Chapter 921: Terrifying Giant Ape!

“It’s really a gorilla... but isn’t this gorilla too big?!”

Prajna’s delicate body trembled and her face turned pale.

Everyone present could not help but gasp as well.

Wu Yunchen swallowed and said, “To be precise, this is not a gorilla, but an ape!”

What walked out of the fog was a huge ape that was about ten meters tall. It had a burly figure and was covered in white fur. Its palms and feet were red, and its eyes emitted a red light.

At this moment...

Yang Luo and the others stared at the white ape.

This white ape also stared at Yang Luo and the others.

Neither side made their next move.

Bujie asked in a trembling voice, "Brother Yang, is this white ape a demon beast?"

"I think so."

Yang Luo nodded in reply.

Bujie asked again, "Then what kind of demon beast is it?"

Yang Luo shook his head and said, "There are too many types of ape-type demon beasts.

"I can't tell which ape-type demon beast this white ape belongs to now."

It only remained quiet for a few minutes.

"ROAR..."

The white ape opened its bloody mouth and let out a deafening roar at Yang Luo and the others!

When it opened its mouth, it revealed sharp teeth that were like blades. It was extremely terrifying!

Bujie raised the Buddhist staff in his hand and said, "What is this giant ape trying to do? Is it trying to show off to us?"

Yang Luo replied, "It probably treats this place as its territory. It's chasing us away!"

"You b*stard!"

Miao Tianhong shouted angrily, "This is clearly the territory of our Witch God Sect. How did it become your territory, evil creature?"

Miao Jinfeng said, "Looks like the reason why the other wild beasts don't dare to come here is definitely because of this evil beast!"

There's no need to talk nonsense with it. Just kill it!"

"Alright, do it!"

Wu Huaizhou also exclaimed.

Then, the three of them moved and rushed towards the white ape!

When Yang Luo saw this, he shouted in shock, "What are you doing? Come back quickly!

This giant ape hasn't even made a move, but you're already making a move. It will treat this as a provocation!"

"Listen to Mr. Yang, come back quickly!"

Wu Yunchen also shouted.

However, Miao Tianhong and the other two would not listen to Yang Luo and Wu Yunchen at all. They charged straight at the white ape!

As Miao Tianhong and the other two charged over!

The white ape felt provoked!

"ROAR..."

It let out another roar, clenched its fists, and punched its chest a few times!

Then, it stomped on the ground and shattered the ground as it charged towards Miao Tianhong and the other two!

Although this white ape was huge, its speed was not slow!

In just a few breaths!

The white ape crossed nearly a thousand meters and approached Miao Tianhong and the other two!

“Evil creature, die!”

Miao Tianhong and the other two soared into the sky and mobilized the True Qi in their bodies continuously, directly attacking the white ape!

Miao Tianhong threw a heavy punch at the white ape!

Miao Jinfeng waved the walking stick in his hand!

On the other hand, Wu Huaizhou slashed out!

The three of them were all at the Martial King Realm. The attack they unleashed together was indeed very powerful!

It was more than enough to deal with ordinary demon beasts!

However, the white ape in front of him was clearly not an ordinary demon beast!

The pressure and aura it emitted was clearly stronger than Miao Tianhong and the other two!

The moment Miao Tianhong and the other two attacked...

The white ape also raised its palm and slapped out!

Rumble!

Only a series of explosions was heard!

This slap directly destroyed the attacks of Miao Tianhong and the other two!

“What?!”

“How can this beast be so strong?!”

“Where did it come from?!”

Miao Tianhong and the other two exclaimed and condensed True Qi barriers to block.

Boom! Boom!

A shocking explosion sounded again!

The white ape’s slap directly shattered the true energy barrier of the three of them and heavily slapped their chests!

“Ahhh...”

The three of them let out a miserable cry and were sent flying one after another!

On the way back...

They spat out a mouthful of blood and a few of their ribs were even broken!

Seeing this, Bujie said teasingly, "These three guys really like to show off how noob they are!"

"Hurry up and help the Sect Master and the elders!"

"Hurry! Hurry!"

The more than a hundred elite disciples of the Witch God Sect moved one after another and charged towards the white ape!

Wu Yunchen did not dare to hesitate as well. His figure moved and he charged forward!

Seeing Wu Yunchen and the others charging over!

The white ape slapped out again!

Bang! Bang! Bang!

All the disciples who approached were sent flying and spat out blood!

On the other hand, Wu Yunchen suddenly raised his palm and faced the attack!

At that very moment...

Bang!

Wu Yunchen's palm collided heavily with the white ape's palm, producing a muffled thunderclap!

The white ape was forced back a few steps!

Meanwhile, Wu Yunchen was sent flying!

He flew more than 20 meters away before stabilizing his body!

Although he had withstood the white ape's slap, Wu Yunchen's blood boiled from the impact!

"ROAR..."

The white ape let out a roar and charged forward!

As he approached...

It clenched its right fist and punched down at Wu Yunchen on the ground!

Wu Yunchen's entire body trembled as he released his full aura. He twisted his fist and faced the attack!

In a flash!

DONG!

The two fists collided with a loud bang!

Wu Yunchen forcefully withstood the punch, but the muscles on his right arm were torn apart and blood splattered!

Crack! Crack!

The power of the white ape's punch was too strong. It directly pressed down on the ground under Wu Yunchen's feet, causing it to crack and collapse!

But right at this moment...

Miao Tianhong, Miao Jinfeng, and Wu Huaizhou soared into the sky and attacked the white ape from behind!

Boom! Boom! Boom!

The attacks of the three of them hit the back of the white ape!

However, the attacks of the three of them only caused the white ape's body to tremble for a moment. There was not even a single wound on its back!

"ROAR..."

The white ape was enraged. It turned around and retaliated with a punch at the three of them!

Miao Tianhong and the other two's eyes widened as they hurriedly condensed a True Qi barrier to block once again!

But even if they reacted quickly, they could not withstand the white ape's punch!

Boom! Boom! Boom!

The three of them were sent flying and landed heavily on a huge mountain. The mountain wall cracked from the impact!

After sending the three of them flying...

The white ape rushed forward, preparing to kill the three of them!

"Don't even think about it!"

Wu Yunchen roared and rushed forward to stop him.

Soon, Wu Yunchen and the giant white ape started fighting again!

“Hey! Evil creature, let me fight you!”

Bujie held the Dragon-Mark Buddhist Staff and rushed forward.

Xu Ying and Prajna also rushed forward!

Miao Tianhong, Miao Jinfeng, and Wu Huaizhou also got up and rushed forward!

A chaotic battle immediately broke out!

However, the battle had only lasted for less than ten minutes!

Xu Ying, Bujie, Prajna, and the others were all defeated and fell dozens of meters away!

On the other hand, the white ape rushed over and raised its huge foot, preparing to stomp Xu Ying and the others to death!

At this moment...

Yang Luo could not sit still any longer. He turned into a golden stream of light and rushed out!

As he approached...

He leaped up and threw a punch at the white ape's chest!

Bang!

Accompanied by a muffled bang!

"Howl..."

The white ape let out a painful cry as its huge body was sent flying more than ten meters away.

With a loud bang, it fell heavily to the ground...

Chapter 922: Battle Of Man Against Ape!

Seeing that the white ape was sent flying by Yang Luo's punch...

Xu Ying and the rest heaved a sigh of relief and quickly got up.

Bujie gulped and said with lingering fears, "This giant ape is too f*cking terrifying. Even with so many of us, we can't defeat it."

Prajna also said with lingering fear, "Isn't that so? Every punch and slap from it is too terrifying!"

Wu Yunchen cupped his fists and said, "Mr. Yang, thank you for saving us!"

"Thank you for saving me, Mr. Yang!"

"I'm really ashamed that Mr. Yang can ignore the past and save us!"

"Mr. Yang, please forgive me for offending you previously!"

Miao Tianhong, Miao Jinfeng, and Wu Huaizhou cupped their hands and thanked Yang Luo.

If not for Yang Luo's help, they would probably have been stomped to death by this white ape.

Yang Luo said, "Hurry up and retreat. Leave this guy to me!"

"Yes!"

Xu Ying and the rest responded and quickly retreated.

At this moment.

The white ape got up from the ground.

Although Yang Luo had sent it flying with a punch just now, he had not injured it.

Yang Luo narrowed his eyes and said, "You're quite thick-skinned and can take a beating."

"ROAR..."

The white ape was completely enraged and roared at Yang Luo.

Then, it stomped on the ground and rushed towards Yang Luo!

Without any hesitation, Yang Luo's figure flashed and he rushed forward as well!

And the moment they got close...

Yang Luo soared into the sky again and punched the white ape!

The white ape also twisted its fist and faced the attack!

DONG!

The two fists collided heavily like iron and stone colliding, and the commotion was shocking!

Under this punch...

The white ape was forced to retreat repeatedly!

Yang Luo was also sent flying!

"ROAR..."

The white ape quickly stabilized itself and let out an angry roar as it continued to charge at Yang Luo!

