Chapter 2361: Enlightenment at Eight Trigrams Mountain!

Yang Luo left the Qiongqi Family and took advantage of the night to fly toward the Taowu Family.

The Taowu Family is located on Tianwei Island, quite distant from here, separate by Tianxian Island, Tianli Island, and Tian Shou Island.

Therefore, he had to accelerate his speed in order to arrive by tomorrow noon.

Thus, Yang Luo sometimes flew through the sky, sometimes traversed the void.

Until the next morning.

Yang Luo finally reached Tian Shou Island.

Just by crossing Tian Shou Island, he would arrive at Tianwei Island.

So, Yang Luo further increased his speed.

The scenery below swiftly retreated.

Not knowing how long he had flown.

Yang Luo suddenly felt the surrounding spiritual energy becoming more and more abundant, more so than any other place.

“Eh...

What's happening?"

With a puzzled face, he looked up toward the distance.

He saw a mountain range in the distance, the mountains undulating, covered with dense forests and rivers flowing.

This bountiful spiritual energy was exactly coming from that mountain range.

Without any hesitation, he flew towards the mountains.

The closer he got to the mountain range, the more abundant the spiritual energy became.

There were quite a few elders cultivating on the mountains or in the valleys.

When he reached the center of the mountain range above, he was shocked by the scene below.

Looking down, those towering mountains seemed to form an Eight Trigram.

The two winding rivers in the middle resembled the Yin Fish and Yang Fish.

The surrounding mountains corresponded exactly to the various trigrams on the Eight Trigram.

Heaven, Earth, Mountain, Swamp, Wind, Lightning, Water, Fire.

Qian, Dui, corresponded, Zhen, Xun, Kan, Gen, Kun.

Yang Luo looked down at the mountains below, feeling a trace of Daoist charm.

Mysterious and beyond words.

Yang Luo was quite astonished.

What place is this?

Why would these mountains form an Eight Trigram?

Could it be naturally formed?

Just then.

A voice came from below.

“Who is the Daoist friend above?”

“May I ask if the Daoist friend is here to cultivate or for some other matter?”

“Please come down and talk!”

Seeing this, quite a few elders were alarmed and looked toward Yang Luo.

Yang Luo no longer stayed in the air, but flew down and landed on a high mountain in the center.

When they clearly saw Yang Luo’s appearance.

Someone suddenly exclaimed: “Yang Heavenly Venerate?!”

“Which Yang Heavenly Venerate?”

Someone asked in confusion.

The person who recognized Yang Luo, shaking with excitement and breathing hurriedly.

Taking a deep breath, he said: "Of course, it's the Yang Heavenly Venerate who has recently been prominent, participating in the battles of the Purple Cloud Sect, Divine Wood Cliff, and Ten Thousand Immortals Mountain!

I observed the battle at Ten Thousand Immortals Mountain not long ago, I definitely wouldn't mistake him!

He is one of the first Heavenly Prides of the two major realms in the Immortal World, the formidable figure of our era, Yang Luo, Yang Heavenly Venerate!"

"What?!"

He is Yang Heavenly Venerate?!"

"Oh my god, is Yang Heavenly Venerate really that young?!"

"To reach Heavenly Immortal at such an age, isn't that too unbelievable?!"

"It is said that newly risen Heavenly Immortal, Ancient Tuo Zen Master, and veteran Heavenly Immortal Nine Yang Immortal Venerable were both slain by Yang Heavenly Venerate!"

All present shouted in amazement, looking at Yang Luo with eyes full of awe and admiration.

Suddenly, the thousands of elders cultivating in the valley and on the mountain top were alerted and flew over.

“We were unaware of Yang Heavenly Venerate’s arrival, our apologies for not receiving you from afar!”

“Greetings to Yang Heavenly Venerate!”

Over a thousand elders kneeling on one knee, showing utter respect and reverence.

“Uh...”

Yang Luo opened his mouth, unable to help but feel both amused and helpless.

He hadn’t expected his reputation to be so significant now, to the point of being worshipped by so many.

He raised his hand and said, “There is no need for such formalities, please rise!”

“Thank you, Yang Heavenly Venerate!”

All the elders in attendance got up one after another.

Someone plucked up the courage to ask: “May I ask why Yang Heavenly Venerate is here?”

Yang Luo replied: “I was just passing by and noticed that the arrangement of the mountains and rivers here is quite peculiar, resembling the Connate Eight Trigrams, so I decided to stop and observe.”

The person said with a smile: “Yang Heavenly Venerate, this place is known as ‘Eight Trigrams Mountain,’ and is considered one of the most mystical places in Penglai Immortal Island.

Because this place is rich in spiritual energy and filled with Daoist charm, many elders often come here to cultivate.”

“Oh...

So this place is called Eight Trigrams Mountain.”

Yang Luo suddenly nodded in realization, then asked: “Are these mountains and rivers naturally formed?”

An elderly person respectfully replied: “Yang Heavenly Venerate, the Eight Trigrams Mountain has existed since a long time ago.

It should be naturally formed, however, some say it was man-made.

It’s said that someone deliberately moved the mountains to form the Eight Trigrams.

But I am not very clear on the specifics.”

“I see.”

Yang Luo nodded.

No matter whether it is natural or man-made, it is enough to prove that this place is extraordinary.

He plans to cultivate the ‘Chaos Destruction Skill’ here.

After all, the ‘Chaos Destruction Skill’ he is cultivating also involves the Heaven and Earth Great Dao transforming everything into Tai Chi, which subtly matches this place.

If he cultivates here, perhaps the ‘Chaos Destruction Skill’ can reach a higher level.

After finishing his cultivation, he will then head to the Taowu Family.

With this thought.

Yang Luo smiled faintly and said, “Everyone, I plan to cultivate here for a few days, you don’t need to mind me, just find your own places to cultivate.”

“Yes, Yang Heavenly Venerate!”

The crowd bowed and bent over, still very respectful.

Yang Luo did not pay any further attention to the crowd, but sat down in a meditative pose and began Cultivation and Enlightenment.

Unknowingly, Yang Luo entered a meditative state.

“Unexpectedly, Yang Heavenly Venerate is so kind-hearted, much better than those other aloof Heavenly Immortals!”

“Being able to cultivate alongside Yang Heavenly Venerate is truly our honor!”

“Later we can tell our friends that we’ve cultivated with Yang Heavenly Venerate, they will definitely be jealous to death!”

The crowd whispered among themselves, not leaving immediately, and stood in the distance to watch Yang Luo cultivate.

While the crowd was discussing.

Yang Luo began to activate the ‘Chaos Destruction Skill’.

He slowly lifted his arms, tracing mysterious paths in the air.

The watching crowd was amazed.

After a while.

Yang Luo flipped his hands, a Yang Fish pattern appeared on the palm of his right hand, and a Yin Fish pattern appeared on the palm of his left hand.

Then, he brought his hands together, right palm facing down, left palm facing up, and between his palms a Tai Chi Painting emerged.

The Tai Chi Painting slowly rotated between his palms, dumbfounding everyone present.

“Creating Tai Chi within the palms, how profound!”

“What cultivation techniques is Yang Heavenly Venerate performing, why can’t we understand it?”

“Hehe, if you could understand, then you too could step into being a Heavenly Immortal, and not stuck at Perfected Earth Immortal!”

“Let’s go, let’s not disturb Yang Heavenly Venerate’s cultivation!”

After watching for a while, the crowd gradually dispersed and continued their cultivation in other valleys and mountain tops.

Time in cultivation passes quickly.

In the blink of an eye, a week had passed.

At sunset one week later.

The whole Eight Trigrams Mountain was quiet, everyone was deeply immersed in their cultivation.

But just then.

The Eight Trigrams Mountain within a few hundred miles suddenly began to shake

Chapter 2362: The Secret!

Boom boom boom!

At first, it was just a gentle tremor, but gradually, the entire Eight Trigrams Mountain began to shake more intensely!

“What’s happening, why is Eight Trigrams Mountain suddenly shaking?!”

“Could it be an earthquake?!”

“No, it seems like the commotion has been caused by Yang Heavenly Venerate!”

Every cultivator practicing in the Eight Trigrams Mountain was startled.

All the cultivators flew to the several tall mountains near where Yang Luo was and looked towards him.

They could see Yang Luo emitting a blinding golden light that illuminated the entire heaven and earth.

In front of everyone’s eyes.

Yang Luo once again raised his arms, tracing mysterious and profound trajectories in the air.

And with the movement of Yang Luo's arms, the heavens, mountains, earth, forests, and rivers within dozens of miles were all trembling!

Crash!

Huge waves surged in the rivers!

The Cloud Sea above the sky also started churning!

It was as if the vast heaven and earth were trembling and resonating with Yang Luo's every breath and movement of his arms!

Even the mutated beasts around were so frightened that they were prostrating on the ground, looking at Yang Luo with a face full of terror!

Most of these mutated beasts had awakened their intelligence and had a strong sense of danger!

They could feel that this human cultivator was extremely terrifying!

"Yang Heavenly Venerate's cultivation and enlightenment are so intense that they resonate with heaven and earth, and all things tremble.

It's too frightening!"

An elder exclaimed with emotion.

The other people present were also amazed.

After a while.

Yang Luo's palms once again revealed the patterns of the Yin Fish and Yang Fish.

Then, he clasped his hands together again.

The Golden Tai Chi Diagram evolved and started to slowly rotate between his palms.

