Chapter 951: Surrounded!

“Deputy Pavilion Master Yang, leave us!”

“We can’t drag you down!”

The other ten members of the intelligence team also spoke up.

They were all seriously injured and no longer had any combat strength.

Moreover, if Yang Luo had not taken action to maintain their vital signs, they would have died long ago.

If Yang Luo and the others continued to lead them, not only would they have to protect them, but they would also have to fight the enemy. This was very dangerous.

“Shut the fuck up!”

Yang Luo shouted angrily and said with a determined expression, “I said that I won’t abandon any of my brothers casually!

No matter how many of us come, we have to leave. We can’t lose even one!”

“Brother Yang...”

“Deputy Pavilion Master Yang...”

Hearing Yang Luo’s words, Jiang Bo and the others were touched and tears streamed down their faces.

Chu Longyuan also said, "Brother Yang is right. Don't f*cking say such things again!

If we want to live, we'll live together. If we want to die, we'll die together. No one can fall behind!"

"We're a team, so we naturally have to live and die together!"

Lin Qianyi's beautiful eyes were also filled with determination.

The others nodded heavily.

Everyone traveled across the sea to a foreign country to carry out missions and fight together.

This feeling was heavy.

No one had ever thought of abandoning any of their brothers.

Yang Luo looked up at the night sky in the distance and said in a trembling voice, "Even if there are tens of millions of people blocking us tonight, I will fight my way out for everyone!"

Right after he finished his sentence...

Ooommmm!

A dazzling golden beam of light shot into the sky from his body!

A golden dragon phantom also coiled around his body!

Then, Yang Luo held the Dragon Emperor Sword and took a resolute step out of the base!

Chu Longyuan raised the Azure Dragon Saber in his hand and said loudly, "Brothers, prepare for battle!"

"At most, we'll fight them to the death!"

Bujie also raised the Dragon-Mark Buddhist Staff.

"Yes!"

Everyone responded in unison.

Chu Longyuan, Lin Qianyi, and the other main forces trembled as dazzling beams of light surged from their bodies!

Then, everyone followed Yang Luo with determined expressions!

No matter what difficulties or obstacles they encountered ahead, they would work together and overcome it!

Not long after.

Yang Luo and the others rushed to the snow mountain area in front of them from the back base.

The King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate were standing in an empty space in front of them, looking into the distance.

As they cast their gazes over.

Countless rover, trucks, armored vehicles, self-propelled artillery cars, and tanks drove over from all directions, rolling over like a steel torrent!

Rumble rumble rumble!

The ground shook, and the mountains shook, as if it had caused a huge earthquake!

In the sky, countless helicopters and fighter jets flew over from all directions!

Seeing this scene...

Chu Longyuan and the rest were stunned!

"F*ck me!"

Bujie's brows twitched, "How many people are there?!"

Chu Longyuan said in a deep voice, "I'm afraid Country Stars & Stripes has transferred people from the surrounding bases over!"

Lin Qianyi took a deep breath and said, "In order to kill us, they really went all out!"

"Kid, are you done with your stuff?"

The King of Destruction asked Yang Luo casually.

"All done."

Yang Luo nodded and said, "However, looking at the current situation, I'm afraid it won't be easy for us to kill our way out."

The King of Destruction said, "I'll negotiate with their people later."

Perhaps they will let us go without a war.”

“Really?!”

Yang Luo was skeptical.

It would naturally be best if they could not start a war.

After all, even if he and the King of Destruction could withstand it...

However, it was probably difficult for the other brothers to withstand such firepower.

The Purgatory Death God chuckled and said, “Kid, I’ll let you see the power of our Holy Imperial Court tonight!”

“Alright!”

Yang Luo nodded heavily.

After a while...

Countless cars surrounded Yang Luo and the others.

Hundreds of helicopters and fighter jets hovered in the sky.

At this moment, this snow mountain area was already surrounded by cars and planes.

After the car stopped.

The car doors opened.

Nearly 80,000 soldiers got out of the car and approached Yang Luo and the others.

The leaders were the captains of more than ten bases.

At the front was a Caucasian hunk and two black hunks. They were both more than 1.9 meters tall.

These three giants were the captains from the three ace teams of Country Stars & Stripes, Neltharion, Sword, and Seahawk. They were Emberen, Kelvin, and Driss.

However, when they saw the King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate...

Emberen and the others could not help but frown.

They had received orders to surround and kill the people from the Hidden Dragon Pavilion.

But why were the people from the Holy Imperial Court here?

The King of Destruction glanced around and said coldly, "Why did you bring so many people here?"

Could it be that they want to kill us?"

The Heavenly Sirius lit a cigar, took a deep breath, and blew out a mouthful of smoke.

He sneered, "If you dare to attack, I don't mind killing all of you dogs."

The Purgatory Death God raised the Death God Scythe in its hand and smiled evilly, "Coincidentally, I haven't had my fill of fighting either. I can start with you."

The Goddess of Fate also said calmly, "Are you sure you want to start a war with our Holy Imperial Court?"

Hearing the four people's slightly threatening words...

Cold sweat broke out on the foreheads of Emberen and the others.

They naturally knew the power of the Holy Imperial Court and the prestige of these Divine Kings.

Once the battle started, the outcome would probably be unstoppable.

Thinking of this...

Emberen said with a smile, "Mr. King of Destruction, Mr. Heavenly Sirius, Mr. Purgatory Death God, and Miss Goddess of Fate.

We're only here to kill these guys from the Hidden Dragon Pavilion, Azure Dragon Pavilion, and Vermillion Bird Pavilion. We've never thought of making things difficult for the four of you.

The four of you can leave now. We will definitely not stop you."

Hearing Emberen's words...

Yang Luo narrowed his eyes slightly.

It seemed that the Holy Imperial Court was really powerful.

The reputation of the King of Destruction and the other three was also resounding.

Otherwise, these guys would not have treated the King of Destruction and the other three so politely.

The King of Destruction pointed at Yang Luo and the others and said, "It's not just the four of us who want to leave.

We have to take them away too.

If you know what's good for you, quickly move aside."

As soon as these words were spoken...

Emberen and the others frowned.

"Mr. King of Destruction, the four of you can leave.

However, they can't."

Emberen said in a low voice.

"Oh?"

The King of Destruction narrowed his eyes and smiled, "So, you must go against us?"

The Heavenly Sirius exclaimed, "We just want to take them away tonight. I want to see who dares to stop us!"

Emberen couldn't help but clench his fists, "The four of you, what's the relationship between these guys and you? Why do you have to protect them?"

“They’re all our friends!”

The King of Destruction replied loudly, “If you dare to make things difficult for our friend, we naturally won’t agree!”

The Heavenly Sirius said angrily, “Are you guys going to make way or not? Are you really forcing us to attack?”

Emberen took a deep breath and said, “Don’t be anxious, I’ll ask the higher-ups!”

“Hurry up!”

The Heavenly Sirius waved his hand.

Emberen glanced coldly at Yang Luo and the others, then quickly walked to the side and took out his phone to make a call.

Soon, the call was picked up.

“Emberen, how is it? Are those guys dead?”

A hoarse voice was heard. It was Lawrence, the person with the highest authority in Country Stars & Stripes.

Chapter 952: Prepare to Fight to the Death!

Emberen said respectfully, “Mr. Lawrence, we’re in big trouble now.”

“Big trouble?”

Lawrence was puzzled, “What kind of big trouble?”

Emberen said, “We originally wanted to kill those guys from the Hidden Dragon Pavilion, the Azure Dragon Pavilion, and the Vermillion Bird Pavilion.

But who knew that the Holy Imperial Court’s King of Destruction, Heavenly Sirius, Purgatory Death God, and Goddess of Fate were also present?

Moreover, these four people said that those guys are their friends. They want to protect those guys.”

“What?! Why are the people from the Holy Imperial Court involved?!”

Lawrence was shocked and raised his voice.

Emberen said, “Mr. Lawrence, what should we do now?”

Lawrence took a deep breath and said, “Don’t act rashly first. Let’s discuss it first.”

“Yes!”

Emberen nodded.

After the call ended...

Emberen walked over and looked at the King of Destruction and the other three, “Mr. Lawrence said that he wants to discuss this with the others. Please wait a moment.”

“Alright, then we’ll wait.”

The King of Destruction nodded and led Yang Luo and the others into the distance.

Yang Luo asked softly, “King of Destruction, can these guys really let us go?”

Bujie raised his staff and said, “In my opinion, let’s just start the battle. There’s no need to talk to them!”

Chu Longyuan shook his head and said, “Brother Bujie, this is their territory.

They would have an endless stream of reinforcements.

“Even if you can kill 100, 1,000, or 10,000 people. Can you kill 100,000 or 10,000,000?”

“Brother Chu is right.”

Yang Luo took over and said, “Besides, our brothers are already injured and very tired.