At this moment, it also sensed Yang Luo's strength was a threat to it and used its strongest combat strength!

In an instant!

The white ape caught up and slapped Yang Luo!

Yang Luo also condensed a huge golden palm and faced it!

Bang!

The fist and palm collided like a thunderclap!

Yang Luo was sent flying by the white ape's palm and crashed towards the mountain walls!

Meanwhile, the white ape was sent retreating again by Yang Luo's palm!

When Yang Luo shot towards the mountain!

He twisted his waist and abdomen and kicked hard at the mountain wall!

Crack crack crack!

The mountain wall cracked from the stomp!

But his body borrowed the counterforce, turning into an arrow that shot towards the white ape!

Before the white ape could react!

Yang Luo punched it in the face!

Bang!

This punch caused the white ape to bleed from its mouth and nose!

Its huge body was also sent flying more than ten meters away and fell to the ground, creating a huge pit in the ground!

Before the white ape could get up!

Yang Luo moved his feet and continued to rush forward!

Seeing Yang Luo rush over!

The white ape suddenly punched the ground!

Crack! Crack!

The ground shook, and the mountains and rivers shook!

Wide cracks spread towards Yang Luo!

Yang Luo felt his body sway and he could barely stand!

The white ape took this opportunity to get up and run towards Yang Luo!

As it approached...

It swung another punch at Yang Luo!

This punch was incomparably heavy, and sonic booms sounded in the air!

However, Yang Luo only nimbly moved and dodged the white ape's punch!

After dodging this punch...

He opened his arms and hugged the white ape's forearm. Then, he exerted strength in his arms and roared!

"F**k off!"

The white ape's huge body was actually sent flying by him!

Its huge body collided with a huge mountain with a bang!

The mountain cracked and shattered, rocks flew, and dust billowed!

The white ape was directly buried in the ruins!

“Oh my god... How strong is Mr. Yang?!”

Wu Yunchen said with a trembling voice, “I’m afraid Mr. Yang didn’t use his full strength when he killed Kurokawa Ichiro and the other two, right?!”

Miao Tianhong, Miao Jinfeng, and Wu Huaizhou, as well as the disciples of the Witch God Sect, were also dumbfounded.

The white ape, which was ten meters tall and weighed countless tons, was actually thrown away just like that?

It was simply divine strength!

Just as everyone was shocked!

“ROAR...”

A roar sounded from the ruins!

Ooommmm!

The ruins exploded!

The white ape rushed out of the ruins, its eyes turning scarlet as it charged towards Yang Luo angrily!

But this time!

The white ape's speed had increased to the extreme. The pressure and aura on its body had also increased by several times. Its combat strength had clearly increased exponentially!

"This beast's combat strength can actually increase?!"

Miao Tianhong couldn't help but exclaim.

Miao Jinfeng said with a trembling voice, "In other words... this beast didn't use its full strength to deal with us just now?!"

Miao Jinfeng said with a trembling voice, "In other words... this beast didn't use its full strength to deal with us just now?!"

Wu Huaizhou nodded in a daze.

Very quickly!

Yang Luo once again engaged in an intense battle with the white ape!

At this moment, Yang Luo did not hold back anymore. He had gotten full serious!

The golden light on his body was dazzling and golden dragons coiled around him. His eyes were like two divine lamps that were terrifying!

The white ape clenched its fists and kept attacking Yang Luo!

Yang Luo also clenched his fists and charged forward crazily!

At this moment...

The speed of the man and the beast's punches was extremely fast, like lightning strikes!

Dong, dong, dong!

The densely packed fists kept colliding, producing loud bangs!

The surrounding mountains could not withstand it and collapsed continuously!

Countless rocks flew in all directions, and dust swept into the sky!

After thousands of punches!

The white ape had already been beaten black and blue. It looked very miserable and was even forced back repeatedly!

"Piss off!"

Yang Luo let out an explosive roar and threw another violent punch!

“ROAR...”

Accompanied by a loud dragon roar!

A golden dragon phantom also roared and crashed into the white ape!

Ooommmm!

The white ape was sent flying and spat out a mouthful of blood!

After sending the white ape flying...

Yang Luo’s figure moved as he pushed towards the white ape again!

The white ape suddenly sat up and waved its hands at Yang Luo, making “wu ah ah” sounds.

Yang Luo immediately stopped and frowned, “What do you want?”

The white ape wanted to speak, but it could not. This could be seen in its anxiety.

It continued to make “wu ah ah” sounds as it pointed into the distance.

This scene stunned Xu Ying and the others who were watching from afar.

They did not understand what this giant ape meant.

However, they could understand that this white ape should have been afraid of Yang Luo.

Yang Luo pondered for a moment and said, “You mean that as long as I don’t kill you, you’ll bring me somewhere?”

The white ape nodded repeatedly.

“Holy shit!”

Bujie laughed happily and said, “Brother Yang, when did you learn the Beast Language?”

Yang Luo ignored this fellow and asked the white ape, “Is there something in the place you mentioned?”

The white ape raised its hand and gestured for a long time, but Yang Luo could not understand at all.

It stood up anxiously and walked into the distance, as if it wanted to lead the way.

Chapter 923: Primal Heavenly Art!

Yang Luo said, "Let's go and take a look!"

Wu Yunchen frowned and said, "Mr. Yang, are we really going to follow them? Could it be a trap?"

"If this guy harms us, I won't let him off."

With that, Yang Luo followed.

Xu Ying, Bujie, and Prajna followed.

Wu Yunchen and the others thought for a moment before following them as well.

In any case, with Yang Luo around, they had confidence.

The white ape deliberately slowed down and led the way.

Yang Luo and the others followed closely behind.

They did not have to walk for long.

Soon, they came to an area where they saw bones everywhere on the ground. Some were human, and some were beast.

Miao Tianhong said angrily, "Looks like the people we sent in previously must have been killed by this beast!"

Although Wu Yunchen, Miao Jinfeng, Wu Huaizhou, and the others were also very angry, they did not dare to attack.

It couldn't be helped. They were no match for this white ape at all.

If not for Yang Luo, they would have been killed long ago.

They walked for another half an hour after that.

Finally, they caught sight of a small river flowing in front of them, with many rare herbs growing around it.

What was even more surprising was that the spiritual qi here was even more abundant than before.

Yang Luo hurriedly searched the vicinity and said in surprise, "Nightshade Flower, Rootless Grass, Three-Leaf Green Lotus!"

He was extremely excited!

He really did not expect to find another three medicinal herbs he needed here!

Including the three medicinal herbs he had found previously, he had already found six!

As long as he found the other four, he could start refining the Mysterious Dao Pill!

Bujie curled his lips and said, "Looks like this guy is quite familiar with this place."

Yang Luo said to the white ape, "On account of you bringing me here to find medicinal herbs, I can spare your life."

The white ape nodded happily.

Then, it raised its hand and pointed at a mountain not far away.

Everyone looked in the direction it was pointing.

They finally spotted a cave that was more than 30 meters tall situated in the mountain.

However, the cave was pitch-black, and no one could see what was inside.

Yang Luo threw the Nightshade Flower, Rootless Grass, and Three-Leaf Green Lotus into his storage ring and asked, "You want to bring us into this cave?"

The white ape nodded.

Then, the white ape took a step forward and walked towards the cave.

Yang Luo and the other three followed.

After entering the cave, there was a long passageway. However, no light shone in, and the surroundings were pitch-black.

Yang Luo and the others became more vigilant and paid attention to the surrounding movements at all times.

But after walking for more than ten minutes in the pitch darkness, they saw light ahead.

Soon, Yang Luo and the others followed the white ape.

Not long after...

Everyone arrived at a huge space.

This space was very spacious. There were spirit stones scattered everywhere, numbering more than a thousand of them.

Moreover, there were array patterns engraved in the center of this space. However, it was a little old, so he could not see what array formation was engraved.

Wu Yunchen took a deep breath and said, "I didn't expect there to be such a space here and for there to be so many Spiritual Stones!"

Miao Tianhong said, "Could it be that this is the cultivation place of one of our ancestors?"

Wu Huaizhou nodded and said, "That's possible."

Wu Yunchen said to Yang Luo, "Mr. Yang, if you hadn't defeated this giant ape, it wouldn't have brought us here.

"If you want these spirit stones, you can take them all away."

Although Miao Tianhong and the others were reluctant, they did not say anything.

After all, if not for Yang Luo, they would have died long ago.

Yang Luo said, "These spirit stones are indeed very important to me.

But I won't take them all with me.

I'll only take half of it. I'll leave the rest to you."

Hearing this, Miao Tianhong and the others were overjoyed.

Wu Yunchen did not argue. He cupped his hands and said, "Thank you, Mr. Yang!"

At this moment.

The white ape pointed at a wall in the distance and cried out at Yang Luo.

"Is there something on the wall?"

Yang Luo looked puzzled and quickly walked over.

Xu Ying and the rest followed.

When they got closer...

Yang Luo and the others saw ancient words and patterns carved on the wall.

