Chapter 2141: Two Great Immortal Worlds Tremble!

In the blink of an eye, three days had passed.

In these three days, both Kunlun Ruins and Penglai Immortal Island experienced a massive earthquake simultaneously!

On the side of Kunlun Ruins.

“My friends, have you heard?

Three nights ago, something big happened in our Kunlun Ruins!”

“What big thing?!

It wouldn’t have something to do with that kid Yang Luo again, would it?!”

“This matter actually has nothing to do with that kid Yang Luo, but it concerns the strife among the various righteous and evil sects and families in our Kunlun Ruins!”

“Three nights ago, numerous members of various evil demon sects from the five continents gathered and attacked the Supreme Sect, the Azure Dragon Family, the White Tiger Family, the Vermillion Bird Family, and the Black Tortoise Family, among other sects and families, resulting in heavy casualties!”

“I’ve heard about this as well.

It’s said that these evil demon sects suffered heavily because the Beihai Heavenly Venerate, Qilin Ancestor, Supreme Ancestor, and Phoenix Ancestor appeared!”

“Exactly, the four Heavenly Immortal Ancestors eliminated many members of those evil demon sects with just a flick of their fingers.

They were terrifyingly powerful!”

“My goodness, these Heavenly Immortal Ancestors haven’t appeared for many years, and unexpectedly, four of them showed up this time!”

“Now that these evil demon sects have suffered such a defeat, they definitely won’t let it go.

Moreover, their foundation has not been shaken, so I fear they might stage a comeback and seek crazy revenge!”

“I have a premonition that something big is about to happen in our Kunlun Ruins...”

The families, sects, and independent cultivators of Kunlun Ruins were all discussing this matter.

Over the past half a year, too many significant events had occurred in their Kunlun Ruins.

Furthermore, all these major events were related to Yang Luo.

Unexpectedly, just when Yang Luo had quieted down for a while, the various evil demon sects started causing trouble again.

Therefore, the people of Kunlun Ruins were all anxious and uneasy.

Everyone felt that something big was definitely going to happen in Kunlun Ruins.

As for what was happening now, it was all just a prelude...

On the side of Penglai Immortal Island.

The news about the great battle of the Purple Cloud Sect had spread across the Thirty-Six Heavenly Gang Islands in three days and was starting to spread to the Seventy-Two Earth Evil Islands!

Upon hearing the news!

All the sects, families, and independent cultivators of Penglai Immortal Island were frightened and shocked!

“Fellow daoists, have you heard about the major event that happened at the Purple Cloud Sect three days ago?”

“Of course, we heard.

During the sect grand ceremony of the Purple Cloud Sect, Kunlun Ruins summoned two hundred thousand people and launched a world-shaking grand battle!”

“That battle was utterly chaotic; it obscured the sun and the moon, and more than eighty thousand were killed or injured!”

“Over fifty True Immortals and more than three hundred Earth Immortals were killed in that battle!”

“Eventually, even Heavenly Immortals from the two immortal realms appeared, with as many as eight showing up!”

“Why did this battle start?”

“Could it be that Kunlun Ruins wanted to destroy our Penglai Immortal Island?”

Sects, families, and independent cultivators on the Thirty-Six Heavenly Gang Islands and some Earth Evil Islands were discussing this matter.

However, the people of Penglai Immortal Island couldn't understand why this battle had started.

Some guessed that it was because Kunlun Ruins wanted to eliminate Penglai Immortal Island.

Otherwise, why would those elusive Heavenly Immortals join the battle?

"The reason this battle started is entirely because of a kid named Yang Luo!"

Finally, someone who had participated in that grand battle provided an answer.

This answer shocked everyone even more.

The cause of such a world-shocking battle was actually a young lad?

What kind of joke was that?

"Yang Luo?"

Who is Yang Luo?

Why haven't we heard of him before?"

Someone raised a question.

"Yang Luo, this kid, originally hailed from the secular world, but had formed good relationships with the Supreme Sect, Azure Dragon Family, White Tiger Family, Vermillion Bird Family, Black Tortoise Family, and other sects and families!"

Those sects and families were all brought together by him!”

“That kid has a grudge against the Purple Cloud Sect, Heavenly Amplification Sect, and Immortal Sword Sect.

He brought so many people to Penglai Immortal Island just for revenge!”

“Moreover, the kid is only in his thirties, but had already stepped into the late True Immortal realm.

He possessed heaven-defying strength, was invincible in his realm, and could even slay Perfected True Immortal realm powerhouses!”

“In that great battle, he was practically like the Slaughter God himself, brutally dealing with both divine and demonic adversaries.

Over a hundred Earth Immortals and True Immortals died at his hands!”

“That kid is extremely terrifying.

The cultivation techniques he practices encompass everything, and he even possesses several weapons and Dharma artifacts that surpass Immortal standard!”

Others who had participated in this great war also continuously released information.

Once this information was out!

The people from all the major sects, families, and independent cultivators on Penglai Immortal Island were shocked as if struck by lightning!

“A kid not even thirty years old could step into the late True Immortal realm and be invincible in his realm, even capable of killing upwards in realm.

Isn't that nonsense?”

“If it's really as said, wouldn't this kid be an invincible existence just below a Heavenly Immortal?”

“This news came from friends who participated in the battle; it should be true!”

“My God, if this is true, then this kid might just be the most terrifying existence since that old monster back in the days!”

“Hehe, not only is this kid's strength formidable, but he also acts with swift retribution, which really makes me admire him!”

“With such an outstanding prodigy, it would indeed be an honor for us to make his acquaintance!”

The people on Penglai Immortal Island were all discussing news about Yang Luo.

There were those who admired him greatly, and others who started to gather more information about him everywhere.

As the news of the battle involving the Purple Cloud Sect spread wider and wider, Yang Luo's name also reached the ears of various major families, sects, and independent cultivators.

This battle directly boosted the fame of Yang Luo, garnering attention from all quarters.

Of course, the attitudes of the people on Penglai Immortal Island towards Yang Luo varied.

Some resented him, some envied him, some were jealous, and others appreciated him...

...

Three days later, on a clear morning.

In the territory of the Purple Cloud Sect.

On the square of the main peak.

Over a hundred ancient boats floated above the square, practically covering the sky.

At this moment,

People from Kunlun Ruins were bidding farewell to those from the Purple Cloud Sect.

Now, Dongfang Shaohua and the others were both respectful and fearful towards Mo Hongtu and his group.

Behind the crowd,

“Ruoshui, are you really leaving?”

Now the Purple Cloud Sect will no longer restrict your freedom.

Can’t you stay a bit longer before leaving?”

Mu Yunshu held Dongfang Ruoshui’s hand, her eyes brimming with tears, her face full of reluctance.

Dongfang Ruoshui’s eyes also welled up, “Mom, don’t be sad, I will come back again.

This time, I'm leaving with Little Luo for growth and improvement.

I want to become stronger so that I can help Little Luo in the future."

Mu Yunshu sighed deeply and said, "Having you by my side this past year has been the happiest days for me.

But since you have made your decision, I naturally won't force you to stay."

Dongfang Ruoshui wiped her tears and said, "Thank you for understanding."

Mu Yunshu turned her head and saw Yang Luo, who was talking and laughing with everyone, and said, "Little Luo is really an exceptional child.

Being so young, he has already stepped into the late True Immortal realm.

With such immense power, his future is boundless.

Knowing you are by Little Luo's side puts my mind at ease."

Chapter 2142: Some Hatreds Should Also Be Let Go!

Dongfang Ruoshui chuckled lightly, her beautiful eyes blinking as she said, "Mom, didn't you used to look down on Little Luo?

You always said he was from the secular world and not worthy of me, not on par with those Heavenly Prides from the sects and families."

"Well..."

Mu Yunshu laughed dryly and said, "I was narrow-minded, Little Luo is completely worthy of you.

As for those Heavenly Prides from the sects and families, they're not even comparable to Little Luo.

Moreover, I feel that our Purple Cloud Sect is actually reaching up by having Little Luo as a son-in-law."

Dongfang Ruoshui hummed, "Mom, are you looking down on your daughter now?"

Mu Yunshu shook her head and said, "It's not that I'm looking down on you, but Little Luo is just too outstanding.

For thousands of years, there hasn't been such a highly talented and unique prodigy.

Even those Heavenly Immortal Ancestors at Little Luo's age probably couldn't have achieved what Little Luo has.

I can be certain that Little Luo's achievements won't just stop here.

In the future, he will definitely ascend to Heavenly Immortal, or even to Golden Immortal, rising to higher planes and witnessing vaster skies."

Dongfang Ruoshui also looked towards Yang Luo, feeling sentimental as she said, "Yeah, I always knew Little Luo was excellent.

And now, he's getting better and better.

So, I also need to work harder to be worthy of him."

Mu Yunshu said, "Ruoshui, Little Luo must love you deeply.

For you, he even led so many people here to fight.

For you, he did not hesitate to be enemies with so many sects and families.

Being able to find such a man who loves you, I'm sincerely happy for you."

