

Super IDG 2571

Chapter 2571: The Battle Concludes!

Yang Luo's eyes sparkled with killing intent, he said coldly, "If we let you go, will you let us go?"

"You must die!"

That worthless prince in front of me must die!

If this guy really escapes, he will certainly inform the Light Divine Country, Tianyu Divine Country, and Dark Demon Country!

By then, the ancestors of the three races will definitely send the Fiend Celestial Army to come and attack!

"You lowly people, die for this Prince!"

The Light God Son roared, instantly mobilizing his divine power to the extreme, suddenly attacking fiercely towards Yang Luo and others!

A massive beam of light shot out, like a golden light cannon, blasting towards Yang Luo and others!

Although he is not a Golden Immortal, he is still a mid-stage Heavenly Immortal!

Therefore, his sudden explosive attack was extremely terrifying!

After all, he had been watching the entire battle, so now he is in a peak state!

“Still dare to sneak attack, courting death!”

Yang Luo was completely enraged, directly swinging out his sword!

Swish!

The huge golden sword, thousands of yards long, tore through heaven and earth, slashing through the void, fiercely striking at the Light God Son!

Flame Emperor, international Diva, Bujie, Xu Ying, and Ji Longyue also launched fierce attacks, advancing to kill!

The huge sword pressed the heavens, Holy Seal suppression kill, Buddhist staff splitting the void, Thunder Slash Saber ravaging the world, Azure Dragon roaring!

They came all this way, fighting many hard and fierce battles!

So, even though they were all seriously injured and exhausted, they could still unleash powerful combat strength!

In an instant!

Dong long long!

Hong long long!

The sound of earth-shaking collisions and explosions resounded!

Massive waves of light and energy burst open in the sky, like surging tides, rushing in all directions!

“Aghh...”

The Light God Son let out a miserable scream, flying backward.

“Continue attacking, kill him!”

Yang Luo shouted coldly again, brandishing his sword furiously!

“Roar, roar, roar!”

Beast blood boiling, Holy Dragon, Four Great Divine Beasts, and Four Great Fierce Beasts roared as they charged forward!

The twelve Ancestral Witches rose, wielding giant weapons, slaughtering fiercely!

The Chaos Slaughter Array Map flew out, constantly expanding, suppressing and killing!

Flame Emperor and international Diva continued their fierce attack!

“I’ll fight you all to the death!!!”

The Light God Son shouted loudly, summoning a spear, sweeping across, unleashing murderous attacks in a counterattack!

Klang lang lang!

Hong long long!

The sound of collisions and explosions continued to resound!

Energy and light intertwined into a sea of energy light, rippling in all directions!

But even though the Light God Son tried his best, he still couldn't withstand the assault from Yang Luo and others!

"Puff..."

He spat out a mouthful of blood, flying backward again, his body exploded with blood and flesh, no longer as confident as before.

"Kill!!!"

Yang Luo roared, brandishing his sword to continue the attack!

The Light God Son panicked, hurriedly escaping into the void, trying to flee!

But Yang Luo also entered the void, giving chase!

For a moment.

Yang Luo and the Light God Son engaged in fierce combat within the void!

Clang, clang, clang!...

Bang, bang, bang!...

Boom, boom, boom!...

The sounds of weapon clashes, energy collisions, and explosions came from the void, like muffled thunder, spreading throughout heaven and earth!

In just over ten minutes!

Hong long long!

A huge hole blew open in the void!

“Ah...”

Covered in blood, the Light God Son screamed miserably as he flew backward, one of his arms was severed by Yang Luo, and his body was bloodied, extremely tragic!

He hadn't reacted yet!

A thunderous roar burst from the void hole!

“Die!!!”

Swish!

A golden sword slashed out from the void, striking fiercely towards the Light God Son!

The Light God Son's face was terrified, hurriedly forming layers of Divine Light Shield to resist the sword!

Instantly!

Klang clang clang!

Yang Luo's sword chopped heavily on the layers of Divine Light Shield, erupting with a thunderous collision sound!

Large patches of fire light and energy surged, scattering in all directions!

Although the Light God Son's defense was strong, it was still hard to withstand Yang Luo's domineering sword!

Accompanied by the "hong long long" explosion sound!

All the layers of Divine Light Shield formed by the Light God Son were smashed by a sword!

"No... don't kill me... don't kill me!!!"

The Light God Son shouted in terror.

He wanted to defend, counterattack and evade, but it was too late!

The next second!

Puff!

Yang Luo's sword directly sliced open his physical body, splashing blood and bone fragments all over!

After slicing open his physical body!

Yang Luo's sword continued to strike heavily towards the Light God Son's Essence Soul!

The Light God Son shouted hoarsely, "My father will never let you go... never let you go... ah!!!"

As the final, desperate scream echoed!

The Light God Son's Essence Soul was also annihilated by this sword, turning into specks of light, dissipating in the sky!

“Huff...”

After killing the Light God Son, Yang Luo took a deep breath.

If he wasn't seriously injured with depleted qi, it would have been easier to kill the Light God Son.

“Good, well killed!”

“This dog should have died long ago!”

“Precisely, this dog was jumping around arrogantly just now, killing him like this is letting him off lightly!”

The members of the Mayan and Atlantean Races all cheered wildly, feeling greatly relieved.

Seeing all the people brought by the Light God Son being slaughtered.

The Star Ruins God issued an order, “Clean the battlefield!”

“Yes!”

The tribesmen replied in unison.

Afterwards, Yang Luo and the others, led by the Star Ruins God, returned to the Crystal Divine Palace.

Once seated, everyone finally breathed a sigh of relief.

Ji Qingcang exhaled lightly, saying, "Just now the situation was extremely dangerous.

If that old immortal didn't save us at the crucial moment, we probably wouldn't have survived."

Baili Langya nodded, "Indeed, the Daluo Golden Immortal is too strong, we simply aren't a match, we could only be crushed.

But that old immortal's strength is truly unfathomable, to be able to kill a Daluo Golden Immortal across the Starry Sky Universe and even transmit sound."

Tantai Qian Chuan said, "If there's a chance to see that old immortal in the future, we must express our gratitude!"

"Of course!"

“Without the old immortal’s help, we would have perished long ago!”

Everyone nodded, expressing extreme admiration for Dugu Zhantian.

Dongfang Wuji looked at Yang Luo, saying, “Little Luo, that old being, oh no, that old immortal is your master, why didn’t you say so earlier?”

Yang Luo said helplessly, “Everyone, it’s not that I wanted to hide it.

The key is, I just found out now that the one who pushed through the two Immortal Worlds and set the rule that Immortal World people shouldn’t intrude into the secular world was my master.”

Gu Tianshang frowned, “We just don’t know what that old immortal is up to, why even showing up to meet is not possible.”

Chapter 2572: Decision!

Linghu Wuxie stroked his beard and said, “For an unparalleled powerhouse like the Old Immortal, the matters handled are definitely not trivial.”

Yang Luo said, “Soon, I will head to the Upper World to enhance my cultivation and strength, then I will see my parents and master.

Once I see my master, I can learn what they have been up to.”

Gu Tianshang sighed, “But we’ve been searching for a month and still haven’t found a way to open the Immortal Road to the Upper World.”

The Star Ruins God also apologized, “Little Luo, I’m really sorry, I haven’t found a way to open the Immortal Road either.”

The Titan God Master, Maya God Lord, and Pharaoh God Master all expressed their apologies as well.

Zuo Canghai said, “If there’s really no way, then we’ll have to make the trip ourselves first.”

“Are we really unable to reach the Upper World?”

“Our cultivation and strength may be fine here in the Lower World, but against those powerhouses in the Upper World, we’re still insignificant!”

“We also want to become stronger!”

“Is entering the Golden Immortal realm really the only way to the Upper World?”

Bujie, Ning Jianfeng, Ji Longyue, and others became increasingly despondent.

Yang Luo thought for a moment and finally decided to speak the truth.

He spoke up, “Everyone, I actually know a way to open the Immortal Road.”

“What?! Little Luo, you know?!”

“Brother Yang, are you serious?!”

“Damn, Brother Yang, if you knew, why didn’t you say so earlier?!”

Everyone present turned to look at Yang Luo in unison.

Especially Bujie and Ning Jianfeng, who were extremely excited.

Originally, they all felt that entering the Upper World was hopeless, but Yang Luo’s words rekindled their hope.

Yang Luo casually fabricated a reason, "Today, after seeing the Old Immortal, I remembered that he once told me about a method to open the Immortal Road.

As long as at least five true immortals of the Golden Immortal realm use Dharma artifacts awakened with artifact spirits simultaneously, the Immortal Road can be opened.

