

Super IDG 2201

Chapter 2201: In Accordance with the Will of the Gods, Purify Humanity!

At the same time.

Secular world.

In a region of the Pacific Ocean.

Deep into the night.

Various stars and a crescent moon hung high in the sky, emitting a cold, clear light.

A luxury cruise ship was sailing on the sea, brilliantly illuminated.

This cruise ship was named “Queen Victoria.”

It was nearly three hundred meters long with twelve decks and could accommodate two to three thousand people.

It was the epitome of luxury, like a floating palace.

Although it was already the middle of the night.

But the ship was still bustling with activity.

Many people were playing in various areas of the cabins.

Many others stood on the deck, watching the sea view, blowing in the sea breeze, drinking, and chatting.

But just then,

Whooooosh!

Rushing water!

Suddenly, fierce gusts of wind began to hurl and the sea started to rumble!

Giant waves surged over the sea and rocked the entire cruise ship!

Many on the deck could barely stand, their faces filled with shock and confusion.

“What’s happening?”

“Could it be a tsunami?”

“Everyone, don’t panic.

The ship is massive, it will definitely withstand these waves!”

People were shouting, but many did not care at all.

However, the storm at sea grew stronger, and the tumult of the ocean intensified!

The rocking of the cruise ship increased!

Many people fell on the deck!

“Something’s wrong, these waves are too unusual!”

“Quick, tell the captain to leave this area immediately!”

Several people clambered up, intending to inform the captain.

But what happened next stunned everyone on board!

They saw hordes of Deep Sea Mutant Beasts leaping from the sea, completely surrounding the cruise ship!

These Deep Sea Mutant Beasts varied in size, some only a few meters long, but others tens of meters long!

Sea snakes, sharks, whales, squids, and other various creatures were present!

And each one looked bizarre, not resembling any common species!

Most alarming, the number of Deep Sea Mutant Beasts jumping from the sea kept increasing, easily surpassing ten thousand,

A dark mass filled the area, packing the sea densely!

“Omigosh, what’s happening now, why are there so many Deep Sea Mutant Beasts erupting out?!”

“What do these Deep Sea Mutant Beasts want to do, are they planning to attack us?!”

“How is that possible.

We haven’t provoked them.

Why would they attack us?!”

The people on the ship stared dumbfounded at the scene before them, their bodies shivering.

But just as everyone was stunned,

“ROOOOAARRR!”

These Deep Sea Mutant Beasts let out roaring howls and simultaneously launched themselves toward the cruise ship, starting to ram it!

Bang, bang, bang!

A series of dull crashing sounds rang out!

The cruise ship trembled violently and rocked!

Even the sturdy hull cracked from the impacts!

Several Deep Sea Mutant Beasts leaped onto the ship, attacking humans!

“Ah...”

“They’re crazy...

These beasts have gone completely mad!”

“Run, run for your lives!”

Shouts of panic and screams filled the air and the sea.

Some scrambled frantically to escape, while many were knocked down and bitten to death by these beasts.

Blood instantly stained the decks red, a horrifying sight.

“What’s happening?!”

“My God, what are these monsters?!”

Many people from inside the cabins ran out.

But upon seeing the scene outside, they terrifiedly rushed back inside.

However, those Deep Sea Mutant Beasts followed them into the cabins, initiating a massacre.

“AAAAHHH...”

“God, help!

Help us!”

“Someone save us, please save us!”

Every level of the cruise ship echoed with chilling screams and cries for help.

The entire cruise ship had turned into a living hell.

“Kill these beasts, hurry!

Hurry up!”

“Finish them off!

Finish them off!”

The ship’s security personnel rushed out with guns and frantically opened fire on the Deep Sea Mutant Beasts.

Bang bang bang!

Gunfire erupted, and Fire Light spread in all directions!

Puff puff puff!

Some Deep Sea Mutant Beasts were killed by the indiscriminate shooting!

But some had thick skins and tough flesh that even bullets couldn't penetrate!

Moreover, there were too many of these Deep Sea Mutant Beasts!

Even though these security personnel had guns, they were ineffective!

Crash!

The sea overflowed, and huge waves surged skyward!

Suddenly, a large group of figures rose with the giant waves, standing atop the crashing waves!

These figures, with human bodies and fish tails and holding various weapons, had pupils emitting a ghostly blue light, clearly not human!

“What kind of monsters are they?!”

“Could they be the legendary Merfolk?!”

“Merfolk?!”

Merfolk actually exist?!”

The people on the ship trembled with fear, their faces turning pale.

At that moment,

one of the leading Merfolk, holding a black spear, loudly declared, “By the decree of the gods, we are here to cleanse mankind!”

Saying this, the Merfolk leader swung his black spear, issuing a command!

“Destroy this cruise ship, leave no one alive on board, kill without mercy!”

As the command was given!

“Awooo!”

The Deep Sea Mutant Beasts became even more ferocious, launching even fiercer attacks on the cruise ship and terrifying attacks on the humans!

The cruise ship was already battered and broken, with many people onboard dead!

Many tried to escape in the chaos using helicopters and small lifeboats!

But, the Merfolk only scoffed coldly before brandishing their weapons again!

The sea churned, and giant waves surged skywards!

In an instant!

Boom boom boom!

Waves rose like massive cannons, shooting the helicopters in the air down!

The lifeboats were also smashed to bits by the giant waves!

Everyone in the helicopters and lifeboats died!

The Merfolk leader coldly stated, "Don't bother, you can't escape!"

In less than an hour!

The whole cruise ship was shattered into pieces, slowly sinking into the sea!

All over two thousand people onboard died, buried in the sea!

The Merfolk leader glanced around, ensuring there were no survivors, and with a swing of his black spear, declared, "We leave!"

Then, the Merfolk and Deep Sea Mutant Beasts all dove into the sea, quickly leaving the area...

...

Meanwhile,

eight thousand meters above the Atlantic Ocean.

A commercial airliner was flying smoothly.

Some people onboard were dozing off, some chatting, others reading magazines.

But just then,

“Everyone look outside, what is that?!”

A shocked cry rang through the cabin.

“We’re currently over eight thousand meters in the sky, what else could there be but clouds?”

“Could it be a UFO?”

“Or did someone see a mysterious creature?”

While joking, everyone turned to look outside.

However, when they saw what was outside!

Everyone in the cabin froze, utterly terrified!

They saw a large group of black-grey creatures with blood-red eyes and massive wings, human-shaped yet flying in from all directions, a massive dark swarm!

“Oh my God, who are they that can fly in the sky?!”

“No, they’re not humans, just human-shaped creatures!”

“What do they want to do?!”

Everyone screamed, trembling, their faces pale with fright.

Chapter 2202: What on Earth Do You Want to Do?

The people on the airplane were truly petrified.

The sight outside their windows had completely overturned their understanding of the world.

Countless questions surged into their minds.

What kind of monsters were these humanoid creatures?

Where did they come from?

What on earth did they want to do?

At that moment,

a biological doctor on the plane exclaimed in shock, “My God, could they be Heavenly Mothmen?!”

“Heavenly Mothmen?

What are Heavenly Mothmen?"

Someone asked in confusion.

The biological doctor swallowed, saying, "Heavenly Mothmen are mysterious creatures hidden on Earth!

They have wings on their backs, antennae on their heads, and human-like bodies!

They can blend into the night and possess enigmatic powers!

According to secret archives of various countries, many people on Earth have witnessed Heavenly Mothmen appearing!"

"Oh my gosh, there are such creatures on Earth?!"

"Will these Heavenly Mothmen hurt us humans?!"

"What exactly do these Heavenly Mothmen want by approaching the plane?!"

People bombarded him with questions, as it was clear that many were hearing about the Heavenly Mothmen for the first time.

The biological doctor shook his head and said, “I don’t know what they want, but seeing the current situation, I’m afraid this doesn’t bode well!”

As the biological doctor spoke,

the Heavenly Mothmen had already leaped over a vast Cloud Sea and neared the airplane!

The people inside the plane stared blankly outside, their faces turning pale, dripping with cold sweat, just hoping the Heavenly Mothmen would leave immediately!

But at that moment,

these Heavenly Mothmen raised their hands, shooting beams of light toward the plane!

Swoosh, swoosh, swoosh!

Black-gray beams carrying terrifying destructive force hurtled across Changkong, blasting toward the plane!

Boom, boom, boom...

Series of thunderous impacts resonated!

The entire airplane trembled and shook violently!

“Ah...”

“They’re attacking us!”

“Help!

Help!”

“Mommy, I’m scared, I’m scared!”

People inside the plane screamed in horror, the crying of children piercing the ears.

But they were on an airplane, unable to escape even if they wanted to.

Desperate wails and sobs echoed through the cabin.

Several flight attendants had completely panicked, collapsing onto the floor in terror.

In the cockpit,

the pilot was sweating profusely, trying to keep the plane stable while calling for backup, "Calling headquarters!

Calling headquarters!

Boeing 847 is under attack by unidentified creatures!

Requesting assistance!

