### Chapter 2021: Dealing with Future Turmoil!

Ji Jiu Ci cupped his hands toward Yang Luo, “Young man, I am indeed convinced!”

Yang Luo responded with a gesture of respect, “Seventh Elder, you flatter me!”

“Young man, you are quite interesting, let’s see how you handle this old man’s move!”

Ji Longsheng laughed heartily, his body shook, and a purple-gold beam of light surged from him!

Above the firmament, the Cloud Sea exploded, and even the Void was punctured through!

An even more majestic and vast oppressive aura spread out, causing the entire square, the entire mountain, and even the nearby mountains to tremble!

“Could it be that the Fourth Elder also wants to spar with this youngster?!”

“The Fourth Elder is a perfected True Immortal, this youngster, strong as he may be, probably can’t withstand that, right?!”

Seeing Ji Longsheng about to make a move, the clan members were even more shocked.

Yang Luo naturally did not dare to be complacent, his body also shook, his momentum erupted, his combat power burst forth, and a golden beam of light surged from him!

“Take this move!”

Ji Longsheng bellowed, his form like a dragon, charging wildly!

In the moment of nearing!

Ji Longsheng twisted his fist, hurling it toward Yang Luo!

“Heaven and Earth Dominating Dragon Fist!”

“Roar, roar, roar!”

As the fist struck, a resonant dragon roar echoed through heaven and earth!

A huge thousand-feet purple-gold fist pressed down, like a massive meteor smashing down!

Moreover, a massive thousand-feet purple-gold dragon illusion came crashing!

Layer upon layer of Void continuously fractured, spreading like a spider web in all directions!

“Ten Thousand Starry Sky Palm!”

Yang Luo let out a thunderous roar, his fist transforming into a palm, meeting the attack head-on!

A huge hundred-feet golden palm pressed down, within the palm, a miniaturized Starry Sky appeared, with the sun and moon revolving, vast and immeasurable!

The Void in front also fractured under this palm, splitting open black cracks!

“What kind of Hand Technique is this, that can actually support the sun, the moon, and the stars?!”

Ji Zechuan exclaimed in shock.

Ji Hanlin stroked his beard, “This Hand Technique is truly extraordinary, unseen and unheard by this old man!”

Not long ago, during the battle at Consoling Immortal Island, they had witnessed Yang Luo take action, but they had never seen him use such an incredible Hand Technique before.

Ji Wenzhou and Ji Jiu Ci also felt the might of the Hand Technique that Yang Luo was using.

Ji Longyue said, “This Hand Technique must be something Brother Yang has recently learned, we have not seen it before either.”

Ji Hanlin and the others nodded in realization.

In a flash!

Bang, rumble, rumble!

The clash of fist and palm, like a meteor striking a great mountain, caused a thunderous uproar!

Clang, rumble, rumble!

The Starry Sky that Yang Luo’s palm transformed into also collided heavily with the roaring purple-gold dragon, bursting with a dull sound of impact!

Light radiated in all directions, energy flew wildly, like a torrential flood, surging toward all sides!

Ji Wenzhou, Ji Hanlin, Ji Zechuan, and Ji Jiu Ci quickly produced a defensive light shield, enveloping everyone.

Boom, boom, boom!

The energy forcefully struck the defensive light shield, erupting with bursts of loud noises!

The nearby mountains also automatically activated their protective arrays, blocking wave after wave of energy impacts!

Even with the protection of the protective arrays, the clan members standing on the mountains were knocked about!

Ji Longsheng, as the Fourth Elder of the Azure Dragon Family, was truly domineering with his punch!

Although Yang Luo did not use all his strength, but still used sixty or seventy percent of his power, he was still shaken, retreating repeatedly!

Clang, clang, clangâ€¦

Each step he took made the entire square, even the entire mountain, tremble!

He retreated five or six steps before he steadied himself!

Yet, even so, Ji Longsheng was still shocked, looking at Yang Luo as if he were looking at a monster!

The clan members watching from a distance, on the mountains, were dumbfounded, thinking they were seeing things!

“This young man is too strong, he actually withstood a punch from the Fourth Elder!”

“Even if the Fourth Elder did not use his full strength, it’s not something an ordinary person can withstand!”

“He’s incredible, this young man is truly incredible!”

The clanspeople were endlessly amazed and had come to fully believe that the rumors about Yang Luo were probably all true.

At that moment.

Ji Longsheng was stunned for a while before taking a deep breath, admiringly saying, “Young man, you really are extraordinary!”

Although this old man did not use his full strength, I still used fifty percent of my power!

I didn’t expect that you, young man, could withstand a punch from me, which is truly remarkable!”

Previously, he had thought the rumors about Yang Luo were exaggerated.

But after having a personal exchange, he truly understood Yang Luo’s terrifying strength.

Yang Luo exhaled a breath of turbid air, saying, “The younger generation is ultimately not your match.”

Ji Longsheng waved his hand, saying, “Young man, even if you are not this old man’s match right now, perhaps it won’t be too long before you catch up to or even surpass this old man.”

Yang Luo declared with a resolute gaze, “The younger generation will surely strive my hardest!”

“Good, that’s the spirit!”

A deep appreciation appeared in Ji Longsheng's eyes.

Ji Wenzhou smiled and said, "Two elders, since the match is over, shall we proceed to the grand hall for a chat?"

"Yes!"

Ji Longsheng and Ji Jiu Ci nodded their heads.

Afterwards, Yang Luo and the group walked into the grand hall.

Watching Yang Luo's retreating figure.

The clanspeople had not recovered for a long time, almost wishing to worship Yang Luo.

After entering the grand hall.

Everyone took their seats.

Ji Wenzhou had several clanspeople bring over some tea.

Ji Hanlin took a sip of tea and said, "Little Luo, I heard you entered into the Heaven Burying Immortal Tomb and even came out safely.

Moreover, we also heard that after coming out of the Heaven Burying Immortal Tomb, you had a great battle with the elders of the Soul Devourer Sect, Blood Demon Sect, and Five Poison Sect.

What exactly happened?"

Yang Luo did not conceal anything and shared with everyone what had happened at the Heaven Burying Immortal Tomb.

Moreover, Ji Longyue also recounted the events that had occurred last night in Flying Immortal City.

After listening to both Yang Luo and Ji Longyue's narrations.

Ji Wenzhou and the others were utterly shocked.

Ji Hanlin said, "I didn't expect you guys have gone through so much along the way.

But what exactly do these six sects want by stirring things up together?"

Ji Zechuan coldly said, "Those guys definitely do not have good intentions!"

Ji Longsheng stated gravely, "These people are becoming more and more arrogant, even daring to threaten to eliminate our divine beast families!

Very well, this old man would like to see how they can destroy our families!"

Ji Wenzhou turned to Yang Luo, saying, "Little Luo, rest assured, with us here, these people won't dare to touch you!

In the future, no matter what trouble you encounter, feel free to contact us!"

"Thank you, Uncle Ji!"

Yang Luo voiced his thanks, and then said, "Uncle Ji, we have come here this time to enter the 'Nine Heavens Dragon Field' for trials."

Ji Longyue also said, "Father, Kunlun Ruins is very unstable right now, and there will surely be great chaos in the future.

We want to take this time to quickly enhance our cultivation and strength to cope with the coming turmoil."

"Of course, that's possible!"

Ji Wenzhou nodded his head, asking, "When do you want to start your trials?"

Yang Luo said, "Right now!"

"Now?"

Ji Wenzhou was instantly stunned, "Are you in such a hurry?

You just had a battle last night, and your injuries haven't fully healed yet.

Why not rest for a few days?"

Chapter 2022: Nine Heavens Dragon Field!

Yang Luo said, "Uncle Ji, our injuries are not a hindrance, we can enter the 'Nine Heavens Dragon Field' for the trial at any time!"

Two months' time was nearly up!

He wanted to rush through the trials of the Nine Heavens Dragon Field and then go to Immortal Furnace Mountain to temper his body!

At this moment, he was in a precarious position in Kunlun Ruins, with formidable enemies all around!

Moreover, when the time came to take revenge on Penglai Immortal Island, Purple Cloud Sect, Heavenly Amplification Sect, and Immortal Sword Sect would certainly have many experts!

Therefore, he wanted to improve his cultivation and strength as quickly as possible, to become even stronger!

He couldn't always rely on his elders for help!

Only by being strong enough himself could he protect himself and those around him!

Ji Longyue and the others also nodded, wanting to begin the trial right now!

They knew they were not as talented as Yang Luo, which is why they wished to work even harder!

They all wanted to be a help to Yang Luo, not a burden!

Ji Longsheng said with a smile, "Since these youngsters are so motivated, we should not dampen their spirits!

In that case, let's take them to the 'Nine Heavens Dragon Field'!"

"Alright."

Ji Wenzhou nodded.

After that, Yang Luo and his group left the grand hall and headed straight for the back mountain.

After flying for a full ten minutes or more.

Yang Luo and the rest arrived at a valley behind the mountain.

