

## Super IDG 2051

### Chapter 2051: Can a Miracle Be Created Again?

Several minutes later.

He put away the communication jade talisman and said, “Everyone, just now Qingkuang contacted me.

He said Little Luo is still cultivating, it seems like he’s challenging the late True Immortal realm, and asked us to wait for them a bit longer.”

“Late True Immortal realm?!”

“My goodness, is Little Luo about to step into the late True Immortal realm?!”

“This kid is really something, to be challenging the late True Immortal realm so soon?!”

“This kid’s cultivation is even higher than all of us old-timers!”

Everyone was dumbstruck, filled with shock.

After all, the highest cultivation among them was only at the Perfected True Immortal stage.

“Damn!”

Bujie swallowed hard, “Brother Yang is actually about to step into the late True Immortal realm?!”

Freaking unbelievable, too damn unbelievable!”

Heavenly Sirius’s mouth twitched, “What kind of trials has Brother Yang been through to break through so quickly?”

Xiang Kunlun and the others were also filled with admiration.

They knew well that once one entered the True Immortal realm, every small breakthrough was extremely difficult.

But unexpectedly, after Yang Luo entered the early-stage True Immortal realm, he stepped into the middle True Immortal realm in such a short time, and now he was launching an assault towards the late True Immortal realm.

Just as everyone was exclaiming in amazement.

Ji Wenzhou and Ji Longsheng and others were frowning, their eyes full of worry.

Mo Hongtu also noticed that Ji Wenzhou's expression was somewhat off.

He asked aloud, "Brother Ji, what's wrong?"

Is there something the matter?"

Ji Wenzhou hesitated for a moment before sighing, "Everyone, do you know where Little Luo is cultivating right now?"

"Where?"

Mo Hongtu asked.

The others also looked towards Ji Wenzhou.

"Immortal Furnace Mountain."

Ji Wenzhou uttered three words.

After all, a week ago, Yang Luo and others had set off from the Azure Dragon Family for Immortal Furnace Mountain, so he naturally knew about it.

“Immortal Furnace Mountain?”

Mo Hongtu suddenly nodded, saying, “Immortal Furnace Mountain can absorb the spiritual qi of heaven and earth, the spiritual energy there is indeed abundant.”

Baili Shengxuan also said, “Cultivating near Immortal Furnace Mountain can indeed be very helpful for the improvement of cultivation.”

Ji Wenzhou sighed and shook his head, “If Little Luo were cultivating outside of Immortal Furnace Mountain, that would be nothing.

But the key is, he’s not cultivating on the outside, he’s inside.”

With these words!

All those present were first stunned, then their eyes widened to the fullest!

“What?!”

Little Luo is cultivating inside Immortal Furnace Mountain?!”

“Heavens, has Little Luo gone mad, to dare to run inside Immortal Furnace Mountain to cultivate?!”

“Inside Immortal Furnace Mountain flames surge, lightning bolts rage, all kinds of energies are tumultuous, it’s dangerous enough to rival the Heaven Burying Immortal Tomb!”

“The key is, once you go into Immortal Furnace Mountain, there’s no coming out.

Previously many people went in to treasure hunt and none could come out alive!”

Mo Hongtu, Yi Hanshan, Baili Shengxuan, and the others all exclaimed in shock, genuinely frightened.

Bujie absentmindedly looked towards Lu Yuanlong, and asked, “Brother Lu, is Immortal Furnace Mountain really that terrifying?”

Lu Yuanlong’s face turned pale as he said, “More than terrifying, once you go in, it’s surely a place with no burial for the dead!”

Han Feng felt his scalp tingle, "Brother Yang's guts are too big, wherever there is danger, he just runs to it?"

Before, him coming out alive from Heaven Burying Immortal Tomb already shocked us tremendously!

Unexpectedly, he's now run off to inside Immortal Furnace Mountain!

Even Heavenly Immortals don't dare to easily enter inside Immortal Furnace Mountain!"

Hearing the two of them.

Xiang Kunlun and Xu Ying and the others had their brows tightly furrowed, their faces showing worry.

Bujie pulled at the corner of his mouth, forcing a laugh, "Brothers, don't worry, what kind of person is Brother Yang!"

"He is a god among gods, a freak among freaks; he must be able to walk out of Immortal Furnace Mountain safely!"

Su Qingmei turned her head to look at Xiao Ziyun, her eyes red as she said, "Sister Ziyun, Little Luo shouldn't be in any danger, right?"

Xiao Ziyun pursed her red lips, clenched her fists, and said, "Don't worry, Little Luo will definitely be fine."

Lu Yuanlong, Han Feng, and the others couldn't say much more, all wearing a bitter expression, feeling sure that Yang Luo wouldn't be able to come out.

Yi Hanshan frowned and said, "Brother Ji, why didn't you try to persuade Little Luo?"

Baili Shengxuan also said, "Yeah, how could you let him act recklessly like that?"

Ji Wenzhou said helplessly, "Brothers, how did I not try to persuade him?"

I and several elders all tried, but it was no use at all!

You know what he's like; once he's made up his mind about something, nobody can change it!"

Baili Shengxuan sighed, "This kid just loves to be reckless, making people worry sick about him!"

Mo Hongtu shook his head and said, "Now all we can do is pray that Little Luo can walk out of Immortal Furnace Mountain safely!"

Everyone present deeply sighed, their faces full of concern and anxiety...

...

In the blink of an eye, another three days passed.

One clear morning, three days later.

South Continent.

Immortal Furnace Mountain.

Flame Emperor and others were standing on a big mountain, staring intently at Immortal Furnace Mountain, their faces filled with concern.

They had originally thought that after a week, Yang Luo would come out.

But who knew that another three days had passed and yet Yang Luo had still not appeared.

The hope in their hearts was gradually being eroded.

Tantai Puti's eyes reddened, her voice trembling, "Why...

Why hasn't Brother Yang come out yet?"

International Diva said blankly, "Little Luo couldn't really be...

could he really have met with disaster?"

The Ice Empress shook her head vigorously, "He won't, Little Luo definitely won't meet disaster!

He will surely walk out of Immortal Furnace Mountain successfully like the last time!"

Ning Jianfeng said helplessly, "We told him not to go in there, yet he insisted on doing so!"

Flame Emperor clenched her fists, gritted her teeth, and said hoarsely, "Little Luo must come out safely, he must!"

Although everyone said this, in their hearts, they had already begun to despair.

After all, Ji Wenzhou and Ji Longsheng had told them about the horrors of Immortal Furnace Mountain.

Many who went in search of treasures never came out alive, melted into blood and water.

Yang Luo, though he had created a miracle by successfully walking out of Heaven Burying Immortal Tomb,

But could he create another miracle?

However, just as everyone was increasingly despairing!

Rumbling...

The entire Immortal Furnace Mountain suddenly started to tremble lightly!

“Huh?!

What's happening, why is Immortal Furnace Mountain shaking?!"

"Could it be...

Could it be that Brother Yang is about to come out?!"

"It's highly likely!

Very likely indeed!"

"Haha, good, good, Brother Yang is finally about to come out!"

Watching Immortal Furnace Mountain trembling continuously, everyone became excited, their eyes sparkling with spirit.

Everyone's mood had already hit rock bottom, but now they had caught sight of hope once again.

At this very moment.

Rumbling...

The shaking of Immortal Furnace Mountain became more intense!

The rivers surrounding Immortal Furnace Mountain also started surging, raising giant waves!

Moreover, even the mountains around Immortal Furnace Mountain began to shake!

Ning Jianfeng was thrilled, "He's coming out, Brother Yang is likely really coming out!"

Chapter 2052: Phenomena Galore!

Song Zhixin also said excitedly, "For the past ten days, Immortal Furnace Mountain has been very calm, without any disturbances!"

"But now, there's such a big commotion at Immortal Furnace Mountain, Little Luo must be coming out!"

"Good, this is really too good!"

Tantai Puti also couldn't contain his joy, "I knew Brother Yang would be fine; I knew Brother Yang would definitely come out safely!"

With a fist pump, Ji Longyue declared, "If Brother Yang can safely leave Immortal Furnace Mountain, he will definitely create another miracle, sending the entire Kunlun Ruins into shock!"

"Yes!"

Baili Wushuang and the others all nodded firmly, their eyes full of anticipation.

As Immortal Furnace Mountain trembled!

The spiritual qi of heaven and earth within thousands of miles suddenly surged violently, like a tidal wave, converging towards this place!

This spiritual energy, gathering from all directions, seemed to form a giant funnel, pouring continuously into the mouth of Immortal Furnace Mountain!

Immortal Furnace Mountain appeared to come alive, like a whale sucking in torrents, frantically absorbing the spiritual qi of heaven and earth—the scene was spectacular beyond measure!

“What’s happening, why is Immortal Furnace Mountain showing such a phenomenon?!”

“Could it be that Brother Yang has stepped into the late True Immortal realm, causing such a huge disturbance?!”

“Or is it that Brother Yang is cultivating some other great divine power?!”

Ji Longyue and the others stared blankly at the scene before them, deeply shocked.

At this moment.

On the outskirts of the Flying Immortal Mountain Range.

It happened that many sects, families, and independent cultivators were passing by.

When they saw the scene at Immortal Furnace Mountain, they were also significantly shocked.

“Eh, why is Immortal Furnace Mountain suddenly displaying such phenomena?!”

“Could it be that Immortal Furnace Mountain has another treasure birth?!”

“But that’s not right.