Requesting assistance!"

But the roar of the plane and the cries of the people were so loud, headquarters couldn't make out what the pilot was saying.

"Boeing 847, please repeat, what happened?!"

Headquarters asked urgently.

The pilot was about to continue speaking!

Boom, boom, boom!

Wings and several parts of the airplane were shattered, bursting into flames!

The entire airplane had lost control, plummeting towards the ground!

"No...

no!"

"Help...

help!”

“Someone save us...

save us!”

People let out hysterical screams and shouts.

With a deafening roar,

the airplane plummeted a kilometer before exploding completely!

Fire lit up the sky, thick smoke billowed!

The entire airplane was destroyed, and everyone on board was blown to smithereens!

The Heavenly Mothmen merely looked down indifferently, then flapped their wings and flew away from the area...

Around one o'clock in the morning.

Eastern Country Hua.

Azure Dragon Pavilion headquarters.

As the gateway to the East, Azure Dragon Pavilion stood guard here.

The island was filled with silence.

Apart from the warriors standing guard and patrolling, all other warriors had already rested.

But right at this moment,

Splash!

Splash!

The ocean suddenly churned violently, whipping up gigantic waves!

“What’s going on?

Why are tonight’s waves so large?”

“Could it be the tide is rising?”

The warriors patrolling the coastline looked toward the ocean, their eyes filled with confusion.

As the ocean surgedâ€”

Suddenlyâ€”

Countless Deep Sea Mutant Beasts emerged from the depths and rapidly charged toward the shore!

“What are those things?!”

“Could they be sea monsters?!”

“They seem to be coming ashore.

Quick, stop them!”

The coastal warriors shouted in alarm, raising their guns to fire!

Bang!

Bang!

Bang!

Bullets poured out densely like a swarm of locusts!

Thud!

Thud!

Thud!

Many Deep Sea Mutant Beasts were hit, spewing crimson blood!

But, due to the sheer number of Deep Sea Mutant Beasts,

A few guns could hardly stop them!

“Quick, wake everyone up!”

“This is no ordinary incident!”

“Hurry, sound the alarm!”

The warriors continued to fire their guns and shouted in panic.

Some warriors took out walkie-talkies to call for backup from the rest of the island.

Woo!

Woo!

Woo!â€”

The alarm sounded!

Warriors from all over the island were roused from their sleep and came rushing out of the dormitory buildings!

Palace Master Chu Longyuan of the Azure Dragon Pavilion also dashed out of a large building!

“What’s happened?

Why was the alarm sounded?”

Chu Longyuan asked, puzzled.

A warrior replied, “Palace Master, we’ve heard of sea monsters making their way onto the island!

Our brothers are in combat with them!”

“Sea monsters?!”

Chu Longyuan’s brow furrowed, “Let’s go, let’s see what’s happening!”

He said, leading a large group of warriors toward the coast.

Upon reaching the seaside.

The scene before them utterly shocked Chu Longyuan and the others.

Hundreds of Deep Sea Mutant Beasts had already stormed the shore!

Hundreds of warriors were either shooting or wielding sabers, desperately fighting them!

During the battle, many Deep Sea Mutant Beasts were slaughtered, but a significant number of warriors also died!

“Damn it!”

Chu Longyuan was visibly annoyed, “What the hell is going on tonight?!

Have these beasts gone mad?

Why are they suddenly attacking humans?”

He lifted his saber, commanding sharply, “Wipe out all of these beasts!”

“Yes!”

The warriors roared in response, drawing their sabers and rushing into combat!

Without any hesitation, Chu Longyuan engaged in a fierce fight with the Deep Sea Mutant Beasts!

But before long—

Splash!

Splash!

The ocean roiled intensely again, and a vast vortex emerged in the water!

Figures burst from the vortex, wielding weapons, standing atop the sea!

“What kind of monsters are these?!”

“Are they human?”

Why do they look a little off?”

The warriors stared blankly at the figures on the sea, their eyes filled with terror.

Chu Longyuan also looked over, his expression grim.

These beings had human torsos and fish tails, their faces covered in scales, with webbed hands.

Chu Longyuan exclaimed, “They are Merfolk!”

“Merfolk?!”

“Could they really be the legendary mysterious creatures said to live at the bottom of the sea?”

The warriors were dumbfounded.

“Without a doubt!”

Chu Longyuan nodded and declared, “I have seen secret archives, I’m familiar with Merfolk!”

Saying this, Chu Longyuan raised his saber, pointing it at the group of Merfolk, and shouted, “What is the meaning of summoning so many Deep Sea Mutant Beasts to attack our Azure Dragon Pavilion?”

One of the Merfolk leaders uttered strange syllables, speaking indifferently, “Humanity’s sins are numerous.

They deserve to be annihilated!”

Chapter 2203: World in Chaos!

Although the syllables emitted by the merfolk leader were strange, Chu Longyuan and the others could understand them.

Chu Longyuan coldly said, "Humans and you merfolk do not interfere with each other, so why must you do this?"

A devout expression appeared in the merfolk leader's eyes as he spoke loudly, "This is the will of God!"

"The will of God?"

Chu Longyuan became even more puzzled, "What do you mean?"

The merfolk leader said nothing more, instead he swung the spear in his hand!

"Kill them!"

With that command,

a large group of merfolk riding the waves rushed towards the shore!

"Damn it!"

Chu Longyuan roared angrily, "I don't care who you are, nor do I care about any damn divine will!"

Daring to trouble our humans is simply seeking death!

Brothers, annihilate these merfolk!"

"Yes!"

The warriors responded in unison.

Some of the warriors lifted their guns and shot at the merfolk!

Bang, bang, bang!

Bullets stormed out like a furious tempest!

However, the merfolk just waved the weapons in their hands!

In an instant,

waves surged, lifting up barriers of sea water in front of them!

Ting, ting, ting!

The bullets hit the sea barriers, making a crisp collision sound like hitting steel plates, and were completely blocked!

The merfolk leader sneered, “Humans, you’re wasting your effort!

We’ve known you for thousands of years!

Your weapons are useless against us!”

Just then!

Swoosh, swoosh, swoosh!

Cannons fired from the island, dragging tails of fire across the night sky, bombing the merfolk!

The merfolk’s expressions darkened as they swung their weapons again!

Whoosh, whoosh, whoosh!

Huge waves rose up, turning into water cannons, and shot towards the missiles!

In an instant,

Boom, boom, boom!

A series of earth-shattering explosions erupted in the air!

Fire blazed into the sky, and smoke billowed!

The missiles were all blocked!

“What?!”

“Their abilities are too strange; they can even block missiles!”

“Damn it, since firearms are useless against them, let’s engage them in close combat!”

The warriors cried out in shock and roared as they charged forward!

The merfolk, approaching the shore, emitted sharp, piercing screeches!

Invisible sound waves spread out, sweeping towards the warriors!

“Ugh aaaaah...”

The warriors clutched their heads, screaming in agony, blood flowing from their eyes, ears, mouth, and nose.

Chu Longyuan exclaimed, “Brothers, this is the merfolk’s proficient sound wave attack!

Quickly, focus your energy to defend!”

Hearing Chu Longyuan’s words,

the warriors focused their energy to withstand the impact of the sound waves, which alleviated some of their pain!

Therefore, most of the warriors in the Azure Dragon Pavilion were Martial Warriors.

Moreover, with the revival of spiritual energy in Country Hua, their cultivation speed had significantly increased, and so had their strength!

Chu Longyuan also focused his energy to defend, grabbed his saber, and charged forward!

In the approaching moment,

Chu Longyuan swung his long saber, striking down heavily!

“Die for me!”

Shua!

A huge blue saber burst forth with dazzling saber rays and fearsome Saber Qi, striking down at each merfolk!

“Roar!”

A vision of an Azure Dragon Pavilion roared out!

Seeing the saber strike coming!

The merfolk were suddenly shocked, hastily dodging!

But three of the merfolk did not manage to escape, and were directly slain by the saber!

These three merfolk fell into the vast ocean, bleeding blue blood!

“Palace Master is powerful and domineering!”

“Way to go, Palace Master!”

The warriors raised their arms and shouted, overwhelmed with excitement.

The merfolk leader’s face darkened enormously.

He harshly said, "This human is not simple, let's all attack together!"

"Yes!"

The merfolk answered with vigor, and rushed toward Chu Longyuan!

"How about we all attack together, watch me, Chu Longyuan, slay you all!"

Chu Longyuan roared with overwhelming might, holding the saber as he charged forward!

A great battle erupted then!

Time flew by, a week had passed.

During this week, unknown creatures had attacked all around the world.

Many buildings were destroyed, many humans were killed.

The entire world was already in chaos.

“My God, what on earth has happened over this week that humans are encountering attacks from unknown creatures?!”

“Where did these unknown creatures come from, and what do they really want?!”

“Looking at the situation, these unknown creatures seem to want to eradicate us humans!”

“OMG, could it be that doomsday is upon us?!”

“These unknown creatures’ abilities are too bizarre, they are actually not afraid of human thermal weapons!”

