Chapter 1321: Qin Yimo's Confession!

Twenty minutes later, everyone arrived at the beach and came to the beach.

They looked into the distance.

The stars filled the sky, and the crescent moon hung high in the sky.

The waves surged, and the night scene was as beautiful as a painting.

Because the Divine Emperor Island was located in the southern hemisphere, it was summer here.

The sea breeze was warm and everyone felt very comfortable.

Qin Yimo sighed, "What a beautiful night view.

You can't see so many stars in the city anymore!" Su Qingmei also said, "That's right.

This is simply a paradise!" "Brother Yang, didn't you say that there's another program?

What exactly is it?" Prajna asked.

"Tell me, tell me, what is it?" Xiao Ziyun also asked.

Yang Luo said to the King of Creation, "You can begin!" "Alright!" The King of Creation nodded and picked up the walkie-talkie to say a few words.

After waiting for only a few minutes Suddenly Swoosh A sound came from the distant sea.

A flame soared into the sky from the distant sea and exploded in the sky with a bang.

It was dazzling and illuminated the night sky!

“It’s actually fireworks?!” Song Zhixin shouted excitedly.

“Brother Yang, is this a surprise you prepared for everyone?” Prajna asked excitedly.

“That’s right.” Yang Luo nodded and said, “A week ago, I contacted the King of Creation and got him to make preparations.

How can we not set off fireworks during the new year?” Right after he finished his sentence Swish!

Swish!

Swish!

Bang!

Bang!

Bang!

Explosions sounded from the sea!

A multitude of fireworks soared into the sky and bloomed above the sea!

There were all kinds of colorful fireworks, turning the entire night sky into a sea of fireworks.

It was poetic and picturesque!

Everyone looked up at the distant night sky and looked at the dazzling fireworks.

They were also very excited.

Seeing this, Yang Luo also felt emotional.

It was a great blessing in life to have the people you love the most by your side and the best brothers in front of you.

Protect your lover, protect your brother.

Perhaps this was the meaning of becoming stronger.

Song Zhixin suggested, "Sisters, let's make a wish!" "Alright!" The women nodded in agreement.

Just as the women were about to make a silent wish Song Zhixin however placed her hands by her mouth like a loudspeaker and shouted at the sea, "I want to become more and more beautiful in the new year.

I want to compose better songs and make better movies!

Also, I want to be with Little Luo forever!" Dongfang Ruoshui was caught between laughter and tears, "Fifth Sister, how can you make a wish like this?

It won't work if I shout it out directly." Song Zhixin waved her hand and said, "Aiya, wishes have to be shouted out loud!" Prajna also shouted at the sea, "In the new year, I want to become a better person and increase my cultivation and strength as soon as possible!

I want to protect Brother Yang, not just rely on Brother Yang to protect me!” Su Qingmei also shouted, “In the new year, I want Hua Mei Biomedical’s reputation to resound throughout the country.

I want to take down the national market and continue to develop overseas markets!

I want to be with Yang Luo for the rest of my life.

We’ll grow old together and never be separated!” “In the new year, I want to unify the north and south!” “I want to lead Violet forward and reach the peak of the Dark World!” “I want to become prettier and have a better figure.

I want to lead the Vermillion Bird Pavilion to become stronger!” “I want to continue to study medicine and become the best doctor in the world.

I want the world to be free of illnesses and disasters!” The women opened their hearts and made their wishes loudly.

Towards the end, the women seemed to feel that it was too embarrassing and laughed out loud.

Although Yang Luo and the other men didn’t shout, they made a wish in their hearts.

The fireworks display lasted for nearly half an hour before it finally ended.

Everyone took a walk by the sea for a while before returning to the palace to rest.

After Yang Luo returned to his room, he first took a shower to dissipate the smell of alcohol.

Then, he sat cross-legged on the bed and prepared to cultivate.

Although he was relaxed, he could not neglect his cultivation.

However, just as Yang Luo entered a meditative state and was deep in cultivation, there was a knock on the door.

Yang Luo suddenly woke up and looked at the door in confusion.

What was this situation?

Who was looking for him in the middle of the night?

Yang Luo got off the bed and walked over to open the door.

When he opened the door, he saw a beautiful figure standing at the door.

“Momo?!” Yang Luo was stunned.

He guessed that Eldest Senior Sister, Third Senior Sister, Sister Wanqiu, Prajna, and Alinda would come looking for him.

After all, he had a substantial relationship with them.

However, he did not expect Qin Yimo to come looking for him instead.

The woman must have just taken a shower.

She was wearing a silver-gray silk nightdress that outlined her graceful figure.

Her smooth black hair scattered, accentuating her smooth, fair, and exquisite face.

The smell of alcohol had yet to dissipate from her.

She was a little drunk, and her face was flushed red.

Her eyes were a little blurry.

During dinner, he saw that the woman had drunk a lot, as if she deliberately wanted to get drunk.

Yang Luo retracted his gaze and asked, "Momo, why are you looking for me?" Qin Yimo avoided his gaze and said nervously, "I have some cultivation problems that I want to ask you to teach me" "Huh?" Yang Luo looked at the woman strangely, "You seem to be drunk.

Why don't you go and rest first?

"I'll give you pointers tomorrow?" "No No way!" Qin Yimo shook her head repeatedly, "This question is very urgent!" "I see Alright, come in first." Yang Luo nodded and let the woman in before closing the door.

However, the moment Yang Luo turned around, Qin Yimo threw herself into Yang Luo's arms and hugged him tightly.

"Momo What are you" Yang Luo's entire body tensed up, and he didn't know where to put his hands.

Qin Yimo raised her head slightly and mustered her courage to say, "Brother Yang, I like you" Yang Luo smiled and said, "I like you very much too.

"We're good friends" "That's not it" Qin Yimo quickly shook her head, "I'm not talking about love between friends, but between a man and a woman" Hearing the woman's words, Yang Luo's heart couldn't help but skip a beat.

Actually, he already knew how she felt.

After all, there were many times when this woman had expressed her feelings to him.

However, he had never been able to confirm his feelings for her, so he did not respond.

Qin Yimo seemed to have thrown caution to the wind and said slowly, "Brother Yang, actually, I've liked you since a long time ago.

"If it weren't for your appearance, my 'muscular atrophy' wouldn't have been cured at all.

I'm afraid I would be dead now.

You gave me a new life and a second life.

At that time, I had already fallen in love with you.

It was just that at that time, I was not sure about my feelings and thought that I only admired you.

But later, the Su family and our Qin family met with misfortune.

I was almost tainted by that scumbag Song Chengyou.

You saved me and our Qin family.

At that moment, I realized that I really liked you and wanted to be with you" "Momo" Yang Luo sighed in his heart.

These things had happened a long time ago, but now that he thought about it, it felt like it was yesterday.

“Brother Yang, let me finish.” Qin Yimo interrupted Yang Luo and continued, “But when I confirmed my feelings, I panicked.

“Because you’re Susu’s fiancÃ©.

As Susu’s best friend, how can I have any other thoughts about you?

So, I tried to stay away from you.

I didn’t look for you.

I didn’t think about you.

I thought my feelings for you would fade.

Unexpectedly, the more I acted like this, the deeper my feelings for you became.

I always think of you and how well you treat me.

This feeling is driving me crazy” At this point, Qin Yimo’s eyes turned red and tears welled up in her eyes.

Yang Luo opened his mouth, wanting to say something, but in the end, he did not know what to say.

Actually, Qin Yimo had already occupied an important position in his heart.

Otherwise, he would not have thought of asking Qin Yimo to come here for the New Year.

However, he had not responded to her feelings because he was concerned about Su Qingmei’s feelings.

## Chapter 1322: Reclaim the Husband's Position!

"After that, Susu seemed to have seen through my feelings for you, so she chatted with me for the entire night.

We also opened our hearts and spoke our hearts." Qin Yimo continued, "When I found out that Susu didn't mind me being with you, I was shocked, happy, and terrified" Hearing her words Yang Luo was shocked.

It turned out that Su Qingmei had already accepted Qin Yimo.

He could not help but ask, "Momo, why are you afraid?" Qin Yimo said, "Because the women around you are all too outstanding, and I seem to be the most inconspicuous one.

In order to get closer to you, I wanted you to teach me cultivation not long ago.

I want to become stronger so that I can help you in the future" Yang Luo was enlightened.

It turned out that this was the reason why she suddenly wanted to step onto the path of cultivation.

At this point Qin Yimo could no longer hold back the tears in her eyes.

She looked at Yang Luo with tears in her eyes and choked, "Brother Yang, I don't want to care about anything now.

I just want to tell you how I feel about you.

I like you.

I really, really like you.

Even if you don't like me, I'll always like you" "Silly girl, let's talk nicely.

Why are you crying?" Yang Luo smiled gently and reached out to wipe the tears from the corners of the woman's eyes, "I didn't say that I don't like you." "Huh?" Qin Yimo was stunned, "Brother Yang, do you like me too?" I'm talking about the love between a man and a woman, not just between friends." "Of course it's the love between a man and a woman." After knowing the woman's feelings, Yang Luo did not hide his feelings anymore and reached out to hug the woman.

Actually, there should have been an outcome between him and the woman long ago.

It was only because of various things that it had dragged on until now.

Qin Yimo's body trembled, but she quickly relaxed.

Yang Luo said gently, "Momo, don't feel inferior because you're not outstanding enough.

In my heart, be it you or Qingmei, they are all the best.

You all have your own careers and are doing well in your fields.

All of you are unlike me, who runs around all day not knowing what I'm busy with.

