

## Super IDG 1451

Chapter 1451: Rushing to Save Someone!

Chu Yunshan pondered for a moment and said, "Little Luo, is it still possible between you and Yanran?"

This is all my fault.

I don't want it to affect your relationship.

After all, Yanran had not done anything wrong from the beginning to the end.

"She really likes you very much and has been talking about your good points in front of me" Yang Luo said indifferently, "Relationships can't be forced.

Let nature take its course.

As for whether Yanran and I can get together, it depends on fate" In the past, he and Chu Yanran had experienced many things together.

He actually had a good impression of Chu Yanran at that time.

However, later on, because of Chu Yunshan, he and Chu Yanran drifted further and further apart.

He did not know what kind of mentality he would have if he saw Chu Yanran again.

"Sigh" Chu Yunshan let out a long sigh, feeling very regretful.

If he had not objected to Yang Luo and Yanran back then, Yang Luo would probably be their Chu family's son-in-law now.

He was the one who had pushed such a good son-in-law out.

However, his grudge with Yang Luo had been resolved.

He just did not know if he would have this opportunity in the future.

Chu Yunshan shook his head and said, "Alright, Little Luo, I won't disturb you anymore.

I'll leave first.

If you need any help in the future, feel free to contact me." "Alright!" Yang Luo nodded in response.

But at this point A call was made to Chu Yunshan's phone.

Chu Yunshan took out his phone and answered the call.

"We must ensure Yanran's safety.

Nothing must happen to Yanran!" After the call.

Chu Yunshan's face was filled with anxiety, and cold sweat broke out on his forehead.

"Old Master Chu, did something happen to Yanran?" Yang Luo felt that something was wrong and quickly asked.

Chu Yunshan hurriedly said, "In the past few days, a war broke out in Country Highlands.

The Dragon Soul Battle Team sent three teams to Country Highlands to withdraw our citizens.

However, just now, the captain of Team 5 called and said that Yanran had been captured by those thugs when she was rescuing the hostages.

Now that the two sides are in a standoff and negotiation, I'm worried that Yanran will be in danger.

After all, those guys are a group of ruthless thugs." Hearing Chu Yunshan's words, Yang Luo's face instantly darkened.

Su Qingmei, Lin Qianyi, and the others also got anxious.

After all, everyone knew Chu Yanran.

This was especially so for Lin Qianyi, who was also good friends with Chu Yanran.

Lin Qianyi said anxiously, "Yang Luo, do you have a way to save Yanran?" Su Qingmei also said anxiously, "Yang Luo, you have to save Miss Chu!" "Everyone, don't be anxious.

I'll go save her now!" Yang Luo replied, "Wait here.

If there's any news, I'll contact you at any time!" With that, Yang Luo tapped the ground and turned into a golden light that soared into the sky and flew towards the Afro Domain.

Soon, Yang Luo's figure disappeared into the sky.

After watching Yang Luo leave, everyone retracted their gazes.

Su Qingmei comforted him, "Old Master Chu, don't worry.

Yang Luo will definitely be able to save Miss Chu.” Chu Yunshan nodded, but the uneasiness on his face could not be dispelled.

After Yang Luo left the Heavenly Luo Sect, he increased his speed to the maximum, and the sound of air being torn apart resounded non-stop.

On the way to Country Highlands in Afro Domain.

Yang Luo called Yelloise, the commander of the Highland Kingdom.

Previously, when he destroyed the Sorcerer Alliance in the Afro Domain, he got to know the commander of Country Highlands, Yelloise.

Yelloise also gave him a box of diamonds and a diamond mine.

The phone rang for a while before it was picked up.

“Is this Mr.

Yang?” Yelloise’s voice was heard.

“It’s me.” Yang Luo simply replied – Yelloise said in surprise, “Mr.

Yang, so it’s really you!

It’s been a long time since we last met!

By the way, why did you call me?" Yang Luo asked, "I heard that a war broke out in Country Highlands?" "That's true!" Yelloise replied and then said angrily, "A group of thugs wants to mess up our Country Highlands.

I've already sent people to deal with them!" Yang Luo hurriedly said, "Mr.

Yelloise, it's like this.

A friend of mine from the Dragon Soul Battle Team was captured by those thugs while he was rescuing the hostages.

The situation is dangerous.

I hope you can send more people to save my friend.

Of course, even if he couldn't save her, he had to stall for time.

I'll rush over immediately." "What?!

Your friend was captured?!" That's too much!" Yelloise was shocked and immediately said, "Mr.

Yang, don't worry.

I'll send more people over now!

No, no, no, I'd better go over personally!

By the way, what's your friend's name?" "Chu Yanran." Yang Luo replied and said, "Mr.

Yelloise, thank you for being willing to help!

Also, you have to be careful yourself.

It's best not to anger those thugs!

Hurry up and send me the exact address.

I'll rush over as soon as possible!" Yelloise said, "Mr.

Yang, there's no need to thank me!

Back then, you helped us destroy the Sorcerer Alliance and saved so many people.

I had no idea how to repay you!

Alright, let's not talk anymore.

I'll bring people over now!" With that, Yelloise hung up.

Yang Luo also received a message.

It was from a city where a war had broken out.

After putting away his cell phone, Yang Luo sped up again and rushed to his destination. At the same time, Country Highlands.

Due to the time difference, it was past five in the afternoon.

At this moment.

In a small city in Country Highlands.

The entire small city was already in ruins.

The ground was filled with potholes.

People who had been shot and killed by shells could be seen everywhere.

There were also many refugees fleeing.

The entire small city was already in chaos.

At this moment.

Outside a dilapidated six-story building in the center of the small city.

The 3,000 people sent by the Dragon Soul Team and the 10,000 people sent by the teams from Country Highlands had already surrounded the entire building.

There were snipers lying in ambush on a building in the distance.

At the entrance of the building stood thousands of burly black men and Caucasian men holding machine guns and carrying rocket launchers with explosives tied to their bodies.

These burly men were the thugs who had caused the battle this time.

Right now, these thugs were confronting the members of the Dragon Soul battle team and the various battle teams in Country Highlands.

“You’ve been surrounded.

Release the captive quickly!” The captain of the fifth team of the Dragon Soul Battle Team, Fei Long, shouted angrily at the thugs at the door.

“You started a war and killed so many people.

You can’t escape!” Dragon Soul Team’s Team Seven’s captain, Zhan Long, also roared.

“Hurry up and let the captive go.

Don’t resist fearlessly!” “Release them now!” The captains of the various battle teams in Country Highlands also roared.

“Release them?” A burly black man sneered and said, “If we let the captive go, will we still have a chance?” “F\*ck!” A Caucasian man cursed angrily.

He pressed one hand on the explosive bag on his body and said fiercely, “I advise you to get lost now!

If you don’t get lost, believe it or not, I’ll detonate the explosives right now!” The other burly men also pressed their hands on the explosives on their bodies.

For a moment The members of the Dragon Soul Team and the other teams in Country Highlands became nervous.

Once the explosives were detonated, everything here would be blown up.

Everyone would be killed.

“Hahaha” “You’re afraid just like that?

What a bunch of cowards!

Cowards!" "Come on, shoot if you have the ability.

If you have the ability, come and save her!" The thugs burst into laughter.

"D\*mn their mothers!" Fei Long clenched his fist and was about to charge forward.

"Fei Long, don't be rash!" Zhan Long quickly pulled Fei Long back.

"These fucking bastards!" Fei Long gritted his teeth and said, "If they don't have hostages, I could have destroyed them in minutes!" As a member of the Dragon Soul Battle Team, he was also a rather powerful martial artist.

But now, there was nothing he could do.

Chapter 1452: Negotiation!

Zhan Long said in a deep voice, "Fei Long, you have to calm down and negotiate with them!

Now that there are more than a hundred hostages on the sixth floor and Captain Chu has been arrested, we can't do anything rash!

Once they mess around, they will really kill people!" Fei Long said unhappily, "Of course I know that, but I just feel aggrieved!" "Help!

Save us!" "I don't want to die.

Save us!" "Help me!

Help me!" At this moment, cries and cries for help came from the sixth floor of the building.

Hearing the cries for help from inside The members of the Dragon Soul Team and the other teams in Country Highlands became even more anxious.

The burly black man said with a sinister smile, "Did you hear that?

Those guys are calling for help!

As long as you can satisfy our conditions, we will naturally let him go!" "Did you hear that?

Hurry up and make a decision!" The Caucasian man smiled viciously and said, "I'll give you ten minutes to consider!

After ten minutes, we'll kill one person every minute that passes!" Fei Long, Zhan Long, and the others had cold expressions.

They did not know what to do.

The atmosphere at the event location was very tense and tense.

Ten minutes passed quickly.

"Have you come to a conclusion yet?" The Caucasian man looked at his watch and his expression turned cold.

He picked up the walkie-talkie and said, "Kill one!" "Roger that!" A voice came over the intercom.

The next second!

Bang!

A gunshot came from the sixth floor!

“Ah!” “Don’t kill me, don’t kill me!” “I don’t want to die, I don’t want to die!” Fearful cries came from the sixth floor.

