

Super IDG 2601

Chapter 2601 Primordial Sacred Dragon!

After all, the four seniors of Long Xinghe have distinct personalities, and even though only their Essence Souls remain, their strength is still formidable.

Therefore, in Yang Luo's opinion, the strength of the remaining five seniors is likely not much different from that of the four seniors of Long Xinghe.

It would be great to receive guidance from the fifth senior.

Long Tianchi said with an unfriendly tone, "Kid, don't just stand there grinning, hurry up and get in here!"

"Alright!"

Yang Luo responded.

After breaking the connection.

Yang Luo looked at Lei Dongtian and the others and said, "Elder Lei, I would like to find a place to cultivate now."

"Right now?"

Lei Dongtian asked in confusion.

"Yes."

Yang Luo nodded and said, "After all, I've only recently stepped into Golden Immortal, so I want to solidify my cultivation."

Lei Dongtian nodded and said, "Alright, the spiritual energy in this valley is quite abundant. If you don't mind, you can cultivate here."

"I don't mind at all!"

Yang Luo replied, and then said to Bujie and the others, "Brothers, you can also find a place to cultivate and solidify your cultivation!"

"Yes!"

Bujie and the others nodded in agreement.

Subsequently, Yang Luo did not waste any time and quickly descended into the valley, sat cross-legged, and entered a meditative state.

Lei Dongtian stroked his beard and sighed, "Little Friend Yang's cultivation talent is already outstandingly eminent, yet I didn't expect him to be so diligent, truly making us feel ashamed!"

Chi Yanzhou looked at his disciples and said, "You must all learn from Little Friend Yang, work harder in your cultivation, and not become arrogant and complacent!"

"Yes, Elder Chi!"

The disciples respectfully bowed their heads.

Gu Yunsong raised his hand and said, "Alright, everyone disperse now and don't disturb Little Friend Yang's cultivation."

The disciples nodded and then quietly left the place.

After the disciples left.

Lei Ming said in a deep voice, "Esteemed elders, a few days ago, Little Friend Yang killed Li Wenxu, and I reckon this matter has already reached the Five Elements Immortal Sect!

I fear it won't be long before the Five Elements Immortal Sect appears at our door, demanding accountability!"

"Hmph!"

Lei Dongtian snorted coldly and said, "If they dare come, we can definitely settle the score from last time!"

Chi Yanzhou said in a booming voice, "Little Friend Yang is our most esteemed friend, and if they wish to take him, they can think again!"

Gu Yunsong looked at Flame Emperor and the others and said, "These few days, you should stay here, and even if the people from the Five Elements Immortal Sect come, they won't be able to touch you!"

Flame Emperor clasped his hands and said, "Thank you very much!"

Mo Qingkuang and the others also clasped their hands in gratitude.

"No need to thank us."

Lei Dongtian waved his hand and said, "Actually, we should be the ones thanking Little Friend Yang.

If it weren't for him helping us recover, our injuries wouldn't have healed, nor could we have broken through our cultivation."

Saying this, Lei Dongtian looked at Chi Yanzhou and Gu Yunsong and said, “Junior Brother Chi and Junior Brother Gu, we’ve just made a breakthrough and need to solidify it.

We’ll remain nearby these few days to stabilize our cultivation and help guard Little Friend Yang.”

“Alright!”

Chi Yanzhou and Gu Yunsong both replied.

Flame Emperor also said, “We’ll also find a place nearby to solidify our cultivation!”

“Hmm!”

Mo Qingkuang and the others nodded.

Following this, Lei Dongtian, Chi Yanzhou, Gu Yunsong, and Bujie among others began cultivating in the nearby valley, solidifying their cultivation.

Lei Ming and others then left the back mountain.

They needed to be prepared to fend off any troublemakers from the Five Elements Immortal Sect.

At this moment.

Yang Luo had already entered the Divine Sense Space.

Long Xinghe, Long Daoyi, Long Tianchi, and Long Youlan were standing above the fifth bronze dragon coffin, continuously infusing energy into it.

Rumble, rumble, rumble!

As energy flowed in, the lid of the fifth bronze dragon coffin began to slowly move, emitting a trembling sound!

It was evident that the lid of the fifth bronze dragon coffin was about to open!

Yang Luo didn't just watch from the side; he also flew over, mobilized the energy within his body, and channeled it into the bronze dragon coffin!

Rumble, rumble, rumble!

The trembling of the fifth bronze dragon coffin intensified, and the entire coffin emitted dazzlingly radiant light!

After a dozen minutes or so.

Long Xinghe loudly said, "Retreat!"

"Yes!"

Yang Luo and the others responded in unison and then quickly retreated with Long Xinghe.

And just as Yang Luo and the others withdrew!

Clang!

The heavy lid shot straight up into the sky and landed to the side!

The next moment!

Boom!

A massive crimson beam of light surged out from the bronze dragon coffin and shot into the sky!

This brilliant light, like a rosy glow, instantly dyed the sky a crimson red, dazzling to behold!

Upon witnessing this, Yang Luo couldn't help but clench his fists in excitement!

It's out!

The fifth senior is finally about to come out!

After all, ever since Senior Dao Yi emerged from the coffin, it had taken an awfully long time to open the fifth bronze dragon coffin!

Now, with the fifth bronze dragon coffin finally opening, he was naturally very excited!

Long Xinghe, Long Daoyi, Long Tianchi, and Long Youlan also looked up with smiles, full of anticipation.

In an instant.

"Roar!"

With the beam of light soaring, a resounding dragon roar echoed throughout the Divine Sense Space!

A massive crimson dragon soared up from the bronze dragon coffin, appearing in the vision of Yang Luo and the others!

Although the dragon had a huge body, it was relatively slender, exuding an aura of ancient ruggedness!

Moreover, its scales emitted a crimson glow, resembling red agate, clear and luminous!

“Wahahaha... I am finally out!”

The dragon spoke with human words, crossing and soaring in the sky, seemingly very excited.

However, upon hearing the dragon’s voice, Yang Luo was instantly baffled!

What’s going on? This voice is so clear and sweet, soft and gentle, like a girl’s voice?

Yang Luo looked towards Long Xinghe and the others and asked, “Is this senior a female?!”

“That’s right.”

Long Xinghe nodded with a smile, “This girl is ranked ninth and is titled ‘Primordial Sacred Dragon’, named Long Jiu’er.”

“Oh... So it was the ninth-ranked senior who emerged from the coffin!”

Yang Luo realized and nodded.

Long Youlan gazed affectionately at the sky and said softly, “Alright, Jiu’er, come down quickly.”

“Alright, Seventh Sister!”

Long Jiu’er responded, then flew over and instantly transformed into human form.

However, upon seeing Long Jiu'er's appearance, Yang Luo was dumbfounded!

Long Jiu'er was wearing a red dress, and her height was only about 1.6 meters.

Her hair was tied in a bun, her small face was round and chubby, her eyes big, and her eyelashes like little brushes, flickering adorably.

Yang Luo stared blankly at this cute little girl, feeling somewhat bewildered.

This... this is the ninth-ranked senior?!

She's actually a little girl?!

He had imagined this senior to be a grand figure, like Senior Xinghe, Senior Daoyi, and Senior Tianchi!

Or perhaps mature and intellectual, like Senior Long Youlan!

But never did he expect this senior to look like a neighboring little girl, which took him completely by surprise!

Chapter 2602: With Strength to Uproot Mountains, Presence Encompassing the World!

Right when Yang Luo was dazed.

"Seventh Sister, I really miss you!"

Long Jiu'er directly jumped into Long Youlan's arms.

Long Youlan spoke softly, "Jiu'er, sister also misses you. You finally came out."

Long Jiu'er pouted, "Brother Yang has been locked in the dragon coffin for so long, it's so boring!"

Long Youlan said, "Jiu'er, Brother Yang sealed us in the dragon coffins to warm and nourish our Essence Souls, ensuring they're undying.

Otherwise, we might have disintegrated long ago."

Long Tianchi said jealously from aside, "Jiu'er, you only miss Seventh Sister and not me, right?"

"Oh, Fifth Brother, don't be like that, I missed you too!"

Long Jiu'er giggled and then bounced into Long Tianchi's embrace again.

Long Tianchi laughed heartily, "I really can't handle this girl."

"Big Brother, Second Brother, I really miss you too!"

Long Jiu'er then hugged Long Xinghe and Long Daoyi.

Even the usually proud and aloof Long Daoyi showed a warm smile at this moment.

Long Xinghe said, "Jiu'er, let me introduce you. This is Brother Yang's son, Yang Luo."

"Huh? Is he Brother Yang's son?"

Long Jiu'er approached Yang Luo, circling him a few times.

Yang Luo smiled and cupped his hands in respect, "Junior Yang Luo greets Senior Jiu'er!"

Even though this senior seemed very young, like a little girl next door.

Yang Luo wouldn't actually think that this senior is younger than him.

Long Jiu'er put her hands on her hips, slightly frowned, and said, "You're rather polite, young one.

However, your cultivation is really too weak, how come you just stepped into Golden Immortal?

You are Brother Yang's son, how could you be so weak?"

"..."

Yang Luo's eyebrow twitched, suddenly speechless.

Almost every senior who emerged from the coffin has criticized his weak cultivation, he was already accustomed to it.