“My goodness, who can come save us, save humankind?”

People all around the world were discussing the events of this week, falling into endless panic, pessimism, and despair.

The forums on the Dark Web were also swamped.

“Everyone, what’s the story with those unknown creatures attacking humans over this week, does anyone know?”

“I heard that the rumored merfolk, Heavenly Mothman, and Lizard Men all appeared, along with several other unidentified creatures!”

“This is a decisive battle between our humanity and these unknown creatures, we absolutely cannot give up!”

“That’s right, even if it costs us our lives, we have to eliminate them!”

“Though we’re not exactly good people, at a time when humankind’s survival is at stake, we must step up!”

“My Blood Race’s one hundred thousand clan members will fight to the death protecting humanity!”

“My Demon Dragon Clan’s eighty thousand clan members will face them in a fight to the death!”

“My Kingdom of Magic’s several hundred thousand citizens will fight them to the bitter end!”

“It’s a pity the Divine Emperor isn’t here.

If the Divine Emperor were here, we would not fear these creatures!”

“Yes, even real gods and demons were destroyed by the Divine Emperor in the past, what are these Alien Races compared to that!”

“Now that the Divine Emperor is not here, we can only rely on ourselves!”

Organizations from the underworld all issued declarations, preparing for a decisive death battle with those unknown creatures.

At that moment.

Hidden Dragon Pavilion headquarters meeting room.

A group of people were intently staring at the projection on the wall, their faces grim.

In this group, apart from Yi Jiuzhou and Lin Aocang, there were also deputy leaders of the five groups.

Everyone appeared very exhausted.

After all, they had barely slept this past week.

“International News Flash...”

“In this past week, twenty-eight civilian airplanes were attacked by unknown creatures, all crashed!”

“Six luxury cruise ships, eighty-five cargo ships were attacked by unknown creatures, sinking into the sea!”

“Country Sakura’s Eastern Capital has fallen!”

“Country Kimchi’s Han City has fallen!”

“Country Stars & Stripes’ New City has fallen!”

“Country Oxford’s Lun City has fallen!”

Seeing the content of the international news broadcast.

The hearts of Yi Jiuzhou, Lin Aocang, and others plummeted to rock bottom.

Bang!

Lin Aocang slammed his fist on the table, angrily said, "What the hell is going on, how did the world fall apart in just a week?!"

Yi Jiuzhou asked gravely, "What is the situation now in our coastal areas?"

One deputy leader answered, "Mr.

Yi, all major battle teams are fighting desperately, but I fear they can't hold out much longer!"

Chapter 2204: The Six Major Alien Races!

Yi Jiuzhou clenched his teeth, "Immediately mobilize more warriors to help in the coastal areas.

We must not allow these unknown creatures to break through to the inland!"

“Yes!”

The deputy team leader responded, then took out his mobile phone and dialed several numbers.

Lin Aocang took a deep breath and said, “Mr.

Yi, the abilities of these unknown creatures are too sinister.

Relying solely on the warriors might not be enough to withstand their onslaught!

I think we should ask the Martial Alliance and the warriors of the major sects to help!”

Yi Jiuzhou nodded, “Good, let’s do that!”

Lin Aocang quickly took out his mobile phone and called the person in charge of the Martial Alliance as well as the sect masters of the major sects.

Just then,

Knock, knock, knock.

There was a knock at the door.

“Come in!”

Yi Jiuzhou called out.

The door opened.

A member of the Hidden Dragon Pavilion rushed in hurriedly.

“Mr.

Yi, General Long, we have found information related to those unknown creatures!”

“Is that so?”

Lin Aocang's eyes grew cold, "Then I must see for myself what these creatures that have caused world chaos are all about!"

Soon, the team member took out a specially made USB drive and started to operate it.

Before long,

A photograph appeared on the projection.

The photo showed a humanoid creature with a bluish-green skin, a human body with a fish's tail, webbed hands, and a body covered with scales.

Beneath the photo was a text description.

The team member pointed to the photo, "These are Merfolk who live at the bottom of the sea.

They can survive in both the ocean and on land and possess a variety of strange abilities!

For instance, they can attack with sonic waves and summon Deep Sea Mutant Beasts, and so on!

Especially in the water, they can exhibit even stronger abilities!”

“Who would have thought the legendary Merfolk actually exist!”

“Why would these Merfolk attack humans now when they have always left humans alone?”

Several deputy team leaders expressed their shock, very puzzled.

The team member replied, “According to the Merfolk, they are obeying the divine will to eradicate humankind!”

“Divine will?!”

Yi Jiuzhou and Lin Aocang, among others, were utterly astonished.

Lin Aocang frowned, “Mr.

Yi, do you remember the great battle in the underworld that took place more than half a year ago?”

“Of course, I remember.”

Yi Jiuzhou nodded, "That battle involved all organizations in the underworld.

Even gods and demons took part in that battle.

It was earth-shattering; how could I forget?"

Lin Aocang spoke gravely, "Could the world chaos really be connected to those gods?"

"Highly likely."

Yi Jiuzhou nodded again, "After all, many gods and demons died in that battle.

They probably harbored resentment all this time.

However, why wouldn't these gods and demons act themselves, instead letting these unknown creatures hiding on Earth cause trouble?

What exactly is their purpose?"

Lin Aocang's brows were also tightly knit, evidently also at a loss.

Yi Jiuzhou exhaled a breath of turbid air and said to the team member, "See what other unknown creatures are there."

"Yes!"

The team member acknowledged and then switched the image on the projector.

Soon, the second photograph appeared on the projector.

It depicted a humanoid creature with a black-gray body, a pair of wings on its back, and antennae on its head.

After that, the team member continued to switch the images.

The third photograph showed a humanoid creature covered in green scales, with a long tail, and two hands each bearing three fingers.

The fourth photograph showed a humanoid creature with a snake's head, a hunched-over stature, and a body covered in black scales.

The fifth photograph depicted a humanoid creature with dark skin, blood-red pupils, two curved horns atop its head, four large claws, and a ferocious face.

The sixth photograph featured a humanoid creature of great stature and strength, covered in white fur, with ice crystals scattered across its body.

Through these six photographs and the introductions below them,

Yi Jiuzhou and Lin Aocang and others also figured out the origin of the mysterious creatures that were attacking humans on a large scale worldwide.

“Merfolk Clan, Heavenly Moth Clan, Lizard Clan, Snake-man Clan, Demon Clan, Snowman Clan...

I can’t believe that the ones attacking humans this time are the six mysterious races!”

“The numbers of these six races must be substantial; otherwise, they wouldn’t be able to launch attacks all over the world!”

“It seems we humans know too little about these races, which is why we have been caught off guard by their attacks!”

“The main issue is that these races have been hiding too deeply.

Even though many have witnessed these mysterious creatures throughout history, no one took it too seriously!”

“These mysterious creatures have strange and powerful abilities, they can even rival real gods and demons!”

“What should we do now?

Can we really eradicate them?”

Everyone present trembled and felt deeply discouraged and pessimistic.

After all, within just a week, many areas around the world had already fallen, and countless lives were lost.

Although their Country Hua had not been breached, the coastal regions had descended into chaos, with countless warriors wounded or killed.

Lin Aocang took a deep breath and said determinedly, "Humanity has thrived and developed for so many years, and we have never been defeated!"

This time, humanity will not be brought down either!

These Alien Races think they can wipe out humans?

They must be dreaming!"

"That's right!"

Yi Jiuzhou nodded and said solemnly, "Humans have powerful technological weapons, Martial Warriors, Esper ability users, mages, and so on!"

Even if our technological weapons and ability users cannot eliminate them, we can ask for help from true immortals!

In this battle between humans and Alien Races, victory will surely be ours!"

"Mm!"

Lin Aocang and the others nodded vigorously.

Yi Jiuzhou immediately issued orders, "Notify everyone immediately to evacuate the civilians from the coast to the inland!

Tell our warriors and Martial Warriors to stop the Alien Races at all costs!

When necessary, and ensuring the safety of the public, large-scale destructive weapons may be used!"

"Yes!"

Lin Aocang and the others responded in unison.

Then, everyone sprang into action, issuing orders one after another.

...

At the same time.

Penglai Immortal Island.

Hundun Family.

Outside the back mountain, on the outskirts of the Chaos Evil Domain.

Helian Xiongqi and the others stood dumbfounded as they stared at the totems on the ten cliff faces, their eyes filled with utter shock.

They saw that nine of the totems on the ten cliff faces were already shimmering with light.

Only the totem of the Sky-devouring Demon Qilin had yet to shine.

Helian Xiongqi said in a daze, "My heavens, in just two short weeks, Little Friend Yang and the others have actually passed through nine trials?!"

"Incredible, it's truly unbelievable!"

Helian Hongtao exclaimed, "These kids might really make it through the ten trials and create a miracle!"

Chapter 2205: Not Over Yet!

Helian Xiongqi and several elders were also deeply shocked.

After all, in their view, it would have been quite an achievement for Yang Luo and the others to make it through seven trials.

