Chapter 2691: Chapter 2691: Quasi-Emperor-Grade!

Yi Jiuxiao sighed and said, "If the 'Sunset Divine Bow' and 'Sun-shooting Divine Arrow' were intact, their power would be far greater than this!

Otherwise, this little monk would not have just been knocked away but would have been instantly killed!"

"What the heck?! Instantly killed?!"

Bujie shivered all over, feeling as if he had just escaped from the gate of hell.

"That's right!"

Yi Tianhong nodded and said, "The 'Sunset Divine Bow' and 'Sun-shooting Divine Arrow' passed down by our ancestors are Quasi-Emperor Grade Magical Artifacts, also known as weapons!

Back then, our ancestors used these artifacts not only to shoot down the ancestor of the nine Golden Crow clans that wreaked havoc on the world but also to kill many peerless experts in the war that swept across the myriad worlds!

Moreover, these artifacts only recognize our ancestors; anyone who approaches will be obliterated!"

"These 'Sunset Divine Bow' and 'Sun-shooting Divine Arrow' are actually Quasi-Emperor Grade Magical Artifacts?!"

Yang Luo exclaimed in shock.

In the Jiuzhou Immortal Domain, weapons and magical artifacts are divided into Immortal Grade, Spiritual Grade, Divine Grade, and Emperor Grade.

Ning Jianfeng curiously asked, "Uncle Yi, what is the difference between Quasi-Emperor Grade and Emperor Grade?"

Yi Jiuxiao explained, "There is still a significant gap between Quasi-Emperor Grade and Emperor Grade; Quasi-Emperor merely marks the entry into Emperor Grade.

True Emperor Grade Magical Artifacts are even more terrifying, capable of destroying the sun, moon, and stars, and annihilating the starry sky universe."

Bujie clicked his tongue in awe, "My goodness, if I, Lord Buddha, could have an Emperor Grade, oh no, even just a Quasi-Emperor Grade Magical Artifact in the future, I would be content!"

Ning Jianfeng and the others also showed expressions full of longing, hoping to have an Emperor Grade or Quasi-Emperor Grade Magical Artifact in the future.

Yang Luo felt puzzled; he didn't know whether the Flame Emperor's Furnace and Connate Eight Trigram were Quasi-Emperor or Emperor Grade Magical Artifacts.

As for the Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, Holy Dragon Ancient Mirror, and Dragon Soul Tao Seal, they are likely true Emperor Grade Magical Artifacts.

They just can't exert their true power due to severe damage and the Artifact Spirits in slumber.

At this time.

Wu Qiansheng suggested, "Why don't we try getting close to the 'Sunset Divine Bow' and 'Sun-shooting Divine Arrow'?"

"Sure, I also want to see if we can withstand the power of this Quasi-Emperor Grade Magical Artifact!"

"After all, Brother Bujie has already demonstrated for us just now; although this Quasi-Emperor Grade Magical Artifact is very powerful, it doesn't kill!"

Lu Yunqi and Ning Jianfeng were eager to try.

Xu Ying glanced at Bujie, "Bujie, why don't you try again?"

"Try your sister!"

Bujie rolled his eyes wildly, "If you want to try, you guys try, I'm not trying again!"

"Such little ambition!"

Xu Ying shook his head with a laugh.

Yi Jiuxiao smiled and said, "It's okay if you want to try, but be careful.

Even though the 'Sunset Divine Bow' and 'Sun-shooting Divine Arrow' are severely damaged now, their power is still considerable."

"Yes!"

Wu Qiansheng and the others nodded.

Immediately, they all shivered, mobilizing the energy within them, gathering Defensive Shields, and slowly approaching the Sunset Divine Bow and Sun-shooting Divine Arrow on the altar.

Only Yang Luo remained standing in place, not moving forward.

But just as they were less than ten meters from the altar!

The Sunset Divine Bow and Sun-shooting Divine Arrow erupted with terrifying energy again, surging towards Wu Qiansheng and the others!

Rumble!

The entire main hall shook violently again!

"Be careful!"

Wu Qiansheng shouted in shock, quickly defending himself.

Lu Yunqi and the others also quickly defended.

Thudding sounds echoed!

Wu Qiansheng and the others were simultaneously knocked to the main hall's entrance before they steadied themselves!

The Defensive Shields they had gathered were all destroyed, explosive energy and light bursting forth!

However, fortunately, the main hall was under heavy protective arrays and was not damaged!

"Wow!"

Ning Jianfeng exclaimed, "You wouldn't know until you tried, just how great the power is!"

Xu Ying said, "The power of the 'Sunset Divine Bow' and 'Sun-shooting Divine Arrow' is too great; we alone can't even get close!"

Wu Qiansheng moved his limbs a bit, "Hey, I don't believe we can't get close!"

Saying so, he gathered Defensive Shields again and approached the Sunset Divine Bow and Sun-shooting Divine Arrow!

Lu Yunqi and the others weren't willing to give up, and after gathering Defensive Shields, continued to approach!

In the next ten minutes.

Wu Qiansheng and the others approached repeatedly, but each time they got to within ten meters of the altar, they were knocked away, unable to get closer.

The two guards outside the hall shook their heads.

Over the years, Yi Jiuxiao and the Country Protecting Elders had invited many people, but very few could get close to the Sunset Divine Bow and Sun-shooting Divine Arrow.

They had gotten used to it.

After trying for more than ten times.

Wu Qiansheng and the others were already covered in dirt and didn't dare to keep trying.

Ning Jianfeng shook his head, "Can't get close, simply can't get close!"

Yi Jiuxiao said, "Except for the descendants with ancestral blood, everyone else has a hard time approaching.

And even if someone can get close, the 'Sunset Divine Bow' and 'Sun-shooting Divine Arrow' will fly away, impossible to catch.

This is also why other artificers cannot repair these artifacts."

Xia Chaoyang said to Yang Luo, "Brother Yang, why don't you give it a try?"

The others also looked at Yang Luo.

After all, Yang Luo was the only one who hadn't tried yet.

Yi Jiuxiao said, "Little Luo, why don't you give it a try too."

"Alright, I'll give it a try."

Yang Luo nodded.

He also wanted to see if he could approach the Sunset Divine Bow and Sun-shooting Divine Arrow.

If he could get close and subdue them, he could ask Senior Jiu'er if the artifacts could be repaired.

After all, they are Quasi-Emperor Grade Magical Artifacts; if they can be repaired, that would be great.

Thinking of this.

Yang Luo shivered, gathered a Defensive Shield, and stepped towards the altar.

But just as he was ten meters from the altar.

The Sunset Divine Bow and Sun-shooting Divine Arrow erupted with massive energy, rushing towards Yang Luo!

Yang Luo stomped his feet, forcefully resisting, but he couldn't withstand it, being blasted away directly.

The Defensive Shield he had gathered was also shattered.

He flew all the way to the main hall's entrance before stabilizing himself.

"Well, it turns out Brother Yang can't get close either!"

Bujie shook his head.

Wu Qiansheng and the others sighed as well.

It seems no one can approach the Sunset Divine Bow and Sun-shooting Divine Arrow.

Yi Jiuxiao, Yi Tianhong, Zhao Tingyu, and Zheng Fengshi sighed deeply too.

They had hoped for a miracle, but now it was clear there was no miracle.

Yi Tianhong said, "Looks like we still need to find other artificers to help."

"Hmm."

Yi Jiuxiao, Zhao Tingyu, and Zheng Fengshi nodded.

At this moment.

Yang Luo activated multiple Defensive Shields and even invoked multiple physique secret techniques before stepping toward the altar again.

Chapter 2692: Chapter 2692: Subdue!

Soon, Yang Luo was less than ten meters away from the altar.

Rumble! Rumble!

The entire hall trembled violently!

The Sundown Divine Bow and Sun-shooting Divine Arrows seemed to be enraged, once again bursting forth with dazzling golden light, unleashing even more terrifying energy!

This energy, like a burst dam, fiercely surged towards Yang Luo!

Yang Luo frantically resisted with layers of defensive shields and physique secret techniques!

His body was continually pushed back, the defensive shields and physique secret techniques he had gathered were destroyed one after another!

He retreated to the temple entrance before finally stopping.

Bujie waved his hand, "Brother Yang, stop trying, it's useless.

Those Sundown Divine Bow and Sun-shooting Divine Arrows simply don't recognize you."

Yi Jiuxiao felt a bit regretful but was used to it.

He sighed, "Little Luo, there's no need to try. Let's think of another way."

"I'll try again!"

Yang Luo replied, then took a deep breath.

He trembled all over, this time directly mobilizing his primordial essence blood power and activating the "Ancient Immortal Physique!"

In an instant!

A blinding golden light flickered on his body, and ancient dragon patterns and mysterious runes appeared on the surface!

Yang Luo's entire aura changed, his golden eyes flickered like flames, like a divine lamp torch!

"Such a strong aura!"

Yi Tianhong was shocked, "Little Luo's bloodline and physique are rather unusual!"

Zhao Tingyu nodded, "Little Luo not only excels in artifact refining but surely is very powerful as well!"

Yi Jiuxiao and Zheng Fengshi nodded, also noticing the extraordinary aspects of Yang Luo.

Wu Qiansheng said, "Uncle Yi, Elders, I won't hide it from you, Brother Yang's power is very formidable!"

Not long ago, I, Brother Lu, Mang Tianci, Nangong Yao, and Huang Yuchen teamed up, yet we were no match for Brother Yang. He defeated us easily!"

"What?!"