There were a total of six patterns, and each pattern was accompanied by many words.

There were four ancient words carved on it.

Yang Luo narrowed his eyes and said, "Could this be a cultivation technique?!"

Wu Yunchen thought for a moment and said, "It's rumored that our ancestor was one of the twelve Ancestral Magi of the ancient Magi.

These twelve Ancestral Magi controlled twelve powerful abilities.

They could devour the world, control wind, water, lightning, fill the sea, move mountains, and change the heavens and earth.

If this is really a cultivation technique, it might have been created by a mighty figure of the Witch Clan."

"Elder Wu, I've also heard rumors about the twelve Ancestral Magi."

Yang Luo replied and slowly said, "I also know what the twelve abilities controlled by the twelve Ancestral Magi are.

They were metal, wood, water, fire, earth, wind, rain, lightning, time, space, and weather.

Rushou was the Ancestral Magus of Metal, Goumang was the Ancestral Magus of Wood, Gonggong was the Ancestral Magus of Water, and Zhurong was the Ancestral Magus of Fire.

Houtu was the Ancestral Magus of Earth, Tianwu was the Ancestral Magus of Wind, Xuanming was the Ancestral Magus of Rain, and Qiangliang was the Ancestral Magus of Thunder.

Lastly, Wu Zhuzi was the Ancestral Magus of Lightning. The Torch Dragon was the Ancestral Magus of Time. Dijiang was the Ancestral Magus of Space. The Shebi Corpse was the Ancestral Magus of Weather.

It was said that these twelve Ancestral Magi were formed from the blood essence of Great God Pangu.

As for what exactly happened, I'm not sure."

Wu Yunchen sighed in admiration and said, "As expected of Mr. Yang. You actually know so much about the ancient Magi."

Miao Tianhong and the others were also filled with admiration.

After all, the ancient era was too far away from now. There were not many people who knew the legends of the twelve Ancestral Magi.

Yang Luo stared intently at the patterns and words on the wall and studied them.

Fortunately, the old man had taught him many ancient words.

Therefore, after reading for a while, he understood the content of these words.

However, Wu Yunchen and the others were still studying it and could not understand what was written.

Yang Luo's eyes flashed as he suddenly spoke out, "I know what this is!"

"You understand these words?!"

"Is this really a cultivation technique?!"

"What cultivation technique is it?!"

Everyone looked at Yang Luo with fervent eyes.

Yang Luo nodded and said, "It's indeed a cultivation technique recorded here. It's called the Twelve Shaman Primal Heavenly Art. It's can be shortened to mean the Primal Heavenly Art.

These six diagrams are six totems, representing Rushou, Goumang, Gonggong, Zhurong, Houtu, and Qiangliang.

"If you can learn this cultivation technique, you can control the six abilities of metal, wood, water, fire, earth, and lightning."

"Really?!"

Wu Yunchen immediately became excited.

Miao Tianhong and the others were also incomparably excited.

"I'm not kidding."

Yang Luo nodded and said, "Unfortunately, this is only a fragment.

"If this cultivation technique was complete, you would be able to control all the abilities of the twelve Ancestral Magi."

“Even if it’s incomplete, it’s still very impressive!”

Wu Yunchen sighed and bowed to Yang Luo.

“Mr. Yang, please help me translate this cultivation technique. We can’t thank you enough!”

“Mr. Yang, please help!”

Miao Tianhong and the others also bowed to Yang Luo.

Chapter 924: Astonishing Talent!

Yang Luo said, “This is a cultivation technique left behind by your Magi to begin with. I’ll naturally help you.

However, I’m also very interested in this cultivation technique and want to practice it. You won’t mind, right?”

Now, he only controlled lightning and fire.

If he could this cultivation technique, he would be able to control the six abilities of metal, wood, water, fire, earth, and lightning.

Wu Yunchen shook his head repeatedly and said, “Since this giant ape brought you here, it means that you are fated with this cultivation technique.

Of course, we won't mind. If Mr. Yang can bring this cultivation technique to greater heights, it will be a good thing for our Magi."

Miao Tianhong, Miao Jinfeng, and Wu Huaizhou also shook their heads repeatedly, indicating that they did not mind.

"That's good."

Yang Luo nodded and said, "Then I'll help you translate it into the current language."

With that, Yang Luo raised his right index and middle fingers and turned them into sword fingers. Using his finger as a pen, he mobilized the True Qi in his body and wrote on the wall beside him.

His fingers drew lines of words on the wall.

Not long after.

The incomplete version of this cultivation technique was translated.

Only then was everyone finally able to understand the contents.

"Thank you, Mr. Yang!"

Wu Yunchen, Miao Tianhong, Miao Jinfeng, and Wu Huaizhou thanked him excitedly.

"No need to thank me."

Yang Luo waved his hand and said, "Elder Wu, I plan to cultivate here for the next few days and learn this technique."

“Alright!”

Wu Yunchen nodded and said, “Actually, we also plan to cultivate this cultivation technique here. We can also consult you if we have questions, Mr. Yang.”

“No problem.”

Yang Luo agreed immediately.

Wu Yunchen said to the disciples, “You guys can leave first. Don’t talk nonsense about the matters in the Great Desolate Mountain first.

After the other elders come out of seclusion, we will announce this news to everyone.”

“Yes!”

The disciples nodded and left.

Yang Luo looked at the white ape and said, “Why don’t I call you Big White in the future?”

The white ape nodded happily.

Yang Luo said, “Big White, go and guard outside.”

Without another word, the white ape walked out.

Bujie chuckled and said, “Brother Yang, it seems that this giant ape has already been beaten into submission by you.

Other than not knowing how to speak, this fellow is actually quite smart.

If you know that you can't beat him, admit defeat."

Yang Luo smiled and said, "Alright, let's not delay and start cultivating."

"Alright!"

Everyone nodded in agreement.

Yang Luo glanced at the spirit stones around him and said, "I'll set up a spirit gathering array here first to make the spirit qi here more abundant."

As he spoke, Yang Luo took the materials on the spot and used the spirit stones in this space to set up a spirit gathering array in the center.

The moment the Spirit Gathering Array was activated!

The spiritual Qi between heaven and earth gathered crazily in this direction!

Originally, the spiritual energy in this space was already very abundant!

And now, with the operation of the Spirit Gathering Array, the spiritual qi in this space became even more viscous!

It was as if every part of the space was filled with spiritual Qi!

Wu Yunchen and the others were dumbfounded.

"Oh my god, Mr. Yang, you even know such an array formation. You're too amazing!"

Wu Yunchen sighed.

Miao Tianhong, Miao Jinfeng, and Wu Huaizhou looked at Yang Luo with even more admiration.

“Everyone, there’s no need to be surprised. This is only a small formation.”

Yang Luo waved his hand. “Alright, let’s start cultivating!”

In the next few days...

Yang Luo, Wu Yunchen, Miao Tianhong, Miao Jinfeng, and Wu Huaizhou began to cultivate the technique written on the wall.

Originally, Xu Ying, Bujie, and Prajna also wanted to learn it, but because it was not suitable for them, they could only give up.

Moreover, this cultivation technique was very profound and very difficult to cultivate.

Even though Yang Luo, Wu Yunchen, and the other three discussed with each other, it was still very difficult to learn...

Time passed quickly.

On the afternoon of the fifth day.

Xu Ying, Bujie, and Prajna woke up from their cultivation.

Bujie said helplessly, “Although the spiritual qi here is abundant, it’s still a little difficult to step into the Martial King Realm.”

Xu Ying shook her head and said, "Even if we can't step into the Martial King Realm this time, we're only one step away from the Martial King Realm."

"As long as the opportunity arises, we will definitely be able to officially step into the Martial King Realm."

"Agreed!"

Bujie nodded heavily, "I believe that this day will not be too far away from us!"

Prajna pouted and said, "Brother Xu, Brother Bujie, you're almost at the Martial King Realm."

But I'm still a distance away from the Martial King Realm."

Bujie grinned and said, "Sister Prajna, you don't have to be depressed."

You have already stepped into the Martial Highness Realm. As long as you take it one step at a time, you will soon be able to step into the Martial King Realm."

"That's right."

Xu Ying nodded and said with a smile, "Sister Prajna, you're already very talented."

"Ok!"

Prajna nodded and said firmly, "I must continue to work hard and become stronger!"

At this moment.

Wu Yunchen, Miao Tianhong, Miao Jinfeng, and Wu Huaizhou also woke up from their cultivation.

Bujie asked with a smile, “Elder Wu, how’s your learning?”

Wu Yunchen shook his head and said, “I’m ashamed. I’ve only just finished learning the first painting.

I wanted to continue learning the second diagram, but I couldn’t learn it.”

Miao Tianhong said awkwardly, “The three of us haven’t even learned the first diagram.”

Miao Jinfeng sighed and said, “This cultivation technique is really too difficult.”

“I wonder how many paintings Mr. Yang has learned.”

Wu Huaizhou turned to look at Yang Luo, who was in the center of the array.