Compared to you guys, I'm far inferior, alright?

I have to cozy up to you now.

When I can't survive anymore, I'll have to rely on you guys to support me!" "Pfft" Qin Yimo smiled through her tears and teased, "Alright, if you can't survive in the future, I'll support you!" Yang Luo smiled and said, "Then let's agree.

In the future, I'll be a rich man with women on both sides.

I won't care about anything and let you guys work outside.

Wouldn't that be wonderful?" Qin Yimo said angrily, "Wow, so that's what you've been thinking all along!

If I tell Susu and Sister Dongfang about this, they will definitely beat you up again!" Yang Luo coughed lightly and said, "Momo, I was just joking.

Don't tell anyone!" Qin Yimo pouted and snorted, "That depends on your performance?" "What kind of performance?" Yang Luo asked in confusion.

Qin Yimo looked at Yang Luo seductively, "What do you think?" Looking at the woman's charming expression, Yang Luo's heart was instantly set on fire.

Without a word, he carried the woman in his arms and walked towards the big bed.

Qin Yimo was shocked and shouted, "Aiya, Brother Yang, what are you doing?" Yang Luo grinned and said, "Momo, didn't you say that you wanted to see my performance?

Then I'm prepared to perform well now!

Tonight, I'm going to reclaim my husband's position and let you know that I'm the most important person in the family!" Qin Yimo did not know whether she should be happy or embarrassed, "How can you be like this?

Put me down quickly!" "You want to come down after entering my door?

You're thinking too much!" After saying this, Yang Luo placed the woman on the bed and pounced on her The next morning.

In the dining room.

Everyone sat at the dining table, eating breakfast and chatting.

At this moment.

Yang Luo and Qin Yimo walked over one after another.

It had been a long night.

Even though Qin Yimo was already a cultivator, she could not take it anymore.

Even her walking now was a little strange.

Everyone looked over in unison and laughed in an unspoken mutual understanding.

Heavenly Sirius smiled and said, "Brother Yang, what did you do last night?

Why did you only come down now?" Bujie shook his head and said, "Brother Yang, you have to take it easy.

It won't be good if you damage your body!" "Shut up!" Yang Luo glared at these two unscrupulous fellows and said seriously, "It's not what you think.

Last night, Momo had a cultivation problem and wanted to consult me, so I guided her for the entire night." Bujie, Heavenly Sirius, and the others rolled their eyes in disbelief.

Soon, Qin Yimo was pulled over by Su Qingmei and the other women.

Prajna asked in an excited whisper, "Did you take him down?" Song Zhixin smiled and said, "Isn't it obvious?" Dongfang Ruoshui nodded and said, "Yes, your actions are not bad.

I thought that you would wait for a few days before taking action.

I didn't expect you to settle the matter so quickly." Hearing everyone's words, Qin Yimo's face turned red and she was so embarrassed that she didn't dare to face anyone.

Su Qingmei sighed softly and held Qin Yimo's hand, "Momo, we'll be true sisters from now on." Qin Yimo pursed her lips.

"Susu" Su Qingmei smiled gently, "It's fine.

Didn't we already agree on this?" Qin Yimo nodded.

Since it had already happened, she would not argue anymore.

All she could do was handle her relationship with other women, love Yang Luo forever, and support him behind his back.

King of Creation said, "Everyone Uh Sisters-in-law, after breakfast later, we'll bring you around our place." "Alright!" "I realized yesterday that this place is very beautiful.

I have to take a good look!" The women were all very happy.

After breakfast Yang Luo and the others toured around the Holy Imperial Court.

Su Qingmei and the other women also had a deeper understanding of the Holy Imperial Court.

In the afternoon.

Everyone came to the beach.

The women were all dressed in various bikinis, lying on beach chairs, wearing sunglasses, chatting, and sunbathing.

Yang Luo and the other men were wearing beach pants and surfing on the sea.

“Brother Lin, I heard from Brother Yang that your strength is not bad.

Why don’t we spar?” At this moment, Heavenly Sirius said to Lin Wenxuan.

“Brother Emptiness, don’t be afraid.

Hurry up!” Bujie began to jeer.

Yang Luo and the others also stepped on the waves and walked over.

Lin Wenxuan shook his head and said, “Wolf King, you’re not my match.

I won’t fight you.” In fact, from yesterday until now, he had already analyzed everyone’s cultivation and strength.

“Damn, Brother Lin, are you looking down on me?” Heavenly Sirius couldn’t take it anymore.

“Come, come, come.

I still want to fight with you today!” Yang Luo smiled and said, “Brother Lin, go fight this wolf cub!

If you want to obtain everyone's recognition, you have to show your strength!" "Alright!" Lin Wenxuan nodded.

Yang Luo and the others retreated one after another, preparing to watch the commotion.

Heavenly Sirius hooked its finger at Lin Wenxuan, "Brother Lin, don't say that I'm bullying you.

I'll let you attack first!" Lin Wenxuan said, "If I attack first, you might lose even faster." "F\*ck, you're really asking for a beating!" Heavenly Sirius was infuriated.

His entire body shook!

Then, everyone only heard a loud bang!

A black-red beam of light shot into the sky from his body!

Immediately after, Heavenly Sirius flashed and charged towards Lin Wenxuan on the waves!

As Heavenly Sirius charged over!

Lin Wenxuan's body trembled as a black beam of light surged from his body!

In an instant!

Heavenly Sirius approached Lin Wenxuan and swiped its claws at him!

"Heavenly Wolf Claw!" A huge black-red claw tore through the sky and grabbed at Lin Wenxuan's chest!

However, Lin Wenxuan was not in a hurry.

His right hand turned into a palm and faced the attack!

“Divine Qilin Palm!” An ink-black palm condensed into form and slapped towards the Heavenly Sirius’s claw!

Dong!

The palm and claw collided with a loud bang!

Light flickered, and energy fluctuations spread in all directions!

Chapter 1323: More Happy Times!

After this shocking collision!

Waves soared into the sky, emitting a bedazzling light under the sunlight!

A huge hole exploded in the sea where the two of them were!

Lin Wenxuan was forced back a few steps while Heavenly Sirius was sent flying!

He flew out more than 20 meters away in one go.

Only then did Heavenly Sirius stabilize its body.

He stretched his limbs and said with a smile, “Kid, this is interesting.

Come, come, let's continue!" Right after he finished his sentence Heavenly Sirius charged towards Lin Wenxuan!

Lin Wenxuan stood rooted to the ground.

His body trembled and void power instantly activated!

He raised his right hand and slapped out in the air!

"Eh, how powerful can this guy's palm strike be from so far away?" King of Destruction asked.

King of Creation and the others were also puzzled.

Yang Luo smiled and said, "Just watch.

Brother Lin has a strange ability.

You'll know after seeing it." Just as everyone was puzzled!

A black hole suddenly appeared in the sky above the Heavenly Sirius!

An ink-black palm shot out from the black hole in the void.

Like a black mountain, it pressed down on Heavenly Sirius!

Heavenly Sirius's heart skipped a beat as he suddenly sensed danger approaching from above!

He quickly twisted his fist and faced the attack!

DONG!

The fist and palm collided, emitting a muffled thunderclap that blasted thousands of waves!

Bang!

Although Heavenly Sirius barely withstood the palm, the sea under his feet collapsed!

He was shocked and quickly retreated!

Bang!

The huge black palm slammed into the sea, leaving a huge palm mark!

But at this moment!

Lin Wenxuan, who was still hundreds of meters away, raised his arms at the same time and struck out palm after palm!

Black holes appeared around the Heavenly Sirius!

Giant black palms struck out from the void black hole one after another towards the Heavenly Sirius!

“F\*ck!

What the hell is this?!” Heavenly Sirius cried out in shock.

He could only wave his arms and throw heavy punches, brandishing his wolf claws one after another!

Dong, dong, dong!

Boom!

Boom!

Boom!

The sound of collisions and explosions that shook the sky and sea rose and fell!

Energy balls exploded in the sky one after another, shocking everyone!

Although Heavenly Sirius had withstood the crushing pressure of the giant palms, he was completely trapped there and could not escape for the time being!

King of Creation and the others watching from afar were shocked.

King of Creation narrowed his eyes and said, "This fellow actually controls the power of the void.

He can attack from afar and catch the enemy off guard.

Interesting, interesting!" Xiang Kunlun said, "His ability is indeed very strong.

If it's developed properly, it will be very terrifying!" King of Destruction laughed and said, "At this rate, the wolf cub is probably not Brother Lin's match!" By this time, Heavenly Sirius had already withstood dozens of palm strikes in a row!

Suddenly, a void black hole appeared behind him!

A huge black palm silently slapped at him!

Sensing the palm coming from behind, Heavenly Sirius's hair stood on end.

It was too late to counterattack or dodge.

He could only condense an energy shield to block!

There was a muffled bang!

Heavenly Sirius was sent flying by this palm strike.

He actually rolled a few times on the sea before stabilizing its body!

"Hahaha" Upon seeing this scene, King of Creation and company burst into laughter.

Heavenly Sirius got up and said unhappily, "What are you all laughing at!

I was only accidentally slapped, alright?" Just as Heavenly Sirius was speaking!

Lin Wenxuan turned into a black stream of light and charged towards Heavenly Sirius!

"I'm going to beat you today!" Heavenly Sirius roared and continuously mobilized the energy in its body.

Then, he waved his hand!

"Heaven Devouring Demonic Wolf!" A huge black and red demon wolf illusion stood in the sky and ran towards Lin Wenxuan!