It’s only been half a year since the last opening of the Immortal Furnace.

How could there be another treasure birth?”

“Let’s go and see what is actually happening!”

These people swiftly changed direction, some flying over and some riding on flying immortal treasures, moving towards Immortal Furnace Mountain.

Besides them.

Residents of a few ancient cities not far from the Flying Immortal Mountain Range were also alerted.

Many rushed onto rooftops or into the sky, looking in the direction of the Flying Immortal Mountain Range.

“What’s going on, why is there such a commotion coming from the Flying Immortal Mountain Range?!”

“Is someone fighting there?!”

“That’s not right, this disturbance doesn’t seem to be caused by a fight!”

“The place where the phenomena are occurring seems to be Immortal Furnace Mountain!”

“What?!”

Immortal Furnace Mountain?!”

“Could it be that another treasure is about to be born?!”

“Haha, great, go and see right away!”

If there really is a treasure being born, whoever grabs it, it’s theirs!”

Many people soared into the sky, rushing quickly toward Immortal Furnace Mountain.

Meanwhile, many others contacted their own sects and families.

After finding out about the commotion at Immortal Furnace Mountain.

Those families and sects not far from Immortal Furnace Mountain sent people to investigate.

After all, Immortal Furnace Mountain is one of the top-ranked Immortal Mountains in the Kunlun Ruins and a place where treasures are born every ten years.

Therefore, any disturbance at Immortal Furnace Mountain would touch everyone’s nerves.

This time.

Within the domain of Immortal Furnace Mountain.

Flame Emperor and others, looking at the spectacle above Immortal Furnace Mountain, were utterly stunned.

It's unclear how much time had passed.

When all the spiritual qi in the sky had entered Immortal Furnace Mountain,

The entire Immortal Furnace Mountain suddenly became stable and stopped trembling anymore.

Even the surrounding mountains ceased their tremors, and the great rivers stopped their churning.

"What's going on, why has the tremor stopped?"

"Why hasn't Brother Yang come out yet?"

Flame Emperor and the others were puzzled, not knowing what was happening now.

Just a few minutes had passed.

Suddenly!

Boom!

A nine-colored beam of light burst forth from the mountain pass, shooting straight into the sky!

Even the sea of clouds above was dispersed by it!

This radiant beam shined brilliantly, like a column leading to the Heavenly Realm, holding up both Immortal Furnace Mountain and the firmament!

Moreover, the beam spread out vast and boundless spiritual energy and power, stirring the minds and souls of those who felt it!

Immediately after.

Rumble, rumble, rumble!

The entire Immortal Furnace Mountain, along with the surrounding mountains, shook even more violently!

The rivers and lakes amidst the forests surged with wave after wave!

The scene became even more spectacular, even more heart-shaking!

“Hiss...

there’s no mistake, a treasure must be about to emerge!”

“I didn’t expect that in less than half a year, Immortal Furnace Mountain would have another treasure emerge!”

“We really made the right choice coming here, this time we must get the treasure!”

By now, a considerable number of people had gathered, exceeding a few thousand.

And more, a dense throng of people, were rushing over from all directions.

Ning Jianfeng glanced around and exclaimed, “Damn, how come so many people showed up all of a sudden?”

Qin Zhanhuang said, "These people must have been attracted by the commotion here!"

Mu Wushang chuckled, "These guys must think that Immortal Furnace Mountain has given birth to another treasure, but little do they know that this time the 'treasure' to be born will be Brother Yang."

Ning Jianfeng laughed, "If these folks see Brother Yang coming out from inside Immortal Furnace Mountain, they're gonna be in for a huge shock!"

Time slowly slipped by.

The number of arrivals grew and grew, reaching over thirty thousand.

"Who knows what sort of treasure will be born in Immortal Furnace Mountain this time!"

"It would be great if several treasures were born!"

"The treasures inside Immortal Furnace Mountain belong to no one, whoever grabs them will keep them!"

Everyone watched Immortal Furnace Mountain intently, their emotions intense, anxious, and excited.

In the past, the treasures born from Immortal Furnace Mountain always ended up in the hands of major families and sects.

Although they would occasionally get a few, it was never enough.

But now, with treasures being born in Immortal Furnace Mountain again and none of those major families or sects present,

they stood a great chance of obtaining all the treasures that would come from Immortal Furnace Mountain this time.

Not much time had passed!

Whoosh, whoosh, whoosh!

A fierce wind whipped up around Immortal Furnace Mountain, with sand and stones flying and waves surging!

Overhead, dark clouds gathered and lightning flickered!

“This...

what’s going on...

isn’t this lightning tribulation?!”

“Could it be someone is about to undergo tribulation?!”

“That’s not right, there’s no one here undergoing tribulation!”

“Wasn’t it said that a treasure was being born, how could it bring about lightning tribulation?!”

The people present were even more perplexed, unsure of what was actually happening.

Flame Emperor and the others were also taken aback.

Ning Jianfeng swallowed hard and said tremblingly, “What’s going on...

could it be that Brother Yang is about to undergo tribulation?!”

“That’s absolutely impossible!”

Ji Longyue shook his head, “Entering the late True Immortal realm from the Middle True Immortal stage simply doesn’t require undergoing tribulation!

Only stepping from the Perfected True Immortal Realm into the Heavenly Immortal would one need to undergo tribulation!”

“Exactly!”

Baili Wushuang nodded, “Even with Brother Yang’s remarkable talent, it’s impossible for him to leap from the Middle True Immortal realm straight to the Perfected True Immortal Realm and then directly face the Heavenly Immortal Thunder Tribulation!”

Yi Yuheng also spoke, “Moreover, the commotion of the Heavenly Immortal Thunder Tribulation would surely be much more than this, it must be world-shattering!”

Tantai Puti’s eyebrows slightly furrowed, “Then what exactly is happening right now?”

Chapter 2053: Immortal Pills Emerge!

Just when everyone was baffled and perplexed,

Suddenly,

An object shimmering with nine-colored radiance flew out from the mountain pass and hovered in the sky above!

Only the size of a pigeon egg, this object was round and full, flashing with a blindingly brilliant light, and the thick scent of the pill diffused outward, making everyone present feel refreshed and delighted!

“What is that thing!”

“A pill, it’s actually a pill!”

“Could it be that this pill brought about the lightning tribulation?!”

“My heavens, only pills surpassing Immortal Items can summon a tribulation, also known as ‘Pill Tribulation’!”

“You know, over the years, while Immortal Furnace Mountain has produced many pills, there has never been a pill that has led to a ‘Pill Tribulation’!”

“I didn’t expect that Immortal Furnace Mountain would actually witness the birth of such an immortal pill; we really chose the right place to come!”

The over thirty thousand people present were all extremely excited, swallowing hard as they gazed at the pill above Immortal Furnace Mountain.

Flame Emperor and the others were already dumbfounded by now.

International Diva Zhixin exclaimed in surprise, “A pill actually bringing forth a lightning tribulation, that’s too magical, right?!”

Ji Longyue took a deep breath and said, “I once heard my father and the elders say that when a cultivator’s cultivation reaches a certain realm, they need to undergo a tribulation!

Similarly, when some Superior Immortal Pills appear, they also need to face a tribulation, known as ‘Pill Tribulation’!

Every pill that has been baptized by the 'Pill Tribulation' surpasses Immortal Items, its power infinite!

It can revive the dead, mend the bones, prolong life, repair one's Dao Foundation, heal Essence Souls, and aid cultivators in breaking through their cultivation without any issue!"

Tantai Puti frowned beautifully and said, "It's really too strange.

Immortal Furnace Mountain has never produced such an immortal pill before, yet it has brought forth a 'Pill Tribulation'!"

Baili Wushuang suddenly thought of something and said, "Could it be that this pill was crafted by Brother Yang?!"

"That's very likely!"

Mo Qingkuang nodded and replied, "After all, Brother Yang is a genius alchemist, revered by the world as 'Pill Immortal Yang'!"

Ning Jianfeng clicked his tongue and said, "I didn't expect that this time Brother Yang would not only be cultivating inside Immortal Furnace Mountain but also performing alchemy in there!

Such a defiant idea could only be conceived and executed by Brother Yang!"

At this moment,

The dark clouds covering the sky above expanded further, like a heavy cloud over the city, directly enveloping tens of thousands of meters around.

Moreover, the lightning surging within the dark clouds was immensely terrifying, causing hearts to tremble with fear.

“Quickly retreat, we mustn’t get caught up in the ‘Pill Tribulation’!”

“The power of this ‘Pill Tribulation’ must be no small thing.

If we get struck even once, if we don’t die, we’d be crippled for sure!”

“And we have no idea of the extent of this ‘Pill Tribulation’s power as of now!”

The people present were genuinely frightened and beat a hasty retreat.

Flame Emperor, International Diva Zhixin, and others didn’t dare to linger and quickly retreated as well.

And just at the moment when everyone was evacuating,

A hole exploded in the center of the dark clouds above Immortal Furnace Mountain!

Lightning of various colors surged within, like a colossal Rushou, threatening to devour everything!

Not even a few minutes passed,

Boom!

A massive, several zhang tall white lightning bolt, like a lightning pillar, crashed down, terrifying and overwhelming, instantly engulfing the pill!

Rumble, rumble!

Thunder roared, and currents of electricity and flashes of firelight flickered!

The people present felt their eardrums buzzing!

Everyone stared intently at the pill, tense and anxious!