The valley was encircled by nine peaks, resembling nine pillars of heaven, supporting both the sky and the earth.

Carved on the cliffs of the nine massive mountains were Azure Dragon totems, depicting nine different postures of the Azure Dragon, lifelike and awe-inspiring.

At the center of the valley was a huge teleportation array platform.

It was inscribed with complex and profound formation patterns and runes.

Yang Luo was naturally no stranger to such a teleportation array.

After reaching the bottom of the valley.

Ji Wenzhou turned to Yang Luo and said, "Little Luo, the trial in the 'Nine Heavens Dragon Field' is much more difficult than the 'Eight Tribes Lightning Territory'.

Even early-stage Heavenly Immortal powerhouses can gain significant insights and rewards from undergoing the trial.

Therefore, once you enter, you must be very careful; if you cannot hold on, you must contact us."

"Understood!"

Yang Luo nodded.

Ji Wenzhou took out a jade talisman and handed it to Yang Luo, then said, "Now step onto the array platform, I will activate the teleportation array."

Yang Luo and his companions stepped onto the array platform without any hesitation.

Then, Ji Wenzhou mobilized the True Qi within his body, silently reciting the incantation, and with a lift of his right hand, a red-gold beam of light entered the array platform!

As the beam of light hit!

Boom!

Boom!

Boom!

The array platform began to shake violently, causing the surrounding nine mountains to shake as well!

It didn't take long.

Dazzling lights flashed on the array platform!

Nine beams of light shot from the Azure Dragon totems on the surrounding mountains, entering the platform!

The array platform began to operate, its formation patterns and runes slowly rotating, brilliantly dazzling!

Nine gigantic dragons, flickering with various colored lights, surrounded the platform, writhing and soaring!

The scene was extremely spectacular, truly astonishing Yang Luo and Flame Emperor and the others!

Yang Luo took a deep breath and said loudly, "Brothers, the trial in the 'Nine Heavens Dragon Field' is about to begin—are you ready?"

"We're ready!"

Ji Longyue and the others responded resoundingly.

"Then let us advance towards greater strength!"

"Okay!"

Before the voice faded!

Boom!

A nine-colored beam of light rose from the array platform into the sky, piercing the clouds and connecting the heavens to the platform!

After a while.

The space fluctuated.

Yang Luo and his companions vanished from the array platform in an instant.

It was only after Yang Luo and his companions disappeared

that the nine-colored beam of light slowly dissipated.

The array platform and the mountain ceased their tremors.

All returned to tranquility.

Ji Jiu Ci turned to Ji Longsheng and said, "Fourth Brother, although I just exchanged a move with Little Luo, I still couldn't gauge his depth.

Do you have any idea how strong Little Luo really is?"

Ji Wenzhou, Ji Hanlin, and Ji Zechuan all turned their gazes towards Ji Longsheng as well.

In fact, they were also very curious about just how strong Yang Luo was now.

Ji Longsheng, with his hands clasped behind his back, shook his head and said, "To tell the truth, Little Luo's strength is immeasurable.

With only a single exchange, I'm unable to probe his true strength."

"What?!"

Ji Wenzhou's expression changed.

"Fourth Elder, even you can't probe Little Luo's true strength?"

Ji Hanlin, Ji Zechuan, and Ji Jiu Ci were all quite shocked as well.

"Indeed, I can't probe it."

Ji Longsheng nodded, then continued, "Only in a life-or-death battle can we truly know how strong Little Luo is and how many trump cards he has hidden."

Ji Jiu Ci exclaimed with admiration, "It's incredible that the secular world has given birth to such an exceptional genius."

Ji Hanlin also said, "The kid's future is limitless."

Perhaps he really will step into the realm of Heavenly Immortal and even the realm of Golden Immortal is not out of the question."

Ji Longsheng said, "Stepping into the realm of Heavenly Immortal is just a matter of time for this kid."

Whether he can step into the realm of Golden Immortal depends on his destiny."

However, I am very much looking forward to seeing just how far this kid can go."

Hope also appeared in the eyes of Ji Wenzhou and the others."

Being able to witness the rise of a genius, reaching the peak, was indeed a great joy!

After all, throughout history, both Kunlun Ruins and Penglai Immortal Island had seen the emergence of countless heavenly prides!

But most were just fleeting beauties, like shooting stars, brilliant for a moment, some fell, and others simply vanished among the crowd!

Yet Yang Luo had come all this way to today, already eclipsing the shine of all other heavenly prides!

Perhaps, this kid might truly become a legend!

â€

At this moment.

Yang Luo and his companions had already appeared in the Nine Heavens Dragon Field.

As far as the eye could see.

The entire small world was boundless, with darkness overwhelming the sky and land.

Apart from towering mountains piercing the clouds, there was no sight of any vegetation.

And the scene that unfolded before their eyes, besides Ji Longyue, had Yang Luo and Flame Emperor and the others dumbstruck.

The heavens and earth were flickering with lightning, fierce winds howled, sand and rocks flew, flames surged, ice flowed, and giant waves rose...

all containing various attribute powers!

Moreover, the attribute energy here was incredibly strong and vast!

Even Yang Luo felt a strong sense of oppression!

The Heaven Burying Immortal Tomb also contained various attribute energies, but compared to this place, it was much weaker!

Of course, the biggest difference between this place and the Heaven Burying Immortal Tomb is!

This place contained a rich essence of dragon qi!

The moment they entered, the dragon qi within Yang Luo's body became restless, as if it was being summoned!

Ning Jianfeng smacked his lips and said, "I had always heard that the 'Nine Heavens Dragon Field' was magical, but seeing it now, it really lives up to its reputation!"

Ji Longyue laughed and said, "Brother Ning, the magic of the 'Nine Heavens Dragon Field' is not just what you are seeing now!"

"Is there something even more magical?"

Ning Jianfeng asked curiously.

"Of course."

Ji Longyue nodded and continued, "However, everyone who enters the 'Nine Heavens Dragon Field' will face different trials.

So, I'm not quite clear on what kind of trials we will encounter.

Anyway, let's just take it one step at a time."

Chapter 2023: Another Self!

Just then!

Boom!

Boom!

Boom!

The entire miniature world suddenly shook violently!

Yang Luo's heart tightened as he shouted, "Brothers, get ready; the trial has begun!"

"Yes!"

Everyone responded in unison.

The next second!

Crack!

The ground tore apart and collapsed!

Huge stone giants and sandstone giants a hundred feet tall rose up!

Above the sky, massive boulders the size of several dozen feet covered the heavens and hammered down like meteorites!

Hundreds of feet tall tornadoes swept up vast amounts of sand and stone, crushing from every direction!

Huge waves and fire waterfalls poured down like heavenly water and heavenly fire!

The whole scene was tremendously spectacular yet terrifying, just like the apocalypse had arrived!

“Earth, wind, water, fire!”

Yang Luo’s face changed slightly as he exclaimed aloud.

“What do you mean by earth, wind, water, fire?”

Ning Jianfeng asked.

Yang Luo explained, “At the dawn of the universe, the four fundamental elements were born: earth, wind, water, and fire!”

“And earth, wind, water, fire are also the four elements that make up this world!”

“And other elements are derived from these four fundamental elements!”

Ning Jianfeng and others nodded in realization.

Yang Luo shouted loudly, “Brothers, although these four elements are the most basic, they are also incredibly domineering.

Everyone, be careful!”

“Yes!”

Everyone responded in unison, mobilizing the energy within their bodies, summoning their weapons, and preparing for the trial!

Yang Luo then soared into the sky and bravely punched upwards!

Boom!

Boom!

Boom!

The boulders falling like meteors were smashed into dust by Yang Luo's punch!

The surging waves and fire waterfalls were also dispersed by this punch!

Rocks flew wildly, dust billowed, and flames scattered!

After throwing that punch!

Yang Luo did not stop, but clenched his fists and continued to strike upwards!

With his strength alone, he held off all the boulders, surging waves, and fire waterfalls crashing down from the sky!

“Roar!”

Big White's body instantaneously grew over sixty meters tall, making a leap in the air, jumping nearly a thousand meters, and smashed a punch toward a charging stone giant!

Bang!

This stone giant was directly smashed into pieces, turning into a mass of flying rocks scattering in all directions!

“Blue Luan Sword Technique!”

Flame Emperor shouted, her nimble body flew into the sky, and then she slashed downwards!

Whoosh!

A huge green giant sword hundreds of feet long heavily pressed down!

Instantly, stone and sandstone giants were split in half!

“Eight Desolate Glazed Seal!”

International Diva waved her hand!

A huge seal with eight colors merged, like a hundred-foot tall mountain, pressing across!

Bang!

Bang!

Bang!

Those stone and sandstone giants were all crushed to pieces!

“Azure Dragon Halberd!”

“White Tiger God Destroying Saber!”

Ji Longyue and Baili Wushuang, like dragons and tigers, charged forward, waving their halberd and saber!

Tantai Puti and the others also displayed their divine powers, launching fierce attacks!

Along their journey, they had gone through trials and battles one after another, already fostering a high level of tacit understanding!

