Chapter 825: Victory Has Been Determined!

Hearing the Heavenly Sirius's words,

The Goddess of Fate waved her right hand!

"Divine Light Spear!"

In the blink of an eye!

Countless jade-white spears of light condensed and shot towards Yang Luo!

Whoosh! Whoosh! Whoosh! Whoosh!

The sharp sound of a sonic boom rippled in the square!

It was as if a rain of light had fallen from the sky above the entire square. The dazzling light contained endless lethality, destructive power, and annihilative strength!

However, even as the countless spears of light shot towards Yang Luo!

Yang Luo was still standing upright in the center of the square!

His entire body only shook as he shouted!

"Lightning, come!"

Rumble!

Ferocious and violent golden Yang lightning surged out of his body and gathered with the golden true fire, slashing in all directions!

The densely packed spears of light were shattered by the lightning and burned by the flames!

Even if the Goddess of Fate attacked, she still could not hurt Yang Luo!

At this moment, Yang Luo was like a god wreathed in fire and lightning, shocking everyone present!

Seeing this, Heavenly Sirius did not hesitate anymore. In a flash, he erupted with its strongest combat strength and charged towards Yang Luo!

On the way to Yang Luo, his body was enveloped by a huge black and red wolf, as if he had fused with it!

Meanwhile, Goddess of Fate raised her right hand and condensed a jade-white spear of light that was more than two meters long in her hand. A jade-white light also appeared under her feet!

Then, she jumped down and turned into a stream of light that flashed towards Yang Luo!

And in that instant!

Heavenly Sirius and Goddess of Fate approached Yang Luo and attacked at the same time!

Goddess of Fate waved the spear of light in her hand and slashed at Yang Luo! Heavenly Sirius waved his huge claws and swiped at Yang Luo!

Facing their powerful attacks...

Yang Luo raised his right hand. Golden flames burned in his palm and golden lightning danced as he slapped out!

Rumble!

Their attacks were instantly disintegrated and they were sent flying at the same time!

Prajna sighed and said, "As expected of Brother Yang. The two Divine Kings are still not his match even when they join forces!"

Bujie curled his lips and said, "If Brother Yang can't even defeat these Divine Kings, then how can he control the Holy Imperial Court?"

At this moment...

A pleasant voice sounded.

"Prison of Divine Light!"

Bujie and the others looked up and got a great shock!

A huge light prison had instantly condensed where Yang Luo was, trapping him inside!

After the light prison condensed into form...

The Goddess of Fate waved her hand again!

"Divine Light Shackles!"

Pew pew pew!

Countless chains of light condensed in the light prison and firmly bound Yang Luo!

It was also after Yang Luo was restrained!

Countless spears of light condensed in the light prison and shot towards Yang Luo from all directions!

Heavenly Sirius also crazily mobilized the energy in its body and suddenly waved his claws!

Hu! Hu! Hu! Hu!

Black and red tornadoes immediately blew up in the square, crushing towards Yang Luo in the light prison from all directions!

There were even tens of thousands of black and red demon wolves that charged at Yang Luo!

At this moment...

The entire center of the square was filled with all kinds of light and energy waves!

Hence, no one could see Yang Luo's figure clearly anymore!

That area had also completely turned into a death zone!

Heavenly Sirius chuckled, "Even if this kid doesn't die, he'll definitely be severely injured!"

The Goddess of Fate only looked at the center of the square quietly with an extremely cold expression.

Su Qingmei exclaimed, "Will Yang Luo be fine?!"

Bujie waved his hand and said, “Sister-in-law, calm down. If such a level of attack can do anything to Brother Yang, it’ll be really strange!”

Before his voice could fade...

Rumble!

An earth-shattering explosion suddenly erupted in the area where Yang Luo was!

Violent lightning and flames instantly erupted from his body and surged in all directions!

At that moment!

The chains of light wrapped around his body broke!

The spears of light that shot towards him were all shattered!

The light prison that imprisoned him instantly collapsed!

And in that dazzling light!

Yang Luo, who was shining with a dazzling golden light, stood there unscathed!

“What?!”

Heavenly Sirius was stunned, “Oh my god, such an attack can’t hurt this kid at all?!”

However, Goddess of Fate did not stop at all. She continuously mobilized the energy in her body and waved her fair hand!

“Goddess of Light!”

In an instant!

A Goddess of Light shining with a white light and holding a spear condensed above Yang Luo!

This Goddess of Light was too huge, almost taking up a third of the entire square!

The Goddess of Fate had used her killer move!

Seeing this, Heavenly Sirius did not hold back anymore. His body trembled and he let out an explosive roar!

“Demon Wolf Devours the Heavens!”

In the blink of an eye!

A huge wolf that flickered with black and red light condensed above Yang Luo! This Goddess of Light and this huge wolf directly enveloped half the square! After the Goddess of Light and the huge wolf condensed, they attacked Yang Luo at the same time!

The Goddess of Light swung the spear of light in her hand heavily at Yang Luo! The huge wolf opened its bloody mouth and bit at Yang Luo!

But just as the two of them attacked with their heaven-defying killing moves!

“Annihilate!”

Yang Luo waved his hand and roared!

“Roar, roar, roar!”

Accompanied by a series of dragon roars that resounded in the sky!

Nine golden dragon phantoms roared out of his body at the same time and rushed into the sky!

In an instant!

Rumble...

The nine golden dragon phantoms collided heavily with the Goddess of Light and the huge wolf!

The entire square and the entire iron tower shook violently!

Even the streets outside the square and the Seine River in the distance were affected!

Huge waves soared into the sky, looking extremely spectacular!

A few seconds later!

Rumble!

A shocking explosion exploded in the sky above the square!

The nine golden dragon phantoms, the Goddess of Light, and the huge wolf exploded at the same time!

Endless light and energy surged in all directions from the explosion, terrifying to the extreme!

“Ahhh...”

Heavenly Sirius and the Goddess of Fate could not withstand the impact of this energy at all and were sent flying, crashing into the Eiffel Tower in the square! Victory and defeat had been decided!

It was obvious who was stronger!

Seeing that the Goddess of Fate was about to hit the iron tower, Yang Luo was shocked and hurriedly chased after her!

As he approached...

He stomped on the ground and soared into the sky. He reached out with his right hand and supported the Goddess of Fate's waist. Then, he negated the force and landed steadily on the ground!

As for Heavenly Sirius, he crashed heavily into the Eiffel Tower, causing it to shake violently!

“Aiyo...”

He fell heavily to the ground and wailed miserably. His body had been knocked back to his original appearance!

It was not until the light and energy completely dissipated that everything finally returned to calm!

As everyone gazed at the scene in the square!

Bujie laughed happily and shouted, “Brother Yang, you really have the morals of a beast. You only save the goddess and not that wild beast!”

“Brother Yang is taking advantage of someone again!”

Prajna stomped her feet in anger.

Su Qingmei gritted her teeth in hatred and clenched her fists..