If we can avoid fighting, that would naturally be best.”

The King of Destruction said, “Don’t worry, these guys will definitely let us go.”

“King of Destruction, are you so confident that they will definitely let us go?”

Bujie asked.

“Of course.”

The King of Destruction nodded and said, "I have complete confidence in the power of our Holy Imperial Court!"

Bujie pursed his lips and said, "Alright, it's best if you don't fight. I'm indeed very tired tonight."

Yang Luo and the others did not say anything else and waited quietly.

At this moment...

In the main building.

In the conference room.

Lawrence had already told everyone about the situation at the Turks Base.

After hearing this, everyone fell silent.

After a moment of silence...

Lawrence asked, "What do you think we should do now?"

A Caucasian middle-aged man said in a deep voice, "We can't let those guys from the Hidden Dragon Pavilion go!

They killed so many of us tonight!

They even took away those ten documents!

If we let them go, Country Stars & Stripes will lose all our face!"

Bang!

A middle-aged black man suddenly slammed the table and said angrily, "We have to avenge our warriors!

We definitely can't let those guys off!"

Lawrence said in a deep voice, "I naturally don't want to let those guys off. I want to burn their bones and scatter their ashes.

However, the problem now is that the people from the Holy Imperial Court are interfering and were trying their best to protect those guys.

Once we start a war with the Holy Imperial Court, it will be a disaster for us."

"F*ck!"

A bald black man gritted his teeth and said, "The Holy Imperial Court is just an organization from the underworld. Do we have to be afraid of them?"

Lawrence frowned and said, "The Holy Imperial Court is indeed just an organization!

However, their power is too great. They have millions of people scattered all over the world!

These troops include assassins, mercenaries, pirates, Espers, Magi, and various other people with extraordinary abilities!

Once the battle starts, even if we can destroy them in the end, we will suffer heavy losses!"

Hearing this...

Everyone present fell silent.

Indeed, once the battle started, both sides would definitely suffer losses.

Even though the Holy Imperial Court was no longer the largest organization in the Underworld and had started to decline...

However, a starving camel was still bigger than a horse. It was best not to fall out with him.

However, it was really difficult for them to accept lowering their heads to an organization of the underworld.

An old Caucasian man pondered and said, "Mr. Lawrence, why don't you talk to the people from the Holy Imperial Court?

As long as they don't interfere, they can raise any conditions.

If it's not too much, we can agree to it."

Lawrence nodded, "Okay, then I'll talk to their people."

As he spoke, he picked up his phone and made a call.

At this moment.

Turks Base.

On the periphery of the snow mountain.

After Emberen finished the call, he said to the King of Destruction and the others, "Mr. Lawrence wants to do a video call with the four of you!"

The King of Destruction smiled and said, "Alright, I want to see what this guy wants to say."

Soon, Emberen brought over a special computer and picked up the video call.

Lawrence, who was sitting behind the conference table, appeared in the video.

The King of Destruction chuckled and said, "Lawrence, what do you want to tell us?"

Lawrence's face darkened as he said, "Mr. King of Destruction, as long as the Holy Imperial Court doesn't interfere in this matter, you can raise any conditions.

As long as we can do it, we will satisfy you."

The King of Destruction said coldly, "I only have one condition!

That is, quickly remove your men and let the four of us and the people from Hidden Dragon Pavilion leave this place!"

"Mr. King of Destruction, are you really not going to consider it carefully?"

Lawrence's voice turned cold.

"There's no need to consider it."

The King of Destruction shook his head.

Lawrence clenched his fists tightly and said fiercely, "Do you really think we're afraid of the Holy Imperial Court?"

Since your Holy Imperial Court insists on falling out with us, at most, we'll just start a war!

I want to see how strong your Holy Imperial Court is to be able to withstand our encirclement!"

The King of Destruction smiled and said, "Are you threatening me?"

"You can think of it that way!"

Lawrence sneered, "As long as the Holy Imperial Court doesn't interfere in this matter, we can live in peace!

If you insist on going against us, we can only fight to the death!"

The King of Destruction's expression also turned cold, "In that case, there's nothing to talk about!

I want to see if you can withstand the anger of our Holy Imperial Court!"

"You..."

Lawrence was completely enraged, his face contorted.

This was the first time he had been threatened!

This made him furious!

He roared angrily, "Emberen, listen up!

Kill those guys from the Hidden Dragon Pavilion at all costs!

If anyone from the Holy Imperial Court dares to interfere, they will also be killed without mercy!”

“Yes!”

“Yes!”

“Yes!”

One by one, the captains responded in shock.

The nearly 80,000 soldiers present immediately prepared themselves!

All the muzzles and cannonballs were aimed at Yang Luo and the others!

The helicopters and fighter jets in the sky were also aimed at Yang Luo and the others!

Bujie shrugged his shoulders and said, “See, I knew it. In the end, we still have to start a war!”

Yang Luo let out a long breath and said in a trembling voice, “In that case, let’s fight!

Fight your way out!”

“Fight, fight, fight!”

Chu Longyuan and the others also raised their arms and shouted.

Everyone was already prepared to fight to the death!

However, only the King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate remained very calm.

Just as the battle was about to begin...

“Wait, don’t attack yet!”

Lawrence suddenly screamed in the video.

Chapter 953: Compromise!

The two sides that were preparing to fight also stopped!

At this moment, there was already a commotion on the other end of the video. It was very noisy!

Emberen quickly asked, “Mr. Lawrence, what happened?”

Lawrence glanced at the King of Destruction and the other three and said, “Don’t attack first. Wait for my notice!”

With that, Lawrence hung up the video call.

After the video call was hung up....

Emberen, Kelvin, Driss, and the other captains frowned, not knowing what was going on.

The warriors present also looked at each other.

The battle was clearly about to start, but why was it suddenly called off?

Emberen and the others were not the only ones who were puzzled.

Yang Luo, Chu Longyuan, and the others were also puzzled.

Bujie asked curiously, "What's going on? Why did you suddenly stop?"

Yang Luo turned to look at the King of Destruction and the other three and asked, "You should have done something, right?"

After all, the King of Destruction and the other three had been very calm since the negotiation.

It was as if everything was under their control.

The King of Destruction smiled and said, "I said that I would bring you out of here safely. Naturally, I won't go back on my word.

Now, the pressure has shifted to the higher-ups of Country Stars & Stripes.

It all depends on what they choose."

"Now that the pressure has shifted to their side?

What exactly is going on?"

Yang Luo continued to ask.

Heavenly Sirius grinned and said, “Kid, I’ll tell you the truth.

When you went to the base, we had already contacted the Holy Imperial Court’s branch near Country Stars & Stripes.

Just now, our people had already sent word that they had arrived at the international sea near New City.

A total of 50 battleships came. There are more than 80,000 people.”

Without waiting for Yang Luo to speak...

Chu Longyuan exclaimed in surprise, “You called over 50 battleships and more than 80,000 people in such a short period of time?!”

“What the f*ck! Impressive!”

Bujie also exclaimed.

Yang Luo, Lin Qianyi, and the others were also shocked!

Although they had always heard that the Holy Imperial Court was famous and had a huge amount of power in the entire world...

But tonight, for the first time, they truly felt how terrifying the Holy Imperial Court’s authority was!

In such a short period of time, they had called over 50 battleships and more than 80,000 people. It was really too terrifying!

The Purgatory Death God shrugged and said, "Time is still a little short. Otherwise, we could have called more people over."

Yang Luo sighed in his heart.

It seemed that if he wanted to become the number one person in the world, he had to control a behemoth like the Holy Imperial Court.

Controlling the Holy Imperial Court would be the foundation for him to reach the peak of the world.

At this moment.

Chu Longyuan and Lin Qianyi also received a call.

After the call...

Excitement appeared on both their faces.

Chu Longyuan said, "Just now, more than 10,000 people in 10 battleships from my Azure Dragon Pavilion have already arrived at the high seas near New City!"

Lin Qianyi also said, "Our Vermillion Bird Palace Hall's ten battleships and more than ten thousand people have also arrived!"

"Great, that's great!"

"In other words, we now have a total of 70 battleships and more than 100,000 reinforcements!"

"I want to see if those fellows from Country Stars & Stripes still dare to touch us!"

Everyone was overjoyed and full of confidence.

Yang Luo heaved a sigh of relief.

Not long ago, they were still fighting alone.

And now, they had more than 100,000 reinforcements.

No matter where this power went, it would give people a huge pressure.

Yang Luo narrowed his eyes and said, "Now it's up to them to decide."

At this moment...

In the main building.

In the conference room.

Lawrence and the others all received calls.

There was only one content on the phone.

That was, 70 battleships and more than 100,000 people had arrived in the international sea near New City.

After the call...

Everyone's expressions darkened.

