

Super IDG 1751

Chapter 1751: Conspiracy!

Lawrence also clenched his fists.

His face was ferocious, and his eyes were about to spew fire.

They had originally hoped that the Holy Light Pope, the Heavenly God Emperor, and the Hell Fiend Emperor would kill Yang Luo at the Dark Convention.

Unexpectedly, the Holy Light Pope and the other two could not kill Yang Luo.

Instead, they were severely injured and could only escape in a sorry state.

Furthermore, Yang Luo had swept through all the experts on the Divine Ranking and even conquered the Divine Light and Darkness, the Underworld Emperor, and the Ice Empress, making the three experts on the Divine Ranking willing to follow him.

What infuriated them even more was that the Blue Luan and the Empress of Heavenly Fate were also this little b*stard's senior sisters.

This way, there would be five experts on the Divine Ranking on Yang Luo's side.

Ferrand said sternly, "Mr.

Lawrence, this kid's prestige in the entire world has reached its peak!

Almost half of the organizations in the Dark World are willing to submit to him.

Now, he was already known as the number one person in the world!

Are we going to let this kid continue to be arrogant?

When will we be able to take revenge?" Masahiro Ono said ruthlessly, "We must quickly think of a way to kill him.

The further we go, the harder it will be to kill him, and the harder it will be for us to take revenge!" Lawrence slammed the table, his eyes bloodshot as he roared, "Do you think I don't want to kill this kid?!

I want to kill this kid more than any of you.

I can't wait to tear him into pieces!

But tell me, how can we kill him now?!" "I really didn't expect the Holy Light Pope and the others to be so unreliable!" Ferrand gritted his teeth and said, "However, the Holy Light Pope and the others suffered such a huge loss at the Dark Conference this time.

They definitely won't let it go!

Perhaps it wouldn't be long before the Holy Light Pope and the others make a comeback and fight to the death with that little bastard Yang Luo!

Should we wait a little longer?

Perhaps the Holy Light Pope and the others have a chance of killing this little bastard later!" "Fight to the death?" Masahiro Ono sneered and said, "Mr.

Ferrand, are you still counting on the Holy Light Pope and the others?

If the Holy Light Pope and the others could not kill this little bastard this time, would there be hope in the future?

The outcome would probably be the same as this time.

Not only would the Holy Light Pope and the others not be able to kill this little bastard, but they will in turn be killed by this little bastard!

Moreover, up until now, the Holy Light Pope and the others haven't done anything.

I reckon that they've already been beaten up by that little bastard Yang Luo and don't dare to take revenge!" Hearing this Ferrand fell silent.

That's right.

Even the Holy Light Pope and the others had lost this time.

Next time, would they still be able to kill that little bastard Yang Luo?

Difficult!

Masahiro Ono continued, "Mr.

Lawrence, Mr.

Ferrand, there's another reason why I decided to go after this little bastard now." "What reason?" Lawrence and Ferrand looked at Masahiro Ono.

Masahiro Ono sneered and said, "Although this little bastard severely injured the Holy Light Pope and the others, this little bastard is also seriously injured.

This kid's injuries must not have completely recovered yet.

Now is the best opportunity to kill him.” “Good point.” Ferrand nodded and asked, “Then how can we kill this kid?” Masahiro Ono said sinisterly, “Naturally, we’ll use the most powerful lethal weapon in the history of mankind!” As soon as these words were spoken.

Laurence and Ferrand’s pupils constricted.

Clearly, they did not expect Masahiro Ono to suggest this!

They naturally knew what kind of weapon Masahiro Ono was talking about!

Masahiro Ono continued, “Our Country Sakura has the most say in how powerful this weapon is!

As long as we use this weapon, this little beast would definitely die without a corpse!

Of course, the premise is that Mr.

Lawrence agrees!” Ferrand turned to look at Lawrence, “Mr.

Lawrence, this” Lawrence frowned and said, “Once we use this weapon, the impact won’t be good!” Hearing this Masahiro Ono cursed in his heart.

When did Country Stars & Stripes care about the impact?

If they really cared, why did they use such a weapon on their Country Sakura back then?

Of course, although he thought this in his heart, he naturally would not say it out loud.

He chuckled and said, “Mr.

Lawrence, Country Stars & Stripes is the number one in the world.

Even if you really use such a weapon, what can others say?

What can they dare to say?

I reckon those guys will at most make a statement and condemn you indirectly.” “That’s right.” Ferrand nodded and said, “In any case, we’re only using this weapon on individuals, not them.

What can they do?” Hearing their conversation, Lawrence fell silent.

Masahiro Ono struck while the iron was hot and said bewitchingly, “Mr.

Lawrence, this is the best way to kill this little bastard now.

It’s now or never.” Ferrand also said, “That’s right, Mr.

Lawrence.

Hurry up and make a decision.

If we do not kill this little bastard, what would happen if he really is in charge of the entire world in the future?

Are we really going to let this kid step on our heads and do whatever he wants?” Lawrence tapped his fingers on the table and said in a low voice, “Even if I’m really willing to use this weapon, how can I accurately strike this little bastard?

You know that this little beast is not an ordinary person.

He is akin to a god-like existence.

In Country Hua's words, he is an immortal.

Ordinary technology is useless against him!

If we fired such a weapon at this kid, he would definitely be able to dodge it immediately.

If we fail, we will face his crazy revenge." "That's a problem." Ferrand frowned and said.

Masahiro Ono said sinisterly, "Mr.

Lawrence, Mr.

Ferrand, you don't have to worry.

I've already thought of a countermeasure." "Oh?

What countermeasure?" "Hurry up and tell me." Lawrence and Ferrand looked at Masahiro Ono at the same time.

Masahiro Ono smiled sinisterly and whispered his countermeasure to the two of them.

After hearing Masahiro Ono's strategy Lawrence and Ferrand's eyes lit up.

Ferrand laughed out loud and said, "Good idea, this is really a good idea!

At that time, even if this kid knows that we want to deal with him, he won't be able to do anything!" Lawrence took a deep breath and said in a trembling voice, "I'm the commander of the world's largest country.

I definitely can't let a brat continue to step on my head!

Alright, let's do that!" "Yes!" Ferrand and Masahiro Ono nodded heavily.

After that, the three of them continued to plan

Chapter 1752: Looking forward to that day!

The next morning.

Yang Luo and the others were eating breakfast and chatting in the dining room.

At this moment.

The Goddess of Fate turned to look at Yang Luo and said, "Yang Luo, I've already posted your intentions on the dark web last night.

As soon as the news was released, it received responses from many organizations and individuals.

Many organizations and individuals had decided to join the Holy Imperial Court.

Also, many royal families have congratulated us and want to befriend us." "Haha, good, this is great!" King of Creation laughed heartily and said, "The more organizations and individuals who join us, the stronger our Holy Imperial Court will be!" "That's right!" Xiang Kunlun nodded, "At that time, even if the Holy Light Pope and the others officially declare war on us, we won't be afraid at all!" The King of Destruction sighed and said, "This is all thanks to Brother Yang's influence!

If not for Brother Yang, our Holy Imperial Court would not have such a grand occasion!" "That's right.

Such a grand occasion has only happened when the old Divine Emperor was around!" Sacred Prison King also sighed with emotion.

Heavenly Sirius and the others did not expect Yang Luo to have such status and achievements.

