### **#Chapter 2751: 2751: Unafraid of Battle! - Read Super Insane Doctor of the Goddess Chapter 2751: 2751: Unafraid of Battle!**

#### **Chapter 2751: Chapter 2751: Unafraid of Battle!**

Cao Yunhan also smiled and said, "Moreover, Little Friend Yang, you are still so young now, the future holds great potential for you!

Perhaps it won't be long before you can surpass us old folks!"

Yang Luo said with determination, "I will work even harder and strive to become stronger!"

"Good lad, you have ambition!"

Cao Yunhan laughed heartily, looking at Yang Luo with increasing appreciation.

Yi Jiuxiao said, "Everyone, I know there is a deserted island nearby, why don't we go to the island and have a chat?"

"Good!"

"Then let's go to the island for a chat!"

Everyone nodded in agreement.

Then, Yang Luo and his party left this place, flying thousands of miles eastward, and arrived at the deserted island that Yi Jiuxiao mentioned.

Looking out.

A few miles away.

Under the moonlight, a small island sat in the sea, like a pearl on the ocean.

On the island, mountains undulated, jungles were dense, rivers flowed, and the scenery was picturesque.

Although there was no human activity on the island, many birds and beasts lived there.

Yang Luo and his party flew over and landed on a mountain.

Yi Jiuxiao waved his large sleeve.

A large wooden table and woven mats flew from his sleeve, landing steadily on the mountaintop.

Yi Jiuxiao raised his hand and said, "Everyone, please sit!"

After sitting down.

Xu Tingshen smiled and said, "The stars and moon fill the sky tonight, such beautiful scenery, how can we go without wine?"

Saying this, he waved his large sleeve.

Several wine jugs and jade cups flew from his sleeve and landed on the table.

"Haha, Elder Xiu is really thoughtful!"

Bujie laughed cheerfully, picked up a jug, poured himself a cup of wine, then raised his head and drank it all.

"Ha..."

He exhaled a breath of wine vapor, "Good wine!"

Xu Tingshen asked in surprise, "Isn't this little brother a monk? Can he drink?"

Jiang Lanyue and the others also curiously looked at Bujie.

Yang Luo shrugged and said, "Seniors, don't mind him, he drinks, eats meat, kills, and sets fires, missing none!"

Bujie patted his chest and said with a smile, "Brother Yang is right, the Buddhist ultimate techniques have eight abstinences, I observe none, hence my Dharma name is 'Bujie'!"

Xu Tingshen was first taken aback, then laughed heartily, "Bujie Little Friend, you are indeed sincere, unlike some in the Buddhist ultimate techniques who are so pedantic!"

"Elder Xiu understands me!"

Bujie raised an eyebrow at Xu Tingshen.

Ning Jianfeng quickly poured everyone a drink, "Seniors and brothers, let's have a drink first, and then talk after we're done!"

"Good!"

“Drink, drink!”

“Cheers!”

Yang Luo and the others raised their cups, toasted, and drained the wine from their cups.

After one drink.

Yang Luo said apologetically, “Seniors, I’m truly sorry, this time we have implicated you all.

In this battle, we killed Huang Yuchen and others, I’m afraid it won’t be long before the Great Desolate Immortal Country, Great Mang Immortal Country, and Heavenly Netherworld Immortal Sect will know about this!

At that time, I’m afraid these three forces will come after you, seniors!”

Mo Qingkuang said gravely, “We didn’t intend to cause trouble, but trouble always finds us!

If we didn’t kill Huang Yuchen and them, they would have killed us!”

Bujie took another sip of wine and said, “Those guys were destined to be killed!

If they dare to cause us trouble, we might as well fight them!”

Yi Jiuxiao said in a serious tone, “Little Luo, you don’t need to apologize, you are the most precious friend of our Da Yi Immortal Country!

Now that someone wants to kill you, we will not stand by and do nothing!”

Yi Pingsheng also said, “Little Luo, don’t worry, even if the Great Desolate Immortal Country, Great Mang Immortal Country, and Heavenly Netherworld Immortal Sect really cause us trouble, we won’t fear a battle!”

“Brother Yang, rest assured, with my Da Wu Immortal Country here, they won’t dare stir up any trouble!”

“My Da Xia Immortal Country won’t spare them either!”

“My Taixuan Sacred Land is not afraid of a battle!”

Wu Qiansheng, Xia Chaoyang, and Lu Yunqi all shouted.

This time they were truly enraged.

Huang Yuchen, Mang Tianci, and Nangong Yao dared to ignore the three major forces and bring people to kill them, they naturally wouldn't let it go.

As long as they inform the Da Wu Immortal Country, Da Xia Immortal Country, and Taixuan Sacred Land about this, their fathers and elders will surely be enraged.

Xu Tingshen also spoke up, "Little Friend Yang, if the Great Desolate Immortal Country, Great Mang Immortal Country, and Heavenly Netherworld Immortal Sect dare to cause you trouble, our Reincarnation Sacred Land will not stand by and do nothing!"

Bujie laughed heartily and said, "Brother Yang, with so many people helping us, what's there to fear?"

Yang Luo felt moved, raised his cup, and said, "Seniors, thank you!

In the future, if you need help, as long as I can assist, I will do my utmost!

This cup of wine, I toast to you, seniors!"

"Seniors, we also toast to you!"

Bujie and the others also raised their cups.

"Good!"

Yi Jiuxiao and Xu Tingshen and others laughed heartily.

Everyone raised their cups, once again drained a cup of wine.

At this moment.

The King of Creation suddenly thought of something, asking, "By the way, Brother Yang, what did you go through after arriving at the Jiuzhou Immortal Domain?"

Why did Brother Bujie say you started in hell mode?"

"Since we arrived at the Jiuzhou Immortal Domain, we've been through a lot..."

Yang Luo recounted the stories of what he and his group experienced after arriving at the Jiuzhou Immortal Domain to the King of Creation and others.

Even though Yang Luo didn't mention the details, what they heard was still thrilling for the King of Creation and the others.

Until Yang Luo finished, the King of Creation, Sacred Prison King, Emperor of the Dead, Ice Empress, and Divine Light and Darkness remained in shock.

Even Xu Tingshen and the other five elders were amazed.

The King of Creation took a deep breath and said, "Brother Yang, I really didn't expect you to have gone through so much during this time!"

The Sacred Prison King sighed and said, "Compared to you, we truly are much luckier."

Afterwards, the five told about what they experienced after arriving at the Jiuzhou Immortal Domain.

After listening to the recount of the five.

Bujie rolled his eyes and said, "Well, you guys are indeed much luckier than us, joining the Reincarnation Sacred Land right after arriving at the Jiuzhou Immortal Domain!"

This whole time we've been through hell and high water, almost losing our lives several times!"

The Emperor of the Dead laughed and said, "Brother Bujie, isn't this exactly what you want? Don't you always love fighting?"

Whenever there's a fight, you act like a madman!"

Bujie grimaced and said, "I do love fighting, but I don't like being hunted all the time!"

"Hahaha..."

Hearing this, everyone burst out laughing.

The Sacred Prison King teased, "Aren't you fine, still lively and energetic!"

"Damn!"

Bujie flipped the middle finger at the Sacred Prison King.

Yang Luo asked, "By the way, brothers, do you have any information on Senior Gu and Senior Linghu?"

We've been trying to find out about them all this time but haven't heard anything!"

The King of Creation asked, "We've been trying to gather information this whole time, but haven't had any word on Senior Gu."

*Chapter 2752: Chapter 2752: Invitation!*

Yang Luo furrowed his brow and said, "Where exactly are Senior Gu and the others? Why can't they be found in the Four Minor States?"

The Ice Empress spoke up, "Little Luo, since there's no news of Senior Gu in the Four Minor States, it's likely they are in the Five Major States."

"Perhaps,"

Yang Luo sighed lightly and said, "I hope nothing has happened to Senior Gu and the others."

The King of Creation laughed and said, "Brother Yang, rest assured, Senior Gu and the others are surely thriving in the Five Major States!

As long as they're in the Jiuzhou Immortal Domain, we'll definitely reunite in the future!"

Yi Jiuxiao said, "Little Luo, we'll also deploy more personnel to help gather news for you!"

Xiu Tingshen added, "We at the Reincarnation Sacred Land will also send more people to assist!"

"Mm!"

Yang Luo nodded emphatically.

Everyone eagerly anticipated a future reunion with Gu Tianshang and Linghu Wuxie and the others.

At that moment.

Xiu Tingshen and Jiang Lanyue exchanged a glance.

Then, he looked at Yang Luo with a gentle smile and said, "Little Friend Yang, we deeply appreciate you and your comrades.

Thus, we sincerely invite you to join our Reincarnation Sacred Land.

Although our Reincarnation Sacred Land cannot compete with the top forces of the Five Major States, we do have some energy in the Four Minor States."

Jiang Lanyue chimed in, "Little Friend Yang, we're genuinely inviting you to join us, we hope you'll consider it."

Cao Yunhan, Cheng Qianfan, and Fang Yizhou all looked expectantly at Yang Luo and the others.

Yi Jiuxiao laughed heartily and said, "Esteemed elders, you are likely to be disappointed.

Previously, we also wanted to invite Little Luo and the others to join our Da Yi Immortal Country, but Little Luo and the others refused.

I'm afraid, Little Luo and the others will not join your Reincarnation Sacred Land either."

