Chapter 1871: Witnessing a Historical Moment!

Therefore, it took nearly 20 minutes.

Boom!

Boom!

Boom!

Nine beams of light that flickered with various colors soared into the sky from nine directions in the mountain range!

After the nine beams of light rushed into the sky, they interweaved in the sky and formed a nine-colored light array!

In the light array, patterns intertwined and runes flickered.

An Azure Dragon totem was outlined in the center!

Yang Luo was standing above the Azure Dragon Totem.

Under the moonlight, Yang Luo was like an ancient immortal who had descended to the mortal world.

Bujie clicked his tongue and said, "I have to say that Brother Yang is really becoming more and more elegant and handsome." Big White raised its head, "Stinky monk, did you just realize that my Big Brother Yang is the most handsome!" After the array was set up, Yang Luo checked and confirmed that there was no problem.

He waved his right hand and hid the array.

Then, Yang Luo returned to the ancient boat.

Bujie said, "Brother Yang, this place is very close to our Heavenly Luo Sect.

Aren't we going back to take a look?" Yang Luo looked in the direction of the Heavenly Luo Sect and said, "Time is tight now.

We have to go to 24 places, so forget it.

In any case, we can return to the Heavenly Luo Sect at any time." Bujie teased, "Brother Yang, are you trying to learn from the Human Sovereign of the ancient era, Yu the Great, to pass by the door three times without entering?

However, Human Sovereign Yu was held up because he had to treat the water, while you were here to repair the dragon vein.

Speaking of which, you all seem to be doing good deeds that benefit the country and the people." Yang Luo said unhappily, "Alright, stop talking nonsense.

Let's go to the next place!" As he spoke, Yang Luo urged the ancient boat to fly to the next place. In the blink of an eye, three days passed.

Yang Luo and the others spent three days and three nights running all over the country before finally setting up the Hidden Dragon Array on the 99 dragon veins.

Fortunately, there were many people.

Everyone set up the array separately, so it only took three days to complete the first step.

Otherwise, it might take even longer.

On the morning of the fourth day Yang Luo and the others returned to the headquarters of the Hidden Dragon Pavilion in the capital and gathered in the conference room.

Because everyone had been busy for three days and three nights, they were a little tired.

Yi Jiuzhou looked at everyone present and said gratefully, "Thank you everyone for running around for us.

I can't thank you enough!" Lin Aocang also cupped his hands and said, "Thank you, everyone!" Li Daochen waved his hand and said, "Mister Yi, Dragon General, there's no need to thank us.

This is what we should do!" Xu Xiuyuan said loudly, "If the dragon vein can really be repaired, it will definitely benefit our descendants.

We're willing to contribute all our strength to this matter!" Sun Tongshou patted his chest and said, "That's right.

It's a great honor for us to participate in such a big matter in our lives!" Everyone was so excited that they could no longer feel their bodies' fatigue.

Yang Luo looked at everyone and sighed with emotion.

For so many years, every time Country Hua encountered danger, a group of people would stand up and offer everything they had.

Although it was not a dangerous time, everyone was willing to stand up and contribute their strength.

It was really respectful and touching.

King of Destruction sighed and said, "These people are willing to sacrifice everything for their country.

Such a country is invincible!" King of Creation, Sacred Prison King, and the others nodded, their eyes filled with admiration.

Kong Shenxian stood up and said, "Mister Yi, Dragon General, there's no time to lose.

Let's go to Kunlun Mountain now and carry out the second and third steps!" Shan Chengyun also stood up and said, "That's right.

The earlier we start, the sooner we can repair the dragon vein!" "Then what are we waiting for?

Let's go!" "I can't wait!" Everyone stood up noisily.

"Everyone, calm down!" Yi Jiuzhou hurriedly advised, "Everyone has been busy for three days and is already very tired.

It's not too late to rest for a few days before heading to Kunlun Mountain!" "Mister Yi is right!" Lin Aocang hurriedly said, "If everyone implements the next steps in their current state, the success rate will definitely be greatly reduced, so let's rest for a few days!

It won't be too late for us to set off after everyone recovers!" Zhang Zhilin also said, "That's right.

Now that the first step has been completed, there's no hurry.

Everyone, let's rest well!" Yi Jiuzhou said, "I've already booked a hotel for everyone.

Everyone, go and rest!" Everyone nodded in agreement.

After resting for two days.

On the third night.

Yang Luo and the others gathered in the Hidden Dragon Pavilion's headquarters meeting room again.

Yi Jiuzhou looked at everyone and asked, "Have you all rested well?" "Mister Yi, don't worry.

We've already rested and can set off at any time!" "Let's go quickly.

I can't wait anymore!" Everyone scrambled to speak up.

"Good!" Yi Jiuzhou nodded and said, "I've already handed the Imperial Jade Seal and the Great Yu Nine Cauldrons to Little Luo for safekeeping!

When we arrive at Kunlun Mountain later, everyone would cooperate with Little Luo and the old Celestial Master!

Also, Elder Lin and I will accompany everyone to witness this historic moment!" Hearing Yi Jiuzhou's words, everyone became even more excited.

Lin Aocang looked at his watch and said, "It's eight in the evening now.

Let's set off now!" "Let's go!!!" Everyone raised their arms and shouted.

Then, Yang Luo and the others hurriedly left the conference room and went to the rooftop.

Yi Beiming took out a blue-golden ancient boat from his storage bag and injected his True Qi, enlarging it by more than a hundred meters.

After everyone boarded the ancient boat, Yi Beiming immediately activated the ancient boat and soared into the sky, flying towards Kunlun Mountain. At around past nine in the evening Yang Luo and the others arrived at the Kunlun Mountains.

As the ancestor of all mountains, the ancestor of the dragon vein, and the source of the dragon vein, this place was vast, ancient, and majestic.

Yi Jiuzhou and Lin Aocang descended from a plateau not far from Kunlun Mountain.

Yang Luo and the others arrived at a huge mountain in the center of Kunlun Mountain.

Everyone jumped down from the ancient boat and landed on the mountaintop.

Now that they were finally about to officially start repairing the dragon vein, everyone was excited, nervous and filled with anticipation.

Whether he could successfully repair the dragon vein this time depended on this!

Yi Beiming looked at Yang Luo and Zhang Zhilin and said, "Little Luo, Celestial Master Zhang, let's begin.

We'll completely cooperate with you!" "Good!" Yang Luo and Zhang Zhilin nodded.

Bujie said excitedly, "It's starting, it's starting.

We're finally going to officially start repairing the dragon vein.

I wonder what kind of strange scene will appear!" Mo Qingkuang, Xiang Kunlun, Xu Ying, Lin Wenxuan, and the others were also very excited and expectant.

Then, Yang Luo and Zhang Zhilin walked to the center of the mountain and stood facing each other.

Zhang Zhilin smiled gently and asked, "Little Luo, are you ready?" Yang Luo said in a firm voice, "Master, I'm ready!" "Then let's begin!" Zhang Zhilin said loudly.

Right after he finished his sentence Yang Luo and Zhang Zhilin trembled!

In an instant!

Boom boom!

Two golden beams of light shot into the sky from the two of them, piercing through the clouds

Chapter 1872: The Country Is Shocked!

Then, Yang Luo waved his right hand and shouted!

"The Imperial Ruler's Seal!" "Great Yu Nine Cauldrons!" The heirloom seal and the nine treasured cauldrons flew out of Yang Luo's storage ring and floated above everyone!

Yang Luo and Zhang Zhilin mobilized the True Qi in their bodies at the same time and injected it into the Imperial Jade Seal and the nine treasure cauldrons!

In an instant!

Clink clink clink!

The Imperial Jade Seal and the Dayu Nine Cauldrons soared into the sky!

The heirloom seal was in the center, and nine treasured cauldrons surrounded it like stars surrounding the moon!

Yang Luo said loudly, “Everyone, anyone who can fly will follow me and Master to set up an array formation in the sky!

The rest of you stay below to support!” “Alright!” Everyone immediately chorused out.

Then, Yang Luo and Zhang Zhilin tapped the ground and soared into the sky.

Master Xuanku, Yi Beiming, Mo Guishan, Lin Wuwang, Ye Luange, Mo Qingkuang, and the other True Immortals and Earth Immortals also flew into the sky.

Big White also expanded its body and flew into the sky.

Xiang Kunlun and the others who had yet to step into the Earth Immortal realm stood on the mountaintop and waited for orders at any time.

After everyone flew into the sky Yang Luo said loudly, “Everyone, stand according to the positions of the various array cores of the Heaven and Earth Origin-Returning Array!” Zhang Zhilin reminded, “Everyone, you have to be careful.

