

## **Super IDG 1771**

Chapter 1771: Ripping open the defense line!

Everyone in the dark world knew!

This was a battle between gods and human technology!

It was also a visual feast that shocked the entire dark world!

However, no one doubted whether the Divine Emperor could successfully take revenge!

If the Divine Emperor could even withstand that weapon, who could stop the Divine Emperor from taking revenge?

At this moment.

In the sky near Country Stars & Stripes.

All the steel battleships continued to fire missiles at Yang Luo's group and Big White!

Many fighter jets even flew over and fired cannonballs at the same time, launching an unprecedented bombardment!

“Those who block me will die!” Yang Luo let out a wild roar and activated several layers of defense.

He held the Dragon Emperor Sword and rushed forward!

On the way up, Yang Luo kept slashing with the sword in his hand and used other killing moves!

Swoosh!

Swoosh!

Swoosh!

The huge golden swords tore through the void and slashed at the cannonballs, missiles, and fighter jets!

Countless golden flying swords shot out!

The huge golden dragon illusion, the Vermillion Bird illusion, and the Black Tortoise illusion collided!

The seals were like towering mountains that pressed down!

Rumble Rumble Explosions that shook the sky and spread in all directions sounded endlessly!

The cannonballs and missiles that shot over were all destroyed and exploded!

The fighter jets were also shot down.

They fell with billowing smoke and flames!

Yang Luo did not stop at all.

Like a berserk dragon, he charged forward like a peerless demon god!

Xuanming Divine Fortress and Inextinguishable Flame Dipper condensed on his body as countless golden flying swords circled around him!

Above his head, the golden dragon raised its head, the Vermillion Bird spread its wings, and the Black Tortoise soared into the sky, charging up with Yang Luo!

Ye Luange's group of six and Big White also charged forward!

They had also condensed their defenses and executed many killing moves!

"Fire!" "Fire!" "Stop these guys!" "Kill them!" "Can we really stop them?"

Can we really kill them?!" "We have to stop them even if we can't.

We can't let them barge in!" The people on the battleship roared.

Many people were already frightened out of their wits, and their souls were trembling.

Could they really stop these eight god-like existences?!

Boom, boom, boom The cannonballs, missiles, and flying fighter jets were all destroyed by Yang Luo and Ye Luange and the others!

The scene in front of them was too terrifying!

The sky was filled with cannonballs, missiles, and fighter jets!

There was thick smoke and flames everywhere!

Explosions sounded continuously!

From time to time, fighter jets would fall!

However, Yang Luo's group of seven and Big White fought against the entire maritime defense line of Country Stars & Stripes calmly!

Everyone in the Dark World who was paying attention to this battle was shocked wave after wave!

Right at this moment!

Boom, boom, boom Yang Luo's group of seven and Big White rushed out of the thick smoke and flames and arrived above the rows of steel battleships!

"Oh my god, they actually arrived so quickly!" "Keep firing!"

Kill them!

Kill them!" The people on the warship roared in fear and continued to fire.

"Destroy!" Yang Luo let out a roar and gripped the Dragon Emperor Sword tightly with both hands, slashing down!

Swoosh!

A huge golden sword emitted an eternal sword light and slashed down with monstrous sword intent!

Countless golden flying swords shot down!

The Golden Dragon, Vermillion Bird, and Black Tortoise also struck down one after another!

In an instant!

Rumble The cannonballs and missiles that shot up were all destroyed!

Dozens of steel battleships were also shattered, turning into countless steel fragments that splattered everywhere!

The people on the battleship had no time to escape before they all died!

Blood dyed the battleships and sea area red!

“Roar!” Big White let out a roar, and like a mountain pressing down on him, it smashed down with a punch!

Rumble More than ten battleships were blown up by a single punch!

The people on the battleship were also smashed into minced meat by the punch!

“Cut!!” Ye Luange shouted and raised the longsword in her hand to slash down!

The huge cyan sword tore through the layers of void and slashed down!

The huge illusion of the Blue Luan Divine Bird flapped its wings and crashed down!

In the blink of an eye!

More than 20 battleships were destroyed, and everyone on the battleships died!

Song Zhixin raised her right hand and condensed an eight-colored glass palm that pressed down heavily!

Mo Qingkuang condensed the Five Elements Immortal Seal and pressed down like five mountains!

The Divine Light and Darkness waved his halberd and swept down!

The Underworld Emperor slashed down with the gigantic black saber in his hand!

The Ice Empress waved her ice staff, forming ice mountains that pressed down!

Yang Luo's group and Big White's attacks were extremely ferocious, and they destroyed over a hundred battleships in a short period of time!

They had also killed tens of thousands of people!

Just like that, Country Stars & Stripes' first line of defense had been torn apart!

“Let’s go!” Yang Luo waved his hand and continued to charge forward with Ye Luange, Big White, and the others!

In the following period of time!

Yang Luo’s group and Big White were like death gods that had returned from hell.

They were like gods from the nine heavens that had forcefully torn apart the layers of defense that Country Stars & Stripes put up!

Feng Jiuxi, Yuan Shengling, and Yu Wannian, who had been following above the clouds behind, were dumbfounded!

Yu Wannian said, “Although these ants can’t fly, they have invented tools that can fly!

Moreover, the weapons they invented were indeed powerful!

However, in front of immortals, these things are nothing!” Yuan Shengling narrowed his eyes and said, “However, these eight guys are indeed not simple.

Their strength is really not bad!" Meanwhile, Feng Jiuxi stared at Yang Luo's group of seven and Big White in silence.

They specially flew above the clouds to avoid being implicated by the cannon fire.

However, after witnessing the strength of Yang Luo and the others, they were really shocked.

"Brother Feng, should we attack now?" Yuan Shengling asked Feng Jiuxi.

"Don't do it now." Feng Jiuxi said sinisterly, "If they kill their way over like this, their strength will definitely be greatly depleted!

What we have to do is to continue following.

It won't be too late to attack when their strength is almost exhausted!" Yuan Shengling smiled and said, "Brother Feng, you have a plan.

When these guys exhaust their strength, it will be much easier for us to attack!" "Let's do it like this then!" Yu Wannian nodded.

Then, the three of them moved and continued to follow

Chapter 1772: What Do You Want?

Meanwhile around 9:30 p.m Yang Luo and the others finally tore through all the defensive lines and arrived above Country Stars & Stripes.

The entire Dark World erupted!

“Oh my god, the Divine Emperor and the others actually used such a short period of time to open up the entire front!” “Seven people and a beast against a country.

It’s too shocking!” “Let me correct you.

It’s obvious that it is eight gods going against a country!” “After this battle, the prestige of the Divine Emperor will increase again!” “The overlord of this world can only submit to the Divine Emperor!” The people of the Dark World shouted excitedly.

Especially those who followed Yang Luo, they wished they could participate in the battle themselves.

All of Yang Luo’s enemies were trembling with anger.

They gritted their teeth so hard that they were about to break.

Unblockable!

Even Country Stars & Stripes could not block him!

After Country Stars & Stripes’ air force was decimated.

With a flash, Yang Luo flew directly in the direction of the Snow City.

“Brother Yang, where are you going?

The headquarters of the black-clothed special agent team is in New City!" "Lawrence and the other two are in the Mojave Desert!" Mo Qingkuang and the others were very puzzled, not knowing where Yang Luo was going.

Yang Luo replied, "Since we're here, let's destroy their headquarters, the birthplace of countless sins and conspiracies!" "Hahaha" The Underworld Emperor threw his head back and laughed, "Brother Yang, so that's what you were thinking!