Coincidentally, the Kunlun Ruins have the Flame Emperor's Furnace and the Penglai Immortal Island has the Connate Eight Trigrams.

With these two Dharma artifacts assisting, plus the help of all the seniors, we can open the Immortal Road."

"Oh my gosh!"

Bujie was exhilarated, "Is that really possible?!"

"Hahaha..."

Ning Jianfeng laughed, "That's great news!"

"In this case, we can still go to the Upper World even without becoming Golden Immortals!"

“We can continue to follow Brother Yang and fight in the Upper World together!”

“Great, that’s truly wonderful!”

Ji Longyue and Baili Wushuang were also excited.

Yang Luo frowned and said, “Brothers, don’t get too excited just yet!

Although this method is feasible, it is extremely dangerous!”

“Extremely dangerous?”

Bujie asked with a puzzled face, “Brother Yang, can’t you just tell us everything at once? What’s the danger?”

Yang Luo said seriously, “While this method can open the Immortal Road, without the body of a Golden Immortal, it’s easy to get swept into space turbulence.

Once caught in it, in the best case, you lose half your life; in the worst case, you’re torn into pieces by the space turbulence.”

“Damn... is it that terrifying?!”

“Oh no... how can it be so difficult to go to the Upper World without becoming a Golden Immortal?!”

“It’s like gambling with your life!”

Bujie and Ning Jianfeng felt themselves trembling uncontrollably, and the hope that had arisen was doused with cold water again.

Gu Tianshang nodded, “The higher the plane’s level, the stronger the power of space law.

It’s really tough for ordinary immortals to survive under such immense space law power.

It seems, even if we can open the Immortal Road, we must proceed with caution when going to the Upper World.”

Yang Luo looked at Bujie and others and said, “Brothers, you must think carefully whether you are willing to try this method!

After all, once you step onto the Immortal Road, anything can happen!

By that time, I won't even be able to take care of myself, let alone look after you!

So, I hope you'll think it over!"

For a moment.

Bujie and the others fell silent, furrowing their brows, considering whether to attempt this method.

After a long silence.

Bujie gritted his teeth and said, "Damn it, as the Lord Buddha, I don't want to stay weak forever. I'll fight for it, regardless of life or death, I have no regrets as the Lord Buddha!"

Ning Jianfeng also said solemnly, "This battle has made me deeply aware of the gap between myself and those Upper World powerhouses. I want to become stronger!

Brother Yang, take me with you, even if I tragically die in space turbulence, I won't blame you!"

"Brother Yang, I want to go with you too!"

“Brother Yang, take me with you, I want to become stronger too!”

“Little Luo, I want to go too!”

Ji Longyue and others also spoke up, their eyes firm and resolute.

Yang Luo asked sternly, “Brothers, have you all thought it over thoroughly?”

“We’ve thought it over!”

“If not now, then when?!”

“I also want to see a broader sky!”

Everyone nodded heavily, evidently having thought it through.

“Good!”

Yang Luo nodded, "Since you all have thought it through, I will naturally take you to the Upper World!

However, the Immortal Road is far too dangerous!

Brothers who haven't reached the late True Immortal realm, stay here for now!"

Prajna pouted, "Brother Yang, can't you not leave me behind?

Even though I haven't reached the late True Immortal realm, I still want to go to the Upper World with you!"

Dongfang Ruoshui also said, "Little Luo, can't we go with you?"

Yang Luo sighed, "Prajna, Senior Sister, the Immortal Road is too dangerous, we can't guarantee a safe arrival at the Upper World.

So, it's best for everyone to stay behind for now.

If we succeed in reaching the Upper World, we'll scout things out swiftly there.

Then we'll come back to take all of you with us."

Flame Emperor nodded, "Let's follow what Little Luo says.

Besides, later, if you can reach the Golden Immortal level, you'll be able to go to the Upper World on your own."

Dongfang Ruoshui and Prajna, and those who hadn't reached the late True Immortal realm, sighed deeply and said nothing more.

After all, they understood that Yang Luo was looking out for their safety, and they didn't want to become a burden to him either.

In the end, those who could accompany Yang Luo to the Upper World included—

Flame Emperor, the international Diva, Bujie, Xu Ying, Lin Wenxuan, Xiang Kunlun, Mo Qingkuang, Ning Jianfeng, Qin Zhanhuang, Jing Yucheng, and Li Xinghuo.

Big White, Hundred Cry Bird, King of Creation, Sacred Prison King, Ice Empress, Emperor of the Dead, Divine Light and Darkness.

Ji Longyue, Baili Wushuang, Tantai Puti, Yi Yuheng.

Huangfu Xuance, Helian Dongsheng, Jun Tianming, Xing Shengjie.

In total, twenty-six people.

Yang Luo turned again to Gu Tianshang and others, asking, "Seniors, will you be joining us to the Upper World?"

Gu Tianshang replied, "I, Brother Linghu, Brother Zuo, and Brother Chu have decided to join you.

We can look after you on the Immortal Road."

Chapter 2573: The Eve of Departure!

Star Ruins God said, "Little Luo, Titan and I have decided to stay temporarily.

After all, the Crystal Divine Coffin has already gone to our ancestors, and we are still waiting for news from them."

Ji Qingcang thought for a moment and said, "Brother Baili and I have also decided to stay temporarily.

Currently, the crisis of Earth, the Three Realms, and the four divine clans has not been resolved.

If we all go to the Upper World and Earth and the four divine clans encounter danger.

We can hold on for a while and go to the Upper World to seek your aid.”

“That’s right.”

Baili Langya nodded and said, “Although this crisis has been resolved, the people sent by the Light Divine Country, Tianyu Divine Country, and Dark Demon Country eventually died here.

If the ancestors of these three major races see that their people have not returned to report, they will surely be suspicious and send someone to investigate.

So, we have to stay temporarily, just in case.”

Tantai Qian Chuan also said, “Of course, if we can ensure that there is no danger for Earth and the four divine clans later on, we will go to the Upper World to find you.”

Yang Luo nodded, “Earth and the four divine clans indeed need people to guard them.

So, I trouble all the seniors.”

Ji Qingcang waved his hand with a smile, “No worries, you all go to the Upper World, leave this side to us.”

Yang Luo and Gu Tianshang nodded in agreement.

Star Ruins God said, “Everyone, let’s stay here at my place to recover from our injuries.

Once everyone’s wounds are healed, we will open the Immortal Road together, how about it?”

“Alright!”

“Let’s do it!”

Everyone nodded in agreement.

Over the next month.

Yang Luo and his group stayed in the Star Ruins Divine Realm to heal and recover, making the final sprint before heading to the Upper World.

Of course, after his injuries healed, Yang Luo also prepared for going to the Upper World, such as refining pills and gathering medicinal herbs.

He refined quite a few pills and gathered a lot of medicinal herbs, just to be safe.

One month later.

Yang Luo and his group left the Star Ruins Divine Realm and returned to Earth.

Ji Longyue, Baili Wushuang, and others all returned to the Immortal World to bid farewell to their families.

Yang Luo and Bujie returned to the Holy Imperial Court headquarters.

In the following days.

Yang Luo also visited his friends.

He went to the Lycan race, Blood Race, Kingdom of Magic, Demon Dragon Clan, and other places to meet his old friends.

He also went to the capital to meet Yi Jiuzhou, Lin Aocang, Hua Changsheng, and went to Jiang City to meet Huang Tai'an, Hundred Herbs King, Sun Boren, and Han Shouli.

Afterwards, he went to the Azure Dragon Pavilion headquarters to meet Chu Longyuan.

The sun was slowly setting, and the sky was filled with the red glow of dusk.

Golden-red light shone over the sky and sea, sparkling and beautiful beyond words.

On the island's shore.

Yang Luo and Chu Longyuan stood quietly on the sandy beach, staring at the distant sky and sea in a daze.

After a while of silence.

Chu Longyuan sighed deeply and said, "Brother Yang, are you leaving tomorrow?"

"Yes."

Yang Luo nodded.

Chu Longyuan's eyes were red, and he spoke with a hoarse voice, "You, lad, are really something. Even Earth can't contain you anymore, and you're going to venture outside of Earth.

But indeed, this world is still too small for you.

You are a dragon among men, destined to soar through the Nine Heavens.

Being able to become brothers with you, for me, Chu Longyuan, is the greatest honor of my life."

Yang Luo sighed deeply, his eyes also slightly red, "Getting to know Brother Chu is also the greatest honor of my life."

Chu Longyuan took out a pack of cigarettes and handed one to Yang Luo, "I know you don't like smoking, but could you share one with your brother today?"

Yang Luo nodded and accepted the cigarette.

Chu Longyuan lit Yang Luo's cigarette, then lit one for himself.

