mocked and attacked them.

If not for the protection of the Cao family and the Nie family, it would be a problem for their clansmen to continue staying in the capital.

"Let's talk about this after we get rid of Yang Luo.

Let's discuss how to deal with this kid first." Cao Huben raised his hand and looked up at everyone present, "Everyone, let me tell you the truth.

I have to get rid of Yang Luo!

Back then, this kid destroyed the charity foundation we established in Jiang City and caused our Cao family to lose at least a few billion yuan every year!

Moreover, this kid crippled my son, Yanzhong, so that he could only sit in a wheelchair in his next life!

If not for the fact that I had asked the cultivators of the Heaven Amplification Sect of the Penglai Immortal Island for help, Yanzhong would have died long ago!

This kid dares to offend the dignity of our Cao family.

He has to die!” Cao Yanzhong, who was sitting in a wheelchair at the side, said ruthlessly, “This kid must die!” He had been receiving treatment at the Heavenly Amplification Sect on the Penglai Immortal Island during this period of time, and had only recovered now.

However, although his life was saved, he had become a cripple and could only sit in a wheelchair in his next life.

Moreover, the war zone he led had already changed its Commander-in-Chief.

After all, no one would use a cripple to lead a war zone.

Therefore, he already hated Yang Luo to the core!

Nie Baoshan narrowed his eyes and said, “Although Yang Luo didn’t provoke our Nie family, if my grandson Changkong wants to unify the north and south, this kid will be the greatest obstacle.” Nie Changkong, who was sitting at the side, said in a low voice, “Yang Luo has ruined my plans time and time again.

He even injured me at Dongfang Ruoshui’s birthday banquet and embarrassed me.

Therefore, I have to get rid of Yang Luo.

If he doesn’t die, I won’t be at ease.” Nie Changkong’s eyes were also filled with resentment and hatred.

He had wanted to deal with Yang Luo some time ago.

However, Nie Baoshan stopped him in time and said that if he wanted to touch Yang Luo, he had to think about it at length.

Therefore, he had been enduring.

Now that he was finally going to make a move against Yang Luo, he was happier than anyone else.

Cao Huben continued, "Everyone, I've been paying attention to Yang Luo recently and have investigated all his information.

This kid's background was indeed very strong now.

Other than some families obeying him! There are also many ancient martial arts sects that have a good relationship with him.

However, as long as we can get rid of this kid, the benefits we can obtain are quite terrifying." "Elder Cao, may I ask what benefits we can obtain?" A family head asked.

Cao Huben frowned.

He naturally knew that these guys here were a bunch of people who could not be moved without benefits.

If they didn't give them some benefits, these guys wouldn't be willing to work for them.

There were no eternal friends, only eternal benefits.

This was a principle that he had known for countless years.

Thinking of this, he said, "First of all, we can annex Hua Mei Biomedical.

I've already sent someone to investigate.

Hua Mei Biomedical's current development momentum is very fierce.

In just half a year, Hua Mei Biomedical's assets have jumped from five billion to five hundred billion, almost a hundred times more.

What's more, Hua Mei Biomedical has great potential.

Just their six trump cards alone could bring in quite a lot of profits in the next few decades.

As long as we can divide up the Hua Mei Biomedical, the profits our families can get every year are quite considerable." Nie Baoshan said with a smile, "The peaches have already ripened.

You have to pick them quickly.

If we don't pluck it now, how long will we have to wait?" Their Cao family and the Nie family had often done this in the past.

As long as any company grew stronger, they would take over.

Those who were unwilling to hand it over, they would arrange all kinds of crimes and lock those company heads up.

If the resistance was intense, he would quietly get rid of them.

They had tried these methods time and again.

Hearing their conversation, The eyes of the Patriarchs of the various large families present lit up.

They were very tempted.

They naturally knew about Hua Mei Biomedical.

Many big bosses in the business world had said that Hua Mei Biomedical had great potential.

In the future, it would occupy the entire cosmetics and healthcare market in Country Hua and become the number one company.

If they could really divide up the Hua Mei Biomedical, their families could continue to develop.

Cao Huben continued, "Other than Hua Mei Biomedical, there are also many families that follow Yang Luo.

These families also have many businesses under their names.

