Chapter 441: Regret Living In This World!

At this moment.

Yang Luo did not stop there. Instead, he waved his hand again.

Swish! Swish! Swish! Swish!

Another nine silver needles soared into the sky, streaked across the sky, and pierced a major acupuncture point on Tian Zhen and the other three!

Buzz buzz buzz!

When the silver needle landed, it trembled again and its buzzing echoed in everyone's ears!

In the following period of time...

Yang Luo continued to perform acupuncture. Each time, he circulated nine silver needles and pierced them into the acupuncture points on Tian Zhen and the others.

Using this method, Yang Luo only stopped after circulating it nine times.

At this moment.

Nine silver needles pierced into Tian Zhen and the others.

Coupled with the help of the medicinal pills, everyone's injuries were recovering at a visible speed.

They did not know how much time had passed.

It was only when the silver needles on everyone's bodies stopped trembling that Yang Luo waved his hand and retracted all the silver needles.

He could sense that everyone's injuries had almost recovered.

Now, everyone was in the final stage of recuperation.

Therefore, Yang Luo did not disturb everyone. Instead, he sat cross-legged and began to cultivate.

Although he was not injured in tonight's battle, he had exhausted a lot of True Qi. He had to recover quickly.

This lasted until the sunlight shone into the living room through the floor-to-ceiling windows.

“Phew...”

Yang Luo exhaled softly and slowly opened his eyes.

After a few hours of cultivation, the True Qi in his body returned to its full state.

Furthermore, he could sense that he was only half a step away from entering the mid-stage of the Shedding Mortality Realm.

At this moment, Tian Zhen and the other three were shining with various lights and were still healing.

Yang Luo took a closer look at the nine people through the “Diagnosis via Observation”.

Only after knowing that everyone’s injuries had already healed did he feel relieved.

Less than ten minutes later.

Tian Zhen and the others woke up from their meditation one after another.

Yang Luo smiled and asked, “How is it? Have your injuries recovered?”

Yu Dian jumped up from the ground and hugged Yang Luo excitedly, “Vice Pavilion Master Yang, you’re a god!

In just a few hours, you completely healed our injuries. This is too heaven-defying!

Come, come, come, let me give you a kiss!”

“Get lost!”

Yang Luo pushed Yu Dian aside angrily.

Lan Xiaomeng waved her fist and said in surprise, “Vice Pavilion Master Yang, I feel that not only have my injuries recovered, but my condition has also recovered!

Now, I can kill a tiger with one punch!”

Zuo Wei could not help but sigh, “Vice Pavilion Master Yang, I originally thought that I would lie in the hospital for a few months after this mission, but I didn’t expect to recover in a few hours!

You’re really too awesome!”

Tian Zhen and the others were also full of admiration for Yang Luo.

They never expected that not only did Yang Luo know martial arts, spells, and alchemy, but he also understood medicine. Most importantly, he was very proficient in all of them.

Martial Dao master!

A spellcaster!

An Alchemy Grandmaster!

A Master of Medicine!

He was simply omnipotent!

No wonder the pavilion master would let this young man be the leader of the Heavenly Doctor Team and the Vice Pavilion Master of the Hidden Dragon Pavilion.

Not to mention being the Vice Pavilion Master, even if he was the Pavilion Master, they would agree.

Yang Luo smiled faintly and said, “Everyone, we could be considered to have lived and died together last night.

In the future, you don't have to call me Vice Pavilion Master. You can call me by my name or call me Brother Yang.

After all, I'm about the same age as you guys, and I'm younger than some of you."

"Alright, Brother Yang!"

Lan Xiaomeng giggled and asked, "Brother Yang, do you have a girlfriend? Can I be your girlfriend?"

"Well..."

Yang Luo smiled awkwardly and said, "Little Meng, I already have a girlfriend. Forget it."

"Hahaha..."

"Little Meng, stop scaring Brother Yang!"

"That's right. Brother Yang must have been frightened by your muscular woman form!"

Everyone laughed heartily.

"Boohoo, Brother Yang despises me!"

Lan Xiaomeng pretended to be sad and started crying.

Yang Luo was caught between laughter and tears. "Alright, alright, stop fooling around. Everyone, quickly wash up and go downstairs for breakfast. After breakfast, we'll return to headquarters to report!"

"Yes!"

Tian Zhen and the others replied in unison and left the room.

After washing up, Yang Luo and the others came to the first floor of the hotel for breakfast.

During breakfast, everyone was chatting and laughing. The atmosphere was very happy.

Meanwhile, Yang Luo took out his phone and turned it on.

He had kept his phone switched off last night, so he didn't know if anyone had contacted him.

However, just as his cell phone turned on, Yang Luo saw missed calls and messages.

Su Qingmei, Prajna, Xu Ying, Bujie, Hong Zekai, Chen Rongrong, and the others had called.

Yang Luo was shocked!

Could it be that something happened in Jiang City again?

He could not be blamed for thinking that way.

After all, the incident of the twelve families making things difficult for the Su family and the Qin family not long ago was still vivid in his mind.

Hence, Yang Luo quickly called Su Qingmei.

The call was quickly picked up.

“Yang Luo, where did you go last night? Why did you turn off your cell phone?”

Su Qingmei’s voice sounded.

Yang Luo replied, “I went to settle something last night. Why? Did something happen?”

Su Qingmei said, “Last night, an old fellow called Takeda Shinzo swept through 19 martial arts dojos in Jiang City!

Alliance Master Hong and the other dojo masters of the 19 martial arts schools were all severely injured. The tendons in their hands and legs were broken, and their dantians were crippled!

“Moreover, many disciples from the 19 martial arts schools have also died!”

“What?!”

Yang Luo’s expression changed drastically, “Alliance Master Hong and the others were injured?!”

“How are Alliance Master Hong and the others’ injuries now? Are their lives in danger?!”

Su Qingmei said, “It seems to be very serious. I’m going to the Central Hospital to visit Alliance Master Hong and the others now!

In short, if you have nothing else to do, come back quickly!”

“Alright, I’ll rush back now!”

Yang Luo replied and hung up.

“Brother Yang, did something happen?”

Tian Zhen asked when he saw Yang Luo’s ugly expression.

Yang Luo took a deep breath and said, “Something happened in Jiang City. I have to rush back.

“Therefore, I’ll leave the matter of reporting to Pavilion Master Mo to you.”

“Brother Yang, do you need our help?”

Feng Lengyue hurriedly asked.

Tian Zhen also said, “Brother Yang, no matter what you want us to do, you can just say it!”

The others also looked at Yang Luo for explanation.

Yang Luo had saved their lives last night. Even if Yang Luo asked them to go through hell and high water, they would not refuse.

Yang Luo waved his hand and said, “I appreciate everyone’s kindness, but I can handle this matter.

If I really need your help, I'll contact you.”

“Yes!”

Tian Zhen and the others nodded.

“Alright, I'll take my leave first!”

Yang Luo bade them goodbye, stood up, and left the hotel.

After leaving the hotel, Yang Luo hailed a taxi and booked the earliest flight to Jiang City, heading straight for Tai City Airport.

After arriving at the airport, Yang Luo waited for a while before getting on a plane and flying away from Tai City.

Looking at the blue sky and white clouds outside the window, Yang Luo's expression was cold as he muttered, “No matter who it is, since you dare to touch my friends, I'll make you regret living in this world...”

Chapter 442: Creating Another Miracle!

It was past five in the afternoon.

Jiang City Central Hospital.

In a special care ward...

There was a bed in the ward. Hong Yunzhi was lying unconscious on the bed. His body was covered in gauze, and his legs and arms were covered in plaster.

There were many people standing around.

Hong Zekai asked Huang Tai'an with red eyes, “Divine Doctor Huang, how's my father? Why isn't he awake yet?”

Huang Tai'an sighed and said, “Mr. Hong, Alliance Master Hong's injuries are too serious.

Although Old Cao, I, and the others can stabilize Alliance Master Hong's injuries, it's too difficult to treat his injuries.”

Cao Jisheng consoled him, “Mr. Hong, don't be nervous. Master said that he's already on his way back.

As long as Master makes a move, he will definitely be able to cure Alliance Master Hong.”

Su Qingmei also comforted him, “Mr. Hong, Yang Luo called me at around ten in the morning and said that he had already boarded the plane.

However, he's rushing to Jiang City from Tai City. It's a little far, so he needs some time.”

Hong Zekai clenched his fists and gritted his teeth, “Brother Yang, please come back quickly!”

At this moment...

“Divine Doctor Huang, come and take a look. My father seems to be dying!”

A choked voice came from outside.

Everyone turned around and saw Chen Rongrong running in crying.

“Rongrong, what’s wrong?”