Nothing must go wrong!” “Yes!” Everyone immediately chorused out.

Previously, everyone had understood the Heaven and Earth Origin-Returning Array, so they knew the location of the various array cores.

Yang Luo and Zhang Zhilin stood two positions below the imperial seal and the nine cauldrons.

Master Xuanku, Yi Beiming, and all the other True Immortals stood at the array cores around the two of them.

Ye Luange, Song Zhixin, and the other Earth Immortals stood at the outermost array cores.

Xiang Kunlun and the others on the mountaintop also stood according to the position of the array core.

Yi Jiuzhou and Lin Aocang, who were standing on the distant plateau, looked into the sky and could not help but clench their fists.

Yang Luo asked loudly, "Everyone, are you standing at your positions?" "We're ready!" Everyone responded loudly.

"Alright!" Yang Luo nodded, "Then, let's start setting up the array now!" For a moment Yang Luo, Zhang Zhilin, and the others continuously mobilized the energy in their bodies.

Everyone's bodies flickered with dazzling light.

Then, Yang Luo stepped down from the air and roared, "Set up the array formation!" Everyone chanted the incantation in their hearts and waved their hands to send out the energy.

In an instant!

Beams of light containing powerful energy interweaved in the sky, forming a huge array formation that enveloped hundreds of mountains below!

Mysterious array patterns and runes that filled the sky flickered in the sky, incomparably gorgeous!

The imperial seal and the nine treasured cauldrons above the array also flickered with a dazzling light and slowly rotated!

Zhang Zhilin shouted, "Everyone, you must maintain the operation of the array.

The energy must not be cut off!" "That's right!" Yang Luo nodded and said, "Once the energy is cut off, everything we've done will be wasted!

This process will take a long time.

Everyone, you have to hold on!" "Understood!" Everyone nodded in agreement.

Then, everyone on the mountaintop above and below continuously mobilized their energy and transferred it into the array to maintain the continuous operation of the array!

This continued for half an hour.

After the array was completely stabilized, Yang Luo said in a loud voice, "Everyone, the main array, the Heaven and Earth Origin-Returning Array, has stabilized.

You can activate all the supporting arrays!" "Alright!" Everyone responded.

Then, everyone continued to maintain their energy and chanted the incantation in their hearts.

Yang Luo, Zhang Zhilin, and the others, who were standing in the sky, raised their hands and strummed the runes in the array!

As the runes fluctuated!

In an instant!

BOOM!

A huge beam of light that flickered with various colors soared into the sky from the Heaven and Earth Origin-Returning Array!

After the beam of light rushed into the sky, it instantly split into 99 beams that streaked across the night sky and shot in all directions, heading straight for each auxiliary array, the Hidden Dragon Array!

Time passed slowly.

Ten minutes later.

Suddenly!

Boom!

Boom!

Boom!

Nine-colored beams of light soared into the sky from the mountains, forests, rivers, and lakes in various parts of the Hua Nation!

These were the locations of the Dragon Veins!

There were 99 beams of light, as if they were supporting the sky and the ground.

It was extremely spectacular!

Because the commotion was too great, it alarmed the people everywhere in the Hua Nation.

Many people took photos and videos and posted them on Tieba, forums, and various short video apps.

For a moment, there was a heated discussion on the Internet, causing a huge earthquake.

“Holy sh*t, did something happen tonight?”

Why are there so many beams of light shooting into the sky?!” “Could it be some supernatural event?”

Or is it an alien invasion on Earth?

Or is the mighty cultivator of our generation cultivating some divine technique?!” “Looks like I can’t hide it anymore.

That’s right, I’m a cultivator hidden in the mortal world.

Tonight, I was cultivating a divine technique and accidentally caused such a huge commotion!

“Fellow Daoists who want to cultivate, quickly register.

I’m not asking for 998 dollars, just 98.

Bring the cultivation technique home!” “I’m an expert in meteorology.

This is a normal natural phenomenon.

Everyone, don’t panic!” “A brick master1 In this day and age, the last thing you can trust is a brick master!” “Hello, everyone.

I’m an outdoor adventure streamer.

Now, I’ll bring everyone to solve the mystery!” Everyone began to make all kinds of guesses at night.

Some people were teasing, and many experts and professors analyzed it logically.

There were also many streamers who started to freeload on the traffic and said that they wanted to go to the event location to solve the riddle.

There were also many night owls who were prepared to take a look personally.

However, Lin Aocang had long informed the Hidden Dragon Pavilion's branches all over the country and sent people to guard the vicinity of all the dragon veins.

Anyone who approached was stopped.

Furthermore, no matter how the citizens asked, the members of the Hidden Dragon Pavilion did not give any answers.

However, it was precisely because of this This matter intensified.

The commotion on the Internet got even greater.

"F*ck!

Brothers, the higher-ups actually specially sent people to guard the vicinity of the mysterious phenomenon and not allow anyone to approach!" "That's right.

I was about to take a look just now when I was stopped!" "D*mn!

This is clearly a situation.

Could it be that they're developing a new weapon?!" "I don't think so.

How can ordinary weapons cause such a huge commotion?

This phenomenon is happening all over the country now!” “I wonder what other magical phenomena will happen next.

I’m really looking forward to it!” The internet was in an uproar.

At this moment.

Kunlun Mountain.

One by one, calls were made to Yi Jiuzhou and Lin Aocang’s phones.

All the departments were asking what had happened tonight.

Yi Jiuzhou and Lin Aocang did not give an answer.

They only told everyone to do their own things and not say anything they should not say.

Expert in Chinese shares the same sound as Brick Master.

Chapter 1873: Definitely Can’t Give Up!

Mount Kunlun.

In the central area.

As the main array, the Heaven and Earth Origin-Returning Array, and all the supporting arrays, the Hidden Dragon Array, were activated, The beam of light shot out by the main array and the 99 beams of

light shot out by the 99 auxiliary arrays interweaved in the sky and gradually condensed into an Azure Dragon totem.

This Azure Dragon totem was ancient, magnificent, mysterious, and covered the entire sky of Country Hua.

It even spread out waves of powerful and vast dragon might and dragon qi, causing one's mind to surge.

Bujie could not help but exclaim, "What the f*ck, when the main array and all the auxiliary arrays are activated at the same time, such a strange scene actually appeared?!"

The Azure Dragon Totem covers the sky.

It's simply awesome!" Ning Jianfeng also said excitedly, "This scene is really amazing.

I wonder if I'll be able to see it a second time in my life!" The others present were also shocked.

Everyone stared at the sky and could not even speak.

Of course, other than being shocked, everyone was more proud.

After all, they had all participated in this shocking feat the entire time.

Even Bujie and the other cultivators were shocked.

As for the citizens all over the country, they were even more shocked.

Everyone picked up their phones and cameras to take photos and videos and uploaded them online again.

The Internet went through another surge of comments.

“Oh my god, another strange scene has appeared.

Just now, it was only a beam of light that soared into the sky, but now, another Azure Dragon totem has appeared in the sky!” “Does no one really know what happened tonight?” “I don’t know.

Is this strange scene really a natural phenomenon?

It doesn’t look like it no matter how I look at it!” “Since it’s not a natural phenomenon, could it be man-made?

Who could cause such a huge commotion?” “I keep feeling that this matter is not simple.

I reckon that there will be even more magical scenes in the future!” Just as everyone was discussing fervently on the Internet, In the sky above the center of Mount Kunlun.

Yang Luo said loudly, “Everyone, now that the array is completed, what everyone needs to do next is to mobilize the energy in your bodies and transmit it into the array to repair the dragon vein!” “Yes!!!” Everyone responded in unison.

In the following period of time Everyone kept mobilizing the energy in their bodies and transferred it into the main array.

The imperial seal and the nine cauldrons also surged with energy and entered the main array.

After all, the Imperial Jade Seal and the Great Yu Nine Cauldrons were both national divine artifacts.

After so many years of inheritance, they had long absorbed a vast amount of Heaven and Earth Spirit Energy.

This was also the reason why he had to rely on the Imperial Jade Seal heirloom and the Great Yu Nine Cauldrons to repair the dragon vein.

After all, the energy of Yang Luo and the others alone was not enough.

At this moment.

The energy of the Imperial Jade Seal and the Great Yu Nine Cauldrons flowed into the array continuously.

Yang Luo and the others also continuously transferred the energy in their bodies into the array.

The main array transmitted this tsunami-like energy to the Azure Dragon Totem in the sky, and the Azure Dragon Totem distributed the energy to every auxiliary array.