"In this world, there's only you whom I, Chu Longyuan, would light up for.

But you're my brother, and you are the person I admire most in my life.

Lighting up for you, it's my honor."

Chu Longyuan laughed heartily, then took a deep puff and exhaled long, "It's wonderful, you can go see a broader sky, while I can only remain here."

Yang Luo exhaled smoke and said, "Brother Chu, now that the spiritual energy of the Three Realms has revived, it's very suitable for cultivating.

And Brother Chu, your talent and comprehension are good. Your cultivation and strength will surely improve quickly.

Perhaps one day, we will meet again in the Upper World."

Chu Longyuan touched his head, "Ah, we'll talk about it then.

You are the great hero who saved the world, and I am the War God guarding Eastern Country Hua.

Everyone has their own mission, regardless of status.”

Yang Luo nodded, “That’s right, everyone has their own mission, regardless of status.”

In the time that followed.

Yang Luo and Chu Longyuan reminisced about the past experiences they shared.

There were moments of laughter, sadness, and touching memories.

Until they finished smoking several cigarettes.

Chu Longyuan gave Yang Luo a firm hug, his voice hoarse, “Brother, take care, see you next time!”

“Alright!”

Yang Luo nodded firmly.

Then, Yang Luo bid farewell to Chu Longyuan, soared into the sky, and flew towards the Holy Imperial Court.

By the time he returned to the Holy Imperial Court, it was already night.

Seeing Yang Luo coming in from outside.

“Brother Yang, you finally returned!”

“Little Luo, the dinner is ready, let’s have dinner together!”

Bujie and Dongfang Ruoshui called out one after another.

“Okay.”

Yang Luo nodded.

Then, Yang Luo and his group went to the dining room for dinner together.

However, because Yang Luo and Bujie were leaving tomorrow, the atmosphere in the dining room was somewhat oppressive.

Su Qingmei and Dongfang Ruoshui, who couldn’t follow Yang Luo to the Upper World this time, felt a bit reluctant and sad.

Yang Luo raised his glass, smiling, “Alright, Qingmei, Senior Sister, Prajna... don’t feel sad. We’re just leaving, but we’re coming back.

Rest assured, once we scout the situation in the Upper World, we will definitely come back to pick you up.

Come, come, for a better tomorrow, let’s have a drink.”

Xiang Kunlun also raised his glass, “Everyone, today’s temporary separation is for a better reunion in the future!

Cheers!”

“Cheers!”

Bujie and Xu Ying also raised their glasses.

After drinking a glass, the atmosphere finally relaxed a bit.

They continued to drink and chat, saying their farewells.

That night, Xiang Kunlun, Bujie, Xu Ying, and Lin Wenxuan all drank a lot.

Moreover, no one expelled the alcohol, so they all got drunk.

Even Yang Luo drank quite a lot.

It wasn't until after ten o'clock at night that everyone dispersed and returned to their rooms to rest.

Just as Yang Luo was about to head back to his room to rest.

Lin Qianyi suddenly called out to him, "Little Luo, can you accompany me for a walk?"

"Ah?!"

Yang Luo was taken aback, "Fourth Senior Sister, you want to go for a walk this late?"

Lin Qianyi's cheeks were flushed, her eyes dreamy, and she pouted, "Do you want to or not?"

Chapter 2574: Let's Begin!

Yang Luo grinned and said, "Since Fourth Senior Sister has spoken, how could I possibly refuse!"

“That’s more like it!”

Lin Qianyi nodded her head, then took Yang Luo’s arm and walked out of the palace.

The two walked quietly along a small path on Divine Emperor Island, maintaining silence all the way.

Yang Luo broke the silence and asked, “Fourth Senior Sister, is there something you want to say to me?”

Lin Qianyi sighed lightly, said gloomily, “If only my cultivation and strength were a bit higher.

Then I could go to the Upper World with you all.

Tomorrow you will leave, but we can only stay behind.

The feeling of farewell is really unbearable.”

Yang Luo gave a gentle smile and said, “Fourth Senior Sister, didn’t we say this during dinner just now, it’s just a temporary separation now.

We will definitely meet again very soon afterwards.

Once we’ve explored the situation in the Upper World, we’ll return to fetch you all.

Of course, when your cultivation and strength level up, you can also come to the Upper World to find us, can’t you?”

Lin Qianyi pursed her lips and said, “It’s true that you say so, but we will still have a long time where we won’t see each other.”

Yang Luo reached out to touch the woman's head and said with a smile, "Alright, Fourth Senior Sister, cheer up a little, don't be sad."

Lin Qianyi snorted softly and pretended to be angry, "You brat, now that your wings have hardened, you're treating your Senior Sister without respect, is that it?"

Yang Luo chuckled and raised his eyebrows, "Fourth Senior Sister, how am I being disrespectful—you've been my designated wife since I was a child, haven't you?"

Upon hearing Yang Luo's words, Lin Qianyi's already rosy face turned even redder, even the roots of her ears flushed.

At this moment, the woman was radiant, glowing softly under the moonlight, astonishingly beautiful.

Lin Qianyi slightly looked up, gazing at Yang Luo, and murmured, "Little Luo, as your cultivation and strength keep growing, as your prestige keeps rising.

I feel less and less worthy of you.

After all, I don't have the Immortal World background like Eldest Sister, nor the ancient martial arts background like Third Senior Sister.

Nither do I have the talent, comprehension, and potential like Second Sister and Fifth Sister.

Compared to my sisters, I seem to be the least outstanding one."

Yang Luo gazed into the woman's eyes and said softly, "Fourth Senior Sister, who said you're the least outstanding one?

You are the Lin Family Manor's eldest daughter, General Long's granddaughter, and none other than the renowned Vermillion Bird Battle God.

When I just left the mountain, you were already able to lead forces and protect the country.

Even though you don't have supreme talent, comprehension, and potential.

You've managed to catch up with Senior Sister and others through your own efforts, not falling too far behind.

Fourth Senior Sister, you're already excellent."

Lin Qianyi's eyes reddened slightly, as she asked, "Do you really think so?"

"Of course it's true!"

Yang Luo nodded repeatedly.

Lin Qianyi gritted her teeth and bit her lip, saying, "Since you don't mind Senior Sister, then let me be your woman."

"Ah?"

Yang Luo was stunned for a moment, "Fourth Senior Sister, what do you mean?"

Lin Qianyi said very shyly, "I want to give myself to you before you leave.

Now Eldest Sister, Third Sister, and Fifth Sister have already established relationships with you.

So I also want to establish a relationship with you."

"This..."

Yang Luo scratched his head, saying, "Fourth Senior Sister, there's no rush at this moment, right?"

"Rush, of course there's a rush!"

Lin Qianyi said with a snort, "Who knows when we'll meet again after this separation."

Yang Luo took a deep breath and asked, "Fourth Senior Sister, have you really made up your mind?"

Lin Qianyi nodded and said, "Actually, I've made up my mind long ago, I just haven't dared to take that final step.

But now, as we're about to separate, I don't want to leave any regrets.

Little Luo, my feelings for you have never changed.

Have yours changed?"

"No, of course not!"

Yang Luo shook his head eagerly, saying, "Fourth Senior Sister, since you've made up your mind, then what are we waiting for, let's go!"

With that, Yang Luo directly picked up the woman in his arms.

"Ah, what are you doing, where are you taking me?"

Lin Qianyi was startled.

Yang Luo raised his eyebrows, "Fourth Senior Sister, what do you think?"

Lin Qianyi very shyly said, "Is it that urgent?"

Yang Luo laughed heartily, "With beauty in my arms, how can I not hurry?"

Lin Qianyi snorted lightly, "You... big bad guy!"

"Yes, I am a big bad guy!"

Yang Luo laughed loudly and flew toward the palace holding the woman.

"Big bad guy, I... I regret it, quick, put me down!"

"You willingly fell into my trap, how could I possibly let you go!"

"You're just a rogue, a jerk, a big bad guy!"

"Yes, yes, I am a rogue, a jerk, a big bad guy!"

"Fourth Senior Sister, in this life, you can only be my woman, don't think of escaping!"

"Hahaha..."

...

At noon the next day.

Kunlun Ruins.

The place where Immortal Furnace Mountain is located.

Flame Emperor's Furnace, after returning here, again transformed into a towering mountain.

From the outside, one can't tell that this mountain is actually a powerful Dharma artifact.

Ji Qingcang, Baili Langya, Tantai Qian Chuan, Yi Qiankun, the four Golden Immortal Ancestors were already present.

Star Ruins God and Titan God Master, the two great Golden Immortals, were also present.

Of course, other Heavenly Immortal Ancestors, as well as those bidding farewell with their families like Mo Qingkuang, Ji Longyue, and Ning Jianfeng, were all present.