Dongfang Ruoshui's gaze towards Yang Luo was also full of tender affection.

She naturally knew of Yang Luo's profound love for her.

All she could do was to stay by his side and help him as much as she could.

Mu Yunshu continued, "Ruoshui, you need to hurry up and have a few more children with Little Luo.

If possible, at least one child carrying the Eastern surname would be a great benefactor to our Purple Cloud Sect."

"Mom...

what are you saying!"

An exquisite blush spread over Dongfang Ruoshui's face.

Mu Yunshu smiled tenderly and said, "This is a serious matter, you shouldn't feel embarrassed.

With such an outstanding man as Little Luo, it would be a real pity not to have more children."

"Senior Sister, let's go!"

At this moment, Yang Luo waved his hand at Dongfang Ruoshui.

“Mom, I won’t talk to you anymore, I’m leaving!”

Dongfang Ruoshui’s face turned bashful as she quickly fled.

“Ruoshui, remember what Mom said, hurry up!”

Mu Yunshu called out.

Dongfang Ruoshui quickly covered her ears, pretending she didn’t hear.

Soon, Yang Luo and everyone else boarded the ancient boat and grandly flew away from the place.

It was only after watching Yang Luo and the others leave

that the people of the Purple Cloud Sect finally breathed a sigh of relief.

Those people had finally gone.

As long as Yang Luo and his group were here, they felt pressured.

Even though Yang Luo and his people had spared them,

the memory of the great battle three days ago remained fresh in their minds, unable to be forgotten.

“Shaohua, what do you think of Little Luo?”

Mu Yunshu walked over.

Gazing into the distance, Dongfang Shaohua sighed, "I have to admit, he's very outstanding.

"

"Don't even mention the Heavenly Prides of the Great Sects and families, not even the elders can compare to him."

"I've never seen such a youth with extraordinary talent."

Mu Yunshu said, "Little Luo's future is boundless, and having Dongfang Ruoshui with him is the best possible outcome.

I know you have hatred towards Little Luo, after all, he killed several elders of our Purple Cloud Sect.

But the reason Little Luo killed those elders was entirely because those elders provoked him first.

Through the days we've spent together, I can see that Little Luo is actually very kind, and definitely not a wanton killer.

Moreover, for the sake of Dongfang Ruoshui, and for the sake of the Purple Cloud Sect, some hatred should be put aside."

Dongfang Shaohua frowned and said, "For the sake of Dongfang Ruoshui, I can understand.

But what do you mean, for the sake of the Purple Cloud Sect?"

Mu Yunshu said, "The Purple Cloud Sect is already on the decline, and the recent great battle has added insult to injury.

If this continues, our Purple Cloud Sect may no longer maintain the status of a top sect.

However, if Little Luo can ascend to Heavenly Immortal, or even Golden Immortal in the future.

Just a little help from Little Luo could certainly bring the Purple Cloud Sect back to its peak.”

Hearing the words of Mu Yunshu,

Dongfang Shaohua fell silent.

Several elders also fell silent.

Although they still harbored hatred towards Yang Luo,

they felt that what Mu Yunshu said made sense.

Yang Luo’s strength, talent, and potential, they had all witnessed during the great battle.

If Yang Luo truly was willing to lend them aid, the Purple Cloud Sect indeed might have a chance to return to its peak.

After a moment of silence, Dongfang Shaohua then said, “As long as it’s for the good of the Purple Cloud Sect, I can do anything.

As long as Yang Luo truly treats Dongfang Ruoshui well, as long as he’s truly willing to help our Purple Cloud Sect, I am willing to put aside my vengeance and accept him.”

“Putting aside the vendetta, the lad Yang Luo is indeed outstanding, and I do admire him!”

“If this young man were from our Purple Cloud Sect, our rise would only be a matter of time!”

“If he is willing to help us, we can put aside any hatred!” the elders also expressed their views.

Mu Yunshu smiled slightly and said, “Then let’s just wait and see how far Little Luo can go in the future.”

Dongfang Shaohua and the others also looked towards the distance, their eyes filled with anticipation.

After leaving the Purple Cloud Sect,

over a hundred ancient boats continued their smooth flight.

“Senior Sister, what did Auntie Mu tell you just now?

Something about ‘hurry up’?”

Yang Luo asked Dongfang Ruoshui.

Dongfang Ruoshui’s cheeks flushed red again, and she shook her head repeatedly, “No, it’s nothing.”

After speaking, she hurried over to where Su Qingmei and the other women were.

Yang Luo scratched his head, very puzzled.

What exactly did Auntie Mu tell Senior Sister?

However, with thoughts of a significant matter he was going to attend to, he cast aside these musings.

He walked over to Mo Hongtu and the other seniors and elders, cupped his hands, and said, "Fellow seniors and elders, over the past few days, my brothers and I have discussed and decided not to return to the Kunlun Ruins yet."

"Not returning to the Kunlun Ruins?"

Mo Hongtu looked puzzled, "What do you mean?"

Yi Hanshan, Lin Jingchen, and the others also turned their attention to Yang Luo.

Yang Luo said, "My brothers and I plan to stay on Penglai Immortal Island for a while to cultivate and further improve our strength and cultivation!"

"What?!"

You're planning to stay on Penglai Immortal Island?!"

Mo Hongtu was immediately startled and shook his head, "No, that's too dangerous!

In the great battle three days ago, we made enemies of many sects and families from Penglai Immortal Island!

Now, they probably all want to see you dead.

If you remain here, if something happens, we won't be able to help in time!"

Chapter 2143: Sky Blade Sect!

Lin Jingchen nodded as well, "Brother Mo is right, Little Luo, you should come back with us.

In the Kunlun Ruins, you can continue to train, and if anything happens, we can help you.”

“Yes, come back with us!”

“You simply can’t stay on Penglai Immortal Island!”

“Staying here is far too dangerous!”

Other family heads and elders also advised them one after another.

Yang Luo said, “Elders, seniors, I know all of you are concerned for our well-being, worried about the dangers we might encounter.

But, if we always remain under the protection of our seniors and elders, when will we ever grow and soar through the Jiutian?

We need to experience some hardships and obstacles ourselves, face them on our own.

Moreover, as I see it, the Heavenly Immortal Ancestors of our Kunlun Ruins have already deterred those sects and families, they surely won’t dare to easily mess with us.

Of course, if someone really becomes desperate and troubles us, we can still fight them.

Even if we can’t beat them, we can find a way to escape.”

“Brother Yang is right, our current cultivation and strength are too weak, we need to become stronger!”

“Great trees do not grow in greenhouses, nor can one train a steed in a courtyard, some hardships we must endure ourselves!”

“Elders, seniors, rest assured, we will take good care of ourselves!”

Mo Qingkuang and Lin Wenxuan, among others, also came over.

Yang Luo continued, “Moreover, not all of us are staying.

We have already discussed it, those with cultivation below that of an Earth Immortal, will return to the Kunlun Ruins.

Those with cultivation at or above the level of an Earth Immortal will stay on Penglai Immortal Island.”

Hearing Yang Luo and the others.

Mo Hongtu, Yi Hanshan, and others fell silent.

After a long silence.

Elder Ji Longsheng sighed, “Everyone, since Little Luo and his friends have made their decision, we should support them.

Besides, Little Luo is not wrong, those sects and families on Penglai Immortal Island probably won’t dare to act rashly again.”

Baili Wuheng nodded, “Alright, let Little Luo and the others stay.

Experiencing some hardships here will be quite beneficial for them.”

Fourth Elder Mo Guishan looked at Yang Luo and the others with a smile, “Little fellows, I hope the next time we meet, you all will have improved!”

Yang Luo's eyes were firm, "We will definitely work hard!"

Mo Qingkuang and the others' eyes also held an extra firmness.

"Very well, very well!"

Fourth Elder Mo Guishan stroked his beard and smiled, "Then we'll be waiting!"

In the following period.

Yang Luo and the others said their goodbyes to Su Qingmei and the others.

Su Qingmei looked tenderly at Yang Luo, "Yang Luo, you all must take good care of yourselves, we are waiting for your return."

"Mhm."

Yang Luo nodded and said, "You also need to take care of yourselves, and if you encounter any dangers, make sure to contact the seniors and elders for assistance in time."

"Alright."

Su Qingmei agreed.

Xiao Ziyun asked, "Are you planning to go to the Sky Blade Sect afterward?"

"That's right."

Yang Luo nodded and said coldly, "Those who dared to hurt Xu Ying, I won't let a single one of them off."

Xiao Ziyun's voice was resolute, "You must avenge Xu Ying properly!"

"That's a given!"

Bujie patted his chest and said, "Anyone who bullies Brother Xu, Lord Buddha here will finish them off!"

Lin Qianyi suggested, "Why don't we go with you?"

"Fourth Senior Sister, there's no need, we going by ourselves is enough."

Yang Luo shook his head and said, "A mere second-rate, lower-end sect poses no threat to us, you should all return with the seniors."

Lin Qianyi sighed and said, "Alright then, but you all must be careful."

Yang Luo hummed in agreement.

