Chapter 827: Changing Fate!

“Mr. Yang, help! Please save our chairman’s life!”

Claude shouted as he ran. After coming close, he panted heavily.

Maria and the old butler were also panting.

After leaving the hospital just now, they went to the hotel where Yang Luo, Su Qingmei, and the others were staying to look for them, but there was no one in the hotel.

After that, they searched the streets of Flower City and sent many people to search, but they still couldn’t find him.

Just as they were about to fall into despair, Yang Luo finally picked up the phone.

After Maria took a deep breath, she bowed deeply to Yang Luo and said respectfully, “Mr. Yang, I’m sorry. I shouldn’t have treated you with that attitude previously!

Please save our chairman. Maria apologizes to you!”

The old butler also bowed vigorously to Yang Luo and choked, “Mr. Yang, if I hadn’t heard Director Eugenice mention you, I really wouldn’t have known that you were so capable!

I was old and blind. I didn’t know that the expert was right in front of me. I hope Mr. Yang can forgive me!

“Mr. Yang, please save our family head!”

Su Qingmei sighed softly and said, “Yang Luo, Mr. Claude and the others really know their mistake. Please help Mr. Carlton.”

Yang Luo said indifferently, “On account of my fiancée, I’ll forgive you this once.

Hurry up and set off. Don’t waste any more time.”

“Good, good, good!”

Claude nodded excitedly, “Mr. Yang, please!”

“Please!”

Maria and the old butler also made an inviting gesture.

Yang Luo didn’t say anything else and walked straight to the car.

Everyone quickly followed.

After getting into the car, the car instantly started and drove away from the square...

Only when Yang Luo and the others left the square....

Did the people outside the square then recover from their shock.

“Those people just now are indeed not ordinary people. They’re simply gods!”

“Isn’t that so? How can humans possess such unbelievable power?!”

“Moreover, the status of that group of people are definitely not low!

The assistant of the chairman of Laurel Group, President Claude, and the chairman’s butler came to pick them up personally just now!”

Everyone discussed in shock, and they would never forget the scenes they saw tonight...

It was past eleven at night.

Polsa Hospital.

In the intensive care unit.

Eugenie and the other doctors were waiting anxiously.

A few doctors and nurses were examining Carlton.

After the examination...

A doctor reported, “Director, Mr. Carlton’s bodily functions are still declining.

I’m afraid he won’t be able to hold on for long!”

The moment it passes midnight, Mr. Carlton really can’t be saved!”

Eugenie sighed.

Then, he looked at the time and said, “Didn’t Mr. Claude and the others go to invite Mr. Yang? Why aren’t they back yet?”

Now, only Mr. Yang can save Mr. Carlton!”

Right at this moment...

“Mr. Yang is here, Mr. Yang is here!”

A voice came from outside the door.

Soon, the door of the ward opened.

Yang Luo walked in, followed by a group of people.

“Mr. Yang!”

Eugenie was overjoyed and quickly went up to him, “Mr. Yang, I finally meet you again!”

Yang Luo looked puzzled, “Who are you?”

Eugenie hurriedly replied, “Mr. Yang, I was also there when you solved the major infectious disease problem in Country Windmill!

I originally wanted to invite you to be the vice director of our hospital, but you rejected me!”

“Oh...”

Yang Luo nodded in realization, "I seem to have some impression of you, but there were too many people who invited me back then, so I didn't remember you too well."

"It's okay, it's okay!"

Eugenice shook his head repeatedly, not angry at all.

He chuckled and said, "Mr. Yang, Polsa Hospital is the number one hospital in Country Gaule. I'm the director of this hospital, Eugenice!

If you need me in the future, you can contact me at any time!"

As he spoke, he bowed down and handed Yang Luo a business card.

Seeing Eugenice lower himself so much...

The doctors and nurses present were all very shocked.

One had to know that even the higher-ups of the Country Gaule and the king of the country did not need the director to treat them so respectfully.

Although Eugenice kept mentioning Yang Luo's medical skills to them...

However, they had never seen it with their own eyes, so they were skeptical. Yang Luo took the business card and casually put it in his pocket, "Alright, let's skip the pleasantries. I'll treat Mr. Carlton now!"

As he spoke, Yang Luo walked to the bed.

Eugenice said carefully, "Mr. Yang, all of Mr. Carlton's organs have failed, and his bodily functions have severely decreased. Is it really possible to treat him?" Yang Luo said, "To be precise, it's not a cure. I just plan to extend his lifespan by ten years.

Although he will still die in ten years, it's not bad to live for another ten years, right?"

Of course, he did not finish his sentence.

If he could refine immortal pills, coupled with his Nine Needles of Heavenly Dao, it would be easy for him to extend one's lifespan by a hundred years. "Extend ten years of lifespan?!"

Eugenice was stunned, "Can a person's lifespan really be extended?!"

Isn't this something that only God can do?!"

The other doctors and nurses were also dumbfounded. They felt their heads buzzing.

If the director hadn't said that this kid was a Divine Doctor and was very powerful, they would definitely think that this kid was crazy.

"I don't care if God can do this, but I can!"

Yang Luo said confidently, then said loudly, "Unbutton Mr. Carlton's shirt!"

"Alright."

Eugenice quickly unbuttoned Carlton's shirt, revealing his thin chest.

Yang Luo took out an Essence Augmenting Pill from his pocket and placed it in Carlton's mouth, making him swallow it.

Although these Essence Augmenting Pills were far from being able to replace immortal pills, to ordinary people, Essence Augmenting Pills also had the effect of replenishing vitality.

Then, Yang Luo took out the silver needle box and placed it on the table at the side. He mobilized the True Qi in his body and waved his right hand!

Swish! Swish! Swish! Swish!

Nine silver needles soared into the sky at the same time, flickering with a dazzling golden light. They drew parabolic arcs in the air and accurately pierced into Carlton's acupuncture points!

There were three silver needles on his head and six silver needles on his chest!

The nine silver needles resonated and complemented each other!

Buzz buzz buzz!

After the nine silver needles pierced into the acupuncture points, they trembled at the same time!

Other than Su Qingmei, Xu Ying, Bujie, and Prajna, the others were stunned.

Even Eugenice, who had seen Yang Luo perform acupuncture before, was still shocked.

Flora was also quite shocked as she stared intently at Yang Luo!

As the Vice Sect Master of the Spiritual Doctor Sect, she naturally had some understanding of Chinese medicine!

She knew that only a very powerful Chinese doctor could use the Providence Needle and even operate multiple silver needles at the same time!

He did not expect this kid to be able to do these two things at such a young age. He was really not simple!

However, she still did not believe that Yang Luo could really save a dying person and even extend his lifespan by ten years!

This was absolutely impossible!

Unless this kid was someone who could reverse the fates of others!