Moreover, after witnessing the power Old Immortal displayed, he deeply understood that his current cultivation and strength were indeed insufficient.

Far inferior to Old Immortal and his father.

After all, several seniors have mentioned that his father is stronger than Old Immortal.

No wonder these seniors find his cultivation weak.

Long Youlan smiled and said, "Jiu'er, Little Luo was cultivating in the Lower World, and just recently managed to come to the Upper World.

The cultivation he has now is already quite good.”

Long Xinghe also nodded and said, “That’s right, this kid has been diligent, hardworking, and tenacious all along, we’ve all seen it.

Although his cultivation and strength are not enough now, it doesn’t mean his future achievements will be low.”

Long Tianchi chimed in, “Jiu’er, don’t judge this kid by his looks, he’s still quite decent.

In him, we’ve all seen Brother Yang’s shadow.”

Long Daoyi nodded as well.

After going through so much, they all recognized Yang Luo.

“Since all of you big brothers praise this kid so much, it seems he really is quite good!”

Long Jiu’er said with a playful smile, then asked, “Big Brother, have you taught this kid cultivation techniques?”

“Of course.”

Long Xinghe nodded and said, “We each taught him several cultivation techniques.

Now this kid has completely mastered the techniques we taught him.”

“Really?”

Long Jiu’er’s eyes brightened and beckoned Yang Luo with a little finger, “Kid, come over, let’s spar!

Let's see how well you've learned the cultivation techniques the big brothers taught you!"

"Well..."

Yang Luo laughed awkwardly, "How about we skip it?"

Looking at Long Jiu'er's appearance, he really felt it hard to make a move.

"What do you mean?"

Long Jiu'er squinted her beautiful eyes, "Are you looking down on me?"

"Pfft..."

Long Tianchi burst out laughing from the side, "Kid, don't be fooled by Jiu'er's appearance. She's quite ferocious!"

Long Xinghe chuckled and said, "Kid, you'd better worry about yourself."

Then he instructed Long Jiu'er, "Jiu'er, go easy on him."

"Got it!"

Long Jiu'er nodded.

Only then did Yang Luo come to his senses.

Indeed, this seemingly adorable little girl in front of him is actually a Holy Dragon senior, how could he underestimate her?

Yang Luo managed to calm his mind, maintaining high alert.

Long Jiu'er said sweetly, "Kid, don't hold back, use all your strength to attack me!"

"Yes!"

Yang Luo nodded in agreement, then suddenly shook all over, momentum fully unleashed, battle power fully activated!

Boom!

A huge golden beam shot directly into the sky, causing the entire Divine Sense Space to tremble!

After unleashing his aura and battle power, Yang Luo activated all physique secret techniques!

The "Divine Dragon Tyrant Body" taught by Long Tianchi was also activated!

He then stepped forward, transforming into a golden light streak lightning, charging towards Long Jiu'er, and fiercely launched a punch!

"Nirvana Dragon Fist!"

"Roar roar roar!"

With the punch thrown, dragons roared, deafeningly, seemingly ready to explode everything, destroy everything!

Watching from afar, Long Xinghe smiled with relief and said, "It seems that after stepping into Golden Immortal, this kid's power has made a qualitative leap."

Long Daoyi, Long Tianchi, and Long Youlan nodded in satisfaction at Yang Luo's growth.

"Fifth Brother's 'Divine Dragon Tyrant Body' and 'Nirvana Dragon Fist,' you've mastered them well!"

Long Jiu'er smiled and said, "Then I'll let you taste my punch!"

Then, she twisted her small fist and threw it out forcefully!

Boom!

With the punch thrown, majestic dragon might, overwhelming dragon qi, blazing red, with earth-shaking dynamic!

This punch seemed soft and weak, yet it burst out with the power of a gigantic flood and tsunami, ready to smash everything, annihilate everything!

Yang Luo was instantly shocked!

He really underestimated Long Jiu'er!

The strength she displayed didn't match her appearance at all!

However, this reminded him of Little Meng!

Only, Little Meng usually looks like a little girl, but once she erupts she turns into King Kong Barbie!

Long Jiu'er might not enlarge her body, but she can become a Holy Dragon!

Indeed, she's a young girl newly grown, capable of overpowering mountains with world-covering might!

In an instant!

Rumbling thunder!

The punch Yang Luo threw was completely shattered, barely with any resistance!

"Uh..."

He let out a muffled groan, directly blown away.

"Kid, your strength is quite good, but you need to keep working hard!

I'm continuing, you watch out!"

Long Jiu'er smiled sweetly, her figure flashed, transformed into a crimson streak of light, instantly appearing above Yang Luo!

Immediately, she lifted her small hand, fiercely patted towards Yang Luo!

Thunderous rumble!

With the palm strike, a massive crimson giant palm like a ruby mountain pressed down heavily, shocking Heaven and Earth!

"Ten Thousand Starry Sky Palm!"

Yang Luo's expression drastically changed, unable to stabilize his body, he transformed his right hand into a palm, with Sun, Moon, and Stars emerging in the center, slapping heavily upwards!

Slam!

The two palms collided heavily, shaking the entire Divine Sense Space, causing the distant nine bronze dragon coffins to sway violently!

Chapter 2603: The Child May Be Taught!

But, at the moment the two palms collided!

Yang Luo's pupils shrank suddenly!

It was unimaginable how this seemingly delicate little girl could unleash such terrifying power!

He simply couldn't withstand this palm and was shaken into a continuous fall!

"Hmm, Seventh Sister's 'Ten Thousand Starry Sky Palm' is well-mastered too!

Come, come, let's continue!"

Long Jiu'er seemed to become more excited as she fought, immediately waving her right hand.

"Nine Emperor Dragon Seal!"

"Primordial Dragon Seal!"

"Suppress!"

In the blink of an eye!

A huge seal sparkled with crimson light, engraved with Primordial Sacred Dragon Totems and various mystical runes, converged and pressed heavily towards Yang Luo!

Rumble rumble rumble!

As the Primordial Dragon Seal pressed down, the Divine Sense Space was trembling and shaking violently!

Yang Luo dared not be reckless, immediately raising his right hand, conjuring a formation map, and striking upward!

“Chaos Slaughter Array Map!”

The golden array map soared to the sky, constantly expanding, crashing into the Primordial Dragon Seal!

In the span of a breath!

Clang clang clang!

The formation map collided heavily with the Primordial Dragon Seal, exploding with sounds that seemed to shatter heaven and earth!

Several seconds later!

Boom boom boom!

The formation map exploded into fragments, becoming golden rays scattered everywhere!

Yet the Primordial Dragon Seal remained unharmed, continuing to press down, as if Mount Tai pressed towards Yang Luo!

Seeing this, Yang Luo unleashed his killer move!

“Beast Blood Boiling!”

“Great Dao Dragon Diagram!”

“Roar roar roar!”

Accompanied by a series of earth-shaking roars!

The Holy Dragon, Four Great Divine Beasts, Four Great Fierce Beasts, and hundreds of thousands of dragon illusions shot up together, crashing into the Primordial Dragon Seal!

Dong dong dong!

The sound of collisions and explosions continued to roar, resounding through the heaven and earth!

“Hahaha, didn’t expect you to contain the essence blood of Four Great Divine Beasts and Four Great Ferocious Beasts within your body!

And the ‘Great Dao Dragon Diagram’ taught by elder brother is well learned too!

Continue, continue!”

Long Jiu’er laughed excitedly, waving her hand again!

“Starry Sky Dragon Seal!”

“Primordial Dragon Seal!”

In an instant!

Two more large seals converged, one sparkled with blue light, the other with purple light, dazzling brightly!

The Starry Sky Dragon Seal was engraved with the Starry Sky Sacred Dragon Totem, while the Primordial Dragon Seal bore the Primordial Sacred Dragon Totem!

These two dragon seals contained the power of Starry Sky Sacred Dragon and Primordial Sacred Dragon!

Yang Luo’s expression turned horrified!

If the earlier Primordial Dragon Seal represented Long Jiu’er!

Then the Starry Sky Dragon Seal and Primordial Dragon Seal represented Long Youlan and Long Tianchi!

Unexpectedly, Long Jiu’er had created such powerful seal techniques, capable of invoking the power of various Holy Dragons!

In that instant!

Clang clang clang!

Boom boom boom!

The sound of collisions and explosions continued relentlessly, reverberating throughout the Divine Sense Space!

Yang Luo's unleashed offensive was completely crushed by the three seals!

Watching the three seals continue to press down!

Yang Luo trembled all over, raised his arms and moved them in the air!

"Chaos Destruction Skill!"

A massive golden word "Dao" rose behind him!

The golden Taiji Painting also formed between his hands!

Yang Luo infused his energy into the golden Taiji Painting, then pushed it out with both hands!

The golden Taiji Painting flew out, continuously enlarging and expanding, pressing upwards!

Moreover, the Holy Dragon, Four Great Divine Beasts, and Four Great Fierce Beasts entered the golden Taiji Painting!

Dong dong dong!

Boom boom boom!

The sounds of collisions and explosions became even more fierce and wild!

"Yo, elder brother's 'Chaos Destruction Skill' is well-executed, and you added your own insights, blended your own path, interesting!"

Long Jiu'er commented while forming seals again!

