

## Super IDG 811

### Chapter 811: Everything Has Just Begun!

Yang Luo said, “Didn’t you say Taikang Medical replicated our products?”

“That’s right.”

Su Qingmei nodded.

Yang Luo smiled and said, “In that case, let’s upgrade the three products, Jade Countenance Beauty Mask, Seven Treasures Consolidating Pill, and Luo Shen Hair Nurturing Serum.”

“Ah?”

Su Qingmei was shocked, “These three products still can be upgraded?!”

Xu Yan said in surprise, “Oh my god, the effects of these three products are already very powerful. If it’s upgraded again, how powerful will the effects be?!”

Prajna also looked at Yang Luo in shock.

Yang Luo nodded and said, “These three products can naturally be upgraded. As long as the dosage of a few herbs is increased, the effects can be increased by several times.

“At that time, we will upgrade the product and release it on the market. The price will not change. Do you think customers will choose us or them?”

“Oh my god, so you can do this!”

Su Qingmei looked at Yang Luo in admiration, “I’m convinced!”

“I’m convinced too!”

Xu Yan and Prajna also gave Yang Luo a thumbs up.

Yang Luo continued, “Of course, other than upgrading these three products!

Our Frost Condensation Beauty Cream, Hundred Shy Flowers Beauty Ointment, and Moon-Sealing Agarwood Liquid will also be listed together!

When the time comes, I want to see if Taikang Medical can remain standing!”

Hearing Yang Luo’s words, the three women’s eyes lit up.

Xu Yan sighed and said, “Looks like our company really can’t do without you, Brother Yang!”

Su Qingmei said, “That’s why I said to let this guy be the chairman, but he’s unwilling.”

Yang Luo waved his hand repeatedly and said, “Qingmei, you can let me come up with a plan, but I really can’t manage the company.”

Su Qingmei said helplessly, “Yes, yes, yes. In any case, I’m working for you.”

Yang Luo suddenly thought of something and said, “By the way, do you have the product samples they copied?”

“Yes!”

Su Qingmei agreed and took out three samples.

Yang Luo picked up the three samples and took a look. He was instantly amused, “How impressive. ‘Magic Beauty Mask’, ‘Charm Hair Nurturing Serum’, and ‘Six Treasures Solidifying Pill’. Even the names are so similar.”

As he spoke, Yang Luo opened the sample of the “magic beauty facial mask” and smelled it. He immediately frowned.

“Yang Luo, what’s wrong?”

Su Qingmei asked.

Yang Luo didn’t say anything. He opened the samples of the Hair Nurturing Serum and the Six Treasures Solidifying Pill and took a sniff.

His frown deepened.

Su Qingmei immediately panicked, “Yang Luo, what’s wrong? Tell me quickly!”

Yang Luo laughed out loud and said, “I think Taikang Medical is really courting death!”

“Courting death?”

Su Qingmei was even more puzzled, “What do you mean?”

Yang Luo explained, “Although the three products they imitated seem to be the same as ours, because a few herbs are different and the dosage of the other herbs is different…”

Therefore, even if the effects of the three products they replicated are similar to ours, they have huge side effects and are quite harmful to the skin and body.

Just wait. There will be a good show to watch next.”

Hearing Yang Luo’s words…

The three women looked at each other and turned to look at the building where Taikang Medical was.

A thought appeared in the three women’s minds.

No matter who you go against, don’t go against Yang Luo. Otherwise, it would really be very miserable!

At the same time…

Taikang Medical.

In the President’s office.

Huangfu Haotian was listening to the female secretary's report on the company's situation over the past few days.

**“President Huangfu, our products have caused quite a stir these days!**

As our products' effect is similar to Hua Mei Biomedical's, and the price is lower, it has attracted many customers to buy it!

As long as this continues, a large portion of Hua Mei Biomedical's customers will be snatched by us!

Moreover, because our raw materials are cheaper, even if the price of our products is very low, we can still make a lot of money!

I can imagine that the profits from these three products will flow into our company in the future!”

The female secretary's face was filled with excitement.

On the other hand, Huangfu Haotian crossed his legs and said with a light smile, “You're already so agitated at this stage?”

The female secretary flattered, “President Huangfu, you're still the best. You actually thought of such a method!

This move undoubtedly will strangle Hua Mei Biomedical's throat and make them suffer!

I can imagine how anxious Su Qingmei from Hua Mei Biomedical must be now, but she won't know what to do!

After all, they can't sue us even if they want to. They can only watch as we snatch their customers, their orders, and their profits!”

Huangfu Haotian felt a little light-headed.

He waved his hand and said, “This is just the beginning!

Since these three products were so popular in Jiang City, I decided to increase the production of these three products!

It would be best if he could sell these three products to every city where Taikang Medical is located in the next few months!

At that time, Taikang Medical will earn a lot of money every day!

**“Therefore, quickly contact the factory and get them to work overtime to produce!”**

**“Yes!”**

The female secretary nodded and hurriedly left.

After the female secretary left...

Huangfu Haotian thought for a moment and picked up his phone to call Su Qingmei.

Meanwhile in Hua Mei Biomedical's assistant's office

Yang Luo had already written the upgrade formulas for the Jade Countenance Beauty Mask, Luo Shen Hair Nurturing Serum, and Seven Treasures Consolidating Pill to Su Qingmei.

Su Qingmei also sent it to the research and development team through email.

At this moment...

Su Qingmei's phone on the table suddenly rang.

She picked up her phone and frowned.

"Who's calling?"

Yang Luo asked.

"Huangfu Haotian!"

Su Qingmei spat out a name.

Yang Luo smiled teasingly and said, "Is this guy so eager to show off in front of us?"

Pick it up and put it on speaker. Let's hear what this guy wants to say."

"Alright."

Su Qingmei nodded and picked up the call, turning on the speakerphone.

"Good morning, President Su!"

Huangfu Haotian's frivolous voice sounded.

Su Qingmei said coldly, "Why are you calling me?"

Huangfu Haotian chuckled and said, "President Su, you must be feeling terrible these few days, right?"

You want to sue me, but you can't. You can only watch as the customers are snatched away by me, right?"

Su Qingmei said, "If that's all you want to say, then we have nothing to talk about."

"Wait, don't hang up yet!"

Huangfu Haotian stopped Su Qingmei and said, "President Su, I can give you another chance now!

As long as Hua Mei Biomedical is willing to be bought over by Taikang Medical and hand over the secret recipe for those three products!

In the future, our Taikang Medical will bring you guys to earn money and let your brand resound throughout the country. How about that?"

Su Qingmei said in a low voice, "Huangfu Haotian, it's impossible for you to buy our Hua Mei Biomedical. It's even more impossible for me to hand over the secret recipe!

"Also, don't think that victory is already in your grasp. Everything has just begun!"

"Is that so?"

Huangfu Haotian smiled coldly and said, “Since you don’t know how to appreciate favors, don’t blame me!

You’re right, this is just the beginning!

I can tell you bluntly that next, I will sell the three imitation products to any city with our Taikang Medical branch!

I want you to watch helplessly as we earn money, but you can’t do anything until we completely destroy Hua Mei Biomedical!

This will last until you can only beg Taikang Medical to buy Hua Mei Biomedical!”

“Then let’s wait and see. Huangfu Haotian, don’t be happy too early!”

With that, Su Qingmei hung up.

Yang Luo narrowed his eyes and smiled, “Just wait. This guy won’t be able to be smug for long.”

Chapter 812: Chaos in Taikang Medical!

Time passed quickly.

Another week passed.

A week later.

Hua Mei Biomedical had released its upgraded products like the Jade Countenance Beauty Mask, Luo Shen Hair Nurturing Serum, and the Seven Treasures Consolidating Pill!

Moreover, the Frost Condensation Beauty Cream, Hundred Shy Flowers Beauty Ointment, and Moon-Sealing Agarwood Liquid were also placed on the market!

In an instant, the market exploded again!

A week later, in the morning.

Taikang Medical.

In the President’s office.

Huangfu Haotian’s female secretary was reporting the company’s situation.

“President Huangfu, I didn’t expect Taikang Medical to have such a trick up their sleeves!

Their three products had suddenly been upgraded, and the effects are even better than before!

More importantly, they had also listed three new products!

Now that the entire market has exploded again, the three products we copied are no longer competitive!

The customers we previously snatched from them were lured away by them again!

Even our company's long-time customers were attracted by them!

President Huangfu, what should we do now?"

A week ago, the female secretary was still extremely excited and looking forward to a beautiful future.

However, she did not expect that after only a week, the situation would actually turn around. This made her extremely anxious.

**"What should I do? What should I do now?!"**

Huangfu Haotian was so angry that the veins on his forehead throbbed. He pounded the table and even threw everything on the table to the ground.

He stared fixedly at the beautiful pharmaceutical building opposite and gritted his teeth, "It must be that brat Yang Luo's doing!

Is this kid a human or a god? Where did he get these lost secret recipes?!"

The female secretary said, "Should we continue to imitate their products?"