An ancient character for "Dao" also condensed behind him.

Several minutes later.

Yang Luo held the Tai Chi Diagram in his hands and fiercely thrust it into the sky!

The Tai Chi Diagram flew into the sky, where it substantially enlarged to over two thousand feet, radiating dazzling golden light!

Inside it, phenomena such as the sun, the moon, and the stars, heaven and earth, mountains and rivers, lakes and seas, flowers and bugs, birds and beasts all evolved!

Burst after burst of grand and vast energy surged out from the Tai Chi Diagram, causing everyone present to shiver all over!

After the Tai Chi Diagram flew high into the sky!

Yang Luo's body shook as he mobilized the nine-colored attribute power within his body!

Boom boom boom!

Nine beams of energy, each flashing with different colors, soared into the sky and entered the Tai Chi Diagram!

As the nine attributes power entered, the Tai Chi Diagram expanded once again, multiplying the energy it was releasing by several times!

However, this was not the end.

Yang Luo continued to mobilize the Divine Beast Essence Blood and Evil Beast Essence Blood within his body.

“Roar!”

“Screech!”

“Roar!”

“Howl!”

Accompanied by four roars and cries!

The Vermillion Bird, Black Tortoise, Taotie, and Hundun burst forth from Yang Luo’s body and flew towards the Tai Chi Diagram!

This time, the two Divine Beasts and two ferocious beasts no longer repelled each other but merged into the Tai Chi Diagram!

The Vermillion Bird and Black Tortoise merged into the Yang Fish!

The Taotie and Hundun merged into the Yin Fish!

The Tai Chi Diagram suddenly expanded by another three thousand feet!

And then

“Roar!”

“Howl!”

The White Tiger and Qiongqi also flew out from his body, soaring into the sky!

However, after struggling for a while, the White Tiger and Qiongqi entered the Tai Chi Diagram as well!

The White Tiger merged into the Yang Fish, while the Qiongqi merged into the Yin Fish!

The Tai Chi Diagram continued to expand, growing more than three thousand feet, overshadowing the sky, with a pressure that dominated the world!

At this moment,

the Taiji Painting not only integrated the power of the nine attributes but also fused with the three Divine Beasts: the White Tiger, the Vermilion Bird, and the Black Tortoise!

As well as the three ferocious beasts: the Taotie, the Hundun, and the Qiongqi!

Boom boom boom!

The vast range of hundreds of miles of Eight Trigrams Mountain, the Cangqiong, the land, the rivers and mountains, the jungles, the rivers, and more were shaking even more violently!

“Good heavens, what kind of cultivation techniques is Yang Heavenly Venerate practicing, to be so terrifying?!”

“The three Divine Beasts and three ferocious beasts have all merged into the Taiji Painting!”

All the people present exclaimed in shock.

“I’ve seen Yang Heavenly Venerate use this technique before in the great battle at Ten Thousand Immortals Mountain, where he used it to slay the Nine Yang Immortal Venerable!

However, at that time Yang Heavenly Venerate could only integrate the Vermilion Bird, the Black Tortoise, the Hundun, and the Taotie!

But unexpectedly, Yang Heavenly Venerate has now also integrated the White Tiger and the Qiongqi!”

Elders who had witnessed the battle at Ten Thousand Immortals Mountain cried out in astonishment.

However, what astounded everyone was that Yang Luo had not stopped!

One after another, even more violent auras and pressures spread out from within Yang Luo!

The next second!

“Roar roar!”

Accompanied by two clear dragon roars!

The Holy Dragon and the Azure Dragon burst forth from within Yang Luo’s body, flying towards the Taiji Painting!

But as the Holy Dragon and the Azure Dragon came close to the Taiji Painting, they faced strong resistance and were unwilling to merge into it!

Yang Luo's brow furrowed, his hands suddenly came together as he shouted in his heart!

"Merge!"

But just when the Holy Dragon and the Azure Dragon were about to merge into the Taiji Painting!

Boom boom boom!

The whole Taiji Painting, along with the Holy Dragon and the Azure Dragon, exploded in the air!

This explosion was terrifying to the extreme!

It was as if a golden sun had exploded in the sky!

Various types of energy and light spread out from the explosion towards all directions!

"Retreat quickly!"

"Hurry!"

All the elders watching from a distance screamed out, while they conjured up their defenses and retreated!

But, the energy produced by the explosion was still terrifyingly strong, blasting many people away!

However, the mountains in this area suddenly started flickering with blinding light!

On the face of every mountain, ancient characters and runes appeared!

The vast energies and light that crashed into these mountains were all blocked, seemingly unaffected!

“Eh...

What’s going on?

Why are there characters and runes on the mountain walls?”

“How come we didn’t see any characters or runes on the mountain walls before?”

“Could it be that Yang Heavenly Venerate’s cultivation and enlightenment are causing these miraculous scenes to appear on Eight Trigrams Mountain?”

The crowd was astonished and looked towards those mountains.

“Phew...”

Yang Luo also exhaled a breath of turbid air and opened his eyes.

It has to be said that cultivating and seeking enlightenment here is indeed very helpful.

It’s just a pity that for now, the Taiji Painting can only integrate the nine attributes, the three Divine Beasts, and the three ferocious beasts.

It seems that I must continue to study the Chaos Destruction Skill.

“Yang Heavenly Venerate, look quickly, there seem to be characters and runes on the mountain walls!”

“Yes, these characters and runes are too ancient, we can’t understand them, can you?”

Upon noticing Yang Luo’s awakening, everyone present voiced out.

Yang Luo stood up and looked at the glowing ancient characters and runes on the mountain wall, his face also full of surprise!

Who left these ancient texts and runes behind?

After looking for a while, Yang Luo shook his head and said, “These ancient characters and runes are too old, I can’t understand them either.”

But, after just a short time,

the glowing ancient characters and runes on the mountain wall disappeared.

All the mountains returned to their original state, as though nothing had happened.

“They’ve disappeared, just like that!”

“It seems that Eight Trigrams Mountain is hiding secrets!”

The surprised looks on people’s faces grew even stronger.

Chapter 2363: A Formidable Enemy Approaches!

Yang Luo’s eyes were also filled with shock.

This Eight Trigrams Mountain is indeed not simple!

Could it be that this Eight Trigrams Mountain is naturally formed?

If it was made by someone, then who could it be?

Could it have been created by a powerful predecessor from Ancient Times?

Just like the Immortal Furnace Mountain in the Kunlun Ruins?

Everyone present was also puzzled and confused.

Yang Luo and the others had not yet recovered from their shock.

Suddenly!

Boom!

A thunderous roar suddenly sounded from the distant horizon!

“Huh?

What’s going on?”

“Why is there a loud noise coming from the sky far away?”

“Is it thundering?”

All the people present looked towards the distance.

Yang Luo also looked towards the distance.

It was at that moment when Yang Luo and others looked over.

Boom!

Three massive void caves exploded in front of the setting sun!

Brilliant and dazzling light burst forth from the three void caves, absolutely stunning!

Within one of the void caves, flames of nine colors were burning, and phantasms of humanoid figures with wings on their backs were shuttling through!

In the second void cave, golden light flickered, and phantasms of humanoid figures in golden armor towered, with various mutated beasts flying around!

In the third void cave, darkness enveloped, demonic qi raged, and numerous demons stood tall, with countless demons running rampant!

A surge of majestic and vast divine might and demonic power spread out from the three void caves, sweeping the heaven and earth for hundreds of miles!

“This...

what is this situation, such powerful might and aura!”

“Could it be that another Heavenly Immortal has come?!”

“Only Heavenly Immortals can traverse the void; looking at the current situation, it indeed seems like Heavenly Immortals have arrived, and not just one!”

“Which Heavenly Immortals might have come?”

“Why have the Heavenly Immortals all come here?!”

All the cultivators present began discussing loudly in astonishment and confusion.

Yang Luo was staring tightly at the three void caves, with his eyebrows tightly furrowed.

The oppressive aura and presence made him feel something familiar.

After a while.

Clang, clang, clang!...

A series of footsteps resounded from the three void caves!

With each step taken, the vast heaven and earth trembled!

The over a thousand cultivators present felt like their hearts were being struck by a heavy hammer, trembling all over, breathing rapidly, and sweating profusely!

Yang Luo, however, was not greatly affected and kept his gaze fixed on the three void caves!

Soon, three figures emerged and appeared on the distant horizon.

The three that came out were men.

The first man was of a slender and tall stature, wearing a pure white robe, with silvery-white long hair, a handsome face, and six pairs of white wings fluttering gently behind him, holding a silver-white long spear, looking utterly holy.

The second man was burly and tall, clad in golden armor covering his entire body, shining with divine light, holding a golden long sword in his hand.

The third man had a robust figure, holding a black halberd, dressed in black armor with rolling demonic qi rampaging, the armor emitting a chilling light.

Just standing there, the three men exuded a feeling of towering majesty, dominating everything under heaven.

“Strange, who are these people, and why are their attire and appearance so odd?”

“Since when did Penglai Immortal Island have these three peculiar Heavenly Immortals?”

“Could they be Heavenly Immortals from the Kunlun Ruins?”

The cultivators present trembled as they looked at the three men.

However, upon seeing these three men, Yang Luo was suddenly shocked!

These three were not cultivators, but gods and demons!

Having previously slain gods and demons, he naturally understood them well!