“You all have a death wish!” Fei Long roared angrily, clenching his fists until they cracked.

Zhan Long and the others also clenched their fists, their eyes filled with killing intent.

The Caucasian man said teasingly, “Don’t look at me like that!

I’ve already said that as long as you satisfy our conditions, we will definitely let her go!” Zhan Long said coldly, “How can we believe what you say?

You guys kill without batting an eyelid and cause trouble everywhere.

Haven’t you killed enough hostages?

If we satisfy your conditions, how can we guarantee that you will release the hostages?” “F\*ck!” The Caucasian man cursed angrily and said, “I’ve already said that as long as you do as we say, we’ll let them go!

Besides, do you have a choice now?

Unless you really don’t care about the lives of those hostages!” Saying that, he looked at his watch again and said, “Another minute has passed!

Since you haven't made your choice, I can only kill another person!" Then, he picked up the walkie-talkie again and said, "Kill another one!" As soon as their voice sounded!

Bang!

A gunshot came from upstairs again!

"Wuwuwu" "No, no" Screams and cries came from upstairs again.

"Enough!" Fei Long shouted and took a deep breath.

"Tell me, what are your conditions?" Just as the Caucasian man was about to speak At this moment.

A captain of the Country Highlands team walked over and shouted at the thugs, "Our commander, Mr.

Yelloise, is already on his way!

Mr.

Yelloise said that he would talk to you personally!" Fei Long asked in surprise, "Mr.

Yelloise is coming personally?" "That's right." The captain nodded.

Fei Long, Zhan Long, and the others were even more puzzled.

Yelloise was the commander of Country Highlands.

How could he personally appear for such a dangerous matter?

The burly black man opposite him narrowed his eyes and said, "I didn't expect Yelloise to come personally!"

It looks like there are very important people among the hostages we've captured!" The Caucasian man also chuckled and said, "Definitely.

Otherwise, why would an old fellow like Yelloise, who is afraid of death, come personally?" The black man sneered and said, "Since Yelloise is coming, that's great!

If we negotiate with this fellow, many things will be easier to talk about!" They waited for nearly half an hour.

Then a group of armored vehicles drove over from afar.

Soon, the car stopped not far away.

The car doors opened.

A large group of warriors escorted an old black man in a light gray suit over.

This black old man was the commander of Country Highlands, Yelloise.

"Mr.

Yelloise, I didn't expect you to come personally.

How rare!" The burly black man opposite him said with a smile.

Yelloise looked at the building and asked with a frown, "Did you capture a woman called Chu Yanran?" "Are you talking about the captain of Team Dragon Soul's ninth team, Chu Yanran?" The burly black man asked.

“That’s right!” Yelloise nodded.

The black burly man said coldly, “Not long ago, this woman secretly sneaked into the building to save the hostages.

She has already been captured by us!

Why are you asking about this woman?” Fei Long, Zhan Long, and the others also looked at Yelloise in confusion.

They were very curious as to why Yelloise would ask Chu Yanran the moment he arrived.

Yelloise said in a deep voice, “As long as you can let Miss Chu go, everything can be discussed!” He had promised Yang Luo to save Chu Yanran, so he naturally had to do his best.

As soon as these words were spoken Everyone present was even more surprised.

Especially the members of the Dragon Soul Team, they looked at each other.

They did not expect Yelloise to be present to protect Chu Yanran.

Fei Long whispered to Zhan Long, “Could it be that Old Master Chu called Mr.

Yelloise?” “That’s possible!” Zhan Long nodded.

The burly black man smiled and said, “Mr.

Yelloise, so you’re doing this to save Chu Yanran!

Looks like this woman is very important to you!

Do you think we will let go of such an important person so easily?" Yelloise said coldly, "If you don't let Miss Chu go, there's nothing to talk about!" "F\*ck!" The burly black man cursed and said, "Yelloise, listen up!

You're the one begging us now, not us!

You have to do whatever we say!

As long as you can meet our conditions!

Naturally, we will let that woman go!

We'll release the other hostages too!

If you don't agree, don't even think about living!" Yelloise said with a dark expression, "You can negotiate if you want, but I have to ensure Miss Chu's safety first!" "That's not a problem!" The burly black man nodded and picked up the walkie-talkie.

Soon, two burly black men carried a woman to the window.

The woman was wearing a military uniform.

She was tall and graceful, her facial features exquisite, and her face was beautiful.

However, the woman was covered in blood now, and her fair face was also covered in blood.

Her long black hair scattered messily, looking very tragic.

This woman was Chu Yanran.

“Captain Chu!” “F\*ck, what did you do to Captain Chu?!” Fei Long, Zhan Long, and the members of the Dragon Soul Battle Team roared.

Yelloise’s expression was extremely gloomy as he clenched his fists.

One had to know that Yang Luo had never contacted him personally.

And this time, he had actually contacted him for this woman.

In fact, for this woman, Yang Luo was actually rushing over personally.

This was enough to show that this woman was very important to Yang Luo.

But now, this woman was so seriously injured.

How should he explain it to Mr.

Yang?

The burly black man said, “This woman was really a handful.

She still wanted to resist after being captured by us.

Naturally, we had to teach her a lesson.

Don’t worry, we only broke her arms and legs.

She has only lost his mobility, but her life is not in danger.” “F\*ck your mother!” “You all deserve to die!” The members of the Dragon Soul Battle Team roared.

Chapter 1453: Thinking About You Day and Night!

The black burly man shouted, “Don’t make a fuss here!

We’re already being kind by not killing her!” At this moment.

At the window on the sixth floor.

Chu Yanran shouted, “Don’t worry about me.

You have to save the hostage!

Also, don’t let any of these guys off!” “Shut the fuck up!” A burly black man holding her slapped Chu Yanran’s face and threatened, “If you dare to say another word, I’ll take your life!” Blood flowed from the corner of Chu Yanran’s mouth.

However, her eyes were cold as she said stubbornly, “Come on, kill me if you dare!” “Bitch!

Do you think I don’t dare?!” The burly black man raised the gun in his hand and pressed it against Chu Yanran’s head.

The burly black man downstairs said, “Gunis, this woman is very important to us.

Don’t kill her!” With that, he waved his hand.

Soon, the two burly black men upstairs carried Chu Yanran away from the window.

The burly black man downstairs turned to look at Yelloise and said, "Yelloise, can we talk now?" Yelloise let out a long breath and said, "Tell me, what are your conditions!" The burly black man said, "Hurry up and arrange 100 armored vehicles and 50 transport helicopters for us!

Also, arrange three battleships for us!

As long as we can reach the sea safely, we will naturally release the hostages!" "Mr.

Yelloise, you can't agree to them!

Once they reach the sea, it will be difficult for us to destroy them!" "That's right.

It's said that five organizations have already sent people to our sea area and are prepared to bring them out at any time!" "We can't let them go!" The captains of the various battle teams in Country Highlands spoke up one after another.

Fei Long also said, "Mr.

Yelloise, we definitely can't let them go to the sea!

Once they go to the sea, it will be very difficult for us to ensure the safety of the hostages!" "Do as they ask!" Yelloise shouted.

Previously, he had some understanding of Yang Luo.

He also knew that Yang Luo was definitely not an ordinary person.

Yang Luo had also told him to stall for time.

He just had to wait for Yang Luo to arrive.

Perhaps all problems could be resolved then.

In an instant Everyone present shut their mouths.

Yelloise looked at the person opposite him and said, "Alright, I agree to your conditions!

However, it will take some time to prepare armored vehicles, helicopters, and battleships!" The burly black man shrugged and said, "As long as you do as we ask, there's no harm in us waiting!

However, let me remind you not to have any crooked thoughts.

I'll give you an hour to prepare!

In an hour, if you're not ready, we'll continue killing!" Yelloise said, "An hour is too short!" The burly black man said in a loud voice, "I said one hour, so one hour it is.

No bargaining!" "Alright, one hour it is!" Yelloise gritted his teeth and nodded.

He could only pray in his heart that Yang Luo would arrive in an hour.

Then, he took out his cell phone and began to make arrangements.

After making the calls, Everyone waited quietly.

Seconds ticked by.

Unknowingly, half an hour had passed.

Fifty transport helicopters flew over from afar and stopped in an empty space in the distance.

The thugs immediately smiled.

Another half an hour or so passed with them watching the situation.

A hundred armored vehicles then drove over from afar.

The leader, a burly black man, said, "Yelloise, you're quite efficient!" Then, he asked, "Are the three battleships ready?" Yelloise's eyes flickered, and he said, "They're still being prepared" The black burly man's expression turned cold as he said, "I told you to prepare everything in an hour!

Since you're not ready yet, don't blame us!" He picked up the walkie-talkie and said, "Kill three this time!" The next second!

Bang!

Bang!

Bang!

Bang!

Three gunshots came from upstairs!

The screams coming from the building became even louder!

"You" Yelloise was so angry that his entire body was trembling.

The burly black man said fiercely, "I'll give you another ten minutes!