Alright, let's go then!" Mo Qingkuang said loudly, "Since Lawrence and the others can't escape, let's cause a scene first!" Then, Ye Luange, Big White, and the others followed Yang Luo straight to Xuecheng At this moment.

Mansardon Base.

"Reporting to the commander, our thirteen layers of defense have been broken through by those guys!" "Commander, 581 battleships have been destroyed by those guys, and 1,231 fighter jets have been destroyed.

The death toll is still being calculated, but it has already exceeded 60,000!" "Commander, those guys have already barged in.

What should we do?" "Commander, requesting support, requesting support" Lawrence's phone was about to explode.

All the calls were bad news.

"Ahhhh" Lawrence roared angrily and pounded the table in anger.

His face had already turned red.

Ferrand and Masahiro Ono were silent like cicadas in winter, not daring to say a word.

They did not expect that even Country Stars & Stripes' defense line could not stop Yang Luo and the others.

Most importantly, Yang Luo and the others had actually broken through all the defense lines so quickly.

In other words, Yang Luo and the others would probably attack soon.

They only hoped that Yang Luo and the others could not find their location and only decided to barge into Country Stars & Stripes to vent their anger.

At this moment.

A Commander hurriedly ran in and said, "Reporting to Commander, Yang Luo and the others aren't coming here.

They're going to Snow City!" Lawrence was stunned for a moment before asking, "What are they going to do in Snow City?" "We don't know what they're after." The Commander shook his head.

Masahiro Ono's eyes lit up, "Could it be that little bastard Yang Luo doesn't know our location and thinks that we're in Snow City?" Ferrand also said, "Doesn't that mean that we're safe now?" Lawrence frowned and said in a deep voice, "What that little bastard said to us just now was clearly as if he knew where we were!

If he knows where we are, why did he go to Snow City?

What does he want?" Ferrand and Masahiro Ono were also puzzled.

The three of them looked at the projection at the same time.

The image was tracked in real time by satellite and captured in real time.

Therefore, they also saw that Yang Luo and the others were indeed flying in the direction of Snow City.

What the hell were they trying to do?

Lawrence and the other two were still very puzzled.

At this moment.

Snow City.

It was one of the most prosperous cities in Country Stars & Stripes.

Although it was already night.

However, the city was still bustling with traffic.

Now, the Dark World was in an uproar.

However, ordinary people did not know what had happened.

But right at this moment “Look up there, what’s that?!” “Oh my god, why is someone flying in the sky?!”  
“Is it Superman?”

Is it an alien?!” “That’s not right.

Other than the seven of them, there’s actually a giant ape!” “Could it be that King Kong really exists in the movie?!” “Is this a movie?”

The special effects are too good!” The people on the streets were alarmed and looked up.

Many cars on the road also stopped.

The people in the car got out of the car and looked up.

After all, other than in movies, they had never seen such a scene in reality.

Many people took out their cell phones and cameras to take photos.

Someone posted the photos and videos online, causing a commotion.

Some people guessed that it was an alien invasion, while others guessed that Superman, Spiderman, Iron Man, and other supernatural beings were real.

However, most people felt that this was just a movie and not real.

At this moment.

Yang Luo's group of seven and Big White flew over quickly and headed straight for the Presidential building.

It did not take long for them to arrive at the headquarters.

The presidential building occupied a large area and consisted of 38 buildings.

Although it was already night time, there were still many floors with lights on.

When Yang Luo and the others arrived in the sky, The security officers in the main building were alarmed and rushed out.

“Who are you?

What do you want?!” “This is the forbidden area of the headquarters.

No one is allowed to trespass!” “Please leave quickly, leave quickly!” The security officers roared angrily.

Someone even shot at Yang Luo and the others.

However, to Yang Luo and the others, these flying bullets were like a drizzle and could not hurt them at all.

Yang Luo ignored these guys.

Instead, he raised the Dragon Emperor Sword and slashed forward!

A huge golden sword tore through the night sky and slashed down heavily!

In an instant!

Rumble One building after another was directly split open by a sword, turning into rubble and dust that filled the sky and swept into the sky!

“Oh my god, is this kid a heavenly deity?!” “He actually split open so many buildings with a single slash?!” “Enemy attack, enemy attack!

Level one alert!

Level one alert!” As the security officers fled in panic, they took out their walkie-talkies and shouted.

Chapter 1773: They’re Demons!

Yang Luo ignored those guys and continued to swing the sword in his hand at the buildings!

Ye Luange's group of six and Big White's expressions were also cold as they attacked the buildings!

Rumble A series of shocking explosions sounded continuously!

As all the buildings were destroyed, dust and rocks swept into the sky!

Yang Luo and the others immediately turned around and flew away with Big White.

"Quickly contact the commander.

The main building is under attack!" "Call an ambulance!" "They are demons!

Demons!" The people in the main building roared and cursed.

The entire event location was in chaos.

The news of the attack on the headquarters building was soon known by the people of Snow City.

The entire Snow City was in an uproar!

"Oh my god, this isn't a movie, this isn't a movie!" "It's really an alien invasion.

They destroyed the Presidential building!" "Are they really aliens?

Why do they look like humans?!" "Are they aliens, gods, or demons?!" The people on the streets of Snow City discussed in horror.

Many people started a heated discussion online.

The people of the Dark World were also in an uproar.

The Divine Emperor had barged into Country Stars & Stripes and destroyed their headquarters!

They also knew that this was only the beginning of the Divine Emperor's revenge!

At this moment.

Mansardon Base.

Bang!

Lawrence slammed his fist on the table and stood up with both hands on the table, staring fixedly at the projection.

He gritted his teeth and roared, "Damn it!

Damn it!

So this is their goal!

They actually destroyed my headquarters!

Hateful!

Hateful!” Ferrand asked in a deep voice, “Where are they going now?” Masahiro Ono said in fear, “Don’t tell me they’re coming towards us next?” “No!” Lawrence clenched his fists tightly and stared at the image on the projection, “They’re not coming towards us!

They seem to be going to New City!” “Why are they going to New City?” Masahiro Ono asked.

“How the hell would I know!” Lawrence roared.

He really regretted it now.

He regretted it to the extreme!

If he had known earlier, he would not have provoked this demon!

But now, other than watching helplessly, he could not do anything!

After Yang Luo and the others left Snow City, they went straight to New City.

10 p.m.

sharp.

Yang Luo and the others arrived at the suburbs of New City.

In the distance, there were mountains and houses.

This was the headquarters of the Black Clothed Special Agent Group.

When Yang Luo and the others approached, The people from the Black Clothed Special Agent Group’s headquarters were already alarmed.

Many people rushed out and looked at the sky.

“Who are you?

How dare you barge into the headquarters of our Black Clothed Special Agent Group?!” “No, it’s that kid Yang Luo!

Blue Luan, the Empress of Heavenly Fate, the Divine Light and Darkness, the Underworld Emperor, the Ice Empress, Mo Qingkuang, and a monkey!” “They actually barged in here?!” “Didn’t all the defense lines stop them?!” The people from the Black Clothed Special Agent Group cried out in fear.

Yang Luo did not waste any time.

He waved the sword in his hand and slashed out!

Swoosh!

The huge golden sword erupted with a dazzling golden light and slashed down with a destructive sword intent!

Rumble!

Mountain after mountain, houses were instantly split open!

“Ahhhh” Screams resounded continuously.

This sword had killed countless people.

“Counterattack!

Quick, counterattack!" "Run!

Quickly run!" Some of the others roared angrily and launched a counterattack, while others fled in panic.

Some of these people were shooting and firing!