Yi Jiuxiao was very surprised, "You are the five Heavenly Pride of the younger generation in Huangzhou, yet together you are no match for Little Luo?!"

Yi Tianhong, Zhao Tingyu, and Zheng Fengshi were all deeply shocked.

Zheng Fengshi said, "Isn't Little Luo at the Golden Immortal Middle Stage cultivation? Could he be invincible at the same realm?"

Bujie grinned, "Elder Zheng, my Brother Yang isn't just invincible at the same realm!"

Even against Golden Immortal Late Stage elders, my Brother Yang can defeat them!"

"This..."

Zheng Fengshi looked at Yang Luo in disbelief, unable to hide his shock.

Yi Tianhong stroked his beard with a smile, "Looks like Little Luo is indeed no ordinary child!"

As they spoke.

Yang Luo already stepped forward, heading towards the altar.

Everyone present focused on Yang Luo.

They still held a sliver of hope for Yang Luo.

When Yang Luo was only ten meters from the altar.

Rumble! Rumble!

The entire hall shook once more!

The Sundown Divine Bow and Sun-shooting Divine Arrows erupted again with terrifying energy like a golden tide sweeping towards Yang Luo!

Accompanied by a massive boom!

This vast energy slammed heavily against Yang Luo!

Seeing this scene!

Everyone's hearts jumped!

Yang Luo furiously resisted the energy, trying to get closer to the altar!

But the energy overwhelmed Yang Luo, forcing him back repeatedly!

"I refuse to believe you can truly withstand me!"

Yang Luo shouted furiously, his essence blood boiled, golden dragon patterns and runes on his body became even more dazzling!

He forced himself forward, withstanding the energy's impact, advancing towards the altar!

Bam, bam, bam...

He stepped forward, getting closer and closer to the altar!

"How is this possible?!"

Yi Tianhong exclaimed, "Little Luo can actually get close to the 'Sundown Divine Bow' and 'Sun-shooting Divine Arrows'?!"

"Incredible! Truly incredible!"

Yi Jiuxiao also cried out in astonishment.

Zhao Tingyu and Zheng Fengshi were both dumbfounded, their eyes filled with shock.

The two guards at the door were also stunned.

Earlier, Yang Luo couldn't even approach the Sundown Divine Bow and Sun-shooting Divine Arrows!

But now, unexpectedly, he could get near!

Bam, bam, bam...

Yang Luo continued stepping forward, approaching the altar.

Buzz, buzz, buzz!

Due to Yang Luo's overpowering bloodline and physique, the Sundown Divine Bow and Sun-shooting Divine Arrows shook violently!

As Yang Luo finally reached the altar, ready to grab the Sundown Divine Bow!

Suddenly!

The Sundown Divine Bow and Sun-shooting Divine Arrows shot upwards, transforming into golden rainbows, trying to escape the hall!

"You shall not escape!"

Yang Luo was prepared, immediately focused his mind!

The Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, Holy Dragon Ancient Mirror, and Dragon Soul Tao Seal flew out from his storage ring simultaneously!

The five artifacts flew out, forming a circle, imprisoning the Sundown Divine Bow and Sun-shooting Divine Arrows within!

A vast dragon might and dragon qi spread out, pressing down on the Sundown Divine Bow and Sun-shooting Divine Arrows!

Buzz, buzz, buzz!

The Sundown Divine Bow and Sun-shooting Divine Arrows shook violently again, rendered immobile!

"Little Luo's five artifacts are no ordinary items. Why have they never been heard or seen?"

"These five seem like Immortal Items, yet one can sense a faint Artifact Spirit presence. Are they Immortal Items or Spirit Grade?"

"If these five are just Spirit Grade, how could they suppress the Sundown Divine Bow and Sun-shooting Divine Arrows?"

"Exactly, even if the Sundown Divine Bow and Sun-shooting Divine Arrows are severely damaged, ordinary Spirit Grade artifacts shouldn't be able to suppress them!"

Yi Jiuxiao, Yi Tianhong, Zhao Tingyu, and Zheng Fengshi were deeply shocked.

"Holy moly!"

Bujie's eyes opened wide, "Brother Yang actually subdued the Sundown Divine Bow and Sun-shooting Divine Arrows?!"

"It had to be Brother Yang, indeed!"

Ning Jianfeng's eyes were full of admiration.

Wu Qiansheng and others were also deeply shocked.

Seeing the Sundown Divine Bow and Sun-shooting Divine Arrows controlled.

Yang Luo flew up, extended his hands, and grasped the Sundown Divine Bow and ten shattered Sun-shooting Divine Arrows.

Buzz, buzz, buzz!

The Sundown Divine Bow and Sun-shooting Divine Arrows seemingly resisted Yang Luo's grasp, still trembling violently!

Yang Luo intently watched the bow and arrows in his hands, loudly said, "Sundown Divine Bow, Sun-shooting Divine Arrows, you are the divine weapons of Senior Da Yi!

In the past, sweeping across the Nine Heavens and Ten Earths, myriad worlds, slaying countless strong figures, renowned and honored infinitely!

Do you wish to remain here forever, spending your lives in a damaged state?

Do you not wish to someday regain your former glory, and fight across the realms?

I know you wish to accompany Senior Da Yi, but now you are only accompanying an image of Senior Da Yi, not the true Da Yi!

Senior Da Yi fought a lifetime, protected billions, unmatched in spirit and might!

Yet you linger in the past, struggling here, lacking the grandeur expected of Quasi-Emperor grade artifacts?"

Chapter 2693: Chapter 2693: Barely Third Place!

Who knows if the Sunset Divine Bow and Sun-shooting Divine Arrows heard what Yang Luo said. At this moment, their trembling weakened somewhat, not as intense as before.

Even Yi Jiuxiao, Yi Tianhong, Zhao Tingyu, and Zheng Fengshi were moved by Yang Luo's words, their eyes redden, emotions stirred.

Xia Chaoyang, Wu Qiansheng, Lu Yunqi, and others sighed deeply, deeply affected.

Yang Luo continued: "If you believe in me, you can give me a chance. I will do everything possible to repair you and restore your former glory!"

After listening to Yang Luo's final words.

The Sunset Divine Bow and Sun-shooting Divine Arrows finally stopped trembling.

"Whew..."

Yang Luo let out a long breath of turbid air, finally subduing the Sunset Divine Bow and Sun-shooting Divine Arrows.

Upon seeing this scene.

Yi Jiuxiao and the three Country Protecting Elders were dumbfounded, as if struck by lightning!

The Sunset Divine Bow and Sun-shooting Divine Arrows were really subdued by Yang Luo!

The two guards at the door were even more shocked, their eyes nearly popping out, jaws dropping!

Bujie tutted, "When it comes to the art of persuasion, I only admire Brother Yang!"

"Stop talking nonsense!"

Xu Ying rolled her eyes at this guy, saying peevishly, "Brother Yang has genuinely moved the Sunset Divine Bow and Sun-shooting Divine Arrows!"

After all, such a powerful Quasi-Emperor Grade Magical Artifact has long birthed an Artifact Spirit!

Since there's an Artifact Spirit, naturally it can understand Brother Yang's words and can sense whether Brother Yang's intentions are genuine or false!"

Bujie laughed, "Of course I know, I was just trying to ease the tense atmosphere a bit."

Xu Ying and Ning Jianfeng shook their heads, too lazy to bother with this guy.

Then Yang Luo steadily descended to the ground.

The Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, Holy Dragon Ancient Mirror, and Dragon Soul Tao Seal floated above Yang Luo's head.

Yi Jiuxiao looked at Yang Luo with delight, saying, "Little Luo, didn't expect you truly subdued the Sunset Divine Bow and Sun-shooting Divine Arrows, really impressive!"

Yi Tianhong also exclaimed, "You must know, over the years countless artificers have attempted to control the Sunset Divine Bow and Sun-shooting Divine Arrows, but none succeeded!"

Yet you managed it!

Looks like inviting you was the right choice!"

"By the way, Little Luo, what grade are your five Dharma artifacts to suppress the Sunset Divine Bow and Sun-shooting Divine Arrows?"

Zhao Tingyu asked curiously.

Yang Luo replied, "These five Dharma artifacts were given to me by my master. I only know they are very powerful, but I'm not sure about the exact grade."

"Oh..."

Zhao Tingyu and others nodded in understanding.

Yi Jiuxiao hurried to ask, "Little Luo, can you repair the Sunset Divine Bow and Sun-shooting Divine Arrows?"

Yi Tianhong, Zhao Tingyu, and Zheng Fengshi all looked expectantly at Yang Luo.

Yang Luo replied, "I don't know if I can repair the Sunset Divine Bow and Sun-shooting Divine Arrows. I need to study it carefully.

Uncle Yi, three elders, give me a night's time, and I'll give you an answer tomorrow morning."

“Alright!”

Yi Jiuxiao nodded, saying, “It’s getting late now. We should have a good drink to celebrate you winning first place in the artifact contest today!”

“Then thank you, Uncle Yi!”

Yang Luo said with a smile.

After that, Yang Luo and the group left the Emperor Yi Hall.

Yi Jiuxiao then had people prepare wine and dishes to really host Yang Luo’s group well.

After drinking, Yi Jiuxiao and the three Country Protecting Elders personally escorted Yang Luo’s group to their accommodations.

The arranged lodging was a three-story pavilion with many rooms on each floor, a quiet environment.

“Little Luo, we’re counting on you!”

“We hope you can give us good news tomorrow!”

Yi Jiuxiao and the four saluted Yang Luo.

“The younger generation will do their best!”

Yang Luo also saluted.