After all, Yang Luo had long agreed with them that today they would open the Immortal Road.

At this moment.

Yang Luo and others had not arrived yet, Ji Qingcang and others were chatting.

Ji Qingcang was somewhat worried and said, "I wonder if we can successfully open the Immortal Road this time."

Baili Langya said, "Since Little Luo said we could, then naturally there is no problem.

Moreover, Little Luo has already given us the mental method incantation and method to open the Immortal Road.

When the time comes, as long as we implement it according to the method, the Immortal Road will certainly be opened.”

Ning Jianfeng pouted and said, “What’s going on, why hasn’t Brother Yang arrived yet?

Brother Yang wouldn’t be reluctant to leave, would he?”

As Ji Qingcang and others were chatting.

Voices were heard coming from afar.

“Haha, seniors, you’ve already arrived!”

“Seniors, brothers, sorry for being late!”

Ji Qingcang and others turned their heads to look.

Only to see Yang Luo and others aboard an ancient boat, flying over from afar.

Soon, the ancient boat reached the sky overhead.

Ning Jianfeng said with a smile, “Brother Yang, you’ve finally arrived, I thought you were reluctant to leave!”

Yang Luo said with firm eyes, “Reluctant as I may be, I have to be willing, for becoming stronger, for seeing a broader sky, we must go to the Upper World this time!”

With that, Yang Luo asked Ji Qingcang, “Elder Ji, have Senior Gu and others reached Eight Trigrams Mountain?”

Ji Qingcang replied, "I contacted Brother Gu and the others just now, they have arrived at Eight Trigrams Mountain."

"Good!"

Yang Luo nodded and said, "Then let's begin now!"

Chapter 2575: Must Succeed!

"Good!"

The Star Ruins God and Ji Qingcang, along with others, responded in unison.

Immediately, Yang Luo, the Star Ruins God, Titan God Master, Ji Qingcang, Baili Langya, Tantai Qian Chuan, and Yi Qiankun flew towards the Immortal Furnace Mountain and stood surrounding it from above.

Lin Zhetian, Mo Yunfan, and Qin Juechen, along with other Heavenly Immortal Ancestors, also positioned themselves in the surrounding sky.

Once settled in the sky.

Yang Luo sent a voice transmission to Gu Tianshang asking, "Senior Gu, are you ready?"

Gu Tianshang also responded via voice transmission, "Youngster, we're ready, just waiting for your command!"

Yang Luo said, "Since everyone is ready, let's begin now!"

"No problem!"

Gu Tianshang responded with affirmation.

After breaking the connection.

Yang Luo nodded to the Star Ruins God and Ji Qingcang, saying, "Senior elders, commence!"

"Good!"

The Star Ruins God, Ji Qingcang, and the others responded loudly.

Then, Yang Luo and the Star Ruins God, along with others, simultaneously mobilized the energy within them!

As the energy was mobilized, vast and majestic pressure and aura radiated out, sweeping across the eight directions of Heaven and Earth!

Rumble, rumble, rumble!

The vast expanse of sky, mountains, forests, and rivers began to tremble violently, as if a mighty earthquake had been triggered!

The rivers threw up waves of towering height, magnificently grand!

Mo Qingkuang shouted loudly, "Everyone, retreat quickly!"

"Hmm!"

They responded and then retreated with Mo Qingkuang.

Just as Mo Qingkuang and the others retreated!

Boom, boom, boom!

Beams of light surged skyward from Yang Luo and the others, piercing through the clouds and the void!

Then, Yang Luo and the others silently recited the mental cultivation method, raised both palms, and unleashed their energy!

Whoosh, whoosh, whoosh!

Beams of energy shot out from their palms, streaking across the skies, and embedded themselves into the Immortal Furnace Mountain!

The immense energy continuously flowed into the Immortal Furnace Mountain!

Rumble, rumble, rumble!

The Immortal Furnace Mountain trembled violently!

The entire Immortal Furnace Mountain emitted a brilliant golden light, dazzlingly radiant!

Moreover, ancient runes flew out, circling around the Immortal Furnace Mountain, mysteriously exquisite!

The shaking of the Immortal Furnace Mountain grew even more intense, causing the entire vast sky and boundless earth to tremble along!

Seeing this scene before them.

Bujie exclaimed excitedly, “Haha, soon we’ll be able to open the Immortal Road to the Upper World, I can’t wait any longer!”

Ning Jianfeng also excitedly said, “I wonder what the Upper World will be like, how different it is from here!”

Thinking that they could soon travel to the Upper World, Flame Emperor, international Diva, Mo Qingkuang, and Xiang Kunlun were all quite excited.

However, Su Qingmei, Dongfang Ruoshui, and Lin Qianyi looked worried and reluctant.

Soon, a few minutes passed.

What puzzled Yang Luo, Ji Qingcang, and the others was.

Even though the Immortal Furnace Mountain was shaking heavily, nothing else happened.

Moreover, the so-called Immortal Road did not appear.

Ji Qingcang asked, “Little Luo, does this method really work? Why hasn’t the Immortal Road appeared?”

“Did some step go wrong?”

Baili Langya also questioned.

“Little Luo, we’ve followed your instructions, why hasn’t the Immortal Road appeared?”

At this time, Gu Tianshang also asked via voice transmission.

Yang Luo stared intently at the Immortal Furnace Mountain, also feeling puzzled.

Could it be that some step was wrong?

Thinking this.

Yang Luo asked in his heart, "Four Seniors, I followed the method you taught me to open the Immortal Road, but why hasn't it appeared?"

Long Tianchi replied, "Youngster, the method we taught you is correct.

If the Immortal Road cannot be opened, it means your energy is insufficient.

Moreover, during the process, you must not interrupt, ensuring a sufficient supply of energy."

"I see."

Yang Luo nodded in realization.

Long Xinghe pondered and said, "Youngster, are you sure you want to open the Immortal Road now?"

Yang Luo solemnly replied, "Yes, Senior Xinghe, I've decided!

I must open the Immortal Road and take my brothers to the Upper World!

Even if we do encounter danger along the way, we are prepared!"

Long Xinghe sighed and said, "Well, since you've prepared, we will naturally support you fully!"

Long Daoyi also said, "If you encounter danger along the way, we will do everything we can to help!"

“Youngster, you must succeed!”

“Little Luo, hang in there!”

Long Tianchi and Long Youlan both cheered Yang Luo on.

“Hmm!”

Yang Luo nodded heavily, then said to Ji Qingcang and the others, “Senior elders, our method is correct!

The Immortal Road hasn’t appeared yet because the energy is insufficient!

We need to continue increasing the energy to ensure it is ample!”

“Understood!”

Ji Qingcang and the others nodded in response.

Yang Luo again sent a voice transmission to Gu Tianshang.

Afterwards, Yang Luo and Ji Qingcang continued mobilizing their internal energy, sending it continuously into the Immortal Furnace Mountain.

Time ticked by.

Rumble, rumble, rumble!

The energy within the Immortal Furnace Mountain became even more abundant, and the shaking grew more intense.

After a while.

Lin Zhetian, Mo Yunfan, and Qin Juechen began to feel their qi depleting, with large beads of sweat forming on their foreheads.

Yang Luo also felt his breathing becoming irregular, his forehead drenched with sweat.

The Star Ruins God, Titan God, Ji Qingcang, Baili Langya, Tantai Qian Chuan, and Yi Qiankun, being Golden Immortals, managed to hold on.

Yang Luo shouted, "Seniors, keep it up!"

"Alright!"

Everyone responded in unison.

Subsequently, they mobilized their internal energy to the extreme, continuing to channel it into the Immortal Furnace Mountain.

After a while.

Boom!

A beam of light soared directly from the mouth of the Immortal Furnace Mountain!

This beam of light was immense, flickering with multicolored radiance, piercing through the firmament, magnificently grand!

“Little Luo, could this be the Immortal Road?!”

Ji Qingcang gazed at the beam and asked.

“No, that’s not right!”

Yang Luo shook his head and said, “This is not the Immortal Road!”

Just as he finished speaking!

Suddenly!

A massive totem formed in the space above the beam of light!

The totem was engraved with ancient runes, flickering in diverse colors, intricate and mysterious, slowly rotating!

In the next second!

Swish!

A radiant and dazzling beam shot out from within the totem, streaking across the sky, heading straight for the Endless Sea!

Yang Luo looked up and quickly said, “Seniors, let’s go, head for the Endless Sea!”

“Good!”

The Star Ruins God nodded in agreement and then stepped forward.

Rumble!

The space shattered, exploding into a massive hole!

A blue-gold Light Channel entered the void cave!