"Chaos Dragon Seal!"

"Primordial Dragon Seal!"

In a breath!

Two more large seals converged!

One seal was engraved with the Chaos Sacred Dragon Totem, the other with the Primordial Sacred Dragon Totem!

The two seals represented the might of Long Daoyi and Long Xinghe, containing the power of Chaos Holy Dragon and Primordial Divine Dragon!

Boom boom boom!

As these two seals pressed down, the golden Taiji Painting continued to crumble!

"Dragon Emperor Sword!"

Yang Luo directly summoned the Dragon Emperor Sword and unleashed the "Dragon Emperor Sword Technique," striking upwards continuously!

Moreover, Yang Luo also displayed the "Twelve Shaman Primal Heavenly Art," summoning the twelve Ancestral Witches to rush forth!

At this moment!

Yang Luo unleashed his entire arsenal against Long Jiu'er!

He dared not underestimate Long Jiu'er anymore!

This little girl was absurdly strong!

But Long Jiu'er continued to chuckle playfully, forming seals, pressing down fiercely!

Boom boom boom!

Yang Luo's unleashed attacks all shattered and exploded, light and energy intertwined, turning into torrents and torrents!

His body was directly pressed into continued descent!

"So fun, so fun, keep fighting!"

Long Jiu'er became even more energized, flashed and swooped towards Yang Luo!

"Fight!"

Yang Luo, holding the Dragon Emperor Sword, went up to fight!

They directly unfolded an earth-shattering battle in the Divine Sense Space, fighting fiercely!

For a full hour later.

"Kid, do you admit defeat or not, will you admit defeat?"

Long Jiu'er was riding on Yang Luo's shoulders, waving her small fists to pound on Yang Luo's head.

Yang Luo clasped his hands in surrender and pleaded: "Senior Jiu'er, my aunt, I admit defeat, I admit defeat, isn't that enough?"

This little girl is too monstrous!

Simply unbeatable!

Long Xinghe chuckled helplessly, "Alright, Jiu'er, stop fooling around, get down."

Long Jiu'er jumped down from Yang Luo's shoulders.

She looked at Yang Luo, swayed her head, speaking with mature gravity: "Kid, although your strength is considered strong for your realm, it's still not enough!"

Yang Luo said helplessly: "Senior Jiu'er's lesson is right, I still need to strive harder!"

"Hmm, you can be taught!"

Long Jiu'er nodded in gratification.

Long Xinghe asked: "Kid, did you find out what this world is called?"

Long Daoyi and the others also looked at Yang Luo.

Yang Luo replied: "Elders, I have basically found out, this world is called 'Jiuzhou Immortal Domain.'

“Jiuzhou Immortal Domain?!”

“Turns out this is Jiuzhou Immortal Domain!”

Long Xinghe and others were suddenly shocked.

Yang Luo asked: “Do you elders know Jiuzhou Immortal Domain?”

“Of course, we know it.”

Long Tianchi shook his head and said: “Your father brought us to create the Holy Dragon Family in Jiuzhou Immortal Domain.

This world is composed of a vast Star Domain, with intersecting planes and myriad races, extremely prosperous.

However, the great battle back then led to the destruction of Jiuzhou Immortal Domain, with all the Great Immortal Sects, Immortal Clans, Immortal Countries, and Holy Lands utterly annihilated.

Who knows how Jiuzhou Immortal Domain is now.”

Yang Luo said: “I have the map of Jiuzhou Immortal Domain.”

“Really?”

Long Tianchi’s eyes lit up, quickly saying: “Quickly, let us take a look.”

“Alright!”

Yang Luo summoned the map of Jiuzhou Immortal Domain and handed it to Long Tianchi.

Long Tianchi and others opened the map and began browsing.

After more than ten minutes.

Long Xinghe sighed heavily, saying: "Now Jiuzhou Immortal Domain has changed too much, it's far from what it used to be."

"Indeed."

Long Daoyi sighed too, "Who knows how many old friends from the past are still alive."

Long Tianchi, Long Youlan, and Long Jiu'er's eyes also showed traces of loneliness and sadness.

Chapter 2604: A Unique Weapon Refining Method!

Yang Luo comforted them, saying, "Dear seniors, don't be upset.

Later, I'll lead my brothers to venture into the Jiuzhou Immortal Domain, and perhaps we can meet some of your old acquaintances."

Long Xinghe nodded and said, "The spiritual energy and resources in the Jiuzhou Immortal Domain are very abundant.

Moreover, major Immortal Sects, Immortal Clans, Immortal Countries, and Holy Lands are everywhere, with countless powerful figures. This will greatly help you improve your cultivation and strength."

"Hmm!"

Yang Luo nodded seriously and said, "Junior will continue to work hard in cultivating, improving my cultivation and strength, and also assist you, seniors, in unlocking the remaining four bronze dragon coffins!"

Once my cultivation and strength are stronger, I will help you, seniors, restore your Essence Souls, reshape your physical bodies, and then we'll go see my parents and mentor together!"

"Good, good kid!"

Long Tianchi laughed heartily and said, "You still have some conscience, kid. We didn't dote on you for nothing!"

Long Xinghe, Long Daoyi, and Long Youlan all had a gratified look in their eyes.

Long Jiu'er, with her big eyes spinning, sized up Yang Luo and said, "You're quite loyal and righteous, I shall teach you some cultivation techniques!"

Yang Luo's face lit up with joy, cupping his hands and saying, "Thank you, Senior Jiu'er!"

Long Jiu'er waved her small fist and said, "Don't be so quick to be happy. If you can't learn what I teach, watch out, I'll beat you!"

"Uh..."

Yang Luo chuckled dryly and said, "Senior Jiu'er, I will definitely study well!"

"That's good."

Long Jiu'er nodded and said, "Then I'll teach you a seal technique first, named 'Nine Emperor Dragon Seal,' which I demonstrated just now, you should have seen it."

Yang Luo nodded and said, "Senior Jiu'er, the 'Nine Emperor Dragon Seal' you just displayed is indeed extraordinary, with great power!"

Long Xinghe laughed and said, "Kid, the seal technique created by Jiu'er is incredibly powerful!

This seal technique can harness the strength of our Holy Dragons, and its destructive power and obliteration force are truly terrifying!

If cultivated to Great Success, merely forming a Dragon Seal is enough to Move Mountains and Seas, Destroy Heaven and Earth, and shatter the sun, the moon, and the stars!"

"Oh my god... is its power really that great?!"

Yang Luo's mouth twitched, overwhelmed with shock.

"Indeed!"

Long Jiu'er raised her head proudly and said, "Don't underestimate me, I'm really amazing!"

Yang Luo nodded earnestly and said, "Senior Jiu'er is indeed amazing, I've witnessed it!

That's simply a streak of brilliance with lightning, lifting mountains and showing dominance, wild and cool, banging to the extreme, with you reigning supreme in all directions!"

Long Jiu'er looked at Yang Luo with an innocent face and said, "Are you really praising me? Why do I feel like you're mocking me?"

Yang Luo shook his head repeatedly, "Senior Jiu'er, how could I dare to mock you!"

Long Tianchi fanned the flames from the side, "Jiu'er, why don't you get it? This guy is not praising you, he's clearly mocking you!"

“You... you deserve a beating!”

Long Jiu’er raised her fists, ready to hit.

Yang Luo quickly surrendered, “Senior Jiu’er, spare me!”

Long Youlan said irritably, “Alright, you two, stop messing around!”

Long Jiu’er puffed with anger and said, “This kid is too annoying, I won’t teach him anymore!”

“Don’t be!”

Yang Luo chuckled, “Senior Jiu’er, I was just joking just now, how can you take it seriously!”

“Hmph!”

Long Jiu’er snorted lightly, turning her head away.

Yang Luo’s eyes rolled, enticing, “Senior Jiu’er, how about this!

Once your Essence Soul is restored and your physical body reshaped, I’ll take you to eat delicious food and play fun games, how about it?”

“Sure!”

Long Jiu’er turned her head, her big eyes shining, “You better not lie to me!”

Yang Luo said very seriously, “I absolutely won’t lie to you!”

“That’s more like it!”

Long Jiu’er nodded and continued, “However, currently only the five of us are out of the coffin!

Therefore, if you want to learn this seal technique now, you can only harness the strength of the five of us, forming the Five Directions Dragon Seal!

But that’s okay, once the remaining four bronze dragon coffins are opened, you will be able to harness the strength of the Holy Dragons, forming the Nine Directions Dragon Seal!

For now, just focus on cultivating and forming the Five Directions Dragon Seal, its power is already significant!”

“Understood!”

Yang Luo nodded in realization.

Although he already knew a seal technique called ‘Battle Sage Seal,’ he rarely used it due to its insufficient power.

If he could learn the ‘Nine Emperor Dragon Seal,’ it would undoubtedly be excellent.

Long Jiu’er continued, “Once you’ve learned the ‘Nine Emperor Dragon Seal,’ I’ll teach you an array formation and a method for artifact refining.”

“Array formation? Artifact refining?”

Yang Luo looked puzzled.

“Yes.”

Long Jiu'er nodded and said, “The array formation I'll teach you is called ‘Primordial Sacred Dragon Formation,’ and the refining technique is called ‘Ten Thousand Tribulations Refining Technique.’