As for the Espers, mechanical modified people, orcs, and other aptitude users, they attacked fiercely!

All the hired king-level experts also attacked crazily!

But Yang Luo's group and Big White didn't hesitate to start a massacre!

The strongest members of the Black Clothed Special Agent Group were only king-level experts.

They were no match for Yang Luo and the others and Big White at all!

No abilities or firearms were effective!

It took less than twenty minutes!

The entire headquarters of the black-clothed special agent group was destroyed, and everyone was exterminated!

Yang Luo looked up in the direction of the Mojave Desert in the distance and said coldly, "Let's go.

It's time to settle the score with Lawrence, Ferrand, and Masahiro Ono!" "Good!" Ye Luange and the others replied in unison.

Then, Yang Luo and the others changed directions and headed straight for the Mojave Desert At this moment.

The Mojave Desert.

Mansardon Base.

Lawrence said angrily, "So they went to New City to destroy the Black Clothed Special Agent Group!

That's right.

It was the people from the Black Clothed Special Agent Group who captured that woman, Su Qingmei.

How could he let it go?!" Ferrand said in a hoarse voice, "This little bastard's vengefulness is too strong.

How long will his anger last?!" Masahiro Ono said in a trembling voice, "It's over, it's over I sent people from the Martial Alliance to capture Qin Yimo!

Could it be that he will also go to my Country Sakura to cause trouble to destroy the Martial Alliance?!" Ferrand said sadly, "This kid will definitely not let your Country Sakura's Martial Alliance off!

Moreover, our Country Oxford's Dark Judgement Group has also captured that woman, Alinda!

He definitely won't let our Dark Judgement Team off either!" But at this moment!

Lawrence exclaimed, "Not good!

They're rushing towards us!" "What?!" Masahiro Ono said in horror, "Could it be that they know we're here?!" Ferrand said bitterly, "I understand.

This kid first destroyed the headquarters building and then the headquarters of the Black Clothed Special Agent Group.

His goal is to make us afraid and terrified!

He was announcing to us that no one could touch the people around him.

No one could touch him either!

Once anyone tries this, they will take revenge like a storm!" "Mr.

Lawrence, they're coming soon.

What should we do?!" Masahiro Ono asked with a sobbing tone.

Lawrence was already at a loss and did not know what to do.

He tried his best to suppress the fear in his heart and think of a countermeasure.

A few minutes later.

He said in a deep voice, "I'll contact the Holy Light Pope, the Heavenly God Emperor, and the Hell Fiend Emperor now and ask for their help!" As he spoke, he quickly took out his cell phone and called the Holy Light Pope and the other two

Chapter 1774: You Brought It Upon Yourself!

After three consecutive calls.

Lawrence was stunned.

“Mr.

Lawrence, what’s wrong?!” “What did the Pope and the others say?!” Ferrand and Masahiro Ono hurriedly asked.

Lawrence said irritably, “For some reason, we can’t contact the Pope and the others at all!” “Can’t be contacted?!” “What’s going on?!” Ferrand and Masahiro Ono were very puzzled.

“I’m not sure either.” Lawrence shook his head, “I’ll contact Michael and the others now!” As he spoke, he picked up his phone and called Michael, the Eternal Overlord, and the Darkness Demon King.

After the call Lawrence hissed, “They’re not answering their phones.

They actually turned off their phones!” “F\*ck!” Ferrand cursed angrily, “We give them all kinds of benefits every year.

We provide them with whatever they want!

But I didn’t expect them to not care about our lives anymore!” “Are they planning to abandon us?!” Masahiro Ono was also furious.

Lawrence took a few deep breaths and said, “I’ll contact the Flame Emperor now!

Ferrand, contact the Corpse Emperor!

Masahiro Ono, quickly contact the Sword Saint!

As long as they are willing to help, we might still have a chance to survive!” “Good!” Masahiro Ono nodded in agreement.

Then, Lawrence made a call to the Flame Emperor.

The phone rang for a while before it was picked up.

The moment the call was picked up.

As if he had caught a straw to clutch at, he pleaded, "Lord Flame Emperor, that little bastard Yang Luo wants to kill us!

Please help us.

As long as you're willing to help save our lives!

In the future, we are willing to be slaves and servants!" "Lawrence, if I could kill that kid, do you think I would have held back until now?" The Flame Emperor's deep and cold voice sounded.

"Well " Lawrence was instantly stunned.

Then, he took a deep breath and said, "Lord Flame Emperor, please help us!" The Flame Emperor mocked, "Lawrence, you should have contacted the Pope, Divine Emperor, and Fiend Emperor first, right?

The reason you contacted me was because you couldn't contact the Pope and the others, right?" Lawrence said truthfully, "Yes!" "Then do you know why you can't contact the Pope and the others?" The Flame Emperor asked with a tone that sounded as though he was smiling.

"Why?" Lawrence asked with a puzzled expression.

The Flame Emperor said, "That's because the Pope and the others are preparing for the ultimate battle in the near future.

They're preparing to fight Yang Luo to the death!

Moreover, the Pope and the others had also said that when the time came, they would use their own backup plans and have absolute confidence in killing that kid!

Why are you in such a hurry?

Couldn't you have waited a little longer?

You guys are really extremely stupid!" With that, the Flame Emperor hung up.

Lawrence called again, but the Flame Emperor didn't pick up.

He stared blankly at the phone that had been hung up and felt his head buzz.

At this moment.

Masahiro Ono also called Kagura Kenshin.

He choked and said, "Sword Saint, that little bastard Yang Luo wants to kill us.

Please help us.

Please!" Kagura Kenshin only coldly replied, "Help you?

How do you want me to help you?

No one in this world can help you now!

Moreover, your actions will bring an unprecedented disaster to our Country Sakura!

You will forever be nailed to the rack of shame!

You, take care of yourself!" With that, Kagura Kenshin hung up.

Lastly, Ferrand hurriedly called the Corpse Emperor.

The call was quickly picked up.

Ferrand cried, "Lord Corpse Emperor, please help us!" "I can't help." The Corpse Emperor said coldly and hung up.

After the three calls were made Lawrence, Ferrand, and Masahiro Ono looked at each other, their eyes filled with endless despair.

Ferrand cried bitterly, "All the experts on the Divine Ranking have abandoned us" "We're finished We're really finished" Masahiro Ono trembled uncontrollably.

Lawrence said sadly, "Maybe we were really too anxious" "What do you mean?" Ferrand and Masahiro Ono looked at Lawrence at the same time.

Lawrence told the two of them what the Flame Emperor had told him.

After hearing Lawrence's words, the two of them felt even more despair.

Ferrand roared at Masahiro Ono, "It's all your fault!

If not for this idea, we wouldn't have provoked this demon!

The Pope and the others were clearly preparing for the war.

They were even confident in killing that demon!

We just had to wait a little longer and we can personally witness the death of that demon!” Masahiro Ono sneered, “Didn’t you agree to do this too?”

Now you’re blaming me?” “Enough!” Lawrence roared, “At a time like this, you’re still fighting among yourselves!

The most important thing now is to think of a way to preserve our lives!” Ferrand said bitterly, “No one will help us anymore, and no one will dare to help us” Masahiro Ono said, “Why don’t we contact the commander of Country Hua, Yi Jiuzhou!

This demon, Yang Luo, is one of them.

Is he going to watch this demon kill without caring?” “Alright, I’ll contact Yi Jiuzhou now!” As he spoke, he picked up his phone and called Yi Jiuzhou.

The call was quickly picked up.

Lawrence said in a deep voice, “Mr.

Yi, I believe you already know what happened today.

I won’t beat around the bush with you!