Afterwards, Yang Luo and his party followed the Light Channel, flying into the void cave...

The commotion was so great.

The elders of Kunlun Ruins were all startled.

“What’s happening?! How is there a beam of light in the sky?!”

“It seems the beam was shot from the defenses of the Immortal Furnace Mountain, aiming for the Endless Sea!”

“Let’s go, head to the Endless Sea and see!”

The elders either flew through the air, rode flying immortal treasures, or mounted mutated beasts, heading towards the Endless Sea.

Chapter 2576: Clearing the Immortal Road!

At the same time.

Penglai Immortal Island.

The location of Eight Trigrams Mountain.

Gu Tianshang and Linghu Wuxie, along with others, stood in the sky surrounding Eight Trigrams Mountain, continuously channeling energy from their bodies into the mountain.

Rumble!

The mountains, earth, forests, and rivers within a radius of hundreds of miles around Eight Trigrams Mountain shook violently.

A sea of rolling golden runes slowly rotated around, incredibly mystical.

Before long.

Boom!

A massive beam of light, shimmering with various colors, shot up from the peak at the center of Eight Trigrams Mountain, piercing through the vast Cloud Sea.

Subsequently, an ancient totem also gathered above this beam of light, slowly rotating.

A few minutes later.

Swoosh!

A huge beam of light shot out from the totem, heading directly towards the Sea of Illusion.

Gu Tianshang looked up and said, "Everyone, the Immortal Road is about to be opened. Let's go to the Sea of Illusion!"

“Alright!”

Linghu Wuxie and the others responded loudly.

Then, Gu Tianshang and the others shattered the void, opening a Light Channel, and rushed towards the Sea of Illusion.

“Why is Eight Trigrams Mountain causing such a stir?!”

“And what is this beam of light shooting from Eight Trigrams Mountain?!”

“I heard Yang Heavenly Venerate and Fiend Celestial Heavenly Venerate are preparing to open the Immortal Road today and ascend to the Upper World!”

“Open the Immortal Road?! Ascend to the Upper World?! Is such a thing possible?!”

“What are we waiting for, let’s hurry to the Sea of Illusion and see!”

The cultivators on Penglai Immortal Island were also alarmed, soaring into the sky, flying towards the Sea of Illusion.

At that moment.

The two beams of light from Immortal Furnace Mountain and Eight Trigrams Mountain swept across the skies of the two Immortal Worlds, finally converging at the border between the Endless Sea and the Sea of Illusion.

The border between the two seas was shrouded in thick fog, with a barrier separating them.

The barrier was a colorful light barrier, connecting the sky and the sea, vast and boundless.

At the moment the two beams of light converged.

Rumble!

The sky and sea at the barrier shook violently!

The Sea of Rolling Clouds churned, the sea overflowed, raising countless waves!

As if water columns were supporting the sky and sea!

And at the center of these giant waves, where the barrier intersected!

Boom!

A dazzling beam of light shot up to the heavens and down to the sea, as if connecting the heavens and the earth!

This light beam was enormous, with a diameter of kilometers, like a Great Dao reaching from the heavens to the earth!

Only to see, the top of this beam merged into the vast and boundless Starry Sky Universe, while the bottom submerged into the deep sea!

As this light beam appeared!

Celestial music resounded between heaven and earth. Around the beam, ancient runes flickered, and phenomena of an Azure Dragon soaring, Phoenix Spreads Its Wings, Vermillion Bird soaring, White Tiger Howling at the Sky, and Black Tortoise Stepping Sky appeared!

At this time.

Rumble!

Rumble!

Not far above the Sea of Illusion, two massive Void Caves blasted open.

Two beams of light shot out, and a group of people flew out along these two light channels.

It was Yang Luo, Gu Tianshang, and the Star Ruins God along with others.

Now, everyone was reunited.

When they saw the beam of light, towering to the heavens at the barrier, and the surrounding phenomena.

Yang Luo and others were dumbfounded, utterly astonished.

Bujie, in a daze, said, "Could this... be the legendary Immortal Road?!"

Mo Qingkuang sighed, "Perhaps... this truly is the Immortal Road!

Otherwise... such spectacles wouldn't appear!"

"Oh my goodness!"

Ning Jianfeng's mouth twitched, "Brother Yang and the seniors have actually opened the Immortal Road. This is miraculous, truly spectacular!"

Gu Tianshang squinted and said, "I didn't expect the Immortal Road to appear at the barrier of the two Immortal Worlds!"

Is this really a coincidence?

Or did the ancient cultivators once open the Immortal Road here and ascend to the Upper World?"

Everyone present gazed at this beam of light, clicking their tongues in wonder and shock.

However, they didn't know the exact situation of ancient times or whether those ancient cultivators truly opened the Immortal Road here.

Of course, since the Immortal Road was opened, it meant their previous efforts weren't in vain.

Yang Luo looked at the beam of light in the distance and asked in his heart, "My seniors, is this the Immortal Road?"

Long Xinghe and the others saw through Yang Luo's eyes, also viewing the beam of light and the surrounding scenes.

"Indeed, this beam of light is the Immortal Road!"

Long Xinghe affirmed, then added, "As long as you enter this beam of light, a powerful force will take you to the Upper World!"

Long Tianchi reminded again, "Kid, once you step onto the Immortal Road, anything can happen!"

And the closer you get to the Upper World, the greater the spatial oppression!

If you get caught in space turbulence, it'll be too late to regret it!"

Long Daoyi also said solemnly, "Kid, it's still not too late to regret now!"

Long Youlan advised, "Little Luo, although we also want to go to the Upper World!

But for your safety, you should think it over carefully, whether to take this risk!"

Yang Luo expressed with determination, "My seniors, no need to persuade me any longer. My mind is made up!"

Upon hearing Yang Luo's words.

Long Xinghe and the others simply sighed deeply, saying no more.

Yang Luo turned to Gu Tianshang and the others, and said, "Honorable seniors and brothers, this is the legendary Immortal Road!

Once we set foot on it, a powerful and mysterious force will carry us to the Upper World!"

"Hahaha..."

Bujie laughed excitedly, saying, "Brother Yang, what are we waiting for, let's go!"

Ning Jianfeng and the others were also extremely excited, hardly able to wait.

Yang Luo looked at Su Qingmei, Dongfang Ruoshui, and others, saying, "Everyone, we'll take the lead now!"

“Yang Luo!”

Su Qingmei rushed into Yang Luo’s arms, choking with tears, “Could you... not go... I’m reluctant to part with you...”

Yang Luo gently patted her head, speaking softly, “Silly, haven’t we already agreed? How can I go back on it now?”

Dongfang Ruoshui, Prajna, Xiao Ziyun, Lin Qianyi, Chu Yanran, and the Goddess of Fate all had tears streaming down their faces.

Yang Luo’s other brothers also had reddened eyes, feeling reluctant.

Even Ji Qingcang and others had red-rimmed eyes.

After all, this farewell, when reuniting would happen, was uncertain.

Yang Luo embraced Dongfang Ruoshui and Lin Qianyi along with others.

Then, he took a deep breath, eyes brimming with tears, forcefully suppressing the sorrow and reluctance in his heart, clasping his hands, “Everyone, take good care, we’ll go ahead!”

“Little Luo, take good care of yourself!”

“You must safely reach the Upper World!”

“Leave things here to us, don’t worry!”

“We’ll join you soon!”

Dongfang Ruoshui, Ji Qingcang, Lin Yuetian, Dongfang Wuji, and others spoke in succession.

“Mm!”

Yang Luo nodded emphatically, then waved his hand broadly, “Brothers, seniors, let’s go!”

Chapter 2577: Respectfully Seeing Off Yang Heavenly Venerate!

Afterwards, Yang Luo, Gu Tianshang, and others decisively flew towards that beam of light.

Soon, Yang Luo, Gu Tianshang, and others flew into the beam of light.

At this moment.

Many elders from both Immortal Worlds hurried over and witnessed this scene.

“Oh my heavens, is this the legendary Immortal Road? It’s so magical, so magnificent!”

“I didn’t expect the legendary Immortal Road to appear at the junction of the two Immortal Worlds!”

“Doesn’t that mean that in the future, we won’t need to reach Golden Immortal to go to the Upper World!?”

“That’s true, but if our cultivation and strength aren’t strong enough, encountering danger in the Upper World would be no different from seeking death!”

“Yang Heavenly Venerate and Fiend Celestial Heavenly Venerate dare to go to the Upper World. They are certainly full of courage!”

The elders of both Immortal Worlds exclaimed.

At this moment.

Yang Luo, Gu Tianshang, and others stood within the beam, feeling mysterious and powerful forces pulling at their bodies.

“Yang Luo!”

“Little Luo!”