After all, cultivators might fail in their tribulation, and naturally, the pill could also fail its tribulation!

If the tribulation failed, the pill would surely turn to ash!

The first heavenly lightning lasted for just under several minutes before it slowly dissipated!

When the lightning faded,

Everyone looked intently,

Only to see that the pill was intact, having withstood the baptism of the first heavenly lightning.

Furthermore, a white thunder mark had appeared on the surface of the pill, flashing with white Thunder Light.

The fragrance of the pill became even richer, and its medicinal properties more abundant.

“It withstood it, this pill has withstood the first heavenly lightning!”

“The question is how many more bolts of heavenly lightning will there be!”

“As long as this pill can withstand all the subsequent heavenly lightning, it will definitely become a Superior Immortal Pill!”

“This is truly exciting!”

Everyone watched the pill closely, their eyes filled with anticipation.

And then.

Boom!

A tremendous orange lightning bolt, over a dozen zhang in size, struck down fiercely on the pill, engulfing it once again!

This bolt of lightning was much more powerful than the first, almost reaching the strength of an Earth Immortal Tribulation!

The sound of the thunder was deafening, and the mix of electric and fire light was blinding, sending shivers down the spines of everyone present!

After persisting for about ten minutes.

The second bolt of heavenly lightning finally began to dissipate!

The pill remained unscathed, now bearing an orange lightning pattern upon it!

The fragrance of the pill grew even stronger, spreading over a wider area!

Just by taking a single breath, many felt their True Qi grow and felt their senses sharpen!

In the following time.

Boom, boom, boom...

Bolt after bolt of heavenly lightning descended from the sky, relentlessly striking the pill!

The pill withstood wave after wave of baptism by the heavenly lightning, and the lightning patterns on its surface gradually increased!

After the eighth heavenly lightning bolt had passed!

Boom!

A colossal golden lightning bolt, dozens of zhang in size, struck down, completely engulfing the pill!

“My heavens, this pill has actually faced nine bolts of heavenly lightning!”

“If it can withstand the cleansing of the ninth heavenly lightning, this pill can become a Nine Revolutions Immortal Pill!”

Everyone became even more excited.

They never expected that this pill would encounter nine bolts of heavenly lightning, and it had already withstood the first eight!

But now the ninth remained, and only by overcoming this final heavenly lightning could it become a Superior Immortal Pill!

However, the power of this lightning was too great!

It seemed as though the heavens did not allow for such an Immortal Pill to emerge, seeking to smash it to pieces!

Everyone grew even more anxious!

This pill had already gotten through the previous eight heavenly lightning bolts, and it would be such a pity if it couldn't get through the ninth and was destroyed!

After all, even a Superior Immortal Pill that had gone through eight heavenly lightning bolts was something countless people could only dream of!

Time slowly passed.

Until an incense stick of time had gone by.

Only then did the golden heavenly lightning gradually fade away.

"Did it get through?!"

"Did it withstand?!"

Everyone clenched their fists tightly, not blinking as they stared at the pill.

Until the lightning light completely dissipated.

They saw a pill, flashing with nine-colored lightning, floating in the air.

After the baptism of the heavenly lightning, the pill became even more rounded and full, crystal clear, sparkling with nine-colored lightning.

Etched upon its surface were lightning patterns of nine different colors: white, orange, red, yellow, green, black, blue, purple, and gold.

The spiritual energy, fragrance, and potency of the pill were more vast and magnificent, spreading across an unknown number of miles.

Even many mutated beasts from the Flying Immortal Mountain Range flew over, ran over, looking at the pill with longing faces.

“It’s done!

The Nine Revolutions Super Immortal Pill has appeared!”

Someone, unable to contain their excitement, cried out in amazement.

Chapter 2054: Who Dares to Steal My Things, Yang Luo!

For a moment!

Everyone on the scene was boiling over and exploding!

“A Superior Immortal Pill has emerged, and it’s a Nine Revolutions one at that, heavens, what kind of miracle have we witnessed?!”

“This is a gift from heaven and earth, unbelievable, simply unbelievable!”

“Such pills, even Heavenly Immortals might desire to obtain them!”

Everyone let out exclamations of amazement, breathing hurriedly, eyes nearly bulging out of their sockets.

In fact, many people were already rubbing their hands together, preparing to fight for it.

The only reason they hadn't made a move was their fear that more heavenly lightning might still strike down.

"Not good!"

Ji Longyue's face darkened as he said, "These people want to snatch the pill!"

Baili Wushuang spoke coldly, "This pill was refined by Brother Yang, and they dare to rob it!"

Tantai Puti's pretty face turned cold, "This is Brother Yang's hard work, we absolutely cannot let them take it away!"

Soon, Flame Emperor and the others called out their weapons, tense all over, heightened their alertness, and prepared to intercept.

Even though there were more than thirty thousand people present, they had to stop them.

They had to hold out until Yang Luo came out.

Another while passed.

The various colors of lightning above the skies gradually dispersed.

Streams of immortal light poured down, enveloping the pill.

Even more divine beast illusions circled around the pill, dreamlike and illusory.

"The Pill Tribulation is over!"

"Take action!"

“This immortal pill is ownerless, whoever snatches it gets to keep it!”

The people present all voiced their excitement, preparing to make their move.

“Everyone, stop right there!”

Ji Longyue shouted out, saying, “This pill was refined by my Brother Yang, I’d like to see who dares to snatch it!”

“Brother Yang, which Brother Yang?”

Someone asked.

Baili Wushuang declared loudly, “Who else but Yang Luo, the number one Heavenly Pride of Kunlun Ruins!”

At this revelation!

Everyone present was suddenly startled!

Yang Luo’s towering reputation, how could they not be aware of it!

After all, Yang Luo’s recent deeds had been as thunderous in their ears!

Such as the battles of the Eastern Desolate Mountain, Consoling Immortal Island, Heaven Burying Immortal Tomb, Flying Immortal City...

Each battle had left the people of Kunlun Ruins deeply shaken and profoundly respectful!

More crucially, Yang Luo was the first person to enter the Heaven Burying Immortal Tomb with a middle True Immortal realm cultivation and yet come out alive, an unrivaled fierce individual!

Instantly.

The people present didn't dare to act recklessly anymore.

However, someone stood up and said, "Since you claim that this pill was refined by Mr.

Yang, where is he?"

"Moreover, everyone saw with their own eyes that this immortal pill flew out from Immortal Furnace Mountain, how could it possibly have been refined by Mr.

Yang?"

"That's right, it seems to me that you're trying to scare us off with this explanation, and then snatch the pill for yourselves, aren't you?"

"Even if you're from the divine beast families, you can't be this overbearing, can you?"

"The treasures born from Immortal Furnace Mountain belong to no one, whoever snatches them keeps them, don't you understand this principle?"

Others also let out cold shouts, naturally unwilling to give up on the immortal pill.

Someone else sneered, "Since you say this pill was refined by Mr.

Yang, are you suggesting that Mr.

Yang was inside Immortal Furnace Mountain doing alchemy?”

Tantai Puti said, “That’s right, Brother Yang is indeed in Immortal Furnace Mountain!”

Upon hearing this.

The thirty thousand people initially looked stunned, but then burst into laughter.

“Hahaha...”

“Fellow cultivators, have you heard what Miss Bodhi just said?

She actually claims that Mr.

Yang is inside Immortal Furnace Mountain!”

“Miss Bodhi, even if you want to make up an excuse, you should come up with a more convincing one, shouldn’t you?”

“Who doesn’t know the perils of Immortal Furnace Mountain, an existence comparable to Heaven Burying Immortal Tomb!”

“Mr.

Yang having made it out alive from the Heaven Burying Immortal Tomb is already a miracle among miracles, so why would he foolishly go to Immortal Furnace Mountain to seek death?”

All those present laughed scornfully, thinking Tantai Puti was completely talking nonsense.

Tantai Puti immediately became anxious, "I'm telling the truth, Brother Yang really is inside Immortal Furnace Mountain!"

Ning Jianfeng also said angrily, "Why don't you believe us when we tell you the truth?"

My Brother Yang really is inside, cultivating, and he's about to come out!"

"Alright, quit spouting nonsense!"

"Little guys, clear the way!"

"If you dare to obstruct us from seizing the immortal pill, then we will not be polite!"

"If you want to try and snatch this immortal pill, feel free, but you'll have to see if you've got the ability!"

The crowd shouted angrily, one after another, shooting up into the sky, ready to rush towards Immortal Furnace Mountain.

At that moment, more than thirty thousand people surged towards the high skies, a massive, oppressive swarm.

"Brothers, stop them!"

"We cannot allow them to snatch Brother Yang's immortal pill!"

"Fight them with all we've got!"

Ji Longyue and others soared into the sky, blocking the path of the thirty thousand.

“Since you insist on obstructing us, then we’ll just have to say sorry!”

“Get out of the way, don’t block us!”

“Why waste words, let’s just fight!”

More than thirty thousand people shouted, each mobilizing the True Qi and energy within their bodies, ready to take action.

Beams of light burst forth from their bodies, dispersing a large expanse of the Cloud Sea above!

Although the majority of these thirty thousand were below the level of Earth Immortals,

there were quite a few Earth Immortals, and even several early, middle, and late True Immortal realm elders!

The faces of Flame Emperor and others became solemn as they also mobilized the True Qi and energy within their bodies, beams of light surging up, ready to intercept!

However, just as both sides readied themselves for battle,

a robust and mighty voice suddenly came from Immortal Furnace Mountain!