**"Of course we have to replicate it!"**

Huangfu Haotian lit a cigarette, took a deep puff, and said fiercely, "No matter what new product they put on the market, we will imitate it and then put it on the market!

I want to see if every product of theirs can be upgraded!

In any case, the cost of replicating is not high. We can afford it!"

At this moment...

The female secretary's phone suddenly rang.

She quickly took out her phone and answered the call.

After the call...

The female secretary said in a panic, "President Huangfu, something happened!"

**"What exactly happened?"**

Huangfu Haotian asked angrily.

The female secretary said, "Just now, the front desk called and said that a large group of customers who bought our products have arrived downstairs!

These customers said that after using our 'Magic Beauty Mask' and 'Charm Hair Nurturing Serum' products, they had severe skin allergies and lost their hair!

There were even customers who used the 'Six Treasures Solidifying Pill' and ended up with liver and kidney failure, needing to be sent to the hospital!

Now, our building is already surrounded by people. Moreover, many media reporters are also here!"

**"What?!"**

Huangfu Haotian's expression changed drastically, and the cigarette in his hand fell to the ground.

He quickly walked to the window to take a look.

As expected...

There was a large group of people downstairs, and there were even people rushing over from afar.

The entire lobby was in chaos.

Huangfu Haotian scratched his head and roared, "How could this be? How could there be such a problem with the product we imitated?!"

"President Huangfu... I... I don't know either."

The female secretary was stunned by the roar.

"Damn it, damn it all!!!"

Huangfu Haotian was so angry that he flew into a rage, and his eyes were bloodshot.

The female secretary exclaimed, "President Huangfu, we have to think of a way to solve this problem now!"

"Do I need you to teach me?!"

Huangfu Haotian roared and took out his phone to make a call.

For the whole morning, the entire Taikang Medical was in chaos!

At the same time

imperial River Court.

Villa N0.8.

In the courtyard of the villa.

Yang Luo was guiding Su Qingmei in her cultivation.

In the past week, Yang Luo would guide Su Qingmei in her cultivation every morning.

The woman was wearing a tight pink sportswear today. Her hair was tied into a ponytail, and her tall and graceful figure was perfectly outlined. She looked youthful and energetic.

Prajna cheered for Su Qingmei at the side.

"Come, continue attacking me. Don't hold back!"

Yang Luo waved at the woman.

"Alright!"

Su Qingmei nodded. Then, her figure flashed and she directly used the "Phoenix Shadow Thousand Illusions" movement technique. She transformed into a golden stream of light and rushed towards Yang Luo.

"Sister Su, you can do it!"

Prajna waved her fist.

And just as she approached Yang Luo!

Su Qingmei raised her palm. A faint golden-red light flickered in her palm as she slapped at Yang Luo!

“Nine Phoenix Divine Palm!”

“Phoenix Youngling Cries!”

As she struck out with her palm, a slight sonic boom sounded in the air. One could even vaguely hear the cry of a phoenix!

Just as Su Qingmei slapped over!

Yang Luo casually raised his right hand and blocked Su Qingmei’s palm!

“Don’t stop, continue!”

Yang Luo shouted softly.

At this moment, Yang Luo seemed to have become a strict teacher.

“Yep!”

Su Qingmei nodded vigorously and slapped out towards Yang Luo again!

“Phoenix Cry Morning Sun!”

“Phoenix Dance Luan Song!”

“Dragon Coils, Phoenix Rises!”

Golden-red palms slapped at Yang Luo, and the explosions in the air became louder and louder!

However, no matter how powerful Su Qingmei’s palm was or how fast her palm was, it was always easily blocked by Yang Luo!

As Su Qingmei attacked, she said, “Yang Luo, don’t always block my attacks.

Why don’t you counterattack and see if I can withstand your attacks!”

“Are you sure you want me to fight back?”

Yang Luo asked.

“Quite sure!”

Su Qingmei nodded and said, “I also want to test how strong you are!”

“Then... alright.”

Yang Luo nodded in reply.

Just as Su Qingmei slapped over!

He raised his right hand and gently slapped out!

He did not even use his True Qi in this palm strike and tried his best to control his physical strength!

And in that instant!

Bang!

The two palms collided with a dull bang!

The next second!

“Aiya!”

Su Qingmei was sent flying and was about to crash into the walls.

“Be careful!”

Yang Luo exclaimed. His figure flashed and turned into a stream of light that whistled out, instantly catching up to Su Qingmei!

Then, he reached out with his right hand and hugged Su Qingmei’s slender waist before supporting the woman!

As this position was too intimate, the two of them were almost stuck together. Su Qingmei’s pretty face instantly turned red.

Beads of sweat appeared on the tip of the woman’s nose. Her eyes were a little flustered, and she looked a little cute.

Just like that, the two of them looked at each other, their hearts beating faster.

Prajna covered her mouth and did not dare to speak.

At this moment-

Clap, clap, clap...

A round of applause sounded.

There was also a teasing voice.

“Oh my god, Brother Yang, are you and Sister-in-law practicing martial arts or flirting?”

Hearing the voice, Su Qingmei hurriedly stood up and took a step back.

Yang Luo glared at Bujie, who was walking over, “If you don’t speak, no one will think that you’re mute!”

Bujie chuckled, “Brother Yang, did Brother Xu and I come at the wrong time then?”

Pa!

Yang Luo slapped this guy’s bald head.

Su Qingmei said dejectedly, “Xu Ying, Bujie, Prajna, am I too weak? I’ve been practicing for so long, but I can’t even withstand a palm strike from Yang Luo.”

The corner of Bujie’s mouth twitched as he said, “Sister-in-law, don’t think that way.

Brother Yang is a monster. Not to mention you, even if we attack together, we won’t be able to withstand Brother Yang’s palm.”

“That’s right.”

Xu Ying nodded and said, “Sister-in-law, you’ve just started cultivating and you’ve already improved very quickly.

I’m certain that Acquired Realm Martial Warriors and ordinary Connate Realm Martial Warriors are not your match now.

As for dealing with ordinary adult men, it’s not a problem for you to fight dozens of them alone.”

“Really?!”

Su Qingmei’s eyes lit up, “I’m actually so powerful?!”

Yang Luo nodded and said, “Qingmei, Xu Ying is right. Your improvement is already very fast.

Let Xu Ying and the others give you some pointers. I’ll make breakfast.”

“Alright!”

Su Qingmei nodded.

Then, Yang Luo entered the villa to make breakfast.

Xu Ying, Bujie, and Prajna continued to guide Su Qingmei.

After Yang Luo finished making breakfast, Su Qingmei and the other three ended their cultivation.

During breakfast...

Su Qingmei received a call from Xu Yan.

After the call...

Su Qingmei said, “Yang Luo, you hit the nail.

The three original products we upgraded, as well as the three new products on the market, once again set off fireworks in the market.

Moreover, there is indeed a huge problem with the three products copied by Taikang Medical.

The customers’ skin became swollen and allergic, and the loss of hair got even worse.

Some customers even had liver and kidney problems and were sent to the hospital.

Now, the ground floor of Taikang Medical is already filled with customers, reporters, and media.

Huangfu Haotian would probably be overwrought during this period of time.

It’s already a question if their Taikang Medical branch can continue operating in Jiang City.”

Prajna said, “Who asked them to walk the crooked path? I think they deserve it!”

“That’s what I want.”

Yang Luo took a sip of millet porridge and said, "If they sincerely cooperated with us from the beginning, Taikang Medical would have gone up another level.

Of course, if they develop their company well and minded their own business, I won't care about them.

But since they insist on fighting with us, I can only get them out of Jiang City."

Su Qingmei said, "I hope they learn their lesson this time and don't fight with us anymore."

At this moment...

The sound of a car came from outside.

A few moments passed.

Haha, my dear Mr. Yang, Miss Su, long time no see!"

A hearty laugh sounded.

Yang Luo and the others turned around and saw a well-dressed middle-aged Caucasian man in a light coffee-colored suit walking in with a smile.

It was Claude, the President of Laurel's Country Hua.

"Mr. Claude, why are you here?"

Su Qingmei quickly stood up to welcome him.

"Good morning, Mr. Claude."

Yang Luo also smiled and nodded at Claude.

"Hello, Mr. Yang!"

Claude smiled and sat down.

Su Qingmei asked, "Mr. Claude, why are you looking for us so early in the morning?"

Claude said, "Miss Su, it's like this. Some time ago, I returned to Laurel's headquarters and introduced the three products produced by Hua Mei Biomedical to Chairman Carlton.

When the chairman heard this, he expressed his interest in these three products and said that perhaps we could cooperate more deeply.

Therefore, the chairman wants to invite you to Laurel's headquarters to discuss the collaboration in person."

"All?"

Su Qingmei was stunned and said excitedly, "Mr. Carlton invited me to Laurel's headquarters to discuss a collaboration?!"

"Yes, Miss Su."

Claude smiled and nodded.

Su Qingmei looked at Yang Luo in a daze and asked, "Should I go?"

**“Yes, of course you have to go.”**

Yang Luo nodded and said, “Haven’t you always wanted Hua Mei Biomedical to go international? This is a great opportunity.”