Xu Ying and the rest also looked over.

At this moment, Yang Luo was quietly sitting cross-legged in the center of the array. His body flickered with a dazzling golden light, and he was akin to a golden statue, motionless.

However, at this moment...

Yang Luo suddenly raised his hands and moved them in the air!

As his hands moved...

Red-gold flames burned on his body and a totem burning with red-gold flames condensed above his head!

It was also when this totem condensed!

Rumble rumble rumble!

With Yang Luo as the center, the ground suddenly shook!

It even made the entire space tremble!

“F*ck, what’s going on?!”

Bujie was shocked.

Xu Ying, Prajna, Wu Yunchen, and the others were also frightened and retreated.

Wu Yunchen stared intently at the totem above Yang Luo’s head and exclaimed, “I know. Mr. Yang has condensed the totem of the Fire Ancestral Magus, Zhurong!”

Bujie looked at the totem on the wall and nodded, “It’s seems like it!”

At this moment.

The flames on Yang Luo’s body and the totem above his head dissipated at the same time.

And right on the heels of that...

A blue light appeared on Yang Luo’s body, and it was as if water was flowing around him!

Above his head, a totem with a blue light condensed!

Rumble rumble rumble!

The entire space shook even more violently!

Wu Yunchen said, “This is the totem of the Water Ancestral Magus Gonggong!”

Miao Jinfeng sighed and said, “It seems that Mr. Yang has completely learned the two diagrams corresponding to the Ancestral Magus of Fire, Zhurong, and the Ancestral Magus of Water, Gonggong!”

Wu Huaizhou said in admiration, “Mr. Yang’s talent is really too shocking!”

Chapter 925: Dragon General Calls!

At this moment.

Dang, dang, dang!

Heavy footsteps could be heard!

It caused the entire cave and this space to tremble even more violently!

Xu Ying and the rest turned around.

They looked on as the white ape ran in hurriedly.

When he saw Yang Luo's current situation...

The white ape seemed to be very excited as it cried out.

Bujie chuckled and said, "Looks like this guy was also shocked by Brother Yang."

Not long after...

The water flow on Yang Luo's body and the blue totem above his head also dissipated.

Very quickly...

Purple-gold lightning flickered on Yang Luo's body again, and a purple-gold totem condensed above his head.

Rumble rumble rumble!

As the third diagram appeared, the entire space shook again, as if it was about to collapse!

A terrifying pressure and aura erupted from Yang Luo's body!

Xu Ying and the rest continued to retreat, not daring to get close!

"This... This is the totem of the Thunder Magus Ancestor, Qiangliang!"

Wu Yunchen could not help but exclaim.

"Oh my god, could it be that Mr. Yang has already learned three diagrams?!"

"You know, we haven't even learned a diagram yet!"

"Is the gap between us and Mr. Yang so big?!"

Miao Tianhong, Miao Jinfeng, and Wu Huaizhou spoke up one after another and were dumbfounded.

Bujie pressed his hands together and said, "Everyone, calm down, calm down."

My Brother Yang is a cultivation genius to begin with. This is normal.”

After a while.

The purple-gold lightning on Yang Luo’s body and the purple-gold totem above his head gradually dissipated.

But after the lightning and totem dissipated...

A dazzling green light appeared on Yang Luo’s body, and a fourth totem slowly began to condense above his head.

However, the fourth totem shattered and dissipated halfway.

The green light on Yang Luo’s body gradually dissipated.

Miao Tianhong was stunned and asked, “Could it be that Mr. Yang was trying to condense the totem of the Wood Magus Ancestor, Jumang?”

“That’s right.”

Wu Yunchen nodded and sighed, "Unfortunately, it seems to have failed."

Just as the two of them were talking...

"Phew..."

Yang Luo let out a long breath and slowly opened his eyes.

Only then did the space stop trembling.

Xu Ying and the rest hurried over.

Wu Yunchen hurriedly asked, "Mr. Yang, have you already learned three diagrams?"

"That's right."

Yang Luo nodded, then stood up and shook his head, "It's a pity that I haven't learned the remaining three diagrams."

Wu Yunchen smiled bitterly and said, “Mr. Yang, you’re already very impressive.

“You have to know that I’ve only learned a diagram up to now.”

Miao Tianhong said awkwardly, “Mr. Yang, we haven’t even learned the first painting.”

Miao Jinfeng said in admiration, “Mr. Yang is still the best. You’ve already learned the third diagram in five days.”

Yang Luo said, “This cultivation technique is indeed very difficult to cultivate. Furthermore, it’s very profound and obtruse. It’s impossible to learn it in a few days.

It will take a long time to study and figure it out.”

“Agreed!”

Wu Yunchen and the others nodded.

Yang Luo said to Wu Yunchen and the others, “Everyone, we’ll take our leave first. Sorry to disturb you for the past few days.”

“Mr. Yang, are you leaving today?”

Wu Yunchen asked.

Yang Luo nodded and said, “We’ve been here for five days. It’s time to leave.”

Wu Yunchen said, “Alright, if you have time in the future, Mr. Yang, you must come to our Witch God Sect as a guest again.

We didn’t manage to treat you well this time.”

“Alright, I’ll definitely come when I have time.”

Yang Luo nodded in reply.

Then, Yang Luo and the others walked out of the cave.

The white ape followed him out of the cave as well...

But just as Yang Luo and the others were about to leave the Great Desolate Mountain,

The white ape continued to follow on.

Yang Luo asked in confusion, “Big White, why are you following me?”

The white ape whimpered and pointed at itself, then at Yang Luo, and then pointed outside.

Yang Luo analyzed it and said, “You mean you want to leave this place with me?”

The white ape nodded.

Yang Luo said helplessly, “Big White, although we hit it off at first sight...

But you’re too big. If I bring you along, it will definitely cause a commotion.

Therefore, it’s better for you to stay in the Witch God Sect and be their mountain guardian divine beast.

I believe Elder Wu and the others will treat you well.”

The white ape shook its head anxiously, unwilling to stay here.

It squatted down and touched Yang Luo with its head to express its affection.

Prajna also carefully stroked the white ape's fur. The white ape did not reject it.

Bujie clicked his tongue and said, "This guy is so big, but he's actually so obedient. It's too rare!

Brother Yang is indeed Brother Yang. You can even subdue such a demon beast. Awesome!"

Wu Yunchen sighed and said, "Mr. Yang, this giant ape probably only recognizes you.

If we force it to stay here, it will definitely not be willing.

Why don't you take it with you?"

"The point is, I can't take it away now."

Yang Luo replied. Then, he thought for a moment and said, "Big White, when my sect is established later, I'll bring you away.

You can stay here for the time being. How about that?"

The white ape lowered its head. It was a little unhappy, but it still nodded.

Yang Luo stroked the white ape's head and said with a smile, "You have to be obedient here. You're not allowed to kill people casually.

If I find out, I'll blow your head off."

The white ape was so frightened that it hurriedly nodded.

"Big White, see you next time!"

Prajna waved her hand.

"Big guy, we'll meet again!"

Bujie cupped his hands at the white ape.

Then, under the reluctant gaze of the white ape, Yang Luo and the others left the Great Desolate Mountain.

After leaving the Great Desolate Mountain...

Wu Yunchen and the other three sent Yang Luo and the other three out of the Witch God Sect's territory and arranged for a car to go straight to the airport.

On the way to the airport....

A call was made to Yang Luo's phone.

Yang Luo took out his phone and saw that it was a call from Lin Aocang.

"Hmm?"

Why did the Dragon General call him?

Yang Luo was very puzzled and picked up the call.

As soon as the call went through...

Lin Aocang's hearty laughter could be heard.

"Haha, kid, you're now the hero of our Country Hua. What do you think?"

Yang Luo curled his lips and said, "What hero? It's just killing three old men. I don't have any thoughts about it."

Lin Aocang said in relief, "You just did something that shocked the entire country, but you can still behave arrogant nor rash. You have such a temperament and composure. Not bad, not bad!"

Yang Luo laughed, "Alright, Dragon General, stop praising me.

Tell me, why are you looking for me?"

Lin Aocang chuckled and said, "It's like this. After Mr. Yi found out that you killed those three old fellows from Country Sakura and saved the face of Country Hua's martial arts world, he was very happy.

Therefore, Mr. Yi and I discussed it and we want to treat you to a meal."

“There’s no need for the meal.”

Yang Luo replied, “In my opinion, killing Kurokawa Ichiro and the other two was just a small matter.”

Lin Aocang said, “Kid, it’s like this. Other than wanting to treat you to a meal, Mr. Yi and I also have something to ask you for help with.”

“I knew there was more to it than just eating.”

Yang Luo narrowed his eyes and said, “Tell me, Dragon General, what do you need my help with?”

Chapter 926: Country Protecting Dragon Sovereign!

Lin Aocang chuckled and said, “It’s hard to say over the phone. You should come to the capital first.”

“Alright, I’ll leave now. I’ll be in the capital around eight in the evening.”

