

## Super IDG 871

### Chapter 871: Song Zhixin's Terrifying Combat Power!

The battle had only lasted for less than twenty minutes.

Of the 20 warriors, only four out of the 10 Magi were killed.

"Go and catch Harmandy and those women!"

"We will only have a chance of survival if we capture them!"

The remaining two warriors and two black-robed Magi roared angrily and charged towards Song Zhixin, Harmandy, and the others!

In their opinion, these guys were just ordinary people and were no threat to them!

"Brother Yang, save me!"

Harmandy shouted in fear.

Salma had also turned pale with fear.

Qin Yimo also became nervous.

The three of them retreated rapidly.

“Stop them!”

“How dare you touch Sister Song and the others? You have a death wish!”

Lava Tyrant, Bujie, and the others shouted angrily and rushed towards Song Zhixin and the others.

Only Yang Luo had a calm expression, looking like he was watching a good show.

He had sensed yesterday that his Fifth Senior Sister’s cultivation had already stepped into the late-stage Martial Highness Realm.

Although Fifth Senior Sister was young, her talent was extremely high.

Other than Second Senior Sister, the other three Senior Sisters could not compare to her.

However, Yang Luo was also very surprised. After not seeing her for so many years, Fifth Senior Sister had actually stepped into the late-stage Martial Highness Realm.

Just as the two soldiers and two Magi approached Song Zhixin and the others!

Song Zhixin took a step forward, and her body flickered with a dazzling purple light!

“Taixuan Divine Palm!”

“Graceful Appearance!”

Accompanied by a loud shout!

Song Zhixin raised her hand and slapped out!

As she struck out with his palm, sonic booms erupted in the air!

“What?!”

“Could this woman also be a Martial Warrior?!”

“And she’s not weak!”

“Counterattack! Quick, counterattack!”

The two warriors and two sorcerers were shocked and attacked Song Zhixin!

Boom! Boom!

Song Zhixin’s palm collided fiercely with the attacks of the four of them, emitting muffled thunder!

True Qi surged and light shot in all directions, dazzling!

Song Zhixin’s palm seemed soft and powerless, but the power that erupted was extremely terrifying!

“Ahhhh...”

The two warriors and two Magi let out painful screams as they weree directly sent flying by the palm!

However, Song Zhixin didn't hesitate. Her figure moved, turning into a purple stream of light as she chased after them!

The moment they got close!

Song Zhixin's hands turned into palms as she struck out one after another!

"Two Male Phoenixes Seek the Female Phoenix!"

"Unfathomable Heavenly Secrets!"

"Chaotic Heaven and Earth!"

"Myriad Paths Without Escape!"

Bang! Bang! Bang! Bang!

Four consecutive palm strikes landed heavily on two warriors and two Magi!

The God-Slaying Battle Armor on the two warriors was shattered and their bodies were sent flying!

The two Magi were also sent flying!

Boom, boom, boom, boom...

The four of them fell to the ground with blood gushing out of their mouths. Their eyes were wide open and their bodies twitched a few times before they stopped breathing!

At this moment.

Other than Yang Luo...

The others were dumbfounded, as if they had been petrified.

After all, Song Zhixin had been gentle and sweet in front of them for the past few days.

However, they didn't expect Song Zhixin to have such terrifying combat strength under her weak appearance.

"F\*ck me!"

The corner of Bujie's mouth twitched as he exclaimed, "Sister Song, I didn't expect you to be an expert?!"

Prajna shouted excitedly, "Sister Song, you're too powerful. You're even stronger than me!"

Xu Ying said in admiration, "Sister Song's ability is probably not weaker than Bujie and me."

The Lava Tyrant suddenly thought of something and said, "Have you forgotten? Zhixin is Mr. Yang's senior sister. How can she be weak?"

Everyone came to a realization.

After all, the first impression Song Zhixin gave them was that she was a big star who was dazzling on stage.

Therefore, everyone ignored the fact that Song Zhixin knew martial arts.

Harmandy laughed and said, "As expected of my goddess. She's indeed capable of both literature and martial arts!"

Qin Yimo's eyes were filled with envy. She also hoped that one day, she would be as powerful as Song Zhixin and Prajna.

In that case, she would not have to hide behind when she encountered danger.

Song Zhixin retracted her hand and said embarrassedly, "Aiya, I'm sorry, everyone. I let you see me hit someone!"

"Haha, it's fine!"

"Sister Song is awesome!"

"Sister Song is cool!"

Everyone laughed and praised Song Zhixin.

Yang Luo narrowed his eyes slightly.

For some reason, he felt that Fifth Senior Sister's strength seemed to be more than that.

The moment Fifth Senior Sister attacked just now, he clearly felt a terrifying True Qi fluctuation.

This True Qi fluctuation even made his heart palpitate.

However, in an instant, this terrifying True Qi fluctuation disappeared.

It was as if it had never appeared.

Yang Luo carefully sensed Song Zhixin's cultivation again.

He saw that Song Zhixin's cultivation was still only at the late-stage Martial Highness Realm.

He shook his head. 'I guess I'm imagining things.'

"Hey, there's actually a fish that escaped the net!

Eat my staff!"

At this moment, Bujie discovered that the leading black giant was still alive. He raised his Buddhist staff and was about to smash this fellow to death!

“Bujie, wait!”

Yang Luo hurriedly stopped Bujie.

“Brother Yang, what’s wrong?”

Bujie stopped the staff in his hand.

“I have something to ask this guy.”

Yang Luo walked over and looked down at the huge black man. He said coldly, “Tell me, what’s your captain’s name? Where is he now?”

The huge black man smiled sinisterly and said, “Kill me. I won’t say anything!”

“Hey, if you don’t want to say it, I’ll kick you to death!”

Bujie raised his leg and kicked the huge black man.

The kick made the huge black man scream.

However, the huge black man gritted his teeth and refused to say anything.

Lava Tyrant said, "This guy should have received special training. It should be very difficult to pry open his mouth."

"Oh..."

Yang Luo nodded in realization and prepared to take out a silver needle to interrogate this guy with acupuncture.

"Mr. Yang, let me do it."

The Elven Mage walked over.

"You have an idea?"

Yang Luo asked in confusion.

The Dark Knight smiled and said, "Mr. Yang, the Elven Mage has learned mental magic. Although she has just started, it's not a problem for her to hypnotize ordinary people."

Yang Luo nodded and said, "Alright, Fairy, I'll have to trouble you then."

"It's a piece of cake!"

The Elven Mage smiled and walked towards the black man.

The huge black man seemed to have realized something and shouted in fear, "Don't come over. Kill me. Just kill me!"

The Elven Mage ignored this guy and stared intently at the huge black man as he chanted an incantation.

一瞬间.

她的双瞳中泛起了白色光芒,没入了黑人巨汉的双瞳之中.

黑人巨汉整个人顿时变成了一副傻呆呆的模样.

精灵法师道:“好了,杨先生,您可以问了.

Now he's deeply hypnotized.

As long as he knows the answer, he will definitely tell us everything.”

“Thanks.”

Yang Luo nodded and asked in a low voice, “What's your captain's name?”

“Fred...”

The huge black man answered directly.

Yang Luo asked again, “Which team are you from?”

The huge black man replied, "Team Neltharion... The 10th squad..."

"Where's your captain now?"

Yang Luo continued to ask.

However, when he asked this question, the black hunk looked a little conflicted and did not answer for a long time...

Chapter 872: Crazy Act!

"Hmm?"

Yang Luo frowned and said, "Why isn't this guy answering?"

Lava Tyrant said, "It seems that this guy must have undergone one thing in his training. No matter what, he can't betray his captain."

The Elven Mage said, "Mr. Yang, just ask a few more times."

Yang Luo nodded and asked a few more times.

The huge black man struggled for a moment before replying, "The Sand Sea Base..."

"Sand Sea Base?"

Yang Luo narrowed his eyes and asked, "Where's the Sand Sea Base?"

Hearing this question, the black hunk's expression became even more conflicted.

"This guy's mental strength is quite tenacious.

"However, no matter how tenacious it is, it's useless to me."

The Elven Mage said coldly. Then, she chanted the incantation again and strengthened the mental hypnosis on the black man.

The black man's expression softened as he replied, "The Sand Sea Base is in the Dehna Desert... Southeast of Dibai... 300 kilometers away..."

Hearing this answer...

Harmandy was instantly furious. "Damn bastards, they actually built a base in the Dehna Desert?!"

What are they trying to do?!"