Hong Zekai hurriedly asked.

Chen Rongrong sobbed and said, “My father, he suddenly vomited blood just now!”

“What?!”

Everyone was shocked.

“Let’s go and take a look!”

Huang Tai’an’s expression darkened as he hurriedly rushed out.

The others followed along suit with them.

They arrived at the ward next door.

What greeted them was the sight of the bed and floor covered in blood.

Lying on the bed, Chen Qingshan’s face was pale and his mouth was still bleeding.

The nurses were all frightened and stood there, not knowing what to do.

Huang Tai’an quickly went forward and took Chen Qingshan’s pulse before starting to perform acupuncture on him.

After the acupuncture was over, Chen Qingshan’s condition stabilized and his mouth stopped bleeding.

“Divine Doctor Huang, how is my father?”

Chen Rongrong asked nervously.

Huang Tai’an sighed and said, “Miss Chen, although I stabilized your father’s injuries, I still can’t completely treat him.

Let’s wait for Master to come back.”

Qiao Yongjie comforted her, “Rongrong, don’t worry. Brother Yang’s medical skills are so amazing. He will definitely be able to treat Uncle Chen!” “Yes!”

Chen Rongrong wiped her tears and nodded heavily.

Yuan Yiming said sadly, “I naturally trust Brother Yang’s medical skills. He will definitely be able to treat our father.

However, our father’s dantian was shattered by that old fellow.

Even if his injuries are healed, he will not be able to cultivate in the future.

“To our father and the others, this is undoubtedly a fate worse than death.”

Hearing Yuan Yiming’s words, Hong Zekai and the others fell silent. The atmosphere was very oppressive and sad.

That’s right. Even if Brother Yang could cure their father, he probably would not be able to repair the dantian.

Huang Tai’an took a deep breath and said, “Everyone, don’t jump to conclusions so early. We have to believe in Master!

Master has created miracles one after another previously. This time, he will definitely create another miracle!”

Everyone nodded. They could only hope that Yang Luo could create another miracle.

At this moment...

A call was made to Su Qingmei’s phone.

Su Qingmei picked up the call.

After the call, Su Qingmei said excitedly, “Yang Luo said that he’s already at the entrance of the hospital!”

“Really?!”

“Brother Yang is back. That’s great!”

“Let’s go, let’s go out and welcome him!”

Everyone got excited and rushed out of the ward.

As soon as they reached the corridor, they saw a figure quickly walking over.

It was Yang Luo.

“Master!”

“Mr. Yang!”

“Brother Yang!”

Everyone was overjoyed and hurriedly went forward.

Yang Luo walked over and said apologetically, “Everyone, I’m sorry that I came back late.”

Huang Tai’an shook his head and said, “Not late, you’re just on time. Master, it’s good that you can rush back in time.”

“Brother Yang, please save my father!”

“Brother Yang, as long as you can save my father, I’ll do anything!”

Hong Zekai, Chen Rongrong, Qiao Yongjie, and Yuan Yiming sobbed and were about to kneel down.

Yang Luo went forward to help Hong Zekai and the other three up. His eyes were firm as he said, “Don’t worry, I’ll definitely treat Alliance Master Hong and the others!”

“Alright, let’s not talk anymore. Hurry up and bring me to see Alliance Master Hong and the others!”

Then, everyone brought Yang Luo to the wards.

Yang Luo also carefully examined Hong Yunzhi and the other 19 dojo masters, as well as the other heavily injured dojo disciples.

When they returned to the ward where Hong Yunzhi was, Huang Tai’an hurriedly asked, “Master, can you treat Alliance Master Hong and the others?” Yang Luo said, “Although Alliance Master Hong and the others’ injuries are very serious, it’s not a big problem for me. I can treat them.”

Hearing Yang Luo’s words, everyone’s faces lit up.

Indeed, the Divine Doctor was the Divine Doctor.

No matter how serious the injury was, there was a way to treat it.

“Brother Yang, can my father’s dantian recover?”

Hong Yunzhi asked respectfully.

Chen Rongrong, Qiao Yongjie, Yuan Yiming, and the others also looked at Yang Luo worriedly.

Yang Luo said, “Although Alliance Master Hong and the others’ dantian has been shattered, fortunately, it was not too long ago.

Therefore, it’s only a little troublesome for me to repair their dantian.”

As soon as these words were spoken...

Everyone was overjoyed.

“Great, that’s great!”

“Brother Yang, hurry up and treat them!”

Hong Zekai and the others were so happy that they wanted to jump up.

“Yes!”

Yang Luo nodded and walked to the bed, “Undress Alliance Master Hong!” “Alright!”

Hong Zekai responded and quickly went forward to unbutton Hong Yunzhi’s shirt.

Then, Yang Luo took out the silver needles and mobilized the True Qi in his body. He used the Nine Needles of Heavenly Dao and pierced the various acupuncture points on Hong Yunzhi’s body one after another.

The first eight silver needles pierced the other eight acupuncture points on Hong Yunzhi’s body, while the ninth silver needle pierced Hong Yunzhi’s dantian.

After the acupuncture was over, Yang Luo stretched out his hands and used the Tendon Changing and Bone Tempering Hands to connect Hong Yunzhi’s broken bones and meridians.

At this moment...

The entire ward was extremely quiet.

He could only hear the sound of the silver needles trembling and the cracking sound of bones being repaired.

Although everyone present had seen Yang Luo use his magical medical skills more than once...

However, every time they witnessed this scene, it refreshed their worldview.

Especially Huang Tai'an, Cao Jisheng, Han Shouli, and Sun Boren.

Every time they saw Yang Luo use his medical skills, they would obtain new insights.

This lasted until all the broken bones and meridians on Hong Yunzhi's body were reconnected.

Yang Luo turned his right hand into a palm and continuously mobilized the True Qi in his body. He then continuously transferred the True Qi into Hong Yunzhi's dantian to repair it..

Chapter 443: No Creation Without Destruction!

Seconds ticked by.

Everyone present stared at this scene intently and did not dare to breathe loudly, afraid of disturbing Yang Luo.

A full half an hour passed.

When all the silver needles stopped trembling, Yang Luo retracted his hand and all the silver needles.

“Brother Yang, how's my father?”

Hong Zekai asked anxiously.

Yang Luo smiled faintly and said, “Don't worry, Alliance Master Hong's injuries are almost healed.

The broken bones and meridians in his body were also reconnected by me.

As for his shattered dantian, I've also repaired it.”

“Really... Is this true?!11

Hong Zekai suppressed the excitement in his heart and his entire body was trembling.

But at this moment...

Hong Yunzhi slowly opened his eyes.

“Alliance Master Hong is awake!”

“He's awake, he's really awake!”

Everyone shouted happily.

“Dad!”

Hong Zekai hurriedly rushed over, tears streaming down his face.

“Little Kai, what’s wrong...”

Hong Yunzhi was still at a loss.

Hong Zekai said, “Dad, Brother Yang found out that something had happened to you and rushed back to treat you.”

Hong Yunzhi cupped his hands and said, “Thank you, Mr. Yang. I owe you another huge favor...11

However, halfway through his sentence, he was stunned for a moment and said in surprise, “My hand has actually recovered?!”

He originally thought that Yang Luo had only cured his injuries.

Unexpectedly, Yang Luo even cured his hand.

After all, the Takeda Shinzo had broken the bones and meridians in his hands and legs last night.

Yang Luo smiled and said, “Alliance Master Hong, sit up and stretch your body. See how it is.”

“Alright!”

Hong Yunzhi nodded and sat up. He stretched his body and immediately became excited.

“Mr. Yang, your medical skills are really amazing. I feel much better!”

Hong Yunzhi sighed in admiration.

But soon, a pained expression appeared on his face, “Unfortunately, my dantian has already shattered. I’m afraid I won’t be able to cultivate martial arts in the future...”

“Who said you can’t cultivate martial arts in the future?”

Yang Luo smiled and said, “Alliance Master Hong, circulate your cultivation technique and see if you can cultivate it.”

Hong Yunzhi looked at Yang Luo in confusion, but he didn’t think too much about it. Instead, he circulated his cultivation technique.

A few minutes later...

“This, this, this...”

Hong Yunzhi was dumbfounded, “What’s going on? How did my dantian recover?!11

“Furthermore... Furthermore, my cultivation has actually broken through!”

Therefore, he could clearly feel that his dantian had recovered. His cultivation had even stepped from the late-stage to the perfected Grandmaster Realm. “Dad, not only did Brother Yang heal your injuries, but he also repaired your dantian...”

Halfway through his sentence, Hong Zekai perked up, “Dad, what did you just say? Your cultivation level broke through?!”