Yang Luo asked with a resonant voice, “Are you folks from the Holy Light Church, Heavenly Universe Divine Clan, and the Dark Demon Clan?”

“Exactly!”

The man in the white robe nodded and declared loudly, “I am the ‘Blazing Angel’ from the Holy Light Church!”

“I am the ‘Hundred Battle Heavenly God’ from the Heavenly Universe Divine Clan!”

“I am the ‘Bushi Sky Demon’ from the Dark Demon Clan!”

The men in golden armor and black armor also declared loudly.

“Holy Light Church, Heavenly Universe Divine Clan, Dark Demon Clan, what kind of clans are these?”

“Why haven’t I heard of them before?”

“These three guys are so strange, their aura is completely different from ours!”

The elders present became even more puzzled, unable to understand who these three people were or where they had come from.

Yang Luo narrowed his eyes and said, “It really is you!”

Although his facial expression did not change, his heart was overwhelmed by a storm.

How did these guys find Penglai Immortal Island?

Moreover, did these guys actually attack Earth?

Has something happened in the secular world now?

If something really happened, why didn't my master and Master Xuanku come to notify me?

Moreover, by sensing the aura of these three people!

He could tell that the Blazing Angel and Hundred Battle Heavenly God were actually Mid-stage Heavenly Immortals, while Bushi Sky Demon was an Early Stage Heavenly Immortal!

Suddenly, three Heavenly Immortals had arrived!

During Yang Luo's moment of distraction!

The Hundred Battle Heavenly God said coldly, "Kid, back then you led people to annihilate twenty-one gods and demons from our three major clans, including the ones we left on Earth!

This grudge, we three clans have always remembered it!

Today, we're here just to send you on your way!"

The Bushi Sky Demon said fiercely, "Kid, we know you are powerful, your strength rivals our Heavenly Gods and Heavenly Demons!

But, the three of us together today, will undoubtedly ensure your death!"

Hearing the two's words.

The present elders all turned to look at Yang Luo.

"Yang Heavenly Venerate, are these three your enemies?"

Someone asked in surprise.

“Hmm.”

Yang Luo nodded.

Everyone shuddered, clearly not expecting that Yang Luo’s enemies would come to kill him, and they were three Heavenly Immortals.

The Blazing Angel gazed at Yang Luo with an indifferent expression, “Don’t even think about calling for help, today you must die!”

Saying this, the Blazing Angel waved his hand!

In an instant!

The space for hundreds of miles around fluctuated and twisted!

It was as if an invisible barrier enveloped hundreds of miles, covering the entire area!

Yang Luo glanced around, spread his divine sense to the maximum, yet he couldn’t sense anything outside at all!

The Blazing Angel taunted, “Kid, no need to test anymore, I have already isolated this place from the outside world!

Whatever happens here, the outside world will not know, and you won’t be able to contact the outside either!”

“Unable to contact the outside?!”

“Is this true?!”

The crowd was half in doubt, and they all took out their communication jade talismans trying to contact the outside world.

“It’s over, we really can’t get through!”

“Who exactly is this guy, how does he have such ability!”

Everyone was scared, their faces filled with a look of panic.

“Hehe...”

Just then, Yang Luo suddenly started laughing.

“Kid, what are you laughing at?”

The Blazing Angel furrowed his brow.

Yang Luo looked at the three coldly and asked, “Do you really think that you three can kill me?”

Chapter 2364: Send Him on His Way!

The Hundred Battle Heavenly God teased with a smile, “Kid, we know you’re strong, you’ve even slain two Heavenly Immortals not long ago.

But, no matter how strong you are, you’re only stronger than an average Early Stage Heavenly Immortal.

And us, we have two Mid-stage Heavenly Immortals and one Early Stage Heavenly Immortal.

What can you do to us?"

Upon hearing this.

Yang Luo slightly squinted his eyes, "So you have witnessed the grand battle at Ten Thousand Immortals Mountain not long ago!"

"That's right!"

The Bushi Sky Demon said gloomily, "If it weren't for someone helping you at that time, we would have made our move earlier, and would not have let you live until now!"

"If that's the case, then there's no need for further talk, let the battle commence!"

Yang Luo stomped his foot down, making the mountain tremble, and charged right into the high sky!

"Dragon Emperor Sword!"

Accompanied by a thunderous shout!

The Dragon Emperor Sword flew out from his storage ring, now gripped in his hand!

"Yang Heavenly Venerate, let us help you deal with these three fellows!"

"Even though our cultivation and strength are not as great as yours, we can at least offer a little help!"

The elders present all drew their weapons, wanting to help.

Yang Luo raised his hand and said, "Thanks for your kind intentions, but these three are not simple, you are no match for them!"

You should stay here and not wander around!

This Eight Trigrams Mountain has strong defense, it will be safer for you here!

As for these three fellows, leave them to me!"

Having said that, Yang Luo's body shook!

Spirit surged, battle power unleashed!

Multiple Physiques Secret Techniques such as 'Undying Golden Body,' 'Invincible Sword Body,' 'Flame Emperor Combat Body,' 'Divine Dragon Tyrant Body,' and more were all activated!

At that moment!

Yang Luo's body shone with brilliant gold, his huge sword towering, flames raging, a giant dragon coiling around him, tyrannical beyond measure, his aura swallowing the world!

Immense and vast pressures and auras spread out, sweeping across all directions of heaven and earth!

Rumble rumble rumble!

The cangqiong and the land within tens of miles started to shake violently, as if a tremendous earthquake had been triggered!

He had some understanding of his own strength!

Early Stage Heavenly Immortals were simply no match for him!

Even Mid-stage Heavenly Immortals could be suppressed by him!

However, he was now facing two Mid-stage Heavenly Immortals and one Early Stage Heavenly Immortal!

To suppress these three, he could not hold back, he must fight with all his might!

The Blazing Angel proclaimed loudly, “Send him on his way!”

“Very well!”

The Hundred Battle Heavenly God and the Bushi Sky Demon responded thunderously.

The very next second!

Boom boom boom!

A white beam of light, a golden beam of light, and a black beam of light erupted skyward from the three of them!

Great swathes of the Cloud Sea were dispersed, and vast areas of the void were penetrated!

Pressures and auras like mountain collapses and tsunamis spread from within the three of them!

The heaven and earth within a hundred miles began to tremble along with it!

“Kill!!!”

The Blazing Angel, the Hundred Battle Heavenly God, and the Bushi Sky Demon roared simultaneously, turning into three streaks of light, charging toward Yang Luo!

Yang Luo also moved, like a golden bolt of lightning, streaking across the sky, heading for the three of them!

As soon as Yang Luo began fighting with the three angels!

The elders present felt their hearts leap to their throats, their faces turned pale with fright, and they broke out in cold sweat!

“What do we do now, do we really not help?”

Someone asked.

“This is a battle between Heavenly Immortals, not something we can just interfere with.

Let’s wait and see how things go!”

Someone replied.

The others also nodded, not acting rashly.

Although they wanted to help, they also had to weigh their own strength!

Just at this moment!

Yang Luo and the three had already closed the distance!

The Blazing Angel, Hundred Battle Heavenly God, and Bushi Sky Demon swung their Immortal Weapons simultaneously, striking towards Yang Luo!

“Angel Spear!”

“Judgement Sword!”

“Life Destruction Demon Halberd!”

The massive spears and swords over two thousand zhang long tore through Heaven and Earth, rupturing the Void, unleashing overwhelming divine power!

The colossal black halberd over a thousand zhang long collapsed a swath of the sky, erupting with towering demonic power!

Yang Luo did not dodge or retreat but instead struck out with all his might using his sword!

“Arrogant Sword Scripture!”

Whoosh!

The immensely large golden sword, carrying magnificent sword might and boundless sword intent, cleaved down heavily!

In an instant!

Boom rumble!

Series of earth-shattering collision sounds erupted, shaking the whole universe and causing the Eight Directions to tremble!

Waves of vast and boundless energy and light spread out, washing over every direction!

Large patches of the Void were torn apart, revealing dense pitch-black fissures!

However, when this surge of light and energy collided with the Eight Trigrams Mountain!

The Eight Trigrams Mountain shimmered with dazzling radiance once more, forming a huge light shield, enveloping the surrounding mountains within it!

Above the light shield, numerous ancient characters and runes flowed, incomprehensibly profound!

Boom rumble!

The energy and light smashed against the light shield, exploding with the sound of thunder rolling in the distance!

Under this collision!

Yang Luo and the three people like Blazing Angel were simultaneously shaken and sent flying backward!

Only after flying hundreds of meters out did both sides manage to stabilize their bodies!

The Blazing Angel spoke coldly, "This lad is indeed extraordinary.

To slay him, we must not be careless or hold back!"

"Understood!"

Both the Hundred Battle Heavenly God and the Bushi Sky Demon responded in agreement.

Then, the Blazing Angel vibrated his wings sharply and bellowed out loud!

“Divine Flame Burning World!”

In the blink of an eye!

Nine-colored flames burst forth from within him, turning into a sea of nine-colored fire, surging towards Yang Luo!

This fire wasn’t ordinary flames, but true Divine Flame, extremely hot, capable of burning the Physical Body and Essence Souls of gods!

Everywhere the fire sea passed, large swaths of the Void were burned open, with grass and trees turned to ashes on the ground!

The water in the rivers was boiled until turbulent, evaporated massively, spewing up plumes of white mist!

“Supreme Sword Sea!”

The Hundred Battle Heavenly God wielded his sword!