After Yi Jiuxiao and the four left.

Yang Luo and his group entered the pavilion.

Xia Chaoyang asked, “Brother Yang, can you really repair the Sunset Divine Bow and Sun-shooting Divine Arrows?”

Wu Qiansheng and others also looked at Yang Luo.

Yang Luo replied truthfully, “Currently I only have a general idea, but whether it can be repaired needs more research.”

Bujie laughed, “Brothers, don’t worry. Brother Yang’s artifact crafting skills are so high, he will surely be able to repair the Sunset Divine Bow and Sun-shooting Divine Arrows!”

Flame Emperor and others nodded confidently at Yang Luo.

After returning to his room.

Yang Luo took a shower, then sat cross-legged on the bed, placing the Sunset Divine Bow and Sun-shooting Divine Arrows in front of him.

He stared at the Sunset Divine Bow and Sun-shooting Divine Arrows, lost in thought.

The Artifact Refining Treasure Book Senior Long Jiu'er passed on to him did indeed record methods to repair Quasi-Emperor and Emperor-level Magical Artifacts.

However, repairing such artifacts is very difficult, requiring natural treasures not only in large quantities but also very rare.

Moreover, each Quasi-Emperor grade artifact has different repairs methods, requiring different natural treasures.

After researching for a while, he still couldn't determine what method and materials were needed to repair the Sunset Divine Bow and Sun-shooting Divine Arrows.

Looks like he must consult with Senior Long Jiu'er.

Thinking of this.

Yang Luo stored the Sunset Divine Bow and Sun-shooting Divine Arrows into his storage ring, then closed his eyes and entered a meditative state.

After a while.

He appeared in the Divine Sense Space.

However, he did not see Long Jiu'er and the five others.

Presumably, the five seniors are in the bronze dragon coffins regulating their Essence Souls.

Yang Luo shouted, "Senior Jiu'er, the younger generation has something to consult!"

"Why shout so loudly, it's not like I can't hear you!"

Accompanied by a crisp voice, Long Jiu'er flew out from one of the bronze dragon coffins.

Long Xinghe, Long Daoyi, Long Tianchi, and Long Youlan also flew out from the other four bronze dragon coffins.

Yang Luo looked at the five, curious, "Five seniors, am I seeing things? How come your Essence Souls seem much more solid now?"

Previously, the five's Essence Souls were very weak, appearing as faint shadows, but now they were much more solid.

Yang Luo could see the seniors' appearances more clearly.

Long Xinghe lightly smiled, saying, "Boy, the spiritual qi of this Jiuzhou Immortal Domain is so abundant, we constantly absorb the spiritual qi of heaven and earth to regulate and restore our Essence Souls.

This period, we've recovered quite a bit, much better than on Earth."

"Is that so?"

Yang Luo was overjoyed, saluting, "Then congratulations to the five seniors!"

Long Tianchi rolled his eyes at Yang Luo, saying, "What's there to congratulate? Without fully restored Essence Souls, we still can't get out!"

Yang Luo scratched his head and smiled, "That's just a matter of time. I believe soon, you will all be able to leave here and see the daylight again!"

"Alright, let's not talk about this now."

Long Jiu'er waved her small hand, then asked, "By the way, what place did you get in this artifact contest?"

Yang Luo raised an eyebrow, "Senior Jiu'er, take a guess!"

Long Jiu'er glanced at Yang Luo, disdainfully saying, "You're so dull, you might just barely get third place!"

Chapter 2694: Chapter 2694: The Death of Da Yi!

Yang Luo grinned and said, "Well, sorry about that, Senior Jiu'er, but I'm the first place!"

"Oh my god, you're actually the first place?!"

Long Jiu'er's large eyes widened, full of disbelief.

Yang Luo said irritably, "Senior Jiu'er, what do you mean by that, are you saying I can't take first place?"

Long Jiu'er clicked her tongue and said, "Has the level of artificers in the Jiuzhou Immortal Domain dropped so low that you can actually get first place?"

"Senior Jiu'er, is my weapon refining level really that bad?"

Yang Luo was quite speechless; was Senior Jiu'er really looking down on him that much?

Long Jiu'er patted Yang Luo's head and giggled, "Your weapon refining skills are pretty good, just still quite a bit behind your mentor.

However, taking first place at least didn't make me lose face as your mentor."

Seeing Long Jiu'er pretending to be mature, Yang Luo didn't know whether to laugh or cry.

Yang Luo said, "But, this weapon refining competition was only held in the Four Small Provinces, and only some artificers participated.

Even if I took first place, I don't dare to claim to be the number one artificer in the Four Small Provinces."

"Hmm, not being arrogant and complacent, very good."

Long Jiu'er nodded, then said, "By the way, you said earlier you have something to ask me, what is it?"

Long Xinghe, Long Daoyi, Long Tianchi, and Long Youlan all looked toward Yang Luo.

Yang Luo said, "Senior Jiu'er, I want to repair a set of Quasi-Emperor Grade Magical Artifact, and I hope you can give me some advice."

"Quasi-Emperor Grade Magical Artifact?!"

Long Jiu'er was suddenly shocked, "Where did you get a Quasi-Emperor Grade Magical Artifact?!"

Also, what is the name of this Quasi-Emperor Grade Magical Artifact?!"

The four of Long Xinghe were also quite surprised.

Yang Luo smiled and said, "Perhaps you might recognize it once you see it."

As he spoke, Yang Luo focused his mind.

Streaks of golden light roared in from afar, quickly arriving before Yang Luo and the others!

"Isn't this the Sunset Divine Bow and the Sun-shooting Divine Arrow?!"

Seeing the broken bow and the ten broken arrows before her, Long Jiu'er couldn't help but exclaim.

Long Xinghe was surprised, "It really is Da Yi's Sunset Divine Bow and Sun-shooting Divine Arrow!"

I thought the Sunset Divine Bow and Sun-shooting Divine Arrow were completely destroyed in that great battle, but I didn't expect them to still exist!"

Long Daoyi, Long Tianchi, and Long Youlan were also full of shock.

Yang Luo asked, "Seniors, did Senior Da Yi participate in that great battle that swept the myriad worlds?"

"Of course."

Long Daoyi nodded and said, "Da Yi was a very good brother of your father, and we once fought side by side.

Da Yi was incredibly powerful, but he sacrificed his life to protect billions of beings and ultimately fell in battle."

Yang Luo asked further, "Is Senior Da Yi truly dead, is there any trace of his Essence Soul?"

Long Tianchi sighed deeply and said, "Da Yi is truly gone, both his physical body and Essence Soul are completely destroyed."

Long Xinghe, Long Daoyi, Long Youlan, and Long Jiu'er all also sighed deeply, their eyes filled with sorrow.

"This..."

Yang Luo stared blankly, unable to return to his senses for a long time.

He held onto a sliver of hope that Senior Da Yi was not dead.

But since all five seniors said Senior Da Yi was dead, it was most likely true.

Such an unparalleled figure, a legendary senior, had fallen in battle.

Yang Luo frowned and asked, "How many strong people like Senior Da Yi died in that war?"

"Too many..."

Long Xinghe shook his head, his face filled with bitterness.

Long Youlan softly said, "Little Luo, we'll tell you everything about that battle later.

For now, you must focus on cultivating and becoming stronger."

"Mm!"

Yang Luo nodded emphatically, "Aunt Youlan, I will strive to become stronger!"

Long Daoyi asked curiously, "Kid, where did you find the Sunset Divine Bow and the Sun-shooting Divine Arrow?"

"Here's what happened..."

Yang Luo truthfully recounted the events of the competition and the matters of the Da Yi Immortal Country to Long Xinghe and the other four.

"I see."

Long Xinghe nodded in realization, then said to Long Jiu'er, "Jiu'er, help this kid out.

Though Da Yi fell in battle, if the Sunset Divine Bow and Sun-shooting Divine Arrow can be repaired, at least his will can live on."

"Mm-hmm!"

Long Jiu'er nodded with red-rimmed eyes, "Kid, the Sunset Divine Bow and Sun-shooting Divine Arrows are severely damaged.

To completely repair them, not only vast quantities of natural treasures are needed, but also powerful weapon refining skills.

If my Essence Soul were fully restored, and with the needed natural treasures, repairing the Sunset Divine Bow and Sun-shooting Divine Arrow wouldn't be hard.

But for now, it's all up to you."

Yang Luo said, "Senior Jiu'er, tell me how to repair them, what materials I need, and I will do everything I can to repair them!"

He truly wanted to repair the Sunset Divine Bow and Sun-shooting Divine Arrow!

Not only because Yi Jiuxiao implored him to help, but also to leave some hope for Senior Xinghe and the others!

Of course, more importantly, it was out of respect for Senior Da Yi!

Long Jiu'er nodded and said, "Alright, I will teach you the method now and tell you the materials needed, so remember them well."

"Yes!"

Yang Luo nodded in agreement.

In the ensuing time.

Long Jiu'er began teaching Yang Luo the method to repair the Sunset Divine Bow and Sun-shooting Divine Arrow, and informed him about the natural treasures needed.

When Yang Luo learned of the natural treasures required for the repair, he was stunned.

To fully repair the Sunset Divine Bow, at least nine rare materials were necessary.

And each broken Sun-shooting Divine Arrow required three rare materials to be repaired.

A total of ten broken arrows required thirty rare materials.

As for the repair method, it was also very difficult.

But no matter how hard it was, he was determined to accomplish it.

Time slowly passed.

The next morning.

When sunlight filtered through the window into the room.