Lawrence clenched his fists tightly, the veins on his forehead bulging. He said angrily, "A group of damn bastards. They actually have a backup plan!"

"70 battleships and more than 100,000 people have arrived at the international sea near New City. Isn't this too scary?!"

"What are they trying to do? Do they really want to start a war?!"

"We can't start a war. Once we start a war, countless people will die!"

"If we don't start a war, won't we have to compromise with them?!"

"What can we do now? They're serious. We can only compromise!"

Everyone present began to argue.

Bang!

Lawrence slammed his fist on the table and roared angrily, "Enough, stop arguing!"

For a moment...

Everyone at the table fell silent and turned to Lawrence.

"Mr. Lawrence, we have to make a decision quickly. Should we fight or compromise?"

An old Caucasian man asked nervously.

The others were also waiting for Lawrence's decision.

Lawrence closed his eyes and fell into deep thought.

A few minutes later...

He let out a long breath and gritted his teeth, "After careful consideration, I've decided to let them go!"

"This...!"

"That's the only way...."

The others also sighed deeply.

Too many people had died tonight.

If the battle continued, more people would die.

At that time, once news of this spread, they would be condemned by public opinion.

This was something they could not bear.

Therefore, no matter how unwilling they were, they could only compromise.

Lawrence did not hesitate any longer and made a video call.

On the other side...

Turks Base.

On the periphery of the snow mountain.

Emberen picked up the video call.

Lawrence appeared in the video again.

However, Lawrence's expression was extremely gloomy.

The King of Destruction looked at Lawrence and said indifferently, "Have you thought it through?

Are we going to fight or let us go?"

Lawrence stared at the King of Destruction and said, "I really underestimated your Holy Imperial Court!

I didn't expect you to mobilize so many people silently!

Good, very good. This time, we admit defeat!

However, the Holy Imperial Court, you had best remember this!

This matter will not end just like that!

One day, we will take revenge on you!"

"Is that so?"

The King of Destruction narrowed his eyes and said, "Then we'll wait!

Our Holy Imperial Court is not afraid of any threat or challenge!"

Lawrence took a deep breath and roared at Emberen, "Let them go!"

Emberen asked in disbelief, "Mr. Lawrence, are we really going to let them go?!"

"Release!"

Lawrence roared again.

"Yes!"

Emberen nodded and shouted, "Everyone, move aside and let them go!"

Very quickly...

Everyone stepped aside.

The King of Destruction chuckled and said, "Mr. Lawrence, is it okay to lend us a few helicopters?"

"Do as you wish!"

Lawrence roared and hung up the video call. He did not want to see the face of the King of Destruction again.

Emberen waved his hand and let the ten transport helicopters that could carry more than ten people land.

Everyone on the helicopter got off, and Yang Luo, the King of Destruction, and the others boarded the helicopter.

After a while...

Ten helicopters took off and left the Turks Base under everyone's gaze...

Chapter 954: Accompany You To The End!

Only when the ten helicopters disappeared into the night sky...

Did everyone outside the snow mountain retract their gazes.

They turned to look at the corpses all over the mountain.

As they looked at the countless destroyed rover, tanks, helicopters, fighter jets, and other equipment....

Everyone present was trembling with anger.

As the strongest country in the world,

They had never felt so aggrieved.

So many of them had charged over aggressively, but in the end, they could only watch helplessly as the enemy left under their noses.

"Damn it! Damn it! Damn it!"

Emberen roared angrily and punched a rover beside him.

The steel rover was smashed into pieces and caved in.

“Emberen, what’s going on?”

We were clearly about to start a war. Why did Mr. Lawrence suddenly order them to leave?”

Kelvin frowned and asked.

“Yes, what happened? Why did Mr. Lawrence suddenly change his mind?”

Driss also asked in confusion.

“I don’t know what’s going on.”

Emberen shook his head and said, “Hurry up and call to ask what happened.”

“Alright!”

Kelvin and Driss nodded.

Then, Emberen, Kelvin, and Delis all took out their cell phones and made calls.

After making a few calls, they finally understood the reason.

Kelvin said in a daze, “I didn’t expect these guys to have a backup plan.

“70 battleships and more than 100,000 people pressuring them... No wonder Mr. Lawrence compromised with them.”

“The power of the Holy Imperial Court can’t be underestimated.”

Emberen sighed deeply.

The captains of the other teams also sighed deeply.

...

After Yang Luo and the others left the Turks Base, they took a helicopter and rushed to the international sea near New City.

At this moment...

In the lead helicopter.

“Haha, this is so f*cking satisfying!”

Bujie was extremely excited, “So what if they have more people? So what if their equipment is good!

In the end, they could only watch us leave!”

Chu Longyuan also said happily, “If we really start a war, I’m afraid we’ll really die there.

However, fortunately, this battle did not start. I can finally heave a sigh of relief.”

Yang Luo said in a deep voice, “We can’t let our guard down now. We have to quickly evacuate Country Stars & Stripes.

I don’t want those guys to go back on their word and hunt us down.”

Lin Qianyi nodded and said, "Little Luo is right. After all, we're still in their country now. We can't let our guard down."

"Yes!"

Everyone nodded.

Then, Yang Luo picked up the walkie-talkie and said, "Hurry up and rush to the international sea near New City as quickly as possible!"

"Roger that!"

"Roger that!"

"Roger that!"

A voice came over the intercom.

The King of Destruction, the Heavenly Sirius, and the Purgatory Death God looked at each other and smiled in relief.

Although Yang Luo was young, he had a powerful commanding ability. Moreover, he could still maintain his composure at a critical moment.

He truly had the potential to be the Divine Emperor of the Holy Imperial Court.

What Yang Luo lacked now was strength.

If Yang Luo could become stronger and enter the Divine Ranking, he would be completely qualified to be the next Divine Emperor.

Now, they only hoped that Yang Luo could grow up as soon as possible.

Even the Goddess of Fate took a few more glances at Yang Luo.

This man's strength was extraordinary, his potential was huge, and he was clear about his likes and dislikes.

He was very loyal to his friends and decisive in killing his enemies.

Perhaps this man could be a little cruel sometimes.

However, if he wanted to mix in the Dark World, being too benevolent would only implicate him and his friends.

These were all qualities that an overlord should have.

She had also developed anticipation and interest in this man.

Yang Luo turned to look at the King of Destruction and the other three and asked curiously, "Why are you all staring at me like that?"

The King of Destruction, the Heavenly Sirius, and the Purgatory Death God did not answer. Instead, they laughed loudly.

"You guys are crazy."

Yang Luo muttered.

The three of them laughed even louder.

The Goddess of Fate's lips also curled up slightly, revealing a soul-stirring smile.

Chu Longyuan and the others, who were sitting at the side, were dumbfounded.

"So you know how to smile?"

Yang Luo looked at the Goddess of Fate and smiled happily, "Actually, you look quite good when you smile. You should smile more in the future."

"Hmph!"

The Goddess of Fate stopped smiling, snorted softly, and turned her head away.

Heavenly Sirius winked at Yang Luo and said, "Kid, there's no one of the opposite sex who can make Natasha smile.

Since you can make Natasha smile, it means that she has developed a good impression of you.

You have to seize the opportunity. Natasha is the queen of the Kingdom of Magic, a world-class goddess... Ahhh!!!"

But before he could finish speaking...

The Goddess of Fate stepped on his foot ruthlessly, making him grimace in pain.

Yang Luo said in amusement, "Why do the two of you always appear together? Is this the so-called combination of beauty and beast?"

The King of Destruction smiled and said, “Actually, this guy doesn’t want to stay with Natasha, but he has no choice.

As for the reason, you will know in the future.”

“Fine...”

Yang Luo nodded in reply.

In the journey forward...

Yang Luo and the others chatted as they rushed to the international sea near New City.

The helicopter flew for a few hours straight without stopping.

At about three in the morning...

Yang Luo and the others finally arrived at the sea near New City.

As they cast their gazes in front...

They saw steel battleships parked in the New City sea and the high seas!

Great flags fluttered on the warship, and more than 100,000 people stood on the deck!

Everyone’s expression was cold, majestic, and domineering!

There were 50 battleships sent by the Holy Imperial Court, as well as 20 battleships sent by the Azure Dragon Pavilion and Vermillion Bird Pavilion!

70 battleships lined up like a steel wall, majestic and magnificent!

Opposite these 70 battleships were 30 battleships from Country Stars & Stripes!

The two sides faced each other at sea, ready to fight!

When they saw the ten helicopters that Yang Luo and the others were on arrive!

“They’re here, the Lord King of Destruction is here!”

“The Pavilion Master and the others are finally here!”

“Hahaha, are these bastards finally compromising?”

The people from the Holy Imperial Court, Azure Dragon Pavilion, and Vermillion Bird Palace Hall raised their arms and cheered.