After all, they had watched Yang Luo grow step by step.

Yang Luo nodded in satisfaction and turned to Goddess of Fate, "Natasha, you've worked hard." Goddess of Fate shook her head and said, "It's not hard.

It's nothing to me." At this time, Augustus looked at Yang Luo and said, "By the way, Mr.

Yang, we plan to go back today.

The war in the Dark World is probably about to erupt.

I have to go back and make preparations.

When the battle comes, our Blood Race will charge forward for you." Alves also smiled and said, "Mr.

Yang, I plan to go back and prepare today.

When the war comes, the Kingdom of Magic will naturally not be absent." Evil Butcher, Hopkins, and the others also expressed that they wanted to leave and return to their organization to make preparations.

Yang Luo nodded and said, "Alright, since everyone has something to do, I won't keep everyone!

When we completely destroy the Holy Light Church, the Heavenly Shrine, the Hell Fiend Palace, and other organizations in the future and win the war, we'll have a good drink!" "Alright!" "I look forward to that day!" Augustus and the others nodded heavily.

After breakfast Augustus and the others left one after another.

Xiao Ziyun and Song Zhixin let their people return to Violet and the Hidden Alliance to make preparations while they stayed in the Holy Imperial Court.

Ye Luange, Divine Light and Darkness, the Underworld Emperor, and the Ice Empress also stayed behind.

After sending Augustus and the others off at the airport, Yang Luo and the others walked out.

Yang Luo said, "Brothers, if you don't have anything urgent to deal with during this period of time, stay on the island to cultivate!"

We have to continue increasing our cultivation and strength to prepare for the future battle!" "Yes!" Xiang Kunlun and the others replied in unison.

After that, everyone chose an island and consumed the medicinal pills that Yang Luo had given them to assist in their cultivation before starting their cultivation.

Yang Luo also arrived at Eight Trigrams Island.

He sat cross-legged on the Eight Trigrams Platform and said in his heart, "Senior Xinghe, Senior Tian Chi, I'm already prepared!" Previously, he had promised the two seniors that he would help them open the third bronze dragon coffin.

Even if it could not be completely activated now, at least a portion of it could be opened.

Later on, he would go to the Azure Dragon and White Tiger families in the Kunlun Ruins to challenge the Nine Heavens Dragon Field and the Eight Legions Lightning Region.

If he could obtain the blood essence of the Azure Dragon and the White Tiger, he could use the blood essence of the two ancient divine beasts to completely open the third bronze dragon coffin.

He wondered what the senior in the third bronze dragon coffin looked like and what powerful cultivation techniques and immortal techniques he would teach him.

He was looking forward to it.

“Kid, are you done with your business?” Long Xinghe’s voice sounded in Yang Luo’s mind.

“Yes, it’s done.” Yang Luo responded.

Long Xinghe said, “Alright, then take another petal of the ninth-grade immortal lotus now and help us open the bronze dragon coffin!” Long Tianchi also said, “Kid, after a portion of the third bronze dragon coffin is opened, you can enter the Divine Sense Space again.

Big Brother and I will continue to train you!” “Alright!” Yang Luo nodded in agreement.

Then, Yang Luo took out a ninth-grade immortal lotus and tore off another petal.

Previously, he had taken one and given one to Mo Qingkuang and Big White.

‘There are only five Ninth Grade Immortal Lotus petals left.’ Yang Luo muttered in his heart as he looked at the lotus.

This Ninth Grade Immortal Lotus was truly extraordinary.

Previously, he did not take it seriously, but now, he felt that it was not enough.

It would be even better if he could obtain treasures like the Ninth Grade Immortal Lotus in the future.

Yang Luo shook his head and threw away these thoughts.

Then, he swallowed a petal that had been torn off.

Just like last time, this petal melted in his mouth.

The moment the petal melted!

Hong Yang Luo felt a low rumbling sound in his body!

Waves of majestic and vast energy instantly erupted like a volcano, washing towards Yang Luo's internal organs, eight extraordinary meridians, and limbs!

"Uh" Yang Luo groaned.

Even though he was already used to the washing of such powerful energy, he still felt that he could not withstand it every time.

Under the scouring of this powerful energy, the muscles on his body began to swell, and his meridians also swelled.

It was very terrifying.

Fortunately, Long Xinghe and Long Tianchi quickly began to absorb this energy, making Yang Luo feel better.

Long Tianchi said, "Kid, just like last time, we'll only absorb half of the energy.

You can absorb the remaining half yourself!

This is very beneficial to strengthening your body and assisting your cultivation!" "Alright!" Yang Luo responded.

Then, he began to circulate his cultivation technique to accelerate the absorption of energy.

He continued to strengthen his body and cultivate faster Time passed slowly, and soon, a day had passed.

A day later Yang Luo stopped cultivating and asked in his heart, "Senior Xinghe, Senior Tianchi, how's the situation?"

How much did the third bronze dragon coffin open?" Long Xinghe sighed and said, "The energy is still not enough.

It's only opened by less than a third."

Chapter 1753: Tempered into Steel!

Long Tianchi also said unhappily, "Damn it, if we could reconstruct our bodies and recover to our peak state, we wouldn't have to go through so much trouble!

Even if our Essence Spirits can recover by even a bit, there's no need to go through so much trouble!" Long Xinghe said, "Fifth Brother, stop complaining.

We can only take it slow!" Yang Luo suggested, "Seniors, why don't I take another petal?" "What?!

Take another one?!" Long Xinghe was shocked and said solemnly, "Kid, the energy of this ninth-grade immortal lotus petal is too strong!

If you take it continuously in a short period of time, it will cause great damage to your body!" Long Tianchi also said, "Big Brother is right.

Kid, don't do anything rash!" Yang Luo replied, "Seniors, don't worry.

Although the energy of this ninth-grade immortal lotus petal is powerful, I believe my body can still withstand it!

Moreover, I also hope to open the third bronze dragon coffin as soon as possible and let the third senior regain his freedom as soon as possible!

Of course, more importantly, I also hope to continue strengthening my physique and accelerate my cultivation!" Since the war in the Dark World was about to begin He had to take advantage of this period of time to continue becoming stronger.

It would be best if he could step into the True Immortal Realm by that time.

Even if he could not step in, he wanted to continue strengthening his body and increase his strength.

The stronger he was, the higher his chances of winning.

"Well " Long Xinghe hesitated.

Long Tianchi said, "Big Brother, why don't we let this kid try?

At most, we'll absorb more energy." Long Xinghe still did not say anything.

Clearly, he was still a little worried.

Without another word, Yang Luo took out the ninth-grade immortal lotus again, tore off a petal, and swallowed it.

The petal melted in his mouth again!

In an instant!

BOOM!

A thunderous explosion sounded in Yang Luo's body!

Waves of even more vast and majestic energy erupted in Yang Luo's body and crazily washed towards his internal organs, eight extraordinary meridians, and limbs!

Because he had consumed two petals in a short period of time, Yang Luo felt that the energy erupting from the petals seemed to have become stronger!

In fact, the energy of the two petals was about the same, but because of the overlapping of energy, the energy became even more majestic and domineering!

In less than a few seconds!

Chi chi chi Yang Luo's skin, muscles, and meridians cracked inch by inch, and blood splattered uncontrollably!

Even his seven orifices began to bleed and his internal organs were damaged!