Yang Luo chuckled awkwardly and said, "Thank you for the kindness of all the elders, but my comrades and I cherish our freedom too much and don't wish to be bound.

Therefore, we're sorry, but we haven't thought about joining any force."

"This..."

Xiu Tingshen was a bit reluctant, "Little Friend Yang, are you really not reconsidering?"

"Elder Xiu, everyone has their own aspirations,"

Yi Jiuxiao said and continued, "Not long ago, after the refining competition ended, many forces from the Four Minor States wanted to recruit Little Luo, but all were refused by him."

Yang Luo apologized and said, "Elders, I'm truly sorry!"

"So be it,"

Xiu Tingshen shook his head and said, "Little Friend Yang, even if you don't wish to join our Reincarnation Sacred Land, our Reincarnation Sacred Land will still be friends with you all."

"That's only natural!"

Yang Luo nodded.

"By the way, Little Friend Yang, what are your plans next?"

Jiang Lanyue asked.

Yang Luo replied, "My comrades and I have things to attend to, planning to go to the Donghua Divine Continent."

The Emperor of the Dead hurriedly said, "Brother Yang, are you going to the Donghua Divine Continent? Take us along!"

The King of Creation, Sacred Prison King, Ice Empress, and Divine Light and Darkness all looked at Yang Luo.

Xiu Tingshen and the others immediately twitched their mouths and hands trembled.

They had finally recruited some good disciples, were they about to lose them?

Yang Luo glanced at Xiu Tingshen and the five, saying, "Brothers, Elder Xiu and the others are good people with strong abilities.

Moreover, the Reincarnation Sacred Land is one of the top forces in the Heavenly State, with vast energy and rich cultivation resources.

So, it's better for you to stay at the Reincarnation Sacred Land to enhance your cultivation and strength."

Originally, he had already made the five elders quite saddened by rejecting their invitation.

If he were to take the King of Creation and the others away, the five elders would be heartbroken.

"Ah?!"

The Emperor of the Dead said with a frustrated expression, "Brother Yang, are you abandoning us?"

Yang Luo laughed and cried, "Emperor of the Dead, how could this be abandoning you?

I just believe it would be better for you to cultivate at the Reincarnation Sacred Land than to follow us in wandering.

Besides, now that we know where you are, it'll be easier to meet."

"That's right, that's right!"

Xiu Tingshen quickly followed up, saying, "You can rest assured, we'll surely prioritize your training and teach you all of the Reincarnation Sacred Land's absolute skills!"

The King of Creation nodded, "Alright then, we'll continue staying at the Reincarnation Sacred Land."

Upon hearing the King of Creation's words, Xiu Tingshen and the five finally breathed a sigh of relief.

Until after the wine was finished.

Yi Jiuxiao said, "Little Luo, your injuries are still quite severe. How about we assist you in healing?"

Yi Pingsheng nodded, "It won't be too late to head to the Donghua Divine Continent after your injuries have healed!"

Yang Luo accepted everyone's kindness, nodding, "Thank you very much, seniors!"

After that, Yang Luo and Bujie and the others sat cross-legged.

Yi Jiuxiao and Xiu Tingshen and the others sat around to assist Yang Luo and the others in healing.

Not a word was spoken throughout the night, and morning came in a blink.

By the next morning.

Yang Luo and the others' injuries had healed.

Just as the sun rose!

Rumble, rumble...

Rumble, rumble...

A series of thunderous noises suddenly echoed from the sky above.

Yi Jiuxiao and Xiu Tingshen and the others were startled awake, each standing up to gaze upwards.

Yang Luo and Wu Qiansheng and the others were also awakened, standing up and gazing upwards.

The incessant thunder terrified the island's birds and beasts, causing them to flee in panic.

Subsequently, everyone simultaneously turned to look at Bujie, Ji Longyue, Baili Wushuang, Tantai Puti, and Yi Yuheng, still in cultivation at the mountain summit.

Only to see, Bujie and the five were radiating dazzling and brilliant light, illuminating the surroundings.

A mighty, vast pressure and aura emanated from within them.

Yi Pingsheng stroked his beard with a smile and said, "The heavens have already issued the Golden Immortal Tribulation warning!"

Looks like these little fellows are about to go through the Golden Immortal Tribulation!"

Xiu Tingshen nodded, "Last night, I felt these little fellows were close to Golden Immortal, and to think today they'd be facing the tribulation!"

Thinking of this, he was quite helpless.

If these young talents could all join their Reincarnation Sacred Land, how wonderful it'd be.

"Hmm... Why is the demonic power and demonic qi on this little fellow Bujie so intense, what's going on?"

Jiang Lanyue asked in confusion.

Yi Pingsheng also furrowed his brows, "Recently, this little fellow had balanced Buddha energy and demonic qi.

But why now does the demonic qi suppress the Buddha energy?"

Yi Jiuxiao and others were also puzzled.

"Seniors, the situation is like this..."

Yang Luo quickly recounted the adventure they had in the small world created by Wutian Demon Venerable recently.

After hearing Yang Luo's tale.

Yi Jiuxiao exclaimed in surprise, "Unexpected that you had such a fortuitous encounter!"

Xiu Tingshen squinted his eyes and said, "Little Friend Bujie really isn't simple; not only is he Buddha and Demon in One Body, but he can also obtain such a powerful inheritance!"

"Seniors, do you know the name of the senior, Wutian Demon Venerable?"

Yang Luo asked.

Yi Jiuxiao shook his head and said, "Many powerful individuals were born in the ancient era, we don't know who exactly this Wutian Demon Venerable is.

Perhaps, only by going to the Ancient Demon Sacred Land can we uncover the answer."

### **Chapter 2753: Chapter 2753: Provoking the Heavens!**

Xu Tingshen also nodded and said, "Mr. Yi is right, the Jiuzhou Immortal Domain of ancient times was even more prosperous and flourishing than it is now.

Whether it's the spiritual qi of heaven and earth, or cultivation resources, both were extremely abundant.

Because of this, the Jiuzhou Immortal Domain gave birth to numerous unrivaled powerhouses.

For example, Da Yi of the Da Yi Immortal Country, for instance, Emperor Xuan Yuan, Emperor Fuxi, Nuwa, the Flame Emperor, Amitabha Buddha, the Ancient Demon Emperor, and so on."

Jiang Lanyue sighed, "But, because of that great war that swept across the myriad worlds many years ago,

a lot of the spiritual energy of the Jiuzhou Immortal Domain was scattered, and many cultivation resources were destroyed.

Many unrivaled powerhouses fell in the war to protect the myriad worlds."

Again, that great war!

Yang Luo was startled in his heart and hurriedly asked, "Dear elders, how much do you know about that war?"

Xu Tingshen shook his head and said, "We don't know much about that war either.

Perhaps only those ancient sects have clearer knowledge."

"I see..."

Yang Luo nodded in realization.

While Yang Luo and the others were chatting,

the warning of the Golden Immortal Tribulation had already ended.

Bujie and Ji Longyue, along with the five of them, opened their eyes and stood up.

Xu Tingshen asked, “Young friends, do you want to undergo the Golden Immortal Tribulation now?”

Yi Jiuxiao said, “You can suppress your realm temporarily and wait until you have confidence before crossing the tribulation!”

“Why wait until later?”

Bujie shook his head repeatedly, “I’ve finally welcomed the Golden Immortal Tribulation, of course, I don’t want to delay it any longer!

I want to undergo the tribulation now!”

Ji Longyue also said in a powerful voice, “We also want to undergo the tribulation now, step into Golden Immortal, and move towards greater strength!”

Baili Wushuang, Tantai Puti, and Yi Yuheng all nodded firmly, their eyes resolute.

Since arriving at the Jiuzhou Immortal Domain, they increasingly felt their strength was insufficient.

Therefore, they all hoped to become stronger.

And to achieve greater strength now, the first step is crossing the threshold into the Golden Immortal realm.

Yi Jiuxiao laughed loudly and said, “At such a young age, you have such courage, very good!

Since you’ve all made up your minds, then undergo the tribulation!

We can protect you, preventing any disturbances!”

Xu Tingshen also showed a look of admiration in his eyes, “We can also set up a defensive formation to help you withstand part of the heavenly lightning!”

“Thank you, dear elders!”

Bujie and the five others cupped their hands towards Yi Jiuxiao and Xu Tingshen and the others in gratitude.

Yi Pingsheng said, “Then the matter should not be delayed, let’s find an excellent place for them to undergo the tribulation now!”

“Alright!”

Yi Jiuxiao and the others nodded in agreement.

Following this, Yang Luo and his group soared into the sky, leaving the deserted island and flying towards the distance.

After flying for thousands of miles,

Yang Luo and his group arrived at a relatively calm sea surface.

Yi Pingsheng spread out his divine sense to perceive the surroundings and said, "The spiritual energy here is much richer compared to other places!"

Moreover, within a radius of ten thousand miles, except for some mutated beasts, there are no elders' activities, it is considered an excellent place to undergo the tribulation!"

Yang Luo took out many pills needed for the tribulation and handed them to Bujie and the others.

"Brothers, you've also seen many people undergo the Golden Immortal Tribulation, so you should have some experience!"

So, relax, the Golden Immortal Tribulation is not as terrifying as you imagine!"

"Of course!"

Bujie grinned and said, "Don't worry, Brother Yang, Lord Buddha will certainly pass the Golden Immortal Tribulation, stepping into Golden Immortal!"