Long Youlan said, “Little Luo, Jiu'er's knowledge in seal techniques and array formations is extremely high, not inferior to us other siblings.

Especially in artifact refining, her expertise can be said to be the highest.

As long as the materials are sufficient, she can refine any weapons or Dharma artifacts.

Moreover, once you learn this refining technique, you can also enhance the power of the weapons and Dharma artifacts.”

“Really?!”

Yang Luo was thrilled inside.

He had long wanted to reforge the Immortal Suppression Pagoda.

The Immortal Suppression Pagoda was damaged while protecting him.

Because of that, he hadn't used the Immortal Suppression Pagoda since.

If he could find good materials, coupled with the ‘Ten Thousand Tribulations Refining Technique,’ he could reforge the Immortal Suppression Pagoda, letting it regain its former glory, and even become stronger.

Of course, if he could master this refining technique, he could also help Bujie and Xu Ying remanufacture their weapons and Dharma artifacts, enhancing their power.

At this moment.

Long Daoyi spoke, “Kid, apart from being able to refine weapons and Dharma artifacts, this ‘Ten Thousand Tribulations Refining Technique’ can also be used to temper the physical body, strengthening the physique!

You can totally use this technique to continue enhancing your cultivation of the ‘Undying Golden Body’!”

Yang Luo’s face was full of shock, “This refining technique can even temper the physical body? It’s too defying of the natural order!”

The ‘Undying Golden Body’ is divided into nine sections, and after passing the Golden Immortal Tribulation, he had already cultivated to the third section.

If using this technique to assist cultivation, he might very well cultivate to the fourth section.

By then, he could crush ordinary Immortal Magical Artifacts with bare hands.

Long Jiu’er smiled at Yang Luo and said, “Kid, what do you think, do you want to learn?”

“Learn, of course I want to learn!”

Yang Luo nodded repeatedly; the cultivation techniques taught by Long Jiu’er were very practical, just what he urgently needed now.

Long Jiu’er laughed and said, “Since you want to learn, I’ll teach you now!

Again, if you can’t learn it, I’m going to beat you!”

Yang Luo said, "Senior Jiu'er, just go ahead and teach!"

If I can't learn it, it's my own inability, you can hit me as you please!"

"Quite self-aware, aren't you!"

Long Jiu'er nodded with satisfaction and said, "Then let's start now!"

"Okay!"

Yang Luo agreed immediately.

Then, Long Jiu'er began to teach Yang Luo these cultivation techniques...

Chapter 2605: Brother Yang, why did you get struck by lightning again?

Time passes quickly.

Before you know it, a week has passed.

During this week, Yang Luo trained day and night with Long Jiu'er, cultivating the "Nine Emperor Dragon Seal," "Primordial Sacred Dragon Formation," and "Ten Thousand Tribulations Refining Technique."

Under Long Jiu'er's careful guidance and firm instruction, Yang Luo learned rapidly.

One evening, a week later.

Long Jiu'er sat cross-legged in the void, satisfied, saying, "Your learning ability is quite strong.

You managed to learn these three cultivation techniques in such a short time. Not bad at all.”

Yang Luo replied with a smile, “It’s thanks to Senior Jiu’er’s teaching.”

Long Jiu’er said, “Kid, although you’ve learned these three cultivation techniques, to cultivate them to great success, you must practice diligently and never relax.”

“Understood!”

Yang Luo nodded firmly.

Long Jiu’er thought for a moment and said, “Now I’ll give you a Dharma artifact for future protection.”

“What kind of artifact?”

Yang Luo asked curiously.

Long Jiu’er waved his right hand.

Suddenly, a palm-sized, crimson treasure seal flew out from the fifth bronze dragon coffin.

Long Jiu’er held the treasure seal and said, “This Dharma artifact is called the ‘Dragon Soul Tao Seal.’ Although its Artifact Spirit hasn’t awakened yet, its power is still considerable.

If the Artifact Spirit awakens later, the power of the ‘Dragon Soul Tao Seal’ will be even greater.

You must take good care of it and use it wisely.”

With that, Long Jiu’er gently waved his hand.

The Dragon Soul Tao Seal flew in front of Yang Luo.

Yang Luo carefully observed the Dragon Soul Tao Seal, marveling.

This Dragon Soul Tao Seal shimmered with crimson light, translucent, like a red gemstone.

Nine dragon runes, the Holy Dragon Totem, and mysterious runes were etched on it, profound, indescribably wonderful.

Yang Luo cupped his hands, saying, "Thank you, Senior Jiu'er, for bestowing this treasure!"

Long Jiu'er sighed, "Actually, I used to have many weapons and artifacts, but they were destroyed in that great battle, leaving only this one.

Otherwise, I could have given you more weapons and artifacts."

Yang Luo smiled warmly, "Senior Jiu'er, having the 'Dragon Soul Tao Seal' is already enough."

Long Xinghe said, "Kid, Jiu'er just came out of the coffin recently; his Essence Souls are still unstable. We need to help him recover his Essence Souls, you should leave for now."

Yang Luo cupped his hands, "I won't disturb the seniors then!"

Then, Yang Luo left the Divine Sense Space.

After leaving the Divine Sense Space, Yang Luo opened his eyes and looked up at the starry moonlit sky.

The fifth senior has finally come out of the coffin.

I must continue to strive to become stronger and assist the five seniors in opening the remaining four bronze dragon coffins.

Then, Yang Luo sensed his surroundings and found that Bujie and Lei Dongtian, along with the three elders, were cultivating nearby.

He chose not to disturb them and decided to use the “Ten Thousand Tribulations Refining Technique” to temper his physical body, strengthening it and seeing if he could advance the “Undying Golden Body” further.

Moreover, the Yu Lei Immortal Sect is set amidst many Thunder Mountains and many Lei Chi, full of powerful lightning forces.

I can completely utilize these lightning forces to temper my physical body, cultivating the “Undying Golden Body.”

With this thought.

Yang Luo closed his eyes, silently reciting the mental method incantation, and began to activate the “Ten Thousand Tribulations Refining Technique.”

As the technique continued.

Rumble rumble!

The entire valley, along with the surrounding mountains, began to tremble as if an earthquake had occurred!

Even the Cangqiong trembled violently, and the Cloud Sea surged wildly, spectacular beyond words!

Before long.

Crash crash!

Bolts of lightning, gleaming with various colors, burst from the earth, rushing towards Yang Luo!

Aside from the power of lightning from the earth being drawn over!

The entire Yu Lei Immortal Sect's domain seemed to be shaking!

Every Thunder Mountain and each thunder pool's lightning was being summoned, charging towards the Cangqiong!

Bristling with various colors, the lightning, fierce and wild, surged from all directions towards the valley where Yang Luo was!

The commotion was so large that the entire Yu Lei Immortal Sect's disciples were alarmed!

"Oh my god, what's happening, why has such a huge disturbance occurred in our Yu Lei Immortal Sect?!"

"Who is it that's channeling the power of lightning in our Yu Lei Immortal Sect?!"

"And why is all this power of lightning heading towards the direction of the back mountain?!"

The disciples flew into the sky, looking at the magnificent scene above.

Due to the overwhelming amount of lightning, the vast night sky was illuminated.

At this moment.

Lei Ming, Qi Lushan, Zhu Xingyao, Xie Junyi, and Zhao Wumian were all startled, rushing from various pavilions into the sky, standing above.

“Who has summoned the Power of Ten Thousand Thunders?!”

Qi Lushan asked in shock.

Zhu Xingyao said, “This lightning seems to be pointing towards the direction of the back mountain!”

Lei Ming suddenly looked towards the back mountain, horrified, “No, it seems to be the location of Little Friend Yang!

Could it be that Little Friend Yang made a mistake while cultivating?!”

Xie Junyi questioned, “But that’s not right, even if a mistake was made in cultivating, it shouldn’t have triggered the Power of Ten Thousand Thunders from our Yu Lei Immortal Sect, right?

Only the Grand Elder has ever summoned the Power of Ten Thousand Thunders!”

Qi Lushan urged, “Let’s go, hurry and take a look!

We mustn’t let anything happen to Little Friend Yang!”

“Okay!”

Lei Ming and the others nodded heavily.

Subsequently, Qi Lushan and Lei Ming transformed into streaks of light, rushing towards the direction of the back mountain.

Disciples of the Yu Lei Immortal Sect also hurriedly headed to the back mountain.

At this moment.

Bujie and those cultivating near Yang Luo were startled awake.

“What’s happening, why is it suddenly thundering?”

Bujie looked at the sky, dumbfounded, “Holy crap! What’s going on, why is there so much lightning?!”

Ning Jianfeng exclaimed blankly, “One, two, three... oh my, there’s no way to count them all!”

Ji Longyue was astonished, “This lightning seems to be pointing to where Brother Yang is!”

Mo Qingkuang spoke up, “Let’s go, quick, take a look!”

Everyone rose to the sky and flew towards where Yang Luo was.

Lei Dongtian, Chi Yanzhou, and Gu Yunsong couldn’t sit still either, all soared into the sky, heading towards Yang Luo’s location.

Before long.

Almost everyone gathered around the valley where Yang Luo was cultivating.

The valley was surrounded by people, densely packed.

However, no one dared to approach the valley, only observing from afar.

