Chapter 2231: Humanity Will Remember Today Forever!

“Go!”

Yang Luo commanded as he swung the sword in his hand!

The six great Ancestral Magi, domineering and powerful, charged crazily toward the Merfolk King and the Demon King!

Boom!

With a series of earth-shaking, mountain-crushing explosions!

Every attack from the Merfolk King and the Demon King was completely shattered!

“Ah ah...”

The two issued cries of ultimate pain and flew backward!

Their bodies no longer had a single intact spot, their flesh blasted everywhere!

Yang Luo did not stop for even a moment, wielding the sword in his hand again!

“Kill!”

With that command!

The Holy Dragon, Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise, and Hundun!

Gonggong, Zhurong, Qiangliang, Houtu, Goumang, and Rushou!

From twelve directions, twelve great illusions simultaneously struck at the Merfolk King and the Demon King!

As the twelve great illusions started their assault!

Rumble!

The sky and the sea within a radius of a hundred thousand meters began to tremble violently!

A fierce wind arose, the Cloud Sea surged, the Sea Roar bellowed, as if doomsday had arrived!

Witnessing the twelve great illusions charging at them in unison!

The Merfolk King and the Demon King were filled with utmost fear!

In that moment, surrounded by the twelve great illusions, even if they wanted to flee, they couldn't escape!

"Help!

Help!!!"

"Quick, save us!

Save us!!!"

The two shouted in terror and called for help hoarsely, sensing profound despair!

But those commanders were now so preoccupied with their own survival, they simply couldn't come to the rescue!

As for the ordinary members of the six alien races, they had already been scared out of their wits and dared not come any closer!

In an instant!

Boom!

A series of heaven-and-earth, spirit-chilling explosions echoed across an unknown distance!

The vast expanse of sky and sea, stretching tens of thousands of meters, was filled with various energies and light!

The spectacle was magnificent and grand, majestic and terrifying!

Observers on the distant islands and all over the world who were watching this battle could no longer see the scene in that area!

What was before their eyes was a plethora of light and surging energy, and the continuous burst of explosions in their ears!

No one knew how much time had passed!

When the explosions stopped!

When all the energy and light had dissipated!

Everything finally settled down!

Everyone's eyes turned to that area again!

They saw a horrifying scene!

The sky, the Void, and the sea had been blasted with a massive hole that took a long time to heal!

A figure stood quietly between those three holes, like a god towering over the world, like a peerless Fiend Celestial standing there!

The entire scene was first silent!

And then it erupted into uproar and tumult, stirring up towering waves!

“Mr.

Yang is too strong, he alone has slain the kings of the six Alien Races!”

“From the start of the battle to now, not even an hour has passed, and the kings of the six Alien Races have been slain just like that!”

“Mr.

Yang, you are truly the number one of Country Hua, the number one in the world!”

“Mr.

Yang, you will always be my idol!”

Disciples of the various major sects present were so excited they were going mad, screaming at the top of their lungs, venting the anger, fear, despair, and frustration that had been suppressed for more than two weeks!

“You are the god, you are the myth!”

“You are the savior of mankind!”

“Humanity will always remember this day!”

“You are the true King of the Human Clan!”

“You are the Invincible Divine Emperor!”

People from all over the world were also cheering, shouting, embracing each other, and weeping bitterly!

Hidden Dragon Pavilion headquarters.

Yi Jiuzhou and Lin Aocang watched the live broadcast on the projection screen, their eyes brimming with hot tears.

Their tightly clenched fists finally relaxed, and the hearts they had been holding tight were finally put at ease.

It was when Yang Luo singlehandedly battled against the six kings of the Alien Races.

They had been worried.

Worried that Yang Luo couldn't defeat the six kings of the Alien Races.

But now, seeing the situation, they knew their concerns had been redundant.

Lin Aocang wiped away his tears and laughed heartily, "This kid is always so reliable; we can always trust him!"

Yi Jiuzhou also nodded vigorously, "He is the pride of Country Hua, the pride of the world, and the pride of humanity!"

On a projection on the nearby wall.

Leaders from various nations watched the live broadcast, falling into a prolonged silence.

They knew that an invincible being had emerged in the East!

The rise of Country Hua was just around the corner!

At that moment.

In the Southern Seas.

Seeing that the Merfolk King and his six compatriots had all fallen in battle!

The remaining five True Immortals and ten Earth Immortals were so terrified that they turned tail and fled!

“Don’t think of escaping!”

“Stop right there for me!”

“With one fell swoop, let’s annihilate these scoundrels!”

Bujie, Ning Jianfeng, Ji Longyue, and others turned into streaks of light and chased after them!

Yi Hanshan, Lin Jingchen, and Mo Hongtu also closely pursued them!

Everyone joined forces and unleashed their most powerful attacks on the fleeing fifteen commanders!

A barrage of attacks was launched, carrying boundless killing power, destructive force, and annihilative strength, raining down upon them!

When the fifteen commanders realized they could not escape, they frantically mobilized the energy within their bodies, launching a fierce counterattack!

In an instant!

Boom!

Boom!

Boom!

Amid a series of earth-shattering collision sounds and explosions!

The attacks from the fifteen commanders were completely obliterated!

A few minutes later!

“Ah, aaahhh...”

With a series of screams at the extreme edge of agony!

All fifteen commanders exploded in mid-air, completely obliterated to ash!

“Dead they’re all dead”

“Our king our commanders are dead”

“Run run for your lives”

Tens of thousands of remaining members from the six Alien Races screamed in terror, ready to make their escape!

“Leave none alive; eliminate them all!”

Flame Emperor commanded, rushing forward to continue the fierce attack!

Song Zhixin and Dongfang Ruoshui, among others, also didn't pause, launching ferocious attacks!

In less than ten minutes!

The remaining tens of thousands of Alien Species members were completely exterminated!

Also, those Alien Species scattered across the world also learned of the deaths of the Merfolk King and others!

They felt sorrow and fear, knowing the tide had turned, and they could only retreat like the tide to save their lives, seeking revenge another day!

“We won, it's our victory!”

“Hahaha, well done everyone!”

“What of the six Alien Races?

They are but defeated foes beneath our human hands!”

Disciples from all the major sects on the scene raised their arms and shouted.

People from all over the world also cheered, celebrating!

Yang Luo stood in the sky, gazing into the Cangqiong, and declared, “Holy Light Church, Heavenly Universe Divine Clan, Dark Demon Clan, I know you are watching this place!

Do you really think by controlling the six Alien Races, you can wipe out humanity?

Have the courage to come to Earth and battle; stop playing these minor tricks behind our backs!”

Flame Emperor and others also looked toward the distant sky, their expressions cold.

They also knew that this great chaos in the secular world had been entirely instigated by the Holy Light Church, Heavenly Universe Divine Clan, and the Dark Demon Clan!

As long as these scoundrels exist, humanity's crisis will not be over!

Chapter 2232: Hidden Danger!

At this moment.

Light God Realm.

Inside the Divine Palace of Light.

A huge crystal ball floated in midair.

The crystal ball emitted dazzling divine light.

A scene appeared on it.

It was the Southern Sea area of Country Hua on Earth.

The Light God Lord, Tianyu God Lord, and Dark Demon Lord, along with all the gods and demons, were staring intently at the crystal ball, their faces darkening to the extreme.

The six Alien Races were their pieces left on Earth early on, specifically for surveillance of humans.

This time, to understand the humans thoroughly, they had activated these pieces.

Originally, they thought that with the six Merfolk King members in action, slaughtering Yang Luo and the others would be sufficient.

But unexpectedly, the strength of Yang Luo and his group far surpassed their imagination.

Even with the six Merfolk Kings in action, it was futile.

Although their pieces were annihilated, it by no means shook the foundation of their divine and demonic clans.

But it was ultimately a slap in the face of their divine and demonic clans.

“The six Merfolk Kings are too weak, unable to kill this lad named Yang Luo even when combined!”

“However, this human kid named Yang Luo is too arrogant, daring to openly defy our divine and demonic clans!”

“Divine Master, I request permission to go to Earth and execute this lad, to display the majesty of our divine clan!”

“Demon Lord, I request to kill this child, to let him know the ferocity of our demonic clan!”

“Kill this lad, annihilate all humans!”

All the gods and demons in the hall roared out, wishing they could immediately descend to Earth and kill.

“Silence!”

The Light God Lord shouted coldly.

Everyone immediately quieted down.

The Light God Lord squinted towards the people like Yang Luo on the crystal ball, speaking sternly, "If our three major races unite with other races and launch a total assault on Earth,

these fellows naturally wouldn't stand a chance against us, and eliminating them would not be difficult!

Even if this lad Yang Luo has great strength, he couldn't possibly be stronger than gods!

But, there certainly are other cultivators among humans!"

"Correct."

Tianyu God Lord also nodded, saying, "You should have seen as well, these fellows emerged from Kunlun Mountain and Penglai Immortal Island of Country Hua!