If you're not ready in ten minutes, I'll kill that woman, Chu Yanran!" "Don't do anything rash.

I'll call them now to rush them!" Yelloise wiped his cold sweat and quickly took out his phone to make a call.

After making the calls, Everyone waited again.

Soon, ten minutes passed.

The black man asked impatiently, "Yelloise, are you ready?" Yelloise gulped and said, "They should they should be ready" In fact, he did not ask anyone to prepare a warship at all.

If these guys really escaped to the sea, it would be very difficult to kill them.

Everything he did was just to stall for time.

The black man said angrily, "Damn it, Yelloise, are you playing tricks on me?

Looks like you won't cooperate obediently if I don't teach you a lesson!" As he spoke, he shouted upstairs, "Bring that woman Chu Yanran to the window and kill her!" Then, two burly black men carried Chu Yanran to the window.

Yelloise exclaimed, "Don't be rash.

I'll prepare now.

I'll get them to prepare it now!" "It's too late to prepare now!" The black man roared, "Kill this woman!" "Yes!" A burly black man upstairs responded.

He raised his pistol and pointed it at Chu Yanran's head.

Chu Yanran seemed to know that she was dead for sure.

It would be a lie to say that she was not afraid.

But she felt a lot more regrets.

She was very regretful that Yang Luo did not resolve the conflict with her grandfather.

She was very regretful that she could not see Yang Luo again.

She really liked this man.

Unfortunately, because of her grandfather, Yang Luo hated their Chu family and her grandfather very much now.

Perhaps he hated her too.

If she wasn't a member of the Chu family, there wouldn't be so much trouble.

In the end, she could not be with Yang Luo anymore.

If there was a next life, she really hoped to be with him At the thought of this, she closed her eyes and tears fell from the corners of her eyes "Captain Chu!" The members of the Dragon Soul Battle Team shouted.

"Don't shoot.

I agree to your conditions!

I'll agree to any condition!" Yelloise also completely panicked.

However, just as the burly black man upstairs was about to pull the trigger!

Suddenly!

Swoosh!

An ear-piercing sound of air breaking resounded!

In an instant!

A bedazzling golden light streaked across the night sky and then across the roof of the building!

Under everyone's watchful eyes The entire roof of the building was cut like tofu!

The roof of the building that had been cut off fell into the distance with a rumble, and rocks and dust surged!

After the roof was cut open, the scene on the sixth floor appeared in front of everyone!

More than a hundred hostages were huddled in the middle.

There were Chinese and many foreigners!

Hundreds of burly men holding machine guns guarded the surroundings!

There were more than thirty ability users among them as well!

Everyone looked at the sky in a daze!

What was going on?

What had cut open the roof?

Just as everyone was in a daze!

A golden light flew over from afar and appeared above the roof!

The person who came was a young man in casual clothes.

He had a delicate face and eyes that were like stars.

This young man was Yang Luo.

“Oh my god, who is this young man?

He can actually fly in the sky?!” “Is he a God?!” “Did he cut off the roof?!” Everyone present exclaimed and looked at Yang Luo as if they were looking at a god.

However, Chu Yanran recognized the man in the air at a glance.

After all, this man was the person she thought of day and night!

Chapter 1454: He’s a God!

Chu Yanran originally thought that she was dead meat and was about to leave this world.

However, she did not expect this man to arrive at the critical moment.

Moreover, she felt that the man had undergone a huge change.

The man became more stable and imposing, more extraordinary, and his strength was probably stronger.

It was said that only immortals could fly in the sky.

Could it be that the man had already become an immortal?

“Yang Luo” All the longing and grievances in Chu Yanran’s heart erupted at this moment, and she screamed out.

Tears streamed down her face.

At this moment, she looked a little poignant and pitiful.

“Mr.

Yang!” Yelloise was also pleasantly surprised.

He originally thought that Yang Luo had taken a plane over.

However, he did not expect Yang Luo to fly over directly.

Mr.

Yang was indeed not an ordinary person.

He was simply like a god!

“Mr.

Yang It’s actually Mr.

Yang?!” “Could he be the legendary figure of Country Hua Yang Luo?!” Fei Long and Zhan Long said in a daze.

“It’s really Mr.

Yang.

It’s really Mr.

Yang!” “Oh my god, Mr.

Yang can actually fly.

Could it be that Mr.

Yang has already become an immortal?!” The other members of the Dragon Soul Team also shouted in surprise.

They had also heard of Yang Luo’s name.

Back then, Country Sakura sent three Martial Emperor Realm experts to Country Hua to show off.

In the end, they were all killed by Yang Luo.

Later on, the martial arts world of Country Sakura challenged Yang Luo.

Yang Luo directly killed his way to Country Sakura and killed three Martial Emperor Realm experts and one Martial God Realm expert.

There were too many legendary deeds about Yang Luo that could not be finished in a few days and nights.

Although they had never seen Yang Luo, they had endless admiration for him.

Yang Luo nodded at Yelloise, then looked at Chu Yanran gently and said, "Silly girl, you're still so rash.

You wanted to save a hostage, but you turned yourself into a hostage.

Aren't you too stupid?" Yang Luo smiled and continued, "This should be the second time I've saved you, right?

Last year, you were brought to the sea by the people of Country Sakura's Divine Martial Sect and almost lost your life.

What a headache.

Can't you take good care of yourself while I'm gone?" "Ugehhh" Hearing Yang Luo's words, Chu Yanran could not help but cry.

"Kid, who are you?" "I advise you to mind your own business and get lost!" The thugs all roared.

However, they all felt a little panicked.

After all, Yang Luo could fly in the sky and used some unknown method to cut off the roof of the building.

Therefore, they could not figure out Yang Luo's strength.

Yang Luo stood in the air and looked down.

He said indifferently, "Let these people go, and I can consider leaving your corpses intact." "F\*ck!

Who do you think you are?

Are you going to let him go just because you say so?" "There's no need to talk nonsense with this kid.

Kill him quickly!" More than a thousand thugs roared angrily and fired at Yang Luo in the sky.

Whir, whirl, whirl The dense bullets were like a storm as they shot towards Yang Luo in the sky!

"Mr.

Yang, be careful!" "Mr.

Yang, be careful!" Yelloise, Fei Long, Zhan Long, and the others reminded him in surprise.

However, the moment these bullets shot over!

Yang Luo only trembled and condensed a golden barrier!

Ding, ding, ding!

The dense bullets hit the True Qi barrier, emitting a crisp sound of collision!

Sparks shot in all directions as True Qi surged, dazzling and resplendent!

All the bullets were blocked!

“Fire!

Fire!” The burly black man in the lead roared.

Bang!

Bang!

Bang!

Many thugs picked up their rocket launchers and fired shells at Yang Luo!

Boom!

Boom!

Boom!

Cannonballs collided with the True Qi barrier and exploded!

Flames soared into the sky and thick smoke billowed.

It was shocking!

However, what shocked everyone present was!

Not only did Yang Luo easily block the bullets, but he even blocked the rockets!

“Oh my god, is this man really a god?!” “That person must be a god.

Otherwise, how could he easily block bullets and rockets?!” “We’re saved!

We’re saved!” Everyone present was excited.

Especially the hostages, they were even more excited.

“This guy is not simple.

Attack together!” An ability user shouted.

Then, he directly mobilized the superpower in his body and attacked Yang Luo!

The other dozens of metahumans also mobilized their superpowers, magic, and various other energies to attack Yang Luo!

Dong, dong, dong!

Boom!

Boom!

Boom!

Layers of attacks soared into the sky and ruthlessly struck the True Qi barrier that Yang Luo had condensed, erupting with a terrifying collision and explosion!

However, no matter how ferocious the attacks of these dozens of aptitude users were, they still could not shake Yang Luo!

Fei Long waved his fist and said excitedly, "As expected of Mr.

Yang.

He's really too strong!" Zhan Long said excitedly, "Isn't that so?

These guys' attacks are useless against Mr.

Yang!" Everyone present was also shocked!

Yang Luo was really like a god, standing proudly in the sky and dominating everything!

Chu Yanran looked at Yang Luo in the sky in a daze, her eyes filled with tenderness.

"Are you guys done?" Yang Luo looked down at the thugs indifferently and said, "If you're done fighting, it's my turn, right?" "That woman called Chu Yanran seems to be very important to this guy.

Hurry up and catch her!" The leader of the black men broke out in cold sweat and shouted upstairs.

They also realized that the young man from Country Hua in the sky was definitely not an ordinary person.

If they wanted to live, they had to control Chu Yanran.

A few burly men hurriedly moved and rushed towards Chu Yanran.

“Seeking death!” Yang Luo shouted coldly.

Killing intent exploded in his eyes as he raised his right hand and pressed down in the air!

In an instant!

Waves of pressure and aura that were like landslides and tsunamis immediately surged down!

Peng, peng, peng!

The hundreds of thugs on the sixth floor and the thousand-odd thugs downstairs exploded like watermelons!

Blood and flesh splattered everywhere in a tragic manner!

In less than a few seconds!

The 1,000 plus thugs at the scene were all killed!