As long as we can divide up the businesses of these families, how much benefit do you think we can obtain?" "If we can really divide Hua Mei Biomedical and the businesses of these families, our various major families will welcome a soaring rise!" "However, this move is too big.

Once we do this, I'm afraid the entire south will undergo a huge reshuffle!" "Isn't that so?

Moreover, it's not easy to annex Hua Mei Biomedical and destroy those families!" The family heads were excited and nervous.

Huangfu Zhenxiong also said worriedly, "Elder Cao, Elder Nie, with your strength, it definitely won't be difficult for you to annex Hua Mei Biomedical and destroy the various families that follow Yang Luo.

However, Yang Luo also has a lot of connections and power overseas.

Back then, when he destroyed our three families, he used his connections and power overseas.

Later on, we also investigated clearly.

The ones who attacked our three families were the Laurel Corporation, the royal family of Country Windmill, and the royal family of Dibai.

There are even some Western families that are on good terms with the royal families of Laurel, Country Windmill, and Dibai.” “That’s right.

Otherwise, how could our three great clans be destroyed so easily by this kid!” Qiao Bolin chimed in.

Xu Yanfeng and the other family heads nodded.

This was also what they were worried about.

Chapter 1308: Mysterious Black-Robed Man!

Cao Huben smiled and waved his hand, “This kid has powerful connections and power overseas.

Does our Cao family not have any?

To be honest, my Cao family has formed a friendship with the Procter and Gamble Corporation of Country Stars & Stripes, the royal family of Country Oxford, the royal family of Country Myriad Islands, and some Western families many years ago!

As long as I ask them for help and promise them some benefits, they will definitely help!” Nie Baoshan said, “Many years ago, our Nie family was also on good terms with the Shisido Corporation of Country Sakura, the royal family of Country Sakura, the royal family of Country Fairytale, and some Western families!” Huangfu Zhenxiong laughed out loud and said, “In that case, our connections and energy overseas can completely resist Yang Luo!” Xu Yanfeng said happily, “It’s more than just resisting.

This is completely crushing, okay?” “Without the help of overseas connections and power, it’s impossible for this kid to defeat us with just his domestic connections and power!” Qiao Bolin added.

The other family heads were also extremely excited.

Yang Luo's connections and power both inside and outside the country had been suppressed.

How could he fight with them?

Nie Baoshan raised his hand and said, "Everyone, other than the benefits Elder Cao mentioned, there's another benefit." "Elder Nie, what other benefits do you have?" A family head asked.

Nie Baoshan said, "According to our Nie family's investigation, there are also many ancient martial arts sects that follow Yang Luo.

If we can get rid of Yang Luo, we can take over those ancient martial arts sects and make them listen to our orders." A family head said worriedly, "But those ancient martial arts sects are not so easy to deal with!

In addition, that kid Yang Luo is also very strong.

That's even harder to deal with!" The other Patriarchs also had worried expressions.

They could beat Yang Luo in business, but it was very difficult in terms of martial arts.

Nie Baoshan chuckled and said, "Everyone, don't worry.

Since Elder Cao and I have already planned to touch that kid, we're naturally fully prepared!" "That's right!" Cao Huben nodded, "This time, my Cao family has asked the Heavenly Amplification Sect of the Penglai Immortal Island for help!

Elder Nie had also asked the Purple Cloud Sect of the Penglai Immortal Island for help!

With the help of the two immortal sects, what do you have to worry about?" During this period of time, he and Nie Baoshan had been communicating with the Heaven Amplification Sect and the Purple Cloud Sect on the Penglai Immortal Island with the goal of dealing with Yang Luo.

After all, they also knew that it was very difficult to get rid of Yang Luo now.

They had to rely on power that exceeded the mortal world.

After they promised a lot of benefits, the two immortal sects agreed to help.

Hearing Cao Huben's words, All the family heads present were immediately excited.

"Heavens, if we have the help of the two immortal sects on Penglai Immortal Island, we don't have to worry at all!" "Isn't that so?"

There are true immortals on the Penglai Immortal Island.

No matter how strong Yang Luo is, can he compare to those immortals?" "As for those ancient martial arts sects, they're even less worth mentioning compared to those immortal sects!" "In that case, what's there to be afraid of?"