Those two places have barriers, creating two small worlds!

The exact number of true immortals and masters in those two small worlds, we are completely unaware of!

If we rashly attack now, once all the immortals from those two small worlds strike back, our large clans might suffer significant losses!"

The Holy Light Church frowned, "Ordinary immortals pose no threat to us, but what concerns me is if there are Ancient Cultivators within those two small worlds!

If it's indeed the case, relying on our strength alone, we wouldn't be able to eradicate the Ancient Cultivators!

Unless our ancestors return!"

Hearing the words of the Light God Lord and Tianyu God Lord.

All present fell silent.

Indeed, they now only knew the location of the human cultivators.

But they were unclear about the actual number of cultivators, the number of masters, or whether there were Ancient Cultivators amongst them.

Taking hasty action indeed posed dangers.

The Dark Demon Lord's face darkened, asking, "Light God Lord, Tianyu God, what do you think we should do next?"

The Light God Lord pondered for a moment, then said, "We must first send someone to thoroughly investigate those two small worlds!

Once we have understood the details of those two small worlds, then we can plan for the total assault!"

The Dark Demon Lord nodded, gritting his teeth, "Alright, then let's wait until we clear up Earth's situation!"

The others present also nodded, looking at the human cultivators in the crystal ball image, their eyes filled with endless fury and killing intent

At this moment.

Earth.

Country Hua's Martial Alliance in the Southern Sea.

Yang Luo gazed at the sky, and seeing no response, he then withdrew his eyes.

The Holy Light Church, Heavenly Universe Divine Clan, and Dark Demon Clan were a major hidden danger.

As long as these three clans existed, humanity could not have peace.

However, since these three clans always hid behind the scenes and did not show themselves, there was nothing he could do.

Yang Luo withdrew his thoughts and turned to Li Daochen and other sect masters, bowing his hands, "Sect masters, I leave this matter in your hands!"

"Mr.

Yang, leave it to us!"

"Mr.

Yang, please don't trouble yourself with such a minor matter!"

The sect masters all bowed their hands towards Yang Luo.

"Little Luo, where are we going now?"

Flame Emperor asked Yang Luo.

Yang Luo said, "To the Holy Imperial Court."

This disaster in the secular world has likely affected the Holy Imperial Court as well.

He didn't know the current state of the Holy Imperial Court, so he wanted to hurry back and see.

Then, he took out an ancient boat and helped Zhang Zhilin, Lu Jinzao, Sun Feiyan, and Song Xuanzhen onto the boat.

Once everyone had boarded the ancient boat,

Yang Luo waved his hand grandly!

“Let's go, to the Holy Imperial Court!”

The ancient boat started, turning into a stream of light, flying towards the Holy Imperial Court.

Half an hour later.

Yang Luo and his companions reached the Holy Imperial Court aboard the ancient boat.

Upon seeing the scene at the Holy Imperial Court,

Flame Emperor and the others couldn't help but gasp sharply!

Yang Luo clenched his fists even tighter, his bones crackling!

Looking ahead.

On each small island, everywhere was in ruins, a complete mess.

There were bodies everywhere, blood everywhere.

Although a great part of them belonged to the six Alien Species, there were also tens of thousands from the Holy Imperial Court and various organizations.

“Dammit!”

King of Creation roared angrily, “These six Alien Races actually killed so many of our people from the Holy Imperial Court!”

“How despicable!

How detestable!”

King of Destruction also let out a roar.

Xiang Kunlun, Sacred Prison King, Xu Ying, Bujie, Lin Wenxuan, and others also had reddened eyes.

They saw too many familiar faces among these bodies.

When they had left six months ago, these brothers had all been alive.

But now, all these brothers had died.

It was unimaginable what kind of fierce battle had taken place here before.

Bujie roared furiously, “Damn it, just killing those monsters like that is way too lenient for them!”

“Look!

The Divine Emperor!

The Divine Emperor is back!”

“Really, they are all back!”

Those cleaning up the battlefield saw the ancient boat flying in and immediately shouted in joy.

Alves, Augustus, Hopkins, and others, injured and bloodied, also ran out from the palace.

Everyone cried tears of joy and waved at Yang Luo and the others.

When Yang Luo and the companions landed at the palace entrance,

everyone ran over.

With tearful eyes, Alves respectfully said, “Mr.

Yang, we all saw the great battle just now!

You’ve saved humanity and fiercely avenged our people!”

Evil Butcher excitedly said, “Brother Yang, you’re too amazing, fighting alone against the six kings of the Alien Race and powerfully slaying them, I am truly impressed!”

Hopkins and others also looked at Yang Luo, too moved to speak, their eyes filled with endless admiration and reverence.

## Chapter 2233: Then Annihilate Them All!

Yang Luo's eyes also turned red as he said, "Thank you all for protecting the Holy Imperial Court without regard for your own lives, thank you!"

"Mr.

Yang, you're too polite.

We're all family here, no need for thanks!"

"You trusted us to protect the Holy Imperial Court.

Even if it cost us our lives, we have to do it!"

"It's just that we're too weak to alleviate much of the pressure from you!"

Alves and others all spoke out one after another.

"No need to mind that, you've all done well enough, it's us who came back too late!"

Yang Luo shook his head and then turned to look at Medea, "Miss Medea, thank you for coming to help!"

Medea offered a gentle smile and said, "Mr.

Yang, it is I who should thank you.

You pulled me from darkness, let me see the light again, and find myself."

Yang Luo smiled faintly, saying, "You should be even more thankful to Natasha."

Medea nodded and responded, "Yes, I am very grateful that she never gave up on me."

Yang Luo remarked, "If Natasha knew how much you've changed now, she'd be very happy."

Medea inquired, "How is Natasha doing right now?"

Yang Luo said, "Don't worry, she is doing very well."

"Then I am relieved."

Medea nodded slightly.

Then, Yang Luo addressed Alves and the others, "Everyone, I'll treat your injuries first."

"We can talk more later!"

"Okay!"

Everyone nodded.

Afterward, Yang Luo and his company entered the palace.

Without a moment's rest, Yang Luo immediately utilized various sophisticated medical techniques to treat everyone's injuries.

It took more than an hour.

Only then did everyone's injuries begin to recover somewhat.

After treating the injuries.

Yang Luo and his group sat down on the sofa.

"Mr.

Alves, why has the Holy Imperial Court been damaged like this, what exactly happened?" Yang Luo asked hastily.

Alves then recounted the events of the recent days, including the attack on the Holy Imperial Court by the six Alien Races, for Yang Luo and others to hear.

Hearing Alves' recounting.

Yang Luo and Xiang Kunlun and the others were so angered that smoke nearly came out of their heads.

Alves exhaled a mouthful of turbid air and said, "Mr.

Yang, we were nearly unable to hold on.

But unexpectedly, at the crucial moment, the hidden island-protecting array of the Holy Imperial Court activated, which held off the onslaught of the six Alien Races."

"Yes," Augustus picked up the thread, "otherwise, none of us would probably be alive right now."

"I see."

Yang Luo suddenly understood.

So it was his master who had set up a hidden island-protecting array in the Holy Imperial Court, which allowed everyone to survive this crisis.

At that moment.

Xiang Kunlun said in a deep voice, "Brother Yang, although the main forces of the six Alien Races have been eliminated.

The creatures of these six Alien Races have not been completely wiped out; they've now gone into hiding.

If we don't exterminate them completely, who knows when they might come out again to attack humans."

"That's right."

The King of Creation also nodded and said, "Now humans and these six Alien Races are locked in a fight to the death.

To leave them be is to leave a great calamity."

A cold glint flickered in Yang Luo's eyes as he said with a cold voice, "If these six Alien Races lived honestly within their territories, I wouldn't bother with them!

But since these six Alien Races insist on being enemies of humanity, then let's eradicate them all!"

After all, he wouldn't stay in the secular world for too long.

Therefore, he planned to eliminate hidden threats in the secular world before returning to Penglai Immortal Island.

“Good!”

Bujie said excitedly, “Then when do we take action?”

Yang Luo raised his hand, “Not so fast, let’s first figure out where the lairs of these six Alien Races are, and then it won’t be too late to make our move.”

Speaking of which, he said to Xiang Kunlun and others, “Brother Xiang, dispatch someone immediately to find out the exact locations of the six Alien Races’ lairs.

Also, make sure to properly bury the brothers who died in this battle.”

“Alright!”

Xiang Kunlun nodded and then made several phone calls.

Yang Luo then turned to Yi Hanshan and asked, “Uncle Yi, how are Su Qingmei and the others doing now?”

Yi Hanshan replied, “Little Luo, rest assured, Miss Su and the others are doing fine now, having gone to several mystic realms to train.

It is said that quite a few have stepped into the Earth Immortal stage.”

“Is that so?”

Yang Luo’s eyes lit up, “That’s great then.”