Lava Tyrant said, "Their goal of building a base near Dibai is too obvious.

After all, they have been thinking about Dibai's oil resources."

Damn it!

Harmandy gritted his teeth and said, "This base is a time bomb. We have to destroy it!"

Yang Luo asked again, "Are there any special signs around the Sand Sea Base?"

The huge black man replied, "At once of the sand dunes there... There's a basin behind the sand dune... The Sand Sea Base is in that basin..."

"Oh..."

Yang Luo nodded. He finally figured out the exact location of the Sand Sea Base.

He asked again, "How many people are in your base?"

The huge black man replied, "3,500 people..."

"Understood."

Yang Luo narrowed his eyes and said to the Elven Mage, "Elf, remove his hypnosis."

"Alright."

The Elven Mage responded and removed the black man's hypnosis.

The huge black man suddenly woke up and asked angrily, "What did you do to me?"

Yang Luo said with a smile, "Fred... Sand Sea Base... Dune..."

Hearing Yang Luo's words...

The huge black man's pupils constricted, and his eyes were filled with fear, "How... How did you know?!"

These guys were too terrifying. They had actually made him reveal the location of the Sand Sea Base!

"Save that question for God!"

Yang Luo said indifferently and stomped on this guy's heart.

After killing this guy...

Yang Luo said coldly, "I originally didn't want to care about these guys.

But since they had all found me and even sent people to kill me...

Then I naturally can't let them off."

"Brother Yang, what do you mean?"

Harmandy asked in confusion.

Yang Luo said, "I plan to go to the Sand Sea Base and wipe it out all at once."

"What?!"

Harmandy trembled in fear, "You're going to attack the base?!"

"Mr. Yang, are you joking?"

The Lava Tyrant gulped and asked.

"Of course not."

Yang Luo replied indifferently, then said to Harmandy, "Harmandy, prepare an SUV suitable for running in the desert for me.

Also, remember to prepare a few more barrels of oil."

“What do you mean?!”

Harmandy said in a daze, “Brother Yang, are you planning to attack the sand sea base alone?!”

“That’s right.”

Yang Luo nodded in reply.

“Oh my God, this is crazy!”

Harmandy was stunned, “That’s a base. In addition to more than 3,000 soldiers, there are also many firearms, alright?”

Brother Yang, I know you’re very strong, but you can’t be so reckless, right?”

Yang Luo said with a relaxed expression, “Don’t worry, this is nothing to me.”

Hearing this, Lava Tyrant, Dark Knight, and Elven Mage were all stunned!

This was too crazy!

Even if they were not weak, they had never thought of attacking a base!

Bujie said excitedly, "Brother Yang, you can't go alone. You have to bring me along!"

"Count me in!"

"I want to go too!"

Xu Ying and Prajna spoke one after another.

"Alright, let's go together."

Yang Luo nodded and looked at Lava Tyrant and the other two. He asked, "Are you guys going?"

"If you don't want to go, then stay here."

Lava Tyrant took a deep breath and said, "Yes, of course I have to go!"

Previously, I couldn't fight alongside you, Mr. Yang. I can't miss it this time!"

"At most, I'll go crazy for once!"

"Mr. Yang, I want to go too!"

The Dark Knight and the Elven Mage also echoed, their eyes filled with determination.

"Good!"

Yang Luo laughed out loud and said, "Then let's go together!"

"Little Luo, I want to go too!"

Song Zhixin walked over.

Yang Luo said, "Fifth Senior Sister, don't go. Stay and protect Harmandy, Salma, Momo, and the others.

I'm worried that this base will continue to send people to cause trouble."

“This... Alright.”

Song Zhixin agreed helplessly.

Harmandy said, “Everyone, even if you really want to go, you have to bring more people!

I’ll call someone over now!”

Yang Luo raised his hand and said, “Harmandy, there’s no need. If too many people go, we’ll definitely alert the enemy.

What I want is to catch them off guard.

You only need to prepare two SUVs.”

Bujie chuckled and said, “Harmandy, since Brother Yang has said so, there’s definitely no problem.”

“Then... alright.”

Harmandy nodded, then took out his phone and made a call.

Not long after...

A few cars drove over.

At the front were two domineering George Barton SUVs with huge steel bodies.

Soon, the cars stopped.

A few bodyguards got out of the car and ran over, handing Harmandy two keys and a few black cell phones.

Harmandy handed the keys and cell phone to Yang Luo and the others and said, "These two George Bartons are super SUVs produced by Country Stars & Stripes.

Moreover, I sent someone to modify it. The car and glass are bulletproof. Even ordinary shells can't blow it up.

These cell phones are also specially made. You can get a signal even in the desert.

Brother Yang, if you encounter any trouble, remember to contact me.”

Yang Luo patted Harmandy’s shoulder and smiled, “Harmandy, don’t worry.

This time, I’m not only doing it for revenge, but this is also a gift to you.

After taking down this base, your Dibai will be much safer, right?”

Harmandy laughed and said, “Brother Yang, if you can really take down this base for our Dibai...

Then you are the benefactor of our royal family and the benefactor of our entire Dibai!”

“Wait for our good news!”

Yang Luo smiled and waved his hand, “Brothers, get in the car!”

Soon, Yang Luo, Xu Ying, Bujie, and Prajna got into a car.

The Lava Tyrant, the Dark Knight, and the Elven Mage sat in another car.

Vroom!

Vroom!

Soon, the car started and rushed out like two wild beasts...

Chapter 873: Enemy Attack! Enemy Attack!

When the two SUVs disappeared from sight...

Only then did Harmandy, Salma, Qin Yimo, and Song Zhixin look away.

“Brother, will Brother Yang and the others really be fine?”

Salma asked worriedly.

Harmandy’s eyes were filled with worry as well. He shook his head and said, “I’m not sure either.”

There was no worry in Song Zhixin’s eyes at all as she replied, “Don’t worry. Little Luo’s strength is far stronger than what you saw just now.

It's just a base with more than 3,500 people. It's nothing to him."

Qin Yimo said, "Since Sister Song said so, Brother Yang and the others will definitely be fine."

Harmandy nodded and said, "Momo, Sister Song, then stay in our palace for the next few days and wait for Brother Yang and the others to return triumphantly."

"Alright."

Qin Yimo and Song Zhixin nodded.

Then, Harmandy asked his bodyguards to stay behind and settle the funeral matters. He took Salma, Qin Yimo, and Song Zhixin to the car and left.

At this moment.

Yang Luo and the others drove two cars. After driving away from Dibai, they entered the desert and drove southeast.

At this moment, it was already ten o'clock at night.

A crescent moon hung in the sky, scattering cold light.

The evening wind blew, stirring up waves of yellow sand.

Bujie lamented, "I really didn't expect Sister Song to be so powerful. Indeed, you can't judge a book by its cover."

Prajna also said in admiration, "I didn't expect Sister Song to be so strong too. I was really shocked today."

Bujie said, "Brother Yang, you said that you have a total of five senior sisters.

Now, we have seen Sister Dongfang, Sister Ziyun, Sister Qianyi, and Sister Song. All of them are not simple.

Now, only Second Senior Sister is left. I wonder what her identity is and how strong she is."

Yang Luo drove and replied, "I don't know Second Senior Sister's identity now.

As for how strong Second Senior Sister is, I'm not sure either.

However, I only knew that Second Senior Sister's talent was the highest among all the senior sisters.

Back in the mountains, Second Senior Sister's strength had always been able to crush me and the other four Senior Sisters.

Now that so many years have passed, Second Senior Sister must have become stronger."

"Really?! Second Senior Sister is the most talented?!"

Bujie looked surprised.

"That's right."

Yang Luo nodded in reply.

Bujie clicked his tongue and said, "F\*ck, how powerful is this Second Senior Sister?"

Prajna said with anticipation, "I really hope to see Second Senior Sister as soon as possible!"

Xu Ying and Bujie nodded.

Yang Luo said, "I'm looking forward to it too."

Time continued to flow.

The two George Barton SUVs sped towards the southeast.

This George Barton was indeed a super SUV. Even though it was driving in the desert, it was like revving across flat ground and was extremely fast.

At about three in the morning...

Yang Luo and the others had already driven into the depths of the Dehna Desert.

Fortunately, there was a GPS installed in the car, so they did not get lost.

Bujie asked in confusion, "Brother Yang, isn't this desert supposed to be very hot? Why is it so cold now?"

Yang Luo explained, "This is because of the sand. During the day, the sand absorbs heat, so the temperature rises quickly.