Yang Luo, that little b\*stard, is now killing in Country Stars & Stripes.

Aren’t you going to care about him?

Can you bear the impact and consequences of this little bastard?" "Hehe" From the line, Yi Jiuzhou sneered and said, "Lawrence, you still have the cheek to talk to me about the consequences?"

In order to kill Little Luo, you even used such a weapon.

Have you considered the consequences?" "You" Lawrence's face turned red and he was instantly speechless.

Yi Jiuzhou continued, "Also, you were the ones who started the trouble and wanted to kill Little Luo first.

All the fault lies with you!

We at Country Hua have an old saying that goes, "The sins of the heavens can be forgiven, but the sins of oneself will not allow you to live!" You all brought this upon yourselves!" With that, Yi Jiuzhou hung up.

"F\*ck!

Sh\*t!" Lawrence cursed angrily and smashed the phone into pieces.

Ferrand and Masahiro Ono also knew that the negotiation had failed.

They were in complete despair.

At this moment.

A Commander ran in anxiously.

"Reporting to the commander, Yang Luo and the others are here!"

## Chapter 1775: Trash!

“What?!”

These demons are already here?!” “How can it be so fast?!” “How long has it been?!” Lawrence, Ferrand, and Masahiro Ono’s pupils constricted as they turned to look at the projection.

Seven people, one beast, and eight figures appeared in the sky above the image.

It was Yang Luo and the others, as well as Big White.

“They’re here, they’re really here!” “What should we do?

What should we do now?!” Ferrand and Masahiro Ono were terrified and trembling.

They were sweating profusely and were about to pee their pants.

Lawrence gritted his teeth and said, “We can only fight to the death with these guys now!” As he spoke, he ordered the Commander present!

“Mobilize all weapons and destroy them at all costs!” “Do we need to launch that missile again?” The Commander-in-Chief asked.

Lawrence said angrily, “Are you stupid?

Are you trying to blow us up by firing it here?

“I mean, other than those missiles, use all the other weapons!” “Yes!” The Commander responded and left the room in a hurry.

At this moment.

Outside the base.

The night was as dark as ink, and the moon hung high in the sky.

The sea of sand surged, desolate and lonely.

In the sky not far away.

Yang Luo and the others stood in the air with Big White.

Their eyes were cold and murderous.

“Mansardon Base is here, right?” Yang Luo asked.

Ye Luange said, “Brother Xiang sent the location coordinates here!

This base should be under the desert!

Lawrence and the other two must be inside!” Yang Luo smiled coldly, “They’re actually hiding underground?

Then I’ll split open this desert and find these three beasts!” Before his voice could fade Suddenly!

Rumble The desert in the distance shook violently!

As he cast his gazes over.

Hundreds of tanks and thousands of rover drove over from all directions.

Whoosh, whoosh, whoosh Accompanied by the sound of air being torn apart, Hundreds of fighter jets and hundreds of helicopters flew over from all directions.

The Underworld Emperor laughed mockingly and said, "Are they planning to resist to the end?" The Ice Empress' eyes were cold as she said, "What's the point of doing this?" Soon, these tanks, rover, fighter jets, and helicopters approached!

Whir, whir, whir Bang!

Bang!

Bang!

Bullets and cannonballs shot towards Yang Luo's group and Big White like a dense rainstorm!

Flames flickered in the sky, and ear-piercing air explosions sounded one after another!

"Counterattack!" Yang Luo roared and swung his sword!

Whoosh!

Whoosh!

Whoosh!

Whoosh!

Countless golden flying swords shot out in unison!

As the flying sword shot out!

Yang Luo stepped down from the sky!

Whoosh!

Whoosh!

Torrential flames surged out and burned the surroundings!

Ye Luange and the others also rushed out and attacked fiercely!

Rumble Rumble Earth-shattering explosions sounded continuously!

Flames soared into the sky, thick smoke surged, energy wreaked havoc, and light flickered!

Fighters and helicopters were shot down one after another!

One after another, tanks and rovers were shattered!

The people driving the fighter jets, helicopters, tanks, and rover did not have time to escape and died on the spot!

Just as Ye Luange and the others attacked!

Yang Luo gripped the Dragon Emperor Sword tightly with both hands and slashed crazily at a desert in the distance!

Swoosh!

Swoosh!

Swoosh!

Huge golden swords tore through the night sky and slashed at the desert, as if they wanted to destroy everything!

Boom, boom, boom Accompanied by a series of shocking explosions!

The desert was split into pieces!

Rumble The ground collapsed, and sand and rocks surged!

A huge square-shaped pit more than 80 meters deep appeared in front of him!

In this huge pit sat a huge structure.

It was a base!

The top of the base, the walls, and everything else were made of silver-gray super alloy, like a huge metal fortress!

Under the moonlight, it emitted a cold light!

Yang Luo shouted at the base, "Lawrence, Ferrand, Masahiro Ono, come out!" However, the moment he finished speaking Metal cannons rose from the top of the base, firing missiles, electromagnetic cannons, huge laser beams, high-temperature rays, and so on!

All kinds of sharp weapons launched a destructive bombardment on Yang Luo, as if they wanted to drown him!

“You still dare to resist?

I’ll let you resist!” Yang Luo roared as layers of defense condensed on his body.

The sword in his hand slashed at the base crazily!

Boom, boom, boom Clang clang clang The explosion and the collision intertwined like the demonic sound of death!

This base, which was said to be the safest in the world and was made of the toughest super alloy in the world, had long and deep holes cut open!

All the cannons that were raised were destroyed!

However, just as Yang Luo was about to continue swinging his sword!

Rumble Five metal platforms rose under the base!

On each platform stood a steel giant that was 20 to 30 meters tall!

There were a total of five mecha giants that looked like they came from a futuristic sci-fi world!

The Underworld Emperor clicked his tongue and said, “Interesting.

This Country Stars & Stripes even came up with such a thing!

I'll deal with one!" As he spoke, his figure flashed and streaked across the sky, charging forward!

I'll deal with one too!" Big White also shouted and charged forward!

Divine Light and Darkness and the Ice Empress also charged toward two of the mecha giants!

Yang Luo charged towards the last one!

As for the surrounding fighter jets, helicopters, tanks, and rover, they would be handed over to Ye Luange, Song Zhixin, and Mo Qingkuang!

The five people sitting inside immediately controlled their mecha giants and charged towards Yang Luo's group of four and Big White!

The five mecha giants fired all the sharp weapons on their bodies at the same time to kill Yang Luo and the others, as well as Big White!

Yang Luo said coldly, "This kind of thing might indeed be a great killing weapon on the battlefield!

But to me, it's just a pile of scrap metal!" As he spoke, Yang Luo soared into the sky and slashed down with all his might!

Swoosh!

This sword strike was incomparably violent, as if a god had slashed down, wanting to split the ground and destroy everything!

In an instant!

A golden arc of light tore through the night sky and flashed!

In the next second!

Rumble The mecha giant was directly cut into two.

Electricity and flames flickered as it collapsed heavily!

The controller inside was also cut in half, and blood spurted out!

Even the ground where the mecha giant was standing was split into a gully nearly a thousand meters long!

Chapter 1776: Send You to Hell!

Just as Yang Luo slashed open this mecha giant!

At the same time, Big White swooped down from the sky and threw three punches at a mecha giant below!

Boom!

Boom!

Boom!

Three punches landed!

This huge and sturdy mecha giant was directly shattered!

The mecha controller inside was also directly blown up!

Divine Light and Darkness pierced through the third mecha giant with his halberd, and then his right arm shook!