The demon wolf flew in the air and shook the sky violently!

Seeing the demonic wolf charging over!

Lin Wenxuan also mobilized the True Qi in his body and waved his hand!

“Qilin avatar!” An even larger black Qilin illusion stood up and stepped into the void, charging towards the demon wolf!

At that very moment DONG!

The Qilin and the Demon Wolf collided heavily in the sky, emitting a shocking bang!

Space fluctuated violently, creating ripples!

The powerful and vast energy and the dazzling light intertwined and washed in all directions!

The sea churned, and walls of water rose up as though forming a castle!

A few seconds later!

Rumble!

The Qilin and the Demon Wolf exploded in the sky at the same time, turning into energy that spread out like a tsunami!

Under this huge explosion!

Heavenly Sirius was sent flying again!

Lin Wenxuan was forced to take a few more steps back!

But soon, the two of them stabilized their bodies again and rushed towards each other, starting an intense battle on the sea!

At this moment.

On the beach in the distance Dongfang Ruoshui looked at the distant sea and said in amusement, "These men are really energetic.

They're clearly on vacation, but they're still fighting." "Leave the men alone." Xiao Ziyun waved her hand and suggested, "Sisters, why don't we barbecue here tonight?" "Okay, okay!" "Leave the barbecue to those stinky men.

We just need to be in charge of eating!" "Especially that brat Yang Luo.

He has to serve us well.

Treat it as compensation!" "Hahaha" The women agreed with Xiao Ziyun's suggestion and directly arranged for Yang Luo and the others.

Ten minutes later.

On the distant sea.

Rumble!

Accompanied by a huge explosion!

Heavenly Sirius was sent flying again!

Lin Wenxuan was also sent flying more than ten meters away before stabilizing his body!

“Wolf King, do you still want to fight?” Lin Wenxuan asked.

“I’m not fighting anymore, I’m not fighting anymore.

You’re too strange.

I’m indeed not your match now.” Heavenly Sirius waved his hand.

“Thank you for letting me win!” Lin Wenxuan cupped his hands.

Heavenly Sirius straightened his neck and said, “Kid, don’t be smug.

Let’s fight again when my strength increases!” “I will definitely accompany you!” Lin Wenxuan replied and said, “Wolf King, actually, it’s normal for you to lose to me.

After all, your cultivation and strength are indeed inferior to mine.

Moreover, among all the brothers present, only Brother Yang, King of Creation, Brother Xiang, Sacred Prison King, King of Destruction, and King of Titans can defeat me.

Those that could fight me evenly are Sea Burial King, King of Savage Beasts, and Boulder God General.

As for the others, they’re not my match at all.” As soon as these words were spoken Bujie, the Dark Baron, the Purgatory Death God, the Skeleton Mage, and the Lava Tyrant could not take it anymore!

“F\*ck, this kid is so arrogant!” “Brothers, let’s attack together and kill him!” “That’s right.

Teach this kid how to be a human!” Bujie and the others immediately shouted.

Then, they released their auras at the same time and rushed towards Lin Wenxuan!

Seeing so many people rushing towards him!

Lin Wenxuan was also shocked, but he pretended to be very calm and shouted, “Qilin Divine Spear!”  
Swoosh!

Accompanied by a piercing sound!

A three-pointed, double-edged spear engraved with a Qilin pattern whistled out of the storage ring in his hand and was grabbed by him!

Yang Luo had long discovered that Lin Wenxuan had a storage ring.

This made him even more curious about Lin Wenxuan’s background.

“Since you’re so interested, I’ll fight with you!” Lin Wenxuan said loudly.

Then, he held the Qilin Divine Spear and rushed forward.

This sparring session lasted from daytime to evening.

Everyone was already drenched in sweat.

“Haha, awesome!

Wonderful!” “Brother Lin, I’m convinced that I’m not your match!” “Brother Lin, let’s spar again in the future!” Everyone acknowledged Lin Wenxuan’s strength and accepted him.

King of Creation said to Yang Luo, "Brother Yang, where did you find this person?"

Not only is his strength not bad, but his brain is also very good." Yang Luo smiled and said, "I also met Brother Lin by chance.

It just so happens that I also thought that Brother Lin was very smart, so I want him to be our Holy Imperial Court's military counselor and give everyone advice." "Hmm, that's a good idea!" King of Creation nodded.

"Alright, stop fighting.

Hurry up and move your things.

We'll barbecue in the open tonight!" The Death Witch shouted at Yang Luo and the others.

Bujie laughed happily, "Barbecue in the open?"

That's fine!" Yang Luo shouted at everyone, "Brothers, let's get to work!" "Alright!" Everyone agreed and followed Yang Luo to move the things.

Along the way, they left behind many sounds of laughter. Happy times were always short.

In the blink of an eye, ten days passed.

In the past ten days, Yang Luo and the others had been eating, drinking, and playing on the island to relax.

Yang Luo also took advantage of this time to accompany the women and guide them in their cultivation.

On the morning of the eleventh day.

After breakfast.

Su Qingmei and the other women prepared to leave.

The New Year was over.

Everyone had to go their separate ways again and do their own things.

Chapter 1324: Running Around!

The King of Creation looked at Su Qingmei and the others and said, "Everyone, are you leaving so soon?

Aren't you going to play for a few more days?" The King of Destruction also said, "That's right.

There's no need to be in such a hurry to leave." The Death Witch held Su Qingmei's hand and said reluctantly, "Sister Su, I can't bear to part with you." In these ten days, the women had also established a deep friendship.

Su Qingmei said helplessly, "Sister Julie, I can't bear to part with you guys either, but there are still a lot of things waiting for me to deal with in the company.

I have to rush back." Xiao Ziyun also said, "Violet also has many things for me to deal with.

But it's alright.

Let's meet again when we have time in the future." Song Zhixin also held the Death Witch's hand and said, "Sister Julie, I'll come and see you often in the future!" Dongfang Ruoshui looked at the Goddess of Fate and said, "Natasha, sorry to have troubled you during the past ten days." "It's no trouble." The Goddess of Fate shook her head, "I haven't been so happy in a long time.

From now on, this will be your home.

You can come over at any time.” Dongfang Ruoshui and the other women nodded.

After interacting with the Goddess of Fate, they also realized that the Goddess of Fate was cold on the outside but warm on the inside.

As long as one got familiar with her, they would realize that the Goddess of Fate was actually quite a good person.

Xiang Kunlun clapped his hands and said, “Alright, everyone, all good things must come to an end.

Let’s gather again in the future!

Let’s go and send Sister-in-law and the others off!” Yang Luo and the others left the palace and took a car to the airport.

After arriving at the airport.

Su Qingmei looked at Yang Luo and said, “Aren’t you going back with us?” Qin Yimo and the other women also looked at Yang Luo.

Yang Luo said, “I plan to help King of Creation and the others deal with the Holy Imperial Court’s affairs here.

I’ll go back after I’m done.” No matter what, he was the Divine Emperor of the Holy Imperial Court.

He could not really ignore everything.

"Alright." Su Qingmei nodded.

Yang Luo said, "Remember to contact me if there's anything.

Don't force yourself." "That's right." Su Qingmei smiled gently and helped Yang Luo adjust his collar, "I'll wait for you to come back." "Alright!" Yang Luo smiled and nodded.

After that, everyone chatted for a while more before boarding the private plane and flying away from the Divine Emperor Island.

Yang Luo, Xu Ying, Bujie, Prajna, and Lin Wenxuan stayed behind.

Until the planes disappeared from view one after another.

Yang Luo and the others retracted their gazes.

"Phew" Yang Luo let out a long breath and said, "Brothers, the holidays are over.

The new year has already begun.

We have to get down to business!" Heavenly Sirius teased, "The sun has risen from the west.

You, a hands-off boss, actually know how to help us deal with the Holy Imperial Court!" "If you don't speak, no one will think you're mute." Yang Luo rolled his eyes at this fellow and said, "Let's go to the palace first." Then, Yang Luo and the others left the airport and took a car to the palace.

After arriving at the hall, Everyone took their seats.

Yang Luo asked, "Everyone, how's the situation in the Dark World now?" King of Creation said, "Brother Yang, there are constant conflicts in the Dark World.

During the New Year, many organizations had already started fighting.

However, fortunately, these disputes are only in a small area.

They didn't affect the entire Dark World." Xiang Kunlun frowned and said, "However, if this continues, more organizations will be involved in the conflict, and the Dark World will become more and more chaotic." Yang Luo narrowed his eyes and said, "This should be what the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace want to see the most.

The more chaotic the Dark World was, the more beneficial it will be for them.

After the Dark World fell into complete chaos, they would then appear to preside over the overall situation.

At that time, not only will they win prestige, but they will also subdue many organizations." "We have to stop these disputes quickly and stabilize the situation in the Dark World." At this moment, Lin Wenxuan suddenly said.

During the vacation, Yang Luo and the others also told Lin Wenxuan about the current problem in the Dark World.

Moreover, Lin Wenxuan had a thorough understanding of the Holy Imperial Court.

Yang Luo looked at Lin Wenxuan and said, "Continue." Lin Wenxuan nodded and continued, "We have to stop these disputes before the three organizations.

Now that our Holy Imperial Court is weaker than those three organizations, we have to build our prestige now and subdue more organizations to accumulate our strength." "Brother Lin is right." Yang Luo looked at Lin Wenxuan approvingly before saying to the King of Creation and the others, "Everyone might have to work a little harder in the following period of time.