At night, the sand dissipates the heat instead, so the temperature drops very quickly.

That's why the temperature difference in the desert is so great."

"Oh..."

Bujie nodded, not fully understanding.

"Look ahead, is that a sand dune?!"

At this moment, Prajna pointed ahead and exclaimed.

Yang Luo and the others looked up.

In front of them were undulating sand dunes that were like mountains. It was extremely spectacular.

Yang Luo looked at the car's monitor and said, "We've driven more than 300 kilometers. I think the Sand Sea Base is nearby."

The car drove for a while more before arriving at the foot of the sand dune.

After parking the car...

Yang Luo and the others got out of the car.

Although the temperature here was very low, everyone was a cultivator and would not be affected.

Lava Tyrant looked around and said, "Mr. Yang, this Sand Sea Base is very likely behind this sand dune."

"Hmm."

Yang Luo nodded and said, "Let's go up and take a look."

"Alright!"

Everyone nodded in agreement.

Then, Yang Luo and the other three ran towards the top of the sand dune.

Not long after...

Yang Luo and the other three arrived at the top of the sand dune.

They looked into the distance.

There was a huge basin in front of a rolling dune.

The surroundings were desolate and dark, but the basin was brightly lit.

Forts and buildings were located within.

One could also vaguely see figures.

“It’s really here!”

The corners of Yang Luo's lips curled up slightly as he waved his hand!

"Let's go!"

Then, Yang Luo and the others rushed towards the base...

At this moment.

At the Sand Sea Base.

Other than the patrolling and guarding warriors, the other warriors were all resting.

In the room of one of the buildings.

The gray-robed Magus, Gudanu, was recuperating and cultivating.

Ever since he was injured by the backlash five days ago, he had been recuperating.

Although his injuries had healed a lot, he had yet to recover.

Knock, knock, knock.

There was an urgent knock on the door.

Gudanu opened his eyes and said, "Come in."

A burly black man more than two meters tall with short brown hair and a rough face strode in.

This huge black man was the captain of Team Neltharion's tenth team. He was also the Commander-in-Chief of this base, Fred, nicknamed "Rattlesnake."

"Mr. Gudanu, we suddenly can't contact Charman and the others!"

As soon as he entered, Fred said anxiously, \*

"Can't be contacted?"

Gudanu looked puzzled, "What's going on?"

"I'm not too sure."

Fred frowned and said, "I was just thinking of contacting Charman to ask how their mission is going.

Unexpectedly, I couldn't reach him. I couldn't contact anyone else either.

I'm worried that something might have happened to them."

Gudanu frowned and said, "Mr. Fred, you sent twenty people, and I also sent 10 from my side.

There are a total of 30 people. It should be very simple to kill one person, right?"

Fred nodded and said, "That's true. The people I sent were all elites, and they were even equipped with the God Slaying Battle Armor.

Not to mention killing one person, even killing a hundred or a thousand people is not a problem.

But the key is that they can't be contacted now."

"Did something really happen?"

Gudanu's expression darkened.

Fred said, "I'll send someone to Dibai to investigate now and see what's going on."

But right at this moment...

Woo—

An alarm sounded outside!

As the alarm sounded!

A series of loud roars sounded!

"Enemy attack! Enemy attack!"

"Quick, get the fuck up and prepare for battle!"

Hearing sirens and shouts outside.

Fred and Gudanu were shocked and hurriedly rushed out of the room.

When they arrived outside...

They saw that the place was already in a mess!

Chapter 874: Blocked with a Sword!

Fred shouted at a warrior, "What happened?!"

The soldier replied, "Captain, our base has been attacked!"

As he spoke, he pointed not far ahead.

What greeted them was the sight of four forts having split into two, and many people fallen in pools of blood.

In fact, even the ground was split open, forming a gully that was more than a hundred meters long.

“Hiss...”

Fred gasped and asked angrily, “Who the f\*ck did this?!”

The soldier said in a trembling voice, “Captain... I don’t know either... Someone has already gone to investigate the situation!”

Fred said loudly, “Get everyone up and prepare to face the enemy!”

“Yes!”

The soldier responded and left quickly.

Gudanu looked at the gully on the ground and said in a low voice, “Could this have been cut by some weapon?”

Fred said, “Mr. Gudanu, are you joking? What weapon can be so powerful?”

Just as the two of them were conversing!

“Look at the sky, what’s that?!”

“Is it a meteor?!”

More exclamations came from afar.

Everyone looked up at the sky.

Fred and Gudanu also looked up.

Swoosh!

Accompanied by a piercing sound!

A huge golden sword flickered with a dazzling light and slashed down from the sky!

“Quickly dodge!”

“Hurry! Hurry!”

Fred and Gudanu roared at the same time.

Many people had already reacted and fled into the distance!

However, a portion of them did not manage to escape in time!

The next second!

Bang!

The huge sword slashed down heavily, cutting another two fortresses and two buildings in half!

There were even hundreds of warriors who died on the spot!

“Found it! The enemy is there!”

Someone pointed into the distance.

Everyone looked up.

On a sand dune in the distance, seven figures stood proudly.

They were Yang Luo, Xu Ying, Bujie, Prajna, Lava Tyrant, Dark Knight, and Elven Mage.

Under the moonlight, the seven of them glowed with a white light, as if they were gods that had descended to the mortal world.

“There are only seven people?!”

“Seven people dare to attack our base? Aren’t they too bold?!”

The soldiers in the base cried out in surprise, their eyes filled with disbelief.

Fred roared angrily, “Fire and kill them!”

With this order!

Bang! Bang! Bang!

Cannonballs shot out from the fortress, dragging long sparks as they streaked across the night sky and blasted towards Yang Luo and the others!

“I’ll do it!”

The Lava Tyrant shouted and crazily mobilized the superpowers in his body. Then, he waved his hand!

And in that instant!

A dark red lava wave rolled out and collided with the cannonballs!

Boom! Boom! Boom!

Explosions resounded in the night sky and spread far away!

Although many cannonballs were intercepted halfway, there were still many cannonballs that shot over!

“My turn!”

The Elven Mage shouted and chanted an incantation. She continuously mobilized the magical energy in her body and waved the scepter in her hand!

In the blink of an eye!

Wind, earth, wood, ice, and water. Five types of magical energy erupted at the same time, condensing into five thick shields that blocked in front of him!

Boom! Boom! Boom!

The remaining cannonballs were also blocked and exploded in the air!

Thick smoke billowed and flames shot in all directions. It was an incomparably spectacular sight!

The Lava Tyrant and the Elven Mage blocked more than ten cannonballs by themselves!

All the soldiers in the base were dumbfounded, as if they had seen a ghost!

“Oh my god, these guys actually blocked the cannonball. Are they still human?”

“No wonder they dared to barge into our place. So they’re not ordinary people!”

The warriors exclaimed in surprise, fear appearing in their eyes.

Fred roared, “Continue firing! I want to see how many shells they can block!”

Bang! Bang! Bang!

More cannonballs were fired at the same time, smashing towards Yang Luo and the others like meteors!

“Watch me!”

Yang Luo shouted loudly. He held the Dragon Emperor Sword tightly with one hand and swung it forward with all his might!

Swoosh!

As he swung his sword, his True Qi condensed into countless golden flying swords that shot out!

Whoosh! Whoosh! Whoosh! Whoosh!

At that moment...

Rumble!

Countless flying swords collided with the dozens of cannonballs and exploded in the sky!

The entire base and even the sand dunes around the base shook as if there was a huge earthquake!

Yellow sand soared into the sky like huge waves, shocking everyone!

Yang Luo blocked dozens of cannonballs with a single strike!

The Lava Tyrant, Dark Knight, and Elven Mage were dumbfounded!

He blocked dozens of cannonballs with a single sword strike. It was simply heaven-defying!

As for the soldiers in the base, they were even more shocked!

“Who is that kid? How can he be so powerful?!”

“He’s not human at all. How can a human do such a thing?!”

“Other than that kid, the other guys are probably not simple either!”

“What’s going on? When did we provoke such a group of guys?”

The warriors spoke one after another, their faces filled with shock and confusion.

Fred gritted his teeth and said, “Since long-range attacks don’t work, let’s fight them in close combat!

I don’t believe that we can’t kill seven people with so many of us!”

As he spoke, he waved his hand, “Everyone, attack together and kill them!”

The remaining 3,000 soldiers in the base charged forward with their guns!

There were also people who drove their rovers and charged out!

Fred then exclaimed, "God Slaying Team!"

"Captain?"