He hoped that those around him could improve themselves and become stronger as soon as possible.

After all, they had many enemies.

Only with sufficient strength could they stand invincible.

“Father, how has the situation in Kunlun Ruins been during this time?”

Mo Qingkuang asked Mo Hongtu.

Mo Hongtu’s brows were tightly furrowed, “The situation in Kunlun Ruins is not looking good at the moment.”

“Not good?”

Mo Qingkuang was stunned, “Father, what do you mean by that?”

Yang Luo and the others also looked towards Mo Hongtu.

Mo Hongtu said, “Right after the great battle of the Purple Cloud Sect ended, the top Evil Demonic Sects led by Myriad Demon Valley, Diablo Sect, and Sky Demon Cult launched a sneak attack on us.

Fortunately, the Heavenly Immortal Ancestors appeared in time to kill many, thus preventing the outbreak of a great war in the Kunlun Ruins.”

Yi Hanshan spoke in a grave tone, “Although these Evil Demonic Sects have settled down for the time being, it’s uncertain whether they will provoke another great war later on.”

Hearing Mo Hongtu and Yi Hanshan’s words,

The expressions of Yang Luo and others drastically changed.

Clearly, none had expected that such a major event had taken place in the Kunlun Ruins.

Yang Luo's gaze turned icy, "These guys really do not harbor any good intentions.

If we don't eliminate them, I fear the Kunlun Ruins will never be at peace."

Lin Jingchen spoke in a cold voice, "Now all our great families and sects are prepared!

Even if they really want to start a war, we are not afraid to fight!"

Yang Luo then said, "Everyone, if a war does break out, please be sure to inform us immediately; we will definitely rush over to help!"

"Alright!"

Lin Jingchen and others nodded in agreement.

Yang Luo glanced over the people present, "Everyone, stay in the Holy Imperial Court and rest well these next few days.

Once we have ascertained the exact locations of the six Alien Races, we will begin our operation!"

"Okay!"

Everyone nodded in agreement.

...

At the same time.

Penglai Immortal Island.

Tianwei Island.

Territory of the Immortal Sword Sect.

The main hall of the peak was full of people.

Aside from Immortal Sword Sect Master Bai Yinfeng and a few elders,

The sect masters and elders of the top seven sects—Heavenly Amplification Sect, Ten Thousand Buddha Sect, Divine Intent Sect, Piaomiao Palace, Immortal Mist Sect, Coiling Dragon Sect, and Flying Immortal Palace—were present.

Family heads and elders from the Yazi and Jiuying Families, two top-tier families, were also there.

Of course, besides these top-tier sects and families,

Sect masters, family heads, and elders from many first-rate and second-rate sects and families were also present.

Even the sect masters and elders of the six sword sects—Flying Sword Sect, Broken Sword Sect, Cangjian Pavilion, Giant Sword Palace, Burning Sword Valley, Divine Sword Manor—had arrived as well.

Bai Yinfeng gave a salute to the people present and said, “The reason I have invited everyone here is to discuss the matter of retaliating against Yang Luo!

I wonder what everyone's opinions are, feel free to express your views!"

#### Chapter 2234: Yang Luo Missing?

Qiao Xianci sneered, "Now only Yang Luo and a bunch of kids are left on Penglai Immortal Island, those elders have already returned to Kunlun Ruins.

In my view, as long as our great sects and families join hands, killing Yang Luo and those kids won't be difficult at all."

Divine Intent Sect Leader, Dian Zhengde, furrowed his brows and said, "Brother Qiao, although it's true that only Yang Luo and a bunch of kids are currently on Penglai Immortal Island.

However, Yang Luo is extraordinarily powerful; during the great battle at Purple Cloud Sect, he even killed many of our elders.

If we want to kill him, we must have several True Immortal elders work together."

"Indeed, to kill this kid, multiple elders must unite," nodded Chai Jinpeng, the Palace Master of Piaomiao Palace, adding, "Moreover, we absolutely must not give this kid any chance to catch his breath.

We must strike him down with the force of Thousand Tons of Thunder."

You Longjiang, the sect leader of Immortal Mist Sect, had a tight frown as he said, "Gentlemen, if we kill Yang Luo and these kids!

Once those from Kunlun Ruins find out, I'm afraid it could indeed trigger a great war between the two Immortal Worlds!"

Worry flashed in the eyes of many present.

“Hmph!” Bai Yinfeng scoffed coldly, “So what if it triggers a great war?”

Last time, although our Heavenly Immortal Ancestors from Penglai Immortal Island backed down, they were actually very discontent!

It’s just that, unless absolutely necessary, our Heavenly Immortal Ancestors were unwilling to start a real war!

Of course, if a real war were to break out between the two Immortal Worlds, our Heavenly Immortal Ancestors won’t back down again!

After all, our Heavenly Immortal Ancestors care about face!

Our Heavenly Immortal Ancestors might make concessions once, but that doesn’t mean they will always retreat!

Thus, there’s no need for you all to worry, just go ahead and fight!”

“Brother Bai is right!” said Qiong Qingshan, the Coiling Dragon Sect Leader, with a cold look, “We from Penglai Immortal Island can’t always be suppressed by Kunlun Ruins!

If it really comes to war, we must subdue Kunlun Ruins decisively!”

However, Qiao Xianci asked, “Brother Bai, why haven’t the people from the Taotie, Hundun, Taowu, and Qiongqi four great families shown up?”

“That really infuriates me!” Bai Yinfeng said angrily, “These four great families have all stated that they do not wish to participate in this plan to besiege Yang Luo!”

Qiao Xianci sarcastically said, “These four great families are top ferocious beast families of our Penglai Immortal Island, yet they are so timid and scared by a young kid!”

The family head of the Yazi Family, Fu Wanjun, spoke gravely, "Since these four families are unwilling to participate, let it be!

Without them, we can still annihilate that kid Yang Luo!"

However, Bai Yinfeng half-squinted and said, "But according to my informants, it seems that the Hundun Family has tangled up with that kid Yang Luo and is closely connected."

"What?!"

The Hundun Family has gotten mixed up with that kid?!"

"It's outrageous; the Hundun Family has close relations with our enemy, what do they mean by that?!"

"Is the Hundun Family trying to oppose us?!"

All the sect leaders, family heads, and elders present were shocked.

"Gentlemen, please calm down!" Bai Yinfeng raised his hand, sneering, "Even if the Hundun Family indeed has befriended that kid Yang Luo, they wouldn't dare oppose so many sects and families!

Unless they don't want to stay on Penglai Immortal Island anymore!"

"That makes sense," nodded Qiao Xianci and others.

Wu Liang Zen Master, the Sect Leader of the Ten Thousand Buddha Sect asked, "Sect Leader Bai, when do we start taking action?"

Just as Bai Yinfeng was about to speak,

“Sect Leader, there is a matter to report!”

A voice came from outside.

Everyone turned their heads to look.

They saw a disciple of the Immortal Sword Sect rushing in from outside.

“What is it?” Bai Yinfeng asked.

The disciple, bending slightly, replied, “Sect Leader, after leaving the Hundun Family, Yang Luo suddenly disappeared!”

“Disappeared?!” Bai Yinfeng was stunned and dumbfounded.

The other sect leaders, family heads, and elders also looked perplexed.

The disciple said, “Indeed, Yang Luo has disappeared; we can’t find him anywhere.”

Qiao Xianci gritted his teeth, “Does that mean the kid knew we were going to deal with him, so he went back to Kunlun Ruins?”

“Damn it!”

Dian Zhengde said angrily, “If this kid really went back to Kunlun Ruins, then what’s the point of us discussing so much here?”

Do we have to march to Kunlun Ruins or what?”

Those present also had furrowed brows and displeased expressions.

They had mustered a big response here, but who knew that the person had already fled.

Bai Yinfeng pondered for a moment and said, “Gentlemen, currently we can’t confirm whether or not the kid has returned to Kunlun Ruins; he might be hiding somewhere.

So, what we need to do now is to send people to search for this kid throughout Penglai Immortal Island.

Once we find out where this kid is, then we can make our plans.”

“Alright!”

“That’s the only option left!”

Everyone nodded in agreement.

...

In the blink of an eye, a week had passed.

During this week, countries around the world had begun reconstruction.

Although the disaster had been quickly suppressed.

It had lasted for over two weeks, and many cities around the world were destroyed, with many casualties as well.

The disaster had left scars in people’s hearts around the world.

After all, due to the disaster, many people were displaced, and families were destroyed.

Everyone prayed inwardly, hoping such disasters would not happen again.

A week later, in the early morning.

Holy Imperial Court.

In the palace hall.

Yang Luo and the others were chatting.

At that moment.

Xiang Kunlun, holding a document, walked in from outside.

“Gentlemen, the lairs of the six alien races have been thoroughly investigated!”

Saying this, Xiang Kunlun passed the documents to Yang Luo.