Yang Luo said, “When I was treating Alliance Master Hong, I realized that Alliance Master Hong’s cultivation was about to break through.

This time, Alliance Master Hong could be considered to have achieved a state similar to no creation without destruction.

After I repaired his dantian, his cultivation naturally broke through.

Moreover, Alliance Master Hong’s cultivation will be smoother in the future.¹¹ Hong Yunzhi got off the bed and knelt down in front of Yang Luo. He cried tears of joy and said, ‘Thank you for your kindness, Mr. Yang. I can’t repay you! No matter what you ask me to do in the future, I won’t say no!’¹

Yang Luo raised his hand to help Hong Yunzhi up and said, “Alliance Master Hong, we’re all friends. There’s no need to say these words.

Back then, when I destroyed the twelve families of Jiang City, you helped me a lot.”

Su Qingmei also wiped the tears from the corners of her eyes and said, “That’s right, Alliance Master Hong. Don’t stand on ceremony. We’re all friends.” “Yes, yes, yes. We’re friends. Friends!”

Hong Yunzhi stood up and was so happy that he didn’t know what to do.

Yang Luo took out another Essence Augmenting Pili and handed it to Hong Yunzhi, “Alliance Master Hong, these are the Essence Augmenting Pills I refined. They’re very effective for healing.

Although your injuries have almost recovered, you still need to consolidate your body.¹¹

“Thank you, Mr. Yang. Thank you!”

Hong Yunzhi was so touched that tears welled up in his eyes. He took the Essence Augmenting Pills.

“Alright, let’s talk later. I’ll go treat Hall Master Chen and the others first.”

Yang Luo said and hurriedly walked out of the ward.

In the following period of time...

Yang Luo went in and out of the wards and used the same method to treat Chen Qingshan, Qiao Jingsong, Yuan Shichuan, and the other hall masters. He also repaired their dantians.

Chen Qingshan and the others were also emotionally moved when they woke up, they kowtowed to Yang Luo to thank him.

Time passed quickly. In the blink of an eye, it was past eight in the evening.

The night was as dark as ink, and the crescent moon hung high.

Somewhere far away from the center of Jiang City...

There was a primary school here called “Nagawa National Junior”.

This elementary school was wholly invested and built by Country Sakura in

Jiang City. It only recruited students from Country Sakura.

At this moment...

Special vehicles sped over from afar and stopped not far from the school.

The car door opened and a group of uniformed men and women got out.

These people were all from Jiang City's General Administration.

Among them was a beautiful figure with a graceful figure. It was Chu Yanran.

Wang Feng was among them.

After this period of investigation, Chu Yanran and the others had already found out that the group poisoning incident last time was related to Nagawa National Junior.

They were here today to investigate this matter thoroughly.

After getting out of the car...

Chu Yanran and the others quickly approached the school gate.

“Open the door!”

Chu Yanran waved her hand and gave the order.

A man took out a gun and fired at the lock on the door.

Bang!

A gunshot rang out!

The lock on the door was broken!

“Let's go!”

Chu Yanran kicked open the door and rushed in with her men.

“Who is it?!”

“Stop right there!”

A few security officers in the school were alarmed and rushed over.

“Knock them out!”

Chu Yanran waved her hand and gave the order.

A few uniformed men rushed forward and knocked out the security officers.

Then, Chu Yanran and the others rushed into a building and arrived at the principal's office.

“Captain Chu, is there really a secret elevator here?”

Wang Feng asked Chu Yanran.

Chu Yanran said, “Since our people found out that there's a secret elevator here, it can't be wrong. Everyone, look carefully!”

“Yes!”

Everyone responded and started searching in the office.

They only needed to search for a while.

A man shouted, “Captain Chu, this bookshelf can be moved!”

Chu Yanran and the others quickly walked over and moved the bookshelf away.

When the bookshelf moved away, an elevator was built inside.

There was a password lock on the elevator.

Chu Yanran instructed a man, “Little Zhang, open the password lock!”

“Yes!”

A man called Xiao Zhang walked over and took out a special instrument to unlock it.

After more than ten minutes...

With a click, the combination lock was unlocked and the elevator doors opened..

Chapter 444: Pursuit Under the Night!

However, the elevator space was a little small. It could only accommodate six people at a time.

Chu Yanran said to Wang Feng, “Wang Feng, I’ll bring five people down first. You bring the others down later.”

Wang Feng frowned and said, “Captain Chu, I keep feeling that something is wrong. Why don’t I bring my men down first?”

“Alright, stop arguing. I’m the captain of this operation. Naturally, I have to take the lead.”

With that, Chu Yanran led the five of them into the elevator.

After entering the elevator.

Chu Yanran pressed the button for basement one.

After the elevator door closed, the elevator quickly descended.

A few minutes later...

Ding!

The elevator doors opened.

They walked out of the elevator and saw a long passageway ahead.

There were light bulbs installed on the top, illuminating the passageway.

Chu Yanran narrowed her eyes and said, “What are the Nagawa Junior people doing underground? Why is it so mysterious?”

A man said, “Captain Chu, let’s go take a look at the front.”

“Alright!”

Chu Yanran nodded and took out her pistol, “Everyone, be careful!”

The five men following behind nodded and also took out their pistols.

Then, Chu Yanran and the others walked along the passageway.

After making a few turns, Chu Yanran and the others saw a metal door in front of them.

After approaching the metal door and confirming that there was no danger, Chu Yanran kicked out.

As the door was not locked, it was easily kicked open.

However, the moment the door was kicked open!

Chu Yanran and the others were instantly stunned by the scene inside!

What greeted them was a spacious and bright laboratory behind the door.

There were many computers, high-tech equipment, and some bottles and cans in the laboratory.

Complicated characters could be seen jumping on the screens on the wall.

However, the laboratory was very quiet and there was no one around.

“There’s actually a laboratory here?”

What exactly is it for?”

Chu Yanran was very puzzled. She looked inside and said, “Let’s go in and take a look!”

As she spoke, Chu Yanran led the five of them in.

After entering the laboratory, Chu Yanran and the others looked around.

Chu Yanran said, “Check what’s in these bottles and jars.”

The other five nodded and carefully examined the contents.

After a while...

One of the men picked up a glass bottle containing a red liquid and said, “Captain Chu, the liquid inside is very similar to a poison we discovered in the canteen of the First Experimental Primary School!”

“Really?!”

Chu Yanran quickly ran over.

“I can basically confirm it!”

The man nodded.

“Captain Chu, this liquid inside is also very similar to a poison we detected!”

At this moment, another man picked up a glass bottle containing a green liquid.

Chu Yanran’s pretty face turned cold as she said, “As expected, the last time the children were collectively poisoned was related to this school!

That new toxin is very likely to have come from this laboratory!”

“Why are these people from Cherry Blossom Nation developing this poison? What are they trying to do?”

A young woman asked.

Chu Yanran said in a low voice, “They definitely don’t have any good intentions!”

“Captain Chu, there’s a secret door here!”

At this moment, another man made a new discovery.

Chu Yanran and the others walked over.

As expected, there was a secret door behind a projection screen.

Chu Yanran said, “Open it and take a look.”

A man immediately grabbed the handle and opened the door.

As soon as the door opened, he saw another passageway behind it.

“Did you guys hear that? There seem to be footsteps!

Could it be that our actions have been discovered? Someone escaped before we arrived?”

Chu Yanran was a Martial Warrior, so her hearing was naturally much stronger than ordinary people.

But right at this moment...

Beep, beep, beep!

An alarm suddenly sounded in the laboratory.

“What’s that sound?!”

Someone asked.

Chu Yanran looked in the direction of the sound.

He saw that there was a time bomb on the ground of the laboratory. It was already counting down!

5, 4, 3-

“Bombs! Retreat!”

Chu Yanran’s expression changed drastically as she shouted in shock.

Before her voice could fade...

Booom!

The bombs detonated!

Flames soared into the sky, and dust billowed!

Everything in the laboratory was blown to pieces!

A few holes were blasted through the ceiling, and rocks rolled down!

Five of the police were killed on the spot!

Chu Yanran was blasted to the ground. Her body was covered in dust and blood everywhere. She was in a daze.

If not for the fact that she had condensed her True Qi barrier the moment the bomb exploded, she would have been killed long ago.

“Captain Chu! Captain Chu! What happened?!”

At this moment, Wang Feng rushed in with a group of men and women.

When they saw the mess in front of them, they were stunned.

Chu Yanran got up from the ground. Her eyes were red as she said, “Wang Feng, this is a laboratory!

We discovered that the last time the children were collectively poisoned was related to this laboratory!

Unexpectedly, there was a time bomb in this laboratory!

When the bomb exploded just now, Little Li and the others were all killed!”

“What is this?”