Meanwhile, the soldiers on the battleship of Country Stars & Stripes gritted their teeth in anger!

They had just received a notice!

The higher-ups had already compromised!

They could do nothing but stare!

Very quickly...

Ten helicopters landed on the warships.

Yang Luo and the others also got off the helicopter.

The King of Destruction looked across and said in a trembling voice, "Send a message to Lawrence. If he wants to deal with our Holy Imperial Court, our Holy Imperial Court will definitely accompany him to the end!"

"We'll accompany you to the end!"

All the Divine Commanders, Divine Generals, and Divine Guards of the Holy Imperial Court shouted in unison.

Yang Luo waved his hand!

"Brothers, let's go!"

With this order!

The 70 battleships turned around and sailed majestically towards the distant sea...

As they watched as Yang Luo and the others swaggering away...

Aggrievement, anger, and unwillingness surged into the hearts of all the soldiers in Country Stars & Stripes!

This made them want to go crazy with hatred!

Chapter 955: Waiting for an Opportunity!

It was four in the morning.

Country Stars & Stripes.

In the main building.

In the conference room.

Lawrence was on the phone.

“Have they all left? Alright, I understand. Dismiss everyone.”

After the call...

Lawrence didn't say anything for a long time. His expression was terrifyingly dark.

The expressions of the other higher-ups present were also extremely gloomy.

There was a long silence in the entire area.

“When have we ever suffered like this!

Those guys made a scene on our territory and killed so many people!

In the end, we could only watch them leave!”

“We can't let this matter go just like that. We must make them pay the price they deserve!”

“The Holy Imperial Court is too arrogant. We have to destroy them!”

“Not only the Holy Imperial Court, but also the people from Hidden Dragon Pavilion, Azure Dragon Pavilion, and Vermillion Bird Palace Hall. We can’t let any of them off!”

Everyone present roared.

Lawrence said in a deep voice, “Of course we can’t let this matter go.

However, if we want to completely destroy the Holy Imperial Court, we still have to plan carefully.

If we want to destroy the Holy Imperial Court alone, the price is too high.”

“Mr. Lawrence, what do you think we should do?”

A middle-aged black man asked.

Lawrence pondered for a moment before slowly saying, “Over the years, the Holy Imperial Court has had many enemies in the dark world.

After all, the Holy Imperial Court was the largest organization in the Underworld back then and occupied too many resources.

The other organizations in the underworld were all feeling unbalanced and were also eyeing the Holy Imperial Court covetously.

Everyone was waiting for the Holy Imperial Court to decline before attacking together and dividing it up.

Just the Hell Fiend Palace and the Holy Light Church alone had a long-standing grudge against the Holy Imperial Court.

Of course, other than the two top organizations, Hell Fiend Palace and Holy Light Church...

The relationship between the other top organization, the Heavenly Shrine, and the Holy Imperial Court is not good either. In the past, there had been quite a bit of conflict.

Therefore, we can join forces with the Hell Fiend Palace, the Holy Light Church, and the Heavenly Shrine.

Together with all the other organizations that hate the Holy Imperial Court, we can then launch an all-out attack on the Holy Imperial Court.

No matter how strong the Holy Imperial Court is, what awaits them is only destruction.”

“Good idea. This way, we can exchange for the greatest victory at the lowest price!”

A Caucasian middle-aged man was overjoyed and hurriedly said, “Then what are we waiting for? Hurry up and start moving!”

The others were also overjoyed.

They could not wait to destroy the Holy Imperial Court.

Lawrence raised his hand and said, “Everyone, don’t be anxious. Now is not the time to launch an all-out attack on the Holy Imperial Court.”

“Why not now?”

An old black man asked.

Lawrence said, “Although the Dark World is in turmoil now, no one has completely broken it.

The Dark World Peace Ordinance.

Even the Hell Fiend Palace and the Holy Light Church did not completely break this rule.

As for the Heavenly Shrine, they have only been watching on the sidelines even until now.

Therefore, we have to continue waiting for an opportunity.”

“So when’s the opportunity?”

A Caucasian man asked.

Lawrence said in a trembling voice, “When the Dark World is in complete chaos, it will be time for us to launch an all-out attack on the Holy Imperial Court!”

“I see.”

Everyone nodded in realization.

Lawrence continued, “Therefore, we have to start preparing now!

Use all means to rope in organizations that hate the Holy Imperial Court!”

“Yes!”

Everyone responded in unison.

...

On the other side...

The 70 battleships were completely far away from the waters of Country Stars & Stripes.

“Hahaha, I’ve vented my anger. This is too damn good for venting my anger!”

“We’ve won once again and left Country Stars & Stripes alive!”

“It’s not easy to successfully escape. It’s really not easy!”

Chu Longyuan and the others cheered.

Yang Luo spread out his divine sense and sensed for a moment. After confirming that no one was chasing after him, he felt completely relieved.

“Phew...”

He let out a long breath and collapsed on the deck with a bang.

He had expended too much energy in tonight’s battle.

Therefore, as soon as he relaxed, he could not hold on anymore.

“Brother Yang!”

“Little Luo!”

“Brother Yang, what’s wrong?!”

Prajna, Lin Qianyi, Chu Longyuan, and the others ran over.

Yang Luo waved his hand and said, "Don't worry, everyone. I'm fine. I'm just a little tired. I'll be fine after resting for a while."

Hearing Yang Luo's words...

Chu Longyuan and the others' eyes turned red.

After all, Yang Luo was the one leading the team on this mission. No one knew how much pressure he was under.

Not only did Yang Luo have to ensure the success of this mission, but he also had to ensure everyone's safety.

Moreover, other than the mental pressure, Yang Luo also shared most of the combat strength pressure.

Three demon kings, three archbishops, and Douglas.

Except for Douglas, who was slightly weaker, the other six were all top experts in the Dark World.

If it were any of them, they would probably die.

However, Yang Luo fought seven people alone and lasted for so long. He even severely injured the seven people.

How powerful, tenacious, and determined did he have to be to do this?

Even if Yang Luo was really a god and his body was made of iron, he would still feel tired.

Lin Qianyi hugged Yang Luo tightly. Tears flowed down her face as she said with heartache, "Little Luo, it's been hard on you."

Prajna also hugged Yang Luo and choked, "Brother Yang, you're too tired. You need to rest well."

"Brother Yang, you're really the nicest person in the world!"

Lan Xiaomeng cried even harder.

"Brother Yang, thank you for leading everyone to complete the mission successfully!"

"Brother Yang, thank you for bringing everyone out of Country Stars & Stripes alive!"

Chu Longyuan, Tian Zhen, and the others bowed deeply to Yang Luo.

"Brother Yang, I, Jiang Bo, will never forget your kindness!"

"Thank you, Vice Pavilion Master Yang!"

Jiang Bo and the ten members of the intelligence team knelt on the ground with difficulty and kowtowed to Yang Luo.

Yang Luo sighed and said, "What are you doing? Don't be so pretentious.

Since I'm the Deputy Pavilion Master of the Hidden Dragon Pavilion and the leader of this mission...

Then it's my responsibility to bring everyone to complete the mission and leave alive.

Moreover, it was all thanks to the help of the King of Destruction and the others.

Otherwise, it won't be easy for us to escape either."

As he spoke, Yang Luo cupped his hands at the King of Destruction and the other three, "Everyone, thank you!"

"Thank you for your help. We will remember this kindness forever!"

Chu Longyuan, Lin Qianyi, and the others also cupped their hands at the King of Destruction and the other three.

The King of Destruction laughed out loud and waved his hand, "Everyone, there's no need to be so polite!

We can be considered to have gone through life and death together tonight. In that case, we will be friends from now on!

There's no need to thank each other between friends!"

The Heavenly Sirius also grinned and said, "If you have time in the future, you're welcome to come to our Holy Imperial Court as guests!"

"Yes!"

Chu Longyuan and the others nodded heavily.

Yang Luo took out all the healing pills and said, "Everyone, these pills can heal and nourish your Qi. Everyone, quickly heal and recover!"

"Yes!"

Everyone nodded in agreement.

Chu Longyuan, Lin Qianyi, and the others hurriedly distributed the pills to their injured brothers.

Yang Luo said to Jiang Bo and the others, "Brother Jiang, take the pills and recover on your own.

After I recover my strength, I'll help you treat your injuries."

Jiang Bo shook his head and said, "Brother Yang, rest well first. There's no hurry to heal with us."

"That's right, Deputy Pavilion Master Yang. We're not in a hurry."

The other ten team members also agreed.

"Alright, I'll recover first."

Yang Luo nodded and sat cross-legged on the deck. He also took a few pills and began to heal.

The others also began to heal.

All the battleships entered the Pacific Ocean and headed towards Country Hua...

Chapter 956: The Five Top Organizations!

The sea was vast and boundless.

70 warships sailed majestically in the northern Pacific Ocean.