“Who dares to steal what belongs to Yang Luo, are they seeking death?”

This voice boomed like a thunderous roar from the gods, like the rumbling of thunder.

It buzzed in the ears of everyone present, causing their blood to churn within them.

“It’s Brother Yang’s voice!”

Tantai Puti's face lit up with joy, and he quickly turned to look at Immortal Furnace Mountain.

"It really is Little Luo's voice, it really is!"

"Little Luo isn't dead, he's still alive!"

"My heavens, Brother Yang is really coming out!"

Flame Emperor and Zhixin among others turned their heads, overwhelmed with excitement.

"What's going on, there's actually someone inside Immortal Furnace Mountain?!"

"You're kidding, someone actually dared to enter Immortal Furnace Mountain?!"

"That voice just now sounded familiar, could it really be Mr.

Yang?!"

"How...

how is that possible?!"

All those present were stunned, and they too looked towards Immortal Furnace Mountain.

And in the instant everyone looked over,

Boom!

A dazzling, hefty, golden light beam erupted from the mouth of Immortal Furnace Mountain, piercing the firmament!

The booming sound of that light beam was so dominant, so terrifying, that it directly dispersed the dark clouds shrouding tens of thousands of meters above!

The bright sunlight spilled once more, illuminating this part of the world!

As the beam of light soared into the sky, a figure burst out from the mouth of Immortal Furnace Mountain, descending like an Ancient Immortal to the mortal realm, standing tall in the sky!

At the sight of this person, there was silence among all those present!

Chapter 2055: Another Miracle!

A young man burst forth from Immortal Furnace Mountain!

The young man's body shimmered with blazing golden light, exuding an aura of eternal immortality and supreme indestructibility!

He wore a black long coat, his tall figure straight and impeccable, his black hair fluttering in the wind, revealing a handsome and resolute face!

His eyes sparkled with golden light, as if containing the cosmic starry sky, with the sun, the moon, and the stars rotating, vast and inscrutable!

This man was Yang Luo!

Yang Luo had officially entered the late True Immortal realm!

He had cultivated the "Undying Golden Body"!

Although it was only at Small Success, it was still a genuine “Undying Golden Body”!

As for the pill floating in front of him!

It was the High Grade Heavenly Immortal Pill he had concocted using medicinal herbs he found himself and the energy from Immortal Furnace Mountain!

Initially, at the final step, the High Grade Heavenly Immortal Pill just couldn’t take shape!

He then infused most of the medicinal herbs absorbed from Immortal Furnace Mountain, finally succeeding in its concoction!

After his breakthrough in cultivation, the achievement of his Golden Body, and the successful concoction of the pill, he washed his body with the water from Immortal Furnace Mountain and changed his clothes!

Just as he planned to come out and meet people like Flame Emperor and others, he was halfway there when he heard someone wanted to steal his immortal pill, which infuriated him greatly!

“Little Luo!”

“Brother Yang!”

“Brother Yang!”

Flame Emperor and Tantai Puti and others immediately wept with joy, ecstatic beyond words.

They originally thought Yang Luo wouldn’t come out, that he had died inside Immortal Furnace Mountain!

But to their surprise, Yang Luo eventually did come out!

Moreover, they felt a change in Yang Luo's aura, becoming even more transcendent, towering and heroic, overwhelmingly supreme!

Ning Jianfeng, stroking his chin, said, "Brothers, don't you think Brother Yang seems handsomer and his aura somewhat different?"

Qin Zhanhuang laughed and said, "I guess Brother Yang's cultivation must have broken through, and he might have also cultivated some great divine power!"

Yang Luo gave Flame Emperor and the others a slight smile and said, "Brothers, sorry to have kept you waiting!"

"Wuu wuu wuu..."

"You big meanie, you had me worried to death!"

Tantai Puti and International Diva immediately burst into tears and quickly flew over.

Flame Emperor also wiped the tears from the corner of his eyes and flew over.

Ji Longyue and others also laughed heartily and followed suit.

At this moment.

The thirty thousand people present finally snapped back to their senses.

"It really is Mr.

Yang, I saw him once during the battle at Eastern Desolate Mountain!”

“That’s definitely Mr.

Yang, I also saw him at the battle in Flying Immortal City not long ago!”

“My heavens, Mr.

Yang was really cultivating in Immortal Furnace Mountain, and he even came out alive!”

“Incredible, absolutely incredible!”

“A miracle, Mr.

Yang created another miracle!”

Whether people knew Yang Luo or not, they all exclaimed in astonishment.

Everyone looked at Yang Luo as if they were seeing a monster.

Yang Luo quietly stood in the air, his eyes sweeping over everyone present.

Like two golden blades, his gaze swept across everyone.

Merely this look made many people present feel a chill down their spine, their hair standing on end.

Yang Luo glanced at the High Grade Heavenly Immortal Pill floating in front of him, stood with his hands behind his back, and declared loudly, “This pill was concocted by me in Immortal Furnace Mountain!

Anyone who dares to steal it may come forward!”

Once these words were spoken.

Half of the people present were so frightened that they trembled!

“Mr.

Yang, since you concocted this pill, you should have said so earlier!”

“Yes, yes, since you made it, how could we dare to snatch it from you?”

“Even if we were given a hundred times the courage, we wouldn’t dare!”

“Congratulations to Mr.

Yang for successfully crafting the Superior Immortal Pill!”

Half of these people had witnessed Yang Luo in action and were so frightened that they backed away.

Some even directly clasped their hands in salute, their faces filled with smiles.

To dare snatch something from this fearsome being, wouldn’t that be courting death?

They knew that Yang Luo had slain countless True Immortal elders in the battles at Eastern Desolate Mountain, Consoling Immortal Island, and Heaven Burying Immortal Tomb!

Moreover, not long ago in the battle at Flying Immortal City, Yang Luo alone had fought against Lu Zhanming and Qu Zhuoyang, both perfected True Immortals, as well as Cang Xuantian and Shen Fuyun from the late True Immortal realm!

Even though he himself was severely injured, he had also managed to wound these four elders!

All these were events they had seen with their own eyes, already deeply imprinted in their minds!

Yang Luo's legendary exploits were so numerous they could not recount them all in several days and nights!

Yang Luo glanced at the other half of the crowd and asked indifferently, "What about you?

Do you still want to try and snatch it?"

The other half had just heard of Yang Luo's name but had never seen him in action.

Therefore, they were also somewhat hesitant, unsure whether or not to snatch it.

This was a Superior Immortal Pill, after all!

The benefits were boundless!

Who wouldn't want it?

There was silence for a while.

An old man in a grey robe stepped forward, bowing with his hands clasped, "Mr.

Yang, you claimed this pill was crafted by you, but is there anyone here who can attest to that?

After all, we witnessed with our own eyes this pill flying out from Immortal Furnace Mountain!

Perhaps you did enter Immortal Furnace Mountain, but whether this pill was crafted by you is still uncertain!”

“Indeed, who knows if the pill was really crafted by him.”

Many people nodded in agreement.

“Oh?”

Yang Luo narrowed his eyes, “So, what about it?”

The elder said loudly, “I’ve heard that Mr.

Yang is extremely powerful and covered in divine power, I, Feng Bu’e, would like to learn a few tricks from you, Mr.

Yang!”

This grey-robed elder was at the middle True Immortal realm, naturally feeling somewhat confident.

Moreover, by framing it as seeking instruction, he did not block his own retreat.

After all, Yang Luo’s notorious reputation was quite intimidating, and he too was somewhat fearful.

Yang Luo gestured with his hand, “Please, feel free!”

Feng Bu’e’s body trembled, and a grey-white beam of light shot up into the sky!

His aura erupted, his combat strength surged, his hair and beard fluttering as he charged directly towards Yang Luo!

As he neared in an instant!

Feng Bu'e twisted a punch, booming towards Yang Luo!

With a "thunderous bang," the void in front exploded!

A colossal fist, hundreds of meters large, burning with three-colored flames and lightning, smashed towards Yang Luo like a meteor!

"This is the 'Thunder and Fire Dominating Kill Fist,' the Absolute Skill of the 'Thunder Fire True Monarch,' it really is quite powerful!"

"Just not sure if Mr.

Yang can withstand it!"

"He probably can't block it, I at least think this guy isn't as strong as the legends say!"

The people who had never seen Yang Luo were all discussing aloud.

Those who had seen Yang Luo in action shook their heads and said, "If you had seen Mr.

Yang in action, you wouldn't speak such ignorant words."

Just at the moment when Feng Bu'e's punch was hurled!

Yang Luo opened his eyes wide, a golden light flickering!

He raised his right hand, condensing a large golden hand and heavily slapped it out!

This golden hand, as if cast from pure gold, shone brilliantly, exuding an aura of eternal immortality!

Moreover, within the palm was a starry sky phenomenon, with the sun and the moon inverted and the constellations revolving!

Chapter 2056: Domination with a Single Palm!

“What is this hand technique, and how can it even conjure up the phenomena of the starry sky?!”

“Cupping the sun, the moon, and the stars in one’s hands, isn’t that just too incredible?!”

“Moreover, why do I feel like Mr.

Yang’s palm strike is like one delivered by an ancient immortal, omnipotent and capable of pulverizing anything?”

Everyone cried out in amazement, their eyes filled with shock.

In the blink of an eye!

Boom!

A resounding explosion shook the heavens!

Lightning bolts, flames, and the energy and brightness of metal surged out, sweeping in all directions!