“Brother Yang!”

Su Qingmei, Dongfang Ruoshui, Prajna, and others cried out, tears already blurring their faces.

Yang Luo looked up at the elders from the two Immortal Worlds and said loudly, “Everyone, the Earth’s Three Realms are in your hands!”

“Yang Heavenly Venerate, go without worry. We will surely protect our homeland!”

“Now that the spiritual energy in the Three Realms is revived, the Three Realms will produce more strong beings!”

“If strong enemies invade us in the future, we will have the power to defend ourselves!”

“We bid you farewell, Yang Heavenly Venerate!”

The elders from the two Immortal Worlds bowed with hands clasped.

“Thank you all, we shall meet again someday!”

Yang Luo nodded, then looked at Su Qingmei, Dongfang Ruoshui, and others, and gently said, "Take care!"

The moment the words left his mouth.

Yang Luo and Gu Tianshang and others were directly lifted by a strong and mysterious force to the sky, transforming into streams of light, shooting straight to the horizon.

A few minutes later.

Yang Luo and Gu Tianshang and others vanished from everyone's sight.

Su Qingmei choked out, "Yang Luo and the others are gone, really gone..."

Xiao Ziyun wiped her tears and said, "That brat just left, truly heartless!"

Lin Qianyi gritted her teeth and bit her lip, "Big jerk, big villain!"

Dongfang Ruoshui sighed and said, "Everyone, what Little Luo said is true, this separation is for a better reunion in the future!"

The next time we see Little Luo, he will probably be even stronger, beyond our imagination!

So, we must hurry with our cultivation and improve our strength!

The sooner we improve, the sooner we can go see Little Luo and them!"

"Yes!"

"We have to work even harder!"

“We must quickly go see Little Luo and them!”

Su Qingmei, Lin Qianyi, Xiao Ziyun, and others all nodded seriously, their eyes showing strong determination.

Ji Qingcang stroked his beard and said, “I wonder what Little Luo and the others will encounter in the Upper World, will there be danger?”

Qilin family, hands behind his back, smiled and said, “Brother Ji, danger is certainly inevitable, but I believe Little Luo can resolve all dangers.

After all, Little Luo is daring and righteous, loyal and bold, he will make many like-minded friends.

As long as he can safely reach the Upper World, it won’t be long before he makes a renowned name for himself there.”

“It’s really something to look forward to!”

“Yes, I wonder what level Little Luo will reach the next time we meet!”

“Once we handle matters here, we’ll go to the Upper World to find Little Luo and them!”

“All right, it’s decided then!”

Ji Qingcang, Baili Langya, Qin Juechen, and others all looked at the beam with anticipation.

...

After Yang Luo and Gu Tianshang and others stepped onto the Immortal Road, they were pulled forward rapidly by a strong and mysterious force.

Moreover, without flying on their own, they were carried forward by this force, which was quite magical.

Everyone's speed reached its peak, like electric streams of light crossing the Immortal Road.

Around the Immortal Road was endless Void, Darkness Enveloping, and chaotic fog swirling.

However, the Immortal Road seemed infinitely long, with no known destination.

They flew for several hours.

Bujie lay back, hands behind his head, scoffing, "How far is the Upper World from Earth? How much longer do we have to fly?"

Ning Jianfeng said irritably, "Brother Bujie, are you comfortable? Aren't you afraid of getting caught in space turbulence?"

Bujie waved his hand, "Hey, even if the sky falls, isn't Yang Brother and Senior Gu there to handle it? Why worry?"

Besides, if even Yang Brother and Senior Gu can't resolve it, then our struggles would be pointless. Better wait to die quietly!"

Ning Jianfeng said speechlessly, "Damn, why do I feel like what you said makes sense?"

Yang Luo glared at him, "Bujie, if we're in the Upper World and you're still lazy, believe me, I'll beat you!"

Bujie shrank back awkwardly, “Rest assured, Yang Brother, in the Upper World, I’ll definitely work harder!”

Yang Luo nodded, “You must work harder, as going to the Upper World may reveal your origins, maybe even find your birth parents.”

Hearing Yang Luo’s words.

Bujie fell silent, his playful expression disappearing.

Though he usually acts carefree and naive, always cheerful.

Secretly, he truly hopes to learn of his origins and find his birth parents.

But he kept this wish hidden deep in his heart, never showing it.

Yang Luo sighed lightly, “Bujie, don’t worry, we will help you find your birth parents!”

“Yes.”

Bujie just nodded without speaking further, yet a trace of melancholy appeared in his eyes.

Ning Jianfeng teased, “Brother Bujie, can you stop pretending to be melancholic, it really doesn’t suit you!”

“Damn!”

Bujie showed Ning Jianfeng his middle finger, “I really am the melancholic Little Prince!”

“Little Prince?”

Xu Ying suddenly said, "Like the Light God Son?"

Bujie instantly exploded, "Damn it! Brother Xu, how can you compare me to that idiot? Is there any comparison?"

Xu Ying nodded, "Indeed, no comparison. At least he is a prince of the Divine Country, while you're just a clueless joker."

Bujie rolled up his sleeves, "Damn, Brother Xu, come on, let's spar. Today, Lord Buddha will show you why the flower is red!"

Xu Ying was not afraid, also rolling up his sleeves, "Spar then, who's afraid of you!"

Just as the two intended to duel on the Immortal Road!

Suddenly!

Rumble!

The Immortal Road began to shake violently, seemingly becoming unstable!

The surrounding chaotic fog stirred up Destructive Storms, seemingly about to shred the entire Immortal Road!

"Oh no, space turbulence!"

Yang Luo couldn't help but exclaim.

Chapter 2578: The Immortal Road Collapses!

Whoosh whoosh whoosh!

The chaotic fog surged wildly, transforming into numerous chaotic tornadoes, crushing towards the Immortal Road!

Boom, boom, boom!...

These chaotic tornadoes crazily crashed against the Immortal Road, creating immense booming sounds!

Under the impact of these chaotic tornadoes, Yang Luo and his companions struggled to keep their balance, shaking violently!

Moreover, everyone felt the sudden intensification of spatial pressure, brutally compressing their bodies!

If not for the support of the Immortal Road, their bodies might have been crushed!

“Damn it!”

Bujie’s mouth twitched, “I didn’t expect us to really encounter spatial turbulence!

Do we really be caught in the spatial turbulence and die here?!”

Xu Ying glared, coldly shouting, “Don’t jinx it!”

Flame Emperor asked with a solemn expression, “Little Luo, what should we do now?!”

Yang Luo spoke in a shocked voice, “Fly forward rapidly; if we can reach the Upper World before the Immortal Road is torn apart, we can escape danger!”

Gu Tianshang nodded, “Little Luo is right, fly forward quickly!”

“Okay!”

Everyone responded in unison.

Immediately, Yang Luo and the others continuously mobilized the energy within their bodies and flew forward rapidly.

As Yang Luo and the others were flying rapidly forward!

Boom boom boom!...

More chaotic tornadoes rose in the Dark Void, beginning to madly strike the Immortal Road, the crashing sound deafening, making Yang Luo and the others’ blood surge with agitation!

Furthermore, the more they flew ahead, the stronger the spatial pressure became!

Who knows how long they had been flying!

Suddenly!

Rumble rumble rumble!

Rumble rumble rumble!

A series of deafening explosions sounded behind them!

Yang Luo and the others turned to look, the Immortal Road behind them was already collapsing bit by bit, turning into numerous fragments of light drifting in the Dark Void!

Those fragments of light were ground into residue by the chaotic tornadoes, terrifying beyond belief!

The chaotic fog surged wildly, like a wild beast, continuously tearing apart the Immortal Road behind, attempting to devour Yang Luo and the others!

“Not good!”

Yang Luo’s face changed dramatically, “The Immortal Road can no longer withstand this spatial pressure, it’s beginning to collapse!

Keep speeding forward, don’t stop for anything!”

“Faster! Faster!”

“Damn it, we have to risk it!”

“We can’t die here!”

“Dying here would be too humiliating!”

Everyone cried out in surprise, pushing the energy within their bodies to the extreme, putting forth all their strength to fly rapidly forward!

At this moment!

Yang Luo and the others’ flying speed was already pushed to the extreme, reaching their fastest speed!

However, even with everyone's extreme speed!

The collapsing speed of the Immortal Road behind them began to accelerate!

Even the Immortal Road where Yang Luo and the others were standing began to crack, making a clear "ka ka ka" cracking sound!

At this time.

"I hadn't expected you would eventually encounter spatial turbulence!"

"Kid, there's nothing else you can do now. The only thing you can do is break through the spatial barriers quickly and reach the Upper World!"

"Your speed must be fast! You must be fast!"