Su Qingmei pursed her lips and said, “Laurel’s headquarters is in Country Gaule. I’ve never been there before.

Yang Luo, can you come with me?”

**“Of course.”**

Yang Luo nodded in agreement.

Prajna smiled sweetly and said, “Sister Su, I’ll go with you!”

Bujie grinned and said, “Sister-in-law, Brother Xu and I will go with you.

I heard that Country Gaule is a romantic capital. I’ll go and experience the romantic atmosphere there too.”

**“Hmm.”**

Su Qingmei nodded.

With Yang Luo and the other three accompanying her, she felt more confident.

Su Qingmei looked at Claude and said, “Mr. Claude, please tell Mr. Carlton that we’ve agreed to go to Laurel’s headquarters.”

Claude clapped his hands and said, “Good, that’s great!

Why don’t we set off now!”

**“Now?”**

Su Qingmei looked puzzled, “Do you have to be in such a hurry?”

Claude said helplessly, “Miss Su, in fact, apart from this matter, I have something else to ask Mr. Yang for help with.”

**“You want my help? What kind of help?”**

Yang Luo asked.

Claude said, “Mr. Yang, I heard that you’re the number one Divine Doctor in Jiang City and have treated many difficult illnesses.

Therefore, I want you to treat our chairman.”

Yang Luo asked, “What illness does your chairman have?”

Claude said dejectedly, “Our chairman went to many hospitals for a checkup, but he couldn’t find anything wrong.

The doctor only said that all the organs in the director’s body had failed and his bodily functions had decreased severely. There was no way to treat him.

“Moreover, the doctor also said that if this continues, the chairman will probably only have a month to live.”

“It’s that serious?!”

Su Qingmei was shocked. She turned to Yang Luo and asked, “Yang Luo, do you know what illness Mr. Carlton has?”

Yang Luo frowned and said, “There are many reasons for all the organs in the body to fail and for the decline of bodily functions.

I couldn’t jump to conclusions until I see Mr. Carlton.

But it’s fine. When I see Mr. Carlton, I’ll check him.”

“Good,good, good!”

Claude nodded repeatedly, “Mr. Yang, if you can cure our chairman, our chairman will definitely thank you heavily!”

Yang Luo waved his hand and said, “Let’s talk about it after he’s really cured.”

Claude looked at the time and said, “Mr. Yang, Miss Su, why don’t we leave now?”

Su Qingmei said, “Alright, but I have to pack my luggage.

Mr. Claude, please wait a moment.”

Claude smiled and said, “It’s fine, it’s fine. I’m already very grateful that the two of you agreed to set off now.”

Su Qingmei nodded and went upstairs.

Prajna followed and prepared to pack her luggage.

Meanwhile, Yang Luo, Xu Ying, and Bujie chatted with Claude.

In any case, they had already prepared a lot of clothes to change into. They were all in Yang Luo’s storage ring, so there was no need to pack them.

More than an hour later.

Yang Luo and the rest got into an MPV and left the villa, heading straight for Jiang City Airport.

On the way to the airport....

Claude said, “Then I’ll book the earliest flight to Gaule with everyone now.”

Su Qingmei smiled and said, “Mr. Claude, there’s no need to trouble yourself.

Just take our company’s private plane.”

Because of business, Su Qingmei had bought a plane some time ago.

Over the past few days, Yang Luo, Bujie, Xu Ying, and Prajna had also found out.

“A private jet?”

Claude was stunned for a moment before he smiled and said, “Then I’ll freeload on Miss Su’s private plane!”

After arriving at the airport...

Yang Luo and the others passed through the VIP passageway and boarded the private plane that flew straight to Country Gaule...

Chapter 814: The Conspiracy of the Five Martial Alliances!

At the same time...

Elephant Country.

Martial Alliance headquarters.

Not long ago, Yang Luo, Xiang Kunlun, Xu Ying, Bujie, and Prajna had caused a huge commotion here, causing this place to be severely damaged.

Even till now, the repairs here had yet to be completed.

At this moment.

In one of the intact halls, there were many people sitting.

The Elephant Country’s Martial Alliance had chosen a new Alliance Master. His name was Pato, and his nickname was “Violent Bear”.

Although his strength was inferior to the previous Alliance Master, he was much stronger than the previous Vice Alliance Master.

Other than the Alliance Master of the Elephant Country Martial Alliance present...

The alliance masters of the other four countries of the Southeast Region were also present.

They were—

The leader of Country Noodle’s Martial Alliance, “Three-headed Giant Python” Sha Kun!

The Alliance Master of the Country Southpeace Martial Alliance, the Eight-Armed Divine Ape, Hathaway!

The leader of Country Asan’s Martial Alliance, “Wind Fire Lion King” Henik! Country Banana’s Martial Alliance Leader, “Victorious Boxing King” Gautier! Pato glanced at the other four Alliance Masters and said loudly, “I invited you here this time to discuss how to deal with the Country Hua’s Martial Alliance! Not long ago, our Alliance Master, Mr. Pagans, brought a delegation to the Hua Nation’s Martial Alliance to seek justice for Mr. Lungposa’s death!

However, I didn’t expect that Country Hua’s Martial Alliance would bully others and kill our Alliance Master and everyone in our delegation!

After that, the Alliance Master of the Country Hua Martial Alliance, Xiang Kunlun, behaved even more unreasonably. He brought four guys and swept through the thirteen martial arts schools in our Elephant Country!

Our Vice Alliance Master, Mr. Batagan, was killed by them in the battle!

The number one expert of our Elephant Country, Silver Dragon Spear King, Tonnies, was killed by them!

Even the three experts of Country Asan, Thousand-Handed Divine Monk Jaloye, Black Tiger War King Saruk, and Moonlight Saintess Bororia, were killed by them!”

“That’s right!”

Henik took over and said fiercely, “The Martial Alliance of Country Hua is too much!

They actually didn’t give our Country Asan’s Martial Alliance any face and even killed our three experts. How hateful!

If we don’t take revenge, how can our Country Asan’s Martial Alliance stand in the southeast region?!”

Pato looked at the other three alliance leaders and said bitterly, “Mr. Sha Kun, Mr. Hathaway, Mr. Gautier, we’re allies. You have to help us this time!”

Henik also said sadly, “Mr. Sha Kun, Mr. Hathaway, Mr. Gautier, the Country Hua Martial Alliance clearly wants to trample all the Martial Alliances in the southeast region under their feet!

Although they were only targeting the Martial Alliances of Country Asan and Elephant Country now, they might also target the three Martial Alliances in the future!

Therefore, we have to unite and ruthlessly dampen their spirits. We have to let them know how powerful we are!”

Sha Kun nodded and said, “Yes, the five Martial Alliances are a unit. We are bound together for good or ill. We have to help!”

Hathaway also added coldly, “The Country Hua Martial Alliance is indeed too arrogant. We have to teach them a lesson!”

Gautier asked in a low voice, “Mr. Pato, Mr. Henik, what do you think we should do?”

Pato said, “I suggest that we each choose ten experts from our Martial Alliance in the next few days and issue a challenge to Xiang Kunlun!

As long as he dares to accept the challenge, we can join forces to kill him!” “What if he doesn’t accept the challenge?”

Gautier asked.

Pato sneered and said, “This Xiang Kunlun is very arrogant. I believe he will definitely accept our challenge!

Of course, if he doesn’t accept the challenge, we’ll spread this news. This way, we’ll definitely embarrass Country Hua’s Martial Alliance!”

Henik said fiercely, “In addition to Xiang Kunlun, the four guys who came with Xiang Kunlun are also included!

We must kill Xiang Kunlun and those four fellows to raise the might of our five Martial Alliances!”

“Alright, let’s do that!”

“Hahaha, if Xiang Kunlun agrees this time, he will die. If he doesn’t agree, he will embarrass Country Hua’s Martial Alliance. I want to see what he will do!” “How dare you offend the five Martial Alliances? You have a death wish!”

The five alliance leaders’ faces were filled with excitement and anticipation, as if they could already see the scene of Xiang Kunlun, Yang Luo, Xu Ying, Bujie, and Prajna being killed.

At this moment, Gautier suddenly thought of something and said, “If Xiang Kunlun agrees, where should we choose the battlefield?”

“We can’t choose to do it in Country Hua, right? That’s their territory. It’s not good for us!”

Pato nodded and said, “Of course, we can’t choose the battlefield at their place, and naturally it can’t be in our areas too!

If it’s chosen by us, I’m afraid Xiang Kunlun won’t agree!”

Henik said, “Why don’t we choose Gaman Island? It’s an uninhabited island in the southeast sea, far away from all five countries!”

“Alright, let’s choose Gaman Island!”

Pato nodded and said in a trembling voice, “This time, we must kill Xiang Kunlun and the four guys who were with him!”

“Of course!”

“We must kill them!”

The other four alliance masters also shouted coldly.

The journey was long.

Due to the time difference...

When Yang Luo and the others arrived at Country Gaule’s Flower City Airport, it was already one in the morning.