Moreover, not a single intact corpse was left behind by these more than a thousand thugs!

In an instant The entire event location fell into dead silence.

Everyone looked at Yang Luo in the sky in a daze and felt their souls tremble.

Chu Yanran was also shocked.

She felt that the current Yang Luo was even more decisive in killing people.

This made her feel that the man in front of her had become a little unfamiliar.

What had the man experienced to make him so cold and decisive?

After a moment of silence “We’re saved!

We’re saved!” The hostages upstairs were crying tears of joy.

Although they were all shocked, they were more delighted to have survived.

“This man is too powerful.

He killed all the thugs with a wave of his hand!” “Not only is this man powerful, but he’s also very terrifying.

The only outcome for offending him is death!” “The crisis that so many of us can’t resolve is resolved by this man with just a raise of his hand.

He’s a god!” All the soldiers of the Dragon Soul Battle Team and the soldiers of Country Highlands were shocked.

They looked at Yang Luo with respect and fear.

Chapter 1455: I’ll Be Back Soon!

Then, Yang Luo landed steadily on the sixth floor and walked towards Chu Yanran.

As Yang Luo approached step by step The man's figure and face became clearer.

"Wuwu" Chu Yanran sobbed.

The moment she saw Yang Luo again, The grievances, longing, joy, apology, and other complicated emotions surged in her heart.

As he walked over Yang Luo squatted down and patted the woman's head.

He teased, "Silly girl, I haven't seen you for a while.

Why do you like to cry so much?" "Of course not!

I'm not crying!" Chu Yanran chided.

She wanted to raise her hand to wipe her tears, but her hand was already broken.

She could not do it at all.

"You're so seriously injured.

Don't move around." As he spoke, Yang Luo mobilized the True Qi in his body.

He placed his right index and middle fingers together and tapped a few acupuncture points on the woman's body to control her injuries.

Then, he picked up the woman.

Chu Yanran's body tensed up.

Her face turned red, and her heart beat wildly.

Although the man's chest was not wide, it gave people an endless sense of security.

Then, Yang Luo carried Chu Yanran and jumped down from the sixth floor.

"Mr.

Yang!" Yelloise quickly ran over and said respectfully, "Mr.

Yang, thank goodness you arrived in time!

If you hadn't come, I wouldn't have known what to do!" Yang Luo smiled and said, "Mr.

Yelloise, thank you for buying me time.

I'll remember this favor.

If you encounter anything you can't resolve in the future, you can contact me." Yelloise waved his hand.

"Mr.

Yang, this is nothing.

After all, I didn't do anything.

Speaking of which, I have to thank you for helping us eliminate these thugs and saving more than a hundred hostages.” When Fei Long and Zhan Long saw how respectful Yelloise was to Yang Luo, they finally understood what was going on.

They had thought that it was because Old Master Chu had called that Yelloise had personally come to the event location.

But now, they realized that it was Yang Luo who had called Yelloise.

“Hello, Mr.

Yang.

I’m the captain of the fifth team of the Dragon Soul Team, Fei Long.

You’ve always been my idol!” “I’m Zhan Long, the captain of the seventh team of the Dragon Soul Team.

I admire you so much!

“It’s not just us.

The entire Dragon Soul Team worships you!” Fei Long and Zhan Long walked over and saluted Yang Luo.

The other members of the Dragon Soul Team also saluted Yang Luo.

Yang Luo nodded and said, “You can still remain calm in the face of these murderous thugs!

In order to save the hostages, you’re not afraid of the rain of bullets.

You don’t retreat or give up.

You both are also my role models!” “We wouldn’t dare!” “You’re our role model!” Fei Long, Zhan Long, and the others were flattered and scratched their heads in embarrassment.

Yang Luo then said to Yelloise, “Mr.

Yelloise, please help me book a hotel.

“Yanran is injured now.

I want to treat her.” “No problem at all!” Yelloise nodded and said, “This small city has already been destroyed.

Let’s go to other cities!

“Mr.

Yang, this way please!” Just as Yang Luo and Yelloise were about to leave Suddenly, a call was made to Yelloise’s phone.

Yelloise quickly picked up the call.

“ What?!

These damned bastards, we must stop them.

We can’t let them break in!” After making the calls, Yelloise’s expression was extremely gloomy, and he was so angry that his chest heaved.

“Mr.

Yelloise, did something happen?" Yang Luo asked.

Yelloise said fiercely, "Mr.

Yang, just now, the accomplices of those thugs had already barged into the waters of Country Highlands!

Those guys had planned to rush in to save them.

Now, a huge battle had already erupted on the sea!

My people are stopping them, but I'm afraid they won't be able to stop them!" Yang Luo smiled and said, "It's just a small matter.

Forget it, on account of you helping me, I'll help you destroy those guys." "Ah?" Yelloise was stunned for a moment before saying, "Mr.

Yang, there are more than ten thousand people who have barged into our sea!

Moreover, those guys are all from the five mercenary organizations in the Underworld!

They all carry firearms and many aptitude users!" "Oh Only about ten thousand people." Yang Luo pursed his lips and placed Chu Yanran in the car.

He said, "Mr.

Yelloise, please bring Yanran back to the hotel first.

I'll be back soon.

Oh right, remember to send me the address of the hotel.” Yelloise said, “Mr.

Yang, there are more than ten thousand people on the other side.

Are you really fine?” Fei Long said, “That’s right, Mr.

Yang.

Why don’t we go together?” “There’s no need to go through so much trouble.

10,000 people is nothing.” Yang Luo waved his hand and asked, “By the way, where are the people from the five organizations now?” Yelloise replied, “They’re in the sea near the port of Lical.” “Sure.” Yang Luo nodded.

Then, he tapped the ground and turned into a golden light that soared into the sky and flew away.

Everyone only retracted their gazes when they saw Yang Luo disappear into the sky.

Yelloise asked worriedly, “Will Mr.

Yang be alright?” Fei Long pondered and said, “Since Mr.

Yang dares to go alone, it means that Mr.

Yang is absolutely confident.

We don’t have to worry.” Zhan Long also said, “That’s right.

With Mr.

Yang's strength, even if Mr.

Yang really can't destroy those guys, it's easy for him to escape." "That's good." Yelloise nodded and felt slightly relieved.

Then, Yelloise and the others left in a car. After Yang Luo left the small city, he sped up and rushed to Port Licar.

Fortunately, the port of Licar was not too far from that small city.

Yang Luo flew for more than 20 minutes before arriving above the port.

It was already night time.

The night was as dark as ink, and the moon hung high in the sky.

He stood in the sky and spread out his divine sense to sense.

A few minutes later He flew in one direction.

After flying for less than ten minutes, A huge battle had already erupted in the distant sea.

Forty-five battleships were parked on the sea.

Among them, 25 warships had five large flags embroidered with various patterns.

It was the symbol of the five major mercenary organizations.

The flags of Country Highlands were flying on the other 25 battleships.

At this moment.

The battleships were filled with people.

Battle cries, roars, and screams could be heard incessantly!

More than 10,000 people from the five major mercenary organizations were fighting fiercely with more than 10,000 soldiers from Country Highlands!

The battle was intense!

There were corpses all over the deck and the sea!

Blood dyed the deck and the sea area red!

Bang!

Bang!

Bang!

Bang!

Boom!

Boom!

Boom!

Gunshots and artillery shells sounded non-stop.

Flames soared into the sky, and thick smoke billowed!

Yang Luo flew over and arrived in the sky.

He looked down at the people below and shouted, "Stop!" His voice was like thunder that exploded in the sky.

Everyone who was fighting below immediately stopped.

Everyone looked up at the sky.

"Who is it?!" "Oh my god, who is this guy?"

He can actually stand in the air?!" "Could this guy be a heavenly deity?!" Everyone below exclaimed.

Yang Luo said loudly, "Who are the leaders of the five major mercenary organizations?"

Come out!" "Kid, who are you?"

What do you want?" "This is between us and Country Highlands.

Don't meddle in our business!" "Get lost!" Five burly foreign men walked out and shouted coldly at Yang Luo.

Yang Luo said indifferently, "I'll give you a chance to leave this place quickly.

I can spare your lives!" Hearing this "Hahaha" "Does this kid really think he's a heavenly god?"

He still dares to say that he'll spare our lives!" "Do you think you're so great just because you can fly?"

We have more than ten thousand people here.

If you have the ability, try killing us!" The people from the five mercenary organizations burst into laughter.

Chapter 1456: It's Nothing!

Yang Luo said indifferently, "I'll say it again.

If you leave now, you can still live!

If you still don't leave, I can only send you to hell!" "F\*ck!

How dare you threaten us!" "Hurry up and open fire.

Kill this kid!" "Let him see how powerful we are!" The people from the five mercenary organizations roared.

Everyone raised the machine guns and rocket launchers in their hands and fired at Yang Luo in the sky.

Hundreds of ability users also attacked at the same time.

The dense bullets and cannonballs were coming at him one after another.