Swoosh swoosh swoosh!

Countless golden swords filled with swelling divine power turned into a vast sea of swords, surging towards Yang Luo!

“World Annihilation Demon Sea!”

The Bushi Sky Demon stomped down from the sky!

Endless demonic power and demonic qi spread from within him, turning into a black sea of energy light, flooding towards Yang Luo!

The onslaught from the three like the Blazing Angel was incredibly terrifying, as if they intended to destroy and obliterate everything!

“These three guys are indeed not simple, with Yang Heavenly Venerate alone battling these three, he might lose!”

“The strength of Yang Heavenly Venerate is not weak either, it is still uncertain whether he will lose to these three fellows!”

“But after all, Yang Heavenly Venerate is just an Early Stage Heavenly Immortal!”

The spectators from afar clenched their fists, their hearts racing, anxious and apprehensive.

Seeing the onslaught of fire sea, sword sea, and demon sea coming forth!

Yang Luo, without any hesitation, wielded his sword!

The sky full of golden flying swords also turned into a sea of swords, rushing upwards!

Moreover, he also mobilized the ice power, lightning power, and fire power within him, bursting forth!

A sea of golden-red fire, nine-colored Thunder Sea, and Blue-Gold Ice Sea contended with torrential momentum, smashing upwards!

In that instant!

Boom rumble!

Boom rumble!

The sounds of impact and explosions echoed incessantly, resonating in all directions!

Large swathes of light, flames, lightning, ice, and demonic qi merged into one, charging towards the Jiutian and plowing into the Earth!

Chapter 2365: Bloodthirsty Demon!

The sky above exploded into a gigantic void cave, like a black hole ready to devour everything!

The mountains below were also collapsed by the impact, and the ground was blasted into abyssal pits!

Although the attacks of the three Blazing Angels were ferociously powerful, they were forcibly blocked by Yang Luo!

The face of the Blazing Angel darkened as he waved his hand!

“Divine Flame Fire Wheel!”

A massive light wheel over two thousand zhang in size, burning with nine-colored flames, swept down like a covering the sky and crushing towards Yang Luo!

As the light wheel descended, streams of nine-colored Fire Waterfall surged down, aiming to exterminate Yang Luo and burn him to ashes!

“Slaying God Sword!”

The Hundred Battle Heavenly God raised the sword in his hand, letting out a thunderous roar!

A gigantic golden sword over two thousand zhang in size tore through the sky, bursting with undying divine light, thrusting viciously towards Yang Luo!

“Chaotic World of Demons!”

The Bushi Sky Demon also waved his hand, letting out a roaring shout!

“Roar roar roar!”

Accompanied by the roar of screams and howling!

Tens of thousands of armored Demon Soldiers and Demon Generals, along with demons, attacked from all directions, pouncing toward Yang Luo!

The onslaught of the three became even more ferocious and ruthless, vowing not to stop until Yang Luo was slain!

Facing the terrible assault of the three!

Yang Luo stood proudly in the sky, his blood essence power boiling within him, roaring out loud!

“Holy Dragon, Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise, Taotie, Hundun, Qiongqi!”

“Roar roar roar!”

Accompanied by earth-shaking roars!

Eight great phantoms rose toweringly, colliding with all directions!

Clang, clang, clang!...

Boom, boom, boom!...

The sounds of collisions and explosions were ceaseless, traveling ten li, a hundred li away, stirring the hearts of all who heard!

Large swathes of light and energy spread from the explosions, like floodwaters breaching a dam or an erupting volcano, raging and turbulent!

At this moment.

The area where Yang Luo was located had been enveloped by all sorts of energy and light, with a murderous aura swirling around, where one misstep could lead to certain death!

But, Yang Luo withstood the impact of energy and light, blocking it all with multiple layers of physique secret techniques!

“Don’t give him any time to breathe, gang up on him!”

The Blazing Angel shouted coldly, and with a fierce flap of his six pairs of wings, he rushed towards Yang Luo with the speed of lightning!

The Hundred Battle Heavenly God and Bushi Sky Demon also turned into two streaks of light, charging towards Yang Luo!

As they closed in!

The three simultaneously swung their black spears, long swords, and halberds!

Rumbling!

The three giants tore through the sky, collectively cleaving down at Yang Luo!

Yang Luo was fearless and brandished his sword in anger to meet the attack head-on!

Whoosh!

The golden sword cut through the layers of the void, relentlessly slashing towards the three!

Clang clang clang!

The four great weapons collided heavily, sparks flying, energy surging!

As the three Blazing Angels wielded their weapons, forcefully suppressing Yang Luo, they did not pause, continuing their fierce assault!

Streams of nine-colored flames burst forth from the body of the Blazing Angel, rushing towards Yang Luo!

Golden Heaven Suppressing Divine Chains shot out from the body of Hundred Battle Heavenly God, like giant dragons, sweeping upwards!

A barrage of Dark Demonic Light shot out like lasers, striking densely!

Flames wildly burned Yang Luo's body!

The divine chains wound around Yang Luo's limbs and body, binding and rendering him immobile!

The demonic light struck Yang Luo's body like a dense rain of arrows!

Peng peng peng!

A massive explosion of light and energy burst upon Yang Luo's body, horrific in its intensity!

The multiple layers of Yang Luo's physique secret techniques were destroyed and shattered into pieces!

Even his formidable physical body tore open with cracks, blood spurting out!

Moreover, the three summoned their respective Dharma artifacts!

"Burning Sky Fire Seal!"

"Burial God Tablet!"

"Undying Demon Bell!"

A huge seal burning with nine-colored flames crashes down towards Yang Luo!

A golden Heavenly Stele bursts forth with dazzling divine light, pressing down!

A Demon Bell quivers violently, unleashing wave after wave of sound, surging forward!

"Not good, Yang Heavenly Venerate is in danger!"

"Quick, help him out!"

The faces of the more than a thousand elders on Eight Trigrams Mountain change dramatically as they simultaneously mobilize the energy within their bodies, launching a fierce attack on the three Blazing Angels!

Over a thousand attacks streak across the sky, like immortal rainbows, bombarding their way!

“A bunch of ants trying to shake the gods!

Truly overestimating yourselves!”

The Blazing Angel bellows, as the six pairs of wings on his back violently flap!

Waves of nine-colored flames burst forth, colliding with the over a thousand attacks!

Boom!

Boom!

Boom!

An earth-shattering explosion resounds, shocking the Nine Heavens and Ten Earths!

The attacks launched by the more than a thousand elders are forcefully blocked!

The Hundred Battle Heavenly God says fiercely, “Let’s kill this brat first, then we’ll deal with you all!”

Before the voice even falls!

Yang Luo's body shakes, and he lets out a thunderous roar!

"Nine Heavens, Dragon's Fury!"

"Roar!"

Roar!

Roar!"

Nine colossal golden dragons, each over two thousand zhang long, roar out, colliding with the three!

Boom!

Boom!

Boom!

The attacks unleashed by the three are continuously shattered!

The three Dharma artifacts they sacrificed are also sent flying away!

"Heaven and Earth Dharma Idol!"

Yang Luo roars out again.

A towering giant over two thousand zhang tall, holding a long sword, rises up, unmatched in this world!

"Slash!"

Yang Luo grips the Dragon Emperor Sword with both hands and ferociously strikes forward!

The Dharma Idol towering above him also slashes down with a forceful and heavy sword strike!

The two swords overlap, morphing into an even more immense giant golden sword, furiously slashing down!

“Be careful!”

The Blazing Angel cries out in alarm, gathering a nine-colored Flame Gang Shield for defense!

The Hundred Battle Heavenly God conjures up Protective Divine Light!

The Bushi Sky Demon conjures up Protective Demonic Light!

But, no matter how strong the defense of the three is, they seem unable to withstand this furious sword strike!

Boom!

Boom!

Boom!

The Flame Gang Shield, Protective Divine Light, and Protective Demonic Light are all completely shattered!

“Arghhh...”

The three let out a painful cry, simultaneously sent flying backward!

All three of them have a slash over twenty centimeters long cut across their chests, skin peeled back, flesh turning outward, and blood spraying into the air!

“Roar!”

Yang Luo lets out a fierce roar, like a rampaging dragon, like a bloodthirsty demon, powerful and overwhelming!

He leads his own Dharma Idol, breaking through a tide of energy light, rushing into the fray!

“My God, Yang Heavenly Venerate is too strong, he’s actually forcefully breaking away from the suppression of these three individuals!”

“Did you guys feel it?”

Yang Heavenly Venerate’s aura and combat strength seem to have increased again!”

“Could it be that Yang Heavenly Venerate can really defeat these three?!”

The distant elders exclaim in shock, clearly frightened by the scene unfolding before them.

During their retreat, the three Blazing Angels see Yang Luo charging at them!

The trio act on a thought, urging their own Dharma artifacts, assaulting Yang Luo!

The Burning Sky Fire Seal, Burial God Tablet, and Bushi Demon Bell fly out together, unleashing a barrage of attacks!

Skies filled with flames, immortal divine radiance, and terrifying demonic light attack to annihilate everything, to break through everything!

Facing the onslaught of the three Dharma artifacts, Yang Luo remains fearless and continues to advance!

“Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, Holy Dragon Ancient Mirror!”

Accompanied by roaring!

The Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, and the Holy Dragon Ancient Mirror fly out all at once, meeting the attack head-on!

Chapter 2366: A Fierce Battle!