"Little Luo, you must be careful!"

Long Xinghe and the four were alarmed, loudly reminding Yang Luo in the Divine Sense Space.

"Got it!"

Yang Luo responded in his heart, then continued to speed up, flying forward.

However, after more than ten minutes!

Rumble rumble rumble!

The Immortal Road traversing the Dark Void completely collapsed, turning into a sky full of fragments of light flying in all directions!

With the Immortal Road's protection gone, chaotic tornadoes frenziedly compressed towards Yang Luo and the others!

"Ugh ah ah ah..."

Bujie and others let out painful screams, their bodies torn open with numerous bloody gashes, spilling copious amounts of fresh blood!

Gu Tianshang, Linghu Wuxie, Zuo Canghai, and Chu Junlin, though Golden Immortals, could barely withstand it, but their bodies also opened up with bloody gashes!

While Yang Luo's body was robust, under this powerful spatial pressure, it was also torn open with dense bloody gashes!

Flame Emperor, Zhixin, and Bujie were even more wretched, their skin, muscles, and veins torn extensively, fresh blood spurting uncontrollably!

Linghu Wuxie gritted his teeth, "If this continues, Little Luo and they might not endure!"

"What should we do now?!"

Zuo Canghai asked urgently.

Chu Junlin's expression was grave, "Forcing open the Immortal Road to the Upper World is still too dangerous!"

Gu Tianshang shouted in a shocked voice, "Quickly protect Little Luo and them, continue flying forward!"

"Alright!"

Linghu Wuxie, Zuo Canghai, and Chu Junlin responded in shocked voices.

Immediately, the four called forth their weapons, continuously wielding them against the chaotic tornadoes crushing from all directions!

Yang Luo also summoned the Dragon Emperor Sword, shouting loudly, "Brothers, we must hold on!"

"Yes!"

Flame Emperor and others screamed back, also summoning their weapons!

Everyone endured their injuries, wielding their weapons, executing fierce moves to fiercely attack the chaotic tornadoes, resisting the pressure of the Power of Space Law!

Clang clang clang!

Rumble rumble rumble!

The sound of collisions and explosions echoed endlessly!

Various energies and lights intertwined, transforming into surging waves, rushing in all directions!

After jointly destroying a portion of the chaotic tornadoes!

Gu Tianshang roared out loudly, "Quick, go!"

"Go!!!"

Yang Luo and the others also shouted loudly.

Immediately, Yang Luo and the others fought their way through the chaotic tornadoes, enduring the terrifying spatial pressure, continuing to fly forward!

Along the way.

Yang Luo's heart stirred, he bellowed, "Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, Holy Dragon Ancient Mirror!"

Buzz buzz buzz!

The Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, and Holy Dragon Ancient Mirror flew out, expanding rapidly against the wind, projecting rays of light, gathering a four-layered Light Shield that enveloped everyone!

Crash crash crash!

Boom boom boom!

Massive chaotic tornadoes, powerful Power of Space Law fiercely struck the Light Shield and crashed against the four Dharma artifacts!

The sound of collisions and explosions was incessant, echoing everywhere!

Everyone also summoned numerous Dharma artifacts that floated above them, resisting the crushing of chaotic tornadoes and Power of Space Law!

Bang bang bang!

Under the crushing of these chaotic tornadoes and Power of Space Law, ordinary Dharma artifacts couldn't withstand it at all, exploding into piles of fragments!

And these fragments were crushed into powder!

Fortunately, the Dharma artifacts everyone collected were numerous enough to barely resist!

However, the Power of Space Law was too terrifying, even with Dharma artifacts resisting, it was difficult for everyone to endure, their bodies exploded with flying flesh and blood!

Of course, without so many Dharma artifacts for protection, Bujie and others might have been torn apart long ago!

"Brother Yang, what do we do, we probably can't hold on much longer!"

"Once these Dharma artifacts are completely destroyed, all that awaits us is a dead end!"

"We just want to reach the Upper World, why is it so difficult?"

Ji Longyue, Mo Qingkuang, and Ning Jianfeng and others cried out anxiously.

Blood sprayed from their mouths, their bodies already full of wounds, extremely miserable!

Chapter 2579: Where is this?

"We absolutely cannot die here, we must fight!"

"Quickly cast defenses, keep resisting, and charge forward!"

Yang Luo shouted loudly, continuously mobilized the energy within him, and formed layer upon layer of defensive shields, enveloping everyone inside!

Long Xinghe, Long Daoyi, Long Tianchi, and Long Youlan also channeled energy to Yang Luo to help him withstand the crushing force of the chaotic tornado and power of space law!

Gu Tianshang and others also didn't hesitate, continuously mobilized the energy within them, and formed layer upon layer of defensive shields to resist!

After forming the defensive shields!

Yang Luo and others continued to fly forward at the fastest speed!

Crack! Boom!

Rumble! Boom!

The chaotic tornado and the powerful force of space law crazily collided with the defensive light shield!

The sounds of collision and explosion echoed continuously, spreading throughout the vast dark void!

The defensive shield gathered by Yang Luo and others was crushed layer by layer, exploding into a large patch of energy and light!

Regardless of everything, everyone dragged their heavily injured bodies and charged forward with gritted teeth!

They flew forward for an unknown distance!

Rumble! Boom!

Deafening exploding sounds came from ahead!

In the vast dark void, several void caves exploded open!

Every void cave flashed with blinding and dazzling light!

“What’s going on? Why did several caves explode in the void?!”

Bujie exclaimed in shock.

Yang Luo and others were also stunned, unable to figure out the current situation.

But, the next second!

“What the hell!”

Bujie screamed in shock, “What’s happening?!”

His body was uncontrollably pulled by a strong suction, flying toward one of the void caves.

Just as Bujie was sucked into that void cave!

“Ahhhhh...”

“Why is my body uncontrollable?!”

“Where is it sucking us to?!”

With screams of terror, Yang Luo and others were also sucked into different void caves...

...

An unknown world.

The sky was vast, clear as washed, with clouds rolling.

Below, mountains thousands and tens of thousands of feet high towered, resembling giant dragons coiled to rest.

Amidst the mountains, dense forests grew, ancient trees towering, thick vines coiled like dragons.

Rivers flowed, flowers and grass fragrant, and various large flying birds and beasts flew through the sky and roamed the forest.

At this moment.

In a valley.

A middle-aged man wore a purple flame-patterned robe, thin and tall, his hair in a dao bun, was crafting pills.

Suspended above the middle-aged man was a purple cauldron.

The cauldron was several feet tall, with two ears and four legs, adorned with intricate runes.

The man's right hand joined in a sword finger, activating the purple flames within him, enveloping the cauldron.

With the flames burning, the cauldron emitted a rumbling sound, rising wisps of white smoke.

He exerted his right to control the flame, while his left hand moved slightly.

One by one, medicinal herbs placed aside flew into the cauldron.

He frowned slightly and muttered to himself, "I wonder if it can succeed this time.

It's a pity that there's no medicinal primer, otherwise the chance of success would be greater."

However, just at that moment!

Rumble! Boom!

A distant roaring explosion sound suddenly erupted above!

"What sound is that?!"

The man's face changed, quickly stopped alchemy, put away the cauldron and herbs, and shot into the sky.

Upon reaching the sky.

He looked into the distance.

He saw the sky in the distance had exploded open into a huge void cave.

Many birds and beasts fled in panic.

“Hmm?”

The middle-aged man was puzzled, “What’s happening, why did the sky explode with a cave?!”

As he pondered in confusion.

“Ahhhh...”

Screams came from the exploded void cave.

Immediately after.

Several figures fell from the void cave.

“Who are they?!”

The middle-aged man’s face changed slightly, becoming more and more puzzled.

However, after lingering in the sky for a while, he still decided to take a look.

So, with a slight movement, he transformed into a stream of light and flew over.

At this moment.

A valley a dozen miles away.

Figures, covered in blood, lay sprawled near a lake, gasping heavily.

It was Yang Luo and Bujie, along with others.

“Hiss...”

Yang Luo took a deep breath, feeling as if he'd lost half his life, with pain piercing through his body.

He struggled to sit up, glanced around, and was instantly dazed.

“Damn it! Where is this?!”

“Wow! I actually didn't die?!”

“What is this place, have we arrived in the Upper World already?!”

“It should be, the spiritual energy here is so abundant! It's far richer than Earth's Three Realms, it's heaven!”

At this moment, Bujie, Ning Jianfeng, and Xu Ying also struggled to sit up.

Everyone looked around dumbfounded.

Yang Luo was stunned for a long time before he regained his senses.

He looked at Bujie and the others, his face suddenly changed, “What's going on?! Where are Senior Gu and the others?!”