"We will certainly cross this hurdle too!"

Ji Longyue and the other four also showed resolve on their faces.

Yang Luo nodded and said, "I believe in you!"

After that, Yi Jiuxiao, Xu Tingshen and the others flew to the distance and set up layer upon layer of defensive formations in five positions.

Once the defensive formations were set up, Yi Jiuxiao, Xu Tingshen and others flew back.

"Brothers, give it your best!"

"You must cross the Golden Immortal Tribulation, stepping into Golden Immortal!"

"Once you become Golden Immortals, we will soon catch up to you!"

Ning Jianfeng, Xu Ying and others cheered for Bujie and the others.

“Brothers, watch closely!”

“Brothers, don’t worry!”

Bujie and the other five responded, then flew towards the distance, entering the heavily fortified defensive formations.

Immediately, Bujie and the other five took a deep breath, no longer suppressing their realm, but instead unleashing their full auras!

In an instant!

Boom boom boom!

Five dazzling beams of light shot up into the sky from Bujie and the other five, piercing through the clouds!

Just shortly after.

Whoosh whoosh whoosh!

Rumble rumble rumble!

The sky above this sea suddenly turned tempestuous, dark clouds rolled in, with flashes of lightning and roaring thunder!

The sky within a radius of thousands of miles, originally clear, suddenly darkened!

Within the dark clouds, lightning flashed, and even in the air, lightning flickered!

The sea beneath was boiling, churning up tempestuous waves!

The flying birds in the sky and the mutated beasts in the sea were all frightened and fled in all directions!

Yi Pingsheng shouted loudly, “Everyone, retreat quickly!”

Then, Yang Luo and the others rapidly retreated.

As Yang Luo and the others withdrew!

Rumble rumble...

Rumble rumble...

Above the heads of Bujie and the others, thunder roared, and suddenly five gigantic void cavities exploded!

Various lightning converged from all directions, surging within the void cavities!

It was as if five splendid jewels were embedded within the void cavities!

“Hahaha...”

Bujie looked up and laughed, excited and yelled, “Isn’t it just the Golden Immortal Tribulation? What is there for Lord Buddha to fear?”

“Bring it on!!!”

Ji Longyue, Baili Wushuang, Tantai Puti, and Yi Yuheng all shouted as well.

Their voices just fell!

Boom boom boom!

Five enormous lightning pillars shot down from five void cavities, instantly engulfing Bujie and the others!

Rumble rumble!

The thunder roared, the lightning ravaged, intending to tear Bujie and the others to shreds!

But fortunately, Yi Jiuxiao, Xu Tingshen, and others had set up defensive formations in advance for Bujie and the others, which blocked most of the heavenly lightning for them!

A small portion of the heavenly lightning was absorbed by Bujie and the others, used to temper their bodies!

Bujie, hands on hips, boasted, “Heh, this Golden Immortal Tribulation is nothing special!”

Upon hearing this.

Ning Jianfeng’s mouth twitched and he shouted, “You fool, can’t you not provoke the heavens during the tribulation?”

Xu Ying shook her head and said, “Let this guy boast, when the heavenly lightning strikes, he will be begging for mercy!”

Yang Luo was also speechless, this guy truly fears nothing, daring to provoke the heavens so soon.

At this moment!

Boom boom boom!

Another five lightning pillars struck down viciously from the five void cavities, containing even more terrifying power of the lightning than the first time!

Five heavenly lightning instantly engulfed Bujie and the others!

The ferocious heavenly lightning like Rushou, wanting to tear everything apart and devour it!

Wu Qiansheng exclaimed in surprise, "Strange, why do I feel the second heavenly lightning Bujie is undergoing is thicker and more powerful than Brother Ji and the others'?"

Ning Jianfeng laughed heartily, "Who told this fool to provoke the heavens, naturally the heavens will send down even more terrifying heavenly lightning to strike him!"

“

## **Chapter 2754: Chapter 2754: Beyond the Heavenly Path!**

Xu Ying asked Yi Pingsheng and the others, "Seniors, is it possible that someone is controlling the lightning tribulation?"

Mo Qingkuang and the others also looked at Yi Pingsheng and company, their eyes full of curiosity.

Yi Pingsheng replied, "It is said that the lightning tribulation represents the will of the Heavenly Path, and no one is in control of it.

But some say the lightning tribulation is controlled by some, collectively known as 'the heavens.'

Of course, whether anyone is controlling the lightning tribulation is a matter of debate."

Xu Tingshen sighed deeply and said, "Controlling the lightning tribulation is equivalent to controlling the power of the Heavenly Dao.

And the myriad beings in all worlds are subject to the restrictions and constraints of the Heavenly Dao's rules.

If any living being wants to pursue a higher Great Dao, to achieve supreme strength, they must pass through repeated lightning tribulations.

Perhaps some of those ancient mighty figures have broken free from the constraints of the Heavenly Dao, standing above it, reaching the Pinnacle.”

Ning Jianfeng clicked his tongue and said, “If the lightning tribulation really is controlled by someone, how powerful must those who control it be?”

Xu Ying and the others also looked towards the sky, their eyes filled with wonder and doubt.

Is someone really controlling the lightning tribulation?

If it is true... just how powerful would the person controlling the lightning tribulation be?

It’s simply beyond imagination!

Yang Luo, however, was gazing intently at the sky, narrowing his eyes.

Long ago, Senior Xinghe and others had told him that the lightning tribulation was indeed controlled by someone.

Those people who controlled the lightning tribulation were indeed referred to as ‘the heavens.’

Moreover, Senior Xinghe and the others also said that his father had once severely beaten those who controlled the lightning tribulation.

Perhaps his father had already broken free from the constraints of the Heavenly Dao, standing above it.

He really didn’t know how strong his father had become.

Yang Luo murmured to himself, “Father, I will undoubtedly grow stronger and come to see you!”

Just as Yang Luo and the others were chatting.

The second heavenly lightning finally ended.

Bujie’s body was left with gashes bleeding and smoking.

Ji Longyue, Baili Wushuang, Tantai Puti, and Yi Yuheng were unharmed, not suffering any injuries.

“Damn it!”

He shouted towards the sky, “Damn heavens, are you targeting me?”

Why is my lightning tribulation more terrifying than others’?

Come, come, if you have the power, strike me dead, Lord Buddha!”

“Bujie!”

Yang Luo exclaimed in surprise, “Stop provoking, focus on the tribulation!”

Bujie waved his hand and said, “Brother Yang, it’s fine, today I’m hell-bent on taking on this damn sky!”

Baili Wushuang said irritably, “Brother Bujie, you’d better take it easy, don’t act recklessly!”

Bujie shouted, “Brother Baili, you better worry about yourself, make sure you make it through!”

“Why don’t we have a competition to see who can endure the most heavenly lightning this time?”

Baili Wushuang issued a challenge.

“A competition it is, who’s afraid!”

Bujie raised his head with high spirits.

Ji Longyue laughed heartily, “Brother Bujie, Brother Baili, since you are so interested, let’s join in!”

“That’s right, if there’s a competition, let’s all join in!”

“I won’t lose to you!”

Tantai Puti and Yi Yuheng’s competitive spirit was also ignited.

Ji Longyue said loudly, “Then let’s compete together!”

“Alright!”

The four of them responded in unison.

The words had barely left their mouths!

Boom boom boom!

The third, more massive, and fiercer heavenly lightning descended from the sky, striking the five of them fiercely!

The five charged with determination, hot-blooded, continued enduring the tribulation!

In the distant sky.

Yi Jiuxiao smiled and said, "These five young ones have such strong competitiveness; they even compete in enduring tribulations!"

Yi Pingsheng stroked his beard with a smile and said, "The younger generation needs this competitive spirit!

To struggle against the heavens, with others, and oneself!

As long as they maintain this spirit, they will continue to surpass themselves and reach the Pinnacle!"

"Brother Ping Sheng is right!"

Xu Tingshen smiled faintly and said, "Throughout the ages, those heavenly talents and peerless powerhouses have all had a strong competitive spirit!

They possess tenacious faith and an indomitable determination!

It is precisely this spirit, faith, and determination that drives them forward!"

Hearing Yi Pingsheng and Xu Tingshen's words.

Yang Luo and Xu Ying clenched their fists, their eyes full of determination.

They continued to stride towards greater strength!

In the ensuing time.

Bujie and the others continued to undergo the Golden Immortal Tribulation.

Yang Luo and the others stood nearby, guarding against any interference.

In the blink of an eye, two days passed.

Two days later, on a night.

"Chirp..."

“Roar...”

Accompanied by a clear cry and a mighty roar.

A massive Vermillion Bird Illusion and Xuanwu Illusion burst from the sea and soared into the sky!

The Vermillion Bird Illusion was engulfed in golden-red flames, scorching the heavens and earth!

The Xuanwu Illusion exuded Xuanming Cold Air, freezing the sky and sea!

Like the ancient divine beast Vermillion Bird and Black Tortoise had descended into the world!

As the Vermillion Bird and Black Tortoise charged into the sky!

Two figures also burst from the sea, standing aloft in the high altitudes!

It was Tantai Puti and Yi Yuheng!

Tantai Puti stood tall and graceful, with unparalleled beauty, enveloped in golden-red flames, her supple black hair transforming into golden-red, like strands of fire!