We must do our best to resolve those disputes, build our prestige, and subdue those organizations.”  
“Understood!” King of Creation and the others nodded.

“By the way, what’s going on with the three organizations now?” Yang Luo asked again.

Sacred Prison King reported, “According to the information we obtained, these three organizations have been very active recently.

They went everywhere to rope in and subdue the various large organizations of the Underworld.

They will kill anyone who is unwilling to submit.” Lin Wenxuan sneered and said, “Don’t worry about them.

Let them continue fooling around.

Even if they can subdue some organizations with forceful methods now, internal conflicts will definitely erupt in the future.

What we have to do is exactly the opposite of them.

We have to rope in and subdue those organizations with a gentle attitude.

We have to try our best not to use force if we can.

Once we completely declare war on the three major organizations, those organizations that have once sided with them will also turn against us.

After all, if there is oppression, there will be resistance.

Instead of being a slave to the three organizations, it was better to resist.

As the saying goes, those who achieve justice will have more help, and those who don't will have less help.

This is the logic." Bujie laughed happily and said, "Brother Emptiness, not bad.

When it comes to using my brain, I really can't compare to you!" Xu Ying snorted and said, "You make it sound like you're better than Brother Lin in terms of martial arts." "Don't talk!" Bujie took in a deep breath, "The moment you speak, I want to beat you up!" Xu Ying narrowed his eyes and said, "You can try." "Alright, stop talking nonsense!" Yang Luo glared at the two of them angrily and said, "Brothers, although we haven't officially declared war on the three major organizations!

However, our battle with the three major organizations has already begun!

Therefore, everyone must be careful when dealing with things from now on to ensure your own safety!" "Yes!" Everyone immediately chorused out.

"By the way, when does the Dark Convention start?" Yang Luo asked.

King of Creation replied, "The time hasn't been confirmed, but it should be soon." Yang Luo nodded and said, "The Dark Convention should be an official collision between us and the three organizations!

At that time, all the major organizations in the Dark World would send representatives to participate!

We must show our prestige at the Dark Convention and befriend and rope in more organizations!

"We want to announce to the world that our Holy Imperial Court was once the number one in the Underworld and will still be the number one in the Underworld in the future!" "Yes!" Everyone nodded heavily.

In the next week.

Everyone began to get busy, running around to deal with the matters of the Dark World. In the blink of an eye, another week passed.

One evening.

Jiang City.

Inside Hua Mei Biomedical.

In the President's office.

Su Qingmei was handling the company's matters.

The new year had just begun and there were many things to do in the company.

She basically worked overtime every day.

But at this moment Knock, knock, knock.

There was an urgent knock on the door.

"Please come in." Su Qingmei agreed.

The door was pushed open.

"Qingmei, something has happened.

Something big has happened!" Shen Yun, Li Sihai, and Cai Donglai rushed in.

## Chapter 1325: Battle between the North and the South!

“What happened?” Su Qingmei asked in confusion.

After experiencing many crises in the company, she had also grown a lot.

Even if there were some problems in the company from time to time, she could deal with them calmly.

However, when she saw the anxious expressions on Shen Yun, Li Sihai, and Cai Donglai’s faces, she could not help but become a little nervous.

After all, Shen Yun and the other two had also survived a few crises with Hua Mei Biomedical.

Their personalities had become more stable, and they had become more experienced in handling matters.

They could completely solve some small problems themselves.

Since they had come to look for her, there must be a huge problem.

Shen Yun took a deep breath and said, “Qingmei, just now, the various people in charge of Huadong Market called and said!

Our various branches in East China, online and offline stores, and various factories were suddenly attacked at the same time!” “The South China market I’m in charge of has also been attacked!” “Our North China Market is the same!” Li Sihai and Cai Donglai also spoke.

Now, Hua Mei Biomedical had almost opened up the entire southern market.

As elders, Shen Yun, Li Sihai, and Cai Donglai were each in charge of a section.

As for the Huazhong market, several higher-ups of the company were in charge.

Su Qingmei was in charge of the overall situation.

Hearing the three of them, "What's going on?

Why are we being attacked again?!" Su Qingmei's expression changed as she hurriedly asked, "Have you investigated clearly?

Who exactly is attacking our Hua Mei Biomedical?" Shen Yun said, "It's an emergency.

We haven't investigated thoroughly!" Li Sihai said in a deep voice, "Since the other party can attack our entire Southern Market at the same time, it's enough to show that the other party is quite powerful!" "Could it be the Huangfu family, the Qiao family, and the Xu family behind this?" Cai Donglai said and continued, "That's not right.

Haven't these three families already been destroyed?

How can they still have the energy to touch us?" "It shouldn't be them, but we can't rule out the possibility that they hired someone to deal with us!" Su Qingmei replied, "No matter what, we have to find out who's dealing with us!

After all, our Hua Mei Biomedical is developing too rapidly now.

I reckon many people are targeting us!" Shen Yun said, "On the way here, I've already arranged for someone to investigate!" "That's good." Su Qingmei nodded and said, "What we have to do now is to stabilize the situation.

We can't let it get chaotic.

Once it gets chaotic, the matter will be even more difficult to deal with” Just as Su Qingmei was speaking, Shen Yun, Li Sihai, and Cai Donglai’s phones rang one after another.

The three of them quickly picked up the call.

However, after the call, Before the three of them could speak, another call was made to their phones.

Su Qingmei also received a few calls.

The moment they finished the calls.

Shen Yun frowned and said, “Qingmei, it’s not just our Hua Mei Biomedical now.

Even the companies we work with have been attacked!

The bosses of those companies are all asking, what exactly happened?” Li Sihai said, “However, fortunately, after the previous crisis, those companies that are cooperating with us still trust us very much.

They didn’t clamor to terminate their cooperation with us!” Cai Donglai sighed and said, “But we have to solve the problem as soon as possible.

Once those companies that are cooperating with us feel that something is wrong, they will definitely choose to terminate their cooperation with us!” Su Qingmei pondered for a moment and said, “Sister Shen, Brother Li, Brother Cai, quickly contact the families in Jiang City and the surrounding cities that are on good terms with us to help!

I’ll contact the families in other provinces and cities who are on good terms with us to help!” “Alright!” Shen Yun, Li Sihai, and Cai Donglai quickly started making calls.

Without any hesitation, Su Qingmei picked up her phone and made some calls as well.

Other than the He, Chen, and Jin families in Ning City, the Han and Xia families in Yang City, the Zheng, Zhu, and Feng families in Shan City, the Ning families in Xiangjiang, and the Yuan families in Ao City, There were also many other families in the south that were on good terms with Hua Mei Biomedical.

After everyone found out that Hua Mei Biomedical was in danger, they were all willing to help.

As Su Qingmei and the other three made calls, the various families in the south began to take action.

After making the calls, Su Qingmei said, "Now, let's wait for things to develop and see what other methods the other party has.

We'll deal with them one by one!" "Alright!" Shen Yun, Li Sihai, and Cai Donglai nodded in agreement.

At the same time The capital.

Cao Family Manor.

The entire hall was brightly lit.

The head of the Cao family, Cao Huben, and the head of the Nie family, Nie Baoshan, were still sitting in the main seat.

The direct descendants of the two families were present.

On both sides sat the Patriarchs of the Huangfu family, the Qiao family, the Xu family, and the other 15 families.

These 15 families were all from the north.

There were four first-rate families, five second-rate families, and six third-rate families.

Not long ago, they had already begun to take action and suppress Hua Mei Biomedical in all aspects.

Cao Huben smiled at everyone present and said indifferently, "Everyone, how long do you think Hua Mei Biomedical can last?" A family head chuckled and said, "This time, twenty families in the north attacked at the same time.

I guess Hua Mei Biomedical won't even be able to survive tonight." "Hey, you can't say that." Another family head waved his hand and said, "No matter what, Hua Mei Biomedical's background and power are not small.

They will definitely resist.

I guess they can last a day." "Then I'll guess two days!" "Three days, I guess!" "Why don't we take out some prize money?" "Sure, as long as anyone is right, my Wang family is willing to pay a billion!" "My Wu family will take out a retail company to play!" "Then my Li family will take out a mall to entertain everyone!" The other family heads also began to guess.

Moreover, they each took out their bets, looking like they were waiting to watch a good show.

In their opinion, this was a completely crushing battle.

It was impossible for Hua Mei Biomedical to withstand their joint suppression.

At this moment.

Cao Huben received a call.

After the call He chuckled and said, "Everyone, I just received a piece of news.

It was said that Hua Mei Biomedical had already contacted the major families in the south to help and began to resist.

The battle has officially begun.

What do you think we should do?" "What else can we do?

Continue to increase the suppression!" "Anyone who dares to help Hua Mei Biomedical will be destroyed!" "When these families are destroyed, the businesses of those families will be ours!" The Patriarchs of the various families present spoke up one after another.

"Alright!" Cao Huben nodded, "Then let's begin.

Contact all the families we can contact and suppress Hua Mei Biomedical and those families!" Nie Baoshan's eyes flickered as he said in a trembling voice, "Whoever dares to resist us will be courting death!

"Everyone, let's do it.

Let this storm come more violently!" "Yes!" All the family heads replied in unison.

Everyone was full of fighting spirit, as if they had recovered the spirit of working hard in their careers.

Then, these family heads made calls one after another.

Cao Huben and Nie Baoshan also made a few calls.

That night.

A battle without smoke began.

This battle belonged to the major families of the north and south, as well as the business world!

Although ordinary people were not affected, the upper-class society and the business world in the north and south caused a huge earthquake!