Yang Luo took the documents and started reading through them.

Later, he passed the documents to the others.

After everyone had finished reading the documents.

Yang Luo said, “Brothers, you all remember the locations of these six alien races, right?”

“We remember!”

Everyone nodded their heads.

Yang Luo stood up and declared, “Since that’s the case, let’s set off!”

“Brother Yang, where are we heading first?”

Bujie asked.

Everyone also looked towards Yang Luo.

Yang Luo immediately said, “Let’s start with the South Pole, and obliterate the Snake-man Clan!”

“Alright!”

Everyone responded in unison.

Then, Yang Luo led everyone out of the palace, boarded an ancient boat, and flew towards the South Pole.

An hour later.

Yang Luo and his group reached the skies above the Antarctic Continent.

The entire Antarctic Continent covered an area of over ten million square kilometers, a land of ice and snow, and extremely cold.

Having reached the Antarctic Continent.

Yang Luo and his group powered the ancient boat, flying towards the central region of the Antarctic Continent.

Twenty minutes later.

Yang Luo and his team approached the central region.

Looking around.

Hundreds of icebergs stood there, radiating a chilling cold light under the sunlight.

Yang Luo and others flew past one iceberg after another, arriving at the central position of the range.

Looking down.

They saw a gigantic valley at the center of the range with a huge pit at the bottom, dark and deep, seemingly bottomless

Chapter 2235: Entering the History Books!

Xiang Kunlun pointed downwards at the pit and said, "It is said that the Snake-man Clan escaped from this very hole."

"It seems that this hole must lead to the lair of the Snake-man Clan."

Yang Luo said in a cold voice, and then added, "Brothers, prepare yourselves, let's go down!"

"Yes!"

Everyone nodded in acknowledgment.

After that, Yang Luo and the others urged the ancient boat towards the pit below.

Upon entering the pit, the ancient boat began its descent.

Gradually, the entrance grew farther away, and the whole pit was engulfed in darkness, so much that one couldn't see one's own fingers.

Moreover, the deeper they went, the lower the temperature became.

Fortunately, as cultivators, Yang Luo and the others did not fear the severe cold.

During the descent, Yang Luo silently calculated the distance from the entrance.

They descended for more than ten thousand meters.

Suddenly.

The group saw a dark light shining up from below.

Furthermore, they heard the sound of rushing water.

"Could it be that we are nearly at the Snake-man Clan's lair?"

Bujie asked.

"It should be."

Yang Luo said, looking down and nodding his head.

After descending another few hundred meters.

Everyone finally saw the scene below and was incredibly astonished.

Below was an endless black sea, churning and raising waves.

And several miles in front of the sea, there stood an array of ancient cities.

Rows of buildings rose in the distance, high and low.

It was like a small kingdom.

“Oh, my God!”

Bujie said in amazement, “Is this a country?”

Xiang Kunlun said, “I didn’t expect a civilization to have emerged here, truly magical.”

Just then.

“Who goes there?!”

“How dare you trespass the Snake-man Clan’s territory!”

“Are you seeking death?!”

Sharp cries echoed.

Figures emerged from the sea.

Those who surfaced were Snake-men with serpent heads and human bodies, wielding weapons.

“It’s you?!”

“What do you want to do?!”

“Quick, go notify our people!”

“Enemy attack!”

Enemy attack!”

After seeing the faces of Yang Luo and the others, the Snake-men screamed in panic and turned to flee.

Yang Luo spoke indifferently, “I had no intention of being your enemy, yet you insist on causing chaos on the surface, slaughtering humans!

Since that is the case, you can’t blame me!”

To be merciful to an enemy is to be cruel to oneself!

These alien species must not be spared!

To leave them be would only bring endless disasters to humanity!

With that, Yang Luo raised his right hand and congealed a huge golden palm, pressing down upon them!

In an instant!

Boom!

Boom!

Boom!

The fleeing Snake-men were immediately reduced to pools of blood and flesh!

Thereafter, Yang Luo and the others urged the ancient boat towards the city ahead at a rapid pace.

Along the way, they encountered numerous blockades from the Snake-men, but all were annihilated.

In short order.

Yang Luo and the others arrived above one of the cities.

“The humans have come to kill us!”

“Gather all our people, and exterminate them!”

“Their flesh and blood are great tonics; we must not let them go!”

Hundreds of thousands of Snake-men came from all directions, a massive, daunting horde that sent chills down one’s spine.

Yang Luo directly summoned the Dragon Emperor Sword and shouted, “Brothers, to the slaughter!”

“Slay!”

“Kill these alien creatures!”

Bujie and the others summoned their weapons and charged out, engaging in an intense battle with the Snake-man army!

With the outbreak of the great war,

Masses of Snake-men were slaughtered!

One building after another collapsed!

Rocks hurtled through the air, and dust billowed!

The entire Snake-man Kingdom was thrown into chaos!

Yang Luo led Bujie and others forward, advancing and massacring all in their path!

Since the main force of the Snake-man Clan had already been annihilated by Yang Luo and his companions,

these Snake-men simply could not withstand the onslaught from Yang Luo and his team!

The war lasted only a few hours before it came to an end!

All thirty-two cities of the Snake-man Clan, hundreds of thousands of Snake-men, were entirely extinct!

Yang Luo scanned the destroyed cities and asked in a deep voice, "Are there any that got away?"

"No more!"

Bujie replied.

"Good!"

Yang Luo nodded, then with a wave of his hand said, "Let's go, to the next place!"

"Yes!"

Everyone responded in unison.

Over the following days,

Yang Luo and his companions traveled all over the world, through various portals to each major Alien Race's stronghold, eradicating all the Alien Species.

Though Yang Luo and his team faced the crazy resistance of these Alien Species, they simply could not be stopped.

After all, with the kings and all the experts of the six Alien Races already wiped out, how could they possibly stand in their way?

One day later,

A sensational piece of news was broadcast worldwide by major media and TV networks:

"The Divine Emperor has led his people to annihilate the Snake-man and Heavenly Moth Clans!"

Two days later,

The second message was released:

“The Divine Emperor has led his people to annihilate the Lizard and Snowman Clans!”

Three days later,

The third message was published:

“The Divine Emperor has led his people to annihilate the Merfolk and Demon Clans!”

In just three days!

These three explosive messages were broadcast worldwide!

Instantly!

The whole world was rocked, creating a tidal wave of shock!

“The great Divine Emperor has achieved a historical feat for mankind, eliminating the six major Alien Races in one fell swoop!”

“From now on, we no longer need to worry about the attacks from the six major Alien Races on us humans!”

“We thank the Divine Emperor for his outstanding contribution to our human race!”

“To be a man is to be like the Divine Emperor, commanding respect and unmatched in audacity!”

“The Divine Emperor is invincible, long live the Divine Emperor!”

People all over the world were cheering and shouting.

Everyone deeply remembered the name Yang Luo, remembered his towering figure.

And what Yang Luo had done would be recorded in the annals of human history, perpetually passed down.

...

On the evening of the fourth day,

At the Holy Imperial Court,

In the dining room,

Yang Luo and others were drinking and chatting.

Bujie laughed heartily, “Brother Yang, these past few days have been damn exhilarating, I have finally vented out the pent-up frustrations in my heart!”

Xu Ying said, “The six major Alien Races have brought about their own extinction, they have no one else to blame!”

International Diva Zhixin chuckled, “Little Luo, you’re now a global celebrity.

Your fans have far surpassed mine, you know!”

Xiang Kunlun then said, "Brother Yang, leaders from countries around the world want to hold a global commendation conference to honor your contribution to humanity!

Moreover, the leaders of various countries hope you can attend this commendation conference!"

Yang Luo shook his head, "Let's forget about the commendation conference.

The ultimate purpose of what I've done is just to protect the people around me."

"Alright then."

Xiang Kunlun nodded and said, "I will decline on your behalf to the leaders of various countries."

"Little Luo, now that matters in the secular world have come to an end, when shall we return to Penglai Immortal Island?"

Flame Emperor Luange asked.

Bujie nodded, "Yeah, our current strength is still not enough, we need to continue improving."

Yang Luo thought for a moment and said, "Let's stay in the secular world for a few days, make sure there are no more dangers, and then we'll return to Penglai Immortal Island."

"Okay!"

Everyone nodded and agreed.

Chapter 2236: See You Again, Old Friend!

In the blink of an eye, another week had passed.

In this week.

The secular world gradually returned to peace and stability.

Yang Luo and the others took time to visit friends back in Country Hua's Martial Alliance and also made a trip to the Heavenly Luo Sect, where they improved the sect's mountain-protecting array.

One week later, in the early morning.

Holy Imperial Court.

Inside the palace hall.

Yang Luo and the others were chatting.

Suddenly.

A series of shouts came from outside.

"Who is it?!"

"The holy grounds of the Holy Imperial Court are off-limits to all unauthorized persons!"