I think we can start acting directly!" "That kid has been very active recently.

I've been unhappy with him for a long time!" The family heads were overjoyed and started discussing.

In terms of business and martial arts, they had completely crushed Yang Luo.

They did not have to worry anymore.

"Everyone, quiet down!" Cao Huben raised his hand.

Everyone fell silent.

Cao Huben said loudly, "Everyone, I'm just informing you about this in advance today so that you can prepare in advance!"

However, we are not going to touch that kid today!" "Elder Cao, when do we take action?" A family head asked.

Cao Huben said, "Let's take action after the new year.

After all, the two immortal sects plan to send people to help us after the new year!

Therefore, it's better to wait for the people from the two immortal sects to arrive before we take action!" "Yes!" Everyone responded in unison.

After Yang Luo and the other three left the capital, they only arrived at Changbai Mountain at noon.

When the four of them entered the deep mountains, He heard angry roars and fighting sounds from afar.

Moreover, Yang Luo and the other three also felt waves of True Qi fluctuations.

Bujie exclaimed, "F*ck, what's going on?"

Could it be that someone has started fighting?" "I think so!" Yang Luo nodded and said, "Furthermore, five of them are the old patriarchs of the five immortal families in the northeast, Liu Qingyun, Hu Dongyuan, Huang Songkui, Chang Fengchun, and Bai Yutong!

The other aura was a little unfamiliar.

It seemed that Mr.

Liu and the others is fighting with someone!

Let's go to the top of the mountain!" "Alright!" Xu Ying and the other two nodded.

Soon, Yang Luo and the other three quickly went up the mountain and reached the top of a tall mountain.

As they cast their gazes in front of them, As expected, Several kilometers away, six figures were fighting fiercely on the mountaintop.

Light flickered and True Qi surged.

It was incomparably spectacular.

"Let's go!" Yang Luo waved his hand and led Xu Ying and the other two to leap over the mountains.

At this moment.

On a few mountains a few kilometers away, six figures were moving up and down the mountain.

Five of them were Liu Qingyun and the others.

The other figure was a young man holding a three-pointed, double-edged spear.

Rumble!

Accompanied by a series of explosions!

Liu Qingyun and the others were sent flying!

The five of them flipped a few times in the air and landed steadily on the five mountains.

They looked up at the black-robed man on the opposite mountain.

The man was wearing a long black robe.

He was thin and tall, and his facial features were well-defined.

He had sharp eyebrows and starry eyes.

He wore a black jade pendant at his waist.

His long black hair was tied behind his head and fluttered in the wind.

This man in black looked gentle and refined, but his deep eyes flickered with a cold light.

Especially the three-pointed, double-edged spear in his hand.

Under the sunlight, it emitted a cold light.

“Kid, who are you?”

Why are you stepping into the cultivation territory of the five immortals?” Liu Qingyun raised the Black Python Sword in his hand and pointed it at the man in black.

“Kid, quickly tell me your name!” Hu Dongyuan raised the Fire Fox Blade and pointed it at the man in black.

Huang Songkui, Chang Fengchun, and Bai Yutong also stared at the black-robed man angrily.

Originally, they were cultivating well here, but they did not expect this black-robed man to barge in.

This could not help but remind them of Yang Luo breaking into Changbai Mountain.

However, they respected and admired Yang Luo very much.

Not only did Yang Luo conquer them with martial strength, but his character also made them admire him.

However, this kid in front of them barged in without their permission.

Did he really think that they did not exist?

The black-robed man frowned and said, "I've heard of the five immortals.

I came to Changbai Mountain only to cultivate.

I don't want to be your enemy!

If you know what's good for you, get lost!

You guys can cultivate your own things, and I'll cultivate mine.

We won't disturb each other!" "Insolent!" Liu Qingyun shouted coldly, "Everyone in the martial arts world knows that the Changbai Mountain is the territory of the five immortals.

No one has ever barged in without permission!

You said that you wanted to cultivate here.

Did you get our permission?" "So you still want to continue fighting?" The man in black's eyes became colder.

Liu Qingyun said, "As long as you leave this place, we can let you off for trespassing!" "That's right, leave quickly!" Hu Dongyuan also shouted.