Yang Luo agreed immediately.

No matter what, Lin Aocang was Fourth Senior Sister’s grandfather and an old man he respected.

If Lin Aocang asked him for help, he would definitely help.

Lin Aocang was very happy to hear that Yang Luo was coming to the capital.

“Alright, I’ll send someone to pick you up then!”

“Alright, I’ll see you tonight.”

Yang Luo responded and hung up.

“Brother Yang, why did the Dragon General call you?”

Bujie asked curiously.

Yang Luo said, “The Dragon General said that he and Mr. Yi want to treat me to a meal. He also said that he has something to ask me for help with.

Therefore, we won’t be returning to Jiang City. Let’s go straight to the capital.”

“Alright.”

Bujie, Xu Ying, and Prajna nodded.

Then, Yang Luo booked four tickets to the capital as soon as possible.

After driving for a while, they arrived at Fang City Airport.

Wu Yunchen, Miao Tianhong, Miao Jinfeng, and Wu Huaizhou sent Yang Luo and the other three to the hall.

After a while, the plane from Fang City to the capital was about to take off.

Yang Luo cupped his hands at Wu Yunchen and the other three, “Everyone, see you again!”

See you again!”

“Mr. Yang, you have to come to our place often in the future!”

Wu Yunchen and the other three also cupped their fists.

After that, Yang Luo brought Xu Ying and the other two into the security checkpoint and boarded the plane to the capital.

At around past seven in the evening...

Yang Luo and the other three arrived at the capital's airport.

When he walked out of the departure gate, he saw a tall and burly middle-aged man waiting in the hall.

Yang Luo had seen this middle-aged man before. He was Lin Aocang's assistant, Xing Feng.

"Mr. Yang!"

Seeing Yang Luo and the others come out, Xing Feng welcomed them with a smile.

Although Yang Luo was very young, Xing Feng did not dare to be negligent.

He knew everything that Yang Luo had done for Country Hua.

Therefore, he respected and admired Yang Luo.

Yang Luo said, "Sorry to keep you waiting, Mr. Xing."

"It's fine. I've only just arrived."

Xing Feng smiled and made an inviting gesture, "Mr. Yang, please!"

Then, Yang Luo and the others walked out of the hall, got into the car, and left the airport.

The car drove for more than half an hour and arrived at the private booth of the Mountain Sea Restaurant.

Yang Luo remembered this private restaurant.

After all, when he returned from Country Sakura the last time, Yi Jiuzhou and Lin Aocang had treated him to a meal here as well.

The moment Yang Luo stepped through the door...

“Brother Yang!”

A cheerful voice sounded.

Right on the heels of that...

A petite figure rushed over and threw herself into Yang Luo’s arms, hanging onto him.

“Little Meng?”

Yang Luo was stunned.

This petite figure was Lan Xiaomeng.

“Little Meng, move aside. Who allowed you to be so intimate with my junior brother!”

Another graceful figure ran over, picked Lan Xiaomeng up, and threw her aside.

“Little Luo, I missed you so much!”

Then this figure hugged Yang Luo excitedly.

“Fourth Senior Sister?!”

Yang Luo was stunned.

This figure was Lin Qianyi.

“Brother Yang, long time no see!”

“Brother Yang, everyone is waiting for you!”

Soon, another figure walked over with a smile.

Yang Luo cast his eye in the distance.

The people walking over were Chu Longyuan, Tian Zhen, Feng Lengyue, Zhuge Changfeng, and Jiang Bo.

Behind them were two old men, Yi Jiuzhou and Lin Aocang.

Yang Luo was instantly dumbfounded, "What's going on? Why is everyone here?"

Xu Ying, Bujie, and Prajna were also dumbfounded.

Lin Qianyi said, "Grandpa and Grandpa Yi said that they want to treat us to a meal. They also said that they have something to ask us for help with, so everyone came."

"Brother Yang, come, come. We haven't seen each other for so long. Give me a hug!"

Chu Longyuan walked over with a smile and gave Yang Luo a big hug.

"Brother Bujie, Brother Xu, Sister Prajna, let's hug one too!"

After that, Chu Longyuan hugged Bujie and the other two.

Lin Qianyi patted Yang Luo's shoulder and said with a smile, "Little Luo, I've heard about you killing those three old fellows from Country Sakura. You did well!"

Yang Luo grinned and said, "As long as I didn't embarrass you, Senior Sister."

Lin Qianyi said, "Of course it's not embarrassing. Our Little Luo is the best!"

Yi Jiuzhou smiled and said, "Alright, let's not stand here. Let's talk in the private room."

"Alright."

Everyone nodded in agreement.

Then, Yang Luo and the others walked into a large private room and sat down.

Soon, the dishes and wine were served.

Lin Aocang personally opened a bottle of special Maotai and filled everyone's glasses.

Yi Jiuzhou raised his glass and said loudly, "Everyone, I suggest that we toast Little Luo first!"

If Little Luo hadn't stepped forward this time, I don't know how long those three old fellows from Country Sakura would have remained arrogant for!"

Lin Aocang also raised his glass and smiled brightly, "Mr. Yi is right. This first glass of wine should be for Little Luo and our great hero!"

"Little Luo, let me toast you. You will always be my pride!"

"Brother Yang, it's a pity that I couldn't watch the battle at the scene. Let me toast you!"

"Brother Yang, you're my idol. You're the best!"

Lin Qianyi, Chu Longyuan, Lan Xiaomeng, and the others also raised their glasses.

Yang Luo scratched his head and said, "Everyone, aren't you guys making it too grand?"

If you guys do this, I'll be so flustered!"

"Hahaha..."

Seeing Yang Luo's awkward expression, everyone laughed.

After everyone clinked glasses, they finished the alcohol in their glasses in one go.

After drinking this glass of alcohol...

Lin Aocang took out a brown leather bag and handed it to Yang Luo.

Yang Luo looked puzzled, "Dragon General, what is this?"

Lin Aocang smiled mysteriously and said, "You'll know when you see it."

Yang Luo took the leather bag and took out the things inside one by one.

The first item was a round badge made of pure gold.

The badge was heavy. A five-clawed golden dragon was carved on the front, and the words "State Warrior" were carved on the back.

The second item was a palm-sized document. When he opened it, Yang Luo's photo was pasted on it, and the words "Dragon Sovereign Protector" were written below.

Below that were a few lines of text and a heavy steel seal.

The third item was a golden-red bank card.

Yang Luo asked in a daze, "What are all these?"

Lin Aocang smiled and said, "Little Luo, after discussing with Mr. Yi, I've decided to give you the State Warrior badge, the Dragon Sovereign certificate, and some 30 million yuan as a cash reward.

Not long ago, you and Qingkuang led everyone to destroy the Eighth Hong Tower and the ten great ninja sects to dampen the spirit of Country Sakura.

After that, you brought people to save Qian Yi, Long Yuan, and the ten academicians. You could even bring everyone back safely.

This time, you killed the three experts of Country Sakura and saved our dignity.

You have contributed greatly to the country and deserve these honors and rewards."

“Holy shit!”

Bujie picked up the badge and ID and clicked his tongue, “This badge and ID look very awesome!”

Chu Longyuan said, “It’s not just awesome. It’s simply terrifying!”

Chapter 927: Accepting the Mission!

“Brother Chu, what do you mean?”

Bujie asked curiously.

Yang Luo, Xu Ying, and Prajna also looked at Chu Longyuan.

Chu Longyuan said, “Let’s start with this State Warrior badge.

Up until now, including Brother Yang, no more than one person had obtained this badge.

This is a symbol of honor and the highest recognition of the country.

Next is the document of the Dragon Sovereign.

Up until now, only Brother Yang has received this honor.”

Lin Qianyi took over and said, “As long as Little Luo has the State Warrior badge, Little Luo and the people around him will be protected by the country!

With the Dragon Sovereign certificate, Little Luo can mobilize the warriors of the various battle teams at any time!”

“Then they can mobilize the warriors of the Azure Dragon Pavilion, White Tiger Pavilion, Vermillion Bird Pavilion, and Black Tortoise Pavilion?”

Xu Ying asked.

“Of course.”

Lin Qianyi nodded.

“F*ck! How can something be so arrogant and cool?!”

Bujie's hands trembled as he held the State Warrior badge and the Dragon Sovereign certificate.

Chu Longyuan smiled and said, "It's just that arrogant and cool!"

Bujie turned to look at Yang Luo and said excitedly, "Brother Yang, you have to borrow these two things for me to show off in the future!"

Yang Luo looked up at Yi Jiuzhou and Lin Aocang and sighed, "Mr. Yi, Dragon General, these two honors are too great. I'm afraid I can't bear them.

After all, these honors do not belong to me alone, but to everyone present.

Therefore, please take these three items back, Mr. Yi and the Dragon General."

Lin Aocang glared and pretended to be angry, "You're a good man in Country Hua!

For the sake of the country, you risked your life and went through the wind and fire. You were not afraid of any strong enemy. Why can't you bear these two honors?"