While protecting themselves, they also guarded their companions around them!

Boom!

Boom!

The sounds of collisions and explosions echoed nonstop, shaking heaven and earth!

Following the emergence of the four elements “ earth, wind, water, fire!

Metal, wood, lightning, ice, light, darkness, and various other elements also appeared and transformed into various fierce offensives, bombarding Yang Luo and the others!

Mountains of metal emerged, colossal trees crossed the heavens, Thunderclap shattered fiercely, ice waves surged, and light and darkness flickered!

Various energies ran amok between heaven and earth, creating chaos everywhere!

The trial had just begun, and it was already terrifying!

Lin Wenxuan, Ning Jianfeng, Qin Zhanhuang, and Mu Wushang had barely started when they were injured!

Soon after their injury, Mo Qingkuang, Big White, Emperor of the Dead, and Ice Empress also sustained injuries one after another!

However, this was solely because Yang Luo and Flame Emperor were present, which infinitely increased the difficulty of the trial!

But, no one had any complaints!

After all, the more challenging the trial, the more it could stimulate their potential, improving their cultivation and strength!

Although everyone was drenched in blood, their fighting spirit was high, and they continuously launched fierce attacks!

Yang Luo led everyone forward, breaking through the heavy onslaught between heaven and earth!

But just as Yang Luo and his group had advanced hundreds of miles forward!

Suddenly!

The void violently distorted and fluctuated!

The next second!

Yang Luo only saw a blur before his eyes, and when he opened them again!

He saw that in this world, only he remained!

Flame Emperor and international Diva and others had disappeared!

“What is happening?!”

Yang Luo was instantly stunned.

He looked around and shouted loudly, “Second Senior Sister, Fifth Senior Sister, Brother Ji, Brother Baili, Puti, Big White...

where are you?”

But there was no response.

Yang Luo furrowed his brows.

What on earth was going on, why had Second Senior Sister and the others disappeared?

Just as Yang Luo was lost in thought.

Suddenly!

Rumble rumble rumble!

The earth and sky quaked, shaking in all directions!

Waves of energy, like mountain torrents and tsunamis, converged from all around, and directly formed a humanoid figure, standing in the air opposite him!

This person wore a black long robe, was slim and upright, had handsome features, and deep eyes, as if containing the cosmic starry sky!

Although it was only an Energy Body, Yang Luo could feel a mighty and vast aura and pressure emanating from this Energy Body!

Moreover, Yang Luo also realized!

How did this Energy Body look exactly like himself?!

What was the situation now?

Yang Luo was even more confused.

But just at that moment!

The Energy Body stepped forward and threw a punch at him!

“Roar roar roar!”

With the punch, ten thousand dragons roared!

A huge golden fist, hundreds of feet in size like a large mountain, came crashing down!

Tens of thousands of golden dragon illusions roared forward, as if to push everything aside and destroy everything!

“This...”

Yang Luo was instantly astonished.

Wasn't this the “Primordial Emperor Dragon Fist”?

How could the Energy Body also know it?!

And crucially, the Energy Body could unleash such powerful force, not at all weaker than him!

Yang Luo dared not hesitate, and with a twist of his fist, he also executed the “Primordial Emperor Dragon Fist” and surged forth!

“Roar roar roar!”

With the punch, the dragon’s roar was vast, resounding through heaven and earth!

A golden fist surrounded by tens of thousands of golden dragon illusions roared out!

In an instant!

Boom rumble rumble!

The fists heavily collided with each other, like comets striking the earth!

Tens of thousands of golden dragon illusions also fiercely crashed into each other!

At the moment of impact!

Bang rumble rumble!

The sound of explosions followed!

Several golden dragon illusions exploded in the sky, turning into a sky full of energy light rain, splashing in all directions!

In this collision!

Yang Luo and the Energy Body were both blown backward!

Moreover, both Yang Luo and the Energy Body were blown back over a hundred meters before they both steadied their bodies!

Yang Luo's face drastically changed!

Not only could this Energy Body use his techniques, but its strength was also exactly the same!

Could this be another self carved out by the Nine Heavens Dragon Field?

Chapter 2024: Fight Against Oneself!

Thinking that this energy body might very well be another self, molded by the Nine Heavens Dragon Field!

Yang Luo was shocked into incredulity!

The Nine Heavens Dragon Field was too miraculous, even capable of such a feat!

Could it be, that Second Senior Sister and the others were also currently in battle with their mirrored selves?

If everyone wanted to reunite, did they have to defeat their other selves?

As Yang Luo pondered!

The energy body took a step and transformed into a streak of light, charging directly at him!

In the approaching instant!

The energy body turned its fist into a palm, swinging heavily towards Yang Luo!

Accompanied by the “boom boom boom” of thunderous sounds!

A massive golden palm, hundreds of feet in size, pressed down heavily towards Yang Luo!

Within the center of this huge golden palm was encapsulated a starry sky, the sun, the moon, and the stars rotating, with the starlight sparkling brilliantly!

Isn't this the “Ten Thousand Starry Sky Palm”?!

The energy body could do this too?!

Yang Luo was immensely startled, without any hesitation, he vehemently struck out with his palm!

The “Ten Thousand Starry Sky Palm” was immediately executed!

A massive golden palm, hundreds of feet in size, supporting a vast starry sky, collided head-on!

In an instant!

Bang boom boom!

When the palms collided, they produced a sound like rolling thunder!

The two starry skies supported by the colliding palms shattered in an instant, the phenomena such as the sun, the moon, and the stars exploded into fragments!

The wild energy surged like a tidal wave, sweeping in all directions, resonating through Heaven and Earth, shaking the eight desolations!

The sky and earth split open with cracks, and mountains exploded in succession, turning into rubble and dust, sweeping up into the sky!

Under the impact of this collision!

Yang Luo and the energy body were once again simultaneously sent flying!

But soon, both Yang Luo and the energy body quickly stabilized their frames, moving like lightning as they dashed across the sky, charging at each other!

In that closing instant!

The energy body again changed palm into finger, pressing towards Yang Luo!

A huge golden finger, hundreds of feet in size, wrapped around a golden dragon phantom, crushed towards Yang Luo!

“Primordial Emperor Dragon Finger”?!

Yang Luo was shocked and dismayed, “This too?!”

His face somber, he also raised his right hand, pressing out with his finger, executing the “Primordial Emperor Dragon Finger” as well!

A single finger press, causing the heavens to shake and the earth to move, tearing the Void to shreds!

Thud!

The two massive fingers collided head-on, reverberating through the Nine Heavens and Ten Earths!

The energy and light released were like a tsunami, sweeping across Heaven and Earth!

Under the third collision!

Yang Luo and the energy body were once again sent flying backward in unison!

During the flight!

Yang Luo's mind was already swirling with shock and awe!

This Nine Heavens Dragon Field had truly molded another self!

This energy body, apart from lacking a physical body, seemed to be an exact copy of himself in every other aspect!

What's more crucial was that the energy body was supported by the colossal and vast energy of the Nine Heavens Dragon Field, meaning its qi was essentially inexhaustible!

In contrast, even if he was no longer bound by a mortal body, his qi would ultimately have a moment of depletion!

If this continued, wouldn't he be destined for certain defeat?

Could it be that he would have to leave the Nine Heavens Dragon Field so soon?

But the trial had just begun not long ago!

If he were to leave so soon, how would he continue to grow and improve?

Enough!

Continue fighting then!

Fight until he could fight no more!

Yang Luo's expression was icy, his fighting spirit soaring, as he actively launched a fierce attack on the energy body!

The energy body also flashed nimbly, clashing with Yang Luo!

In the period that followed!

Thud thud thud!...

Boom boom boom!...

Yang Luo and the energy body, fighting bare-handed, shook the heavens and the earth, crumbling mountains, splitting the Void!

Vast flashes of light and energy surged from the collision and explosions, spreading in all directions!

After dozens of rounds of combat,

Yang Luo finally realized something was off.

It seemed that whatever technique he used, the energy entity would use a similar one!

If he didn't use a new technique, the energy entity would keep repeating the techniques he had previously used.

Yang Luo was startled and reacted instantly.

He understood!

The Nine Heavens Dragon Field had indeed created another version of himself that could mimic his moves.

But, the Nine Heavens Dragon Field could only mimic the moves he had already executed!

It couldn't mimic the moves he hadn't used yet.

To verify his thought,

Yang Luo steadied his body and continued charging at the energy body!

As he charged towards the energy body,

Yang Luo raised his right hand, emitting a thunderous roar!

"Dragon Emperor Sword!"

Swoosh!

With a clear sound of a sword's cry,

the Dragon Emperor Sword flew out of the storage ring, grasped firmly in his hand!

The moment Yang Luo summoned the Dragon Emperor Sword,

the energy body also raised its right hand, and the energy between heaven and earth rapidly converged, forming a golden energy long sword!

Yang Luo flipped his right hand, and with all his strength, he slashed heavily at the energy body!

The energy body also flipped its right hand and delivered a heavy slash!