The mecha giant instantly shattered into pieces, exploding into steel fragments that splattered everywhere!

As for Underworld Emperor, he slashed out five times in a row, cleaving apart the fourth mecha giant!

The Ice Empress condensed more than ten ice mountains that surrounded the fifth mecha giant from all directions, completely shattering it!

Just as they destroyed the five mecha giants!

Ye Luange, Song Zhixin, and Mo Qingkuang also destroyed all the fighter jets, helicopters, tanks, and rovers!

None of the pilots were left alive either.

They were all killed!

Then, Yang Luo swung his sword at the base a few more times!

Rumble The entire base completely collapsed!

More than half of the people inside were dead or injured!

Those who were not dead knelt on the ground and raised their hands to beg for mercy!

In one of the rooms, Lawrence, Ferrand, and Masahiro Ono were huddled in a corner.

They looked at Yang Luo in fear and trembled!

“I’ve finally found you three animals!” Yang Luo’s eyes were cold as he waved his hand.

A strong wind blew out and swept the three of them into the sky, causing them to fall heavily to the ground beside the base.

At first glance, the trio saw that it was a mess outside.

There were destroyed fighter jets, helicopters, tanks, and rover everywhere.

They also saw that the blood and corpses had dyed the desert red.

Lawrence and the other two felt a chill run from their feet to their heads.

Their foreheads, palms, and backs were covered in cold sweat.

All the firearms lying in ambush nearby had been destroyed!

More than 20,000 soldiers were also dead!

Devils!

These guys were devils!

Yang Luo looked down at the three of them coldly and said indifferently, “Didn’t you say that I would definitely be the one to die this time?”

Didn't you say that you had absolute confidence in killing me this time?

Didn't you say that after today, there will be no Divine Emperor in the world?

So, what about now?" The three of them had already peed their pants in fear.

They hurriedly knelt on the ground and began to beg for mercy.

"Divine Emperor, we were wrong.

We really know our mistake.

Please forgive us this time!" "Divine Emperor, I'm sorry.

Please spare our lives.

We won't dare to do it again!" "Divine Emperor, as long as you can spare our lives, we're willing to be your servants!" They could not care less about the dignity and face of the commander.

As long as they could survive.

Only by living could they enjoy supreme power, status, and wealth.

If they died, they would really be left with nothing.

Seeing the three of them cry bitterly, Ye Luange and the others' eyes were filled with disgust and disdain.

Underworld Emperor shook his head and said, "You are the commanders of a country after all.

Even if you die, you have to die with backbone.

Why are you so cowardly?" Yang Luo said coldly, "You can take revenge, but just come at me!

You shouldn't have touched the people around me!

Originally, I couldn't be bothered with you, but you insisted on having a death wish!

In that case, I'll fulfill your wish and send you to hell!" "Please spare our lives.

We really won't dare to do it again!" "Divine Emperor, please!" "We really know our mistake!" The three of them cried bitterly and continued to beg for mercy.

"Be careful in your next life.

Don't provoke people you can't afford to provoke!" As he spoke, Yang Luo raised his left hand and condensed a huge golden palm that pressed down on the three of them!

Rumble The huge palm pressed down, and sonic booms sounded non-stop.

The void was shattered!

"No No No!" "Help help!" "Someone Someone come quickly!" Lawrence and the other two shouted for help and begged for mercy.

They wanted to get up and escape, but their legs were already weak and they could not get up.

As for the remaining people in the base, they didn't dare to move at all.

Lawrence also knew that he would definitely die.

He roared crazily at Yang Luo, “Little bastard, you won’t be arrogant for long!

The Pope and the others will definitely kill you!

And everyone around you will die!!!” Before his voice could fade Rumble Yang Luo’s palm had already pressed down, causing the entire ground to tremble!

When the golden palm dissipated!

The ground had already collapsed, and a huge palm print had appeared!

Lawrence, Ferrand, and Masahiro Ono had completely turned into three pools of minced meat.

They could not be more dead!

The people in the base were so frightened that their souls almost left their bodies.

They all knelt down and kowtowed to beg for mercy!

There was no mercy or pity in Yang Luo’s eyes!

These guys were all Lawrence’s lackeys and wanted to kill him.

How could he let them off!

Shortly after, he waved his left hand!

A golden-red flame shot out, and the entire base instantly burned, as if it had turned into a sea of fire!

The people in the base could not escape in time and were engulfed by the flames!

“Ahhhh” Screams resounded continuously.

Those people struggled in the sea of fire and were all burned alive.

“Phew” Yang Luo let out a long sigh and said, “Let’s go to Country Sakura!” “Good!” Ye Luange and the others replied in unison.

Then, Yang Luo and the others changed directions and flew away.

At this moment.

Standing on the clouds in the distance, Feng Jiuxi, Yuan Shengling, and Yu Wannian’s eyes were filled with shock.

Feng Jiuxi’s expression darkened, “This kid’s strength is indeed powerful.

Moreover, he’s decisive in killing and has a cruel personality!

If we don’t get rid of this child, he will definitely become a huge problem for our Heaven Amplification Sect and Purple Cloud Sect!” “That’s right!” Yuan Shengling nodded and said, “This kid killed almost 100,000 people in total.

How terrifying!” Yu Wannian frowned and said, “Is this kid’s revenge not over yet?

Where are they going?" "The more energy they consume, the more advantageous it will be for us!" Feng Jiuxi's expression turned cold.

He waved his hand and said, "Let's go and follow them!" Then, the three of them moved and hurriedly followed.

Chapter 1777: Is He Trying to Escape?

At this moment!

The people in the entire Dark World who were paying attention to this matter erupted again!

Everyone was deeply shocked again!

"Heavens, the Divine Emperor brought the Blue Luan and the others and completed their revenge in less than a few hours.

His speed is too fast!" "Isn't that so?

The Divine Emperor and the others tore open the thirteen layers of defense of Country Stars & Stripes, destroyed the headquarters building, destroyed the headquarters of the Black Clothed Special Agent Group, destroyed the Mansardon Base, and killed Lawrence and the other two!" "Is this the outcome of offending the Divine Emperor?

It's too terrifying, too terrifying!" "The Divine Emperor's revenge doesn't seem to be over yet.

The next targets are probably Country Sakura and Country Oxford!" "Oh my god, is the Divine Emperor's anger really going to burn the entire world?!" Everyone was exclaiming in surprise.

The shock in their hearts came wave after wave.

Even Country Stars & Stripes could not stop the Divine Emperor's revenge!

How could Sakura and Country Oxford withstand it?

Especially Yang Luo's enemies, they were even more furious and indignant!

However, even experts on the Divine Ranking did not dare to appear now!

They could do nothing but watch helplessly!

At this moment.

Holy Imperial Court Headquarters.

In the hall of the palace.

Xiang Kunlun and the others sat on the sofa and stared intently at the projection.

Ever since they returned, they had been paying close attention to Yang Luo and the others' actions.

"Great!" King of Destruction swung his fist heavily, "Lawrence and the other two dogs are finally dead!

Letting them live for so long was really letting them off too easily!" Sacred Prison King said coldly, "Brother Yang originally ignored them, but they insisted on jumping out.

They are courting death!" Bujie said excitedly, "Brother Yang and the others are really too handsome.

It's a pity that I can't take revenge with them!" The others present also felt that it was a pity.

If they had the cultivation of an Earth Immortal, they could also fly around the world with Yang Luo and fight side by side.

Sea Burial King said, "Lawrence and the others are already dead.

Are Brother Yang and the others coming back?" Xiang Kunlun shook his head and said, "They definitely won't return so quickly!

Brother Yang had said that this time, it was a full-scale revenge!