More than a hundred burly warriors ran over.

These hundred or so warriors were the elites among the elites in the Sand Sea Base, so they were qualified to equip the God Slaying Battle Armor.

After all, the God Slaying Battle Armor was relatively expensive to build. It was impossible for everyone to be equipped with it.

Fred said fiercely, "Activate the God-Slaying Battle Armor and prepare for battle!"

"Yes!"

More than a hundred warriors responded in unison.

Then, more than a hundred warriors activated their God Slaying Battle Armor at the same time. Their strong bodies were instantly covered by silver metal, like steel warriors!

Fred also activated the God Slayer Armor!

His body was covered in a layer of black metal, which was different from the other God Slaying Battle Armors!

The God-Slaying Battle Armor he was wearing was tougher and more powerful!

After activating the God Slaying Battle Armors!

Fred led more than a hundred warriors and charged forward!

Meanwhile, Gudanu held a white bone scepter in his hand and charged forward with more than 50 blue-robed, purple-robed, and black-robed Magi!

On the sand dune...

Yang Luo raised the Dragon Emperor Sword in his hand and said loudly, "Brothers, kill!"

"Hahaha, destroy the nest of these dogs!"

Bujie laughed loudly. With the Dragon-Mark Buddhist Staff in hand, he jumped down the sand dune and ran wildly!

Yang Luo, Xu Ying, Prajna, Lava Tyrant, Dark Knight, and Elven Mage also jumped down the sand dune and charged forward!

An intense battle immediately broke out in this desert!

Chapter 875: If Anyone Offends Me, I Will Kill Them!

Bang! Bang! Bang! Bang!

Dense gunshots rang out non-stop!

Bullets shot towards Yang Luo and the others like a rainstorm!

Yang Luo and the others condensed True Qi barriers and energy barriers and advanced towards the base!

Ding, ding, ding!

When the bullets hit their True Qi barriers and energy barriers, a crisp sound erupted, surging True Qi, energy, and sparks!

“Die, all of you!”

The Lava Tyrant wrapped his hands in lava and punched out one punch after another!

Fist shadows filled the sky like fire meteors!

Peng, peng, peng!

The waves of soldiers charging over were all blasted apart!

After throwing hundreds of punches in a row...

The Lava Tyrant’s entire body shook. He crazily mobilized the lava superpower in his body and stomped down!

“Core Flame Explosion!”

The roar resounded throughout the valley!

Boom! Boom! Boom!

Waves of lava broke through the ground and soared into the sky!

Wave after wave of charging soldiers were sent flying into the sky by the lava waves, directly melting into blood!

“Thousand Mass Suppression!”

“Subduing Dragons and Tigers!”

Bujie gripped the Dragon-Mark Buddhist Staff tightly with both hands and swept it forward continuously!

“Ahhhh...”

Accompanied by painful screams, those warriors were all sent flying, and blood spewed out of their mouths!

When they landed on the ground!

A large portion of them died on the spot, and those who were not dead could not get up!

“Anyone who approaches, behead!”

Xu Ying spat out three simple words before brandishing the Dragon Sparrow Saber and slashing forward furiously!

Swoosh!

The saber beam tore through the air and the saber qi soared into the sky!

His saber slashed out like cutting wheat, killing all the warriors who rushed over!

“You bastards, hand over your lives!”

Prajna held the Sun and Moon Divine Staff and waved it continuously!

The flames and ice turned into torrents that surged up!

All the warriors who approached were either burned to death or frozen!

The Dark Knight's figure kept flashing in front of him, and the knight's sword in his hand kept swinging!

The slender sword shadows flickered under the night sky, mercilessly reaping lives!

Elven Mage waved her scepter and mobilized layers of magic to kill anyone who approached!

At this moment...

Everyone did not hold back. They used their strongest combat strength and engaged in an intense battle with these guys!

Yang Luo held the Dragon Emperor Sword and walked forward step by step, swinging it one after another!

With every slash, dozens or hundreds of people were killed. It was incomparably powerful!

Just as Yang Luo was pushing forward!

Rumble rumble rumble!

One after another, steel rovers charged at him crazily!

Yang Luo stomped his right foot on the ground and soared into the sky like an Azure Dragon!

After jumping into the sky...

He raised his right hand and slashed out!

Rumble...

The vehicles approaching him were instantly split into two like tofu!

Just as Yang Luo landed!

Around him, more vehicles surrounded him!

“Seeking death!”

Yang Luo shouted coldly. He twisted his waist and abdomen and drew an arc with the sword in his hand!

Chi! Chi! Chi! Chi!

The steel rovers that surrounded him were cut open again!

At the same time, a ravine in the form of a circle appeared on the ground!

When Yang Luo landed steadily...

All that was left were piles of steel ruins!

“Fire! Fire!”

“Kill this kid!”

A series of angry roars sounded.

A burly warriors carrying shoulder-mounted rocket launchers started shells at Yang Luo!

Yang Luo's expression turned cold as he slashed out with his sword!

Swoosh!

His slash shot out like a golden rainbow that streaked across the sky!

Boom! Boom! Boom!

Before the rockets could approach, they exploded in the sky!

Many soldiers were blown up on the spot and died!

Furthermore, those who were not sent flying were killed by Yang Luo's sword!

At this moment.

Yang Luo stood upright on the ground like a javelin. With the Dragon Emperor Sword in hand, he swept his cold gaze in all directions!

He was like an ancient sword immortal who had descended into the world with unparalleled dominance!

The surrounding warriors were so frightened that they did not dare to approach and trembled!

At this moment.

Fred, Gudanu, and the others also rushed over.

“Who are you people? Why did you attack our base?!”

Fred asked angrily, but he could not hide the shock in his eyes.

This kid was too terrifying!

There were so many people, so many rovers, and so many firearms, but they could not do anything to him!

Could it be that this kid was really a god?

Yang Luo looked up at Fred and asked coldly, "You should be their captain, Fred, right?"

"That's right."

Fred stared intently at Yang Luo and said in a low voice, "I've never seen you or provoked you. Why did you bring people to kill me?"

Yang Luo said indifferently, "Fred, you sent someone to kill me, but you actually said that you didn't provoke me?"

However, it's a pity that the trash you sent is useless and has already been killed by us."

"You..."

Fred was shocked, "You're the one who broke the sorcery on Princess Salma and ruined my plan?!"

"That's right, it was me."

Yang Luo nodded and said in a booming voice, "I have a principle. If people don't offend me, I won't offend them. If people offend me, I'll kill them!"

"Hehe..."

Fred smiled coldly and said, "Kid, you might have some strength!

However, now that you've come to my base with only six people, do you think you can leave alive?

Since you're here, I can settle the old and new scores with you!"

Gudanu said ruthlessly, "Kid, you broke my sorcery and killed my evil spirit. You even made it backfire on me. I'll definitely make you wish you were dead!"

Yang Luo chuckled and said, "Do you really think you guys can kill me?"

"Kill him!"

Fred didn't waste any more time and directly gave the order!

The moment he gave the order!

All the warriors in god-slaying armor raised their mechanical arms at the same time and shot laser rays and high-temperature rays at Yang Luo!

Dozens of Magi also chanted incantations and used witchcraft methods to attack Yang Luo!

Facing the attacks that came one after another!

Yang Luo stood proudly in front of him and did not dodge. Instead, he slowly raised the Dragon Emperor Sword in his hand!

As the Dragon Emperor Sword was raised!

Ooommmm!

Yang Luo's eyes and body flickered with a dazzling golden light, and a golden beam of light surged from his body!

"Cut!!!"

Yang Luo let out a shout and slashed out!

Swoosh!

As the sword slashed out, a huge golden sword phantom slashed out as well!

At this moment...

The sword light pierced through the night sky, and the sword qi soared into the nine heavens!

Rumble!

A series of explosions sounded!

This sword directly broke through everyone's attacks. It was frightening to the extreme!

"Quickly dodge!"

"Retreat!"

Fred and Gudanu shouted in shock and hurriedly retreated.

The warriors in the God Slaying Battle Armor and the Magi were also trembling in fear, retreating and dodging.

The next second!

Bang!

The ground shook, and a gully more than a hundred meters long was split open!

Dozens of warriors in god-slaying armor and more than 20 Magi were directly killed by this sword and fell into a pool of blood!

Yang Luo slowly raised the sword in his hand and asked indifferently, "That's all from your side?"

Fred, Gudanu, and the others looked at the scene in front of them and could not help but tremble.

One sword!

It was just one strike!