"Arghhhh!" Yang Luo couldn't help but let out a scream.

It couldn't be helped.

The energy was too strong for him to withstand!

"Kid, what are you doing?"

Who allowed you to make decisions on your own?!” Long Xinghe was immediately frightened and roared.

Long Tianchi also said angrily, “Kid, you’re too reckless.

We haven’t even decided!” Yang Luo gritted his teeth and thought to himself, “Seniors, you’ve helped me too much.

I want to help you too!

Of course, it can also be said that I’m helping himself!

I yearn for strength.

I want to become stronger!” “You’re really” Long Xinghe let out a long sigh.

He was both touched and heartbroken.

Long Tianchi also clicked his tongue and said, “Kid, you’re really ruthless.

In order to become stronger, you don’t even want your life.

However, your ruthlessness is really similar to your father’s.

I’m really impressed.” Yang Luo said in a hoarse voice, “Seniors, can you stop talking?

I really can’t take it anymore!” “Yes, that’s right!” Long Tianchi hurriedly said, “Let’s quickly absorb the energy.

We don't want this kid to really die!" Before his voice could fade Yang Luo could clearly feel the surging energy in his body decreasing and moving into his Divine Sense Space.

He also felt a little better.

However, even with Long Xinghe and Long Tianchi helping him absorb the energy, he still felt that the remaining energy was very violent and unbearable.

"Damn it!

I'll go all out!" Yang Luo roared and consumed many healing pills.

He began to accelerate the circulation of his cultivation technique and absorb the energy of the petals.

As he absorbed the energy, his body flickered with a dazzling light.

A beam of light rushed up and shattered a sea of clouds in the sky!

Rumble The entire Eight Trigrams Platform, the mountains around the Eight Trigrams Platform, and even the entire island shook!

All the members of the Holy Imperial Court were alarmed and turned to look at Eight Trigrams Island.

"As expected of the Divine Emperor.

He can actually cause such a huge commotion when cultivating!" "Of course.

Our Divine Emperor is the number one person in the world and the strongest existence!" "Perhaps after this cultivation, the Divine Emperor will become even stronger!" Everyone was discussing, their eyes filled with fanatical admiration.

At this moment.

On Eight Trigrams Island's Eight Trigrams Platform.

Blood flowed from Yang Luo's body, dyeing the Eight Trigrams Platform red.

However, Yang Luo did not give up just like that.

Instead, he continued to absorb energy to strengthen his body and accelerate his cultivation.

As the energy continued to be absorbed, Yang Luo's body was continuously damaged inside and out and repaired.

Every time his body was damaged and reconstructed, his body would be strengthened.

It was damaged time and time again and strengthened again.

This was repeated and the cycle continued.

It was as if he was forging steel.

Metal tempered a hundred times form steel, and he was using this method to strengthen his physique.

Moreover, the energy had also transformed into True Qi, making the True Qi in his body even more abundant. In the blink of an eye, another three days had passed.

It was past 10 p.m.

Chinese time.

Qilu Province.

Eastern Sea.

Penglai Island.

Penglai Island was a famous scenic spot in Qilu Province, but there were many tourists during the day.

However, at night, the entire island was quiet and deserted.

But at this point BOOM!

A dazzling beam of light suddenly soared into the sky from a valley on the island!

This beam of light was like a vast immortal light that connected the sky and the valley

Chapter 1754: Four Grand Elders!

If there were immortals present, they would definitely be able to tell.

The mountains around this valley were very orderly.

They looked like an ancient teleportation array.

The immortal light pierced through the clouds and was breathtaking.

This beam of light lasted for a few minutes before slowly dissipating.

When this beam of light dissipated Four old men in retro clothes with gray hair and beards appeared in the sky.

“The air in the secular world is indeed polluted.

The spiritual energy is pitifully little!

If not for the sake of avenging Brother Li and the others, I really wouldn’t have come here!” An old man in a green robe frowned and said.

An old man in a yellow robe narrowed his eyes and said, “I really didn’t expect that an Earth Immortal could actually be born in the secular world with such a lack of spiritual qi!

Moreover, this Earth Immortal of the mortal world can actually kill Brother Li and severely injure Brother Leng and Brother Cang.

It’s really unbelievable!” A black-robed old man snorted and said, “So what if there are Earth Immortals in the secular world?

Now that the four of us have taken action, the fellows who injured Brother Leng and Brother Cang and killed Brother Li will definitely die!” “Of course!” The green-robed old man nodded and said, “If not for the fact that Supreme Sect attacked our two sects previously and caused us to suffer heavy losses, we wouldn’t have waited until today to take revenge!” A gray-robed old man said with a cold gaze, “We’ll deal with them sooner or later!

The most important thing now is to find that old Daoist priest called Zhang Zhilin and that kid called Yang Luo as soon as possible and kill these two fellows!” Therefore, these four old men were the two elders of the Heaven Amplification Sect, Jun Mochen and Feng Jiuxi, from the Penglai Immortal Island.

As well as the two elders of the Purple Cloud Sect, Yuan Shengling and Yu Wannian.

Half a year ago, the Heaven Amplification Sect and the Purple Cloud Sect sent three elders, Leng Yuchuan, Li Xiaotian, and Cangyun Ting, to help the Cao family and the Nie family.

Unexpectedly, only Leng Yuchuan and Cang Yunting returned to the Penglai Immortal Island with serious injuries in the end, but Li Xiaotian died here.

It was precisely because of this that the Heaven Amplification Sect and Purple Cloud Sect flew into a rage and were determined to avenge Leng Yuchuan and the other two.

After all, they were the two top immortal sects of the Penglai Immortal Island.

Even on the Penglai Immortal Island, no one dared to provoke them easily.

And now, someone in the secular world actually dared to provoke them.

How could they not be furious?

However, just as the Heaven Amplification Sect and Purple Cloud Sect were about to send people out to take revenge, the Supreme Sect came knocking on their door.

This caused them to delay their revenge until today.

Feng Jiuxi asked in puzzlement, "Didn't they say that there was a young woman involved?"

It seems like it was that woman who killed Brother Li." "Hehe" Yuan Shengling laughed coldly and said, "That woman was struck three times by our Purple Cloud Old Ancestor.

I'm afraid she's already dead!" Feng Jiuxi nodded and said, "That's true.

Even if the Purple Cloud Ancestor attacked three times through the barrier and the void, it's not something an Earth Immortal can withstand!

Then the only ones we have to kill now are that old Daoist Zhang Zhilin and Yang Luo!" Yu Wannian sneered and said, "According to Brother Leng and the others, Yang Luo has long been crippled by them.

It's very likely that he has already lost his life!

Of course, even if this kid is lucky enough to survive, we can crush him like an ant!" Feng Jiuxi said in amusement, "In that case, the only person we want to kill is that old Daoist, Zhang Zhilin?

This mission is too simple.

Is there a need for the four of us to do it?" Yu Wannian chuckled and said, "Just treat it as coming out to relax and see how the secular world has developed.

In any case, that old fellow is no longer around.

We can do whatever we want in the secular world." Feng Jiuxi nodded and said, "Alright, let's treat it as a walk." At this moment.

Jun Mochen took out a painting from the storage bag in his sleeve and opened it.

On the painting was the image of an old Daoist.

It was Zhang Zhilin.