Yang Luo said loudly, “Warriors of Country Highlands, retreat!” Although the more than 10,000 soldiers of the Country Highlands did not understand what Yang Luo wanted to do, However, they didn’t think too much about it and hurriedly retreated.

The moment these 10,000 soldiers retreated!

Yang Luo raised his right hand and condensed a huge golden palm that pressed down heavily!

The golden palm was nearly a thousand feet long and pressed down like a five-finger mountain!

Boom!

Boom!

Boom!

The bullets and cannonballs that shot up were all crushed, causing a shocking explosion!

As the golden palm pressed down!

“Retreat!

Retreat quickly!” The people of the five mercenary organizations were scared out of their wits and fled into the distance.

At that very moment Rumble!

The golden palm pressed down heavily!

More than 5,000 mercenaries were instantly crushed into minced meat!

Crackle!

The three steel battleships below the palm were directly flattened and turned into scrap metal!

At this moment Everyone below was dumbfounded, their eyes almost popping out!

“Oh my god, this young man actually killed 5,000 people with a single slap!” “He flattened three steel warships with one palm!” “Could this young man be God?!” Everyone cried out in surprise, their bodies trembling.

“Run!

Run!” “This kid isn’t human.

He’s a demon!” The remaining 5,000 people from the five mercenary organizations shouted in fear and fled into the distance.

However, they were at sea now and could not escape far at all.

Yang Luo said coldly, “I asked you to leave just now, but you didn’t.

It’s too late to leave now” As he spoke, Yang Luo stepped down from the air!

Fierce and violent golden flames erupted from his body, transforming into a monstrous sea of flames that surged down!

The remaining 5,000 people were instantly engulfed by the sea of fire!

“Ahhhh” Screams resounded continuously.

In less than a few minutes.

All the screams stopped.

After the flames dissipated, More than 5,000 mercenaries were burned to a crisp.

None of them survived.

“Oh my god This young man killed more than 5,000 people with a single palm strike and burned more than 5,000 people to death in a fire.

It’s too terrifying” “Could it be that this young man was sent by the commander to help us?

Why didn’t we receive any news?” The 10,000 soldiers of Country Highlands were trembling in fear.

Many people were even so frightened that they sat on the ground.

“Sir, may I ask who you are” A Marshal was about to ask.

However, Yang Luo changed directions and flew away.

The soldiers of the Highland Kingdom stared blankly at the sky in the distance, unable to recover for a long time Around 10 p.m.

The capital of Country Highlands, Brondan.

The convoy arrived at the entrance of the Nathan Castle Hotel.

After the car stopped.

Yelloise got out of the car.

A female warrior from the Dragon Soul Battle Team carried Chu Yanran out of the car.

Fei Long and Zhan Long also got out of the car.

Yelloise said, "Miss Chu, the room is ready.

I'll send you up now." At this moment.

A mellow voice came from afar.

"Mr.

Yelloise, there's no need to trouble yourself.

We can go up ourselves." Upon hearing this voice Everyone present turned around.

A young man walked over from afar.

"Mr.

Yang!" "Mr.

Yang, you're back?!" Yelloise, Fei Long, Zhan Long, and the others exclaimed in surprise.

"Mr.

Yang, has the problem been resolved?" Yelloise asked respectfully.

Yang Luo shrugged and said, "It's already been resolved.

I wanted to spare their lives, but they refused to listen.

I had no choice but to destroy them all." Yelloise, Fei Long, and Zhan Long looked at each other in disbelief.

Less than an hour had passed since Yang Luo left.

The problem ended so quickly?

More than 10,000 people were wiped out so quickly?

Even though they knew that Yang Luo was not an ordinary person, they could not believe it.

At this moment.

A call was made to Yelloise's cell phone.

Yelloise quickly picked up the call.

After the call Yelloise shuddered and looked at Yang Luo in a daze.

"Mr.

Yelloise, how's the situation?" Fei Long hurriedly asked.

Yelloise gulped and said, "The Marshal who was facing the enemy at sea just now told me.

Not long ago, a young man from Country Hua killed more than 5,000 people with a single palm and burned the remaining 5,000 people to death.

More than 10,000 people sent by the five mercenary organizations have been completely wiped out" Hearing Yelloise's words, Fei Long, Zhan Long, and the others looked at Yang Luo dumbfoundedly.

Chu Yanran's beautiful eyes also widened.

More than 10,000 people were wiped out so quickly?

If Yelloise had not said it himself, they would not have believed it at all.

I'll be back soon He really meant that!

How could killing more than 10,000 people be as easy as shopping for Yang Luo?

Yang Luo said in amusement, "Don't be so surprised.

Isn't it just more than 10,000 people?

What's wrong with that?" Yelloise took a deep breath and bowed deeply to Yang Luo.

"Mr.

Yang, you've helped Country Highlands again!

If you hadn't helped us, who knows how many warriors would have died and how much losses we would have suffered!

I will always remember your kindness!" Yang Luo raised his hand and said, "This is nothing to me.

Alright, give me the room card.

I'll bring Yanran up to treat her injuries.

All of you can go back." "Yes Yes!" Yelloise nodded repeatedly and asked the hotel manager to deliver the room card.

Yang Luo put away the room card, picked up Chu Yanran from the female member of the Dragon Soul battle team, and walked into the hotel.

After entering the hotel, Yang Luo took the elevator upstairs and arrived at the door of the already opened room.

After opening the door, Yang Luo closed it and placed Chu Yanran on the sofa.

Throughout the entire process, Chu Yanran did not say a word.

She only stared intently at Yang Luo, as if she was afraid that Yang Luo would run away.

Just as the woman was in a daze Yang Luo reached out to take off her clothes.

"You What are you doing?!" Chu Yanran was shocked and exclaimed.

Her pretty face immediately turned red.

Yang Luo raised his eyebrows and said, "Why are you so nervous?"

It's not like I haven't seen it before." "You" Chu Yanran glared at Yang Luo shyly.

Back then, she was also injured by the people from the Divine Martial Sect.

Yang Luo had also undressed her in the Azure Dragon Pavilion to treat her injuries.

However, that was a long time ago.

But thinking about it, it seemed like it had happened yesterday.

Yang Luo smiled and said, "Alright, I won't tease you anymore.

However, if you don't take off your clothes, how can I treat you?" Chu Yanran subconsciously said, "I'll do it myself!" Yang Luo was caught between laughter and tears.

"Can you do it by yourself?" "Urghh" Chu Yanran pursed her lips and was speechless.

"I'll do it." Yang Luo shook his head and began to take off the woman's outer clothes.

At this point, Chu Yanran was really embarrassed and turned her head away.

To ease the awkwardness Chu Yanran asked, "Why are you here?" Yang Luo said, "Your grandfather said that you were in danger, so I thought of coming over to help you."

Chapter 1457: Lose What You Just Obtained

"My grandfather?!" Chu Yanran turned around and said in surprise, "Don't you have a grudge against my grandfather?"

Why are you” Yang Luo said in amusement, “Can’t we reconcile if we have a grudge?” “Ah?” Chu Yanran was even more surprised, “You’ve reconciled with my grandfather?!” “That’s right.” Yang Luo nodded, “Previously, when the Cao and Nie families made things difficult for me, your grandfather also helped me.

A few days ago, when I founded the Heavenly Luo Sect, your grandfather also came to support me.

Besides, your grandfather apologized to me in person.

Therefore, we naturally reconciled.” “Heavens!” Chu Yanran’s eyes were filled with surprise.

“It’s great that you guys could reconcile!” Yang Luo smiled and asked, “Are you that happy?” “Of course!” Chu Yanran nodded and said, “If you hadn’t reconciled with my grandfather, I wouldn’t have been able to see you!” Yang Luo said, “So, this is why you’ve been avoiding me?” “This isn’t all because of that” Chu Yanran shook her head and said, “Aiya, since you’ve reconciled now, everyone will be happy!” At this moment.

Chu Yanran had taken off her outer clothes, leaving only her undergarments.

He smacked his lips and said, “Hmm, I haven’t seen you for a while, but your figure has improved.” “Hey!” Chu Yanran let out a delicate cry.

Her shy face was completely red.

She wanted to raise her hand to cover it, but she could not raise her hand at all.

“Hahaha” Yang Luo couldn’t help but laugh out loud.

He originally thought that it would be very awkward for him to meet Chu Yanran again.

However, when they really met, it didn’t seem that awkward.

They still behaved the same as before.

Chu Yanran said angrily, "Big baddie, don't laugh.

Hurry up and treat my injuries!

When my injuries recover, I'll definitely beat you up!" Yang Luo pretended to be afraid and said, "Oh my god, if you want to beat me up if I cure you, I'd better not treat you!" Chu Yanran panicked, "I I I won't beat you up.

Hurry up and treat me!" "Alright, alright, alright.

I'll treat you now." Yang Luo smiled and shook his head.

He first mobilized the True Qi in his body and used the "Tendon Changing Bone Forging Hand" to connect the woman's broken bones and meridians.

Chu Yanran's face turned red, her heart raced, and she felt as if she had been electrocuted.

She took a deep breath and diverted her attention.