Resembling an incarnation of a Fire Goddess stepping through the dust!

Yi Yuheng stood upright, with a resolute face, exuding the piercing Xuanming Cold Air, blue-gold runes appearing upon him, mysteriously profound!

Like an Ice-Cold War God descending to the mortal realm!

Both had successfully passed the Golden Immortal Tribulation!

Yi Jiuxiao marveled, “These two young ones are truly extraordinary, they’ve withstood sixty-eight heavenly lightnings!”

Yi Pingsheng praised, “Truly worthy descendants of the Ancient Vermillion Bird and Ancient Xuanwu family, what a terrifying talent and potential!”

Just as Tantai Puti and Yi Yuheng succeeded in their tribulation!

“Roar!”

Accompanied by an earth-shattering tiger roar.

Boom!

A white tiger illusion, with wings on its back and enshrouded in platinum lightning, soared from the sea, flying through the Cangqiong!

A figure followed closely into the sky!

It was Baili Wushuang, also having passed the Golden Immortal Tribulation!

Baili Wushuang's physique was towering and robust, with bushy eyebrows and big eyes, his entire being radiating dazzling platinum thunder light, extraordinarily commanding!

Xu Tingshen laughed and said, "Isn't this young one a descendant of the Ancient White Tiger family? Surpassing sixty-nine heavenly lightnings, not bad indeed!"

The voice had hardly fallen!

"Roar!"

A mighty dragon roar echoed across eight directions!

Boom!

A figure stood upon a green-gold dragon illusion emerging from the sea, soaring above the Cloud Sea!

That figure was Ji Longyue, who had successfully passed the Golden Immortal Tribulation!

Ji Longyue stood atop the dragon's back, his physique slender yet upright, hair flowing, clothes fluttering, with a handsome face and an extraordinary aura!

Yi Pingsheng smiled with satisfaction, "This young one has surpassed seventy heavenly lightnings, truly remarkable!"

Seeing Ji Longyue, Baili Wushuang, Tantai Puti, and Yi Yuheng all succeed in their tribulation.

Yang Luo finally breathed a sigh of relief.

"Haha, Brother Ji, Brother Baili, Sister Bodhi, Brother Yi, congratulations on successfully undergoing the Golden Immortal Tribulation!"

Ning Jianfeng laughed heartily, offering his congratulations.

"Congratulations, congratulations!"

Xu Ying and the others also congratulated warmly.

*Chapter 2755: Chapter 2755: Damn Heaven, Bring It On!*

The four including Ji Longyue flew over from a distance.

Ning Jianfeng said, "Brother Ji, Brother Baili, Sister Bodhi, Brother Yi, just wait and see!

Soon, we too will pass through the Golden Immortal Tribulation!"

"Good!"

Ji Longyue laughed heartily and said, "By then, we will all step into the ranks of the Golden Immortal and strive for greater strength together!"

"Yes!"

Ning Jianfeng, Xu Ying, and Mo Qingkuang all nodded emphatically.

Seeing their brothers around them stepping into the Golden Immortal realm, they became even more eager to enter that realm themselves soon.

"Strange, Brother Bujie has already passed through seventy bolts of heavenly lightning, why hasn't the tribulation ended yet?!"

At this moment, Wu Qiansheng looked at Bujie still undergoing tribulation in the distant sky and exclaimed in shock.

Everyone also turned their heads to look at Bujie in the distant sky.

They saw Bujie covered in blood, his body covered in bruises, gasping for breath.

Blood flowed down his body and dripped into the sea from his feet.

But the dark clouds above him had not dissipated, and the huge void cave had not vanished either.

Rumble rumble rumble!

The roar of thunder shook the heavens and the earth!

Bolts of heavenly lightning poured in from all directions, continuously converging into the void cave, making one's heart palpitate!

Ning Jianfeng's mouth twitched, "Damn it, is the number of heavenly lightning bolts this guy is facing going to exceed seventy?!"

Wu Qiansheng said in horror, "Looking at the current situation, it seems it's going to exceed seventy!"

Xu Ying frowned, "Who asked this guy to provoke the heavens? It seems the heavens don't intend to let this guy go!"

Lin Wenxuan, Mo Qingkuang, and Xiang Kunlun also became nervous, clenching their fists unconsciously.

Although Bujie was usually not very reliable, he was still a brother who had come through life and death with them.

Naturally, they did not want to see Bujie really get into trouble.

Yang Luo also furrowed his brows, his heart in his throat.

Yi Pingsheng said, "Although the more heavenly lightning one undergoes, the greater the threat and the easier it is to fall under the tribulation.

But if one can withstand more heavenly lightning, it will greatly aid future cultivation and growth."

Xu Tingshen said, "Let's see if this little monk can get through it!

If he does, his future potential will be boundless!"

Yang Luo shouted loudly, "Bujie, quickly take the pill to heal and replenish Qi, use all your means to get through the next tribulation!"

"Brother Bujie, you better not really die here!"

"Brother Bujie, hang in there!"

"You must get through this!"

Ning Jianfeng, Wu Qiansheng, and others all cheered and encouraged Bujie.

Bujie grinned and shouted loudly, "Don't worry, my brothers, I, Lord Buddha, will definitely get through this!"

Saying this, he looked up at the sky and shouted with a thunderous voice, "Damn you, heavens, bring it on!!!"

Hearing this.

Ning Jianfeng and others were speechless.

Was this guy crazy, still provoking the heavens at this moment?

However, before Bujie's voice had faded!

Boom!

The seventy-first bolt of heavenly lightning struck down from the void cave!

This bolt flashed with seven colors and was even more immense!

Like a sea of thunder surging down, its destructive power and energy were terrifying to the extreme!

Bujie quickly took the pill, healed, and replenished his Qi, and used all his means, summoning all weapons and Dharma artifacts to resist the heavenly lightning!

In an instant!

Rumble rumble rumble!

This seven-colored sea of thunder completely engulfed Bujie!

All the defensive shields and great formations he had condensed were destroyed!

Many lower-grade weapons and Dharma artifacts were also destroyed!

Only the Heavenly Dragon Zen Staff, Wutian Demon Stele, and Slaughter Demon Palace continued to hold on!

But, they could only help him block a portion of the heavenly lightning!

The vast majority of the heavenly lightning was ravaging Bujie's body wildly!

"Ahhhhh..."

Bujie, enveloped in the sea of thunder, emitted sounds of painful screams.

Hearing Bujie's screams, Yang Luo and others felt their hearts tremble, their hearts in their throats.

The power of this sea of thunder was infinite, forcing Bujie into the sea!

Rumble rumble!

A giant abyss vortex exploded directly on the sea!

Bujie fell into this abyss vortex!

"Damn you, heavens, I'll fight you to the end!"

Bujie roared angrily, continuing to mobilize defenses, unleashing attack after attack, fiercely assaulting the sea of thunder.

Bang rumble rumble!

Rumble rumble rumble!

Earth-shattering collisions and explosions echoed continuously.

The sea of thunder exploded into bursts of light and energy, stirring up huge waves, terrifying and immense.

Who knows how long it took.

Eventually, the seventy-first bolt of heavenly lightning slowly dissipated.

When the seventy-first bolt dissipated.

Bujie kicked hard with his foot, rushing straight into the sky.

His figure wobbled, and he opened his mouth, spitting out a large mouthful of blood.

His injuries worsened, his flesh blurred, and his skin largely carbonized, extremely gruesome.

"Bujie!"

Yang Luo shouted in surprise, "Are you okay?!"

"Damn, you better not really die here!"

Ning Jianfeng also cried out in shock.

With blood in his mouth, Bujie said to Ning Jianfeng, "Brother Ning, I'll be damned, I, Lord Buddha, am about to rise, how could I die here!"

"What's happening, why hasn't the tribulation ended?"

Wu Qiansheng gazed at the dark clouds in the sky, exclaiming in astonishment.

Everyone also looked towards the sky.

Sure enough.

The dark clouds and the void cave still had not dispersed.

Lightning flashing with various colors continued to pour in from all directions, entering the void cave.

Yi Pingsheng was surprised, "How many heavenly lightning bolts does this little guy have to endure?!"

Xu Tingshen shook his head, "Looking at the current situation, we have no idea how many heavenly lightning bolts this little guy has to go through!"

Everyone looked quite serious.

After all, no one now knew exactly how many bolts Bujie needed to endure.

The key question was whether Bujie, in such poor condition, could continue with the tribulation?

At this moment.

Bujie stood in the sky, looking upward.

He spat out a mouthful of blood-stained water and said, "It's not over yet, very well, let's continue!"

Curse you, heavens, I, Lord Buddha, am not afraid of you!"

Saying this, Bujie once again grabbed a handful of pills and swallowed them, consolidating layers of defense, and setting up layer upon layer of great defense formations.

The Heavenly Dragon Zen Staff, Wutian Demon Stele, and Slaughter Demon Palace hovered above his head, flashing dazzling Buddhist and demonic light.

At this moment!

Rumble rumble rumble!

Thunder roared, the wind howled, and dark clouds rolled!

The heavens and earth around Bujie became more restless!

Lightning flashing with all colors surged in from all directions, crazily converging into the void cave!

In just a moment.

Boom!

The seventy-second bolt of heavenly lightning struck down, like a Sky-devouring Thunder Beast spitting out an immense Eight-Colored Thunderfall!