“Could it be that our operation has been discovered?!”

Wang Feng and the others looked at the five corpses in the ruins and said in a daze, their hearts aching.

Chu Yanran pointed at the passageway behind the secret door and gritted her teeth, “I heard footsteps in that corridor just now!

The people in the laboratory must have escaped before we arrived!

We have to catch up to them and capture them!

Our people can’t die in vain!”

Wang Feng said anxiously, “Captain Chu, should we report this matter to Director-General Lei and wait for his orders?”

“It’s too late. By the time Director-General Lei gives the order, those guys will probably have run away!”

Chu Yanran replied and rushed into the passageway.

“Let’s go!”

Wang Feng also clenched his fists and rushed into the passageway with the others.

Chu Yanran and the others ran wildly in the passageway.

After running for an unknown period of time, they saw a staircase at the end of the passageway.

They ran all the way up the stairs.

The moment they ran up, they realized that there was another passageway ahead.

The tunnel was surrounded by uneven rocks. It looked like a natural cave.

When Chu Yanran and the others rushed out of the cave, they realized that this was a desolate mountain area.

There were even a few forests around.

“There’s someone there!”

Wang Feng pointed in a distant direction.

Chu Yanran and the others looked over.

He saw a few men in Country Sakura’s martial arts uniform protecting a few men and women in white coats as they ran into the distance.

“Chase!”

Chu Yanran shouted and chased after them.

Wang Feng and the others also followed.

They chased after the culprits relentlessly.

After chasing for more than 20 minutes, after running out of this desolate mountain area, there was a main highway not far ahead.

There were a few commercial cars parked by the roadside.

The door of one of the MPVs opened.

A thin old man in a black robe with gray hair and beard got out of the car, holding onto a sword at his waist..

Chapter 445: It’s Time to Send You On Your Way!

“Takeda-kun, I’ll leave these guys to you!”

An old man from Country Sakura, who was wearing a white coat and black-framed glasses, said to the old man.

“Mr. Takeda, these Chinese people have been chasing us all the way. They’re too hateful. We can’t let them off!”

An old Caucasian man also said fiercely.

This black-robed old man was the sect master of Country Sakura's Divine Martial Sect, Takeda Shinzo.

Originally, he came to China this time to avenge his disciple.

However, he had received a request from the higher-ups of Country Sakura at the last minute to escort these professors back to Country Sakura.

Therefore, he could only do as he was told.

Takeda Shinzo said indifferently, "Dr. Fujiwara, Dr. Oliver, don't worry. Leave these guys to me."

"Many thanks!"

The two old men thanked him and got into the car with the others.

At this moment.

Chu Yanran, Wang Feng, and the others also ran over. They took out the guns in their hands and pointed them at Takeda Shinzo and the people in the car.

"Get out of the car!"

Chu Yanran roared.

"You're already surrounded. Don't resist uselessly!"

Wang Feng also shouted coldly.

Takeda Shinzo smiled teasingly and said, "Do you think you can threaten me with these guns in your hands?"

Chu Yanran frowned. She sensed the aura of a Martial Warrior from this old man.

More importantly, she could not sense this old man's cultivation at all.

In other words, this old man's cultivation must be higher than hers.

But even so, she could not retreat now.

It was not easy to catch up to these guys. How could she let them escape?

Takeda Shinzo sneered and said, "If you have the ability, shoot. If you can injure me, you'll be considered powerful."

"Old man, don't be smug. Hurry up and squat down with your hands on your head!"

A man roared at Takeda Shinzo.

"You have a death wish for being rude!"

Takeda Shinzo shouted coldly and raised his right hand, pointing at the man.

Psh!

A black-purple True Qi shot out and pierced through the man's glabella!

The man's eyes widened in fear as he fell heavily to the ground!

“Little Wu!”

Chu Yanran and the others shouted in shock.

“Seeking death!”

Wang Feng roared and fired.

Chu Yanran and the others also fired.

Bang! Bang! Bang! Bang!

Gunshots rang out!

Bullets shot towards Takeda Shinzo like locusts!

However, the moment the bullets arrived!

Takeda Shinzo's body shook!

A black-purple True Qi immediately surged out of his body and condensed into a True Qi barrier that enveloped him!

Ding, ding, ding!

The bullets hit the True Qi barrier, emitting crisp sounds of collision!

Flames shot in all directions and True Qi fluctuated, making one's heart palpitate!

Seeing that Takeda Shinzo was not even afraid of bullets, the expressions of Chu Yanran and the others changed drastically!

This old man was indeed not an ordinary person!

“Takeda-kun is the sect master of Country Sakura's Divine Martial Sect and a Martial King Realm expert. These guys actually dare to use their guns in front of Takeda-kun. How laughable!”

“With Takeda-kun around, we can definitely leave this place safely!”

The people in the car sneered and looked at Chu Yanran and the others with mocking gazes.

At this moment.

The corners of Takeda Shinzo's mouth curled up slightly as he said indifferently, “I told you that you can't hurt me with a few lousy guns. Why don't you believe me?”

“You... Who exactly are you?!”

Wang Feng asked in surprise.

Takeda Shinzo narrowed his eyes and smiled, “I'm the sect master of Country Sakura's Divine Martial Sect, Takeda Shinzo!”

“You're Takeda Shinzo?!”

Chu Yanran was shocked and her face turned pale.

She also knew that a man named Takeda Shinzo had swept through the 19 martial arts schools in Jiang City last night.

From last night to today, their General Administration had been searching for the Takeda Shinzo.

However, she did not expect to meet them here.

At the thought that even the dojo masters of the 19 martial arts schools were not this old man's match, Chu Yanran felt a sense of despair.

“Forget it, i won't play with you anymore. It's time to send you on your way!”

Takeda Shinzo said indifferently and waved his right hand!

Pew pew pew!

The bullets that were blocked instantly changed directions and shot towards Chu Yanran and the others!

“Be careful!”

Chu Yanran shouted in shock and dodged to the side.

Wang Feng and the others also dodged.

Chu Yanran and Wang Feng were both Martial Warriors. Their reactions were very fast, and they dodged immediately!

However, the others were just ordinary people with good skills, so they could not dodge at all!

Puff! Puff! Puff!

Bullets pierced through the hearts of these people and their chests. Blood splattered as they fell to the ground!

“Old thing, you deserve to die!”

Chu Yanran was furious and rushed towards Takeda Shinzo!

Wang Feng's eyes were also bloodshot as he rushed forward!

The moment they approached Takeda Shinzo...

Chu Yanran and Wang Feng each attacked with their palms and fists, attacking Takeda Shinzo!

“You overestimate yourself!”

Takeda Shinzo snorted coldly and casually raised his right hand to meet the attack!

Thud!

The two collisions overlapped and let out a muffled bang!

“Ugh!”

“Alih!!”

Chu Yanran and Wang Feng could not withstand this palm at all and were sent flying!

However, Takeda Shinzo did not stop. Instead, he waved his right hand and sent out a violent True Qi at Wang Feng.

“Pfft...”

Wang Feng spat out a mouthful of blood and flew more than ten meters away. He fell heavily to the ground and did not move.

“Wang Feng!”

Chu Yanran stabilized her body and shouted at Wang Feng.

But there was no response.

There was no mercy in Takeda Shinzo’s eyes as he walked towards Chu Yanran.

“Old thing, I’ll fight you to the death!”

Chu Yanran roared and dragged her injured body towards the Takeda Shinzo.

However, before Chu Yanran could approach, Takeda Shinzo reached out with his right hand and grabbed her throat, lifting her up!

“Uhhhhh...”

Chu Yanran’s face turned red. She felt that she could not even breathe. It was very painful.

Just as Takeda Shinzo was about to twist Chu Yanran’s throat...

The old man from Country Sakura in the car shouted, “Takeda-kun, wait!”

Takeda Shinzo asked, “Dr. Fujiwara, what’s the matter?”

The old man from Country Sakura said, “I think this woman seems to be the leader of this group of people. Her position in Jiang City’s General Administration should not be low.

Instead of killing her, we might as well use her as a hostage.

It won’t be too late to deal with this woman after we successfully escape to the sea.”

Takeda Shinzo frowned and said, “Dr. Fujiwara, even without hostages, I can still escort you back to the country.”

The old man from Country Sakura said, “To be safe, let’s keep this woman.”

“Alright.”

Takeda Shinzo didn’t argue further and nodded.

Then, Takeda Shinzo brought Chu Yanran into the car.

Soon, a few cars started up and left.

Not long after the car left...

Lying on the ground, Wang Feng, who was seriously injured, took out his cell phone and called Lei Guodong.

The call was quickly picked up.

“Little Wang, how’s the operation going? Have you investigated clearly?”