Yang Luo and the others sat cross-legged on the deck to recuperate.

The King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate stood on the deck in the distance, looking at the distant sea and chatting.

“Are we bringing this kid to our Holy Imperial Court this time?”

The Heavenly Sirius asked.

“Now is not the time.”

The King of Destruction shook his head and said, “Once we bring this kid to our Holy Imperial Court, Big Brother will definitely find him to compete.

However, with this kid’s current strength, it is impossible for him to be his brother’s match.

“If this kid loses to Big Brother, Big Brother will definitely firmly oppose letting him be the next Divine Emperor of our Holy Imperial Court.”

“That’s right.”

The Purgatory Death God nodded and said, “Degult, it’s not like you don’t know Big Brother’s temper.

Big Brother has always only respected the strong. He recognizes strength and not people.”

“Good point.”

The Heavenly Sirius nodded, “In that case, let’s wait a little longer.”

Time continued to flow.

Until a few hours passed.

The sky gradually brightened.

Those who were slightly injured in the Hidden Dragon Pavilion, Azure Dragon Pavilion, and Vermillion Bird Pavilion had already recovered.

Chu Longyuan, Lin Qianyi, Xu Ying, Bujie, and Prajna also recovered one after another.

“Phew...”

Yang Luo also heaved a sigh of relief and slowly opened his eyes.

“Brother Yang, how are you? Have you recovered?”

Chu Longyuan hurriedly asked.

Everyone looked over.

“I’ve almost recovered.”

Yang Luo smiled and stood up to walk towards Jiang Bo and the others, “Brother Jiang, I’ll treat your injuries now.”

Jiang Bo said, “Then I’ll have to trouble Brother Yang!”

“It’s alright.”

Yang Luo waved his hand and took out a silver needle to treat Jiang Bo and the others.

Half an hour later.

By the time the treatment ended, Jiang Bo and the other ten members of the intelligence team had almost recovered and had regained their mobility.

“Thank you, Brother Yang!”

“Thank you, Vice Pavilion Master Yang!”

Jiang Bo and the others thanked him.

Yang Luo waved his hand and said, “We’re all brothers. There’s no need to thank me.”

“Yes!”

Jiang Bo and the others nodded heavily.

After that, Yang Luo and the others gathered together and chatted.

Chu Longyuan chuckled and said, “Previously, I’ve only heard how powerful the Holy Imperial Court is.

After this incident, I now have a clearer understanding.

I didn’t expect that even Country Stars & Stripes would compromise just like that.”

Bujie said happily, “I reckon that the higher-ups of Country Stars & Stripes have already gone crazy from anger.”

Tian Zhen said, "They must be holding back their anger now.

After all, for so many years, Country Stars & Stripes was the only country that bullied others. They had never been bullied before.

"This time, they suffered such a huge loss. I'm afraid those higher-ups won't be able to sleep well for a few days and nights."

Lan Xiaomeng snorted, "They deserved it. Who asked them to snatch our things!"

A hint of worry appeared in Yang Luo's eyes.

He looked at the King of Destruction and the other three and said, "Country Stars & Stripes has always been vengeful.

They've suffered such a huge loss this time. I'm afraid they'll try their best to take revenge on the Holy Imperial Court."

The King of Destruction nodded and said, "Even if they want revenge, they will consider if it's worth it.

Of course, although our Holy Imperial Court would not easily cause trouble, we would not be afraid of trouble.

If they really dare to take revenge on us, we don't mind letting them see the true power of the Holy Imperial Court."

Chu Longyuan said, "Brother King of Destruction, if you need help in the future, feel free to contact us!

No matter where we are, we will definitely rush over immediately!"

“Although our strength is far inferior to the Holy Imperial Court, we can still help a lot!”

“With just one call, we’ll definitely be on call!”

“We’re all friends and brothers. We should help each other!”

Lin Qianyi, Tian Zhen, and the others also spoke up.

The King of Destruction laughed and said, “Alright, if you need help in the future, I’ll definitely contact everyone!”

“Yes!”

Everyone nodded.

At this moment, Yang Luo suddenly thought of something and asked, “By the way, in this Dark World, other than the three top organizations, the Holy Imperial Court, Hell Fiend Palace, and the Holy Light Church...

Are there any other top organizations?”

After truly witnessing the power of the Holy Imperial Court, the three Demon Kings, and the three Cardinals...

He became more and more interested in these top organizations in the underworld.

The King of Destruction replied, “Other than our Holy Imperial Court, Hell Fiend Palace, and Holy Light Church.

There are two more top organizations in the Dark World.”

“There are still two top organizations?!”

Yang Luo was shocked, “In other words, there are a total of five top organizations in the Dark World?!”

Xu Ying and Bujie were also shocked.

“That’s right.”

The King of Destruction nodded and continued, “These two top organizations are the Heavenly Shrine and the Hidden Alliance.

The headquarters of the Heavenly Shrine are located in the territory of Mount Olympus in the mythical country. They claimed to be descendants of the gods and have great influence in the world.

In the past, this Heavenly Shrine wanted to dominate the entire Dark World, but in the end, they lost to us.

Therefore, the Heavenly Shrine has always had a grudge with our Holy Imperial Court...”

Yang Luo narrowed his eyes and said, “The Heavenly Shrine, Mount Olympus, the descendants of the gods... Interesting.”

Bujie mocked, “Descendants of the divine race? Why don’t they ascend to the heavens then?

Since they were descendants of the gods, why did they still lose to the Holy Imperial Court?

I think they’re just using this gimmick to expand their influence.”

Chu Longyuan said solemnly, “Brother Bujie, you can’t underestimate the Heavenly Shrine.

According to rumors, they seem to really be related to the legendary Olympian gods.

This was especially true for the controller of the Heavenly Shrine, the Heavenly God Emperor, and the eleven Chief Gods under him. All of them are extraordinary.

It's said that they really seem to be able to mobilize divine power for their own use."

"Brother Chu is right."

The Heavenly Sirius nodded and said, "Therefore, our Holy Imperial Court did not really fight them to the death back then."

"Is that so?"

Bujie clicked his tongue and said, "I hope that I can compete with this so-called Heavenly God Emperor and the eleven Chief Gods one day."

Xu Ying sneered and said, "You want to compete with the top powerhouses of the underworld with your meager strength? Aren't you courting death?"

Bujie was furious, "Can you not undermine me?"

Xu Ying shook his head and said, "I'm not trying to undermine you. I just hope that you can recognize your own strength."

Seeing the two of them bicker, everyone was caught between laughter and tears.

Yang Luo ignored these two guys and asked, "What about the Hidden Alliance? How is this organization?"

The King of Destruction continued, “As for this Hidden Alliance, it’s really very mysterious.

They had been secretly developing themselves and would almost never interfere in anything in the Dark World.

Even when the heroes of the Dark World were fighting for supremacy back then, they did not participate.

However, in the Dark World, no organization dares to ignore the existence of the Hidden Alliance.

It was said that this organization recruited experts who hid all over the world and did not care about worldly affairs.

There were also organizations that went to provoke them, but in the end, they were destroyed.

Moreover, until now, we still don’t know who controls the hidden alliance and how many experts this organization has.”

Yang Luo looked shocked, “There’s such a strange organization?”

“That’s how strange it is.”

The King of Destruction shrugged.

Chapter 957: Sea Burial King!

The Purgatory Death God continued, “Although the Hidden Alliance basically doesn’t interfere in the matters of the Dark World...

However, the people in their organization are very active in all areas of the world.

They are also secretly protecting many large families, corporations, and corporations.

Many of the top figures in various fields in the world are related to this organization.”

“Then how’s the relationship between this organization and the Holy Imperial Court?

“Also, where is the headquarters of this organization?”

Bujie asked.

The King of Destruction said, “This organization mainly minds their own business.

The headquarters of this organization is situated on the Antarctic Continent.

However, they seemed to have set up some kind of barrier.

Therefore, even if many people went to the Antarctic Continent, they could not find any traces of them.”

Bujie smacked his lips and said, “This organization is really mysterious to the end.”

Yang Luo sighed and said, “The waters in the Dark World truly are really deep.

I originally thought that I understood the Dark World.

But looking at it now, I only understand the tip of the iceberg.”

The King of Destruction chuckled and said, "Kid, when you completely step into the Dark World, you will realize that the Dark World is not as simple as you think."

"Hmm."

Yang Luo nodded in reply.

But at this moment...

Ding, ding, ding, ding!

The phones of the King of Destruction, the Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate rang at the same time.

The four of them took out their phones and frowned slightly.

"Fifth Brother is in trouble?"

The Heavenly Sirius asked in surprise.

The Purgatory Death God narrowed its eyes and said, "There's actually someone who dares to find trouble with Fifth Brother. Interesting."