Rather than a Thunderfall, calling it an Eight-Colored Thunder Sea would be more apt!

The violent Eight-Colored Thunder Sea surged downward, instantly destroying all of Bujie's defenses, completely engulfing him!

"Ughhhh..."

Bujie's cries of agony rang out once more from the Thunder Sea, making all those in the distance feel a chill run down their spines.

*Chapter 2756: Chapter 2756: Tribulation Survived!*

However, the scene that followed shocked everyone even more!

Shortly after the seventy-second heavenly lightning fell!

Boom!

Boom!

The seventy-third and seventy-fourth heavenly lightning also struck down from the Void Cave in succession!

The seventy-third heavenly lightning flickered with nine-colored light, and the seventy-fourth with ten-colored light!

The two heavenly lightnings surged down like a sea of nine-colored and ten-colored lightning, once again engulfing Bujie!

"Ugh ahhh..."

Bujie let out an even more painful scream.

"This... this... how could such a situation occur?!"

Yi Pingsheng exclaimed in astonishment.

"Three heavenly lightning strikes descended in succession, with such short intervals?!"

Xu Tingshen was also shocked beyond belief.

Yi Jiuxiao, Yi Tianhong, and others were also dumbfounded, deeply shocked.

Ning Jianfeng said, "Previously, only when Brother Yang underwent tribulation did the heavens simultaneously send down multiple heavenly lightning!

I didn't expect this guy to experience a similar situation!"

Xu Ying said in a deep voice, "If someone is indeed controlling the lightning tribulation, perhaps the person controlling it has truly been angered by Bujie!"

Xia Chaoyang frowned and said, "Perhaps there is another possibility..."

"What possibility?"

Xu Ying and the others looked toward Xia Chaoyang.

Xia Chaoyang said, "Perhaps it's because Brother Bujie embodies both Buddha and Demon, which is truly defying the heavens!

The heavens do not allow such beings to exist, wanting to obliterate him!"

Yang Luo nodded, "Brother Xia makes some sense indeed."

It was only after arriving in the Jiuzhou Immortal Domain that he learned Bujie's background is related to the Xumi Sacred Land and Ancient Demon Sacred Land.

However, these two sacred lands, Buddhist and Demon, are like water and fire, constantly at odds.

How could Bujie simultaneously possess Buddha Nature and Demon Nature?

This truly puzzled him.

Perhaps, only by going to the Xumi Sacred Land and Ancient Demon Sacred Land can the answer be found.

Of course, the immediate priority now is for Bujie to first overcome the Golden Immortal Tribulation.

Ning Jianfeng shook his head and said, "If that's the reason, then there's no way around it; he has to rely on himself to get through it!"

Everyone also looked up into the distant sky, their expressions solemn and very tense.

At this moment.

In the distant sky.

"Ahhhh..."

Bujie was enshrouded in the three seas of lightning, letting out a piercing roar.

His shirt had long turned to ashes, revealing his strong upper body.

Yet under the devastation and rampage of the three seas of lightning!

His skin, muscles, and tendons were torn on a large scale, even his bones were shattering!

It seemed as if the whole person was about to fall apart, turning completely to dust!

Massive amounts of flesh and blood splattered into the sky, terrifying beyond measure!

Seeing this scene, hearing Bujie's screams!

Yang Luo and the others were burning with urgency, yet powerless!

Each person's tribulation must be overcome by themselves; others cannot interfere!

Just at this critical moment!

"Roar!"

Bujie raised his head and let out a roar.

Only to see the ancient and mysterious totem on his back appear once more, gleaming with dazzling golden Buddhist light and black demonic light!

But the demonic light was even more blazing, overshadowing the Buddhist light!

The next second!

"Om, Ma, Ni, Pad, Me, Hum..."

Accompanied by the sound of ten thousand Buddhas chanting.

Only to see a golden Buddha rise from Bujie's body, shielding him from the devastation and rampage of heavenly lightning!

This golden Buddha flickered with brilliant Buddhist light, surrounded by golden ancient characters and runes, resembling an ancient Buddha descending into the world!

And it was precisely because of the golden Buddha's protection that Bujie felt somewhat relieved!

However, the destructive power unleashed by the three seas of lightning was too terrifying!

The golden Buddha only defended for a short while before exploding with a "rumble" in the air!

And just as the golden Buddha exploded!

"Roar!"

Bujie let out another roar.

The sound of ten thousand demons roaring resonated through heaven and earth!

Only to see a giant black figure rise from Bujie's body, with two curved horns on its head, covered in rolling demonic qi and overwhelming magic power!

Like an invincible Ancient Demon descending upon the realm, it was awe-inspiring!

Perhaps because Bujie received the inheritance of Wutian Demon Venerable!

Thus, this Ancient Demon illusion was even more solid, the demonic light flashing on its body even more dazzlingly bright!

This Ancient Demon illusion withstood for a long time, barely holding on, and finally exploded in the air!

But just as this Ancient Demon illusion exploded!

"Roar!"

Bujie let out a third roar.

The totem on his back flickered with even more dazzling Buddhist light and demonic light!

Rumble!

The Cangqiong and ocean trembled violently, the three seas of lightning churned aggressively!

The sound of ten thousand Buddhas chanting and ten thousand demons roaring simultaneously resounded, echoing through heaven and earth, spreading in all directions!

Under everyone's watchful eyes!

Another giant figure rose from Bujie's body!

This giant had one side glimmering with golden Buddhist light and the other with black demonic light, unmistakably a Buddhist Demon Giant!

However, the Buddhist light was much dimmer than the demonic light!

Moreover, around this Buddhist Demon Giant were Buddhist Path ancient characters and runes, as well as Demon Path ancient characters and runes!

This Buddhist Demon Giant's defense was even more formidable, stubbornly withstanding wave after wave of heavenly lightning strikes for Bujie!

"Goodness gracious!"

Ning Jianfeng's eyes almost popped out, "This guy is like cheating, can he undergo tribulation like this?!"

Yi Pingsheng sighed, "This little guy is truly incredible, he must have a tremendous connection with the Xumi Sacred Land and Ancient Demon Sacred Land!"

Yi Jiuxiao, Xu Tingshen, and others nodded, their faces full of awe.

Time slowly passed.

A full half an hour went by.

Rumble!

The Buddhist Demon Giant shrouding Bujie finally couldn't withstand any longer, fully collapsing and exploding in the air!

And just at the moment the Buddhist Demon Giant collapsed and exploded!

Rumble!

The three seas of lightning engulfing Bujie also exploded!

Various light and energy dispersed from the explosion, sweeping across Cangqiong and the ocean, rushing towards all directions!

Yi Pingsheng, Xu Tingshen, and others waved their big hands, conjuring multiple Defensive Shields, enshrouding Yang Luo and everyone else!

Thud thud thud!

Boom boom boom!

The energy and light rushing in fiercely impacted the heavy Defensive Shields, producing a series of rumbling loud noises!

After quite a while.

The light and energy that enveloped the vast Cangqiong and the ocean finally dissipated completely.

Yang Luo and the others looked up.

Only to see that Bujie had disappeared into the sky, a whirlpool had been blasted out of the sea below, filled with a large amount of fresh blood, shocking to behold!

"Where is Brother Bujie, why is he missing?!"

Wu Qiansheng asked in shock.

"Could it be that he still couldn't withstand it?!"

Ning Jianfeng asked in disbelief.

Yang Luo furrowed his brows, staring intently at the sky.

Only to see the heavenly lightning in the clouds and Void Cave slowly dissipating, the thunder sounds ceased.

Yang Luo said, "The lightning tribulation is over!"

As Yang Luo's words fell!

Swish!

A large swath of immortal light radiating various colors shone down from the Void Cave, projecting into the massive whirlpool on the sea!

"Haha, he succeeded!"

Yi Pingsheng laughed heartily, "This little guy Bujie successfully passed the tribulation!"

## **Chapter 2757: Chapter 2757: Farewell!**

“Great, that’s fantastic!”

“This guy has finally made it through!”

Yang Luo and the others all broke into smiles, punching the air with joy.

As long as the tribulation is successful, immortal light will descend, bringing good fortune.

They’ve seen it many times and naturally understand.

At that moment.

Immortal light fell, brilliant and dazzling.

Celestial music resounded, echoing throughout heaven and earth.

Immortal beasts soared, with myriad phenomena.

This immortal light lasted for over ten minutes before it finally dissipated.

The manifested phenomena also gradually faded away.

A few minutes later.

Bang!

A massive beam of intertwined gold and black shot up from the ocean whirlpool, breaking straight through the clouds!

The dark clouds that covered the sky all dispersed, and the bright moon and stars reappeared in the sky!

“Hahaha... I, Lord Buddha, have entered the Golden Immortal realm!”

Accompanied by a boastful laugh.

A figure shot up from the ocean whirlpool, reaching the sky above.

It was Bujie.

Bujie stood in the sky, with a robust and erect build, a handsome face, and a powerful aura, very imposing.

But one of his pupils glittered with golden light, the other with black, his body also flashed with Buddhist light and demonic light, truly quite eerie.

Yang Luo's lips curled upwards, smiling as he said, "Bujie, congratulations on entering the Golden Immortal state!"

"Brother Bujie, congratulations, congratulations!"

"Brother Bujie, your lightning tribulation was truly thrilling, gave us quite a scare!"

Wu Qiansheng and Lu Yunqi, among others, also offered their congratulations one after another.