After the farewells.

Yang Luo, Xu Ying, and Bujie, among others, boarded an ancient boat and flew toward the distant horizon.

"Yang Luo, we'll wait for your return!"

"Brother Yang, just you wait, next time we meet, we will definitely have stepped into the realm of Earth Immortal!"

"Brother Yang, you must also become even stronger!"

Su Qingmei and the others waved toward Yang Luo and his companions.

Yang Luo clasped his fists in response, “Brothers, seniors, take care!”

“Take care, everyone!”

Mo Hongtu and the others also clasped their fists in farewell.

After saying goodbye.

Mo Hongtu and the others took the ancient boat and flew towards the Sea of Illusion.

Yang Luo and his companions, on the other hand, headed straight for the Sky Blade Sect.

On the way to the Sky Blade Sect.

Yang Luo asked Dongfang Ruoshui, “Senior Sister, are you familiar with the topography of Penglai Immortal Island?”

“Of course I am.”

Dongfang Ruoshui answered, then pulled out a map from her storage bag and handed it to Yang Luo.

“This is the map of Penglai Immortal Island.

It marks all the islands, as well as the locations of the major sects and families.”

“With this map, our actions will be much easier.”

Yang Luo smiled as he received the map, then unfolded it and started to browse.

Mo Qingkuang and the others gathered around as well.

After going over the map as a whole.

Yang Luo finally understood the location of the Sky Blade Sect.

It turned out that the Sky Blade Sect was on Earth Spirit Island amongst the Seventy-two Earth Evil Islands.

Yang Luo declared, "Brothers, the Sky Blade Sect is quite a distance from us, we need to pick up the pace!"

"Alright!"

Everyone nodded in unison.

Then, Yang Luo and the others simultaneously harnessed their True Qi and directed it into the ancient boat.

Buzz!

The ancient boat shook violently, and its speed abruptly increased, turning into a streak of light as it flew toward Earth Spirit Island.

Yang Luo and his group traveled for two full days, and it wasn't until the early morning of the third day that they finally arrived at Earth Spirit Island.

As one of the Seventy-two Earth Evil Islands, Earth Spirit Island's size was far from comparable to Tian Gang Island, and even its spiritual energy was vastly inferior.

After arriving at Earth Spirit Island.

Yang Luo and his party did not linger, heading straight for the Sky Blade Sect.

They flew for a full two hours.

Finally, Yang Luo and his group reached the territory of the Sky Blade Sect.

Looking far into the distance.

Seventy-eight mountain peaks reached straight into the clouds, stretching for hundreds of miles.

Auspicious clouds surrounded the area, truly a prime Immortal Land.

Especially the central mountain, towering a thousand feet high, like a heavenly blade standing between Heaven and Earth, majestic and magnificent.

Palaces and pavilions sat atop the mountain, shining brightly under the sunlight.

Though the scale of the Sky Blade Sect was far less than that of the Purple Cloud Sect, it was still quite imposing.

However, stepping into the territory of the Sky Blade Sect once more.

Past events played back in Xu Ying's mind like a movie.

Endless mockery, sarcasm, laughter, and humiliation...

also flooded into his brain like a tide.

Xu Ying couldn't help but clench his fists, his eyes filled with anger and pain, his body trembling uncontrollably.

Yang Luo patted Xu Ying on the shoulder and said, "Xu Ying, you have nothing to fear with your brothers here!"

"That's right!"

Bujie took out his Heavenly Dragon Zen Staff and declared with a resonant voice, "Today, we are here for revenge and to settle grievances!"

Anyone who dares to babble in front of you again, the Old Man will kill him!"

Ning Jianfeng also said coldly, "Anyone who dares to bully Brother Xu is simply seeking death!"

Chapter 2144: Enemy Attack!

Enemy Attack!

Tantai Puti shook his head and said, "To think such a trashy sect would dare to look down on Brother Xu, how ridiculous!"

Baili Wushuang turned to Xu Ying and said, "Brother Xu, I wasn't joking before!"

As long as you are willing to join our White Tiger family, we welcome you wholeheartedly!"

Ji Longyue hurriedly said, "Brother Xu, it would be better if you joined our Azure Dragon family!"

"Brother Xu, the doors of our Black Tortoise family are always open for you!"

"Or rather, join our Phoenix family!"

"Don't argue with me, Brother Xu belongs to our Soaring Snake family!"

Yi Yuheng, Qin Zhanhuang, and Ning Jianfeng, among others, also voiced their opinions.

Xu Ying felt a warmth in his heart and bowed with his hands together, "Thank you, brothers, for your kindness, but I only wish to follow Brother Yang and am not considering joining any families or sects!"

"Alright then!"

Ji Longyue nodded and said, "Brother Xu, whenever you change your mind, be sure to tell me!"

Ning Jianfeng clamored, "Brother Xu, with our solid relationship, if you change your mind, you'll definitely tell me first, right?"

Yang Luo waved his hand and said, "Alright, brothers, let's go!"

"Alright!"

Everyone responded loudly.

Following that, the ancient boat started and flew toward the Sky Blade Sect.

It wasn't long before.

Yang Luo and the others approached the territory of the Sky Blade Sect.

“Stop!”

“Who goes there?”

“This is Sky Blade Sect territory; no trespassing is allowed!”

A dozen Sky Blade Sect disciples, piloting their flying immortal treasures, soared into the sky, blocking the path in front of Yang Luo and the others.

Bujie, with one hand on his hip and the other holding his staff, shouted forcefully, “Call out these eight scrawny brats for me” Xu Xiao, Xu Yu, Xu Tong, Xu Zhao Hui, Xiao Chenyang, Feng Shaojie, Shen Fangqin, and Zhuzekai!”

“That’s right, hurry and call these eight jerks out!”

Ning Jianfeng also roared along.

“Call them out to meet their fate!”

Tantai Puti also shouted.

This was because when Xu Ying had recounted his life story to them, he mentioned these eight individuals.

It could be said that these eight people almost took pleasure in bullying Xu Ying daily.

Thus, they had long memorized the names of these eight.

“You bastards, who do you think you are, daring to call our young masters and ladies by their names!”

“Get lost quickly; this is the Sky Blade Sect, not a place where you can run wild!”

“If you don’t leave now, don’t blame us for being rude!”

“Are you deaf?”

Get lost now!”

The disciples of the Sky Blade Sect all shouted loudly, extremely arrogant and domineering.

In their view, Yang Luo and his group were merely a bunch of youngsters and probably not capable of much.

And this was their Sky Blade Sect territory, so naturally, they were not afraid.

“Get lost, my ass!”

Bujie directly swung his Heavenly Dragon Zen Staff, sweeping it out!

Whoosh!

The sound of cleaving through the air resounded!

A dazzling streak of golden light swept out, engulfing the dozen disciples!

Bujie was by no means a gentle and devout believer; he was a true warmonger who hated evil!

Moreover, their visit this time was precisely to cause trouble, so naturally, they wouldn't speak softly or gently to these fellows!

"Be careful!"

A leading disciple cried out in alarm, quickly conjuring up a defensive shield.

The other disciples also formed their defenses.

However, Bujie, who had already entered the middle stage of the Earthly Immortal Realm, faced these guys who weren't even Earth Immortals; how could they possibly withstand him?

Boom, boom, boom!

Amidst a series of thunderous explosions,

The defensive shields formed by the dozen disciples were all shattered!

"Ahhhhh..."

Several disciples screamed miserably, vomiting fresh blood as they plummeted from the sky and crashed onto mountain ranges!

"Damn it!"

Ning Jianfeng complained unhappily, "Brother Bujie, you're too fast.

I didn't even get a chance to make a move!"

“Exactly, I didn’t get my chance either!”

Big White also joined in the outcry.

Bujie shrugged and said, “Well, whose fault is it if you guys are too slow?

Blame me?”

“Screw you!”

Ning Jianfeng and Big White simultaneously flipped Bujie the bird.

Yang Luo said annoyedly, “Enough with your jokes, you clowns.

Let’s go to the main peak!”

Baili Wushang spread his hands and said, “Seriously, what’s the point of fighting these minions?

You see, we don’t even bother to make a move.”

Bujie, Ning Jianfeng, and Big White rolled their eyes at Baili Wushang.

Following that, Yang Luo and his group rode the ancient boat, breaking directly into the territory of Sky Blade Sect and flew toward the main peak.

At that moment!

The disciples who had fallen all took out their communication jade talismans and began yelling!

“Enemy attack!

Enemy attack!”

“These guys on the boat are here to cause trouble for our Sky Blade Sect, stop them!”

“Hurry, take these guys down, and hand them over to the Sect Master and the elders!”

In fact, the commotion here had already alarmed many people.

Added to this were the calls from these disciples.

All at once.

Thousands of Sky Blade Sect’s disciples riding three ancient boats flew into the sky.

Hundreds of disciples, flying on immortal treasures, also soared up.

Even hundreds of mutated beasts raised by the Sky Blade Sect surged into the sky.