Half of the elite warriors in the God Slaying Battle Armor were killed!

Half of the Magi were also killed!

Endless fear surged into their hearts!

Chapter 876: What's There to Be Afraid Of?

The anger in Fred's heart suppressed his fear and he roared out!

"Kill! No matter what, we have to kill this kid! Kill this kid!"

"Kill!"

The remaining warriors and sorcerers also suppressed their fear and rushed towards Yang Luo crazily!

Yang Luo's figure flashed as he held the Dragon Emperor Sword and took the initiative to charge forward!

“Ahhhh...”

Screams resounded continuously.

Warriors in the God-Slaying Armor and Magi fell one after another, completely dead.

“Young brat, give me your life!”

Fred charged over. Two huge laser swords and high-temperature shooting knives condensed in his hands as he slashed at Yang Luo angrily!

High-voltage electric chains swept out of his steel body and headed straight for Yang Luo!

“Evil Spirit Descends!”

Gudanu chanted an ancient incantation and waved the white bone scepter in his hand!

Evil spirits that flickered with black-gray light condensed and pounced at Yang Luo!

These evil spirits were all beasts. There were snakes, centipedes, scorpions, toads, lizards, and so on!

Yang Luo waved the Dragon Emperor Sword and slashed at Fred!

His left hand transformed into golden dragon talismans in the air and smashed out!

The laser sword and the High-Temperature Saber that Fred swung out were cut apart!

The chains that swept over were also cut off!

Meanwhile Fred let out a scream as he was sent flying dozens of meters away!

The sturdy steel armor on his chest was split open, and there were long bloody wounds on his chest. Blood kept flowing out!

As for the evil spirits summoned by Gudanu, they were all killed by the golden dragon talisman!

Yang Luo had killed his evil spirits with nine golden dragon talismans!

Seeing this, Gudanu was shocked and furious. He continued to wave the white bone scepter in his hand as he roared!

“Evil Spirit Army!”

A torrential baleful aura and blackish-gray light soared into the sky from his body!

It condensed into countless beast spirits and skeletons, as if they had formed an army that charged towards Yang Luo!

The other Magi also gathered their Beast Spirits and skeletons and joined the army, charging forward together!

Yang Luo was not afraid at all. His entire body shook in response!

Waves of golden true fire surged out of his body, turning into a sea of fire that instantly drowned the evil spirit army!

“Wuwuwu...”

Wild shrieks and howls rang out.

This army of Evil Spirits was burned to ashes.

“Damn it, damn it!”

Gudanu roared and said fiercely, “I’m one of the ten shaman kings of the Sorcerer Alliance. I don’t believe I can’t kill a brat like you!”

As he spoke, he bit his fingertip and dripped his blood on the ground. He then started to chant an incantation!

“Blood Shaman Sacrifice, Burial Mound!”

And in that instant!

The area where Yang Luo was seemed to have turned blood-red, and everything around him could not be seen clearly!

Blood-colored tombstones appeared around Yang Luo!

Countless blood-colored evil spirits flew out of the tombstone and pounced at Yang Luo!

Yang Luo continued to mobilize the true fire in his body and erupted!

The golden true fire surged in all directions and burned the blood-colored evil spirits that pounced over!

However, to Yang Luo's surprise...

No matter how many times these blood-colored evil spirits were burned to death, they could continuously condense and continue to attack!

Yang Luo narrowed his eyes and said, "Interesting."

As he spoke, he mobilized the golden Yang lightning in his body and lashed out in all directions!

But just like before...

No matter how many times the blood-colored evil spirits that pounced over were scattered, they would condense again!

At this moment.

Outside the blood-colored area.

Fred, Gudanu, and the others stared intently at the blood-colored area, waiting for Yang Luo to die.

“Mr. Gudanu, this kid should die, right?”

Fred gritted his teeth and asked.

One had to know that the God Slaying Battle Armor he was wearing could not even be blown up by a cannonball.

However, he did not expect that this kid would slash open his God Slaying Battle Armor with a single strike and even injure him. This made his heart palpitate.

Gudanu said proudly, “No one can escape my Blood Shaman Sacrifice. No matter how strong this kid is, he will definitely die.”

Fred said, “But this kid is too strange. We can’t let our guard down.”

“Good point.”

Gudanu nodded and instructed the others, “Everyone, don’t hold back. Continue to use all our sorcerer methods and kill this kid!”

“Yes!”

All the sorcerers responded in unison.

Then, under Gudanu’s lead, all the sorcerers used their sorcery techniques at the same time and attacked Yang Luo in the blood-colored area!

But less than a few minutes later.

Suddenly!

“Roar, roar, roar!”

A loud dragon roar sounded from the blood-colored area!

It resounded through the night sky and shook the desert!

In the next second...

Dazzling golden light erupted from the blood-colored area!

Moreover, nine golden dragon phantoms roared out!

“Retreat! Retreat quickly!”

Gudanu was terrified to the extreme and shouted!

Fred’s face was also filled with fear!

However, there was no time to retreat!

The nine golden dragon phantoms had already shot towards them!

“Ahhhh...”

Fred, Gudanu, and the others let out extremely painful screams as they were sent flying dozens of meters away.

Peng, peng, peng!

As for the remaining warriors in the God Slaying Armor...

All the other purple-robed, blue-robed, and black-robed sorcer's could not escape in time and exploded into pools of blood mist, all of them dead!

The armor on Fred's body was completely shattered as he spat out a mouthful of blood!

Gudanu was covered in injuries and vomited blood!

The two of them lay on the ground, half-dead!

At this moment.

The blood-colored area had completely dissipated.

A golden figure was standing there quietly like a god.

This figure was Yang Luo!

What made the two of them even more afraid was that Yang Luo was not injured at all.

Yang Luo strode towards the two of them.

“Young brat, I’m the Sorcerer King. How can I lose to you? I don’t believe it, I don’t believe it!!!”

Gudanu roared and struggled to get up.

He continued to chant an incantation and mobilized all the energy in his body. A blazing black-gray light appeared on his body!

Then, he spat out a large mouthful of blood and roared!

“Blood Shaman Sacrifice: Blood Demon!”

At that very moment...

A behemoth that was more than ten meters tall and emitting a blood-colored light condensed into form. Like a blood-colored demon, it pounced at Yang Luo!

On the way to kill Yang Luo!

The blood-colored demon absorbed all the blood on the ground and its body continued to grow until it was dozens of meters tall. It was extremely terrifying!

However, facing this blood-colored demon...

Yang Luo still did not have any fear and his expression was calm!

His eyes were cold as he gripped the Dragon Emperor Sword tightly with both hands and slowly raised it!

“Swing the Heavenly Sword while drunk, laugh at the waves and rivers!”

“What’s there to be afraid of a mere demon!”

“Cut!!”

Accompanied by a roar!

He slashed out with his sword!

Swoosh!

A dazzling golden sword tore through the night sky, cutting through the eternal darkness and slashing down from the middle of the blood-colored demon's body!

Bang!

The ground shook violently, causing the entire base and even the surrounding sand dunes to shake!

A 200-meter ravine was split open in the ground!

The buildings and fortresses were also broken by the sword!

A few seconds later!

Rumble!

This blood-colored demon that had yet to approach was directly slashed into two before exploding in the sky!

It turned into a vast blood-colored light and blood that splattered in all directions!

“You...”

Gudanu raised his hand and pointed at Yang Luo. Before he could finish speaking, his body split into two and he fell heavily to the ground, completely dead...

Chapter 877: Destroying the Sand Sea Base!

Even in death, Gudanu’s eyes were still wide with fear and unwillingness!

It was as if he did not expect that such a powerful move he had used would be easily defeated by this kid!

And he was actually killed by a single sword strike!

The event location instantly fell into dead silence!

Gudanu, one of the ten shaman kings under the high priest of the Sorcerer Alliance, died just like that?!

Fred, who was paralyzed on the ground, was already stunned. He felt a chill run down his spine!

The surrounding soldiers were also stunned on the spot, trembling all over!

Too powerful!

This kid was simply unbelievably strong!

Clang, clang, clang!

Every step Yang Luo took was like a heavy hammer that struck their hearts heavily!

Everyone felt like they were enveloped by the shadow of death and broke out in cold sweat!

Seeing Yang Luo walking towards him...

Fred gulped and said with a trembling voice, "Little brother, if there's anything you want to say, we can talk it out.

I was wrong. I shouldn't have sent someone to kill you. I hope you can spare my life.

As long as you can spare my life, you can raise any conditions."