Chapter 1326: Terrifying Royal Family!

The next morning.

Jiang City.

Inside Hua Mei Biomedical.

In the President's office.

Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai sat on the sofa.

The four of them did not sleep the entire night.

Calls kept coming in.

From time to time, they would make calls to control the situation.

However, they had received a lot of bad news since last night, making them physically and mentally exhausted.

Shen Yun looked at Su Qingmei, who was handling matters on her tablet, and said, "Qingmei, why don't you go and rest first?"

"We'll deal with the rest." "I'm fine." Su Qingmei shook her head and said, "Sister Shen, Brother Li, Brother Cai, hurry up and rest."

Leave the company's matters to me." She was a cultivator now.

Even if she did not sleep for a few nights, her body could withstand it.

However, Shen Yun, Li Sihai, and Cai Donglai were just ordinary people.

If they did not rest, their bodies would definitely not be able to take it.

Li Sihai waved his hand and said, "Qingmei, you don't have to worry about us.

If we're tired, we can just take a nap." Su Qingmei sighed and said, "Ever since you joined Hua Mei Biomedical, you've been running around for the development of Hua Mei Biomedical.

It's been hard on you." Shen Yun smiled gently and said, "Qingmei, don't say that.

Ever since we joined Hua Mei Biomedical, our abilities have been improved and displayed.

We've also realized our own value.

As for working a little harder, that's nothing." Li Sihai smiled and said, "That's right, Qingmei.

No matter how hard we work, it won't be as hard as yours.

You're the leader of Hua Mei Biomedical.

You have to make all the decisions.

If you make a mistake, it will affect the overall situation.

In terms of hard work, we definitely can't compare to you." Cai Donglai said longingly, "As long as Hua Mei Biomedical can become the number one brand in Country Hua or even the number one brand in the world, no matter how hard it is, it's worth it!" Just as the four of them were chatting, Their phones rang again.

After the call.

The expressions of the four of them darkened.

Shen Yun said, "Qingmei, the situation is getting more and more disadvantageous to us!

Just now, many family heads had called to say that their families had also been suppressed!

There are even many families who have suffered heavy losses and are about to collapse!" Li Sihai said with a solemn expression, "It's the same on my side.

Many families have already retreated and are unwilling to participate in this battle!

They said that they had definitely offended an extremely terrifying existence this time!

It's even more terrifying than the Huangfu family, the Qiao family, and the Xu family from before.

Their families might even be destroyed!" "Many of our partners also said that they can't take it anymore!

"They said that if this crisis is still not resolved, they can only choose to terminate their cooperation with us!" Cai Donglai also added.

"How could this be?" Su Qingmei clenched her fists, "Who is targeting us?

Who is it?!” At this moment.

Shen Yun’s phone rang again.

She quickly answered the call.

After answering the call, her face instantly turned pale.

“Sister Shen, what’s wrong?” Su Qingmei hurriedly asked.

Li Sihai and Cai Donglai also looked at Shen Yun.

Shen Yun took a deep breath and said, “I’ve already investigated thoroughly!

“The ones dealing with us are the 20 families led by the capital’s royal families, the Cao family and the Nie family!

Other than the two royal families, just the first-rate families number four!

There are five second-rate families and six third-rate families!

The Huangfu family, the Qiao family, and the Xu family that were destroyed by Mr.

Yang were also among them!” “What?!

Twenty families?!” “Even the royal family, the Cao family and the Nie family, are among them?!” Li Sihai and Cai Donglai’s expressions changed drastically as they exclaimed.

If only the top families in the capital were suppressing them, they could still fight.

But now, other than the first-rate families in the capital, even the royal family, the Cao family and the Nie family, were involved.

One had to know that among all the families in Country Hua, the royal families were the most powerful existence.

They were true behemoths.

They could easily destroy any family head or company that offended them.

Only a royal family could contend with another royal family.

Other families, businesses, and individuals could only be crushed.

“That’s strange.

Why are the Cao Clan and the Nie Clan targeting us?” Shen Yun asked anxiously.

Su Qingmei let out a long sigh and said, “Yang Luo once became enemies with Nie Changkong of the Cao and Nie families.

For such a long time, there had been no movement from the two families.

I originally thought that the hatred between Yang Luo and them had been resolved.

But I didn’t expect these two families to deal with us at this time” At this point Su Qingmei turned pale, “No, they’re actually planning to deal with Yang Luo!” Shen Yun said, “Then what should we do?

Why don’t we quickly contact Mr.

Yang and find a way to resolve this crisis?" Li Sihai nodded and said, "That's right, it's already involved the royal family!

I'm afraid we can't deal with it alone with our strength and the strength of the various families!" "I'm afraid only Mr.

Yang can resolve this crisis!" Cai Donglai also said.

"Alright, I'll contact Yang Luo now!" Su Qingmei nodded and picked up her phone to call Yang Luo.

She naturally wouldn't trouble Yang Luo with ordinary small problems.

However, the matter was too serious now, so she could only let Yang Luo appear.

However, what made her anxious was that she could not get through to him.

"How is it?

Have you contacted Mr.

Yang?" Shen Yun asked.

Su Qingmei said, "I can't get through to Yang Luo's phone.

He might be busy!" "What what should we do now?!" "What is Mr.

Yang doing?

Why can't you get through?!" Li Sihai and Cai Donglai were also a little flustered.

"Everyone, don't panic.

The more panicked you are, the more chaotic it will be!" Su Qingmei gritted her teeth and said, "What we have to do now is to try our best to stabilize the situation and hold on as long as possible!" "Alright!" "That's the only way!" Shen Yun and the other two nodded in agreement.

Time passed quickly.

Another five days passed.

In these five days.

The twenty families led by the Cao family and the Nie family contacted the other large families that were on good terms with them and launched a comprehensive suppression on Hua Mei Biomedical and the companies and families that were on good terms with Hua Mei Biomedical!

Moreover, the suppression methods were gradually escalating!

Many companies and families that were on good terms with Hua Mei Biomedical chose to withdraw or were directly destroyed!

As for Hua Mei Biomedical, it was in complete chaos and had stopped operating.

The losses were very serious!

All the major companies and families in the south were already in a panic, afraid that they would be the next to be destroyed!

On the morning of the sixth day.

Inside Hua Mei Biomedical.

There was a meeting in the conference room.

Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai were present.

The other higher-ups of the company were also present.

For the past five days, Su Qingmei and the others had only rested for three to four hours a day.

The rest of the time, they had been dealing with the company's crisis.

Therefore, everyone was very tired.

Even Su Qingmei could not take it anymore.

But she couldn't fall.

She had to hold on.

At least, she had hold the fort until Yang Luo returned.

Su Qingmei stood at the front of the conference table.

She glanced at everyone present, took a deep breath, and said loudly, "Everyone, everyone knows what has happened to our Hua Mei Biomedical in the past five days.

I won't elaborate further!

However, I hope that everyone can hold on a little longer!

As long as we can survive this calamity, our Hua Mei Biomedical will definitely welcome a new future!" A higher-up said bitterly, "President Su, we really can't hold on anymore!

You should also know that in just five days, our company's losses have already exceeded 100 billion!

This is only a conservative estimate.

If other losses were included, it was simply inestimable!

If this continues, our company won't be able to last for more than a few days.

We can only declare bankruptcy!" "President Su, in just five days, 50 companies have terminated their partnership with us, and 30 have closed down!" "Ten families who are on good terms with us have already retreated.

Eight families have even been destroyed!" "President Su, how can our Hua Mei Biomedical compete with the royal family?

Isn't this like an egg hitting a rock?!

"Since the Cao family and the Nie family want our Hua Mei Biomedical, let's sell it to them.

This way, we can reduce our losses!" "That's right, that's right.

Our Hua Mei Biomedical is still very valuable.

We'll definitely be able to sell it for a good price.

When the time comes, we'll be able to split a lot of money!" The higher-ups present all spoke up one after another.

Some even suggested selling the company.

Chapter 1327: Internal and External Troubles!

Hearing the words of the higher-ups, Su Qingmei was so angry that her entire body trembled.

Shen Yun, Li Sihai, and Cai Donglai gritted their teeth and clenched their fists.

Su Qingmei's eyes turned red as she said in a trembling voice, "Even if Hua Mei Biomedical really goes bankrupt in the end, I won't sell it!

No matter what, I will fight the Cao family and the Nie family to the end!" Shen Yun also said earnestly, "Everyone, when our company was suppressing the Huangfu family, the Qiao family, and the Xu family previously, we also survived!

Although the crisis this time is even greater, I believe that as long as we work together, we can still survive!" Li Sihai slammed the table and said angrily, "Hua Mei Biomedical is President Su's hard work and ours.

We can't sell it!" Cai Donglai tore off his tie and slammed it on the table.

He said angrily, "If anyone dares to talk about selling the company again, I'll fight them to the death!" A higher-up directly stood up and said, "In that case, I can only choose to withdraw!

Hua Mei Biomedical can't hold on for more than a few days.

I don't want to be as stubborn as a mule and die with Hua Mei Biomedical!" "It's really unwise to go against the Cao and Nie families!

If we continue to fight, once Hua Mei Biomedical goes bankrupt, not only will we not get a single cent, but we will also be liquidated by the Cao family and the Nie family!

So, President Su, I choose to withdraw too!" Another higher-up stood up.

"And me!" "Me too!" "If we don't retreat now, it'll be too late to retreat later!" With the two of them taking the lead, the other higher-ups also stood up.

They had long received the news.

The Cao Family and the Nie Family had already spoken out.