Soon, over a thousand disciples and hundreds of mutated beasts surrounded Yang Luo and his group in the middle.

“Who the hell are you, and why are you trespassing on our Sky Blade Sect!”

“State your names quickly, or don’t expect to leave here alive!”

“Dare to stir up trouble at our Sky Blade Sect, are you seeking death?”

The disciples of Sky Blade Sect all shouted furiously.

“Shut up, all of you!”

Bujie bellowed, stomping his feet hard and leaped directly onto an opposite ancient boat!

“Brothers, let’s go!”

Ning Jianfeng also yelled and jumped onto an ancient boat!

“Roar!”

Big White roared excitedly and leaped right off Yang Luo’s shoulder, his body bulking up by more than eighty meters, and jumped onto an ancient boat!

“Screech!”

The Hundred Cry Bird also let out a crisp cry and flew from Tantai Puti’s shoulder!

It shook its body, also growing more than eighty meters, flames blazing over its body as it charged at those mutated beasts!

Qin Zhanhuang, Mu Wushang, and Gu Pengfei and others could no longer hold back and charged forward!

However, Yang Luo and Flame Emperor and others did not make a move, just quietly stood there.

These guys didn’t need them to act; they needed to be wary of the Sky Blade Sect’s elders.

Seeing that Bujie and others didn’t hesitate to start the fight!

The disciples of Sky Blade Sect were both shocked and angry!

Even if a sect war was to begin, they would declare it beforehand!

But unexpectedly, these guys didn't bother with any reasoning and just started fighting!

"Take them down altogether, no matter who they are, capture them first!"

A leading disciple brandished his saber and roared.

"Charge!"

"Take them down!"

"Roar!"

The other disciples and mutated beasts of Sky Blade Sect also shouted loudly, swarming in for an attack!

A small-scale massive battle immediately erupted!

Song Zhixin looked at Bujie, who was rampaging fiercely, and couldn't help but laughingly said, "Little Luo, doesn't Bujie always bicker with Xu Ying?"

How come the moment he stands up for Xu Ying, he acts as if he's been injected with chicken blood?"

Chapter 2145: Kneel Down to Apologize, and Accept Your Death!

Yang Luo offered a faint smile and said, "Fifth Senior Sister, although these two guys enjoy mocking each other on a regular basis, their bond is actually incredibly strong.

Especially in the heat of battle, they will trust each other and watch each other's backs."

"I see." Song Zhixin nodded in sudden understanding.

At this time,

there was intense fighting on several ancient boats.

"This bald-headed monk is incredibly fierce, take him down!"

"Finish him off!"

Dozens of Sky Blade Sect disciples roared furiously, swarming to attack Bujie!

As they closed in—

Swish, swish, swish!

Dozens of disciples simultaneously swung their sabers at Bujie!

It was like dozens of sabers weaving into a silver net, enveloping Bujie!

"Do you really think you guys can take me down, finish me off?"

"Are you joking?" Bujie sneered, his hands gripping the Heavenly Dragon Zen Staff tightly before he furiously swept it towards the dozens of charging disciples!

“Dragon-Mark Buddhist Staff!”

With one sweep of the staff, Buddhist light soared to the heavens!

Golden luminescence and energy intertwined, forming a golden tidal wave that surged in all directions!

Crack, crack, crack!

With just one sweep, the long swords in the hands of the disciples were all smashed into pieces, turning into a heap of scrap metal that scattered everywhere!

“What?!”

“This...”

The disciples were stunned.

The next second!

The golden tidal wave that swept out struck their bodies!

“Pupu pupu...”

The disciples spit out blood, they were sent flying like sandbags, tumbling off the ancient boats!

“I refuse to believe that so many of us can’t deal with one stinking bald monk!”

Dozens more disciples charged at Bujie.

Bujie stood his ground and opened his mouth to unleash a ferocious roar!

“Buddhist Lion Roar!”

“Roar!”

The thunderous roar exploded like a clap of lightning!

Waves of golden sound waves spread out tangibly, blasting the dozens of attacking disciples away!

Numerous disciples on the ancient boats clutched their heads and screamed in agony, spitting out blood!

Even the mutated beasts in the sky couldn’t withstand the impact of the sound waves, wailing miserably as they plummeted from the heights!

“Soaring Serpent Nine Slash!”

“Fire Phoenix Saber!”

“Bai Ze Sword Technique!”

“Green Roc Illusion Claw!”

Ning Jianfeng, Qin Zhanhuang, Mu Wushang, and Gu Pengfei also launched ferocious attacks!

Swords pierced the sky, sabers wreaked havoc, giant claws split the heavens!

Every disciple and beast that came close was blasted away, dead or injured!

“To death for this Ape King!”

Big White’s arms swung like pendulums, furiously pounding at the disciples attacking him!

Thump, thump, thump!

The disciples felt as if they had been struck by mountains, coughing up blood, as they were hurled backward like cannonballs!

Some had their chest bones and internal organs shattered, dying instantly on the spot!

At this moment,

two mutated beasts swooped down from the sky, lunging at Big White!

“Courting death!”

Big White roared furiously, his huge hands reaching out to grab the necks of the two beasts and slamming them together!

Boom!

The heads of the two beasts were smashed on impact!

After killing the two beasts”

Big White exerted force in his arms and hurled the beast corpses away!

Thump, thump, thump!

The mutated beasts were struck, letting out howls as they plummeted from the sky!

The Hundred Cry Birds above exhaled flames, wings flapping vigorously!

Whoosh!

Waves of fire swept out, either blasting the mutated beasts away or burning them alive!

The battle raged on!

However, the disciples and mutated beasts of the Sky Blade Sect, with their cultivation and strength, were ultimately too weak to withstand the fierce onslaught of Bujie and his group!

Therefore, in less than ten minutes, they began to suffer a crushing defeat!

Over a thousand disciples and hundreds of mutated beasts had already been killed or were incapacitated!

Just then!

“Who dares to cause trouble at our Sky Blade Sect?”

“Everyone, fucking stop!”

Shouts of anger traveled over from a distance.

Everyone turned their heads to look.

They saw seven figures riding on flying immortal treasures and mounted on mutated beasts approaching from afar.

Quickly, these seven individuals arrived at this airspace.

The newcomers were seven young men and women dressed in luxurious robes, walking tall and exuding an air of haughty arrogance.

Upon seeing these seven!

Xu Ying on the ancient boat clenched his fists so hard they clicked and his eyebrows twitched, eyes flickering with a cold gleam.

Yang Luo asked in a low voice, "Who are they?"

Taking a deep breath, Xu Ying replied, "They are Xu Yu, Xu Tong, Xu Zhao Hui, Xiao Chenyang, Feng Shaojie, Shen Fangqin, and Zhuzekai."

"Oh..."

Yang Luo nodded, squinting and saying, "Only missing Xu Xiao, huh."

He glanced over the seven men and women and lost interest immediately.

The highest cultivation among these seven was merely late-stage Dao Convergence realm, and the weakest hadn't even reached the Dao Convergence Realm.

Ji Longyue and the others also shook their heads, likewise uninterested in these seven individuals.

“We pay our respects to all the young masters and misses!”

All the present disciples of the Sky Blade Sect bowed deeply, showing utmost respect to the seven young men and women.

Xu Yu, wearing a green robe, frowned and asked, “Who are these people, and why are you fighting with them?”

The lead disciple hurriedly replied, “Reporting to Second Young Master, we don’t know who these individuals are.

But they were unruly and unreasonable, immediately making a ruckus, demanding that the young masters and misses come out.

We tried to reason with them, and they simply started to attack us.”

“You’re all a bunch of trash, useless eaters!”

Xu Yu shouted angrily, “With so many of you, you can’t even deal with these people.

What use does the Sky Blade Sect have for you!”

The lead disciple said tremulously, “Second Young Master...

these people are not ordinary...

Their strength is formidable!”

“Trash is trash, still making excuses!”

Xu Tong, wearing a red dress, shouted coldly, sending a slap through the air!

Smack!

With a crisp sound!

The lead disciple was sent flying, blood trickling from the corner of his mouth!

“Did you make a mistake?”

Xu Tong asked coldly.

The lead disciple got up, nodding and bowing, “Third Miss, I made a mistake!”

Xu Tong waved her hand dismissively as if swatting a fly, “If you know you’re wrong, then scam to the side.

Seeing this bunch of trash irks me!”

“Yes, yes!”

The lead disciple nodded repeatedly and retreated to the back.

The other disciples also lowered their heads, trembling, quite terrified!

Seeing this scene.

The expressions on the faces of Yang Luo, Flame Emperor, and the others darkened.

These people were so domineering and unruly.

It was unimaginable the humiliation that Xu Ying must have suffered then.

Xu Tong looked arrogantly at Yang Luo and the others, speaking coldly, “Who the hell are you mongrels, daring to cause trouble at our Sky Blade Sect?”

Do you really not know how to write the word ‘death’?”

“Sky Blade Sect?”

Bujie casually cleaned his ears, “Is that supposed to be impressive?”

“Impudent!”