The auxiliary formation transmitted energy into the dragon veins.

Just as Yang Luo had said, this process would take very long.

Time slowly passed.

Unknowingly, an hour had passed.

Because it required an uninterrupted transmission of energy, the energy consumption was extremely high.

In just an hour, many people on the mountaintop could not hold on anymore.

“Huff huff” Everyone panted heavily, sweat appearing on their foreheads.

“Everyone, hold on a little longer!” “We must persevere until the end!” “We can’t give up!” Everyone cheered each other on.

Another hour passed.

“I’m sorry, everyone.

I can’t take it anymore!” “It’s all my fault for being weak and not being able to help everyone much!” Many people slumped to the ground, unable to get up.

As the number of people decreased, the others on the mountaintop and in the sky had to mobilize more energy and transmit it into the array.

This was undoubtedly a difficult challenge for the remaining people.

It consumed even more energy from those remaining.

At this moment.

On the distant plateau.

As they watched everyone slumping to the ground Yi Jiuzhou and Lin Aocang’s hearts skipped a beat.

Lin Aocang exclaimed, “Not good.

If this continues, I’m afraid everyone won’t be able to last until the end!” Yi Jiuzhou frowned and said, “We have to quickly call more people over to help.

Moreover, the ones who have to help must be cultivators!” “Alright!” Lin Aocang responded and said, “I’ll call the people from the Wudang, Shaolin, and Emei sects now and ask them to send someone over quickly!” “Let’s do it like this then!” Yi Jiuzhou nodded.

Then, the two of them took out their phones and made calls to ask for help.

After making the calls, Yi Jiuzhou and Lin Aocang waited anxiously.

After all, they did not know that it would be so difficult to repair all the dragon veins.

Otherwise, they would have asked more people to help in advance.

Of course, even Yang Luo and Zhang Zhilin did not expect it to be so difficult.

This was also their first time repairing the dragon vein, so they had no experience at all.

Unknowingly, another half an hour passed.

There were even more people on the mountaintop who could not hold on.

Yang Luo and Zhang Zhilin, who were standing in the sky, felt a huge pressure.

Fortunately, Yang Luo, Zhang Zhilin, and the others were all immortals, so everyone could still withstand it.

Then, another half an hour passed.

Everyone on the mountaintop could not take it anymore and slumped to the ground.

Now, only Yang Luo and Zhang Zhilin were still resisting in the sky.

The pressure on everyone increased again.

“Little Luo, Celestial Master Zhang, I feel that the energy in my body has been consumed too much.

I’m afraid I can’t hold on for long!” “There are fewer and fewer people who can maintain the array now.

What should we do?” “We have to think of a way.

Otherwise, all our efforts will be in vain!” The various families and elders gritted their teeth and spoke.

Everyone looked tired and their foreheads were covered in sweat.

At this moment.

Yi Jiuzhou and Lin Aocang’s voices came from afar.

“Please hold on a little longer.

We’ve already called someone over to help!” “Everyone, please hold on a little longer.

Please!” Hearing the voice, everyone’s mood calmed down a little.

Yang Luo said, “Everyone, quickly take the pills to replenish your Qi.

You must hold on until the reinforcements arrive!” “Alright!” Zhang Zhilin and the others nodded in agreement.

Then, Yang Luo and the others took out pills to replenish their Qi and swallowed them before continuing to support themselves.

Time was still passing.

Another hour passed quickly.

"I'm sorry, everyone.

I really can't take it anymore!" "I'm sorry, I can't take it anymore!" "It's a pity that my cultivation level is not high enough and my energy is not strong enough!" "Everyone, I'm sorry" The family heads and elders could no longer withstand it.

They fell from the sky and landed on the mountain.

In the end, even Lin Wenxuan, Big White, the Underworld Emperor, and the Ice Emperor couldn't take it anymore and fell.

As time passed, the number of people continued to decrease.

The pressure on Yang Luo, Zhang Zhilin, and the others increased

Chapter 1874: Hundred Dragons Soar!

Until a little past one in the morning.

In the air, only Yang Luo, Zhang Zhilin, Master Xuanku, Yi Beiming, and the other True Immortals were still resisting head-on, maintaining the operation of the main array and the 99 auxiliary arrays.

However, even though Yang Luo and the others were True Immortals, they could not maintain the operation of so many array formations for a long time.

Most importantly, not only did they have to maintain the operation of the array formation, but they also had to repair the dragon vein.

This consumption of energy was terrifying.

Everyone was trembling all over, and beads of sweat appeared on their foreheads.

Their faces had begun to turn pale.

“Not good, Mr.

Yang and the old Celestial Master can’t hold on anymore!” “We have to help.

Otherwise, the plan to repair the dragon vein will end in failure!” Seeing this, everyone who was regulating their breathing and recovering on the mountaintop gritted their teeth and spoke.

They wanted to stand up and continue helping, but because they were exhausted, they could not stand up at all.

Time was still passing.

Not long after.

Several elders at the early-stage True Immortal Realm couldn’t withstand it anymore and fell from the sky, landing on the mountaintop.

As the number of people continued to decrease, the energy flowing into the main array also decreased greatly.

The energy transmitted to each auxiliary array was also greatly reduced.

In fact, more than half of the auxiliary arrays had become much dimmer, as if they would dissipate at any moment.

Soon, it was past two in the morning.

All the early-stage True Immortal elders and a few middle-stage True Immortal elders couldn't take it anymore.

They left the array and fell.

Even Yang Luo, Zhang Zhilin, and Master Xuanku could not take much more.

At this moment.

All the auxiliary arrays dimmed, and so did the Azure Dragon totem in the sky.

"It's over, it's over It's really over!" "It's too difficult for us to repair all the dragon veins alone!" "Didn't Mr.

Yi and the Dragon General say that they had called for help?

Why aren't they here yet?" The people on the mountaintop became even more anxious.

On the distant plateau, Yi Jiuzhou and Lin Aocang were also anxious.

However, other than feeling anxious, they could not help at all.

By three in the morning Yang Luo, Zhang Zhilin, and the others had already reached their limits.

Their faces had already turned pale, and their bodies swayed as sweat flowed down uncontrollably.

However, Yang Luo and the others still did not give up and persisted.

All the auxiliary arrays and even the main array had dimmed and were about to dissipate.

The people on the mountaintop, Yi Jiuzhou and Lin Aocang in the distance, all had red eyes and tears welled up in their eyes.

They could also tell that Yang Luo, Zhang Zhilin, and the others were relying on their beliefs to persevere.

However, they probably could not hold on for much longer.

“Looks like this plan is really going to fail!” “What a pity, what a pity!” “If we had made sufficient preparations, it wouldn’t be so difficult!” Everyone sighed deeply, pounding their chests and stamping their feet in lament.

However, at this moment “Mr.

Yang, Old Celestial Master, we’re here!” “Sorry, we’re a step too late!” “Wudang Sect is here to help!” “Shaolin Temple is here to help!” “Emei is here to help!” Hearing these voices, Yi Jiuzhou, Lin Aocang, and the others turned around.

A large group of people ran over from all directions.

They were the sect masters, elders, and Protectors of the Wudang Sect, the Shaolin Temple, the Emei Sect, the Kunlun Sect, the Huashan Sect, the Kongtong Sect, the Sky Mountain Sect, and the Witch God Sect.

Master Kongji of the Shaolin Temple, Xiao Ruoshui of the Emei Sect, Gu Xiuyuan of the Kunlun Sect, and Miao Tianhong of the Witch God Sect were among them.

There were thousands of people.

They were all the main forces of the various sects.

“They’re here, everyone is finally here!” “Everyone, hurry up and go up the mountain to help Mr.

Yang and the old Celestial Master!” “There’s no time.

Hurry, hurry!” Xiang Kunlun and the others shouted in surprise.

In the sky, Yang Luo, Zhang Zhilin, and the others also saw Master Kongji and the others arrive.

They were excited.

“Alright!” “Hurry up and go up the mountain!” Master Kongji, Xiao Ruoshui, and the others quickly used their qinggong and began to climb the mountain.

Not long after, everyone finally reached the top of the mountain.

Under the guidance of Xiang Kunlun and the others, Master Kongji, Xiao Ruoshui, and the others hurriedly entered the array and stood at the eye of each array position.

Then, thousands of people mobilized the energy in their bodies at the same time and transferred it into the main array.

As waves of overwhelming energy surged in, Yang Luo, Zhang Zhilin, and the others immediately felt the pressure decrease.