In the blink of an eye!

Boom!

Swords clashed, shaking the heavens above and the earth below!

Bright light and ferocious energy spread from the point of collision, sweeping in all directions!

Afterward, Yang Luo swung another sword!

Countless golden flying swords came together, forming a golden sea of swords that burst forth at the energy body!

The energy body swung its sword as well!

A sky full of golden flying swords also formed into a golden sea of swords, blasting towards Yang Luo!

Boom!

The two seas of golden swords collided fiercely, causing earth-shattering crash and explosion sounds!

A large number of flying swords shattered in the sky, turning into a shower of golden light raining all around!

After that, Yang Luo swung several more swords!

The energy body also swung the same number of swords, perfectly mimicking Yang Luo's techniques!

Yang Luo was finally certain of his conjecture!

It was indeed so!

Only the techniques that he had performed could be mimicked by the energy body!

The ones he hadn't performed couldn't be mimicked!

If that was the case,

then he had to defeat this energy body with the limited moves he had, with an overwhelming force!

If he let the energy body learn all his killer moves, the battle would become even more difficult!

It was time to end the battle quickly!

With that thought,

Yang Luo trembled all over, his momentum fully unleashed, his combat strength at its peak!

“Flame Emperor Combat Body!”

“Divine Dragon Tyrant Body!”

He executed the dual physique secret technique simultaneously!

A golden-red flaming giant and a purple dragon-patterned giant rose up from Yang Luo simultaneously!

Nine purple dragons also coiled around Yang Luo, their presence commanding and majestic!

In less than ten seconds,

the energy body also executed the dual physique secret technique, activating the “Flame Emperor Combat Body” and the “Divine Dragon Tyrant Body”!

Yang Luo narrowed his eyes slightly, “So the mimicry requires time; although it’s only for a brief ten seconds, it indeed takes time!

Perhaps I can take advantage of this short ten-second gap to defeat the energy body in one fell swoop!”

With that thought,

“Come on, fight!”

Yang Luo let out a wild roar, holding the Dragon Emperor Sword and rushing forward with fervor!

The energy body also moved, charging at Yang Luo!

Chapter 2025: Eighteen Times!

In the frenzied rush!

Yang Luo continuously mobilized the energy within his body, causing it to erupt!

The Sea of Fire, the Immortal Burial Thunder Sea, and Ten Thousand Miles of Ice, three major moves were instantly deployed!

A sea of golden-red fire, a nine-colored sea of lightning, and a blue-gold ice sea covered the skies and surged towards the Energy Body!

Just ten seconds later!

The Energy Body also erupted with seas of fire, lightning, and ice, which majestically surged towards Yang Luo!

Boom!

The two seas of fire, lightning, and ice collided in the sky with such force that the whole world shook violently, as if it were going to turn upside down!

Huge swaths of flames, lightning bolts, and ice swept out wildly!

Splitting the firmament, crumbling the earth, shattering the mountains!

Because the energy was too powerful!

The dual physique secret technique that Yang Luo had activated instantly shattered, and his body burst open with several gashes, from which blood splattered!

The dual secret technique activated by the Energy Body had also broken apart, leaving holes blasting open on its Energy Body!

But soon, the energy from the surroundings swiftly converged, beginning to repair the Energy Body's form!

Yang Luo took this opportunity to launch a fierce attack!

Enduring the pain of his wounds, he instantly activated his Dharma Idols, and then clutched the Dragon Emperor Sword with both hands, harshly slashing out with one stroke!

The towering Dharma Idol above him also gripped the sword tightly and struck fiercely!

Swoosh!

The two swords overlapped, forming a colossal nearly thousand-feet long golden sword, which cut through the cloud sea above, tore apart layers of the Void, and drew a thousand-feet long golden crescent arc in the sky!

This sword stroke was terrifyingly magnificent, as if it could split heaven and earth, and crush all things!

The Energy Body also reacted quickly, raising its sword to block!

But it absolutely couldn't withstand the strike from Yang Luo!

A loud "boom" resounded!

The sword in the Energy Body's hand was directly cleaved in two!

The Energy Body's form was also sliced in half!

Boom...

The earth itself was split open, forming a chasm thousands of kilometers long, a sight to behold!

Looking at the Energy Body cleaved in half.

Yang Luo's brows were deeply furrowed.

Was it over?

But just at that moment!

Whoosh!

Energy from heaven and earth surged like a mountain torrent and tsunami from all directions, beginning to rapidly repair the Energy Body's form!

"This..."

In the few minutes that Yang Luo was stunned,

The Energy Body's halved form had already been repaired, restored to its original state!

Yang Luo swallowed hard, suddenly feeling the pressure!

If this Energy Body could really keep repairing itself, how could he possibly defeat it?

Even if his own qi were tremendous, he wouldn't be able to keep fighting indefinitely!

Initially, Yang Luo thought that the trial of Nine Heavens Dragon Domain was just so-so!

But now he truly understood the horror of the Nine Heavens Dragon Domain!

Just this single trial already made him feel the pressure!

If he couldn't even pass this trial, then there was no need to proceed with the subsequent ones!

Just then!

The Energy Body once again activated the dual physique secret technique and also gathered an Energy Giant holding a huge golden sword, just like a Dharma Idol!

Moreover, the fire, lightning, and ice attribute powers contained in the Nine Heavens Dragon Domain kept converging here, forming a sea of fire, a Thunder Sea, and an Ice Sea!

The Energy Body, standing on the fire sea, Thunder Sea, and Ice Sea, holding the Dragon Emperor Sword, leading the Dharma Idol, charged towards Yang Luo!

"Very well!"

Yang Luo took a deep breath and with a resonating voice said, "You can repair your body, huh?"

Then however many times you repair it, I'll blast you apart that many times, until you can't repair anymore!"

With that, Yang Luo once again heightened his combat abilities, leading his own Dharma Idol, and charged upward, engaging in a fierce battle with the Energy Body!

In the process of the fight!

Yang Luo unleashed all his killer moves, attacking the Energy Body fiercely!

The Energy Body also continuously imitated Yang Luo's killer moves, attacking Yang Luo!

Clang, clang, clang...

Boom, boom, boom...

The sounds of collisions and explosions echoed incessantly!

The firmament, the earth, and the Void within dozens of miles were shattered into pieces!

Hundreds of mountains were all blasted apart, turning into a sky full of rocks and dust, sweeping across the land, sending shockwaves in all directions!

The battle had lasted for an incense stick of time!

Boom!

The Energy Body had been detonated by Yang Luo for the second time!

But quickly, the Energy Body's body was repaired again!

Yang Luo, without any hesitation, continued his fierce attacks on the Energy Body!

After another half an incense stick of time had passed!

Boom!

The Energy Body was blown up by Yang Luo for the third time!

But quickly, the body of the Energy Body was repaired again!

After another two hours had passed!

Boom!

The Energy Body was detonated for the fourth time!

In the time that followed!

Yang Luo detonated the Energy Body time after time!

The Energy Body also absorbed energy from the Nine Heavens Dragon Field time after time to repair its body!

As Yang Luo executed more and more killing moves, the Energy Body also modeled more and more of these moves, and its combat power became stronger and stronger!

Yang Luo felt the pressure increasing!

But, during the process of battling itself!

Yang Luo's understanding of himself became clearer!

He identified his strengths and continually magnified them!

He also identified his shortcomings and continuously improved upon them!

Therefore, even though the battle was tough, it was significantly beneficial for Yang Luo's improvement!

After the eighteenth time he had detonated the Energy Body!

"Huff...

huff..."

Yang Luo steadied himself in the air and started gasping heavily.

He had sustained serious injuries, his body was covered in wounds, and blood was flowing uncontrollably.

It was already the eighteenth time!

He didn't know how many more times the Energy Body could repair its body!

But, if the Energy Body kept repairing indefinitely, he probably couldn't hold on much longer!

Just as Yang Luo was ready to continue fighting!

Suddenly!

The space he was in twisted violently and fluctuated, causing his body to shake and he could barely stand!

When the spatial fluctuations and distortions stopped, he managed to stabilize himself!

Only to see that the Energy Body had vanished without a trace!

And the space seemed to have returned to its original state!

In the environment, fierce winds howled, huge waves surged, flames burned, lightning flashed, and ice raged!

Yang Luo stood still in the air, looking around, feeling very puzzled.

Could it be that the trial he was facing had ended with his success?

Fortunately, the Energy Body had only been repaired eighteen times.

If it had continued indefinitely, he definitely couldn't have sustained it.

But, where had Second Senior Sister and the others gone, and why hadn't they appeared yet?

Yang Luo spread out his divine sense, trying to sense the presence of Flame Emperor and the others.

But somehow, he couldn't sense anything at all.

Could it be that Second Senior Sister and the others had already left the Nine Heavens Dragon Field?

But that didn't make sense!

Everyone had planned to use this trial to strive for improvement in their cultivation and strength, so how could they leave so quickly?

Just then!

In the space not far from him, there was a violent distortion and fluctuation!