Bujie and the others also looked around and immediately noticed many people were missing.

Now only Yang Luo, Flame Emperor, International Diva, Bujie, Xu Ying, Ning Jianfeng, Qin Zhanhuang, Lin Wenxuan, Mo Qingkuang, Xiang Kunlun, Big White, Hundred Cry Bird, Ji Longyue, Baili Wushuang, Tantai Puti, Yi Yuheng were present.

Gu Tianshang, Linghu Wuxie, Zuo Canghai, Chu Junlin, Jing Yucheng, Li Xinghuo, King of Creation, Sacred Prison King, Ice Empress, Emperor of the Dead, Divine Light and Darkness, Huangfu Xuance, Helian Dongsheng, Jun Tianming, Xing Shengjie were missing.

Mo Qingkuang spoke up, "Brother Yang, let's try to sense Senior Gu's aura, see if we can sense them!"

"Alright!"

Yang Luo nodded in agreement.

Then everyone expanded their divine sense to the maximum, trying to sense the aura of Gu Tianshang and others.

A few minutes later.

Yang Luo furrowed his brow tightly and said in a low voice, "I can't sense them at all."

Bujie twitched his lips and said, "No way, could it be that Senior Gu and the others are trapped in the dark void and didn't come out with us?!"

Ning Jianfeng gulped and said, "If that's the case, doesn't it mean Senior Gu and the others might not have survived?!"

Upon hearing this.

Flame Emperor and others' faces changed dramatically, worry filled their eyes.

Yang Luo analyzed, "Brothers, do you remember how we arrived here?"

“Of course I remember.”

Bujie responded and continued, “At that time, several caves exploded in the dark void, we were directly sucked in, and then we arrived here.”

“Exactly.”

Yang Luo nodded, “At that time, I also saw Senior Gu and others being sucked into other caves.

If being sucked into those caves is all it takes to arrive here, then it proves, Senior Gu and the others are still alive, but they got separated from us.”

Chapter 2580: Jiuzhou Immortal Domain!

“Little Luo makes sense!”

Flame Emperor nodded and said, “Senior Gu and the others should have arrived in this world, but they’re far from us, which is why we can’t sense them!”

Upon hearing this.

Everyone breathed a slight sigh of relief.

Yang Luo exhaled a breath of turbid air and said, “We need to heal and recover quickly, then figure out where we are.

Afterwards, we’ll go search for Senior Gu and the others.”

“Alright!”

Everyone nodded in agreement.

Immediately, Yang Luo took out several bags of pills from his storage ring and tossed them to Bujie and the others.

“These are pills I made before coming here. Keep them safe for emergencies.”

“Yes!”

Everyone responded, then sat cross-legged, swallowed the pills, and began healing and recovering.

Yang Luo mentally asked, “Four seniors, do you think this is the Upper World?”

Long Tianchi laughed heartily and said, “Kid, you truly are blessed to have escaped from the spatial turbulence!”

Long Youlan sighed gently, saying, “It’s good to be out; we were really scared earlier.”

Speaking thus, Long Xinghe and the others looked around through Yang Luo’s eyes.

A few minutes later.

Long Xinghe spoke, “The scene here is somewhat familiar yet somewhat strange; we can’t yet determine just where this place is.”

Long Daoyi also said, “However, it’s certain you’ve reached a high-level dimension.

Later, you should investigate the situation here, and once we’re familiar, we’ll know where this place is.”

“Alright.”

Yang Luo responded, disconnecting the mental link.

Afterwards, he too swallowed a few pills and began healing and recovering.

The spiritual energy here is exceedingly abundant, countless times more than in Earth's Three Realms or the Divine Realm.

Moreover, we've discovered this energy is very pure, seemingly free of any impurities.

As we operated our cultivation techniques, waves of spiritual energy surged from all directions.

Yang Luo and the others' bodies were like sponges, absorbing the spiritual energy from Heaven and Earth ravenously.

In just a few minutes, their injuries had improved somewhat.

However, due to the severe injuries from the spatial turbulence.

Complete recovery couldn't be achieved in a short time.

It was just then.

A strong voice came over.

"Who are you, and why did you fall from the sky?"

Yang Luo and others were startled, looking up.

A slender, tall, middle-aged man with long narrow eyes, wearing a purple flames totem robe, flew over.

Yang Luo sensed the man's aura, immediately alarmed!

Golden Immortal!

Though this man was just at the Golden Immortal Early Stage, he was definitely a Golden Immortal!

After all, he'd dealt with Golden Immortals before, he could certainly tell!

Unexpectedly, upon arriving here, they encountered a Golden Immortal!

However, Yang Luo and the others didn't know if this man was friend or foe, so they remained vigilant!

Before Yang Luo and the others could speak.

The middle-aged man examined Yang Luo and the others, squinting, asking, "Your auras and bloodlines aren't simple!

Tell me, what's your connection with the Gu Qinglong Family, Ancient White Tiger Family, Gu Zhuque Family, Ancient Xuanwu Family, Gu Kunpeng Family, Gu Qingluan Family, Gutengshe Family, Ancient Phoenix Family?"

"Gu Qinglong, Ancient White Tiger, Gu Zhuque...?"

Yang Luo was taken aback, cupped his hands and said, "Senior, to be frank, we came from a Lower Plane!

We've just arrived here and aren't very familiar with this place!"

Ji Longyue and others were also extremely surprised.

Unexpectedly, this person could see through their bloodlines at a glance.

But what did he mean by Gu Qinglong Family, Ancient White Tiger Family?

“Oh...”

The middle-aged man’s lips curled into a peculiar smile and said, “Let me introduce myself, I’m the Law Enforcer of the Five Elements Immortal Sect, ‘Purple Fire Immortal Monarch’ Li Wenxu!

This world is named Jiuzhou Immortal Domain, and this place is Luohuang Mountain in Huangzhou Territory!

But I’m curious, none of you have reached Golden Immortal, so how did you break through the dimensional barrier and come here?”

Yang Luo felt a surge of thought, so this place was Jiuzhou Immortal Domain.

He cupped his hands and said, “Senior, we used a special secret method to open the Immortal Road and arrived here.”

“I see...”

Li Wenxu nodded with sudden realization, the smile on his lips growing even odder.

Yang Luo just felt this person had ill intentions.

He glanced at Bujie and others, then said to Li Wenxu, “Thank you for resolving our doubts, we’ll take our leave now!”

“Wait!”

Li Wenxu suddenly stopped Yang Luo and the others.

Yang Luo frowned, asking, “Might I ask if there’s something else you need, senior?”

Li Wenxu squinted and smiled, saying, “Recently, I’ve been making a type of pill and lack a medicinal primer.

Since your bloodlines are so special, why not become my medicinal primer.”

On hearing this!

Yang Luo and the others’ faces changed drastically!

Bujie shouted, “You bastard, what do you mean, trying to use us in alchemy?!”

Yang Luo’s expression turned cold as he said, “Senior, we’ve no past grievances nor recent feuds with you, wouldn’t this be inappropriate?”

“Heh...”

Li Wenxu chuckled mockingly, saying, “Indeed, we’ve no grievances, but you came from a Lower Plane, and your bloodlines are so special!

With Heaven-sent medicinal herbs, how could I not take them?”

“Damn it, you piece of shit, you want to die?!”

“Who uses living people for alchemy, are you insane?!”

“You’re a damn lunatic!”

Bujie, Ning Jianfeng, Ji Longyue cursed loudly.

“Hahaha...”

Li Wenxu laughed loudly, looking at Yang Luo and the others pitifully, saying, “You’re truly foolish and ignorant elders from a Lower Plane!

Don’t you know humans are the spirits of all things, born as medicinal herbs?

Generally, ordinary humans aren’t good medicinal herbs, but your bloodlines, they’re perfect!”

“Brothers, let’s go!”

Yang Luo shouted, leading Bujie and the others to soar skyward to escape this place.

Now, they’d been seriously injured, their qi drained, just barely recovering, naturally couldn’t contend with this guy.

“Don’t even think about leaving!”

Li Wenxu commanded coldly, waving his robe!

Whoosh!

In an instant, purple flames ignited around Yang Luo and the others!

These raging flames transformed into fiery walls, connecting Heaven and Earth, blocking Yang Luo and the others' path!

The flames burned intensely with immense power, scorching vast areas of Cloud Sea, turning all the trees, flowers, and grass in the mountains into charcoal!

Many mutated beasts couldn't escape and were burned alive!

Yang Luo's face darkened, calling forth the Dragon Emperor Sword, announcing, "Charge out quickly!"

"Alright!"

Flame Emperor and the others summoned their weapons too.

They brandished their weapons, launching an assault on the fiery walls...