The commotion outside immediately alarmed Yang Luo and the others.

"What's happening outside?"

Bujie asked in surprise and confusion.

“Let’s go and have a look!”

Yang Luo stood up immediately and led everyone outside.

By the time Yang Luo and the others reached the palace gate.

They saw several figures flying over from a distance.

“Who is that?!”

“Could it be that the six Alien Races haven’t been completely wiped out?!”

“Or could it be that people from the Holy Light Church, Heavenly Universe Divine Clan, and the Dark Demon Clan have attacked?!”

Everyone was shocked and alarmed.

But Yang Luo simply smiled faintly and raised his hand, saying, “Everyone, no need to panic, it’s our old friends who have arrived.”

“Old friends?”

Ning Jianfeng was stunned for a moment.

“Who?”

Yang Luo said, “You’ll know in a moment.”

Soon, several figures flew over and arrived above the main island.

There were a total of six people.

From the Titan Race were Keos and Tia.

From the Mayan and Atlantean Races was Istab.

From the Mayan and Atlantean Races was Varna.

From the Golden Pagoda Divine Clan were Evans and Tilly.

“Ha ha, so it’s them!”

“Dear brothers, long time no see!”

Bujie and Ning Jianfeng waved and greeted them.

Thus, the newcomers were six gods from four ancient divine clans.

Half a year earlier, Yang Luo and his companions had dealings with them and had forged friendships.

“Ha ha ha, Brother Yang, it’s been a while, let me see how much your strength has increased!”

Keos threw back his head and laughed loudly.

His whole body vibrated as his fighting spirit and strength erupted!

Then, he swung a punch, unleashing a wild barrage!

Boom, boom, boom!

A punch was thrown, and heaven and earth trembled, the void shattered, all directions shook!

A huge black fist, like a meteor, smashed towards Yang Luo, terribly fearsome!

“Ha ha, well met!”

Yang Luo laughed heartily and shot up into the sky, then twisted his fist to meet the oncoming punch!

A punch was thrown, shocking heaven and earth, the small island trembled, the great sea roared!

A golden fist, containing supreme Fist Power, cracked through layers of the Void, smashing towards the black fist!

In an instant!

Thud!

The fists collided heavily with each other, like two celestial bodies crashing, exploding with a sound that could pierce clouds and split rocks!

A great expanse of light and energy spread out from the point of collision, sweeping in all directions!

The island-protecting array activated instantly, blocking the waves of energy!

The next second!

Boom, boom, boom!

Accompanied by an earth-shattering explosion!

Keos was directly blown away!

“My God, how is it that Mr.

Yang seems to have grown even stronger?!”

Tia exclaimed.

“Isn’t that so, he actually sent Keos flying with a single punch!”

Varna was also shocked.

Istab said admiringly, “It seems, Brother Yang’s cultivation has indeed improved!”

Keos was sent flying backward for several hundred meters before he managed to steady his body!

“Hisss...”

Keos sucked in a breath of cold air and said, “Brother Yang, I had no idea that your strength had improved so much since we last met.

Come on, let’s go again!”

As he spoke, his body shook and he directly grew by over a hundred meters, charging towards Yang Luo in midair!

It was like a moving mountain coming towards him!

Yang Luo too gave his body a shake, activating his “Undying Golden Body,” and dazzling golden light flared all over him!

Then, with a swift movement, he rushed towards Keos!

In an instant!

The distance between the two closed, and then once again they both swung out a punch at the same time!

Boom!

The black giant fist and golden giant fist collided once more, the force of the impact was earth-shattering!

Large swathes of the Void began to collapse and crack!

Even the dome of heaven above them cracked, opening a kilometer-long fissure!

Seeing his second punch countered by Yang Luo once again!

Keos mobilized even more energy and twisted his arm, launching a third punch towards Yang Luo!

Yang Luo too twisted his third punch, striking out in retaliation!

Boom!

The black giant fist and golden giant fist clashed for the third time!

Crack!

Crack!

Crack!

The area of the Void breaking and shattering was even larger now!

The crack in the heaven's vault extended from a kilometer to three thousand meters!

Under the bombardment of the third punch!

Keos simply couldn't withstand it!

"Ugh..."

He let out a muffled groan, as his immense body was once again sent flying hundreds of meters away!

"Ha ha, Keos, you can't cut it.

My turn!"

Istab also got fired up, bursting into laughter as he shot up into the sky!

He summoned his spear, with divine power erupting from within him, and divine light shot toward the heavens!

Then, wielding the spear in his hand, he shot out a thrust towards Yang Luo!

Swoosh!

With a thrust of the spear, the dark golden divine light illuminated heaven and earth!

A thousand-zhang huge spear pierced through the layers of the Void, carrying a vast and boundless destructive power, exploding towards Yang Luo!

Yang Luo neither dodged nor retreated and raised his right hand, pressing out with a finger!

Accompanied by a thunderous rumbling sound!

A colossal golden finger over a thousand zhang long shattered the Void, confronting the attack head-on!

This golden finger, wrapped around by a golden giant dragon, was like a Tian Long dragon pillar, crushing upward!

In a split second!

Boom!

The giant finger collided heavily with the spear, shaking the heavens and earth, causing a great upheaval in all directions!

The blazing light and energy from the point of collision radiated out, like a mountain collapsing and a tsunami surging, a spectacle beyond compare!

The once thousand-meter rift in the dome of heaven now continued to crack open, spreading for ten thousand meters!

The Void where they collided even exploded into a massive Void Cave!

It wasn't even half a minute!

When a thunderous explosion was heard!

Istab, along with his spear, was sent flying out!

"Varna, aren't you going to go meet Mr.

Yang?"

Tia turned and inquired of Varna.

With a helpless shrug, Varna said, "Tia, didn't you see?

Even Istab is no match for Mr.

Yang now.

Wouldn't it be humiliating for me to challenge Mr.

Yang?"

Tia sighed and said, "I didn't expect that in such a short period, Mr.

Yang's strength had increased so much.

You know, back then Mr.

Yang wasn't Istab's opponent at all."

For Evans and Tilly, who had never faced Yang Luo, the shock was even greater.

They knew how strong Keos and Istab were.

Especially Istab, whose strength was formidable.

Yet, unexpectedly, neither of them was a match for Yang Luo.

After being sent flying for a hundred meters, Istab finally stabilized his body.

He shook his head and said, "Brother Yang, you really are extraordinary.

Your strength has now surpassed mine, and I willingly admit defeat."

Yang Luo said with a smile, "Brother Istab, it's been a while, and your strength has also increased considerably."

Istab spread his hands and jestingly said, "But still, not a match for a monster like you."

"Ha ha ha..."

Yang Luo laughed heartily and said, "Brothers, let's go, we'll continue our chat in the great hall!"

## Chapter 2237: The Battle That Decides the Fate of Humanity!

Afterward, Yang Luo and the others walked into the palace hall.

Dongfang Ruoshui went to pour a few cups of tea and brought them over.

Keos gulped down some water, exhaled deeply, and said, "Brother Yang, just how have you been cultivating?"

How come your cultivation and strength have improved so fast?"

Istab replied, "Yes, Brother Yang, you were no match for me before.

I never imagined that in such a short time apart, you would actually surpass me."

"I've been training with my brothers constantly during this period, which is why I've made some progress."

Yang Luo gave a simple explanation and then asked, "Speaking of which, what brings you here?"

Keos said, "Actually, we've come to look for you several times before, but every time we missed you and had to return.

We were just trying our luck again today, and to our surprise, you're back."

Istab said, "We've come this time to tell you about our Divine Master's intentions."

"Oh?"

Yang Luo took a sip of tea and asked, "So, what are your Divine Master's thoughts?

Is he willing to form an alliance with us?"

Istab sighed softly and said, "Brother Yang, we're indeed very willing to form an alliance with you.

However, our Divine Master ultimately doesn't trust in your strength.

So, he's currently unwilling to form an alliance with you."

Keos, also in a gloomy tone, said, "Our Divine Master says that humans are too weak; allying with humans brings no benefits for our Titan Race.

I've tried persuading him many times, but our Divine Master is still unwilling to form an alliance with you."

"Is that also what your Divine Master thinks?"

Yang Luo then looked at Varna, Evans, and Tilly.

The three of them nodded.

"Damn!"

Bujie was immediately peeved.

"So what if they're divine guards?

They're acting as if we're begging them to form an alliance with us!"

Ning Jianfeng was also upset, “Brother Yang, there’s no need to ally with these divine guards.

We alone can defeat the Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan!”

“That’s right, to hell with their alliance!”

“They’re underestimating us too much!”

“Do they really think that gods are stronger than us true immortals?”

“Why don’t we have a contest to see!”

Qin Zhanhuang and the others were also very angry.

Even though what Keos and the others said was put tactfully, they could still hear it clearly.

The Divine Masters of the four major divine clans were plainly looking down on them, thinking they weren’t worthy of allying with divine clans.