Feng Bu'e had believed that he could withstand Yang Luo's palm strike!

After all, Yang Luo was simply standing there motionless, having not unleashed his strongest aura and combat power!

But to his surprise, the power of that palm was so immense, he couldn't withstand it at all!

The Thunder Fire Giant Fist he had deployed directly collapsed and exploded!

The next second!

"Ah..."

He let out a pained cry, spitting blood, and was sent flying backwards!

He flew back hundreds of meters and with a loud “boom”, crashed heavily onto a mountain!

And at that moment!

Yang Luo raised the several hundred zhang huge golden palm and pressed it down towards Feng Bu’e!

Feng Bu’e was greatly alarmed and hurriedly stood up, lifting both palms in an attempt to withstand Yang Luo’s descending huge golden palm!

A thunderous “boom” was heard!

Yang Luo’s palm had already descended!

He managed to barely withstand the huge golden palm, but the mountain beneath his feet instantly collapsed by several dozen zhang!

Boulders tumbled, dust billowed, and the upheaval spread in all directions!

Moreover, his arms were instantly torn apart, and blood sprayed out!

“Errrgh!”

He screamed out loud, desperately exerting force, trying to break free, but he simply could not.

“My heavens, is Mr.

Yang really that strong, to have suppressed ‘Thunder Fire True Monarch’ Feng Bu’e with a single palm?!”

“Isn’t that true?

‘Thunder Fire True Monarch’ is a middle True Immortal realm powerhouse, yet now he’s trapped under the weight and even injured!”

“Unbelievable, it’s just too unbelievable!”

All were exclaiming out loud, their eyes full of astonishment.

Yang Luo looked down at Feng Bu’e and said in a cold voice, “Do you still want to fight for it?”

“I won’t fight, I won’t fight anymore!

Mr.

Yang, please spare my life!”

Feng Bu’e was utterly panicked and immediately begged for mercy.

Yang Luo simply gave Feng Bu’e a cold look and then dissipated the huge golden palm.

“Panting...panting...”

Feng Bu’e collapsed to the ground, gasping for breath.

He was certain that if the fight continued, he would undoubtedly die.

This young man was too terrifying.

Moreover, he even felt that Yang Luo's cultivation might have stepped into the late True Immortal realm.

He was quite puzzled.

People from Kunlun Ruins had said not long ago that Yang Luo was only at the middle True Immortal realm—how did he reach the late True Immortal realm so soon?

Could it be that Yang Luo had made a breakthrough while cultivating at Immortal Furnace Mountain?

Yang Luo scanned the remaining crowd and asked indifferently, "Does anyone else want to fight?"

For a while.

The people present looked at each other, none of them immediately sprang into action.

Although Yang Luo suppressed Feng Bu'e with a single palm, his true strength remained an enigma to them.

After a few minutes of silence.

“I am an elder of the Purple Cloud Sect, ‘Purple Sun True Monarch’, and I would like to seek Mr.

Yang’s guidance!”

“I am an elder of the Chrysanthemum Sect, ‘Yun He True Monarch’ and I would like to request Mr.

Yang’s guidance!”

“I am an elder of Guiyuan Hall, ‘Dongyuan True Monarch’ and I would like to request Mr.

Yang’s guidance!”

Then, three elders stepped forward into the void and looked up at Yang Luo.

“Good heavens, Purple Sun True Monarch, Yun He True Monarch, and Dongyuan True Monarch are actually seeking guidance from Mr.

Yang at the same time?!”

“You know that Purple Sun True Monarch is at the late True Immortal realm, and both Yun He True Monarch and Dongyuan True Monarch are at the middle True Immortal realm!”

“With one late stage True Immortal and two middle stage True Immortals joining forces, can Mr.

Yang still withstand?”

Many people were exclaiming and discussing the situation.

As for Flame Emperor and international diva Zhixin, as well as those who had seen Yang Luo take action, their faces remained calm, and their expressions never wavered.

Yang Luo looked up at the trio and said loudly, “Then, make your move!”

As soon as the voice dropped!

Boom, boom, boom!

The bodies of the three Purple Sun True Monarchs shook as three beams of light burst from them!

The radiance caused the sky, the earth, and the mountains within an eighty thousand-meter radius to tremble along with them!

The rivers, lakes, and seas churned as well, creating waves that surged a hundred meters high!

“Fight!!!!”

At the same time, the three issued a thunderous shout and transformed into three streaks of light, rushing towards Yang Luo!

In an instant!

The trio closed in on Yang Luo!

“Purple Sun Chaotic Sky Fist!”

“Crane-shaped Eight Absolute Hands!”

“Guiyuan Zhenxian Palm!”

The trio shouted and launched a fierce attack simultaneously!

Rumble, rumble, rumble!

The earth and sky shuddered violently, the Cloud Sea churned, and wild winds raged!

A gigantic purple flame fist, hundreds of meters in size, shattered the layers of the Void, crashing down like a fiery meteor!

A vast greyish-black palm and a silver-white palm collapsed a section of the sky, bearing down upon Yang Luo!

“These are the Absolute Skills of Purple Sun True Monarch, Yun He True Monarch, and Dongyuan True Monarch!”

“It seems that for the sake of challenging Yang Luo, they’ve all started to get serious!”

“I wonder how Mr.

Yang will counterattack!”

The crowd was buzzing with discussion.

And just as one fist and two palms were furiously incoming!

Yang Luo clenched his right fist, the energy in his body surged instantly, and he struck out fiercely!

“Roar, roar, roar!”

As his fist shot forth, ten thousand dragons roared!

A pure gold fist wrapped with tens of thousands of roaring golden dragons burst forth!

This golden fist was immense, nearly a thousand meters large, as if it intended to crush and obliterate everything!

The tens of thousands of golden dragons also seemed incredibly lifelike, their bodies solid, nearly indistinguishable from real dragons!

This was the advantage of having cultivated the “Undying Golden Body”!

After achieving the “Undying Golden Body,” any move one performed would exponentially increase in power compared to before!

In a flash of lightning!

Boom, boom, boom!

A thunderous impact and explosive noise shook the heavens and the earth!

The punch that Yang Luo delivered obliterated the attacks of the three, as the tens of thousands of roaring golden dragons destroyed their offensive!

After dismantling their offensive!

The punch continued its ferocious assault; the Void was completely shattered and penetrated!

The three Purple Sun True Monarchs were suddenly stricken with terror and swung their sleeves, summoning their Dharma artifacts!

“Purple Sun Cauldron!”

“Immortal Crane Treasure Mirror!”

“Guiyuan Immortal Seal!”

In the blink of an eye!

A purple-colored Flame Treasure Tripod, a grayish-brown bronze mirror, and a silver-white Immortal Seal all flew out simultaneously!

The three artifacts expanded hundreds of meters in size with the wind, bearing down in suppression!

From within the Purple Sun Cauldron, streams of purple flames gushed out with the intention to burn everything to ashes!

Even black flood dragons roared as they emerged!

From the Immortal Crane Treasure Mirror, a massive Immortal rainbow burst forth, and Immortal Cranes flew out, striking forcefully!

The Guiyuan Immortal Seal, mountainous in stature, suppressed the heavens and earth, as countless silver-white runes emerged, intent on subduing everything!

Boom, boom, boom!

With every thunderous explosion shaking the heavens and the earth!

The roaring golden dragons that flew forward exploded in the sky!

Chapter 2057: Farewell, Yang True Monarch!

“It is said that the Purple Sun Cauldron, Immortal Crane Treasure Mirror, and Guiyuan Immortal Seal are all top-grade magical artifacts, almost approaching Quasi-Immortal Item status.

Their power is indeed formidable!”

“Perhaps the three True Monarchs, with the help of their artifacts, might be able to block Mr.

Yang’s punch!”

Someone exclaimed in admiration, their eyes filled with envy as they looked towards the three artifacts.

After all, it is very difficult for ordinary people to obtain Quasi-Immortal or Immortal Magical Artifacts.

So, if one could get a top-grade magical artifact, it would be quite impressive.

With a powerful magical artifact by one’s side, one’s combat strength could increase significantly.

But the next second!

These people were suddenly dumbfounded, their mouths shut!

Boom!

Accompanied by the thunderous explosions akin to heavenly lightning!

The offensive unleashed by these three artifacts was directly shattered by Yang Luo's punch!

All that fire, black flood dragons, Immortal Cranes, Immortal rainbows, and everything else, all pulverized by a single punch!

This punch was like one from the gods, a punch from an Ancient War Immortal!

Nothing could withstand it, nothing could endure it!

The next instant!

Clang, clang, clang!

Yang Luo's punch slammed heavily onto the three artifacts, sending out a muffled, bell-like reverberation!

In front of everyone's eyes!

Only to see, these three artifacts were actually cracked by Yang Luo's punch, all reverting to their original forms, falling atop several large mountains!

The three True Monarchs were even more terrified as they retreated, all the while consolidating their True Qi barriers to defend!

But it was still not enough to hold off the attack!

The punch directly blasted through their True Qi barriers!

“Ahhhh...”

The three let out cries of pain as they were sent flying like sandbags and crashed into a mountain!

The mountain itself was smashed, creating three human-shaped craters and sending rubble and dust flying!

Blood spilled from the wounds that burst open across their bodies, blood also trickling from the corners of their mouths!

With just one punch, the three of them were already wounded inside and out!

The entire scene suddenly fell silent!

As if someone had pressed the mute button!