The main formation and all the auxiliary formations seemed to have been reborn as they flickered with a dazzling light again.

Energy crazily surged into the auxiliary arrays along the main array and into the dragon vein.

At this moment.

The people who were originally sitting on the ground on the mountaintop also supported themselves to stand up.

They joined the array and began to pour all their energy into it.

Time continued to pass.

Until four in the morning!

Suddenly!

“ROAR!” A loud dragon roar sounded in the world of Kunlun Mountain.

Under everyone’s watchful eyes.

A huge illusion of a golden dragon soared into the sky from the dragon vein of Kunlun Mountain and soared in the sky!

This scene shocked everyone present!

After all, no one expected such a scene to happen!

“A golden dragon soaring into the sky Could it be that the dragon vein of Kunlun Mountain has already been repaired!” “It must be It must be We’re finally about to succeed!” “Hahaha Everyone’s efforts were not in vain Good, good!” Everyone was overjoyed and cheered loudly.

As the first golden dragon soared into the sky!

“Roar, roar, roar!” Dragon roars sounded everywhere in Country Hua.

Illusions of golden dragons soared into the sky from the mountains, forests, rivers, lakes, and other dragon veins!

In addition to the two golden dragon illusions of Kunlun Mountain and Changbai Mountain, there were a hundred of them, which corresponded to a hundred dragon veins!

A hundred huge golden dragon illusions soared in the sky, below the Azure Dragon Totem like a hundred true dragons.

They were magnificent and breathtaking!

“Hundred Dragons Soar!

All the dragon veins have been repaired!” “Hard work pays off.

We’ve succeeded.

We’ve really succeeded!” “Our efforts were not in vain.

We successfully repaired all the dragon veins!” “It’s my lifelong honor to be able to participate in this operation.

I have no regrets in this life!” Everyone cheered and tears flowed.

“F*ck!

F*ck!

A hundred dragons soaring.

It's simply amazing!" Bujie was extremely excited.

He sat on the ground and shouted.

"Roar!" Big White also collapsed to the ground and roared.

Ye Luange, Song Zhixin, Xiang Kunlun, Mo Qingkuang, and the others all smiled.

They couldn't hide the shock in their eyes.

Yi Jiuzhou and Lin Aocang also looked at the sky.

Looking at the scene of the hundred dragons soaring, they were shocked and felt proud.

Success!

All the dragon veins had really been successfully repaired!

Chapter 1875: May My descendants be like dragons!

At this moment.

The entire country was in an uproar.

People from all over the country ran to the streets, roofs, mountains, and other places to look at the sky.

Everyone who witnessed this scene was shocked and excited!

After all, this scene was too majestic and magnificent!

It was simply unprecedented and rare!

The moment the photos and videos were posted online, the Internet exploded!

“Oh my god, although I guessed that something big would happen tonight and that a strange scene would appear, I didn’t expect it to be such an amazing scene!” “Hundred Dragons Soaring, it’s actually 100 dragons soaring in the sky.

Is there really a dragon in the world?!” “We’re all descendants of dragons.

I believe that there must be dragons in the world!” “Does this mean that our Country Hua is going to take off completely?!” “Oh my god, what exactly happened tonight?

Why are there magical scenes one after another?!” “There must be a group of hidden experts we don’t know about doing something shocking tonight!” “Why do you say that, brother?” “Listen to me slowly” The public flooded Weibo, forums, Tieba, and short video apps once more.

The popularity reached the top of various trending topics.

At this moment.

Kunlun Mountain.

Yi Jiuzhou stood with his hands behind his back and said passionately, “May all the descendants of the Yan Emperor be like dragons!” “May all the descendants of the Yan Emperor become dragons!” Lin Aocang also shouted.

“May all the descendants of the Yan Emperor be dragons!” Yang Luo, Zhang Zhilin, Master Xuanku, and the others shouted.

Even the King of Creation, the Sacred Prison King, and the others, who were not descendants of Yan Emperor, were infected by everyone’s emotions and shouted together.

Not long after.

A hundred golden dragon illusions fused in the sky and gradually turned into nine even larger golden dragon illusions.

“Eh, Brother Yang, why did a hundred dragons turn into nine?” Tantai Puti asked Yang Luo in the sky.

Ji Longyue and the others also looked at Yang Luo curiously.

Yang Luo explained, “The nine dragons represent the nine provinces of Country Hua.” Yi Beiming also said, “The former Country Hua was also called the Nine Provinces.” “Oh” Everyone nodded in realization.

After that, the nine golden dragon illusions fused again and transformed into three even larger golden dragon illusions.

“Then why are there three now?” Baili Wushuang asked in confusion.

Yang Luo explained, “This represents the three main dragon veins that exist in Country Hua, the Northern Dragon, the Middle Dragon, and the Southern Dragon!” “I see.” They nodded again.

After some time The three golden dragon illusions fused again and transformed into a huge golden dragon illusion.

This golden dragon illusion was so huge that it directly enveloped the entire sky of the Country Hua.

The dragon head faced Kunlun Mountain, and the dragon tail extended to the eastern sea.

Everyone who was paying attention to this matter saw the strange scene that kept changing in the sky.

The shock in everyone's hearts came wave after wave.

No matter how many years passed in the future, no one would forget the magical scene they saw tonight.

"Brother Yang, why did it become one again?" Ning Jianfeng asked.

Yang Luo said loudly, "This mighty and domineering golden dragon represents our Country Hua!" Even before their voices faded!

"Anng!!" This incomparably huge golden dragon illusion let out an earth-shattering dragon roar.

Then, this golden dragon illusion soared into the sky and swooped down, flying into the ground.

At that moment Rumble It was as if the entire country had caused a huge earthquake!

Fortunately, the earthquake only lasted for a few minutes before stopping.

There were no casualties.

The moment this golden dragon illusion flew into the ground.

The Azure Dragon totem that enveloped the sky slowly dissipated.

The beams of light that soared into the sky from the mountains, forests, rivers, and lakes slowly dissipated.

The main array, the Heaven and Earth Origin-Returning Array, and all the auxiliary arrays, the Hidden Dragon Array, had also dissipated.

The world returned to calm.

However, be it Yang Luo and the others in the Kunlun Mountains, Or perhaps, the people watching this strange scene all over the country did not recover for a long time.

The shocking scene just now still appeared in everyone's minds and could not dissipate for a long time.

"It's over.

All the wonders are over.

It's really too shocking!" "Isn't that so?

Even the best movie special effects can't produce such an effect!" "To be able to witness such a strange scene in my life, I didn't live in vain!" The citizens sighed.

Around five in the morning.

Kunlun Mountain.

Yang Luo, Zhang Zhilin, and the others flew down from the sky and landed on the mountaintop.

However, as soon as they landed, Yang Luo and the others felt a little unsteady and their bodies swayed.

“Brother Yang!” “Old Celestial Master!” “Elder Beiming!” Everyone was shocked and hurriedly rushed over to support Yang Luo and the others.

Yang Luo raised his hand and said, “Everyone, don’t worry.

We’re just severely exhausted.

We’re fine.” Zhang Zhilin also said, “We only need to regulate our breathing and recover for a few hours.” Yang Luo let out a long breath and said loudly, “Everyone, regulate your breathing and recover!” “Alright!” Everyone responded loudly.

Then, Yang Luo and the others sat cross-legged on the mountain.

They took out pills and swallowed them.

They began to circulate their energy to regulate their breathing and recover.

On the distant plateau, Yi Jiuzhou and Lin Aocang waited quietly for everyone.

Time passed slowly.

Unknowingly, the night dissipated and dawn arrived.

Early in the morning The sun had just risen, and everything was revived.

Yang Luo and the others woke up one after another.

After a few hours of recuperation, everyone's strength had almost recovered.

Li Daochen sighed and said, "I still can't forget everything that happened last night!" Xu Xiuyuan nodded and said, "That's right.

It's like a dream.

I can't even dream of such a strange scene!" Everyone was also filled with emotions and could not calm down.

Bujie looked around and said in confusion, "Brother Yang, didn't you say that after all the dragon veins are repaired, the spiritual qi and dragon qi of the Country Hua would completely recover?

But why do I feel that there are no changes?

Has the dragon vein really been repaired?" The others present also felt that nothing had changed.

Many people also wondered if the dragon vein had been repaired.

"Is there really no change?" Yang Luo smiled and said, "Don't you think that the spiritual energy in the Kunlun Mountains is more abundant than before?" Bujie sensed it and was shocked, "Damn, it's true.