Ning Jianfeng shook his head and said, "It's not fair, this guy actually stepped into the Golden Immortal first!"

Big White also said helplessly, "This guy's going to be smug again!"

Then, Bujie took a step forward, reaching the sky above where Yang Luo and the others were.

Yi Pingsheng smiled faintly and said, "Little guy, not bad, not bad, didn't expect you to overcome seventy-four bolts of heavenly lightning, truly impressive!"

Yi Jiuxiao and Xu Tingshen, along with the others, also looked at Bujie, their eyes full of admiration.

Bujie chuckled and said, "I originally thought more heavenly lightning would strike, but only seventy-four came, how boring!"

"Damn... this guy is so full of it!"

Ning Jianfeng gritted his teeth, wanting to beat this guy up.

Bujie glanced sideways at Ning Jianfeng and said, "Brother Ning, are you jealous that I overcame seventy-four bolts of heavenly lightning?"

"Damn it..."

Ning Jianfeng rolled up his sleeves and said, "Do you believe I'll take you down!"

"Sheesh!"

Bujie looked scornful, "You're no match for me now!"

With that, he looked towards Ji Longyue, Baili Wushuang, Tantai Puti, and Yi Yuheng, the four of them.

He placed his hands on his hips, lifted his chin, and said, "Brother Ji, Brother Baili, Sister Bodhi, Brother Yi, did you see that? I overcame seventy-four bolts of heavenly lightning, more than all of you!

This match is mine!"

"Yes, yes."

Ji Longyue shook his head, smiling wryly, "You're the greatest."

Tantai Puti waved a dainty fist and said, "No matter how impressive you are, you're still not as amazing as Brother Yang!

Last time Brother Yang went through the Golden Immortal Tribulation, he overcame eighty-one bolts of heavenly lightning, you know!"

"What?! Eighty-one bolts?!"

"Little Friend Yang, is this true?!"

Yi Jiuxiao and Xu Tingshen, along with the others, looked at Yang Luo in astonishment.

"Of course it's true!"

Tantai Puti nodded repeatedly, "We witnessed it ourselves, and there were many others who saw it too!"

Yi Jiuxiao sighed and said, "I thought Bujie overcoming seventy-four was already remarkable, but I didn't expect you to pass through the ultimate Golden Immortal Tribulation!"

Xu Tingshen laughed and said, "No wonder Little Friend Yang has such immense strength at such a young age!"

"Hey, hey, hey, seniors, shouldn't you continue praising me? Why start praising Brother Yang again?"

Bujie immediately became displeased.

Yi Jiuxiao laughed heartily and said, "Hmm, Bujie, you're also quite impressive."

"I..."

Bujie's mouth twitched, feeling he didn't successfully show off, very dissatisfied.

Seeing Bujie's expression, Xu Ying and Mo Qingkuang, along with the others, burst into laughter.

"You... you're definitely doing this on purpose!"

Bujie was so furious he was trembling.

Yang Luo patted Bujie's shoulder and said, "Alright, keep it up, strive for more."

"Keep it up... strive for more... it's always this line..."

Bujie was almost on the verge of tears.

Why does he never get the satisfaction when showing off?

Yang Luo smiled and said, "Brothers, let's go back to that deserted island, have a good rest for a night, and set off for the Donghua Divine Continent early tomorrow morning!"

"Alright!"

Wu Qiansheng and the others responded in unison.

Immediately, everyone left, flying towards that deserted island.

...

The next morning.

On that deserted island.

Yang Luo and the others were bidding farewell to Yi Jiuxiao and the others.

Yi Jiuxiao looked at Yang Luo and said, "Little Luo, how about we escort you further on your journey?"

Xu Tingshen also said, "Yes, we'll accompany you to the Donghua Divine Continent before parting ways!"

Yang Luo clasped his hands and said, "We're already very grateful that you respective seniors came to aid us this time.

Moreover, the Donghua Divine Continent is still some distance away from here, and all of you seniors have your affairs to attend to, so we won't trouble you further."

Mo Qingkuang also clasped his hands and said, "Seniors, we bid farewell here, until we meet again."

Yi Jiuxiao sighed softly and said, "Then you all must be careful on your journey, if you encounter any trouble, feel free to inform us in Xuanzhou!"

"If you encounter any troubles, the Reincarnation Sacred Land will surely assist you!"

Xu Tingshen also expressed his support.

Yang Luo nodded and said, "Thank you very much, seniors!"

King of Creation said with reluctance, "Brother Yang, we just met, and now we have to part again."

The Sacred Prison King, Emperor of the Dead, Ice Empress, and the Divine Light and Darkness also looked reluctant.

Yang Luo smiled and said, "Brothers, temporary farewells now are for better reunions in the future!

So, we must all work hard, continue to enhance our cultivation and strength, move towards greater heights!

I hope the next time we meet, you all have experienced even greater growth and improvement!"

"That, of course!"

The Emperor of the Dead patted his chest and said, "Next time we meet, we'll surely surprise you!"

"Little Luo, take care on your journey!"

The Ice Empress looked at Yang Luo with a tender expression.

The Ice Empress and the others nodded heavily.

After bidding farewell, Yang Luo and his party soared into the sky, flying swiftly towards the deserted island.

After watching the direction in which Yang Luo and his companions left, Yi Pingsheng stroked his beard and smiled, "I really wonder to what height Little Luo and the others will rise by the next time we meet!"

Yi Tianhong laughed and said, "Perhaps, it won't be long before Little Friend Yang and their fame will ring throughout the Five Great Continents!"

Everyone nodded with anticipation in their eyes.

Yi Jiuxiao said solemnly, "I estimate it won't be long before the Great Desolate Immortal Country, Da Mang Immortal Country, and Heavenly Netherworld Immortal Sect discover that Qiao Qingshi and the others have been killed!"

"Indeed!"

Everyone nodded heavily.

*Chapter 2758: Chapter 2758: The Eldest Prince Is in Trouble!*

Time went by quickly, and half a month passed in the blink of an eye.

A morning half a month later.

Huangzhou, Northern Domain.

In a grand hall of the Imperial Palace of the Great Desolate Immortal Country.

A middle-aged man wearing a black and gold robe, with a burly build and rugged features, was discussing matters with four elders.

This middle-aged man was the king of the Great Desolate Immortal Country, "Emperor Beihuang" Huang Tianye.

The four elders were the Country Protecting Elders of the Great Desolate Immortal Country: Huang Chongshan, Xie Wanfeng, Xu Xingzhan, and Zeng Zhaoying.

Huang Tianye frowned and said, "Yu Chen has been gone with Elder Qiao and Elder Sun for so long, why haven't they returned yet?"

"Yu Chen is probably out having fun."

Huang Chongshan smiled faintly and said, "Don't worry, I already sent someone to find Yu Chen and the others a few days ago."

There should be news soon."

"Hmph!"

Huang Tianye snorted coldly and said, "This little brat thinks he's invincible after stepping into Golden Immortal and being named one of Huangzhou's top ten prodigies!"

All he knows is to play around instead of diligently cultivating!

He doesn't realize that in front of those top prodigies in the Jiuzhou Immortal Domain, he's nothing!

When he comes back, I must teach him a good lesson!"

Huang Chongshan waved his hand and said, "Tianye, Yu Chen is still young. Don't be too harsh on him.

Once he slowly takes over the affairs of our Great Desolate Immortal Country, he will naturally mature."

Huang Tianye sighed and said, "Elder Chongshan, you're spoiling this boy too much.

If he continues to neglect his cultivation, can he really shoulder the heavy responsibilities of the nation in the future?"

Huang Chongshan smiled faintly and said, "Don't worry, once Yu Chen comes back, I will strictly guide him and continue to help him improve his cultivation and strength."

"That would be best."

Huang Tianye nodded.

Xie Wanfeng chuckled and said, "Tianye, our Yu Chen has such high cultivation talent. He awakened the 'Desolate Heaven Divine Body' at the age of twenty-three!

If he is well nurtured, Yu Chen's future is boundless!"

"Indeed!"

Xu Xingzhan stroked his beard with a smile and said, "As long as Yu Chen puts in a bit of effort, he is certain to become Huangzhou's number one prodigy in the future, perhaps even on par with the top prodigies of the Jiuzhou Immortal Domain!"

Huang Tianye shook his head and said, "I don't have such high expectations for this boy. If he can just become Huangzhou's number one prodigy, that would be good enough.

As for being on par with those top prodigies of the Jiuzhou Immortal Domain, that's simply impossible."

Though he said that, he was still filled with anticipation for his son.

Just then.

"Report!—"

An urgent voice came from outside.

Huang Tianye and the others turned to see a guard rushing in hurriedly from outside.

"What's the matter?"

Huang Tianye picked up his teacup, took a sip, and asked calmly.

"Your Majesty... this... this..."

The guard looked somewhat nervous, stammering.

Huang Tianye said impatiently, "What is it? Just say it straight!"

The guard took a deep breath and said, "Your Majesty... It seems something has happened to the Eldest Prince..."

"What?!"

Huang Tianye was immediately shocked, "Something happened to Yu Chen?! What do you mean by that?!"

All four of Huang Chongshan stared intently at the guard.

The guard swallowed hard and said, "A few days ago, under Elder Chongshan's orders, I went to search for the Eldest Prince.