She asked, "By the way, you mentioned a Heavenly Luo Sect just now.

What do you mean?" As Yang Luo reconnected the woman's bones, he replied, "Oh, the Heavenly Luo Sect is a sect I founded." Chu Yanran exclaimed, "Oh my god, you actually established a sect?!" "That's right." Yang Luo nodded.

"Actually, I've started preparing a long time ago.

It's just that I don't care much about establishing a sect." Chu Yanran hurriedly asked, "Was the opening ceremony a few days ago very lively?" Yang Luo said, "It's quite lively.

It seemed that more than half of the ancient martial arts world is here." "Half of the ancient martial arts world went to support you?!

How lively was that!" Chu Yanran pouted, "What a pity.

I couldn't even go and support you!" Yang Luo smiled and said, "It's okay.

If you have time in the future, you can visit my place anytime." Chu Yanran nodded repeatedly.

"Yes, yes.

I must go and take a look!" Yang Luo suddenly clapped his hands, "I've already reconnected your bones and meridians.

Move your arm and take a look." "You're done so quickly?!" Chu Yanran looked at Yang Luo in disbelief.

Then, she tried to move her arms and legs.

Although it still hurt a little, it could already move without aid.

Then, Chu Yanran pounced on Yang Luo and pressed her under him.

She snorted, "You stinky hooligan, you took advantage of me just now.

I'm going to beat you up!" Yang Luo raised his hands and said, "To be honest, I really didn't take advantage of you.

I just wanted to help you set your bones, okay?" "Cheh!" Chu Yanran rolled her eyes and said, "Who would believe that?!" Yang Luo glanced at Chu Yanran's upper body and commented, "From this angle, it seems to be on the larger scale." "What larger scale?" Chu Yanran looked puzzled and followed Yang Luo's gaze.

"Ah!â€" Chu Yanran screamed and quickly covered herself before retreating.

Yang Luo said, "Alright, stop hiding.

I've seen everything that I should and shouldn't see." "Ahhh, I'm going to kill you!" Chu Yanran grabbed a pillow and threw it at Yang Luo.

Yang Luo easily caught it and threw it aside.

"Alright, stop fooling around.

I'll continue to treat you.

Your bones and meridians have only been reconnected.

Your injuries haven't healed yet." "Hmph!" Chu Yanran snorted softly and said, "You're not allowed to touch or look around!" "Alright!" Yang Luo nodded.

Then, he took out the Fuxi Divine Needle and began to perform acupuncture on the woman.

Although the woman's injuries were very serious, it was not a problem for Yang Luo.

It only took about ten minutes.

Yang Luo then put away the Fuxi Divine Needle and said, "Move your body and see if you're better." Chu Yanran stood up and stretched her body.

A deep shock appeared on her face.

She looked at Yang Luo in a daze and said, “Why are your medical skills getting better and better?”

I was in so much pain just now that I couldn’t move!

But I didn’t expect you to cure me so quickly!” “People will grow, and my medical skills will naturally continue to improve.” Yang Luo replied, “However, your injuries haven’t completely healed yet.

You need to rest well these few days.” “Alright.” Chu Yanran nodded and said, “I’ll take a shower first.” With that, Chu Yanran rushed into the bedroom.

After Chu Yanran entered the bedroom A call was made to Yang Luo’s phone.

Yang Luo took out his phone and took a look.

When he realized that it was Chu Yunshan, he picked up the call.

As soon as the call went through Chu Yunshan’s voice sounded.

“Little Luo, I’ve already heard about it from Fei Long.

Thank you for saving Yanran.

Thank you so much!” “Old Master Chu, don’t say anything else.

Yanran is my friend, so I naturally have to save her.” Yang Luo simply replied – Chu Yunshan hurriedly asked, “I heard that Yanran was seriously injured.

Is she alright now?" Yang Luo said, "Old Master Chu, don't worry.

I've already treated her injuries." "That's good, that's good." Chu Yunshan heaved a sigh of relief and said, "Little Luo, please take care of Yanran for the next few days.

Thank you!" "Sure." Yang Luo nodded in agreement.

After chatting for a while, Yang Luo hung up and left the room.

Nearly an hour later.

"Yang Luo!

Go wash up too!" Chu Yanran walked out of the bedroom in a sleeping robe prepared by the hotel.

However, Yang Luo was nowhere to be seen.

"Yang Luo!

Yang Luo!" Chu Yanran panicked and looked around, but she still could not find Yang Luo.

"Where are you?

Are you leaving me alone?

Do you not like seeing me that much?

Didn't you make up with my grandfather?

Can't we just be like before?" As she spoke, Chu Yanran squatted down and started crying.

She was really happy to see Yang Luo today.

Just as she was in despair, Yang Luo appeared in front of her.

Yang Luo was a light in her heart, dispelling the fear and helplessness in her heart.

And she had also received long-awaited care and warmth from Yang Luo.

However, she did not expect Yang Luo to leave so quickly.

This feeling of losing something again made her feel very uncomfortable.

"Wuwuwu" Chu Yanran cried even louder.

"Silly girl, why are you crying again?" At this moment, a voice sounded beside her ear.

Chu Yanran, whose eyes were blurry with tears, looked up and saw Yang Luo walking over with a few bags.

Yang Luo hurriedly asked, "What's wrong?"

"Are you feeling unwell?" Chu Yanran choked and asked, "Where did you go?" Yang Luo said, "I didn't do anything.

I saw that your clothes were all torn and stained with blood.

Thinking that you don't have anything to wear tomorrow, I went to the mall to buy you a set of clothes.

I don't know if you like it or not, but make do with it.

I'll accompany you to shop for more tomorrow.

Also, I thought you were hungry, so I bought you some supper" But before he could finish speaking Chu Yanran ran over and hugged Yang Luo tightly.

She sobbed, "Big baddie!

Big bastard!

Annoying person!"

Chapter 1458: Domineering Confession!

Yang Luo said helplessly, "Yanran, I didn't do anything wrong, right?

How can you scold me?" "I want to scold you!

I want to hit you!" Chu Yanran pouted coquettishly and raised her hand to hit Yang Luo's chest a few times, "Who asked you to run out without telling me!

I thought you left me behind!" Hearing her words Yang Luo also knew that women were very fragile after experiencing a dangerous situation.

He sighed softly and said, "Silly girl, what are you thinking about?

You haven't fully recovered from your injuries.

How would I leave you alone?" Chu Yanran said, "I don't care.

Even if you want to leave later, you have to inform me in advance!" "Alright, alright, alright.

I promise you." Yang Luo agreed immediately and said, "Alright, hurry up and eat something.

You're probably hungry too." "Yes!" Chu Yanran nodded.

Then, the two of them sat on the sofa in the living room.

Yang Luo took out all the food in the packaging and said, "I don't know if this foreign food is to your liking.

Eat whatever you want." Chu Yanran looked at the food then at him, "You should have some too." "Sure." Yang Luo agreed and started eating.

As Chu Yanran ate, tears fell from the corners of her eyes.

Yang Luo asked in confusion, "Silly girl, why are you crying again?

Is the food not delicious?" Chu Yanran stared into Yang Luo's eyes and choked, "Yang Luo, why are you so good to me?" Yang Luo smiled and said, "I'm your brother's brother and you're also my friend.

Naturally, I have to treat you well." Chu Yanran opened her mouth, wanting to say something, but in the end, she did not say anything.

However, she made a decision in her heart.

"By the way, Yang Luo, what realm is your cultivation at now?

I think you can even fly in the sky.

You should have become the immortals in legends, right?" Chu Yanran asked curiously.

Yang Luo replied truthfully, "I'm a cultivator.

Now that I've stepped into the Earth Immortal realm, I can't be considered a true immortal.

I can only be considered a half-immortal." "You you're actually an immortal cultivator?!" Chu Yanran was shocked, "No wonder you've always been so strong!" As she spoke, Chu Yanran continued, "Can you tell me about some of the things you've experienced recently?

I feel that you seem to have become more stable now.

Moreover, your temperament seems to have become colder.

You actually killed so many people just like that.

I really want to know what you've experienced to have such a huge change." "People have to learn to grow up.

I've indeed experienced a lot during this period of time" Yang Luo let out a long sigh and told Chu Yanran everything he had experienced during this period of time.

Although Yang Luo said that matter in a very calm tone Chu Yanran's heart skipped a beat as she listened.

When Yang Luo finished speaking, Chu Yanran could not calm down for a long time.

Yang Luo took a sip of water and said, "This is what I've experienced during this period of time.

During this period, some small things happened, so I won't say much." Chu Yanran let out a long sigh and said, "I really didn't expect you to have experienced so much during this period of time.

No wonder you've changed so much.

Moreover, I really didn't expect you to have so much authority at home and abroad.

The Cao family and the Nie family of the royal family were destroyed by you just like that.

It's really unbelievable" There was a pause.

Chu Yanran asked again, "Are the people of the Penglai Immortal Island really so difficult to deal with?

Can't you do anything to them?" Yang Luo's eyes turned cold as he said, "I really couldn't do anything to them previously.