The spiritual energy here seems to be more abundant than before!" Everyone also sensed carefully and realized that the spiritual energy in Kunlun Mountain had become even more abundant.

Yang Luo continued, "Moreover, it's not only Kunlun Mountain now.

The Spirit Qi and Dragon Qi across the country is gradually recovering.

However, because the dragon vein had just been repaired, it would take some time for the spiritual qi and dragon qi to recover.

However, I believe that it won't be long before the spiritual qi and dragon qi of the entire Country Hua will recover."

Chapter 1876: Nameless Hero!

"Really?!" Gu Xiuyuan asked excitedly, "Doesn't that mean that it will be easier for us Martial Warriors to cultivate in the future?!" Excitement appeared on the faces of Li Daochen, Master Kongji, Xiao Ruoshui, Miao Tianhong, and the others.

"Of course." Yang Luo nodded and said with a smile, "When the time comes, everyone won't have to search for cultivation treasures everywhere.

After all, as long as the spiritual energy and dragon qi are completely recovered, any place will be a cultivation treasure land.

Everyone can cultivate at any time." "If that's really the case, that would be great!" "That's right.

As long as there's enough spiritual energy, more experts will be born in our Hua Nation's cultivation world in the future!" "Our various sects will become stronger and stronger.

In the future, those foreign aptitude users will probably not have the guts to come to our Country Hua!" The sect masters, elders, and Protectors of the various sects were extremely excited.

Yang Luo continued, "As long as the spiritual energy and dragon energy are completely recovered, not only will it be beneficial to the cultivators, but it will also be beneficial to millions of us.

At that time, the air would become fresher and fresher, and the mountains and rivers would thrive and be filled with vitality.

Moreover, the natural disasters in the country will also be greatly reduced.

It's only a matter of time before we really take off and stand at the top of the world again." "Yes!" Everyone nodded heavily, their eyes filled with anticipation.

This was also the reason why they had to do their best to repair all the dragon veins.

Yang Luo smiled and said, "Everyone, don't make Mr.

Yi and the Dragon General wait.

Let's go over!" Then, Yang Luo and the others sat on ancient boats and flew down the mountaintop to the plateau where Yi Jiuzhou and Lin Aocang were.

"It's been hard on everyone!" "It's all thanks to everyone that the dragon vein can be repaired!" Yi Jiuzhou and Lin Aocang hurriedly welcomed them.

"On behalf of all our descendants, I thank everyone!" Yi Jiuzhou bowed deeply to everyone present.

"Thank you, everyone!" Lin Aocang also bowed deeply to everyone.

Yang Luo went forward to help the two of them up and said, "Mr.

Yi, Dragon General, you don't have to thank me!

"We are all people from Hua.

It is our honor to contribute to our country!" "That's right.

Moreover, what we do can benefit our descendants for generations to come.

That's a supreme honor!" "Moreover, the repair of the dragon vein will also be of great help to us.

It can be considered to be beneficial to others and ourselves!" Everyone spoke out one after another.

Yi Jiuzhou sighed and said, "But everyone has done such a big thing, but we can't let the people know.

Everyone can only be nameless heroes." "It's fine.

The fewer people who know about this, the better!" "That's right.

We've never thought of becoming famous when we did this!" "As long as we can benefit our descendants, we'll be very happy!" Everyone expressed that they were fine.

Yi Jiuzhou and Lin Aocang's eyes turned red as they nodded heavily.

With such a group of people in the Hua Nation, how could they not rise up and soar?

At this moment.

Yi Beiming walked out and said, "Jiuzhou, Elder Lin, since the dragon vein has been repaired, our mission is considered completed.

Now, it's time for us to return to the Kunlun Ruins." Yang Luo asked, "Elder Beiming, are you leaving so soon?" Lin Aocang also tried to persuade them to stay, "Why don't everyone stay for a few more days?" Yi Beiming smiled faintly and said, "We've been in the secular world for a month.

It's time to return to the Kunlun Ruins." Mo Guishan also said, "The sect should have many things to deal with now.

We have to go back quickly." Lin Wuwang and the others also expressed that they wanted to leave now.

Yang Luo nodded and said, "Alright, since seniors have something to do, I won't hold you back." Yi Hanshan smiled and said, "Little Luo, we can meet again when you come to the Kunlun Ruins." Yang Luo nodded and said, "Alright, I'll go over after I'm done here." After all, he still had to go to the Kunlun Ruins to train and continue to become stronger before saving Senior Sister.

Moreover, he was also very curious about the Penglai Immortal Island.

Perhaps there were many training places on the Penglai Immortal Island as well.

If he went there, he might be able to continue increasing his strength and make some like-minded friends.

At this moment, the crisis in the secular world had yet to be resolved.

The Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan might attack at any time.

He had to be strong enough to make more friends in order to have the strength to resist these three races.

The family head of the Vermillion Bird Family, Tantai Zhengyang, turned to look at Tantai Puti and said, "Puti, why don't you return with us?"

We won't be at ease if we leave you here.

If you cause trouble here, we will have to clean up your mess." "That's right.

It's better for you to go back with us!" "We're really worried about leaving you little Demon Kings here!" The other family heads nodded as well, wanting to bring Ning Jianfeng and the others back to the Kunlun Ruins.

Tantai Puti immediately replied coquettishly, "Father, I haven't had enough fun.

I'll naturally return when I'm done!" "Father, go back first.

When the time comes, we'll go to the Kunlun Ruins with Brother Yang!" "Don't worry, we definitely won't cause trouble in the secular world!" "That's right, that's right.

We just want to walk around and play!" Ning Jianfeng, Qin Zhanhuang, and the others also voiced out, unwilling to return now.

Yang Luo smiled and said, "Seniors, with me controlling them, they won't do anything rash.

After I'm done with the matters here, I'll bring them to the Kunlun Ruins." Yi Hanshan thought for a moment and said, "Forget it.

Since you've said so, Little Luo, let these brats stay here for a few more days." Tantai Zhengyang said, "Little Luo, I'll have to trouble you to discipline these brats." "Sure!" Yang Luo nodded.

After Yi Beiming and the others greeted everyone, they soared into the sky and flew into the depths of Kunlun Mountain.

"Goodbye, Father!" "Goodbye, Elder!" "I'll miss you!" Tantai Puti, Ning Jianfeng, and the others waved goodbye pretentiously.

However, after Yi Beiming and company completely flew away, Tantai Puti and company cheered happily.

"Haha, I'm finally free!" "Oh my god, the family head and elders have finally left.

Finally, no one cares about us!" "I want to play to my heart's content for the rest of the time!" Seeing everyone's excited expressions, Yang Luo was caught between laughter and tears.

But thinking about it, it made sense.

Although Tantai Puti and company were immortal cultivators, they were ultimately a group of young people.

They were naturally curious about all kinds of new things and were naturally very playful.

“Mister Yi, Dragon General, Mister Yang, Old Celestial Master, we’ll take our leave first!” Li Daochen and the others also cupped their hands and left the Kunlun Mountains.

Zhang Zhilin looked at Yang Luo and said, “Little Luo, Xuanku and I will leave first.

If anything happens in the future, you can contact us at any time.” “Alright, Master.” Yang Luo nodded.

Then, Zhang Zhilin and Master Xuanku also soared into the sky and flew away.

Chapter 1877: My Father Doesn’t Bully Me!

After everyone left Yi Jiuzhou looked at Yang Luo and sighed, “Little Luo, you’re indeed our country’s Unparalleled State Warrior.

We’re proud of you!” Lin Aocang chuckled and said, “I didn’t misjudge you.

You’re indeed a top-notch man!” Yang Luo laughed dryly and said, “Mr.

Yi, Dragon General, don’t flatter me.

In the future, as long as the two of you don’t pull me in as a laborer, it’ll be fine.” Yi Jiuzhou and Lin Aocang looked at each other and laughed.

“Kid, why don’t you go to the capital to play for a few days?” Lin Aocang asked.

Lan Xiaomeng also smiled and said, "That's right, Brother Yang.

Go to the capital and play with us!" Feng Lengyue pinched Lan Xiaomeng's little face, "You still want to play?

Have you finished your mission?" Upon hearing this, Lan Xiaomeng's head drooped.

Yang Luo smiled and said, "Dragon General, in the following period of time, I'll bring Bodhi and the others to the Heavenly Luo Sect.

Then, I'll return to Jiang City and not go to the capital." "Alright." Lin Aocang nodded, "Anyway, the world is huge.

You can go anywhere." Mo Qingkuang said, "Brother Yang, I'm going back to the capital to deal with the Hidden Dragon Pavilion's matters.