Yang Luo slowly opened his eyes.

He had memorized the method to repair the Sunset Divine Bow and Sun-shooting Divine Arrow, as well as the materials needed.

He got out of bed, walked out of the room, and went down to the first floor.

There, Yi Jiuxiao, Yi Tianhong, Zhao Tingyu, and Zheng Fengshi had already arrived and were chatting with Wu Qiansheng and others.

Seeing Yang Luo come down.

"Brother Yang, do you have a way to repair the Sunset Divine Bow and Sun-shooting Divine Arrow?"

"Brother Yang, with your weapon refining skills, you should be able to do it, right?"

Bujie and Wu Qiansheng, among others, looked towards Yang Luo and asked.

Yi Jiuxiao and the other three looked expectantly at Yang Luo.

Yang Luo nodded and said, "I have a way to repair the Sunset Divine Bow and Sun-shooting Divine Arrow."

"Really?!"

Yi Jiuxiao was overjoyed, "Little Luo, do you really have a way to repair the Sunset Divine Bow and Sun-shooting Divine Arrow?"

Yi Tianhong, Zhao Tingyu, and Zheng Fengshi were also trembling with excitement.

Yang Luo continued, "There is a way, but it's a bit difficult, especially since the materials needed are extensive."

Chapter 2695: Chapter 2695: Eleven items!

Bujie laughed heartily and said, "See, I told you, Brother Yang is like a God, there's nothing he can't accomplish!"

Yi Jiuxiao took a deep breath and said, "Little Luo, quickly tell us how we can repair the Sunset Divine Bow and Sun-shooting Divine Arrows?"

Yi Tianhong, Zhao Tingyu, and Zheng Fengshi all eagerly looked at Yang Luo.

Yang Luo didn't hold back and explained the method to repair the Sunset Divine Bow and Sun-shooting Divine Arrows, as well as the materials needed.

After hearing Yang Luo's explanation.

Yi Jiuxiao and the others were stunned.

"To completely repair the Sunset Divine Bow and Sun-shooting Divine Arrows actually requires thirty-nine materials?!"

"The key is that each material is incredibly rare, isn't that too difficult?!"

Everyone exclaimed.

Yi Jiuxiao thought for a moment and said, "Little Luo, in our Imperial Palace's Treasure Pavilion, we can find five materials needed for repairing the Sunset Divine Bow.

And six materials needed for repairing three Sun-shooting Divine Arrows."

"Is that so?!"

Yang Luo's eyes glimmered, and he said, "If that's the case, I can repair half of the Sunset Divine Bow and three Sun-shooting Divine Arrows!"

Yi Jiuxiao's face lit up with joy, and he said, "Little Luo, come, I'll take you to the Treasure Pavilion right away!"

Soon after, Yang Luo and his group soared into the sky, leaving the pavilion and heading straight for the Treasure Pavilion.

Not long after.

Yang Luo and his group arrived at the Treasure Pavilion.

The Treasure Pavilion of Da Yi Immortal Country was more majestic, ancient, and imposing.

Once the guards opened the doors of the Treasure Pavilion.

Yang Luo and his group entered the Treasure Pavilion.

The entire Treasure Pavilion was spacious and bright, with nine levels in total, each level holding large wooden racks, and on the racks lay all sorts of natural treasures.

Pills, Dharma artifacts, weapons, medicinal herbs, Immortal Gold Divine Iron, and more, all available.

The immortal light was dazzling, making it hard to take it all in.

Bujie's eyes sparkled, and he said, "Brother Xia, there's way more treasures here in the Pavilion than in your Da Xia Immortal Country's Imperial Palace!"

Xia Chaoyang said helplessly, "Our Da Xia Immortal Country can't compare to Da Yi Immortal Country."

Yi Jiuxiao felt quite cheerful and said, "Everyone, feel free to pick any natural treasures here as a gift from Uncle Yi!"

"Haha, then thank you, Uncle Yi!"

"Uncle Yi is indeed generous!"

Bujie and the others were delighted.

Yang Luo said, somewhat speechlessly, "Didn't you guys already loot the Treasure Pavilion in Da Xia Immortal Country, and now you're thinking of looting here?"

Can't you have some ambition?"

Yi Jiuxiao laughed and waved his hand, saying, "Little Luo, it's okay, let them pick what they like."

Bujie and the others thanked again and then soared into the sky, starting to pick out items.

However, this time they weren't as much like bandits, only occasionally picking a few natural treasures.

Seeing this, Yang Luo finally heaved a sigh of relief.

He was really worried these guys might loot the place.

Yi Jiuxiao said, "Little Luo, I'll go gather those eleven materials."

Saying this, he flew up, searched through each level of the pavilion, pulled out a wooden box, and placed the eleven materials inside.

After a little while.

Yi Jiuxiao flew back down.

"Little Luo, check if these are the materials you need?"

He waved his hand lightly, and the wooden box floated in front of Yang Luo.

Yang Luo examined them carefully for a while, nodded, and said, "These are indeed the eleven materials needed to repair the Sunset Divine Bow and Sun-shooting Divine Arrows."

"That's good."

Yi Jiuxiao nodded and said, "Unfortunately, we don't have the remaining materials here. But don't worry, I will have people search for them later."

Yang Luo nodded.

Yi Jiuxiao said, "Little Luo, you should also pick some natural treasures here, take whatever you like."

Yang Luo shook his head and said, "I don't currently lack any natural treasures."

"Alright then."

Yi Jiuxiao nodded and said, "If you ever need any natural treasures later on, be sure to let me know."

"Thank you, Uncle Yi!"

Yang Luo expressed his thanks.

After waiting for a while.

Bujie and the others also picked a few natural treasures and descended.

Yang Luo said to Yi Jiuxiao and the four elders, "Uncle Yi, all of you, I plan to head to Xianxia Mountain now to start repairing the Sunset Divine Bow and Sun-shooting Divine Arrows.

The spiritual energy there is abundant, the terrain open, and it's deserted for a thousand miles around, perfect for refining weapons."

Yi Jiuxiao said, "Little Luo, there's no need to rush, you can rest here for a few days."

Yang Luo said, "Uncle Yi, we probably won't be able to stay here for long.

After all, we have other things to take care of."

"Alright then."

Yi Jiuxiao nodded and said, "In that case, we'll leave it to you!"

"We're counting on you!"

Yi Tianhong, Zhao Tingyu, and Zheng Fengshi also cupped their hands in thanks.

Yang Luo nodded and said, "I will do my best, repairing a bit at a time!"

Then, Yang Luo and his group left the Treasure Pavilion, preparing to head for Xianxia Mountain.

But just then.

A blood-stained guard flew in from afar and landed steadily in front of Yi Jiuxiao.

"Your Majesty, there's an urgent report!"

The guard knelt on one knee, looking anxious.

Seeing the guard's appearance, Yi Jiuxiao and the three Country Protecting Elders instantly understood what was going on, their expressions darkening.

Yi Jiuxiao said to Yang Luo, "Little Luo, we need to take care of some matters and can't accompany you to Xianxia Mountain.

If you need anything, feel free to ask the people in the Imperial Palace."

Yang Luo said, "Uncle Yi, please go handle your affairs, we can manage on our own."

Yi Jiuxiao made a sound of acknowledgment and then left in a hurry with the three Country Protecting Elders and the guard, soaring into the sky.

Until Yi Jiuxiao and the others disappeared from sight.

Wu Qiansheng frowned and said, "Just now, that guard was covered in blood, as if he returned from the battlefield.

Could it be that something major happened in Da Yi Immortal Country?"

Lu Yunqi, Xia Chaoyang, and Bujie also furrowed their brows.

They had also noticed.

The guard was covered in blood, looking anxious, indicating something significant had occurred.

Yang Luo naturally saw this as well.

He glanced in the direction Yi Jiuxiao and the others had left and said, "Since Uncle Yi doesn't want us involved, we should stay out of it.

Let's go, to Xianxia Mountain."

"Alright!"

Everyone nodded.

Then, Yang Luo and his group soared into the sky, leaving the Imperial Palace and heading straight for Xianxia Mountain.

Upon reaching Xianxia Mountain.

Yang Luo led everyone to the central area.

The ten towering mountains stood majestically in the center, surrounded by mist and auspicious clouds, magnificent and grand.

However, the white jade slabs laying on the mountaintops had already been removed, restored to their original state.

Yang Luo looked around and found a valley where the spiritual energy was most abundant, then flew down.

Bujie and Xu Ying followed suit and flew down as well.

Upon reaching the center of the valley.

Yang Luo said, "Brothers, I plan to first repair the Immortal Suppression Pagoda here, then fix the Sunset Divine Bow and Sun-shooting Divine Arrows."

Chapter 2696: Chapter 2696 Consecutive Advancements!

Yang Luo planned to repair the Immortal Suppression Pagoda first.

Firstly, because he had waited too long for this moment and was eager to repair the Immortal Suppression Pagoda.

Secondly, to practice for repairing the Sunset Divine Bow and Sun-shooting Divine Arrow.

Yang Luo continued, "Everyone, you can find a place to cultivate, don't mind me."

"Okay!"

Bujie and the others nodded.

Following that, Bujie and the others flew out of the valley and sat cross-legged on top of ten surrounding mountains, beginning their cultivation.

Hopefully, this time he could completely repair the Immortal Suppression Pagoda and partially repair the Sunset Divine Bow and Sun-shooting Divine Arrow!

Yang Luo's gaze was firm, full of fighting spirit.

Immediately, he set up multiple protective arrays in the valley, then sat cross-legged.