Istab and the others exchanged glances, feeling quite helpless.

“Brothers, let’s not get too worked up.”

Yang Luo raised his hand, signalling everyone to calm down.

Then, he looked at Istab and the others, “It’s normal for your Divine Master not to trust us humans.

However, I want to say that at the moment of our battle against the Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan, your Divine Master will surely witness the strength of us human cultivators.”

“Brother Yang, I will convey your words to our Divine Master.

I hope we can form an alliance in the future and fight against the formidable enemies together.”

After saying this, Istab then asked, “By the way, Brother Yang, has there been a great war on Earth?

Why did we see many destroyed buildings on our way here, and even saw vehicles transporting bodies?”

“During this time, there indeed was a crisis on Earth...”

Yang Luo did not hide it and recounted the six Alien Races’ attacks on humans to Istab and the others.

Upon hearing Yang Luo’s story, Istab and the others were full of shock.

Keos exclaimed in astonishment, “Merfolk Clan, Snake-man Clan, Demon Clan, Lizard Clan, Heavenly Moth Clan...

I never imagined that there would be such rare and strange races existing on Earth!”

Istab furrowed his brow and asked, “Could it be that these six Alien Races attacked humanity because they were instigated by the Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan?”

“You guessed right, it was indeed they who instigated it.”

Yang Luo nodded, “Perhaps these six Alien Races are the chess pieces they left on Earth.”

Istab sighed, "It seems that the battle for survival between humanity and the Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan is not far off."

Varna narrowed her eyes and said, "Our Divine Master said that the reason these three races are eyeing Earth is because they are brewing a cosmic plan."

As for what exactly this plan is, even our Divine Master is not sure."

Yang Luo's eyes turned cold, "I don't care what plan they are brewing, nor do I care what their purpose is!"

If they dare to attack Earth and eradicate humanity, we will never consent!

Humanity has thrived for so many years, facing numerous disasters, but we have always persevered!

This time, humanity will likewise survive this catastrophe!"

"That's right, if it comes down to it, we'll fight to the death!"

"So what if they are gods or demons, who is afraid of whom?"

"If they dare come, we will surely make it a one-way trip for them!"

Bujie and the others were all emotionally charged, shouting loudly.

Istab exclaimed with feeling, "With you here, humanity will certainly not be extinguished!"

Yang Luo nodded and said, "Brothers, why don't you stay and enjoy yourselves a few more days before leaving?"

“Brother Yang, thank you for your kindness.”

Istab replied, then continued, “We plan to inform our Divine Master of this matter as soon as possible, and our divine clans also need to start preparing.”

Yang Luo said, “Then rest here tonight, and it won’t be too late to leave tomorrow.

It has been so long since we last met, tonight we should have a good drink.”

“Haha, sure thing!”

“Tonight we will not return unless we are drunk!”

Keos and the others all agreed with laughter.

...

The next morning dawned.

Yang Luo was saying farewell to Keos and the others.

Istab said, “Brother Yang, next time we meet, it might be the time for the great battle, take care!”

Keos patted his chest and said, “Brother Yang, whether or not we end up forming an alliance, our friendship will not change!

If the Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan come to attack Earth, I will definitely come to help!”

“I will also come to lend a hand!”

“We will too!”

Varna and the others also expressed their stance.

Yang Luo clasped his hands together and said, “Then I thank you all!”

After a few more words.

Keos and the others took to the skies and flew away from the Holy Imperial Court.

Once Keos and the others had left.

Yang Luo said to Alves and others, “Everyone, we should also prepare to return to Penglai Immortal Island.”

“Mr.

Yang, are you leaving so soon?”

“Why not stay a few more days in the secular world?”

Alves and Augustus and the others were somewhat reluctant.

After all, it was not easy for Yang Luo to come back, but now he was leaving so soon.

Yang Luo said, “Although the six Alien Races have been eradicated, humanity’s true crisis has not been lifted.

The Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan are watching humanity like prey, and they could strike at any moment.

So, we need to take this time to quickly enhance our cultivation and strength to face the gods and demons.

And the upcoming battle will determine the fate of humanity's future."

Chapter 2238: Taotie Family!

Alves said anxiously, "I hope humanity can win that great battle and defeat those gods and demons!"

Yang Luo replied resolutely, "We will definitely win the future battle!"

"Right!"

Everyone nodded vigorously.

Yang Luo said, "Everyone, the protection of the Holy Imperial Court is now entrusted to you.

If there are any problems, you can contact Mr.

Yi and General Long in a timely manner."

"Mr.

Yang, rest assured, we will definitely protect the Holy Imperial Court well!"

“Everyone, take care along the way!”

Alves and others spoke out one after another.

Then, Yang Luo and his group boarded the ancient boat, soared into the sky, and flew away from the Holy Imperial Court.

Half an hour later.

Yang Luo and his group arrived above Country Hua’s airspace.

Yi Hanshan smiled lightly and said, “Little Luo, this is where we part!”

Yang Luo clasped his hands and said, “Uncle Yi, Uncle Mo, Uncle Lin, Uncle Ji, and all the elders, this is where we part!”

Mo Hongtu smiled contentedly and said, “I really wonder, the next time I see you, lad, whether you will have stepped into the Heavenly Immortal realm, giving me quite the surprise!”

Yang Luo scratched his head and said, “Uncle Mo, you are exaggerating.

I’ve only recently reached the perfected True Immortal Realm, and the Heavenly Immortal is still far away.”

Mo Hongtu laughed heartily, “Heavenly Immortal might be distant for ordinary people, but is it really that far for you, lad?”

“I completely agree with Brother Mo’s words.”

Lin Jingchen took over the conversation, “I don’t know about others, but I firmly believe that you, lad, will definitely be able to step into the Heavenly Immortal realm.”

Yang Luo smiled and said, "All I can do is keep working hard; whether I can step into the Heavenly Immortal realm, that will depend on fate."

"Lad, keep it up!"

"We believe you can do it!"

"See you next time!"

Yi Hanshan and the others bid farewell and then flew towards Kunlun Mountain.

Watching as Yi Hanshan and the others left.

Zhang Zhilin looked at Yang Luo and said, "Little Luo, we'll be leaving first as well.

If you need help later on, feel free to let us know."

Yang Luo asked, "Master, are you and Master Xuanku not going to the Immortal World?"

Zhang Zhilin shook his head and said, "We won't be going; the secular world ultimately still needs people to keep watch.

Moreover, with spiritual energy now fully revived in Country Hua, it's very beneficial for cultivation."

"Alright."

Yang Luo nodded, "Then, I'll leave the secular world in your care."

Zhang Zhilin nodded, then together with Master Xuanku, Lu Jinzao, Master Yuan Kong, Sun Feiyan, and Song Xuanzhen, he flew away from there.

After Zhang Zhilin and the six others had left.

Yang Luo waved his arm, "Brothers, let's go, back to Penglai Immortal Island!"

"Okay!"

Everyone responded in unison.

Then, Yang Luo and his group propelled the ancient boat and flew towards Penglai Island.

Twenty minutes later.

Yang Luo and his group arrived at Penglai Island in Qilu Province.

After they arrived at the central valley of Penglai Island, Yang Luo activated the teleportation array.

Shortly after, Yang Luo and his group vanished from above the valley.

When they reappeared.

Yang Luo and his group had already arrived over Sealing Immortal Valley on Penglai Immortal Island.

"Brother Yang, are we going to the Taotie Family now?"

Bujie asked.

“That’s right.”

Yang Luo nodded his head, then took out a communication jade talisman to contact Huangfu Xuance, the young master of the Taotie Family.

After the contact was made.

Yang Luo and his party left the Sealing Immortal Valley and headed straight for the Taotie Family.

It took a full hour to fly.

Yang Luo and his party finally arrived at the territory of the Taotie Family.

The entire Taotie Family’s territory spanned thousands of miles, filled with countless mountains and ravines.

Ancient halls and pavilions stood majestically on the mountaintops.

Bujie clicked his tongue, “Is this the Taotie Family?”

It really is imposing, as strong if not stronger than the Hundun Family!”

Helian Dongsheng disagreed, “What do you mean ‘strong if not stronger’?”

It’s pretty much the same, okay?”

“Is it?”

Bujie asked with a smile, “Brother Helian, tell me the truth, between your Hundun Family and the Taotie Family, who is stronger?”

“This...”

Helian Dongsheng hesitated for a moment and finally admitted reluctantly, “If we’re talking about overall strength, the Taotie Family is indeed a bit stronger than our Hundun Family.

However, our Hundun Family also has its own advantages.

If it really comes to a fight, it’s not certain who would win.”

Bujie nodded, “Yes, yes, keep deluding yourself.”

Helian Dongsheng immediately got anxious, “What do you mean deluding myself?

I’m speaking the truth!”

Yang Luo said irritably, “Enough, stop arguing, let’s go.”