But upon witnessing the scene before them, everyone couldn't help but gasp in shock, utterly terrified.

Rumble rumble!

Thunder roared, lightning flashed!

Countless bolts surged from all directions, crazily striking Yang Luo's body!

Yang Luo sat cross-legged in the valley, eyes closed, his body glowing with dazzling golden light, his skin appearing as if coated in a layer of gleaming gold film!

Clang, clang, clang!...

The lightning continued to strike Yang Luo's body, making crisp sounds, as if it were tempering metal.

Bujie's face twitched, "My goodness, why is Brother Yang being struck by lightning again?"

Chapter 2606 Body Refinement!

Ning Jianfeng also exclaimed in shock, "Is Brother Yang undergoing a tribulation again?"

But that can't be, didn't Brother Yang just finish a tribulation?

Moreover, these lightning bolts are surging from Thunder Mountain, Lei Chi, and underground, they aren't heavenly lightning!"

Bujie stroked his chin and analyzed, "Could it be because Brother Yang has done too many bad things, so he's being struck by lightning?"

Big White rolled his eyes wildly and said, "If we're talking about doing bad things, who can do more than you?"

"Agreed!"

Ning Jianfeng nodded and said, "The one who should be struck by lightning the most is you, you bald donkey!"

"Damn! You guys are slandering me, Lord Buddha is a very good person!"

Bujie raised his middle finger at Big White and Ning Jianfeng.

Ye Luange and the others were also very puzzled, unsure of what Yang Luo was doing now.

Why would Yang Luo attract the Power of Ten Thousand Thunders to strike himself?

Mo Qingkuang said, "Could it be that Brother Yang is cultivating some kind of cultivation techniques?"

Bujie suddenly laughed, "What kind of cultivation techniques would need to attract the Power of Ten Thousand Thunders to strike oneself?"

But then, Brother Yang is a pervert, doing such a thing is exactly something he would do!"

At this moment, Yang Luo really seemed to be undergoing a lightning tribulation!

Under the crisscrossing lightning bolts' onslaught and rampant destruction!

The golden film covering his body was completely torn apart, turning into golden fragments that scattered everywhere!

The lightning continued to ravage Yang Luo's body, tearing open wounds that bled freely!

But, soon these wounds healed at a speed visible to the naked eye!

In no time, Yang Luo once again shimmered with dazzling golden light, with a new layer of golden film coating his body!

Clang, clang, clang!...

Boom, boom, boom!...

Countless lightning bolts continued to surge forth, striking Yang Luo's body over and over again!

Yang Luo's physical body was continuously injured and then constantly healed!

The golden light on his body became more and more brilliant, and the golden film coating his body more and more solid!

Everyone present was watching with their hearts pounding!

Lei Ming stared for a while, then asked Lei Dongtian, "Elder Lei, what exactly is Little Friend Yang doing?"

Is he really cultivating some cultivation techniques?"

Everyone present also turned to look at Lei Dongtian.

Lei Dongtian stroked his beard and smiled, "No need to worry, Little Friend Yang is refining his physical body with the Power of Ten Thousand Thunders!

He should be cultivating a powerful body refining technique!"

“Refining the body with the Power of Ten Thousand Thunders?!”

“Body refining technique?!”

“My god, this is terrifying!”

“If it were me, I would have been smashed to pieces long ago!”

“Mr. Yang not only defies the heavens with his knowledge of medicine, but also with his cultivation techniques; it’s truly incredible!”

The disciples began to discuss in awe, looking at Yang Luo with eyes full of admiration and shock.

Although their sect primarily practices the lightning technique, and they don’t fear lightning,

nobody dares to attract the Power of Ten Thousand Thunders for cultivation.

Bujie realized, “So that’s what it was, I thought Brother Yang was struck by lightning again!”

Ye Luange, Song Zhixin, and the others were also slightly relieved.

Chi Yanzhou sighed, “Little Friend Yang can attract the Power of Ten Thousand Thunders to refine his body, and withstand the onslaught, truly remarkable!”

Gu Yunsong said, “I can’t imagine how resilient Little Friend Yang’s body has become now!”

Lei Dongtian said, “In all these years, only my senior brother ever dared to attract the Power of Ten Thousand Thunders to refine his body, and no one else has ever dared to try.

But unexpectedly, Little Friend Yang became the second person to do it, truly unbelievable.”

Saying this, Lei Dongtian solemnly said, “Let’s stay nearby to protect Little Friend Yang, in case of any accidents!”

“Yes!”

Chi Yanzhou and the others nodded in agreement.

Time slowly passed.

Rumble!

The thunder continuously roared and exploded!

The lightning power from the Thunder Mountains, Thunder Pools, and the Earth Veins of the Yu Lei Immortal Sect constantly surged over to refine Yang Luo’s physical body!

Lei Dongtian and the others stayed nearby, always keeping an eye on Yang Luo’s state!

At this moment.

Yang Luo was completely absorbed in himself, not aware that so many people were watching around him.

He was using the “Ten Thousand Tribulations Refining Technique” to attract the power of lightning, washing his body.

His skin, muscles, tendons, bones, and even his internal organs were being tempered and strengthened.

Under the baptism of lightning, he felt as if his body was being torn apart, the pain piercing through him.

But, these lightning powers were naturally not as potent as the power of heavenly lightning, so he could withstand it, not even making a sound.

Until the next morning.

When the sun rose, shining down.

Boom!

A huge golden beam shot skyward from Yang Luo's body, breaking through the large Cloud Sea, unbelievably terrifying!

At that moment!

All the lightning surging in from all directions dissipated!

Yang Luo shone with even more brilliantly blinding golden light, his whole body gleaming as if cast in pure gold!

"Is Mr. Yang done cultivating?!"

"He must be, after all, the lightning has fully dissipated!"

"Mr. Yang is so powerful, he refined his body with the Power of Ten Thousand Thunders for a whole night!"

"Even a Golden Immortal couldn't withstand the refining of Ten Thousand Thunders!"

The watching disciples were deeply amazed.

Ye Luange, Song Zhixin, and the others were tightly focusing on Yang Luo.

They could also see that Yang Luo's body is likely much stronger than before.

After more than ten minutes.

The golden beam slowly dissipated.

"Whew..."

Yang Luo let out a long breath of turbid air and opened his eyes.

After a night of refining, the "Undying Golden Body" finally advanced to the fourth stage.

His cultivation was also solidified, beginning to charge toward the Golden Immortal Middle Stage.

"Brother Yang, you finally woke up!"

"Brother Yang, aren't you quite the pervert, attracting the Power of Ten Thousand Thunders to refine your body?"

"Brother Yang, we were worried and on edge all night because of you!"

Bujie and the others all spoke up.

Yang Luo looked around and realized he was surrounded by people.

He was instantly bewildered, “Why did you all come?”

Bujie said surly, “Brother Yang, with the commotion you caused last night, everyone was alarmed by you, okay?”

Yang Luo gave an awkward smile, “Everyone, I’m really sorry to have disturbed you!”

With that, he stood up, soared up into the sky, and arrived in front of Bujie and the others.

Lei Dongtian curiously asked, “Little Friend Yang, were you cultivating some kind of body refining technique last night?”

“I was.”

Yang Luo nodded.

Chi Yanzhou inquired, “Little Friend Yang, what kind of body refining technique were you cultivating, would you mind sharing with us?”

Yang Luo didn’t hide it and said, “The body refining technique I’m cultivating is called ‘Undying Golden Body’.”

“Undying Golden Body?!?”

Lei Dongtian’s expression changed dramatically, “Is it really the ‘Undying Golden Body’?!?”

Lei Ming asked curiously, “Elder Lei, why are you so surprised, is this body refining technique very powerful?”

Everyone else also looked towards Lei Dongtian.

Chapter 2607: Coming to Demand Someone!

Lei Dongtian took a deep breath and said, “This isn’t just powerful; this body refining technique is truly defying the heavens!

Once, Senior Brother told me that in ancient times, many great seniors created various mighty body refining techniques!

The strongest body refining techniques are ten, such as ‘Emperor Xuanyuan Dragon Body’, ‘Green Emperor Longevity Body’, ‘Emperor Wa Body Refining Technique’, ‘Fiend Celestial Body Refining Technique’, and so on!

And the ‘Undying Golden Body’ is one of them, ranked among the top of the ten body refining techniques!

However, so many years have passed, and many powerful body refining techniques have already been lost!”

“My god, I’ve heard of some of these legendary body refining techniques before too!”

“I’ve heard of them too, I never thought Mr. Yang was cultivating a legendary body refining technique!”

“Unbelievable, truly unbelievable!”

The disciples exclaimed, deeply shocked.

Regarding this, Yang Luo remained calm.

After all, Senior Xinghe once told him that the ‘Undying Golden Body’ he was cultivating was very domineering.

However, thinking it was Old Immortal who taught him, he didn't find it surprising.

Flame Emperor and others suddenly realized that Yang Luo was cultivating the 'Undying Golden Body' last night.

They already knew Yang Luo was cultivating this body refining technique, so they were not surprised.

Lei Dongtian looked at Yang Luo and asked, "Little Friend Yang, may I ask where you learned the 'Undying Golden Body'?"

Yang Luo replied, "This technique was taught to me by my master."