The King of Destruction said, "Old Fifth is in the center of the Pacific Ocean now. He's not too far from us.

Go and see what's going on."

"Alright!"

The Heavenly Sirius, the Purgatory Death God, and the Goddess of Fate nodded.

King of Destruction looked at Yang Luo and the others and said, "Everyone, we originally wanted to send you back to Country Hua.

However, now that our Holy Imperial Court is in trouble, we have to rush over to help.

Therefore, let's part ways here."

Yang Luo said, "You guys just helped us escape from Country Stars & Stripes. Now that the people from the Holy Imperial Court are in trouble, we naturally can't sit back and do nothing!"

"That's right!"

Chu Longyuan nodded and said, "Let's go and help too!"

"Our combat strength has recovered a lot now. We can still help you!"

Lin Qianyi and the others also echoed.

The King of Destruction nodded and said, "Alright, let's go together!"

"By the way, who exactly is in trouble?"

Yang Luo asked curiously.

The King of Destruction replied, "It's one of the ten Divine Kings of the Holy Imperial Court, 'Sea Burial King' Rokelev!"

"Ah?! The Sea Burial King actually encountered trouble?!"

“He’s the Sea Burial King, the leader of the Giant Whale Pirates, one of the four top pirate organizations in the Dark World?!”

“Oh my god, I’ve always heard of the Sea Burial King!

It was rumored that he was the true king of the sea, sweeping away all experts on the sea!

If we can meet this expert today, it will be our honor!”

Chu Longyuan and the others exclaimed in surprise.

Yang Luo’s face was also filled with surprise, “Since it’s a Divine King of the Holy Imperial Court, I have to go and take a look!”

“Hahaha, alright, let’s set off together!”

The King of Destruction laughed and waved his hand!

“Let’s go!”

Then, the 70 battleships turned around and headed towards one of the Pacific Ocean...

...

At the same time...

In a certain part of the Pacific Ocean.

A huge battle was underway.

Shouts, roars, and screams resounded throughout the sea.

The number of battleships parked on the sea would fill up anyone's sight.

Large flags fluttered in the wind.

At the very middle, there were ten battleships parked with fluttering black flags.

The flag was depicted with a blue whale, and there were four large sabers intersecting around it.

This was the Giant Whale Pirate Organization, one of the three top pirate organizations in the Dark World.

Around these ten battleships, they were surrounded by 38 battleships.

On these 38 battleships, eight huge flags with eight patterns fluttered.

These flags represented the other eight pirate organizations: Sea Demon, Sea Lion, Sea Snake, White Shark, Skeleton, Blood Moon, Giant Squid, and Whaler!

At this moment.

On the deck of a battleship.

Many strong and dark-skinned pirates were fighting fiercely.

Blood stained the deck and the sea.

The deck was filled with corpses, and corpses floated in the sea.

At this moment...

In a distant sea.

A burly man more than three meters tall with dark skin and a head full of dreadlocks stood on the surface of the sea. He had a thick beard and held a blue saber.

Standing on the sea, he was like a small tower, giving off a terrifying visual impact.

This huge man was one of the ten Divine Kings of the Holy Imperial Court, the leader of the Giant Whale Pirates, Sea Burial King Rokelev!

Surrounding him were eight pirates holding various weapons.

These eight pirates were the leaders of the eight pirate organizations.

After the battle just now...

These eight pirates were all seriously injured. Their bodies were covered in wounds and blood.

As for the Sea Burial King, he was unscathed.

The Sea Burial King glanced at the eight of them and said in a rough voice, "Who gave you the guts to actually surround my Giant Whale Pirates?"

The Sea Demon Team Leader said fiercely, "Sea Burial King, you've occupied too many resources at sea. This is not fair at all!

You have to hand over the resources you occupied!”

Team Leader Sea Lion also said loudly, “Your Giant Whale Pirate Organization is now hated by everyone. You won’t be arrogant for long!”

The Sea Serpent Team Leader snorted and said, “The era that belongs to your Giant Whale Pirate Organization has passed!

The future is our era!”

“Bullshit!”

The Sea Burial King sneered and said, “The resources on the sea naturally belong to the capable!

Since you don’t have the ability, shut up!

I didn’t go and destroy you, but you provoked me instead?

Tell me, who instructed you to do this?”

“You don’t have to ask anymore. No one instructed us!”

“Alright, stop talking nonsense with this guy. Attack together and kill him!”

“I don’t believe that this guy can really defeat the eight of us!”

The eight great pirates roared and charged at the Sea Burial King.

The Sea Burial King's expression turned cold as he said in a trembling voice, "Since you insist on having a death wish, I'll do as you wish!"

Right after he finished his sentence...

The Sea Burial King suddenly stepped forward!

Rumble rumble rumble!

Huge waves immediately rose on the sea and charged towards the eight pirates!

"Everyone, be careful!"

The sea demon team leader exclaimed and quickly swung the long saber in his hand!

The other seven pirates also waved their weapons and slashed at the huge waves!

Boom! Boom! Boom!

The eight great pirates defeated these huge waves and continued to charge at the Sea Burial King!

Chapter 958: Spectre on the Sea!

Just as the eight great pirates approached...

The Sea Burial King flipped his wrist and slashed out!

This saber was his personal weapon. It was indestructible and was called the "Deep Sea Blade"!

Swoosh!

With a swing of the saber, a dazzling dark blue light appeared on the saber and a terrifying saber qi erupted, stirring up huge waves!

Clang!

An intense collision resounded in the sea!

Sparks shot in all directions and huge waves soared into the sky. It was an incomparably spectacular sight!

The eight great pirates were sent flying!

After sending the eight leaders flying,

The Sea Burial King waved the saber in his hand again!

Boom! Boom! Boom!

Another huge wave soared into the sky and transformed into eight huge sabers that slashed at the eight pirate leaders!

The air was torn apart, producing an ear-piercing sonic boom!

The expressions of the eight great pirates who were sent flying changed drastically. They hurriedly raised the weapons in their hands to block, but they could not block at all!

Puff! Puff! Puff!

The eight great pirates continued to fly backward. Bone-deep wounds were slashed open on their bodies, and blood spurted out. It was very tragic!

“This last move will take your dog lives!”

The Sea Burial King roared and swung the saber in his hand again!

Whoosh! Whoosh!

Another eight huge waves surged on the sea!

The eight huge waves turned into eight huge sabers again and stabbed down at the eight people’s chests!

Furthermore, the speed of the eight huge sabers was too fast. It was so fast that the eight pirates could not resist or dodge!

“Lord Sea Spectre, save me!”

“Save us! Save us!”

The eight pirates were scared out of their wits and shouted in fear.

Before their voices could fade...

Ooommmm!

A strange-looking spear that was more than three meters long and emitting a black-green light soared into the sky from the sea!

Then, with a whoosh, the long spear shot towards the eight huge sabers condensed from seawater!

And in that instant!

Boom! Boom! Boom!

The eight huge sabers condensed from seawater were shattered, turning into water droplets that splattered everywhere!

After shattering the eight huge sabers, this spear directly changed its direction and flew into the distance!

The eight pirate leaders were so frightened that they hurriedly retreated a distance!

Meanwhile, the Sea Burial King narrowed his eyes and looked into the distance.

The next second!

Ooommmm!

A huge explosion erupted on the sea!

A huge creature carried a figure and rushed out of the sea!

This behemoth was one of the largest sharks in the world, the Megalodon. It was more than 20 meters long!

A figure stood above the Megalodon Shark!

The figure was nearly three meters tall and had a piercing upper body. He had dark skin and curly hair. He had a pair of dead fish eyes and his lips were curled outwards, looking a little ugly!

“Greetings, Lord Sea Spectre!”

The eight great pirates stood at the side and bowed respectfully to this huge man.

This huge man was the leader of the Ghost Pirate, one of the four pirate organizations in the Dark World!

Sea Spectre Heishamu, one of the ten Devil Kings of Hell Fiend Palace!

Seeing the Sea Spectre arrive!

“It’s here, Lord Sea Spectre is here!”

“Lord Sea Spectre is finally here. We will definitely win this battle!”

“Hahaha, the era of the Giant Whale Pirates dominating the sea is about to end!”

The leader of the eight pirate organizations were overjoyed.

“The Sea Spectre has actually appeared!”

“Didn’t the people from Hell Fiend Palace always stay on Fiend Emperor Island? Why are they in the Dark World again?!”

“Is the Dark World really going to be in chaos again?!”

The pirates of the Giant Whale Pirates frowned.

At this moment.

Sea Spectre stood on the Megalodon's head and raised its right hand, firmly grabbing the whaling harpoon that had returned!

This whaling harpoon was his personal weapon, called the Specter Spear!

Sea Spectre looked at the eight big pirates and frowned, "All of you are really useless. You've been injured to this extent in such a short time!"