Yang Luo walked up to Fred and looked at him coldly, "I'll spare your life and wait for you to bring people to take revenge on me, right?"

Hearing this, Fred's heart tightened.

That was indeed what he thought.

As long as he could survive this time, he would immediately inform the headquarters and send an army to kill this kid and the other six fellows.

He was the captain of the tenth team of Neltharion, one of the ace teams.

He had always been the one to bully others. Even the Dibai royal family had been played by him.

But tonight, he had been beaten up so badly that the entire base was about to be destroyed.

He naturally had to take revenge and kill all of them!

Yang Luo mocked, "Why? Are you flustered because I'm right?"

"No, no, no!"

Fred shook his head repeatedly and said with a smile, "Little brother, you're thinking too much.

You're like a god. How would I dare to take revenge on you?

As long as you can let me off, I promise to pretend that nothing happened tonight."

"Let you off? Are you dreaming?

Keep your eyes open in your next life..."

Yang Luo said coldly. Then, he raised his foot and stepped on Fred's chest!

“No... No... Ah!!!”

Fred let out his last miserable scream. His chest collapsed, and blood gushed out of his mouth. Soon, he stopped breathing.

Yang Luo had stomped Fred to death!

The soldiers in the base were all scared out of their wits!

“Captain’s dead, Captain’s dead!”

“What should we do? What should we do now?!”

“Contact headquarters and request backup!”

These warriors shouted and fled into the distance.

Yang Luo did not give these guys a chance to escape at all. Instead, he swung his sword!

Countless golden flying swords instantly condensed and shot towards these fellows!

Puff! Puff! Puff!

Before these guys could escape from the base, they were all shot into sieves and died!

After killing the soldiers!

Yang Luo raised the sword in his hand and said in a trembling voice, "Brothers, don't let anyone go. Kill them all!"

"Yes!"

Xu Ying and the rest replied in unison.

Then, under Yang Luo's lead, everyone launched their final fierce attack!

With the deaths of Fred and Gudanu, these warriors no longer had their backbone. They were no longer the opponents of Yang Luo and the others!

Even if they had firearms in their hands, they could not do anything to Yang Luo and the others!

Therefore, the battle lasted for more than half an hour before it ended!

The entire base had been destroyed beyond recognition!

There were corpses everywhere, blood everywhere, and ruins everywhere. It was like purgatory!

Yang Luo glanced around and asked loudly, "Did anyone escape?"

"No!"

Xu Ying and the others replied.

"Alright, let's go!"

Yang Luo waved his hand and led the six of them out of the base.

When they left the base and arrived at a sand dune....

The Lava Tyrant, Dark Knight, and Elven Mage had yet to recover from their shock.

Xu Ying, Bujie, and Prajna however had calm expressions.

Lava Tyrant sighed and said, “Oh my god, we actually took down a base, and it’s even a base of Country Stars & Stripes’ ace team!”

The Dark Knight also said, “We actually did it. It’s simply unbelievable!”

The Elven Mage let out a long breath and said, “I’ve never done such a crazy thing!”

In the end, the three of them were still assassins by nature.

Although they were good at assassinations, most of the time, their modus operandi was to act alone. They would only assassinate one or a few targets.

And tonight, they had actually wiped out a base and killed more than 3,000 people.

This was something they had never dared to think about or do before.

Bujie said in amusement, "Is such a small matter worth being so shocked by?"

Back then, what we and Brother Yang did in Country Sakura was really awesome!"

"Oh?"

Lava Tyrant looked puzzled, "What did you and Mr. Yang do in Country Sakura?"

The Dark Knight and the Elven Mage were also curious.

Bujie smacked his lips and said, "Listen to me slowly..."

Just as Bujie was about to start bragging...

Yang Luo raised his right hand and mobilized a golden true fire to attack!

In an instant!

The entire base was instantly set on fire!

The flames soared into the sky and shot in all directions. It was shocking!

There were even many cannonballs that were ignited and exploded inside!

The corners of Lava Tyrant's mouth twitched as he gulped and said, "Mr. Yang, why did you set fire to it?"

Yang Luo said, "This base has to be wiped out from this desert.

If we leave behind the things in the base, Country Stars & Stripes could build another base in a short period of time.

Therefore, it's better to burn them all at once and completely destroy them."

"Good point."

The Lava Tyrant nodded in realization.

As the flames in the base slowly became smaller.

Bujie also finished explaining what they had done in Country Sakura.

The Lava Tyrant said with admiration, "What you and Mr. Yang did together was really too shocking!

We choose to follow Mr. Yang and fight the world together in the future. Just thinking about it makes me excited!"

The Dark Knight and the Elven Mage nodded repeatedly.

They really felt that following Yang Luo was the best decision they had made.

Unknowingly, the sky gradually lit up, and the temperature of the desert began to rise.

Yang Luo sensed the temperature of the desert and suddenly thought of something. He asked, "Tyrant, Knight, and Elves, do you know where the hottest place in the world is?"

"Of course I know that."

The Lava Tyrant smiled and said, "The hottest place in the world is in the Lute Desert. The surface temperature has reached more than 70 degrees, and the temperature at the core is even higher!"

"Oh?"

Yang Luo's eyes lit up and he asked again, "Then where is this Lute Desert?"

"This Lute Desert isn't too far from here. It's about 200 kilometers away."

The Lava Tyrant replied and asked, "Mr. Yang, why are you asking this?"

Yang Luo said, "I feel that my cultivation level is not far from breaking through.

Therefore, I plan to cultivate in the Lute Desert."

He had known a long time ago that cultivating in extreme environments was very helpful to his cultivation.

For example, he had previously cultivated in an extremely cold place in the North Pole and also in a place where lightning gathered on Mount Tai.

He had only yet to cultivate in an extremely hot place.

Now that he knew that the Lute Desert was the hottest place in the world, he naturally had to make a trip.

Chapter 878: A Great Kindness!

“What?!”

The Lava Tyrant was stunned, “Mr. Yang, you’re going to the Lute Desert to cultivate?!”

Yang Luo nodded, “Yes, why?”

Lava Tyrant gulped and said, “That’s known as the hottest place in the world. No one dares to step foot there.

Even if it’s me, even though I’m already not afraid of the heat, I don’t dare to stay there for too long.”

The Dark Knight said, “Not to mention humans, even the most heat-resistant creature can’t survive there.”

The Elven Mage also said, “That place is a land of death. If you go there, you will have a death wish.”

Yang Luo smiled and said, "This is the place I'm looking for.

After all, the harsher the environment, the more it could stimulate my potential and increase my cultivation.

There's no need to say anything. Let's go together.

You can also cultivate there and stimulate your potential to see if you can increase your cultivation."

"Are we really... going?"

The Lava Tyrant asked in a trembling voice.

Yang Luo said, "Of course we have to go!"

Bujie patted the Lava Tyrant's shoulder and said, "Brother, calm down. This guy is a pervert.

Why do you think this guy's cultivation and strength can increase so quickly? It was because he was abnormal enough.

I often don't fit in with this guy because I'm not perverted enough... Aiya!"

Pa!

Yang Luo slapped Bujie's bald head and said angrily, "What pervert? What nonsense are you talking about!

No matter which cultivation path you cultivate, if you want to become stronger, you have to constantly surpass yourself and break through the limits of your body and mind!"

There was a pause.

Yang Luo continued, "If you want to follow me and accompany me to conquer the world in the future...

I hope that you can become stronger!

I hope that all of you can live well in the future battles!"

Alright, let's go then!"

Lava Tyrant nodded heavily, "I also want to see where my limit is!"

"Then let's go together!"

"Let's become stronger together!"

"Let's surpass ourselves and break through together!"

Xu Ying and the rest also shouted, their eyes filled with determination.

Yang Luo nodded and took out a special cell phone, "Let's inform Harmandy and the others that we're safe before we set off!"

At the same time...

Dibai.

Imperial Palace.

The square was filled with people.

Not only were there royal guards, but there were also Dibai's warriors. There were more than ten thousand of them.

Everyone's expressions were cold as they waited solemnly.

In the palace hall, the atmosphere was a little oppressive.

Qin Yimo, Song Zhixin, Harmandy, and Salma were all present.

King Almond and Williams were also present.

Last night, after Yang Luo and the others set off for the desert base, they had been waiting for news here and had not slept the entire night.

Moreover, in order to deal with the unexpected situation, they had gathered more than 10,000 people and were prepared to support Yang Luo and the others at any time.

Harmandy looked at the time and frowned, "Everyone, it's already 7am!