If there's anything, you can contact me at any time." "Okay." Yang Luo nodded in agreement.

Then, Mo Qingkuang put away the Imperial Jade Seal and the Great Yu Nine Cauldrons and flew away on an ancient boat with Yi Jiuzhou and the others.

After everyone left, only Yang Luo and the others were left.

Xiang Kunlun said to Yang Luo, "Brother Yang, we'll return to the Holy Imperial Court first.

"The battle has just ended.

There are still many things waiting for us to deal with." "You guys go ahead.

I'm staying for a few days." Goddess of Fate walked out.

Heavenly Sirius teased, "Natasha, you've just confirmed your relationship with Brother Yang.

Do you have to be so clingy?

If the women are too clingy, the men will be annoyed!" Goddess of Fate's pretty face turned cold, "Are you looking for a fight again?" Heavenly Sirius hurriedly shut his mouth and took a few steps back.

Seeing the cowardice displayed by Heavenly Sirius, the King of Destruction and the others burst into laughter.

Yang Luo smiled and said, "Brothers, I'll leave the Holy Imperial Court to you.

If there are any problems that you can't handle, you can contact me at any time." "Okay." Xiang Kunlun and the others nodded and flew away on an ancient boat.

After Xiang Kunlun and the others left, Yang Luo suddenly realized that the women seemed to have stayed behind.

He laughed dryly and asked, "Second Senior Sister, are you not busy now?

Third Senior Sister, don't you have to deal with Violet's matters?

Fourth Senior Sister, are you not going to care about the matters in your war zone?

Fifth Senior Sister, aren't you going to deal with the Hidden Alliance?

Alinda, has your research institute been fine recently?

Yanran, don't you have to return to Dragon Soul to train your team members?" Ye Luange narrowed her beautiful eyes and said, "Little Luo, what do you mean?"

"Are you chasing us away?" Xiao Ziyun raised her eyebrows, "Are you finding us annoying?" Song Zhixin said, "I think Little Luo's skin is itching."

"He needs to be beaten up!" "Agreed!" The women nodded in unison.

Now that Yang Luo was finally not so busy, they naturally wanted to stay with him.

Unexpectedly, this guy actually dared to despise them.

This was too much!

"Ah?!" The corners of Yang Luo's mouth twitched as he hurriedly begged for mercy, "I was wrong."

"I didn't chase you away."

"I didn't find you annoying!" "Begging for mercy now?"

"It's too late!" Song Zhixin rolled up her sleeves, "Sisters, beat him up!" "Attack together!" "Charge!" For a moment, Yang Luo was chased and beaten up by a group of women.

Ning Jianfeng sighed, "No wonder my father always said that women are all tigresses under their skin."

"My father didn't lie to me!" Qin Zhanhuang curled his lips and said, "Looks like the only ones who can subdue Brother Yang now are the sisters-in-law!" Bujie said, "Brothers, let us mourn for Brother Yang for three minutes!" "A moment of silence~~~" Everyone took a moment of silence.

Prajna, Bai Chuxia, and Qiao Yarou were amused.

Su Qingmei, Su Wanqiu, and Qin Yimo were caught between laughter and tears.

As for Tantai Puti, she was sulking alone, but even she did not know what she was angry about.

Previously, in the Kunlun Ruins, Yang Luo had told her that he had a few women.

Initially, she really thought that there were only a few.

However, after coming to the secular world, she realized that there were more than a few of them.

This guy had an entire flower garden!

Tantai Puti rubbed her forehead with a helpless expression.

Puti, oh Puti, how did you fall in love with such a playboy?

Ye Luange and the other women chased after Yang Luo all the way.

Until they ran back.

Yang Luo forced out two drops of tears and said, "Goddesses, I was wrong.

Please spare me this time!" Ye Luange resisted the urge to laugh and said, "Seeing that this guy has a good attitude when admitting his mistake, we'll let him off this time!" "Okay, I'll listen to Second Sister!" "If he dares to chase us away again in the future, we'll continue to beat him up!" Song Zhixin and the other women nodded in agreement.

Ji Longyue smiled and said, "Brother Yang, didn't you say that you wanted to bring us to your sect to take a look?"

Let's set off quickly!" Ning Jianfeng said, "Brother Yang, I'm quite curious about the sect you established.

I want to see if it's as flashy as you are!" "Alright, let's set off now!" Yang Luo took out an ancient boat and led everyone onto it before heading straight for the Heavenly Luo Sect.

As they chatted, another half an hour passed.

Yang Luo and company arrived at the Heavenly Luo Sect's territory.

As they looked around More than 80 tall mountains stood in the clouds.

On the top of the mountain, there were retro palaces and pavilions.

They were magnificent and majestic, like a paradise on earth.

"Oh my god, is this really a sect from the secular world?

Its scale is comparable to the main sect of our Kunlun Ruins?!" "Moreover, the spiritual energy here is too abundant!" "As expected of Brother Yang, the sect you established is also so domineering!" Ji Longyue and the others exclaimed.

When Yang Luo and the others boarded the ancient boat and approached the Heavenly Luo Sect The disciples of the Heavenly Luo Sect were alarmed.

"The sect master is back!" "Mr.

Xu and the others are back too!" The disciples were very excited and shouted happily.

Yang Luo smiled and waved at everyone before leading everyone straight to the main peak.

When they arrived at the square of the main peak, “Haha, Mr.

Yang, you’re finally back!” “Brother Yang, long time no see!” Qi Yutang, Li Wushuang, Wang Mufeng, Chen Ying, Zhao Longteng, Yu Tong, and the others hurriedly came forward.

Yang Luo hugged everyone and asked, “Old Qi, has anything happened to the sect recently?” “Hey, it’s okay.” Qi Yutang waved his hand and said, “As long as those people from the immortal sects don’t cause trouble, nothing will happen here.” “Brother Yang, who are these people?” Li Wushuang looked at Ji Longyue and the others and asked curiously.

Yang Luo smiled and said, “These are the brothers I made in the Kunlun Ruins” As he spoke, he introduced Ji Longyue and the others, as well as Qi Yutang and the others.

After knowing the identities of Ji Longyue and the others, Qi Yutang and the others were shocked.

Chapter 1878: Where the Dream Started!

Qi Yutang and the others had never expected that the young people in front of them were all paragons of the various ancient divine beast families in the Kunlun Ruins.

Moreover, this group of young people had strong auras and extraordinary bearings.

Their cultivation levels were probably not low.

Qi Yutang bowed and said, “I didn’t expect all of you to be young elites of the Kunlun Ruins.

Greetings!” Wang Mufeng cupped his hands and said, “Thank you, brothers, for coming to our Heavenly Luo Sect as guests!” Li Wushuang looked at Baili Wushuang and said in surprise, “Damn, brother, I didn’t expect your name to really be the same as mine!” Baili Wushuang laughed and said, “Brother, perhaps this is our fate!” Li Wushuang chuckled and said, “Then let’s have a few drinks later!” “This sounds good!” Baili Wushuang nodded in agreement.

Although this was the first time they had met, because they were both forthright, they quickly got along.

Qi Yutang suddenly thought of something and said, "By the way, Mr.

Yang, something spectacular happened in Country Hua last night!" "That's right!" Li Wushuang also took over.

"Last night, there were beams of light soaring into the sky from all over our Hua Nation.

The golden dragon soared.

It was too spectacular!" Wang Mufeng, Chen Ying, and the others nodded repeatedly.

The magical scenes they saw last night were still unforgettable.

Hearing their conversation, Yang Luo, Ji Longyue, and the others looked at each other and burst into laughter.

Qi Yutang looked puzzled, "Mr.

Yang, what are you laughing at?" Yang Luo raised his hand and said, "Come, let's talk in the hall." Then, Yang Luo and the others walked into the main hall.

After everyone sat down.

The disciples of the Heavenly Luo Sect poured tea.

Yang Luo took a sip of tea and said, "Actually, the magical phenomenon that happened last night is related to us." "Ah?!

It has something to do with all of you?!” “Brother Yang, what did you guys do last night?!” Qi Yutang, Li Wushuang, and the others were all very surprised.

Yang Luo did not hide anything and told Qi Yutang and the others what happened last night.

After hearing Yang Luo’s words, Qi Yutang, Li Wushuang, and the others were stunned.

The few of them were stunned for a while before coming back to their senses.

Li Wushuang said in a daze, “No wonder I feel that our Heavenly Luo Sect’s spiritual qi is much richer today!