But unexpectedly, Yang Luo and his team had actually made it through nine trials.

The key point was, up until now, Yang Luo and his group had yet to contact them.

Helian Fengxuan sighed, "These youngsters have already made it through nine trials; it's only a matter of time before they overcome the tenth!"

Shan Yunze shook his head, "Whether these youngsters can make it through the tenth trial is still up in the air.

I'm afraid they must all be seriously injured and exhausted by now.

It's going to be extremely difficult for them to hold on until the end."

Helian Xiongqi said, "Elder Shan is right, we need to prepare for their exit."

Helian Qingtian smiled, "Then let's wait and see, perhaps Little Friend Yang and the others will surprise us!"

At this moment.

Inside the Chaos Evil Domain.

Within the tenth micro world.

The entire micro world was dark and gloomy.

Above the firmament.

Gales howled, dark clouds tumbled, and an aura of malice filled the air.

There were also flashes of lightning bolts, burning flames, rampaging ice, and huge waves surging.

Below.

Countless mountains had been blasted into powder, the ground was torn apart, and the landscape was pockmarked with holes.

In an open space.

Xu Ying, Bujie, and the others were sitting there, meditating and healing their wounds.

After two weeks of trials and passing through nine trials consecutively, they had all been severely wounded, covered in blood, unable to even stand.

And in the distance above.

Clang!

Boom!

The sounds of collisions and explosions echoed continuously!

Bursts of energy and light exploded overhead, washing over everything in all directions!

There, Yang Luo, Flame Emperor, International Diva, Ji Longyue, Baili Wushuang, Tantai Puti, Yi Yuheng, and Helian Dongsheng were battling with a Behemoth!

The group was already covered in wounds, their flesh split open, soaked in blood!

But, they didn't give up; instead, they continued to fight desperately against the Behemoth!

The physique of this Behemoth was massive, a thousand zhang tall, shimmering with seven-colored light, resembling the ancient divine beast Qilin!

However, unlike the ancient divine beast Qilin's aura of sanctity, this Qilin exuded an aura of ferocity and demonic mischief, evil and terrifying!

Thus, this Behemoth was none other than the Sky-devouring Demon Qilin!

Bujie's mouth twitched as he said, "My goodness, this Sky-devouring Demon Qilin is too fierce, isn't it?

It's been fighting with Brother Yang and the others for so long and hasn't been defeated?"

Ning Jianfeng said, "After all, this is the Sky-devouring Demon Qilin guarding the tenth trial; its strength is naturally formidable!"

Qin Zhanhuang exclaimed, "If it weren't for Brother Yang, it would have been impossible for us to reach the tenth trial!"

During the course of the trials, they had almost reached their limits.

It was Yang Luo who had forcibly brought them here.

Just then.

“Ah ah ah...”

Accompanied by three screams.

Tantai Puti, Yi Heng, and Helian Dongsheng flew from a distance and landed in front of Bujie and the others.

“Puti, Brother Yi, Brother Helian, are you alright?!” Everyone was immediately startled and grew anxious.

Yi Heng coughed up blood and struggled to get up, “We are fine, just too severely wounded and drained of energy to help anymore!”

Helian Dongsheng spat out a mouthful of blood, saying in fear, “It’s unbelievable, to think that following Brother Yang we could actually undergo all trials within the ‘Chaos Evil Domain’!”

Tantai Puti’s face was pale, and without speaking, she just looked with concern towards the distant skies.

Just at that moment!

“Ugh ah ah...”

Cries of pain soared through the skies.

There, Flame Emperor, International Diva, Ji Longyue, and Baili Wushuang were simultaneously blasted away!

Yang Luo, on the other hand, soared into the sky, gripping the Dragon Emperor Sword tightly with both hands, and slashed at the Sky-devouring Demon Qilin!

Swoosh!

A huge golden sword a thousand zhang in size tore through the sky, striking towards the Sky-devouring Demon Qilin with a heavy blow!

Originally, the Sky-devouring Demon Qilin was absorbing energy, repairing its body!

But upon seeing Yang Luo's sword slash towards it, it could only stop absorbing energy, swinging a giant claw to meet the attack!

In an instant!

Boom!

The huge golden sword fiercely collided with the giant claw, setting off a thunderous roar that shook the heavens!

Energy and light exploded out, dazzling beyond compare!

"Again!"

Yang Luo let out a frenzied roar!

His Dharma Idol suddenly rose up, charging into the fray!

The Holy Dragon, Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise rose up, charging wildly!

The six Ancestral Magi also rose up, charging into battle simultaneously!

The Sky-devouring Demon Qilin, meanwhile, shockingly concentrated layers upon layers of Defensive Shields to block their attacks!

Bang, bang, bang!...

Boom, boom, boom!...

Under the relentless and ferocious impacts, the layers of Defensive Shields conjured by the Sky-devouring Demon Qilin shattered!

“Continue!”

Yang Luo roared, his body violently trembling!

The power of nine attributes transformed into nine Immortal rainbows, bursting forth from him towards the heavens, shooting straight at the Sky-devouring Demon Qilin!

Boom, boom, boom!...

All of the Defensive Shields aggregated by the Sky-devouring Demon Qilin had been utterly destroyed, leaving it with no choice but to withstand the blows with its body!

And moreover, while fending off Yang Luo’s fierce attacks!

The Sky-devouring Demon Qilin too vibrated violently, unleashing successive killing moves to attack Yang Luo!

Yang Luo, however, did not dodge or retreat, swinging his left hand!

“Ten Thousand Dragon Cauldron!”

Weng!

Accompanied by a trembling hum!

The Ten Thousand Dragon Cauldron directly flew out from his storage ring, unleashing blinding and dazzling golden light.

It swelled in the face of the storm, enlarging to a thousand feet, and descended upon the Sky-devouring Demon Qilin to suppress it!

“Howl, howl, howl!”

Tens of thousands of golden dragons roared as they emerged from the Ten Thousand Dragon Cauldron, colliding head-on!

Myriads of golden dragon talismans also flew out from the cauldron’s mouth, descending in a suppressive assault!

Under Yang Luo’s overwhelming killing moves!

The Sky-devouring Demon Qilin could no longer hold on; “boom,” it exploded in the sky!

Varied energies and lights interwove together,

“Haha, excellent, Brother Yang, well done!”

“This Sky-devouring Demon Python is finally annihilated!”

“Doesn’t that mean we’ve cleared ten trials?”

Bujie and others in the distance exclaimed with surprise.

Yang Luo stood in the sky, taking deep breaths, fresh blood dripping from his mouth, blood streaming down his body, a gruesome scene indeed.

Having braved nine trials to get here, even someone as formidable as Yang Luo, with his overwhelming vitality, seemed almost at his limit.

Had he not taken several pills along the way, he would have found it difficult to persevere until now.

No wonder that over the years, only two Heavenly Immortal Elders from the Hundun Family had successfully cleared ten trials.

To overcome ten trials was indeed not something an ordinary person could achieve.

“Have we really passed all the trials?”

Flame Emperor asked, gasping for breath.

Yang Luo cast his gaze around, his expression grave, “I have a feeling something isn’t right, the trials probably haven’t ended yet!”

“What?!”

They haven’t ended?!”

International Diva exclaimed in alarm, her complexion pale.

Ji Longyue and Baili Wushuang were also tremendously shocked.

Yang Luo said in a deep voice, “It’s true that we’ve cleared the tenth trial and defeated the ten ferocious beasts!

But up to now, the true terror, the Ancient Evil Beast Chaos, has yet to make an appearance!”

With these words!

Flame Emperor, International Diva, Ji Longyue, and Baili Wushuang all turned ashen, trembling all over!

Yes, indeed, they had vanquished the ten ferocious beasts, but the Ancient Evil Beast Chaos...

had not yet emerged!!!

Chapter 2206: The Ten Fierce Beasts Combine, Hundun Appears!

While everyone was stunned!

Boom!

The entire mini-world shook with incredible force, and the wind and clouds surged!

A vast and majestic energy gathered from all directions!

“It’s coming!”

Yang Luo’s eyes hardened, “It seems that the ancient ferocious beast, Hundun, is finally going to appear!”

Flame Emperor, International Diva, Ji Longyue, and Baili Wushuang all trembled and looked towards the confluence of energy in the sky.

People further away like Bujie also looked towards that part of the sky.

Shortly after!

The surging energy converged into ten enormous beings!

These ten enormous beings were“

“Black Feathered Demon Eagle, Purple Gold Dragon Python, Ice Soul Demon Worm, Li Fire Dragon Sparrow, Sky-devouring Demon Qilin, Sky Splitting Mad Lion, Dark Demon Tiger, Undying Blood Phoenix, Purgatory Thunder Beast, and Nine-winged Netherworld Dragon!

They were the ten ferocious beasts that Yang Luo and the others had fought across these ten challenges!

These ten ferocious beasts stood tall in the sky, positioned in ten different directions, resembling ten great peaks standing in the air, stunning everyone present!

Not long after!