“Roar roar roar!”

Tens of thousands of Holy Dragon Illusions flickering with gold, black, purple, and blue lights roared forth!

A sky full of dragon talismans flew out, like a furious tide of dragon talismans, aggressively suppressing and attacking!

Even more ancient sound waves spread, and beams of starlight burst forth!

Boom boom boom!

Thunderous crashing and explosive sounds echoed together!

The offensive attacks unleashed by the Burning Sky Fire Seal, Burial God Tablet, and the Bushi Demon Bell were all annihilated!

The Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, and the Holy Dragon Ancient Mirror continued their assault, knocking those three Dharma artifacts flying away!

Seeing Yang Luo continuing to charge and kill upwards!

The Blazing Angel, Hundred Battle Heavenly God, and the Bushi Sky Demon all activated their Dharma Idols simultaneously!

A colossal six-winged Angel over two thousand zhang tall, holding a huge spear, stood towering!

A colossal Heavenly God over two thousand zhang tall, holding a huge golden sword, stood towering!

A colossal Heavenly Demon over a thousand zhang tall, holding a huge halberd, stood towering!

“Kill!!!”

The three Blazing Angels roared furiously and swung their weapons, attacking Yang Luo!

The Dharma Idols towering above them also swung the giants in their hands, hacking towards Yang Luo!

They were truly enraged, outright furious!

They never ever imagined that they, two Mid-stage Heavenly Immortals and one Early Stage Heavenly Immortal combined, would actually fail to suppress this youngster.

Instead, they were being wounded by him!

This was utterly humiliating!

“Heavenly Gods and Demons be damned, Old Man is going to slay you Heavenly Gods and Demons!!!”

Yang Luo roared wildly, leading his own Dharma Idol, and simultaneously swung the sword in his hand to face the assault!

Clang clang clang!

An earth-shattering collision detonated in the sky, shaking Heaven and Earth in all directions!

In the vast Cangqiong, the four directions of the Void continuously shattered, bursting open with dense cracks!

After one collision!

Yang Luo forcibly withstood the fierce attack of the three, continuing to lead his Dharma Idol, slashing sword after sword madly at the trio!

The three Blazing Angels were also shocked and pale, also leading their own Dharma Idols, launching a counterattack!

Clang, clang, clang!...

Boom, boom, boom!...

A series of world-shocking collisions and explosions arose one after another, shaking the vast heavens, stirring up chaos in all lands!

Yang Luo and the three Blazing Angels battled until they boiled over, battled until they went mad, exchanging injury for injury, blood for blood!

Thus, in this earth-shattering battle, Yang Luo and the three Blazing Angels were repeatedly injured, their blood spraying chaotically!

The Cangqiong and land within several dozens of li were continuously collapsing and cracking open!

The boundless Void shattered like glass, breaking unceasingly!

Apart from the tens of thousands of mountains near Eight Trigrams Mountain, which remained unaffected, the surrounding mountains collapsed in succession, blasting apart into powder!

The sight before them made everyone present shudder, sweating cold sweat!

The battle between Heavenly Immortals was too terrifying, and not something they could meddle with!

After a hundred rounds of intense battles!

The three Blazing Angels deployed their strongest moves once more!

“Angel’s Flame!”

The Blazing Angel raised the spear in his hands and let out a thunderous roar!

Instantly!

The Cangqiong within tens of thousands of meters was engulfed by nine-colored flames, the Cloud Sea was set ablaze, turning into clouds of fire, illuminating the now-darkened Heaven and Earth!

“Scorch the World!”

He swung the spear in his hands downward with a forceful press!

Rustle rustle rustle!

The restless flames, like endless heavenly fires, poured down toward Yang Luo!

This scene was too horrific, as if the ancient fire god had descended with flames, intending to burn everything in the world to ashes!

“Dusk of the Gods—Descent!”

The Hundred Battle Heavenly God raised the long sword in his hands and bellowed!

Twelve colossal gods over two thousand zhang tall stood erect, wielding giants forcibly chopping down towards Yang Luo!

As these twelve Giant Gods swung their giants, they also unleashed various terrifying killing moves!

Lightning surged, flames roiled, ice rampaged, fierce winds howled, Earth and Rocks collapsed, divine light dazzling!

“Nine Demon Transformation!”

The Bushi Sky Demon also roared, its momentum and combat power skyrocketing with every breath!

Nine giant trolls each over a thousand feet tall stood erect, each wielding various giant weapons, and attacked Yang Luo together!

Heaven and Earth shook, all around was chaos, the Void collapsed!

At this moment!

The Blazing Angels launched their terrifying killing moves, scaring all the observing elders in the distance to shiver uncontrollably, their legs going weak!

Seeing the trio's onslaught coming fiercely!

Yang Luo did not hold back either, unleashing his most powerful killing moves!

"Great Dao Dragon Diagram!"

"Twelve Shaman Primal Heavenly Art!"

In an instant!

"Roar Roar Roar!"

A Golden Dragon Totem expanded over two thousand feet, and a hundred thousand dragon illusions roared out!

The twelve Ancestral Magi from ancient times also stood tall, rushing forward in frenzy!

Moreover, the Holy Dragon, Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise, Taotie, Hundun, and Qiongqi were summoned and charged into the fray!

At this moment.

The patch of Heaven and Earth where the four stood had become a complete chaos!

All sorts of energy and light surged, dazzling and colorful, blinding and terrifying to the extreme!

All observing elders gulped, feeling like their hearts had leaped to their throats!

In a split second!

Boom Boom Boom!

A hundred thousand dragon illusions, the twelve Ancestral Magi, and the eight great illusions, collided fiercely with the offensive moves unleashed by the three Blazing Angels!

This was an earth-shattering collision, vibrating everything in the world, shaking all seas and wilderness, disturbing the Nine Heavens and Ten Earths!

In less than a few minutes!

Boom Boom Boom!

An earth-shaking explosion sounded off any moment!

Endless light and energy spread from the explosion, like a vast ocean, surging in all directions!

The downpour of nine-colored flames was scattered by the explosion!

The twelve Giant Gods were destroyed by the blast!

The nine giant trolls were blown to smithereens!

On Yang Luo's side!

Over ten thousand dragon illusions, the Holy Dragon, Azure Dragon, Taotie, and the four Ancestral Magi were not yet dispersed by the explosion!

“You want to kill me, huh?

Come on!!”

Yang Luo went completely berserk, like a man possessed, soaked in blood, and launched a fierce assault!

On his way charging forward!

Yang Luo unleashed another killing move!

“Primordial Dragon Transformation Skill!”

“Dragon Strength: Body Enhancement!”

Over ten thousand dragon illusions all flew into Yang Luo’s body!

Yang Luo’s aura and might, as well as his combat power, continued to soar!

His hair flew around like dragons, his black robe fluttered, muscles bulging!

At this moment Yang Luo was like a peerless war immortal, transcendent and supremely powerful!

Boom Boom Boom!

The surrounding tens of miles of Heaven and Earth trembled even more violently!

This patch of Heaven and Earth seemed no longer stable, about to collapse completely!

Seeing Yang Luo charge over like a madman!

The three Blazing Angels were so frightened that their hearts pounded furiously, their faces filled with terror!

They dared not hesitate and continued to launch ferocious attacks on Yang Luo!

But Yang Luo, leading the Holy Dragon, Azure Dragon, White Tiger, Taotie, and the four Ancestral Magi, continued to surge forward, smashing through the assaults by the three!

Even though his body was torn with wounds from the blasts, he didn't care in the slightest!

"Ahh ahh ahh..."

The three Blazing Angels were once again sent flying, blood spurting from their bodies!

This battle could only be described as brutal!

All those watching from afar were deeply shaken!

Chapter 2367: Slaying Demons!

They had never imagined that Yang Luo could actually fight to this point against three Heavenly Immortals!

Moreover, two of these Heavenly Immortals had a higher cultivation than Yang Luo!

If it were an ordinary early-stage Heavenly Immortal, they probably would have died in battle a long time ago!

Only a peerless Heavenly Pride like Yang Luo, a magnificent hero, could continue to battle fiercely until now!

“Come on, continue!!!”

Yang Luo’s back sprouted Thunderfire Wings, and with a fierce flap, he shot straight into the Jiutian!

He stood proudly in the air, gripping the Dragon Emperor Sword with both hands, and slashed down heavily at the Bushi Sky Demon nearest to him!

His idea was simple: strike to kill one first, to lighten the pressure a bit!

Swish!

It was at this moment, when his sword struck out!

Countless golden flying swords converged onto the blade, directly transforming into a colossal golden sword three thousand zhang in length, heavily cleaving down at the Bushi Sky Demon!

Seeing Yang Luo’s sword strike coming!

The Bushi Sky Demon’s face changed drastically, and he swung his huge halberd desperately to meet the attack!

A giant halberd over a thousand zhang long tore through Changkong, cleaving towards the descending golden sword!

Clang!

The huge sword and the huge halberd collided fiercely, bursting out with a sky-shattering explosive noise!

The surrounding Void crumbled to pieces in an instant!

But, to the Bushi Sky Demon's horror, he couldn't withstand Yang Luo's sword at all, being pressed down continuously!

With panic in his heart, he continued to burst out with the magic power within his body, roaring out loud!

"Devil Swallowing Heaven and Earth!"

In the blink of an eye!

Dark clouds rolled overhead, and the wind howled fiercely!