When they walked out of the departure gate...

They saw that a tall Caucasian woman in a burgundy business suit and silver-rimmed glasses was already waiting in the hall.

Seeing Claude, Yang Luo, and the others come out, the Caucasian woman greeted them with a smile.

“Mr. Claude, welcome back!”

“Miss Maria, sorry to trouble you. It’s so late and you’re here to pick me up!”

Claude greeted her with a smile and hugged the Caucasian woman.

After letting go, Claude said, “Maria, let me introduce you.

This was the President of Hua Mei Biomedical, Miss Su Qingmei.

This is Miss Su’s assistant, Mr. Yang Luo.

These three are Mr. Yang and Miss Su’s friends, Mr. Xu Ying, Mr. Bujie, and Miss Prajna.”

Then, Claude introduced her to Yang Luo, Su Qingmei, and the others, “This is our chairman’s secretary, Miss Maria.”

“Hello, my name is Maria. Welcome to Flower City. I hope you can leave behind beautiful memories here!”

Maria, Yang Luo, and Su Qingmei shook hands.

Claude said, “Miss Su, Mr. Yang, it’s too late today. I got Maria to book a room at the Athena Hotel.

Have a good night’s rest. I’ll bring you to see the chairman tomorrow.”

Su Qingmei nodded and said, “Mr. Claude, I’ll listen to your arrangements.” Then, Yang Luo and the others took a few business cars and left the airport. The Athena Hotel was located in the center of Flower City. It was a five-star hotel that was low-key yet luxurious.

After arriving at the hotel

Claude and Maria sent Yang Luo and the others back to their rooms before leaving.

At this moment.

In one of the luxurious suites.

Yang Luo and Su Qingmei looked at the only room and looked at each other.

Because Claude was aware about Yang Luo and Su Qingmei’s relationship, so he booked a suite for Yang Luo and Su Qingmei.

However, what Claude did not know was that although Yang Luo and Su Qingmei lived under the same roof, they had never slept in the same room. Yang Luo scratched his head and said, “Why don’t I get another room?

Or should I squeeze in with Bujie and the others?”

Su Qingmei blushed and shook her head, “There’s no need to go through so much trouble. Let’s sleep together tonight...”

“All?”

Yang Luo jumped in shock, “Are you sure you want to sleep together?!”

Chapter 815: Confidence!

“What now?”

Su Qingmei pursed her lips, “Are you unwilling?”

“Yes, of course I’m willing!”

Yang Luo smiled awkwardly, “I was just afraid that you would find it inconvenient!”

Su Qingmei rolled her eyes at Yang Luo and said, “Why would I feel that it’s inconvenient? We’re already engaged. It would be strange if we don’t sleep together.”

“Uh... you’re right.”

Yang Luo nodded and said, “Then you sleep in the room for the next few days.

I’ll sleep in the living room.”

Hearing Yang Luo’s words, Su Qingmei’s eyes turned red.

She looked up at Yang Luo and said, “Do you hate me very much?”

“No, why would you think that?”

Yang Luo was instantly stunned.

Su Qingmei sniffed and said, “Then why do you reject me so much that you’d rather sleep on the sofa than sleep with me?”

Yang Luo said helplessly, “It’s the same reasoning as before. I’m just afraid that you’ll find it inconvenient.”

Tears streamed down Su Qing’s face as she choked, “I know I didn’t treat you well in the past. I always didn’t trust you and suspected you.

I know you’re very capable. You’ve been silently protecting me.

I was still not a qualified wife, but I’m slowly changing.

I will make myself better and better and try to make myself worthy of you.

So, can you forget the past me? Don’t hate me like that...”

If it was in the past, she would not have said such a thing to a man.

However, after interacting with Yang Luo for a few months, she gradually realized that everything Yang Luo did was for her own good.

She also realized that Yang Luo was truly too talented. It was so strong that she felt inferior.

If not for Yang Luo, Hua Mei Biomedical would not have lasted until now, not to mention getting better and better.

If not for Yang Luo, the twelve families led by the Jiang, He, and Song families would have destroyed the Su family long ago.

This man had already become her dependency.

In order to improve her relationship with Yang Luo, she was willing to put down her dominance. In front of Yang Luo, she only wanted to be a little girl.

Yang Luo took a step forward and hugged the woman.

He sighed softly and said, "Qingmei, you don't have to deliberately change yourself for me. The current you is already very good.

You don't have to say if you're worthy of me. No one is worthy of anyone.

Everyone is an independent individual and have the right to pursue what they love. There is no need to suffer for others.

Besides, I don't reject you or hate you, so you really don't have to think too much."

Su Qingmei punched Yang Luo's chest with all her might. Tears streamed down her face as she said angrily, "Annoying, you're too annoying. You've made me not like myself anymore!"

Yang Luo laughed out loud and said, "The dignified number one beauty President of Jiang City is actually crying. Aren't you ashamed of yourself?"

**"Hmph, in your dreams!"**

Su Qingmei pushed Yang Luo away and said, "I'll go take a shower first!"

With that, Su Qingmei took a change of clothes and went to the bathroom.

Yang Luo sat on the bed and let out a long breath.

He also knew that the woman had probably wanted to tell him these things for a long time, but she had never found a chance.

This time, since they were in a foreign country and the two of them were alone in a room, the woman had revealed her heart to him.

Actually, he also felt that he owed Su Qingmei.

After all, Su Qingmei was his fiancée, but he had other women outside.

It was already not easy for Su Qingmei to accept him like this.

He did not know how to make up for his debt to her, so he could only try his best to treat her well.

After showering for almost an hour, Su Qingmei came out of the bathroom.

The woman changed into a black silk nightdress that vividly outlined her tall and graceful figure.

A pair of slender jade arms and two round and straight long legs emitted a fair glow under the light.

Perhaps because she had just taken a shower, the woman's skin was still slightly pink, revealing a different kind of charm.

Su Qingmei, who was drying her hair, saw Yang Luo staring at her and her face turned even redder.

She said coquettishly, "What are you looking at? Your eyeballs are about to fall out!"

Yang Luo said seriously, "What's wrong with looking at my fiancée? Is it illegal?"

Su Qingmei said angrily, "Stop talking nonsense. Hurry up and help me dry my hair!"

**"As you command!"**

Yang Luo chuckled and followed Su Qingmei into the bathroom.

Walking in front of the bathroom mirror, Yang Luo picked up the hairdryer and carefully blew up the woman's hair.

Feeling the man's large hand brush through her hair, Su Qingmei's delicate body trembled slightly.

However, after a while, she relaxed and enjoyed this warmth.

At this moment...

She felt as if she and the man had lived together for many years.

Su Qingmei looked at the man in the mirror and said gently, "Yang Luo, this is your first time drying my hair for me, right?"

**"Looks like it."**

Yang Luo responded.

Su Qingmei bit her lower lip and asked, "Then can you dry my hair for the rest of my life?"

Yang Luo was stunned for a moment before nodding and giving an affirmative answer.

**"Yes, I can."**

Su Qingmei asked again, "We won't be separated for the rest of our lives, right?"

Yang Luo smiled and said, "Of course we won't be separated!"

Su Qingmei said, "I'm worried that we'll be separated one day.

After all, you have too many enemies. Every time you go out, I'm worried that you won't be able to return."

Yang Luo said firmly, "Don't worry. No matter how many enemies there are, I'll trample all of them under my feet!

Furthermore, no matter where I go or how long I leave, I will eventually return to your side!"

Su Qingmei pouted and said, "You said that. You can't go back on your word!"

Yang Luo replied affirmatively, "I won't go back on my word!"

Ten minutes later.

Yang Luo said, "It's done. Take a look and see if it's okay."

Su Qingmei touched her hair and smiled playfully, "Teacher Tony, your skills are not bad. I like you!"

**"Aiya, you still dare to mock me!"**

Yang Luo reached out and tapped the woman's rear gently.

“Ah!”

Su Qingmei hurriedly hid to the side and covered her back. Her face turned red, “Hurry up and take a shower. I’m going out!”

With that, Su Qingmei rushed out of the bathroom like a frightened rabbit and closed the door.

Yang Luo smiled, squeezed his hands, and muttered, “Yes, it feels good.”

Then, Yang Luo took out a change of clothes from his storage ring and took a shower.

When he walked out of the bathroom, he saw that the woman had fallen asleep with her back facing him.

Yang Luo turned off the light and quietly climbed onto the bed. He pulled open the blanket and slept beside the woman.

Before the woman could react, Yang Luo reached out and hugged her from behind.

Su Qingmei’s delicate body suddenly tensed up, but she did not break free from Yang Luo.

The entire room fell silent.

It was so quiet that they could hear each other’s breathing.

Seeing that the woman did not push him away...

Yang Luo became bolder and slowly reached down.

However, halfway through, Su Qingmei grabbed his hand.

“Yang Luo... I’m not ready yet... Can we wait a little longer?”

The woman’s voice was trembling. She was clearly really nervous and really unprepared.

“Alright.”

Yang Luo responded and his hand finally became obedient.