Whether it was their family, company, or individual, as long as they dared to help Hua Mei Biomedical, it would be counted as going against them and would be retaliated and dealt with accordingly.

Su Qingmei's eyes were already filled with tears.

These higher-ups had accompanied Hua Mei Biomedical for several years and had helped her a lot.

It would be a lie to say that she had no attachment to them at all.

But now, everyone was going to part ways.

However, this was reality.

She had to bear it.

She raised her head and held back her tears, "If anyone else wants to quit, you can stand up.

I won't make things difficult for you!" "President Su, I've been in Hua Mei Biomedical for three years and have long developed feelings for it.

I really don't want to leave unless I have no choice.

But now, Hua Mei Biomedical was on the verge of bankruptcy, so I can only choose to withdraw.

I'm sorry, President Su." One of the higher-ups sighed and stood up.

"President Su, you're a good boss, but you really shouldn't provoke the Royal Family!" "That's right.

After so many years, which of those who provoked the royal family has a good ending?" Soon, a few more higher-ups stood up.

Su Qingmei said in a hoarse voice, "Xiao Yan, bring them to settle the procedures and pay their salaries!" "President Su" Xu Yan's eyes turned red as well.

Her heart ached for Su Qingmei.

Shen Yun, Li Sihai, and Cai Donglai's eyes were also red and tears were welling up.

They also felt sorry for Su Qingmei and wanted to help, but they were helpless.

The other party was part of the royal families.

How could they resist?

It was already a miracle that Hua Mei Biomedical could last until now!

"Go on." Su Qingmei only raised her hand weakly at Xu Yan.

“Yes” Xu Yan nodded and left the meeting room with the higher-ups.

As these higher-ups left, half of the people in the meeting room were gone.

Su Qingmei looked up at the remaining higher-ups and said, “Everyone, thank you for being willing to tide over this crisis with the company!

I promise you that as long as the company can survive this crisis, I won’t treat everyone badly!

Alright, the meeting is over.

Everyone, go do your own things!” “President Su, don’t be sad.

You can’t keep those who should leave!” “Don’t worry, we will definitely persevere with you to the end!” “I believe that our Hua Mei Biomedical will definitely survive this calamity and not close down!” The higher-ups present spoke one after another, either comforting or encouraging Su Qingmei.

Thank you, everyone!” Su Qingmei bowed deeply to everyone.

The higher-ups present also stood up and bowed to Su Qingmei.

Then, the higher-ups left the meeting room one after another.

When these higher-ups left Only Su Qingmei, Shen Yun, Li Sihai, and Cai Donglai were left in the meeting room.

Su Qingmei couldn’t take it anymore.

She squatted on the ground and covered her face as she cried.

During this period of time, bad news after bad news had dealt her a heavy blow.

She was under too much mental pressure and was already on the verge of collapse.

And now, there were also problems internally within the company.

This made her unable to take it anymore.

“Qingmei!” Shen Yun, Li Sihai, and Cai Donglai were shocked and quickly ran over.

“Qingmei, don’t be sad.

If they want to leave, let them leave.

It’s not like the company can’t do without them.” Shen Yun hugged Su Qingmei tightly, and the tears in the corners of her eyes could not stop falling.

“Those heartless fellows.

President Su, they’ve forgotten how well you treated them back then!

Now that the company is in trouble and needs their help, they directly shirked their responsibilities and left!” “We’ll never hire anyone who quits today!” Li Sihai and Cai Donglai also roared angrily to vent their emotions.

Su Qingmei and Shen Yun hugged each other and cried for a long time before finally stopping.

Su Qingmei stood up and wiped the tears from the corners of her eyes, “I can’t fall.

I have to hold on, definitely!

No one can defeat Hua Mei Biomedical, no one!” With that, Su Qingmei turned around resolutely and walked out of the meeting room.

As they watched Su Qingmei leave, Shen Yun, Li Sihai, and Cai Donglai fell in a daze.

Under such circumstances, they were really shocked that Su Qingmei could still maintain her rationality and not break down.

Shen Yun said, “As long as Hua Mei Biomedical can survive this calamity, Hua Mei Biomedical will soar again!

And Qingmei will eventually become the queen of the business world in Country Hua!” “Yes!” Li Sihai and Cai Donglai nodded heavily.

Many years later, the three of them would often bring up this matter during major interviews both domestically and overseas.

The three of them expressed that it was through this matter that they had made up their minds to follow Su Qingmei forever.

Of course, this was all in the future.

However, with half of the higher-ups leaving, the employees in the company were also uneasy.

Many employees also proposed to leave!

The entire Hua Mei Biomedical was on the verge of collapse!

On the other side Cao Family Manor.

Cao Huben and Nie Baoshan gathered everyone again.

Everyone's expressions were extremely gloomy.

They originally thought that Hua Mei Biomedical wouldn't even be able to last a day, but they didn't expect it to last a few days until today.

This was simply a slap in their faces.

Cao Huben narrowed his eyes, "Su Qingmei is quite a capable woman.

Even without Yang Luo's help, she can still last for five days under the suppression of so many families!

If only this woman was a descendant of our Cao family!" Nie Baoshan said coldly, "This woman is indeed capable.

I originally thought that it was all thanks to Yang Luo that she could be where she is today.

But from the looks of it, that doesn't seem to be the case." Cao Huben frowned, "This is really strange.

It's been five days, but why hasn't Yang Luo appeared yet?

If this kid doesn't appear, it will be meaningless." Nie Baoshan frowned and said, "Could it be that this kid knew about the news in advance and went into hiding?" "I don't think so." Cao Huben shook his head, "From what happened before, it can be seen that this kid loves Su Qingmei very much.

Now that Su Qingmei was in trouble, it's impossible for him not to help.

Since he didn't appear, he must be busy with something." As he spoke, he looked at everyone present and said, "Everyone, continue to add fuel to the fire and extinguish Hua Mei Biomedical as soon as possible!" "Yes!" Everyone responded in unison.

Nie Baoshan turned to look at Nie Changkong and said, "Changkong, you can start moving now.

It's time to unify the north and south!" "Yes, Grandpa!" Nie Changkong responded and stood up to leave.

Chapter 1328: Then Exterminate It!

At the same time Holy Imperial Court Headquarters.

Divine Emperor Island.

A plane flew over from afar and landed on the airport.

The cabin door opened.

Yang Luo, Xu Ying, Bujie, Prajna, and Lin Wenxuan walked out.

Behind them were Xiang Kunlun, King of Destruction, Heavenly Sirius, Goddess of Fate, King of Titans, and Lava Tyrant.

During this period of time, they had been running around and dealing with the conflicts in the Dark World.

They barely stopped for a moment.

As for Yang Luo and the others, they had just returned from settling a dispute.

“Brother Yang, you’re finally back!” King of Creation, Sacred Prison King, and Dark Baron came forward.

Yang Luo asked, “Have you settled the dispute on your side?” King of Creation replied, “It’s already been taken care of.

We’ve subdued a total of five organizations!” “By the way, where are the others?” Yang Luo asked.

King of Creation said, “They’ve all gone out to do something.” Yang Luo nodded and said, “Let’s go back to the palace first.” Then, Yang Luo and the others left the airport and prepared to get into the car.

Yang Luo took out his phone from his storage ring.

Usually, when he went out to do things, he would put his cell phone in his storage ring to prevent it from being damaged.

However, the moment he took out his phone, there were many missed calls and messages!

He was shocked!

What was going on?!

Could it be that something had happened at home again?!

Yang Luo hurriedly called Su Qingmei.

The phone rang for a while before it was picked up.

“Yang Luo, you bastard, you finally picked up the phone!” As soon as the call went through, Su Qingmei’s choked voice could be heard.

Yang Luo's heart tightened as he hurriedly asked, "Qingmei, what exactly happened?" "In the past few days when you weren't around, 20 families led by the capital's royal family, the Cao family and the Nie family, launched a comprehensive suppression on our Hua Mei Biomedical and the families and companies that are on good terms with us" Su Qingmei told Yang Luo everything that had happened in the past few days.

After hearing Su Qingmei's words, Yang Luo's expression instantly darkened, and a cold glint flickered in his eyes.

Cao Family!

Nie Family!

He had a grudge with the Cao family a long time ago!

As for the Nie family, it was completely because of his grudge with the North Suppressing King, Nie Changkong!

However, he had been busy with other things recently and had almost forgotten about these two families!

He did not expect these two families to jump out to deal with him at this moment!

Since that was the case, he would completely eliminate these two families!

"Yang Luo, I know you're very busy now, and I don't want to trouble you, but facing the suppression of the royal family, I'm really helpless" Su Qingmei's voice sounded again.

Yang Luo took a deep breath and said gently, "Silly girl, what do you mean by troubling me?"

You're my woman.

If someone bullies you, I naturally have to help.

Moreover, the crisis of Hua Mei Biomedical was caused by me, so I cannot ignore it.

Alright, wait for me at the company.

I'll be right back." "Alright!" Su Qingmei agreed.

Yang Luo hung up the phone, his expression extremely dark.

The flames of anger in his heart could erupt at any moment.

"Brother Yang, did something happen?" Seeing that Yang Luo's expression was amiss, King of Creation asked.

"Yang Luo, what happened?" Goddess of Fate held Yang Luo's hand and asked gently.

Yang Luo suppressed the anger in his heart and said, "Something happened at home.

I have to rush back now." "Do you need help?" Goddess of Fate hurriedly asked.

King of Creation and company also looked at Yang Luo.