A monstrous Demon beast opened its gaping maw and lunged to swallow Yang Luo!

Yang Luo, with the sword in his right hand, suppressed the Bushi Sky Demon, and with his left hand he lifted towards the sky!

"Chaos Slaughter Array Map!"

In the blink of an eye!

A golden array map condensed in the palm of his hand!

The center of the array map was engraved with a majestic dragon head, with formation patterns and runes flashing around it, shining brightly!

"Annihilate!"

Accompanied by a thunderous roar!

Yang Luo fiercely pushed with his left hand!

The array map soared into the sky, expanding to over two thousand zhang in the wind, colliding with the colossal beast above!

In a moment!

Boom!

The array map and the Demon beast both exploded in the sky!

The surging energy and light turned into rolling waves, spreading out!

The Blazing Angel and Hundred Battle Heavenly God in the distance saw this and immediately began to crazily mobilize the divine power within their bodies, launching an attack on Yang Luo!

A series of aggressive moves came rushing in, seemingly intent on Destroying Heaven and Earth!

Yang Luo did not bother with the two, but with a thought in his mind!

The Holy Dragon, Azure Dragon, White Tiger, Taotie, and the four Ancestral Magi madly rushed towards them!

Clang clang clang!

Boom boom boom!

The sounds of collision and explosions followed in close succession!

The attacks unleashed by the Blazing Angel and Hundred Battle Heavenly God were all destroyed!

The Holy Dragon, Azure Dragon, White Tiger, Taotie, and the four Ancestral Magi that rushed up also all exploded in the sky!

Yang Luo, seizing this instant, gripped the Dragon Emperor Sword with both hands, calling upon all his energy, and madly slashed towards the Bushi Sky Demon!

Only a resounding “clang” was heard!

The huge halberd in the hands of the Bushi Sky Demon was directly knocked flying!

Boom boom boom!

Seeing the golden sword continue to bear down heavily!

The Bushi Sky Demon was completely frightened out of his wits!

He quickly gathered layers of defenses to block!

But he couldn't hold at all, as Yang Luo's sword shattered one defense after another!

“Die for me!!!”

Yang Luo let out a ferocious roar, seething with Killing Intent, and continued to slash downward!

“No!!!”

The Bushi Sky Demon screamed in terror, trying to withdraw and flee, but it was already too late!

“Quick, save him!”

“Hurry!”

The Blazing Angel and Hundred Battle Heavenly God roared, rushing over here!

They launched a series of powerful moves, attacking Yang Luo!

Boom boom boom!

Yang Luo endured the fierce attacks of two opponents, his body exploding in blood and flesh, but his eyebrows didn't even twitch!

The Bushi Sky Demon was determined to kill, and no one's help would make any difference!

The next moment!

Pfft!

The huge golden sword cleaved straight through his body, splitting his physical body into two halves!

“Ahhhh!!!”

His Essence Soul let out a piercing scream as it rushed out of the physical body, trying to escape!

“Die!!!!”

With blood in his mouth, Yang Luo roared furiously, throwing the sword in his hand!

Whoosh!

The Dragon Emperor Sword sped through Changkong like a flash of lightning, and with a “pfft,” it pierced through the Essence Soul of the Bushi Sky Demon!

“Ah...”

With one final wail!

The Essence Soul of the Bushi Sky Demon completely shattered and exploded into nothingness!

“Bushi Sky Demon!!!!!”

The Blazing Angel and the Hundred Battle Heavenly God screamed, unable to believe the scene they witnessed!

The three of them together not only failed to slay this youngster, but instead, this youngster had slain the Bushi Sky Demon!

An endless surge of fury overwhelmed their hearts!

On a distant mountain.

“My heavens, Yang Heavenly Venerate has actually slain a Heavenly Immortal!”

“The key is he killed despite being besieged!”

“Yang Heavenly Venerate’s strength has reached such a terrifying extent, it’s horrifying!”

The watching elders were dumbstruck, exclaiming incessantly.

Everyone was deeply shocked by Yang Luo’s power!

“Hahaha...”

Yang Luo laughed wildly, unrestrainedly, and spoke viciously: “Didn’t you want to kill me?”

Come on, continue!”

“Attack!”

“Kill him!”

The Blazing Angel and the Hundred Battle Heavenly God roared in anger, instantly summoning their energy to the extreme!

With fluttering long hair, one surrounded by raging nine-colored flames, the other shining brightly in gold!

Their robes billowed, Divine Armor clanging fiercely!

“Light God Burial!”

“Bu Xiu God Destruction!”

Both of them let out a fierce roar, launching a devastating strike at Yang Luo!

Two massive beams of flames and golden light, each thousands of zhang large, burst forth!

These two beams intertwined in the sky, magnifying several times over, and the lethality, destruction power, and annihilating force they contained also multiplied severalfold!

Seeing this thick beam bursting forth!

Yang Luo stood proudly in the sky, also summoning his energy to the extreme!

Then, he raised both arms, tracing them through the air!

“Chaos Destruction Skill!”

Accompanied by a thunderous roar!

His hands came together, between which a Golden Tai Chi Diagram emerged!

Then, he pushed his hands forward towards the oncoming attack!

The Golden Tai Chi Diagram flew out, swelling in size to over two thousand zhang in an instant!

Of course, that was not all!

Yang Luo mobilized the nine-colored attribute power within his body, infusing it into the Tai Chi Diagram, and also summoning the power of his blood essence!

“White Tiger, Vermillion Bird, Black Tortoise, Taotie, Hundun, Qiongqi!”

“Roar Roar Roar!”

Amidst roaring sounds!

Three Divine Beasts and three ferocious beasts roared into being!

“Transformation!”

Under Yang Luo’s thunderous roar!

The three Divine Beasts and three ferocious beasts flew towards the Tai Chi Diagram, merging into it!

The Tai Chi Diagram expanded abruptly to over three thousand zhang, colliding with the massive beam!

In a flash!

Boom!

Rumble rumble!

Sounds of destruction that could obliterate All Heavens and ravage the Earth resonated as impacts and explosions echoed simultaneously!

The Tai Chi Diagram and the beam of light were obliterated together, exploding high in the sky!

Boundless energy, endless brilliance burst out, instantly engulfing dozens of li of Heaven and Earth!

Chapter 2368: Hunted All Over the World!

Yang Luo, Blazing Angel, and Hundred Battle Heavenly God were enveloped in various lights and energy in the area they occupied!

All the onlookers in the distance could no longer see the figures of the three!

It was at this moment.

“Pu pu pu...”

Yang Luo, Blazing Angel, and Hundred Battle Heavenly God were blown away simultaneously, spewing blood from their mouths, flesh flying off their bodies!

At this moment.

Blazing Angel and Hundred Battle Heavenly God were utterly terrified!

Even their ultimate moves had failed to kill this human youngster!

If the battle continued, they feared they might perish right there!

They had not become Heavenly Gods just to lose their lives here so easily!

So, they planned to flee first, to inform the Divine Master and Demon Lord about this place and later mobilize all gods and demons of the three great races for revenge!

“Run!!”

Both shouted at the same time, shattered the void, and fled into the void!

“Don’t even think about escaping!”

Yang Luo roared, summoning the Dragon Emperor Sword and four Dharma artifacts, and put away the halberd of the Bushi Sky Demon and the Demon Bell!

Immediately, his figure flashed, turning into a streak of light, entering the void, and chasing after them!

Until Yang Luo and the others had disappeared into the sky.

The energy and light covering Heaven and Earth gradually dissipated.

Only a Void Cave remained visible in the upper air, slowly healing.

All the elders on the distant mountain stared dumbly at this scene, unable to recover for a long time, feeling as if they were dreaming.

It was quiet for quite a while.

Until the Void Cave was completely healed.

Only then did everyone present snap back to reality.

“My God, Yang Heavenly Venerate is incredibly powerful, not only has he slain a Heavenly Immortal, but he also severely injured two others!”

“Those two Heavenly Immortals were so terrified by Yang Heavenly Venerate that they could only flee in panic, how terrifying!”

“Now that those two Heavenly Immortals have escaped, can Yang Heavenly Venerate kill them?”

The crowd began to discuss tremulously.

The scene of Yang Luo battling the three great Heavenly Immortals lingered in their minds.

Their reverence and admiration for Yang Luo grew even more.

...

At this time.

In the vast dark void.

Three figures like streaks of lightning swiftly swept through the dark void.

Blazing Angel and Hundred Battle Heavenly God fled frantically ahead.

Yang Luo vigorously pursued from behind.

He couldn't let these two guys get away!

If they escaped, it would surely bring great disaster to the secular world, Kunlun Ruins, and Penglai Immortal Island!

“Damn it!”

Hundred Battle Heavenly God gnashed his teeth and bellowed, “Is this kid insane?

How could he chase us here!”

Blazing Angel’s face was cold, and he said fiercely, “Don’t bother with him, just keep running!”

“Stop right there for me!”

While chasing fiercely, Yang Luo launched series of heavy attacks on Blazing Angel and Hundred Battle Heavenly God!

Although the two were extremely irritated, they dared not stop to fight Yang Luo, and continued to flee for their lives!

They kept dodging and condensed multiple defenses to withstand Yang Luo’s onslaught!

But Yang Luo’s attacks were too ferocious, striking them numerous times, causing their flesh to fly!

Who knows how long the chase lasted!

Suddenly, Blazing Angel and Hundred Battle Heavenly God burst through a Void Cave and rushed out!