He composed his mind, taking out the six materials needed for repairing the Immortal Suppression Pagoda: Green Water Gold, Red Flame Copper, Nine Heavens Cold Iron, Earth Core Mysterious Stone, Hundred Refinement Divine Iron, and Divine Dragon Essence Blood.

He placed them aside, then with a thought!

The Immortal Suppression Pagoda flew out of his storage ring, hovering in the air before him!

The palm-sized Immortal Suppression Pagoda was in a state of ruin, its light dim, appearing like a pile of scrap metal!

Yang Luo looked at the Immortal Suppression Pagoda and said, "Immortal Suppression Pagoda, this time I will definitely fully repair you!"

Saying this, he raised his arms, his palms facing the Immortal Suppression Pagoda, activating the lightning and fire power within his body and blasted forth!

Golden-red flames and nine-colored lightning bolts surged from his palms, transforming into a Thunder Fire Light Group, enveloping the Immortal Suppression Pagoda within!

Due to the refinement competition, his weapon refining experience greatly enhanced; his refining skills saw significant improvement!

Therefore, he was full of confidence this time to completely repair the Immortal Suppression Pagoda!

He continuously mobilized the power of lightning and fire, burning and forging the Immortal Suppression Pagoda!

Time passed for two hours.

"Green Water Gold!"

With a thought, he shouted loudly.

Green Water Gold flew into the air, entering the Thunder Fire Light Group.

Once Green Water Gold entered the Thunder Fire Light Group, Yang Luo intensified the power of lightning and fire, beginning to burn and forge Green Water Gold.

Clang, clang, clang!...

Boom, boom, boom!...

Clear collision sounds and booming noises resonated throughout the valley!

Ferocious flames and violent lightning bolts burst forth constantly, flushing toward all directions!

Fortunately, Yang Luo had set up protective arrays here beforehand, preventing damage to the surrounding mountains!

During the repair process, Yang Luo had no distractions, maintaining a high level of concentration!

As time slowly passed.

Several hours passed.

Only to see that Green Water Gold had transformed into a cyan-golden liquid, flowing within the Thunder Fire Light Group, shimmering with dazzling light.

Yang Luo controlled this cyan-golden liquid, integrating it bit by bit into the Immortal Suppression Pagoda.

As the cyan-golden liquid integrated.

Cracks in the Immortal Suppression Pagoda's body were being repaired at a visible rate.

Indeed, it worked!

Yang Luo was delighted, very excited, his heart racing!

However, he suppressed his joy, continued controlling the cyan-golden liquid to integrate into the Immortal Suppression Pagoda, repairing the cracks!

This process was extremely long and couldn't afford any mistakes; a single error would cause the entire Immortal Suppression Pagoda to explode, turning into piles of debris.

Until nightfall.

The liquid transformed from Green Water Gold had completely merged into the Immortal Suppression Pagoda.

The Immortal Suppression Pagoda was finally one-sixth repaired.

Yang Luo took a long breath, feeling even more determined!

Great, as long as I continue, the Immortal Suppression Pagoda will definitely be fully repaired!

Just don't know to what level the repaired Immortal Suppression Pagoda will elevate, whether the Artifact Spirit can completely awaken!

Thinking of this, Yang Luo was full of energy, with a thought.

“Red Flame Copper!”

Accompanied by a loud shout.

Whirr!

Red Flame Copper flew into the air, entering the Thunder Fire Light Group.

Yang Luo continued to activate the power of lightning and fire, burning and forging Red Flame Copper...

Days passed by.

Until the dawn of the fifth day.

The morning sun rose, sunlight pouring through layers of clouds, cascading into the valley.

Clang clang clang!...

Boom boom boom!...

The valley echoed with intense sound of metal clashing and thunderous rumbling.

Only to see, a giant Thunder Fire Light Group hovered in the air before Yang Luo.

The Immortal Suppression Pagoda was situated at the center, its body cracks five-sixths repaired.

After five days of burning and forging.

Green Water Gold, Red Flame Copper, Nine Heavens Cold Iron, Earth Core Mysterious Stone, and Hundred Refinement Divine Iron – five Immortal Gold Divine Iron were all integrated into the Immortal Suppression Pagoda.

Today's Immortal Suppression Pagoda, although not fully repaired yet, has rejuvenated, sparkling with brilliant immortal light.

Only the Divine Dragon Essence Blood remains!

Yang Luo swallowed, suddenly feeling nervous!

He took several deep breaths, softly shouting!

"Divine Dragon Essence Blood!"

Whirr!

The small porcelain bottle placed beside immediately flew into the air above the Thunder Fire Light Group!

"Integrate!"

Accompanied by Yang Luo's loud shout.

Bang!

The porcelain bottle burst open instantly!

The crimson blood, sparkling with colorful immortal light, splashed down, falling into the Thunder Fire Light Group!

Drop by drop of Divine Dragon Essence Blood spilled onto the Immortal Suppression Pagoda's body, being absorbed slowly!

Hardly an hour passed!

Divine Dragon Essence Blood had been completely absorbed by the Immortal Suppression Pagoda!

The last few cracks on the Immortal Suppression Pagoda's body were fully repaired!

At the moment the Immortal Suppression Pagoda was fully repaired!

Rumble!

Centered on the Immortal Suppression Pagoda, the whole valley, and even the surrounding mountains began to shake violently, as if triggered by a super earthquake!

At this moment.

On the ten tall mountains surrounding the valley.

“What happened?!”

“Why did the commotion suddenly increase?!”

“Could it be Brother Yang has repaired the Immortal Suppression Pagoda?!”

Bujie and the others all stood up, simultaneously looking towards the valley shrouded in fog.

In an instant!

Boom!

A purple-golden beam of light shot skyward from the valley, piercing through the clouds at the valley entrance, directly reaching Cloud Sea!

“What the hell!”

Bujie exclaimed in shock, “What’s happening?!”

“Let’s go, have a look!”

Xu Ying shouted loudly and then dashed over.

Bujie and the others rushed over as well.

Upon reaching the edge of the mountain top.

Bujie and the others looked down together.

Only to see a giant Thunder Fire Light Group floating in the air before Yang Luo.

They could vaguely see a small purple-golden tower suspended in the Thunder Fire Light Group.

As for the purple-golden beam of light, it shot forth from the small tower.

Mo Qingkuang exclaimed, “The Immortal Suppression Pagoda must have been repaired and has stepped into the category of Immortal Magical Artifact, reaching Basic Level Immortal!”

Lin Wenxuan exclaimed, “To think the Immortal Suppression Pagoda once only counted as a top-grade magical artifact, not reaching immortal level at all!

Unexpectedly, upon repair this time, it directly improved to immortal level!"

Just as the words fell!

Boom!

The Immortal Suppression Pagoda within the Thunder Fire Light Group shot forth another purple-golden beam of light, dispersing a large Cloud Sea above the Cangqiong!

"Immortal Suppression Pagoda has been elevated to Intermediate Immortal level!"

Ji Longyue couldn't help but exclaim.

Baili Wushuang said, "And... the Immortal Suppression Pagoda seems to still be rising!"

Chapter 2697: Chapter 2697: Reborn anew!

Baili Wushuang hadn't finished speaking!

Boom!

The Immortal Suppression Pagoda enveloped in the Thunder Fire Light Group shot up a third purple-gold beam of light!

"Oh my god, the Immortal Suppression Pagoda has already been elevated to high-level Immortal Item!"

Tantai Puti exclaimed, her beautiful eyes wide open.

Moreover, the Immortal Suppression Pagoda enveloped in the Thunder Fire Light Group showed no sign of stopping, erupting with torrents of mountain-crushing and sea-devouring energy!

The Thunder Fire Light Group surged and expanded violently as if it could explode at any moment!

Rumble!

The surrounding mountains trembled even more intensely!

Besides the ten mountains surrounding the valley, even the distant mountains trembled violently!

Yi Yuheng exclaimed in horror, "From the current situation, the Immortal Suppression Pagoda seems to want to ascend further!"

"Oh my goodness!"

Bujie's mouth twitched, "To what level is the Immortal Suppression Pagoda going to ascend?!"

Ning Jianfeng murmured blankly, "Is the potential of the Immortal Suppression Pagoda really this immense?!"

It's already impressive to elevate from top-grade magical artifacts to Immortal Item, and now it's ascending further?!"

Doesn't that mean the Immortal Suppression Pagoda will awaken an Artifact Spirit, entering the Spiritual Grade Magical Artifact category in one fell swoop?!"

Xiang Kunlun sighed, "Perhaps it's because the Immortal Suppression Pagoda has accompanied Brother Yang for so long, following Yang Luo in battles and defeating numerous powerful enemies!"

Though later on, the Immortal Suppression Pagoda got damaged and didn't go to battle anymore, it still kept accompanying Brother Yang!

Perhaps precisely because of this, the Immortal Suppression Pagoda possesses such great potential, just like Brother Yang!"

"Brother Xiang makes a valid point."

Xia Chaoyang took over the conversation, saying, "Generally, whether weapons or artifacts are, they are closely linked to their master's fate.

The master's peak state can also transmit to their weapons and artifacts.

Therefore, the greater the master's potential, the greater the potential of the weapons and artifacts.

Moreover, when the connection between weapons and artifacts with their master deepens, there may be a chance to awaken an Artifact Spirit."

Bujie and Ning Jianfeng nodded understandingly.

"Brother Xia, if weapons and artifacts can't awaken an Artifact Spirit themselves, is there any way to make them possess an Artifact Spirit?"

Qin Zhanhuang asked.