It wasn't until Yang Luo slowly withdrew his hand that everyone at the scene exploded in shock!

“My Goodness, Mr.

Yang actually injured the three True Monarchs—Purple Sun, Yun He, and Dongyuan—with a single punch!”

“What's even more terrifying is that Mr.

Yang actually blocked top-grade magical artifacts with his body, causing cracks in the three artifacts and reverting them to their original forms!”

“Too frightening, just how strong is Mr.

Yang’s body?!”

Exclamations of shock and admiration were heard from all directions.

All eyes on Yang Luo were filled with deep fear.

You see, a typical Heavenly Immortal is simply incapable of destroying top-grade magical artifacts!

Yet, unbelievably, Yang Luo managed to crack three top-grade magical artifacts with a single punch!

Too domineering!

Too brutal!

“Holy shit!

Taking on top-grade magical artifacts with his body, Brother Yang, you’re simply too cool, too awesome!”

Ning Jianfeng shouted excitedly.

Qin Zhanhuang snorted coldly, saying, “Just with these guys trying to snatch Brother Yang’s pills, they’re simply courting death!”

Flame Emperor and international Diva Zhixin and others also stared at Yang Luo in amazement, utterly impressed!

They also realized that Yang Luo's strength had increased tremendously!

Yang Luo looked up at the three True Monarchs and asked flatly, "Do you submit?"

"We submit, Mr.

Yang, we submit!"

"Thank you, Mr.

Yang, for your mercy!"

"We won't dare to offend you again!"

The three True Monarchs—"Purple Sun, Yun He, and Dongyuan"—all knelt down on one knee.

From their brief confrontation, they could be a hundred percent certain that Yang Luo had entered the late True Immortal realm!

Yang Luo glanced over at the others then asked, "What about you?

Still want to seize my pills?"

"We wouldn't dare!"

"Congratulations to Yang True Monarch for refining the Superior Immortal Pill!"

“Congratulations to Yang True Monarch for his further improvement in cultivation and strength!”

Everyone hurriedly clasped their hands and offered their congratulations.

All were utterly convinced by Yang Luo, addressing him with honorifics!

Even if that pill wasn't refined by Yang Luo, who among them would dare to snatch it?

Anyone who dared to do so would end up just like Purple Sun True Monarch and the others!

Yang Luo's expression remained calm, without a hint of disturbance.

Although killing these people wouldn't be difficult, there was no need to do so.

After all, he bore no deep grudge against them that would justify death.

Moreover, he was in a hurry to reach the Supreme Sect and had no time to deal with these fellows.

Yang Luo put away the High Grade Heavenly Immortal Pill, then suddenly remembered something and said, “I'll remind all of you that Immortal Furnace Mountain isn't a place anyone can traverse!

If you choose to go and end up dying inside, don't blame me for not warning you!”

Having said that, Yang Luo waved his hand, “Brothers, let's go to the Supreme Sect!”

“Alright!”

Flame Emperor and the others responded in unison.

Thereafter, Yang Luo and his group changed direction and flew towards the distance.

“Farewell, Yang True Monarch!”

All of them bowed deeply, their expressions extremely respectful.

Only after Yang Luo and his group disappeared on the horizon did everyone straighten their bodies.

Many were even gasping for breath.

Yang Luo’s presence had subjected them to an immense sense of oppression.

“Who would have thought that Yang True Monarch actually entered Immortal Furnace Mountain and came out alive, that’s truly terrifying!”

“Not only that, Yang True Monarch also refined the Superior Immortal Pill, and his cultivation and strength have both advanced again!”

“I’m afraid that in a few days, the whole Kunlun Ruins will be shaken by another huge earthquake!”

“But, can’t we really just enter Immortal Furnace Mountain at will?”

“Yang True Monarch has already warned us.

Go if you want, but I don’t want to court death!”

The crowd started discussing among themselves.

Soon, many of those present scattered.

There were also quite a few who lingered for a while, hesitatingly gazing at Immortal Furnace Mountain, but eventually not brave enough to enter, and they flew away from the place.

At this time.

After leaving Immortal Furnace Mountain, Yang Luo's party increased their speed, heading straight for Central Continent.

On the way.

Ning Jianfeng said excitedly, "Brother Yang, have you really entered the late True Immortal realm?"

Ji Longyue and the others also turned their gaze towards Yang Luo.

Although they had guessed that Yang Luo had made a breakthrough in his cultivation, they were still not certain.

"Naturally, it is true."

Yang Luo nodded with a smile.

"Awesome, Brother Yang, you are truly amazing!"

Ning Jianfeng gave Yang Luo a thumbs-up.

Ji Longyue and the others were also full of admiration, giving him a thumbs-up.

Tantai Puti then asked, "Brother Yang, did you really refine that pill?"

“It couldn’t be more real.”

Yang Luo nodded again and said, “There were originally three purposes for my entering Immortal Furnace Mountain this time.

The first was to improve my cultivation and step into the late True Immortal realm.

The second was to refine the High Grade Heavenly Immortal Pill to prepare for my future assault on the Heavenly Immortal rank and to overcome the Heavenly Immortal Thunder Tribulation.

The third was to cultivate the ‘Undying Golden Body’ to forge my physique and strengthen my physical body.

Fortunately, hard work pays off, and I have achieved all three goals.”

Ji Longyue said with emotion, “Brother Yang, you really do have foresight.

You just stepped into the late True Immortal realm, and you’re already preparing for Heavenly Immortal.

I really must learn from you!”

“No wonder this pill is so domineering and even attracted the ‘Pill Tribulation.’ It was for overcoming the Heavenly Immortal Thunder Tribulation!”

Baili Wushuang said admiringly, then curiously asked, “By the way, Brother Yang, what is this ‘Undying Golden Body’ you mentioned?”

Chapter 2058: We’re Back!

Ji Longyue and the others also looked at Yang Luo with puzzlement.

Yang Luo responded, "This 'Undying Golden Body' is a body refining technique.

If cultivated, it can not only greatly strengthen the physique but also enhance combat capability.

I am practicing this body refining technique, also in preparation for challenging the Heavenly Immortal stage in the future.

After all, I do not know how terrible the Heavenly Immortal Thunder Tribulation is, so I have to prepare in advance."

"So that's how it is."

Everyone nodded in realization.

Baili Wushuang admitted admiringly, "No wonder Brother Yang, you can withstand top-grade magical artifacts with your body and even shatter three of them.

It turns out you have cultivated such a fierce body refining technique!"

Ning Jianfeng excitedly asked, "Brother Yang, now that you have reached the late True Immortal realm and also cultivated the 'Undying Golden Body'!

Doesn't that mean you really are an unbeatable existence under the Heavenly Immortals?!"

Yang Luo shook his head and said, "In this world, who dares to truly claim to be unbeatable, who dares to truly speak of being invincible?

I understand that there is always someone better and higher worlds beyond one's own.

All I can do is try my best to improve myself, striving to become stronger.

Similarly, everyone must also strive to improve and become stronger.”

“Yes!”

Ji Longyue and others nodded vigorously.

Now that Yang Luo had improved again, they needed to work even harder.

“By the way, Brother Yang, is Immortal Furnace Mountain as dangerous as you say, and what exactly did you encounter inside?”

Qin Zhanhuang asked.

Yang Luo did not keep anything hidden and shared his experiences inside Immortal Furnace Mountain with everyone.

After hearing Yang Luo’s words,

everyone was dumbfounded and took a long time to recover.

Even though Yang Luo spoke simply, they could still sense the terror of Immortal Furnace Mountain.

Ning Jianfeng clicked his tongue and said, “I didn’t expect Immortal Furnace Mountain to be more terrifying than the rumors suggested.

If we had gone in, we definitely wouldn’t have come out, probably not even leaving dust behind!

Brother Yang, how you came out alive is simply unimaginable!”

Ji Longyue nodded, admiring Yang Luo even more.

“Only such a harsh environment and brutal trial could enable me to cultivate the ‘Undying Golden Body’!”

Yang Luo replied, then turned to Mo Qingkuang and asked, “By the way, Brother Mo, has everyone already gathered at the Supreme Sect?”

Mo Qingkuang replied, “Everyone had already gathered at our Supreme Sect three days ago.

Now they are all waiting for us.”

“Good!”

Yang Luo nodded, saying, “Then let’s hasten our pace and head there right away!”

Afterward, Yang Luo and his companions quickened their pace, heading towards the Supreme Sect.

...

At the same time.

Supreme Sect territory.

In the main peak hall.

People from various families and sects were drinking tea and chatting.

However, everyone's expression showed concern, and the atmosphere was somewhat gloomy.

They had already gathered here three days ago.

Since learning that Yang Luo was cultivating inside Immortal Furnace Mountain, they had been waiting here.

But after waiting for three days, there was still no news of Yang Luo.

Moreover, during these three days, Mo Hongtu had contacted Mo Qingkuang several times to inquire about Yang Luo's situation.

But the result was always the same; Yang Luo had not come out, and there was no activity at Immortal Furnace Mountain.

This inevitably made everyone more anxious and uneasy.

Yi Hanshan frowned and said, "It has already been three days; why haven't Little Luo and the others arrived yet?"

Baili Shengxuan sighed, "Yes, I am really worried that something might have happened to Little Luo!"

Tantai Zhengyang pondered and said, "I know Little Luo quite well.

Although he is somewhat stubborn, he is not a reckless person.

Since he dared to cultivate inside Immortal Furnace Mountain, he must have been well prepared."