Then, Yang Luo led everyone towards the territory of the Taotie Family.

As they approached.

A group of people was already waiting on the outskirts.

“Haha, Brother Yang, I’ve been looking forward to your arrival!”

With a hearty laugh, Huangfu Xuance flew over.

A dignified middle-aged man and four elders also flew over.

Yang Luo greeted with a bow, "Brother Huangfu, long time no see!"

Huangfu Xuance smiled, "It has been a while indeed, and during this time, your fame has resounded throughout Penglai Immortal Island, it's truly impressive!"

Yang Luo waved his hand, "What fame, it's just some vacant reputation."

"Brother Yang, you're too modest!"

Huangfu Xuance laughed and shook his head, then said, "Let me introduce them to you."

Then, he introduced the middle-aged man and the four elders.

This middle-aged man was the current family head of the Taotie Family, Huangfu Longteng.

The four elders were the elders of the Taotie Family: Huangfu Nachuan, Huangfu Tiandou, Huangfu Yiming, Huangfu Yunchi.

"Greetings to the head of the Huangfu family!"

"Greetings to the four elders!"

Yang Luo and his party bowed and greeted.

Huangfu Longteng examined Yang Luo up and down, eyes filled with admiration, "Little Friend Yang, although we had some unpleasantness during the last great battle at the Purple Cloud Sect,

but, as things are in the past now, let's not mention them anymore.

If you truly wish to befriend our Taotie Family, we will sincerely consider you a friend.”

Yang Luo nodded, “Family Head Huangfu, since I’ve come to the Taotie Family, I naturally want to resolve differences and make friends with everyone.”

Huangfu Tiandou laughed heartily, “Little Friend Yang, during the last great battle at the Purple Cloud Sect, I wanted to test my skills against you, but never found the chance!

Now that you’re here, how about we have a match?”

Huangfu Nachuan also stroked his beard with a smile, “Little Friend Yang, I too would like to test my skills against you.

What do you think?”

Huangfu Yiming and Huangfu Yunchi both seemed eager to try.

Huangfu Xuance gave a wry laugh, “Brother Yang, that’s how people in our Taotie Family are, always eager to test their skills against the strong.

Now that all four elders want to test their skills against you, it’s because they truly acknowledge your strength.”

“Since the four elders are so eager, how could I possibly refuse.”

Yang Luo smiled and then said, “How about this, all four elders, why don’t you come at me together?”

Chapter 2239: Facing the Four Grand Elders!

“””Upon hearing this,

Huangfu Nachuan and his three companions were taken aback.

Then their brows furrowed!

What did this kid mean by that, was he looking down on them?

You must know, the four of them possess the cultivation of both perfected True Immortal realm and late True Immortal realm!

Even if you claim to be invincible below the Heavenly Immortals, isn't that a bit too arrogant?

Yang Luo also noticed the displeasure in the four men and said with a smile, "Elders, please don't be angry.

My suggestion is simply to avoid wasting too much time.

After all, my brothers and I have come here this time for serious matters."

Huangfu Xuan Ce quickly stepped in to smooth things over, saying cheerfully, "Elders, it's just a sparring match, so it's no big deal to take him on together."

Huangfu Nachuan squinted and said, "Kid, since you want the four of us to come at you together, we'll grant your wish!

But if we accidentally hurt you, don't blame us, alright?"

Yang Luo smiled faintly and replied, "If the four elders can indeed injure me, then it would only be because my skills were inferior!"

“Good!”

Huangfu Nachuan nodded, then said to Huangfu Tiandou and the other two, “Tiandou, Yiming, Yunchi, we can’t let this youngster look down upon us!”

“Of course!”

“Invincible beneath the Heavenly Immortals, huh?”

Interesting!”

“This old man really wants to see just how strong this kid is!”

Huangfu Tiandou, Huangfu Yiming, and Huangfu Yunchi also shouted their excitement.

Huangfu Longteng merely smiled faintly and said loudly, “Gentlemen, fall back!”

Then, everyone else present began to step back!

Once everyone had retreated,

the four members of the Huangfu family shook!

A series of dark, malignant, ferocious, and wild oppressive auras and atmospheres spread out!

These torrents of pressure and atmosphere overflowed like a dam burst, surging in all directions!

The next second!

Boom boom boom boom!

Four beams of light shot up from the four individuals, piercing the sky and breaking through the clouds!

Above, the firmament was suddenly filled with roiling dark clouds, casting this realm into the darkest of moments!

Within the thunderclouds, lightning flashed, flames burned, ice surged, and fierce winds rampaged!

Due to the commotion on this side, the members of the Taotie Family were all alarmed and hurried over!

“What’s going on now, are the elders going to fight that kid?”

“My goodness, isn’t that kid the same ruthless person from the Purple Cloud Sect’s great battle who slew many powerful beings?”

“How did this kid get here?”

Is he going to attack our Taotie Family to settle a score?”

“No, that’s not right.

If this kid really came looking for trouble, the family head and the elders would have probably gathered everyone to face him by now!”

The clan members started talking in shock.

Those who had participated in the Purple Cloud Sect’s great battle also recognized Yang Luo.

After all, Yang Luo had made a name for himself in that battle at the Purple Cloud Sect, leaving an indelible impression on their hearts.

Seeing Huangfu Nachuan and the other three erupt with formidable momentum and battle power,

Yang Luo's blood also surged and he said with a powerful voice, "Elders, please enlighten me!"

With that, Yang Luo stepped forward into the air, his aura bursting forth, his battle power unleashed!

Boom!

A golden beam of light shot straight up from his body, breaking a path through the cloud sea and dyeing the vast sky gold!

"Undying Golden Body" was also activated instantly, his body shining with dazzling golden light, as if a god had descended!

"Fight!"

Huangfu Nachuan let out a roar, soared into the sky, and twisted a punch, launching it at Yang Luo!

"World Annihilation True Demon Fist!"

With one punch, a shock was sent through heaven and earth, the landscape shook, and the void collapsed!

A gigantic black and purple fist, intertwined with raging lightning, hammered toward Yang Luo!

"Burning Heaven Chaotic Demon Palm!"

Huangfu Tiandou raised his right arm and sent out a palm strike!""

A palm strike unleashed, the sky shattered, the void crumbled!

A massive, thousand-feet-long black and red flame palm descended from above!

“Heavenly Cold Demon Finger!”

Huangfu Yiming raised his right arm, and a finger came crashing down towards Yang Luo!

A gigantic, several hundred feet-long black and blue ice finger shattered layer upon layer of the void, froze a part of heaven and earth, and crushed everything in its path!

“Mystic Wind Ancient Demon Palm!”

Huangfu Yunchi let out a thundering shout, slamming down his palm with force!

A massive, several hundred feet-long black and green palm collapsed a part of the sky, pressing down with immense power!

The area between heaven and earth even stirred up black and green tornadoes that sought to tear everything apart!

The four elders struck simultaneously, their unleashed combat power was terrifying beyond belief, even an average perfected True Immortal Realm powerhouse couldn’t withstand this blow without sustaining heavy injuries!

From a distance, Bujie clicked his tongue and remarked, “Wow, these four elders are pretty formidable!”

Huangfu Xuan Ce proudly smiled and said, “Of course, the Second and Third Elders truly have True Immortal Perfected Stage Cultivation!

The Fifth and Sixth Elders also possess late True Immortal realm cultivation!

With the enhancement of their bloodline power, all four elders can firmly overpower powerhouses of the same realm!”

Bujie shook his head and said, “No matter how strong these four elders are, they are definitely not a match for my Brother Yang!

Even without showing his true capability, Brother Yang could easily defeat these four elders!”

Huangfu Xuan Ce said, “I know Brother Yang is very strong, but he is only in the late True Immortal realm now.

But to defeat the four elders, it won’t be that easy for Brother Yang, right?”

“Huh?”

Bujie was taken aback for a moment, then asked, “Didn’t Uncle Helian tell you?”

“Tell us what?”

Huangfu Xuan Ce looked puzzled.

Bujie grinned and said, “Brother Yang has already stepped into the perfected True Immortal Realm!”

“Oh, the perfected True Immortal Realm, huh...”

Huangfu Xuan Ce first paused, then exclaimed, “What?!

Perfected True Immortal Realm?!

Did Brother Yang really step into the perfected True Immortal Realm?!”

“Brother Huangfu, it’s true.”

Helian Dongsheng gave a helpless smile and said, “Not only has Brother Yang stepped into the perfected True Immortal Realm, but he has also inherited the Chaos Essence Blood.”

“Brother Yang has also inherited the Chaos Essence Blood?!”

Huangfu Xuan Ce’s surprise intensified, “If that’s the case, then the four elders are probably going to lose face in front of the clan this time!”

“This kid really isn’t simple, to have entered the perfected True Immortal Realm so quickly!”

Huangfu Longteng also showed shock.

During their conversation!