Xu Tong shouted, “Our Sky Blade Sect is a second-tier sect of the Penglai Immortal Island, renowned throughout Earth Spirit Island!

You dare to cause havoc at our Sky Blade Sect and have killed so many; it’s a heinous crime!

I advise you to kneel down, apologize with your heads knocked to the ground, and accept your fate obediently, then perhaps we’ll consider leaving your corpses intact!”

Chapter 2146: I, Xu Ying, am back!

Xu Yu slightly tilted his head upwards, his voice cold as he said, “What are you all staring at, not kneeling yet!”

Xu Zhao Hui harshly said, "If you don't kneel now, once we make our move, your bones will surely be no more!"

Xiao Chenyang sneered, "Killing them directly is too easy for them.

We should break every bone in their bodies, then destroy their dantians!

Let them die in pain and despair!"

"Exactly, exactly!"

Shen Fangqin clapped her hands excitedly, "Torturing them to death is far more interesting than just killing them!"

Although they were baffled as to why they couldn't sense Yang Luo and the others' cultivation,

they believed that Yang Luo and his group must have used some secret method or were wearing some Dharma artifact to conceal their cultivation.

As for whether Yang Luo and his group's cultivation might be higher than theirs,

they deemed it impossible.

You see, among the seven of them, six had entered the Dao Convergence Realm, and only one had not.

With their current cultivation, they were indeed Outstandingly Eminent among their peers.

"Xu Yu, Xu Zhao Hui, Xiao Chenyang, Shen Fangqin years have passed, yet you are all still the same as before, savage in character, arrogant and oppressive, taking pleasure in tormenting others"

A sigh suddenly rang out.

“Who the hell is talking!”

“Come out right now!”

“Miss here will be the first to make you suffer!”

Xu Yu and the others all shouted loudly, looking towards the source of the voice.

The speaker was Xu Ying.

Xu Yu glared icily at Xu Ying and said sternly, “Who the fuck are you, acting like you know us so well!”

Xu Tong said teasingly, “You must be scared to death, trying to claim a relationship with us, right?”

Let me tell you, it’s useless!

Even if you kneel down and beg me, it won’t help!”

Back when Xu Ying had left the Sky Blade Sect, he was only five or six years old.

Now, twenty years had passed, and Xu Ying’s appearance had changed dramatically.

Naturally, they could no longer recognize Xu Ying.

Xu Ying was able to recognize them because

firstly, he had deeply engrained memories of these few individuals; even if their appearances had changed, he could vaguely identify them.

Secondly, because of the accessories they wore and their aura, he felt very familiar.

“Boy, we are asking you a question, who the fuck are you?”

Xu Zhao Hui asked impatiently.

Xu Ying looked indifferently at the seven and hoarsely said, “Do you still remember a boy from your childhood, one who was mocked, ridiculed, cursed, and bullied by you every day?

You took pleasure in torturing that boy, beating him until he was covered in bruises, forcing him to kneel to you.

Have you really forgotten?”

Hearing Xu Ying’s words,

Xu Yu and the others slightly frowned.

A few minutes later,

Xu Tong exclaimed, “You are Xu Ying?!”

“What?!”

He is Xu Ying?!”

“That’s impossible, wasn’t that waste supposed to have died outside already, how could he still be alive?!”

“Not only does this kid recognize us, but he also remembers what happened during our childhood, he must be Xu Ying really!”

“This piece of trash really has a big fate, to still be alive now!”

Xu Tong and the others were all exclaiming in shock.

Xu Ying said gravely, “Yes, I am Xu Ying, I am back!”

Xu Yu spoke venomously, “Father has already disowned you, there is no place for you in the Sky Blade Sect anymore, why did you come back?”

Xu Tong said warily, “You this waste, you better not be thinking about coming back to fight for the position of Sect Master?”

Xu Zhao Hui sneered, “This piece of trash fighting with big brother for the position of Sect Master?

Father has long severed father-son ties with him, where would he get the qualifications?”

Xiao Chenyang scoffed, “Waste, since you have already left our Sky Blade Sect, why come back?”

“Really?”

You wouldn’t actually want to compete for the position of Sect Master, would you?”

“Sky Blade Sect?”

Xu Ying shook his head and said, "What is the Sky Blade Sect after all?

Do you think I'm so eager for this position of Sect Master?

Indeed, with your level of vision, how could you know the strength of the top sects and families?

How could you know the sky-reaching methods of those truly powerful beings?

You know nothing, you only know how to bully people from your own sect.

And externally, you're nothing but obsequious, cringing, and timid."

He paused.

Xu Ying spoke forcefully, "I came back this time just to visit my mother!

As for you, I haven't cared about you for a long time!

And as for this position of Sect Master of the Sky Blade Sect, I'm not interested in it either!"

"You trash have really grown a spine, daring to talk to us like this!"

"You filthy thing, did you bring these guys here for revenge?"

"A friend of trash is also trash, revenge?

That's utterly laughable!"

“Since this trash has already returned, it’s perfect” we can cripple him and then toss him into the wilderness to fend for himself!”

Xu Yu and the others all shouted angrily.

In their minds, Xu Ying was nothing but trash, garbage, a wimp, a crawler who only knew how to beg for mercy when facing them.

Tantai Puti, with a frosty face, said coldly, “Brother Xu is your family member, no matter what.

Aren’t you being a bit too harsh with your words?”

“You damned bitch, who the fuck are you, and what business is it of yours how I talk to this waste?”

Xu Tong shouted angrily at Tantai Puti.

Tantai Puti, both in appearance and figure, completely overshadowed her, which made her feel very envious and resentful.

“You’re the bitch!

Your whole family are bitches!

I’ve disliked you for a long time!”

Tantai Puti was instantly enraged and slapped her directly!

Slap!

Accompanied by a crisp blast!

“Ah...”

Xu Tong let out a miserable scream and was flung away, crashing onto an ancient boat with a “boom”!

One side of her face was swollen, showing five clear finger marks, and blood spilled from the corner of her mouth!

“Ahhhhh!”

She got up, yelling furiously, “You damned bitch, you’re asking for death!”

Saying so, she directly pulled out a green saber from her storage bag and charged towards Tantai Puti!

In the moment of nearing!

She leapt into the air and crazily mobilized the True Qi within her, slashing at Tantai Puti with her saber!

“Biluo Fan Yun Blade!”

Swoosh!

A sonic boom resonated!

A huge, green blade of over ten meters tore through the sky, heavily slashing towards Tantai Puti!

But, just as the blade was coming down!

Tantai Puti, with a backhand, slapped once more!

With a “boom” from the blast!

The blade swung by Xu Tong was directly smashed to pieces!

The next second!

Slap!

Another crisp blast resounded!

“Uh ah...”

Xu Tong screamed again, flying backward, crashing onto an ancient boat in the distance.

Her other half face was also swollen, blood mixed with teeth fell out, and her entire face was turned into a swollen mess...

Chapter 2147: Worse than garbage!

This scene unfolding before their eyes!

Xu Yu and everyone from the Sky Blade Sect were completely dumbfounded, stupefied with shock!

You must understand, Xu Tong was at the middle-stage of Dao Convergence Realm, one of the Heavenly Prides of the Sky Blade Sect!

Yet unexpectedly, Xu Tong had been slapped away by that woman twice in a row, her face swelling up!

Tantai Puti clapped her hands and snickered, "With such weak power, what are you so arrogant about?"

"Sister Bodhi is mighty and domineering!"

"Sister Bodhi is impressive!"

"Sister Puti is the most powerful!"

Bujie, Ning Jianfeng, and Big White raised their arms and shouted triumphantly.

Prajna also said with a giggle, "Sister Puti is the best!"

"Damn it!

Damn it!"

Xu Tong, covering her face, struggled to her feet and screamed at Xu Yu and the others, "Big Brother, Third Brother...

what are you waiting for, hurry up and kill that damned wretch!

And kill all those other people too!"

"Attack!"

"How dare you hit my sister, you're asking for death!"

"Let's all go together, kill them!"

Xu Yu, Xu Zhao Hui, Xiao Chenyang, and others all roared angrily, bringing out their sabers!

They rode their flying immortal treasures and mutated beasts, charging toward Yang Luo and the others!

Yang Luo and his companions just quietly stood on the ancient boat, their expressions calm, without any turbulence.

After all, their cultivation was above that of an Earth Immortal.

And these few were merely at Dao Convergence Realm, not even capable of flying, which truly didn't pique their interest.

"Nine Revolutions Fierce Sun Saber!"

Xu Yu charged to the forefront, brandishing his saber in a mighty downward slash!

Swoosh!

A huge saber, over ten meters large and wrapped in crimson flames, seemed poised to obliterate and burn away everything!

"Fuck your sneaking around!"

Bujie cursed loudly and directly swung his Heavenly Dragon Zen Staff, sweeping it across!

Boom!

Bujie's staff strike not only extinguished the rushing flames but also shattered Xu Yu's saber!

"What?!"

Xu Yu's eyes were filled with terror!

He had never expected that Bujie would break his offensive with a single staff strike, and shatter his precious saber too!