However, I can now deal with early-stage and middle-stage Earth Immortals.

However, it will be very difficult for me to deal with anything higher." Chu Yanran encouraged, "Don't be discouraged.

I believe that you will definitely become stronger in the future.

I believe that you will definitely be able to take revenge and save Sister Dongfang." "Yes!" Yang Luo nodded heavily.

In the following period of time The two of them chatted as they ate.

The atmosphere was very harmonious.

Moreover, because they had not seen each other for a long time, the two of them seemed to have endless topics to talk about.

After eating Chu Yanran entered the bathroom to wash up and said, "Yang Luo, go wash up too." "Alright." Yang Luo agreed and said, "Then you sleep on the bed tonight, and I'll sleep on the sofa." Hearing Yang Luo's words Chu Yanran said angrily, "Do you hate me so much?

Do you not want to be with me so much?" Yang Luo quickly explained, "That's not what I meant" "Don't explain!" Chu Yanran interrupted Yang Luo, "In short, you have to sleep on the bed with me!" "Then alright." Yang Luo nodded and went into the bathroom to wash up.

After taking a shower Yang Luo got into bed and slept beside Chu Yanran.

The bedside lamp was still on.

Yang Luo and Chu Yanran stared at the ceiling in a daze and did not speak for a long time.

There was a long silence in the entire area.

Then, Chu Yanran turned to look at Yang Luo and asked, "Yang Luo, am I really just a friend in your heart?

Have you really never liked me?" "Well" Yang Luo suddenly did not know how to answer.

It would be a lie to say that he did not like Chu Yanran.

If he really didn't like this woman, he wouldn't have been so nervous when he found out that she was in danger.

Especially when he saw her again, he completely understood his feelings.

It turned out that this woman had already occupied a very important position in his heart.

It was just that he was unwilling to admit it.

Chu Yanran said, "Turn around and look into my eyes.

Answer me." Yang Luo hesitated for a moment before turning around and looking at Chu Yanran.

Chu Yanran stared intently at Yang Luo and asked, "Do you really not like me?" Yang Luo pondered for a moment and said, "I originally thought that I only liked you between friends.

However, after seeing you again, I realized that I had been lying to myself.

I like you, and it's not just between friends" Hearing Yang Luo's answer, Chu Yanran's beautiful eyes smiled like crescent moons.

She blinked and said, "Since you like me and I've always liked you, why don't we be together?" "But" "But what?" Chu Yanran hurriedly asked.

Yang Luo sighed and said, "But I have more than one woman Actually, you have a lot of better choices." Chu Yanran shook her head and said, "Actually, I've liked you since a long time ago.

I thought that I would be able to forget you if I stayed away from you.

However, the further away I am from you, the more I miss you.

It was only when you appeared this time that I was even more certain of my feelings.

My best choice is you.

I want to be with you.

So what if you have another woman?

If the other sisters can accept it, why can't I?" "Urghh" Yang Luo scratched his head and said, "Why don't you consider it again?"

This is a major event in your life.

I think you should consider it carefully." Chu Yanran's beautiful eyes widened, "What's there to consider!"

I've already considered it for so long.

If I really didn't like you, I would have kicked you off the bed long ago!

No matter what, you're now a top expert in this world.

You won't even blink when you kill someone!

Why is a domineering man like you so indecisive when it comes to relationships?" Yang Luo said speechlessly, "I'm just afraid of letting down your feelings for me" "Since you're afraid of letting me down, don't let me down!" Chu Yanran replied.

Then, she turned around and pressed Yang Luo down.

Yang Luo panicked and said, "What are you doing?" Chu Yanran narrowed her eyes and smiled.

She said domineeringly, "Of course it's to do the deed!"

Since you've appeared in front of me this time, don't even think about escaping from my palm!" Yang Luo hurriedly said, "Hey, hey, hey.

You're a woman after all.

Can you be more reserved!" "Reserved my ass!" Chu Yanran flicked her hair.

"I've already been reserved for so long.

If I continue to be reserved, you'll end up running away again!" As she spoke, Chu Yanran kissed Yang Luo's lips.

The feelings that the two of them had suppressed for a long time completely erupted at this moment

Chapter 1459: Forbidden Land of the Blood Race!

At the same time Island of Ice.

Copal Town.

This was the territory of the Blood Race.

As it was already past one in the morning, the members of the Blood Clan were already resting.

At this moment.

In the back mountain area of the town, there was a forbidden area.

Hundreds of Blood Race guards in black and red armor guarded a huge mountain.

Over the years, the Blood Clan's Clan Chief and elders had strictly forbidden all clansmen from approaching this place.

Other than the Blood Clan's Patriarch and elders, the other clansmen did not know what secrets were hidden here.

But at this point A huge beam of light shot down from the sky and hit a huge mountain.

"What's going on?!" "What's that?!" The Blood Race guards guarding the distant mountain were alarmed.

They looked up at a huge mountain in the distance.

When the light beam dissipated, Three old men in long robes and holding weapons appeared on the mountaintop.

These three elders were the top three guardian angels of the Holy Light Church, Michael, Gabriel, and Uriel!

"Michael, Gabriel, Uriel They're from the Holy Light Church!" "What are these three guys doing here?!" "Hurry up and inform the Clan Leader and the elders!" All the Blood Race guards exclaimed, and some prepared to send out signals.

However, before these Blood Race guards could react Michael, Gabriel, and Uriel brandished their weapons in unison!

In an instant!

Whoosh!

Whoosh!

Whoosh!

Whoosh!

Countless light blades tore through the night sky and shot towards the Blood Race guards!

Puff!

Puff!

Puff!

Half of the Blood Race guards were penetrated on the spot and fell into a pool of blood!

“Quickly defend!” A leading Blood Race guard immediately shouted.

Then, the remaining half of the Blood Race guards mobilized the energy in their bodies at the same time and condensed blood-colored barriers to resist the attacks!

However, Michael, Uriel, and Gabriel were the three strongest guardian angels of the Holy Light Church after all.

They were very powerful!

These Blood Race guards could not withstand the attacks of the three of them at all.

The blood-colored barrier that they had condensed was shattered immediately!

After a while The remaining half of the Blood Race guards were also killed and fell into a pool of blood!

Michael scanned his surroundings and asked, "There's no one alive, right?" "That's it!" Gabriel replied.

Michael said, "Hurry up and enter the mountain!" "Alright!" Gabriel and Uriel nodded.

Then, a pair of wings of light condensed on Michael and the other two's backs.

They flew down quickly toward the mountain guarded by the Blood Race guards.

What greeted them was the sight of a huge blood-red stone door was tightly shut, and some ancient runes were engraved on it.

"Break open this stone door!" Michael said in a low voice before continuously mobilizing the energy in his body.

He brandished the weapon in his hand and slashed at the stone door!

Gabriel and Uriel also mobilized the energy in their bodies and swung their weapons at the stone door!

In an instant!

Rumble!

The stone door shattered with a bang, turning into rubble that flew everywhere!

When the stone door was broken open, there was a pitch-black passageway inside!

“Go in!” Michael waved his hand and charged in with Gabriel and Uriel!

The three of them ran along this passageway and took a few turns.

They then came to two black and red stone doors that were tightly shut in front of them.

Ancient runes were engraved on the stone door.

Michael and the other two didn’t hesitate at all.

They mobilized the energy in their bodies again and slashed their weapons at the stone door!

Rumble!

When the two stone doors were broken open Inside was a huge space.

Michael, Gabriel, and Uriel walked in.

As far as the eye could see, the grooves on the surrounding stone walls were lit by long lamps, illuminating this space.

The three black and red stone coffins were wrapped by the chains extending out of the stone wall and hung in midair.

These three stone coffins were also engraved with various ancient runes.

Below the stone coffin was an ancient circular array.

Gabriel narrowed his eyes and said, “Are Frisman, Aldarisse, and Holts chained in these three sarcophagi?” “That’s right.” Michael nodded.

Uriel frowned and said, "Are we really going to release these three old fellows?"

These three old fellows are violent by nature and killed people like flies.

They specialized in sucking human blood.

Otherwise, the Blood Race wouldn't have sealed them here." "That's right.

I think we have to consider if we should let them out." Uriel nodded and said, "Back then, they slaughtered people in several cities and villages.

More than 100,000 people died at their hands.

If not for the fact that this matter was suppressed later on, I'm afraid it would have already caused the world to panic." Michael's eyes were cold as he said, "The Pope is about to come out of seclusion, and the Dark World is about to fall into chaos.

We have to rope in more powerhouses for our use.

Regardless of whether these experts are good or bad, as long as they can work for us, it's fine.

Although these three old fellows are dark and evil, they are also the three strongest elders of the Blood Race.

Back then, if not for the fact that these three fellows had exhausted their strength and could not find a source to replenish it, all the elders of the Blood Race would not have succeeded in attacking them while they were weak.

How could these three old fellows have been easily subdued?

As long as we can let them out, they should be able to help us a lot.” Gabriel asked, “What if we can’t control these three old fellows?” Michael snickered.