Lei Guodong’s voice sounded.

“Director-General Lei... something happened on our side...”

Wang Feng weakly told Lei Guodong what had happened.

After saying that, Wang Feng fainted...

Chapter 446: Be Exterminated!

It was past seven in the evening.

Jiang City Central Hospital.

Yang Luo had already treated all the dojo masters and heavily injured martial arts disciples.

At the same moment...

Yang Luo was talking to Hong Yunzhi in the ward about last night.

After listening to Hong Yunzhi’s story, Yang Luo’s expression turned completely cold, and his eyes were filled with killing intent.

Yang Luo clenched his fists tightly and said fiercely, “Divine Martial Sect, Takeda Shinzo, right? Since you’re here, then wait to be exterminated!”

As he spoke, Yang Luo asked Hong Yunzhi, “Alliance Master Hong, do you know where this old fellow is?”

Before Hong Yunzhi could answer...

Hong Zekai said, “Brother Yang, ever since that old fellow left last night, I sent people from the martial arts school to find his whereabouts.

But for some reason, this old fellow has disappeared.”

Chen Rongrong also said, “Brother Yang, our martial arts school hasn’t found the whereabouts of that old man either.”

Qiao Yongjie, Yuan Yiming, and the others nodded as well. No matter what they did, they could not find the whereabouts of the Takeda Shinzo.

“That’s strange.”

Yang Luo frowned and said, “Didn’t this old fellow come for me? Why did he suddenly disappear?”

Bujie curled his lips and said, “Brother Yang, do you think this old fellow knew that you were very powerful and was scared away?”

“I don’t think so.”

Hong Yunzhi shook his head and said, “That old man was very arrogant last night. He swore that he wouldn’t stop until he killed Mr. Yang.”

Bujie scratched his head and said, “Jiang City is only so big. Then where did this old fellow go?”

Yang Luo pondered for a moment and said, “Alliance Master Hong, continue to send the disciples of the various martial arts schools to find the whereabouts of that old fellow.

I’ll also get the others to find out where that old fellow is.”

“Alright!”

Hong Yunzhi nodded.

Yang Luo took out his cell phone and called Jiang Tianlong, asking him to send members of the 32 Chambers of Commerce to search the entire city for the Takeda Shinzo.

Moreover, Yang Luo had also sent a message to the leader of the Hidden Dragon Pavilion’s branch in Jiang City, asking the Hidden Dragon Pavilion to send people to search for him.

After doing all this, Yang Luo said to Hong Yunzhi, “Alliance Master Hong, you and Hall Master Chen should recuperate well these few days.

“Don’t worry, I’ll definitely find that old fellow and avenge you.”

Hong Yunzhi reminded him, “Mr. Yang, that old man is very strong. You have to be careful!”

“That’s right, Brother Yang, you have to take care of yourself!”

Hong Zekai and the others also reminded him.

“Don’t worry!”

Yang Luo gave everyone a reassuring look before saying, “Qingmei, Prajna, Xu

Ying, Bujie, let’s go back. We won’t disturb Alliance Master Hong and the others’ rest.”

Su Qingmei, Prajna, Xu Ying, and Bujie nodded and left the ward with Yang Luo.

Huang Tai’an, Cao Jisheng, Han Shouli, and Sun Boren also followed.

Soon, Yang Luo and the others arrived at the entrance of the hospital.

Huang Tai’an suddenly thought of something and said, “Master, there’s something I forgot to tell you.”

“What is it regarding?”

Yang Luo looked puzzled.

Huang Tai’an said, “The day before yesterday, Alinda said that something happened in the association, so she rushed back to settle it.

Alinda asked me to tell you that she’s gone back and not to forget her.”

Hearing Huang Tai’an’s words, Yang Luo actually felt a trace of reluctance.

In his mind, he also thought of the beautiful face with amber curly hair and blue eyes.

He also recalled the scene of the woman accompanying him to save those children.

He recalled the woman's words that sounded like a confession.

Although he had not interacted with that woman for long, she had already left a deep impression in his heart.

Perhaps the next time they met would be at the Medical Dao Competition.

“Master, this is a gift from Alinda.”

Huang Tai'an handed Yang Luo an exquisite box.

Yang Luo took the box and opened it to take a look. It was actually a man's watch.

Prajna glanced at it and exclaimed, “It's actually the latest men's watch from Cartier. It looks like it costs 100,000 USD!”

“100,000 dollars?!”

The corners of Yang Luo's mouth twitched, “So expensive?!”

Prajna nodded and said, “That's right. Cartier is one of the top ten luxury brands in the world. This price is very normal for a watch from its collections.”

Huang Tai'an hurriedly said, “Master, I'm only in charge of delivering the gift. Don't return it to me.

If there's nothing else, we'll leave first.”

With that, Huang Tai'an, Cao Jisheng, Han Shouli, and Sun Boren left.

After Huang Tai'an and the others left...

Su Qingmei said sourly, “Looks like that Miss Alinda has extraordinary feelings for you. She gave away a hundred thousand USD watch just like that.”

Yang Luo laughed dryly and said, “Alinda probably gave me a watch to thank me for introducing Elder Huang to Chinese medicine. She doesn't have any other thoughts.”

As he spoke, Yang Luo took out his watch and put it on naturally.

“Brother Yang, you, you actually put it on?!”

Prajna's beautiful eyes widened.

Yang Luo said curiously, “Since others have already given it to me, I definitely have to wear it.

At most, the next time I see Alinda, I'll just return the favor.”

Su Qingmei clenched her fists and said, “Let him wear it. It's best if he doesn't take it off for the rest of his life!”

Yang Luo scratched his head, a little confused.

What was wrong with this woman?

Was she angry?

It should not be the case... right?

Wasn't it just a watch?

Prajna rubbed her forehead, "What a blockhead!"

Just as Yang Luo was about to retort, a call came to his phone.

He took out his phone and saw that it was a call from Lei Guodong, so he answered the call.

"Brother Lei, why are you calling me so late at night?"

"Brother Yang, where are you now?"

Lei Guodong's voice sounded.

"I'm at the Central Hospital. What's wrong?"

Yang Luo asked in confusion.

"Brother Yang, I'm afraid I need your help this time."

"Big Brother Lei, we're friends. Since you asked me for help, I naturally have to help."

"Alright, I'll come and find you now."

Lei Guodong replied and hung up.

"Yang Luo, what's wrong? Who called?"

Su Qingmei asked.

Yang Luo said, "It's Brother Lei. He wants to ask me for a favor."

"Mr. Lei asked for your help?"

Help with what?"

Su Qingmei was puzzled.

Yang Luo shook his head and said, "I'm not too sure either. Brother Lei said that he wanted to come and find me."

Su Qingmei didn't ask further and waited with Yang Luo.

It did not take long.

Whir, whir, whir...

The sound of propellers suddenly came from the sky in the distance.

Yang Luo and the others looked up and saw a large helicopter flying over.

A solemn pattern had been spray-painted on the fuselage of the helicopter, and the word "special" had been written inside.

Soon, the helicopter landed on an empty space in front of the hospital.

The cabin door opened and Lei Guodong jumped out.

Su Qingmei asked in surprise, “Why did Mr. Lei come in a special combat helicopter? Could something big have happened?”

Yang Luo also felt that something big must have happened, so he waved his hand to get the other party’s attention, “Brother Lei!”

Chapter 447: Protecting Justice!

Seeing Yang Luo, Lei Guodong hurriedly walked over.

Yang Luo hurriedly asked, “Brother Lei, what happened?”

Lei Guodong said in a deep voice, “Brother Yang, do you still remember the collective poisoning incident in Jiang City last time?”

“Of course I remember.”

Yang Luo nodded in reply.

He would never forget the incident.

Lei Guodong said with a serious expression, “We’ve already found out who poisoned them and the source of the poison.

The source of this poison originated from a school in Country Sakura in Jiang City.

Not long ago, Chu Yanran and Wang Feng brought a small team to investigate. They discovered the person who developed the poison, so they chased after him.

However, they did not expect the other party to send an expert. Even bullets could not hurt him.

After a fierce battle, twenty-three of the twenty-five people we sent died.

Wang Feng was seriously injured and Yanran was captured.

Now, we have found out that those guys have left Jiang City and are escaping to Ning City.

I suspect they are trying to escape by sea.

Therefore, I want to ask Brother Yang to help me save Yanran and capture that group of criminals.”

After hearing Lei Guodong’s words, Yang Luo and the others were stunned.

He did not expect such a big thing to happen while he was treating patients.

Lei Guodong suddenly thought of something and said, “By the way, Brother Yang, according to Wang Feng, the expert that that group of people sent seems to be the martial arts expert from Country Sakura who swept through the 19 martial arts schools last night, Takeda Shinzo!”