Yi Jiuzhou also added, "Little Luo, these two honors should belong to you. Don't refuse!"

Chu Longyuan teased, "Brother Yang, when did you become so pretentious? This isn't like you!

It's not only Mr. Yang and the Dragon General who think that you deserve these honors. Everyone here thinks that you deserve them too!"

Lin Qianyi, Tian Zhen, and the others also nodded.

Yang Luo fell silent.

This was not because he was being pretentious.

He knew that this was not only an honor, but also a heavy responsibility.

If he accepted this honor, he had to accept the responsibility that came with holding such accolades.

Lin Qianyi smiled and said, "Little Luo, don't decline. Accept it."

Prajna echoed, "Brother Yang, this is everyone's recognition of you. Accept it."

Yang Luo heaved a sigh of relief and said, "Alright, I'll accept it!"

He did not care if it was honorable or not.

The main reason was that the State Warrior badge was indeed quite useful.

He and the people around him could now receive the protection of the country.

For himself, it did not matter.

However, the people around him had to be protected.

Seeing this, Yi Jiuzhou and Lin Aocang smiled.

Lin Aocang laughed out as he spoke, "Alright, everyone, don't just stand there. Let's eat and drink!"

In the following period of time...

Everyone drank and chatted. The atmosphere was very happy.

Halfway through their drinks...

Yang Luo suddenly thought of something and said, "Mr. Yi, Dragon General, what do the two of you want us to help with?"

Hearing this, Lin Qianyi, Chu Longyuan, and the others also looked at Yi Jiuzhou and Lin Aocang.

Lin Aocang took a sip of wine and said, "I originally planned to talk about it after dinner.

However, since you're asking now, I'll be frank.

It's like this. Mr. Yi and I hope that you can go to Country Stars & Stripes to carry out a mission."

"A mission in Country Stars & Stripes?"

Yang Luo was stunned, "What mission?"

Lin Aocang frowned and said, "Previously, Country Stars & Stripes captured those ten academicians.

Firstly, it was to keep the ten academicians to work for them.

Secondly, it was to snatch the ten documents from the ten academicians.

Those ten documents contained the ten most cutting-edge technologies in the world today.

Genetic technology, quantum technology, aerospace technology, new energy technology, supercomputer technology, and so on.

And now, these ten documents had fallen into their hands.

Therefore, Mr. Yi and I hope that you can take it back.”

Bang!

Chu Longyuan slammed the table and said angrily, “Damn it, these bastards actually snatched away all ten of our cutting-edge technologies. We have to get them back!”

Lin Qianyi frowned and said in a deep voice, “We have to take it back!”

Tian Zhen and the others nodded heavily.

Yang Luo asked, "Dragon General, where are these ten documents now?"

Lin Aocang replied, "According to the investigation during this period of time, we've already confirmed that these guys hid these ten documents at their headquarters.

It's located at the Turks Base in Snow City's Rainier Snow Mountain."

Yi Jiuzhou said sadly, "We've already sacrificed many people just to investigate the location.

Lin Aocang looked at Yang Luo and sighed, "Little Luo, I originally wanted Qingkuang to lead the team to carry out this mission.

After all, you just killed the three old fellows from Country Sakura. Mr. Yi and I wanted you to rest.

But now, Qingkuang hasn't returned yet, so I can only let you lead the team and take on this heavy responsibility."

Yang Luo nodded in realization and said, "Alright, I'll accept this mission!"

Anyway, he had planned to go to Country Stars & Stripes and kill Douglas.

Now, it was a good opportunity to settle this matter while he was on a mission.

“Alright!”

Lin Aocang was overjoyed, “I knew you had this sense of responsibility in you!”

Yi Jiuzhou nodded as well, “If you can lead the team, Little Luo, we’ll be much more at ease!”

Lin Aocang said, “I’ll send the detailed information to your email later.

You guys should prepare well for the next few days.

It’s up to you to decide how many people to mobilize and when to set off.

No matter what needs you have, you can tell me directly.”

Yi Jiuzhou looked at Yang Luo and the others and said solemnly, “I’ll leave it to you this time!

On the day you return safely, Old Lin and I will welcome you!”

“Yes!”

Yang Luo and the others replied loudly.

After dinner...

Yi Jiuzhou and Lin Aocang left.

Yang Luo and the others were still sitting in the private room, browsing the emails sent to them by Lin Aocang.

Ten minutes later.

Yang Luo put away his cell phone and asked, “Has everyone read the emails?”

“We’re done!”

Everyone immediately chorused out.

“Very good!”

Yang Luo nodded and said, “Although the Dragon General and Mr. Yi didn’t rush us...

But I’m guessing this matter has to be very urgent.

We must not delay. We must leave as soon as possible.

Therefore, I won’t say anything else.

Everyone, you’ll be in charge of gathering your own manpower. There’s no need for too many people, we only need some elites.

It’s not convenient to evacuate when there are too many people.”

“Brother Yang makes sense.”

Chu Longyuan nodded and asked, "However, Brother Yang, how should we evacuate from Country Stars & Stripes if we're discovered?"

Yang Luo said, "Once you're discovered, retreat from the sea like before.

Therefore, we have to arrange for reinforcements at sea in advance."

Chapter 928: Shouldering the Responsibility!

Chu Longyuan nodded and said, "Alright, I'll arrange the support at sea!"

Lin Qianyi also said, "I will also dispatch the warriors of the Vermillion Bird Pavilion to receive them at sea!"

Yang Luo looked at the two of them and said solemnly, "Brother Chu, Fourth Senior Sister, this concerns whether our brothers can leave Country Stars & Stripes alive!

Therefore, I'm counting on you!"

Lin Qianyi said, "Little Luo, don't worry. I'll definitely arrange for reinforcements!"

Chu Longyuan patted his chest and said, "Brother Yang, if anything goes wrong, I, Chu Longyuan, am willing to bear all the responsibility!"

"Agreed!"

Yang Luo nodded heavily and said, "Alright, that's all I want to say!

Now, everyone, hurry up and gather manpower!

Let the brothers come and meet in the capital quickly!

We'll have a meeting in the Hidden Dragon Pavilion's headquarters conference room tomorrow morning!"

"Yes!"

Everyone immediately chorused out.

Then, Chu Longyuan, Lin Qianyi, Tian Zhen, Feng Lengyue, Lan Xiaomeng, Zhuge Changfeng, and Jiang Bo left in a hurry.

Yang Luo, Xu Ying, Bujie, and Prajna also left the Mountain Sea Restaurant and booked a few rooms in a hotel in the capital.

It was past seven in the evening after they had checked in.

Yang Luo took a shower and took out his phone to call Su Qingmei.

The call was quickly picked up.

“Yang Luo, are you back from Fang City?”

Su Qingmei’s voice sounded.

Yang Luo said, “Qingmei, Xu Ying and I will make a trip to Country Stars & Stripes in the next few days. We can’t return to Jiang City for the time being.”

“Why are you going to Country Stars & Stripes?”

Su Qingmei asked in confusion.

Yang Luo replied, "I have something to do."

"What is it?"

Su Qingmei asked.

Yang Luo smiled and said, "Ehhh, it's just a small matter. I'll be back after I'm done."

Su Qingmei sighed and said, "Yang Luo, I know what you're going to do is definitely not a small matter.

If it was really a small matter, you wouldn't have specially called me, right?"

"This...!"

Yang Luo was stunned.

It seemed that as they interacted during this period of time, the woman had gotten to know him better.

However, thinking about it, it made sense.

Every time he was about to do something big, he would first contact her.

This had already become a habit of his.

Su Qingmei continued, “However, since you’re unwilling to tell me, I won’t ask further.

I only hope that you and the rest can come back safely.”

Yang Luo took a deep breath and said gently, “Don’t worry, we’ll definitely come back safely.

Rest early. Goodnight.”

With that, Yang Luo hung up.

After throwing the phone on the bedside table...

He turned to look out the window.

He knew that the difficulty of this mission to Country Stars & Stripes would definitely not be lower than the mission to Country Sakura.

He could only try his best to bring his brothers and sisters back safely.

Then, Yang Luo sat cross-legged on the bed and began to cultivate.

Before going to Country Stars & Stripes, he had to maintain his body at its peak.

Only then would he have the ability to deal with all difficult challenges.

The next morning...

Hidden Dragon Pavilion headquarters meeting room.

The conference room was already filled with people.

Yang Luo stood at the front.

He looked at Chu Longyuan and the others and asked, "Have you arranged for all your manpower?"

Chu Longyuan replied, "I've already arranged it. I've mobilized the ten strongest elites of our Azure Dragon Pavilion's 'Dragon' Squad!"

Lin Qianyi said, "I've also deployed the ten strongest elites of our Vermillion Bird Pavilion!

They are all existences that can fight a hundred people alone!"

Tian Zhen said, "Brother Yang, Leng Yue, I, and the others have also deployed ten people each!

They are all comrades who had carried out the mission in Country Sakura with us back then!

Everyone has already been through hundreds of battles. There's no problem with their strength!"