Lei Dongtian exclaimed, "Little Friend Yang, it seems your master is not simple, able to teach you this legendary body refining technique..."

Before he finished speaking!

All of a sudden!

A powerful voice came from afar!

"Who is Yang Luo, get out here!"

The voice was like muffled thunder, resounding throughout the Yu Lei Immortal Sect territory.

Yang Luo and the others quickly turned their heads to look.

They saw a large group of people flying over from afar.

Leading them were five elderly men dressed in various-colored robes, with an immortal aura and extraordinary presence.

They were all riding various mutated beasts.

Behind them were eight middle-aged men also riding mutated beasts.

Further behind were over a hundred flying horses with winged backs and a horn on the head.

A group of people rode in on mounts, vast and mighty, spreading strong pressure and aura.

Lei Dongtian's face darkened as he said harshly, "So it's them coming!"

Yang Luo asked, "Could it be people from the Five Elements Immortal Sect?"

"Exactly!"

Lei Dongtian nodded, saying, "Leading them are the five elders of the Five Elements Immortal Sect!"

Li Weizhao, Chen Yingnan, Huang Shiyu, Song Cixiu, Wang Yanqing!

The eight behind are the Law Enforcers of the Five Elements Immortal Sect!

The Li Wenxu you killed was Li Weizhao's son!"

"I see..."

Yang Luo's face turned cold, realizing that Li Wenxu was the son of Li Weizhao, an elder of the Five Elements Immortal Sect.

Chi Yanzhou said coldly, "A month ago, it was Li Weizhao, Chen Yingnan, and Huang Shiyu who injured us!"

Gu Yunsong said harshly, "Since they've come knocking, some scores need to be settled!"

Lei Dongtian waved energetically, "Let's go, meet them head-on!"

Subsequently, Lei Dongtian led the group to fly above the main peak, confronting Li Weizhao and the others.

Yang Luo sensed Li Weizhao and the others' aura, his heart slightly shocked.

He couldn't sense the cultivation level of those five elders; they were certainly above Golden Immortal, probably Daluo Golden Immortal.

The eight Law Enforcers were all Golden Immortals, three at the Golden Immortal Early Stage, two at the Middle Stage, two at the Late Stage, one at the Perfected Stage.

As for those hundred-plus disciples, they were all Earth Immortals, True Immortals, and even many Heavenly Immortals.

Yang Luo was quite shocked internally.

Gee, the Five Elements Immortal Sect's energy really is substantial, having so many Heavenly Immortals, Golden Immortals, and Daluo Golden Immortals.

Such force alone could easily crush all cultivation families and sects in the Lower World.

This is the gap between the Lower World and Upper World, the difference between Heaven and Earth.

Lei Dongtian's gaze was cold and stern, and he shouted, "Li Weizhao, a month ago, you injured three of us, and today you dare come knocking at our door!

Do you really think our Yu Lei Immortal Sect fears your Five Elements Immortal Sect?"

Li Weizhao squinted and said, "Lei Dongtian, we are not here to trouble your Yu Lei Immortal Sect!

If you hand over Yang Luo, that brat, we'll leave immediately!"

As he spoke, he produced a portrait, glanced at it, and recognized Yang Luo at once.

He sneered with a cruel smile, "Brat, so you're really hiding here!

You killed my son Li Wenxu, and you must pay for it in blood!"

As he spoke, he directly unleashed terrifying pressure and aura, pressing toward Yang Luo!

Yang Luo bore Li Weizhao's pressure and aura, stating calmly, "The reason I killed that guy Li Wenxu was entirely his own doing!

That guy wanted to use me and my brothers for alchemy, and when he failed, wanted to kill to silence us, so I killed him!

The one who was wrong was Li Wenxu, not us!"

"Bastard!"

Li Weizhao roared angrily, shouting ferociously, "I don't care who's at fault, all I know is you killed my son, you must pay with your life!"

Bujie retorted sarcastically, "Sure enough, like father like son, you both are the same rotten type, despicable and shameless!"

"Bald donkey, are you seeking death?"

Li Wenxu's eyes flashed like electricity and swept toward Bujie.

Bujie, holding his ground, replied, "Yes, Lord Buddha I am seeking death, if you have the guts come kill me and see if you can!"

Anyway, with Lei Dongtian and others backing him, he wasn't afraid.

"Seeking death!"

Li Weizhao roared, raising his hand, his palm ignited with blazing black Immortal Fire, striking fiercely toward Bujie!

Rumble!

A palm strike released, the heavens and earth shook, the void fluctuated, seemingly about to crack open!

His cultivation was at Daluo Golden Immortal Late Stage, just one palm here could smash this bald donkey into pulp, annihilating both body and soul!

But, just as Li Weizhao's palm was striking!

Lei Dongtian directly twisted into a punch, his fist shimmered with golden lightning, striking up to meet it!

Boom!

With Thunder God of War's punch, the sky trembled, the ground quaked, the eight directions shook!

In an instant!

Bang!

The fist and palm collided heavily, exploding with muffled impact!

Lightning and flames rippled open, rushing up to the skies, spiraling downward to the earth!

But, as these energies rushed toward the earth!

The mountain-protecting array directly activated!

A huge Lightning Protection Shield flickering with various lightning colors enveloped the entire Yu Lei Immortal Sect!

Under this clash!

Lei Dongtian was jolted to step back!

Li Weizhao was similarly shaken, thrown off his mount!

His mount, a lion enveloped in flames with wings on its back, was also knocked off!

Li Weizhao suddenly steadied himself, shouting in anger, "Lei Dongtian, what are you attempting?"

Lei Dongtian declared in a loud voice, "This is my Yu Lei Immortal Sect's domain, you dare act recklessly here?"

"Hehe..."

Li Weizhao chuckled coldly, "What, does your Yu Lei Immortal Sect intend to protect these brats?"

Chapter 2608: Never Hand Over the Person!

Lei Dongtian spoke loudly: "Little Friend Yang and his companions are our most precious friends from Yu Lei Immortal Sect!

We must protect them, what do you say?"

"If you wish to harm Little Friend Yang and his companions, we will not agree!"

"Do you really think we are afraid of you?"

Chi Yanzhou and Gu Yunsong both stepped forward, shouting loudly.

Li Weizhao sneered: "Mere defeated subordinates dare to be rampant before us, who gives you the courage?"

Chen Yingnan mocked: "Have you perhaps healed your scars and forgotten the pain?"

Huang Shiyu said teasingly: "A month ago, you were severely injured by us, you haven't recovered yet, what are you going to fight us with?"

"Oh?"

Lei Dongtian sneered coldly: “Why don’t you take a look at whether our injuries are recovered or not!”

As he spoke, Lei Dongtian shook his entire body!

Bang!

A golden lightning bolt exploded from his body, piercing through the firmament!

Chi Yanzhou and Gu Yunsong also shook their entire bodies!

Bang bang!

A green lightning bolt and a blue lightning bolt shot up from the two, breaking through the vast Cloud Sea!

Rumble, rumble!

A fierce and violent pressure and aura burst forth from their bodies, sweeping across Heaven and Earth, causing a great quake and stirring the world!

Upon sensing the powerful pressure and aura from Lei Dongtian and the others!

Li Weizhao, Chen Yingnan, and Huang Shiyu were struck with panic!

“How can it be?! In just one month, your injuries are completely healed?!”

Li Weizhao looked at the three, unable to hold back his exclamation.

Chen Yingnan’s face turned cold, “Why have your injuries recovered and your cultivation even broken through?!”

“Damn it!”

Huang Shiyu gritted his teeth, “What on earth is happening?!”

Lei Dongtian spoke loudly: “Thanks to the help of Little Friend Yang this time, otherwise, our injuries could not have healed, and our cultivation could not have broken through!”

“It’s that little brat again!”

Li Weizhao fixated his gaze on Yang Luo, speaking viciously: “Little brat, you must die!”

As he said so, his body shook violently, emitting a burst of momentum and pressure!

Bang!

A black fire light burst upwards from his body!

Bang bang!

Chen Yingnan and Huang Shiyu also unleashed powerful momentum and pressure, with a green beam and a silver beam rising from their bodies!

Rumble, rumble!

The immense Cangqiong and Earth quaked even more fiercely, as if about to be turned upside down!

Know this, Li Weizhao is at the Late Stage of Daluo Golden Immortal, while Chen Yingnan and Huang Shiyu are at the Middle Stage of Daluo Golden Immortal!

The simultaneous burst of pressure and aura from the three is naturally terrifying!

Li Weizhao, his face vicious, looked at Lei Dongtian and said: “Lei Dongtian, as long as you hand over Yang Luo and these little brats now, we can refrain from troubling you!

But if you continue to persist in your delusion, don’t blame us for being harsh!”

“Lei Dongtian, Chi Yanzhou, Gu Yunsong, your cultivation has just broken through, there’s no way you’re our match!”

“Hand over these little brats quickly, don’t force us to act!”

Chen Yingnan and Huang Shiyu also shouted angrily.

Lei Dongtian’s hair and beard flew in the air, his eyes flashing with thunder light, speaking boldly: “Little Friend Yang and the rest are our friends, there’s no way I will hand them over to you!”

“If you’re capable, go ahead and try!”

“Such arrogance within the territory of my Yu Lei Immortal Sect, truly audacious!”