I thought that the Spirit Gathering Array was effective, but it turns out that the dragon vein has been repaired!” After all, the Heavenly Luo Sect was very close to the Mount Tai Dragon Vein, so it was naturally the first to sense the changes brought about by the repair of the Dragon Vein.

Qi Yutang gulped and said, “Oh my god, I didn’t expect such a huge thing to happen last night.

No wonder there were soaring dragons!” Wang Mufeng sighed and said, “Unfortunately, we weren’t able to participate in this plan” “Yes, what a pity.” Qi Yutang also shook his head.

Yang Luo smiled and said, “Everyone, you don’t have to feel that it’s a pity.

As long as everyone has this intention, it’s enough.” Qi Yutang nodded and asked, “Mr.

Yang, when are we going to the Kunlun Ruins?” Li Wushuang also said excitedly, “That’s right.

I can’t wait to increase my cultivation and become stronger!” Yang Luo said, “Wait a few more days.

After everything is settled here, I'll naturally bring you guys to the Kunlun Ruins." "Good!" Qi Yutang and the others nodded excitedly.

In the following period of time Yang Luo and the others chatted in the hall for a while, then had lunch and drank some wine.

After that, Yang Luo brought Ji Longyue and the others to tour the Heavenly Luo Sect and modified the mountain-protecting array and the Spirit Gathering Array.

In the evening.

Yang Luo and the others bade farewell to Qi Yutang and the others and took the ancient boat to Jiang City.

At around eight o'clock in the evening Yang Luo and the others arrived at the villa area of Jiang City's Imperial River Court.

Standing at the entrance of Villa No.

8.

Yang Luo was filled with emotions.

This was his first stop after leaving the mountain.

It was also the place where his dreams began.

He started from here and walked step by step to the top of the world.

Su Qingmei teased, "Is it because you haven't been back for too long that you don't recognize your home?" Yang Luo grabbed the woman's hand and smiled, "How is that possible?"

Even if I forget everything, I won't forget this place.

After all, this place has left behind our most precious memories." Su Qingmei hugged Yang Luo's arm and sighed.

"That's right.

When I first met you, you didn't know anything.

You were like a savage in the mountains.

Who would have thought that in just a year, you would transform into the famous Invincible Divine Emperor, the number one expert on the Divine Ranking, and a great hero?

However, we left behind our laughter, tears, feelings, arguments, misunderstandings These memories will always be in my heart and I won't forget them." Yang Luo nodded and said, "I'll never forget it either." Qin Yimo said in amusement, "Brother Yang, Susu, how long are you planning to remember the hardships and sweetness?

Don't you plan to let us in?" Song Zhixin teased, "You guys are so clingy.

You make it seem like we're all third wheels.

"Why don't we all leave and leave you alone?" Yang Luo laughed and waved his hand, "Let's go in!" Then, Yang Luo and the others walked into the villa and sat on the sofa in the hall.

Song Zhixin said, "Little Luo, there are so many of us.

How do you plan to arrange our accommodations?" Yang Luo spread his hands and said, "Anyway, we've bought a few villas around here.

You can stay wherever you want.” Song Zhixin narrowed her beautiful eyes and said, “I want to stay here!” “Me too!” “And me!” Ye Luange and the others also spoke up.

In the end, all the women unanimously decided to live in Villa No.8.

Ji Longyue, Bujie, and the others decided to stay in the surrounding villas.

Everyone chatted in the living room until past ten in the evening before leaving.

The women had all gone to their rooms upstairs to rest.

Yang Luo returned to his room on the first floor.

After entering the room, Yang Luo took a shower and sat cross-legged on the bed, preparing to start cultivating.

But at this point Ding!

The phone on the bedside table rang.

Yang Luo picked up his phone and saw that it was a WeChat message from Su Qingmei.

The content was very simple: The door to my room is unlocked.

Seeing this message, Yang Luo smiled evilly.

He put away his cell phone, put on his clothes, and quietly left the room. At the same time.

Country I.

Because of the time difference It was past four in the afternoon.

At this moment.

Ancient Roman city.

Pantheon Hall.

This was an ancient temple, also called the Pantheon.

This place was dedicated to the Olympian gods and the Titan gods.

The entire temple was ancient and magnificent.

Statues of gods stood in the square at the entrance.

There were the twelve Chief Gods of the Olympian Gods and the twelve Titan Gods.

Although it was already afternoon, it was still very lively here.

There were many tourists visiting.

But at this point Rumble The entire temple, the square, and the surrounding buildings suddenly shook violently

Chapter 1879: Who is the Divine Emperor?

This sudden tremor immediately alarmed all the tourists.

“Oh my god, what’s going on now?

Is there an earthquake?!” “Why would there be a sudden earthquake?

This is too strange!” “It’s said that the Pantheon Temple has many mysterious legends.

Could this earthquake be related to these legends?!” The passengers started discussing in shock.

Many people were so frightened that they fled into the distance.

The tremors lasted for more than ten minutes before stopping.

The moment the tremors stopped!

BOOM!

A beam of twelve-colored light shot into the sky from the backyard of the Pantheon Palace!

This beam of light was dazzling, as if it connected the sky and the ground!

“My God, what’s going on?

Why is there a beam of light in the backyard of the Pantheon Temple?!” “This is too magical.

The Pantheon Temple seems to have never had such a strange scene!” The tourists were dumbfounded, unable to understand the scene in front of them.

“Everyone, look!

What’s that?!” Someone suddenly screamed and pointed at the beam of light.

Everyone looked over.

Two figures vaguely appeared in the beam of light.

It looked like two people were standing inside.

Until this beam of light slowly dissipated.

Only then did everyone see the two figures clearly.

The two figures were a man and a woman.

The man had curly black hair and a rough face.

He was more than five meters tall and wore a black metal vest.

His figure was majestic and tall, like an iron tower.

The woman had silver-white curly hair, three-dimensional facial features, and a graceful figure.

She was more than three meters tall and wore silver-white armor, looking valiant.

Moreover, this man and woman were standing in the sky, stunning everyone present.

“Oh my god, these two are actually flying in the air.

Are they gods?!" "Besides, these two are too tall.

That woman is more than three meters tall!" "Could they be the legendary Giant Titan Gods?!" "Is this the Gods revealing themselves?!" Exclamations and discussions rose and fell.

Many people even took out their cell phones and cameras to take photos.

At this moment.

In the sky above the Pantheon Temple.

The man glanced around and said, "I didn't expect this world to have changed so much.

It's no longer what it used to be.

However, what are these guys doing?" The woman said with a cold expression, "Don't worry about them.

Let's quickly complete the mission given by the Master God and report back as soon as possible!" The man rubbed his chin and chuckled, "I wonder if there are still experts in this world.

If there is, I must have a good fight with them." The woman shook her head and said, "The spiritual energy in this world is so scarce.

How can there be experts?

You're thinking too much.

Alright, don't stay here any longer.

Let's go." "Okay." The man nodded.

Then, the two of them changed directions and flew away.

Until the two of them left.

"Oh my god, they flew away!" "They're really gods!

They're really gods!" "So there really are gods in this world!" People shouted excitedly.

Many people knelt on the ground and kowtowed in the direction where the two of them had left After the young man and woman flew out of the city, they flew east.

He looked at the scenes in the cities.

The man could not help but sigh, "This world has indeed changed a lot.

It wasn't like this a hundred years ago." The woman narrowed her eyes and said, "Although only a hundred years have passed, human civilization has developed quite quickly." The man shook his head and chuckled, "No matter how fast human civilization develops, how can it compare to our God race's civilization?" The woman frowned slightly and asked, "Why did the Divine Master say that this world would undergo a shocking change?" The man shrugged and said, "Nothing is certain.

We just need to tell the Master God what we saw and heard here." The woman nodded.

As the two of them were not flying very high, Therefore, everyone in the city saw the two of them.

The people in the cities of Country I were alarmed.

“Oh, my God, I see a god!” “Are they sure they’re gods and not aliens?” People were discussing and even alarmed many media outlets.

However, the couple ignored the people in the city and continued flying forward.

Unknowingly, they had flown to a sea.

A few warships were sailing in the distant sea.

Flags depicting skulls fluttered in the wind.

Clearly, this was a pirate organization.

At this moment.

A group of pirates on the deck were drinking and chatting.

One of the pirates chuckled and said, “Now that the war is over and the Dark World has regained peace and stability, we can finally relax.” Another pirate sighed and said, “This is all thanks to the Divine Emperor.

If not for the Divine Emperor, we would not have been able to defeat the Holy Light Pope and the others!” “Isn’t that so?