“With the Pope around, there’s no need to be afraid of not being able to control these three old fellows.” “That’s true.” “Alright, we’ll talk to them after we let them out.” Gabriel and Uriel also agreed.

Then, the three of them stood outside the array and mobilized the energy in their bodies, chanting an incantation.

At that very moment Runes that flickered with various colors condensed and attacked the array!

The formation below the three stone coffins instantly began to operate.

It flickered with a dazzling black-red light and transformed into a huge barrier that enveloped the three stone coffins!

Countless black and red runes soared into the sky and began to resist the runes that Michael and the other two had condensed!

Boom, boom, boom!

A series of thunderous collisions and explosions exploded in this space!

The entire space trembled violently!

However, this array was very powerful and forcefully withstood the fierce attacks of the three of them!

Moreover, the energy released by this array was crazily attacking Michael and the other two, causing them to retreat continuously!

Gabriel said in surprise, "I didn't expect this array to be so powerful!" "Continue attacking!" Michael spoke in a cold voice before hurling the weapon in his hand!

Gabriel and Uriel also threw out their weapons!

The three weapons attacked the array and exploded!

Under the fierce attacks of the three of them, the array was finally weakened greatly!

A hole appeared in the light barrier that enveloped the three stone coffins!

Michael's eyes lit up, and he immediately took out his Sacred Artifact, the Holy Grail of Light.

He held the Holy Grail of Light and chanted a few incantations.

A huge blood-colored torrent surged out and rushed into the hole in the light barrier, surging towards the three stone coffins!

This blood-colored torrent was the blood he had collected after killing 3,000 people!

And to unseal these three sarcophagi, blood was needed!

Under the gazes of the three of them!

All the blood was continuously absorbed by the three stone coffins!

When the blood was completely absorbed Rumble rumble rumble!

The three stone coffins trembled violently!

The chains that wrapped around the stone coffin also let out clanging sounds!

“Those three old fellows are probably coming out.

Hurry up and retreat!” Michael cried out in alarm as he put away the Holy Grail of Light and his weapon before quickly retreating.

Gabriel and Uriel also put away their weapons and quickly retreated.

Rumble rumble rumble!

Just as the three of them retreated, the three stone coffins shook even more violently, as if they were about to explode at any moment

Chapter 1460: Demons Released!

This continued until Michael and the other two retreated to a safe distance!

Pa!

Pa!

Pa!

The chains wrapped around the three stone coffins broke one after another!

Rumble!

Rumble!

The three stone coffins shook even more violently!

The entire space and even the entire mountain shook!

The ground beneath the three stone coffins was torn apart, and the surrounding stone walls were also torn apart.

Like a spider web, they spread throughout the entire space!

In less than a few minutes!

Boom!

Boom!

Boom!

The three stone coffins exploded one after another!

Rocks flew out and dust billowed!

“Haha Hahaha I’m finally out.

Is this the taste of freedom?

How nostalgic!” “This time, I want to suck more blood.

No one can stop me!” “Do those pedantic fellows really think they can trap us forever?

What a joke!” A crazy laugh and a hoarse voice sounded in this space, making one’s hair stand on end.

Until all the rocks and dust dissipated!

Three figures floated in the sky!

They were three skinny old men in black and red robes, with messy white hair and wrinkled faces!

Blood-colored wings condensed on their backs and were flapping up and down.

Their bodies emitted a rotten, dark, and evil aura, like three demons!

Now, these demons had broken free from their shackles and was released!

These three old men were the Great Elders of the Blood Race, Frisman, Aldarisse, and Holts!

Michael narrowed his eyes, “Long time no see, three of you!” Frisman frowned, “Why are you guys here?” Aldarisse and Holts also frowned.

“Are you surprised?” Michael chuckled, “If it weren’t for us, who do you think would be able to save you?

Do you still expect those guys from the Blood Race to save you?

Frisman said gloomily, “The Blood Race has an irreconcilable grudge with the Holy Light Church.

Are you so kind as to save us?” Aldarisse added in a loud voice, “Tell me, what exactly are you plotting?” Holts said coldly, “If you don’t give us a reason, we’ll kill you!

It just so happens that we urgently need to suck blood to recover our bodies!

While your blood is repulsive If we suck your blood, it should be able to recover our bodies a lot!” Michael said with a smile, “We saved you all out of consideration for our past relationship” Frisman said viciously, “Michael, you’re still as hypocritical as ever!

Since you don’t want to tell the truth, I’ll kill you!” Right after he finished his sentence Frisman raised his right hand and condensed a huge blood claw that grabbed at Michael and the other two!

Aldarisse and Holts also condensed a huge blood-colored claw and grabbed at the three of them!

Three blood-colored claws stretched out like demons, tearing through the air and emitting piercing sounds!

Michael, Gabriel, and Uriel’s expressions darkened as they brandished their weapons at the same time!

Clang!

A crisp collision sound resounded!

Flames shot out in all directions and energy surged.

It was terrifying and shocking!

Under this intense collision!

Frisman, Aldarisse, and Holts were sent flying at the same time!

The three of them were sent flying dozens of meters away before they stabilized themselves!

After stabilizing their bodies!

The three of them shuddered and their blood qi soared as a blood mist filled the air!

Countless blood-colored beams of light shot toward Michael and the other two!

Michael and the other two also shuddered as dazzling beams of light erupted from their bodies!

Boom!

Boom!

Boom!

Beams of light collided in midair, causing a series of explosions!

The ground cracked and collapsed from the explosion!

The surrounding stone walls also collapsed one after another!

In this confrontation!

Frisman and the other two were sent flying again!

However, soon, the three of them stabilized their bodies again and trembled!

Three incomparably massive blood-colored demons condensed into form and pounced toward Michael and the others!

Michael and the other two waved their hands!

Three huge crosses that flickered with three colors condensed and smashed towards the three demons!

Boom!

Boom!

Boom!

Another series of deafening explosions sounded!

The top of this space had already collapsed from the explosion.

The entire space and even the entire mountain could not withstand it and was about to collapse!

“Let’s talk outside!” Michael spoke in a clear voice before condensing a pair of wings of light and flying upward!

Gabriel and Uriel also condensed wings of light and followed!

“Come, let’s go out!” Frisman also waved his hand and chased after them with Aldarisse and Holts!

When the six of them flew out!

Rumble!

This mountain that was hundreds of meters tall collapsed with a bang, turning into a large number of rocks and dust that swept into the sky!

Michael's group of three and Frisman's group stood firmly on a mountain, facing off against each other!

Michael said coldly, "You've been sealed for so many years, and your bodies are already extremely weak.

How are you going to fight us?" The faces of Frisman and the other two darkened.

Indeed, their bodies were very weak now and needed to absorb a large amount of blood for replenishment.

Moreover, the more blood they absorbed, the stronger they would be.

Frisman said in a low voice, "Tell me, what's your purpose in saving us?" Michael said, "To tell you the truth, the reason why we saved you is to cooperate with you!" "Cooperate?" Frisman looked puzzled, "What do you mean?" Michael said, "Now that the Dark World is about to fall into chaos, we urgently need to rope in all the powerful beings in the world for us to help the Pope unify the Dark World!

Of course, our Pope still has a follow-up plan, but it's not convenient to say anything now!

In short, you were once the top experts of this world.

We need your strength!" Gabriel said indifferently, "As long as you can help us complete the Pope's grand plan!

At that time, you will obtain absolute freedom.

You can suck as much blood as you want!

No one will care about you anymore, and no one will stop you!" Uriel also smiled sinisterly, "You've already been abandoned by the Blood Race.

Join us.

This is your best choice now!" Frisman, Aldarisse, and Holts looked at each other and fell into deep thought.

After pondering for a while, Frisman narrowed his eyes and said, "Alright, we can help you!" Aldarisse and Holts also nodded.

Now that their bodies were weak, they indeed needed the Holy Light Church to help them recover.

It would not be too late for them to leave the Holy Light Church after their bodies recovered and they had sucked enough blood.

Michael burst into laughter, "Happy working with you!" At this moment.

Shouts came from afar.

"Something happened in the forbidden area!" "Let's go over and take a look!" Many guards of the Blood Race were rushing over.

Other than the guards of the Blood Race, the Patriarch and elders of the Blood Race were also rushing over.

Michael said, "We can't stay here for long.

Let's leave this place first!" "Alright!" Frisman and the others nodded.

Then, Michael activated the energy in his body and set up a teleportation array.

A beam of light soared into the sky and enveloped everyone!

Soon, the light beam dissipated.

Michael and the others disappeared from the mountaintop.

Not long after Michael and the others disappeared Figures flapped their blood-colored wings and flew over from afar, landing on an empty space.

They were none other than Patriarch Augustus, Elder Nikolas, Bruch, and Hazeline.

Augustus' daughter, Lilith, also rushed over.

"What what's going on?!" "How did the forbidden area get destroyed?!" "Who did it?!" "Don't tell me those three demons escaped?!" Augustus and the others looked at the collapsed mountain in front of them and were dumbfounded.

Moreover, they felt their scalps tingle and their bodies couldn't help trembling