He stared at Zhang Zhilin's portrait for a while, then put it away and said, "Let's go and find out where this old Daoist is!" "Alright!" Feng Jiuxi and the others nodded.

Then, the four of them turned into four streams of light and flew into the distance. At the same time Country Kimchi.

Han City Airport.

In the airport lobby.

A group of people was waiting in the hall.

Standing at the front was a woman in a black OL suit.

She had a graceful figure and outstanding looks.

Behind her was a group of bodyguards in black.

“Oh my god, isn’t this woman the sixth princess of the number one tycoon family in Country Kimchi, Miss Ahn I-jen?!” “That’s right, it’s Miss Ahn!

Miss Ahn has taken over several companies under the Ahn family at a young age, including cosmetics, entertainment, retail, business, and so on.

Her personal net worth has long exceeded 100 billion!” “Who exactly is it that could make Miss Ahn personally come to pick him up?!” “Since he was able to get Miss Ahn to pick him up, I’m afraid he must have a powerful background!” The passengers at the airport were all discussing.

At this moment.

A clear voice came from afar.

“Sister Ahn!” The passengers at the airport all turned to look.

A group of people walked out of the exit.

At the front was a young woman in a burgundy OL suit.

Her legs were wrapped in black silk, and she had a graceful figure and a beautiful face.

“Momo!” Ahn I-jen’s face lit up and she quickly went up to him.

Hence, the person in the wine-red OL suit was Qin Yimo.

The two women hugged each other as if they were good friends who had not seen each other for many years.

Therefore, Su Qingmei had introduced Ahn I-jen to Qin Yimo a long time ago.

After all, Qin Yimo was the President of Star City Entertainment and mainly developed the entertainment industry.

YG Entertainment, which was under Ahn I-jen’s name, was also one of the largest entertainment companies in Country Kimchi.

Therefore, during this period of time, the two of them had developed many cooperations and had long formed a deep friendship, as good as sisters.

Qin Yimo quickly apologized, “Sister Ahn, I’m really sorry to have kept you waiting!” “It’s fine.

I just arrived not long ago.” Ahn I-jen shook her head and smiled, “Momo, I’ve already booked a hotel for you.

Why don’t we have supper together first?” Qin Yimo was caught between laughter and tears, “Aren’t you afraid that I’ll die of obesity?”

Chapter 1755: Intercepted on the Road!

Ahn I-jen teased, "Momo, I'm not even afraid of gaining weight.

Why are you afraid?

You're a cultivator.

As long as you practice, you can maintain your figure.

You're unlike me, who can only lose weight in other ways." "That's true." Qin Yimo giggled and said, "But, Sister Ahn, your figure is already very good.

You don't have to work hard to lose weight!" "You're such a sweet talker." Ahn I-jen chuckled and said, "Let's go." "Alright!" Qin Yimo nodded obediently.

Then, Qin Yimo, Ahn I-jen, and the others walked out of the hall and left the airport in a car.

A convoy drove slowly on the road.

Qin Yimo and Ahn I-jen were sitting in a red Bentley in the middle.

The two women sat in the back row and started chatting.

Ahn I-jen said, "Momo, don't be in a hurry to leave this time.

You must play with me for a few more days." Qin Yimo nodded and said, "Alright, let's play for a few more days." Ahn I-jen suddenly thought of something and said, "By the way, I heard from my father that Mr.

Yang has done several big things recently.

His name has shaken the world and he's known as the number one person in the world.

Is that true?" Qin Yimo nodded and said, "It's true." Ahn I-jen sighed, "Momo, I'm so envious of you for being Mr.

Yang's woman." Qin Yimo pouted and said, "What's there to be envious of?

This guy is a playboy.

He has countless women.

Moreover, this guy has been running around and is extremely busy.

It's difficult for me to see him even if I want to." Ahn I-jen said very seriously, "Momo, actually, it's very normal for someone like Mr.

Yang to have multiple women.

To tell you the truth, even my father has several women.

It's only because Father treats my mother well that my mother won't fuss over it." "Uh" Qin Yimo said in amusement, "Sister Ahn, is it really good for you to talk about your father like that?" Ahn I-jen snorted and said, "That's the truth.

Aren't you going to let me tell you?" As she spoke, she continued, "Momo, I'm only saying this to tell you that as long as Mr.

Yang is sincere to you, don't be too calculative about whether he has other women." Qin Yimo smiled and said, "As expected of the princess of a tycoon family.

She's so open-minded!" "How dare you make fun of me!" Ahn I-jen pretended to be angry and started to tickle Qin Yimo.

Qin Yimo started to fight back.

The two women immediately started fooling around.

But right at this moment Chi!

Chi!

Chi!

A series of ear-piercing brakes sounded!

The car that Qin Yimo and Ahn I-jen were in also stopped!

The two women did not stabilize themselves and crashed into the seats in the front row!

Ahn I-jen said unhappily, "What are you doing?"

Why did you suddenly brake?" Qin Yimo was also puzzled.

The chauffeur hurriedly replied, "Sixth Miss, I don't know what's going on.

There seems to be a car blocking the way in front!" "There is a car blocking the way?" Ahn I-jen froze for a moment and looked up.

Qin Yimo also looked over.

What they saw were four black MPVs parked in front of the road.

Moreover, at this moment Boom!

Boom!

Boom!

There were also business cars rushing over from the left, right, and back, blocking the convoy!

The chauffeur frowned and said, "Sixth Miss, something's wrong.

Stay in the car.

I'll go down and take a look!" "Alright!" Ahn I-jen nodded, clearly a little afraid.

Qin Yimo opened the car window and observed the MPVs, raising her guard.

She was also a cultivator now and had seen many big battles.

Naturally, she would not be frightened by the battle in front of her.

Soon, the chauffeur got out of the car.

The bodyguards in black also got out of the other cars.

After all the bodyguards got out of the car.

The doors of the MPVs opened, and more than 20 ninjas in black ninja uniforms got out.

More than ten martial artists in various kimono clothes and holding various weapons got out of the car.

“Country Sakura people?” Qin Yimo was stunned for a moment, “What do these people from Country Sakura want?” “I don’t know either.” Ahn I-jen shook her head.

At this moment.

A leading bodyguard said in a low voice, “We’re from the Ahn family.

What exactly do you Country Sakura people want?” An old man with gray hair and wearing a black kimono said sinisterly, “We’re just here to capture Qin Yimo!

This matter has nothing to do with your Ahn family.

Don’t be a busybody!” Qin Yimo and Ahn I-jen both understood Country Sakura’s language, so they naturally understood the old man’s words.

“They want to capture you?!” Ahn I-jen looked at her in a daze.

She thought that these people were here for her, but she did not expect them to be here for Qin Yimo.

Qin Yimo frowned in confusion.

Why did the people of Country Sakura want to capture her?

The leading bodyguard said, “I’m sorry, Miss Qin is our Sixth Miss’s esteemed guest.

Don't even think about catching Miss Qin!" The old man narrowed his eyes and asked, "Are you sure you want to protect this woman?" All the bodyguards didn't say anything and just stood in front of Qin Yimo's car.

"Since you have a death wish, don't blame me!" The old man sighed softly and waved his hand, "Whoever dares to stop me will be killed without mercy!" The moment he gave the order!

A group of ninjas and Martial Warriors rushed towards the group of bodyguards in black!