Minutes later!

A figure, covered in blood, appeared not far in the air from him!

It was indeed Flame Emperor!

"Second Senior Sister!"

Yang Luo's face lit up with joy, and he quickly flew over.

Flame Emperor seemed a bit dazed as she turned her head.

When she saw Yang Luo flying towards her, her eyes lit up and a look of surprise appeared on her face.

"Little Luo!"

She exclaimed joyfully and flew towards Yang Luo as well.

Chapter 2026: Nine Dragon Gates!

Looking at the woman covered in scars, her stunning face slightly pale.

Yang Luo quickly asked, "Second Senior Sister, how are you, are you okay?"

"I'm fine."

Flame Emperor shook her head, "I'm just a bit hurt, it's nothing serious."

As she spoke, she hurriedly asked, "Little Luo, how did you get so severely injured?"

Yang Luo said, "I don't know what happened just now, I seemed to have been taken to another space and fought a big battle with myself!"

"Ah?!"

Flame Emperor's face was filled with surprise, "You also battled with yourself?!"

"Second Senior Sister, did it happen to you as well?"

Yang Luo asked.

"Yes!"

Flame Emperor nodded, "Just now I also had a great battle with myself!"

However, fortunately, that was just an Energy Body, the threat wasn't too big!

So, after I defeated that Energy Body ten times, I returned here!"

Yang Luo realized, "It seems that Fifth Senior Sister and the others must have been taken to other spaces to fight their own Energy Bodies too!"

"That should be the case."

Flame Emperor replied, then asked, "By the way, Little Luo, how many times did you defeat your own Energy Body?"

Yang Luo honestly said, "Eighteen times."

"What?!"

Eighteen times?!"

Flame Emperor's beautiful eyes were wide with shock, quite taken aback.

She said in a daze, "The Energy Bodies fashioned by this Nine Heavens Dragon Field are so formidable and terrifying, I didn't expect that you could defeat it eighteen times."

"If it had been a few more times, I really might not have been able to hold on."

Yang Luo said, then added, "Second Senior Sister, your injuries are too severe, let me heal you.

Otherwise, you won't be able to withstand the trials to come."

Flame Emperor looked at Yang Luo with concern, "But your injuries are also very serious."

"I'm fine."

Yang Luo shook his head and grinned, saying, "Second Senior Sister, my body is tough as iron.

In past battles, I've sustained far more severe injuries than this."

With that, Yang Luo would not let the woman refuse and began to heal her.

Not until the woman's injuries had somewhat recovered did Yang Luo stop healing her and then took out several medicinal pills he had refined to heal and replenish his Qi, swallowing them down.

It wasn't much longer.

International Diva, Ji Longyue, Baili Wushuang, and Tantai Puti, among others, also appeared one after another.

Everyone had suffered no light wounds, their bodies stained with blood.

Indeed, just now everyone had been taken to other spaces to battle with themselves.

Ning Jianfeng took a few deep breaths and said, "Brother Ji, this 'Nine Heavens Dragon Field' is too twisted!

It suddenly created an Energy Body exactly like me, and I battled it for three hundred rounds before I completely defeated it!"

Ji Longyue wiped off his sweat and said, "I had heard the elders say before that one of the trials in the 'Nine Heavens Dragon Field' is to battle with yourself.

And the reason we couldn't see each other just now is that we all entered an illusion."

Tantai Puti patted his chest and said, "All of a sudden, everyone disappeared, and when I called out to you, there was no response, I was really scared to death!"

“By the way, Brother Yang, how many times did you defeat your own Energy Body?”

Ning Jianfeng asked Yang Luo.

Yang Luo replied, “Eighteen times.”

“What the heck?!”

Eighteen times?!?”

Ning Jianfeng was completely dumbfounded, “To think that I only defeated my Energy Body five times and nearly got killed, and you defeated it eighteen times?!?”

Ji Longyue, Baili Wushuang, and the others were also astounded.

But then again.

Yang Luo was the one with the highest cultivation and strength among them; it wasn’t too surprising that he could achieve this feat.

“Phew...”

Yang Luo let out a long breath of turbid air and said aloud, “Brothers, the trials of the ‘Nine Heavens Dragon Field’ are indeed no easy feat!

Everyone, quickly take the pill to heal and recover your strength so that we can face the upcoming challenges!”

“Yes!”

Everyone responded in unison and then took out their pills and swallowed them.

After having gone through the recent trials,

they all profoundly understood the terror of the Nine Heavens Dragon Field and naturally dared not take anything lightly anymore.

But just at the moment when everyone took their pills!

Boom, boom, boom!

The space they were in began to shake violently once again!

The energy contained within the entire Nine Heavens Dragon Field started to become restless and began to converge towards them!

Streams of energy, flickering with various colored lights, surged from all directions, like a tumultuous ocean, seemingly about to engulf Yang Luo and the others!

Yang Luo gripped the Dragon Emperor Sword tightly, his voice vibrating, "Brothers, the trial has started again, be prepared!"

Ning Jianfeng said without a word, "There's really no respite, it's as if they want to drive us to our deaths!"

Qin Zhanhuang took a deep breath and said, "Enough, no more complaints!"

If the trials weren't difficult enough, then how could we improve ourselves?"

Ning Jianfeng looked up at the sky and shouted, "Bring it on, what do I, Ning Jianfeng, have to fear!"

As the energy continued to pour in non-stop, forming into nine seas, it surrounded Yang Luo and the others!

The nine seas of energy were so vast and powerful that everyone felt a strong sense of oppression!

In front of Yang Luo and the others' eyes!

They saw the nine seas of energy coalesce into nine gates!

These nine gates were a thousand feet tall, like nine towering mountains, rising into the sky, majestic and grand!

Moreover, each of the nine gates was inscribed with an Azure Dragon totem and ancient, mysterious runes!

"Nine Dragon Gates?!"

Yang Luo was shocked and asked Ji Longyue, "Brother Ji, what kind of trial is this?!"

Ji Longyue said blankly, "I am not quite sure, I've never seen it before.

Even the elders have never mentioned such a trial to me."

And just when the Nine Dragon Gates had coalesced for a short while.

Boom, boom, boom...

The Nine Dragon Gates trembled violently and began to slowly open!

The moment the Nine Dragon Gates opened!

Nine dazzling beams of light exploded outwards, piercing and brilliant!

Additionally, vast and powerful dragon qi and dragon might spread out, making those with cultivation at the Earth Immortal level, like international diva Zhixin and Ji Longyue, tremble all over!

Even Flame Emperor Luange felt a strong pressure and her delicate body lightly trembled, unable to help but grip the Blue Luan Sword in her hand tighter!

Although Yang Luo also felt the strong pressure, he could at least bear it!

After all, he had grown used to the Holy Dragon's Might and Holy Dragon Energy of the seniors like Primordial Divine Dragon, Long Tianchi, and Long Youlan, so regular dragon qi and dragon might naturally couldn't affect him!

Just then,

"Eh, such powerful dragon qi, kid, where have you gone to stir up this commotion again?"

A voice echoed in Yang Luo's mind.

It was Long Tianchi's voice.

"With such dragon qi and dragon might, it should be at the level of a divine dragon."

The voice of Long Xinghe also sounded.

"Big Brother, Fifth Brother, didn't you say Little Luo was in a low-level plane?"

Before, there was no sense of True Dragon's Energy, why now is there the aura and pressure of a divine dragon?"

The kind and intelligent voice of Long Youlan also rang out.

Yang Luo was suddenly taken aback!

He hadn't expected that even the three seniors would be disturbed!

Chapter 2027: The Divine Dragon Descends!

Yang Luo naturally did not hide anything and responded in his mind.

He told Long Xinghe and the others about his trial in the Nine Heavens Dragon Field.

Only then did Long Xinghe and the others understand what was going on.

Long Youlan asked with surprise, "Little Luo, doesn't that mean you have a very good chance of obtaining the blood essence of the ancient divine beast, the Azure Dragon?"

Yang Luo replied, "I hope I have that opportunity!"

He had already obtained the blood essence of the White Tiger, Vermillion Bird, and Black Tortoise, inheriting the divine powers of these three Divine Beasts.

If he could obtain the blood essence of the Azure Dragon this time, not only would he get the inheritance of the Azure Dragon, but he could also continue to enhance his own strength and fortify his physique.

And to partially open the fourth bronze dragon coffin.

Long Tianchi said with a smile, “Kid, don’t worry.

If there really is the blood essence of the Azure Dragon here, we will surely sense it!”

Just at that moment!

“Roar roar roar!”

The resounding dragon roars came from the nine dragon gates!

They echoed throughout the heavens and earth, spreading in all directions!

Accompanied by the sound of dragon roars!

You could see, nine gigantic dragons flew out of the nine dragon gates!

Each of these nine dragons was a thousand zhang long, each with a different appearance, flashing with various colored lights, formed by the condensation of vast and robust energy!

A surge of immense and mighty dragon qi and dragon might spread out, enveloping this realm!