The eight leaders lowered their heads even more, not daring to say a word.

The Sea Burial King narrowed his eyes at Sea Spectre and sneered, "So these guys were instructed by you!

I was wondering why these guys suddenly became so bold. They actually dared to attack me!"

Sea Spectre smiled and said, "Rokelev, long time no see. I've missed you!"

"Don't pretend here. I don't miss you at all!"

The Sea Burial King shouted coldly, "Why? Your Hell Fiend Palace has been holed up for so long. You finally can't hold it in anymore and want to come out and cause trouble again?"

Sea Spectre said loudly, "Our Fiend Emperor has announced the official return of Hell Fiend Palace!

Since we've returned, we naturally have to take back everything that our Hell Fiend Palace lost!

This time, our Hell Fiend Palace will revolutionize the Dark World and establish a new order!"

“Revolutionize the Dark World? Create a new order?”

The Sea Burial King sneered and said, “Your ambitions are not small, but can you do it?”

Sea Spectre said proudly, “Rokelev, do you think we don’t know that your old Divine Emperor is no longer around!

Now, only the ten of you are left in the Holy Imperial Court to guard it!

Do you think you can defend the foundation of the Holy Imperial Court?”

The Sea Burial King said in a loud voice, “Even if the old Divine Emperor is no longer around, the ten of us can still guard the Holy Imperial Court!

Since our Holy Imperial Court was once the number one in the world, we can naturally return to the peak in the future and become the number one in the world!”

“Hahaha...”

Sea Spectre laughed out loud, “Now that the old Divine Emperor is gone, your Holy Imperial Court is like a huge dragon without claws!

With the current Holy Imperial Court, you still want to return to the peak and become the number one in the world?

Are you all dreaming?”

The Sea Burial King said coldly, “Alright, Heishamu, there’s no need to say such nonsense!

If you want to fight, I'll naturally accompany you!

Back then, you weren't my match. Now, you're still not my match!"

"Is that so?"

Sea Spectre smiled evilly and said, "Then let me see how far your strength has increased!"

Right after he finished his sentence...

Sea Spectre suddenly stopped in his tracks and soared into the sky from the head of the Megalodon, charging at the Sea Burial King!

The Sea Burial King also took a step forward and jumped into the sky!

In the blink of an eye!

The two of them met in the sky and waved the weapons in their hands at the same time!

Clang!

The saber collided heavily with the whaling harpoon, emitting a crisp sound!

Sparks flew in all directions and energy surged, causing huge waves to explode on the sea!

After this collision!

Both of them were sent flying at the same time!

The Sea Burial King was sent flying more than 20 meters before landing steadily on the sea!

Sea Spectre, on the other hand, was sent flying more than 20 meters away before sliding on the sea for a distance before stabilizing its body!

Seeing this scene...

“Great!”

“So what if it’s Sea Spectre? He’s still not our team leader’s match!”

“Do you guys really think that you can destroy our Giant Whale Pirates with the help of the Sea Spectre?”

The pirates of the Giant Whale Pirates Organization raised their arms and shouted excitedly.

Chapter 959: Battle of Overlords!

The pirates of the eight pirate organizations frowned.

They originally thought that the Sea Spectre could suppress the Sea Burial King.

However, they did not expect that Sea Spectre would be at a disadvantage as soon as they exchanged blows.

If Sea Spectre lost, they would really be finished.

Especially the eight leaders, their hearts sank when they saw this.

Once the Sea Spectre was defeated, they would die.

The Sea Burial King smiled mockingly and said, "Heishamu, it's been a few years since we last met. Could it be that your strength has increased so little?

You dare to challenge me with just this bit of strength?"

"F*ck! Rokelev, shut up!

I was just testing you just now!

Next, I'm going to get serious!"

Sea Spectre roared angrily and trembled!

Ooommmm!

A black-green beam of light soared into the sky from his body, revealing an endless sinister, evil, and dark aura!

The Sea Burial King said loudly, "Alright, then I'll play with you for real!"

As he spoke, his entire body shook as well!

Ooommmm!

A dark blue beam of light shot into the sky from his body!

Two beams of light pierced through the clouds and shattered the clouds in the sky!

The next second!

Whoosh! Whoosh!

The two of them moved at the same time and transformed into two streams of light that charged towards each other!

In an instant!

The two of them closed the distance and waved the saber and whaling harpoon in their hands at the same time!

Tang!

The saber and the whaling harpoon collided heavily with a muffled bang!

There seemed to be electric sparks flashing at the point of the collision!

Rumble rumble rumble!

The entire sea shook violently!

The battleship that was parked in the distance shook as well. Everyone on the deck could not stand steadily!

Under everyone's watchful eyes...

The sea under their feet began to split apart, as if an abyss dozens of meters deep had split open!

The two huge waves lifted the two of them into the air, preventing them from falling into the abyss!

Even a long crack appeared in the clouds above the two of them. It was extremely terrifying!

“Is this the strength of a King? It’s too terrifying!”

Someone could not help but exclaim.

The others looked at the distant battlefield in a daze, and they were so shocked that they couldn’t say a word.

Now, the two sea overlords were fighting, the Divine King of the Holy Imperial Court and the Demon King of the Hell Fiend Palace!

These two were the kings of the Dark World. If they started a war, it would be a disaster for ordinary people!

However, fortunately, this was the sea, so it would not affect others!

“Get lost!”

The Sea Burial King shouted and his arm suddenly shook!

There was a loud clang!

Sea Spectre was sent flying!

But the Sea Burial King did not stop at all. He stepped on a huge wave instead!

His burly body flew up again!

In the blink of an eye!

He caught up to Sea Spectre and held his saber tightly with both hands, slashing at him!

“Giant Whale Wave Slaying Saber!”

“Cut!!”

Swoosh!

With a slash, the saber beams flickered and saber qi wreaked havoc!

A huge dark blue saber tore through the sky and slashed fiercely at Sea Spectre!

As the Sea Burial King slashed down...

Sea Spectre did not have time to stabilize his body. Instead, he gripped the whaling harpoon tightly with both hands and swung it up!

“Spirit Soul Slaying Harpoon!”

Puff!

The whaling harpoon tore through the air as demonic qi surged. Black-green ghosts even condensed into form and pounced at the Sea Burial King!

Ooommmm!

The saber collided heavily with the whaling harpoon and let out another shocking reverberation!

The Spectres that pounced at the Sea Burial King were killed by a single slash!

Sea Spectre originally thought that he could block the Sea Burial King's saber!

However, his attack could not stop the saber at all!

The Sea Burial King's strike was too heavy. It was as if a mountain was pressing down, making it difficult for him to resist!

"Ugh!"

He let out a muffled groan, and both of them, along with their weapons, fell into the abyss below!

It was also at the moment when the Sea Spectre fell into the abyss...

The saber in the Sea Burial King's hand suddenly swung!

"Bury the sea!"

In a breath's time!

The originally cracked sea directly closed, as if it had buried the Sea Spectre inside!

However, less than a minute later!

Ooommmm!

The sea below exploded into huge waves!

Sea Spectre held his whaling harpoon and soared into the sky, charging angrily at the Sea Burial King in the sky!

After suffering two consecutive moves from the Sea Burial King, his body was bleeding!

However, fortunately, it was only a superficial wound and did not make him lose his combat strength!

Sea Spectre suddenly waved its whaling harpoon and slashed at the Sea Burial King's legs, wanting to cut them off!

"You overestimate yourself!"

The Sea Burial King snorted coldly. With a twist of his waist and abdomen, the saber in his hand slashed down!

Clang!

The saber collided with the whaling harpoon again, emitting rumbling thunder!

The Sea Spectre was also shot down by the Sea Burial King again and fell down!

The Sea Burial King swooped down and prepared to continue attacking the Sea Spectre!

But right at this moment...

Sea Spectre whistled!

"Howl!"

The black Megalodon that was more than twenty meters long guarding in the distance rushed over. It broke through the waves and opened its bloody mouth to bite the Sea Burial King!

This Megalodon was too huge. Its teeth were long and sharp, like a row of steel knives!

One had to know that the average bite force of the Megalodon was 20 tons!

Its maximum bite force could reach 28 tons, and its bite strength far exceeded that of the Tyrannosaurus Rex!

In other words, even a train could be instantly bitten into pieces!

Seeing the Megalodon Shark coming over,

The Sea Burial King frowned. He clenched his left hand into a fist and suddenly punched out!

“Get lost!”

A huge dark blue fist blasted out, emitting bursts of air explosions like cannonballs!

Bang!

Accompanied by a muffled bang!

“ARGH!”

The Megalodon let out a tragic cry and was sent flying!

As it was sent flying, several of its teeth broke and blood flowed out!

However, it was precisely because of this that the Megalodon was enraged!

Pa!

It swung its huge tail and slapped the sea heavily, causing water to surge into the sky!