“Takeda Shinzo?!”

Yang Luo was immediately shocked, and his expression turned cold, "I really searched high and low for his whereabouts, only to find it without any effort!"

Alright, Brother Lei, I'll follow you to save Miss Chu. At the same time, I'll kill that old fellow and avenge Alliance Master Hong and the others!"

Lei Guodong was overjoyed, "Brother Yang, thank you!"

After all, Yang Luo had helped them subdue the black-clothed Azan from the Elephant Kingdom and help them catch a group of criminals selling forbidden goods.

If Yang Luo agreed to help, the success rate of saving and capturing people would be even higher.

Yang Luo waved his hand and said, "Brother Lei, we're friends. There's no need to thank me.

Those people who dared to attack the children have to be severely punished.

Moreover, the Takeda Shinzo is also someone I want to kill, so logically speaking, I have to help."

Lei Guodong nodded repeatedly, "Alright, there's no time to lose. Let's set off now!"

"Yang Luo, I'll go with you!"

"Brother Yang, I'll go too!"

Bujie and Xu Ying spoke one after another.

Yang Luo nodded and said, "Alright, then let's go meet that old fellow together!"

But just as Yang Luo and the other two were about to leave...

Prajna reached out and grabbed Yang Luo's sleeve. She pouted and blinked her big eyes at him.

Yang Luo smiled helplessly and said, "Alright, Prajna, I'll bring you along this time."

After all, he had promised Prajna last time that he would bring her along if he took action again.

This time, he really could not go back on his word.

"Ok!"

The corners of Prajna's mouth curled up into a sweet smile.

Yang Luo then said to Su Qingmei, "Qingmei, go back quickly.

If there's anything, you can contact me at any time.

If I'm not back yet, contact Alliance Master Hong, Jiang Tianlong, and the others."

"Alright."

Su Qingmei nodded and said, "You have to be careful. You have to return safely."

"Definitely!"

Yang Luo nodded and boarded the helicopter with Prajna and the other two, following Lei Guodong.

Of course, after getting on the plane, Yang Luo also sent a message to the Hidden Dragon Pavilion and asked them to send someone to secretly protect Su Qingmei.

Soon, the helicopter took off and flew towards Ning City.

After flying out of Jiang City, Yang Luo saw several helicopters flying in the direction of Ning City.

Seeing this, Yang Luo was very surprised.

It seemed that Lei Guodong would not give up until he caught that group of criminals.

However, there was something that made Yang Luo feel strange.

Shouldn't someone of Lei Guodong's level be stationed at the backend instead?

Thinking of this, Yang Luo asked, "Brother Lei, why must you personally go and capture that group of criminals this time?"

Lei Guodong said, "Brother Yang, you don't know, but this matter isn't that simple.

This was no longer just a poisoning incident. There was definitely a bigger conspiracy involved, so I have to be present in person.

Of course, I'm personally setting off to save Yanran as well.

"Old Master Chu has spoken. If I don't bring Yanran back alive, I don't need to keep this job any more."

"Hmm?"

Yang Luo was stunned for a moment before asking, "Could it be that Miss Chu has a very powerful background?"

Lei Guodong nodded and said, "It's indeed very big. It can be said to be extremely powerful."

Yang Luo was even more surprised, "What background does Miss Chu have?"

Lei Guodong said helplessly, "Old Master doesn't allow me to tell you, so don't ask anymore."

"Alright."

Yang Luo nodded and did not ask further.

However, he got even more curious about Chu Yanran's identity.

Previously, when the Star Charity Funds opened, this woman suddenly donated three million yuan. It made him feel that something was off about her.

After all, it was unrealistic for this woman to earn three million yuan with her current position.

This was enough to show that this woman's family was not simple.

However, he did not want anything to happen to this woman.

This woman had justice in her heart, and justice needed to be protected.

He had to save her!

Around two in the morning.

Ning City.

As one of the most developed cities in China, this place was also known as the Devil's City and the Nightless City.

At the same moment...

At an abandoned port.

A large cargo ship was docked at the port.

The deck was full of people.

There were Martial Warriors from Country Sakura who were wearing martial arts uniforms and holding various weapons.

There were also tall and burly black and white men.

These people were standing on the deck, quietly waiting for someone to arrive.

At this moment...

A few MPVs sped over from afar and stopped by the roadside.

The car door opened and a group of people got out.

They were Takeda Shinzo and the others.

The heavily injured Chu Yanran was also carried out of the car by two Martial Warriors.

“Let go of me!”

Chu Yanran shouted coldly and said angrily, “Do you think you can escape after capturing me?

This is China. You won't be able to escape!”

“Shut up!”

Takeda Shinzo threw out a backhand.

Pa!

A crisp sound rang out!

“Alih!!”

Chu Yanran let out a miserable scream. Five finger marks appeared on half of her face, and blood flowed from the corner of her mouth.

Takeda Shinzo said coldly, “Miss, listen up.

As long as I want to leave, no one can stop me.

No one can save you tonight.”

Chu Yanran gritted her teeth and said, “Old thing, you severely injured Alliance

Master Hong and the others last night. Yang Luo won't let you off!”

“Yang Luo?”

Takeda Shinzo sneered and said, “If I hadn’t received the mission this time, that kid would have died in my hands long ago.

“However, it’s fine. When I escort the professors back to China, I’ll come to China again and kill that kid.”

Chu Yanran said coldly, “You really don’t know how powerful and terrifying Yang Luo is.

It’s undoubtedly a fantasy if you want to kill him..”

Chapter 448: Despair!

“Is that so?”

Takeda Shinzo’s smile widened, “Then I’m really looking forward to fighting that kid.

“I want to see if your Chinese martial arts are stronger or our Country Sakura’s martial arts are better.”

As he spoke, he waved his hand, “Let’s go, get on the ship quickly!”

Soon, Takeda Shinzo and the others arrived at the port and boarded the cargo ship.

“Greetings, Sect Master!”

More than a hundred Martial Warriors on the ship knelt on one knee with pious expressions.

These Martial Warriors were all disciples of the Divine Martial Sect.

“Get up.”

Takeda Shinzo raised his hand.

A few burly black men and white men also walked over.

One of the leading black men said to an old white man, “Dr. Oliver, we’re members of Country Stars & Stripes’ Black Eagle Team.

“I’m the captain of the Eighth Squad, Turks. I’m specially ordered to escort you back to the country!”

Dr. Oliver adjusted his glasses and said with a smile, “Thank you, everyone.”

Professor Fujiwara also smiled and said, “This time, we have the protection of the Divine Martial Sect and the Black Eagle Team. We will definitely be able to leave China successfully.”

The other researchers in white coats also smiled.

Takeda Shinzo said, “Alright, there’s no time to lose. Let’s set off!”

“Hai!”

A Martial Warrior responded and ordered the ship to sail.

Soon, the cargo ship started moving into the distance.

The ship sailed until they were completely far away from the port.

Only then did Oliver and the others heave a sigh of relief.

Professor Fujiwara chuckled and said, "Takeda-kun, it's all thanks to you that we can safely leave Jiang City and board the ship."

Takeda Shinzo waved his hand and said, "We're all working for our Country Sakura. There's no need to say anything else."

"That's right!"

Dr. Fujiwara smiled and nodded.

Takeda Shinzo looked at Chu Yanran and said indifferently, "Professor Fujiwara, now that we've successfully boarded the ship, this woman is no longer valuable.

Why don't we kill her and throw her into the sea?"

Hearing this...

Chu Yanran's face turned pale. She felt herself sink into despair.

Was she going to die?

Ever since she became a part of Jiang City's General Administration, she knew that she would be in danger at any time.

Therefore, she was not afraid of death.

However, if she died just like that, she would feel too aggrieved at not being able to put up a fight.

Moreover, she still had many things to do.

Professor Fujiwara sized up Chu Yanran and smiled evilly, "Takeda-kun, this woman's figure and appearance are top-notch. She's a rare top-notch beauty.

It would be a pity to kill her just like that."

"Then what are you suggesting?"

Takeda Shinzo asked.

Professor Fujiwara smiled and said, "I think keeping this woman is much more valuable than killing her.

We still need a few hours to return to the country. The journey is long, so we can enjoy this woman and kill some time.

It won't be too late to get rid of this woman after we return to the country."

Oliver also smiled evilly, "I agree with Dr. Fujiwara's suggestion."

The others also smiled and nodded.

Takeda Shinzo sized Chu Yanran up with a burning gaze.

This woman was indeed a top-notch person. It was not bad to play with her.

Hence, he nodded and said, “Professor Fujiwara, let’s do as you say!”

“Hahaha...”

Everyone on the deck burst into laughter.