"I don't think so." Yang Luo shook his head.

The King of Creation said, "Brother Yang, we're brothers.

No matter what help you need, you just need a call!" King of Destruction patted his chest and said, "Brother Yang, whoever dares to provoke you will be going against all of us brothers and the entire Holy Imperial Court!" Heavenly Sirius and the others also nodded at Yang Luo.

"Brothers, if I need your help, I'll naturally contact you!" Yang Luo smiled at King of Creation and company before instructing, "Then I'll leave first.

Continue dealing with the Holy Imperial Court!" "Yes!" Everyone immediately chorused out.

Then, Yang Luo led Xu Ying, Bujie, Prajna, and Lin Wenxuan towards the plane.

After getting on the plane Yang Luo called Prince Harmandy of Dibai.

The phone rang for a long time before it was picked up.

"Brother Yang, why did you think of calling me?

Are you coming to Dibai to play with me?" "Yes, I'll come to play with you when I have time in the future.

Yang Luo said, "Harmandy, I'll look for you to play when I have time in the future.

However, I need your help now." Hearing Yang Luo's words Harmandy immediately became serious, "Brother Yang, we're brothers.

Tell me, what do you want me to help with?" Yang Luo said directly, "I need you to borrow the power of your royal family to suppress the Cao and Nie families of Country Hua's royal family in all aspects!

Of course, don't let go of any family that is on good terms with these two families!" "These two families are really stupid.

They actually dare to provoke you, Brother Yang.

Let's mourn for them for three minutes!" Harmandy smiled and said, "How much do we have to suppress them?" Yang Luo's gaze turned ruthless as he said, "What I want is for these two families and all the businesses under those families that are on good terms with them to collapse!" "Understood.

Wait for my news!" Harmandy responded and reminded him, "Brother Yang, come and play with me when you have time.

Don't forget!" With that, Harmandy hung up.

After calling Harmandy, Yang Luo called King Williams of the Country Windmill and the chairman of the Laurel Corporation, Carlton, to ask for their help.

The two of them agreed without any hesitation.

After Yang Luo finished the call, the plane took off and flew away from the Divine Emperor Island.

"Brother Yang, why did you make so many calls in a row?

What happened?" Bujie hurriedly asked.

Xu Ying, Prajna, and Lin Wenxuan also looked at Yang Luo.

Yang Luo did not hide anything and told the four of them about this.

After hearing Yang Luo's words, the expressions of the four of them immediately darkened.

Bujie angrily said, "F\*ck, this Cao Family and Nie Family are really tired of living.

They actually dare to bully Sister-in-law and even dare to provoke Brother Yang!” “That’s right, they’re too hateful.

We should destroy them all at once!” Prajna also waved her fist in anger.

Xu Ying said in a low voice, “The Cao family and the Nie family still took action in the end.

If we don’t destroy these two families, there will be endless trouble in the future.” Yang Luo nodded and said, “Since they jumped out, let’s destroy them!” Lin Wenxuan frowned and said, “Brother Yang, the power of the royal family is not small.

Since the Cao family and the Nie family dared to touch you, they must have been fully prepared.

Brother Yang, you have to be careful.” Yang Luo narrowed his eyes and said, “Don’t worry.

No matter what move they use, I’ll take it one by one!” At the same time Dibai.

Due to the time difference, it was nighttime here.

On the top floor of the First Tower of Dibai, there was a top-notch clubhouse called Paradise Clubhouse.

Those who could come to this clubhouse were all members of the royal family and top rich second-generation heirs.

At this moment.

Harmandy was outside a top-notch private room and had just finished answering the call.

His expression was extremely cold, “How dare you provoke my Brother Yang?

You simply have a death wish!” As he spoke, he turned around and rushed to the private room.

When the private room door was pushed open.

There were many people sitting in the spacious and luxurious private room.

Most of them were wearing long white robes and white cloth on their heads.

These people were either members of the royal family of Dibai and the surrounding countries, or top rich second-generation heirs of the various countries.

There were also many world-famous models and celebrities accompanying them.

“Harmandy, where did you go?

Why did you run away halfway through drinking?

Come, come, come.

Continue drinking.

You have to punish yourself by drinking three cups!” A young man in a long white robe with a white cloth on his head said with a smile.

This young man was the prince of the Country Carda near Dibai, Mulest.

The recent World Cup was held in this country.

“Haha, if you don’t drink it, we won’t let you go!” Another young man smiled and echoed.

This young man was the prince of Country Petroleum near Dibai, Anidor.

Harmandy clapped his hands and said, "Brothers, we'll drink later.

I need your help now!"

Chapter 1329: One Move Will Affect The Entire Body!

Hearing Harmandy's words, The entire private room fell silent.

It was quiet for a few minutes.

Everyone then laughed.

Mullerst was caught between laughter and tears as he spoke, "Harmandy, are you joking?

Do you need our help?

Is there anything you can't settle?" Anidol joked, "Is the end of the world coming?

If the end of the world really comes, we won't be able to help!" The other members of the royal family and the rich second-generation heirs began to tease him.

Clearly, they all thought that Harmandy was joking.

Harmandy's expression turned cold as he said in a low voice, "Do you think I'm joking?" Seeing Harmandy's expression turn cold, everyone became serious.

Mullerst frowned, "Harmandy, what happened?" Anidol patted his chest and said, "We're brothers.

Your problem is our problem!" The others present also looked at Harmandy.

Anyone who could be invited here by Harmandy had a deep relationship with him.

Harmandy said, "To be precise, one of my brothers needs my help now!" "Oh?" Mullerst took a sip of wine and said, "Since you can call him brother, he shouldn't be an ordinary person, right?" Harmandy said, "Didn't I tell you before that I made a brother from Country Hua?

He's a real awesome person!" Mullerst immediately reacted, "Are you talking about Yang Luo, the god who saved your sister's life and led a few people to destroy the Desert Base in Country Stars & Stripes?" Anidol also said in surprise, "Oh my god, this Mr.

Yang is a true god!

He is currently in the limelight in the entire Dark World and had destroyed many organizations.

He had even crushed the guardian angels, Chief Gods, and Demon Kings of the Holy Light Church, the Heavenly Shrine, and the Hell Fiend Palace!

It's said that this Brother God even killed a Chief God and a Demon King!" A rich second-generation heir from another top family added, "Not long ago, this Brother God did a shocking thing!" "What is it regarding?" Someone asked.

The rich second-generation heir said, "Brother God led a few people into Buckingham Palace, wreaked havoc in Country Oxford, and destroyed the Dark Judgement Team!

Most importantly, Country Oxford didn't do anything after Brother God did such a huge thing.

It's simply amazing!" Although ordinary people did not know these secrets, they could still find out some information.

“F\*ck, there’s such a god in this world.

I really want to get to know him!” “Isn’t that so?

It would be our honor to be friends with this Brother God!” “Since this brother needs help now, we naturally have to help with all our might!” The other royal family members and top rich second-generation heirs present all spoke up excitedly.

Mullerst said, “Harmandy, we’ll definitely help you with this!

However, if there’s a chance in the future, you have to introduce Mr.

Yang to us!” “No problem at all!” Harmandy nodded in agreement.

“By the way, Harmandy, what do you want us to help with?” Anidol asked.

Harmandy said, “Now, twenty families led by the Cao and Nie families of Country Hua have provoked my Brother Yang!

My Brother Yang hopes to make all the industries under these families collapse!

There’s no need for me to teach you what to do, right?” Mullerst smiled and said, “I was just feeling bored.

It’s quite interesting to play with those families!” “Harmandy, don’t worry.

Leave this to us!” Anidol also smiled and said.

Harmandy nodded and said, “In that case, let’s begin!” “Brothers, what are you waiting for?

Let's make a fuss!" "This is the best opportunity for us to befriend that god!" "That's right.

We can't disappoint Brother God!" The royal family members and top rich second-generation heirs present all spoke up.

Then, they took out their phones and made calls.

Harmandy also took out his cell phone and made calls.

After a while Dibai, as well as the various royal families, families, and companies in the few countries around Dibai, began to take action.

On the other side Euro Domain.

Country Gaule.

At Laurel Corporation's headquarters.

In the chairman's office.

An old Caucasian man in a light gray suit with brownish-white curly hair was sitting on the sofa drinking coffee.

This Caucasian old man was the commander of the Country Gaule, Brooke.

He was here to talk to the chairman of Laurel Corporation, Carlton.

However, just now, Carlton went out to answer the phone.

A moment later The office door was pushed open.

Carlton, who was wearing a black tailored suit, hurried in.

He said apologetically, "Mr.

Brooke, I have something urgent to deal with now.

Can we talk about your matter another day?" "Mr.

Carlton, is something wrong?" Brooke asked.

Carlton said, "A benefactor of mine from Country Hua called and needs my help!" Brook asked curiously, "Who is Country Hua's benefactor?

If possible, I might be able to help." Carlton thought for a moment and said, "My benefactor from Country Hua is called Yang Luo" "What?!

"Yang Luo?" Brook was so shocked that he almost lost his grip on the cup.

He quickly placed the cup on the table and asked, "Is it Yang Luo who caused a ruckus in Oxford not long ago?!" "That's right!" Carlton nodded and asked in confusion, "Do you know Mr.

Yang?" Brooke smiled bitterly and said, "I wanted to get to know Mr.

Yang, but Mr.

Yang didn't give me this chance at all" He told Carlton about sending someone from the special investigation team to the airport to invite Yang Luo not long ago.

After Carlton heard this, he smiled and said, "Mr.