Its huge body flew out and bit at the Sea Burial King again!

Sea Spectre took this opportunity to soar into the sky from the sea. He waved its whaling harpoon and attacked the Sea Burial King!

But seeing this, the Sea Burial King did not panic and whistled!

In less than a few seconds...

Ooommmm!

A huge creature more than 30 meters long soared into the sky from the sea and slammed into the Megalodon Shark!

Bang!

Under this dull collision!

The Megalodon was sent flying!

This behemoth was one of the largest whales in the world, the blue whale!

Although the blue whale's teeth were not sharp enough, due to its larger size, the visual impact was very strong!

For sea overlords like the Sea Burial King and the Sea Spectre, it was not difficult to summon sea beasts to help!

However, this blue whale was the companion of the Sea Burial King. It had grown up with the Sea Burial King and fought side by side for many years. Its combat strength was already different from ordinary blue whales!

"Howl!"

The Giant Tooth Shark let out a roar and pounced at the blue whale!

"Wu..."

The blue whale also let out a loud roar and pounced at the Megalodon!

Bang! Bang! Bang!

For a moment, the blue whale and the Megalodon broke through the layers of huge waves and launched huge collisions time and time again, emitting muffled thunder-like collision sounds!

The Megalodon wanted to bite the blue whale with its sharp teeth, but every time it opened its mouth, the blue whale would cleverly dodge and send it flying!

Although the blue whale was docile, its combat strength was not weak. Coupled with its huge size, it suppressed the Megalodon completely!

It was also when the blue whale was fighting the Megalodon!

The Sea Burial King and the Sea Spectre continued to fight fiercely!

The Sea Burial King also continued to suppress the Sea Spectre!

It could be said to be an all-round suppression!

Chapter 960: One Against Two!

They fought for more than a hundred rounds!

Rumble!

Accompanied by the sound of thunder exploding!

Thick water pillars were blasted into the sky!

“Ah...!”

Sea Spectre let out a tragic cry as he was sent flying yet again!

The Megalodon was also sent flying by the blue whale!

Rumble...

Rumble...

Sea Spectre and the megalodon fell heavily into the distance, causing water to splash!

The Sea Burial King grinned at the blue whale at the side and praised, "Fatty Blue, well done!"

"Wu..."

The blue whale raised its head and let out a happy roar.

At this moment.

Sea Spectre crawled up. There were bloody wounds all over his body, and blood was flowing non-stop.

He looked at the Sea Burial King with a resentful expression.

The Megalodon at the side was also covered in wounds as it looked at the blue whale fiercely.

"Heishamu, looks like your strength hasn't improved much after so many years!

Sea Burial King sneered and said domineeringly, "No matter what methods you use, you're ultimately not my match!

I, Rokelev, am the true overlord of the sea!"

"Sea Burial King! Sea Burial King! Sea Burial King!"

The pirates of the Giant Whale Pirates raised their arms and shouted.

Sea Spectre spat out a mouthful of blood and said ruthlessly, "Rokelev, I admit that you're indeed very strong!

In terms of one-on-one combat, I'm indeed not your match!

But do you really think I'm the only one here today?"

"What do you mean?"

Sea Burial King frowned slightly.

"Hahaha..."

Sea Spectre laughed loudly and shouted, "Barbossa, are you still not planning to show yourself?"

Hearing the name "Barbossa"...

Sea Burial King was shocked and suddenly looked into the distance!

All the pirates present looked into the distance!

In an instant!

Whoosh! Whoosh!

A tempestuous wave suddenly rose on the distant sea!

And right on the heels of that...

Ooommmm!

A huge wave exploded on the sea!

A huge creature carried a figure as it rushed out of the sea!

This behemoth was a pitch-black python that was more than 20 meters long!

This kind of python was also one of the largest and fiercest pythons in the sea. It was called the “Titan Python”!

On the Titan Python’s head stood a huge man with dark skin and a rough face!

The huge man was more than three meters tall. He had dark blue curly hair and wore a set of blue-gold armor, revealing his strong arms. He held a blue-gold steel trident in his hand!

The moment everyone caught sight of this huge man!

Fear appeared on everyone’s faces!

“It’s actually one of the eleven Chief Gods of the Heavenly Shrine, Deep Sea Lord Barbossa?!”

“What’s going on? Why is the Deep Sea Lord here?!”

“Could the Deep Sea Lord have formed an alliance with the Sea Spectre?!”

The pirates of the Giant Whale Pirates could not discuss it anymore. They looked a little uneasy.

One had to know that there were a total of four overlords on the sea!

Their team leader, the Sea Burial King, was one of them!

Sea Spectre and Deep Sea Lord were also two of the overlords!

If Sea Spectre and Deep Sea Lord joined forces, their team leader would really be in danger!

“Haha, even the Deep Sea Lord is here. No matter how strong the Sea Burial King is, he will definitely die today!”

“After today’s battle, the Giant Whale Pirates will definitely be wiped out from the sea!”

“As long as we can destroy the Giant Whales, all the resources they have will belong to us!”

The pirates of the eight pirate organizations were extremely excited.

The eight pirate leaders were also extremely excited.

They had originally thought that they were done for today.

However, they did not expect the Deep Sea Lord to come and stand on their side.

This was simply a pleasant surprise.

The Sea Burial King looked up at the Deep Sea Lord and said in a low voice, “Why? Can your Heavenly Shrine not hold back anymore? Do you want to join forces with Hell Fiend Palace to wreak havoc in the Dark World?”

The Deep Sea Lord raised the trident in his hand and said loudly, “The new era of the Dark World has arrived!

Our Heavenly Shrine is naturally about to announce its return!

Rokelev, I can give you a chance now!

As long as you're willing to submit to our Heavenly Shrine, I can spare your life!"

"Who do you think your Heavenly Shrine is? Do you think you're worthy of me submitting?

Do you really think you're gods?

Spare my life?

Pfft!"

The Sea Burial King raised the saber in his hand and said in a fierce voice, "Didn't you want to join forces to kill me?

Then come. Why should I, the Sea Burial King, be afraid of a battle?!"

His loud voice resounded through the sea, domineering and magnificent!

Deep Sea Lord sighed and said with a cold gaze, "Since you're so stubborn, you'll die here today!

In the name of God, I will sentence you to death!"

Right after he finished his sentence...

The Deep Sea Lord took a step forward and his strong body flew up, charging towards the Sea Burial King!

Sea Spectre also moved and charged forward!

On the way forward!

Dazzling blue-gold and black-green light appeared on the two of them!

The two of them erupted with terrifying auras and combat strength!

“Hahaha, just in time!”

The Sea Burial King laughed wildly. He held his saber and charged forward!

Dazzling dark blue light appeared on his body as he released his aura and combat strength!

The Titan Python and the Megalodon also let out roars and charged at the blue whale!

The blue whale was not afraid at all and charged forward!

A shocking battle immediately broke out on the sea!

In an instant!

The Deep Sea Lord and the Sea Spectre approached the Sea Burial King!

The two of them waved the tridents and whaling harpoons in their hands and attacked the Sea Burial King together!

Meanwhile, the Sea Burial King slashed out with all his might!

Rumble!

The three weapons collided heavily, emitting a crisp sound!

The sky and sea also trembled violently, as if it had triggered a huge tsunami!

The surface of the sea began to split into pieces. It was terrifying and shocking!

After this huge collision!

The Sea Burial King, Deep Sea Lord, and Sea Spectre were sent flying at the same time!

The Deep Sea Lord and Sea Spectre were sent flying more than 20 meters away before stabilizing their bodies!

The Sea Burial King was sent flying 30 to 40 meters away before barely stabilizing his body!

His tough body was also cut open, and blood flowed out!

The blue whale was also sent flying by the Megalodon and the Titan Python, leaving bloody wounds on its body!

“Great!”

“Deep Sea Lord!”

“Sea Spectre!”

The pirates of the eight pirate organizations shouted fanatically.

The pirates of the Giant Whale Pirates organization were even more nervous.

Although their team leader's strength was ranked first among the four overlords of the sea!

However, it was too difficult for their team leader to fight the Deep Sea Lord and the Sea Spectre at the same time!

"Hahaha..."

Sea Spectre laughed crazily, and his already ugly face became even uglier.

"Sea Burial King, you're dead meat today!"

As he spoke, he suddenly waved the whaling harpoon in his hand!

The sea swept up huge waves and transformed into thousands of whaling harpoons that shot towards the Sea Burial King like a rainstorm!

The sound of air being torn apart resounded through the sky and the sea, extremely ear-piercing!

"Calamity of Mad Python!"

The Deep Sea Lord also waved the trident in his hand!

Waves soared into the sky and transformed into pythons dozens of meters long. They opened their bloody mouths and pounced at the Sea Burial King!

The scene they saw was simply spectacular and terrifying!