The man in black sighed softly and said, "Since you don't know what's good for you, don't blame me!" "Attack together!" Liu Qingyun shouted and rushed forward.

Hu Dongyuan, Huang Songkui, Chang Fengchun, and Bai Yutong also rushed forward.

The black-robed man's figure flashed and transformed into a black stream of light that charged forward!

Chapter 1309: Void Martial God!

In an instant!

The two sides approached!

Liu Qingyun and the others mobilized the True Qi in their bodies crazily and waved the weapons in their hands!

"Black Python Chaos Heaven Sword!" "Red Sun Blazing Saber!" "Heavenly Wind Shadowless Spear!" "Heaven and Earth, Mountain Splitting Halberd!" "Three Soul Breaking Staff!" Saber light and sword shadows flashed, spear and halberd tore through the air, and the huge staff pressed down on the sky!

Lightning, flames, wind, soil, rocks, and huge waves swept through the world and attacked the black-robed man!

There were even illusions of the five immortals that condensed and pounced at the black-robed man!

One had to know that Liu Qingyun and the others were all Martial Emperor Realm experts!

Now that the five of them were serious, their joint attack could be said to be quite terrifying!

Even an early-stage Martial God Realm expert would find it difficult to completely block their attack!

However, the man in black did not panic.

He raised his right hand and waved the three-pointed, double-edged spear in his hand, sweeping it out!

“Void Battle Spear!” Swoosh!

A huge black spear tore through the sky.

The spear aura was like a rainbow that tore through the sky!

There was even a huge black qilin illusion that condensed and collided!

At that very moment— Clang!

Rumble!

The six weapons collided fiercely in the sky, emitting a crisp sound!

The black qilin also collided heavily with the illusions of the five immortals.

It was as if six mountains had collided!

The impetus was monstrous.

Flames spread, Thunder flashed, and True Qi surged, sweeping in all directions!

Fortunately, Liu Qingyun and the others had already set up a protective array on the Changbai Mountain.

Otherwise, who knew how many mountains would have been destroyed!

In less than a few seconds! Rumble!

An explosion that shook the nine heavens resounded and spread for a hundred miles!

A huge ball of energy also erupted and spread in all directions!

“Ahhhh!” Liu Qingyun and the others screamed as they were sent flying!

Under this confrontation!

The injuries on the five of them became even more serious, and blood splattered in the air!

After this confrontation!

Liu Qingyun and the others also realized!

This kid in front of him was definitely a Martial God Realm expert, and he was definitely above the early-stage Martial God Realm!

The man in black took a step forward and instantly leaped 200 meters.

He waved the three-pointed, double-edged spear in his hand and slashed at the five of them!

A huge spear tore through the void and crushed down with terrifying lethality, destructive power, and killing intent!

“Quickly dodge!” Liu Qingyun screamed and prepared to dodge.

Hu Dongyuan and the other three were also prepared to dodge this move.

However, the black-robed man’s move was too fast.

The five of them could not dodge at all.

However, at this critical moment!

Swoosh!

A golden sword streaked across the sky and whistled over, crashing into the spear in the black-robed man’s hand!

Clang!

Clang!

Accompanied by the sound of crisp collisions!

The black-robed man’s attack was instantly disintegrated, and his body was forced back!

“Who’s there?!” After stabilizing his body, the man in black turned around.

Liu Qingyun and the others also stabilized their bodies and turned around.

Four figures appeared on a mountain not far away.

They were Yang Luo, Xu Ying, Bujie, and Prajna.

“Mr.

Yang!” When Liu Qingyun and the others saw Yang Luo, their faces were filled with surprise.

Unexpectedly, it was Yang Luo who saved them.

“Long time no see, everyone!” Yang Luo cupped his hands at the five of them.

Liu Qingyun and the others also cupped their hands at Yang Luo.

Yang Luo turned to look at the man in black and frowned, “Brother, if you want to cultivate here, you can discuss it with Mr.

Liu and the others.

Why must you fight?” The black-robed man said coldly, “It’s mainly because these five old fellows are too detestable.

I’ve already told them that I want to cultivate here, but they’re unwilling and want to chase me away!” Liu Qingyun hurriedly said, “Mr.

