Chapter 828: Why Are You Kneeling Too?

At this moment...

As the nine silver needles trembled continuously!

Beams of golden light intertwined, forming incomparably mysterious patterns on Carlton's chest!

These patterns represented the other nine acupuncture techniques on the Divine Needle List!

After all, the Nine Needles of Heavenly Dao was a heaven-defying acupuncture technique created by gathering the advantages of the other nine acupuncture techniques!

The nine patterns overlapped and finally gathered into the pattern of the Nine Needles of Heavenly Dao!

One Qi, Two Dualities, Three Talents, Four Symbols, Five Elements, Six Paths, Seven Stars, Eight Trigrams, Nine Palaces, and various other phenomena appeared!

It was mysterious and unfathomable!

"It's too magical. There's no way to explain the phenomenon in front of us with science!"

"Could this be Chinese medicine? It's like a magic show!"

"Looks like I have to study Chinese medicine properly. This medical skill is too godly!"

The doctors and nurses present exclaimed one after another. The shock in their hearts came wave after wave.

Claude, Maria, and the old butler were also stunned by the scene in front of them, speechless.

Eugenice frowned and said, "Keep your voices down. Don't disturb Mr. Yang's treatment!"

The doctors and nurses present quickly shut their mouths and did not dare to say anything else.

At this moment.

Yang Luo activated his Heavenly Eye, and his eyes flickered with a blazing golden light as he carefully observed Carlton's body.

The others present naturally could not see Carlton's physical condition, but Yang Luo could see it clearly.

Under the dual treatment of the Essence Augmenting Pills and silver needles, the organs in Carlton's body were recovering faster.

After waiting a little longer...

Yang Luo continuously mobilized the True Qi in his body!

Then, he raised his right hand and gathered True Qi at his fingertips, tapping one of the acupoints on Carlton's body!

"Heaven-Defying Nine Fingers!"

"Calm your mind!"

Accompanied by a loud shout!

DONG!

Yang Luo's finger heavily tapped an acupuncture point on Carlton's body!

This acupuncture point instantly flickered with a dazzling golden light, blinding everyone present!

After the first finger!

Yang Luo quickly raised his hand and tapped the second acupuncture point on Carlton's body!

"Carry Kunlun!"

The second finger pointed out, and golden light shone again, incomparably dazzling!

"Sound the Heavenly Drums!"

Soon, Yang Luo pointed out the third finger!

Right on the heels of that...

Yang Luo moved like the wind and pointed at the acupuncture points on Carlton's body one after another!

"Shaking Heavenly Pillar, Dragon Rides the Tiger, Double Void Support, Holy Water, Unbroken!"

Until the eighth finger was tapped!

Yang Luo raised his hand again and instantly gathered all his True Qi at his fingertips, pointing out the ninth finger!

“Defying the Fate of Heaven!”

DONG!

With the ninth finger!

Under everyone’s watchful eyes!

Carlton’s originally pale skin gradually regained its color, and so did his face!

His muscles regained their elasticity, and his withered grass-like hair had a luster!

The originally lifeless Carlton seemed to have a new life and vitality at this moment!

And at the moment the clock on the wall pointed at twelve o’clock!

The nine silver needles stopped trembling at the same time!

The phenomenon on Carlton’s chest also dissipated!

“Success!”

Yang Luo let out a long breath. Then, he waved his right hand and retracted all the silver needles.

He had expended a lot of True Qi to change his fate this time, making him feel a little tired.

Fortunately, his cultivation level was high enough and his True Qi was majestic enough, so he did not collapse directly.

“Is it done? Is the chairman alright now?”

Claude quickly asked.

Everyone present stared at Carlton, who was lying on the bed.

A few minutes later.

The unconscious Carlton slowly opened his eyes...

In an instant...

The entire ward fell into a strange silence.

Everyone looked at Carlton in a daze, their eyes filled with extreme shock.

After a few seconds of silence.

The entire ward erupted!

“Oh my god, he’s awake. Mr. Carlton has really woken up!”

“Am I dreaming? This kid really saved Mr. Carlton?!”

“Could this kid really be the incarnation of God?! Otherwise, how could he do such a thing?!”

“This is a great miracle in the history of medicine. It’s enough to be recorded in the history of the medical world!”

All the doctors and nurses present exclaimed and looked at Yang Luo with fanaticism and admiration.

“Chairman, you’re finally awake!”

“Master, you were about to die just now!”

Claude, Maria, and the old butler hurried forward, crying tears of joy.

“How is this possible?!”

Flora looked at Yang Luo in horror, her eyes filled with disbelief.

“The word impossible doesn’t exist in my dictionary.”

Yang Luo replied indifferently and asked, “Spiritual Doctor Queen, how is our Chinese medicine compared to your Spiritual Medicine?”

Flora clenched her fists.

How could they compare?

How could they be compared?

No matter how good their spiritual medicine was, they could only treat some difficult illnesses.

However, Chinese medicine could actually save a dying person and even extend his lifespan!

Extending lifespan...

At the thought of this, Flora bit her lip and said, "Mr. Yang, although you saved Mr. Carlton, this doesn't mean that you helped extend his lifespan!"

"So you're still not convinced?"

Yang Luo smiled faintly and said, "Then let Dean Eugenice and the others check it later!"

Just as Yang Luo and Flora were conversing...

Claude, Maria, and the old butler had already told Carlton what had happened.

After listening to the three of them...

Carlton got off the bed and knelt down in front of Yang Luo.

He said with tears in his eyes, "Mr. Yang, thank you for saving me. Otherwise, I would have died long ago!

I hope you can forgive me for offending you previously!

From now on, you will be my most respected friend!

Our family will also respect you for generations to come!"

Claude, Maria, and the old butler also knelt down in front of Yang Luo.

They were really convinced by Yang Luo.

Yang Luo said calmly, "There's no need to say these pleasantries. Work well with my fiancée in the future and don't have any crooked thoughts.

Remember, I can save your life, and I can also take it!"

Carlton quickly promised, "Don't worry, I'll definitely cooperate well with Miss Su. I won't have any crooked thoughts!

As long as we start working together, Laurel is willing to give more benefits to Hua Mei Biomedical!"

"That's good."

Yang Luo nodded in reply.

"Mr. Carlton, stop kneeling and get up!"

Su Qingmei quickly went forward and helped the four of them up.

Flora walked over and said, "Mr. Carlton, I'm very impressed that Mr. Yang could save you.

But he said that he helped you extend your lifespan by ten years. I doubt that."

Eugenie said, "Hurry up and check Mr. Carlton's body!"

Then, under Eugenie's lead, all the doctors used various instruments to carefully examine Carlton's body.

After the inspection...

Eugenice browsed through the reports.

After reading the reports...

Eugenice's entire body trembled, and his legs went weak. With a plop, he knelt down in front of Yang Luo.

"Hmm?"

Yang Luo was stunned, "Why are you kneeling too?"