Just shortly after the two escaped!

Yang Luo also burst out following them!

However, when Yang Luo burst out, he suddenly paused!

He was astonished to find that he had chased them from Penglai Immortal Island to the secular world!

And he was now above Penglai Immortal Island in the secular world!

But indeed, after entering the status of Heavenly Immortal, cultivators could traverse the Three Realms at will without a teleportation array!

Now the secular world was also night.

The moon was dimly lit, the night wind blew, and the sea surged.

At this time.

The Blazing Angel and the Hundred Battle Heavenly God transformed into two streaks of light, fleeing towards the west.

“Don’t even think about escaping!”

Yang Luo roared furiously, holding the Dragon Emperor Sword, also transforming into a streak of light, giving chase!

The speed of the three figures was simply extreme!

Even if ordinary people looked towards the sky, they wouldn’t be able to see the figures clearly, as it would only seem like three meteorites streaking across the sky!

In the following time.

Yang Luo, like a madman, was relentlessly pursuing.

He chased the Blazing Angel and Hundred Battle Heavenly God across the entire subregion, all the way to Euro Domain.

Half an hour later.

Yang Luo followed the two to the Aegean Sea.

Towering mountains stood in the distance, namely Mount Olympus.

The Hundred Battle Heavenly God was so enraged that he roared furiously: "This kid is still chasing!

Stop running, let's fight him!"

"Don't be impulsive!"

The Blazing Angel's face was fierce, "Let's endure this for now, we'll come back for revenge another day, and tear this brat to pieces!"

"Alright!"

The Hundred Battle Heavenly God gritted his teeth and nodded.

They were highly exalted gods, never imagining that one day they would be chased around the world by a human kid!

This kid was completely trampling on their divine dignity under his feet!

Hateful!

Extremely hateful!

A few minutes later.

The Blazing Angel and Hundred Battle Heavenly God had already fled to the airspace above Mount Olympus.

“Activate the mountain-protecting array, block this kid!”

The Blazing Angel growled.

“Okay!”

The Hundred Battle Heavenly God nodded in response.

With the incantations in their hearts, they waved their large hands!

Then the two directly tore open the Void and escaped into it!

However, just when the two entered the Void.

Mount Olympus’s fifty-two peaks simultaneously flashed with dazzling brightness!

Boom boom boom!

Fifty-two beams of light soared into the sky simultaneously, like fifty-two pillars, supporting the sky and the mountains!

Beams of light interwoven above, with runes flowing across the sky, the mountain-protecting array instantaneously activated!

The brilliance and energy formed a huge Light Shield, like a spectacular and colorful glass bowl, encompassing the fifty-two peaks!

“Break for me!”

Yang Luo furiously wielded his sword, striking heavily!

A massive golden sword over two thousand feet long pressed down heavily, striking the mountain-protecting array!

Clang!

A sound resounding throughout Cangqiong, shaking the Eight Desolations erupted!

An abundance of light and energy burst out, sprinkling a rain of energy lights all over!

But to Yang Luo’s astonishment!

The mountain-protecting array resisted his sword strike, and wasn’t destroyed!

Could it be that this mountain-protecting array was laid out by gods here?

Definitely so!

Otherwise, it wouldn't have such formidable defense!

Without any pause, he gripped the golden sword tightly with both hands, continuously mobilizing the energy within him, and continued madly striking the mountain-protecting array!

Massive Sword Shadows tore through Changkong, unleashing endless sword might and fierce sword intent!

While swinging the sword, he also summoned the Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, and Holy Dragon Ancient Mirror, striking down with the four Dharma artifacts!

Clang, clang, clang!...

Boom, boom, boom!...

The sounds of collisions and explosions were ceaseless, deafening, echoing far off into the distance!

After swinging dozens of swords, and the four artifacts striking dozens of times!

Boom rumble!

The mountain-protecting array finally couldn't withstand anymore, completely shattering and exploding!

Yang Luo then swiftly tore open the Void and escaped into it...

Chapter 2369: Great Disaster Looms!

Several minutes later.

When Yang Luo burst out from the Dark Void, he found that the scene before him had changed.

Looking around.

Fifty-two towering mountains stood between Heaven and Earth, resembling Mount Olympus.

However, different was that atop these mountains sat platinum and golden palaces and pavilions.

And at the center of a large mountain stood a stone tablet reaching a hundred meters high.

Carved on the stone tablet were the four powerful characters, “Heavenly Shrine”.

Heavenly Shrine?

Yang Luo instantly realized!

This place is the headquarters of the Heavenly Shrine!

It must be that the gods have created a mini-world here as the territory of the Heavenly Shrine!

Just then!

Boom!

A thunderous roar came from the direction of the back mountain!

Yang Luo looked up!

A nine-colored beam of light shot up from the direction of the back mountain, blasting a hole in the sky!

He also sensed the presence of the Blazing Angel and the Hundred Battle Heavenly God!

This is bad!

These two are probably activating the teleportation array to escape!

With an angry expression, Yang Luo transformed into a beam of extreme light and flew towards the back mountain!

Soon, Yang Luo arrived at the back mountain!

There, he saw a valley!

A huge array platform was constructed in the valley!

The Blazing Angel and the Hundred Battle Sky Demon were standing in the air above the platform, enveloped by the nine-colored beam of light!

The two naturally noticed that Yang Luo had caught up!

They were quite surprised, clearly not expecting that Yang Luo would break through the mountain-protecting array and chase after them so quickly!

However, surprised as they were, they were not panicked at all!

The Blazing Angel gazed at Yang Luo, his voice cold: “Boy, this lord remembers you.

The day our Fiend Celestial Army arrives on Earth, you will be reduced to ashes!”

The Hundred Battle Heavenly God also said fiercely: “Boy, I will remember today’s humiliation, and I will return it a hundred, a thousand-fold in the future!”

“Die!”

Yang Luo let out a roar, swung his sword, and fiercely slashed towards the two!

Whoosh!

The enormous two-thousand-zhang long golden sword tore through the firmament, split the Void, bursting with supreme sword might and terrifying sword intent!

But, just as this sword slashed down!

The Blazing Angel and the Hundred Battle Heavenly God had already disappeared from the space above the array!

Clang!

Boom!

Bang!

Boom!

This sword stroke split several mountains and also heavily struck the array platform, erupting with earth-shattering crashing and explosive sounds!

But this array platform was incredibly sturdy and suffered no damage at all!

Until the beam of light dispersed, there was nobody left above the array platform.

Yang Luo's expression turned cold, his anger causing him to clench his fists tightly.

Without a doubt, those two had used the teleportation array to return to their own world.

Although he had slain the Bushi Sky Demon, he had ultimately let these two escape.

More importantly, these two already knew about Penglai Immortal Island.

And, they definitely also knew about Kunlun Ruins by now.

Perhaps, it wouldn't be long before the Holy Light Church, the Heavenly Universe Divine Clan, and the Dark Demon Clan would lead all gods and demons to descend upon Earth.

Great calamity is impending for Earth!

Though Yang Luo never thought of being a savior to rescue the world, his relatives and friends were all in the secular world, Penglai Immortal Island, and Kunlun Ruins!

Once the Fiend Celestial Army attacks Earth, it would be an unprecedented disaster for the Three Realms!

Whether his relatives and friends could survive this catastrophe, he had no confidence in his heart!

Even though he had already attained the Heavenly Immortal status, his power was still not enough!

If his cultivation and power were stronger, not only the Bushi Sky Demon, but even the Blazing Angel and the Hundred Battle Heavenly God could have been slain by him!

Thinking this, Yang Luo became increasingly infuriated!

He wildly swung his sword, slashing towards the teleportation array platform!

Although this disaster was now inevitable, at least they couldn't let those guys come here to spy!

So, he planned to destroy the teleportation array!

Clang, clang, clang!...

Boom, boom, boom!...

Series of earth-shattering crashes and explosions echoed ceaselessly!

The mountains around the valley collapsed and exploded in succession, turning into a massive surge of rubble and dust!

However, this teleportation array was too sturdy, made of some unknown material, and it simply could not be destroyed!

Yang Luo then summoned the Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, and Holy Dragon Ancient Mirror, and bombarded the teleportation array!

Even so, he deployed numerous deadly moves, furiously attacking the teleportation array!

But he still could not destroy it!

After about fifteen minutes.

Yang Luo stopped.

He stared fiercely at the teleportation array, growing even more infuriated.

It seemed that this teleportation array was definitely crafted by more powerful gods, that's why it could not be destroyed.

Yang Luo put away the Dragon Emperor Sword and the four Dharma artifacts, turned around, and flew above the central mountain.

When he reached the center in the sky.

He fiercely stomped down on the hundred-meter-high stone tablet!

Rumble!

The entire stone tablet was smashed into pieces with a stomp, turning into a spray of rubble and dust!

Immediately afterward, he flew up into the sky, his eyes filled with rage!

Since the teleportation array could not be destroyed, he might as well obliterate this damned Heavenly Shrine altogether!

He raised both hands, gathered all the flames and the power of lightning inside his body, concentrating them in the center of his palms!

An enormous golden-red fireball and a nine-colored Thunder Ball condensed above his palms!

Yang Luo flipped his hands and threw down both the fireball and the Thunder Ball at the same time!

The fireball and Thunder Ball pressed down heavily, instantly swelling in size to more than two thousand zhang!

“Explode!!!”

Accompanied by a thunderous roar!

Rumble!