Later, we learned that the Eldest Prince went to Xuanzhou, then left Xuanzhou for Cangxuan Sea.

We tracked them to the Cangxuan Sea but did not find the Eldest Prince, Elder Qiao, and Elder Sun.

We only found their belongings..."

Saying this, he took out a storage bag and handed it to Huang Tianye.

Huang Tianye took the storage bag and took out its contents.

It was filled with broken weapons and artifact fragments, stained with bright red blood.

These weapons and artifacts belonged to Huang Yuchen, Qiao Qingshi, and Sun Yanxiu.

Seeing these weapon and artifact fragments.

Huang Tianye and the five elders of Huang Chongshan turned pale, feeling a surge of unease in their hearts.

"Could it be... could it be that something really happened to Yu Chen and the others?!"

"How is this possible?! Who would dare to target the prince of our Great Desolate Immortal Country and the Country Protecting Elders?!"

"But, since their weapons and artifacts are shattered, and there's blood on them, it clearly indicates a fierce battle!"

"Until the matter is thoroughly investigated, we shouldn't jump to conclusions!"

Huang Chongshan, Xie Wanfeng, Xu Xingzhan, and Zeng Zhaoying began discussing anxiously.

Huang Tianye fixed his gaze on the guard and said solemnly, "Is it just their weapons and artifacts that you found? No other news?"

The guard, trembling, knelt down and said, "Your Majesty, according to what we have found out!

It is said that the Eldest Prince, Elder Qiao, and Elder Sun went to the Cangxuan Sea with the Emperor Da Mang's son and the Heavenly Netherworld Divine Son!

Also, Elder Fu from Da Mang Immortal Country and Elder Feng from Heavenly Netherworld Immortal Sect accompanied them!

Some say that the Eldest Prince and their group had a fierce battle with a group of young people! Even the Da Yi Immortal Country from Xuanzhou and the Reincarnation Sacred Land from Heavenly State got involved!"

"What is going on, and why would Da Yi Immortal Country and Reincarnation Sacred Land get involved?"

Huang Tianye frowned, continuing to ask, "Is there any other news?"

The guard continued, "Your Majesty, we also found out that among the young people who battled with the Eldest Prince, there were Wu Qiansheng from Da Wu Immortal Country, Lu Yunqi from Taixuan Sacred Land, the brother and sister Xia Chaoyang and Xia Ziyang from Da Xia Immortal Country!

Among them was also Yang Luo, who won first place in the refining competition in Xuanzhou, becoming renowned across the Four Minor Prefectures!"

Huang Chongshan frowned and said, "Previously, Yu Chen mentioned having a conflict with a boy named Yang Luo. Could it be that this is why they fought?"

Xie Wanfeng said puzzledly, "It's understandable for Yang Luo to have ties with the Da Yi Immortal Country, but why would the Reincarnation Sacred Land in Heavenly State get involved?"

"What else have you found out?"

Huang Tianye asked in a stern voice.

The guard replied, "Your Majesty, this is all the information we have found so far!"

Huang Tianye said emphatically, "Then why are you still kneeling here? Quickly, take people and continue to investigate further!"

No matter what, we must find Yu Chen and the others!"

"Yes!"

The guard responded, quickly stood up, and hurriedly left the hall.

After the guard left.

Huang Chongshan said with a trembling voice, "Tianye... Could it be that something really happened to Yu Chen and the others..."

Huang Tianye raised his hand to interrupt and said, "Elder Chongshan, don't worry!"

I don't believe that Yang Luo boy would really kill my son and the elders of my Great Desolate Immortal Country!

Moreover, Wu Qiansheng, Lu Yunqi, Xia Chaoyang, and Xia Ziyan are all involved, they know well the consequences of such actions!

Perhaps Yu Chen and the others are just injured and are recuperating somewhere right now!"

The four of Huang Chongshan nodded, thinking his words made sense.

Still not fully reassured, Huang Tianye immediately stood up and said, "Elders, let's go to Da Mang Immortal Country and the Heavenly Netherworld Immortal Sect to inquire about the news!"

"Alright!"

The four elders of Huang Chongshan also stood up and left the hall with Huang Tianye.

## **Chapter 2759: Chapter 2759: Primordial Species?**

Donghua Divine Continent.

Tianyuan City.

This ancient city is near the Cangxuan Sea, covering an area of thousands of miles, bustling and prosperous.

At this moment.

A group of figures flew rapidly from afar, arriving above the vicinity of Tianyuan City.

It was none other than Yang Luo and his entourage.

Bujie took a long breath and said, "My god, flying over the sea for half a month, we finally reached Donghua Divine Continent!"

Ning Jianfeng clicked his tongue and said, "No wonder they call it Donghua Divine Continent, the spiritual energy here is truly abundant, several times more than in Huangzhou and Xuanzhou!"

Yang Luo looked at the ancient city in the distance and asked Xia Chaoyang, "Brother Xia, which Immortal Country does this Tianyuan City belong to, and why does it cover such a large area and is so prosperous?"

Xia Chaoyang said, "Brother Yang, this is located in the Southern Domain of Donghua Divine Continent, and Tianyuan City is one of the eight major cities of Nan Zhan Immortal Country!"

The City Lord is the younger brother of Nan Zhan Immortal Country, 'Nanyang King' Yun Haishan!

The son of the City Lord is Yun Feiyang, one of the five great Heavenly Pride of the Southern Domain!"

"Now I understand."

Yang Luo nodded in realization, then said, "Brothers, we've been on the road for half a month, let's rest here today, and continue tomorrow to the Ancestor Dragon Sacred Land."

"Alright!"

“Haha, we can finally rest!”

Bujie and Ning Jianfeng responded with a smile.

Subsequently, Yang Luo and his group flew into Tianyuan City.

The city was even more bustling and lively than it appeared from the outside.

On the wide streets, people were coming and going, many shops were open, and vendors were shouting their wares.

However, just at that moment.

The street became noisy.

“Go, go, hurry to the central square, if you’re late you won’t find a good spot!”

“It’s said that Young Master Yun caught a Primordial Species today and is hosting a ‘Beast Viewing Conference’!”

“Isn’t that right, I’ve heard Young Master Yun also invited many people from the Immortal Sects, Immortal Clans, and Holy Lands of the Southern Domain to come and watch!”

“Moreover, Young Master Yun said he will auction off this Primordial Species, who knows what this Primordial Species even looks like!”

People were chatting non-stop, hurrying forward.

Bujie asked in confusion, “What are these guys rushing for?”

What’s this ‘Beast Viewing Conference’ and ‘Primordial Species’ they’re talking about?”

“The Young Master Yun they’re talking about, could it be none other than Yun Feiyang, the son of the Nanyang King?”

Ning Jianfeng also inquired.

Yang Luo asked Wu Qiansheng, “Brother Wu, what is this Primordial Species they speak of?”

Wu Qiansheng was greatly astonished and said, “I once heard from the elders that in the Primordial period, many mutated beasts were born, each with powerful innate divine powers!

They could raise mountains, destroy heaven and earth, overturn heaven and earth, shatter the sun and moon!

However, as time passed, many Primordial Species perished!

Nowadays, the remaining Primordial Species in the Jiuzhou Immortal Domain are few and far between, and it's difficult for ordinary people to encounter them!

Could it be that Yun Feiyang really caught a Primordial Species?"

Lu Yunqi said, "I just wonder what this Primordial Species that Yun Feiyang caught looks like."

Bujie chuckled and said, "Brothers, instead of guessing here, why not go take a look!"

Yang Luo waved his hand and said, "Let's go and join the excitement!"

Just as Yang Luo and the others were preparing to fly.

Suddenly, a loud voice came from behind.

"The eldest lady of the Thousand Illusion Immortal Sect has arrived, non-essential people make way quickly!"

Yang Luo and the others turned to look.

They saw a huge white elephant over a hundred meters tall advancing step by step from afar.

The white elephant was as majestic as a mountain, its tusks as translucent as white jade.

On the back of the white elephant was an ancient pavilion.

A young woman dressed in a white long dress, elegant and graceful, sat in the pavilion drinking tea.

Thunk, thunk, thunk...

Every step of the giant elephant caused the earth to quake, houses to tremble.

However, the stone slabs on the ground were incredibly sturdy, showing no damage even under such heavy stomping.

Moreover, the pavilion atop the elephant remained unshaken, unaffected in the slightest.

Beside the elephant were two groups of people, each looking overbearing.

“Oh my goodness!”

Bujie’s eyes widened, “This elephant is too large, practically like a small mountain!”

“This giant elephant is carrying an ancient pavilion? Amazing!”

Ning Jianfeng couldn’t help but exclaim.

Yang Luo, Xu Ying, and the others were also thoroughly shocked.

Even though they had seen many mutated beasts in Huangzhou and Xuanzhou, they were still awed by this giant elephant.

At this time, the people on the street hurriedly moved to the sides, not daring to block the path.

Yang Luo and the others, caught off guard, hadn’t moved away.

“Didn’t you hear what I said? The eldest lady of the Thousand Illusion Immortal Sect has arrived, make way quickly!”

A young disciple coldly reprimanded Yang Luo and the others, his demeanor arrogant.

Upon seeing this disciple’s attitude.

Bujie immediately got angry, “Damn it, why should we make way for you, is this street yours?”

“Exactly!”

Ning Jianfeng also looked displeased, “This street is so wide, can’t you walk on the side!