Xia Chaoyang replied, "There is another way, which is to implant a human or beast's soul into the weapons and artifacts.

In this way, weapons and artifacts would have an Artifact Spirit.

However, this type of Artifact Spirit is called Acquired Artifact Spirit, which is far inferior to the Artifact Spirit awakened by the weapons and artifacts themselves.

Unfortunately, this method is too cruel, and most people won't choose to do so.

After all, once the soul of a human and beast is implanted into weapons and artifacts.

That equates to being forever trapped within them, never able to escape."

Qin Zhanhuang shook his head, "Indeed, this method is cruel; it's better for weapons and artifacts to awaken their own Artifact Spirit."

Bujie and others nodded.

Clearly, none of them would do such a thing.

At that moment!

Boom!

The Immortal Suppression Pagoda shot up a fourth purple-gold beam of light!

Moreover, the energy contained in this beam was even more vast and magnificent, far beyond what Immortal Magical Artifacts could compare!

Wu Qiansheng exclaimed, "Spiritual grade...Yang brother's pagoda has indeed awakened an Artifact Spirit, entering the Spiritual Grade category!"

"That's right!"

Lu Yunqi nodded, "Though it's only Basic Spirit Grade, it's undeniably a true Spiritual Grade Magical Artifact!"

Bujie stared at the Immortal Suppression Pagoda within the Thunder Fire Light Group, shouting, "What's going on, the Immortal Suppression Pagoda has already entered the Spiritual Grade Magical Artifact category, why does it seem like it hasn't stopped yet?!"

Big White, sitting on Xu Ying's shoulder, said, "Could it be that the Immortal Suppression Pagoda can ascend further?!"

Just when everyone found it unbelievable!

Boom!

The fifth massive purple-gold beam of light shot up from the Immortal Suppression Pagoda!

Shortly followed by...

Rumble!

The Thunder Fire Light Group surrounding the Immortal Suppression Pagoda shattered and exploded, turning into waves of thunder fire, sweeping in all directions!

Only when the light and energy completely dissipated!

Bujie and others looked down.

They saw a nine-story pagoda suspended in front of Yang Luo, like a newborn!

The pagoda was seemingly forged from Immortal Gold Divine Iron, its body engraved with dragon patterns and mysterious runes!

In the sunlight, it shone with dazzling purple-gold immortal light, illuminating the entire valley, and brightened the heaven and earth!

Buzz!

As the Immortal Suppression Pagoda trembled intensely!

Torrents of frightening pressure and aura spread out from the pagoda, sweeping across heaven and earth!

Startled by this, the birds and beasts that gathered to watch fled in panic!

Even Bujie and others felt a hint of fear!

"Immortal Suppression Pagoda!"

Mo Qingkuang stared tightly at the Immortal Suppression Pagoda, saying, "It is indeed the Immortal Suppression Pagoda; though it is somewhat similar to its past self, it now bears sentience!"

Ji Longyue praised, "The present Immortal Suppression Pagoda has become an Intermediate Spiritual Grade Magical Artifact, destined to shine brilliantly in the future!"

Yang Luo stood up, looking at the Immortal Suppression Pagoda, filled with excitement!

"Master!"

At that moment, the Immortal Suppression Pagoda suddenly emitted a youthful voice.

Yang Luo paused, thinking he was hearing things!

He asked in amazement, "Immortal Suppression Pagoda, is it you speaking?"

"Master, it's me!"

The Immortal Suppression Pagoda replied and continued, "Master, thank you for repairing me and giving me a new life!"

Yang Luo then confirmed it was the Immortal Suppression Pagoda speaking to him.

He realized the Immortal Suppression Pagoda had indeed awakened an Artifact Spirit and could even speak.

He took a deep breath and said, "Immortal Suppression Pagoda, you once battled alongside me in the mortal realm and got damaged protecting me, I must restore you!"

From now on, you don't need to call me master, we can be brothers, conquering the world together in the future!"

"Yes, Brother Yang!"

The Immortal Suppression Pagoda replied happily, then started circling Yang Luo.

"Holy moly!"

Bujie was dumbstruck, "Did I hear wrong, a magical artifact actually spoke?!"

Ning Jianfeng rolled his eyes, saying, "Are you dumb? The Immortal Suppression Pagoda has awakened an Artifact Spirit, of course it can speak!"

Xu Ying said, "Come on, let's go down and take a look!"

With that, Xu Ying and others leaped down, flying to the valley floor.

Mo Qingkuang laughed and said, "Brother Yang, congratulations on repairing the Immortal Suppression Pagoda and awakening its Artifact Spirit, elevating it to Intermediate Spirit Grade!"

"Congratulations, congrats!"

Everyone joined in with their congratulations.

Bujie looked at the Immortal Suppression Pagoda, grinning, and asked, "Immortal Suppression Pagoda, do you know me?"

The Immortal Suppression Pagoda replied, "Yes, stinky monk, I certainly know you!"

"Hey!"

Bujie was instantly displeased, "What do you mean stinky monk, call me Lord Buddha!"

The Immortal Suppression Pagoda laughed, "You're just a stinky monk, a bald man!"

"Darn it! A magical artifact dares to mock me, I'll dismantle you now!"

Bujie whirled his Heavenly Dragon Zen Staff, charging forward.

"Haha, stinky monk, can you catch me?"

The Immortal Suppression Pagoda laughed gleefully, flying around the valley.

Bujie chased after it,

while the Immortal Suppression Pagoda occasionally tapped Bujie's bald head, making him cry out in pain.

Chapter 2698: Chapter 2698: Multiple Artifact Refining!

Watching a person and a pagoda chasing each other in the valley.

Ning Jianfeng and the others had peculiar expressions on their faces, finding it quite amusing.

Yang Luo laughed and said, "Bujie, Immortal Suppression Pagoda, stop messing around, hurry over here!"

Bujie and the Immortal Suppression Pagoda then flew over.

The Immortal Suppression Pagoda hovered above Yang Luo's head, buzzing.

Bujie, holding the Heavenly Dragon Zen Staff, stared intently at the Immortal Suppression Pagoda, threatening, "Just you wait, one day I'll take you apart!"

The Immortal Suppression Pagoda smugly said, "Stupid monk, save your breath. With your current self, you're no match for me!"

"Damn it..."

Bujie was instantly inflamed, feeling humiliated for being looked down upon by a Dharma artifact.

Wu Qiansheng added fuel to the fire, "Brother Bujie, you really can't beat the Immortal Suppression Pagoda.

The Immortal Suppression Pagoda is now a Spirit Grade Magical Artifact, and even a typical Heavenly Immortal isn't its match."

"Brother Wu, you're looking down on me too..."

Bujie was about to cry.

Wu Qiansheng replied earnestly, "No, I'm just stating facts."

Yang Luo asked the Immortal Suppression Pagoda, "Immortal Suppression Pagoda, you've just awakened your Artifact Spirit. How do you know Bujie?

Also, do you know Xu Ying and the others?"

The Immortal Suppression Pagoda replied, "Brother Yang, actually, I awakened my Artifact Spirit a long time ago, but due to severe damage, I quickly fell asleep and only fully awakened today.

Therefore, aside from these four, I know everyone else present."

Saying this, it pointed its spire at Wu Qiansheng, Lu Yunqi, Xia Chaoyang, and Xia Ziyang.

"I see."

Yang Luo nodded in realization, evidently not expecting that the Immortal Suppression Pagoda's Artifact Spirit had awakened long ago but couldn't wake up due to severe damage.

Then, he introduced Wu Qiansheng and the other three to the Immortal Suppression Pagoda.

"Hello, Immortal Suppression Pagoda!"

Wu Qiansheng and the others cupped their hands toward the Immortal Suppression Pagoda.

After chatting for a while.

Yang Luo said to the Immortal Suppression Pagoda, "Immortal Suppression Pagoda, go back to the storage ring first."

"Alright!"

The Immortal Suppression Pagoda responded, then transformed into a purple-gold stream of light and flew into the storage ring.

Afterward, Yang Luo said, "Brothers, now that I've repaired the Immortal Suppression Pagoda, I plan to repair the Sunset Divine Bow and the Sun-shooting Divine Arrow next.

Even if I can't fully repair them, I want to restore at least part of them.

However, it might take some time.

So, in the meantime, you all can continue cultivating."

"Alright!"

Bujie and the others nodded.

Then, Bujie and the others soared into the sky, sitting cross-legged on the ten mountains surrounding them, continuing to cultivate.

Yang Luo swallowed several pills and sat down, recovering his qi.

After spending half a day, Yang Luo's essence, qi, and spirit returned to peak state.

"Phew..."

He exhaled turbid air softly, stood up, and followed the method taught by Long Jiu'er, setting up a Nine-layered Refining Array in the valley.

After arranging the array formation.

He sat outside the array and took out the Sunset Divine Bow and the ten broken Sun-shooting Divine Arrows.

And he took out all eleven rare materials given to him by Yi Jiuxiao.

With everything ready.

Yang Luo waved his right hand.

The battered Sunset Divine Bow flew into the sky, suspended over the center of the array in front of Yang Luo.

Looking at the Sunset Divine Bow, Yang Luo solemnly said, "Sunset Divine Bow, although I can't fully repair you this time, at least I can restore part of you!"

But no worries, once I gather all the materials in the future, I'll completely repair you!"

Buzzing!

The Sunset Divine Bow trembled slightly, seemingly responding to Yang Luo.

Yang Luo smiled faintly and said, "Let's begin!"