“Oh my goodness, what’s happening now, nine dragons have actually come out from these nine dragon gates?!”

Ning Jianfeng couldn’t help but exclaim.

Lin Wenxuan said with shock, “Could it be that this trial is to deal with these nine dragons?!”

Mo Qingkuang and the others all tensed up, heightening their vigilance as if facing a formidable enemy!

Yang Luo also stared blankly at the nine dragons in the sky, his face full of shock!

At that time.

Through Yang Luo's eyes, Long Xinghe, Long Tianchi, and Long Youlan saw the scene outside.

Long Tianchi said with a smile, "This mystic realm is quite interesting, it can actually create nine divine dragons out of energy!"

Although they are only Inferior Divine Dragons, because they contain vast dragon qi and energy, their strength must be extraordinary!"

Yang Luo asked, "Seniors, are these nine dragons real?"

"Of course, they are real!"

Long Xinghe took over the conversation, "These nine dragons are the Golden Divine Dragon, Xuantian Wood Dragon, Angry Sea Mad Dragon, Fiery Flame Dragon, Earth Core Rock Dragon, Six-winged Wind Dragon, Thunder Prison Tyrannosaurus, Ice Armor Divine Dragon, and Purple Blood Sky Dragon!"

"Oh!"

Yang Luo nodded in realization.

Long Youlan voiced a reminder, "Little Luo, with your current strength, it shouldn't be difficult to deal with these nine dragons.

However, I feel that this trial might not be so simple, so you better be careful."

“Yes, Aunt Youlan!”

Yang Luo replied.

Right at that moment!

“Roar roar roar!”

The nine Divine Dragons let out a roar towards Yang Luo and the others at the same time!

A series of terrifying sound waves immediately spread out, crushing towards Yang Luo and the others!

Just the impact of the sound waves forced Mo Qingkuang and the others to stagger backward!

Moreover, the loudness of the dragon roar was so immense, it agitated everyone’s souls, causing their heads to throb with pain!

Yang Luo exclaimed, “Everyone be careful, let’s quickly take down these nine dragons!”

“Yes!”

Flame Emperor and the others responded in unison and began to summon the energy within their bodies, preparing to counterattack!

But, the nine Divine Dragons once again opened their mouths wide and let out roaring sounds!

In an instant!

Nine beams of light, each flashing with different colors, burst from the mouths of the nine Divine Dragons, shooting towards Yang Luo and the others from all directions!

“Block it!”

Yang Luo shouted in alarm, hurriedly forming several layers of defense to resist!

Flame Emperor and the others also conjured up True Qi barriers to defend themselves!

Boom boom boom!

The nine beams of light furiously crashed against the True Qi barriers, erupting with muffled impacts!

The power of these nine beams was indeed strong, but with Yang Luo and the others united in defense, they managed to withstand this wave of attack!

Seeing that this move was ineffective!

The nine Divine Dragons tumbled through the sky, unleashing their respective abilities!

Summoning the Wind and Rain, Release the Lightning, Ice and Fire Surge, Earth and Stone Collapse!

Clearly, the bodies of these nine Divine Dragons contained the power of all the major attributes, incredibly terrifying!

Boom Boom Boom!

Rumble Rumble Rumble!

The earth-shaking sounds of collisions and explosions were unceasing!

Huge swathes of energy and light intertwined, like a breached dike, surging in all directions!

“Counterattack!”

Yang Luo let out a thunderous roar and slashed out with his sword!

Whoosh!

A golden greatsword tore through the sky, like a bolt of golden lightning across the heavens and earth, splitting open a sea of energy light in front!

“Flying Swords Like Abyss!”

Flame Emperor waved her hand and boldly struck with her sword!

Swoosh Swoosh Swoosh!

Countless azure flying swords launched like a violent storm!

“Meteor Shower!”

Tantai Puti also swung his sword!

A deluge of golden-red fireballs fell from the sky, as if a torrential downpour had begun!

“Ice Soul Sealing Suppression!”

The Ice Empress fiercely swung her ice staff!

Icebergs took shape and, with bone-chilling cold, smashed towards the nine Divine Dragons!

“Divine Punishment of Light and Darkness!”

The Divine Light and Darkness Emperor used all his strength to swing his halberd!

Black and white light merged, transforming into a long rainbow that shot forth explosively!

Song Zhixin and Ji Longyue, among others, also launched fierce attacks!

Rumble Rumble Rumble!

Under the joint fierce assault of Yang Luo and his comrades!

The onslaught unleashed by the nine Divine Dragons was completely shattered!

Their huge bodies were also sent flying!

“Brothers, to battle!”

Yang Luo roared, holding the Dragon Emperor Sword, and charged toward the Golden Divine Dragon!

Flame Emperor and Song Zhixin, among others, also charged at the other eight Divine Dragons!

Upon seeing Yang Luo’s approach!

“Roar!”

The Golden Divine Dragon let out an earth-shaking roar and extended a golden claw, reaching for Yang Luo!

This massive claw, as if cast from pure gold, shone with divine brilliance, tearing the void, seemingly about to tear Yang Luo to shreds!

Yang Luo was fearless, gripping the Dragon Emperor Sword with both hands, he struck at the giant claw!

Clang Clang Clang!

The huge sword clashed with the giant claw, emitting a metallic ring that was crisp and clear!

But under this slash!

The Golden Divine Dragon's huge body was directly sent flying!

Moreover, it was not a real Golden Divine Dragon after all, but an Energy Body!

Thus, Yang Luo's sword split its giant claw!

"Again!"

Yang Luo bellowed, transforming into a swift streak of light, and continued to rush at the Golden Divine Dragon!

Seeing this, the Golden Divine Dragon fiercely whipped its tail, lashing out at Yang Luo!

Without any hesitation, Yang Luo struck with his sword directly at the huge tail!

Puff!

The sword was incredibly sharp, directly cutting the giant tail into two!

“Roar!”

The Golden Divine Dragon rapidly retreated, emitting a thunderous roar!

A vast sea of energy was woven into a large golden net in the sky above, descending onto Yang Luo to entrap him!

Countless golden blades of light also converged from all directions, madly shooting towards Yang Luo!

Yang Luo’s heart was shaken!

Although these Divine Dragons were not physical entities, under the control of the Azure Dragon Ancestor’s will, their fighting prowess was truly extraordinary...

Chapter 2028: Is It Over?

After all, the Nine Heavens Dragon Field was created by the Azure Dragon Ancestor of the Azure Dragon Family!

Therefore, the Nine Heavens Dragon Field contains the will of the Azure Dragon Ancestor!

Yang Luo did not take it lightly, but swung his sword with all his might!

Whoosh whoosh whoosh!

Countless golden flying swords burst from Yang Luo as the center, shooting in all directions!

Hiss hiss hiss!

Boom boom boom!

The enveloping golden net was torn apart, and the incoming golden blades were all destroyed!

Huge balls of energy exploded in the sky like fireworks, brilliantly dazzling!

After destroying the offensive of the Golden Divine Dragon!

Yang Luo broke through the energy frenzy and charged towards the Golden Divine Dragon!

“Roar!”

The Golden Divine Dragon let out a roar!

A gigantic, tens of zhang long golden rainbow burst forth, like a hanging golden river, threatening to engulf Yang Luo!

Yang Luo neither dodged nor retreated, but directly activated the “Flame Emperor Combat Body” and “Divine Dragon Tyrant Body,” charging against the golden beam!

Boom!

Yang Luo shattered the beam, turning it into a sky full of golden light rain, splashing in all directions!

Seeing Yang Luo continue to charge furiously!

The Golden Divine Dragon fiercely shook its body!

Mountains far away suddenly rose from the ground and slammed towards Yang Luo!

The energy bursting from its body also turned into a sea of golden energy, like a golden Divine Sea, rushing towards Yang Luo!

Yang Luo raised his right hand and swung the sword in his hand, striking the golden Divine Sea!

His left fist punched towards those mountains!

Rumble rumble!

Accompanied by the thunderous sound of explosions!

The golden Divine Sea was instantly split in half!

Those mountains were also blasted into smithereens!

The Golden Divine Dragon then took this gap to soar into the sky, swinging its four golden giant claws towards Yang Luo!

All four golden giant claws were immensely huge, capable of tearing heaven and earth apart, shattering everything!

“Slash!”

Yang Luo let out a wild roar, grasping the Dragon Emperor Sword with both hands, and fiercely slashed upwards!

Swish!

A hundred zhang huge golden sword furiously slashed out, threatening to cut through the heavens!

Accompanied by the “rumble rumble” sound of explosions!

All four golden giant claws of the Golden Divine Dragon were severed!

Even its huge body was slashed open with cracks!

After one slash!

Yang Luo’s body shook, and he roared out loud!

“Dragon Howls at the Myriad Existences!”

“Vermillion Bird Descends!”

“White Tiger Divine Transformation!”

“True God Black Tortoise Transformation!”

A giant golden dragon, Vermillion Bird, White Tiger, and Black Tortoise hundreds of zhang large took shape and collided with the Golden Divine Dragon in the sky!