Who’s telling you to bring such a large mount, taking up half the street, inconveniencing others, what are you trying to prove!”

“How dare you speak to me like that!”

The young disciple was dumbfounded, obviously not expecting Bujie and Ning Jianfeng to talk back.

“Two little brothers, this pavilion houses ‘Qian Huan’, the eldest lady of the Thousand Illusion Immortal Sect, Lu Xueqi, one of the five great Heavenly Pride of the Southern Domain!”

“Yes, the Thousand Illusion Immortal Sect is one of the strongest in the Southern Domain, renowned throughout the Donghua Divine Continent and not to be trifled with!”

“If you offend Miss Lu today, you will bite off more than you can chew!”

The people on the sides of the street quickly advised Bujie and Ning Jianfeng.

The young disciple looked down at Bujie and Ning Jianfeng with a smug smile, “You heard, didn’t you? Still not making way?”

If you don’t move, I’ll have the Seven Treasures Divine Elephant trample you into a pulp!”

“Are you courting death?”

“Try stomping us if you dare!”

Bujie and Ning Jianfeng were furious.

Yang Luo frowned slightly, “Bujie, Jianfeng, step aside!”

“Brother Yang, why should we give in to their attitude?”

“Exactly, we’re not afraid of them!”

Bujie and Ning Jianfeng were very annoyed.

Yang Luo said solemnly, “We just arrived in Donghua Divine Continent, unfamiliar with the place, let’s avoid causing trouble.”

“Brother Yang is right.”

Wu Qiansheng nodded, “Moreover, the Thousand Illusion Immortal Sect is indeed not to be provoked.”

Hearing Yang Luo and Wu Qiansheng, Bujie and Ning Jianfeng snorted, retreating to the side of the road.

The young disciple looked at Bujie and Ning Jianfeng smugly, his eyes full of disdain.

This left Bujie and Ning Jianfeng fuming, gritting their teeth.

Soon, the giant elephant started moving forward again.

As for Lu Xueqi in the pavilion, she never once glanced at Yang Luo and the others, quietly sipping her tea, seemingly indifferent to everything around her.

## Chapter 2760: Chapter 2760: Heavenly Prides Gather!

Until that group of people went far away.

Bujie and Ning Jianfeng were still simmering with anger.

Ning Jianfeng said angrily, "What nonsense Thousand Illusion Immortal Sect, what nonsense Divine Energy!"

Bujie also said hatefully, "Brother Yang, if you hadn't stopped me, I would've knocked that bastard's teeth out!"

Xu Ying, Mo Qingkuang, and others were also quite angry in their hearts, but remembering Yang Luo's words, having just arrived in Donghua Divine Continent, it was best not to cause trouble easily.

Yang Luo looked at Bujie and Ning Jianfeng with amusement and said, "You two are just like powder kegs; a little spark and you explode.

It would be better for you to restrain your temper a little bit in the future."

Bujie curiously said, "Brother Yang, when did you become so good-tempered?

You've always been the one who sees life and death lightly, and won't back down from a challenge!"

Yang Luo chuckled calmly and said, "Temper also depends on the person. Getting upset with such henchmen only makes oneself uncomfortable and has no meaning."

Ning Jianfeng gave Yang Luo a thumbs up and said, "Brother Yang, your insight is indeed high!"

Bujie said to Yang Luo, "By the way, Brother Yang, what realm is that woman named Lu Xueqi in?

Earlier her lackeys argued with us like that, yet she was indifferent, didn't even care about us."

"They simply do not regard us at all."

Yang Luo replied, and then said, "However, her cultivation is not bad; she has already stepped into the Golden Immortal Middle Stage."

"What the heck?!"

Bujie was shocked immediately, "That woman is actually at the Golden Immortal Middle Stage?!"

Wu Qiansheng also nodded and said, "That's right, I also sensed it. Lu Xueqi's cultivation is indeed at the Golden Immortal Middle Stage."

Ning Jianfeng sneered and said, "So what if it's Golden Immortal Middle Stage, my Brother Yang is at the Golden Immortal Late Stage, only a step away from entering the Golden Immortal Perfected Stage!"

"Exactly, precisely, my Brother Yang is still the strongest!"

Bujie echoed.

"Alright, alright, the two of you, stop with the flattery."

Yang Luo laughed and said, "Let's go, we'll follow along and see the Primordial Species they were talking about."

"Alright!"

Bujie and others nodded in response.

Soon after, Yang Luo and his group flew over, following the crowd forward.

Before long.

Yang Luo and his group arrived at the central square of Tianyuan City.

The entire square was huge, covering the area of seven or eight football fields, with the ground paved with white jade slabs.

The square was already filled with people, and even the sky was filled with people standing.

There were over a hundred thousand people, as if it was a sea of people, bustling and lively.

At the center of the square.

There were a dozen low tables and cushions.

Fruits and fine wines were placed on the low tables.

Quite a few young men and women with outstanding temperaments were already sitting at the tables, drinking and chatting, enjoying themselves.

And in the foremost position sat a young man wearing a dark blue robe, with sword-like eyebrows and starry eyes, his face handsome and refined.

The young man wore a gentle smile, conversing cheerfully with other young men and women.

Wu Qiansheng said aloud, "That young man in the dark blue robe is the son of Nanyang King, the foremost of the five Heavenly Prides in the Southern Domain, 'Nanyang Divine Son' Yun Feiyang!"

"Oh..."

Yang Luo raised his eyes to look at Yun Feiyang, squinted and said, "Didn't expect this Yun Feiyang to be at Golden Immortal Late Stage, not simple!"

"No way, this kid actually has Golden Immortal Late Stage cultivation, same as Brother Yang?!"

Bujie was immediately shocked.

Ning Jianfeng said dismissively, "So what if cultivation is the same, my Brother Yang is invincible in the same realm, can defeat enemies across realms, can this Yun Feiyang do that?"

"Exactly, my Brother Yang is the strongest!"

Bujie nodded repeatedly.

Yang Luo was helplessly amused.

These two comedians always complement each other, but having them around on the road, it's not boring.

Just at this time.

Clang, clang, clang...

A series of heavy footsteps sounded.

Soon afterwards.

A voice came through.

"The First Lady of the Thousand Illusion Immortal Sect has arrived!"

Hearing the voice.

Everyone present turned their heads to look.

They saw a white giant elephant carrying an ancient pavilion coming forward.

“It’s the ‘Thousand Illusion Fairy’ Miss Lu who’s here!”

“It’s said Miss Lu has already stepped into the Golden Immortal Middle Stage, not far from Golden Immortal Late Stage!”

“Moreover, Miss Lu has awakened the ‘Thousand Illusion Immortal Body’ of the Thousand Illusion Immortal Sect, her strength has further increased!”

“Looks like today is truly a gathering of Heavenly Prides, bustling with excitement!”

Everyone present talked and made way.

Quickly, the white giant elephant stopped at the edge of the square.

Lu Xueqi stood, flew out of the ancient pavilion, and her elegant figure landed steadily at the center of the square.

Her long hair flew, her long dress fluttered, truly like a fairy floating in the air.

“Sister Xue Qi, welcome to join us!”

Yun Feiyang stood up to greet her with a smile full of spring warmth.

“Miss Lu indeed has her charm!”

“Sister Xue Qi is truly a beauty of both divine demeanor and national grace, making countless girls ashamed!”

“Key is, Sister Xue Qi’s cultivation is so high too, what are we, these old men, to do!”

The other young men and women sitting around also stood up, greeted Lu Xueqi with cupped hands, and smiled.

Lu Xueqi nodded lightly without speaking, eyes full of pride.

Just at that moment.

Loud laughter came from afar.

“Haha, today this Tianyuan City is really bustling, gathering so many people!”

“Seems like this Primordial Species has quite an attraction!”

“Just don’t know what this Primordial Species looks like!”

Everyone present looked up.

They saw groups fly towards from three directions respectively.

To the east, a massive fire bird hundreds of meters large spread its wings, flew rapidly, carrying a small palace on its back.

The fire bird suddenly flapped its wings, flames soared, seemingly igniting the clouds in the sky, spectacular.

In front of the palace stood a group of people.

Leading was a robust, tall young man in a red robe, extraordinary and heroic.

Wu Qiansheng said, “Brother Yang, that young man in the black robe is ‘Huoyun Saint’ Chu Fenghuo of the Southern Domain Fire Cloud Sacred Land!”

To the west, nine black ferocious tigers with wings pulled a bronze chariot, flying from afar.

“Roar!”

The nine black ferocious tigers let out a deafening tiger roar, overpowering.

Two teams followed alongside, flying through the air.

On the bronze chariot stood a slim and upright young man in a green robe, with a firm look.

Lu Yunqi then said, “The young man on the bronze chariot is the Third Prince of Donghuang Immortal Country, ‘Emperor Donghuang’s son’ Lin Xingzhi!”

To the north, a young man in a gray robe, sturdy and rugged, rode a bull emitting Five-colored Immortal Light, with a single horn atop its head, flying over.

On either side of the young man were accompanied by two teams.

“Moo~”

The Five-Colored Divine Bull let out a roar, its sound resounding across the entire square.

Xia Chaoyang said, "This young man is the foremost Heavenly Pride of the younger generation of the Shen Tu Family, one of the four strongest Immortal Clans in the Southern Domain, 'Qian Tu Immortal Monarch' Shen Tu Xiong!"