Chi Yanzhou and Gu Yunsong also shouted loudly.

“Good, very good!”

Li Weizhao, his anger turning into laughter, said: “Lei Dongtian, if you want to protect these little brats,

I’d like to see how you manage!”

As he finished, he took a step forward!

Bang!

The void trembled, and Heaven and Earth shook!

A surge of restless black flames exploded from his body, transforming into a sea of fire, rushing towards Lei Dongtian!

As one of the elders of the Five Elements Immortal Sect, he cultivated Five Elements Immortal Technique, excelling in flame skills!

This black sea of fire was vast and boundless, containing stronger Power of the Great Dao and Flame Law Power, as if to burn everything to ashes!

“Li Weizhao, if it’s a battle you want, then I shall accompany you in battle!”

Lei Dongtian, undeterred, also stepped out.

Bang!

Cangqiong trembled violently, Earth quaked, and mountains swayed!

Golden lightning bolts poured out from his body, forming a magnificent golden Thunder Sea, surging upward!

The fierce and violent lightning not only contained Power of the Great Dao but also held terrifying Lightning Law Power!

In a split second!

Rumble!

The golden Thunder Sea and black Fire Sea collided heavily, with an earth-shattering sound!

Lightning and flames intertwined in the air, raging against each other, seeking to destroy the other, causing the onlookers' hearts to pound!

In less than a minute!

Rumble, rumble!

The golden Thunder Sea and the black Fire Sea simultaneously shattered and exploded, forming a massive orb of lightning and fire that expanded in all directions!

Above Cangqiong, the vast Cloud Sea was scattered, while below, the mountain-protecting array was constantly trembled by the lightning and flames!

Lei Dongtian and Li Weizhao were both blasted several hundred meters away!

But soon, the two regained their stability and rushed towards each other!

At the moment of near contact!

Li Weizhao raised his right arm, slapped a palm towards Lei Dongtian!

“Burning Sky Intense Sun Palm!”

A black flame giant palm pressed down, akin to a mountain of flame, violently fierce, seeking to burn everything to ashes!

Lei Dongtian remained fearless, twisting a fist, attacking upward!

“Nine Tribulations Thunder Gang Fist!”

A golden lightning giant fist smashed out, like a golden lightning star crashing upward, aiming to crush and annihilate everything!

Bang!

Fist and palm collided fiercely, echoing through the heavens and shaking the surroundings!

Flames and lightning intertwined, like raging sea violent waves, rippling towards all directions!

Where the fist and palm met, the void fluctuated violently and warped, as if it might break at any moment!

However, the spatial barriers of the Jiuzhou Immortal Domain are incredibly strong, even the battle of Daluo Golden Immortal can't shatter them!

In that collision!

Lei Dongtian and Li Weizhao were once again blasted over five hundred meters before steadying themselves!

Li Weizhao stabilized in the air, with black Immortal Fire burning fiercely on him, his expression extremely grim!

He stared at Lei Dongtian, incredulously saying: “Lei Dongtian, you’ve just entered the Late Stage of Daluo Golden Immortal and can actually hold your own against me, how is this possible?!”

“Is it so surprising?”

Lei Dongtian smiled coldly and replied: "Before, my cultivation was weaker than yours, yet I could battle you over a hundred rounds!

Now that my cultivation has broken through, defeating you isn't difficult!"

"You..."

Li Weizhao, his fury blazing, his hair and beard flailing wildly, "I refuse to believe you can suppress me!"

Bang!

Even more restless black Immortal Fire ignited on him, and black flames burned in his eyes, terrifying!

"Netherflame Sword!"

Swoosh!

A black flame long sword flew out from his sleeve, grasped steadily in his hand!

"Thunder Punishment Blade!"

Lei Dongtian also yelled fiercely, calling forth a golden lightning saber!

Their swords drawn, tension escalated, the battle was about to intensify!

Chapter 2609 Fierce Battle!

After summoning his weapon!

Li Weizhao swung his sword with all his strength, slashing furiously towards Lei Dongtian!

“Netherworld Fire Burning Sky Sword!”

Swoosh!

A massive black flaming giant sword swept across the sky, stirring up overwhelming waves of fire, slashing towards Lei Dongtian!

Lei Dongtian swung the saber in his hand with a heavy strike!

“Nine Tribulations Thunder Punishment Blade!”

Swoosh!

A massive golden lightning giant blade churned the stormy clouds, as if swinging a mountain of sabers, cutting down heavily!

The golden lightning turned into golden lightning dragons, crashing upwards!

Bang rumble!

Thud rumble!

The giant blade and giant sword, the lightning dragons and fire waves collided in the sky, creating a shocking spectacle, shaking the Eight Desolates!

The violent lightning and flames spreading out were so fierce that the disciples around didn't dare to approach, retreating quickly!

Seeing Lei Dongtian once again fend off his attack!

Li Weizhao waved his large hand!

“Burning Sky and Boiling Sea!”

In an instant!

The area of heaven and earth where Lei Dongtian stood erupted in raging flames!

The flames surged wildly, rushing towards Lei Dongtian from all directions!

“Nine Tribulations Thunder Gang!”

Lei Dongtian’s whole body trembled.

A massive lightning gang shield formed, enveloping him inside!

Bang rumble!

Flames fiercely struck the lightning gang shield, producing a deafening collision noise, stirring up massive flames and lightning!

Lei Dongtian’s expression was solemn, waving his large hand!

“Thunderous Nine Heavens!”

In the blink of an eye!

Dark clouds covered above Li Weizhao, with golden lightning surging madly!

Massive golden lightning bolts descended from the sky, striking fiercely towards Li Weizhao!

“Humph!”

Li Weizhao snorted coldly, raising his left hand, with black immortal fire swirling in his palm, transforming into an ancient map that struck upwards!

“Netherworld Fire Burning Sky Map!”

A black fiery ancient map shot out, expanding against the storm, crashing into the thunder falling from the sky!

Thud rumble!

The raging thunder was all blocked, producing a series of piercing collisions!

“Come, continue!”

Lei Dongtian broke through the fiery wave, charging towards Li Weizhao!

Li Weizhao also stepped forward, charging towards Lei Dongtian!

The two engaged in a fierce battle in the sky!

Clang clang clang!

Boom boom boom!

The sound of weapons clashing and energy colliding echoed without stop, exploding into massive flames and lightning!

“Chen Yingnan, Huang Shiyu, a month ago you severely injured us, today we will settle this score with you!”

“Even if you didn’t come to find us, we would have sought you out, now that you’re here, it saves us the trouble!”

Chi Yanzhou and Gu Yunsong shouted out, stepping forward, charging towards Chen Yingnan and Huang Shiyu.

“Do you really think that just because you’ve broken through in cultivation, you can be our opponents?”

“Overestimating yourselves!”

Chen Yingnan and Huang Shiyu spoke disdainfully, their figures flashing as they charged towards Chi Yanzhou and Gu Yunsong.

“Eight Desolate Thunder Killing Fist!”

“Heavenly Thunder Extinguishing Immortal Palm!”

Chi Yanzhou and Gu Yunsong simultaneously punched and palmed fiercely towards Chen Yingnan and Huang Shiyu.

A massive green lightning giant fist and a massive blue lightning giant palm stirred chaos in the Void, smashing towards the two!

“Yimu Longevity Finger!”

“Biluo Huangquan Palm!”

Chen Yingnan and Huang Shiyu also launched fierce counterattacks simultaneously!

A massive green tree-like finger carried the immense power of the Heavenly Earth Dao and wood attribute law power, crushing upwards!

A silver giant palm carried the power of the heavenly earth great dao and water attribute law power, striking heavily upwards!

Both were at the Daluo Golden Immortal Middle Stage cultivation level, with exceptionally strong power!

However, now that Chi Yanzhou and Gu Yunsong had also stepped into the Daluo Golden Immortal Middle Stage, they could naturally contend with them!

In a flash!

Thud rumble!

Boom rumble!

The giant fist, palm, and finger clashed fiercely in the sky, exploding with a heaven and earth-shattering collision sound!

In less than a few minutes!

Boom rumble!

The attacks from both sides simultaneously shattered and exploded in the sky, intertwining light and energy, washing over all directions!

Chi Yanzhou and Gu Yunsong, Chen Yingnan, and Huang Shiyu were all blasted away simultaneously!

“How is it possible, you just stepped into the Daluo Golden Immortal Middle Stage, how can you withstand our attacks?!”

“We crushed you before, and today we will crush you again!”

Chen Yingnan and Huang Shiyu shouted angrily, very frustrated.

“Yimu Immortal Rainbow!”

Chen Yingnan shouted loudly, swinging his big sleeve.

Green immortal rainbows shot straight through the sky, blasting towards Chi Yanzhou and Gu Yunsong!

“Raging Sea Violent Waves!”

Huang Shiyu stepped down from the void.

Whoosh!

Silver giant waves swept high, as if transforming into a vast ocean, surging upwards!

Facing the fierce attacks from Chen Yingnan and Huang Shiyu!

Chi Yanzhou and Gu Yunsong did not dodge or retreat, launching a direct counterattack!

“Eight Desolate Thunder Seal!”

“Heaven and Earth Thunder Tide!”

A cyan thunder seal condensed and enlarged instantly, as if transforming into a cyan lightning mountain, smashing upwards!