Saying this, he raised both arms, his palms facing the Sunset Divine Bow, continuously mobilizing the power of lightning and fire within him, releasing it.

Whoosh!

Rumble!

Golden-red flames and nine-colored lightning bolts surged once more, forming a Thunder Fire Light Group, enveloping the Sunset Divine Bow.

Clang, clang, clang!...

Boom, boom, boom!...

Flames and lightning started roasting and forging the Sunset Divine Bow, producing clanging sounds and rumbling thunder.

After roasting and forging for two hours.

Yang Luo, with a thought.

A material called "Xuanjin Divine Iron" flew into the sky, emitting black-gold immortal light as it entered the Thunder Fire Light Group.

Yang Luo continued increasing the power of fire and lightning, starting to roast and forge the Xuanjin Divine Iron.

Of course, merely mobilizing the power of lightning and fire couldn't repair a Quasi-Emperor Grade Magical Artifact like the Sunset Divine Bow.

Therefore, Yang Luo also mobilized the power of the six attributes within him: metal, wood, water, earth, wind, and ice, releasing it through his palms, imparting it to the Thunder Fire Light Group.

At this moment.

The Thunder Fire Light Group in front transformed into a massive energy light group, several meters wide, containing eight types of attribute energies, sparkling with colorful splendor.

Various energies surged within the energy light group, continuously forging the Sunset Divine Bow and Xuanjin Divine Iron.

After forging for a while.

Yang Luo activated the Nine-layered Refining Array.

The Nine-layered Refining Array glowed with nine-colored light, ancient formation patterns, and runes flickering, profound beyond comprehension.

As the Nine-layered Refining Array activated.

Rustle!

The abundant spiritual energy contained in heaven and earth surged from all directions!

Besides spiritual qi, the Yin Yang Five Elements Power contained in heaven and earth also surged over!

Torrential, vast spiritual qi and various energies gathered like waves from all directions, forming a colossal funnel in the sky, truly magnificent!

This colossal funnel connected the heavens and the energy light group below in the valley!

Surging spiritual qi and Yin Yang Five Elements Power poured continuously into the energy light group through the funnel!

If other artificers saw this scene, they would likely be astonished!

After all, the multi-faceted Artifact Refining methods Yang Luo displayed now were even more powerful and wondrous than those exhibited in the Artifact Refining Competition a few days ago!

Yang Luo maintained extreme concentration, without any distractions, continuously forging and smelting the Sunset Divine Bow and Xuanjin Divine Iron!

Until nighttime.

The Xuanjin Divine Iron finally melted, transforming into black-gold liquid, merging drop by drop into the Sunset Divine Bow.

The Sunset Divine Bow initially resisted but gradually accepted it.

As the liquid merged drop by drop, the fractures in the Sunset Divine Bow began to slowly mend.

However, due to the severe damage to the Sunset Divine Bow.

Even with complete integration of the Xuanjin Divine Iron, only a small fraction of the fractures were repaired.

Yang Luo was already aware of this outcome.

After all, Long Jiu'er had already told him that with his current cultivation and Artifact Refining level, fully repairing the Sunset Divine Bow in a short time was as hard as reaching the sky.

Nevertheless, Yang Luo didn't lose heart, instead, he moved with resolve, shouting aloud!

"Phoenix Blood Divine Stone!"

A palm-sized stone flew into the sky.

This stone glowed with a bright red light, translucent like a blood-red gemstone, carved with phoenix patterns, burning with crimson flames.

"Let's continue!"

Yang Luo shouted, his eyes resolute, continuing to forge and repair the Sunset Divine Bow...

Chapter 2699: Chapter 2699: Chaos in Xuanzhou!

Time flies.

In the blink of an eye, another ten days have passed.

During these ten days, Yang Luo remained in the center of the valley within the Xianxia Mountain range, repairing the Sunset Divine Bow and the Sun-shooting Divine Arrows.

Bujie and the others were sitting cross-legged on the surrounding mountains, cultivating.

Although Yang Luo and the others did not pay attention to external affairs, the outside world was already in an uproar.

The artifact refining contest held fifteen days ago had already spread throughout the Heavenly State, Earth State, Xuanzhou, and Huangzhou.

If it were just an artifact refining contest, it wouldn't have attracted the attention of the major forces in the Four Small States.

After all, the Four Small States held artifact refining contests every few years, which was not uncommon.

However, when news spread that the first place in this contest was claimed by an unknown independent cultivator from Huangzhou, the major forces in the Four Small States were astonished!

"Fellow Daoists, the artifact refining contest held half a month ago in the Da Yi Immortal Country in Xuanzhou has finally concluded!

And this time, the first place was claimed by a young man!"

"I am already aware of this. They say this young man comes from Huangzhou, and he's an independent cultivator named Yang Luo!"

"Who is this young man, possessing such high artifact refining skills to defeat nine masters, including the Heavenly Dao Immortal Master and the Lingbao Immortal Monarch?"

"Investigations into this young man's background have yielded nothing. He appeared as if out of thin air!"

"Moreover, it's said that before coming to this contest, he was already somewhat famous in Huangzhou, having defeated the five great prides among the younger generation there!"

"My heavens, could this young man be a prodigious disciple from the top forces of the Five Continents, here in the Four Small States for experience?"

"It's quite possible. This young man possesses immense power and artifact refining skills at such a young age, not an ordinary person at all!"

"Of course, it's also possible that a new heavenly pride has emerged!"

The major forces in the Four Small States and independent cultivators were discussing the affair from half a month ago in the Da Yi Immortal Country concerning the artifact refining masters.

Many forces are investigating Yang Luo's background.

Some even consider that if Yang Luo is truly just an independent cultivator, they will spare no efforts to recruit him.

In summary, the appearance of Yang Luo has stirred quite a commotion in the Four Small States.

Huangzhou.

Territory of the Five Elements Immortal Sect.

Main hall on the main peak.

"Ridiculous! This brat is just an independent cultivator without any background or support, definitely not a prodigious disciple from the top forces of the Five Continents!"

Li Weizhao cursed loudly.

Chen Yingnan frowned and said: "Wasn't this brat in Huangzhou before? How did he suddenly end up in Xuanzhou?"

Moreover, he participated in the artifact refining contest organized by Da Yi Immortal Country and took first place?!"

Huang Shiyu squinted, saying: "This brat is truly extraordinary; not only does he excel in cultivation talent, but his artifact refining skills are also so advanced!"

Guan Shanyue sighed: "Why can't we Five Elements Immortal Sect produce such outstanding disciples?"

Everyone else shook their heads in lamentation, envying, and resenting Yang Luo.

After all, the Five Elements Immortal Sect is currently going through a dry spell without talented disciples to show.

"Hmph!"

Li Weizhao snorted contemptuously, saying: "The more this brat jumps around now, the more miserable he will die later!"

Cultivation genius, huh? Artifact refining master, huh?

Just wait until I tear you to pieces!"

Yu Lei Immortal Sect.

Main hall on the main peak.

"Hahaha..."

Lei Dongtian laughed heartily, "I told you Little Friend Yang isn't an ordinary person!

In just such a short time, his fame has spread throughout the Four Small States!"

Chi Yanzhou stroked his beard and sighed: "Before, we only knew Little Friend Yang had exceptional cultivation talent, was outstanding in know medicine, and had high alchemy skills!

Yet, we didn't expect his artifact refining skills were also so high, claiming first place in the contest!

Even prodigious disciples from top forces of the Five Continents might not compare to Little Friend Yang!"

Gu Yunsong sighed deeply and said: "It's a pity Little Friend Yang doesn't want to join our Yu Lei Immortal Sect; otherwise, our future could be bright!"

Lei Dongtian waved it off, saying: "No need to feel regret. Now, we and Little Friend Yang are friends!

Little Friend Yang is generous and righteous. If we ask for his help in the future, he will surely assist!"

Lei Ming smiled and said: "Meeting such a heavenly pride as Little Friend Yang is our greatest honor!

We hope Little Friend Yang will continue to forge ahead, echoing fame throughout the entire Jiuzhou Immortal Domain!"

"Indeed!"

Lei Dongtian and the others nodded solemnly.

Wanlong Ridge.

Back mountain area.

"Great, great, great!"

Ao Zhengrong said 'great' three times, laughing heartily, "Young Master Yang has claimed first place in the artifact refining contest, shaking the Four Small States, unmatched in prestige!"

Ao Yuchuan laughed and said: "The future of Little Friend Yang is limitless; wherever he goes, his brilliance cannot be concealed!"

"We hope Little Friend Yang will go further, forging a path of his own!"

"Perhaps, in the future, his fame will resonate throughout the Jiuzhou Immortal Domain and the myriad worlds, standing alongside the Yang Immortal Emperor of the past!"

"I believe Little Friend Yang can accomplish it!"

The other elders and Law Enforcer expressed their sentiments, their eyes filled with anticipation.

Indeed, during these half months.

Besides the affair of the artifact refining contest stirring the Four Small States.

The war between the Southern Barbarian Demon Country and Da Yi Immortal Country also stirred the Four Small States.

"My goodness, how many major events are happening in Xuanzhou lately; first the artifact refining contest ended, now the Da Yi Immortal Country is at war with the Southern Barbarian Demon Country!"

"Da Yi Immortal Country and Southern Barbarian Demon Country are neighbors, and have fought for hundreds of years, a hereditary feud!"

"Now the Southern Barbarian Demon Country has invaded Da Yi Immortal Country, a great war has erupted in one hundred thirty-eight cities of Da Yi Immortal Country, with endless battles, countless deaths and injuries!"