Yang Luo directly swung his fist to meet the attack!

“Nirvana Dragon Fist!”

“Hooo-hooo-hoo!”

With a punch thrown, the dragon roared mightily!

A massive, over a thousand feet-long golden fist, like a golden sun, smashed upwards!

Even more, tens of thousands of golden dragons roared forth, colliding with the four!

In an instant!

Boom boom boom!

The punch Yang Luo unleashed collided fiercely with the assault from Huangfu Nachuan and the others, creating a sound like heaven and earth shattering!

Large swathes of the sky and the void instantly ripped apart, spreading densely in all directions!

Less than half a minute!

Rumble rumble!

Accompanied by a series of earth-shattering explosion sounds!

The lightning, flames, ice, and fierce winds unleashed by Huangfu Nachuan and his group were instantly destroyed!

Vast swathes of light and energy waves spread out, sweeping across all directions like a tidal wave!

Huangfu Nachuan and the others originally thought they could suppress Yang Luo by joining forces!

But to their shock, they couldn't suppress him at all!

All four were sent flying at once, feeling a surge of blood and energy within their bodies!

## Chapter 2240: It Ends Here!

They were sent flying backward for over a hundred meters before the four of them managed to stabilize their bodies.

Huangfu Nachuan exclaimed in shock, “You, you’ve actually reached the perfected True Immortal Realm?!”

Huangfu Tiandou, Huangfu Yiming, and Huangfu Yunchi also gazed at Yang Luo in astonishment.

Although it was just a single exchange, they had already discerned Yang Luo’s cultivation level.

Yang Luo nodded, “After braving through the ‘Chaos Evil Domain,’ I indeed stepped into the perfected True Immortal Realm.

Elders, do you still believe that I am disrespecting you?”

“Hahaha”

Huangfu Nachuan burst into laughter, “Kid, you’re interesting.

Then, let’s continue!” With that, Huangfu Nachuan took a step forward and charged toward Yang Luo again!

Huangfu Tiandou, Huangfu Yiming, and Huangfu Yunchi also stepped forward and rushed toward Yang Luo!

On the way over!

The four of them continued to mobilize the energy within their bodies, unleashing even greater combat strength!

Moreover, above each of their heads, a Behemoth materialized!

The four Behemoths looked identical, all with huge bodies, mouths big enough to swallow the sky, teeth sharp as knife blades, two curved giant horns on their heads, exuding an aura of ferocity and demonic qi that soared to the heavens!

They were none other than the Taotie, one of the vicious beasts from ancient times!

Lightning bolts flickered around one of the Taotie!

The second Taotie was enveloped in raging flames!

The third Taotie was shrouded in billowing ice-cold air!

The fourth Taotie was besieged by fierce winds!

Seeing the four Taotie charging madly towards him!

Yang Luo waved his huge hand!

“Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise!”

“Roar!”

“Roar!”

“Screech!”

“Growl!”

Accompanied by four earth-shaking roars!

The Four Great Divine Beasts towered up, their large figures over a thousand feet tall, radiating divine light, carrying various attribute powers, and furiously rushing upwards!

In an instant!

Boom!

The Four Great Divine Beasts fiercely collided with the four Taotie, like giants crashing against mountains, shaking heaven and earth, trembling in all directions!

Lightning, fire, ice, wind and other attribute energies boiled over, gushing towards every direction!

But, to the shock of the Taotie Clan members!

The four Taotie simply couldn't withstand the impact from the Four Great Divine Beasts, being shaken into retreating again and again!

However, these four Taotie were also incredibly formidable.

Despite the cracks that formed on their bodies, they did not shatter and vanish!

“Again!”

Yang Luo shouted loudly, and once again waved his hand!

“Holy Dragon, Hundun!”

“Roar, roar!”

With two heaven-shaking roars ringing out!

A huge golden dragon and a behemoth Hundun, each over a thousand feet in size, also towered up and collided onwards!

In the blink of an eye!

Boom!

The four Taotie could no longer hold on and shattered explosively in the sky!

After shattering the four Taotie!

The Holy Dragon, Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise, and Hundun continued to charge toward Huangfu Nachuan and the other three!

Huangfu Nachuan and the others did not dare to hesitate and continued to unleash deadly attacks!

“Da Mie Extinguishing Immortal Thunder!”

Huangfu Nachuan’s hair and beard fluttered wildly as he waved his hand!

Boom!

Thunderclouds tumbled in the sky, and tens of thousands of massive black-purple lightning bolts bombarded downward, like a lightning tribulation descending!

“Burning Sky Intense Sun Technique!”

Huangfu Tiandou stomped down from mid-air, thundering out loud!

In the twinkling of an eye!

A gigantic black-red Fire Ball, a thousand feet in size, formed above him!

This Fire Ball burned with fierce flames, as if a demonic sun suspended in the sky, intent on incinerating all!

“Heavenly Cold Nine Kill Sword!”

Huangfu Yiming waved his hand mightily!

Nine gigantic ice swords, each a hundred yards long and colored black and blue, coalesced above him, standing tall like nine sword peaks, erupting with dazzling sword might and ferocious sword intent!

“Xuanfeng Nine Death Formation!”

Huangfu Yunchi also waved his hand mightily!

In the blink of an eye!

Nine huge array platforms, several hundred yards in size, formed above and tornadoes connecting Heaven and Earth started swirling around!

“Go!”

Huangfu Tiandou, Huangfu Yiming, and Huangfu Yunchi gestured simultaneously!

Huge black and red fireballs crushed through layers of void and collided with their targets!

The nine swords cleaved through the skies, shooting out!

The nine array platforms collapsed the void, suppressing their targets with force!

Seeing the four's lethal moves approaching!

Yang Luo, unruffled, had a thought!

Six grand illusions of the Holy Dragon, Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise, and Chaos clashed forward!

At the very moment the six grand illusions made their impact!

Yang Luo stomped down from midair!

Flames, lightning bolt, ice, and fierce winds burst forth from within him!

Flames turned into a Fire Sea, lightning into a Thunder Sea, ice into an Ice Sea, surging upward!

The fierce winds became countless wind-blades in the sky, all shooting out together!

In an instant!

Boom—Rumble!

Roar—Rumble!

Sounds of collision and explosion, shaking Heaven and Earth and startling eight directions, echoed through the entire Taotie Family's territory!

The released energy was wildly fierce, as if it wished to destroy everything!

Spectators like Flame Emperor and others hurriedly raised layer upon layer of Defensive Shields to resist, struggling to hold on!

Fortunately, the Taotie Family's mountain-protecting array had been activated, and it withstood the waves of energy!

Huangfu Nachuan and the others indeed launched fierce and wild attacks, but they were still destroyed by the multiple lethal moves Yang Luo released!

Even more terrifying and overwhelming energy and light burst forth, making this part of the world boil!

Yang Luo stepped forward, directly breaking through the energy tide sweeping Heaven and Earth, and charged at Huangfu Nachuan and the others!

In the moment of approach!

Yang Luo twisted his fist once more, like an Ancient War Immortal, a god of Jiutian, unleashing a punch!

With his punch, the skies shook; all directions quaked; Ten Directions Silence!

A golden fist crushed the skies, burst through the void, shattering all energy as if to explode everything!

Huangfu Nachuan and the others dared not be negligent, they struck out with their fists to meet the attack!

Thoomâ€”Boom!

Following the earth-shattering collision!

“Aarghh...”

Huangfu Nachuan and the others let out a cry of pain, and were sent flying simultaneously!

At this moment!

The Taotie Family clansmen who came to witness the fight were horrified, utterly shocked!

“We can’t match him!

The four elders simply cannot suppress him!”

“Isn’t that so!

No matter what lethal moves our four elders use, they are all forcibly destroyed by this lad!”

“No wonder this boy is known as the first Heavenly Pride of the two Immortal Worlds, an unbeatable existence beneath Heavenly Immortals; his strength is simply too defiant!”

The clansmen cried out, their gazes towards Yang Luo filled with awe and admiration.

Huangfu Nachuan and the others were flung hundreds of meters away before they could barely stabilize themselves.

“I refuse to believe that the four of us can’t suppress you!”

Huangfu Nachuan, somewhat irate, immediately activated his Dharma Idol.

Huangfu Tiandou, Huangfu Yiming, and Huangfu Yunchi also unleashed their Dharma Idols.

The four went all out in earnest.

Seeing this, Huangfu Longteng hurried over, exclaiming, "Elders, this is just sparring, not a fight to the death.

Please stop here!"

"Yes, if we continue, there will be casualties!"

Huangfu Xuance also rushed over, positioning himself between Yang Luo and the four Huangfus.

Flame Emperor and others flew over too, quickly intervening.

Coming to their senses, Huangfu Nachuan and the others remembered that this was only a sparring match, not a battle to the death, and they dispersed their Dharma Idols.

Bujie smirked, "So even the Taotie Family is this belligerent, huh!"