Fierce blue lightning bolts descended from the sky and surged upwards from the ground, sandwiching the surging silver sea!

Thud rumble!

Boom rumble!

The sound of collisions and explosions were incessant, echoing throughout the heavens and earth!

The sky where Chi Yanzhou and the others were became chaotic, with lights flashing everywhere, and energy surging everywhere!

The distant spectators, including Flame Emperor and others, were all deeply shocked!

Bujie clicked his tongue, saying, “As expected of the Daluo Golden Immortals, their power is indeed formidable, I wonder when I’ll have such strength!”

Ning Jianfeng also said, “Luckily, this is the Upper World, with a space barrier strong enough or else this place would’ve been blown to bits already!”

Even from afar, they could feel the terrifying power unleashed by Lei Dongtian and the others!

If an ordinary immortal approached, they would likely be obliterated instantly!

At this time.

The elder of the Five Elements Immortal Sect, Song Cixiu, spoke viciously: "Since they won't hand over the people, just kill those brats directly!"

"Daring to kill a Law Enforcer of the Five Elements Immortal Sect, they're simply courting death!"

Wang Yanqing also roared out angrily.

Before coming, they had already investigated Yang Luo and his group.

Yang Luo and the others had no sect or backing, so killing them was of no consequence.

However, what they didn't expect was that the Yu Lei Immortal Sect would insist on protecting them, causing much resentment.

"Kill those brats!"

Song Cixiu shouted sharply, summoning his weapon, and charged towards Yang Luo and his group!

Wang Yanqing also led the Law Enforcer and elite disciples, charging forward!

"Dare to harm Little Friend Yang and his companions, you need to ask us first if we agree!"

"With us here, you shall not harm Little Friend Yang and his companions!"

“Let’s all attack together, we cannot let them harm Little Friend Yang and his companions!”

Lei Ming, Qi Lushan, Zhu Xingyao, Xie Junyi, and Zhao Wumian led several Law Enforcers and disciples, charging up!

A chaotic battle instantly erupted!

Yang Luo shouted with a loud voice: “Brothers, Sect Leader Lei and the others are fighting this battle because of us, we cannot sit by idly!”

“Hahaha...”

Bujie laughed aloud, summoning the Heavenly Dragon Zen Staff, “Brother Yang, what are we waiting for, let’s get started!”

Chapter 2610: He’s just a monster!

Ning Jianfeng summoned a sword and said fiercely, “Anyway, we are already fighting to the death with these guys!

If we can kill them, then we will have gained!”

Mo Qingkuang shouted, “We won’t cause trouble, but we won’t fear trouble either!”

“Kill!”

Yang Luo roared, transforming into a golden lightning bolt, and charged furiously!

“Kill!!!”

Bujie and others also moved simultaneously, rushing to engage!

Yang Luo's speed was unbelievably fast, causing a deafening sonic boom in the air, like the sound of a steam whistle!

At this moment, Yang Luo's "Undying Golden Body" activated, his body radiating with gold light, charging like a humanoid Tyrannosaurus!

"Ah ah ah ah..."

Many disciples of the Five Elements Immortal Sect screamed in agony, spewing blood as they plummeted like dumplings from high above!

Bang bang bang!

Those disciples directly hit by Yang Luo's body were blasted into puddles of flesh and bone fragments!

It's worth noting that many of these disciples turned into mince were Earth Immortals, and even True Immortals!

Even the Essence Souls of those True Immortals couldn't escape, being scattered to oblivion by the collision!

It's crucial to know that Li Weizhao and others brought over a hundred elite disciples this time, which included Earth Immortal, True Immortal, and Heavenly Immortal cultivations!

But they never expected that Yang Luo would dare to be so fierce, even smashing immortals into pieces!

"This... How can this brat's physical body be so powerful, like a beast of ancient times!"

"No wonder this brat could kill Guardian Li, extraordinary indeed!"

“Don’t get close to this brat, attack from a distance!”

The disciples also dared not approach Yang Luo, launching fierce attacks from afar instead.

Swish swish swish!

Whoosh whoosh whoosh!

Weapons rained down like a storm, blasting towards Yang Luo!

The power of the Five Elements transformed into energy beams, also shooting ferociously towards Yang Luo!

“Do you think attacking from a distance can kill me?”

Wishful thinking!”

Yang Luo sneered, charging towards the incoming weapons and beams!

He wanted to test the resilience of his body now!

Boom boom boom!

The weapons and beams were all smashed by Yang Luo’s body, causing an explosion of light and energy!

Yet Yang Luo’s body remained unscathed!

Witnessing their attacks fail to harm Yang Luo, even being smashed entirely!

Those disciples were utterly shocked!

“Defend! Defend quickly!”

“Stop him!”

The disciples shouted in terror, trying to muster heavy defenses.

However, even the strongest defense couldn’t resist Yang Luo’s charge!

Accompanied by the explosive sound of “rumble!”

The defense the disciples had built was completely destroyed!

“Ugh ah ah ah...”

The tragic screams echoed relentlessly.

The disciples were smashed into flying corpses, spilling large amounts of flesh and bone fragments, a horrifying sight!

Just then.

“Die!!!”

Three Heavenly Immortals launched a sneak attack from behind, swinging their long swords towards Yang Luo’s back!

Clang clang clang!

The crisp sound of collision resounded!

The three swords struck Yang Luo's back as if hitting Immortal Gold Divine Iron, unable to harm Yang Luo even slightly!

In fact, at the moment of impact, the three swords shattered immediately!

"What?!"

"Is this guy still human?!"

"How can his physical body be this powerful?!"

The three Heavenly Immortals were dumbfounded, exclaiming in shock.

Yang Luo suddenly turned, fiercely punching towards the three Heavenly Immortals!

This punch was tremendously overwhelming, like it was cast from gold, flashing brilliant immortal light!

The Void seemed on the verge of exploding, rippling with waves!

"Be careful!"

"Retreat!"

"Dodge quickly!"

The three Heavenly Immortals shouted in panic, hurriedly retreating.

But one of them was a step too slow!

Bang!

His head was directly blown off by the punch, exploding into a mass of red and white viscera!

Just as his Essence Soul was escaping!

“Die!”

Yang Luo’s right hand shot out, the golden palm enlarging, crushing the escaping Essence Soul instantly!

Seeing Yang Luo’s brutality, the two remaining Heavenly Immortals trembled, staring at Yang Luo like they were seeing a demon!

“Your turn!”

Yang Luo looked at the two Heavenly Immortals, a sinister smile crossing his lips.

“Monster, he’s a monster!”

“Retreat, quickly retreat!”

The two Heavenly Immortals panicked, seeking to flee the area.

Previously they believed a sneak attack could kill Yang Luo.

But unexpectedly, the attack failed, and instead, this brat counter-killed one of them.

“Don’t think about escaping!”

Yang Luo roared, stomping midair, causing the Void to ripple and twist!

He soared like the Nine Heavens Divine Dragons, leaping into the sky, then punching downwards at the remaining two Heavenly Immortals!

Boom boom boom!

A golden fist descended heavily, enlarging continuously, blocking out the sky like a meteorite from heaven!

“Counterattack!”

The two Heavenly Immortals roared furiously, launching their strongest assaults towards Yang Luo’s punch!

Yet no matter how fierce their attacks were, everything was shattered and destroyed!

After demolishing their attacks, the golden fist continued to pound down!

“This...”

“How could...”

The two Heavenly Immortals broke into a cold sweat, quickly assembling heavy defenses!

But again, they couldn’t hold it!

Yang Luo's punch was too violent, seeming to penetrate heaven and earth, exploding everything!

Their defenses were all shattered!

The next second!

Bang bang!

The two Heavenly Immortals were simultaneously blown apart by the punch, their Essence Souls also detonated in the air, gruesomely killed on the spot!

After annihilating the three Heavenly Immortals!

Yang Luo's figure moved, rushing towards the Law Enforcer of the Five Elements Immortal Sect!

"My heavens, is Mr. Yang this formidable, without even using immortal techniques, just relying on physical body and hand-to-hand combat, to annihilate so many disciples of the Five Elements Immortal Sect?!"

"Absolutely, Heavenly Immortals can't withstand even one punch!"

"But of course, Mr. Yang is cultivating the legendary Body Refining Techniques, which harnesses the Power of Ten Thousand Thunders to temper the physical body, his body is naturally immensely strong!"

The disciples of the Yu Lei Immortal Sect exclaimed in shock, deeply in awe of Yang Luo.

Just then.

"Roar!"

A roar came from afar.

Behold, Big White's body expanded over two hundred meters, swinging his fists like massive hammers, blasting many disciples of the Five Elements Immortal Sect and their mounts to pieces in the air!

"Caw!"

The Hundred Cry Bird let out a clear cry, flapping its wings!

Scarlet flames swept out, burning many disciples of the Five Elements Immortal Sect and their mounts alive!

"Buddha Chanting Demon Roar!"

Bujie activated the Buddhist Demon State, emitting roars like ten thousand Buddhas raging and ten thousand demons roaring!

"Ah ah ah ah..."

The disciples of the Five Elements Immortal Sect screamed in agony, bleeding from their seven orifices, facing death.

Many disciples' bodies were blasted to pieces in the air by the roar.