In an instant!

Rumble rumble!

The Golden Divine Dragon was directly shattered, exploding in the sky!

After obliterating the Golden Divine Dragon!

Yang Luo sprouted Thunderfire Wings on his back, soared into the sky at high speed, and charged towards the other divine dragons!

At that moment.

High above in the distance.

“I am the Battle Ape King, these petty dragons are nothing!”

Big White let out a roar, diving down from high above, and punched the Purple Blood Sky Dragon!

The huge fist, burning with raging flames, crashed down like a meteorite!

“Roar!”

The Purple Blood Sky Dragon roared towards the sky!

A crimson-purple long rainbow burst out, rushing towards Big White!

Boom!

This punch was overwhelmingly powerful, directly shattering the crimson-purple long rainbow!

After shattering the crimson-purple long rainbow!

The punch heavily crashed onto the head of the Purple Blood Sky Dragon!

The Purple Blood Sky Dragon was directly smashed by this punch, plummeting from the sky with a loud “boom,” and crashed onto the ground!

The ground itself caved in and cracked over a large area!

After knocking down the Purple Blood Sky Dragon with a punch!

Big White’s onslaught did not stop there; instead, he clenched his fists and punched relentlessly, bombarding the grounded Purple Blood Sky Dragon one punch after another!

Boom boom boom!

Raging infernos of red fiery punches rained down, like a fiery meteor shower falling from the sky!

The Purple Blood Sky Dragon exploded with repeated attacks, fiercely counterattacking!

But, Big White’s fists were immensely heavy, shattering the barrage of attacks from the Purple Blood Sky Dragon!

After demolishing all the attacks!

Big White’s fists crazily hammered onto the body of the Purple Blood Sky Dragon!

The Purple Blood Sky Dragon did not last long before its body completely shattered and exploded!

“Roar!”

Big White roared excitedly, then spun around and charged towards other divine dragons!

In another part of the sky.

Mo Qingkuang, Tantai Puti, and Yi Yuheng were battling the Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon!

In the midst of the fierce battle!

The bodies of Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon were continually cracking!

Yet, these two great divine dragons, even though merely composed of energy, still took the furious assaults from Mo Qingkuang and his comrades!

“Divine Movement Eight Desolate Fist!”

Mo Qingkuang clenched his fists and furiously bombarded both Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon!

Countless purple-golden fists, like a celestial meteor shower, smashed down!

“Vermilion Bird Burning Sky Sword!”

Tantai Puti held the Vermilion Bird Sword tightly, chopping one sword strike after another!

Swish swish swish!

A series of huge golden-red flame swords tore through the heavens and earth, carrying massive fires, slashing towards the two divine dragons!

“Black Tortoise Heaven-Breaking Spear!”

Yi Yuheng gripped his spear tightly, sweeping it around!

Spear after spear of dark blue ice materialized, all bursting forth simultaneously!

“Roar roar...”

The Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon did not dodge or retreat, instead they let out a roar!

A massive thunderfall and an ice cascade erupted from their mouths, blasting towards the attacks launched by Mo Qingkuang and his comrades!

In an instant!

Boom boom boom!

Rumbling, loud crashing noises of the heavy hits collided in the sky, ceaselessly resounding, shaking the heavens!

Seeing that the Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon were still not defeated!

Mo Qingkuang stood midair, his blood boiling, again unleashing deadly moves!

“Ancient Immortal Technique!”

“Dayu Flood Control, Kua Fu Chasing the Sun, Jingwei Calms the Sea, Fuxi’s Trigram!”

Phantoms of the four great ancient gods instantly rose, crashing towards Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon!

“Vermilion Bird!”

Tantai Puti raised the sword in his hand, pointing forward!

A massive near hundred zhang golden-red Vermilion Bird flared into existence, wings spread, carrying a sea of fire, crashing forward!

“Black Tortoise Stepping Heaven!”

Yi Yuheng raised the spear in his hand, pointing forward!

A massive near hundred zhang Black Tortoise emerged, its head touching the heavens, its feet treading on an ice sea, crashing forward!

Boom boom boom!

Under this earth-shattering collision!

The Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon directly shattered into pieces, transformed into vast amounts of lightning and ice, scattering in all directions!

After annihilating the Thunder Prison Tyrannosaurus and Ice Armor Divine Dragon!

Mo Qingkuang, Tantai Puti, and Yi Yuheng flashed their figures and charged towards other divine dragons!

No one knew how long the battle lasted!

All nine divine dragons were annihilated, dissipating in the sky above!

In this battle!

Ning Jianfeng, Qin Zhanhuang, and Mu Wushang among others were injured!

But luckily, the strength of these nine divine dragons wasn't particularly strong, so their injuries were not too severe!

"Is it over?"

Ning Jianfeng sighed a breath of relief and asked aloud.

Yang Luo stared at the nine Dragon Gates, his vigilance unabated.

He could not believe this trial would be so simple!

Chapter 2029: The Monk Will Not Hesitate to Massacre!

Ning Jianfeng's voice had not yet faded!

Suddenly!

"Roar roar roar!"

Accompanied by a series of resounding dragon roars!

Nine gigantic dragons burst forth from nine dragon gates, appearing overhead!

Moreover, these nine dragons were even vaster, over a thousand feet in length, their bodies laden with even more majestic and terrifying dragon qi and dragon might!

“Damn!”

Ning Jianfeng exclaimed in shock, “Why have another nine come out?!”

Qin Zhanhuang said with a grave expression, “These nine divine dragons are even more extraordinary than the previous nine, and their strength is probably even stronger!”

Mu Wushang sighed, “This ‘Nine Heavens Dragon Field’ trial indeed isn’t easy to get through!”

Yang Luo stared intently at the nine giant dragons and asked in his mind, “Predecessors, what are these nine dragons all about?”

Primordial Divine Dragon replied, “These nine dragons are medium Divine Dragons, a tier higher than the previous nine!”

“They are the Jade-eyed Golden Dragon, Nine Heavens Azure Dragon, Creation Sky Dragon, Xue Yu Divine Dragon, Eternal Wind Dragon, Emperor Thunder Dragon, Green Fire Spirit Dragon, Slaughter Demon Dragon, and Dark Demon Dragon!”

Long Tianchi said, “In the myriad worlds, these Nine Divine Dragons also exist among the great dragon clans!

The one who created this small world is quite intriguing, able to gather both inferior and medium Divine Dragons!”

Long Youlan said softly, “Little Luo, this trial will be very beneficial for you, you must seize the opportunity!”

“Understood!”

Yang Luo responded resoundingly in his mind, “I will pass all the trials and advance to greater strength!”

“Ambitious!”

“Kid, give it your all!”

“Step on the path of the strong that belongs to you!”

All three from the Primordial Divine Dragon encouraged him.

Just then!

“Roar roar roar!”

The nine divine dragons let out earth-shattering roars, charging wildly towards Yang Luo and the others!

Due to the enormous stature of these nine divine dragons, their movement caused the whole heaven and earth to tremble and shake!

Yang Luo declared loudly, “Brothers, we must endure to the end, pass all the trials, and achieve personal growth and transcendence!”

“Yes!”

Everyone responded passionately and in unison.

“Fight!”

Yang Luo let out a thundering roar and charged into battle!

“Fight!!!”

Everyone else also roared in unison and rushed forward!

A great battle erupted once again!

Although Yang Luo and the others in the Nine Heavens Dragon Field were unable to perceive the passage of time,

in reality, five days had already passed on the outside.

At this time.

Outside the Nine Heavens Dragon Field.

Ji Wenzhou and Ji Longsheng, among others, were sitting near the array platforms.

These days, they had been guarding here all along.

Ji Zechuan looked towards the array platform and stroked his beard, “These youngsters are truly extraordinary, having persisted inside for five days without seeking our help.”

Ji Wenzhou smiled faintly and said, “It is said that these youngsters lasted a long time in the White Tiger family’s ‘Eight Tribes Lightning Territory’ as well.

“It’s just uncertain how long they can last this time in the ‘Nine Heavens Dragon Field’.”

Ji Longsheng and the others nodded, their eyes also filled with anticipation.

...

At the same time.

In the secular world.

It is now the middle of the night.

Holy Imperial Court Headquarters.

Following the end of the great war with the Dark World, the Holy Imperial Court had been enjoying a long period of peace and stability.

After all, the Holy Imperial Court was the most powerful organization in the underworld, the absolute sovereign.

No one dared to provoke the Holy Imperial Court anymore.

But tonight, a fierce battle erupted in the seas not far from the Holy Imperial Court!

Five figures were fighting fiercely in the skies above the sea, causing the heavens to split and the ocean to overflow, terrifyingly intense!

Boom, boom, boom!

Bang, bang, bang!

The sounds of collisions and explosions were ceaseless!

Bursts of light and energy exploded above, scattering in all directions!

On the shore.

More than ten thousand people staying at the headquarters of the Holy Imperial Court were watching the battle, their faces filled with astonishment!