Yang, you also know that the Spirit Qi in the world is too weak now, and there are very few cultivation treasure lands.

Changbai Mountain is already one of the best cultivation treasure lands in Country Hua.

If everyone comes here to cultivate, how can we cultivate?" Hearing Liu Qingyun's words, Yang Luo sighed in his heart.

This was also the reason why he was willing to help repair the dragon vein.

After all, once the dragon vein was repaired, the spiritual energy in the world would increase greatly.

This was also a great thing for the millions of cultivators in Country Hua.

At that time, everyone would not have to fight to the death for the cultivation treasure lands.

"Yang Luo, I know you!" At this moment, the man in black stared at Yang Luo and suddenly said.

"Hmm?" Yang Luo was stunned for a moment, "You know me?" "Of course." The man in black nodded and said, "During this period of time, I understand everything you've done in Country Hua.

I also understand you.

You're powerful, forthright, and righteous.

Everyone knows that you're patriotic.

I admire you." Bujie smiled happily and said, "Brother Yang, I didn't expect to meet your admirer here.

However, this fellow looks gentle and refined, but he's too ruthless.

Moreover, this guy is holding a three-pointed, double-edged spear.

Does he think he's Immortal Erlang?" "I know you, too." The black-robed man looked at Bujie again, "You are an abandoned child of Shaolin.

Your Dharma name is Bujie.

Although you're frivolous, your strength is not bad.

You're a righteous person.

For your brother, you didn't hesitate to sacrifice yourself and blood splattered everywhere!" Bujie scratched his head and chuckled, "Aiya, brother, don't praise me like that.

I'll feel embarrassed." The black-robed man continued, "However, you have a huge flaw.

You're too impulsive and belligerent.

As soon as the battle starts, you would get caught up in the moment and go crazy.

You would not care about anything and would be a boorish person.

It's easy for the enemy to take advantage of you." "F*ck!" Bujie was instantly displeased, "Brother Yang, don't stop me.

This fellow actually called me a boor.

I want to kill him!" The black-clothed man was not afraid at all and said indifferently, "You don't even know my strength and cultivation level and want to fight me.

Isn't this the perfect definition of a boor?" "Holy shit!" Bujie exploded in anger, "I must kill him!" Yang Luo stopped Bujie and said, "This guy's cultivation is at the middle stage of the Martial God Realm.

You're not his match." "Damn, this guy is actually a Martial God Realm expert?!" Bujie was instantly stunned.

Xu Ying and Prajna were also shocked.

Yang Luo looked up at the man in black and smiled, "Brother, what's your name?" He felt that this guy was quite interesting.

The evaluation of Bujie was really spot-on.

The black-robed man said loudly, "My name is Lin Wenxuan.

Some people also call me 'Void Martial God'!" "Void Martial God?" Bujie teased, "I'm Empty Martial God then!" Lin Wenxuan looked at Bujie coldly and said, "If not for Yang Luo, you would already be a dead man!" Bujie said smugly, "I got Brother Yang backing me up, come and try to kill me.

Come on!" "Alright, stop fooling around." Yang Luo patted Bujie's bald head and asked curiously, "Lin Wenxuan, Void Martial God, why have I never heard of your name?

Also, why didn't you participate in the martial arts competition not long ago?" Lin Wenxuan said disdainfully, "I'm not interested in such a small competition." "F*ck, Brother Yang, I really can't take it anymore.

This guy is too pretentious.

I have to beat him up today!" Bujie could not stand it anymore and raised the Dragon-Mark Buddhist Staff.

“Alright, stop fooling around.” Yang Luo directly pulled Bujie back.

This guy was too impulsive.

He had to make him change in the future.

“Mr.

Yang, I remember now.

There seems to be such a person in our Country Hua’s martial arts world!” Liu Qingyun suddenly spoke out, “It’s said that there’s a young Martial God Realm expert in Country Hua.

This person was powerful and held a three-pointed, double-edged spear.

His identity was mysterious and he did not belong to any sect.

He had always been alone.

It was precisely because of this that many people in the martial arts world did not know this person.

From the looks of it, that mysterious and young Martial God Realm expert should be this guy.” The characters for “void” and “empty” are swapped.

Chapter 1310: I Admit Defeat!