Only then did Su Qingmei heave a sigh of relief. Then, she asked, “Yang Luo, you destroyed the Myriad Swords Gate in the ancient martial arts world, right?”

“Hmm?”

Yang Luo looked surprised, “How did you know?”

Chapter 816: Spiritual Doctor Queen!

Su Qingmei said, “While you were not in Jiang City, many Martial Warriors came to Jiang City to kill you.

Because they couldn’t find you, they wanted to capture me to force you to appear.

Fortunately, the people you sent were guarding the villa. Otherwise, I would have been caught by them long ago.

Moreover, on the night the Myriad Swords Gate was destroyed, another group of Martial Warriors came to kill you.

Originally, we were about to fight, but they suddenly received a message from the Myriad Swords Gate and ran away.

Therefore, I was wondering if you were the one who destroyed the Myriad Swords Gate.”

“So that’s why.”

Yang Luo nodded in realization and continued, “We were able to destroy the Myriad Swords Gate this time because we had the help of our brothers.

Otherwise, Xu Ying, Bujie, and Prajna won’t be able to destroy the Myriad Swords Gate alone.”

Su Qingmei said, “Can you tell me about how you destroyed the Myriad Sword Sect?”

Yang Luo asked curiously, “Why are you so interested in this matter?”

Su Qingmei snorted softly, “I’ve also begun to cultivate now. I’ve also stepped into the Martial Dao, so I naturally have to care about these things.”

“Alright, since you want to know, I’ll tell you.”

Yang Luo nodded and briefly told Su Qingmei about how he and the others had attacked the Myriad Swords Gate.

After hearing Yang Luo’s story...

Su Qingmei quickly turned around and said in surprise, “Oh my god, you guys are really too bold.

The Myriad Swords Gate was one of the top sects in the ancient martial arts world after all, yet you dared to attack it.

What if something happened?”

“Nothing happened, as you can see.”

Yang Luo smiled and replied, “Moreover, the Myriad Swords Gate and I have always been mortal enemies.

If I don’t destroy them, they will kill me endlessly, even everyone around me.

The reputation of the Myriad Swords Gate in the ancient martial arts world has never been good.

They relied on the fact that they were a large sect to bully those small sects.

If I exterminate them, it can be considered as getting rid of evil for the ancient martial arts world.”

Su Qingmei reached out and tapped Yang Luo’s glabella, saying, “Can you not be so rash in the future? Can you not fight with others so easily?

You were lucky this time that nothing happened.

But what about the next time? Will you guys always be lucky?”

Yang Luo chuckled and said, “Alright, alright, alright. I won’t be so impulsive in the future. I’ll think twice before doing anything.”

**“That’s more like it.”**

Su Qingmei nodded and changed the topic, “You’ve already taken down Prajna, right?”

Yang Luo’s heart skipped a beat, “You know about this too?”

Su Qingmei snorted, “Of course Prajna told me herself.”

Yang Luo rubbed his forehead, “Why does this girl tell you everything?”

Su Qingmei said proudly, “Prajna is in an alliance with me now. We naturally have nothing to hide to each other.”

The corners of Yang Luo’s mouth twitched, “D\*mn, you even created an alliance?”

Su Qingmei asked again, “Other than Prajna, was my Auntie also taken down by you?”

**“Did... Prajna tell you this too?”**

The corners of Yang Luo’s mouth twitched even more.

**“Of course!”**

Su Qingmei nodded.

**“Oh my god, you’ve planted a spy around me!”**

Yang Luo immediately felt a headache.

**“What spy? You make it sound so unpleasant.”**

Su Qingmei glared at Yang Luo and sighed, “Although I knew that Auntie liked you, I didn’t expect her to fall for you so quickly.”

Yang Luo laughed dryly and said, “Everything happened naturally. We didn’t force each other.”

Su Qingmei grabbed Yang Luo’s nose and said with an angry huff, “Can you take it easy?

How long has it been? Sister Dongfang, Prajna, and Auntie have all been taken down by you!

If you were given a little more time, would you be able to get all the beauties in the world?”

Yang Luo smacked his lips and said, “It’s unrealistic to take in all the beauties in the world.

However, we still have to take what we should take.”

Su Qingmei suddenly twisted her right hand, “Don’t think that you can go too far just because I don’t say anything about this!

Do you hear me? Take it easy!

If you dare to bring back some indecent women, I’ll kill you!”

**“I heard you. I’ll take it easy!”**

Yang Luo nodded repeatedly.

In the following period of time...

The two of them chatted about various things. As they chatted, they fell asleep...

The next morning.

After Yang Luo, Su Qingmei, Xu Ying, Bujie, and Prajna finished breakfast, they left the hotel with Claude and Maria.

On the way...

Su Qingmei asked, "Mr. Claude, Miss Maria, are we going straight to Laurel Corporation's headquarters now?"

Claude replied, "Miss Su, we're going to the chairman's house now.

Today, the chairman invited Dr. Flora, the Spiritual Doctor Queen of the Country Golden Tower Spiritual Doctor Sect, to treat his illness.

Coincidentally, we can also get Mr. Yang to check on the chairman's health." "Oh?"

Maria looked at Yang Luo in confusion, "Mr. Yang, are you also a doctor?"

Claude smiled and said, "Maria, you might not know this, but Mr. Yang is the number one Divine Doctor in Jiang City. He has treated many people and complicated illnesses. His medical skills are very brilliant.

That's why I asked Mr. Yang to treat the chairman this time."

Maria said, "Mr. Yang, it's not that I don't believe in your medical skills.

However, I'm afraid you don't have to do anything today."

**"Why?"**

Yang Luo asked curiously.

Maria said, "Doctor Flora is the vice sect master of Country Golden Tower's Spiritual Medicine Sect. Her medical skills are very impressive!

In the past, Doctor Flora had cured many big shots in the world, as well as many rare illnesses!

It was precisely because of this that the outside world called Doctor Flora the Spiritual Doctor Queen!

Therefore, with Dr. Flora's help this time, the chairman's illness will definitely be completely cured!"

Yang Luo shrugged and said, "Alright, if this Spiritual Doctor Queen can really cure Mr. Carlton, that would naturally be best."

He had heard Huang Tai'an and the others mention the Spiritual Doctor Sect in the Country Golden Tower before.

It was said that the Spiritual Doctor Sect would also participate in the ninth Medical Dao Competition.

Therefore, he planned to experience the medical skills of the Spiritual Doctor Sect and see if there was anything extraordinary about them.

They chatted along the way.

Half an hour later.

The car stopped at the entrance of an ancient European-style manor.

The manor occupied a large area and had an excellent scenery. It was suitable for cultivating one's body and mind here.

Moreover, there were many bodyguards guarding the area and the security was tight.

An old butler in a tuxedo was already waiting at the door.

The moment Yang Luo and the others got out of the car, the old butler welcomed them with a smile.

**“The family head is receiving treatment upstairs. Everyone, please!”**

The old butler made an inviting gesture and led Yang Luo and the others into the manor.

After walking into the manor...

Everyone came to a room on the second floor.

He saw a thin old man with white hair and a wrinkled face lying on the bed.

This old man was the current chairman of Laurel Group, Carlton.

Carlton seemed a little nervous, his fists clenched.

Beside the bed stood a woman.

The woman was wearing a golden robe and a golden crown. She held a golden scepter inlaid with sapphires in her hand. She looked to be in her thirties. She had a plump figure and a beautiful face.

At this moment, the scepter in the woman's hand was pointed at Carlton's chest as she chanted an ancient incantation.

As the incantation sounded, the tip of the scepter in her hand emitted a dazzling dark blue light.

Beams of light surged into Carlton's body. It was extremely mysterious.

**“Holy crap, could this be the legendary female Pharaoh?!”**

Seeing this woman, Bujie could not help but exclaim..

Chapter 817: Extend Ten Years of Lifespan?

**“She really looks like a pharaoh!”**

Prajna echoed.

Therefore, this woman's dressing was indeed very similar to the Pharaoh of the Ancient Country Golden Tower.

Hearing their exclamations...

The woman glanced coldly at Bujie and Prajna.

The old butler frowned and said, "Doctor Flora is treating the family head. Keep your voices down."

"Oh-oh."

Bujie and Prajna nodded.

"Yang Luo, can you tell what illness Mr. Carlton has?"

Su Qingmei asked softly.

Yang Luo shook his head and said, "Mr. Carlton isn't sick."

"Not sick?"

Su Qingmei was stunned for a moment before saying, "Then why does Mr. Carlton look sickly and listless?"

Xu Ying and the rest also looked at Yang Luo.

Yang Luo said, "He has the Five Turbidities, that's why this situation happened."

"What is the Five Turbidities?"

Su Qingmei asked in confusion.

Yang Luo said, "The Five Turbidities means that the clothes are dirty, head is full of wrinkles, armpits are sweating, body is smelly, one cannot feel happy.

In layman's terms, it was the five phenomena that appeared when one's lifespan was about to end.

The previous head of the Liu family, Liu Changhe, died because of this."

"Oh..."