Hearing the words of Takeda Shinzo and the others, Chu Yanran’s face turned even paler.

These guys were a bunch of beasts. They actually had such thoughts!

She roared angrily, “You bastards, kill me if you dare!”

Takeda Shinzo teased, “Beauty, you’re so good-looking and have such a good figure. It’s a pity to kill you.

Let’s have a good time together.”

“Beast! Beast!”

Chu Yanran cursed angrily in order to anger this group of people.

Rather than being tainted by these people, it was better to die.

However, the more Chu Yanran scolded them, the happier they smiled.

Professor Fujiwara smiled and said, “Takeda-kun, you can go first. I can’t wait anymore.”

“Alright.”

Takeda Shinzo nodded and dragged Chu Yanran into the cabin.

“Let go of me! Let go of me! Beasts! You bunch of beasts!”

Chu Yanran screamed, feeling more and more hopeless.

However, just as Chu Yanran reached the peak of despair!

Whir, whir, whir...

The sound of propellers could be heard!

Takeda Shinzo and the others were shocked and turned around!

Helicopters flew over from afar and arrived above the sea!

“Baka!”

Professor Fujiwara’s expression changed and he said angrily, “I didn’t expect these guys to catch up so quickly!”

Dr. Oliver shuddered and said, “What should we do now?”

The other researchers in white coats were also trembling in fear.

Seeing that someone had come to save her, Chu Yanran immediately felt a sense of hope.

However, Takeda Shinzo’s expression was very calm.

He only raised his hand and said, “Everyone, don’t worry. Leave it to me!”

At this moment, a voice sounded from the helicopter.

“Stop the boat quickly. Stop the boat quickly. You’re already surrounded!”

“Drop your weapons! Drop your weapons!”

Takeda Shinzo walked to the front of the deck and looked up at one of the helicopters.

He narrowed his eyes and a cold smile flashed across his lips. Then, he slowly pulled out the sword from his waist.

At the same moment...

On one of the helicopters.

Yang Luo, Lei Guodong, and the others were on board it.

Lei Guodong said in a low voice, “Brother Yang, this old fellow is the Takeda Shinzo!”

“That’s him?”

Yang Luo narrowed his eyes and stared intently at Takeda Shinzo.

“So it’s him!”

Prajna suddenly became agitated.

“Prajna, what’s wrong?”

Yang Luo asked in confusion.

“No, it’s nothing.”

Prajna shook her head, but her eyes were filled with killing intent.

Yang Luo felt that something was wrong with her.

However, he did not ask further. He planned to kill Takeda Shinzo first and save Chu Yanran before asking.

“Brother Yang, what does this old man want to do?”

At this moment, Bujie suddenly asked.

Yang Luo and the others looked up and saw Takeda Shinzo slowly raise the sword in his hand.

The sword in his hand was pointing at one of the helicopters.

Yang Luo’s expression changed as he exclaimed, “Not good, there’s danger. Get everyone to retreat quickly!”

Lei Guodong hurriedly picked up the walkie-talkie and shouted, “Hurry up and retreat! Hurry up and retreat!”

The helicopters heard the order and prepared to retreat!

But right at this moment...

Takeda Shinzo slashed at the nearest helicopter!

Swoosh!

With a slash of his sword, a dazzling black-purple sword light lit up the night sky. A terrifying and sharp sword qi immediately erupted!

The next second!

Bam!

The helicopter was instantly cut in half by the sword and exploded!

In an instant...

Flames soared into the sky and thick smoke billowed!

The helicopter turned into a pile of scrap metal and fell into the sea!

As for the people on the helicopter, none of them were spared.. All of them died!

Chapter 449: Arrogance Covering The World!

“What the f*ck! This old man is a little powerful. He cut the plane in half with one strike?”

The corner of Bujie’s mouth could not help but twitch.

“This old man is very strong!”

Xu Ying said in a low voice.

Prajna could not help but clench her fists as she looked at Takeda Shinzo coldly.

Through the sword strike from Takeda Shinzo, Yang Luo also sensed his cultivation.

Mid-stage Martial King Realm!

At this moment.

The people in the other helicopters were also stunned.

They did not expect this old man to be so strong. He had cut the plane in half with a single strike. This had already subverted their understanding of reality.

On the ship, Chu Yanran also looked at the Takeda Shinzo in a daze.

Previously, she had fought with Takeda Shinzo and knew that this old fellow was very strong.

However, she did not expect this old man to be so strong.

“Well done, Takeda-kun!”

“Haha, Takeda-kun, you cut down the plane with one strike. You’re like a god!”

“Sect Master is mighty!”

Everyone on the ship raised their arms and shouted excitedly.

“Damn bastard!”

Seeing that, Lei Guodong roared angrily, his eyes bloodshot.

He picked up the walkie-talkie and roared, “Shoot! Shoot!”

For a moment...

One helicopter after another opened the cabin door.

The people on the helicopter raised their machine guns and fired at Takeda Shinzo!

Whir, whir, whir...

A terrifying gunshot resounded through the night sky!

The bullets were like raindrops as they shot towards Takeda Shinzo!

Takeda Shinzo had a proud expression as his entire body trembled. Instantly, a dazzling black-purple light flickered on his body!

A powerful and vast True Qi spread out, turning into a True Qi barrier that blocked in front of him!

Ding, ding, ding!

The rain of bullets hit the True Qi barrier and made a clear collision sound!

Sparks flew and True Qi shot out. It was shocking!

At this moment.

Takeda Shinzo blocked all the bullets alone. Not only was he not injured, but he also did not injure the others on the ship. He was really like a god!

Everyone on the ship became even more excited!

At this moment, everyone on the helicopter was stunned when they saw

Takeda Shinzo block so many bullets by himself!

This old man was not human at all!

“Hahaha, I’ll play with them too!”

At this moment, Turks walked over.

He raised his right arm, and his right arm instantly turned into a mechanical arm, while his right palm turned into a cannon barrel!

“FIRE!”

Turks raised his mechanical arm, aimed at a helicopter, and roared.

Thud!

A cannonball was fired at one of the helicopters!

And in that instant!

Bam!

The helicopter was hit and instantly exploded, turning into a ball of fire and falling into the sea!

“Good, well done!”

“How dare these guys chase after us? They have a death wish!”

Everyone on the ship cheered in joy.

Chu Yanran was also so frightened that her legs went weak and she sat on the ground.

Finished!

Even if someone came, they would not be able to overcome these guys at all!

She still could not escape misfortune!

Everyone in the remaining helicopter was so frightened that their faces turned pale and their bodies trembled.

This burly black man’s arm could actually fire a cannonball?

It was simply unbelievable!

“Mechanically modified people?”

Seeing this, Yang Luo was taken aback.

“Brother Yang, do you know what’s going on?”

Lei Guodong asked.

“I do.”

Yang Luo nodded and said, “I’ve fought some assassins from the Dark World before and encountered mechanical cyborgs.

“This should be the technology of Country Stars & Stripes. They have the ability to mechanize the human body.”

Bujie curled his lips and said, “Could it be that this is the so-called poor rely on mutation while the rich rely on technology?”

Lei Guodong looked anxious, “Just that old fellow, Takeda Shinzo, is already very difficult to deal with.

Now, a strange mechanical cyborg has also appeared.

Looks like we can only seek assistance. We can’t catch these guys alone and can’t save Yanran.”

Just as Lei Guodong was speaking...

On the deck of the cargo ship.

Takeda Shinzo raised the sword in his hand again!

Turks raised his mechanical arm as well!

The two of them each aimed at a helicopter!

“Oh no, they want to fire a second time!”

Yang Luo’s expression turned cold as he opened the cabin door.

“Brother Yang, what are you doing?”

Lei Guodong looked on with a face of shock.

Prajna, Xu Ying, and Bujie also looked at Yang Luo in confusion.

Yang Luo said in a stern voice, “Of course I’m going to destroy them!”

“To destroy them?”

Lei Guodong was even more confused, “We can’t get close at all now, and we can’t land at all. Let’s wait for reinforcements to come before making plans!”

Yang Luo said, “If we continue to wait, everyone will be dead. Moreover, they will take the opportunity to escape!”

Right as he finished his sentence...

Swoosh!

Thud!

Takeda Shinzo swung the sword in his hand again!

Turks fired another cannonball!

But at this moment!

Yang Luo jumped down from the helicopter like an Azure Dragon leaping into the sky. He was incomparably domineering!

“Who is that?! Why did he jump out of the helicopter?!”

“What is he trying to do?! Does he have a death wish?!”

The people on the helicopter were all stunned. They could not understand what Yang Luo wanted to do.

Not just the people in the helicopter...

Even the people on the cargo ship were also dumbfounded.