We can't wait any longer. We have to quickly send people to support Brother Yang and the others!"

Salma also said worriedly, "That's right. Brother Yang and the others haven't contacted us yet. I'm worried that something will really happen to them!"

Qin Yimo was also very nervous, her face filled with worry.

Even Song Zhixin, who knew Yang Luo's strength, couldn't help but clench her fists.

Almond said in a low voice, "Although Mr. Yang is doing this for revenge, he's also attacking the Sand Sea Base for our royal family and Dibai!

We can't let anything happen to Mr. Yang and the others!"

Williams nodded and said, "Let's quickly send someone to see what's going on!"

"Alright!"

Harmandy nodded and stood up to go out and give the order.

But at this moment...

A call was made to the special phone he had placed on the table.

His face lit up and he quickly picked up the call.

“Brother Yang, how are you guys? Are you alright?”

“Harmandy, don’t worry. We’re fine.

“Also, we’ve already destroyed the Sand Sea Base.”

Yang Luo’s voice sounded.

“Really?!”

Harmandy was so excited that his entire body was trembling, “You really destroyed the Sand Sea Base?!”

Hearing Harmandy's words...

Everyone present looked at each other in shock.

Yang Luo smiled and said, "Of course it's true. Otherwise, do you think I could still call you now?"

"Amazing, you guys are really amazing. You actually destroyed the base of an ace team belonging to Country Stars & Stripes!"

Harmandy was extremely excited and hurriedly asked, "When are you coming back? We have to have a good drink!"

Yang Luo said, "We're going to the Lute Desert to cultivate now. We'll probably only be back in a few days.

Tell everyone not to worry."

"Alright then, we'll wait for you to come back!

"If anything happens, remember to contact me at any time!"

“Alright!”

After Harmandy hung up.

Song Zhixin quickly asked, “How are Little Luo and the others?”

The others also looked at Harmandy.

Harmandy smiled and replied, “Don’t worry, everyone. Brother Yang and the others are fine.

Moreover, they have already successfully destroyed the Sand Sea Base.”

“Oh my god, Mr. Yang and the others are too terrifying. They actually destroyed a base?!”

Williams was dumbfounded.

Almond sighed and said, “Mr. Yang and the others are simply gods!

Our royal family, our Dibai, owes Mr. Yang and the others a huge favor!”

Salma sighed in admiration, “Mr. Yang and the others are the benefactors of our royal family and great heroes of our Dibai!”

Song Zhixin hurriedly asked, “When did Little Luo say they would be back?”

Harmandy said, “Brother Yang said that they’re preparing to go to the Lute Desert to cultivate. He said that he’ll be back in a few days.”

“Training in the Lute Desert?!”

Almond looked shocked, “That’s the hottest place in the world. People have even given it the name of the ‘Death Hell’!

Mr. Yang and the others are actually going there?!”

Harmandy was also shocked, “Oh my god, I was so happy just now that I didn’t react to his statement!

Why are Brother Yang and the others doing things that are getting crazier and crazier!”

Song Zhixin said, “Since Little Luo and the others plan to go there, they must have made the best preparations.

Therefore, don't worry, everyone. Just wait for them to come back."

Everyone nodded, but they could not calm down for a long time...

At this moment.

On the sand dunes outside the Sand Sea Base.

After Yang Luo finished the call, he put away his cell phone and said in a loud voice, "Brothers, let's go!"

"Alright!"

Xu Ying and the rest replied in unison.

Then, everyone got into the car and drove away from the Sand Sea Base, heading straight for the Lute Desert...

A few hours after Yang Luo and the others left...

Whir, whir, whir...

The sound of propellers came from afar.

Ten transport helicopters flew over from afar.

Not long after...

Ten transport helicopters stopped in an open space not far from the sand dune.

The cabin door opened.

Hundreds of black and Caucasian soldiers jumped down.

Chapter 879: At All Costs!

The leader was a tall and burly Caucasian man wearing a black elastic vest and sunglasses.

This Caucasian hunk was the captain of Team Neltharion's ninth team, Charles.

Not long ago, he received a distress signal from the Sand Sea Base.

Therefore, he brought his men over to see what was going on.

Although the peninsula base he was in charge of was the closest to here, it still took a lot of time to rush over.

After getting off the helicopter...

Charles hurried to the top of the sand dune with his men.

However, when he saw the scene in front of him...

Everyone seemed to have been struck by lightning as their bodies trembled uncontrollably.

From their vantage point...

The entire basin where the Sand Sea Base was located had already been charred black. There were charred corpses and burned buildings everywhere.

“Is this really the Sand Sea Base? Are you sure it’s not hell?!”

“Oh my god, what exactly happened here?!”

“Destroyed! The entire base has been destroyed!”

“Was there a fire here?”

The group of warriors cried out in surprise, unable to believe what they were seeing.

Charles’s eyebrows twitched. He was clearly shocked by the scene in front of him.

He waved his hand and said, “Let’s go and see if there are any survivors!”

Under Charles’s lead, hundreds of people ran into the base and began to search.

“Reporting to the captain, not a single one is alive!”

“Captain, Captain Fred is dead too!”

“The God Slaying Team is all dead!”

Reports came one after another.

Charles clenched his fists tightly and roared, “Damn it, who the f\*ck did this?!”

An entire base with more than 3,500 people is actually dead?!”

“Captain, what should we do now?”

A soldier asked in fear.

Charles gritted his teeth and said, “What else can we do? We have to report this matter to the headquarters immediately!”

As he spoke, he took out his phone and made a call.

After the call.

He said in a trembling voice, "Hurry up and clean up this place!"

"Yes!"

All the warriors responded in unison.

Then, Charles and the others began to clean up the sand sea base...

At the same time...

Country Stars & Stripes.

Snow City.

In the main building.

A spacious and bright conference room was filled with people.

The people sitting here were all the higher-ups of Country Stars & Stripes.

Not long ago, they had received orders to come over for an urgent meeting.

Therefore, they put down what they were doing and rushed over.

“What exactly happened? Why did Commander-in-Chief Douglas call us for an emergency meeting?”

“I don’t know. Something big must have happened!”

“Things have been happening one after another during this period of time. It’s really not peaceful!”

Everyone was discussing, but no one knew what had happened.

At this moment.

Bang!

The door of the conference room was pushed open forcefully.

Everyone was shocked and turned around.

A huge Caucasian man in military attire with a resolute face and sharp eyes strode in.

This Caucasian was called Douglas. He was the Commander-in-Chief of the various battle teams in Country Stars & Stripes. His nickname was "White-Headed Eagle".

Seeing Douglas come in, everyone stood up and saluted at the same time.

Douglas' face was extremely gloomy. He raised his hand and said, "Sit down."

Only then did everyone sit down.

Douglas stood in front of the conference table and fell into a long silence.

Everybody present did not dare to ask when they saw Douglas' gloomy face. They just waited quietly.

After a few minutes of silence...

"Phew..."

Douglas heaved a long sigh and said in a deep voice, “Everyone, let me tell you something now!

Not long ago, I received a piece of news!

The desert base we built in the Dehna Desert was destroyed overnight!

The captain of Team Neltharion’s tenth team, Fred, and more than 3,000 warriors have all died!”

The moment his voice trailed off.

The entire conference room fell silent.

A few seconds later.

The meeting room exploded.

“Commander-in-Chief, are you joking? The Sand Sea Base was actually destroyed?!”

“Oh my god, that’s impossible. The Sand Sea Base is guarded by our ace team, Team Neltharion’s tenth team. How could it be destroyed?!”

“Isn’t that so? Team 10 is equipped with all kinds of firearms and more than 100 sets of ‘God Slaying Armor’. Who can destroy them?”

“If you want to destroy the Sand Sea Base, you have to have more than 10,000 people and very good equipment. Otherwise, it’s impossible!”

Everyone present discussed non-stop, not believing that this matter was true at all.

“Quiet!”

Douglas roared.

Only then did everyone quiet down.

Douglas took a deep breath and said, “Believe it or not, it’s the truth!

Not long ago, the captain of Team Neltharion’s ninth team, Charles, had already called and sent a photo!

We can confirm that the Sand Sea Base has indeed been destroyed!”

“Commander-in-Chief, how could the Sand Sea Base be destroyed overnight?

Why didn’t we know anything before this?”

A Caucasian man asked.

A black man nodded and said, “Yes, isn’t this too strange?”

Douglas frowned and said, “I’m puzzled about that too.”

“Could it be that Dibai discovered our base and attacked us?”