Su Qingmei nodded in realization.

Bujie shook his head and said, "Sister-in-law, this Five Turbidities is a saying of our Buddhist Sect. The Five Decays are divided into the Five Major Decays and the Five Minor Decays.

The Great Five Declines were the five situations Brother Yang mentioned. The other Five Declines refers to the lack of joy, the sudden extinguishment of light, the drenching of water, the reluctance to part with one's surroundings, and the rapid blinking of eyes.

If it was just the minor decays, there's still a possibility of recovery.

However, if it's the Five Major Decay, it will be difficult for even immortals to save him."

Yang Luo nodded and said, "Bujie is right.

And Mr. Carlton is in a terrible state now.

It's the Five Major Decay of the Five Turbidities. He's already at the end of his rope and is not far from death."

Xu Ying knew a little about the Five Turbidities that Yang Luo and Bujie mentioned.

However, Su Qingmei, Claude, Maria, and the old butler were confused and did not understand at all.

Su Qingmei said, "Does that mean that Mr. Carlton can't be saved?"

**"Mr. Yang... Is the chairman really hopeless?"**

Claude asked in a trembling voice.

The old butler said coldly, "Mr. Claude, you even believe such nonsense?"

What Five Turbidities, Five Major Decays, and Five Minor Decays? I don't know what they're talking about at all."

Maria was also a little displeased, "The chairman is currently receiving treatment from Dr. Flora. How can he not be saved?"

Yang Luo said very seriously, "Mr. Carlton's situation is indeed hopeless.

Even if this woman is the Spiritual Doctor Queen, it's impossible for her to save Mr. Carlton."

Maria sneered and said, "You make it sound like you know Doctor Flora's medical skills very well."

Yang Luo said, "This woman is using the spiritual medicine passed down from Country Golden Tower. It's a very ancient medical technique.

After all, everything in this world has a spirit.

This medical skill was created through the spirits of everything.

As long as one could find the crux of these spirits' ailment and eliminate them, they would be able to achieve the goal of healing.

Actually, this spiritual medicine is somewhat similar to our Country Hua's Dao and Mystic Doctors. It's a magical and mysterious medical technique."

Everyone present still did not understand what Yang Luo was saying.

However, Flora, who was treating Carlton, turned to look at Yang Luo with surprise in her eyes.

Yang Luo continued, "Although this Miss Flora knows medicine, she still can't treat Mr. Carlton."

Claude hurriedly asked, "Mr. Yang, can you treat it?"

**"I can't cure him either."**

Yang Luo shook his head.

Upon hearing this, Claude's face immediately revealed a hint of frustration.

He originally trusted Yang Luo very much, but now that Yang Luo said that it could not be treated, he felt very disappointed.

Maria smiled sarcastically and said, "Mr. Yang, after babbling so much jargon, it turns out that you can't treat him after all this time."

The old butler also shook his head and said, “Young people like to show off, but they don’t have any true ability.”

Yang Luo smiled faintly and said, “Although I can’t cure this Five Turbidities, I can extend Mr. Carlton’s lifespan by ten years.”

“What?! Extend ten years of lifespan?!”

Claude could not help but exclaim.

But when he thought of Flora treating the chairman, he quickly shut up.

Then, he lowered his voice and asked, “Mr. Yang, is what you said true?”

“Of course.”

Yang Luo nodded and said, “Although Mr. Carlton will still die in ten years, he can live for at least another ten years. This is already very good.”

The old butler mocked, “This is ridiculous. Extending your lifespan by ten years? Do you think you’re God?”

Maria couldn’t stand it anymore.

She said to Claude, “Mr. Claude, you said that this kid is a powerful doctor. That’s why I respected him!

“But now, I feel that this kid is not a doctor at all. He’s clearly a liar!”

Su Qingmei hurriedly said, “Miss Maria, Yang Luo’s medical skills are really amazing!

Since he said that he could help Mr. Carlton extend his lifespan by ten years, it must be true!

Otherwise, he wouldn’t have said that at all!”

Claude said helplessly, “Miss Su, extending your lifespan by ten years is not realistic at all. It’s too absurd.

Therefore, it’s better not to let Mr. Yang treat the chairman. If the chairman hears this, he definitely won’t believe it and will be unhappy.”

“This...!”

Su Qingmei wanted to explain, but she didn’t know how to.

Bujie curled his lips and said, “Since my Brother Yang has said so, he can definitely do it.

However, if you don’t let him treat the old man, then this old man can wait for death.”

Maria and the old butler snorted coldly, not wanting to talk to Yang Luo and the others anymore.

Extend his lifespan by ten years?

If they believed it, they would really have a problem with their brains!

At this moment...

Flora’s treatment had reached the final juncture!

She recited the incantation faster and faster, and the flickering light on the scepter became more and more dazzling!

A few minutes later...

She suddenly waved the scepter in her hand!

The dazzling dark blue light immediately enveloped Carlton's entire body!

After a while...

The light gradually dissipated.

Flora put away her scepter and said indifferently, "The treatment is over. Mr. Carlton is fine now."

**"Chairman!"**

**"Patriarch!"**

Claude, Maria, and the old butler hurried over.

**"Chairman, how are you feeling?"**

Claude quickly asked.

The old butler smiled and said, "Master's face is rosy now, and his condition is much better than before. It's obvious that he has recovered!"

Carlton slowly sat up and got out of bed to stretch his body.

A look of surprise immediately appeared on his face as he shouted excitedly, "Alright, I've really recovered.. I feel like my body is filled with strength now, as if I've become younger by a few years!"

Chapter 818: You Only Have Three Days to Live!

Claude said excitedly, "Amazing, really amazing!

If I hadn't seen it with my own eyes, I really wouldn't have known that there was such a magical medical technique in the world!"

Maria looked at Flora in admiration and said, "Doctor Flora, your medical skills are really amazing!

Before you treated the chairman, the chairman's health was very bad. He could only sit in a wheelchair when he went out!

**"However, I didn't expect the chairman to be able to walk on his own after your treatment. Moreover, his spirit has recovered!"**

**"Thank you, Doctor Flora. You're the real Divine Doctor!"**

The old butler looked at Flora respectfully.

Flora only nodded lightly with a calm expression, as if she had done something unimportant.

Bujie stroked his chin and said, "Brother Yang, this woman is quite capable.

She actually really restored the spirit of this sickly old man.

Could it be that this woman really cured this old man?"

Yang Luo shook his head and said, "She just overdrafted Mr. Carlton's life force in advance.

If Mr. Carlton could still live for a month before, after her treatment, Mr.

Carlton can only live for three days at most."

**"Holy shit!"**

The corner of Bujie's mouth twitched, "From one month to three days. How is this saving people? It's clearly killing people!"

At this moment, Flora walked up to Yang Luo.

She looked at Yang Luo arrogantly and asked, "Sir, since you can tell the medical skills I used at a glance, I believe you're also a medical expert, right?"

**"I guess you could consider me that."**

Yang Luo nodded in reply.

Maria said, "Miss Flora, this kid is a liar. How can he be a doctor!"

Flora said, "I'm not sure if this gentleman is a doctor, but he does know our

Spiritual Doctor Sect's spiritual medicine."

The old butler said in surprise, "This kid was really right?"

Maria said sarcastically, "Perhaps this kid knew about spiritual medicine beforehand. It's not surprising that he was right."

Flora continued, "Sir, didn't you just say that I can't cure Mr. Carlton? What about now? What else do you have to say?"

Yang Luo met Flora's gaze and asked, "Do you really think you've cured Mr. Carlton?"

**"Of course!"**

Flora raised her hand and said, "Now Mr. Carlton has recovered his spirit, can't you see?"

Yang Luo spread his hands and said, "Since you've said so, I have nothing to say."

**"Doctor Flora, I've been tortured to death by this illness for the past two years!"**

Thank you for curing me and giving me a new life!"

Carlton walked over and bowed deeply to Flora.

As he spoke, Carlton instructed the old butler, "Peter, quickly pay Dr. Flora!" "Yes, Patriarch!"

The old butler nodded. Then, he took out a bank card and handed it to Flora with both hands.

“Doctor Flora, there’s too million USD in this card. The password is the last six digits of the card number. Please accept it!”

Flora didn’t say anything else and directly took the bank card.

After Flora took the bank card...

Carlton said to the old butler, “Peter, Dr. Flora should be very tired from treating her illness. Quickly send a car to send Dr. Flora back to the hotel.” “Alright.”

Peter nodded and made an inviting gesture, “Dr. Flora, please!”

Then, Peter and Flora left.

After the two of them left...

Carlton turned to look at Yang Luo, Su Qingmei, and the others. He asked

Claude unhappily, “Claude, who are these people?”

Just now, when Doctor Flora treated him again, these people had been saying that Doctor Flora couldn’t treat him and that his lifespan was about to end.

If not for his self-restraint, he would have lost his temper long ago.

Claude respectfully introduced Su Qingmei, Yang Luo, and the others to Carlton.

“Oh...”

Carlton nodded in realization, and his expression softened a little, “So it’s the President of Hua Mei Biomedical, Miss Su.