At the center of where these ten ferocious beasts were, chaotic fog surged, and a huge chaotic black hole appeared!

The ten ferocious beasts then flew towards the chaotic black hole at the same time!

Shortly, the ten ferocious beasts entered the chaotic black hole and disappeared from everyone’s view!

Less than a moment later.

A larger Behemoth took form!

This Behemoth was massive, three thousand feet tall, with six gigantic legs and four wings on its back; its face fierce and fangs exposed, resembling a combination of various mutated beasts!

Moreover, this mutated beast contained terrifying chaotic power within, surrounded by various chaotic fogs—dark, gloomy, evil, and fierce!

“Hundun, it truly is the ancient ferocious beast Hundun!”

“Ten ferocious beasts combine, Hundun emerges!”

“So, after defeating the ten great ferocious beasts, we have to battle Hundun!”

Bujie and others exclaimed, their bodies trembling uncontrollably.

Although this Hundun is formed from gathered energy, it still made everyone’s hair stand on end and their skin crawl.

At that moment!

“Roar!”

Hundun opened its abyssal maw and let out a roar!

A colossal energy beam of ten colors shot out, striking towards Yang Luo, Flame Emperor, International Diva, Ji Longyue, and Baili Wushuang!

This beam, containing ten types of attribute power, had extremely high killing, destructive, and annihilative powers!

“Be careful!”

Yang Luo cried out in alarm, clenching the Dragon Emperor Sword with both hands and slashing heavily towards the energy beam!

The golden sword split the heavens, severed the void, and forcefully struck the energy beam!

Flame Emperor and the others also launched fierce attacks!

Boom!

Thunderous explosions and collision sounds followed one after another!

Enormous waves of energy and light burst in the sky, like a downpour of energy light, splashing in all directions!

Although Yang Luo and the five of them managed to block this strike, they were all simultaneously blown away!

While being blown away,

Yang Luo shouted, “Second Senior Sister, Fifth Senior Sister, Brother Ji, Brother Baili, quickly take the pills for healing and energy replenishing!”

“Okay!”

Flame Emperor and the other three nodded and took out the pills to swallow.

Yang Luo also grabbed a handful of pills and swallowed them.

However, as Yang Luo and the five were taking their pillsâ€”

“Roar!”

Hundun stood proudly in the sky, raising its head and letting out a roar!

Instantly!

Above the heaven where Yang Luo and the five were located, ten chaotic black holes exploded!

From these ten chaotic black holesâ€”

Golden light dazzled, giant trees sprawled across, earth and rocks collapsed, massive waves churned, and flames burned!

Fierce winds blew, lightning bolt ravaged, ice surged, poison gas billowed, and darkness enveloped!

The next second!

Boom, boom, boom!

Ten huge balls of energy shot out from the Chaotic Black Hole and plummeted toward Yang Luo and the four others to suppress them!

These ten balls of energy contained the terrifying forces of metal, wood, water, fire, earth, wind, lightning, ice, poison, and darkness!

“Counterattack!”

Yang Luo bellowed, swinging the sword in his hand toward the sky!

Nine-colored attribute power burst forth from his body, turning into nine immortal rainbows that soared into the sky!

Flame Emperor and the others also counterattacked furiously, striking fiercely at the ten beams!

Boom, boom, boom!...

The heavens erupted with shocking explosions, creating massive orbs of energy!

Just as Yang Luo and the others launched their fierce attack on the ten beams!

Hundun’s massive body violently moved through the sky, charging toward Yang Luo and his group!

Yang Luo, upon seeing this, focused his thoughts!

The Ten Thousand Dragon Cauldron flew out, colliding with Hundun!

Tens of thousands of golden dragon talismans also roared forth, smashing into it!

The skies filled with golden dragon talismans turned into a surge of gold, charging upward!

However, Hundun ignored everything, fiercely crashing forward!

Boom!

The charging golden dragons were all shattered!

The surging golden dragon talismans were also all destroyed!

Even the Ten Thousand Dragon Cauldron was sent flying!

“Be careful!”

Yang Luo shouted in alarm, dodging to the side.

Flame Emperor and international Diva reacted as well, jumping to the side!

However, Ji Longyue and Baili Wushuang were too slow and took a heavy hit!

“Ugh...”

“Ah...”

The two screamed in agony, hurtling through the air, their mouths spewing fresh blood, their bodies showering blood downward!

After flying several hundred meters, both of them plummeted from the sky, crashing onto the ground with a heavy impact!

Clamping their jaws against their pain, they once more ascended, charging toward Hundun!

For a time,

Yang Luo and the five of them engaged Hundun in an earth-shattering fierce battle!

After dozens of intense rounds of combat,

Yang Luo and the others were blown away, crashing down onto the earth!

Ji Longyue and Baili Wushuang had completely lost their fighting capabilities and couldn't get up!

However, Yang Luo, Flame Emperor, and international Diva rose back up, attacking Hundun!

After well over a hundred rounds of fierce fighting,

"Ah..."

Flame Emperor and international Diva cried out in pain, blown back eight hundred meters and crashing down onto the ground!

Upon landing, they too lost their ability to fight and couldn't get up!

Now, only Yang Luo was left in the skies!

Helian Dongsheng's face turned pale as he said, "This Hundun is derived from the Ancestor's will.

Even though it's not a true Hundun, its strength is horrifying!

I'm afraid, even Brother Yang alone won't be able to defeat it!"

Xiang Kunlun said gravely, "Brothers, quickly heal your injuries and regain your strength.

As soon as our vigor is restored, let's go help Brother Yang!"

“Okay!”

Everyone responded in unison and hastened the pace of their healing.

At this moment,

Far above in the distance,

Yang Luo declared loudly, “I must overcome all the trials of the ‘Chaos Evil Domain’!

Even if you’re the ancient ferocious beast Hundun, don’t think you can stop me!”

Saying this, Yang Luo, holding the Dragon Emperor Sword, with the Ten Thousand Dragon Cauldron above his head, charged at Hundun!

“Roar!”

Hundun also let out a roar, like a towering mountain moving, crushing the void as it pounced toward Yang Luo!

A more terrifying battle erupted!

Chapter 2207: Passing Through Ten Levels!

At that moment!

In the distant sky!

Clang, clang, clang!...

Boom, boom, boom!...

The sounds of collisions and explosions echoed ceaselessly!

Various types of energy surged and lights flashed!

The distant sky had completely boiled over, turning into a deadly zone!

Although Yang Luo was blasted away time after time, he kept charging back into the fray to fight the Chaos Beast!

Bujie and the others simply stared, dumbfounded, with hair standing on end and bodies trembling!

Helian Dongsheng remarked with admiration, "Too brutal..."

Brother Yang can actually battle with the Chaos to this extent!

No wonder Brother Yang has left his peers, these proud geniuses, so far behind!

It's inseparable from his unyielding and tenacious fighting spirit!"

Even when he had witnessed Yang Luo's formidable strength during the great battle at the Purple Cloud Sect,

he was still deeply shocked now.

At this moment!

Rumble!

Accompanied by a roaring explosion!

Yang Luo was yet again blasted away!

“Roar!”

The Chaos Beast shook and let out another wild roar to the sky!

In an instant!

Ten Layers of Formation gathered and encased the flying Yang Luo within!

The Ten Layers of Formation, infused with the power of ten attributes, instantly activated upon forming!

They exploded with a destroying heaven and earth offensive, fiercely attacking Yang Luo!

Even just one layer of the formation was already terrifying!

Now, with ten layers simultaneously launching a fierce attack, the destructive power was simply extreme!

Yang Luo was greatly alarmed, instantly invoking all his physique secret techniques and defenses!

However, he simply couldn't withstand the fierce assault of the Ten Layers of Formation!

His activated physique secret techniques and defenses were consecutively destroyed, blasting his body into a bloody mess!

“Quick, go help!”

“We can’t just watch Brother Yang fight alone!”

Xiang Kunlun and Mo Qingkuang, among others, soared into the sky, attacking the Chaos Beast!

Their injuries and energy had only partially recovered!

But to aid Yang Luo, to achieve their own transcendence and enhancement, they were willing to fight to the death!

As they neared,

Xiang Kunlun and the others also unleashed a barrage of attacks at the Chaos Beast!

The Chaos Beast merely lifted a colossal foot and heavily stamped it down in mid-air!

In the blink of an eye!

A sea of ten-colored energy light swept across heaven and earth, surging towards Xiang Kunlun and the others!

Rumble!

All the attacks issued by Xiang Kunlun and the others were destroyed, and they themselves were blown away!

At this time, inside the Ten Layers of Formation!

Yang Luo once again unleashed all his moves, fiercely attacking the Ten Layers of Formation!

Dharma Idols, Holy Dragon, Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise rose imposingly!

Six Ancestral Magi also stood towering!

Dharma Idols and numerous illusions moved together, charging towards the Ten Layers of Formation!

A massive Golden Dragon Totem formed in the sky!

Over eighty thousand dragon illusions roared out, striking in all directions!