"Interestingly, the Southern Barbarian Demon Country's overall strength should be weaker than Da Yi Immortal Country, yet how come they suppressed Da Yi Immortal Country this time?"

"It's rumored someone helped the Southern Barbarian Demon Country, but no one knows who it might be!"

"It's uncertain whether Da Yi Immortal Country will overcome this crisis and defeat the Southern Barbarian Demon Country!"

The major forces in the Four Small States were discussing the war between Da Yi Immortal Country and the Southern Barbarian Demon Country.

To avoid being affected by the war, many cultivators and ordinary people fled from Xuanzhou.

...

A morning half a month later.

Xuanzhou.

Within the borders of Da Yi Immortal Country.

Outside the Imperial City.

Territory of the Xianxia Mountain range.

Bujie and the others were sitting cross-legged on ten great mountains, cultivating.

Through this period of cultivation, everyone's cultivation is close to breaking through.

Meanwhile, in the valley where the ten great mountains stand.

The clashing sound of Immortal Gold and Divine Iron, and rumbling sounds of thunder echoed ceaselessly.

There, a huge ball of energy shimmering with various lights, containing eight types of attribute energies, hovered in front of and above Yang Luo.

A funnel formed by the spiritual qi of heaven and earth and the Yin Yang Five Elements Power connected the sky with this huge ball of energy, continuously transferring spiritual energy and the power of the five elements into it.

After ten days and nights of repairs.

Now, the Sunset Divine Bow has been repaired by Yang Luo by one-third, its bowstring already reattached.

Among them, two Sunset Divine Arrows, the "Broken Cloud Arrow" and "Sky Splitting Arrow," have also been repaired by one-third.

Chapter 2700: Chapter 2700: What happened?

Although the Sunset Divine Bow, Broken Cloud Arrow, and Sky Splitting Arrow are not fully repaired, they are at least usable, albeit without reaching their maximum power.

Therefore, the Sun-shooting Divine Arrows are a collective name for ten arrows.

Each arrow has a name.

They are: Broken Cloud, Sky Splitting, Red Spirit, Chui Feng, Netherworld Flame, Hunyuan, Bengtian, Cold Shadow, Feiyu, and God Slaying.

At this moment.

Yang Luo is repairing the third Sun-shooting Divine Arrow—the Red Spirit Arrow!

The Red Spirit Arrow is enveloped in a huge ball of energy above, being tempered by multiple layers of energy, producing a clashing sound!

Yang Luo closely watches the Red Spirit Arrow within the energy ball, continuously channeling energy from within him into the energy ball!

Now, the rare materials given to him by Yi Jiuxiao have only two pieces left!

These two materials are Dragon Pattern Black Gold and Purple Gold Divine Jade!

It's crucial to use the remaining two materials to repair a portion of the Red Spirit Arrow!

Time slowly passes.

Unconsciously, an hour has passed.

Yang Luo's mind moves, shouting out loud!

"Dragon Pattern Black Gold!"

Whizz!

A piece of Immortal Gold, shimmering with black and golden light and inscribed with dragon patterns, flew up into the air, entering the energy ball!

The moment Dragon Pattern Black Gold entered the energy ball!

Yang Luo continues to frantically mobilize the energy within him, pouring it into the energy ball, beginning to temper the Dragon Pattern Black Gold!

The spiritual energy of Heaven and Earth and the power of the Five Elements are also absorbed by the Nine-layered Refining Array, channeling into the energy ball!

Besides this, Yang Luo's mind moves!

The Ten Thousand Dragon Cauldron, Chaos Bell, Primordial Dragon Stele, Holy Dragon Ancient Mirror, and Dragon Soul Tao Seal all flew out from his storage ring, surrounding the energy ball!

Buzz! Buzz! Buzz!

The five Dharma artifacts gently vibrate, spreading waves of energy, pouring into the energy ball, assisting Yang Luo in repairing the Red Spirit Arrow!

This was also Long Jiu'er's suggestion, advising him to use the five Dharma artifacts to aid in the repair, which would yield better results!

After all, the five Dharma artifacts like the Ten Thousand Dragon Cauldron are genuine Emperor-grade Magical Artifacts, only heavily damaged now, causing the Artifact Spirits to slumber, unable to unleash their true power!

Yet, even so, these five Dharma artifacts still contain powerful energy, capable of assisting in repairing other weapons and Dharma artifacts!

Sure enough!

With the aid of the five Dharma artifacts, the efficiency indeed improved greatly!

Yang Luo's heart stirred!

Now that the Immortal Suppression Pagoda has also been upgraded to a Spirit Grade Magical Artifact, could it also assist in repairing other weapons and Dharma artifacts?

With this thought!

Yang Luo called out: "Immortal Suppression Pagoda!"

Whoosh!

Accompanied by a purple-golden beam of light, the palm-sized Immortal Suppression Pagoda flew out directly!

"Brother Yang, what's happening, is there a battle?"

As soon as the Immortal Suppression Pagoda appeared, it excitedly asked.

Yang Luo, between laughter and tears, said: "Immortal Suppression Pagoda, do you love fighting so much?"

The Immortal Suppression Pagoda laughed and said: "Brother Yang, I have been silent for so long, now that I have finally been reborn, I naturally want to let the world know my power!"

Yang Luo shook his head with a smile and said: "Immortal Suppression Pagoda, there will be plenty of opportunities to fight in the future!"

For now, I would like to ask for your help to repair this arrow!”

The Immortal Suppression Pagoda turned its body, fixing its gaze on the Red Spirit Arrow within the energy ball, exclaiming: “Not simple, this arrow is actually also a Spirit Grade Magical Artifact!”

Yang Luo introduced: “Immortal Suppression Pagoda, this arrow is a Sun-shooting Divine Arrow, not an ordinary Spirit Grade Magical Artifact, but a Quasi-Emperor Grade Magical Artifact!”

“What?! Quasi-Emperor Grade?!”

The Immortal Suppression Pagoda cried out in surprise and then said: “Even if it is a Quasi-Emperor Grade Magical Artifact, it is so heavily damaged now it cannot compare to me!”

“Yes, yes, you are the best!”

Yang Luo nodded and said: “So, can you help?”

“Since Brother Yang has asked, I naturally will help!”

The Immortal Suppression Pagoda replied and then vibrated its body.

Accompanied by a humming, persistent tremor.

Nine beams of purple-golden light containing surging energy shot out from the nine levels of the tower, entering the energy ball!

With the Immortal Suppression Pagoda’s help, efficiency improved once more!

Unconsciously, two hours passed.

The Dragon Pattern Black Gold finally melted into a mass of black-golden liquid.

“Great!”

Yang Luo nodded with satisfaction, shouting out loudly!

“Merge!”

As seen, the Dragon Pattern Black Gold began to merge into the Red Spirit Arrow little by little, repairing the cracks of the Red Spirit Arrow!

A full hour passed once again.

The liquid formed by the melted Dragon Pattern Black Gold completely merged into the Red Spirit Arrow!

The Red Spirit Arrow also had a portion repaired!

Yang Luo let out a sigh of relief!

Everything is going smoothly now!

Only the last material is left!

Continue!

“Purple Gold Divine Jade!”

Yang Luo’s mind moved, and he shouted loudly.

A Purple Gold Divine Jade, shimmering with a purple-golden glow, formed by the fusion of Divine Gold and jade, flew into the air, then into the energy ball!

Yang Luo then continued to forge and temper the Purple Gold Divine Jade!

But at this moment!

Yang Luo suddenly felt a powerful aura and pressure coming from the direction of the Imperial City far away!

Moreover, the sounds of slaughter also reached here!

Not only did Yang Luo feel it!

Even Wu Qiansheng, Lu Yunqi, and others sensed it!

“What sound?!”

“Such powerful pressure and aura, seems to be coming from the direction of the Imperial City!”

“It’s coming from the Imperial City, did something happen there?!”

Even people like Wu Qiansheng were alarmed, stood up, and looked towards the direction of the Imperial City.

Though the distance is vast, they could vaguely see rays of light flickering in the sky, and waves of energy surging!

“What the heck!”

Bujie’s face changed and said: “There’s a fight over at the Imperial City, isn’t there?!”

Xu Ying said solemnly: “Moreover, it’s not just a few people fighting, the number is countless!”

“Did a great battle occur in the Imperial City?!”

Ning Jianfeng asked in shock.

“It seems so!”

Xia Chaoyang nodded while looking in the direction of the Imperial City.

At this moment.

In the valley, Yang Luo called out: “Brothers, go to the Imperial City to see what happened!

Once I repair the Red Spirit Arrow, I’ll immediately join you!”

“Okay!”

“Brothers, let’s go!”

Bujie and the others responded, then shot up into the sky, turning into streaks of light, swiftly flying towards the Imperial City.

After sensing the departure of Bujie and the others.

Yang Luo frowned.

What exactly happened in the Imperial City, why are there so many auras, and even the sounds of slaughter are reaching here?

He must quickly repair the Red Spirit Arrow and then head to the Imperial City to take a look!

With this thought.

Yang Luo steadied his mind and continued repairing the Red Spirit Arrow...

After Bujie and the others left the Xianxia Mountain, they picked up speed, flying at full speed, and finally reached the Imperial City.

Looking out.

It is clear that the entire City Protection Array of the Imperial City has been activated, a light shield flashing with various colors enveloping the entire Imperial City.

And at this moment, the entire Imperial City is in utter chaos, with screams and shouts echoing endlessly.

Additionally, numerous elders flew out of the Imperial City like streaks of light, heading towards the distance.