Previously, Claude introduced your company and the three products that your company listed. I’m very interested.”

Su Qingmei smiled and said, “Since even Mr. Carlton is interested, it means that my product is indeed not bad.

To be honest with you, Mr. Carlton, our company’s three products have recently been upgraded. The effect is even better than before.

Moreover, our company has three new products on the market.

You might also be interested in them.”

“Is that so?”

Carlton smiled faintly and said, “In that case, Miss Su, please follow me to the study. Let’s have a good chat.”

“Of course.”

Su Qingmei nodded.

With Yang Luo and the other three present, she naturally had the confidence.

Even in the face of such a business tycoon, she could still not be afraid.

Carlton said to Claude and Maria, "Claude, Maria, go to the living room on the first floor and entertain these people."

"Yes!"

Claude and Maria nodded.

After Carlton and Su Qingmei went to the study,

Claude and Maria brought Yang Luo and the other three to the living room on the first floor.

The nanny in the manor poured a few cups of coffee and brought some snacks over.

Claude picked up his coffee and took a sip. He said apologetically, "Mr. Yang,

I'm really sorry for making you come all the way here for nothing."

Yang Luo shook his head and said, "It's not a wasted trip. Anyway, I came over with my fiancée to discuss a collaboration.

"It just so happens that I haven't come to Country Gaule yet. I can take the opportunity to play here."

At this point...

Yang Luo added, "Mr. Claude, what I said just now is true.

Mr. Carlton, you have at most three days to live.

If you want to continue living, I can help you extend your lifespan by ten years."

"This...!"

Claude was instantly embarrassed.

He originally did not want to mention this matter, but who knew that Yang Luo would mention it again?

Claude coughed lightly and said, "Mr. Yang, as you can see, our chairman has completely recovered.

Therefore, don't mention this matter again."

Maria also said, "Mr. Yang, if you come to our place as a guest, we welcome you.

However, if you continue to spout nonsense, we can only ask you to leave this place."

"Sigh..."

Yang Luo sighed softly and did not say anything else.

In the following period of time...

Yang Luo and Claude chatted by the side.

After more than an hour...

Su Qingmei and Carlton came downstairs chatting and laughing.

Carlton smiled and said, "Miss Su, why don't you stay for lunch?"

**"Mr. Carlton, don't bother."**

Su Qingmei shook her head and said, "This is also the first time my fiancée and I have come to the Flower City. We want to walk around alone."

**"That's good too."**

Carlton laughed and continued, "Miss Su, I'll discuss it with the other directors of the board of directors in the next few days.

Don't worry, regardless of whether we can reach a cooperation, I will definitely give you an answer as soon as possible."

Su Qingmei nodded and said, "Thank you, Mr. Carlton."

Then, Carlton sent Su Qingmei, Yang Luo, and the others to the entrance of the manor.

However, before getting into the car...

Yang Luo looked at Carlton and said, "Mr. Carlton, remember what I said.

You really only have three days to live. If you want to live, remember to look for me in three days.

Otherwise, you will definitely die."

**"You..."**

Carlton was furious. He waved his hand and said, "Send the guest out!"

**"Mr. Yang, stop talking. Let's leave quickly!"**

Claude pushed Yang Luo into the car and quickly left the manor..

Chapter 819: Accept the Challenge!

After sending Yang Luo and the others to the entrance of the Athena Hotel...

Claude and Maria left.

Su Qingmei asked, "Yang Luo, does Mr. Carlton really only have three days to live?"

**"Of course."**

Yang Luo nodded and said, "I only reminded him because I saw that this old man treats people quite well.

Otherwise, I wouldn't care about his life."

Su Qingmei sighed and said, "Mr. Carlton is indeed not bad. His insight into the market and his taste in business are worth learning from.

I hope he listens to you and comes to find you quickly."

“Don’t worry, this old man will definitely come looking for me in three days.”

Yang Luo smiled and continued, “Alright, let’s not think about this anymore. It wasn’t easy for us to make a trip to Flower City. It would be a pity if it wasn’t fun.”

“Ok!”

Su Qingmei’s eyes lit up. “I heard that Flower City has gathered all the famous brands in the world!

What’s more, many brands’ new clothes, bags, and shoes would be listed here first!

I’m going to buy crazily for the next few days!”

“Me too, me too!”

Prajna punched excitedly.

Bujie smacked his lips and said, “Then I’ll try the delicacies and wine here.”

Yang Luo laughed and waved his hand. “Then what are we waiting for? Let’s go!”

At the same time...

In China.

It was past four in the afternoon.

Martial Alliance headquarters.

In a study in an attic.

Xiang Kunlun sat behind the desk and was dealing with the Martial Alliance’s matters during this period of time.

At this moment...

Knock, knock, knock.

There came a series of urgent knocks on the door.

“Come in.”

Xiang Kunlun said.

The door was pushed open.

Vice President Lu Xingzhou rushed in with an envelope.

Xiang Kunlun glanced at Lu Xingzhou and asked, “Old Lu, what’s the matter?”

Lu Xingzhou hurriedly said, “Alliance Master, the Martial Alliance of the Five Nations, led by the Martial Alliance of the Elephant Country, has issued a challenge to you!”

As he spoke, Lu Xingzhou handed the envelope to Xiang Kunlun.

“A battle challenge?”

Xiang Kunlun took the envelope with a puzzled expression.

He opened the envelope and took out a letter to read.

The contents of the letter were very simple.

It was the Alliance Masters of the Martial Alliances of Country Noodle, Country Asan, Country Southpeace, and Country Banana who challenged him.

Even Yang Luo, Xu Ying, Bujie, and Prajna were included.

The challenge venue was set on Gaman Island in the southeast sea.

Three days later, in the morning.

Moreover, the name of the Alliance Masters of the Five Nations Martial Alliance was signed at the back of the letter.

After reading the letter, the corners of Xiang Kunlun's mouth curled up into a teasing smile.

Lu Xingzhou said solemnly, "Alliance Master, the five Martial Alliances suddenly challenged you. I'm afraid there's a conspiracy!

Don't be in a hurry to agree. I'll gather the higher-ups of the Martial Alliance for a meeting to discuss this matter now!

Whether we should accept this challenge or not, we'll decide after discussing it!"

**"There's no need to go through so much trouble."**

Xiang Kunlun shook his head and said, "Since they've already issued a challenge, if I don't agree, I'll lose the face of our Country Hua's Martial Alliance.

**"Go and tell them that I've accepted the challenge. I'll definitely be there in three days."**

**"Ahh?"**

Lu Xingzhou was stunned. He exclaimed, "Chief, you can't be so rash!

**"The five Martial Alliances have a deep grudge against our Martial Alliance!**

They challenged you at the same time this time, so they definitely want to harm you!

Even if you want to accept the challenge, you have to bring more people with you!"

Xiang Kunlun chuckled and said, "I know they want to kill me, but so what?

In the face of absolute strength, any schemes and plots are useless.

They're just a bunch of clowns. They're not worthy of us mobilizing so many people.

Don't worry. I'll go and teach them a lesson and they'll be obedient."

**"Then... alright."**

Lu Xingzhou nodded helplessly.

Xiang Kunlun raised his hand and said, "If there's nothing else, you can go ahead with your stuff."

**“Yes!”**

Lu Xingzhou nodded and left the study.

After Lu Xingzhou left...

Xiang Kunlun muttered, “Let’s see if we should call that kid over in three days.”

After saying that, Xiang Kunlun crumpled the envelope and letter into a ball and threw them into the trash can. Then, he continued to do his own things...

Three days passed in the blink of an eye.

In these three days.

Yang Luo and the others ate, drank, and played everywhere in the city. They visited almost all the famous streets, scenic spots, and famous shopping malls in the city. They were very happy.

On the third night.

Yang Luo, Su Qingmei, and the others finished their dinner and took a walk by the River Seine.

Su Qingmei held Yang Luo’s arm and walked in front.

Xu Ying, Bujie, and Prajna followed behind.

Everyone enjoyed the night breeze and the beautiful scenery by the river.

Su Qingmei smiled and said, “I haven’t been so relaxed in a long time.

I’m so happy to have you guys by my side these few days.”

Yang Luo smiled and said, “Silly girl, you’ve been busy for so long. It’s time for you to relax.

**“When the company is completely on track in the future, I’ll bring you around the world. How about that?”**

**“Really?!”**

Su Qingmei’s eyes were filled with longing, “I want to go to Country Stars & Stripes’ Hollywood Film City to see a big star!

I want to go skiing in the Alps!

I want to go to Country Golden Tower to see the pyramids!

I want to go Bali to sunbathe...”

Yang Luo nodded and said, “Yes, as long as there’s time, let’s go one by one to play!”

**“I want to go too, I want to go too!”**

Prajna also came over.

**“Brother Yang, don’t forget about us!”**

Bujie and Xu Ying also walked over.

Yang Luo smiled and said, “Yes, let’s all go. When the time comes, we’ll call all our relatives and friends to play together!”