The two sides started a battle!

However, this group of ninjas and Martial Warriors were clearly not ordinary people.

They were very strong!

No matter how strong these bodyguards were, they could not withstand it at all!

"Ah!

Ah!

Ah" Accompanied by screams One by one, the bodyguards fell into a pool of blood.

"All of you, stop!" Qin Yimo could not stand it anymore.

She rushed out of the car and mobilized the True Qi in her body.

Although Ahn I-jen was afraid, she also got out of the car.

The old man looked up at Qin Yimo and said with a smile, "Miss Qin, why didn't you get out of the car earlier?"

"Why did you have to let so many people die for you?!" Qin Yimo stared at the old man coldly and said, "Do you know who I am?"

"How dare you capture me?" The old man said, "I know that you're the master of the Holy Imperial Court, Yang Luo's woman!"

However, we are also doing things under the orders of the commander!

As long as you follow us obediently, we naturally won't hurt you!"

Chapter 1756: Are These Guys Crazy?

Qin Yimo said coldly, "You want to capture me to deal with Yang Luo, right?"

"I won't go with you!" The old man's eyes turned ruthless as he waved his hand and said, "Go and capture this woman!" The moment he gave the order!

A group of Martial Warriors and ninjas rushed towards Qin Yimo!

Qin Yimo erupted with the True Qi in her body and fought!

The current Qin Yimo was considered very strong among Martial Warriors!

She used the Immortal Shadow Perplexing Steps to shuttle through the crowd and used the Flying Immortal Divine Palm to send the ninjas and Martial Warriors charging over flying with palm after palm!

Some died on the spot, and some lost their combat strength even if they didn't die!

Ahn I-jen's bodyguards were stunned when they saw this!

Obviously, they did not expect Qin Yimo to be so powerful!

The old man was also shocked!

He did not expect Yang Luo's woman to be so powerful!

In less than a few minutes, half of them had fallen!

He could no longer hold it in and leaped out.

The True Qi in his body erupted with a bang as he slapped out towards Qin Yimo!

A huge black palm crushed out, and sonic booms sounded in the air!

Qin Yimo was shocked.

She raised her palm in a panic and faced the attack!

In an instant!

Bang!

The two palms collided heavily with a muffled bang!

Light and energy shot out, causing Ahn I-jen and the bodyguards to retreat repeatedly!

Under this palm!

Qin Yimo received a heavy impact and retreated!

However, she quickly stabilized her body and rushed towards the old man again!

“As expected, you’re not simple.

You can actually withstand a palm strike from me!” A hint of surprise appeared in the old man’s eyes.

He also took a step forward and fought!

After exchanging a few more moves!

“Ah” Qin Yimo cried out in pain as she was sent flying and fell to the ground.

Blood trickled from the corner of her mouth.

“Momo!” Ahn I-jen screamed and rushed over.

“As expected of the Divine Emperor’s woman.

Her strength is really not bad!” However, I’m the Martial God Realm expert of Country Sakura!” The old man said and waved his hand, “Take her down!” The remaining ninjas and Martial Warriors rushed towards Qin Yimo!

Ahn I-jen and the bodyguards tried to stop him, but they were all sent flying!

Soon, these ninjas and Martial Warriors tied Qin Yimo up, got into the car, and left in a hurry.

“Momo!

Momo!” Ahn I-jen got up from the ground and screamed at the car.

She was so anxious that tears streamed down her face, “What should we do?

What should we do now?” With that, she rushed to the car, took out her cell phone from her bag, and called her father.

“Dad, something big has happened” At this moment.

The Ahn family manor.

Ahn Sing-jjeo, who was wearing pajamas, was sitting on the bed and answering a call.

After hearing Ahn I-jen’s words, “What?!” Ahn Sing-jjeo jumped in shock and quickly got off the bed, “I-jen, are you serious?

Miss Qin was taken away?!” Ahn I-jen said with a sobbing tone, “Dad, it’s true.

A group of Sakura people captured Momo!

Dad, what should we do now?” “You, you don’t be anxious.

I’ll think of a way!” Ahn Sing-jjeo replied and hung up.

After hanging up the phone His entire body was trembling, and cold sweat was dripping from his forehead.

Qin Yimo was Yang Luo's woman.

As the head of the number one corporation in Country Kimchi, he naturally knew something about the Dark World.

He knew very well that Yang Luo was now the master of the Holy Imperial Court and the number one person in the world.

Were these guys from Country Sakura crazy?

They actually dared to capture Yang Luo's woman?

He took a deep breath and made a few calls.

He had used all his connections to send people to stop those people from Country Sakura.

He was determined to save Qin Yimo!

After making these calls He picked up his phone again and thought for a moment before calling Yang Luo.

However, after calling several times, he could not get through.

Ahn Sing-jjeo was so anxious that he paced around the room On the other side Country Stars & Stripes.

It was noon.

New City.

There was a luxurious manor on the outskirts of the city.

There were many bodyguards guarding outside the manor.

At this moment.

In the main hall of the manor.

Su Qingmei was discussing a collaboration with a Caucasian old man.

Therefore, after discussing the collaboration with Country Maple Leaf's largest cosmetics company, she immediately rushed to Country Stars & Stripes.

Now, she had sped up the expansion of the overseas market to realize her dream as soon as possible.

This Caucasian old man was Dennis, the chairman of Estée Lauder, one of the top cosmetics companies in Country Stars & Stripes.

Dennis smiled and said, "Miss Su, I've already done my research on Hua Mei Biomedical.

It's our Estée Lauder's honor to be able to cooperate with your Hua Mei Biomedical.

I'll get someone to draft the contract now.

We can sign it today." Su Qingmei smiled and said, "Mr.

Dennis, Estée Lauder is an international cosmetics giant.

It's also our honor to be able to cooperate with your company." Dennis extended his hand, "Miss Su, I hope we can work well together!" "Happy cooperation!" Su Qingmei also extended her hand.

Dennis then smiled and said, “Miss Su, please greet the Divine Emperor on my behalf!” Su Qingmei was stunned for a moment before asking, “Don’t tell me you’re cooperating with me on account of my husband?” Dennis said directly, “Of course there’s this factor inside.

However, after I went to understand Hua Mei Biomedical, I’m very interested in your products.

I believe that your products will definitely become popular in Country Stars & Stripes, so I want to work with you even more.

From my decades of experience in business, if we work with you, our EstÃ©e Lauder will rise to a higher level and earn a lot.

As long as I cooperate with your Hua Mei Biomedical, I can earn money and also obtain the friendship of the Divine Emperor.

Why not?” “I see.” Su Qingmei nodded and said, “When I see my husband later, I’ll greet him for you.” “Thank you!” Dennis thanked her and said, “Miss Su, I’ve already arranged for the chef to cook up a meal.

Why don’t we have a simple meal?” Su Qingmei couldn’t refuse, so she agreed.

But at this point “What are you doing?

Stop!” “This is Mr.

Dennis’s house.

You’re not allowed to barge in!” “Ahhh” Shouts and screams could be heard.

Chapter 1757: Something Big Happened!

“What happened?!” Dennis immediately exclaimed.

Su Qingmei looked out of the door in confusion.

At this moment.

Bang!

Bang!

Bang!

Accompanied by muffled collisions and screams, figures flew in from outside.

Right on the heels of that A large group of cold-looking foreign men and women in black rushed in.