The golden-red fireball and the nine-colored Thunder Ball exploded simultaneously!

The sound of the explosion intertwined, deafening!

Its power was comparable to a large-yield nuclear explosion!

Endless golden-red flames and nine-colored lightning engulfed the entire Heavenly Shrine territory!

It was like a sea of fire and a Thunder Sea churning, captivating everyone's souls!

No one knew how much time had passed!

When the flames and lightning finally dispersed.

All that could be seen were fifty-two mountain peaks and thousands of temples and pavilions, all blasted into smithereens.

The entire Heavenly Shrine was completely turned into ruins, the ground extensively shattered and cracked, a complete mess.

Only then was some of Yang Luo's fury vented.

He took a deep breath out, then Ling Kong stepped down, breaking the void, and disappeared into it.

A few minutes later.

He then appeared above Mount Olympus.

Looking at the distant starry sea, he fell into deep thought.

Not knowing when these three races would arrive on Earth, he had to prepare in advance.

This matter must be urgently reported to Celestial Master and Master Xuanku.

And there were some things to prepare in advance as well.

Thinking this.

Yang Luo mobilized his divine sense power, transmitting in his mind: “Master, Master Xuanku, are you in the secular world?”

A little while later.

“Is that Little Luo?”

“Little Luo, both Old Celestial Master and I are in the secular world, what’s the matter?”

The voices of Zhang Zhilin and Master Xuanku echoed in Yang Luo’s mind.

Yang Luo replied in his mind: “Master, Old Celestial Master, I’m also in the secular world!”

“What?!”

You are also in the secular world?!

Why did you come to the secular world?!”

“No wonder you could communicate with us, you are in the secular world too!”

Zhang Zhilin and Master Xuanku both were quite surprised.

Chapter 2370: Prepare for a Rainy Day!

Yang Luo said, "It's a long story, we'll talk when we meet!"

"Alright, then come to Longhu Mountain to find us!"

"Ok, I'll be right over!"

After the communication ended.

Yang Luo's figure moved, turning into a streak of flowing light, flying towards Country Hua.

Late at night, after ten o'clock.

Longhu Mountain.

On the square of the main peak.

An old Daoist and an old monk were standing on the square waiting.

It was Zhang Zhilin and Master Xuanku.

Master Xuanku asked with confusion, "Celestial Master Zhang, wasn't Little Luo training at Penglai Immortal Island?"

Why has he returned to the secular world?"

Zhang Zhilin furrowed his brows and said, "Since Little Luo has returned to the secular world, there must be some major issue!"

"What could it possibly be?"

Master Xuanku's face was full of confusion.

Zhang Zhilin said, "We'll know once Little Luo arrives."

"Hmm."

Master Xuanku nodded.

Not long after.

Whoosh!

A golden streak of light, like a shooting star, crossed the night sky, rushing over!

In an instant!

A figure had arrived above the main peak!

It was Yang Luo!

At this time.

The disciples patrolling Longhu Mountain also saw Yang Luo.

“It’s Mr.

Yang, it’s actually Mr.

Yang!”

“Mr.

Yang has returned!”

“My God, the hero who saved the world has returned!”

The disciples shouted excitedly.

In the past, when the six major Alien Races brought chaos to the world, they had also drawn their swords and descended the mountain to save the people from disasters and fought against the Alien Races.

Quite a few disciples had witnessed Yang Luo single-handedly slay the kings of the six major Alien Races.

The scene from that time was still vivid in their minds.

One could say, Yang Luo was their faith, their god in their hearts, whom they revered immensely!

“Little Luo!”

“Little Luo, I didn’t expect you to really come back!”

Zhang Zhilin and Master Xuanku both showed smiles.

However, what puzzled them was that they now could no longer sense Yang Luo’s cultivation at all.

Although they could not sense Yang Luo’s cultivation, the aura emanating from his body made their hearts tremble.

Could it be that Yang Luo has stepped into that realm?

Yang Luo nodded to the disciples of Longhu Mountain, then landed on the square.

“Little Luo, what’s the matter, how did you get injured?”

“What exactly happened?”

Zhang Zhilin and Master Xuanku hurried over.

Yang Luo said, "Although I've suffered some injuries, it's nothing serious, no need for you two to worry."

Zhang Zhilin raised his hand and said, "Come, let's go to the great hall and talk."

Afterwards, the three of them entered the great hall.

Zhang Zhilin also had the disciples bring tea.

Yang Luo took a sip of tea, and then told Zhang Zhilin and Master Xuanku exactly what had happened tonight.

Having heard Yang Luo's narrative.

Zhang Zhilin and Master Xuanku were both shocked!

"Those three major races actually sent people to Penglai Immortal Island?!"

"This..."

we didn't sense anything at all!"

Zhang Zhilin and Master Xuanku exclaimed in astonishment.

Yang Luo said solemnly, "This time the three major races sent gods and Heavenly Demons, equivalent to Heavenly Immortals among cultivators.

It's not strange that you two couldn't sense them."

Zhang Zhilin stared at Yang Luo, dumbfounded, and said, "Little Luo, you said you slew that Bushi Sky Demon...

have you also stepped into the Heavenly Immortal realm?!"

Master Xuanku also came to his senses and stared intently at Yang Luo.

"Yes."

Yang Luo nodded and said, "Nearly two months ago, I passed the Heavenly Immortal Thunder Tribulation and stepped into the realm of Heavenly Immortal."

“Hiss...”

Zhang Zhilin sharply inhaled, admiringly said: “Little Luo, Xuanku and I are currently in the late stage of True Immortal, but who would have thought that you have already stepped into Heavenly Immortal!

Indeed, the pupil outshines the master; we old folks are becoming increasingly obsolete!”

“Amitabha Buddha...”

Master Xuanku, with his hands pressed together, was also deeply shaken.

After all, the last time they saw Yang Luo, he was at the Perfected True Immortal Realm.

Unexpectedly, just a few months later, Yang Luo had already advanced to Heavenly Immortal.

Yang Luo shook his head and said, “Master, Celestial Master, although I have entered the realm of Heavenly Immortal, my strength is ultimately insufficient; I couldn’t keep all three of those guys.”

Zhang Zhilin consoled, “Little Luo, you managed to kill one Heavenly Immortal and seriously injure the other two under the siege of three great Heavenly Immortals.

You even made those two Heavenly Immortals flee helter-skelter around the world; this is already quite an achievement.”

“Indeed, Little Luo, you need not blame yourself.”

Master Xuanku also consoled him.

Yang Luo furrowed his brows and said, “Master, Master Xuanku, these three great races by now must not only know the location of Penglai Immortal Island, but they must surely know about Kunlun Ruins as well.

One day, when these three great races lead all of the Fiend Celestials to descend upon Earth, the Three Realms will not find peace.

Therefore, we must make some preparations beforehand.”

Zhang Zhilin asked, “Little Luo, what do you suggest we do?”

Yang Luo replied, “Master, I’m not worried about Kunlun Ruins and Penglai Immortal Island.

Both of these Immortal World realms have numerous Earth and True Immortals, and even have many Heavenly Immortals in residence.

It will be difficult for these three great races to break through these two Immortal realms.

What I'm truly concerned about now is the secular world.

After all, the secular world is mostly populated by ordinary people.

When faced with those gods and demons, ordinary people are like ants and chaff, only to be crushed."

"Indeed, this is the case."

Zhang Zhilin nodded and said, "Then what should we do?

Our strength alone is indeed limited."

Yang Luo said, "I plan to go to Kunlun Mountain and using the power of a hundred dragon veins, set up a protective array!

With my current power, I cannot defend the whole world, but at least I can protect our Country Hua!

In the future, when the Fiend Celestial Army of those three great races descends upon Earth, our Country Hua can also rely on this protective array to hold them off for a while!

By then, I will summon all the elders from both Immortal Worlds to come to the secular world to help, and to decide the outcome in a battle to the death with these three great races!”

“Good, let’s do that!”

“We should not delay, let’s head to Kunlun Mountain now!”

Zhang Zhilin and Master Xuanku nodded in agreement.

“Good!”

Yang Luo nodded firmly.

Afterward, Yang Luo and the other two left the hall, soared into the sky, and turned into three streaks of light, flying towards Kunlun Mountain.

Around twelve o’clock midnight.

The area of Kunlun Mountain.

The majestic Kunlun Mountain, stretching thousands of miles and imposingly magnificent, is filled with an ancient and vast aura.

The air exudes an antique and vast atmosphere.

Three streaks of light rushed from afar and arrived above the center of Kunlun Mountain.

It was Yang Luo, Zhang Zhilin, and Master Xuanku.

Zhang Zhilin asked, "Little Luo, what kind of protective formation do you intend to set up?"

Yang Luo replied, "I intend to use one hundred dragon veins as the formation base, and to set up the 'Nine Heavens Dragon Ascension Formation'!"

This formation can maximize the power of the dragon veins, enhancing the defense!

I will now teach both of you the method!"

“Good!”

Zhang Zhilin and Master Xuanku both nodded.

Subsequently, Yang Luo taught the method of setting up the formation to Zhang Zhilin and Master Xuanku.

Both individuals are extremely gifted and have high comprehension, naturally learning it quickly.

It didn't take long for Zhang Zhilin and Master Xuanku to grasp the essentials of the formation.

Yang Luo took a deep breath and said, “Master, Master Xuanku, let us begin now!”

“Hmm!”

Both nodded heavily.