Everyone nodded, agreeing with Tantai Zhengyang's words.

If Yang Luo had really been a reckless man, he would have stormed Penglai Immortal Island a year ago instead of patiently biding his time until now.

Ji Wenzhou heaved a sigh and said, "But Immortal Furnace Mountain is ultimately too perilous.

Even if Little Luo was prepared, it's still very easy for accidents to happen!"

Upon hearing Ji Wenzhou's words,

everyone also sighed deeply, fearing that this time Yang Luo was really in danger.

Su Qingmei, Qin Yimo, and Prajna, along with the other women, grew even more tense and worried, each clenching their fists.

Su Wanqiu reassured, "Everyone, don't worry.

Little Luo will definitely be fine."

"That's right."

Xiao Ziyun took over the conversation, "On his journey so far, Little Luo has created so many miracles.

This time, he will also create a miracle."

Although the two of them said this, they actually felt uncertain themselves.

Lin Qianyi said angrily, "That damn guy, once he gets here, I must give him a good beating!"

Bujie exclaimed, "Brother Yang, can you not make us worry so much?"

Do you have to be so reckless?"

Xiang Kunlun, Xu Ying, and the others all appeared worried.

Lin Jingchen looked up at Mo Hongtu and said, "Brother Mo, why not contact Qingkuang again?"

Maybe Little Luo has already come out?"

Everyone also looked toward Mo Hongtu, a glimmer of hope in their eyes.

Mo Hongtu thought for a moment and said, "Alright, then I will contact Qingkuang again!"

Saying this, Mo Hongtu stood up and left the hall to contact Mo Qingkuang.

He chose to make the contact outside because he was afraid that hearing any bad news might upset everyone.

It was only a short wait.

"He's out!"

He's out!"

Mo Hongtu ran back in excitedly.

"What's out?"

“Brother Mo, hurry up and tell us, what happened exactly?”

Everyone stood up and looked toward Mo Hongtu.

Suppressing the excitement in his heart, Mo Hongtu said, “I just contacted Qingkuang, and Qingkuang said that Little Luo has already come out of Immortal Furnace Mountain and is now on his way back!”

“What?!”

He’s out?!?”

“My goodness, Little Luo actually came out of Immortal Furnace Mountain?!?”

“It’s a miracle, this is truly a miracle!”

“Right, how is Little Luo now?”

Is he injured?”

Everyone was overjoyed, and the gloom in their hearts swept away instantly.

Mo Hongtu smiled and said, “Everyone, rest assured.

Qingkuang said that Little Luo’s condition is very good and there’s no need for us to worry!”

“Good, that’s just great!”

“Haha, I knew Brother Yang would be fine!”

“A divine being like him getting into trouble would be the real surprise!”

Everyone excitedly waved their fists, thrilled beyond measure.

Mo Hongtu laughed heartily and said, “Then let’s calmly wait for Little Luo and the others to arrive!”

“Yes!”

Everyone nodded emphatically.

Time slowly passed.

Initially, everyone was waiting inside the hall.

But later, driven by their eagerness to see Yang Luo, they ran out to the square to wait.

Until sunset in the evening.

A loud voice came from afar.

“Senior fellows, brothers, we are back!”

Upon hearing this familiar voice,

everyone looked toward the distance.

Sure enough, against the fiery red sun on the horizon, a dozen figures were flying in from afar.

It was Yang Luo and his companions!

## Chapter 2059: Reunion!

In the glow of the setting sun.

Yang Luo and his group emitted a golden-red glow, dazzling and eye-catching.

“They’re back!

Little Luo and the others are back!”

“Brother Yang, you’re finally back, I missed you to death!”

“Haha, Brother Yang, long time no see!”

“Brother Yang, wuuuu...”

Everyone was overwhelmed with excitement, crying tears of joy as they waved vigorously towards Yang Luo and the others.

They had waited three days, worried for three days.

Now that Yang Luo was finally back!

How could they not be excited, not be thrilled?

Seeing a huge, dense crowd on the square.

Yang Luo and the others were also surging with emotions, overjoyed.

Ning Jianfeng exclaimed in astonishment, “My goodness, I really didn’t expect so many people to come!”

Mo Qingkuang said, “The Celestial Master and Master Xuanku are also here!”

Yang Luo took a deep breath and said, “Come on, let’s hurry over!”

“Okay!”

Everyone nodded.

Then, Yang Luo and his group sped up and flew towards the square of the main peak.

Soon, Yang Luo and his group landed on the square.

“Yang Luo!”

“Brother Yang!”

“Little Luo!”

A large crowd all came up to greet them.

Su Qingmei directly threw herself into Yang Luo’s arms, her eyes red.

She pounded on Yang Luo’s chest with her hands, choking up, “You big jerk, you’re finally back!”

Lin Qianyi puffed up and said, “Big jerk, you think you’re so capable, daring to go into the Immortal Furnace Mountain to cultivate, aren’t you really afraid of dying?”

Xiao Ziyun immediately grabbed Yang Luo's ear, "When you went into the Heaven Burying Burial Immortal Tomb before, we were already scared enough!

I didn't expect you to run off to the Immortal Furnace Mountain now, do you want to scare us to death?

If you dare to worry everyone like this again, I will beat you to death!"

"Third Senior Sister, it hurts, it hurts!"

Yang Luo let out several cries of pain and then chuckled, "Don't worry everyone, look, I'm fine!"

Su Wanqiu and the Goddess of Fate, among other women, wiped the tears from the corners of their eyes.

Seeing Yang Luo return safely, their suspended hearts finally settled down.

Ji Longyue and Baili Wushuang, among others, also embraced Xiang Kunlun and the rest vigorously.

Although their separation had not been long, they all missed each other very much.

Yang Luo sensed Su Qingmei's cultivation and exclaimed in surprise, "Qingmei, it seems you have been working hard lately, you've already stepped into the perfected Dao Convergence realm, just a step away from the Earthly Immortal realm!"

Su Wanqiu smiled softly and said, "Qingmei's physique was always quite special.

Ever since she came to the Kunlun Ruins to practice, her cultivation has improved very quickly!"

Yang Luo nodded.

He naturally knew all along about a woman having the “Innate Pure Yin Body.”

The woman had also saved his life once before.

Previously, the woman’s physique hadn’t awakened, and she hadn’t begun cultivating, so it was hard to see her true talent.

But now, with the stimulation of her own body, the woman’s physique had awakened.

And having cultivated for so long, it was only natural for the woman to possess her current cultivation level.

Su Qingmei smiled and said, “Besides me, Sister Ziyun and Natasha have also stepped into the perfected Dao Convergence realm!”

Yang Luo looked towards Xiao Ziyun and the Goddess of Fate, smiling and nodding his head.

Those two women had started cultivating even earlier, stepping into the perfected Dao Convergence realm was not easy for them.

Prajna then hugged Yang Luo’s arm and sweetly smiled, “Brother Yang, I’ve also stepped into the Earth Immortal realm!”

Yang Luo smiled affectionately and said, “Prajna, you finally made it to the Earth Immortal realm, well done!”

Prajna grinned and said, “If I hadn’t stepped into the Earth Immortal realm, then I would have fallen far behind you, Brother Yang!”

“Haha, Brother Yang, I’ve also made a breakthrough!”

“Brother Yang, me too!”

“And me, and me!”

Everyone spoke up one after another, all hoping to receive Yang Luo’s praise.

Yang Luo nodded and said, “It seems everyone has been working hard lately, well done!”

With a boom in the sky, Lord Buddha said, “I should also make a grand entrance now!”

Bujie, with hands on his hips, stepped forward.

Yang Luo smiled and watched him, remaining silent.

He had already sensed that this guy’s cultivation had reached the middle-stage Earthly Immortal Realm.

About that, he wasn’t too surprised.

This guy’s talent, comprehension, and potential were originally very high.

It was just that this guy had always been nonchalant and jesting, unwilling to put in the effort, which is why his cultivation progress was slow.

But as long as this guy was willing to seriously cultivate, his cultivation could naturally improve very quickly.

“Cough, cough!”

Bujie lightly coughed twice and said, "Brother Yang, guess how many heavenly lightnings I braved during my Earth Immortal Tribulation?"

"Here he goes again..."

"You really are enough..."

Xu Ying and Heavenly Sirius gestured a middle finger at him simultaneously.

Yang Luo asked, "Could it be seventeen?"

"No, no, no!"

Bujie shook his head repeatedly and said, "Guess higher!"

"Eighteen?"

"Nope!"

"Nineteen?"

"Still not right!"

Yang Luo was immediately startled and asked, "It couldn't be twenty, could it?!"

Bujie laughed loudly, "Exactly, it was twenty!"

"Twenty?!"

Yang Luo's face was shocked, "You actually braved twenty heavenly lightnings?!"

Bujie raised an eyebrow, "Surprised, aren't you?"

Shocked, right?

Surprise is appropriate, shock is right!

I am that man who seems unremarkable daily but stunning at the crucial moment!"

Xu Ying and others couldn't listen anymore and rolled their eyes at Bujie.

Yang Luo, however, responded calmly, "Very good, keep up the effort."

"That's...

it?"

Bujie immediately became unhappy.

Yang Luo stifled a laugh and asked, "What else did you want?"

Bujie huffed, "Aren't you going to praise me?"

Yang Luo shook his head and said, "You shouldn't be praised.

The more you're praised, the more arrogant you become.

Just continue to work hard!"

“...”