Many of them were holding specialized weapons.

The bodyguards in the manor also ran in and looked at the group of people in front of them in fear.

“Oh!

Sh*t!” Dennis roared angrily and looked at this group of people.

He asked, “Who are you?

Why did you barge into my manor?!

Don't you know who I am?!" A leading black hunk looked coldly at Dennis and said, "Dennis, of course we know who you are!

I'll be honest with you.

We're from the Black Clothed Special Agent Group!

I am Tacrez, the leader of the third team of the Black Clothed Special Agent Group.

I am here on the commander's orders to capture Su Qingmei!

I advise you to mind your own business!" "What?!

Capture Miss Su?!" Dennis was stunned, "Oh my god, Miss Su is the wife of the Divine Emperor.

How dare you arrest her?

Are you crazy?!" "Why are you trying to capture Miss Su?

Do you know the consequences of doing so?!" Tacrez said in a deep voice, "Dennis, you don't have to ask further about this!

If you don't want to implicate your entire family, quickly move aside!

If you help this woman, we will consider you a traitor!" As he spoke, Tacrez waved his hand, "Catch this woman!" The moment he gave the order!

A group of people in black rushed towards Su Qingmei!

Tacrez gritted his teeth and said angrily, "Stop them!" His bodyguards rushed towards the group of men and women in black!

However, this group of men and women in black were clearly not ordinary people!

There were Espers, Mages, mechanically modified people, and Orcs!

Therefore, these bodyguards were no match for this group of people at all.

They were all sent flying!

Tacrez said angrily, "Dennis, if you stop us from capturing you again, I'll kill you directly!" Hearing this Dennis shuddered and broke out in a cold sweat.

He knew very well that the Black Clothed Special Agent Group was the most mysterious organization in Country Stars & Stripes.

The team members inside were all powerful aptitude users who only served the commander.

They had great power.

Su Qingmei gritted her teeth and said, "Mr.

Dennis, thank you for helping me, but this matter has nothing to do with you.

Don't get involved!" "Well " Dennis looked anxious and did not know what to do.

Before Dennis could finish Su Qingmei erupted with the True Qi in her body and rushed towards this group of men in black!

“Nine Phoenix Divine Palm!” She shouted and a golden-red light appeared on her body.

She slapped the group of men in black one after another!

With every palm strike, phoenix shadows soared.

It was incomparably mysterious!

The group of men in black directly counterattacked!

However, Su Qingmei’s strength had already increased a lot.

Ordinary people were not her match at all!

“Ahhhh” Accompanied by a series of miserable cries, many black-clothed people were sent flying.

Dennis and his bodyguards were dumbfounded!

Obviously, they did not expect a weak looking woman to have such powerful strength!

Tacrez seemed to have expected this.

He sneered and said, “Su Qingmei, I’ve long known that you’re a cultivator with extraordinary strength!

Since we dare to capture you, we’re naturally fully prepared!” As he spoke, he and a few of the men and women erupted with a powerful aura and rushed towards Su Qingmei!

He and the five men and women were all King ranked experts with extraordinary strength!

After a few rounds of battle, Su Qingmei could not withstand it and was sent flying!

She slammed heavily into a wall and spat out a mouthful of blood before sliding to the ground.

“Take her down!” Taczewski waved his hand and ordered again.

A group of men in black rushed forward and subdued Su Qingmei, putting on special handcuffs and ankle cuffs made of super alloy!

“Let go of me!

Let go of me!” Su Qingmei shouted angrily, “You dare capture me.

My husband won’t let you off!” Taczewski sneered and said, “Miss Su, we know who your husband is, and we also know that he’s very strong!

However, your husband is doomed this time.

He will definitely die!” Seeing that Taczewski and the others were about to take Su Qingmei away Dennis quickly stopped them and said, “You can’t take Miss Su away.

You can’t!” “Get lost!” Taczewski slapped him ruthlessly.

Pa!

Accompanied by a crisp explosion!

Dennis was sent flying.

Half of his face was badly mangled!

“Mr.

Dennis!” The bodyguards rushed forward and helped Dennis up.

Dennis couldn’t care less about his injuries and hurriedly chased after them.

However, Tacz and the others had already brought Su Qingmei into the car and left.

“F*ck!

F*ck!” Dennis flew into a rage.

At the same time, he muttered to himself with a terrified expression, “Something must have happened!

Something big has happened!

If Miss Su was captured, who knows what the Divine Emperor would do!

When the Divine Emperor was angry, millions of corpses would definitely be buried and blood would flow for thousands of miles!

Lawrence is really crazy, crazy!” A bodyguard frowned and said, “Mr.

Dennis, Lawrence knows how terrifying the Divine Emperor is, but why did he still capture Miss Su?

Isn’t he courting death?” Dennis gritted his teeth and said, “Lawrence, that sly old fox, is very shrewd.

He usually won’t do such a stupid thing easily!

Since he did this, he must be prepared to deal with the Divine Emperor!

He must be brewing a huge scheme and thinks that he can definitely kill the Divine Emperor!" "So what do we do now?" A bodyguard asked.

Dennis took a deep breath and said, "It's undoubtedly difficult for us to save people from the Black Clothed Special Agent Group!

All I can do is to quickly inform the Holy Imperial Court about this!" As he spoke, he quickly took out his cell phone and made calls one after another.

He contacted all his connections and tried his best to contact the Holy Imperial Court

Chapter 1758: I'll Go With You!

At the same time Country Oxford.

It was past nine in the morning.

Christy Medical Research Institute.

In the meeting room on the top floor.

Alinda was in a meeting with the members of the research institute to discuss the medical topic that would be the main focus for the next period of time.

But at this point "You can't go in.

Stop!" "Get out of the way.

Don't hinder us!" Loud voices came from outside.

"What's going on outside?

Why is it so noisy?" "Let's go and see what's going on!" Everyone in the conference room spoke up.

At this moment, someone ran to the window and exclaimed, "What happened?

There are many cars outside, blocking our research institute!" The others also ran to the window.

As expected There was a row of black business cars parked at the entrance downstairs.

Some young men and women in black clothes pulled up a cordon and blocked the onlookers on the street.

It was already a mess downstairs.

Alinda frowned, not knowing what had happened.

But at this moment!

Bang!

The door of the conference room was kicked open!

A group of men and women in black rushed in!

As soon as they entered, two men in black held Alinda back!

Everyone present was stunned and did not react!

Even Alinda was stunned, not knowing what was going on!

After a few seconds.

The meeting room instantly exploded.

“What are you doing?

Let go of our president!” “This is the Christie Medical Research Institute.

How dare you cause trouble here!” “Who are you people?

Why are you capturing our president?!” The members of the research institute roared.

At this moment.

A Caucasian man took out a black ID and presented it to everyone.

He said coldly, “We’re from the Dark Judgement Team!

This time, we are here on the orders of the commander to capture Alinda, the traitor of the country!

I advise you to stay here obediently and not hinder our work!” Dark Judgement Team?!

Hearing the Caucasian man’s words and seeing the ID in his hand, Everyone present was shocked.

They naturally had some understanding of the Dark Judgement Team.

This was the most mysterious organization in Country Oxford.

It only served the commander and had the highest authority and status.

Vice President Smith said angrily, "Is there something wrong with your brains?

How can President Alinda betray the country?!