“So that’s why.” Yang Luo nodded in realization and looked up at Lin Wenxuan, “Brother, your cultivation level is not bad and your brain is very good.

Why don't you follow me in the future?" Now, he wanted to befriend all the experts in the world and rope in all the forces he could.

Furthermore, he had been looking for a military advisor for the Holy Imperial Court.

After understanding the Holy Imperial Court, He realized that there were many Divine Kings in the Holy Imperial Court who were good at fighting, but there was no strategist who came up with strategies.

If this guy was really smart, he might be able to become the military advisor of the Holy Imperial Court.

Of course, the prerequisite was that this guy's character had to pass.

Lin Wenxuan raised the three-pointed, double-edged spear in his hand and said in a loud voice, "Yang Luo, I can follow you!

However, the prerequisite was that you have to defeat me!

I, Lin Wenxuan, only admire the strong!" "Oh?" Yang Luo smiled, "So, you want to spar with me?" "That's right!" Lin Wenxuan nodded, "I've wanted to spar with you for a long time, but I haven't had the chance!" "Alright, since you're so interested, I'll do as you wish!" Yang Luo agreed immediately.

As he spoke, Yang Luo said loudly, "Everyone, retreat!" Xu Ying and the rest retreated.

Yang Luo raised the sword in his hand and pointed at Lin Wenxuan, "Brother, there's no need to hold back.

Use your strongest strength to attack me!" Lin Wenxuan did not speak either.

His entire body trembled, and air waves surged.

His long hair fluttered, and his clothes fluttered!

A black beam of light shot into the sky from his body!

He knew Yang Luo well and naturally knew that he was a top expert!

Therefore, he did not hold back and went all out!

“Fight!” Lin Wenxuan shouted and turned into a black stream of light that rushed towards Yang Luo!

And the moment they got close— Lin Wenxuan waved the spear in his hand and stabbed at Yang Luo’s chest!

Without any hesitation, Yang Luo also brandished his sword and stabbed out!

In the blink of an eye!

Ding!

The sword and spear collided, emitting a crisp sound!

Flames shot in all directions as True Qi surged and surged!

“Your strength is indeed not bad, but there are still many areas to strengthen.” Yang Luo commented.

Then, his right arm shook!

There was a loud clang!

Lin Wenxuan was sent flying!

Just as Lin Wenxuan was sent flying!

Yang Luo took a step forward and instantly caught up to Lin Wenxuan, engaging him once more!

In the following period of time, Yang Luo and Lin Wenxuan moved around on the mountains, leaping up and down at high speeds!

Clang!

Clang!

Clang!

Boom!

Boom!

Boom!

A series of collisions and explosions sounded in the forest!

True Qi, sword qi, and spear qi surged in all directions like a surging sea!

Liu Qingyun and the others who were watching the battle from afar were shocked.

Liu Qingyun said in confusion, "That's strange.

This Lin Wenxuan seems to know Mr.

Yang very well.

“Every move and style that Mr.

Yang uses, he can react and block it.” Xu Ying narrowed his eyes and said, “This guy must have studied Brother Yang’s moves before.

That’s why he was able to block Brother Yang’s attacks.” At this moment.

Rumble!

Accompanied by a shocking explosion!

Yang Luo and Lin Wenxuan retreated at the same time and landed steadily on the two mountains.

Yang Luo smiled and said, “Brother, this is interesting.

You can actually block my attack by analyzing my moves and make yourself invincible.” Lin Wenxuan said, “Like I said, I know you very well.” Yang Luo shook his head and said, “Brother, although you understand my moves, your cultivation and strength are ultimately inferior to mine.

Therefore, no matter how well you understand me and can analyze it, you will definitely lose.” “Let’s give it a try!” Lin Wenxuan shouted and transformed into a black bolt of lightning that charged at Yang Luo again!

On the way to Yang Luo!

Lin Wenxuan stabbed out!

The moment he stabbed out with his spear!

Yang Luo did not feel any threat!

But in the next second!

The void behind him distorted, and a black hole the size of a millstone appeared!

A spear emitted a dazzling black light and stabbed at his back!

“Damn, what kind of ability is this?

It can actually do this?!” Bujie also exclaimed.