Bujie was left speechless.

Unbelievable!

How could Brother Yang be so composed?

Xu Ying smiled and patted Bujie's shoulder, saying, “Bujie, Brother Yang really understands you!

Right, keep it up, continue working hard!”

“Damn!”

Bujie flipped Xu Ying the middle finger.

All of a sudden, Yang Luo let out a realization, “By the way, Bujie, I specifically brought you a treasure that should be very suitable for you.”

“A treasure?!”

Bujie's eyes immediately lit up, “What treasure?!”

Xu Ying and others also looked curiously at Yang Luo.

“This one.”

Yang Luo smiled and then took out the Heavenly Dragon Zen Staff from his storage ring and tossed it to Bujie.

“A Zen staff?”

Bujie caught the Heavenly Dragon Zen Staff, weighed it, and puckered his lips, “Hmm, this Zen staff fits quite well.”

“Hey...

how come the spiritual energy and power contained in this Zen staff are so powerful?!”

“This Zen staff is probably not a Mortal item!”

Fourth Elder Mo Guishan, Mo Qianjue, and a few other elders came over and carefully examined the Heavenly Dragon Zen Staff.

“Not a Mortal item?”

Bujie was stunned for a moment, “Holy Shit!

Is this really a treasure?!”

“Heavenly Dragon Zen Staff...”

Fourth Elder Mo Guishan suddenly paled, “Could it be the legendary Heavenly Dragon Zen Staff?!”

Chapter 2060: Stepping Into the Heavenly Immortal Finger Is Just Around the Corner!

“It is indeed the Heavenly Dragon Zen Staff!”

Mo Qianjue nodded and said, "Rumor has it that the Heavenly Dragon Zen Staff is the personal weapon of a Heavenly Immortal Perfected powerhouse, the Tian Long Ancient Buddha, and it has reached the grade of an Immortal Item!

We had thought that the Heavenly Dragon Zen Staff was destroyed in the Golden Immortal Tribulation, but unexpectedly, it survived!"

"Holy shit!

Tian Long Ancient Buddha?!

An Immortal Weapon?!"

Bujie was so startled that he trembled all over, and the Heavenly Dragon Zen Staff in his hands almost dropped to the ground.

Xiang Kunlun, Xu Ying, and the others were also taken aback, staring at the Heavenly Dragon Zen Staff in shock.

Not long ago, they had visited the Heaven Burying Immortal Tomb, so they naturally knew that Tian Long Ancient Buddha was one of the Heavenly Immortals who had perished under the Golden Immortal Tribulation!

What they hadn't imagined was that they would encounter the personal weapon of Tian Long Ancient Buddha, and an Immortal Item at that, today!

Fourth Elder Mo Guishan looked at Yang Luo and asked, "Little Luo, did you find this from the Heaven Burying Immortal Tomb?"

"That's right."

Yang Luo nodded.

Bujie was immediately overwhelmed with gratitude, his eyes welling up with tears, "Brother Yang really still loves me!

My Dragon Mark Buddhist Staff was destroyed while I was going through the Earth Immortal Lightning Tribulation, and I never expected Brother Yang to actually give me an Immortal Weapon!"

As he spoke, he stamped the Heavenly Dragon Zen Staff on the ground with his right hand, placed his left hand on his hip, and had a smug look on his face.

"Lord Buddha has crossed twenty heavenly lightning bolts, and now Brother Yang has given me an Immortal Weapon, who else stands a chance?"

Seeing his smug visage, Xu Ying and the others wanted nothing more than to beat him up.

"Brother Bujie, I'm sorry, but Brother Yang also gave me an Immortal Magical Artifact."

Qin Zhanhuang said teasingly and then took out the Fire Phoenix Bell from his storage ring.

"Little Luo also gave me an Immortal Magical Artifact."

The Ice Empress took out the Ice Soul Divine Wheel from her storage bag.

"I have one too, also an Immortal Item."

Flame Emperor also took out the Five Elements Flag from his storage bag.

Seeing the three of them suddenly bring out three Immortal Magical Artifacts, everyone present was astounded.

“Damn, they have them too?!”

Bujie was instantly stunned, then drew closer to Yang Luo, “Brother Yang, how could you share your love for me with others?”

“Get lost, kid!”

Yang Luo shoved him aside.

Mo Qianjue blankly said, “Could these be the Fire Phoenix Heavenly Venerate’s Fire Phoenix Bell, the Cold Moon Fairy’s Ice Soul Divine Wheel, and the Yuhua Immortal Monarch’s Five Elements Flag?!”

“Yes.”

Yang Luo nodded.

“Did you also find these in the Heaven Burying Immortal Tomb?”

Mo Qianjue quickly asked.

Yang Luo nodded again.

Fourth Elder Mo Guishan took a deep breath and said, “Not simple at all, you should know, over the past few hundred years, there have been several Heavenly Immortals who entered the Heaven Burying Immortal Tomb, and they found some treasures in the end.

But no one has ever found these four Immortal Weapons and Immortal Magical Artifacts, yet you managed to find them.”

Yang Luo scratched his head and smiled, "Maybe I'm just lucky."

"Brother Yang, where is my gift?"

"Right, Brother Yang, what about mine?"

Lan Xiaomeng and Zhang Tianglang and others all reached out their hands towards Yang Luo.

Yang Luo gave a helpless smile and said, "Brothers, I only found these four weapons and magical artifacts, I don't have any extras.

When I find other treasures in the future, I will give them to you."

"Alright then..."

Everyone nodded, looking at Bujie and the others with envy.

Of course, while they envied, they naturally wouldn't say much.

After all, these four Immortal Weapons and Magical Artifacts were obtained by Yang Luo risking his life in the Heaven Burying Immortal Tomb.

Moreover, these four weapons and artifacts were indeed very suitable for Bujie and the others to use.

Yang Luo turned and bowed to Zhang Zhilin and Master Xuanku, saying, "Master, Master Xuanku, long time no see, I didn't expect to see both of you here!"

Zhang Zhilin smiled faintly and said, "You're going to Penglai Immortal Island for revenge, to save people.

Such a major event, we naturally have to come and help.”

“Amitabha Buddha...”

Master Xuanku also nodded with a smile.

“By the way, how is the secular world doing now?

Nothing happened, right?”

Yang Luo asked.

He had been in Kunlun Ruins this entire time and knew nothing about the affairs of the secular world.

Zhang Zhilin’s brows furrowed as he said, “Not long ago, something happened in the secular world.

Xuanku and I came in a hurry, also to inform you about this matter.”

“What happened?”

Yang Luo also realized it must be something significant.

Zhang Zhilin said, “I will tell everyone about it later.”

“Mhm.”

Yang Luo nodded.

“Little Luo, you’ve entered the late True Immortal realm?”

“Little Luo, quickly tell us, what exactly is inside Immortal Furnace Mountain?

How did you come out?”

At this moment, Yi Hanshan, Ji Wenzhou, and others all walked over.

Mo Hongtu said, “Gentlemen, this is not the place to talk.

Let’s go sit in the great hall and chat.”

After that, everyone walked into the great hall.

A few disciples from Supreme Sect served tea to Yang Luo and Flame Emperor and others.

Bujie couldn’t wait any longer, hastily saying, “Brother Yang, quickly tell us, how dangerous is Immortal Furnace Mountain really!”

Everyone also looked towards Yang Luo.

After all, they had never been into Immortal Furnace Mountain.

“Alright, alright, don’t worry, I will tell you now.”

Yang Luo took a sip of tea, then recounted his experiences inside Immortal Furnace Mountain for everyone to hear.

Everyone listened, dumbstruck, their facial expressions varying unpredictably.

Some were shocked, some worried, some fearful.

It wasn't until Yang Luo finished talking.

That everyone took a long time to regain their composure.

Yang Luo picked up his teacup again and took a sip, saying, "That is what I experienced in Immortal Furnace Mountain.

Luckily, I managed to hold on in the end, broke through my cultivation, strengthened my physique, and also refined High Grade Heavenly Immortal Pills."

Ji Wenzhou said admiringly, "Little Luo, I didn't expect that not only did you safely emerge from Heaven Burying Immortal Tomb, but you also came out of Immortal Furnace Mountain unscathed, creating miracles time and again!

It seems that there's no place in Kunlun Ruins or Penglai Immortal Island that can stop you now!"

Baili Shengxuan remarked emotionally, "Little Luo, now that you have entered the late True Immortal realm, you've officially begun your assault towards Heavenly Immortal!

I fear it won't be long before you step into the Heavenly Immortal realm and become the very top powerhouse in Kunlun Ruins and Penglai Immortal Island!"

Tantai Zhengyang laughed heartily, "Little Luo, I wasn't wrong about you, well done, indeed!"

As he spoke, he glanced at Tantai Puti.

What on earth is this girl doing, following Little Luo for so long without any progress?

He was still thinking of taking Yang Luo as his son-in-law, to continue to grow and strengthen their Vermillion Bird family!

Tantai Puti naturally felt her father's gaze.

She could only pretend not to notice and quickly turned her head away.

Tantai Zhengyang furrowed his brows.

It seemed he had to push this girl to be more proactive.

If things continued this way, wouldn't they lose the excellent son-in-law right at their fingertips?

At this moment.

Ning Jianfeng said with a smile, "Everyone, do you know what happened to Brother Yang after he left Immortal Furnace Mountain?"

"What happened?"

"Don't keep us in suspense, just tell us!"

Everyone spoke up one after another.