Brooke, if you want to befriend Mr.

Yang, this is a great opportunity.

"Mr.

Yang needs help now.

If you can help Mr.

Yang, he will definitely thank you for your kindness." Hearing this, Brooke's eyes lit up, "Hurry up and tell me.

What kind of help does Mr.

Yang need?" Carlton did not hide anything and told Brooke what Yang Luo had told him.

After hearing Carlton's words, Brook immediately slammed the table and said, "I'll definitely help you with this!

I have a good relationship with the royal family of Country Gaule and many large families!

As long as I ask, they will definitely help!" Carlton laughed and said, "Then let's start moving!" "Alright!" Brooke nodded in agreement.

Then, the two of them picked up their phones and made calls.

After a while The entire royal family of Country Gaule, as well as the top families and companies, took action!

At this moment.

In the royal palace of Country Windmill.

In the study on the third floor.

Dressed in a black tuxedo, the Caucasian old man with neatly combed hair was sitting in front of the desk with a cold gaze.

This Caucasian old man was the current King of Country Windmill, Williams.

“How dare you go against Mr.

Yang?

You have a death wish!” Williams said coldly.

Then, he picked up his cell phone and made many calls to contact the Country Windmill families and companies that were on good terms with him.

Ten minutes later.

The entire Country Windmill’s royal family, major families, and corporations also took action!

Yang Luo’s call directly affected the royal families, families, and companies in the Middle East and the Euro Domain!

It could be said that a slight change would affect the entire situation!

The upper-class society in many other countries in the Middle East and Europe soon discovered this matter.

Everyone was very curious why these royal families, families, and companies would take action at the same time.

What were they trying to do?

Just as the various royal families, families, and companies were taking action to help Yang Luo In Country Hua.

The capital.

Cao Family Manor.

The hall was still filled with people.

They were the patriarchs and direct descendants of the major families led by the Cao family and the Nie family.

In order to deal with Hua Mei Biomedical and the family heads and companies that were on good terms with Hua Mei Biomedical, they would gather every day.

Cao Huben glanced at everyone and asked, "Everyone, how's the situation now?" A family head chuckled and said, "I reckon that Hua Mei Biomedical won't be able to hold on much longer.

Their losses are already close to 200 billion!

Many of the major families and companies that are on good terms with them have already withdrawn, and many have already been destroyed and closed down!" "Alright!" Cao Huben nodded in satisfaction, "Unfortunately, Yang Luo hasn't appeared yet!" At this moment.

Nie Baoshan finished a call.

He narrowed his eyes and said, "Elder Cao, the real battle has begun!"

Chapter 1330: Unprecedented Collision!

"Oh?" Cao Huben smiled, "Elder Nie, what do you mean?" The others present also looked at Nie Baoshan.

Nie Baoshan said in a deep voice, "Just now, all the major companies under our Nie family were suppressed by many overseas forces!

I've already sent someone to investigate what kind of power it is!" Huangfu Zhenxiong said ruthlessly, "Yang Luo must have started taking action!

Back then, he used this method to destroy our Huangfu family!" "And our Qiao family!" "Our Xu family is the same!" Qiao Bailin and Xu Yanfeng also spoke ruthlessly.

They still could not let go of the fact that Yang Luo had destroyed their three families back then.

They even personally went to Jiang City to beg Yang Luo to let them off.

They were even willing to compensate Hua Mei Biomedical for the losses.

However, Yang Luo still refused to let them off.

Now, Yang Luo actually wanted to use the same method to deal with the Cao family and the Nie family.

What a joke!

“Yang Luo finally couldn’t take it anymore and started to counterattack.

It’s good that this kid jumped out.

If he keeps hiding, it will take some effort to destroy him.” Cao Huben said with a smile.

Then, he said viciously, “However, just killing this kid is not enough.

I want this kid to have nothing.

I want him to die in despair and collapse.” Nie Baoshan nodded and said, “Then let’s begin.

We want to completely crush this kid and make him unable to make a comeback!” “Alright!” Cao Huben nodded.

Nie Baoshan looked at everyone present and said, “Everyone, don’t let down your guard.

Continue to strengthen the suppression!

We must destroy Hua Mei Biomedical as soon as possible and destroy the families and companies that helped Hua Mei Biomedical!” “Yes!” Everyone nodded in agreement.

Then, everyone took out their phones and made calls, giving orders.

Cao Huben and Nie Baoshan also took out their phones and made calls.

Cao Huben contacted the Procter and Gamble Corporation of Country Stars & Stripes, the royal family of Country Oxford, the royal family of Myriad Islands, and some families in the west.

Nie Baoshan contacted the Shisido Corporation of Country Sakura, the royal family of Country Sakura, the royal family of Country Fairytale, and some families in the West.

The reason why the Cao Family and the Nie Family were royal families was because the two families had powerful connections and power in various fields both domestically and overseas.

Now that they had used all their authority and connections, it was naturally quite terrifying.

After the call, Nie Baoshan's phone rang.

He picked up the phone and answered the call.

After the call.

His expression darkened.

"Elder Nie, what's wrong?" Cao Huben asked.

The others also looked at Nie Baoshan.

Nie Baoshan said sinisterly, "We've already investigated clearly.

The families that are suppressing us overseas are the Dibai royal family, the Carda royal family, Country Petroleum royal family, and some families from the Middle East!

Furthermore, there is the royal family of Country Windmill in Europe, the royal family of Country Gaule, the Laurel Corporation, and many families have also started to suppress us!" "Hmm?" Cao Huben

frowned and asked in confusion, “Why are the royal family of Carda, the royal family of Petroleum, and the royal family of Country Gaule involved?”

According to the previous investigation, Yang Luo did not seem to have any relationship with the three royal families!

Could it be that the information was wrong?” Huangfu Zhenxiong also said, “That’s strange.

When this kid suppressed our three families back then, the royal family of Carda, the royal family of Petroleum, and the royal family of Gaule did not interfere!” Qiao Bailin and Xu Yanfeng were also puzzled.

The others present also whispered and panicked.

Cao Huben raised his hand, “Everyone, so what if this kid can ask the three royal families for help?

Everyone, don’t worry.

The royal families, families, and companies that are on good terms with us have many friends.

They will also ask their friends for help!

Therefore, the current situation is still under our control!” Nie Baoshan also said, “With our two royal families taking action and everyone’s help, are we still unable to defeat the connections and resources of a brat?

I just don’t believe it!” Cao Huben was still very calm, as if victory was in his grasp.

He narrowed his eyes and said, “I want to see how powerful this kid is to dare to fight against so many of our families!” This was an unprecedented collision at home and abroad!

It was still unknown who would win!

At the same time Jiang City.

Inside Hua Mei Biomedical.

Even though it was already night, the entire building was still brightly lit.

The entire company was in chaos.

Many people rushed in and out of the company to answer calls.

As the Cao Family, Nie Family, and other large families increased their suppression, half of the higher-ups of Hua Mei Biomedical left, and half of the employees left.

What's more, many employees submitted their resignations one after another, not daring to stay in Hua Mei Biomedical anymore.

Even many of the higher-ups who had promised to persevere with Su Qingmei until the end began to waver.

At this moment.

In the President's office.

Su Qingmei was dealing with various problems in the company.

From time to time, she would operate the computer, answer calls, and deal with documents.

She was busy.

However, at this moment!

“Qingmei!

Good news!

Good news!” Shen Yun, Li Sihai, and Cai Donglai rushed in without knocking.

Although the three of them looked very tired, a hint of joy appeared in their eyes.

“What good news?” Su Qingmei asked loudly.

These days, all she received was bad news.

There was no good news.

Shen Yun took a deep breath and said, “Just now, the people in charge of our various offline branches, online and offline stores, and various factories called!

They said that the pressure on them by the Cao family, the Nie family, and other major families suddenly weakened!” Li Sihai poured himself a glass of water and took a big gulp.

Then, he took a deep breath and said, “The heads of the various large families and corporations who are on good terms with us have also reflected this situation to me!

Everyone was very excited and asked if we had started to fight back.

Will we be able to survive this crisis safely?” Cai Donglai also said, “I also received news just now that our Hua Mei Biomedical’s losses are beginning to decrease!

It was said that the families led by the Cao family and the Nie family had split their attention to fight against some royal families, top-tier families, and corporations overseas!

It's also because of this that their suppression of us has weakened!" Hearing the three people's report, Su Qing's eyes also revealed surprise.

She clenched her fists tightly and said excitedly, "I know.

It must be Yang Luo!

Yang Luo must have started to fight back!" "Mr.

Yang?!" "Qingmei, could it be that you've contacted Mr Yang?!" "Has Mr.

Yang taken action?!" Shen Yun and the other two hurriedly asked.

Su Qingmei nodded and said, "A few hours ago, I called Yang Luo and told him about this!

Yang Luo said that he would rush back immediately!" "Great, that's great!" "We have a backbone now that Mr.

Yang is back!" "We've finally managed to wait for Mr.

Yang!" The eyes of the three of them turned red.

These days, they were really about to break down.

If not for them cheering each other on, they would not have been able to withstand it.

Now that Yang Luo was coming back, they were naturally very excited!

Su Qingmei calmed down and said, "Sister Shen, Brother Li, Brother Cai, please quickly spread this news!

Whether it's our Hua Mei Biomedical or the families and companies that are on good terms with us, we urgently need to know this good news so that everyone can have the motivation to persevere!" "Yes!" Shen Yun, Li Sihai, and Cai Donglai nodded in agreement.

Then, they made calls one after another to inform the others of the good news.