Liu Qingyun said, “It’s said that this guy can use the power of the void to kill powerful enemies.

It’s true!” However, the moment the spear stabbed from behind!

Yang Luo reacted and immediately turned around to swing his sword!

Clang!

The spear that stabbed from behind was immediately blocked!

However, the moment Yang Luo blocked the spear!

The void around him distorted again, and a few more void black holes appeared!

Black spears stabbed out from the void black hole, stabbing at various parts of Yang Luo’s body!

Just as the spears stabbed over!

Yang Luo's entire body trembled as he condensed a golden True Qi barrier to block!

Dong, dong, dong!

The spears stabbed into the True Qi barrier, emitting muffled sounds of collision!

True Qi surged, and spear qi surged, sweeping in all directions!

No matter how strange and strong Lin Wenxuan's attack was, it was still difficult to break through Yang Luo's defense!

Lin Wenxuan suddenly waved the spear in his hand and roared!

"Void Death!" In an instant!

Thousands of void black holes appeared around Yang Luo!

Pew pew pew!

Countless black spears shot towards Yang Luo from the void black hole!

Without any hesitation, Yang Luo swung his sword!

Whoosh!

Whoosh!

Whoosh!

Whoosh!

Countless golden flying swords shot out in all directions with him as the center!

Boom!

Boom!

Boom!

Countless golden flying swords and black spears collided in the sky, triggering a series of terrifying explosions like missiles exploding!

After blocking Lin Wenxuan's move!

Yang Luo took a step forward and instantly crossed a hundred meters, charging towards Lin Wenxuan!

The moment he approached Lin Wenxuan!

Yang Luo soared into the sky and slashed out!

Lin Wenxuan waved the spear in his hand again to block!

Clang!

Clang!

After blocking Yang Luo's sword!

Lin Wenxuan raised his left hand and waved it!

"Void Vortex!" In an instant! A huge black vortex appeared below Yang Luo, erupting with a powerful suction force, as if it wanted to suck Yang Luo in!

Yang Luo raised his left hand and quickly formed seals, pressing down!

The seven huge seals instantly condensed into form and pressed down heavily!

Rumble!

Accompanied by a huge explosion!

The black vortex below directly collapsed!

"Qilin Disordered Sky!" In the blink of an eye!

Nine huge black Qilin illusions rushed out of the surrounding void black holes and pounced at Yang Luo!

"Nine Heavens, Dragon's Fury!" Yang Luo immediately shouted!

"Roar, roar, roar!" Nine huge golden dragon phantoms roared out of Yang Luo's body and collided with the nine black Qilins!

Boom!

Boom!

Rumble!

The sound of the collision and the explosion resounded in the nine heavens at the same time, shaking the mountains and the ground within a radius of tens of thousands of meters!

Although the aura of the nine black Qilins was strong and incomparably powerful!

However, it still could not withstand the impact of the nine golden dragon phantoms and collapsed and exploded one after another!

Even though four of the nine golden dragon phantoms had exploded, there were still five left!

Standing on five golden dragon phantoms, Yang Luo charged forward and slashed at Lin Wenxuan again!

Lin Wenxuan was shocked.

He instantly condensed a thick True Qi barrier and waved the spear in his hand to meet the attack!

Clang!

Clang!

The sword and spear collided like thunder, as fast as a raging fire, shaking the world!

Boom!

Boom!

The five golden dragon phantoms also ruthlessly collided with Lin Wenxuan's True Qi barrier!

Less than a minute later! Rumble!

A huge explosion exploded in the area where Yang Luo and Lin Wenxuan were!

The light was resplendent and True Qi surged, dazzling!

It was not until the light and True Qi dissipated that everything finally returned to calm!

Xu Ying and the others who were watching the battle from afar looked up.

Yang Luo and Lin Wenxuan were standing quietly on the mountain.

Lin Wenxuan's body was already bleeding profusely.

The sword in Yang Luo's hand was pressed against Lin Wenxuan's chest.

Lin Wenxuan was stunned for a long time before he finally sighed, "Mr.

Yang is indeed the publicly acknowledged top expert of Country Hua.

I admit defeat!" "Thank you for letting me win!" Yang Luo retracted his sword and cupped his hands.