President Alinda has been diligently developing her medical career in Country Oxford for so many years!

How can you say such things when she has promoted the medical development of the entire Country Oxford and even the entire world?" "You're talking nonsense!" "If President Alinda really betrayed the country, she would have changed her nationality long ago.

Would she still need to stay here?" "Cut the crap and let our president go!" The other members were also furious and roared.

The Caucasian man said coldly, "Back then, a kid called Yang Luo caused a scene in our Country Oxford.

He destroyed our Buckingham Palace, snatched more than a thousand treasures, and even killed tens of thousands of people!

And Alinda is that kid's woman.

What do you think she is if not a traitor?" As soon as these words were spoken.

Everyone present was instantly silent.

However, Smith had a good relationship with Yang Luo and naturally knew that his president was Yang Luo's woman.

However, he did not expect that the person who did such a shocking thing in Country Oxford was Yang Luo.

He took a deep breath and said, "Sir, what does this have to do with our president?"

What right do you have to arrest our president?" "This is the commander's order.

No one is to stop and interfere in her capture!" The Caucasian man shouted and waved his hand, "Take her away!" However, at this moment!

Alinda erupted with the True Qi in her body and sent the two men holding her flying!

She was a smart woman and understood immediately.

These guys definitely wanted to capture him to threaten Yang Luo.

Naturally, she would not let these guys succeed.

"Alinda, are you trying to resist arrest?" The Caucasian man was furious.

"This has nothing to do with me.

If you want to find someone, go find Yang Luo!" Alinda said coldly and then sneered, "You know that you can't deal with Yang Luo, so you want to capture me to threaten him, right?"

The Dark Judgement Team is the top and most mysterious organization in Country Oxford.

Do you only know how to make things difficult for me?" Hearing Alinda's words The members of the Dark Judgement Team were embarrassed and angry.

They gritted their teeth in anger.

Back then, Yang Luo severely injured their Dark Judgement Team and killed their Adjudicator and Deacons.

This was the eternal pain and humiliation of the Dark Judgement Team.

They naturally wanted to take revenge on Yang Luo personally.

However, as Yang Luo became stronger and more prestigious, they knew that they could not take revenge by themselves.

One had to know that even the strongest Divine Ranking expert in the Dark World, the Holy Light Pope, had lost to this guy!

The Caucasian man said fiercely, "Alinda, I advise you to surrender obediently and not resist fearlessly!" Alinda said, "I won't leave with you!" "Is that so?" The Caucasian man smiled coldly and waved his hand.

Swoosh!

Swoosh!

Swoosh!

In an instant, Everyone from the Dark Judgement Team took out their guns and pointed them at Smith and the others from the research institute.

The Caucasian man said teasingly, "Alinda, if you don't come with us, I'll kill them!"

We can kill anyone who dares to hinder our Dark Judgement Team on the spot!” “You” Alinda trembled with anger and clenched her fists tightly.

Although she was a cultivator and was not afraid of bullets now, Smith and the others were just ordinary people.

Once these guys fired, Smith and the others would definitely die.

Smith and the others were also so frightened that their faces turned pale and they broke out in cold sweat.

The Caucasian man narrowed his eyes and said, “Why?

Are you forcing us to kill someone?” As he spoke, he raised his right hand and prepared to give the order.

“Halt!” Alinda exclaimed, “I’ll go with you!”

Chapter 1759: Another Commotion!

Smith and the others were both her colleagues and friends.

All these years, they had fought alongside her and solved one medical problem after another.

How could she watch Smith and the others die in front of her?

“That’s more like it!” The Caucasian man smiled smugly.

A few members immediately went forward and handcuffed Alinda with super alloy handcuffs.

Alinda's eyes turned red as she said coldly, "My man won't let you off.

You won't have a good ending!" "Hehe" The Caucasian man chuckled and said, "You don't have to worry about that.

Yang Luo definitely won't survive this time!" Hearing this Alinda was shocked and asked anxiously, "What exactly do you want?!" The Caucasian man did not say anything else.

Instead, he ordered someone to carry Alinda out.

"President Alinda!" "You can't arrest the president!" Smith and the others shouted hoarsely.

Alinda said, "Don't worry about me.

Do what you have to do!" Soon, the Dark Judgement Team took Alinda away.

After the members of the Dark Judgement Team left The atmosphere in the conference room became oppressive.

"Vice President, what should we do now?!" "President Alinda has been captured.

We have to save her!" "The research institute can't do without President Alinda!" Everyone was extremely sad.

Smith took a deep breath and said, "Now that the Dark Judgement Team has captured President Alinda, it's impossible for us to save her alone!

Everyone, just do your own things.

I'll think of a way!" As he spoke, he hurriedly ran out of the conference room and took out his phone to call Yang Luo.

However, what made him anxious was that he could not get through to Yang Luo at all.

He could only use his connections to think of a way to get others to contact Yang Luo In a short period of time The news of Su Qingmei, Qin Yimo, and Alinda being arrested spread throughout the upper-class society of various countries.

Many international companies, large families, and the royal family knew about this.

Later on, many people in the Underworld found out about this.

As the matter continued to ferment and spread, For a moment The entire Dark World was in an uproar.

The forums on the dark web were flooded again.

"Oh my god, guys, has this world gone crazy?

Big things are happening one after another!" "Tell me, what happened?" "It's said that not long ago, Country Stars & Stripes' Commander Lawrence, Country Oxford's Commander Ferrand, and Country Sakura's Commander Masahiro Ono sent people to capture Su Qingmei, Qin Yimo, and Alinda!" "Su Qingmei, Qin Yimo, and Alinda?

Who are these three women?" "They're all the women of the Divine Emperor!" "Damn!

Are Lawrence, Ferrand, and Masahiro Ono crazy?

How dare they touch the Divine Emperor's woman?!" "Isn't that so?

Now, even the Holy Light Pope, the Heavenly God Emperor, and the Hell Fiend Emperor don't dare to act rashly.

How dare these three guys?

Have their brains been kicked by a donkey?!" "They're really strange things happening every year.

But there are especially many this year!" "However, as the commanders of a country, Lawrence and the other two won't do such a thing easily.

They've probably thought of a countermeasure to deal with the Divine Emperor!" The people of the Dark World began to discuss.

Most people thought that Lawrence, Ferrand, and Masahiro Ono were crazy.

However, there were also people who felt that these three guys must have hatched some big plan.

After all, as long as it was a sane person, they would not do such a thing.

However, this matter became more and more serious, and the impact was no less than the Dark Conference.

Everyone had yet to recover from what had happened at the Dark Conference, but they did not expect such a shocking thing to happen again.

Everyone felt like they were on a roller coaster, with waves of excitement coming one after another.

The organizations, families, and royal families that were on good terms with Yang Luo and the Holy Imperial Court also learned of this matter and quickly contacted the Holy Imperial Court At this moment.

In a certain part of the Pacific Ocean.

Holy Imperial Court Headquarters.

After nearly a week of hard cultivation, Everyone's cultivation and strength had increased.

After Xiang Kunlun and the King of Creation consumed various top-grade pills, they finally stepped into the perfected Dao Convergence realm.

After all, as the Divine Kings ranked first and second in the Holy Imperial Court, their cultivation and strength had always been about the same.

With the help of the pills, some of the other Divine Kings had broken through, while others had yet to.