“Who would have thought, after several months, the Holy Light Divine Clan, Heavenly Universe Divine Clan, and Dark Demon Clan would actually come to our headquarters to cause trouble!”

“It’s uncertain whether Celestial Master and Master Xuanku can defeat these three guys!”

“These three are True Immortal and True Fiend, after all, this battle will likely be tough!”

“If the Divine Emperor were here, how could he allow these three to be so arrogant here!”

The crowd was staring intently at the far-off skies, some nervous and anxious.

Far above in the sky.

Rumble, rumble!

Accompanied by a thunderous explosion!

The five figures were simultaneously blasted away!

Quickly, the five figures stabilized their bodies and stood facing each other!

Two of them were Zhang Zhilin and Master Xuanku!

By now, Zhang Zhilin and Master Xuanku had both entered the middle True Immortal realm!

Standing opposite were three men.

One of them was dressed in a plain white robe, with golden curly hair.

The second wore a red-gold cape, with fiery red curly hair.

The third was clad in black gold battle armor, with brown curly hair.

These three men were the Ruling Angel from the Holy Light Divine Clan, the Ten Thousand Fire True God from the Heavenly Universe Divine Clan, and the Abyss True Demon from the Dark Demon Clan!

All three were at the middle True Immortal stage!

A few days ago, after they arrived in the secular world, they carefully investigated.

The results of their investigation both shocked and enraged them!

Unexpectedly, just months ago, the Holy Light Church, Heavenly Shrine, and Hell Fiend Palace had all been annihilated!

The Holy Light Pope, Heavenly God Emperor, and Hell Fiend Emperor, along with all the gods and demons who came to assist them, had all been slain!

They discovered that the prime culprit who had slain their gods and demons was a kid named Yang Luo!

This kid was the lord of the Holy Imperial Court and was reputed as the number one man in this world!

So, not long ago, they found the headquarters of the Holy Imperial Court!

They had intended to first slay Yang Luo, the prime culprit!

Then they would return and report, sending other gods and demons to avenge all the gods and demons who had died in battle!

But unexpectedly, two powerful humans suddenly appeared and stopped them!

The Ruling Angel looked coldly at Zhang Zhilin and Master Xuanku, harshly saying, "I really didn't expect this world to give birth to beings comparable to gods!

No wonder our people all died here!"

The Ten Thousand Fire True God exclaimed sternly, "You two old men must have participated in that battle too, right?

Anyone who was involved in that battle must die!"

The killing intent flickered in the eyes of the Abyss True Demon, "You guys really have some nerve, even daring to kill our gods and demons!

Do you know the consequences of doing this?

Our Dark Demon Clan will surely make everyone in this world accompany you in death!"

Zhang Zhilin boomed, "I don't care if you're gods or demons, causing trouble here means only a dead end!"

"Amitabha Buddha..."

Master Xuanku, with hands pressed together and a cold look in his eyes, declared, "Although I prefer not to create further killings!

If you dare harm the innocents of this world, I will not hesitate to engage in a massacre, even if it means falling into the demon path!”

Zhang Zhilin laughed heartily, said, “Xuanku, it seems your wooden head has finally caught on!”

Chapter 2030: Where Did the Other Guys Go?

“No need to waste words with them, kill them!”

The Ruling Angel holding a long sword, let out a thunderous roar!

Three pairs of wings of light sprouted from his back, flapping vigorously as he soared high into the sky, hurtling towards Zhang Zhilin!

“Let’s commence with your fresh blood to honor our gods!”

The Ten Thousand Fire True God, holding a Flame Spear, erupted into various fierce fires that enveloped his body as he charged forth!

“Although you are humans, you have achieved the cultivation of True Immortals.

Your blood must be delicious!”

The Abyss True Demon let out a wicked laugh, licking the corner of his mouth, wrapped in a surging demonic qi, he charged forth with a Black Gold Demon Sword in his hand!

“Fight!”

Zhang Zhilin and Master Xuanku took a step forward simultaneously, directly charging into battle!

In a flash!

The distance between the two sides closed, and they launched a fierce attack on each other!

“Divine Light Slash!”

The Ruling Angel flipped his right hand, swinging his sword in wrath, slashing out!

Swipe!

A huge white sword tore through the sky, imbued with the power of Light and purity, aimed at Zhang Zhilin and Master Xuanku!

“Ten Thousand Fire Divine Punishment!”

The Ten Thousand Fire True God raised his spear, pointing into the heavens, and then thrust downward!

Whoosh!

Huge hundred-zhang tall waves of flames burst open the sky, pouring down!

Space itself was twisted and deformed by the intense heat!

The seawater evaporated in large quantities, creating billowing white mist, like signals of distress rising!

“Abyss Demon Slash!”

The Abyss True Demon swung his Black Gold huge sword heavily, chopping down!

Swipe!

A Black Gold huge sword burst into blinding demonic light, erupting with wild magic power, ravaging in all directions!

The sky, the Void, and the ocean cracked under this single sword strike, as if three abysses had emerged!

Onlookers on the distant island trembled in fear, their bodies shaking!

It was at this moment, when the onslaught of the three was bearing down!

Zhang Zhilin and Master Xuanku simultaneously unleashed a palm strike, counterattacking!

“Great Dao Divine Palm!”

“Ten Thousand Buddha Palm!”

Rumble rumble rumble!

A huge golden palm engraved with Taiji Painting and another huge golden palm engraved with swastika runes both pushed horizontally upwards!

This part of the sky and the ocean both trembled for it!

In an instant!

Boom boom boom!

The sounds of collision and explosion erupted at the same time!

The sky and ocean within a radius of ten thousand meters shook even more violently!

The small islands on the sea also began to tremble violently!

Light and energy intertwined together, as vigorous as the sea, surging outward in all directions!

The Holy Imperial Court's island-protecting array had long been activated, propping up a huge golden barrier, blocking all of the energy outside!

After this collision!

The five of them were once again blown back!

In this exchange!

Zhang Zhilin and Master Xuanku both had gaping wounds explode on their bodies, their fresh blood splattering into the air!

The Ruling Angel, Ten Thousand Fire True God, and Abyss True Demon also had gaping wounds burst on their bodies, their blood flowing nonstop!

"Damn it!"

The Abyss True Demon shouted in anger, "These two guys have the same level of cultivation as us, how can they keep blocking our attacks?!"

The Ten Thousand Fire True God had a stern look, "These two are truly not easy!"

It seems that this world must have quite a few strong beings capable of standing shoulder to shoulder with us, even stronger ones exist!”

The Ruling Angel frowned, “But the strange thing is, we’ve nearly been to every corner of this world the past few days!

Yet, the majority of people in this world are ants, rubbish!

The only ones capable of matching us are these two!

Where on earth have the other guys gone?”

The Ten Thousand Fire True God and the Abyss True Demon both frowned, clearly puzzled.

Just then!

Zhang Zhilin and Master Xuanku moved, continuing to charge towards the three!

On their way, both of them activated their Dharma Idols!

Two golden giants rose up simultaneously, their heads reaching the sky, their feet standing in the Void, joining Zhang Zhilin and Master Xuanku as they surged forward!

Thus, Zhang Zhilin and Master Xuanku also felt the strength of their three adversaries, which is why they went all out!

Seeing the two approaching!

The Ruling Angel shouted, “Let’s take down these two first!

As for the other guys, we'll definitely find them all later!

Not a single one will be spared, kill without mercy!"

"Alright!"

The Ten Thousand Fire True God and the Abyss True Demon responded in unison.

All three unleashed their full might, full battle spirit, and activated their Dharma Idols!

Three giants stood tall at the same time, each exuding an overwhelming presence!

One with three pairs of wings, wielding a sword!

One with his body engulfed in various flames, wielding a black spear!

One with Black Gold demonic light flickering all over his body, wielding a saber!

The three took action, leading their Dharma Idols, and charged into battle!

In the blink of an eye!

Boom boom boom!

Five Dharma Idols engaged in an earth-shattering clash high above!

The sky and the ocean split instantly, with two fissures spreading thousands of kilometers!

The point of impact opened up a dark and profound cavity in the Void!

“Yin-Yang Taiji!”

Zhang Zhilin raised both hands, between which a Golden Tai Chi Diagram formed, and he pushed it out with all his strength!

The palm-sized Golden Tai Chi Diagram flew forth, ballooning against the wind to hundreds of zhang in an instant, obscuring the stars and moon, aiming to suppress the Ruling Angel and the other two!

“Ten Thousand Buddha Holy Lotus!”

Master Xuanku waved his sleeve!

A massive Buddha Lotus several hundred zhang in size, its petals inscribed with Buddha and Bodhisattva figures, took form and bore down towards the three!

“Feiyu Divine Wings!”

The Ruling Angel’s expression turned cold as he vigorously fluttered the six pairs of Light Wings on his back!

Countless pearlescent feathers converged above, sharp like blades, covering the skies as they shot out!

Ch-ch-ch!

The ear-piercing sound of tearing through the air resounded!

These feathers were incredibly sharp, with numerous dark fissures tearing open in the Void...