As he saw the staff continuing to smash toward him!

Xu Yu hurriedly gathered his True Qi barrier to defend!

In an instant!

Boom!

The True Qi barrier that he had formed was instantly shattered by the strike, and then it smashed heavily onto his chest!

Crack crack crack!

The sound of breaking bones echoed!

"Blargh..."

Xu Yu spat out a mouthful of blood and was sent flying, crashing onto another ancient boat with a "boom"!

"Argh..."

He lay on the deck moaning in agony, unable to even crawl.

Bujie taunted, "With such strength, you dare call my Brother Xu trash?"

If my Brother Xu is trash, what does that make you?

Aren't you even worse than trash?"

"Big Brother!"

Xu Zhao Hui cried out, and then with a saber in hand, he charged toward Bujie!

As he neared,

he stomped hard, shooting into the sky!

"Jing Lei Mountain Splitting Blade!"

With a thunderous roar,

Xu Zhao Hui gripped the saber with both hands, delivering a heavy strike toward Bujie!

Swoosh!

A massive saber, over ten meters long, slashed down heavily, and blue lightning bolts struck towards Bujie, terrifyingly powerful!

"Thunderclap your uncle!"

Ning Jianfeng charged straight at him, swinging his long sword mightily!

“Soaring Serpent Sword Art!”

Swoosh!

With a single slice, the sword intent soared to the skies, and the sword might surged wildly!

A huge Flying Snake illusion slammed forward!

In the blink of an eye!

Clang clang clang!

Boom!

The sounds of collision and explosion erupted simultaneously!

Energy and light splashed in all directions, dazzlingly brilliant!

Xu Zhao Hui’s huge sword, though overwhelmingly formidable, was still unable to withstand the sword swung by Ning Jianfeng!

The incoming huge sword, spanning dozens of feet, shattered in an instant, and falling bolts of lightning exploded immediately!

“Argh...”

Xu Zhao Hui let out a dreadful scream, his body sent flying backwards, blood spraying from his mouth, crashing onto a mountain below!

“Dammit!”

Bujie was quite annoyed, “Brother Ning, who asked for your help?

Was this trash even worthy of your assistance?”

Ning Jianfeng grinned, “I just didn’t want to let you hog all the glory by yourself!”

“Damn you!”

Bujie rolled his eyes.

During their banter,

“Gale Sky-cutting Saber!”

“Giant Wave Cloud Rolling Blade!”

Xiao Chenyang and Feng Shaojie charged forward at the same time, furiously slashing towards Bujie and Ning Jianfeng!

Whoosh whoosh!

Two gigantic swords, each dozens of feet in length, tore through the air as if it were cloth, ruthlessly cleaving down!

Hoooo hoooo!

Splash splash!

Dual sabers unleashed, the roaring wind and giant waves surged forth, crushing towards Bujie and Ning Jianfeng!

“Everyone get out of this Ape King’s way!”

Accompanied by a thunderous roar!

Big White charged from a distance, swinging a heavy palm strike!

This seemingly simple palm contained tremendously powerful energy, as if it intended to smash everything to pieces!

In a flash!

Boom boom boom!

A series of muffled explosions echoed through the sky!

The sweeping gale, the surging giant waves, all obliterated by a single palm strike!

“How can this be?!”

“How can this evil beast be so ferocious?!”

Xiao Chenyang and Feng Shaojie shouted in shock, their eyes filled with disbelief.

In their eyes, ordinary demon beasts were no match for them.

Moreover, they had slain many demon beasts.

But unexpectedly, this giant ape before them was so fierce!

Terrified, they quickly formed a True Qi barrier, ready to retreat, but it was already too late!

Big White's palm strike hit their chests heavily!

"Pu pu..."

Blood sprayed from their mouths as countless ribs were shattered, emitting a series of sounds like popping beans!

Thrown more than a hundred meters away, the two of them plummeted from the sky, crashing onto a mountain!

Just as Xiao Chenyang and Feng Shaojie crashed down,

"So it's you who bullied my Brother Xu, right?"

Get down from there!"

Lin Wenxuan lifted his spear, thrusting explosively towards Zhuzekai!

Swish!

With one spear thrust, black brilliance flashed; spear intent burst forth, terrifyingly powerful!

"Heavenly Ruin Three Absolute Sabers!"

Zhuzekai roared, gripping his long sword with both hands, confronting Lin Wenxuan's spear with a forcible downward slash!

A single slash morphed into three silver-gray huge swords, each dozens of feet long, all cleaving together!

In an instant!

Thud thud thud!

Lin Wenxuan's spear strike shattered the three incoming swords at the same time!

The next moment!

Thump!

The spear pierced straight through Zhuzekai's shoulder!

Blood spurted out, scattering across the sky!

"Ah..."

Zhuzekai issued a qi li scream of agony, his face contorted with pain!

"Get lost!"

Lin Wenxuan shouted coldly, delivering a kick!

"Thud," came the dull sound!

Zhuzekai was thrown dozens of meters away, plummeting to the ground, crashing onto a mountain!

As Zhuzekai was sent flying by Lin Wenxuan's spear, an angry shout came from afar!

"How dare you bully my Brother Xu, you're courting death!"

There, Prajna, holding the Sun and Moon Divine Staff, smashed it towards Shen Fangqin, with a massive and terrifying force!

Chapter 2148: Isn't This a Fool?

At that moment the staff struck!

Moreover, ice waves and fire waves overlapped and surged toward Shen Fangqin!

Although Prajna had just stepped into the Earth Immortal realm, she was a genuine Earth Immortal!

"Ice Soul Frost Blade!"

Shen Fangqin shouted loudly, swinging the saber in her hand and fiercely slashing out!

With one slash, tremendous ice waves ten meters high surged up!

In an instant!

Boom!

Thud!

The Divine Wand and the saber collided harshly, the giant ice and fire waves collided, and the sound of muffled thunder rolled!

Seconds later!

Rumble!

The slash made by Shen Fangqin was instantly shattered, and the surging ice waves exploded overhead!

“Ah...”

She let out a scream, was sent flying backward, and with a “bang,” she slammed onto the ancient boat!

Blood sprayed from her mouth as she struggled desperately to get up, but she couldn’t!

Suddenly,

The disciples of the Sky Blade Sect were all dumbstruck, trembling uncontrollably!

“My God, who are these people, to defeat our young master and young mistress so easily?!”

“Could it be that these people have already stepped into the Earth Immortal realm?!”

“Absolutely impossible.

On Penglai Immortal Island, only those top sect and family heirs have reached the Earth Immortal realm!”

“We know all those top sect and family heirs, and these strangers are definitely not those heirs!”

The disciples of the Sky Blade Sect cried out in astonishment, their eyes filled with disbelief.

Bu Jie clamored, “Big White, Brother Emptiness, Sister Prajna, you guys are too quick, weren’t you supposed to let me show off?”

Lin Wenxuan and the others couldn’t be bothered with him.

Ning Jianfeng teased Xu Yu and the others, saying, “Come on, now tell me, who are the useless ones?”

“You bastards shouldn’t be proud.

This is our Sky Blade Sect’s territory.

You’ve injured us, don’t expect to leave alive!”

“Once our fathers and elders arrive, you’re dead for sure!”

“I will have my father and the elders shred you to pieces!”

“No, we absolutely cannot let them die too easily, we must torture them to death!”

“That’s right, the Old Man wants to slowly skin them alive!”

Xu Yu and the others roared furiously, their eyes filled with resentment while looking at Yang Luo and the rest.

They never expected that these fellows about their age would possess such formidable strength!

They couldn't even block a single move and were severely injured!

Moreover, there were so many disciples watching, their faces were completely lost!

Bu Jie sneered, "Hurry up and call your Sect Master and elders out, Lord Buddha here wants to see how they are going to kill us!"

Before the voice faded!

Suddenly!

Boom!

A dazzling beam of blue and red light surged from the direction of the back mountain!

The beam shot into the sky, brilliantly radiant, dispersing a patch of the Cloud Sea!

"What a tremendous oppressive force and aura, could it be that the young master achieved a breakthrough in his cultivation?!"

"It must be, that place is exactly where the young master cultivates!"

"No wonder he's the young master, his talent is catching up with those top sect and family heirs!"

The disciples of the Sky Blade Sect all looked toward the back mountain, marveling.

Xu Yu excitedly said, "Big Brother has come out of retreat!"

Xu Zhao Hui was also excitedly saying, "Big Brother has caused such a big commotion, his cultivation must have broken through!"

Xu Tong looked at Yang Luo and the others with a smug expression, saying, "I told you, my big brother is the number one Heavenly Pride of the Sky Blade Sect!

He'll be out soon, and you're all dead!"

Xiao Chenyang said with a smile, "The young master has a bad temper, and if he sees that you've beaten us like this, he won't let you off!"

Bujie and Ning Jianfeng and the others frowned slightly.

Strange, the young master they mentioned made a lot of noise, but his pressure and aura seemed quite ordinary!

Could they have sensed it wrong?