**“Alright, alright. I hope this day will come as soon as possible!”**

Prajna jumped up happily.

Su Qingmei suddenly thought of something and asked, “By the way, why hasn’t Mr. Claude contacted you yet?”

Could it be that Mr. Carlton has really been cured by Dr. Flora?”

**“That’s impossible.”**

Yang Luo shook his head and said, “There are still four hours before midnight. What’s the hurry?”

Su Qingmei said, “I hope nothing will really happen to Mr. Carlton.”

Then, Yang Luo and the others strolled and chatted. Unknowingly, they arrived near the Battle God Plaza.

One of the cultural symbols of Country Gaule, the world-famous Eiffel Tower, was located in the center of the Battle God Plaza.

The tower was more than 300 meters tall and was divided into three levels. The first level was more than 50 meters from the ground, the second level was more than 100 meters from the ground, and the third level was nearly 300 meters from the ground. The antenna on the top of the tower was more than 20 meters tall.

At this moment, the Battle God Square was very lively.

A wandering band was singing and playing guitar in the square.

Many people were dancing in the square.

**“Come, let’s go over and play!”**

Su Qingmei held Yang Luo’s hand and ran over.

Xu Ying, Bujie, and Prajna followed.

Yang Luo and the others also joined in and sang and danced with everyone. They were very happy.

However, at this moment...

A fleet of luxury cars happened to pass by the street not far from the square.

A Caucasian man and a Caucasian woman sat in the backseat of the lead extended Rolls-Royce.

The Caucasian man held a cigar in his mouth and said with a smile, “The Battle God Plaza is really lively today...”

However, halfway through his sentence, the Caucasian man’s expression suddenly changed!

He hurriedly said to the Caucasian woman beside him, “Natasha, look, is that kid from Country Hua in the square the disciple of the old Divine Emperor?!”

The Caucasian woman also looked through the car window, and a hint of surprise appeared in her beautiful eyes, "It's really that kid."

The Caucasian man grinned and said, "Interesting. I originally wanted to go to Country Hua to look for him later, but I didn't expect to meet him here."

Since we've seen him, should we go and meet him?"

"Then let's go meet him."

The Caucasian woman nodded..

Chapter 820: Fighting Sirius, Goddess of Fate!

At this moment.

On the Battle God Square.

In the square, everyone was singing and dancing, and there was endless laughter.

But at this moment...

Bang!

A loud bang suddenly came from the Eiffel Tower!

The entire iron tower and even the entire square shook!

Yang Luo's heart skipped a beat as he suddenly looked up at the tower!

The others present also looked up!

What they saw was two figures standing quietly on the second floor of the iron tower!

Standing on the iron tower was a Caucasian man and a Caucasian woman!

The Caucasian man had brown curly hair, a rough face, and a burly figure that was more than three meters tall!

He was wearing a light gray suit with a black shirt inside, revealing his broad and firm chest, like a city wall made of steel!

The Caucasian woman was more than 1.7 meters tall and possessed a tall and graceful figure!

She was wearing a snow-white dress and had long amber curly hair. Her fair face, blue eyes, and plump red lips made her appear unbelievably beautiful!

It wasn't like Yang Luo hadn't seen foreign beauties before. The most beautiful one was Alinda.

But now, he felt that this Caucasian woman in front of him was even more beautiful than Alinda.

The woman stood there, glistening in the moonlight. She looked like a goddess from Western mythology.

Most importantly, the Caucasian man was like a wild beast, and this Caucasian woman was like a goddess. The visual impact was too great.

Moreover, from the aura emitted by these two people, Yang Luo could sense that they were definitely not ordinary people.

“Oh my god, when did these two go to the top of the iron tower?!”

“Aren’t they afraid of falling down from such a high position?!”

“However, that woman is really beautiful. She’s simply like a goddess in myths!”

Everyone in the square was pointing and discussing.

Bujie stared intently at the two people on the iron tower and smacked his lips, “Could this be the legendary Beauty and the Beast?”

However, looking at these two fellows, they don’t seem to be ordinary people!” Xu Ying nodded and said, “They are indeed not ordinary people. The aura on their bodies is very strong!”

However, when Prajna saw the two of them...

Her beautiful eyes widened and her entire body trembled uncontrollably. Her face was filled with reverence.

At this moment.

Just as Yang Luo looked at the two of them, the two of them also stared at Yang Luo.

Yang Luo said in a deep voice, “I’m afraid these two are here for me.”

“Huh? They’re here for you?”

Su Qingmei was shocked,. “Could it be that you know them?”

Xu Ying and Bujie also looked at Yang Luo.

“I don’t know them.”

Yang Luo shook his head, “Besides, I don’t know if they’re friends or foes.”

At this moment, Prajna said with a trembling voice, “Brother Yang... These two are the Divine Kings of the Holy Imperial Court!”

“Ah?”

Yang Luo was stunned and said in surprise, “They’re all Divine Kings of the Holy Imperial Court?!”

“Yep!”

Prajna nodded and said, “If I’m not wrong, that Caucasian man is the Heavenly Sirius, Degult! That Caucasian woman is the Goddess of Fate, Natasha!

I heard that they are ranked higher than the Dark Baron, the Purgatory Death God, and the Death Witch. They are also stronger!”

**“Is that so?”**

Yang Luo narrowed his eyes, and there was a strong fighting spirit in them, “Since they’ve come looking for us, let’s beat them into submission in one go!

Only when these guys are convinced of me will I be able to control the Holy Imperial Court in the future!”

Bujie asked excitedly, “Brother Yang, can we try fighting them?”

**“Yes, I want to spar against them too!”**

Xu Ying’s eyes were filled with fighting spirit as well.

**“Alright!”**

Yang Luo nodded and said, “You can also see how big the gap between you and these Divine Kings is!”

As he spoke, Yang Luo said to Prajna, “Prajna, try fighting them too!”

**“Me?!”**

Prajna’s face turned pale as she shook her head, “I think I’ll pass...”

Bujie grinned and said, “Sister Prajna, don’t be afraid. With Brother Yang around, it’s fine!”

**“Then... alright.”**

Prajna nodded helplessly.

She had once been in the Dark World and knew very well how terrifying these

Divine Kings of the Holy Imperial Court were.

If it was in the past, she would not dare to fight them no matter what.

After all, she was just a small-time killer.

But now, after staying by Yang Luo’s side for a long time, she was much bolder.

Su Qingmei was also excited and said, “Count me in!”

**“Huh?!”**

The corners of Yang Luo’s mouth twitched, “Qingmei, are you going to compete with them too?”

The corners of Su Qingmei’s lips curled up as she said indignantly, “Why? Are you looking down on me?

I’m already considered an expert now, alright?”

**“Alright, you can try it too.”**

Yang Luo nodded in reply.

In any case, with him around, there was naturally no need to worry about Su Qingmei and the others’ safety.

Just as Yang Luo and the others were talking!

Bang!

Another loud bang came from the iron tower!

The entire iron tower and even the entire square began to tremble gently!

A black-red beam of light shot out from the Heavenly Sirius!

A white beam of light rushed out of the Goddess of Fate's body!

Two beams of light entered the night sky. It was incomparably spectacular!

Everyone in the square was stunned!

“Heavens, could these two be heavenly deities?!”

“This should only be the special effects of a movie, right?!”

“Yes, yes, yes. They must be filming a movie!”

Everyone exclaimed.

The next second!

Bang!

Only a loud sound was heard.

Heavenly Sirius jumped down from the hundred-meter-tall iron tower and attacked Yang Luo!

“Bujie, Xu Ying, catch!”

Yang Luo shouted and took out the Dragon-Mark Buddhist Staff and the Dragon Sparrow Saber from his storage ring, throwing them to Bujie and Xu Ying!

Usually, when there was no battle, Bujie and Xu Ying's Dragon-Mark Buddhist Staff and Dragon Sparrow Saber would be kept in his storage ring for safekeeping!

The two of them caught the Dragon-Mark Buddhist Staff and the Dragon Sparrow Saber steadily before charging forward!

Su Qingmei and Prajna also flashed and charged forward!

And in that instant!

Heavenly Sirius twisted his fist and a dazzling black-red light flashed on it as it blasted out!

This punch was incomparably terrifying. It directly exploded the air, emitting a deafening explosion!

“Heavenly Sirius, right? Eat my staff!”

Bujie shouted and suddenly swung the Dragon-Mark Buddhist Staff in his hand to meet the attack!

Xu Ying gripped the Dragon Sparrow Saber tightly with both hands and slashed out with all his might!

Meanwhile, Prajna gripped the Wind and Fire Kunais with both hands and mobilized the gale and flames to attack!

Su Qingmei raised her palm and slapped out heavily!

Yang Luo shouted at the people in the square, "Everyone, evacuate the square quickly!"

The people in the square seemed to have realized that something was wrong and fled in all directions!

At the moment when everyone fled!

Boom! Boom!

Heavenly Sirius' punch collided fiercely with the attacks of Bujie and the other three!

The entire square seemed to have exploded with a muffled thunder, shocking everyone!