"That's good."

Yang Luo nodded and said, "Country Stars & Stripes has always been at odds with us!

Especially after the last battle on Missa Island, our information had probably been gathered by them long ago!

Therefore, this operation has to be carried out secretly!

At the very least, we can't expose ourselves until the mission is completed!"

As he spoke, he turned to look at Jiang Bo and Ding Ling and said, "Ding Ling, please disguise everyone!

"Team Leader Jiang, after everyone is done disguising themselves, immediately get someone to prepare the necessary documents for everyone!"

"Yes!"

Jiang Bo and Ding Ling responded.

In the following period of time...

Ding Ling disguised everyone present.

After changing their appearances,

Jiang Bo brought people to get all the necessary documents for everyone.

In a short while, the documents were also prepared.

Yang Luo said loudly, "Everyone, we'll now set off for Snow City in Country Stars & Stripes in batches!

"We'll meet in Snow City then!"

These arrangements were all experiences that he had learned from Big Brother Mo.

Now that Big Brother Mo was not around, he could only be the one to take the lead.

"Yes!"

Everyone immediately chorused out.

Then, Chu Longyuan, Lin Qianyi, Tian Zhen, and the rest left the meeting room one after another.

Yang Luo, Xu Ying, Bujie, and Prajna remained.

Chu Longyuan, Lin Qianyi, Tian Zhen, Feng Lengyue, Lan Xiaomeng, Zhuge Changfeng, and Jiang Bo also stayed behind.

Yang Luo said, "Everyone, the Dragon General has already sent people to investigate the situation at Turks Base.

However, after we go, we still have to send people to continue investigating the situation.

We have to figure out the terrain of the Turks Base and how many people there are in the base.

Only by finding out the situation can we snatch back the information as soon as possible and leave the Turks Base."

Jiang Bo said, "Deputy Pavilion Master Yang, leave the investigation to me."

Yang Luo nodded and said, "Team Leader Jiang, I naturally trust your ability.

If we didn't have your information last time, we wouldn't have been able to destroy the Eighth Hong Tower so smoothly.

However, safety of life must be a priority at all times.

Once you encounter danger, quickly retreat.

It doesn't matter even if we can't obtain complete information."

"Understood!"

Jiang Bo nodded in agreement.

Yang Luo thought for a moment and said, "Although martial arts isn't popular in Country Stars & Stripes and there shouldn't be any martial arts experts in their base...

However, there might be some powerhouses with strange abilities in their base.

Therefore, we can't be careless in this operation. We have to be careful."

"Yes!"

Everyone nodded.

In the following period of time.

Yang Luo, Chu Longyuan, and the others continued to discuss the operation plan.

This lasted until noon.

Then Yang Luo and the others left the Hidden Dragon Pavilion's headquarters and arrived at the capital's airport.

After a short wait at the airport...

Yang Luo and the others boarded the plane to Country Stars & Stripes.

Soon, the plane took off and soared into the sky.

Yang Luo looked at the blue sky and white clouds outside the window and muttered, "Country Stars & Stripes, I'm coming..."

...

The plane flew for more than 12 hours before arriving at Snow City of Country Stars & Stripes.

Because of the time difference,

It was only past 12 noon there.

Travellers came and went, and there were black people and Caucasians everywhere.

When Yang Luo and the others walked out of the departure gate, Yu Dian and Zuo Wei from the Hidden Dragon Pavilion were already waiting in the hall.

Seeing Yang Luo and the others come out...

Yu Dian and Zuo Wei walked over.

Yu Dian whispered, "Brother Yang, everyone has already checked into the Hilton Hotel one after another."

"You did not get noticed by the higher-ups of Country Stars & Stripes, right?"

Yang Luo asked.

Zuo Wei smiled and said, "We all checked in as tourists, so we naturally didn't attract the attention of the higher-ups of Country Stars & Stripes."

"That's good."

Yang Luo nodded and said, "Let's go back to the hotel first."

Then, Yang Luo and the others walked out of the hall, got into the car, and went straight to the Hilton Hotel.

Half an hour later.

Yang Luo and the others arrived at the Hilton Hotel. They booked a room and successfully checked in...

Chapter 929: Deliberate Humiliation!

At around one in the afternoon.

After everyone placed their carry-on luggage in their rooms,

Yang Luo gathered Chu Longyuan, Lin Qianyi, and the others in his room to discuss something.

After discussing for a while...

Jiang Bo said, "Deputy Pavilion Master Yang, I'll bring my brothers to investigate now!"

Yang Luo looked at Jiang Bo and said, "Team Leader Jiang, we're brothers who have experienced life and death battles together. There's no need to be so polite in the future.

Moreover, you're older than me, so I should call you Brother Jiang.

You can call me Brother Yang like Brother Chu."

Chu Longyuan also smiled and said, "That's right, Old Jiang. The more casual you are with this kid, the better."

Jiang Bo was touched and said to Yang Luo, "Brother Yang, don't worry. I'll definitely investigate the situation in Turks Base thoroughly!

If I don't find out the truth, I won't come back!"

Yang Luo said solemnly, "Brother Jiang, regardless of whether you've investigated thoroughly, you have to come back!

It's still the same words that I'll emphasize. You have to prioritize your own safety!"

"Yes!"

Jiang Bo nodded heavily and left in a hurry.

Chu Longyuan pursed his lips and said, "Actually, I quite admire Old Jiang.

After all, it's not an easy role to gather information. It could even be said to be a difficult task.

Intelligence personnel needs to be low-key, courageous, calm, cautious, and careful.

It also requires extremely strong endurance, insight, and the ability to adapt to the environment.

It's fine if you want me to charge into the front line, but if you want me to investigate, I really can't do it."

Feng Lengyue said, "I've always respected Big Brother Jiang.

Because every time we carry out a mission, he is our eyes."

Yang Luo said, "That's why we all have our best abilities.

"Our team can't do without anyone."

"Yes!"

Everyone nodded.

Chu Longyuan asked, "Brother Yang, what should we do next? Stay in the hotel and wait for Old Jiang's information?"

"Of course we can't stay in the hotel all the time. That would be too strange. It would definitely attract attention."

Yang Luo shook his head and continued, "Since we're tourists, we naturally have to do what tourists should do.

For example, eating, shopping, shopping, and so on. Just treat it as relaxing before the war."

Lin Qianyi raised her fist and said, "This suggestion is not bad. No matter what, Xuecheng is still the capital of Citi Country. There's naturally no need to mention how prosperous it is!

Since we're here, it would be a pity if we don't take a good look!"

Chu Longyuan took out his phone and flipped through it for a while. He said, "Everyone, there's an NBA match at eight o'clock tonight. The Wizards are playing against the Nets. Do you want to watch?"

Tian Zhen said, "Sure, I quite like Durant of the Nets."

Chu Longyuan snapped his fingers, "I like Ah Du too!"

"Brother Chu said that he's going to watch the basketball game tonight. What do you think?"

Yang Luo asked.

“I have no objections.”

“I have no objections either.”

Lin Qianyi and the others expressed no objections.

Yang Luo nodded and said, “Alright, let’s go shopping in the day and watch the competition at night.”

“Alright, I’ll book the tickets now!”

Chu Longyuan was very happy. He quickly took out his phone and started booking tickets.

After booking the tickets...

Yang Luo and the others left the hotel and went for lunch first. Then, they went to the most prosperous mall in Snow City to shop.

At night.

After having dinner, Yang Luo and the others arrived at the MIC Central Gymnasium.

After checking the tickets, Yang Luo and the others walked into the stadium.

The entire gymnasium was decorated fashionably and occupied a large area. It could accommodate more than 20,000 viewers.

As there was a basketball game tonight, it attracted a lot of audience.

The entire stadium was almost full.

As Chu Longyuan had reserved the seat in the front row...

Therefore, after Yang Luo and the others entered the stadium, they sat in the front row.

At this moment, there were already players warming up on the basketball court.

“Ladies and gentlemen, welcome to tonight’s game between the Wizards and the Nets!

However, before the game, our Wizards players want to interact with the audience and play some small games!

Any selected audience will get our signed jerseys and sneakers!”

“Choose me! Choose me!”

“I want autographed jerseys, I want autographed sneakers!”

“God bless, you must choose me!”

The audience in the venue started shouting.

Chu Longyuan said excitedly, “F*ck, if only I could be chosen!”

Tian Zhen smiled and said, “We’re sitting in the first row. It should be easy to be chosen!”

Lin Qianyi, Prajna, and Lan Xiaomeng were also infected by the atmosphere at the event location and started shouting.

Yang Luo was not interested. Instead, he fell into deep thought.

He was considering when he could make a move to kill Douglas.

After some thought, he decided to take action before going to the Turks Base to snatch the information.

In any case, Douglas' information was recorded in great detail in the email that Lin Aocang sent him.

He knew exactly where Douglas worked, where he lived, and where he often went.

At this moment.

The emcee handed the microphone to a tall and burly black player who was more than 1.9 meters tall.