The Martial Alliance of Country Sakura and the Dark Judgement Team of Country Oxford likely can't escape Brother Yang's anger either!" Heavenly Sirius asked, "Are we really not going to help?" The King of Creation said, "There shouldn't be a need for that.

Even Country Stars & Stripes can't stop Brother Yang and the others.

Can the tiny Country Sakura and the already weakened Country Oxford withstand it?" Heavenly Sirius grinned, "You're right!" King of Destruction said excitedly, "Let us witness Brother Yang and the others' revenge!" "Yes!" Everyone nodded heavily.

The Holy Imperial Court would never easily cause trouble, but they were also not afraid of trouble!

Anyone who dared to provoke them would definitely pay a heavy price!

Su Qingmei, Qin Yimo, Alinda, Xiao Ziyun, and the Goddess of Fate stared at the projection intently, still a little worried.

After all, Yang Luo and the others were not fighting against an individual this time, but the country.

Moreover, Yang Luo was still injured.

They only hoped that Yang Luo could return safely.

After Yang Luo and the others left Mansardon Base, they flew towards the east!

Their second target was Country Sakura!

At eleven o'clock in the evening.

South of Country Stars & Stripes.

Yucatan Peninsula.

The ruins of the Maya civilization were here.

On the island sat a pyramid left behind by the Maya.

This pyramid was a little different from the pyramid of the Golden Pagoda Nation.

Ninety-one steps were built on all four sides of the Mayan pyramid.

A temple was built above, and several statues of gods stood around it.

Mysterious patterns and runes were carved on the walls.

But at this point Rumble rumble rumble!

The entire pyramid suddenly trembled.

A few minutes later.

BOOM!

A brilliant beam of light shot up from the pyramid, breaking through the clouds and illuminating the night sky.

This beam of light lasted for a while before slowly dissipating.

A young man and woman in strange clothes with strange runes between their eyebrows appeared in the sky.

The man shook his head and said, "Cecil, it seems that this world hasn't improved at all.

The spiritual energy is still so thin.

"I wonder what the Divine Master is thinking.

He actually predicted that there would be a shocking change in this world and even asked us to come and investigate." The woman named Cecil said, "Caubert, since it's a mission given by the Divine Master, we naturally have to do it." The man named Corbert shrugged and said, "Alright, then let's take a look around and record everything we see and hear here.

We'll just go back and inform the Divine Master." Suddenly.

Cecil turned to look at the sky in the distance and said in surprise, "What a powerful energy fluctuation.

Let's go and take a look!" "Alright!" Colbert nodded in agreement.

Then, Cecil and Corbett turned into two streams of light and flew away.

However, when they passed by the west coast of Country Stars & Stripes, the two of them stopped in the sky.

The sea was littered with the wreckage of planes and battleships, and floating corpses.

Many ships were salvaging casualties.

Corbett said in surprise, "Could it be that a huge battle happened here before?" "I think so." Cecil nodded and said, "However, looking at the current situation, I'm afraid the scale of this battle is not small.

Could it be a war between countries?" Corbett waved his hand and said, "Forget it, don't worry about them.

Let's go!" The two of them did not stay any longer and flew in the direction of Yang Luo and the others.

At this time, it was just past midnight.

Yang Luo and the others crossed the Pacific Ocean and were finally about to reach the waters of Country Sakura.

Just as Yang Luo and the others were about to arrive, Divine Sky Island.

Kagura Kenshin looked up in the direction of Yang Luo and the others.

His eyes were filled with unwillingness and anger.

He knew that Yang Luo and the others would kill their way here.

Even if he wanted to protect his country, there was nothing he could do.

He could not stop these demons alone.

At the thought of this, he did not hesitate and turned into a white light that soared into the sky and flew into the distance.

Seeing this, Underworld Emperor laughed mockingly, "Yo, is that Kagura Kenshin?

Is he trying to escape?"

Chapter 1778: Sweep!

Divine Light and Darkness said indifferently, "Who else could sense us so quickly?" Ice Empress added coldly, "At least this guy knows his place." Yang Luo said in a deep voice, "Don't worry about this guy!

Our goal is to destroy the headquarters of Country Sakura and take down their Martial Alliance headquarters!" "Alright!" Ye Luange and the others replied in shock.

Not long ago, Masahiro Ono had already given a reminder that Yang Luo and the others would kill their way here.

Therefore, when Yang Luo and the others approached the waters of Country Sakura!

The hundreds of battleships parked at the sea fired missiles at Yang Luo and the others!

Hundreds of fighter jets flew over from all directions and attacked Yang Luo and the others!

"Destroy them!" Yang Luo let out a roar and charged forward with the Dragon Emperor Sword in hand!

Ye Luange's group of six and Big White also moved at the same time and charged forward!

An earth-shattering battle began again!

However, Country Sakura's defense line and strength were far inferior to Country Stars & Stripes!

Therefore, they simply couldn't withstand the attacks of Yang Luo's group of seven and Big White!

At one in the morning.

The sea defense line of Country Sakura was completely torn apart!

150 battleships and 378 fighter jets were all destroyed!

More than 30,000 people were killed!

1:30 A.M.

The headquarters building in the East Capital had been completely destroyed!

There were more than a thousand casualties!

The citizens of Country Sakura were also alarmed!

Someone had personally witnessed the destruction of their presidential building!

There were also people who posted the photos and videos they had taken online!

For a moment, the entire Country Sakura was in an uproar!

“Baka!

It’s said that a group of people broke into our country and broke through our sea defense line, destroying hundreds of our warships and hundreds of fighter jets!

“Not long ago, our headquarters was also destroyed by that group of people!!” “Oh my god, is this true?!

Can humans do this?!

Are you sure they’re not gods?!” “Who are those detestable bastards?

They’re not gods at all, but demons!” “Why didn’t our Sword Saint come out to stop him?!” “Our Lord Sword Saint is the real god.

Why didn’t the Sword Saint appear at this critical moment?!” “Does the Sword Saint not know about this, or is he afraid too?!” The Internet was already in an uproar.

All the citizens of Country Sakura were looking forward to the appearance of Kagura Kenshin to save their country from danger.

2 a.m.

Bin City.

In a dense forest in the suburbs.

There were all sorts of olden styled houses here.

It was one of the sacred grounds of Country Sakura, the location of the Tenshou Divine Palace.

Of course, this was also the Martial Alliance's headquarters.

Yang Luo and the others flew through a forest and arrived above Tenshou Divine Palace.

At this moment!

Figures soared into the sky and landed at the top of the house.

A large group of Martial Alliance disciples rushed out.

There were Martial Warriors and ninjas who looked into the sky.

"Who are you?"

Why did you barge into Tenshou Divine Palace?!" "This is the Martial Alliance's holy land Not just anyone can come here!" "Hurry up and leave this place If our Sword Saint comes you're dead!" Many people looked at Yang Luo and the others standing in the sky and spoke with trembling voices, but their tone was still ruthless.

As it was night, they could not see Yang Luo and the others' appearances clearly.

They only felt that since Yang Luo and the others could fly, they were definitely not ordinary people.

Yang Luo sneered and said, "Don't count on Kagura Kenshin to help you.

He's long gone!" "Baka!

This is nonsense.

How can our Sword Saint run?!" "I advise you to get lost quickly.

Once the Sword Saint comes, you're dead!" These Martial Alliance disciples were still very arrogant as they roared.

At this moment!

Seven figures leaped over houses and rushed over from afar.

These seven people were the two Martial Saint Realm experts and the five Martial God Realm experts.