Just as Bujie and others were puzzled!

"Awooooo!"

Accompanied by a wolf's howl!

A black wolf with wings burst from a valley in the back mountains and soared into the sky!

The wolf carried a figure flying from the back mountain direction, and soon arrived in this airspace!

Sitting on the wolf's back was a tall man with handsome features dressed in a white robe, who looked to be around thirty years old.

Xu Ying said in a deep voice, “He is Xu Xiao, who has always had the highest talent, comprehension, and potential among all the young generations of the Sky Blade Sect!”

“Oh...”

Yang Luo nodded, glanced at Xu Xiao, and immediately lost any interest.

This guy, although talented and intelligent, indeed, only has his cultivation at the perfected Dao Convergence realm, still not an Earth Immortal.

“Big brother!”

“Young master!”

Xu Yu and others greeted him.

Xu Xiao, sitting on the wolf’s back, glanced at Xu Yu and others, and frowned, asking, “What’s the situation now, why are you all injured?”

Xu Yu looked at Yang Luo and others, clenched his teeth, and said, “Big brother, we were all injured by these guys...”

He quickly recounted the recent events to Xu Xiao, exaggerating here and there.

After hearing Xu Yu’s words,

Xu Xiao’s face immediately turned gloomy.

He stared coldly at Xu Ying, "I never thought you, this trash, would dare to come back, and even brought so many people to cause trouble at our Sky Blade Sect!

Looks like you've really forgotten the pain after a scar healed!

Had I known this, I should have killed you, this trash, back then!

But no matter, now that you're back, just leave your life behind!"

Speaking, he glanced sharply at Yang Luo and others, fiercely saying, "And these guys, none of them will escape, I will kill each one of them!"

Xu Ying just calmly looked at Xu Xiao, and lightly said, "Xu Xiao, you indeed had higher talent, comprehension, and potential than me back then.

But now, you're far from being my match.

You can't kill me, and even less can you kill any of these brothers."

"What did you say?"

Xu Xiao thought he had heard wrong, looking down at Xu Ying and saying, "You're saying I can't kill you, this trash, and I can't kill these guys?"

"Can't kill them."

Xu Ying nodded lightly, "Not a single one of them.

Conversely, if any of them wanted to kill you, it would be very easy."

“Ha ha ha...”

Xu Xiao felt as if he had heard the funniest joke in the world and burst out laughing.

He squinted and laughed, “So many years have passed, and your trash talk has grown significantly!

Let me tell you the truth, I have now stepped into the perfected Dao Convergence realm, and I’m only one step away from becoming an Earth Immortal!

I’ll let you see how strong I am now!

I will kill your brothers first, then kill you!

I want you to die in despair and devastation!”

Hearing this,

Bujie couldn’t hold back anymore and laughed out loud, “Brother Ning, isn’t this guy a fool?”

Chapter 2149: Defeat with a Single Staff Strike!

Ning Jianfeng nodded and said, “I also think there’s definitely something wrong with his brain.”

Qin Zhanhuang chuckled and commented, “Even a Heavenly Immortal doesn’t seem as insane as him, right?”

Mo Qingkuang, Lin Wenxuan, and the others looked at Xu Xiao as if they were staring at an idiot.

“You bunch of dumbasses, do you have any idea how terrifying someone in the perfected Dao Convergence realm is?”

“My elder brother has already stepped into the perfected Dao Convergence realm, and his next step will be to ascend to an Earth Immortal, transcending the mundane to become a celestial!”

“How dare you call my elder brother an idiot; I think you’re the real idiots!”

“Utterly ignorant of the immensity of heaven and earth, completely unaware of fear!”

Xu Yu and the others sneered disdainfully, looking at Yang Luo and the rest as if they were looking at fools.

“Gentlemen, summer insects cannot appreciate ice; there’s no need to stoop to the level of these frogs in a well!”

Xu Xiao proudly raised his hand with a self-righteous air.

“As expected of our young master, on the verge of becoming an Earth Immortal and growing even more impressive!”

“Once our young master steps into Earth Immortality, he’ll be able to compete with those exceptionally eminent youths from top sects and clans!”

“Yeah, if our young master manages to become an Earth Immortal before he’s thirty, he would stand out among the younger generation across Penglai Immortal Island!”

The disciples from the Sky Blade Sect all sighed with admiration and envy as they gazed at Xu Xiao.

“Moon Blade!”

With a raise of his right hand, Xu Xiao let out a thunderous shout!

Hum!

Accompanied by a resonating hum!

A saber, five feet long and curved like a crescent moon, flew out from his sleeve and was firmly gripped in his hand!

He lifted the Moon Blade and pointed it towards Yang Luo and his group, declaring loudly, “This waste Xu Ying claims that any one of you could easily kill me!

If that’s the case, then feel free to send anyone out to fight; I’d like to see just how you plan to kill me!

Of course, you can also gang up, so you can’t claim that I bullied you!”

“Damn it, I can’t stand this fucking idiot anymore!”

Bujie bellowed as he grasped the Heavenly Dragon Zen Staff and soared into the sky, transforming into a golden streak of light rushing towards Xu Xiao!

“What?!

This baldy can actually fly?!”

“Could he possibly be an Earth Immortal?!”

“That’s impossible, this baldy is so young; how could he be an Earth Immortal?!”

“Perhaps his shoes are flying immortal treasures that enable him to soar up into the sky!”

The disciples from the Sky Blade Sect exclaimed in shock.

Some guessed that Bujie was an Earth Immortal, while others thought that he was only capable of flying because of flying immortal treasures.

So, when they saw Bujie flying up into the sky, Xu Xiao was also startled!

But after hearing the disciples' words, he calmed down again!

So this monk relies on flying immortal treasures to fly!

As long as this monk is not an Earth Immortal, there's no problem!

"Baldy, watch as this young master slashes you with one strike!"

Xu Xiao roared as he brandished the Moon Blade, riding a gray wolf as he charged into battle!

On his way!

He rapidly mobilized his True Qi within his body, and his figure flickered with a bright interweaving of blue and red light, dazzling and brilliant!

His long hair flew in the wind, and his robe fluttered majestically!

In the moment of his approach!

Xu Xiao swung the saber in his hand, bringing it down with a mighty cleave!

"Ten Directions Heavenly Slashing Saber!"

Swoosh!

With one strike, space fluctuated, and the Sea of Rolling Clouds churned!

One could see ten massive swords, each over thirty zhang long, slashing fiercely at Bujie like a Heaven and Earth Creation technique!

Accompanying them were waves of crimson flames and streaks of blue lightning bolts hurtling towards Bujie!

“Our young master is indeed worthy of his reputation, having mastered one of Sky Blade Sect’s Absolute Skills, the ‘Ten Directions Heavenly Slashing Saber’!”

“Although he’s only just gotten started, to exhibit such power is already quite impressive!”

“Unless this baldy is also at the perfected Dao Convergence realm, there’s no way he can withstand our young master’s strike!”

The disciples from the Sky Blade Sect were abuzz with discussion, looking at Xu Xiao with eyes filled with admiration.

“Big brother, kill him, kill him!”

“This bald monk injured me and killed many of our Sky Blade Sect members, we must chop him into mincemeat!”

“This bald monk is truly ignorant and stupid, daring to exchange blows with my elder brother, he’s seriously overestimating himself!”

Xu Tong and Xu Yu and the others also excitedly shouted.

They could almost see Xu Xiao slashing this stinky bald monk to death.

But, at the very moment Xu Xiao's onslaught was about to strike!

Bujie's body trembled, True Qi surged, and the Buddhist light on his body shone brilliantly, illuminating heaven and earth!

Then, he gripped the Heavenly Dragon Zen Staff with both hands and furiously smashed it forward!

Boom, boom, boom!

A huge gold-colored staff, several dozens of feet in length, crushed the void, shattered the Sea of Rolling Clouds, stunned heaven and earth with its terrifyingly explosive power that reached an extreme!

This gold-colored huge staff was overwhelmingly supreme, as if a Sky-Supporting Pillar was collapsing, bearing down on Xu Xiao!

"You..."

Xu Xiao's face drastically changed, his pupils shrank sharply, his eyes full of fear!

No, this is wrong!

This guy is not in the Dao Convergence Realm, he is an Earth Immortal!

And not just an ordinary Earth Immortal!

Although he had realized this, it was already too late to retreat!

In the blink of an eye!

Boom, boom, boom!

The golden huge staff directly shattered the ten huge swords that were cleaving down, and also obliterated the flames and lightning bolt sweeping toward it!

After that, the golden huge staff continued to roll over toward Xu Xiao!

“Don’t even think about it!”

Xu Xiao shouted loudly, lifting his saber to block, and also gathered a dual defense barrier of lightning and flames!

But it lasted for less than a few seconds!

Crack-crack!

The saber in his hand shattered instantly!

“How is this possible?!”

Shock and terror filled Xu Xiao’s eyes.

The Moon Blade was a mid-grade weapon, yet it was smashed to pieces by a single blow from this guy?!

What kind of weapon was this monk’s staff, to be so ferocious?!