It was the Divine Emperor who led our various organizations to the light and prevented us from becoming the servants of the Holy Light Pope and the others!” “The Divine Emperor is now the true number one expert on the Divine Ranking, the number one person in the world!” “Let’s toast to the Divine Emperor!” “Cheers!” The group of pirates raised their glasses at the same time.

At this moment.

A powerful voice sounded.

“Number one expert on the Divine Ranking?”

Number one in the world?

Who are you talking about?” The pirates were stunned at first before turning around at the same time.

When they saw a giant man and woman flying over, The pirates were shocked.

Fortunately, they had participated in the battle not long ago and had seen those immortals, gods, and demons flying in the sky and burrowing into the ground.

They were not too surprised.

One of the leading pirates asked in confusion, “Who are you?” The man chuckled and said, “You don’t have to ask who we are.

I’m just asking you, who exactly is the Divine Emperor you’re talking about?” The leader of the pirates said in amusement, “Brother, you don’t even know the Divine Emperor.

Are you really from this world?

The Divine Emperor is the number one expert in this world and is respected and worshiped by countless people!” A pirate said with a fanatical expression, “The Divine Emperor is the savior of this world, the idol of all of us!” “Oh?” The man narrowed his eyes, “Then how strong is this Divine Emperor?” The leader of the pirates replied, “The Divine Emperor is extremely powerful.

He can fly in the sky, burrow into the ground, split mountains, destroy cities, and destroy the ground.

He’s omnipotent!” “So there’s such an expert in this world.

Interesting.” The man smiled and flew away with the woman.

The pirates were left looking at each other.

After flying away from this sea area, A hint of excitement appeared in the man’s eyes, “I want to challenge this guy called the Divine Emperor!

“I want to see if this guy is really that strong!” The woman also smiled and said, “The number one person in the world?

Hehe, I’m also quite interested in this guy”

Chapter 1880: This Is a Shady Shop!

The next morning.

Jiang City.

Imperial River Court Villa No.

8.

In the dining room.

Yang Luo and the others were eating breakfast.

Tantai Puti blinked his big eyes and asked, “Brother Yang, where are you bringing us to play today?” Ji Longyue and the others also looked at Yang Luo curiously.

Song Zhixin suggested, "Why don't we go to the mall?" Chu Yanran also echoed, "After shopping in the mall, let's go sing, watch a movie, and eat supper.

How about that?" "Agreed!" "Let's do it like this then!" Su Qingmei and the other women agreed unanimously.

Yang Luo nodded and said, "Alright, let's go to the mall after breakfast.

However, before that, we have to find a place to help Brother Ji and the others change their appearances." "Change our appearances?" Ji Longyue looked puzzled.

"Is there something wrong with our attire?" Ning Jianfeng raised his head and said, "Brother, you're dressed so handsomely.

There's no need to change your appearance." Yang Luo said in amusement, "There's indeed nothing wrong with your clothes.

However, we're in the city now.

If you go out like this, you'll definitely be surrounded.

Therefore, since we're in the city, it's better to change into the clothes of the city people." Ji Longyue nodded and said, "Alright, I'll listen to your arrangements, Brother Yang." After breakfast.

Yang Luo and the others drove a few large SUVs and left the villa area.

After arriving at the city center.

Yang Luo brought Ji Longyue and the others to a large hair salon.

The moment they walked into the hair salon.

The hairdressers and customers inside looked over.

When they saw Ji Longyue and the others, everyone pointed at them.

“Ladies and gentlemen, do you want to cut your hair or style it?” A young woman in business attire walked over and asked with a smile.

Yang Luo pointed at Ji Longyue and the others and said, “Help them cut their hair.” “What?!”

Cut my hair?!” “No, absolutely not!” “I can’t cut my long, flowing hair!” “The body, hair, and skin belong to the parents.

How can we cut them off?!” Ji Longyue, Baili Wushuang, Yi Hengyu, and the others shook their heads repeatedly and ran out.

The business attire woman laughed dryly and said to Yang Luo, “Sir, this” Yang Luo shook his head and said, “I’m sorry to disturb you.” As he spoke, Yang Luo left the hair salon with Su Qingmei and the others.

After that, Yang Luo and the others came to the largest World Trade Mall in Jiang City.

They found a few high-end men’s and women’s clothing stores and asked Ji Longyue and the others to change their outfits.

They even bought a hat for each of them.

As long as they did not cut their hair, Ji Longyue and the others were not against changing their clothes.

After Ji Longyue and the others changed their clothes, they were all handsome and beautiful.

Along the way, they ended up being hit on by many young men and women.

Ning Jianfeng sighed and said, "So being handsome is also a problem!" Bai Chuxia rolled her eyes, "Alright, stop being narcissistic.

Brother Yang is the most handsome!" Ning Jianfeng said indignantly, "Brother Yang is indeed stronger than me, but he's definitely not as handsome as me!" Bai Chuxia hooted, "Then let's vote!

Those who think Brother Yang is more handsome should raise their hand!" For a moment, everyone raised their hands.

Bai Chuxia added, "Raise your hand if you think Brother Ning is handsome!" Everyone lowered their hands in unison.

Ning Jianfeng was on the brink of tears, "I want to cut ties with all of you!" Bujie hugged Ning Jianfeng's shoulder and said, "Brother Ning, we rely on our strength to make a living, not our looks!" Ning Jianfeng glared at him, "Who's relying on strength with you?

I'm relying on my looks.

The people of the Kunlun Ruins call me 'Little Black Snake Gentleman'!" "Pfft Little Black Snake Gentleman" "Hahaha" Everyone laughed.

In the following period of time Everyone continued shopping.

Ji Longyue and the others were very curious about everything.

They went to the shops one by one and looked around, buying a lot of things.

When they passed by an arcade Tantai Puti pointed inside and said, "There are so many people inside.

Let's go, let's go and play inside!" With that said, Tantai Puti, Ji Longyue, and the others ran in.

Just as Yang Luo was about to follow her in Su Qingmei said, "Let them play their own game.

Come shopping with us." Song Zhixin nodded and said, "You're our lackey today." "Understood!" Yang Luo nodded and said to Bujie and the others, "Bujie, Xu Ying, Wenxuan, follow them closely.

Don't let them do anything rash." "No problem!" Bujie made an "OK" gesture.

Then, Bujie and the other two also ran into the arcade.

Yang Luo accompanied Su Qingmei and the other women to continue shopping in the mall.

They shopped from the third floor to the fourth floor.

They shopped for more than an hour in one go.

Suddenly, a shout came from afar.

"Brother Yang, something happened.

Hurry up and take a look!" Bujie ran over from afar.

Yang Luo was stunned for a moment before asking, "What happened?" Bujie said, "Something happened to Brother Ji and the others.

You'll know when you go and take a look!" Yang Luo frowned and rushed to the third floor with everyone.

When they arrived at the arcade on the third floor, Yang Luo, Su Qingmei, and the others were shocked by the scene in front of them.

He saw a large group of people surrounding the door.

It was chaotic.

On the other hand, Ji Longyue and the others were carrying a claw machine and rushing out.

Even Tantai Puti, Bai Chuxia, and Qiao Yarou were each carrying a claw machine.

A group of security officers were blocking the door.

There were also many people watching.

“Holy sh*t, who are these people?”

They actually carried a claw machine each by themselves.

Isn’t this too ferocious?” “Are they all weightlifters?” “Other weightlifters are all burly, but they’re all thin.

How do they look like weightlifters?” People were discussing.

Some were even taking photos and videos with their phones.

Yang Luo quickly squeezed in and asked curiously, “Puti, what are you doing?”

Why did you carry someone else’s claw machine away?” Tantai Puti said angrily, “This shop is a scam.

I bought a lot of coins to play claw catching, but I couldn't catch a single one!" Bai Chuxia said angrily, "That's right, they're liars.

Big liars!" Qiao Yarou also snorted, "They cheated us of so much money, but we didn't destroy their shop.

We only moved a few claw machines away.

It's considered letting them off easy!" Yang Luo was caught between laughter and tears.

So that was what happened.

But that was true.

Ji Longyue and the others were the Demon Kings of the Kunlun Ruins and had never suffered a loss.

But who knew that they would suffer such a huge loss here?

"Sir, are they your friends?" At this moment, a man who looked like a Manager asked Yang Luo.

Yang Luo wanted to say no, but he still nodded.

The Manager immediately exploded in anger.

He pointed at Ji Longyue and the others and said, "Sir, your friends are simply barbarians!

Not only did they destroy eight of our arcade game consoles, but they also wanted to move the claw machines away!

You have to compensate me, or I'll call the police!"