The Ten Thousand Dragon Cauldron, Primordial Dragon Stele, and Holy Dragon Ancient Mirror simultaneously emerged, swiftly expanding a thousand feet, striking their surroundings!

Moreover, various domains appeared behind Yang Luo!

Emperor Dragon Sword Domain, Cold Moon Immortal Domain, Tai Chi Immortal Domain, Five Elements Immortal Domain, Purple Thunder Immortal Domain, Fire Phoenix Immortal Domain, Endless Sword Domain!

As if deriving All Heavens and Myriad Forms, they crushed towards the Ten Layers of Formation!

In an instant!

Rumble!

Succeeding waves of earth-shattering and chaotic explosions resounded through the heavens!

The Ten Layers of Formation were all destroyed, exploding simultaneously, transforming into an even vaster and more boundless sea of energy light, which surged out, engulfing everything!

At this moment,

Everyone watching from afar was dumbfounded, feeling a tingling in their scalps.

It was just a few minutes later.

“Roar!”

Accompanied by an earth-shattering roar,

Yang Luo burst out from the sea of energy light!

Although his body was covered with wounds and soaked in blood, his eyes still sparkled with golden light, filled with a high fighting spirit!

“Fight!!!”

Yang Luo roared again, charging towards the Chaos with the Ten Thousand Dragon Cauldron, the Primordial Dragon Stele, and the Holy Dragon Ancient Mirror above his head.

In the time that followed,

Yang Luo was repeatedly sent flying and knocked down.

However, Yang Luo was resilient and unyielding,

No matter how many times he was sent flying or knocked down, he never fell but rose again and again to meet the challenge!

Yang Luo's goal was simple: this time he was aiming to surpass himself and step into the Perfected True Immortal Realm!

During this period, Flame Emperor and others, after recovering some of their injuries and energy, would also join the fight!

But the Chaos was too fierce and brutal, repeatedly knocking them down and leaving them unable to fight!

The battle continued, becoming even more tragic

In the blink of an eye, three more days had passed.

Outside the Chaos Evil Domain,

Totems on the ten cliff faces had all lit up.

Helian Xiongqi stared blankly at the cliff walls and said, "Ten levels Little Friend Yang and the others have actually made it through ten levels!"

"How is that possible they actually made it through ten levels?!"

"It's unbelievable they really did it!"

Shan Yunze and Wu Chengjun both spoke dazedly, their eyes filled with disbelief.

Helian Hongtao asked doubtfully, "Since they have already made it through ten levels, why haven't they come out yet?"

Helian Xiongqi and others were also perplexed.

However, Helian Qingtian suddenly looked towards the array platform's Chaos Totem, suddenly realizing something!

He exclaimed, "I understand!

Perhaps they are now battling the Chaos!"

"What?!"

Battling the Chaos?!"

"But wait, all these years, only the Grand Elder and the Second Elder have faced the Chaos after reaching the tenth level!"

"Even if the Chaos in the 'Chaos Evil Domain' is derived from the Ancestor's will, it is still extremely terrifying!"

"No, we must hurry and get these youngsters out, or they might really die in there!"

Helian Xiongqi and others also suddenly snapped to their senses, voicing their concerns.

Helian Qingtian raised his hand and said, "Everyone, let's wait a little longer!

Since Little Friend Yang and his companions haven't contacted us, it means they still have the strength to fight!"

Upon hearing this,

Helian Xiongqi and the others could only suppress their worries and continued to wait.

At this time,

Inside the Chaos Evil Domain.

Boom rumble!

Terrifying explosions sounded again in the sky!

A sky full of energy and light burst forth, washing over everything!

“Argh”

Yang Luo let out a scream, once again sent flying!

Flung a thousand meters away, he fell from the sky, crashing heavily onto the ground!

As he fell to the ground, he vomited blood profusely; there wasn't a single spot on his body that was intact anymore!

After three days of intense fighting, even if his body were made of iron, it couldn't bear it any longer!

Although the massive body of the Chaos was also battered and shattered, it did not dissipate and still loomed in the distance!

“Brother Yang!”

“Brother Yang!”

“Brother Yang!”

Xu Ying and Bujie both cried out in alarm.

Helian Dongsheng gritted his teeth and said, “We can’t continue like this, I’m going to contact my father now and have him activate the teleportation array to get us out of here!”

Chapter 2208: Chaos Essence Blood!

“Okay!”

“Guess there’s no other choice!”

Xiang Kunlun and the others nodded in agreement.

Though they were reluctant, they still had to make this choice for Yang Luo’s safety.

Just as Helian Dongsheng was about to pull out the communication jade talisman to contact Helian Xiongqi,

“Wait...”

A weak voice came through.

Helian Dongsheng and the others turned their heads to look.

There they saw Yang Luo, propping himself up with the Dragon Emperor Sword, shakily standing up!

Even though he was seriously wounded and his body was in tatters, he still straightened his spine!

“Huff...

Huff...”

Yang Luo was gasping for air and said, “Brothers...

don’t worry...

I haven’t been defeated yet.”

Upon hearing these words.

Helian Dongsheng’s entire body trembled, his eyes filled with admiration as he looked at Yang Luo!

He shook his head with a sigh and said, “People say I am the Heavenly Pride of Penglai Immortal Island, but I’m nothing compared to Brother Yang!

The true Heavenly Pride is none other than Brother Yang himself!”

Ji Longyue took a deep breath and said, “Since Brother Yang wishes to continue fighting, then we will stand by Brother Yang and fight to the end!”

With that said, he struggled to get up.

“To realize a transcendence and breakthrough of oneself, to reach successes and heights unimaginable to ordinary people, without enduring the trials of life and death, how could it be possible?”

Baili Wushuang smiled nonchalantly and also got up.

“Forget it...

let’s accompany this madman all the way to the end!”

Bujie shook his head and propped himself up with the Heavenly Dragon Zen Staff to stand.

Soon, everyone stood up, prepared to continue the battle alongside Yang Luo.

Yang Luo looked up at the Chaotic Power above him and said with a resounding voice, “Chaos, as long as I’m not dead, I will keep on fighting you!

Even if it means battling until the heavens crash and the earth fissures, the sun and moon lose their light, what of it!”

“Fight!

Fight!

Fight!”

Bujie and the others also raised their arms and shouted loudly.

However, Chaos did not continue to strike but stared intensely at Yang Luo.

Bujie furrowed his brow and said, “Is this guy going to fight or not?”

Ning Jianfeng suggested, “Perhaps he has been intimidated by Brother Yang and no longer wishes to fight?”

For a moment.

Chaos did not attack, nor did Yang Luo and the others; they just stood in confrontation.

Yang Luo took this opportunity to once again grab a handful of pills and swallow them.

After a while.

Boom!

The enormous body of Chaos directly shattered and exploded in the sky!

The resulting Chaotic Power and various energies were dissolved back into the cosmos!

“Eh?

Why stop fighting?”

“Could it be that the trial has truly ended?”

Bujie and the others were full of confusion.

But just as Chaos exploded and dissipated!

A Chaos Pearl, the size of a pigeon’s egg and flickering with ten colors, whistled out from the energy waves and flew towards Yang Luo!

“Eh...

What is that?!”

Helian Dongsheng asked in amazement.

“Could it be Chaos Essence Blood?!”

Ning Jianfeng exclaimed.

“Chaos Essence Blood?!”

Helian Dongsheng was even more puzzled, “What do you mean?!”

Ning Jianfeng explained, “Previously, in Kunlun Ruins, Brother Yang consecutively passed through ‘Deep North Frost Domain,’ ‘Desolate South Fire Territory,’ ‘Eight Tribes Lightning Territory,’ and ‘Nine Heavens Dragon Field’!

He acquired the Ancient Divine Beast Essence Blood of the Azure Dragon, White Tiger, Vermillion Bird, and Black Tortoise and received the inheritances from the four Ancient Divine Beasts!

“Judging by the current situation, perhaps Brother Yang has already received the acknowledgment of the ‘Chaos Evil Domain’!”

“That’s why the ‘Chaos Evil Domain’ would allow Brother Yang to inherit the Chaos Essence Blood!”

“Is that even possible?!”

Helian Dongsheng was shocked beyond belief.

Seeing the Chaos Essence Blood flying towards him,

Yang Luo reached out with his right hand and caught it.

He thought to himself, "Senior Xinghe, Senior Tianchi, Aunt Youlan, I have now obtained the Chaos Essence Blood!"

Long Tianchi exclaimed, "Kid, you've actually obtained the Chaos Essence Blood?!"

Primordial Divine Dragon said in a deep voice, "Kid, the energy contained within this Chaos Essence Blood is no weaker than that of the Ancient Divine Beasts' Essence Blood!

If you can refine and absorb it, it will be of great help to you!

The premise is you can refine and absorb it!"

Yang Luo asked in his heart, "Senior Xinghe, is it really that difficult to refine and absorb the Chaos Essence Blood?"

Primordial Divine Dragon said, "Indeed, it is very difficult.