Chu Yanran looked up into the sky, and deep surprise flashed across her beautiful eyes.

Yang Luo?!

Was it really him?!

Under everyone’s watchful eyes!

Yang Luo leaped down and instantly mobilized the True Qi in his body. He twisted his fist and punched out wildly!

A golden fist descended from the sky like a meteorite!

In a flash!

DONG!

Yang Luo's punch collided with the sword strike from Takeda Shinzo and the cannonball fired by Turks!

In the next second...

Booom!

An explosion that shook the clouds and resounded in the sea sounded. It was terrifying!

In the sky, flames rose everywhere and thick smoke filled the air. True Qi surged and light flickered!

Everyone present could no longer see Yang Luo's figure clearly!

Everyone on the helicopter sighed deeply. They felt that Yang Luo had probably been blown up till he was scraps.

Lei Guodong's heart ached terribly. He hissed, "Brother Yang, aren't you tempting fate?"

Even Prajna, Xu Ying, and Bujie were stunned as they watched this scene.

Takeda Shinzo frowned and said, "Who was the person who jumped down from the helicopter just now? How dare he use his body to block our attack?"

Turks sneered and said, "Who cares who he is? He's just an idiot!"

Chu Yanran's eyes turned red as tears welled up in her eyes.

Although she had quarreled with Yang Luo before, she still admired Yang Luo in her heart.

Moreover, now that Yang Luo had died in order to save her, she felt very heartbroken and uncomfortable.

Just as everyone thought that Yang Luo was already dead!

Suddenly...

Tang!

A dull bang sounded on the deck of the cargo ship!

The entire cargo ship even sank a little!

Everyone looked up!

At this moment, a golden figure was standing at the front of the deck.. It was like a god had descended to the mortal world and was peerlessly domineering!

Chapter 450: Explode With A Punch!

The event location instantly fell silent.

One could only hear the whir of the propeller blades and the surging waves.

Everyone looked at the figure on the deck in a daze for a long time.

There was a long silence before they looked up again.

“Oh my god, this kid is actually not dead?!”

“Not only did he block that old man’s sword and the cannonball that the foreigner shot out, but he was also unscathed?!”

“Unbelievable, this is really unbelievable!”

The people in the helicopter exclaimed.

Lei Guodong gulped and said, “Oh my god, how strong is Brother Yang?!”

Bujie laughed and said, “I knew that Brother Yang would be fine!”

Prajna and Xu Ying also heaved a sigh of relief.

At the same moment...

The deck of the cargo ship was also in an uproar.

“Is this kid even human? He actually jumped from a height of dozens of meters to the deck from a hundred meters away?!”

“The key is that this kid blocked the Sect Master’s sword and Mr. Turk’s cannonball. Isn’t he too strong?!”

“I didn’t expect this group of Chinese to send such a terrifying expert to capture us!”

Everyone on the ship was amazed. They looked at Yang Luo as if they were facing a great enemy.

Seeing that Yang Luo was fine, Chu Yanran immediately cried tears of joy, her heart beating wildly.

She had always hoped that her other half would be an indomitable hero.

And the current Yang Luo satisfied all her fantasies about her other half.

At this moment.

Yang Luo stood steadily on the deck and looked up at Takeda Shinzo. He said in a deep voice, “Takeda Shinzo, we finally meet!”

“You’re Yang Luo?!”

Takeda Shinzo stared intently at Yang Luo with killing intent flickering in his eyes.

Previously, he had seen Yang Luo’s photo and naturally recognized him at a glance.

“That’s me!”

Yang Luo replied in a booming voice, “Old fellow, you swept through the martial arts world of Jiang City and even severely injured Alliance Master Hong and the others. It’s time to settle this score!”

Takeda Shinzo sneered, “Kid, if you had not appear, you could still live for a few more days!

“However, since you’ve appeared, die!”

As he spoke, he shouted, “Where are the Eight Great Divine Guards!”

“Here!”

Eight martial artists holding various weapons took a step forward and replied in unison.

These eight people were the Eight Great Divine Guards of the Divine Martial School, the elites among the elites!

Two of them were at the middle-stage Martial Highness Realm, and two were at the early-stage Martial Highness Realm!

The other four were all at the Perfected Grandmaster Realm!

“Kill this kid!”

Takeda Shinzo waved his hand and gave the order.

“Kill!”

The eight divine guards roared and charged at Yang Luo!

Two of the divine guards holding the Tachi rushed at the front. One was at the early-stage Martial Highness Realm, and the other was at the perfected Grandmaster Realm!

The two of them charged aggressively towards Yang Luo and crazily mobilized the True Qi in their bodies!

Although he saw the eight of them rushing towards him, Yang Luo only stood quietly on the spot with a calm expression!

And in the next instant...

The two divine guards approached Yang Luo and waved the Tachi in their hands at the same time, slashing at him!

Swish! Swish!

The two Tachis were released at the same time. Blade rays flickered and Blade Qi soared into the sky, sharp and terrifying!

However, the moment the two divine guards slashed at him!

Yang Luo twisted his fist and punched out!

Clang!

This punch collided heavily with the Tachis of the two divine guards, erupting with a shocking bang!

The next second!

Crack crack crack!

The Tachis in the hands of the two divine guards were instantly shattered into pieces, leaving only the hilts!

“Nani?!”

The two divine guards were stunned, their eyes filled with fear.

However, before the two divine guards could react!

Thud!

Yang Luo’s punch landed heavily on the two of them!

Puff! Puff!

The two of them spat out a mouthful of blood and were sent flying like cannonballs, slamming into the cabin walls!

Soon, the two of them fell onto the deck and stopped breathing!

Seeing this scene...

Everyone on the ship trembled in fear and looked at Yang Luo with fear!

An early-stage ATartial Highness Realm expert and a perfected Grandmaster

Realm expert were actually killed by this kid with a single punch!

Wasn’t this too insanely strong?!

Even Takeda Shinzo’s eyes were filled with dense surprise!

He already had an inkling that Yang Luo was very strong.

Otherwise, his four disciples would not have been crippled by this kid.

However, he did not expect this kid to be strong to this level.

Even a Martial Highness Realm expert was not his match.

Could it be that this kid was also a Martial King Realm expert?

But why couldn’t he sense his cultivation?

While Takeda Shinzo was in a daze...

“Let me deal with this kid!”

A burly Caucasian man from the Black Eagle team roared.

“Count me in!”

“And me!”

The two black men from the Black Eagle team echoed.

Then, the three of them took out a bottle that was only the length of their index fingers and drank the blue potion in one gulp.

After the three of them drank the potion...

Crack, crack, crack!

A series of bone cracking sounds rang out!

The three of them grew taller and their muscles bulged, causing their elastic short sleeves to explode!

Moreover, not only did their appearances change, but their auras also increased exponentially like three wild beasts!

“Strengthening Potion?”

Yang Luo couldn't help but blurt out.

“Kid, you're quite knowledgeable!”

Turks smiled coldly and said, “This is a Second-Generation Strengthening Potion developed by our Country Stars & Stripes!

As long as you drink this potion, your strength will instantly increase by 20 times!”

“Second-Generation Strengthening Potion, so that's how it is.”

Yang Luo nodded in realization.

Previously, when he was fighting in Country Noodle, he had met a boxer who drank the Strengthening Potion.

However, those guys had only drunk the first generation, so their strength could only increase by ten times.

The three guys in front of him had drunk the second generation, and their strength had increased by 20 times.

“Kill!”

After the three burly men drank the Second-Generation Strengthening Potion, they let out a roar and charged at Yang Luo!

The deck of the ship was actually cracked by their stomps. It was extremely terrifying!

However, Yang Luo still stood on the spot. His expression was still very calm and there was no fear.

After the three burly men approached Yang Luo, they threw a punch at him at the same time!

Sonic booms erupted in the air!

The moment the punches arrived!

Yang Luo twisted his fist again and instantly erupted with his physical strength before throwing it out!

In an instant!

Boom! Boom!

Yang Luo's punch collided heavily with the punches of the three burly men, erupting with rumbling thunder that made one's heart palpitate!

These three burly men originally thought that this punch would be enough to blow Yang Luo up!

However, a few seconds later!

Their expressions changed drastically, and fear appeared in their eyes!

“Explode!”

Yang Luo let out an explosive roar. The power of this punch increased exponentially, crushing forward like a landslide and tsunami!

Crack! Crack!

The bones and muscles of the three burly men's fists were torn. After the cracks spread to their arms and bodies, they finally spread to their entire bodies!

“Ahhh...”

Accompanied by waves of extremely miserable cries...

Peng, peng, peng!

The three burly men were sent flying and exploded into three pools of minced meat in the air.. They could not be more dead!