Someone asked.

“Dibai?”

Douglas sneered and said, “Do they have the guts?

Even if they discover the Sand Sea Base, they will only denounce us a few times. They will definitely not attack directly!”

Everybody nodded and felt that Douglas made sense.

Even if Dibai was given more guts, they would never dare to attack their base.

“Then who did it?”

“Who has the guts to go against us?”

“Who could destroy the Sand Sea Base overnight and do it silently?”

Everyone’s faces were filled with anger, confusion, and confusion.

Holding the conference table with both hands, Douglas said in a trembling voice, “There will be no result even if we continue to speculate and discuss!

Now, you only need to do one thing!

Use whatever energy you can!

You have to investigate this matter at all costs!

Once this matter is properly investigated, we will find out who did it!

Then we will destroy the other party at all costs!”

“Yes!!!”

Everyone stood up at the same time and replied in shock.

...

After Yang Luo and the others left the Dehna Desert, they drove for a few hours.

It was not until past one in the afternoon that they finally arrived at the periphery of the Lute Desert.

“Mr. Yang, we’re here!”

The Lava Tyrant's voice came from the car behind.

Soon, the two cars stopped.

Yang Luo and the others got out of the car.

They looked into the distance.

The vast desert stretched as far as the eye could see. It was vast and desolate. There was no one around.

There was not even a living creature, let alone a human.

Due to the high temperature, the air in the desert was constantly distorting and warping under their eyes.

Even though they were standing at the periphery, Yang Luo and the others could still feel their skin burning.

If they were not cultivators, they would not be able to take it even if they stood at the periphery, let alone enter the Lute Desert.

“Mr. Yang... are we really going in?”

The Lava Tyrant gulped and asked again.

“Enter!”

Yang Luo’s eyes were firm as he spat out a word and walked straight into the Lute Desert.

Chapter 880: Death Hell!

Yang Luo had already walked into the Lute Desert.

The Dark Knight asked in a daze, “Are we going in?”

Bujie curled his lips and said, “Since I’m already here, how can I not enter?”

Lava Tyrant said, “If you really can’t withstand it, let’s run out quickly!”

“Alright, let’s do it!”

The Dark Knight nodded.

Then, Xu Ying, Bujie, Prajna, the Lava Tyrant, the Dark Knight, and the Elven Mage followed Yang Luo and walked into the Lute Desert.

The deeper they went into the Lute Desert, the hotter Yang Luo and the others felt.

In the beginning, everyone could withstand it even without mobilizing their True Qi and energy.

However, as they went deeper and deeper, other than Yang Luo, Xu Ying and the others could no longer hold on.

They all mobilized the True Qi and energy in their bodies to resist the invasion of the heat wave.

Meanwhile, Yang Luo was still resisting with his body.

The Lava Tyrant was simply shocked. He sighed and said, "Our physical fitness can't compare to Mr. Yang's at all!"

The Dark Knight said, "It's not just incomparable. It's basically comparing the stars to the moon!"

Bujie shook his head and said, "I've already said that this guy is a pervert. You can't look at him from an ordinary person's perspective."

By the side, Prajna asked, "Why is this desert hotter than other deserts?"

Lava Tyrant pointed at the black sand in many areas and asked, "Do you see the black sand?"

"I do."

Prajna nodded.

Lava Tyrant said, "The black sand is volcanic lava.

Because the Lute Desert is largely covered by volcanic lava, it is easy to absorb heat from the sun.

That was why this place is hotter than other deserts.

Moreover, this is only the surface. The temperature at the core is higher."

He controlled the lava superpower, so he naturally knew a lot about lava.

“I see.”

Everyone nodded in realization.

At this moment...

Yang Luo suddenly said, “The temperature here is still not high enough. Let’s go deeper and take a look!”

As he spoke, Yang Luo sped up and ran into the depths of the Lute Desert.

The corners of the Lava Tyrant’s mouth twitched, “Oh my god, Mr. Yang actually thinks that the temperature here is not high enough?”

“Calm down, calm down. You’ll get used to it.”

Bujie patted the Lava Tyrant’s shoulder.

Then, everyone sped up and chased after him.

They ran for over an hour.

After crossing sand dunes and basins, Yang Luo and the others finally arrived at the center of the Lute Desert.

The surface temperature here had already exceeded 70 degrees celcius.

If not for the fact that everyone had condensed their True Qi and energy to resist, they would probably have been roasted.

But Yang Luo frowned and shook his head, "Not enough, it's still not enough!"

"What?! It's not enough?!"

"Mr. Yang, how hot are you looking for?!"

"The temperature here has already exceeded 70 degrees celcius. Ordinary people will die if they come. Don't you think it's enough?!"

The Lava Tyrant, Dark Knight, and Elven Mage were already in a mess.

However, when they saw Yang Luo's calm expression, they felt that he was not joking.

It was as if the high temperature here really could not affect Yang Luo.

Yang Luo frowned and continued walking forward.

He felt that the temperature in front of him seemed to be higher than here.

"Mr. Yang, where are you going?"

The Lava Tyrant asked loudly and quickly followed.

Xu Ying and the rest followed.

After following Yang Luo for a while...

Xu Ying said, "Can you feel it? The temperature in front seems to be getting higher and higher!"

“It’s indeed getting higher and higher.”

Bujie nodded and asked, “Why is the temperature in front higher?”

Everyone continued to follow Yang Luo forward with doubts.

In order to resist the high temperature, Xu Ying and the others mobilized more True Qi and energy to resist.

After walking for a few thousand meters...

When they saw the scene in front of them...

Xu Ying and the rest were shocked.

From their vantage point...

In front of him was a huge basin that was more than 200 meters deep.

The sand in the entire basin was black and red. The temperature was extremely high, like a huge furnace.

Just by standing at the edge of the basin, one could feel the terrifying heat.

The Lava Tyrant said in horror, "The temperature of this basin has probably reached more than 500 degrees!

So this is the real Death Hell!

Any creature that enters will probably die instantly!"

"Found it!"

The corners of Yang Luo's mouth curled up slightly, "I plan to cultivate in this basin!"

"Cultivate in this basin?!"

The Lava Tyrant was stunned, "Mr. Yang, are you sure you're not joking?!"

The Dark Knight also said with a trembling voice, "Mr. Yang, once we enter, I'm afraid we'll die!"

Yang Luo raised his hand and said, "Don't worry, I know what to do.

If I really can't take it, I'll come out immediately."

As he spoke, Yang Luo took out a few bottles of pills and handed them to the Lava Tyrant, the Dark Knight, and the Elven Mage.

"These bottles contain some medicinal pills I refined. They can assist in cultivation, heal injuries, and nourish Qi.

If you don't know how to take it, you can get Xu Ying and the others to teach you."

Then, Yang Luo asked Xu Ying and the other two, "Do you have any more pills?"

Bujie smiled and said, "Yes, we have many."

"That's good."

Yang Luo nodded and used spirit stones to set up a huge Spirit Gathering Array around the basin.

After setting up the Spirit Gathering Array, Yang Luo directly activated it.

The spiritual energy in the world gathered here continuously.

With the basin as the center, the surrounding spiritual qi became especially abundant.

The Lava Tyrant said in surprise, "Oh my god, Mr. Yang's methods are too powerful. He actually made the spiritual energy here so abundant in an instant?!"

The Elven Mage exclaimed, "This array set up by Mr. Yang is too mysterious. The spiritual energy between heaven and earth can actually be absorbed endlessly."

The Dark Knight chuckled and said, "It's good to follow Mr. Yang. His cultivation conditions are so good!"

Bujie grinned and said, "That's for sure. If you follow Brother Yang, just wait to enjoy life!"

Yang Luo smiled and said, "Alright, let's cut the crap. I'll go down and cultivate now."

If you're willing, you can go down with me to cultivate.

If you can't take it, find a place nearby to cultivate."

"Alright!"

Xu Ying and the rest nodded.

After explaining some things...

Yang Luo took a deep breath and jumped down, rushing towards the center of the basin.

Soon, he arrived at the center of the basin.

As expected...

The temperature here was terrifyingly high. It was really above 500 degrees.

No matter how strong Yang Luo's body was, he could not take it anymore.

He quickly circulated his energy to resist, then sat cross-legged and took a few Spirit Gathering Pills.

As for the 700-year-old demon beast inner core, he did not consume it.

Firstly, with his current physical condition, he definitely could not withstand it.

Secondly, it was too early to take it now.

He planned to consume it when he broke through to the Dao Convergence Stage later.