First of all, the Chaos Essence Blood is extremely violent, not something ordinary people can absorb!

Secondly, your body already contains the essence blood of the four Ancient Divine Beasts.

The four Ancient Divine Beasts and the four Ancient Evil Beasts are naturally mutually exclusive and incompatible!

If you want to refine and absorb the Chaos Essence Blood, you will surely face rejection from the essence blood of the four Ancient Divine Beasts!"

Long Tianchi picked up the conversation, "If you don't control it well, your body will explode and you will die!"

"Is it really that terrifying?!"

Yang Luo was genuinely frightened.

Long Youlan then said, "Little Luo, why not wait until your cultivation and strength have increased further before absorbing the Chaos Essence Blood?"

"Seventh sister is right, let's wait a bit more!"

"That way it will be safer too!"

Senior Xinghe and Senior Tianchi both advised Yang Luo.

Yang Luo thought for a moment, then said determinedly, "Seniors, you don't need to persuade me any further, I still plan to absorb the Chaos Essence Blood now!"

If I can successfully absorb the Chaos Essence Blood, perhaps my strength will continue to improve, and my body will become even more resilient!

Moreover, my cultivation might even achieve a breakthrough and step into the Perfected True Immortal Realm as a result!

Of course, the most important point is that the energy of the Chaos Essence Blood can also assist in opening the fourth bronze dragon coffin!"

"But won't that be too risky?"

"Even if we can help you absorb some of it, the rest will probably be too much for you to handle!"

“Little Luo, just forget about it for now.

Waiting a bit more won’t be too late to absorb it!”

The three seniors continued to persuade.

Yang Luo, with a resolute look in his eyes, said, “Seniors, no need to persuade me any longer.

I still plan to absorb the Chaos Essence Blood now!

Currently, I’m in a dangerous situation, surrounded by formidable enemies.

It’s imperative that I continue to enhance my cultivation and strength!”

Having said that, Yang Luo directly swallowed the Chaos Essence Blood!

In an instant!

Violent and frenzied energy burst out, rushing towards Yang Luo’s internal organs, limbs, and eight extraordinary meridians!

Yang Luo immediately felt as if numerous bombs exploded inside him, threatening to blow him to pieces!

If he hadn’t achieved the “Undying Golden Body,” with a strong enough physique, he probably would have exploded and died!

But even so, his skin, muscles, and veins were torn apart in an instant, and blood spurted out!

His internal organs were damaged too, with blood streaming from his mouth and nose!

“Uh...”

He couldn't take it any longer and let out a scream, collapsing to the ground!

“Kid, aren't you being too reckless?”

Long Tianchi cried out in alarm.

Senior Xinghe sighed and said, “This kid is truly stubborn and simply won't listen to advice!”

Long Youlan hurriedly said, “Quick, help Little Luo and absorb some of the energy for him!”

With that, she quickly began to exert her power, assisting Yang Luo in absorbing the energy of the Chaos Essence Blood!

“Alas, this kid is really courting death!”

“Madman, this kid is a madman!”

Primordial Divine Dragon and Senior Tianchi both sighed, one of them cursing under his breath.

Yet both of them also quickly exerted their power, beginning to absorb the energy of the Chaos Essence Blood...

Chapter 2209: Everything Depends on Himself!

With the combined efforts of Primordial Divine Dragon, Long Tianchi, and Long Youlan in absorbing the Chaos Essence Blood energy,

Yang Luo finally felt some relief!

He endured the pain in his body, sat up, and began to refine and absorb the Chaos Essence Blood.

Ning Jianfeng's corners of his mouth twitched, "Holy shit, Brother Yang didn't even think before he just swallowed the Chaos Essence Blood?!"

Bujie smirked and said, "Brother Ning, is it really that surprising?

This isn't the first time.

When Brother Yang obtained the Ancient Divine Beast Essence Blood before, he didn't hesitate and just swallowed it!"

Ji Longyue asked, "Do you guys think Brother Yang can step into the Perfected True Immortal Realm in one go?"

Baili Wushuang responded, "As long as Brother Yang can successfully absorb the Chaos Essence Blood, he might indeed step into the Perfected True Immortal Realm!"

Yi Yuheng looked at the distant Yang Luo and said, "If Brother Yang really can step into the Perfected True Immortal Realm in one go, he would be an absolute invincible existence below a Heavenly Immortal!"

In the future, even if Brother Yang is attacked by several Perfected True Immortal realm powerhouses, he would be able to stand on invincible ground!

Even if facing an early-stage Heavenly Immortal powerhouse, Brother Yang might still have the strength to fight!"

"Hiss..."

Ji Longyue and the others couldn't help but inhale sharply, feeling a tingling on their scalps.

Yes, once Yang Luo stepped into the Perfected True Immortal Realm, how powerful would he become?

Even having followed Yang Luo for so long, they couldn't imagine how many times his strength would increase after entering the Perfected True Immortal Realm!

But just as everyone was stunned!

"Ugh..."

Yang Luo suddenly threw back his head and let out a harrowing scream.

With the scream resounding!

Sssss!

Plop, plop, plop!

Yang Luo's skin and muscles were extensively torn!

Numerous tendons snapped!

Large chunks of flesh burst forth!

At this moment, Yang Luo felt as though his body was going to explode, with waves of energy rampaging through his body!

Thus, as he was refining and absorbing the Chaos Essence Blood, he indeed encountered fierce rejection from the Ancient Four Divine Beasts Essence Blood!

At this time, the blood essence of the Azure Dragon, White Tiger, Vermillion Bird, and Black Tortoise burst forth with wave after wave of energy, clashing with the energy released by the Chaos Essence Blood!

It was as if the Four Great Ancient Divine Beasts were battling with chaos, incompatible with each other, seeking to annihilate one another!

Boom, boom, boom!

A series of deep booming explosive sounds erupted from his dantian area, like rolling thunder!

Even reaching the outside!

“My goodness, what’s happening?”

How come there are sounds like thunder coming from inside Brother Yang’s body?!” exclaimed Bujie.

Ning Jianfeng swallowed, saying, “Strange, there wasn’t such a commotion when Brother Yang was refining and absorbing the Ancient Four Divine Beasts Essence Blood before!”

Mo Qingkuang frowned and said, “Could it be that this Chaos Essence Blood is even more domineering than the Ancient Four Divine Beasts Essence Blood?”

Flame Emperor and the others also wore puzzled expressions, unable to understand what was happening now!

As the booming sounds continued inside Yang Luo,

Yang Luo's skin, muscles, and tendons were almost completely torn!

Even pieces of his bones were torn!

Blood gushed like a waterfall, spattering from his body,

staining his body, face, and every strand of his hair red!

At this moment, Yang Luo's body was shattered and disjointed, as if it might explode at any moment.

This pain was even more torturous than the Eighteen Layers of Hell!

It was indescribable in any language!

"Ugh ahhh..."

Yang Luo emitted waves of extremely harrowing screams, his figure swaying, about to fall down at any moment.

Because the energy in Yang Luo's body was too violent, it burst forth from within, spreading in all directions!

Rumble, rumble, rumble!

The area around him began to shake violently!

The dark clouds above started to churn violently!

In less than a few minutes!

Crack crack crack!

The ground where he was standing instantly tore apart and collapsed, forming a massive abyss pit!

“Ah...”

Yang Luo let out an extremely painful scream and fell directly into the abyss pit!

“Little Luo!”

“Brother Yang!”

“Brother Yang!”

Flame Emperor and the others cried out in shock, soaring into the sky and looking toward the distant abyss pit.

There, Yang Luo lay in the abyss pit, screaming hoarsely and struggling desperately!

“Eldest Sister, Second Sister, what should we do now?”

Little Luo seems to be in so much pain!”

International Diva quickly asked, her face full of concern.

“I...

I don't know what to do...”

Dongfang Ruoshui shook her head repeatedly.

This was the first time she had seen such a situation.

After all, she had only heard about Yang Luo's adventures in the Kunlun Ruins and his absorption of the Ancient Four Divine Beasts' essence blood.

Thus, seeing it with her own eyes truly frightened her.

However, it also made her understand the terrifying hardships Yang Luo had undergone to come to Penglai Immortal Island to save her.

This made her even more sympathetic toward Yang Luo.

But with her limited abilities, she really didn't know how to help Yang Luo.

If possible, she would rather bear this pain for him.

Flame Emperor's eyes reddened, her lips pressed together, said, "Little Luo is now fighting against himself, we can't help him at all, everything is up to him!"

Tantai Puti was tearful, "Brother Yang is really pushing himself too hard; to become stronger, he's even willing to give up his life!"

Prajna also wiped her tears, yet didn't know what to do.

Ji Longyue sighed, "This is also why Brother Yang could leave all the Heavenly Prides of both Kunlun Ruins and Penglai Immortal Island behind, becoming the first Heavenly Pride!"

Baili Wushuang admiringly said, “No one can become a top powerhouse easily!

Even with talent, comprehension, and potential!

But if not diligent and desperate enough, one cannot enter the ranks of the top powerhouses!”