One of the Martial God Realm experts was the one who had captured Qin Yimo not long ago.

When they saw Yang Luo and the others' appearances clearly, they all trembled.

One of them exclaimed, "Yang Luo Lord of the Holy Imperial Court It's actually this guy!" Another person said with a trembling voice, "Blue Luan, Empress of Heavenly Fate They're actually all here!" "Run!

Quickly run!" The leading Martial Saint Realm expert immediately roared.

"Why should we run?

We have the Sword Saint.

Do we have to be afraid of them?" Someone who did not know Yang Luo asked in confusion.

The Martial Saint Realm expert broke out in cold sweat and roared, "Even the Sword Saint is not their match.

If you don't want to die, run quickly!" As he spoke, the Martial Saint Realm expert turned around and ran.

The other Martial Saint Realm expert and the five Martial God Realm experts also turned around and ran.

Seeing that even their two Martial Saint Realm experts and the five Martial God Realm experts had all fled, the others present were also frightened and prepared to escape.

A cold glint flickered in Yang Luo's eyes as he said in a trembling voice, "Can you escape?" As he spoke, Yang Luo waved the sword in his hand and slashed forward!

Swoosh!

A huge golden sword tore through the sky, carrying a monstrous sword intent and a dazzling sword light.

It slashed heavily at the two Martial Saint Realm experts and the five Martial God Realm experts who were fleeing into the distance!

"Quickly dodge!" The leading Martial Saint shouted and quickly dodged.

The others were also so frightened that they quickly dodged.

In an instant!

Rumble!

This slash directly split open more than ten houses!

Rocks and dust swept into the sky!

A Martial Saint Realm expert and three Martial God Realm experts were killed on the spot and fell into the ruins!

The other Martial Saint Realm expert and the two Martial God Realm experts dodged quickly enough.

They were not killed, but their bodies were also cut open!

“Oh my god Isn’t this kid too strong He killed a Martial Saint Realm expert and three Martial God Realm experts with a single strike?!” “Moreover the other Martial Saint Realm expert and the two Martial God Realm experts are also injured!” “This kid is too terrifying He’s really too terrifying!” “What are you waiting for!

Run!” The people from the Martial Alliance were scared out of their wits and fled in panic.

Yang Luo said in a loud voice, “Kill them all!” Then, Yang Luo, Big White, and the others moved and charged at the Martial Alliance people!

2:30 A.M.

More than 10,000 disciples of Country Sakura’s Martial Alliance had been killed!

The Martial Alliance headquarters, the Tenshou Divine Palace, had been destroyed!

They were simply unstoppable!

It was simply a sweep!

Yang Luo stood above the ruins and turned to look into the distance.

He loudly exclaimed, "Let's go to Country Oxford!" "Yes!" Ye Luange's group of six and Big White responded in unison.

Then, Yang Luo and the others' bodies flashed and turned into streams of light that flew into the distance

Chapter 1779: Overturned!

The Dark World went into an uproar again!

"Guys, did you see that?"

Even Country Sakura can't stop them.

The headquarters building and Tenshou Divine Palace have been destroyed!" "Why didn't the Sword Saint stop him?" "Does he dare to appear?"

Unless he has a death wish!" "No one can stop the Divine Emperor and the others from taking revenge now.

This world will tremble under them!" "Let us witness the last revenge of the Divine Emperor and the others!" "The Divine Emperor is invincible!"

The Divine Emperor is invincible!" The people following Yang Luo were all cheering, as if it was a carnival.

The stronger Yang Luo was, the more excited they were!

This proved that they had not misjudged him!

Their choice to stand on Yang Luo's side was the best decision!

Yang Luo's enemies were dead silent!

Was this kid really going to stand above the world?

Was there really no one who could kill this kid?

At this moment.

Country Hua.

The capital.

Hidden Dragon Pavilion headquarters.

"Haha, Brother Yang is too handsome!" Lan Xiaomeng was extremely excited.

She waved her small fists, "What Country Stars & Stripes and Country Sakura?

Can they stop my Brother Yang?

Hmph, this is the outcome of you provoking my Brother Yang!" Tian Zhen sighed and said, "Brother Yang's status in this world will climb to a new height again!" Zhuge Changfeng also said in admiration, "Brother Yang can be considered to have secured the position of the number one person in the world!" Lin Aocang looked at Yi Jiuzhou and said, "Mr.

Yi, this kid has turned Country Stars & Stripes and Country Sakura upside down.

Do we really not care?" Yi Jiuzhou sighed and said, "Elder Lin, we've been with Little Luo for so long.

You should understand his temper.

Little Luo usually did not cause trouble easily.

This time was mainly because Lawrence, Ferrand, and Masahiro Ono had really angered him this time.

These three guys captured his women and bombarded him with missiles to kill him.

Do you think he can tolerate this?

Besides, do you think we can control Little Luo now?

The reason why Little Luo listened to us was because he respected us and treated us as elders.

If we stop Little Luo now, I'm afraid Little Luo will really fall out with us." "This kid has just returned not long ago, but he's already starting to cause trouble everywhere.

I'm really impressed by him." Lin Aocang shook his head helplessly and said, "Mr.

Yi, this kid has blown things up too much.

I'm afraid that Country Stars & Stripes, Country Sakura, and Country Oxford will blow up our phones and demand an explanation." "Explanation?

Why should we give them an explanation?" Yi Jiuzhou's expression was cold, "This disaster was completely caused by them.

What has it got to do with us?

If they call again later, I will just tell them directly!

If you want an explanation, go look for Little Luo.

It's useless to look for us!" Lin Aocang nodded and said, "Alright, let them find Little Luo.

What has it got to do with us?!" After Yang Luo and the others left Country Sakura, they crossed the subregion and flew towards the Euro Domain.

Just as he was about to fly above the center of the subregion Afro Domain.

Sahara Desert.

The surroundings were silent and incomparably desolate.

But right at this moment Rumble The Eye of Sahara in the Sahara Desert suddenly shook violently!

As the ground shook, the heavy sand and rocks surged violently, raising waves of sand!

After a short period of time BOOM!

A nine-colored beam of light shot into the sky from the Eye of Sahara!

This beam of light dispersed the sea of clouds in the sky, and it was as if divine light had filled the sky!

As this beam of light dissipated, Two men and a woman appeared in the sky.

These two men and one woman were wearing strange clothes.

The decorations on their bodies were crystals that emitted various colors.

The weapons in their hands were also inlaid with crystals.

“Phew” One of the tall and thin men let out a long breath and said, “I didn’t expect to still come here after so many years.” Another short and fat man sighed and said, “In the past, this world was filled with spiritual energy and there were many races.

I didn’t expect it to become like this.” “If not for the previous battle of the gods, this world would not have become like this.” The woman shook her head and continued, “However, will the Divine Master’s prediction really come true?

Will the gods descend again?

Will this world undergo another huge change?” The thin and tall man said, “The Lord God’s prophecy can’t be wrong.

Let’s first investigate the situation of this world and report back.” The pudgy man and woman nodded.

But right at this moment The thin and tall man turned to look at the sky in the distance and said in surprise, “What powerful energy and aura fluctuations!

Could it be that there are still gods in this world?” The short and fat man narrowed his eyes and said, “This world has already become like this, but a god can still be born?” The woman immediately said, “Let’s go and take a look!” “Alright!” The two men nodded.

Then, the three of them turned into three streams of light and flew into the distance At around three in the morning.

Yang Luo’s group and Big White crossed the entire subregion and arrived at the sea area of Country Oxford in the Euro Domain.

What greeted them was the sight of hundreds of battleships parked on the sea dozens of nautical miles away from Country Oxford.