The black player picked up the microphone and glanced around. Finally, his gaze landed on Yang Luo.

He had noticed Yang Luo just now.

Everyone was cheering, except for this kid, who looked distracted.

More importantly, there were three beauties sitting beside this guy. This made him green with envy.

Hence, he pointed at Yang Luo and said loudly, "Brother, can you play with us?"

Chu Longyuan patted Yang Luo and said excitedly, "Damn, Brother Yang, you've been chosen!"

Yang Luo came back to his senses and asked blankly, "Choose what?"

Chu Longyuan said, "Of course I'll choose you to interact with the Wizard team's players and play games!"

Yang Luo shook his head and said, "Forget it. I'm not interested."

The black player walked over and said with a smile, "Brother, it's just a game. Don't be afraid."

Prajna said, "Brother Yang, go quickly. Others can't even get this opportunity!"

"Yes, yes, yes. Little Luo, hurry up and go!"

Lin Qianyi also pushed Yang Luo.

“Alright.”

Yang Luo nodded helplessly and walked to the basketball court.

He looked at the black player and asked, “How should I cooperate with you?”

The black player handed Yang Luo a basketball and said, “Brother, you just have to stand under the basket and raise the ball above your head.”

“Alright.”

Yang Luo responded and walked to the bottom of the basket, raising the basketball above his head.

He did not know what the black player wanted to do.

At this moment, all the audience looked at the basketball court.

At this moment.

The black player accelerated from the midfield and ran in front of Yang Luo!

He jumped over Yang Luo's head, grabbed the basketball from Yang Luo's hand, and slammed it into the basket!

In an instant...

The crowd went wild!

"Beautiful! This dunk is too handsome!"

"This Country Hua kid is too pitiful. He was actually dunked by someone over his head!"

"Hahaha, who asked this Country Hua kid to be so short? He's only 1.8 meters tall, right? Isn't it easy to jump over him?"

The audience was cheering for the black player, and some were mocking Yang Luo.

The black player stood on the field and enjoyed the admiring gazes of the audience as he looked at Yang Luo provocatively.

Yang Luo narrowed his eyes slightly.

It seemed that this guy was deliberately humiliating him.

However, he was very curious. How did he offend this guy?

Chapter 930: Tomahawk Chop Dunk!

At this moment.

The black player winked at his four teammates and said, “Hey, brothers, play with this brother?”

“Okay!”

“Then let’s play!”

His four teammates responded.

Actually, they had long disliked Yang Luo.

What right did a thin, not tall, and not handsome kid have to have so many beauties?

Then, they held the basketball and accelerated from the midfield one after another. They flew over Yang Luo's head and performed various dunks.

"Handsome, too handsome!"

"This Country Hua kid is like a clown. He can only watch helplessly as someone jumps over his head!"

"Hahaha, who asked this kid to be so thin and short? He can only serve as a foil!"

The audience cheered even louder, and all kinds of mocking laughter grew louder.

Prajna was instantly furious, "They're deliberately humiliating Brother Yang. I want to beat them to death!"

"Count me in. I want to send them flying with a punch!"

Lan Xiaomeng also waved her fist angrily.

“Damn it, these guys actually dare to bully my Brother Yang. Are they courting death?”

Chu Longyuan was also furious.

At this moment.

Yang Luo picked up a basketball from the ground and looked up at the five black and Caucasian players. He said indifferently, “You guys are having fun. It’s my turn to play now, right?”

The black player teased, “Kid, how do you want to play?”

Yang Luo said very seriously, “Stand in a row under the basket. I want to jump over your heads and dunk.”

As soon as these words were spoken...

The five players immediately burst out laughing.

“Hahaha...”

“Did you guys hear that? This shorty said he wanted to dunk. He even said he wanted to jump over our heads to dunk!”

“Is this kid dreaming? Our average height is more than 1.9 meters. Can this kid jump so high?”

“People have to dream. What if there’s a possibility of it coming true one day?”

The five players spoke one after another and mocked Yang Luo.

Yang Luo’s expression was calm as he asked, “Why? Don’t you dare?”

“Why wouldn’t I dare!”

The black player sneered and said, “If you fall and hurt yourself later, don’t blame us!”

Yang Luo said, “Don’t worry, I won’t fall.

On the other hand, you guys have to be careful not to fall.”

“We’ll fall? Are you kidding me?”

The black player looked at Yang Luo as if he was looking at a fool, "Even if we're standing in front of you, can you push us?"

Yang Luo shrugged and said, "Alright, cut the crap. Hurry up and start."

The black player said to the other four players, "Brothers, let's cooperate with this shorty."

"No problem!"

The other four players responded.

Then, the five players stood side by side under the basket and looked at Yang Luo provocatively.

Yang Luo shook his head and said, "I mean for you to stand vertically in a row, not horizontally."

"Kid, what kind of joke is this? You actually want us to stand in a straight line?!"

"Not to mention standing vertically in a row, even if we stand horizontally in a row, it's impossible for you to jump over our heads to dunk, okay?"

“Kid, do you really want to fall to your death? If you’re crippled, don’t ask us for compensation!”

The five players sneered and felt that Yang Luo was crazy.

Yang Luo shrugged and said, “We’ll know if it can be done after giving it a try.”

The black player said angrily, “Since this kid has a death wish, let’s do as he wishes!”

Subsequently, the five players stood vertically under the basket.

Yang Luo walked to the free throw line and stopped.

At this moment.

The audience on the stage looked at the basketball court with confusion in their eyes.

Even the Nets players who were warming up on the opposite side looked over.

“What is this Country Hua kid trying to do? Is he trying to shoot?”

“Why did you make those five players stand under the basket when you’re going to shoot? Isn’t that too strange?”

“Don’t tell me this kid wants to jump over the five players and slam dunk?”

“Is he crazy? This kid is only 1.8 meters tall. How can he do it?”

Moreover, it’s even more impossible to dunk from the free throw line!”

“That’s right. These people from the subregion have always been extremely poor in sports. They still want to jump over five people? They’re simply dreaming!”

Everyone started discussing, not knowing what Yang Luo wanted to do.

Even Chu Longyuan and the others were puzzled.

However, at this moment...

Yang Luo suddenly stomped his feet on the ground!

And in that instant!

His body rose from the ground and flew out of the free throw line, jumping above the heads of the five players!

The moment he jumped into the sky!

He stretched his body and grabbed the basketball with his right hand. His entire right arm stretched behind him!

Strength and beauty combined perfectly!

It was as if he had picked up an axe and raised it high above his head, slashing fiercely at the basket!

Ooommmm!

With a loud sound!

The basketball was slammed into the basket!

“Ah! Ah! Ah...”

The five players under the basket cried out in pain. They were sent flying in all directions by the huge impact and fell to the ground!

Tang!

Yang Luo landed steadily.

The entire event location fell into dead silence.

A few seconds later.

The entire venue exploded!

“Oh my god!” Isn’t this kid too strong?

He actually jumped over five players who were more than 1.9 meters tall from the free throw line and performed a Tomahawk chop dunk?!”

“The key is that this kid didn’t even accelerate and jumped straight up!

Even basketball god Jordan can’t do it!”

“Oh, God, this can’t be real. I must be dreaming!”

“Kid, you’re too handsome. I like you!”

“Kid, you’re too cool. I want to be your girlfriend!”

The more than 20,000 citizens in the venue shouted excitedly.

Especially those women, they were crazy and wished they could rush forward.

“Brother Yang, you’re too handsome. Well done!”

“Hahaha, let’s see if these guys still dare to humiliate you!”

“Little Luo, well done. We should teach these guys a lesson!”

Prajna, Lan Xiaomeng, and Lin Qianyi also shouted excitedly.

Bujie clicked his tongue and said, “In terms of acting cool, Brother Yang still takes center stage.”

Chu Longyuan, Xu Ying, Tian Zhen, and Zhuge Changfeng nodded.

At this moment.

The five players sat on the ground and looked at Yang Luo in a daze. They could not recover from their shock.

What kind of miracle had they witnessed?

A 1.8-meter-tall, skinny Country Hua kid actually jumped from the free throw line and jumped over their heads to deliver a Tomahawk-style chop dunk?

Most importantly, the five of them were actually sent flying at the same time?

If they had not seen it with their own eyes, they would not have believed this fact!

The players on the opposite side of the Nets team were also petrified. They looked at Yang Luo as if he was a god.

Yang Luo ignored everyone's gazes and looked at the five players. He said coldly, "Those who humiliate others will humiliate themselves!"

With that, Yang Luo turned around coolly and sat down at the side of the arena under everyone's gaze.

"Brother Yang, you're good!"

Chu Longyuan laughed and punched Yang Luo's chest.

Bujie clicked his tongue and said, "Brother Yang, did you not see those golden-haired and blue-eyed girls? All of them can't wait to skin you alive."

Yang Luo spread his hands helplessly, "I just want to watch the game quietly. Who did I offend?"

"..."

Bujie, Chu Longyuan, and the others were collectively speechless.