Yi Yuheng, looking at Yang Luo in the abyss pit, said, “Only by experiencing numerous hardships and trials can one reach the peak of the Great Dao, unbeatable and undefeated!

Brother Yang is striving towards this goal, and we must strive even harder!”

“Yes!”

Everyone nodded firmly, their eyes also filled with determination.

At that moment.

Inside the abyss pit.

Yang Luo’s injuries became more and more severe, his screams of pain echoing incessantly.

Long Tianchi said, “This kid can’t hold on much longer, we can’t just watch him die, can we?”

Long Xinghe furrowed his brows, “The problem is, other than helping him absorb some of the Chaos Essence Blood energy, we can’t really assist him in any other way!”

“Is there really no way?”

Long Youlan was very anxious, not knowing what to do.

At that moment.

Yang Luo lay in the abyss pit, enduring the pain in his body, trying to keep calm and think of a solution.

If this continued, his body wouldn't be able to handle it and would directly explode and die.

After pondering for a moment.

He thought of a method that was to use the other energies in his body to suppress the essence blood energy of the Four Great Divine Beasts and the Chaos Beast!

The moment he thought of this!

He immediately mobilized the nine-colored attribute power and Yin-Yang power within him, launching an assault on the energy of these five essence bloods!

Chapter 2210: The Skilled are Bold!

With even more energy flooding in, Yang Luo's body boiled over!

Like a volcanic eruption, like a dam bursting!

Thump, thump, thump

Boom, boom, boom

The sounds of collisions and explosions were relentless!

As loud as a Thunderclap, as if the thunder of the heavens drummed, deafening!

The noise carried to the outside was equally tremendous!

Standing far off in the sky, Flame Emperor and the others were so shaken that their eardrums buzzed!

Rumble!

Heaven and Earth continued to quiver!

Above the Cangqiong!

Wild winds howled, dark clouds churned, lightning flashed and thunder roared, Ice and Fire Rolling Heavens, phenomena were abundant!

With even more vast and boundless energy surging out from inside Yang Luo!

The abyss pit, where he was, under the impact of energy, continued to expand and deepen!

His body was buried by the chaotic rocks and earth!

At this moment, Yang Luo felt as if there were thousands of troops battling inside his body, the slightest carelessness, and he would be shattered to pieces!

The horror reached its peak!

At this time.

Far off in the sky, Flame Emperor and the others, looking at Yang Luo in the abyss pit, were frightened so much their hearts leapt!

Zhixin said with a trembling voice, "Previously when Little Luo absorbed the Ancient Four Divine Beasts Essence Blood...

it was only for a short while that he suffered unbearably...

thereafter, he was able to stabilize.

"But why is it so hard for Little Luo to absorb the Chaos Essence Blood?"

The others also wore puzzled looks, unclear about what was happening.

Ji Longyue suddenly thought of something and exclaimed, "I understand!"

"Brother Ji, what do you understand?"

Bujie asked urgently.

Others also turned their gaze to Ji Longyue.

Ji Longyue said solemnly, "I speculate that the reason why Brother Yang finds it so difficult to absorb the Chaos Essence Blood is because it is being rejected by the Ancient Four Divine Beasts Essence Blood within his body!

After all, the Ancient Four Divine Beasts and the vicious beasts are naturally at odds, mutually incompatible!"

"Brother Ji makes sense!"

Helian Dongsheng nodded and said, "I'm afraid, right now, the Ancient Four Divine Beasts Essence Blood within Brother Yang's body is clashing with the Chaos Essence Blood!

That's exactly why Brother Yang is in such agony!"

"Holy shit!"

Bujie's mouth twitched, "So, you're saying the Ancient Four Divine Beasts and the Evil Beast Chaos inside Brother Yang are fighting?!"

"That's one way to put it."

Helian Dongsheng nodded again.

"This"

Bujie shivered, "Brother Yang isn't going to get himself killed, is he?!"

"Shut up!"

"Don't jinx it!"

"No one would think you're mute if you kept quiet!"

Ning Jianfeng and Zhixin both glared at Bujie at the same time.

Bujie shrank his neck and chuckled, "I'm just worried about Brother Yang."

Flame Emperor stared intently at Yang Luo in the abyss pit, clenching her fists, "Little Luo must also be aware of this!

“However, since Little Luo still dares to try, it means he has made his preparations, he has a strategy in mind!”

“Exactly!”

Dongfang Ruoshui nodded vigorously, “So, everyone needn’t worry, Little Luo will certainly succeed in refining and absorbing the Chaos Essence Blood!”

“Hmm!”

Everyone nodded their heads.

Although they said this, the concern in everyone’s eyes could not dissipate.

At this time.

Within the abyss pit.

Boom, boom, boom!

The sound of energy collisions still rang out from within Yang Luo, reaching the outside!

“Erghhhh”

Yang Luo let out a series of low roars from his mouth, enduring the extreme agony of torture!

His complexion had turned ashen, his entire body breaking out in a cold sweat!

Sweat mixed with blood dyed the bottom of the pit red!

But even as he mobilized various energies within his body to suppress it,

he still struggled to contain the Essence Blood of the Ancient Four Divine Beasts and the Evil Beast Chaos, barely able to contend with it!

Still not enough!

If it continued like this,

he would still face the danger of exploding and dying!

He must think of another way!

Yang Luo bit down hard on his teeth, forcing himself to stay clear-headed as he continued to think of a solution!

He really hadn't anticipated that absorbing Chaos Essence Blood would be so difficult!

No wonder the three seniors tried to stop him from absorbing it now!

Long Tianchi was both annoyed and distressed as he said, "Kid, now do you realize how terrifying it is to absorb Chaos Essence Blood?

We kept advising you, but you wouldn't listen and insisted on being reckless!"

Long Youlan said anxiously, "Fifth Brother, don't scold Little Luo anymore, Little Luo was trying to help us open the fourth bronze dragon coffin!

Let's quickly figure out a way to help Little Luo!

If this goes on, even if Little Luo's body is strong, he won't be able to withstand it for much longer!"

Long Tianchi said irritably, "This little rascal deserves to learn a lesson, if he keeps ignoring advice, he'll eventually play himself to death!"

Primordial Divine Dragon sighed, "Kid, you really messed up this time!"

Although the two were verbally blaming Yang Luo, they were very anxious inside and were thinking of solutions.

Long Youlan was also thinking of a solution.

However, at that moment!

An idea suddenly flashed through Yang Luo's mind, and he said with joy, "I've got a way!"

"You have a way?"

"What way?"

"Little Luo, do you really have a way?"

The three from Long Xinghe asked in quick succession.

Yang Luo didn't respond, instead, his body trembled as he mobilized his Primordial Essence Blood, which was the Holy Dragon Essence Blood, within himself!

In an instant!

Holy Dragon Essence Blood surged through each vein in his body at high speed!

As the Holy Dragon Essence Blood flowed,

vast and immense energies surged out, colliding with the energies released by the Ancient Four Divine Beasts Essence Blood and the Chaos Essence Blood!

At first, the Ancient Four Divine Beasts Essence Blood and the Chaos Essence Blood resisted, trying to fend off the impact and suppression of the Holy Dragon Essence Blood!

Boom, boom, boom!...

Several streams of energy continued to collide intensely inside his body!

The sounds of roaring explosions became even more violent, as if heaven and earth were shattering!

Yang Luo's skin, muscles, meridians, and internal organs began to rupture on a large scale!

Streams of fresh blood spurted out, covering Yang Luo's body red over and over again!

"Ah ah ah!!!"

Yang Luo threw back his head and let out a piercing scream, his pupils blood-red as he roared thunderously!

"Suppress!!!"

As the roar sounded,

Gradually, the Holy Dragon Essence Blood actually gained the upper hand, steadily suppressing both the Ancient Four Divine Beasts Essence Blood and the Chaos Essence Blood!

A while later,

The Ancient Four Divine Beasts Essence Blood and the Chaos Essence Blood calmed down a lot and dared not continue to fight.

Yang Luo suddenly felt the pain in his body lessen substantially.

“Huff Huff”

He lay in the abyss pit, gasping for air, feeling as though he had come back to life, with a sense of triumph after surviving a calamity.

This method really worked!

He had finally succeeded!

Very good!

Now it was time to start refining and absorbing the Chaos Essence Blood!

After regaining some strength, Yang Luo slowly sat up and began to run his cultivation techniques, refining and absorbing the Chaos Essence Blood!

Indeed, under the suppression of the Holy Dragon Essence Blood, the Chaos Essence Blood became much more subdued, slowly refined, and then absorbed by Yang Luo’s body!

“Eh this kid really is bold and skilled, he actually succeeded!”

Long Tianchi exclaimed in surprise.

Primordial Divine Dragon laughed heartily, saying, “Why didn’t I think of that?”

This kid has Holy Dragon Essence Blood flowing in his veins, stronger than the essence blood of all great ancient Divine Beasts and ferocious beasts!

Using Holy Dragon Essence Blood to suppress it truly is a good idea!”