The people from Country Oxford had long known that Citigroup and Country Sakura had been attacked.

Therefore, they had made arrangements in advance to intercept Yang Luo and the others.

“Here they come!” “They’re here!” “Fire!” “Fire!” “We can’t let them break into Country Oxford!”  
“Destroy them!”

We must destroy them!” The soldiers of Country Oxford on the battleship roared.

In an instant!

Bang!

Bang!

Bang!

Countless missiles were fired at the same time, shooting towards Yang Luo and the others in an overwhelming manner!

Hundreds of fighter jets flew over from all directions and attacked Yang Luo and the others!

“Kill them!” Yang Luo let out a deafening roar.

With the Dragon Emperor Sword in hand, he condensed several layers of defense and charged forward!

Boom, boom, boom With just one collision, more than ten fighter jets were destroyed by Yang Luo’s body!

At the same time that he charged forward!

Yang Luo kept waving the sword in his hand and slashed out heavily!

The incoming fighter jets and battleships on the sea were all destroyed as well!

Ye Luange's group of six and Big White didn't hesitate to launch a fierce attack!

Chapter 1780: Battle of Adversity!

It was four in the morning.

Yang Luo and the others tore open the seven maritime defense lines of Oxford!

386 battleships and 557 fighter jets were all destroyed!

More than 50,000 people were killed!

4:30 A.M.

The headquarters building in Lun City was destroyed!

There were more than 800 casualties!

5:30 A.M.

The sky was already starting to brighten.

On the outskirts of Lun City.

At the headquarters of the Dark Judgement Team.

Yang Luo and the others stood in the sky.

Originally, there were magnificent European-style buildings here.

But now, this place had already become a mess and turned into ruins.

In the ruins, there were corpses and blood everywhere.

At this point, the entire Dark Judgement Team was completely destroyed as well!

There were more than ten thousand people dead!

At this moment!

Everyone in the Dark World fell into endless shock!

Everyone looked at the majestic figure in the video with fanatical admiration and reverence!

“My God, from yesterday afternoon to early this morning, we witnessed a magnificent feat in human history!” “The Divine Emperor led the seven gods across the entire world and defeated Country Stars & Stripes, Sakura, and Oxford in one fell swoop.

No one could stop him!” “Is this the anger of the Divine Emperor?”

Too terrifying, too terrifying.

No one can withstand it!" "The Divine Emperor is peerless.

The Divine Emperor is invincible in the world.

It's my lifetime honor to be able to follow the Divine Emperor!" The people who followed Yang Luo were cheering and shouting all over the world.

They were discussing fervently on the forum of the Dark Network.

Other than anger and unwillingness, Yang Luo's enemies only felt fear.

They also knew that no one in this world could suppress Yang Luo now.

Other than waiting for the Holy Light Pope, the Heavenly God Emperor, and the Hell Fiend Emperor to return, they had no other choice.

At this moment.

Holy Imperial Court Headquarters.

In the hall of the palace.

"Hahaha, good, well done!" "So what if there are three countries?

They were still defeated by my Brother Yang!" "This is the outcome of provoking my Brother Yang!" "After this revenge battle ends, who will dare to not submit?!" Xiang Kunlun, Bujie, and the others raised their arms and shouted, overjoyed.

Su Qingmei and the other women heaved a sigh of relief when they saw that Yang Luo was fine.

Bujie said excitedly, "When Brother Yang and the others return, let's celebrate properly!" "Of course!" Heavenly Sirius smiled and echoed.

At this moment.

Country Oxford.

In the sky above the ruins.

Yang Luo turned to look at the sky in the distance and said in a loud voice, "You three old fellows have followed us all over the world.

Aren't you planning to show yourself?" Ye Luange and the others also looked up at the sky.

Three figures flew down from the clouds in the distance and arrived in the sky.

They were Feng Jiuxi, Yuan Shengling, and Yu Wannian.

Feng Jiuxi narrowed his eyes and stared at Yang Luo, "Kid, you've really broadened my horizons.

You're still so energetic after fighting so many battles in a row.

You're indeed not simple!" Yuan Shengling also said, "I really didn't expect so many Earth Immortals to be born in the secular world.

It's really surprising!" Yu Wannian clicked his tongue and said, "You went to three countries in a row and killed hundreds of thousands of people.

Your methods are really ruthless!" Yang Luo said in a deep voice, "There's no need to say such nonsense.

Who exactly are you?" He also sensed that these three old fellows were actually at the perfected Earth Immortal Realm.

Moreover, from the way these three old fellows were dressed, it was obvious that they were not from the secular world.

However, he did not know if they were from the Kunlun Ruins or the Penglai Immortal Island.

Feng Jiuxi raised his head and said, "Kid, listen carefully.

I'm an elder of the Heaven Amplification Sect on the Penglai Immortal Island, Feng Jiuxi!" "I am the elder of the Purple Cloud Sect, Yuan Shengling!" "I'm the elder of the Purple Cloud Sect, Yu Wannian!" Yuan Shengling and Yu Wannian also reported their names.

"Heaven Amplification Sect?!

Purple Cloud Sect?!" "So it's you guys!" "Are you courting death by coming to the secular world?" Ye Luange, Song Zhixin, and Mo Qingkuang shouted angrily.

"Roar!" Big White also let out a roar.

"What are the Heaven Amplification Sect and Purple Cloud Sect?" Divine Light and Darkness asked in confusion.

Underworld Emperor and the Ice Empress were also puzzled.

Ye Luange said, "It's a long story.

I'll get Little Luo to tell you later!

In short, the Heaven Amplification Sect and the Purple Cloud Sect are our enemies!” Mo Qingkuang also said angrily, “Back then, it was the people from these two sects who seriously injured many of our brothers and almost killed Brother Yang!” Only then did the Divine Light and Darkness understand what was going on.

The Underworld Emperor exclaimed, “F\*ck, so they’re enemies.

Then what’s there to talk about?

Just kill them!” Divine Light and Darkness God and the Ice Empress were also prepared for battle.

Yang Luo looked at the three of them coldly and said fiercely, “I didn’t look for you, but you came looking for me!

Since you’re here, all of you can die!” “Hahaha” Feng Jiuxi threw his head back and laughed.

He sneered, “Kid, I know you’re very strong!

However, you’ve fought so many battles in a row.

I’m afraid your strength has long been exhausted, right?” Yuan Shengling mocked, “Brother Leng and the others didn’t kill you back then.

Letting you live for so long is already letting you off easy!

But today, you will definitely die!” “If you want to kill Little Luo, you can try!” Ye Luange held the Blue Luan Sword and took a step forward with a cold expression.

“Even if we fight a few battles in a row, we’re not afraid of you!” “If you want to fight, let’s fight.

Cut the crap!” Song Zhixin, Mo Qingkuang, Divine Light and Darkness, Underworld Emperor, Ice Empress, and Big White all took a step forward.

Yu Wannian’s eyes were filled with contempt, “The seven of you only consist of one Perfected Earth Immortal Realm, two late-stage Earth Immortal Realm, two middle-stage Earth Immortal Realm, and two early-stage Earth Immortal Realm!

As for this kid, his cultivation is at most at the perfected Earth Immortal Realm!

The three of us are all at the perfected Earth Immortal Realm!

If you were at your peak, it might be a little difficult for us to kill you!

But now, it’s as easy as flipping our hands to kill you!” “Easy?” Yang Luo immediately smiled, “You can try!” In the past year, he had fought countless adversity battles!

Therefore, what he was least afraid of was a battle of adversity!

The more adversity he faced, the more it could stimulate his potential!