Bujie and Xu Ying had finally stepped into the intermediate stage of the Dao Convergence realm.

Prajna had stepped into the perfected Martial God Realm.

Lin Wenxuan, on the other hand, did not move at all.

He had completely entered a state of selflessness and was desperately trying to break through to the Earth Immortal realm.

Yang Luo was still refining the energy of the petals to strengthen his body and attack the True Immortal Realm.

Just as everyone was about to continue cultivating, Speedboats sped over from the main island and approached the small islands.

The members of the Holy Imperial Court had already learned that Su Qingmei, Qin Yimo, and Alinda had been captured.

They also knew that this matter concerned the Divine Emperor, so they did not dare to take the initiative and planned to inform the Divine Kings first.

Not long after.

Ye Luange, Song Zhixin, Xiao Ziyun, and the others, who were cultivating, were woken up.

After learning about this, everyone was furious.

After all, they really could not believe that someone still dared to touch the people around Yang Luo.

Therefore, no one cared about cultivation anymore.

They all gathered on the Nine Palace Island.

“Damn it!” Bujie scolded angrily, “Lawrence, Ferrand, and Ono Masahiro, what are these three guys trying to do?”

How dare they capture the Sister-in-laws?!” Heavenly Sirius roared, “Are these three guys tired of living?!” Song Zhixin said coldly, “How dare they catch Qingmei, Momo, and Alinda!”

I want to kill these three dogs!” “Then what are we waiting for?”

Let’s go and kill our way to Country Stars & Stripes!” “Rescue Sister-in-law and the others and sweep them away!” “How dare you provoke the Holy Imperial Court?”

You have a death wish!” Everyone roared angrily and shouted that they wanted to charge over.

“Brothers, calm down!” Xiang Kunlun stopped everyone and frowned.

He said in a low voice, "Don't you think this matter is very strange?"

Chapter 1760: Dragons Have Reverse Scales.

Anyone who touches them will die!

"Strange?" Bujie looked puzzled, "Brother Xiang, what's strange?" Xiang Kunlun frowned and said, "The matter is already very clear.

Lawrence, Ferrand, and Ono Masahiro captured Sister-in-law and the others to deal with Brother Yang.

After all, they had a blood feud with Brother Yang and had always wanted revenge.

However, I don't understand.

With Brother Yang's current strength and status, why do these three guys still dare to attack?" King of Creation said, "Brother Xiang is right.

Since these three fellows dare to attack, they must be plotting something!" The Sacred Prison King said coldly, "These three guys must have thought of a way to completely kill Brother Yang this time!" "They want to kill Brother Yang?

Are they worthy?" Bujie said ruthlessly, "Who cares what scheme he's up to?

Sister-in-law definitely has to be saved.

Those three fellows must be killed!" Xu Ying's eyes were cold, "Letting these three guys live for so long is already letting them off easy!" At this moment.

Dark Baron said, "I think it's better to wake Brother Yang up!

Miss Su, Miss Qin, and Miss Alinda are Brother Yang's most cherished people!

If anything happens to the three sisters-in-law, even as brothers, it will be difficult for us to explain!" "Good point." Xiang Kunlun nodded and said, "Let's go and wake Brother Yang up!" Then, the group took the ancient boat and flew away from the Nine Palace Island.

They arrived at the Eight Trigrams Island and landed on a mountain where the Eight Trigrams Platform was.

Yang Luo was sitting cross-legged on the Eight Trigrams Platform without moving.

He was covered in blood, and the Eight Trigrams Platform was also dyed red with blood.

"Oh my god, isn't Brother Yang cultivating?

How did it end up like this?!" "Holy sh*t, are you sure he's cultivating and not hurting himself?!" When everyone saw this scene, they gasped and were endlessly shocked.

Bujie waved his hand and said, "Brothers, calm down!

Brother Yang's cultivation method has always been different from ordinary people.

I'm not surprised!" "Are we really going to wake Brother Yang up?

Isn't that a little bad?" Sea Burial King asked.

King of Creation said, "This matter is too serious.

We have to wake Brother Yang up!" At this moment.

Yang Luo had already completely refined the petal's energy, and his body had been strengthened inside and out again.

The True Qi in his body was also very abundant, but his cultivation had yet to step into the True Immortal Realm.

Fortunately, he had already touched the threshold of the True Immortal Realm.

He asked in his heart, "Seniors, how much did the third bronze dragon coffin open?" Long Xinghe replied, "One-third of it has finally been opened.

The remaining two-thirds have yet to be opened!

However, it is already very good to be able to open one-third of it!

When there's a chance later, we'll completely open the third bronze dragon coffin!" Long Tianchi quickly reminded him, "Kid, don't do anything rash again.

If you do it again, you're dead!" Yang Luo said in amusement, "Don't worry, Senior Tian Chi.

I just want to become stronger.

I don't want to have a death wish!" Long Tianchi nodded and said, "If you don't have anything else to do now, come in for special training!" "Alright!" Yang Luo responded.

Just as he was about to enter the Divine Sense Space, he heard shouts.

These voices were clearly directed at Xiang Kunlun and the others.

When he was cultivating, Xiang Kunlun and the others would never disturb him.

Since they were all here, something big must have happened.

Hence, Yang Luo said in his heart, "Seniors, I have something to deal with.

I'll come in for special training next time!" "Alright!" Long Xinghe and Long Tianchi responded.

Then, Yang Luo woke up from his meditative state and opened his eyes.

As he cast his gazes over.

Xiang Kunlun and the others were standing on the mountaintop not far away with anxious expressions.

"Brother Yang, you're finally awake!" "Oh my god, Brother Yang, something big has happened!" Everyone shouted.

Yang Luo stood up and soared into the sky, flying to the mountain where everyone was.

"What happened?

Why are you all awake?" Yang Luo asked in confusion.

Xiang Kunlun hurriedly said, "Brother Yang, we received news just now!

Su Qingmei, Qin Yimo, and Alinda were captured by Lawrence, Masahiro Ono, and Ferrand!" "What?!" When Yang Luo heard this, his pupils constricted and he immediately exploded.

His expression was extremely gloomy, and two balls of flames jumped in his eyes, “When did this happen?” Xiang Kunlun said, “We just received the news too.

We don’t know when the three sisters were captured!

We’ve already sent people to investigate the situation!” “Lawrence, Ferrand, Masahiro Ono, you have a death wish!!!” Yang Luo let out a roar as a golden beam of light shot into the sky from his body, scattering a sea of clouds in the sky!

Endless anger, killing intent, hostility, and pressure spread out from his body and swept through the entire Eight Trigrams Island, as though trying to engulf a world!

He was really angry!

He really did not expect that these three fellows would still dare to provoke him at this point!

Did they really think he had a good temper?

Did they really think that he wouldn’t dare to kill someone?

Rumble A storm was brewing in the sky!

The entire Eight Trigrams Island shook violently!

The sea around the island also surged with huge waves!

The pressure and aura that erupted from Yang Luo’s body was too terrifying.

It made Xiang Kunlun and the others tremble and their hearts skip a beat!

Even Ye Luange, Song Zhixin, the Divine Light and Darkness, the Underworld Emperor, the Ice Empress, and Big White trembled!

Dragons had reverse scales.

Anyone who touched them would die!

They knew that their Divine Emperor was completely furious!