While he was still stunned!

The golden huge staff heavily crashed onto the Defensive Shield Xu Xiao had conjured!

Boom, boom, boom!

The Defensive Shield, as if made of paper, instantly shattered and exploded!

After smashing the Defensive Shield, the staff crashed heavily onto his chest!

“Argh...”

He let out a piercing scream, alongside his mount, fell from the sky, and directly collapsed a great hall, heavily hitting the rubble below!

“Gurgle, gurgle...”

Lying among the debris, blood flowed uncontrollably from his mouth, a gruesome sight indeed!

In an instant!

Everyone from the Sky Blade Sect fell silent!

Everyone stared dumbfoundedly at Xu Xiao in the rubble, as if they were seeing things!

After the silence.

The whole place erupted!

“My God, what happened, our young master was actually struck down by this bald monk?!”

“Not just struck down, our young master has been seriously injured by this bald monk!”

“Our young master is the top Heavenly Pride of our Sky Blade Sect, yet he was defeated so easily?!”

“An Earth Immortal...

this bald monk must really be an Earth Immortal!”

The disciples of the Sky Blade Sect had disbelief in their eyes.

Xu Yu exclaimed in shock, “What?!

This bald monk is an Earth Immortal?!”

“How is that possible?!”

Vigorously shaking her head, Xu Tong said, “This bald monk looks to be in his twenties, how could he possibly be an Earth Immortal, how could he be stronger than big brother?!”

Chapter 2150: Who is the Real Frog at the Bottom of the Well?

Xu Zhao Hui stared dumbfounded, “How could this bald donkey possibly be an Earth Immortal?!

How old is he that he could step into such a realm?!”

Xiao Chenyang, Feng Shaojie, Shen Fangqin, and Zhuzekai were all stunned, their bodies trembling!

It turned out that this bald donkey hadn’t concealed his cultivation at all!

The reason they couldn't see through his cultivation was that the man before them had already stepped into the Earth Immortal realm!

Seeing the fear in the eyes of the Sky Blade Sect members.

Bujie was suddenly feeling a bit cocky.

He scanned the crowd and said loudly, "Is this the so-called number one Heavenly Pride of your Sky Blade Sect?"

Nothing more than this, not even able to withstand a single strike from Lord Buddha's staff! "truly useless!"

Hearing this, Xu Yu and others were so enraged that their chests heaved erratically, gritting their teeth in hatred.

They wanted to rush up and cleave this bald donkey with a sword but dared not.

This bald donkey was an Earth Immortal, how could they possibly be his match?

Bujie then looked down at the ruins where Xu Xiao lay and sneered, "Rubbish, didn't you say you would cut me down with one stroke?"

Well, come on then.

I, Lord Buddha, am standing right here; can you cut me?"

"You"

Xu Xiao struggled to climb out from the ruins, mouth filled with blood, and said viciously, "Damn it, even if you're an Earth Immortal, so what!"

Our Sky Blade Sect not only has several Earth Immortals but also a number of True Immortals!

You've attacked me and my brothers and sisters, today none of you shall escape death!"

He was recognized as the number one Heavenly Pride of the Sky Blade Sect, hailed as a once-in-a-century talent!

Usually, whether inside the Sky Blade Sect or outside, he was always glorified and pursued!

Moreover, if he could step into the Earth Immortal realm before the age of thirty, he could compete with the Heavenly Pride of the top sects and families!

But unexpectedly, today he had just stepped into the perfected Dao Convergence realm and suffered a great defeat!

The shame!

It was an utter humiliation!

Therefore, he despised Bujie and hated Yang Luo and the others!

He was determined to have his father and the elders kill these people later!

"You've injured us, killed so many of us, today you all must die!"

"So what if you're an Earth Immortal, do you really think an Earth Immortal can turn heaven and earth upside down?"

“Even True Immortals wouldn’t dare cause trouble at our Sky Blade Sect, let alone you, a mere Earth Immortal!”

Xu Yu, Xu Tong, Xu Zhao Hui, and others also roared out.

“You want to kill us, huh?”

Bujie’s eyes hardened, and he shouted, “Then, I, Lord Buddha, will kill the so-called number one Heavenly Pride first, then slaughter the rest of you trash!”

With that, he fiercely lifted the Heavenly Dragon Zen Staff in his hand and hammered it downwards toward Xu Xiao below, ready to annihilate him!

But, just as the staff was about to smash down!

“Scoundrel, stop right there!”

A deep voice came from a distance!

The next second!

Boom, boom, boom!

Heaven and earth trembled, mountains shook!

A huge sword nearly a hundred zhang in length, made of flaming gold, split the sky, tore through the Cloud Sea, and with a destructive force, slashed towards Bujie!

The sword came so swiftly that Bujie couldn’t react in time!

“Watch out!”

Xu Ying cried out in alarm, shot into the sky, and turned into a streak of cyan-golden light, rushing toward Bujie!

On the way over, he immediately summoned the Dragon Sparrow Saber and instantly initiated “Saber Body”!

Before the eyes of all!

A colossal, several-dozen-zhang-long cyan-golden sword enveloped Xu Ying, emitting blinding, dazzling light, illuminating this piece of heaven and earth!

At this moment, Xu Ying seemed to have transformed into a Heavenly Blade, towering between Heaven and Earth!

He was the blade, and the blade was him!

Immediately, Xu Ying swung the Dragon Sparrow Saber in his hand, cleaving towards the sky!

Swoosh!

A giant cyan-golden blade, dozens of yards long, ripped through the sky, stunning Heaven and Earth with its domineering presence!

In an instant!

Clang clang clang!

The cyan-golden giant blade and the crimson-golden giant blade collided fiercely above, releasing a crisp sound upon impact!

Sparks flew in all directions, energy churned, light flickered, rippling outwards!

Under this terrifying clash!

The crimson-golden giant blade aimed at Bujie was shattered!

However, Xu Ying was also shaken, retreating step after step, it took him more than a dozen steps to steady himself!

At this moment!

Everyone from the Sky Blade Sect was dumbstruck, staring blankly at Xu Ying!

“An Earth Immortal...

This waste...

The Seventh Young Master is also an Earth Immortal?!”

“Oh my God...

Wasn’t the Seventh Young Master once the lowest in talent, comprehension, and potential?

Has he actually stepped into the Earth Immortal realm?!”

“The Seventh Young Master not only stepped into the Earth Immortal realm...

but it seems like he’s awakened the ‘Saber Body’ too!”

“Could it be...

that the Seventh Young Master’s talent, comprehension, and potential were actually the highest?!”

Disciples of the Sky Blade Sect all uttered in astonishment, their eyes wide with disbelief.

Thus, Xu Ying was once ranked seventh among the younger generation of the Sky Blade Sect, known as the Seventh Young Master of the Sky Blade Sect.

“How is this possible?!”

Xu Xiao refused to accept this reality, his face contorted as he exclaimed, “How could this waste be an Earth Immortal?!”

“Wasn’t this nobody naturally unsuited for cultivating, with the lowest talent, comprehension, and potential?

He stepped into the Earth Immortal realm?!”

“What on Earth is going on, when even a worthless person can step into the Earth Immortal realm?!”

“He even awakened the Saber Body...

In our entire Sky Blade Sect, only the Grand Elder awakened the Saber Body!”

“I’m going insane...

this is simply unbelievable?!”

Xu Yu, Xu Tong, Xu Zhao Hui, and others also roared out, their gazes towards Xu Ying filled with envy, jealousy and hatred.

Once upon a time, Xu Ying was only seen as trash, rubbish, a mere ant, a crawling insect in their eyes!

But now, Xu Ying had actually stepped into the Earth Immortal realm and even awakened the Saber Body, becoming someone they could only look up to!

This was something they simply could not accept!

Xu Ying glanced over Xu Xiao and the others, and said indifferently, "You are still defining the current me by who I was in the past.

Little do you know, the world I see now, the things I pursue, have long surpassed your imagination.

Who is the true frog in the well, don't you have any idea?"

"It's just stepping into the Earth Immortal realm, what's there to be cocky about!"

"If this trash can step into the Earth Immortal, so can we!"

"Today, you brought so many people to our Sky Blade Sect to cause trouble, none of you will leave here alive!"

Xu Yu and the others all howled in anger.

Xu Ying did not bother to pay them any more attention but turned his head to look towards the distance.

Bujie said displeasedly, "Brother Xu, who asked you to take action, I wasn't unable to withstand it!"

“I felt like it.”

Xu Ying simply uttered three light words.

“Damn it...”

Bujie shook his head, “Fine, fine, fine, today is your stage, Lord Buddha won’t stoop to your level!”

Soon, figures flew from afar, arriving in the sky above.

Leading them was a middle-aged man in a crimson-golden robe, tall and stalwart, exuding a magnificent aura.

This middle-aged man was none other than the current Sect Master of the Sky Blade Sect, Xu Ying’s father, Xu Tianxiong, with cultivation in the late-stage Earth Immortal Realm.

It was him who had just launched the attack to kill Bujie.
